State-Wide Tid Bits

● A showdown is coming soon on the legislative solution of Republican leaders at Lansing for the state's financial dilemma.

Here is the story.

Governor G. Mennen Williams advocates a corporation privilege tax on corporation profits rather than "new taxes upon the things they (the voters) must buy and use in their daily lives." By diverting a share of corporation profits to the state treasury, the governor holds up a magical and almost painless solution to the deepening treasury deficit. Revenues fall short around $20 millions annually of covering financial needs.

● A Citizen's Tax Study committee, headed by Alan L. Gornick of the Ford Motor Company, Dearborn, would raise a total of $66.7 millions by adjustment of present taxes. The committee program has much to commend itself as a nation-wide survey of state governments recently showed that Governor Williams, in advocating the corporation profits tax, was the only Governor in the country to propose new taxes in 1952.

The Republican-inspired legislative program to alleviate the financial crisis has incurred opposition of local governments. The program calls for recapturing of some state funds now being diverted to local government units. For example, the State Senate reversed itself last week when it approved a house bill cutting local government's share of liquor license fees from 85 per cent to 50 per cent. Reconsideration by three Republican senators, who previously had voted against such reduction of state aid, turned the tide. The bill would put an additional $1,293,000 in the state general fund now beset by red ink.

● Another bill in the Republican program, obviously designed to meet the challenge of the governor, would eliminate the three per cent sales tax on liquor sales and would substitute a new specific tax of three per cent whereby $3,500,000 would be added to the state general fund. Since both municipalities and public schools benefit now from sales tax rebates, the recapturing of revenue in this fashion is bound to incur opposition from local governments so affected.

Another proposal by Senator Elmer R. Porter would divert $3 million from the gas and weight tax revenues to help support the State Police highway patrol. Since municipalities share in gas and weight tax revenues, such recapturing also is bound to be unpopular in some quarters.

● It is conceded that in a period of rising inflation whereby prices constantly spiral upward there is a consequent need for additional revenues if present public services are to be maintained adequately. Sound evidence exists that the 1951 inflation, benefitting union organized workers primarily, left a large

Parents' Night Set for Friday, March 28

The planning committee for the annual Parents' Night program of the Chelsea Agricultural Schools met recenty to discuss this year's program.

The committee consists of representatives of the high school and grade PTA's, teachers, Mr. Schell, Mr. Cameron and Mr. Johnsen.

It was decided to follow last year's plan rather closely, but with a few minor changes. The parents of grade children will be given the opportunity of seeing some of their children's work and conferring with the teachers. In high school the teachers will have classes and consultation periods as in the past.

There will also be a musical program in the gymnasium.

It is hoped that all parents who have children in school will set aside the evening of March 28 to visit them and their teachers.

LEAP YEAR BABIES—The envy of every man and woman in town are Mrs. Lorenz Wenk and Ed. Chandler, shown in the picture above. With birthdays only once every four years it is little wonder women envy Mrs. Wenk, and the men about town wonder if this fact is the secret of Mr. Chandler's youth, despite his 88 years.

* * *

Leap Year Brings Another Birthday for Three Here

Ed. Chandler and Mrs. Lorenz Wenk will observe their once-in-four-years birthdays tomorrow, Feb. 29, and families of both are planning special observances in their honor.

Mr. Chandler's daughter, Mrs. Lyle Haselschwerdt, is entertaining seven old friends of her father at his home in the evening. He invited Mrs. Wenk to join the party too, but her family has been planning to take her out to dinner and generally make a special occasion of her birthday to make up for the times she doesn't have one.

It was at first believed Mr. Chandler and Mrs. Wenk were the only persons in Chelsea who have birthdays on Feb. 29, but it has since been discovered that John Wellnitz also observes his birthday only during leap years.

Mr. Chandler will be observing his twenty-first birthday. In 1948, when mention of his birthday was made in The Standard, it was stated that it was then his twenty-first birthday because he was born in 1864 and he was a that time 84 years old. However, Claire Rowe, Chelsea's assistant postmaster (and statistician) pointed out that the year 1900 was not a leap year so the 1948 birthday was only Mr. Chandler's twentieth.

