The Bishop's Reception.

The first official visit of Rt. Rev.
Bishop Foley to his flock in Chelsea
will evidently be a memorable event.
The Bishop will arrive on the 6 p.
m. train, Saturday, and will be
escorted to the church by a pro-
cession of all the members of the
parish. On arriving at the church
he will be received canonically, the
choir chanting the anthem, "Ecce
Sacerdos Magnus." The ceremonies
at the church will conclude with the
blessing of the Bishop to all present.

At 8 a. m. Sunday morning the
Rt. Rev. Bishop will celebrate Mass
and administer First Holy Com-
munion to a large class of boys and
girls. The class will escort the
Bishop to and from the pastoral
residence to the church, at 10.30 a.
m. Solemn High Mass with deacon
and sub-deacon will be sung by Rev.
Father Bayse, Rector of St John's
church, Jackson, the Bishop assist-
ing and preaching the sermon. At
the end of Mass the Sacrament of
Confirmation will be administered
to a large number of children and
adults. In the afternoon a re-
ception will be tendered to Bishop
Foley at the pastoral residence, from
4 to 6 p. m. A large number of
invitations have been issued, and
this will be one of the pleasantest
features of the Bishop's visit. An
address in the name of the congre-
gation, by Mr. Henry V. Heatley,
and one on behalf of the village and
citizens generally, by Mr. W. J.
Knapp, will be read just before the
reception begins, to which the
Bishop will make a suitable response.

The presentation of the addresses
will take place on the portico of
Father Considine's residence, and
the reception will be held in the
drawing-room, which is admirably
adapted for such purposes.

In the evening at 7.30 p. m. a
magnificent set of Stations—oil
paintings in handsome red-oak
frames, donated to the church by
different members,—will be solemnly
blessed by the Bishop, who will
preach upon the "Real Presence,"
and give benediction of the Blessed
Sacrament.

On Monday morning the Bishop
will go to Pinckney to administer
the Sacrament of Confirmation
there. He will be tendered a re-
ception from 3 to 5 at the Monitor
House, and will be the recipient of
addresses from the different societies
of the parish.

The HERALD heartily welcomes
the patriotic and distinguished
Bishop to our beautiful village, and
trusts he may carry away with him
happy recollections of us.

His own people are sure to give
him a royal greeting. Citizens of
all creeds will be cordially welcomed
to the church services.

THE CHICAGO SHOE

For Men's Wear Takes the Lead
at \$2.50.

This shoe is made of Satin Calf,
warranted not to crack or rip. It
has become a favorite shoe in my
store as the price and durability is
just what the people want. Its
equal for \$2.50 can not be found in
Chelsea, as it is good style and as
good for hard wear as any shoe you
pay \$3.00 or \$3.50 for. Try a pair
and you will buy no other.

Respectfully yours,

JUDGE TERRY SLAIN.

The Turbulent Life of a Notorious Californian Ended.

Meeting Justice Field at Lathrop, Cal. He Slaps the Face and is Shot Through the Heart by Deputy Marshal Nagle.

SAN FRANCISCO, Aug. 15.—David S. Terry, ex-Chief Justice of the Supreme Court of California, was shot and killed at 7:30 o'clock yesterday morning in a railway dining car at Lathrop, Cal., by Deputy United States Marshal David Nagle.

The shooting was the result of a quarrel which Judge Terry was making up with Justice Stephen J. Field, of the United States Supreme Court.

EX-JUDGE TERRY. Terry was seated at the table in the dining car when Nagle approached Justice Field from the rear and slapped the jurist in the face with his hand and was in the act of striking him a second time when Nagle, who had warned Judge Terry to stop, drew a revolver and shot him through the heart.

DEPUTY NAGLE was acting as body guard to Justice Field, under strict orders emanating from the Department of Justice at Washington to protect the person of the jurist from personal assault at all hazards.

The Southern overland train arrived at Lathrop shortly after 7 o'clock and Justice Field entered the railway restaurant and took a seat at a short distance from the main entrance.

