Horseradish is again commenced as means of alleviating the miseries of the grip, if not effecting a thorough cure. Ordinary grated horseradish, eaten at frequent intervals during the day and in connection with food at the tables, if food is eaten at all, has b en found remarkably efficacious in banishing the distressing cough that frequently lingers after all the other symptoms of the grip has gone. It can do no harm to try it, at all events. The humble but pungent horseradish must have been made for some good use.

The Chelsea Savings Bank has recently had built for it one of the strongest safes made, being the new patterns of the Mosler Bank Safe Companies, Round Screw Door, Laminated Chrome Steel, Burglar and Dynamite Proof Safe, with no keyhole, spindle or other connection through the door or walls, nor any access to the lock from the outside, the door being screwed in and held secure by a Double Chronometor Time Lock from inside. It is considered the strongest and best security ever devised against efforts of burglars. The safe is protected by a large new fireproop vault made necessary to store the upwards of twenty years' accumulation of books and papers of its business, and the whole premises are further protected by an Electric alarm System, which gives instant warn-ing of trespassers at night.

GREAT FIRE IN CHICAGO.

A Number of Magnificent Business Houses on West Madison Street Destroyed-A Boy Killed-Several Persons Isjared. CHICAGO, April 18 .- One of the fiercest and most disastrous fires the Chicago department has fought in many years swept through West Madison stree Sunday afternoon. The big Smyth building that extends from Union half with it the contents of

way to Halsted street was destroyed, John M. Smyth's furniture house, the largest retail establishment in the world. All that is left of Kohl & Middleton's west side dime museum is a heap of bricks and charred timber. On the north side of Madison street from Union street to the Haymarket theater block five buildings were destroyed. Three of them tumbled down before the maelstrom of fire, and at one time the roof and a portion of the front of the theater building was burning so fiercely that every body thought it would share the fate of its neighbors, but the firemen managed to save the structure. but in a seriously damaged condition. The total loss is estimated at \$862,200. John M. Smyth & Co. alone will lose \$600,000. The fire originated in the wagon shed of John M. Smyth & Co., directly in the rear of the museum. Shortly after 4 o'clock the fire

started, and from the first it was stubborn, almost resistless. Kohl & Middleton's museum, on the second floor, was filled with the usual growd of Sunday visitors. They were scattered through the curio hall and the galleries, and a big audience was in one of the theaters watching a stage performance. The first intimation of danger came whon every window cracked and shattered and flames leaped into the rooms. Where the fire came from no one seemed to know. There were shricks and cries, people pushed over each other and ran panic-stricken down the stairway and into the street. When the fire department threw the

first stream the Smyth building was entirely in flames. The great building burned as though it was stored with naphtha and tinder. Almost at the same time the buildings across the way were ignited and each side of the street became ablaze.

From Union street to the Haymarket theater a row of business houses faced the terrific onslaught of firebrands from the burning Smyth block. They did not withstand it long. Each one was afire within fifteen minutes after the first alarm, and the corner of the Haymarket theater building was smoking, with tongues of flame in a dozen different places. A determined and successful effort to save the theater was made. but the row of buildings between it and Union street was doomed from the first.

All later efforts of the firemen were directed to checking the spread of the flames. These efforts were successful. At 8 o'clock last evening the two sides of West Madison street were tumbled and smoking ruins.

The losses are distributed about as

follows: John M. Smyth, 150 to 166 Madison street, building and stock of furniture, \$600,000; Kohl Middleton, 154 Madison street, \$20 000: Neel 000; Adelbert Kaempfer, jewelry, 150 Madison street, \$45,000; Alfred Peats, wall paper and furniture, 155 Madison street, P. & J. Casey, building, 155 Madison street, \$15,000; Baer Bros., hats, 157 Madison street, \$8,000; M. Irrman. cigars and tobacco, 159 Madison street, \$25,000; Hannah / Hogg, saloon, 161 Madison street, \$20,000; Royal Tailors, 163 Madison street, \$6,000; Haymarket theater, \$5,000; 155 Madison street (flats), \$10,000; 157 Madison street (flats), \$5.000: 159 Madison street (flats) \$5,000; 161 to 169 Madison street (Haymarket building), \$5,000; board of education property, in the rear of the Smyth block, \$5,000; other

