 Fine rain Monday night.  
 Where did you spend the 4th?  
 Smith & Stephens have a new sign.  
 Wool is moving more lively this week.  
 Frank Judson spent Saturday in Jack-  
 son.  
 John Bessel spent the 4th in Cleveland,  
 Ohio.  
 Half of 1891 has slid into the past  
 already.  
 Miss May Judson is now assistant in the  
 postoffice.  
 Farmers have begun cutting their wheat  
 this week.  
 J. E. Durand, of Jackson, was in town  
 the past week.  
 Sam. Hoeselschwerdt was a Jackson  
 visitor the 4th.  
 Morris McClain, of Jackson, visited in  
 town this week.  
 Pardon Keyes visited relatives here and  
 in Lima this week.  
 L. E. Sparks, of Jackson, has purchased  
 the Chelsea Roller Mills.  
 Born, July 5th, 1891, to Mr. and Mrs.  
 Bert Young, a daughter.  
 A large number of our citizens spent  
 the 4th at Cavanaugh Lake.  
 John Grau, Fred Heller and B. Snyder  
 spent the 4th at Manchester.  
 Miss Sophia Eminger, of Ann Arbor,  
 visited in town last Saturday.  
 Home grown new potatoes are just be-  
 ginning to put in an appearance.  
 Fred and Harry Morton, of Detroit,  
 spent the 4th here with their parents.  
 Mrs. C. Brienbach, of Garfield street,  
 has had her residence nicely painted.  
 Finley Hammond, of Chicago, is spend-  
 ing a few weeks here with his parents.  
 Annetta Kingsley, of Manchester, is  
 spending her vacation with Mrs. Calkin.  
 Strawberries are gone. The crop was a  
 large one, notwithstanding the early  
 frosts.  
 Mr. and Mrs. Wm. Winans, of Lansing,  
 spent a few days here the past week with  
 relatives.  
 Geo. Kratzmiller and family, of Battle  
 Creek, visited in town last Friday and  
 Saturday.  
 Grove Showerman and wife were the  
 guests of Mr. and Mrs. Geo. Richards the  
 past week.  
 There has been over seven hundred  
 loads of gravel put on our village streets  
 this spring.  
 John T. Mitchell, who has been in  
 California since last December, returned  
 home this week.  
 Mrs. A. A. Williams, of Ann Arbor,  
 was the guest of her son, Dr. Williams,  
 fore part of the week.  
 The new addition to our school house is  
 progressing nicely, and when finished,  
 will be a substantial structure.  
 Mr. and Mrs. Kraft, of Detroit, visited  
 friends here last Saturday. Mrs. Kraft  
 will be remembered as Miss Reule.  
 Wm. F. Riemenschneider, who is  
 travelling for the Jackson Grocery Co.,  
 spent the 4th here with his family.  
 Our thanks are due H. Barrus for a  
 peck of home grown new potatoes, which  
 are the finest we have saw this year.

 Durand, of Battle Creek, spent the 4th  
 here with their parents, Mr. and Mrs.  
 A. Durand.  
 Mrs. Jacob Forner and children, of  
 Henrietta, visited Mrs. Forner's parents,  
 Mr. and Mrs. Weaver, of south Main  
 street, the past week.  
 The Detroit Journal is authority for the  
 statement that it took the Dexter Leader  
 man all this summer to find out that there  
 are no files on the mosquitoes this year.  
 The ladies of the Lutheran church held  
 a picnic at the residence of Mr. and Mrs.  
 John Bagge, west of town, on the 4th,  
 and all who attended report a grand old  
 time.  
 Dr. G. A. Robertson, wife and children,  
 of Battle Creek, and Mrs. B. McAllister  
 and children, of Detroit, were the guests  
 of Mr. and Mrs. Aaron Durand the past  
 week.  
 The teachers' institute for Washtenaw  
 county will commence the 30th of July,  
 at Dexter, and will continue for three  
 weeks. The instructors will be County  
 Commissioner M. J. Cavanaugh, of Ann  
 Arbor, and Prof. Delos Fall, of Albion.  
 The annual school meeting of school  
 district No. 3, fractional, Sylvan and  
 Lima, will be held at the town hall,  
 Chelsea, July 13th, 1891, at 7:30 p. m.  
 Chelsea, July 13th, 1891, at 7:30 p. m.  
 Two trustees will be elected, and such  
 other business transacted as may lawfully  
 come before the meeting.  
 Miss Alice Gorman, who for more than  
 four years has been connected with the  
 local postoffice, severed her connections  
 with that institution last Saturday. Miss  
 Gorman made a most efficient assistant in  
 the office, where she won the esteem of  
 all the patrons by her courtesy and her  
 accommodating ways. She was Deputy  
 Postmistress under Postmaster McKone,  
 and first assistant under Postmaster  
 Judson, and in both positions she made  
 an enviable record—one of the best of  
 officials the postoffice has ever had. We  
 offer congratulations for the past and  
 hearty good wishes for her future.

The bathing season is here. Boys be  
 careful.  
 F. P. Glazier was in Detroit Tuesday on  
 business.  
 Hoag & Holmes have a new "ad." in  
 this issue.

 day and Sunday in town.  
 Twenty-three persons were baptized at  
 North Waterloo recently.  
 M. Boyd has placed a new sectional  
 meat block in his market.  
 Geo. Fuller, of Battle Creek, visited  
 his parents here this week.  
 Cherries and raspberries are now in  
 market, and quite plentiful.  
 The Second nine defeated the First at  
 Recreation Park on the 4th.  
 The 4th of July is past, and the small  
 boy had his usual blow out.  
 A number from here heard the eagle  
 screech at Pinckney on the 4th.  
 Byron Wight, who is working in De-  
 troit, spent Saturday and Sunday in  
 town.