Deputy Nagle took a seat at the table with Justice Field and Nagle and Nagle entered the room almost immediately afterward and took seats at a table distant from the other two.

At that time Justice Field was seated. Mr. Terry instantly recognized Justice Field and at once left the room, returning to the sleeping car.

He returned again toward the dining-room with a satchel in his hand, and met at the door by the proprietor of the restaurant, who knew all of the parties and who refused to admit him.

In the meantime Justice Terry sat at his table, never taking his eyes from Justice Field. Finally he rose and walked toward the door, passing in the rear of Mr. Field.

Then opposite the rear he turned and struck Justice Field on the head with a clenched fist for another blow when the fatal shot was fired. A second shot immediately followed, but the form of Terry had fallen to the floor. He did not utter a word.

The alarmed people in the room immediately left, while Deputy Nagle advanced to every body that he was a United States officer in the performance of his duty, and warned every one to get out of the dining room.

He then returned to the sleeping-car. In the meantime Mrs. Terry rushed into the dining room, and was aware of the death of her husband, and made an attempt to board the sleeping-car containing the Judge and deputy. Her satchel was taken away from her, and it was found to contain a revolver.

She appealed to the crowd to make an attack on the car and to force her way in, contending that he had killed Judge Terry.

Terry struggled when the bullet struck him, and Nagle, fearing that he was about to draw a weapon, fired again and Terry fell to the floor dead. At this moment Mrs. Terry rushed up to the train and was uttering loud cries and lamentations. "Let me see him," she said, "I'll finish him myself."

She bore in her hand a hand satchel, which she had brought with her, and seemed to think that Justice Field had done the shooting. About 300 persons had by this time gathered around the scene.

Mrs. Terry rushed up to the train and saw the body of her husband lying in blood. "Kiss me, kiss me," she cried, "can you not kiss me before I die?" and she put her arms under his head and stooped over him.

Justice Field opened his eyes, and raised his hand and almost instantly his head sank back, his splendid frame straightened out, and Judge Terry was dead.

As the crowd surged toward the sidewalk an excited man, impelled by Mrs. Terry's cries, shouted: "If you'll give me a gun I'll shoot the fellow who killed my husband." There was some talk at the time of arresting Nagle, but holding his revolver firmly in his hand he defied the crowd to touch him, saying he was a Deputy United States Marshal and had done his duty in protecting his chief.

No one ventured to touch him, and he bore the train for San Francisco. He was arrested at T. ro Haute, Purvis and conveyed to Stockton, where Mrs. Terry is greatly affected by the tragedy. When interviewed she said she had anticipated trouble if her husband had not gone to the dining-room. The train was met at Oakland Mole by a large number of Justice Field's friends, who congratulated him upon his escape from death at Terry's hands.

A passenger who was on the train at Lathrop, and who heard the shooting, rushed out of the car and saw Mrs. Terry with a satchel in her hand, saying she was trying to open it, and he took it from her. She tried to regain possession of it, but failed. When the satchel was opened afterward a pistol was found in it.

SAN FRANCISCO, Aug. 15.—The announcement that Judge David S. Terry had been shot and killed in the railway dining car at Lathrop, Cal., as the result of an attempt to provoke a personal quarrel with Justice Stephen J. Field, of the United States Supreme Court, caused extraordinary excitement in this city.

The scene of the tragedy is eighty-three miles from this city by rail, and is a breakfasting station for the Southern Overland train. The possibility of an encounter between Terry and Justice Field has been recognized ever since the imprisonment of Terry for contempt of court, and owing to the known temper of the man who killed United States Senator Broderick in the early days of California.

Terry was married to Sarah Althea Hill, who claimed to be the wife of ex-Senator Clifton Court, in this city, denying her claim to be the wife of Sharon. Mrs. Terry created a scene in court during the reading of the indictment, charging Justice Field with being corrupt, and as she refused to remain quiet Nagle ordered that she be removed from the court.

