REVIEW OF RETURNED TROOPS.

The queen, accompanied by the crown princess of Germany, Princess Beatrice, the duchess of Connaught, and the duke of Cambridge, commander-in-chief of the army upon their return to England reviewed 8,000 of the troops which took part in the Egyptian campaign, including a small representative detachment of the Indian contingent now here; and the men of the Malta Fenestral battery. The queen was received by Gen. Wolsley at the palace and drove through the city to the rear of the horse guards, inspecting on the way troops drawn up along the way. After saluting, the troops passed through the midway and made a tour through the streets. The guards, Highlanders, a detachment of about 80 strong, evoked a most enthusiastic welcome. The streets through which the troops subsequently marched were decorated with flags bearing the motto "Kassassin," "Tel-el-Kebir," "Welcome home," and others appropriate to the occasion. The display excited extraordinary enthusiasm, it being unprecedented since the close of the Crimean war. The prince and princess of Wales and duke and duchess of Edinburgh were also present. The duke of Edinburgh, marching past at the head of the band, was the most marked incident of the procession, the queen standing up in her carriage to salute him. The Indian contingent was the last to pass. The queen conversed for a few minutes with Gen. Wolsley and complimented him upon the appearance of the troops. At the review the queen presented the following medals to the officers and men:—

GENERAL PRESENTATION OCCURS AT
The Spanish government will liberate the Cuban refugees early in December, on condition that they will not return to Cuba. This action is taken in response to the appeal of England.

ARABI TRIAL HAS BEEN AGAIN POSTPONED, and a very uneasy feeling prevails. Brodley will be allowed to defend Mahmood Baroudi. The question of joint control will soon be settled with a view to the interests of both France and England.

A PANIC occurred recently in the parliamentary printing office at Ottawa on account of one of the beams breaking. One hundred employees escaped by jumping from windows and tumbling down stairs, only a few being injured.

THE REVOLUTION AMONG THE STUDENTS at St. Petersburg still continues. The universities are all closed, and a mass meeting of students has been called for the purpose of furthering revolutionary plans.

GLADSTONE DEFENDS HIMSELF. In one of his characteristic speeches recently Gladstone defended himself against accusations and insinuations about "bargains" with the suspects once confined in Kilmainham jail. His remarks were directed particularly to Churchill and York.

COVETOUS. Montenegro covets the district of Kolitch and demands its immediate cession by Turkey; but Turkey proposes to maintain her supremacy there by force of arms. It is hoped, however, the matter may be amicably settled, and a commission has been formed for that purpose.

CRIMINAL MATTERS.
HIGHWAY ROBBERY. A dispatch from Louisville, Ky., of recent date, says: The stage from Columbus to Camp Belleville was robbed two miles from the latter place by a single masked robber. There were three passengers: Mrs. Dobbs of Bloomington, Ind., the Hon. Messrs. R. Roberts of Columbus, J. O. Edwards, Moulton, Iowa. From Mrs. Dobbs about \$10 were taken. She succeeded in saving two fine diamond rings by hiding them. From Mr. Roberts a pocketbook containing many valuable papers and a gold watch were taken. From Edwards a watch. The last named saved his money. The mail bags were cut open and rifled of registered letters. The robber was a leather mask and was well armed.

A STRANGER LOVE. Claud Lister, an Englishman aged 20, went to the house of a man named Smith, near Niagara Falls, Ont., and calling out Smith's son, aged 16, shot him and immediately afterwards shot himself. Both will probably die. Lister claims he was impelled by love for the boy and a desire to be always with him.

A YOUTHFUL VILLAIN. The following dispatch comes from Dubuque, Iowa: Fred Wilson, who was arrested at Winthrop a short time since turned out to be a young Jesse James on a small scale. During the last six weeks he has broken into and robbed the depot at Masonville, the depot at Winthrop at the same place, and when arrested the plans were all laid for an early raid on the bank at Jessup. In his depositions he had two pads upon him, one giving away and a young woman at whose house he was concealed and where stolen goods were found; besides this he was guilty of forgery and to clear himself has sought to implicate the sheriff and respectable citizens of Winthrop. When arrested he attempted to use a knife but did not succeed.

A CHERRY SWINDLER. A man giving the name of James T. Wilson, who had the banks of Buffalo, N. Y., out of \$5,000 by means of two checks raised each from \$17.

A KID SWINDER. Frank Porter, aged 13 years, has been indicted for tampering with evidence at Buffalo, N. Y., and has been committed to the county jail.

THE DEATH OF A SOLDIER. Col. Milton Cogswell, a retired army officer, and deputy governor of the soldiers' home in Washington, died suddenly of apoplexy a few days ago.

AS WAS EXPECTED.
In the case of Geo. Melius, brakeman on the Chicago express, run into in January last by the Barrytown special at Spuyten Duyvil, the jury has returned a verdict of guilty. It was alleged that, through neglect of duty, he had been instrumental in the death of Senator Wagner and others.