Born in Alstead, N. H., Mr. Chandler came to Chelsea in 1885 when he was 21 years old, and went to work for his uncle, Charles Chandler, who had a blacksmith and paint shop here. At one time Mr. Chandler, with the late Floyd Van Riper, ran a meat market for about two years, but his principal work for about 40 years, was hauling express for the American Express company of which his old friend, the late Albert Winans, was the Chelsea agent. He was also a volunteer fireman from the time the Chelsea department was formed until his retirement several years ago.

Mr. Chandler is a member of the Congregational church and of the Chelsea K. of P. lodge.

His family includes his son, Carl C. Chandler, Chelsea High school English and French teacher; three daughters, Mrs. Henry Thierman of Columbus, Ohio, Mrs. George TurnBull of Detroit, and Mrs. Haselswerdt; eight grandchildren and 11 great-grandchildren.

Mrs. Chandler, who was the former Hattie Graves, of Walpole, N. H., died in 1937. Mr. Chandler and his son make their home together at 216 Park street.

Mrs. Wenk is active in church work, formerly having been superintendent of St. Paul's Sunday school and more recently was president of the Women's Guild of the church. At present she is secretary of the Sunday school. She has three children, Alice Ann, Edward and Frederick. The family home is at 245 Jefferson street.

Founders' Day Marked by Local PTA

Monday's meeting of the High School PTA was devoted to an observance of the 54th anniversary of the Parent-Teacher Association Founders' Day which occurred Feb. 12. About 40 members and guests were present.

The program opened with a history of the national and local PTA, read by Miss Mabel Fox.

This was followed by the introduction of past and present presidents by Mrs. Clinton Collyer, present vice-president. Mrs. Collyer also presented Miss Fox, in whose room the local group was founded, and Charles S. Cameron, high school pricipal, who has been identified with the group since its organization. The men in the group were presented with boutonierres and the ladies were given corsages.

Past presidents are Mr. and Mrs. H. T. Moore, Paul Niehaus, Mrs. Laura Barlow of Ann Arbor, and Mrs. Stephen Slane. The late Maynard Knickerbocker was the first president. Mrs. Donovan Sweeny is this year's president.

While the group was assembled, following the introductions, Mrs. Collyer read the PTA prayer.

Mr. Cameron introduced Leo Johnson, science and mathematics teacher who replaces Edward Benjamin, and he spoke briefly. Mr. Cameron also addressed PTA members, speaking of plans for the time when the high school will move part of its activities to the present elementary building when the new school is completed.

The program period closed with a mirth-provoking skit entitled "The Scandal." The skit was directed by Mrs. Lloyd Keeny who also acted as announcer. The skit brought out the point that human nature does not change and that gossip flourished in 1897 (the year the PTA movement was founded) just as it does today. Those who took part in the skit are Mrs. Verne Buehler as Mrs. Johnson (Leo Johnson's father); Mrs. Sweeny, as Mrs. Charles Cameron;

PTA FOUNDERS' DAY—Past presidents of the Chelsea Parent-Teachers' Association gathered together Monday to help the organization observe national Founders' Day which occurred Feb. 12. Members of the group, studying the club's charter are, from left to right, Mrs. Donovan Sweeny, the current president, Mrs. H. T. Moore, Tom Smith, Miss Mabel Fox; seated, from left, H. T. Moore, Paul F. Niehaus, Mrs. Laura Barlow of Ann Arbor, and Mrs. Stephen Slane. The late Maynard Knickerbocker was the first president of the organization.

History of Local PTA Group Reviewed for Founders' Day

During the winter of 1945-46, parents of children in Chelsea High school met in room 15. There they discovered, somewhat to their astonishment, that other parents were concerned with reasonable hours for those children. Some learned for the first time, that high school affairs during the week-end at 10 p.m. and that week-end affairs end at 11.

