MR. EDITOR:

The fact is, our advertisement ought to be changed, but our business has been so good this spring that we had almost forgotten one of the ways in which we built up our large trade, namely, advertising. The other means to which we credit an immense patronage at the present time is carrying the largest stock and selling at the lowest prices and treating all alike. At present we are showing immense lines of Summer Clothing, too numerous to mention prices. Our Straw and Light Colored Derby Hat lines take the cake.

Every mother should see our beautiful stock of Boys' Flannel and Cotton Waists and Kilt Suits. No better assortment in any store in the state.

Our 20c. and 75c. pants are acknowledged to be the best ever seen.

On Overalls we have no equal, we think we sell ten pair to one of any other house. The reason is, we carry the best makes and sell at the lowest prices.

We never had as nice a line of Neckwear as we are carrying at present.

The Town Hall was filled to overflowing. Memorial services were well rendered as arranged, R. P. Carpenter Post, G. A. R., and Peirce Camp, S. V., assisted in the ceremonies, music by the band and the quartette was solemn and was beautifully rendered for the occasion. The address delivered by Hon. J. Babcock was pathetic and well rendered. After prayer the Post and Camp marched to the cemetery. There they decorated the graves of the fallen heroes with beautiful flowers, fired a salute and then marched to the hall where they disbanded. Too much cannot be said to the ladies and citizens for sending such a profusion of beautiful flowers to decorate the graves of our dead heroes.

An odd practice prevails in regard to mourning for deceased relatives in Korea. Any one who has suffered such a loss goes about for a year wearing a kind of pointed basket on his head, which completely hides his face, and no one is permitted to address him or speak to him. Experiments made at Ottawa, Canada, during the past winter showed that Martini bullets fired into a bank of well-packed snow were completely stopped after traversing not more than four feet. Snider bullets, in hard-packed snow, mixed with ice, but hard enough to prevent digging into it with a sheath-pointed shovel, did not penetrate more than four feet. In perfectly dry snow, packed by natural drift, a bullet penetrated about four feet, and in loose-drifted snow less than seven feet, though fired from points only twenty or thirty yards distant.

ALTHOUGH the tax levied in the District of Columbia on drummers, until it was declared unconstitutional, was never paid by any large proportion of them, there was a few "commercial brokers" who made a fortune by it. A Washington correspondent says that "there are a dozen or more of these men who pay a license for themselves and farm this license out at from \$50 to \$150 to each man desiring to open his sample cases. One of these brokers recently retired from business with a fortune of about \$100,000 which he had ground out of drummers."

An Indiana farmer, who told his boys to burn every bumble bee nest found, and who was complaining at the failure of his clover-seed crop, was surprised when Maurice Thompson, the naturalist, said: "That is why your clover seed fails. Bumble bees make your clover seed." It is a fact that a strong nest of bumble bees in a big clover field is worth twenty dollars to the owner, for these insects are the chief agents in fertilizing the blossoms. In Australia there are no bumble bees of our kind, and they could not raise seed there until they imported some.

Mexican Mustang Liniment

CURBS

THIS GOOD OLD STAND-BY accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine. The Lumberman needs it in case of accident. The Housewife needs it for general family use. The Candler needs it for his team and his men. The Mechanic needs it always on his work bench. The Miner needs it in case of emergency. The Pioneer needs it—can't get along without it. The Farmer needs it in his house, his stable, and his stock yard. The Stock-grower needs it—it will save him thousands of dollars and a world of trouble. The Railroad man needs it and will need it so long as his life is a round of accidents and dangers. The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer. The Merchant needs it about his store among his employees. Accidents will happen, and when these come the Mustang Liniment is wanted at once. Keep a Bottle in the House. The best of economy. Keep a Bottle in the Factory. It immediately relieves in case of accident severe pain and loss of wages. Keep a Bottle Always in the Stable for use when wanted.

Grand Delivery of the Deering Harvesting Machines.