PERSECUTED JEWS.
Dispatches from Vienna state that the persecution of the Jews has been resumed. Troops have been dispatched to the disturbed districts and a number of arrests have been made. Placards and documents have been discovered which implicate a number of secret societies.

COSTA RICA.
Costa Rica has expressed a desire to enter the international postal union, which becomes operative Jan. 1, 1883.

AN EXPLOSION.
By an accidental explosion of gunpowder in the barracks at Madrid Spain, nearly the whole building was blown to pieces and fifteen soldiers seriously injured.

DILLON COMING TO AMERICA shortly to make a long sojourn with a brother in Colorado. He will resign his seat in parliament before his departure.

STUDENTS IN THE UNIVERSITIES of St. Petersburg Warsaw and Charkoff are under police surveillance on account of their nihilistic demonstrations.

IN COMMONS.
Parnell has at length secured consideration for the distressed condition of the Irish peasantry. According to Lord Freylin, the government intend to conduct the system of relief with such efficiency as will give the most positive assurance to the people that they would not starve. Gladstone denies that the rent act has proved a failure, and says the full benefits of its provisions have not yet been ascertained.

TO BE LIBERATED.
The Spanish government will liberate the Cuban refugees early in December, on condition that they will not return to Cuba. This action is taken in response to the appeal of England.

ARABI TRIAL HAS BEEN AGAIN POSTPONED, and a very uneasy feeling prevails. Brodley will be allowed to defend Mahmood Baroudi. The question of joint control will soon be settled with a view to the interests of both France and England.

THE STATEMENT THAT THE CHINESE minister and suite will be withdrawn from the United States on account of anti-immigration legislation, is untrue.

THE GERMAN LEGATION AT WASHINGTON has information that the proposed change in the treaty of naturalization which the new German minister has been directed to obtain, relate more to general application of the present treaty than to its provisions, which are pronounced quite satisfactory. It is understood that the principal object of the change is to extend the provisions of the Bancroft treaty over territory of Alsace and Lorraine or some other portions of the German empire acquired since the Bancroft treaty.

POLITICAL POINTS.
CHAMBERS'S CLAIM.
Chalmers has filed a petition before Judge Wharton at Jackson, Miss., for a mandamus to compel the secretary of state to count his votes in Tate county. His charges that Meyer, secretary state, allowed the returns from other districts to be inspected, but refused to allow any one to see the returns from the second district until they were counted. Chalmers charges that the returns were purposely concealed to prevent any errors being corrected during the 10 days allowed by law for making returns and says the clerical error as to J. R. Chambliss would have been promptly corrected if the returns had not been fraudulently concealed. The commissioners of election of Tate county have sent an amended return showing that the votes were cast for J. R. Chalmers and not J. R. Chambliss.

CONGRESSIONAL CONTENTANTS.
There are an astonishing number of close votes in the late congressional election, and knowing ones prophesy there will be at least 50 contested seats. From Virginia alone three contests are threatened. No doubt the custom of allowing attorneys' fees to unsuccessful contestants has a tendency to encourage the presentation of weak cases, and it is an open question whether such a practice ought not to be abolished. The time of congressmen is too valuable to be wasted in frivolous contests.

ADDITIONAL NEWS.
A SENSIBLE GOVERNOR.
Gov-elect Pattison, of Pennsylvania, does not believe in show, and makes the strong assertion that as far as he can control the matter his inauguration shall not cost the people of his state one dollar.

A GOOLY NUMBER.
The chief of the bureau of statistics reports that during the month of October there arrived in the customs districts of Baltimore, Boston, Detroit, Huron, Minnesota, New Orleans, New York, Passanagoody, Philadelphia and San Francisco 57,589 passengers, of whom 46,995 were immigrants, 5,837 citizens of the United States returned from abroad and 8,857 aliens not intending to remain in the United States. Of this total number there arrived from England and Wales 7,559; Ireland, 8,415; Scotland, 4,055; Austria, 558; Belgium, 198; Bohemia, 481; Denmark, 596; France, 511; Germany, 17,492; Hungary, 928; Italy, 1,221; Netherlands, 298; Norway, 1,161; Russia, 205; Poland, 147; Sweden, 2,216; Switzerland, 491; Dominion of Canada, 6,446, and from all other countries, 215.

AN OLD LANDMARK GONE.
The Congregational church at Richmond, Mass., built over 100 years ago, burned recently, at a loss of \$10,000.

ACTION DEFERRED.
Secretary Chandler has decided not to act upon the new naval regulations until they have been revised by the new board, soon to be appointed.

DEAD BEAT ARMY OFFICERS.
Judge Advocate-General Swalm has decided that failure of army officers to satisfy an indebtedness would not be a violation of the articles of war, and that it is not a proper charge to bring before the officers for decision.

