JOHN BAUMGARDNER,
Designer and Builder of
Artistic Granite Memorials.
Office, 6 Detroit St., Ann Arbor, Mich.
Established 1888.

We keep on hand large quantities of all the various granites in the country, and are prepared to execute fine monumental work on short notice. Original Designs. Correspondence Solicited. Electric Works 6, 8, 10 Detroit St., and 17-19 5th Ave. Dock and Derrick 2-8 Miller Ave.

Hicks on September.

September, says Rev. Hicks, will be ushered in with a storm period which will forcibly be felt during the period 3d to 7th. The indications are such as to forebode a very cold wave, with possible frosts in northerly sections, immediately behind the storms of the period 3d to 7th. Be on the watch for the change, as it will begin in the far northwest two or three days earlier than it will reach other sections southward and eastward.

It will grow much warmer on and about the 11th and 12th, and storms will pass over the country from west to east from the 10th to the 13th, inclusive. Another rise of the barometer, attended by very cool nights, will follow from about the 13th to 15th.

A Venus perturbation begins about the 15th. The earth is near the center of her equinox, and a regular storm period, containing moon at perige and new, runs from the 19th to 21st. This period promises dangerous storms, and readers are cautioned to watch all threatening clouds, especially about the 16th to 20th.

Cool to cold days and nights need not surprise for several days prior to the 23d and 24th, which dates comprise a reactionary storm center. It will grow warmer as these disturbances cross the country from about 22d to 24th and be followed by a return of higher barometer and cooler on the heels of the storms. The last four days of the month constitute a regular storm period.

Dairymen Take Notice.

We have corresponded with the Michigan Dairymen's Association and have secured one of their representatives to act as judge of dairy products at our coming fair, judging them by the score card, as at large exhibitions. Samples of butter and cheese will be commented upon, showing their merits, pointing out and explaining the cause of their defects.

He will exhibit a Babcock test machine, giving practical illustrations of its workings by testing different samples of milk, showing the amount of butter fat. Skimmed milk and buttermilk will also be tested, showing the loss in skimming or churning.

At two o'clock the last day of the fair he will give a talk on the best methods of modern dairying, covering the whole process of butter making, beginning with the care of the cow, how she should be fed, stabled and milked, how the cream should be separated and ripened, the churning, salting and working of butter, will all be explained as well and thoroughly as time and circumstances will permit.

The Crystal Creamery of Lansing will exhibit one of their metallic cased glass can creameries. This is considered one of the best individual creameries on the market. They will also give special prices to those wishing to buy.

We are in hopes all interested in dairying will be present this day, as we believe it to be to your interest.

ROLAND WALTROUS, Sec.

The Fall Campaign.

Vacations are over. People are returning to accustomed work. Plans should now be matured for the coming season. It is wise to plan systematically for all departments the work for several months in advance. Method is much. In the spiritual committee there is need of consultation and careful consideration of the best measures to advance interest in the devotional services of the church. Mercy and help, literary and social departments, all need vigorous administration. Get earnestly at work before the attractions and distractions of the winter prevent concentration of thought and result in dispersion of energy and dissipation of purpose.

Notice to Taxpayers.

You are hereby solicited to call at my office and pay your village taxes on any week day from now until Sept. 15, 1895.
JOHN BEISSER,
Treas. Chelsea Village.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says "Shiloh's Vitalizer saved my life. I consider it the best remedy I ever used". For Dyspepsia, Liver or Kidney trouble it excels. Price 75 cts. Sold by Armstrong & Co.

Why Do We Trade At the Bank Drug Store?

That is the simplest question you could have asked. We trade there simply because we can buy the

Staple Groceries and Drugs Cheaper

Than we can of other dealers. F. P. Glazier & Co. quote prices for their customers every week that they may know just what to expect when they go there.

Respectfully,

THE GLAZIER STOVE CO.

Fall Opening of Millinery.

September 16th I will return from Detroit and Cleveland with a full line of Fall and Winter Millinery, in all the latest styles and colors, and cordially invite the ladies of Chelsea and vicinity to call and examine my stock before buying fall or winter goods.

Opening Week, Sept. 16 to 21.

Be sure and visit my store during the Chelsea fair. See our assortment of Feather Boas.

MRS. J. STAFFAN.

TRIMMERS—Miss M. Avery, of Howell, and Miss N. Maroney, of Chelsea.

It Is Always Cheaper

To pay a reasonable charge to the man who knows how and has the facilities to do what you want, than to expend many times that amount for the painful experience that always follows the employment of one who does not, from lack of experience, facilities, and the many other requirements necessary to successful REPAIRING.

This Applies Also

To the purchase of Jewelry, Watches, Clocks, Etc., and the large number of other articles in the jeweler's line, on all of which we guarantee the best quality at lowest prices.

L. & A. E. WINANS, Chelsea.

THE NEWS.

Compiled From Late Dispatches.

DOMESTIC.

SOLOMON HUGHLETT, one of the most prominent democratic politicians in Missouri, killed himself with a gun at Wellsville. SOME 750,000 persons saw the parade of over 25,000 Knights Templar in Boston. At the business meeting Grand Commander McCurdy delivered his address. The report of the grand recorder, William B. Isaacs, Jr., showed that there were 961 regular commanderies, and thirty-nine under the jurisdiction of the grand body. The membership of the former is 103,541 and of the latter 3,119. The charred remains of the body of Howard Pitzel, the one remaining missing child of Benjamin Pitzel, were found stuffed in a chimney in the cellar of a house which H. H. Holmes occupied two or three days last October in Irvington, Ind. A MEETING of the largest steel concern in the country was held at Pittsburgh, Pa., and preliminary steps were taken to form an organization to control prices. At Wapakoneta, O., a strike on the waterworks trenches developed into a tragedy and three men were fatally injured. RAINS throughout the northwest greatly improved pasturage and crops. CRACKSMEN blew open the safe in the post office and general store of E. E. Phillips at Rush, Mo., and got away with money, stamps and papers valued at over \$1,000. SECRETARY CARLISLE returned to Washington after a month's absence spent mostly in a tour of the great lakes. AS THE result of a quarrel Frank Hurst and Belle Levi were fatally wounded by Charles Williamson and William Broshears near Rockport, Ind. THE annual encampment of the National Spiritualist association commenced at Liberal, Mo. JOHN D. SCULLY, who for the last fifty years has been president of the First national bank at Pittsburgh and its predecessor, the Pittsburgh Trust company, resigned, because of failing health. THE twenty-fourth annual convocation of the grand commandery of Colored Knights Templar opened in Cleveland. THE president reappointed Matt W. Ransom to be United States minister to Mexico. CONFIDENTIAL advices received at the department of state in Washington were to the effect that Spanish rule in Cuba could not last much longer, possibly three or four months at the outside. EIGHT members of a gang of counterfeiters were captured near Perry, O. T. MASKED men stripped and tarred and feathered William Sprill and his wife at Burnettsville, Ind., and ordered them to leave town. IT was announced that Secretary Olney had made a peremptory demand on the British government for a settlement of the Venezuela boundary dispute. FOURTEEN states were represented at a meeting of the Western Editors' association at Salt Lake City. THE weather bureau in Washington will hereafter place on its charts readings of sensible temperature—that actually felt—and make it a prominent feature. AT Lewisburg, Tenn., Jerry Johnson (colored) was lynched by a mob for making an insulting proposal to a white girl. FIRE in Louisville, Ky., destroyed the building occupied by Lampton, Crane & Ramey, dealers in paints, varnishes and oils. Loss, \$100,000. THE feature of the second day of the Knights Templar encampment in Boston was the competitive drill. The grand treasurer's report showed cash resources of \$30,302. C. A. BROWNELL, aged 50 years, the oldest photographer in Cincinnati, was found dead in his studio from heart failure. SPELMAN BROS., importers and dealers in fancy goods in New York for fifty years, failed for \$200,000. A PUTLE attempt was made to wreck an east-bound night express on the Nickle-Plate road near McComb, O. In the Montana Methodist conference at Helena the question of admitting women to the general conference on the same footing as men was decided in favor of the women by a vote of 24 to 4.