 were the guests of Mr. and Mrs. Robert  
 Boyd this week.  
 Miss Helen McCarter closed a very suc-  
 cessful term of school last Friday in dis-  
 trict No. 10, Lyndon.  
 Mr. and Mrs. Edward Moren, who have  
 been at Fremont, Mich., for the past year,  
 have returned to Chelsea.  
 The new statue of St. Joseph for St.  
 Mary's church, Pinckney, arrived last  
 week and was put in place.  
 The young people of the Baptist church  
 will sell ice cream at the McKone block  
 Saturday evening, July 13th.  
 The farm house occupied by George  
 Ferguson, 4 1/2 miles south-east of Grass  
 Lake, was recently destroyed by fire.  
 Our Cavanaugh Lake correspondent is  
 again on deck, and we hope to have an  
 interesting letter from there every week.  
 According to the Grass Lake News, a  
 family in that village has 50 chickens and  
 11 of them belong to the church. Next  
 there will be mourning next fall when  
 some of the wheat now on the ground  
 comes to market, unless the rye is taken  
 out.  
 F. Freer, F. Broderick, E. McKone, J.  
 Klein and O. Cumming, who have been  
 camping at Wolf Lake, returned home  
 Monday.  
 Pathmasters should be reminded that  
 they are required to go over their district  
 twice a year and throw all the loose stones  
 out of the track.  
 Clarence Maroney and Miss Carrie  
 Vogel; Geo. Webster and Miss Ida  
 Speer, and Clyde Yocum and Miss Nellie  
 Maroney spent the 4th at North Lake.  
 Next week the League of American  
 Wheelmen meet at Detroit. They expect  
 to have 6,000 bicyclists in the grand pa-  
 rade. Some of our wheelmen will attend.  
 Wm. H. Fay, of Ypsilanti, and Mrs.  
 Alvira Gage, of Chelsea, were married at  
 the residence of the bride's brother, C. E.  
 Clark, on Thursday evening, July 2, 1891,  
 by Rev. Thomas Holmes, D. D.  
 "Old Glory," the flag that true Ameri-  
 cans love and all the world respects, ad-  
 ded another bright star to its constellation  
 last Saturday. The admittance of  
 Wyoming to the Union of States made  
 this change necessary.  
 The Jackson Star says lightning fell up-  
 on one of Lew Ball's hired men in Grass  
 Lake the other day and floored him; it  
 then alighted on Lew, but the old man  
 shook his curly locks and laughed at it,  
 when it sneaked off and sought revenge  
 on a barbed wire fence.  
 The Ladies of St. Mary's church will  
 hold their first ice cream social of the  
 season at the town hall on Saturday eve-  
 ning, July 11, 1891. Elegant refreshments  
 will be served by these popular ladies, and  
 a cordial invitation is extended to all to  
 come and enjoy themselves.  
 Smith & Stephens believe in keeping  
 abreast of the times, and are having their  
 market nicely painted and papered, which  
 adds much to its appearance. They have  
 purchased a new iron smoke house which  
 works to perfection, and have also ordered  
 a new refrigerator to keep their meat in.

 Invested in Choice Bonds,  
 Mortgages and approved  
 Loans 120,879.30  
 Cash on hand and in banks 105,802.34  
 If you have money deposit it in the  
 Chelsea Savings Bank, that it may earn  
 for you interest, or until wanted, that you  
 may be free from care and fear of loss by  
 fire, thieves or otherwise. If you need  
 to borrow money, upon good approved  
 security, the Chelsea Savings bank will be  
 glad to supply it for you.  
 The Chelsea Savings Bank has recently  
 had built for it one of the strongest  
 safes made, being the new patterns of  
 the Mosler Bank Safe Companies, Round  
 Screw Door, Laminated Chrome Steel,  
 Burglar and Dynamite Proof Safe, with  
 no keyhole, spindle or other connection  
 through the door or walls, nor any  
 access to the lock from the outside, the  
 door being screwed in and held secure  
 by a Double Chronometer Time Lock  
 from inside. It is considered the strong-  
 est and best security ever devised against  
 efforts of burglars. The safe is protected  
 by a large new fireproof vault made  
 necessary to store the upwards of twenty  
 years' accumulation of books and papers  
 of its business, and the whole premises  
 are further protected by an Electric  
 alarm system, which gives instant warn-  
 ing of trespassers at night.

EVERY minute, night and day, the United States government collects \$300 and spends \$461.

GERMANY'S production of silver in 1890 was 770,000 pounds, about 9 per cent. of the world's product.

TWENTY-SIX of the forty-four states, a considerable majority of all, have now given women some form of suffrage.

BOSTON has two more banks than New York. Pittsburgh has two more than Chicago and thirty-two more than Philadelphia.

The casualty record for the English football season just over shows twelve cases of death directly attributable to injuries received in matches.

NATHANIEL TAPP, of Middletown, N. Y., for forty years past a locomotive engineer and for thirty-five years in the service of the Erie railway, has never met with an accident on the road.

MONTANA is larger than the empire of Turkey, Texas is larger than the whole Austrian empire by thirty thousand square miles, and New Mexico is larger than Great Britain and Ireland together.

The prince of Wales won largely on Common in the English Derby, but lost again by playing Col. North's Old Boots for place. The prince is also losing by playing his mother's old shoes for place.

GEN. HIPPOLYTE, of Hayti, is about sixty years of age and of coal-black complexion. He is the political idol of the pure blacks, whose blood has not been contaminated by intermarriage with the whites. He is the son of a college professor of Port au Prince and is a man of considerable learning and cultivation.

JOHN W. BOOKWALTER, of Ohio, owns sixty thousand acres of land in Nebraska upon which he contemplates organizing a farming community. He will build a village in the center of the tract which shall have a large town hall and library. The tenants will work their land by day and return to the village at night.

The craze for foreign travel is illustrated in a New York girl and the daughter of a prominent judge, who "has made several trips to Europe, and only last week," says an Eastern journal, "made her first visit to Brooklyn." The ignorance of American travelers in Europe of their own country has frequently been commented upon by intelligent foreigners.

BISHOP COKE, the learned Episcopal divine, has taken up the war on the practice of bicycle riding by women. In a recent address in Buffalo, N. Y., at the commencement exercises of St. Margaret's school, he said he "hoped none of the graduates would ever be seen astride a wheel," and that "the girls he had seen riding on Delaware avenue looked like old women on a broomstick."