A NEW DEPARTURE.
An important departure in the policy of the postoffice department will be inaugurated on January 1, next. It consists in transferring to the blank agency division, in addition to the supervision of the purchase of all supplies in the first and second class post-offices of the country. As at present conducted a postmaster at one of these offices purchases stationery and furniture for his own office, selects such styles and times as may please his fancy, and sends his bill to the department, where it is paid. It is thought by supplying these offices with such material as they may need and have paper uniform in size, etc., that at least 25 per cent. over the present cost can be saved. With this object in view prominent postmasters from all sections of the country have been requested to assemble here when the question of uniformity in blanks, size of paper and post-office books will be discussed.

AN INDIAN SEPARATION.
Indian Commissioner Price has been informed by Judge Edmonds, chairman of the Sioux commission, that 3,000 Yankton and Oglala Sioux Indians at Pine Ridge agency, Dak., have agreed to separate reservations of limited proportions. The Indians at Rosebud agency had previously agreed to separate reservations, and as the Indians at these two agencies comprise more than half of the Sioux nation, the work of the commission is practically accomplished. The object of the separate reservations is to concentrate all the Indians in about one-half the present reservation in order that the present reservation be opened to the public. The Indians have not yet located their intended reservations and cannot without authority from congress. Congress will be called upon to pay them for the land they surrendered.

WANTS NO REPRISAL.
Inspector Colbeck, who was sent out to investigate charges against Agent McGillivray at Pine Ridge Agency, and who was recommended for service for his arbitrary action in his earlier days, has gone to Washington for the purpose of expiating his crimes.

SUNDER DEATH.
Col. Milton Cogswell, a retired army officer, and deputy governor of the soldiers' home in Washington, died suddenly of apoplexy a few days ago.

THE PRESIDENT'S MAIL—STRANGERS Who Appeal for Money—A Girl Who Wanted a Piano.

I was in the White House the other day says a Washington letter in Philadelphia Times, and saw a stack of some hundreds of communications addressed to the President of the United States. They were all neatly jacketed and corded up, awaiting the President's return. I asked Secretary Pruden what the tenor of such letters was. "Oh, everything," was the reply. "They are on every conceivable subject of a personal nature to the writer. Many of them are direct appeals for money. Now you would never suppose a stranger in Texas, Nebraska, or New Hampshire, or somewhere else, would write to the President for a few hundred dollars with the expectation of getting it, would you?"

I answered that I didn't feel quite sure about that, since women and men were total strangers to me frequently come into my office and request me to get them a pass to Philadelphia or New York, or a government clerkship, or a situation on a leading newspaper.

"Well, it's a fact. There are letters here asking Mr. Arthur to send various sums by return mail or express, from fifty cents up to \$500. One young lady wants to buy a piano, by which, she says, she will be able to earn her own living. Another man wants to borrow \$100 for six months, for which he will give his note and 10 per cent interest.

I glanced at the top jacket and saw the brief, "Pecuniary Assistance."

"Yes, that's one," said the genial secretary. "There are a good many more in the stack. Some want official sinecures, making no profession of services. They merely want to be put on the rolls somewhere for a few months, so that the salary will help them along. They are usually not particular, however, whether the Government or the President furnishes the money."

"Which of course he does?" said I.

"Oh, yes; the same as you provide the railroad passes and clerkships. Why, his \$50,000 a year wouldn't be enough to pay these demands upon him personally. He can't even read their letters. It's a very funny world this, and so it is."

SAVING THE TRAIN.
The usual crowd of autumn fairs were gathered together in the store, occupying all the grocery seats—the only gross receipts that the proprietor took no pride in—when a little, bleary-eyed, weazen-faced individual sneaked in by the back door, and slunk into a dark corner.

"That's him," said the ungrammatical bum with a green patch over his left eye.

"Who is it?" asked several at once.

"Why, the chap who saved a train from being wrecked," was the reply.

"Come, tell us about it," they demanded, as the small man crouched in the darkness, as if unwilling that his heroic deed should be brought out under the glare of the blazing kerosene lamp.

After much persuasion, reinforced by a stiff horn of applejack, he began:

"It was just such a night as this—bright and clear—and I was going home down the track, when, right before me, across the rails, lay a great beam. There it was. Pale and ghastly as a lifeless body, and light as it appeared, I had not the power to move it. A sudden rumble and roar told me that the night express was thundering down the track, and soon would reach the fatal spot. Nearer and nearer it approached till, just as the cow-catcher was about lifting me, I sprang aside, placed myself between the obstruction and the track, and the train flew on unharmed."

The silence was so dense for a moment that one might have heard a dew drop. Presently somebody said:

"What did you do with the beam?"

"I didn't touch it," he replied; "but it touched me."

"Well," persisted the questioner, "if you couldn't lift it, and didn't touch it, how in thunder did the train get over it?"