WILLIAM HAYGOOD, while profaning at High Shoals, Ga., declaring there was no God, no Heaven and no hell, had his tongue paralyzed. A BOAT upset in a squall on the St. Clair river near Marysville, Mich., and Mrs. Michael Deruf, Frank Deruf, her brother-in-law, and Miss Celia Chonicki and Miss Edith Connors were drowned. THE resurvey of the boundary line between California and Nevada resulted in giving California a strip of country aggregating several hundred square miles. "TOMMY" CONNEFF, an amateur runner, broke the world's record for a mile at New York, going the distance in 4:15 3-5. AT Itasca, Tex., John Brown, 23 years old, cut the throat of Miss Boone, aged 13, and then killed himself. Refusal of the girl's father to a marriage was the cause. AT the twenty-sixth triennial convocation in Boston of Knights Templar W. La Rue Thomas, of Maysville, Ky., was elected grand master, and Pittsburgh was chosen as the meeting place in 1898. FROSTS were reported at many points in northern Minnesota. JAMES STEWART, the famous swimmer, better known by the name of Paul Webb, died in Spokane, Wash., from injuries sustained July 4 last in sliding down a 1,500 log chute in a barrel. AT Central City, Col., the Americus and Sleepy Hollow mines were accidentally flooded and thirteen miners were probably drowned. THE Waif Savers' association in session in Detroit elected ex-Gov. R. J. Oglesby, of Illinois, as president. THE third annual convention of the National Spiritualists' association of the United States and Canada will be held at Washington October 15, 16 and 17. AUGUST SELNOL and two sisters named Holtzuler were killed by the cars at Deerfield, Wis. JOHN SKINNER, a prominent business man at Bloomington, Ill., died while the funeral of his father was taking place. A COMPANY was organized at Denver to operate the first steamboat line on the Colorado river. FOR criticising the United States courts in the mint cases H. A. Lemon, editor of the Carson (Nev.) Tribune, was fined \$50 and sent to jail for ten days. ON the Fleetwood track near New York city Robert J. defeated Joe Patchen and John R. Gentry in three straight heats, the best time being 2:04 1/2. HEZEKIAH ROBERTS, a young farmer at Butler, Ky., cut his wife's throat and then cut his own. He was supposed to have been insane. A CALL was issued for a convention of free silver editors at Little Rock, Ark., September 7. AT the session in Detroit of the American Bar association Justice Brewer, of the United States supreme court, urged a better education for lawyers. THE exchanges at the leading clearing houses in the United States during the week ended on the 30th aggregated \$845,551,854, against \$900,518,416 the previous week. The increase, compared with the corresponding week in 1894, was 18.9. FIRE destroyed fourteen buildings, comprising the business section of Libertyville, Ill., the loss being \$100,000. FOURTEEN men perished in the mine disaster near Central City, Col. ALONZO J. WHITEMAN, formerly mayor of Duluth, Minn., ex-member of the Minnesota legislature, ex-banker and millionaire, who dissipated a fortune in a few years, was sentenced at San Francisco to nine years' imprisonment for forgery. THE gold mining company at Heflin, Ala., was incorporated at Chattanooga, Tenn., with a capital stock of \$500,000. THE circuit court at Parkersburg, W. Va., in a decision held a doctor was entitled to his fee whether he cured or not. THERE were 186 business failures in the United States in the seven days ended on the 30th, against 222 the week previous and 196 in the corresponding time in 1894. AN excursion train was wrecked between Homan and Pope's, Ga., and fifty people, among them many Pythians, were hurt, and Mrs. C. W. Hancock and J. A. Kennedy were killed. AT the closing meeting in Detroit of the American Bar association Mordecai Story, of Massachusetts, was elected president. TWENTY men from Penn's Grove, N. J., were lodged in jail at Wilmington, Del., charged with violating the neutrality laws in having organized a hostile expedition to Cuba. A WOMAN named Dora Heilwagon fatally shot her faithless lover, Henry Boding, and her rival, Rosa Swearingen, near Quincy, Ill., and made her escape. THE firm of Penfield Brothers, printers and publishers, of Asbury Park, N. J., made an assignment. THE capstons of the Iowa sailors and soldiers' monument at Des Moines, Ia., was put in place. The shaft is 150 feet high and cost \$120,000. AT Battle Creek, Mich., Jack Wilson, a hack driver, shot his wife and then killed himself. THE convention near Winterset, Ia., to choose a state senator for Adair and Madison counties, took 4,000 ballots without result and adjourned. TWENTY houses were wrecked and 600 persons made homeless by a cloudburst at San Marcial, N. M.

THE triennial convocation of the Knights Templar closed at Boston after the new officers were installed. A NEGRO farm hand that betrayed the 14-year-old daughter of John Mulligan, a farmer of Simpson county, Miss., was lynched by a mob. PERSONAL AND POLITICAL. THE Nebraska populist state convention in session at Lincoln nominated Samuel Maxwell for justice of the supreme court and adopted a platform endorsing the Omaha principles. THE republicans of Utah in convention at Salt Lake City nominated Heber M. Wells, of that city, for governor. The resolutions demand the free and unlimited coinage of silver. MIDDLETON MCGHEE (colored), aged 212, died in Monroe county, Tenn., within 10 miles of where he was born. AT the state convention in Syracuse, N. Y., of the people's party Thaddeus B. Wakemann, of New York, was nominated for secretary of state and David Rousseau, of New York, for comptroller. THE republicans of Utah nominated O. E. Allen for congress. OCTAVIUS COKE, secretary of state, died at Raleigh, N. C., aged 55 years. FOREIGN. IN a letter to a friend at Kingston, Jamaica, Capt. Gen. Martinez de Campos said that the struggle against the insurrection in Cuba was hopeless. The conceding of autonomy, he added, was the only means by which Spain could avoid losing the island. IN the district of Sidiach, Algeria, an Arab village was destroyed by a cloudburst and fourteen persons were killed and sixteen others severely injured. GERMANY'S torpedo boat No. 14 capsized in the North sea and thirteen persons were drowned. HALF the town of Yukhnoff, Russia, containing 4,000 inhabitants, was destroyed by fire. MONDAY, September 9, has been officially fixed upon as the date for opening the Canadian Sault Ste. Marie canal. IT was announced that the rebel general Gomez attacked the city of Puerto Principe, Cuba, burning one entire ward. SOME 10,000 Kurds attacked the Armenian town of Kemakh and several villages and plundered the churches and monasteries and burned the houses. LIGHTNING struck a house near Croix, Mexico, killing five persons and seriously injuring four others. CHOLERA was said to be raging at Honolulu, brought there by the steamer Belgic on her last trip from Hong Kong to San Francisco. WILLIAM G. BURCHARD, for several years United States consul accredited to the Atlantic coast ports of Honduras, died at Reaton. IN a fight between the forces of the Congo state and the Mahdists in the district of Adda Lieut. Cassart and nineteen men were killed. THE Peruvian congress opened at Lima. LATER. THE treasury statement shows that the excess of expenditures over receipts for August was \$3,093,103, against a deficit in July of \$9,500,000. The custom receipts during the month were \$15,639,047 and treasury receipts \$28,952,696. CHARLES TULLER & Co., coffee brokers of Philadelphia, made an assignment with liabilities of \$100,000. A RECEIVER was appointed for the Memphis (Tenn.) Car & Foundry company, whose liabilities were \$300,000 and assets \$775,000. RIOTES at Hok Chiang, China, attacked the Christians, wounded four and destroyed houses. MARSHALL McDONALD, of West Virginia, who had been United States commissioner of fish and fisheries for the last seven years, died in Washington, aged 60 years. MAJ. RICHARD SYLVESTER, the oldest and one of the best-known journalists in Washington, died suddenly. THE Academy of Music, the oldest playhouse in Buffalo, N. Y., and one of the historic theaters in America, was destroyed by fire, the loss being \$350,000. KING ALEXANDER of Serbia nearly lost his life while bathing in the Bay of Biscay. MRS. MARY ANN BUSH died at Novi, Mich., aged 112 years and 2 months. She was the oldest mason's widow in the world. THE twenty-fifth anniversary of the battle of Sedan, the final engagement of the Franco-Prussian war, was celebrated at Berlin. JOHN MCGRIFF and his brother Richard, two of the oldest twins in the United States, celebrated their 91st birthday at their home in Geneva, Ind. Both were in good health. REPORTS show a total of 190,025 steers now being fed for market in Texas and the Indian territory. A SEVERE earthquake shock was felt in Delaware, New Jersey, eastern Pennsylvania and eastern New York, including the western part of Long Island. No damage was done. THE Buena Vista state bank at Storm Lake, Ia., failed, with liabilities of \$50,000. THE percentages of the baseball clubs in the National league for the week ended on the 31st ult. were: Baltimore, .650; Cleveland, .640; Philadelphia, .571; Boston, .563; Brooklyn, .532; Pittsburgh, .516; Chicago, .533; New York, .524; Cincinnati, .519; Washington, .327; St. Louis, .311; Louisville, .346.

