GATHERINGS.

A colored man from Ann Arbor, on his way to Saline, was run over by the cars and one foot badly smashed, so much so, that amputation will probably be necessary.

The Washenaw Journal, a German paper to be published by Mr. Christian J. Reul, will appear in a short time. It will be issued on Thursdays from room 8, Hamilton Block. The new enterprise will undoubtedly receive a deserved support from our German population.—Register.

On Saturday, Nov. 25, while officer Porter was taking Culvert up from the jail, his prisoner escaped and ran as far as the widow White farm, when he met Jacob Jedele, who was riding in his buggy. Culvert, without any ceremony, climbed in, and before Jedele could recover from his surprise, had seized the lines and whip and was getting ready to make his escape. Jedele, however, succeeded in obtaining the control of his team, and in getting Culvert out of the buggy. The latter was soon overtaken and again lodged in jail.—Register.

Friday last, about noon, the dwelling house of Mr. James Rockwell, with nearly its entire contents, was destroyed by fire. The wind was a gale at the time, and in twenty minutes after the flames were discovered breaking through the roof the building was in ashes, and so rapid was the destruction that nothing could be saved except one bed, a sewing machine and organ. The fire caught from the chimney. The loss was about \$1,200—insured in the Continental for \$850—\$600 on the house, \$200 on furniture, and \$50 on provisions.—Grass Lake News.

Probably the last deer in these parts, was shot near Moore's mill last Monday. Some years ago a drove of five was hunted in the woods of that section, and four of them killed. Since that time no deer has been seen. Monday a large number of men were hunting, and the buck in his flight passed close to one who carried a gun loaded with Turkey shot, and received the whole charge at very close range. He ran a few rods and fell dead. The south part of this county, and the adjoining portions of Monroe, were about the best resorts of wild game in this section, which once was a favorite field for the hunter.—Sentinel.

St. Nicholas.—The Christmas number of St. Nicholas has made its appearance, and this with an entire change in the cover. On the inside we first find the fine frontispiece—"On Christmas Day in the Morning," in colors. Chiefest among its features is the Christmas story "by Louisa M. Alcott, entitled "Grand-mamma's Pearls." Beside the above, is a graphic description of a long dog-sledge journey on Lake Winnipeg, nicely illustrated; also a true story, "The Christmas Fairies," a Christmas carol is set in nice beautiful music. This number of St. Nicholas ought to be in every household, and would be very interesting and instructive.

CHELSEA, Nov. 21st, 1883.

Mr. Editor—DEAR SIR:—The annual meeting of the Grange Ware House Association for the election of officers and transaction of other business, will be held at their rooms in the village of Chelsea, on Tuesday the 12th day of December, 1883, at 10 o'clock, A. M.

Yours truly,
John K.

Waterloo Gleanings.
From our own Correspondents.

The HERALD from now until January 1st, 1884, for \$1.25.

The following is a continuation of last week's correspondence:

The people of the Baptist church of Waterloo village gave a social in the hall of their church last Thursday eve, Nov. 23; but owing to the weather there was a small attendance.

The M. E. Social at Sidney Collins' Friday Eve, Nov. 24, was in every respect a success. About 70 people gathered together, the majority of which were young people, and were soon lost in the enjoyment of the plays which characterize such gatherings. Some music rendered by Miss Bettie Collins, which added much to the enjoyment of the company, is worthy of praise. A lunch was served, and soon after the company dispersed; all feeling that the evening had been well spent. * * * Three weeks from next Friday night, Dec. 22nd, another social will be given in the residence of Mr. J. H. Hubbard. A very enjoyable time is expected. * * * Receipts were a little over \$8.00. KATIE.

Our Sylvan Correspondent.
SYLVAN NEWS.

Our lyceums are largely attended. L. L. Glover has gone to Eaton Rapids on business.

Clover seed is being threshed—a small yield is reported.

Peter Lehman, who is teaching in Waterloo, came home to spend Thanksgiving. He has a school of 40 pupils. ELWIN.

There is a disease broken out in our community, called the White Horse, among the victims are Levi Riggs, James Beckwith, Geo. Davis, C. T. Kellogg and Smith Conklin, and they have got it bad—this is a contagious disease, and many others are threatened with it.

I am sorry Elwin is not more ob-servant. He speaks in your last issue of the pleasant visits of Charles Depew and Geo. Strauss last Sunday, just as if that was an uncommon occurrence, when our girls expect them every Sunday, just as regular as the rising and setting of the sun.

The Tuesday night lyceums are well attended, and notwithstanding the bad going last Tuesday evening, the house was filled to overflowing. The question, "Resolved that Woman should have the Right of Suffrage," was very ably discussed, but the boys concluded not to let the woman rule, although at recess their actions belied their decision, for new loaves were being made and old ones renewed, and soon we expect to hear the joyful song of "Johnnie Comes Marching Home Again." &c.

Karl gives a very striking illustration of his party: Our neighbors are all democrats and our school don't change hands between two days.—ELWIN, in Chelsea HERALD of Nov. 23d.

Poor Elwin, how bad he must feel in his sympathy with democrats and wood thieves. We know just what's the matter. Elwin, your spleen is out of order, you have got an overflow of the gall, your digestion is bad—but don't be discouraged, you'll be all right when grass comes, 'till then, we would advise the wearing of a Liver Pad; it won't make any difference on which side you wear it, either.

Last Monday morning several of our stalwart citizens, started out on a hunting excursion, armed with the latest breach loading guns, and with determination written on their faces, and blood in their eye, they marched shoulder to shoulder in solid phalanx, moving in a south-easterly direction, passing first over the hills through Skunk's Misery, then through Vermont settlement, and late at night returning home hungry and foot sore, they concluded to take account of game before partaking of refreshments, and this was the result: Eleven meadow-moles, fourteen snow-birds and one poor old lame rabbit, who could not possibly have wintered through—thus endeth the first hunt of the season. KARL.

Francisco Gatherings.
From our own Correspondent.

Mr. Charles Keiser has finished threshing for this fall.

Geo. Strauss, of Chelsea, made Francisco friends a call last Sunday.

The express going west last Friday evening killed two hogs belonging to Mr. M. Kalmbach.

A selected gathering of young people celebrated the birthday of Miss Mary Kalmbach last Thursday evening. A pleasant time was had.

Last Wednesday night burglars entered the store of W. Riemenschneider and helped themselves to clothing and other goods, burning their own old clothes. Immediate pursuit was made, and one, Noah was caught and lodged in jail, as a clue was found to the case are entertained of his.

Why let your horses suffer with cuts, wounds, galls, sores, scratches, or diseases of the feet, when you can readily cure them by the use of Cole's Veterinary Carbolisative? It will cure any case of scratches or cracked heels, and is the only preparation that will cure wounds, galls and new or old sores and bring the hair in its original color. Marvellous Cure of Stone in the Bladder—Large Stones Removed by "Ken-nedy's Favorite Remedy."

From the Pittsburg (Mass.) Eagle.

Stone in the bladder is a very dangerous ailment but many most remarkable cures have lately been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy of Boston, St. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dutton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians but nothing beyond temporary alleviation of the pain had been won. Towards the end of last January Mr. Lawler called on Dr. Kennedy. He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Doctor Kennedy—The day after I came home I passed two gravel stones, and am doing splendidly. If you would like to see the stones I will send them to you." This letter bears date "Dutton, Mass., Feb. 6th," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Dr. Kennedy also states that the "Favorite Remedy" is a searching remedy and works marvelous cures. It is itself almost a medicine chest. Order it of your druggist. Price \$1.00 a bottle.