The first meeting was called by telephone, and was attended by less than fifteen parents; the second meeting was summoned by post cards and was attended by over thirty. After considerable discussion, Mrs. Lyle Chriswell moved that the groups should not disband without providing for future meetings, and suggested the formation of a high school parent-teacher association.

She became the nominating committee chairman, and for 1946 the officers were President Maynard Knickerbocker, Vice-president H. T. Moore, Treasurer Kenneth Proctor, and Secretary Mrs. Lyle Chriswell.

Constitution and bylaws were written and adopted after approval by the state organization.

The following year the officers were President Paul Niehaus, Vice-president Mrs. Alvin Vail, Treasurer Kenneth Proctor, and Secretary Mrs. Lyle Chriswell. In 1947-48 the officers were Mrs. H. T. Moore, Vice-president Mrs. Elton Musbach, Secretary Mrs. Paul Schaible, and Treasurer Mrs. Norman Eiseman. In the spring of 1948 the same slate of officers was re-elected to succeed themselves.

In the year 1949-50 Mrs. George Barlow became president, Mrs. Stephen Slane the vice-president, Mrs. Lloyd Keeny the secretary, and Mrs. Martin Steinbach the treasurer.

During 1950-51 the officers were Mrs. Stephen Slane, president, Mrs. Lyman Walker the vice-president, Mrs. Lloyd Keeney remained secretary, and Mrs. Olie Johnson became treasurer.

In 1951-52 the officers have been President, Mrs. Donovan Sweeny, Vice-president, Mrs. Clinton Collyer, Secretary, Mrs. William Geddes, and Treasurer, Mrs. Mary Clark.

Many interesting things have been accomplished. Buses were chartered to take youngsters to out-of-town games before the district bought its own buses. Aid was given towards the purchase of choir robes. Signatures were procured on petitions to place before the voters some proposed changes in the Constitution of the State of Michigan. Letters and petitions to Congressmen came from the group.

Many of the meetings have been really outstanding. Who will ever forget the old-fashoned box social? Or the square dancing directed by the Jackson director of recreation? Pot-luck dinners seem to bring out the largest crowds, especially when they are followed by speakers of the calibre of Dr. McClusky. Many remember the vocational guidance meeting in study hall, when representatives of various trades, businesses, and professions came to tell the students of various job opportunities. There have been some excellent speakers, including Dr. Howard McCluskey and Dr. Lawrence Vredevoe.

Following the dinner, a very interesting program was presented. It included group singing, a tap dance routine by the Glick twins, and a demonstration of magic by Wally Wilson, "The Thief of Badgags," assisted by his wife.

Prizes were awarded to Peter Liebeck for being the oldest father with a son present; George Steele, for being the father with the most sons present; and to Charles Smith, the father with the youngest son present.

Rod-Gun Club Ladies' Night Held Tuesday

The Chelsea Rod and Gun club's annual Ladies' Night dinner was held Tuesday evening in St. Paul's church hall with 122 members and guests present.

Dr. L. J. Paul, club president, spoke briefly after the dinner and asked the wives of club members to encourage their husbands to participate in the work to be done on the club's conservation project this summer.

Carol Mayer entertained with several vocal solos, including "The Little Duck on the Lily Pond" and "Frosty, the Snow Man." She was accompanied on the piano by her mother, Mrs. Carl Mayer.

Dr. Paul then showed pictures of his 1949 and 1951 fishing trips at Lake Atekwa and Red Lake in Ontario. The pictures included one of a fish he caught which was said to be the record catch at the lake for the previous 16 years.

The concluding number on the program was announced by Rolland Spaulding. He said he had arranged for something really different for the entertainment of members and their guests, and had engaged a family from the hills of Tennessee to present musical numbers. The "family" turned out to be Rolland Spaulding as "Maw" Morgan, Henry Orthring as "Paw" Morgan, and their three "daughters," Don Boyer as Lucy, Paul Barbour as Ellie Mae, and Howard Flintoft as Consequence. The ensuing songs in pantomime, provided plenty of laughs.