QUAY IN THE LEAD. Harmony Restored in the Ranks of Pennsylvania Republicans. HARRISBURG, Pa., Aug. 30.—The most bitter fight that has ever been experienced in the ranks of Pennsylvania republicans is at an end, and Senator Quay is victorious, having swept everything before him and magnanimously consented, in the interest of party harmony, to the nomination of the six republican superior court judges, as the administration forces had desired. In addition to electing Senator Quay as state chairman, Benjamin J. Haywood, of Mercer county, who was practically unopposed, was nominated for state treasurer, and the six republicans whom Gov. Hastings appointed as superior court judges on June 27 last, were placed on the ticket. The latter nominees are: Ex-Gov. James A. Beaver, of Center county; Howard J. Reeder, Northampton; John J. Wickham, Beaver; George B. Orlandy, Huntingdon; Charles E. Rice, Luzerne; and E. N. Willard, Lackawanna county. SENATOR MATT. S. QUAY. The seventh member of the judiciary is Henry K. McCarthy (dem.), of Philadelphia, the law creating the new court providing for minority representation. The platform as reported was adopted. It demands the use of both gold and silver and the maintenance of a parity between the two metals; opposes the free and unlimited coinage of silver at the arbitrary ratio of 16 to 1; declares continued adherence to the protective policy and insists upon legislation which will secure its restoration; denounces democratic legislation, and charges the democratic party under Cleveland's leadership with the precipitation of the industrial and financial panic of 1893. The final plank in the platform was a resolution introduced on the floor of the convention by Senator Quay, and referred to the committee on resolutions. It is as follows: "Resolved, That we deprecate the growing use of money in politics and the corporate control of legislatures, municipal councils, political primaries and elections, and favor the enactment of legislation and enforcement of laws to correct such abuses. "We earnestly insist upon a form of civil service which will prevent the enslavement of public officers and employes and the compelling of those appointed to preserve the peace to confine themselves to their duties; which will insure absolute freedom and fairness in bestowing state and county and municipal contracts and will punish any form of favoritism in granting them; which will forbid the grant of exclusive franchises to deal in public necessities, comforts, conveyance and sanitary requirements, and will insure the recognition of ability and fidelity in the public service, keeping service to the country ever foremost when accompanied by ability and fitness. "We demand that public office should be for the public benefit and its term in subordinate positions should be during good behavior. No public employer or officer should be permitted to influence primaries or elections nor upon any pretense to be assessed upon his salary and all abolished positions and salaries should be reduced; there should be a uniform basis of valuation of property, for public purposes; corporations enjoying public privileges should pay for them, and schools should be divorced from politics and kept absolutely free from political influence and control." On motion of Senator Quay the convention adjourned sine die at 2:46 p. m. DEFENDER WINS EASILY. Shows Her Excellent Sailing Qualities in Race with Vigilant. HIGHLANDS OF NAVESINK, N. J., Aug. 31.—The yacht race Thursday between Defender and Vigilant was over a course 10 miles to the windward and return, leaving the mark on the starboard. The official time of the boats is as follows: Defender, start, 11:10:08; finish, 2:02:18; elapsed time, 2:52:10. Vigilant, start, 11:10:18; finish, 2:07:40; elapsed time, 2:57:22. The difference in time is five minutes and twelve seconds. The Defender from the very start outstripped her antagonist, and continued steadily, during the entire race, to widen the distance between them. The America cup committee formally decided at a meeting held on the committee's boat Friday afternoon that the Defender should meet the Valkyrie III for the America cup. MUST GO TO JAIL. Defaulter Taylor's Habeas Corpus Proceedings Will Have to Wait Two Years. PIERRE, S. D., Sept. 2.—Chief Justice Carson Friday morning stated the position of the court in the Taylor habeas corpus proceedings. After citing and reviewing the contention of counsel the court holds that Taylor is not at present in a position to ask anything of the court, but that the case would be considered by the court on application at the expiration of the two years contended for as the legal sentence. Judge Kellam wrote a separate opinion in which he announces his concurrence only on account of weight of authority on the subject. Attorneys for Taylor excepted to decision, but have not yet decided what further action they will take.

BIG PROFITS ON **Small Investments.**

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 For each dollar invested can be made by our **Systematic Plan of Speculation**

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States who, by a systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up continuously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard to our standing and success.

 241-242 Bialto Building, CHICAGO, ILL.

Chelsea and Vicinity.

The oyster season is with us again. W. W. Gillam has purchased J. J. Raftery's fine driving horse. Kempf & Bacon will ship a carload of poultry from Homer this week. John Beissel was in Detroit, Cleveland and Toledo fore part of this week. B. Parker and wife visited in Unadilla and Stockbridge the fore part of this week. Messrs. C. Steinbach and C. E. Whitaker were in Detroit Monday on business. There seems to be an abundant crop of home-grown watermelons and muskmelons this year. Mr. and Mrs. Edward Miller, of Chicago, are visiting Mr. Miller's parents in Lyndon this week. The Misses Nelle and Mabel Conklin, of Vickeryville, are the guests of Dr. and Mrs. J. C. Twitchell. Horace Gage, an old and well-known resident of this township, is in Detroit having his eyes treated. Miss Emilie Neuberger was successful in securing a first grade certificate at the recent examination of teachers. Mr. and Mrs. George Wing, of Scio, called on relatives in this village and vicinity last Sunday and Monday. Carl Lemle, of Norville, who is well known here, and Miss Lena Walker, of Jackson, were married Aug 26, 1895. Mr. M. L. Cunningham, of Duluth, Minn., returned home Monday after a two weeks' visit with his parents at this place. Word was received here last week that Fred Donner, who works on the electric line in Detroit, had broken one of his legs near the ankle. It may not be generally known, but it is a fact nevertheless, that Kempf & Co., of this village, are the largest poultry shippers in the state. Mrs. J. Staffan leaves Thursday for Detroit and Cleveland, where she will spend a couple of weeks buying her fall and winter stock of millinery. Robert Page received word last Saturday that his son-in-law, Chas. Hagerdon, of Detroit, had both his feet smashed. Mr. Page left for that city the same day. Married, Sept. 8, 1895, Mr. Frank Greening, of this village, to Miss Josephine Costello, of Dexter. Mr. and Mrs. Greening left for the east, where they will spend a month visiting places of interest. Senator Smith, of this district, has the appointment of two pupils to the State Normal School at Ypsilanti, and Mrs. Lucy Stephens, of this village, was one of the lucky candidates. Mrs. Stephens leaves for Ypsilanti next week. The managers of the Chelsea Fair have set apart Thursday, Sept. 19, as Wheelmen's Day. All wheelmen will find this day's program of interest to them. Good races and liberal premiums are offered. Arrangements for the parade will be made later. If you want nice hyacinths, tulips, narcissus, crocus or other bulb flowers it is getting time now to secure your bulbs and get them out. They should be put in the ground early enough to secure for themselves a good firm rooting before winter sets in. The Bethels church in Freedom will hold a mission festival Sunday, Sept. 8. The ministers expected to be present are Rev. S. Voegtling, Delphos, Ind.; Rev. G. Eisen, Chelsea; Rev. W. Wildt, Francisco; Rev. J. B. Meister, Freedom, and Rev. R. Schreiber, Saline. Ephraim E. Force died at the residence of his son-in-law, Milo C. Updike, in the town of Sylvan, Tuesday, September 3rd, 1895, aged 83 years. Mr. Force was a native of Canandaigua, N. Y., and has been a resident of Washtenaw county over 68 years. Funeral services will be held at his late home Thursday at 1 o'clock p. m., and he will be interred in the cemetery at Manchester. If your eyes should chance to rest upon the physiognomy of R. A. Snyder during the next few days, do not imagine for an instant that he has been out with the boys. R. A. is not built that way. He was, however, driving along the street the other day, when a part of the harness broke, and in his effort to get out of the wagon quick caught his toe in the wheel and fell on his face, inflicting a number of ugly bruises, but doing no serious damage. School opened last Monday, and the teachers and their positions for the ensuing year are as follows: Lester McDiamid, Superintendent; Miss Carrie McClaskie, Preceptress; Miss Nettie Storms, ninth grade; Miss Florence Bachman, eighth grade; Miss Ella Morton, seventh grade; Miss Mattie Staphis, sixth grade; Miss Elizabeth Depew, fifth grade; Miss Dora Harrington, fourth grade; Miss Mary Van Tyne, third grade; Miss Amelie Neuberger, second grade; Miss Lucella Townsend, first grade.

