CHELSEA HERALD.

CHELSEA, JUNE 26, 1873.

Force of Character.

An independent mind is not naughty, proud, or supercilious, but it is self-controlling. It does not inquire what the Scribes and Pharisees say about Church and State, or anything else. Such a person goes with the multitude when the multitude goes right, but declines at once when it goes wrong. Such a mind is not stiff, factions, or captious; but it is firm, and always to be relied on.

If the habit of independent thought and action were cultivated and carried out by the mass of men and women, what an immense change for the better would everywhere spring up around us! What havoc it would make in the world of fashion! How it would trample down its follies; how it would mock at the imperial dictates of Parisian milliners; what good it would accomplish, and what waste of estate it would prevent!

The want of an independent individuality of character makes people the veriest slaves, and the most helpless and hopeless of dupes to the manner and habits of others. In their dress, their modes of life, and habits of thought and action, they do not consult pecuniary ability, nor the fitness of things, but the eyes and opinions of other people. These are the imperious powers to which they bow down with the most slavish adulation.

The want of an individuality of character induces people to appear to be what they are not. Some men buy libraries which they never read. Some struggle to equal the splendor of ancient houses and ancient honors. All such things constitute a miserable compound of deceit, folly, and dishonesty. An honest, independent mind takes life as it comes—its possessor stands in his own lot, and is not ashamed of the position in life in which he may be placed.

If poor, he does not envy the rich, nor is he ashamed of the garments and other possessions which become his pecuniary condition. Having purposes and principles of his own, he heeds but little the fashionable rage of the world around him. The "talent" which God has given him is not hid away, but is used to accomplish the great purposes for which it was intrusted to him. He recognizes his obligations as a "member of the great family of God," and, regardless of the foolish opinions of others, his object in life is to benefit his fellows. The world is blessed by his having lived in it, and the "good he does lives after him."

A Protestant Cow.

Pat Murphy and his wife, after many years of hard labor ditching and washing, had accumulated a sufficiency to purchase a cow, which they did at the first opportunity. As it was bought of a Protestant neighbor, Pat stopped on his way home at the house of a priest, and procured a bottle of holy water with which to exercise the false faith out of her.

"Isn't it a funny creature," asked Pat of the admiring Bridget. "Just hold her till I fix the shed."

To save the precious fluid from harm he took it in the house and sat it in a cupboard until he had fixed things. Then he brought the bottle back again, and while Bridget was holding the rope, proceeded to pour it on her back.

But poor Pat had made a slight mistake. Standing in the same closet was a bottle of aqua-fortis, that had been procured for a far different purpose, and as it dropped on the back of the poor cow and the hair began to smoke and the flesh burn, she exhibited signs of restlessness.

"Pour on more, Pat," shouted Bridget, as she tugged at the rope. "I'll give her enough, now," said Pat, and he emptied the bottle.

Up went the heads of the cow, down went her head, over went Bridget and half a dozen of the "children," and away dashed the infuriated bovine down the street to the terror of all the mothers and the delight of the dogs.

Poor Pat stood for a moment breathless with astonishment, and then clasped his hands to his hips, looked sorrowfully, and exclaimed: "He jabers, Bridget, but isn't the Protestant strong in her—the baste!"

Ayer's Cathartic Pills.

For all the purposes of a Laxative Medicines. Perhaps no medicine is so universally required by every body as a cathartic, nor was ever any better adapted to use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effective remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends; and all know that what cures one it does all ways—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of its remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Applied to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by any body. The sugar-coating preserves them ever fresh, and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such dangerous humors as are the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Dyspepsia or Indigestion, Zetico-sis, Langor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Pains of the Head, Face in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change these complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purgative.

For Suppression a large dose should be taken until it produces the desired effect by sympathy.

As a Purgative Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better. From their elevating and renovating effect on the digestive apparatus.

BRIEF MENTION.

To Subscribers.—On and after July 1st, 1873, all subscribers receiving the CHELSEA HERALD at the Chelsea Post-office, will take notice to the above date, and call up at the printing office for their papers. Owing to the new postal law, we are compelled to adopt this system.