Six years ago a New Jersey gentleman bequeathed five thousand dollars of his estate to his wife and twelve thousand dollars to Henry George for the dissemination of single-tax literature. The will was contested by relatives of the testator, and now, at the close of the contest, Mr. George gets three hundred and ten dollars and the relatives two hundred and ninety-five dollars. The lawyers take the balance.

SCARFOLLO, or the science of telling the character of a man by the wear of the soles of his boots, has been attentively studied by a Swiss doctor of the name of Gall. Speaking briefly, wear at the back of the heels invariably indicates conceit, pride and vanity. Soles worn toward the toes demonstrate deceit and even criminality, while a sole that shows an equal amount of wear on every part of the surface denotes a frank, upright and fearless character.

HARVARD is two hundred and fifty-five years old and has graduated seventeen thousand students. A little more than half of these are living. Harvard's oldest living graduate in point of class connection is Dr. Frederick A. Farley, of the class of 1818, and he is ninety-one. He is probably the oldest minister in Brooklyn, Harvard's oldest graduate in point of personal age is Rev. William Wittington, of Washington, who is over ninety-two. Yale's oldest boy is Edward McCready, of Charleston, S. C., who graduated with the late ex-President Woolsey in 1820.

"A HUNDRED years ago," says a slot machine man in the Philadelphia Press, "a man in England who kept a tavern made use of the slot machine. This was a tin box containing tobacco. The frequenter of his tavern dropped a half-penny in the slot and it struck a lever which opened the box. Then the purchaser took out a pinch of tobacco and put it in one of the pipes lying around on tables in the barroom. This is the first slot machine of which any record is known. Nowadays they sell everything in them, especially in England, where they are used for postage stamps."

MARY ANDERSON NEVARRO is trying herself to England for a pretty long stay. Mr. and Mrs. Navarro have settled down very comfortably in Tunbridge Wells, a beautiful place, famous for chalybeate springs, about thirty miles from London. Mrs. Navarro is in prime health, but avoids London society to a great extent. Men of talent and reputation make not a little of her friendship. Gladstone is fond of her, and Tennyson recently asked her to take part in a little play he had written. To this she was forced to decline. To a correspondent she said: "I shall never act again."

A MAN in Meade county, Kan., sold a section of land, fenced entire, good pump and windmill, house, sheds, etc., and free of encumbrance, for one dollar per acre during the dry spell in the earlier part of the season. The man had fifty acres sown to wheat and the wheat revived, and it now looks as good as any in Kansas and it alone will more than reimburse the purchaser of the land. The former owner has, it is said, already expended half the proceeds derived from the sale of the land in hiring able-bodied men to kick him for his foil.

Epitome of the Week.

The execution of Boulton Crumpton, alias Bull Burris, took place at Fort Smith, Ark. He made a statement on the gallows saying "only God had brought him to his present condition." He protested his innocence to the last.

JESSE CARTWRIGHT, of Baldwin county, Ala., killed his wife and his brother in a fit of jealous rage. PATTERSON & Co., wholesale boot and shoe dealers at Kansas City, Mo., have failed for \$100,000.

In Chicago Frederick Steineman, a molder, fired two bullets into his wife's body, wounding her fatally, and then blew out his own brains. Jealousy was the cause. In state convention at Cedar Rapids the republicans of Iowa nominated Hiram C. Wheeler for governor, George Van Houten for lieutenant governor, S. M. Weaver for supreme judge, Henry Sabin for superintendent of public instruction and Frank T. Campbell for railroad commissioner. The platform indorses the McKinley tariff law, commends reciprocity, favors liberal pensions to soldiers indorses the present silver law, indorses President Harrison's administration, declares against a resubmission of the prohibition question and favors protection.

The national bank at Newton, Kan., which failed November 30, 1890, has reopened its doors with \$100,000 new capital.

FATAL WRECK.

Many Lives Lost by Railway Smash-Ups in Ohio and West Virginia.

RAVENNA, O., July 4.—The most appalling railroad horror of the year occurred here at 3 a. m. Friday. Twenty persons were killed and many of their bodies burned to a crisp, while between thirty and forty others were badly injured. The list of dead, so far as known, is:

Thomas Venhilt, Corning, N. Y.; David Reitan, Corning, N. Y.; William Kline, Brooklyn, N. Y.; Albert Gasser, Corning, N. Y.; Henry Gilday, Corning, N. Y.; John Griffin, Boston; Thomas Colville, nurse girl; T. Huff, F. Burns, J. Demoon, J. Coyie, A. Hardin, Lewis Kimball, W. Newcomb, D. Ryan, D. Cassty, F. Nolan.

All but three of these were burned to a crisp. The residences of the killed, were not given, are Corning, N. Y. The fast express (No. 8) on the New York, Lake Erie & Western railroad, bound for New York, while standing at the depot waiting for orders was crushed into the rear by a freight train. A day coach on the rear of the train was completely telescoped and two sleepers forward took fire and were burned up. Many of the victims were so badly burned that they are almost unrecognizable. The freight train that telescoped the express is the dressed meat express from Chicago and was running about 80 miles an hour when it struck the passenger train.

The scene that followed the crash was terrible in the extreme. The engine plowed its way, pushed on by the weight and momentum of the heavy cars behind it, through the coaches as if they were made of thin boards. Above the horrible grinding and crunching could be heard the agonized shrieks of the maimed passengers, who but a few seconds before were asleep. When the collision occurred those in the rear cars were either instantly killed, wounded or pinned down by portions of the demolished cars. Then the flames broke out and spread with frightful rapidity. If the accident had been awful before it was now an unequalled horror. The flames rushed through the debris and the shrieks of the maimed or pined could be plainly heard on the night air. In the forward cars the wounded and unharmed passengers were getting themselves out of the wreck. They at once did all they could to stay the flames and rescue the imperiled. But before this was done twenty people were sacrificed, that many bodies being taken away for burial. Most of these mangled corpses were blackened and burned in a manner sickening to look upon, some of them being raised into unrecognizable masses. By daylight twenty bodies had been carried out. How many more met death is not known.