The insurance is light, John M. Smyth carrying only about \$125,000. while Kohl & Middleton and M. Irrman, the cigar dealer, carried no insurance whatever, having allowed their policies to expire without renewal, as they had

intended moving into new buildings Alexander Grant, an employe in the museum, was seriously injured while making his escape from a third-story window. He crawled out on a sign and attempted to swing down by means of a wire. The wire broke under his weight, however, and he fell to the pavement, a distance of 50 feet, breaking his leg and frightfully bruising his head and shoulders. His injuries, however, are considered not necessarily fatal. About fifty persons, including two policemen, stood watching the flames from the corner of Union and Meridian streets. The officers were keeping the crowd ack, and as it was pushing and swaying the wooden walk gave way and they fell about 10 feet. Mrs. Bessie Higgins was probably fatally injured by the fall and was taken to her home, 168 Washington street. Bernard Stoth had a leg broken at the same time and was removed to the Emergency hospital. After the firemen had got the flames under control and were playing upon the west end of the Smyth building Francis Gamble, aged about 10 years, accompanied by Gus Hanshaw, who was a trifle older, went around behind the building and into a shed used as a storehouse. The roof came down with a crash, burying young Gamble in the ruins. Gamble was quickly dug out and taken to the office of Dr. Mac Kay, 101 South Halsted street, where it was found that his injuries were probably fatal. His hips and left leg were broken. It was thought also that his skull was fractured. A patrol wagon was summoned and he was taken to the county hospital, where he died at midnight.

Ex-Gov. Waterman, of California, Falls Victim to Pneumonia. SAN DIEGO, Cal., April 13.-Ex-Gov. Waterman died at 7:30 Sunday evening of pneumonia after a brief illness. [R. W. Waterman was born in Fairfield, Herkimer county, N. Y., in 1826. When very young he moved to Sycamore, Ill., with his parents, where he grew up and engaged in mer-cantile business. Great Throng Follows the Remains of the Famous Showman to Their Last Resting Place-His Estates Valued at \$5,000,000-How It Is Disposed of by

His Will. BRIDGEPORT, Conn., April 11.-Business here was almost entirely suspended out of respect to the memory of Bridgeport's great benefactor, the late P. T. Barnum. Mourning emblems were to be seen on all sides and the day was one of gloom and sorrow. At an early hour the streets were filled with people, not only of this city, but from the surrounding towns and cities. The funeral services were begun by a short prayer at the residence at 10:30, only the members of the family being present. The body was then conveyed to the Congregational church, where Dr. Collyer, of New York, delivered a touching oration. The singing was especially beautiful and the floral tributes many and appropriate. The church was crowded. A great throng followed the body to the grave.

BRIDGEPORT, Conn., April 11.-The will of the late P. T. Barnum was read at Maranna immediately after the funeral in the presence of the family and representatives of the press. The wealth of the great showman is estimated to amount to over \$5,000,000. The first will was written by Mr. Barnum in 1882, since which time eight codicils have been added at various By a codicil dated July, 1890, he gives

his wife \$100,000 absolutely and \$40,000 annuity. He bequeathed to the First Universalist church of this city \$15,000 for providing preaching and other services recognized by the United States convention as in conformity to the faith of Universalism. He bequeathed Caroline C. Thompson, of New York. \$100,000, to Clinton H. Seely, his grandson, \$34,000. In the same codicil he states that he has no male heir named Barnum, and provides that if Clinton H. Seely will change name to Clinton Barnum Seely he will give him \$25,000 more. The contract between Barnum Bailey shall be enforced and 3 per cent. of his share in the show is given to Clinton Barnum Seely providing he will devote sufficient time in the interest of the show to carry it on successfully. If the sum reaches over \$10,000 a year the balance goes to the estate.

To Mrs. Henry Buchetelle, Denvet, Col., he gives 765 acres of valuable land in Denver. To Treasurer Fish of the great show is bequeathed 2 per cent. of the profits, providing he remains at the end of five years, in addition to his present salary. The residuary estate. after the payment of bequests, is divided among his children and grandchildren. To Tufts college he bequeaths \$40 .-

THE OFFICIAL COUNT.

t Will Be Needed to Decide Who Is. Mayor of Chicago - How the Women

CHICAGO, April 9.-At a late hour it s claimed by the democrats that all the returns have been received and that the vote for mayor stands: Cregier (dem.), 46,985; Hempstead Washburne (rep.), 46,700; Cregier's plurality, 235. The republicans, on the other hand, strongly maintain that Hempstead Washburne has been elected, and only the official count will decide which is

CINCINNATI, April 9.—The official count by the board of elections gives Mosby (rep.), candidate for mayor, 25,-583 votes, and Tafel (dem.), 25,444, Mosby's plurality being 138. KANSAS.