Quite a sensation was created here last Saturday, by the delivery of the Deering Harvesting Machines to their respective owners. The forenoon was occupied in loading the machines on wagons; after loading some of the farmers were obliged to return home, but the majority proceeded to Heckschwerdt's restaurant where they enjoyed a bountiful dinner, amid much sport and laughter. About two o'clock a procession was formed in front of the Chelsea House, headed by a double carriage containing the State Superintendent, Mr. Smith, of Jackson, Mr. Hart, of Chicago, and Mr. E. J. Foster, of Grass Lake, who is agent for this territory, and last but not least, Mr. August Mensing, who took nearly all the orders for the machines sold. Next came our Cornet Band which rendered some very fine music, and they were followed by some of our most enterprising and substantial farmers of Sylvan, Lima, Sharon, Lyndon and Waterloo. After passing through some of our principal streets, the procession then proceeded to the fair ground and was photographed by our artist, E. E. Shaver, after which about forty farmers wended their way homeward, rejoicing over their being the possessor of a Deering machine.

Lima Beans.

This is the last week of school at the Center. Irving Storms is going to erect a fruit house in his berry field. The social at Mrs. E. A. Nordman's last week was well attended. Elmer Mains, of Dexter, spent Sunday with his sister, Mrs. Jay Easton. The work on the roads is completed throughout the different districts. Miss Sadie Foster has closed a successful term of school in the Page district. Day Dixon and family, of Dexter, were visiting at Abner Beach's last Sunday. Miss Alta Parker was up home from Ann Arbor to attend memorial services. Jas. L. Mitchell is going to take a trip down South ere the hot weather comes. The musical club is practising occasionally, getting ready for the Grange picnic.

Miss Mary Spring, of Hamburg, Canada, has been visiting with Miss Maudie Stienbach. Once more, let everybody remember the date of the Grange picnic at Lima Town hall June 9th. Mrs. Frank Horn and her two children, of Jackson, are staying a few days with Mrs. E. A. Nordman. We are very proud of our church now. It reflects great credit on the taste of those that superintended the work. Mrs. J. H. Durand, of Chelsea, and her sister, Mrs. Lansing, of Seneca Falls, N. Y., have been visiting at G. H. Mitchell's. Mr. and Mrs. Frank Ward returned from Niagara, where they had been on their wedding trip. They held a reception June 1st. The annual reunion of the Storms, Boynton, Killum and Rockwell families takes place to-day at the residence of Orrin C. Burkhardt.

The last vestige of the old Hotel lately known as the Heber House has completely disappeared. It was one of the oldest houses in the county, having been built when Michigan was yet a territory. The music loving people of Lima are very grateful, or at least they should be, to the singers from Chelsea for furnishing the vocal music for the memorial services, thus relieving the Lima choir of a fearful responsibility. It probably surpassed anything we ever heard in this place, although the strain on the church organ must have been terrific.

About the maddest man we ever saw was H. A. Page last Saturday. He took his horse to the blacksmith shop to be shod, and left orders for him to be turned loose to go home by himself. Between the shop and his home somebody intercepted him and decorated his fly with several old oyster cans and other choice samples of filth. That of course invigorated the old equine to such an extent that he covered the balance of the distance home at a rate that disconcerted all previous records. He entered the yard at such speed that he was unable to avoid a hay rack that stood in his way, but plunged right through it, making of it a complete wreck. The horse through fright and over exertion was totally exhausted. We think Mr. Page was justifiable in his anger.

Memorial services here Sunday came off as arranged. Carpenter Post, G. A. R. and Pierce Camp, S. V., from Chelsea, coming down to assist in the ceremonies. Services commenced about 10.30, being held on Mr. Storms lawn, the crowd being so great that the church was unable to hold them. After some fine music by the Chelsea Cornet Band, Rev. Horace Palmer preached a spirited sermon appropriate to the occasion, followed by more music by the band. They then formed into procession and proceeded to the cemetery. There they decorated the graves of the fallen heroes and fired a salute, after which they re-formed into rank and marched to the hall to partake of a collation that had been prepared for them by the ladies of Lima. There were a great many spectators present from Chelsea, Dexter, and other neighboring towns.

Renews her youth
Mrs. Phoebe Chesley, Peterson, Clay Co. Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am seventy three years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50 cents at R. S. Armstrong's Drug Store.