The express train was forty-six minutes late and the engineer was trying to remedy the fault in the engine when the fast freight was sighted in the rear. A brakeman was sent back, but the heavy freight train of twenty-four cars could not be stopped on the down grade in time and it crashed into the rear of the passenger train.

CHARLESTON, W. Va., July 6.—At least thirteen persons were killed, four fatally injured and nearly sixty injured in a less degree in an accident on the Kanawha & Michigan railroad at 8 o'clock Saturday morning, at a point 8 miles west of hery. The passenger train for Columbus left here with two carloads of excursionists, among them members of the Order of United American Mechanics, who were en route to Poca. The wreck occurred on a high trestle. The sleepers on the structure had caught fire during the night and burned so that the rails spread under the train. The engine and baggage and mail cars passed over safely, but the two coaches were thrown from the track. After running some 40 feet on the sleepers the forward car toppled to the left, the rear one to the right. The forward car turned completely over, landing right side up. The other fell 20 feet, turning upside down, and one set of trucks fell upon it, crushing the car to splinters. Following is a list of those who were killed in the wreck:

Amos Coulter, Bol house, W. Va.; Jasper Peck, New Martinsville, W. Va.; Col. W. E. Pico, Harlow, W. Va.; Charles Huffman, Blue Creek, W. Va.; Ella O'Leary, Charleston, W. Va.; Orville Robinson, Midway, W. Va.; C. Rose, Blue Creek, W. Va.; Polly Sullivan, Mason City, W. Va.; worst in Charleston; Thomas Thornton, Middleport, O., conductor; Walter Weicher, Charleston, W. Va.; Mrs. Walter Weicher, Charleston, W. Va.; James Middleport, O.; T. N. Wilson, Gallipolis, O.

The saddest feature was the death of Walter Weicher and his wife, who were killed in the same seat, leaving a little baby, which was badly injured. It was taken care of by friends. What caused the burning of the trestle is not known, but it is supposed to have caught from cinders dropped by an engine that passed up after midnight. Only a few trestles were burned. The engineer saw the smoke, but, thinking it was fog arising from the creek, went on. Persons living in the neighborhood saw the smoke, but thought it was from the campfires of persons who had been fishing there.

The forward car, which was completely over, now rests right side up in a field some 10 or 15 feet beneath the level of the bridge. When the other car fell on the other side of the track many of the passengers were killed by the fall, but when the trucks crushed down on top of the car they smashed it to splinters and killed almost every person in its range.

W. F. LAKE, the leading hardware dealer at Fort Worth, Tex., has failed for \$250,000. FOURTEEN persons were killed and fifty-eight injured, several fatally, by the two rear coaches of an express train plunging through a trestle 35 feet high at Farm, W. Va.

CHARLES STAPFOLD, a farmer living near Napierville, Ill., lost sixteen head of cattle by one stroke of lightning.

WHITE and negro miners at Sumter, Ala., quarreled, and in the row which followed one negro was killed and five others fatally injured. TWO YOUNG men named Kane, of Roseville, Ill., and Thomas, of Galesburg, Ill., were drowned while boat riding at Lake George, near Galesburg.

The letter carriers unveiled at New York a statue of the late "Sunset" Cox.

THE PERCENTAGES of the baseball clubs in the National league for the week ended on the 4th were: New York, 61%; Chicago, 59%; Cleveland, 55%; Philadelphia, 50%; Boston, 48%; Brooklyn, 48%; Pittsburgh, 40%; Cincinnati, 37%. The percentages of clubs in the American association were: Boston, 59%; St. Louis, 45%; Baltimore, 49%; Columbus, 44%; Cincinnati, 43%; Athletic, 44%; Louisville, 38%; Washington, 32%.

OUR NATIONAL FLAG.

Every star in the new flag represents a new phase of progress in the nation's history.

On June 14, 1777—one hundred and fourteen years ago—the American congress passed a resolution that "the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation." In 1795 two stripes were added to commemorate the entry of Vermont and Kentucky as states into the union, and two new stars were also placed with those in the union. The stars were then arranged in three parallel rows.

No further change was made until 1818, although in the meantime Tennessee (1796), Ohio (1802), Louisiana (1812), Indiana (1816) and Mississippi (1817) had been admitted. April 4, 1818, a bill was signed by President Monroe reducing the number of stripes to thirteen and adding new stars for the states admitted since 1795.

The number of stars has been increased as follows on the Fourth of July of the following years: 1819, one star for Illinois; 1820, two stars, one for Alabama and one for Maine; 1821, one star for Missouri; 1822, one star for Arkansas; 1823, one star for Michigan; 1845, one star for Florida; 1846, one star for Texas; 1847, one star for Iowa; 1848, one star for Wisconsin; 1851, one star for California; 1858, one star for Minnesota; 1859, one star for Oregon; 1861, one star for Kansas; 1863, one star for West Virginia; 1865, one star for Nevada; 1867, one star for Nebraska; 1877, one star for Colorado; 1890, five stars for North Dakota, South Dakota, Montana, Washington and Idaho; 1891, one star for Wyoming—making forty-four in all.

WILLIAM AT WINDSOR.

Cordial Reception of Germany's Ruler on His Arrival in England.

LONDON, July 6.—Emperor William was welcomed to England Saturday with such a greeting as no foreigner ever before received on British soil. The Kaiser reached Port Victoria on the imperial yacht Hohenzollern shortly after noon, where a squadron of English battle ships thundered him a welcome, while on the pier were his uncles, Albert Edward, prince of Wales, and the duke of Connaught and Edinburgh, and his cousin, Albert Victor, of Wales, attended by a numerous escort of high dignitaries of state and the members of the German embassy. As a mark of reciprocal courtesy and royal etiquette the German visitor wore the uniform of an English admiral, while the prince of Wales was attired in the uniform of an officer of the Prussian guards. The emperor kissed his uncle when they met on the deck of the Hohenzollern and embraced him. The German empress awaited her English relatives in the saloon of the yacht. The prince of Wales kissed her hand and then her cheek.