A deputy attempted to carry out the order, but she became involved in the official, and Judge Terry interfered, drawing a dagger from his vest. He was disarmed, and both Terry and his wife adjudged in contempt and committed to jail.

Meeting Justice Field at Lathrop, Cal. He Slaps the Face and is Shot Through the Heart by Deputy Marshal Nagle.

SAN FRANCISCO, Aug. 15.—David S. Terry, ex-Chief Justice of the Supreme Court of California, was shot and killed at 7:30 o'clock yesterday morning in a railway dining car at Lathrop, Cal., by Deputy United States Marshal David Nagle.

The shooting was the result of a quarrel which Judge Terry was making up with Justice Stephen J. Field, of the United States Supreme Court.

EX-JUDGE TERRY. Terry was seated at the table in the dining car when Nagle approached Justice Field from the rear and slapped the jurist in the face with his hand and was in the act of striking him a second time when Nagle, who had warned Judge Terry to stop, drew a revolver and shot him through the heart.

DEPUTY NAGLE was acting as body guard to Justice Field, under strict orders emanating from the Department of Justice at Washington to protect the person of the jurist from personal assault at all hazards.

The Southern overland train arrived at Lathrop shortly after 7 o'clock and Justice Field entered the railway restaurant and took a seat at a short distance from the main entrance.

Deputy Nagle took a seat at the table with Justice Field and Nagle and Nagle entered the room almost immediately afterward and took seats at a table distant from the other two.

At that time Justice Field was seated. Mr. Terry instantly recognized Justice Field and at once left the room, returning to the sleeping car.

He returned again toward the dining-room with a satchel in his hand, and met at the door by the proprietor of the restaurant, who knew all of the parties and who refused to admit him.

In the meantime Justice Terry sat at his table, never taking his eyes from Justice Field. Finally he rose and walked toward the door, passing in the rear of Mr. Field.

Then opposite the rear he turned and struck Justice Field on the head with a clenched fist for another blow when the fatal shot was fired. A second shot immediately followed, but the form of Terry had fallen to the floor. He did not utter a word.

The alarmed people in the room immediately left, while Deputy Nagle advanced to every body that he was a United States officer in the performance of his duty, and warned every one to get out of the dining room.

He then returned to the sleeping-car. In the meantime Mrs. Terry rushed into the dining room, and was aware of the death of her husband, and made an attempt to board the sleeping-car containing the Judge and deputy. Her satchel was taken away from her, and it was found to contain a revolver.

SAVED.

HE waves came tumbling shoreward to lose themselves at her feet. She gazed down at her fascinated...

And he had no right to care for her as he did; and she was not privileged to murmur his name, as she had many times in these terrible years.

The maelstrom of terror in her husband's home had whirled into temptation this hedged soul so divided against itself, into the tortured loveliness that for sympathy...

And she had no right to care for her as he did; and she was not privileged to murmur his name, as she had many times in these terrible years.

There was nothing on the lonely shore more desolate than she, and as for fears, she left them up at the house, there where the lights shine out over the bluff shore.

Once she remembered when he had assisted her drunken husband home he had remained at Beachside longer than was his wont. And when he was ready to go he had taken her hand for a moment and said: "It would add to your happiness, Mrs. Willard, and mine, too, if he were dead."

Then he had grown white to his very lips, and had gone away suddenly. He had never left his soul out in words since, however, yet she never could forget the look of self-condemnation on his face as he crossed the sill that day.

But if he had done wrong God surely had forgiven him; he had been studied in his manner toward her ever since.

This and more swept across her soul to-night as she paced wearily along in the halting gloom.

Always out there where lay the city the lights were beginning to flash up and down the shore. "O!" she cried, "when and where will all this end?"

A hand was laid on her arm. She gave a little, frightened cry; but a familiar voice stopped her. "Sadie, he is bad—worse a great deal since you left the house. You would better go back to him; perhaps 'tis the last, and you may do some good, may be you can, Sadie."