N. B.—There will be quite a number we presume, that will not understand the above "Subscribers Notice." The new Postal Law requires five cents a quarter, or twenty cents per year, for all *bona fide* subscribers, receiving their papers through the mails, (home or foreign). This will save the subscribers (who receive their papers at their village Post-office), twenty cents per year. We have erected a young Post-office of our own, and invite all of our home subscribers to call and see us, on and after the above date.

The thermometer indicated 118 degrees in the sun on Tuesday last.

Last Sunday and Monday our town was visited with quite a welcome visitor.

The inhabitants of Dexter and Saline intend to celebrate an old-fashioned Fourth of July.

Last Saturday and Sunday were the two longest days of the year—it being fifteen hours and nineteen minutes from sunrise to sunset.

We are pleased to learn that the Fourth of July arrangements have all been made, and the people of Chelsea and vicinity may expect a good time on that day.

The barn belonging to Frederick Hoppe, four miles west of Chelsea, was struck by lightning on Monday last—caught fire and was consumed.

Edward Stokes, the murderer of Fisk, after all the fuss, has been granted a new trial. It is a little disgusting that men who have money or friends with money, can hardly be brought to justice any more.

MARRIED.—At the residence of the bride's father in the township of London, by the Rev. Mr. Palmer, Mr. FREDERICK WALTZ, of Waterloo, Mich., to JOSEPHINE BARBER.

The lightning bugs are at their old "shines" these dark nights. They intend giving a grand proteincine display on the evening of the Fourth of July. All are invited. No reserved seats.

TAKE NOTICE.—All subscribers receiving the CHELSEA HERALD at the Chelsea Post-office, will bear in mind and not forget to call up at the printing-office next week, (Thursday, July 3), and get their papers.

MUSIC.—The melodious tones of music produced by the Steinbach Brothers' band, on Saturday evening last, at the residence of Chas. Steinbach, on Liberty street, was a rich treat to the music-loving people of Chelsea.

The Chicago Jubilee is said to have been a grand success. Nearly 20,000 people were in attendance upon the first concert. The choir only contained 1,200 voices, and "Old Hundred," "Nearer My God to Thee," and other pieces, were sung with marvelous effect.

The M. E. Church at Waterloo, was struck by lightning on Sunday last,—shattering the spire, and damaging several windows; also, severely injuring two men who were passing at the time. The church will be repaired in time for the dedication next Sabbath.

PLEASURE YACHT.—There is in course of erection in Chelsea, a large pleasure boat, to plow the waters of North Lake. The company intends to launch her about the Fourth of July. The following are the dimensions: Length, 24 feet; beam, 7 feet; depth of hold, 7 feet; burden, 6 tons. It is capable of carrying 50 or 60 persons.

Wool comes in very slowly, but few clips having been marketed here. The prices range from 35 to 38 cents for common wool, and 42 cents for combing wool. The prospect is not very flattering for those who have the clip of last year still on hand, as there does not seem to be much prospect that prices will advance materially at present.

The Ladies of the M. E. Church and congregation, of Chelsea, took the inmates of the parsonage by surprise, on Tuesday afternoon of last week. They came ably armed with Ice Cream, Strawberries, Cake, etc. The pastor's wife surrendered unconditionally to the captors, who had things their own way, for a few hours. The table fairly groaned with the luxuries upon it. The company left Mrs. Holt a present of twenty-five dollars. Thus ended an affair ever pleasant in the minds of all concerned.

Written for the Chelsea Herald. MORNING.

BY W. E. GILDART.

This morn'g Day's golden wing is now unfurled,
To chase the sable night away;
The chaunticleer with clarion shrill,
Oft heralds the approaching day.

Bright tints of orange streak the sky,
Above the eastern horizon—
A herald of the orb of light—
Kind heaven's richest benizen.

Now peeping o'er the eastern hill,
The welcome face of Sol is seen;
As o'er forest, lake, and fill,
He sends his smile—a gladsome sheen.

The moon—the sun's dependent mate,—
Who works in her appointed sphere—
With crescent form, and task complete,
Has donned a robe of morning clear.

Yon twinkling, glistening little stars—
Those faithful sentinels of the night—
With dreamy eyes now fade behind
Their veil of pure ethereal light.

The owl has flown to her retreat,—
Diel on the air her wail "ho hoo;"
Yet in its stead heard clear and sweet,
The prairie-chicken's "ho hoo coo."