KANSAS CITY, Mo., April 9.-The result of the municipal elections in Kansas has been a surprise to the republicans. In Topeka and Fort Scott the women supported the citizens' ticket and elected the mayors of both towns over the regular republican nominees. The republican politicians are bitter in their denunciation of the municipal woman's suffrage act which was passed in 1887 by a republican egislature. In Topeka the wives of several of the best known republicans of the state banded themselves together and voted for the democrat, giving as their reason that the republicans had organized the negro vote. The same is true in Leavenworth. Fort Scott and Emporia. The municipal elections demonstrate that the Citizens' Alliance is not well organized and will have but little influence in the state campaigns.

Ottawa, Clay Center, Garden City, Lawrence, Holton, Great Bend. Eureka, Beloit, Leavenworth and Wichita were carried by the democrats, but by a greatly reduced majority. Abilene, Yates Center and Arkansas City elected the Citizens' alliance tickets. In Dodge City the anti-prohibition ticket was elected. Ottawa elected candidates from each of the tickets. Coffran's election is a great surprise and it is attributed to the white womens' vote. "August Flower"

I had been troubled five months with Dyspepsia. The doctors told me it was chronic. I had a fullness after eating and a heavy load in the pit of my stomach. I suffered frequently from a Water Brash of clear matter. Sometimes a deathly Sickness at the Stomach would overtake me. Then again I would have the terrible pains of Wind Colic. At such times I would try to belch and could not. I was working then for Thomas McHenry, Druggist, Cor. Irwin and Western Ave., Allegheny City, Pa., in whose employ I had been for seven years. Finally I used August Flower, and after using just one bottle for two weeks, was entirely relieved of all the trouble. I can now eat things I dared not touch before. I would like to refer you to Mr. McHenry, for whom I worked, who knows all about my condition, and from whom I bought the medicine. I live with my wife and family at 39 James St., Allegheny City, Pa. TOOK A LONG SLEEP.

Hiram McConkey Suddenly Awakens After an Eight-Months' Slumber. Hiram McConkey, of Springport, slept for eight months. Last July he lost the power of speech, was taken sick, went to bed, and had not spoken or opened his eyes until the other night blood began to flow from his head and ears and suddenly he came to his senses. The doctors were dumfounded by the phenomenon and explained it by the supposition that some blood became clotted in his brain, which prevented it from being active. He remembers nothing since he went into the sound sleep, but can recall everything previous to that time. During eight months the functions of the body remained quiescent, the man neither opening his eyes nor speaking a word. McConkey is a married man, and has of late been granted a pension for service in the war of 1812.

MICHIGAN LEGISLATURE.

SENATE. LANSING, Mich., April 9.—The senate yesterday passed the university appropriation bill as it came from the house—\$185,750 for the years 1891-92; also a bill establishing a state stationery department for the purchase and dis

tribution of stationery in the state institutions LANSING, Mich., April 10.—The senate yesterday passed a bill making general election days legal holidays; also a bill authorizing the incorporation of companies for improving rivers amd streams for the purpose of sorting and driving logs.

LANSING, Mich., April 11.-The senate yesterday failed to pass a bill detaching the coun ties of Gogebic and Ontonagon from the Twelfth judicial circuit and forming therefrom the Thirty-second district. The vote was, however, reconsidered, and an effort to pass the bill will again be made. In acting on the state public school appropriation the senate cut out the item of \$4,000 for the expenses of an agent in con dueting children to and from the school. The tem was inserted to guard against possible repetition of the Nellie Griffin tragedy. The bill as passed appropriates \$75,300 for the expenses of the school for the next two years.

LANSING, Mich., April 9.—The house committee on state affairs yesterday reported a substitute for the Ferguson bill reducing the test of illuminating oil from 120 to 110 degrees. The substitute is the Wisconsin system requiring a test of 120 degrees without igniting. The present test is 120 without flashing, and is a practical reduction of 10 degrees. The Fe guson bill provided for a reduction in salary of inspector and of fees of deputies for inspection, but the substitute allows this section of the law to remain.