"O! Hear!" she exclaimed in terror, clutching his arm. "As he so bad as that! O! tell me that I need not ever return to that awful place called home."

He put his arms around her then, drew her to his aching heart and kissed the hot lips fervently. "God forgives me, Sadie," he said. "Go now, and may Heaven keep you safely through it all—for me."

sleep with a smile on his baby face, but this would be so different. Inactively she turned her head. Ah! there was the little white cradle in the corner, empty and silent! Its white outlines were plainly visible through the shadows, and seemed reaching out to her in appeal.

The mother's heart was touched, and the pen-up tears came to the relief of the dry, hot eyes. Tears, not for the living, but for the innocent dead; for little Garret, who went away with his tiny hands full of forgotten moments to never return.

Rising, she knelt over to the empty cradle-bed and told it in an agony of broken prayer. Only God understands and gathers together the fragments of such disconnected petitions into beautiful prayers.

And Sadie Willard forgot every thing; forgot the friend who never might clasp her and all. Who would care! After looking steadily about her for a moment she rested her eyes once more on the water; but this time she shuddered.

The tide crept to her feet and withdrew, murmuring: "Hush! hush! Peace is with us!" And in her inmost soul she cried out: "Save me, Father, in any way Thou seeest fit; only save me!" In the calmness which came over her then something seemed to whisper that she was close to the promised good.

She was up at the house they were getting acquainted without her. Her husband was sleeping by this time; and at this hour his mother, sitting near the bed talking low to Janet, didn't miss her.

They would not care for her any way, so she would walk on and on, up and down the sands. The promised good seemed near; it was over there across the bay in the city shrouded dimly through the twilight shadows!

Could it be that he—O! she dared not even look that way, for he was over there somewhere in the vicinity of the Exchange.

And he had no right to care for her as he did; and she was not privileged to murmur his name, as she had many times in these terrible years.

TERRIFIC EXPLOSION.

Escaping Gas Causes Havoc in a New York Crockery Store—One Man Killed and About Thirty Persons Wounded.

New York, Aug. 17.—An explosion of gas in a crockery store on the corner of Grand and Clinton streets at 5 o'clock Friday night drove the occupants of the store through the plate-glass windows into the street and shook the neighborhood. One man was killed, another probably fatally injured, and about thirty other persons were wounded.

The neighborhood was densely populated, and many people were on the streets. The store was closed at 5 o'clock, and the light being left burning. Just before the explosion a policeman, attracted by the smell of gas, attempted to locate the source. His actions caused the collection of a small crowd of curious people, and it was this that injured because so numerous. The officer reached up with his club, pushed open the fanlight and stepped in. He had just got out of range when the gas ignited and the air was filled with death-dealing fragments of glass and crockery.

Immediately after the explosion a volume of flames poured out into the street, through which men, women and children were screaming with blood gushing from cuts and scratches. Morris Jacobs, aged 17, died almost instantly. He was passing through the store when the terrible force behind them, tore his right side and back so that the flesh and clothing hung from him in chunks. Two men dragged his body away from the flames and ran for an ambulance.

Jacob Selig, covered with blood, rushed frantically out of the store. The officer sane and fought a duel desperately until he became exhausted. He is taken to Bellevue with a fractured skull.

People poured out of the adjoining tenements and added their wailing to the shrieks of the wounded and the roar of the flames. The arrival of fire engines and ambulances added to the confusion for a time. A crowd of Hebrews assaulted an ambulance surgeon who was about to care for a wounded woman, but were driven away. After much persistent work on the part of the police and surgeons, the injured were sent home or removed to the hospital.

The loss of Thomas J. McCabe, the crockery dealer, is \$3,000. The loss on the building is \$2,000.

A RACE WAR.

Several Killed in a Fight at Richmond, Tex.—Troops Called Out.