The pageant that proceeded to the castle was interesting, although not particularly imposing. The emperor occupied the first carriage with his three uncles. It was drawn by six white horses, ridden by postillions. The next carriage, in which were the Princesses Victoria and Maud, only had four horses, and the one behind it, occupied by Prince Albert Victor, his granduncle, the duke of Cambridge, and two of the emperor's staff, were drawn by two steeds. There were six more carriages in all and the English royalties were distributed, so far as they held out, in these, among the royal visitors' suite. The German emperor looked bronzed and strong, and he seemed pleased at the cheers that greeted him. He continually raised his hand to his hat, while the prince of Wales paid no attention to the demonstration.

As the carriages reached the quadrangle of the band of the Scots guards played the national anthem. The emperor's carriage stopped beneath the portico of the Waterloo door. On alighting the emperor entered the hall, preceded by the lord chamberlain. The queen met him at the threshold and affectionately embraced him.

After a short rest the emperor and empress dined with the queen. Other royalists were present, but it was a purely family dinner.

Will Electorate Four Murderers.

SING SING, N. Y., July 4.—Warden Brown, of the state penitentiary, thinks that the sentence of death in the cases of the four condemned murderers—Wood, Smiler, Bloem and Jugico—will have to be carried out next week, and the warden is going on with preparations for the four electrocutions. The prison gates will be closed today and will remain so until the state's electrician has accomplished his work. The warden has sent out all the invitations to the persons who will witness the unfortunates die in the electric chair.

BALMACEDA Must Fly. LISBON, July 4.—A dispatch has been received here from Chili stating that Balmaiceda's troops at Huasco offered practically no resistance and fled in complete disorder. They retreated toward Valparaiso, 10 leagues into the interior. The road from Valparaiso to Santiago being bad, the congressional army will probably be content to remain at Huasco, which is the key to the whole district. If possession is also taken of Valparaiso, Balmaiceda will be compelled to fly to the south, as to the north the troops would be lost in the waterless desert of Atacama.

Aeronauts Killed.

CLEVELAND, O., July 6.—There were two fatal balloon accidents in Ohio towns Saturday. At New Lisbon, Charles J. Jones, of Cleveland, was mangled to death. William Hennessey, an assistant, was caught in the ropes and carried 100 feet into the air. Both men then fell, Hennessey being instantly killed and Jones fatally injured. At Elyria, Mile. Zoetta Bentley, of Cleveland, attempted to make an ascent while a strong wind was blowing. She was dragged through several trees and fell when 60 feet from the ground. She was killed instantly.

THE FLAG OF OUR COUNTRY.

Brief History of the Changes That Have Been Made in Our National Emblem.

WASHINGTON, July 4.—By order of the war department another star will be added to the United States flag to-day, making forty-four in all. They are arranged in six rows, the first and last containing eight and the four others containing seven stars, as represented in the accompanying illustration.

OUR NATIONAL FLAG.

Every star in the new flag represents a new phase of progress in the nation's history. On June 14, 1777—one hundred and fourteen years ago—the American congress passed a resolution that "the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation." MICHIGAN RAILWAYS. Annual Reports of the Companies Doing Business in the State.

From a statement prepared in the office of the commissioner of railroads from the annual reports of the railroad companies during the year 1890, it appears that the gross earnings for Michigan special chartered roads were \$10,407,179; per mile of road, \$14,839.47; total taxes for Michigan assessed on special chartered roads (assessed on stock and debt), \$230,933.20; taxes per mile of road, special chartered roads, \$234.53; gross earnings for Michigan commercial roads, \$30,355,150.35; per mile of road, \$4,193.08; total taxes assessed, commercial roads, \$309,779.47; per mile of road, \$94.57; total proportion of earnings for Michigan, all roads, \$36,385,731.04; per mile of road, \$5,326.11; total taxes assessed, all roads in Michigan, \$518,711.67; per mile of road, \$117.00; gross earnings reported for Michigan, 1889, \$37,334,344; per mile of road, \$113.53; increase for 1890, \$86,470.73; per cent of increase, 7.46.

Health in Michigan. Reports to the state board of health by fifty-five observers in different parts of the state for the week ended June 27 indicated that typhoid fever, dysentery, scarlet fever and typho-malarial fever increased, and cholera morbus, inflammation of the brain, croup and membranous croup decreased in area of prevalence. Diphtheria was reported at twenty-five places, scarlet fever at thirty-nine, typhoid fever at fourteen and measles at thirty-four places.

Suicide at Yuba. John Longnecker, a young man employed on the farm of E. V. Hill at Yuba, disappeared, and was found in the dense underbrush of a forest half a mile from the house with a bullet through his heart. The body was in a bad state of decomposition. The coroner returned a verdict of suicide, cause unknown. Longnecker was 27 years old and leaves a mother and sister at Bryant, Ind.

Took Wife and Home. John Keirling, of Muskegon, quarreled with August Linderman and induced Linderman's wife to leave the latter, and then capped the climax by preempting Linderman's house. The other night when Linderman went home the worthy pair threw boiling water on him, and were both arrested on the charge of assault with intent to do great bodily harm.

Lighthouse Keepers. The treasury department has made the following appointments for the Michigan lighthouses: Joseph Reill, keeper of the Fryng Pan Island light; Thomas Garraty, keeper at Presque Isle station; James Lasley, Jr., assistant keeper, Port Iroquois, and Patrick Garraty, keeper Presque harbor range.

REVENUE. Lansing, Mich., June 30.—The senate yesterday passed the bill providing for a special tax of half a mill on each dollar of the capital stock upon all corporations when they file articles of association with the secretary of state. The appropriation for maintaining the state weather service was defeated, as also the house bill imposing a specific tax of 5 per cent upon the Michigan earnings of car loading companies and fast freight lines.

LANSING, Mich., July 2.—The Detroit chamber of commerce has passed a resolution, which was finally killed in the senate yesterday. The general election bill, which was passed by the house, is being considered by the senate. The bill provides for the establishment of free employment bureaus in various sections of the state and creating the office of state food commissioner were reported in the senate yesterday. The new general election law, which had previously passed the house, was passed, also the general tax bill which embodies the California system of taxing mortgages and provides for a return to the county system of collecting delinquent taxes.