Reasons Why You Should Come to the Fair.

1. Because it is your fair.
2. Because you ought to be personally interested in making the Chelsea fair a success.
3. Because there will be more and better entries this year than ever before.
4. Because there will be good races.
5. Because of the fine horses now entered for premiums.
6. Because you can see what Washtenaw is doing in sheep raising.
7. Because you can exchange ideas with your brother farmers in crops and stock.
8. Because you need a day's recreation.
9. Because there will be great loads of fun on the grounds.
10. Because you will meet friends from all over the county.
11. Because you will be sorry if you don't attend.
12. Because you will get many new ideas.
13. Because you will be proud of living in a county which can produce such a fair.
14. Because everybody who is anybody is going.

It is a Wonder.

A noted divine recently said in a sermon concerning the newspaper profession. One of the greatest trials of the newspaper profession is that its members are compelled to see more of the sham of the world than any other profession. Through every newspaper office day after day go all the weaknesses of the world—all the vanities that want to be puffed, all the mistakes that want to be corrected, all the dull speakers that want to be thought eloquent, all the meanness that wants to get its wares noticed gratis in order to save the tax of the advertising column, all men who want to be set right who were never right, all the crack-brained philosophers with stories as long as their hair and as gloomy as the finger nails in the morning bereft of soap, all the bores who come to stay five minutes and stay five hours. Through the editorials and reportorial rooms all the follies and shams of the world are seen day after day, and the temptation is neither to believe in God, man or woman. It is no surprise to me that in this profession there are some skeptical. I only wonder that newspaper men believe in anything.

Excursions.

Washtenaw County Fair, Ann Arbor, Mich., Sept. 24 to 27, one and one-half cents per mile, each way, for round trip, between Detroit and Jackson; good to return Sept. 28. Michigan State Fair, Grand Rapids, Mich., Sept. 11 to 13, 1895, a rate of one first class limited fare for the round trip. Date of sale, Sept. 9 to 13. Limit to return, Sept. 14. Gentlemen's Driving Club Red Ribbon meeting, Detroit, Sept. 2 to 6, 1895. One and one-third first-class limited fare for round trip. Date of sale, Sept. 4 to 6. Limit to return, Sept. 7. Chelsea Union Agricultural Association Fair, Chelsea, Mich., Sept. 18 to 20, one and one-half cents per mile each way, for round trip, between Jackson and Ypsilanti; good to return Sept. 21. Seventh Day Adventists' annual state camp meeting, Lansing, Mich., Sept. 11 to Oct. 2, 1895, one and one-third first-class limited fare for round trip. Date of sale Sept. 11, 18, 19 and 25, limited to return until Oct. 2. Karl's Clover Root, the great Blood purifier gives freshness and clearness to the Complexion and cures Constipation, 25 cts., and \$1.00. Sold by Armstrong & Co.

Teachers' Examinations.

The examination of teachers of Washtenaw county for the ensuing year will be held as follows: Regular examinations for all grades, at Ann Arbor, the third Thursday of August 1895, and the last Thursday of March, 1896. Regular examination for second and third grades, at Ann Arbor, the third Thursday of October, 1895, and the third Thursday of June, 1896. Special examination for third grade, at Manchester, the third Friday of September, 1895. WM. W. WEDEMEYER, Commissioner of Schools.

Hay Fever.

As the 20th of August approaches, you should fortify your system with Dr. Humphreys' Specific "77," and escape Hay Fever. Price, 25c—all druggists.

Here and There.

Dress goods sale this week at Holmes'. Remember the social hop at Steinbach's hall Saturday evening. The Postal Telegraph office is now located in the Chelsea House. G. W. Smith has opened law offices in the Hatch & Durand building. C. Steinbach, our well known harness-maker, has a new "ad" in this issue. Look at Holmes' stock of Clothing. Clothing is being sold for very low prices. Jacob Miller raised seven acres of oats this year that yielded over 71 bushels to the acre. R. A. Webster and Sam Wallace, of Duluth, Minn., were the guests of G. J. Webster and wife Wednesday. There are twenty-eight lakes on the Jackson county atlas in the town of Norway, and Waterloo comes next with twenty-four. Night school of shorthand organizing in Hatch building this week. All who are interested call at the law office of G. W. Smith to see about the course. We have just read a handkerchief flirtation code, and advise all men desirous to avoid breach of promise suits to wipe their mouths with their coat tails.

The 40th annual session of the Detroit conference will be held in Ann Arbor Sept. 10 to 16. Over 600 visitors are expected to be present. One of the most important questions to be discussed will probably be the woman's suffrage question.

Those wishing Premium Lists of the Chelsea Fair can obtain them at the following places: Unadilla postoffice, Sylvan Center postoffice, Francisco postoffice, Waterloo postoffice, Dexter postoffice, Grass Lake postoffice, and at the Jerusalem store.

A heroic woman in Pennsylvania saw a little girl drowning in a deserted quarry, and in lieu of a rope "yanked" off her (the heroic woman's) teagown, flung out one end of it to the perishing child and saved her (the child) from a watery grave. Of what use would a bloomer woman have been in such a case?

Always remember that the editor of the HERALD is never too busy to be stopped on the street or elsewhere and told of an item of news. In fact he is always on the lookout for news. Then he will not think you are egotistic even if the item is concerning yourself. Help the HERALD man and he will praise you when you are dead, if not before.

It may not be generally known, but it is a fact, nevertheless, that there has been a slight change in the law regulating who shall vote at the school election. As the law now stands, only those whose names appear on the tax rolls of the treasurer, or are parents or guardians with children between the age of 5 and 20, may vote. All others are debarred.

Golden-rod is in blossom, and, as usual, influenza is prevalent. It has come to be a recognized fact that the aesthetic yellow flower over which poets rave is responsible for the many cases of this disease that always occur at this season of the year. The flower on no account should be allowed in the house, especially in sleeping apartments. It is said that the blossoms give off an imperceptible powder-like substance which, if breathed into the lungs, causes irritation and produces violent sneezing and coughing.

The state law requires that all railroad companies at all stations shall have a bulletin board, and on this board shall be written at least twenty minutes before the time for the arrival of a train the fact whether such train is on time or not, and if late, how late. The law will be a very accommodating one for passengers, especially on the line of some roads where the railroad employees do not pretend to give a civil answer to a civil question. Railroad Commissioner Billings proposes to have this new law enforced, and has given all railroads notice to that effect.

The following are the officers of the Farmers' Picnic Association of Washtenaw, Wayne, Oakland and Livingston counties for the ensuing year: President, Wm. Ball; Secretary, H. Laraway; Treasurer, N. Sutton. Directors: W. B. Thompson, Salem; S. T. Grindley, Ypsilanti; W. E. Stocking, Chelsea; George McDougall and N. C. Carpenter, Ypsilanti; E. A. Nordman and A. B. Phelps, Dexter; George A. Peters, Sojo; William Glenn, Chelsea; H. D. Platt, Ypsilanti; Peter Cook, Urania; H. B. Thayer, Salem; S. L. Gage, Chelsea; L. D. Lovewell, South Lyons; E. T. Walker, Salem; E. E. Leland, Emery; C. M. Stark, Webster; J. B. Van Atta, South Lyons; George S. Wheeler, Salem; William Ball, Hamburg.

State Fair.

The Michigan State Fair will open on Monday, September 9th, at Grand Rapids, and continue through the 13th. The location is sufficient guarantee of a fine exposition of the agricultural and manufacturing products of the state. Grand Rapids is the center of the great fruit growing region of Michigan, and insures the largest fruit exhibit ever made in the state. Grand Rapids is the greatest furniture manufacturing city in the world, and will make a fine display. The fair is in the grand circuit. New York, Ohio, Michigan, Indiana, Illinois, which is a guarantee of a large display of pure bred stock. The trotting and pacing races are always good, and special premiums are this year offered the bicycle riders. The bicycle races will be held on Monday afternoon, the opening day, thus making it attractive from the start. The State Fair is a public institution and should be patronized by the people of the state, especially the farmers, and as all the railroads give reduced rates, the cost will be light. We trust that as many of our readers as possibly can will attend. We understand that already nearly all the space in the buildings is taken by intending exhibitors.

Change in the Drain Laws.