The Family at Bethany
Lesson for February 24: Luke 10: 38-42; John 11: 1-5, 24-27
Golden Text: John 11:27

THE VISIT of which we read in the lesson was perhaps the first that Jesus made to the home of Mary and Martha, a place that became a haven of friendship to him who was as human as he was divine. Marked differences in the two sisters, Mary and Martha, were found in that first visit, but each was concerned to welcome him.

It became a blessed thing to the home that Jesus was welcomed, for in the tragic hours that came soon to the home the faith that had come to Mary and Martha in His presence helped to bring their brother back from the dead. Lazarus fell sick unto death and his sisters sent a message to Jesus, but when the Lord reached Bethany his friend had already been in the sepulchre four days. Martha hurried to meet Jesus, expressing her faith that if Jesus had been with them Lazarus would not have died. So said Mary also, when Martha had called her from the house. Then, as we read in the shortest verse in the Bible, "Jesus wept." Then he was led to the place where Lazarus had been laid and he called the good man to life.

Surely our faith should be strengthened as we read of the raising of Lazarus. And, with the confirmation of our faith in the resurrection of the dead, we should learn in the lesson of the beauty and strength of the Christian home. Though great sorrow came to the home, it was restored to life and joy by the presence of Him.

Mr. and Mrs. Fred Sager spent Tuesday at the home of Mr. and Mrs. Leigh Beeman and Mr. and Mrs. Donald Beeman at Waterloo.

Now comes March, Saturday the first. A lion or a lamb, a roar or a bleat—but anyhow

Elementary PTA Entertained with Indian Lore, Stories

Approximatey 165 teachers, parents and children were present for the program at the Elementary PTA meeting Wednesday evening, Feb. 20. The supper that preceded the program was attended by 155 persons. The committee in charge of arrangements for the supper included Mrs. Albert Johnsen, Mrs. Lewis Bernath and Mrs. John Chaplin.

Announcement was made that the annual PTA carnival will take place April 25.

The program was opened with the song "Home on the Range," sung by a group of children seated in a circle on the floor. Joseph Fischer then entered dressed in Indian costume and told stories of Indian lore. When he told the story of the discovery of fire he was assisted by the following children: Bob Weirich, who played the tom-tom; Jim McLaughlin, as the coyotes; George Collyer, as the frog; Bill Geddes, as the robin; and Jim Keezer, as the witch.

Mr. Fischer explained the various war bonnets, Indian clubs and other items in the exhibit he had on display and closed the program with an Indian prayer and blessing.

He also showed pictures of the Mediterranean area, the Azores, Straits of Gibraltar, and Italy, Austria and France.

Following is a list of the awards presented: bobcat pin, Jerry Smith; wolf badge, Tommy Brooks, Bobbie Eder, Loren Keezer, Charles Koengeter, Charles Cameron and Danny Mayer; gold arrow, Danny Mayer, Larry Schrader and Bobbie Eder; gold arrow and silver arrow, Jimmy Kreider.

PTA Meeting . . .

(Continued from page one)

Mrs. Clinton Collyer, as Mrs. Rex Starks; Mrs. Austin Bott, who called herself Mrs. Philip Smith; and Mrs. Mary Clark, as herself.

The skit depicted a PTA meeting as it might have been held in 1897 and all members of the cast wore costumes of that day.

At the close of the program, Mrs. Sweeny cut the large birthday cake made by Mrs. Floyd Fowler, who, with Mrs. Mac Packard, was in charge of serving the refreshments which had been provided by seventh grade room mothers.

CARD OF THANKS

I wish to thank the WSCS of the North Lake church for the box of fruit sent to me while I was sick at home and the plants and cards the neighbors and friends sent to me while I was in the hospital. Also the people who took care of me while I was sick.

Mrs. Fred Houk.

IF THE CASTORS drop out of the legs of furniture, fill the hole with melted paraffin wax. Insert the castor and let the wax harden.

To treat mouldy leather book bindings, go over them with a cloth dampened in ammonia. Be certain the books are wiped completely dry before putting them in stacks or shelves.

If the buzz of an electric fan is annoying, place thick newspapers or several magazines at the base to cushion the fan and cut down the sound.