LANSING, Mich., July 3.—In the senate yesterday the committee to investigate bribery charges against Senators Wilcox and Weiss reported favorably on a bill to allow the eastern insane asylum to use \$20,000 of its surplus in building a new cottage for patients and in buying portable hospital beds. The general appropriation bill was passed at 11:30 o'clock. The business of the senate having come to an end, President Strong was presented with a costly gold-headed cane.

HOUSE. Lansing, Mich., July 2.—The house yesterday worked steadily in committee of the whole all day on the new general bill incorporating the California system of collecting mortgages. The bill was reported by the committee as received by the senate yesterday. The bill provides for the building of cattle guards at all farm crossings and to erect fences from said cattle guards to the right of way fences on either side of the track as well as for the crossing.

HOUSE. Lansing, Mich., July 1.—The general election bill passed the house yesterday. It is modeled after the Australian system so far as the ballot is concerned, while the secret booth and the system of the senate amendment will be retained. The ballots will be prepared and printed by county commissioners of elections instead of by the secretary of state as at present. The bill was passed at 11:30 o'clock.

HOUSE. Lansing, Mich., July 2.—The general appropriation bill passed the house yesterday. It calls for \$552,383 this year and \$718,550 in 1892. The expenses of the legislature are placed at \$160,000, about \$100,000 less than last season. The general appropriation bill, together with all the special appropriations, brings the total state taxes for this year and next up to \$2,800,001. The world's fair bill was also passed. The appropriation is for the Michigan commissioners, two of whom shall be women, are provided for. The senate bill appropriating \$15,000 for additional equipment at the mining school was agreed to.

Philadelphia's Crooked Financier Sentenced to Serve Fifteen Years in Prison and to Pay a Fine Equal in Amount to the Sum of His Stealings.

PHILADELPHIA, July 3.—John Bardsley, ex-city treasurer of Philadelphia, was brought into court at 10 a. m. Thursday before Judge Wilson to have sentence pronounced upon him for the confessed crimes of loaning, speculating with and receiving interest on public funds intrusted to his care as the chief financial officer of the municipality. The sentence of the court was that he undergo fifteen years solitary confinement in the Eastern penitentiary and to pay a fine equaling the sum to which he pleaded guilty of misapplying.

The fact that Bardsley would come up for sentence was not generally known, so that when District Attorney Graham arose to address the court and ask that sentence be passed upon the prisoner, there was not more than fifty people in the courtroom. The district attorney spoke but briefly, but in the course of his address he denied Bardsley's contention, made in his statement to the court a week ago, that the ex-treasurer had not misappropriated a dollar. Mr. Graham showed that by Bardsley's own statement he must have at least misappropriated the sum of \$220,000, as that amount was required to be made good by his sureties, according to their bond, to the state and city. Mr. Graham practically admitted that Bardsley's declaration that he placed \$954,000 in the Keystone bank, taking due-bills for the money, was true, and that the money was deposited in the bank. Although not a lawyer, yet so candidly show where the money was, Mr. Graham said that Bardsley's embezzlements would amount to between \$400,000 and \$500,000.

Mr. Alexander, counsel for Bardsley, reviewed the statements made by his client, and appealed to the court for mercy on the ground of Bardsley's plea of guilty, and his past services to the city. Mr. Alexander said that Bardsley did not get a dollar of the money he put into the Keystone bank and that within six months it would be shown who did. Mr. Alexander vehemently declared that his client had not stolen a dollar, but that he had only pleaded guilty to the statutory offense of loaning, speculating with and receiving interest on the public funds. News yet to be seen, said Mr. Alexander, should Bardsley appear before the investigating committee of councils to testify, but if at any time the district attorney desired any information or assistance his client was willing to aid him.

While his counsel had been speaking Bardsley had sat with bowed head, nervously tracing imaginary lines with the back of a pen upon the table before him. With the exception of his brother-in-law, not one of the hundreds of friends that Bardsley had a year ago were present when he arose to receive the sentence of the court. As Bardsley got up Judge Wilson motioned him to be seated while he delivered the lecture and words of admonition with which a judge usually prefaces his sentences. Judge Wilson's severe words censured Bardsley the most palpable witness. When Judge Wilson spoke of the past friendship between himself and the man awaiting sentence, Bardsley's hand opened and shut convulsively, and his face flushed and paled and his head sank upon his breast. As Judge Wilson proceeded and plainly said that he could find no palliation for Bardsley's malfeasance, and that his offense was the more open to censure from his abuse of his official position, the prisoner almost collapsed and seemed about to sink to the floor from his chair. Nevertheless before Judge Wilson had concluded and ordered him to rise and receive his sentence Bardsley had completely regained his composure and received the words that sent him to prison fifteen years without indifference in his utter absence of any emotion. The sentence of Judge Wilson was that Bardsley undergo fifteen years' solitary confinement in the Eastern penitentiary, and that he pay a fine of a sum equal to the amount of his embezzlement arising from the transactions to which he had pleaded guilty.

District Attorney Graham places the deficit at \$553,333.38, which is \$38,000 more than Bardsley admitted in his own statement. This amount will be reduced by payments to be made by his sureties, so the amount of the fine will not be determined until after the examination of the accounts shall be finished. Bardsley returned to Moyamensing and it is expected he will be taken to the eastern penitentiary Friday, when he will be shaved of his beard and given a striped suit, and thereafter be known by a number.

LANSING, Mich., July 3.—A terrible hailstorm visited Ransom and Sargent counties, N. D., Thursday afternoon. The storm commenced its work of destruction a short distance southwest of Elliot, Ransom county, and traveled in a southeasterly direction, completely ruining thousands of acres of growing crops. The damage in Sargent county is confined to Minner, Hamline and Ransom townships, but a deplorable condition of affairs is reported from Ransom county. The storm varied in width from a mile at the starting point to about 1 mile, where it stopped in Ransom township, this county. The hailstones were of large size and covered the ground to a depth of several inches. Among the heavy losers in Ransom county are Harry Oliver, a member of the last legislature, and Mr. Church, who lives just across the line from Sargent, in Ransom county. The loss will reach many thousands of dollars. The total loss in Sargent county is placed at 2,500 acres of crops and in Ransom county at 8,000.