The last Legislature amended the drain laws in the following particulars: The section changed is sec. 1, chap. 4 of act No. 227 of '85, amended by act 233 of '89. The new section provides that a personal notice shall be served upon every resident whose property is affected by the drain, at least fifteen days prior to the time of letting and by publishing a notice of the letting two insertions in some newspaper published and of general circulation in the county.

"The second important change comes in sec. 1 of chap. 5. The old law said that when the county drain commissioner fixed the amount to be assessed at large upon any township for health and public good, there could be no appeal. The new law provides that the township may appeal to the probate court by the proper officers, and that such appeal must be made within fifteen days after the day of reviews. When such appeal is taken, three disinterested persons will be appointed by the court to determine the justice of the assessment. If the assessment stands, the township shall be liable for the costs. The special commissioners are required to perform their work within fifteen days of their appointment."

Spend your Outing on the Great Lakes

Visit picturesque Mackinac Island. It will only cost you about \$12.50 from Detroit; \$15 from Toledo; \$18 from Cleveland, for the round trip, including meals and berths. Avoid the heat and dust by traveling on the D. & C. floating palaces. The attractions of a trip to the Mackinac region are unsurpassed. The island itself is a grand romantic spot, its climate most invigorating. Two new steel passenger steamers have just been built for the upper lake route, costing \$300,000 each. They are equipped with every modern convenience, annunciators, bath-rooms, etc., illuminated throughout by electricity, and are guaranteed to be the grandest, largest and safest steamers on fresh water. These steamers favorably compare with the great ocean liners in construction and speed. Four trips per week between Toledo, Detroit, Alpena, Mackinac, St. Ignace, Petosky, Chicago, "Soo" Marquette and Duluth. Daily between Cleveland and Detroit. Daily between Cleveland and Put in-Bay. The cabins, parlors and staterooms of these steamers are designed for the complete entertainment of humanity under home conditions; the palatial equipment, the luxury of the appointment makes traveling on these steamers thoroughly enjoyable. Send for illustrated descriptive pamphlet. Address A. A. SCHANTZ, G. P. & T. A. D. & C. Detroit, Mich.

A Household Treasure.

D. W. Fuller, of Cauajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at F. P. Glazier & Co's Drug Store. Regular size 50c, and \$1.00.

To Let.

TO CORRESPONDENTS.

All communications for this paper should be accompanied by the name of the author, not necessarily for publication, but as an evidence of good faith on the part of the writer.

THE Grant tomb in Riverside Park New York, is now sufficiently advanced to be a conspicuous object from a long way up the Hudson.

MISS POWDELL, the American secretary to Lady Henry Somerset, is not related to the labor agitator. She is a New England woman, with a college education, whose talents and abilities are many.

THERE is a possibility that foreign nations may lay an embargo upon Chicago canned meats on account of the growing horse meat industry in that city.

It appears from the volume of the eleventh census devoted to churches that the proportion of church members or communicants to the whole population is larger in the cities than among the rural population.

MISS BELLE DOUGLAS, who was admitted to the bar in Chicago the other day, takes a rosy view of the prospects the legal profession offers to women.

It is expected that the observatory on the top of Mount Blanc, whose erection is being conducted under the supervision of the famous French astronomer, M. Janssen, will be finished in the course of the present summer.

It is said that the Nicaragua canal commissioners will report that a canal is feasible and would prove of incalculable benefit to the United States; but they will place its probable cost at not less than \$120,000,000, which is double the cost named originally by the company.

LUNACY is on the increase in England, according to the report of the British commissioners on lunacy, issued recently. The total number of lunatics, idiots and persons of unsound mind was, on January 1, of this year, 94,081, an increase of 2,014 over the number for the preceding year.

A ROPE of Cradock's improved crucible steel, an inch in diameter, after 14 years' constant use, during which it was never repaired, though it has hauled 1,500,000 tons, has been taken out of a Nottingham colliery; another steel rope, 3,400 yards long and 2 3/4 inches in circumference, was continuously used in a Sheffield colliery for 11 years and 8 months; a third rope, 392 yards long and 5 inches round, was used on the under side of a drum, near Barnsley, for three years and 10 months, lifting 735,679 tons of coal in that time.

VALUABLE experiments have recently been made at Sibley college, Cornell university, to determine the relative efficiency of the old-fashioned cut nail and wire nail, now in general use. The tests were made very carefully with a testing machine. It was found that it used up much more force to drive the cut nail, and somewhat less to pull it out; so that the wire nail is by far more efficient.

THE engagement is announced of Capt. Sadi-Carnot, eldest son of the murdered French president, to Miss Lazard, daughter of the New York banker of that name. Although the bride is reported to be a great heiress, yet the match can not be considered as open to the objection that exists with regard to most of these international unions, since Capt. Carnot will, on the death of his mother, have an income of at least \$10,000 or \$15,000 of his own, which is quite a handsome competence in this country for a man of such quiet tastes as this young officer.

RALLY IN BOSTON.

Twenty-Sixth Triennial Conclave of Knights Templar.

Many Thousands March in the Big Parade - Annual Address of Grand Commander McCurdy - New Officers Elected.

Boston, Aug. 29.—Seven hundred and fifty thousand people saw the parade of over 25,000 Sir Knights Templar Tuesday and with one accord pronounced it the grandest pageant ever witnessed in Boston.

Thirteen Divisions to the Parade. The lines of the parade were formed in thirteen divisions in a column of double sections. At 9 o'clock the commanderies of the first division began to gather on the south side of Commonwealth avenue, near Berkeley street; at about the same hour the other divisions began to take up their positions in the avenue of the Back Bay district.

As the great body of knights moved down Commonwealth avenue the spectacle was an inspiring one. The music of 100 bands and the applause of thousands of people filled the air; gayly bedecked horses pranced at the head of each division, while the contrast of the dignified black cloth of the uniforms, the waving of the rich plumes and the silver and gold emblems which are conspicuous in the templar uniform, combined to present a scene that was pleasing and impressive.

The first division reached the reviewing stand at the end of the route at 1:06. The sinking sun shone through

GRAND MASTER SIR W. LA RUE THOMAS.

The dials of the clock on the Quincy tower, marking 5:33, as the end of the thirteenth and last division reached the reviewing stand.

Grand Commander's Address. The grand commander met in the afternoon at the Masonic temple, and Grand Commander McCurdy delivered his annual address, which was in part as follows:

"In the name of a noble and chivalrous ancestry I bid you welcome to the twenty-sixth triennial convocation of our magnificent order. I bring you glad tidings of peace and prosperity from all parts of the templar kingdom—tidings of a largely increased membership, more devotion to masonic life, greater enthusiasm in our work, an ever-deepening loyalty to the sublime principles of templar freemasonry.

"We have, sir knights, a noble order of historic names; we have a record of growth of which we may be justly proud. In 1810, when this grand body was formed, there were only eight commanderies—or encampments, as they were then called—only 500 knights templar in the United States. Now we have a membership of 110,000—forty grand commanderies, and under the immediate jurisdiction of the grand body thirty subordinate commanderies. Our asylums are erected in every state and territory save Alaska. And this grand encampment has also established an asylum and erected a temple and shrine in Honolulu, Sandwich Islands.

"Surely our order has not yet reached the fullness of its glory and helpfulness, and its course must continue upward and onward in fellowship and harmony with the age and the lofty principles of Him whom we all acknowledge as our Lord and Master, Immanuel—God with us. We are called to be knights—not of the old, but of the new chivalry. The essence of this chivalry is to care for the aged and the infirm, the poor, the tired man in the shop, the overworked woman in the kitchen—these are our little ones, these all challenge our chivalry. To rescue manhood and womanhood from their graves; honor, virtue and chivalry from their sepulcher—this is the duty-call of the modern knight—a work far nobler than that which summoned our ancient fraters to battlefields or toilsome journeys."

Grand Recorder's Report. The report of the grand recorder, William B. Isaacs, Jr., shows that there are 961 regular commanderies, and 39 under the jurisdiction of the grand body. The membership of the former is 103,541 and of the latter 3,119. The increase since 1892 is: Commanderies, 37; membership, 3,979. Since the last convocation there have been knighted 20,748; admitted, 3,571; restored, 378; deceased, 4,228; dimitted, 5,957; suspended, 4,504; expelled, 103.

at Masonic temple; the grand competitive drill of the crack commanderies of the United States, Columbia of Washington, D. C.; Apollo commandery drill corps of Troy, N. Y.; the "Little Commandery" from the Masonic widows and orphans' home of Louisville, Ky.; St. Bernard of Chicago; Minneapolis Knights of Templar drum corps, and Detroit, of Detroit, Mich., was held at the South end base ball grounds.