AUSTIN, Tex., Aug. 17.—Friday evening Governor Ross received a dispatch from J. M. Weston, of Richmond, saying that a fight had occurred between the "Jaybirds" and "Woodpeckers," rival political factions, in which Sheriff Garvey and Deputy Blackney were killed and several others wounded. The dispatch said that the fighting was still in progress and that troops were needed.

The "Jaybirds" is the name given to the white Democrats at Fort Bend, numbering about 400. The "Woodpeckers" include negroes and a few whites. The negroes are vastly in the ascendancy. It is a renewal of a race quarrel.

Two gentlemen who arrived here in the 11:35 train reported that the Woodpecker crowd (negroes) were in the court-house surrounded by the other faction, but no more fighting had occurred. They confirmed the news of the killing of Sheriff Jim Garvey and ex-Sheriff Jake Blackney.

The riot was precipitated by a "Jaybird" walking through the town with his Winchester. He was arrested and put in jail. Fighting soon began. The dead sheriff and the ex-sheriff were "Jaybirds." A young mulatto girl was killed by accident. All was quiet at midnight.

A FATAL WRECK.

Two Persons Lose Their Lives and a Number Are Injured in a Railway Disaster in Pennsylvania.

PITTSBURGH, Pa., Aug. 17.—The southern passenger train, on the Butler branch of the Western Pennsylvania railroad, which left Butler, Pa., at 3:35 o'clock Friday afternoon, jumped the track at Sarver's Station and the entire train, consisting of two passenger coaches and a combination of smoking and baggage car, went over an embankment and was totally wrecked. Three persons were killed outright and twenty-five others injured, a number of whom will die.

The wounded, as far as known, were: Ex-Mayor Lyon, of Pittsburgh, seriously injured; Captain Bowen, of Pittsburgh, badly hurt; J. A. Jones, wife of Pittsburgh, seriously hurt and bruised; J. A. McLaughlin, of Pittsburgh, fatally injured; Conductor Gray, of Butler, seriously injured internally; Braikeman Karns, of Butler, back broken; Mrs. Graf, of Pittsburgh, injured seriously; Bessie Fullwood, of Pittsburgh, cut in head; Captain Grace, of Jamestown, N. Y., fatally injured.

THE WARRANT SERVED.

Justice Field Arrested on Charge of Complicity in Terry's Murder—He is Quietly Released on Bail of \$5,000.

San Francisco, Aug. 17.—Justice Stephen J. Field, of the United States Supreme Court, was arrested here Friday on a charge of being a party to the killing of David R. Terry at Stockton, Wednesday morning. The application for the warrant of habeas corpus was at once made, and the matter was heard by Judge Sawyer, of the United States Circuit Court, who granted the writ and released the justice on bail of \$5,000.

The warrant for the arrest of Justice Field was issued by a justice of the peace in Stockton, on the complaint of Mrs. Sarah Althea Terry, Sheriff Cunningham, of Stockton, arrived here with the warrant Thursday night, and he applied to Judge Rice, of the district court, Friday morning to endorse it. Judge Rice refused to endorse it, and consulted with the district attorney, who expressed the opinion that the warrant should be endorsed, as it was issued in the regular form and the judge should not consider the individuality of the person against whom it was directed.

Field urged the judge to take testimony to ascertain if the warrant should have been issued. He declared that the issuance of the warrant was nothing more than an attempt to humiliate a Justice of the Supreme Court. Judge Rice finally endorsed the warrant and placed it in the hands of Sheriff Cunningham, who went to the United States Appraisers' building, where Field's chambers are located.

Justice Field arrived at his chambers about noon, and with Judge Brewer, of the district court, and Sheriff Cunningham went first to the marshal's office, and then, accompanied by Chief of Police Crowley, Captain Lee and United States Marshal Franks, proceeded to Justice Field's chambers. Justice Field rose to receive the party and Sheriff Cunningham presented the warrant and formally made the arrest. An affidavit was made at once for a writ of habeas corpus. Judge Sawyer granted the writ and retired to the court-room. District Attorney Carey announced that Sheriff Cunningham had obeyed the writ of habeas corpus and that he now awaited the prisoner, and that he now awaited the prisoner, and that he now awaited the prisoner.