KANSAS CITY, Mo., July 3.—Dispatches received at Kansas City from Blairtown state a heavy rain and windstorm swept over that town Wednesday night and did serious damage. Several houses were blown down and several persons were injured, though not badly. The depot, a large, substantial frame building at Landis station on the Kansas City, Osceola & Southern railway, was blown off its foundation and seriously damaged. The rain was a terrific one and the low lands are covered with water.

WINTERSET, Ia., July 3.—Wednesday evening about 5 o'clock a most terrific hailstorm visited the southwestern portion of this county. For a distance of about 15 miles long and 1 to 6 miles wide the crops are totally destroyed. Corn fields are as barren as the road. Hay is pounded into the ground. Not a green blade of any sort is left. In some localities the hail was from 8 to 10 inches deep. Following this was a blinding rain and windstorm which added greatly to the disaster.

BOONE, Ia., July 3.—Later reports from the scene of the storm Wednesday night in Audubon and Shelby counties increase the damage to the crops. The hailstorm covered a much larger area than at first supposed and totally ruined many fields of wheat, oats and rye. The track of the cyclone at Gray, Audubon county, is about half a mile wide and tore up everything in its path. No fatalities are reported.

FATAL STORM ABROAD. BERLIN, July 3.—A terrible tornado swept over the Crefeld district of Rhensish Prussia. In the town of Crefeld booths and a hall which had been erected for the purposes of a rifle meeting, together with fifty houses, were destroyed. Many persons have been killed and injured, but how many is not definitely known. Trees, telegraph poles and wires are prostrated, while fences, sign boards and awnings were hurled through the air with incredible force. Soldiers, policemen and firemen are engaged in removing the debris, and it is feared that the number of those killed will be found to be very great.

Thirteen bodies have already been recovered from the ruins of the wrecked buildings, while many more are undoubtedly still buried in the debris. Immense damage and great loss of life is reported at Suchleton, Rade, Siltard and Brunswick. At the latter place the streets were filled with wreckage, houses were demolished and others badly damaged, while many thoroughfares are turned into miniature rivers. The hailstones were unusually large and as a consequence it is estimated that 100,000 panes of glass have been broken. The ancient churches seem to have been singled out by the elements upon which to wreak their fury. While not seriously damaged the Church of St. Blaise, the patron saint of Brunswick, St. Marius, St. Ulrichs, St. Andrews, and St. Catharines are all more or less injured.

At Sanet Ruprecht, near Gratz, the capital of Styria, in Austria, a water spout burst over the town with fearful force, sweeping away the cabins of two peasants. Nine were drowned. The effects of the storm were serious in the neighborhood of Suchleton on the roads to Viersen and Siltard. Houses were overthrown, trees were uprooted and many cattle were killed, and besides much damage was done to chimneys and roofs. The total damage is estimated at \$250,000. The inhabitants who took shelter in basements or in open places escaped with slight injuries. At the village of Aurath scarcely a house was spared, forty being totally destroyed and a man being killed. The damage there is estimated at \$175,000. A fund has been started for the relief of the homeless. Volunteers are searching the debris for victims. In the valley of the Rhine the streams generally overflowed their banks and carried destruction to many vineyards, besides overtaking and drowning many fugitives who lingered in their flight from the pursuing element. The cost of the destruction is difficult to estimate, but it will certainly take years to restore entirely the devastated places. In Siliton and Westphalia the storm was appalling. A water-spout in the vicinity of Murat, Styria, destroyed several villages and twelve lives.

SWEPT BY FIRE. Flames Ply Havoce with Grain, Feed and Timber Land in California. MILTON, Cal., July 3.—During the last ten days over 10,000 acres of grain, feed and timber land have been burned within 10 miles of this place. A large fire has been raging east of here since Tuesday, burning everything from Elk-horn station south toward Copperopolis. So far it has been impossible to check the flames. No opinion can be formed as to the damage likely to be caused by the fire. The heat for four days past has exceeded that of any former years. The mercury Thursday reached 113.

Appointed by the President. WASHINGTON, July 3.—President Harrison has appointed William E. Simmons, of Connecticut, commissioner of patents, and John N. Coburn, of Wisconsin, a member of the Columbian commission.

The president has also appointed London Snowden, of Pennsylvania, minister to Greece, Roumanias and Servia; Romualdo Pacheco, of California, minister to Guatemala and Honduras; Henry L. Arnold, of New York, United States consul at Clifton, Ontario, and Richard Lambert, of California, United States consul at Mazatlan, Mex.

Death of an Old Lake Captain. CHICAGO, July 3.—Capt Ira H. Owen, one of the pioneer vessel owners of this city, died Thursday morning at his residence in Oak Park. Capt. Owen was a sailor from his youth and a successful business man. He established the Escanaba & Lake Michigan Transportation Company, the Owen Steamship Company, the Delta Transportation Company and the Escanaba Towing and Wrecking Company. In his business the captain had amassed a large fortune, which will be inherited by his invalid wife and two sons.

Death of a Prominent Jurist. KROOK, Ia., July 3.—Judge James M. Love, judge of the United States court for the southern district of Iowa, died at his home in this city at 7:30 o'clock Thursday evening. Judge Love was born in Virginia March 4, 1819. He was the captain of a company in the Third Ohio regiment in the Mexican war. In 1850 he came to Keokuk and February 21, 1856, was appointed judge of the United States district court by President Pierce. In a short time he would have been placed on the retired list.

TRAGEDY IN DES MOINES.