Eminent Sir Thomas Elected. Boston, Aug. 31.—The third session of the twenty-sixth triennial convocation of the Knights Templar opened at the Masonic temple Thursday morning.

It was voted to suspend the reading of the records of Wednesday's proceedings, and on suggestion of Very Eminent Sir Henry W. Rugg it was decided to vote for grand master by roll call, first calling the grand encampment and then the states in alphabetical order.

The first ballot was as follows: Whole number, 301; necessary for choice, 151; Eminent Sir La Rue Thomas, of Maryland, Ky., received 297; Eminent Sir Samuel C. Lawrence, of Boston, 1; Eminent Sir Hugh McCurdy, 2; Eminent Sir R. H. Lloyd, of San Francisco, 1.

Sir Hugh McCurdy, in a complimentary address, announced his successor amid great demonstrations of enthusiasm. Sir Knight Thomas replied in a speech expressing his deep sensibility of the honor conferred upon him.

Pittsburgh in October, '98. While the ballots for the deputy grand master were being collected, the committee on time and place for the next meeting reported in favor of Pittsburgh as the place, and recommended the second Tuesday in October, 1898, as the time. The recommendations were unanimously adopted.

The voting for deputy grand master resulted in the election of Eminent Sir Knight Reuben H. Lloyd, now grand generalissimo. Sir Knight Lloyd responded in a brief but earnest speech. He said he should consider the honor more a tribute to the Pacific slope than to himself.

Other officers elected before adjournment were: Grand generalissimo, Eminent Sir Henry R. Stoddard, of Texas; grand captain general, Very Eminent Sir George M. Moulton, of Illinois; grand senior warden, Very Eminent Sir Henry W. Rugg, of Massachusetts and Rhode Island; grand junior warden, Very Eminent Sir William B. Melish, of Ohio.

Sir W. H. Mayo, of St. Louis, was elected grand recorder. Grand Treasurer H. Wales Lines, of Meriden, Conn., was unanimously reelected.

A GREAT PLAN. A Commendable Educational Project Contemplated by the Knights Templar. Boston, Aug. 31.—In their pursuit of methods for putting into practical effect the principles of their order—fraternity, fidelity, charity—some of the prominent members of the Knights Templar are developing a project which, if realized according to the ideas of its originators, will prove to be one of the grandest and most commendable outgrowths of the closing years of this century.

National University. They are planning the establishment of a great national university for both sexes, to be controlled by and in the interest of all masons, with a permanent endowment of not less than \$50,000,000, at which the children of all master masons, whatever their means, can secure a complete education from the age of 10 years and upwards, along any line of instruction which they may desire.

The location agreed upon for the institution is a beautiful tract of elevated land on the Ohio river, near the West Virginia line, facing the river for 3 miles. The projectors anticipate no difficulty in securing the necessary endowment, in fact, they assert that the idea has met with such an enthusiastic reception from all knights that have been consulted, that four times the amount necessary could be secured. The following is an outline of the scheme:

The Plan Outlined. It contemplates the erection of a sufficient number of fireproof university buildings to accommodate 10,000 students, specially designed for the purpose and equipped with every facility and appliance known to be of use or desirable for the pleasure, exercise or education of the same, including its own electric plant, water works, etc.; its establishment and maintenance under the most competent instructors to be secured, of a preparatory, or academic department, of departments of liberal arts, law, medicine, science, theology and technology, industrial school, thus being a true university, in which the student can secure an education and training along any line which he may desire to pursue. While the child of no living or dead master-mason will be refused admission to the institution on account of lack of means, it will be in no sense a home or charitable institution, but is expected to be self-supporting after the first construction from tuition fees, the products of the industrial workshop and other revenues.

Homeward Bound. Boston, Sept. 2.—The triennial convocation of the Knights Templar closed Friday. The exodus of the knights has begun, and many are leaving the city for their homes. Knights were seen marching through the street as on Saturday, Sunday and Monday, but with their faces turned toward the railway stations. The music also was suggestive of departure, the bands playing such airs as "Farewell," "The Girl I Left Behind Me," "Say Au Revoir and Not Good-bye."

the business session the new grand officers were installed.

Four warships of the North Atlantic Squadron, comprising the flagship New York, the Minneapolis, the Raleigh and the Montgomery, dropped anchor in the inner harbor at 7:30 Friday morning. The arrival of the squadron was announced by the booming of thirteen guns from the navy yard, the regulation salute to the admiral of the fleet, which was answered by eleven guns from the flagship.

H. H. HOLMES AGAIN.

Remains of Howard Pitzel Found—Allen's Alleged Confession. INDIANAPOLIS, Ind., Aug. 30. Tuesday night three large charred chunks were found in the chimney of the house in Irvington, where Holmes is supposed to have murdered Howard Pitzel. Wednesday morning examinations showed that one was a human liver, part of the intestines, stomach and spine of a human being. Another was the base of a skull with three vertebrae attached to the larynx and dried-up brains. The third was a part of the pelvis with a section of the thigh bone attached. The doctors were only able to distinguish these after the charred flesh had been scraped away. A bunch of black hair corresponding to that of the murdered lad was dug from the dirt of the cellar Wednesday morning.

INDIANAPOLIS, Ind., Aug. 30.—The county coroner and the police went to Irvington Wednesday to get together all of the remains of the Pitzel body, and to collect the mass of evidence that is developing against H. H. Holmes. A complete circumstantial case is possible, the detectives believe, and they are preparing to advise, that Holmes be tried in this county.

NEW YORK, Aug. 3.—A Herald special from Little Rock, Ark., says: J. C. Allen, alias Caldwell, the horse thief now serving a ten-year sentence in the penitentiary here, has made a statement to Warden Moore regarding his knowledge of H. H. Holmes and his operations.

In the course of his statement he said he had met Holmes in Tennessee in 1892 and traveled around with him a good deal. He says he met Pitzel in Chicago later and Minnie Williams, who was living with Holmes as his wife, at a meeting of Allen, Holmes, Pitzel and Minnie Williams in St. Joseph, Mo. It was there that the Fort Worth property was transferred to Holmes by Minnie Williams, the deal being made with the distinct understanding that it was a swindling operation. The property was decided to Allen and afterwards transferred to Pitzel. Allen has not seen Minnie Williams since the meeting at St. Joseph, and he thinks she went to India, as he saw letters from her and knows that Holmes sent \$1,600 to her there.

Referring to the "castle," Allen says: "It was erected for a death trap, for I heard Holmes and Quinlan talk about putting people out of the way. A stranger to the city during the world's fair was decoyed into that 'castle' and murdered for his money. He did not have as much money as Holmes thought—only \$3,700. A bright little boy was enticed into the 'castle' during the fair and held in a room for five days for a reward for his recovery. No reward being offered they were afraid to turn him out, and the gas was turned into his room at night and he was suffocated. I could mention other cases of crime committed in the 'castle' and discussed in my presence by Holmes and Quinlan, but these are sufficient, except one, and that was that of Annie Williams.

"Holmes and Quinlan coolly discussed the manner of her murder to me. Holmes' version was that she was knocked in the head with a stool by Minnie Williams, and then given some drug by Holmes to make her die easy. The cause of her killing, as explained by Holmes, was that one of the girls must be put out of the way, and that he could manage Minnie easier than he could Annie.

"Quinlan is equally guilty with Holmes in taking human life—Holmes doing the planning and Quinlan the execution, Quinlan's wife knowing all of their work of this kind.

"I will state here that Pitzel's wife, I am thoroughly convinced, knew of the murder of her husband and children. Holmes and she were very confidential, and she knew what was going on. I know that Minnie Williams was alive when Holmes was arrested for his crimes, and if dead she has died since then. If not dead in the last few months, she can be found if those most interested will pay for the knowledge of her whereabouts and return."

Allen says that, to his knowledge, Holmes only got \$1,600 for mortgaging the Minnie Williams property in Fort Worth. It was in Pitzel's name, and the papers being defective, he could not get the \$16,000 he was figuring on.

THE VERDICT.