Sharon Notes.
The L. H. M. society met at Mr. C. Dorr's next Saturday. Mr. Frank Robinson, of Grass Lake, visited among friends here last Sunday. Mr. Martin Lehman and family, of Lansing, is visiting among friends here this week. Mr. J. D. Loomis and daughters, of Chelsea, called on relatives here the fore part of the week. One day last week lightning struck Mr. Joseph Upham's windmill and also two cows, killing one of them. Lambert received quite a heavy shock. Died, at his home in Sharon, on Friday, May 27th, Mr. G. Houk. At this writing the cause of his death is not known. There was an examination of the body last Saturday, and part of the remains were sent to Ann Arbor for more thorough examination. It is thought by a good many that the cause of his death was suicide or hard drinking. On Friday, May 20th, a large number of friends and relatives gathered at the residence of Mr. and Mrs. J. W. Rice to remind them that the day was their fortieth anniversary. For a token of remembrance they were presented with a beautiful hanging lamp and center table. Rev. D. R. Shier and Rev. E. P. Pierce, of Clinton, made some very good remarks in regard to Mr. Rice and family.

My Treasures.

I have treasures laid up in the city of God. Bright jewels that never can rust: For a while they were dwellers in caskets of clay. But those caskets are now in the dust: And as here in the light of this beautiful eye I number them all over and o'er, I say to myself, in that city above I will find my lost jewels once more.

The feet that went down in the river of death, As I stood on life's desolate sand, Are walking in gladness the streets of bright gold.

That run through the beautiful land; The lips that so tenderly whispered my name, Ere they closed in the silence of death, Will speak to me yet, in the Eden of love, Where life is no longer a breath.

The dear hands that lovingly clung to my own As they grew to death pale and cold, Are bearing fresh palms through the city of God, Or sweeping o'er my harp-strings of gold. The eyes that turned on me with love to the last, Now beam in eternity's light: They see in his beauty the King on his throne, And gaze on his face with delight.

Oh! earth with its fragrance and beauty and bloom, To me is exquisitely fair, But heaven is dearer and sweeter to me, For my beautiful treasures are there. The dear Lord who gave them and took them away Will not leave me forever alone; He will give them all, each, to my bosom again When I stand on the sea by the throne.

A Merchant's Opinion.
Mr. B. F. Norcous, General Western Agency, writes: "I have never found so great results from physicians' prescriptions and attendance upon our children, as I have after a few days' use of Papillon (extract of fax) Skin Cure. I cannot describe to you medically what it has done for us, but can say that years of treatment have not accomplished what Papillon has done after a few applications. EVERY CITIZEN OF Washtenaw County IS INTERESTED IN THE PROPOSITION OF ITS

BUCKEYE AGENTS!

Farmers have a Special interest aside from the general welfare.

It is a Proposition based upon Knowledge gained by Experience.

As some of our competitors are making like claims to ours for their machines, it is most desirable that the questions contained in the following propositions, be settled as soon as possible, and we gladly give this opportunity by offering this challenge to a

Field Contest.

We will present to the farmers of Washtenaw county, for their county poor farm, a Buckeye binder, provided any machine company, or their agents, shall demonstrate by field trial with the Buckeye binder, to the satisfaction of a committee of three supervisors, chosen from the supervisors of said county, not owning a binder of either of the kinds tried, that they have—

FIRST.—A LIGHTER DRAFT.

SECOND.—A BINDER WITH LESS WEIGHT ON THE HORSES' NECKS.

THIRD.—A BINDER WITH LESS SIDE DRAFT.

FOURTH.—A LIGHTER BINDER (AVOIRDUPOIS).

FIFTH.—A BINDER CONSTRUCTED OF BETTER MATERIAL.

SIXTH.—A BINDER MORE EASILY MANAGED, AND SEVENTH.—A BINDER WHICH DOES BETTER WORK THAN THE BUCKEYE.

Provided further, that the company or agents competing will agree on failure to sustain the points in question to the satisfaction of the committee chosen, to furnish to said county the binder of the committee's choosing, and will furnish said committee with the means to procure the same.