An Old Soldier Fatally Shot by a Local Desperado. DES MOINES, Ia., July 2.—Frank Pierce, a notorious Des Moines ex-serviceman, narrowly escaped lynching Tuesday afternoon at 3 o'clock. He drove to the city cemetery to unload garbage. He was refused the use of the grounds by E. A. Wishart, who acted under instructions from the mayor. Pierce carried three revolvers, and after a war of words he began using them. Four shots entered Wishart's body and he fell mortally wounded. Before the officers arrived with Pierce at the city jail a crowd of 500 people were waiting for them. A dozen officers were called in sight of the excitement in the crowd became intense. Cries of "lynch him!" "Bring a rope!" and "kill the scoundrel!" were heard on every hand. Surrounded by forty policemen Pierce was hurried into the jail. Pierce shot John Harney about three years ago and at that time the jail was surrounded by 2,000 men, who were there to lynch him. His life was only saved by the prompt arrival of the militia, who dispersed the crowd by firing blank cartridges. Shortly after that Pierce shot Henry Lloyd. Nine months ago he shot Terry Chambers, and had he not been spirited away he would have been lynched. E. H. Wishart, his latest victim, is a prominent grand jury man and his friends are talking seriously about the matter. Strong precautions have been taken to protect Pierce, yet there is still danger of a lynching.

FILLED HIM WITH LEAD.

Georgia Lynchers Make Short Work of a Negro Who Entered a Girl's Room. ATLANTA, Ga., July 3.—News has reached here of the lynching of a negro named Dan Buck at Bluffton Tuesday. Early Tuesday morning the 15-year-old daughter of a well-known citizen of the village of Bluffton was awakened by a noise in her room and saw a negro man. She screamed and fled. Buck was suspected, arrested and confessed. A party of about 200 men took him from his heels and filled him with bullets and shot. There was not a place on his body an inch square that was not perforated.

CONCERNING LARGE CITIES.

In the great animal market at Hamburg, in Germany, giraffes sell at \$7,000 a pair, chimpanzees at \$800 apiece and select lots of Sumatra monkeys at \$1,000.

According to the latest municipal reports there are in St. Petersburg more than a hundred and fifty-three streets and thoroughfares without pavement, sewers or gaslights. They are the breeding spots of disease and crime in the great metropolis. The street railways of Paris are under the government control and the rules for their guidance are very strict. Only four passengers are allowed to stand on the back platform, and they must pay the same fare as the first class passengers inside, viz., six cents, while those on the roof of the car ride at half rates. The census of London shows a population of 4,311,050—an increase in the last ten years of 395,455. In 1801 the population was 958,808. The increase during the last twenty years has been greatest in the suburban districts, the rate there being calculated at 128.8 per cent, while that of London proper has been only 28 per cent.

Have it. This climate of ours is the cause of the most of it, though a neglected cold is the first indication of it. Every body more or less suffers from it. That dull, heavy headache comes from it; loss of smell and taste are the result of it; that tickling in the throat, offensive breath; that ringing of the ears is caused by it, and impure blood but irritates and aggravates it. We are talking of Catarrh, and Loose's Extract of Red Clover will strike directly at the cause by purifying the blood building up the system and keeping the stomach and bowels in good condition. For six years I have suffered terribly from Catarrh, and headache constantly; felt as though I had a lump of putty in my nose; stomach in bad condition and breath horrible. Three bottles of your Extract of Red Clover has made me feel like a new being, and I have faith in a permanent cure. J. M. Gaston, Richmond, Ohio.

# THE CHELSEA SAVINGS BANK HAS ADOPTED THE NICKEL SAVINGS BANK STAMP SYSTEM

For Use of Children and Young People, And it is a good idea both in regard to saving up money that might otherwise be spent foolishly and even harmfully, and to inculcate habits of prudence, self-denial and thrift, that will have an important influence over young people in after life: "As the twig is bent the tree is inclined." It is surprising, even to old people, how rapidly money accumulates by these little droppings of only a nickel. Let all your young people interest themselves in a Nickel Stamp Book furnished "with a starter" of one nickel stamp free of charge by The Chelsea Savings Bank.  
Most of the stores in Chelsea, Stockbridge, and other near by places, are agents, and furnish the Books and Stamps also.

**DESCRIPTIVE.**  
The Bank supplies its agents with gummed Stamps, engraved in steel in handsome design. The purchaser of the first stamp or stamps receives from the agent the Stamp Book, in which the stamps are to be pasted. When the first page has been filled, the depositor takes the Stamp Book to the agent, who tears out the first full leaf of stamps, and detaches from the inside back cover of the Stamp Book the signature slip, which must be properly signed by the depositor and the agent who receipts for the page, and with the full leaf of stamps, delivered to the Bank.  
In case of children, or others unable to sign their names, parents, guardians or legal representatives may sign for them, also signing their own names after the word, per. The signature slip is held by the Bank as a means of identifying the depositor.  
Upon receipt by the Bank of the full leaf of stamps it will issue to the depositor through the agent a handsome and durable Deposit Card, upon which has been entered a credit to the depositor of \$1.00, the value of the first full leaf of the Stamp Book, holding twenty Nickel Stamps, and said deposits will draw interest according to the rules of the Bank.

One Nickel Stamp here pasted in, Shows you the way you should begin.	Six Nickel Stamps when in this square, fill the seventh space prepare.	A credit here will greet your eyes, In cents amounting to fifty-five.	This space will eighty cents express, And help to keep you from distress.
2	7	12	17
The second Stamp put in this square, And a dime it will declare.	Thirty-five cents are here in place, When seven stamps this square shall grace.	To sixty cents this will come, And thus you place a larger sum.	The seventeenth stamp will make appear, That eighty-five cents are entered here.
3	8	13	18
The third Stamp here displayed, Shows fifteen cents in stamps arrayed.	Eight Nickel Stamps! How quick it grows! And forty cents this square now shows.	The thirteenth Stamp, at slight expense, A value gives of sixty-five cents.	Now ninety cents repose hereon, And soon to a dollar will have grown.
4	9	14	19
Four stamps now, in consequence, A credit show of twenty cents.	Nine Stamps here advance your right, And forty-five cents appear in sight.	This square will further credit show, And now to seventy cents will go.	From the nineteenth stamp you will derive, A sum in cents of ninety-five.
5	10	15	20
The Fifth Stamp here, if you would thrive, In cents has grown to twenty-five.	To fifty cents your claim has grown, When ten Stamps pasted here are shown.	Paste here another stamp, and five And seventy cents will you surprise.	These twenty stamps a dollar make, And to the bank this leaf you take.