The petition for the writ of habeas corpus was made by Justice Field himself, and is a very long document. An abstract is as follows: It sets forth in detail the facts of the case already known, and declares that at the breakfast table at Lathrop Justice Field was maliciously and wickedly assaulted from behind and without any provocation by David R. Terry, which assault was not provoked by any word or deed of the petitioner. The details of the contempt proceedings of September 1895 are then set forth, and it is declared that at the time of the commission of the assault by Terry and his wife, and their arrest in discharge of his official duty, and at divers times and places, as the petitioner informed and believes, that Terry and his wife have respectively threatened that at the first opportunity they would assault and kill the petitioner, and the count of acts done in the discharge of the duties devolving upon him as Associate Justice of the United States Supreme Court, and that Terry, his wife and frequently declared that he would even threaten the petitioner. The petition sets forth that at the time of the shooting Justice Field was accompanied by David Nagle, Deputy United States Marshal, who was acting under instructions from the Attorney-General of the United States and Marshal Franks. The petitioner declares that he in no way or manner incited or provoked himself and Nagle, or any other person, and that he was merely present at the place of shooting while on route from Los Angeles to San Francisco, en route for his official duty.

The riot was precipitated by a "Jaybird" walking through the town with his Winchester. He was arrested and put in jail. Fighting soon began. The dead sheriff and the ex-sheriff were "Jaybirds." A young mulatto girl was killed by accident. All was quiet at midnight.

What is most commonly known as the resurrection plant is Salicaria lepidophylla, a native of Mexico. It is not often to be found in the trade as a real live plant, for, being gathered in large quantities and dried off and packed away for years, there is no possibility of its coming to life. BUT, if only a month old, and in a moist soil, it will again absorb a large quantity of moisture, and in so doing it spreads out its green frond-like surfaces and appears like a living plant. When again dried, it curls and rolls itself up, ready to unfurl whenever supplied with moisture.

The Vanderbilt System of Railways. Few persons have any conception of the magnitude of the interests covered by the above title, and very few even among the railway fraternity are aware of how fully this vast system occupies the field in which it is located; but if you will take a map and trace out, first, the New York Central & Hudson River; second, the Boston & Albany; third, the Lake Shore & Michigan Southern; fourth, the Michigan Central; fifth, the Cleveland, Cincinnati, Chicago & St. Louis (formerly the "Big Line") and "Big Four" (formerly the "Vanderbilt System") of which the New York Central & Hudson River Railroad is the main stem, you will see the very heart of the business portion of this continent, touching, either directly or through its immediate connections, all the important commercial centers of the country, and offering to health, pleasure and business travel facilities that are not equaled by any similar institution in the world.

An edition of one hundred thousand copies of a very neat little pamphlet bearing the title of "The History of the American Bank Note Company," has just been issued by the American Bank Note Company of New York, which contains much interesting information concerning this great system.

Confidence Begot of Success. So confident are the manufacturers of that world-famed remedy, Dr. F. J. Chase's Golden Medical Discovery, that it will do all that they represent in the cure of liver, blood and lung diseases, that, after witnessing its thousands of cures for many years, they now feel warranted in selling it (as they are doing, through druggists) under a positive guarantee of its giving satisfaction in every case, or money refunded. It is recommended by every eminent medical authority as a cure for no pay. In all blood and impurities of whatever nature or nature, it is most peculiarly adapted to cure. Pimples, blotches, eruptions, skin and scalp diseases are radically cured by this wonderful medicine. Scrofulous diseases may affect the bones, causing swellings or tumors; the bones, causing "fever-sores," "white swellings" or "hip-joint disease;" or the tissues of the lungs, causing pulmonary consumption. No matter in which one of its myriad forms it appears, or manifests itself, "Golden Medical Discovery" will cure it if used perseveringly and in time.