Where all night long the fire-fly's wing
Sit up the mossy mead and dell;
The skipping of the lambs is seen;
And heard the sheep-fold's tinkling bell.

Where through the night the whip-poor-will,
Has made the thicket echo through,
From mourning-doves, and notes now come,
Plainly singing "woe a woo."

The farmer-boy with sleepy eye,
Is roused from his morning dream;
And sorn on his arm milk pails bright,
In the dazzling sunshine gleam.

The housewife too, the busy carter,
Of the day has now begun—
While children, prattling in their glee,
Arise with the morning sun.

All nature seems rejoicing, that
Nocturnal demons are broke,
To hail aurora's dewy car,
Unnumbered voices woke.

Each morn'g, as we look at the golden sun;
Through which has had nature, conception and birth;
How few of us e'er look beyond this boon
To its Author, Preserver—the Ruler of earth!

The Strawberry and Ice Cream Festival that took place at the residence of Thos. Wilkinson, in our village, on Tuesday evening of last week, for the benefit of the Congregational Church Sunday-school, was quite a success. The receipts amounted to twenty-five dollars—leaving a balance net of fifteen dollars. In connection with the above, we must thank the ladies for their kindness in sending the printers an abundance of ice-cream, cakes, etc.

We learn from the Lansing Republican that Thursday, October 24, 1873, has been appointed for the laying of the Corner stone of the new Capitol. Hon. Wm. A. Howard will be invited to deliver an oration on the occasion. The following gentlemen have been designated as a sub-committee of arrangements: Governor Bagley, Messrs. L. H. Randall of Grand Rapids, J. P. Hoyt of Caro, E. J. Garfield of Detroit, and David Anderson of Van Buren.

Mr. James Rowe claims to have the finest baby in Sylvan Centre, Mich. This may be so; but, good parents are very liable to be affected by this pleasing conceit. Without controversy, she is what may be called in the parlance of the day, a sweet love of a baby. But the best way to test her claim as a premium baby, would be to have a baby show for the township, in the Floral Hall at our coming Fair, and decide the question by a competent committee. Let us have the committee and the babies.

PRO-NOC.—The teachers of the Chelsea Union Schools, propose holding a picnic, for the closing exercises of this year, on Friday afternoon, June 27th, 1873, at the Fair Ground and Grove opposite, to which they cordially invite all persons who are interested in the schools of the place. It is their special desire to meet all the pupils, who have attended school during the year. No pains will be spared in making their last meeting a pleasant one. Teams will be at the school house at half past one o'clock, to convey any who would like to ride to and from the grounds. The exercises will consist of music and other amusements until dinner time, which will be at three o'clock; after which there will be music and brief remarks by the Pastors of the place, and a few others. A splendid time is anticipated.

N. B.—All persons will please put their names on their baskets, plates, saucers, knives, forks, etc., to save time and trouble, and that none may be lost.

The following little scrap is from the writings of Benjamin Franklin, in 1776, with a parody on it to suit the present time: 1776.

Farmer at the plow,
Wife milking the cow,
Daughters spinning-yarn,
Sons threshing in the barn,
All happy to a charm.

1873.

The farmer gone to see the show,
The daughters at the pian-o,
Madam gaily dressed in satin,
All the youngsters learning Latin,
With a mortgage on the farm.

Success is the best test of superiority; the wonderful demand for Simmons' Liver Regulator is one of the convincing proofs that this article is appreciated above everything else of the kind. However much its zealous defenders may throw their shafts, truth will prevail and so will this medicine.

POSTAGE.

Letters—Three cents for every half ounce or fraction thereof.

Drop Letters—Where delivered by carriers, two cents for each half ounce or fraction thereof. All other offices one cent for each half ounce or fraction thereof.

Printed Matter—One cent for each two ounces or fraction thereof. Seeds, bulbs, cuttings, roots, scions, chromos and engravings are classed with printed matter.

Merchandise—Two cents for each two ounces or fraction thereof, limited to twelve ounces. When any of the above matter is mailed wholly unpaid, and by inadvertence reaches its destination, double rates should be charged and collected.