LANSING, Mich., April 10 .- Representative Hawley, representative from Ionia county, died yesterday morning of la grippe. Resolutions of respect were adopted by the house, and adjournment was taken until the regular hour to-day. LANSING, Mich., April 11.-The house com-

mittee on elections reported a substitute for the several general election bills introduced in that body. The substitute is modeled closely after the Australian system, but differs therefrom in providing for separate state, county and municipal tickets. These tickets are to be furnished free of charge. A favorable re-port was made on a bill providing for the appointment by the governor of a dairy and food commissioner, with an annual salary of \$1,200 and expenses. A bill was passed which provides a uniform system of accounting for all state institutions and which requires an itemized statement of exevery three months. The apportionment committee reported a bill to redistrict the representative districts.

WORLD'S WHEAT CROP. It Is Almost Certain to Fall Below the

Consumption Computed.

LONDON, April 7 .- The Standard publishes a long and careful review of the agricultural outlook, in the course of which it says that the steady rise in wheat revives the hopes of the English farmer, adding that wheat will probably reach the highest price in many years, the principal cause of the rise being the failure of foreign crops. The wheat crops of France and Russia, according to the Standard, are much below the average, and the same paper says the deficiency will be at least 20,000,000 quarters, adding: "It is expected that cold winds and frosts

have almost destroyed the French crop. Germany, Holland and Belgium all furnish pessimist reports. In Roumania there is a decreased wheat area, and in In-Reports to the state board of health | The only exception is Hungary, where there | been to secure justice to a woman who that the world's wheat consumption will exof the state for the week ended April | ceed the production computed. ELEVEN MEN INJURED.

Hungarian Workmen Horribly Mutilated by an Explosion at Braddock, Pa. PITTSBURGH, Pa., April 8.-A Braddock, Pa., special says eleven men were seriously injured by an explosion in a row of frame tenements. The men were all married men and Hungarians who boarded in the row. The boarding houses were kept by Joseph Chisick and Joe Herodos. There were no gas attachments in the houses, but pipes still there are supposed to have been leaking. One man got up at 3 o'clock in Herodos' boarding house to light a lamp. He struck a match and simultaneously there was a quivering of the building, followed by a loud report, and a moment later the exterior of the building was enveloped in flames. All the men were terribly burned. Pierhacs, Novosk, Sekerak and Czehnlya promise, was given a verdict of six will die, while the rest have a bare living chance.

Anna Dickinson Declares She Is the Victim of a Vile Plot Concocted by Her Sister, Who Had her Incarcerated in an Asylum Through Feelings of Jealousy. New York, April 10 .- The New York Herald publishes a startling story relative to the incarceration of Miss Anna Dickinson, the famous lecturer, in an insane asylum. The Herald says that Miss Dickinson came to New

Mr. McVicker has had in mind the physic-York Thursday with Dr. Frederick al comfort as well as the aesthetic satisfac-tion of his patrons and has furnished his W. Seward, of Goshen, N. Y., at whose house she has been since she escaped from Danville, April 2. They came for the purpose of apprising Miss Dickinson's friends in New York of the wrong she said she had suffered, and to secure legal advice as to the steps necessary to insure her freedom if she should return to Pennsylvania. Miss Dickinson lays the blame for her

incarceration upon her sister, whom she accuses of harboring an intense feeling of jealousy and hatred. She also accuses her sister's physician, Dr. Hileman, of being in the plot against her. Miss Dickinson says that on the day on which she was removed to an asylum the door of her room was broken in and six men and a woman rushed in and overpowered her. One of the men she says was Dr. Hileman and the woman she understands was the doctor's aunt. They announced their intention of taking her to Danville, where they said she would be better off. Miss Dickinson struggled until the skin was torn from her wrists and her garments were ripped from her in rags and tatters. Finally, she says, her persecutors got her hands down and tied them together, and she was compelled to submit.

Dr. Seward, it appears, became informed of the facts of the case as alleged by Miss Dickinson and obtained the release of Miss Dickinson under pretense that he intended to take her to a private asylum where she would be more benefitted. Dr. Seward expressed himself as entirely confident of the sanity of Miss Dickinson. The Herald reporter who interviewed Miss Dickinson savs that her manner was calm and rational and that she at no time betrayed the least evidence of insanity.