Its thousands of cures are the best advertisement for Dr. Sage's Catarrh Remedy.

An Abominable Legacy.

A tendency to rheumatism is undoubtedly inherited. Unlike many other legacies, it remains in the family. The most effective means of checking this tendency, or of removing it, is the use of Dr. Williams' Pink Pills for Pale People. It is to be resorted to in the case of the blood or the system. Hostetter's stomach bitters as soon as the premonitory twinges are felt. Nullifying the influence of cold, exposure and fatigue, the Bitters not only fortifies the system against their hurtful consequences, but dyspepsia, malaria, liver and kidney complaint, dyspepsia and nerve disquietude.

What is most commonly known as the resurrection plant is Salicaria lepidophylla, a native of Mexico. It is not often to be found in the trade as a real live plant, for, being gathered in large quantities and dried off and packed away for years, there is no possibility of its coming to life. BUT, if only a month old, and in a moist soil, it will again absorb a large quantity of moisture, and in so doing it spreads out its green frond-like surfaces and appears like a living plant. When again dried, it curls and rolls itself up, ready to unfurl whenever supplied with moisture.

Chelsea and Its Business Prospects.

Our town at the present time presents a lively appearance, and the prospects for a rushing trade this fall, are good. There are two business blocks almost completed, the Babcock block being one of the finest in Washtenaw county. The Knapp & Hiedelberg and Sherry block is also a fine one, which speaks well for those enterprising men. There are also six new dwelling houses in course of erection, and will be completed this fall. Geo. H. Kempf is having his store on north Main street fitted up in first class style, and will put in a large stock of new dry goods, etc., in a few days. Wm. P. Schenk has rented the corner store in the Durand & Hatch block, and has a small army of men at work fitting it up for his new stock of clothing, boots and shoes, etc. M. Boyd has moved his meat market and grocery stock to the Hudler block, north side of Main street, where he is doing a good business.

H. S. Holmes & Co. are receiving daily large shipments of dry goods, clothing, etc., for the fall trade. Hoag & Holmes continue to sell our hardware and house-furnishing goods at the right price. B. Parker is receiving his fall stock of boots and shoes, and getting ready to meet the demand of his increasing trade. The old reliable grocery house of Blach Bros. continues to cater to their many customers in the usual way, keeping only first-class goods. Hummel & Fenn, the enterprising druggists, are to the front as usual with the best the market affords. R. A. Snyder continues to sell groceries at the old stand, where you can get all the delicacies of the season. E. M. Fletcher also has a very neat grocery store on east side north Main street. F. P. Glazier believes in painting the town white instead of red, and treating everybody likewise. Last but not least, the HERALD continues to take the lead, as usual.

NOTICE THESE POINTS.

This is a market fair, and exhibitors are requested to bring articles and display them attractively for sale, nothing entered for premium to be removed until Saturday, Sept. 7th.

Our evening exhibitions are a new and attractive feature. The brilliancy of an immense Bazaar illuminated by electricity, and the scenes of interest presented by the gayly decked throng moving about to the sound of music and the play of fountains, will be in itself a great attraction.

Besides the show of fine animals, machinery and the choicest products of the earth and man's handiwork, there will be special attractions all the time—races, band contests, bicycle racing, balloon ascensions, concerts, dancing, dissolving views by calcium light, masquerade carnival, etc.

We call attention to the ease and cheapness with which this Exposition may be enjoyed. Reduced rates on the railroads, and moderate terms and excellent accommodation at the hotels and boarding houses, make it a cheap and enjoyable trip. The fair ground is very accessible, being only half a mile from the center of town and the depots, and street cars run to the gate, and the Michigan Central (Northern Division) and Grand Trunk railroads land passengers at the entrance. Every pains will be taken to have the streets and grounds sprinkled and free from dust, and the admission is only 25 cents—Children, under 10 years of age, 15 cents. Send for premium list.