"Why, don't you see?" said the sad-faced man, as he arose from his seat and sidled toward the door. "The obstruction was a moon-beam, and I jumped so that the shadow of my body took its place, and—"

Bang! flew a ham against the door; and if it had struck the body of the retreating hero, there would have been a much bigger grease spot frescoed on his panel.

ILLUSTRATION.
A census bulletin just issued shows that there are in the United States 5,000,000 persons older than 10 years who cannot read and more than 6,000,000 who cannot write. This state of affairs is most marked in the southern states.

INTERNAL REVENUE REDUCTION.
Until very recently Commissioner Baum has been disposed to make no recommendation in regard to the reduction of internal revenue taxes. However, he now advises such a reduction as will leave the income of the government from that source about \$100,000,000 per annum. The President, who has heretofore been opposed to any measure looking to the abolition of the internal revenue system now believes that the time has come when relief can safely be accorded tax-payers, and a portion of this relief ought to come from internal revenue. In this view the cabinet concurs, and in his forthcoming message he will urge upon congress "the importance of immediate revision of the tariff with a view to reducing the aggregate income of the government to such an amount as is absolutely required to meet the interest on the public debt and current and ordinary expenses of the government."

AGRICULTURAL REPORT.
The following is the yield for 1882:

RAILROAD AUTHORITIES.
For some time past there has been a systematic plundering of the mails between Denver and the eastern cities, and the postal authorities have been baffled in every effort to stop it.

EVIDENCE AGAINST ME.
Melville has been excused from the witness stand by the board of inquiry in the Jennette case. An adjournment has been ordered until some time in the near future, when a decision will be given.

SENATOR BECK'S PROPOSITION.
Senator Beck proposes, as soon as the senate convenes, to offer a resolution providing that the annual holiday recess be abandoned this year.

A LAND QUESTION.
Secretary Teller has ordered that action of the department be suspended in all cases involving title to valuable Michigan iron lands within the limits of the Grants to the Marquette and State Line and the Ontonagon railroads.

A POSTAL DECISION.
Postal authorities have decided that canned meats, weighing not over four pounds can be sent as fourth-class matter, at a postage of 16 cents per pound.

ADJOURNMENT.
The Alabama claims commission have decided various controverted points, and adjourned until January 7, 1883.

A COMBINATION.
Postmaster-General Howe has signed a contract with St. Louis parties, for a combination letter and envelope. This will be on the market early in January, and can be obtained at all post-offices for the modest sum of three cents.

BANKS AUTHORIZED.
The comptroller of the currency has authorized the national bank of America, Chicago, to begin business with a capital of \$200,000; also the First national at Pawnee City, Neb., capital \$50,000.

HOPEFUL DATE.
Judge J. C. Bancroft Davis, who left the bench to become secretary of state under Blair, confidently expects to be appointed to the vacancy on the bench of the court of claims.

AUCTION SALE.
About 8,000 packages have accumulated in the dead letter office during the past year, and a sale of the same is announced to take place early in December.

LABOR CONGRESS.
The national labor congress, which has been in session in Cleveland, and organized for the coming year, and formally ratified a platform of principles. These resolutions demand, among other things, the enactment of employers' "liability law"; the compulsory education of children and the prohibition of their employment in labor when under 14 years of age; the enforcement of the eight hour law; and the stoppage of the order "truck" system of payment.

TO BE STOPPED.
Fourth class postmasters will not be permitted to operate their offices by proxies and serve as members of state legislatures at one and the same time, as has heretofore been the custom.

OBSTRUCTIONS.
The chief clerk of revenue has submitted his annual report, and therein strongly objects to the proposed transfer of that bureau from the treasury to the navy department.

A VETERAN JOURNALIST GONE.
Dispatches from New York announce the death of Thurston Wood, the veteran journalist. In his death a mighty figure disappears from the field of American politics, fitted with strong individuality, great practical sagacity, and unsurpassed skill in swaying public opinion, for more than three-score years, his voice and pen have had no small share in moulding our national life. Born in 1797, in Green Co., N. Y., he began his career as cabin boy on the Hudson, and later led the foundation of that wide knowledge and subtle penetration in the field of journalism was the Agriculturalist, published at Norwich, N. Y., when he was but 21 years of age. The excitement over the disappearance of Wm. Morgan was then at its height, and his strong anti-mercenary articles first brought him into prominence. His abilities were recognized by prominent politicians, and he was elected to the Assembly and soon after established the Albany Evening Journal. Finding his editorial freedom curtailed by any office of trust he promulgated the principle that no journalist should seek or accept office, and ever after aided by it. His mastery control soon made the Journal the principal organ of the Whig party, and it

HOTEL GUESTS ELECTRIFIED.
The Trouble that was Caused by the Little Screw of an Electric Lamp.