Miss Dickinson will prosecute her sister, she says, for the mental and physical suffering she has undergone. Miss Dickinson says the Danville asylum is a horrible place. She was among the least dangerous patients, but she says when she looks back on the dreadful things she wonders she did not go insane indeed. On April 2 Dr. Seward went to the asylum and Miss Dickinson was placed in his charge. Louisa Mc-Donald, an old family servant of the Dickinsons, accompanied her mistress and the doctor, she having gone to the asylum with Dr. Seward. Miss Dickinso. has since been at Dr. Seward's house at Goshen.

MINERS WILL QUIT MAY I.

They Are Determined to Enforce the Eight-Hour Day. PITTSBURGH, Pa., April 10.—The joint inter-state convention of coal operators committee on hours appointed. The committee reported to the convention that it could not come to any agreement, and President Rae of the miners' union submitted the following:

"First-That a reduction in the compensation of day labor relative to the reduction in hours will be allowed. "Second-That we proceed to make a wage scale with the understanding that eight hours shall be a day's work after May 1 without the operator's official indorsement, and if it does not generally prevail within a reasonable time the miners will not insist on its enforcement." The operators refused to grant this,

and in wild confusion the operators adjourned the convention sine die. Col. Rend, of Chicago, said after the meeting: "A strike, and a most serious one, seems to be ahead of us. If the miners of Illinois, Indiana, Ohio and Pennsylvania lay down their tools May 1 it will paralyze the business. An immense number of manufactories will close down. At least 500,000 people

are directly interested in the matter." The sensation of the convention was disclosed Thursday night. It was definitely stated by the miners that the railroads of the country were back of the operators in their fight against the eight-hour movement; that the fight was not only with the miners but would extend to the railroads also and the sooner it was throttled the better. Also that the eight-hour move might have some influence on the rates paid for coal, and for this reason, too, the railroads were opposed to it. The operators conceded that some western roads were concerned in supporting the fight against eight hours, but they denied that any concerted move had been made by the railroads of the country. Just rebuilt, represents a distinctly new idea in the detailed plan of its treatment as well as in its principal design. Probably well as in its principal design. Probably no other theater in the city could have been similarly treated, it being admitted that the form and dimensions of McVicker's are more thoroughly adapted to the end and aims of the theater than others, for the main reason that in the construction of the building the theater was the chief and one important consideration, nothing being allowed to interfere with its perfection.

Ofttimes my thoughts will wander back To childhood's rosy hours, When, like a wanton butterfly, I only saw life's flowers.

With joy I think of each loved spot, The brooks, the fields and ditches; But dearer far than all of these Is the day I first wore breeches.

Tis true, I've sipped life's pleasures since, Am blessed with worldly riches, But joy so sweet I've never felt Like that of my first breeches. How well their ample seat was stuffed

To break the master's switches, Or soften blows my mother gave With slippers on those breeches. Not all the gems of Solomon's mines,

Could half compare with treasures rare In the pockets of those breeches. That garment I would fain have kept, Though full of holes and stitches, But years ago my mother made

Mortgage Sale.

Mortgage Sale.

WHEREAS, default has been made in the conditions of a certain indenture of mortgage, dated the First day of July, A. D. 1883, made and executed by-Lemon E. Sparks and D. Etta Sparks, his wife, to Emma J. Hatch, by which default the power of sale therein contained has become operative. Said mortgage was on the 4th day of August A. D. 1883 duly recorded in the office of the Register of Deeds for the County of Washtenaw, State of Michigan, in Liber 64 of mortgages, on page 174. There is now claimed to be due and unpaid on said mortgage the sum of Three Thousand Six Hundred and Seventy-Six and 26-100 dollars, (\$3.676.6.) No proceedings have been instituted either in law or equity to collect the amount so due on said mortgage or any part thereof. Therefore notice is hereby given that by virtue of the power of sale contained in said mortgage, and in pursuance of the Statuto such case made and provided, said mortgage will be foreclosed by a sale of the premises therein described at public auction or vendue, to the highest bidder, at the South front door of the Court House in the City of Ann Arbor in said County, that being the place of holding the Circuit Court for said County) on Friday the 3rd day of July A. D. 1891 at eleven o clock in the forenoon of said day, to satisfy the amount due as aforesaid, and the costs of this proceeding, including an atorney fee of Thirty Dollars as provided in said mortgage and agreeable to the Statute in that behalf, as well as the further interest to accrue on said mortgage.

Said premises are described in said mortgage