Table pads which leave line on tables can be covered on the side that rests on the table with muslin. This closely woven material protects the table, and at the same time prevents line from seeping out of the pad.

If your mattress pads are not long or wide enough to be tucked under the mattress, sew strips of muslin, the length of the mattress to each side, and use these for tucking it under. This keeps the pad from wrinkling.

Patch small holes in linoleum by filling them with a mixture of finely chopped cork and liquid glue. Let dry thoroughly, then apply a coat of clear varnish.

Married Saturday in St. Mary's Church

MR. AND MRS. FRANCIS DALTON

Miss Phyllis Hoffman, Francis Dalton Wed in Ceremony Here

St. Mary's Catholic church was the scene of the wedding at 9 o'clock Saturday morning of Phyllis Hoffman, daughter of Mr. and Mrs. Maurice Hoffman, and Francis Dalton, son of Mrs. F. J. Dalton, of Jackson, and the late Mr. Dalton. Father Lee Laige officiated.

For her wedding the bride chose a colonial style floor length gown of double layers of net over white satin. The long-sleeved bodice was of embroidered net and featured a Queen Anne collar and fishtail detail at the back. Her fingertip veil of silk illusion was held in place with a tiara of seeded pearls and rhinestones and her colonial style bouquet was of white roses finished with a shower effect of satin ribbon and hyacinth blooms.

The bride's sister, Maureen, was her maid of honor, while Janet Dalton, of Jackson, sister of the bridegroom, and Betty Wheeler were bridesmaids. All the attendants wore strapless gowns of marquisette over taffeta with matching marquisette capes and wore matching headbands of braided marquisette. Miss Hoffman's gown was jonquil yellow while Miss Wheeler's and Miss Dalton's were in powder blue. They carried colonial bouquets. Miss Hoffman's being of blue carnations and blue hyacinths.

James Dalton, of Jackson, assisted his brother as best man while David Hoffman, a cousin of the bride, and Wilbur Lewis, of Jackson, were the ushers.

Members of the immediate families of the couple and the wedding party attended the wedding breakfast immediately after the ceremony and in the afternoon a reception for 150 guests was held at the home of the bride's parents on Pierce street.

At the reception the bride's twin sisters, Joanne and Yvonne, were in charge of the guest book and another sister, Rose Ann, cut the cake.

After a two-week trip through the northern part of the state, the bridegroom will resume his duties with the U.S. Navy aboard the U.S.S. Moale. The bride will make her home with her parents until his discharge in February 1953.

For going away the bride wore a rose faille dress with black accessories and a corsage of white roses from her bouquet.

For her daughter's wedding Mrs. Hoffman wore a blue dress with black accessories and the bridegroom's mother wore a navy blue suit and red accessories. Both mothers' corsages were of white roses.

Pre-nuptial parties honoring the bride included a linen shower given by her aunts, Mrs. Walter Stiller, of Ann Arbor, and Mrs. Lawrence Riemenschneider; a personal shower by Betty Wheeler; and a miscellaneous shower given by the bridegroom's sisters and aunts, Mrs. J. Wilson, Mrs. J. Jablonski, Mrs. R. Dalton and Mrs. L. Cunliffe, all of Jackson.

Varied Usage

Peat, youngest offspring in the coal scale, is the first stage in the transformation of vegetation to coal. When dried and pressed it can be burned, and is therefore used for fuel in many countries, especially in Europe. In the U.S.A., peat is dug and processed on a commercial scale in 19 states. We use it for soil improvement, plant-packing, an ingredient in fertilizers, and for insulating needs.

HOW TO HANDLE green undergrowth in grain crops

Clover seeded with your grain crop builds up your soil, but this green undergrowth may be a problem at harvest time. Here is how to handle it.

A *home-owned* ALL-CROP Harvester lets you time your harvest perfectly. Catch the grain at full ripeness, but before green undergrowth is too high.

The wide, rubber-faced bar cylinder handles the full swath width with less chopping of green matter — separation is easier over the rack and there is less choking of sieves. Grain is drier, brighter, safer to store.