A gentleman leaning against one of the iron pillars in Dooner's cafe recently, says the Philadelphia Press, was observed to pitch suddenly forward and nearly fall on the marble floor. He turned very pale, and looked about him to see whether his involuntary action had been noticed. It did not appear to have been, and he walked back to the pillar and examined it critically. Then he walked around it and looked to the ceiling. He looked to the floor, and then to satisfy himself whether the post had moved from its place and kicked him, he pressed hard against it with the palm of his hand.

In another instant the gentleman was sprawling on the floor. He got up and finding that he was beginning to attract attention, he walked back and sought Mr. Dooner. "Is this place haunted," he asked, "or have you a familiar spirit which knocks people down?" Then he explained what had taken place. "My senses," said Mr. Dooner, "show me the post, and I'll hug it if you say so." Mr. Dooner was shown the post, and he put his arms around it. But it was not for long. In less than two seconds Mr. Dooner was where his guest had been a few minutes before. At the same time a howl of rage was heard in the bar-room. Mr. Dooner ran back. A man was standing there with a half-emptied glass of wine in his hand. "What does this mean?" he demanded. "I attempted to take a drink and a shock went through me like a galvanic battery. Do you?" He was interrupted by another man, who entered suddenly with a yell and a muttered imprecation. "What's the matter here?" he asked, rather angrily. I put my hand on an iron post out there, pointing to the cafe, and I believe I'm paralyzed."

By this time a group of excited men had gathered around. "The place is bewitched," said one, "or has been magnetized," suggested another. "No, gentlemen, venture a little man, who was smiling broadly, 'it's nothing of the kind. These gentlemen have all received an electric shock. Make an investigation and see if I am not right.'"

The hotel proprietor sent for the manager of the Electric Power Company. He came, and in less than twenty minutes had solved the mystery. It was found that a steel screw, from which depended an electric light, had been pushed too far through the lathe and plaster and came in contact with an iron girder resting on the pillar and the base of the pillar rested on another girder beneath the floor. The gentleman who was knocked down had completed the circuit by touching the post, and the man who though he was drinking molten lead did the same by placing his foot on the metal rail in front of the bar, after he had lifted the glass to his lips. The screw was given a half turn back, the circuit was broken and everybody was relieved.

THE TROUBLE WITH THE STEWARD.
"Where is the old steward?" inquired a traveler as he stepped aboard an outgoing steamer, just previous to his departure.

"Oh, he was discharged some time ago," replied the captain.

"Why, he seemed to be a first class fellow, rejoined the first speaker; "why was he kicked out?"

"Well, to tell the truth, he got too big for his breeches, and we lounced him," emphatically ejaculated the captain.

This conversation occurred within hearing of a bright-eyed, intelligent little girl, the daughter of one of the tourists on that steamer. Subsequently another passenger arrived, and, after bestowing a casual glance around, said:

"I don't see the old steward; what has become of him?"

We solicit communications and news items from all the surrounding towns. Every communication must contain the name and address of the writer, not necessarily for publication, but as a guarantee of good faith.

If you have any business at the probate office, make the request that the notice be published in the HERALD. Such a request will always be granted.

Our market report will invariably be found correct, as we give it our personal attention and take great pains to give correct quotations. The prices quoted are those paid by dealers.

LITERARY NOTES.

This week finds the following publications on our table:

OUR LITTLE ONES.—The December number of this excellent little magazine is again in hand, well filled with good reading matter. Its frontispiece, Pop Corn, is handsomely executed. Among the reading matter we notice, Wise Little Sparrows, Papa's Dressing Gown, Tamborine Don, Going to Bed, and many others. All little ones would be much interested in this book.

DEMOREST'S MONTHLY FOR DECEMBER

This magazine so widely known and always welcome, is again at hand and well filled with good reading matter. The oil picture entitled "Rose Time" is very attractive, and a steel engraving; "Your'e no Chicken," but little behind; besides these, there are fifty engravings on wood. Among the reading matter is found: "Bachelor Brindle's Christmas Dream, a Christmas sermon by Jennie June, and a large amount of other interesting and valuable reading matter. We club with this magazine.

The Century, December number: Again has this valuable book found its way to our table. The frontispiece is the Portrait of Chief Justice Marshall. The first paper on the National Capital, treating on the Supreme Court, which is richly illustrated. The first chapter of my "Adventures in Zuni;" the second chapter of "The Led Horse Claim;" the Taxidermal Art; the first letter on "The Point of View;" and the usual number of short interesting stories. In another column will be found the advertisement of this company, which will do you good to read.

GATHERINGS.

During the past six months 221 persons have been committed to the county jail.

Jos. Beachler aged 39, died of consumption in Ann Arbor, on Wednesday of last week.

J. & W. L. McCullough are building a handsome two-story addition to their foundry and shops. This improvement is necessary on account of increasing business.—Ypsilantian.

The wife of Hon. E. D. Kinne, died at Ann Arbor, last week Tuesday. Mrs. Kinne was the daughter of the late Olney Hawkins, of Ann Arbor, and was married to Mr. Kinne in 1867. She leaves a large number of friends.