Six Men Held Responsible for the Ireland Building Disaster. NEW YORK, Aug. 31.—The jury in the Ireland building disaster inquest came in at 6:16 o'clock Thursday afternoon and held the following men responsible for the death of those who were killed in the collapse of the Ireland building at West Broadway and West Third streets: John Parker, Thomas Walker, C. R. Behrens, Thomas Murray, E. J. Youdale and Dennis A. Buckley. Joseph Guider and John E. Selleck were exonerated by the jury. The collapse, the jury says, was caused by insufficient foundation and that the middle column was weakened by being above the old cistern. The ironwork of the old building was defective.

Regained His Laurels. NEW YORK, Aug. 30.—Twelve thousand persons saw Robert J. regain at Fleetwood park Thursday the laurels that he lost at Cleveland one month ago when Joe Patchen beat him in one of the most sensational harness races on record.

THE PEST SPREADS.

Cholera Outbreak in Japan, China and Hawaii.

WASHINGTON, Sept. 2.—A dispatch received at the state department Saturday from Mr. Cooper, United States Dispatch agent at San Francisco, confirms the news that cholera had broken out at Honolulu. Mr. Cooper's telegram says that the steamer Monowai received the news from Mr. Ellis Mills, United States consul general in the Hawaiian islands, who met the vessel in an open boat and warned her off. Mr. Mills said there had been eight deaths among natives and Chinese and added: "There is no alarm and every precaution is being taken."

SAN FRANCISCO, Sept. 2.—The news brought by the Monowai of the breaking out of cholera in Honolulu does not alarm the health officers. "I do not apprehend any danger from the spreading of the disease in this port," said Dr. Chalmers, "for every precaution will be taken to prevent it from gaining a foothold. The quarantine regulations are strict enough, if carried out and all vessels arriving from Honolulu would be submitted to the closest inspection."

This is said to be the first time cholera has been known in the Hawaiian Islands.

SAN FRANCISCO, Sept. 2.—The steamship Coaty arrived Saturday from Yokohama and Hong Kong, bringing the news, under date of August 18, that the Asiatic plague has broken out in Kobe, Japan, and that the crew of the Italian cruiser Umbria have suffered from it. Some of her seamen died of the disease and were reported on board. A number of the crew of a Japanese warship have been laid low with the disease. The crew of the Matsushima Kan was also attacked while at Kie Lung. She returned to quarantine at Nagasaki July 31. The Ninawa Kan has been made temporary flagship.

Many cases of the plague are reported at Hong Kong. None of the American fleet of war vessels, among which are the Baltimore, Concord, Charleston, Machias and Detroit, which have been stationed in these waters, are infected owing to the precautions taken by the officers in refusing to grant shore leaves to the crews upon the first indication of the disease. All the ships have now left that locality, but no information has been received as to their whereabouts further than the fact that the Baltimore sailed for San Francisco August 18. The entire fleet stationed at Chee Foo, on the northern coast of China, is infected and deaths are being reported daily. The Zabaika, a corvette, has thirty cases on board, while the Bohr reported twenty. Every effort is being made to confine the plague to the ships in the harbor, but fears are entertained that already it has gained a foothold on the mainland too strong to check.

VIENNA, Sept. 2.—The Abend Post says that cholera is spreading rapidly and has appeared in almost every village in the government of Volhynia, Russia. The peasants are taking refuge in the woods and the burial of the dead is made in common graves without funeral rites. No records are being kept of the cases. The disease is most virulent at Semroff.

ST. PETERSBURG, Sept. 2.—An official report that has just been issued shows that there were 2,025 cases of cholera and 118 deaths from the disease in the government of Volhynia between July 11 and August 11.

LONDON, Sept. 2.—There has been a death from cholera at Grimsby, a seaport in Lincolnshire, and the authorities have been notified of the existence of another supposed case of the disease.

DEATH OF A NOTED INDIAN.

Gen. Ely Samuel Parker, Who Was Once Gen. Grant's Secretary. BRIDGEPORT, Conn., Sept. 2.—Gen. Ely Samuel Parker, the famous full-blooded Indian who was Grant's private secretary during the war and later commissioner of Indian affairs, died suddenly Friday night at the residence in Fairfield of Arthur Brown, where he came from New York Friday.

(Gen. Parker was born on the Towanda reservation in New York in 1820, was chief of the Seneca tribe and king of the Six Nations. He lived for a time in Galena, Ill., where he was a friend of Gen. Grant. Gen. Parker received a commission as captain in the United States army from President Lincoln and joined Grant at Vicksburg in 1862, where he was made a member of the general's staff, with the rank of colonel. He wrote the famous surrender of Lee at Appomattox in 1865. Grant made him a brigadier general and when he became president he appointed him commissioner of Indian affairs, which place he held until 1871. For several years he had been superintendent and architect of police stations in New York city. Gen. Parker married Miss Minnie Sackett, of Washington, D. C., in 1867. President Grant attended the marriage ceremony and gave the bride away.)

THE IRISH CONVENTION.

Substance of the Call Issued from Chicago. CHICAGO, Sept. 2.—The official call for the convention of the "new Irish movement," to be held here September 24, was issued Saturday from the headquarters of the executive committee here. The call declares that parliamentary agitation has failed utterly to accomplish home rule for Ireland, and it is the purpose of the convention to devise other methods. All Irish-American organizations which favor the independence of Ireland are declared eligible for membership in the convention, one delegate for every fifty members and one additional for any fraction over fifty.

EARTH TREMBLES.

Cities in the East Experience Several Shocks.

PHILADELPHIA, Sept. 2.—A distinctly perceptible earthquake shock was felt here Sunday morning about 6 o'clock.

PHILADELPHIA, Sept. 2.—A distinctly perceptible earthquake shock was felt here Sunday morning about 6 o'clock. The vibration did not last longer than a second or so, but it was severe enough to awaken people from sleep.

Buildings perceptibly swayed, windows clattered and banged and clocks and pictures toppled from their places. The shock was most severely felt in the suburban districts, and in one part of George's hill, in Fairmount park, a fissure was opened.

At the zoological gardens the vibration was clearly perceptible, but the excitement which followed among the animals continued for a good while after the seismic disturbances.

At the zoological gardens the vibration was clearly perceptible, but the excitement which followed among the animals continued for a good while after the seismic disturbances.

SEDAN DAY.

Appropriate Observance of the Close of the Franco-Prussian War.

BERLIN, Sept. 2.—The inaugural ceremonies of the observance of the twenty-fifth anniversary of the battle of Sedan, the final engagement of the Franco-Prussian war, were celebrated Sunday.

At 10 o'clock the bells of the new church and of all the Protestant churches of Berlin, Charlottenberg, Schöneberg and Wilmersdorf began ringing. At 10:15 the Kaiser and Kaiserin, the grand duke and grand duchess of Baden, and the king of Saxony arrived with an escort of body guards in front of the church.

The procession then entered the church headed by the Kaiser. The grand duchess of Baden and the empress followed the emperor and then came the princess. The colors of the regiments to which the royalties belonged were placed on the right and left of the altar.

After the ceremonies at the church the emperor, empress and the rest of the royal party, preceded by Herr Von Wedel, left the church by the center aisle. As they reached the steps leading from the edifice they stopped while the bells rang.

BERLIN, Sept. 2.—Dispatches received here show that almost everywhere in Germany the twenty-fifth anniversary of the capture of Sedan by the French by the forces led by King William, afterward Emperor William I, the crown prince of Prussia, afterward Emperor Frederick and the crown prince of Saxony, was celebrated with much enthusiasm.

CHICAGO, Sept. 2.—The twenty-fifth anniversary of the battle of Sedan was celebrated Sunday in Ogden's grove by the German veterans of that noted engagement of the Franco-Prussian war who reside in this city.

ST. LOUIS, Sept. 2.—Sedan day was appropriately celebrated by the Germans of this city. All the German military societies of the city and those of adjacent towns in Missouri and Illinois united in a parade at 3 o'clock p. m. to Concordia park, where thousands of people had assembled when the marchers arrived.

PARIS, Sept. 2.—The town of Sedan observed the anniversary of its capture by the Germans in 1870. The churches were draped in black and the municipal council and many of the soldiers and civilians attended the services in memory of those who lost their lives in defense of the town.

CHICAGO, Sept. 2.—While bathing in the lake at the foot of Wilson avenue at 6 o'clock Sunday evening, William Klein dived from the pier into the shallow water, breaking his neck. He died instantly. His body was taken to his home.

To a Loved Woman. Had I but spoken when first fields were green And the young rose unveiled her velvet cheek.

Had I but spoken in the face of fate When you were fain to leave me—conquered pride.

Had I but spoken then and bid you stay You would have yielded—ah, the chance was lost.