Power harvest grain this year, valuable seed next year, from the same field... with your *own* ALL-CROP Harvester.

Stop in and talk to us.

MICHIGAN MIRROR

(Continued from page one)

section of the citizens adversely affected by rising rices which they were unable to write off throught higher incomes. The predicament is both collective in governments and individuals ni taxpayers.

If Republican leaders can hold the line by inducing legislators to favor recapture of present state aid now going to local governments, a solution could be found to the treasury deficit and an answer could be thus provided to the challange by the governor for a tax on corporation profits. However, this is asking for quite a lot.

● Michigan corporations have not been such bad employers despite the proverbial onus of "big business."

It is significant that Michigan, recognized nationally as the nation's leading industrial state in 1950, paid more wages to production workers in average annual earnings than any other state in the nation. In no other state are factory payrolls as important to the economy of an area. Michigan factory workers in 1950 received an average annual earnings of $3,660 for a total of $3.1 billions.

● How does Michigan compare with Ohio? Ohio production workers received $3,260 average in 1950. Thus Michigan leads Ohio by 11.2 per cent and exceeded the national average by 24. 7 per cent.

As compared with factory earnings of workers in North Carolina, Michigan was 70 per cent higher.

The Detroit Board of Commerce recently pointed out that manufacturing was Michigan's greatest resource and that throught it, 41 per cent of the people obtained their livihood.

It was the conclusion of the Citizen Tax Study Committe that a state levy on corporation profits would merely shif additional costs to the consumer in the form ultimately of higher prices. We quote: "In small business as well as big business it is necessary to adjust pricing to tax cost as well as labor and material. In the long run all taxes are borne by the ultimate consumer as part of the cost of goods and services he buys."

Business leaders conclude that a state levy on corporation profits might be the act of killing the goose to get the golden egg. Michigan's distinction of record high wages adds emphasi sto this sound logic.

Sylvan Ext. Club Meets at Quiatt Home

Use Care in Tinting

In mixing paint, be sure to add colors sparingly. A little pigment often has a marked effect on even a large can of paint. Experienced painters advise experimenting at first with a little paint in a small can to see what the colors will do. The safest procedure is to add tinting color to a small amount of paint and then transfer this mixture to the large container. This process can be repeated until you obtain the exact hue you desire.

Wash. Beef Tour Will Be Conducted Next Thursday

The annual Washtenaw county Beef Tour, sponsored by the livestock interests of the county and the Agricultural Extension Service cooperating, is to be held Thursday, March 6.

Graydon Blank, animal husbandry specialist of Michigan State College, will discuss practices used on each farm visited, along with other points of interest to livestock feeders.

Art Bell, buildings specialist of Michigan State College, will discuss facilities at each farm and offer suggestions as to how they might be improved.

Representatives of the Michigan Livestock Exchange will be on hand to discuss grades and offer suggestions on finishing and marketing.

A committee of farmers has chosen five farms to visit. Those attending the tour will see a wide variety of quality of cattle. Also, there will be marked differences in facilities for feeding and some barns where the owner is making major structural changes.

A beef dinner will be served at noon by the ladies of the Rogers Corners Zion Lutheran church, at the parish hall.

Following the dinner, Dr. Elzada Clover, professor of botany, University of Michigan, will speak and show pictures of shooting the rapids of the Colorado river. Dr. Clover and Miss Joffer, University of Michigan, were the first women to get through alive. The trip took 42 days and covered 666 miles. Often, they report, the 300 major rapids had waves 15 to 20 feet high and many times huge whirlpools threatened to engulf their small craft.

STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF WASHTENAW
IN CHANCERY

In the Matter of the Petition of John B. Martin, Jr., Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Washtenaw; in Chancery:

John B. Martin, Jr., Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act No. 126 of the Public Acts of 1938, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent and (d) $1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that, in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court may seem just and equitable.

And your petitioner will ever pray, etc.

Dated: December 18, 1951.

JOHN B. MARTIN, JR., Auditor General of the State of Michigan, for and in behalf of said State.