When Andrew Brower, near Grass Lake, returned home from a visit, he found his wife had "gone with a handsomer man," named John Holland. It seems Holland left a very estimable wife and several children, and with Mrs. B. started for England, his native country. Good riddance, is our opinion.

From Kansas.

From a letter written by our former townsmen, Jay Woods, we make the following extract:

Leaving Michigan on the 7th day of November for Kansas, arriving in Burlington on the 9th. This is a city of three thousand inhabitants, located on the beautiful Neosho river, one hundred miles south of Topeka. The business houses are mostly of brick and stone, while the residences compare favorably with any new country. The weather is cool and pleasant. The wheat crop is the largest ever raised in the state. The fruit crop was large, and the apples will compare with any. This is the place where Souther, the fast trader was sired. Kansas probably stands second in the production and character of a brass and copper industry, a soul-stirring lyric from the pen of a rising Bardock bard, which beheld a specter:

On the 25th for their crew, one of the able to load up the wounded "French leave" for a... Ransom says they... now when the... through to renew... the... KATIE.

From our own Correspondent.

LIMA ITEMS.

Frank McMillan is very sick.

To Mr. and Mrs. Henry Lewick Nov. 22d, a daughter.

Fred Gilbert and John Brown started for Clare county Monday.

Willie McLaren's horse ran away one day last week. No damage done.

Rev. D. W. Giberson received about forty dollars at the donation.

Moonlight nights again. Take the advice given at the letter social and put down the back curtain.

Geo. Mitchell and wife returned home from their visit among friends in New York state, last Saturday.

I have often heard of men losing their hats, but never until last week of a man losing his shirt. The unlucky man lives in Lima Centre and was on his way home from Chelsea.

Thomas Fletcher was the lucky man who found it.

Francisco Gatherings.

From our own Correspondent.

L. H. Nolton was the guest of F. Hoppe on Saturday and Sunday last.

Mr. Riemenschneider had a pleasant call by friends on Sunday evening last.

Rev. Giberson did not hold services here on Sunday evening, but the audience listened to some good singing by the choir.

The Sylvan lyceum, known as the champion debating society, have been challenged by the sweepstake lyceum for a debate to be held at the school house two miles north-west of here. The subject will be: Resolved, That woman suffrage should be allowed. We wish the Sylvanites success.

Waterloo Cleanings.

From our own Correspondents.

On Friday morning, Nov. 24, to Mr. and Mrs. Wesley Berry, a daughter.

Miss Anna Knauf has returned from Ann Arbor, and is attending school.

Miss Anna Weippert will teach the winter term of school in the Avery district.

Mr. R. A. Croman is agent for the Dalley food steamer. It is an excellent thing, and takes well among the farmers.

Rev. Mr. Webber is holding revival meetings in the German M. E. Church, about two miles west of Waterloo village.

The hope of the new railroad through Stockbridge, makes the farmers in this vicinity rejoice. Work has begun on it, near Jackson.

On Saturday evening, Nov. 18th, a company of young men serenaded Mr. and Mrs. Hidelof, who were lately married in Waterloo. No merriment was shown on old tin pans, cow bells, shot guns, etc.

Mr. Peter Ruschman has moved to his new home near Stockbridge, lately purchased from Mr. Orman Clark, who intends moving to California soon. Mr. R. moved several swarms of bees to his new home, and while returning for another load of goods, some unknown person or persons helped themselves to the most of his honey, which makes the second time he has had honey stolen from him this fall.

Robert Preston, while returning from Grass Lake, after delivering a load of wheat, one day last week, overtook a man on the road, who asked for a ride. The request was granted, and he got aboard the wagon. In a few minutes he took a bottle of liquor from his pocket, drank of it, and offered it to Mr. Preston who also drank; and in a short time the latter fell asleep, and the former began searching Preston's pocket. Fortunately Mr. P. had the most of his money where the thief did not look. The thief escaped with something less than a dollar in silver. Mr. P. arrived home in safety.

At a social dance, given at the residence of S. Siegrist, on Saturday evening, Nov. 18th, Harmie Marsh, Hudler, and one or two others, were uninvited guests. Their company not being solicited, they were ordered to take their departure, which they refused to do. They were then instructed to remove some boot leather, and a rucksack, in which Mr. Marsh had a goodly amount of money, and several wounds which were treated by a physician.

On the 25th for their crew, one of the able to load up the wounded "French leave" for a... Ransom says they... now when the... through to renew... the... KATIE.

Do Not be Deceived.

In these times of quack medicine advertisements everywhere it is truly gratifying to find one remedy that is worthy of praise and which really does as recommended. Electric Bitters can vouch for us as being a true and reliable remedy, and one that will do as recommended. They invariably cure stomach and liver complaints, diseases of the kidneys and urinary difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle, by R. S. Armstrong.