Skinner Sufferers Saved. Tobacco users as a rule are away below normal weight because tobacco destroys digestion and causes nerve irritation that saps brain power and vitality.

Olds and Ends.

Up-to-date fathers with charming daughters must needs learn to ride the bicycle. The young people have discovered the advantages of the wheel as an accessory to the elopement act, and the father on horseback, unless he owns a racer, is "not in it."

It is said that bread destroys the smell of onions, and if water with a piece of bread in it be boiled in a pan smelling of onions it will thoroughly clean it. The water should be allowed to boil for about an hour, then be emptied out and the pan well dried.

John Wanamaker keeps adding to his life insurance, that has now reached an imposing total of \$2,000,000. When he shall take to his deathbed, among other consolations it will be his to know that he will be mourned by the insurance companies anyway.

A hacking cough keeps the bronchial tubes in a state of constant irritation, which, if not speedily removed, may lead to chronic bronchitis. No prompt remedy can be found than Ayer's Cherry Pectoral. Its effect is immediate and the result permanent.

It is said that a girl has invented a lamp that will go out at exactly ten o'clock. Now if she will invent a papa that will go to bed at nine, a dog without teeth, and a little brother that is deaf and dumb, there is no doubt that the course of true love will eventually run smooth.

Whether you fight or work, don't make much fuss. The hen cackles after she has laid the egg. The noise and sizzle of the locomotive are not force. All force is silent. The heehaw of the mule may startle you, but it is not near so dangerous as his hind legs. Bear in mind that it is the empty wagon that rattles when in motion. The noise of the drum is due to the fact that there is nothing in it. Remember that you can't startle the world by jumping up and hallooing "booh!" Thought is the greatest motive power, and don't you fall into the mistake of believing otherwise.

A writer on shoes predicts that the razor tip shoe will not remain in favor much longer. Already the toes are a trifle squarer, and sensible women, of whom it seems there are not a few, select square toes and flat heels for tramps in the country or wearisome shopping expeditions. The French heel and pointed toe yet remain prime favorites for the ballroom, for opera and for ordinary evening wear, and looking at the wonderfully pretty combinations of cloth and leather, silk and lisle thread displayed in the way of footwear, one concludes that shoes and stockings are no small item in the summer girl's outfit.

Say or think what you like of the "new woman," but the woman who works at whatever her hands find to do is gaining on it in the matter of numbers. The government is just getting out the figures collected in 1890 on that subject, and in 1890 there were in the country 219 women miners, 23 women woodchoppers, 30 women quarrymen and 58 women blacksmiths. These figures are under rather than over the true number when collected, and have been increased since 1890. Include as "woodchoppers" the women who split kindling for their morning fires, and the number would count several thousands.

Every town has a few young men whom it could not well spare. They are fairly well dressed, not actively wicked, but negatively good. They seem to have been born asleep and never to have awakened. They lack the energy to be aggressively bad. They get up late in the morning and eat a breakfast procured through the efforts of others—languidly come down town, and sliding into some business house or barber shop, sponge the blacking and summon up enough energy to blacken their shoes. They spend the morning loafing around stores and shops, monopolizing the proprietor's chair, reading his daily paper, gabbling and keeping others idle to listen, putting themselves in the way, or sitting in the doorway obstructing the passage to would-be customers. At noon they slip home and eat a dinner obtained through the labor of someone else. This through, they resume the routine day after day this goes on. Why they can't be spared is because of their superior knowledge and wisdom. If some morning the town should wake up and find these men gone there would be a mourning deep and loud. Let the topic be what it may—law, theology, science, philosophy, base ball or anything within the range of human investigation, they stand ready to elucidate it. Their absence for 24 hours would throw the local pundits into a labyrinthine maze. Don't leave, boys—and of all things, don't go to work. The public couldn't survive witnessing your degradation. Brush up your threadbare clothes, stand the barber off for a shave and hair-cut and keep up the family credit by avoiding labor.

A Dictionary of Discontent.

Here is a set of questions and definitions taken from the London Truth that truthfully express the meaning of discontent, as viewed by different people. To these we would add that discontent is what robs life of much of its pleasure:

- What is creation? A failure.
- What is life? A bore.
- What is man? A fraud.
- What is woman? Both a fraud and a bore.
- What is beauty? A deception.
- What is love? A disease.
- What is marriage? A mistake.
- What is a wife? A trial.
- What is a child? A nuisance.
- What is the devil? A fiend.
- What is good? Hypocrisy.
- What is evil? Detection.
- What is wisdom? Selfishness.
- What is happiness? A delusion.
- What is friendship? Humbug.
- What is generosity? Imbecility.
- What is money? Everything.
- What is everything? Nothing.
- Were we perhaps not happier when we were monkeys?

Which is worse, imprisonment for life or a life-long disease, like scrofula, for example. The former certainly would be preferable were it not that Ayer's Sarsaparilla can always come to the rescue and give the poor sufferer health, strength and happiness.

Signs of the Moon.

If a black mist occur in the new moon there will be rain in the old, and vice versa. The new moon not appearing until the fourth day of her course is said to presage a wet month.

A Spanish proverb says: "The moon with a circle brings water in her beak." Another Spanish maxim declares that "the circle of the moon never filled a pond, but the circle of the sun wets a shepherd."

The appearance of the moon "on her back," that is, with the horns pointing upward, is looked upon as a sign of fine weather. In this position she is said to hold the water that is imagined to be in her.

English farmers were taught in earlier times to believe that if the weather on the sixth day of the new moon is like that of the fourth or of the fifth day it will be the same nine times out of twelve in the first case and eleven times out of twelve in the second throughout the month. Modern scientists have demonstrated the fallacy of this belief, and yet the majority of the weather charts appearing in various almanacs are based on this principle.

Did You Ever.

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have Loss of Appetite, Constipation, Headache, Fainting Spells or are Nervous, Sleepless, Excitable, Melancholy or troubled with Dizzy Spells, Electric Bitters is the medicine you need. SINFUL HABITS IN YOUTH
LATER EXCESSES IN MANHOOD
MAKE NERVOUS, DISEASED MEN
THE RESULT of ignorance and folly in youth, overexertion of mind and body, induced by lust and exposure are constantly weakening the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life—the farm, the office, the workshop, the pulpit, the trades and the professions.

RESTORED TO MANHOOD BY DRS. K. & K.
Wm. A. WALKER, Wm. A. WALKER, MRS. CHAS. FERRY, CHAS. FERRY.

BEFORE TREATMENT AFTER TREATMENT

NO NAMES OR TESTIMONIALS USED WITHOUT WRITTEN CONSENT.

SYPHILIS EMISSIONS STRICTURE CURED
Wm. A. Walker of 16th Street says: "I have suffered untold agonies for my 'my life.' I was ignorant when young and ignorant. As 'One of the Boys' I contracted Syphilis and other Private Diseases. I had ulcers in the mouth and throat, bone pains, hair loss, pimples on face, finger nails came off, emissions, became thin and dependent. Seven doctors treated me with Mercury, Potash, etc. They helped me, but could not cure me. Finally a friend induced me to try Dr. Kennedy & Kergan. Your New Method Treatment cured me in a few weeks. My treatment is wonderful. You feel yourself gaining every day. I have never heard of their failing to cure in a single case."

CURES GUARANTEED OR MONEY REFUNDED
Capt. Chas. Ferry says: "I owe my life to Drs. K. & K. At 14 I learned a bad habit. At 21 I had all the symptoms of Nervous Weakness and Spermatorrhoea. Emissions were draining and weakening my vitality. I married and under advice of my family doctor, but it was a long and expensive. In eighteen months we were divorced. I then consulted Dr. K. & K., who restored me to manhood by their New Method Treatment. I felt a new life thrill through my nerves. We were united again and are happy. This was six years ago. Drs. K. & K. are specialists and I heartily recommend them."

IMPOTENCY VARICOCELE EMISSIONS CURED
Wm. A. Walker of 16th Street says: "I have suffered untold agonies for my 'my life.' I was ignorant when young and ignorant. As 'One of the Boys' I contracted Syphilis and other Private Diseases. I had ulcers in the mouth and throat, bone pains, hair loss, pimples on face, finger nails came off, emissions, became thin and dependent. Seven doctors treated me with Mercury, Potash, etc. They helped me, but could not cure me. Finally a friend induced me to try Dr. Kennedy & Kergan. Your New Method Treatment cured me in a few weeks. My treatment is wonderful. You feel yourself gaining every day. I have never heard of their failing to cure in a single case."