CREAM BEER.—As the warm weather is here we begin to think of refreshing drinks. I have a famed recipe which I give. It is an effervescent drink, but far pleasanter than soda water, inasmuch as you do not have to drink for your life to get your money's worth, the effervescence being much slower. Two ounces tartaric acid, two pounds white sugar, the juice of one lemon, three pints of water. Boil together five minutes; when nearly cold, add the whites of three eggs well beaten, with half a cup of flour and half an ounce of essence of wintergreen. Bottle and keep in a cool place. Take two tablespoonfuls of this syrup for a tumbler of water, and add one-quarter of a teaspoonful of soda.

Mortgage Sale.

DEFAULT having been made in the conditions of a mortgage, executed by Ann McLoughlin to John Van Gemmy, on the twenty-sixth day of March, A. D. 1871, and recorded in the office of Register of Deeds, for the county of Washtenaw and State of Michigan, in Liber 45 of mortgages, on page 194, and duly assigned by said John Van Gemmy to Peter Germain, Sr., on the third day of April, A. D. 1873; and which assignment was recorded in said Register's office, for said county, on the 9th day of April, A. D. 1873, in Liber 3 of assignments of mortgages, on page 89; by which default the power of sale contained in said mortgage has become operative, on the date of this notice, the sum of twelve hundred and seventeen dollars and thirty-nine cents, and no part or proceeding at law having been instituted to recover the amount due on said mortgage, or any part thereof. Notice is therefore hereby given, that by virtue of the power of sale contained in said mortgage, I shall sell at public auction at the south door of the Court House, in the city of Ann Arbor, (that being the place of holding the Circuit Court for said county of Washtenaw), on Friday the 11th day of July next, at 11 o'clock in the forenoon of that day, the following property described in said mortgage, viz: The north part of the north-east fractional quarter of section number fifteen, containing seventy-nine acres of land, more or less; also, the north half of the east fractional half of the north-west fractional quarter of said section fifteen; also, all the land lying next south of a certain creek, running nearly from east to west, which is the boundary of the south of said land, containing forty acres of land, excepting a certain piece in west lot, lying north of a certain outlet, running from the lake to South Lake, containing about four acres, more or less, all in township one, south of Range three east, county of Washtenaw and State of Michigan.

Mortgage Sale.

DEFAULT having been made in the condition of a certain mortgage, executed by Laura Bates to Chandler Dunning, on the twenty-second day of January, A. D. 1870, and recorded in the office of Register of Deeds for Washtenaw county and State of Michigan, in Liber 43 of mortgages, on page 154, on the 24th day of January, 1870. And the power of sale therein contained having become operative by reason of said default; and said mortgage containing a special interest clause, providing that in case any payment of interest falling due on said mortgage, should remain unpaid for the space of thirty days, then the principal and all arrears of interest should at the option of the mortgagee, become immediately due and payable. And default having been made in the payment of interest due on said mortgage, and said interest now remaining due and unpaid more than thirty days, and said obligor or mortgagee having elected that by reason of said non-payment of interest as aforesaid, the whole amount secured by said mortgage is now due and payable. Therefore, there is now elected to be done on said mortgage at the date of this notice, the sum of nine hundred and forty-four dollars and twenty-eight cents; and also, an attorney fee of one hundred dollars, and also provided for in said mortgage; and no suit or proceedings having been instituted at law to recover the debt secured by said mortgage, or any part thereof. Notice is therefore hereby given, that on Saturday, the fifth day of July, A. D. 1873, at eleven o'clock in the forenoon, at the south front door of the Court House, in the city of Ann Arbor, (that being the place of holding the Circuit Court for said county of Washtenaw), there will be sold at public auction or vendue, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to satisfy the amount due on said mortgage, with the interests, costs, charges and expenses allowed by law, and provided for in said mortgage; that is to say all those certain pieces or parcels of land known and described as follows, viz: The west half of the north-east quarter, and the east half of the north-west quarter of section number eight, township number one, south of Range number four east, county of Washtenaw, and State of Michigan.

The Great Chills Cure!

The King of terrors, the *Ague* Malaria or malarial poison, so long its victims march throughout the fairest portions of our country, has at last succumbed and found its master; and after many a hard fought battle in the racked and fever-parched bodies of men, women and children, now trails its dark banner in the dust before the use of Dr. Williams' Great Anti-Periodic, the most reliable, safe and speedy cure known for Chills and Fever, Congestive Chills, Bilious Fever, and all other diseases of kindred nature.