Marvelous Cure of Stone in the Bladder.—Large Stone Removed by "Kennedy's Favorite Remedy."

Stone in the Bladder is a very dangerous ailment; but many most remarkable cures have been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy of Boston, N. Y. Another striking case is now added to the list. Dr. Kennedy writes: "I was called in a letter by Mr. Kennedy of Dalton, Mass., who was troubled with bladder complaint for 14 years, and had consulted at different times several of the best medical authorities, but without any permanent relief. He was advised to have the stone cut, but he refused to do so. He finally decided to try 'Kennedy's Favorite Remedy,' and in 10 days he was cured. He writes: 'I feel as well as ever, and I am able to do all my work as usual. I am truly grateful to Dr. Kennedy for his discovery, and I will recommend it to all who are afflicted with this disease.'"

MANHOOD

How Lost, How Restored!

Just published, a new edition of Dr. Oliver's Celebrated Essay on the radical cure of SPERMATORRHOEA or Spermatic Weakness, Involuntary Spermatic Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and FITS, induced by self-indulgence or sexual extravagance, &c.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice that the alarming consequences of self-abuse may be radically cured; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

PERSONAL.

Mrs. Barnes rented her house to a good party last Friday, and that little ad in the HERALD did it. It paid.

Our village marshall, Geo. Foster, did a good job cleaning the cross walks last Sunday morning. Trust he will do so whenever necessary.

The Excelsior land roller manufactured by L. Miller, is having a very large sale, and farmers will do well to see it before purchasing any other.

Jas. Smith has during the past eight weeks shipped ten loads of stock, consisting of cattle and hogs, from this place. Pretty good for one man.

Mr. Baxter, of Ypsilanti, the genial young man who is writing up the towns on the line of the M. C. R. R., for Polk's Gazette of Michigan, is in town last Friday.

Whol Whol Whol seems to be the text of Glazier, DePuy & Co's new ad, this week, but when you read it you will find valuable information in it. Be sure and read it.

The social at Mrs. W. Knapp's last Friday evening, was just as we predicted—first-class, and a good attendance. Owing to stress of work we were unable to attend.

As we intend to give thanks and eat turkey with Saline friends, we issue the HERALD one day earlier this week. We hope all of our readers will fare as well as we expect to.

Blushing brides and all minister's wives get that useful monthly, "The Housekeeper," free for one year. Send for specimen copy and particulars to Buckeye Publishing Co., Minneapolis, Minn.

Union Thanksgiving services in the Congregational church Thursday the 30th inst. Sermon and review of the volume of business done in the town of Chelsea for the last year, by the Rev. H. C. Northrup.

No service in the M. E. Church last Sabbath. The furnace is undergoing a thorough repair. It is expected to be finished so that all services of the week will be held in the church, and next Sabbath the house will be warm without smoke.

Put this in Your Eye!—During the month of October there was marketed in this county about 98,000 bushels of wheat. Our three enterprising wheat buying firms, during October, bought and shipped 44,000 bushels, or nearly one-half of all that was marketed in the county.

Holiday Presents are annually sought for. But it is often difficult to find appropriate and inexpensive articles of real value, that will be kept, used and appreciated by a friend.

When you pay your taxes in Sylvan or Lyndon, you will receive a tax receipt which was printed in this office. We say this, because, this is the first time such work has been done in this place, but we intend to do everything in our line. Thos. McKune is the treasurer of Sylvan, and P. Hagarty is treasurer of Lyndon, both are gentlemanly men.

County Clerk Clark has averaged about thirteen hours work each day for the past four or five weeks. He had to copy the Supervisor's proceedings, and all the election returns alone, besides doing the regular office work.—Courier.

We have averaged 15 hours daily (except Sundays) since we have been here, and don't get the tenth part of the pay the County Clerk does, likely.

We this week take the liberty of coming to our readers in a different dress. This is not "Myrtle Green" or "Lilac Blue," but it is considerably larger than the usual one. We do this, because we have in our list so many nice elderly people, who will no doubt welcome it, and to the younger it will do no harm. We cannot give you quite as much news in the same space, 'tis true, but expect to soon enlarge to an eight column folio.

We've got two cents, and our right hand man says he will go our security for two more that says that on last Sunday morning when you wanted your snow shovel, it was broke or you couldn't find it, when you wanted some wood you had to pick it out of the snow, when you wanted your rubbers they were at your place of business, when you wanted your mits you had to ask your wife for them, your cutter was

Miss L. Maroney is canvassing the neighborhood of Grass Lake for the book "Among the Poets." We understand a large number of these books were sold here during the past summer.

Capt. J. L. Somerby (our right hand man) and sister are now "at home" on orchard street, in the new house recently erected by the late J. B. Frisbie. We trust to see them among us for some time to come.

Mrs. W. A. BeGole of Marshall, was in town a few days last week, visiting Geo. A. BeGole and wife who have been quite sick but are now improving. Mrs. BeGole compliments us by saying, "the HERALD is so much improved, I must have it," and consequently it will visit that wide awake city weekly.

Wm. B. Gildart has one of the "coziest" law offices in the county.

Thos. Wilkinson, on Saturday last, disposed of a quantity of shoes at auction. Geo. H. Foster did the "crying."

When you have a "bone to pick" with your neighbor, please don't bring your troubles to the village parlor. We have enough to do to pick our own bones.—Exponent.

Well, we didn't know there was another editor as poor as we are.

MARRIED. YOUNG-TAYLOR.—In the residence of the bride's parents, November 15, 1882, George A. Young, of Sylvan, to Miss Helen P. Taylor, of Chelsea.

The ceremony was performed in the presence of a large company of friend, by the Rev. H. C. Northrup, and the bridal pair left on the afternoon train for a tour in the east.

A Card. SYLVAN, Nov. 22, '82. EDITOR HERALD.—Dr. Sir:—I wish through the columns of your paper to thank the many kind friends who so cheerfully contributed to the necessities of my family after our loss by the fire-fund. I do most heartily appreciate your kindness and hope you may never be the poorer for feeding the hungry, and clothing the naked, as that was about our condition after the fire.

CHARLES KELLOGG. Notice. All persons are hereby notified that my wife Mary Webb has left my bed and board without cause and without my consent and I hereby forbid any person to trust her on my account and warn all parties, and don't get the tenth part of the pay the County Clerk does, likely.

Chelsea, Mich., Nov. 23d 1882.

ANXIOUS MOTHERS. W.C. Love, Chelsea, Mich. I want them to grow up healthy and strong and useful men and women, all want Dr. Sockinkey's Great Book "The Care and Culture of Children."

It is a Mother's handbook, from the infancy to the maturity of her children, and its use will save many lives, more doctor's bills, and tens of thousands, from wrecked health and morals. We do not publish or sell in any way any book that we can not heartily recommend, and we add this to our "Household Series" of useful books with great pleasure. Sold only by subscription. We want agents in Iowa, Michigan, Nebraska, Wisconsin and Dakota. Circulars giving table of contents free. Commissions liberal. Address, A. G. WILCOX, 113

Minneapolis, Minn.

WIS people are always on the lookout for chances to increase their earnings, and in time become wealthy; those who do not improve their opportunities remain in poverty. We offer a great chance to make money. We want many men, women, boys and girls to work for us right in their own localities. Any one can do the work properly from the first start. The business will pay more than ten times ordinary wages. Expensive outfit furnished free. No one who engages fails to make money rapidly. You can devote your whole time to the work or only your spare time.

PERSONAL.

Mr. A. J. Sawyer made Chelsea friends a pleasant call last week.

Mrs. A. T. Nichols of Oxford, has been the guest of her father, Prof. P. M. Parker, for the past few days.

Miss Adelaide Westfall left on Friday last for Ann Arbor, and will remain some time visiting friends.

Mrs. J. H. Durand, and Mrs. Geo. H. Mitchell, returned on Saturday last from their visit among friends, at Seneca Falls, N. Y.

Our able bodied neighbor, Mr. M. Lehman, attended the session of the Jackson County Court, where he had a very important case, on Saturday last.

On Saturday last we had the pleasure of meeting Mr. J. M. Allen of the Dexter Sun. We are pleased that the readers of the Sun can pay their \$1.50 to such a nice gentleman.

One of the Champion Reaper Co's genial men, C. M. Barton, has been looking after that company's machines in this vicinity for some weeks. He will probably go to Dexter on here.

Miss L. Maroney is canvassing the neighborhood of Grass Lake for the book "Among the Poets." We understand a large number of these books were sold here during the past summer.

Capt. J. L. Somerby (our right hand man) and sister are now "at home" on orchard street, in the new house recently erected by the late J. B. Frisbie. We trust to see them among us for some time to come.

Mrs. W. A. BeGole of Marshall, was in town a few days last week, visiting Geo. A. BeGole and wife who have been quite sick but are now improving. Mrs. BeGole compliments us by saying, "the HERALD is so much improved, I must have it," and consequently it will visit that wide awake city weekly.

Wm. B. Gildart has one of the "coziest" law offices in the county.

Thos. Wilkinson, on Saturday last, disposed of a quantity of shoes at auction. Geo. H. Foster did the "crying."

When you have a "bone to pick" with your neighbor, please don't bring your troubles to the village parlor. We have enough to do to pick our own bones.—Exponent.

Well, we didn't know there was another editor as poor as we are.

MARRIED. YOUNG-TAYLOR.—In the residence of the bride's parents, November 15, 1882, George A. Young, of Sylvan, to Miss Helen P. Taylor, of Chelsea.

The ceremony was performed in the presence of a large company of friend, by the Rev. H. C. Northrup, and the bridal pair left on the afternoon train for a tour in the east.
