A PLEASANT OCCASION

The Knights of Pythias held their Annual Banquet Tuesday Night. The Knights of Pythias of this place did a splendid job of fellows, and when they started out to do a thing they carry out all of their plans just as they are laid down in the program. Tuesday evening they gave their second annual banquet, and about seventy five people sat down to the table where they discussed the following menu:

Salted Almonds	Escaloped Oysters
Peas	Chicken
Boiled Ham	Veal Loaf
Porked Tongue	
Pickles	Olives
Cherries	Sticks
Apples	Custard
Angel Food	Chocolate
Compliments	Bibb's
Oranges	Bonbons

After driving the waters nearly frantic with their many appeals, the Oliver Trust for more, Treasurer Hiram Hildreth tapped for order and the following program was carried out:

TOWNSHIP MONIES

The law requires that an itemized statement be made.

An act of the last legislature, in the observance of which the people of the State generally should be greatly interested, will soon have to be complied with in every township in the state.

This act provides that each township board shall cause to be published, immediately upon the settlement of the board, an itemized statement of the amount of money in each township fund at the beginning of the year, the amount and source of all money placed to the credit of the township during the year, and the fund to which it was credited, all bills audited and allowed by the board, all disbursements of money made by the board and for what purpose and from what fund paid, all outstanding and unpaid claims and to what fund charged, the balance remaining to the credit of the township, specifying the balance in each fund.

The law requires that this itemized statement shall be either written or printed and distributed to all members not less than five nor more than fifty, and also to the township, such posting and distributing to be made at the polls of every township meeting, on opening of the polls. A severe penalty for violation of the law is provided.

This will be the first time that the taxpayers of the various townships have ever been furnished with this information.

Crop Report.

There was very little precipitation in December until about the 12th of the month. The average depth of snow on 15 was in the southern counties 1.51 inches, in the central 1.81 inches, and in the northern counties and the upper peninsula from 2 to 12 inches. Soon after the 15 snow fell generally throughout the state, and on the 21 the average depth in the southern counties was 7.89 inches, and north of this section from 14 to 21 inches.

The prevailing opinion of correspondents is that what has not been damaged. In reply to the question: Has wheat during January suffered injury from any cause? 7 correspondents in the southern counties answer yes, and 23 no; in the central counties 20 correspondents answer yes, 115 no, and in the northern counties 1 answer yes, and 72 no.

The total number of bushels of wheat reported marketed by farmers in January is 1,229,420, and in the same month, August, 1,024,384. The amount marketed in the six months, August-January, is more than two-fifths of the crop of 1897, and 1,205,619 bushels more than reported marketed in the same months last year.

At 75 elevators, stations and mills from which reports have been received there was no wheat marketed during January. I see stock throughout the state in good condition.

The New England Supper at the home of M. B. Milpau was in every way a grand success. Notwithstanding the bad roads the spacious dwelling was filled to overflowing. The scene carried the old back to their youthful days and furnished amusement for the young as they gazed upon the old fashioned lighting material, the yellow candle, with which some of the rooms were lighted. The museum presented many structures which were enjoyed by all present, some of the articles dating back nearly two hundred years. Mr. Foster and Mrs. Craig representing the local and Lady Washington dressed in full costume well deserve the many compliments paid them. The Ladies Aid Society, twenty-five in number, were clad in

costumes appropriate for the occasion. When the supper hour arrived the room was soon filled and all seemed to relish the old time dainties especially the apple "sauce" and pumpkin pie. Severely-dressed supper and the receipts were \$60.00.

It is said the Whitney Brothers of the Company of Milan have for a long time been experimenting with sugar beets and have produced a fine grade of beet-ropes. A member of the firm visited Toledo, and as their product was considered to be the very best, contracted for all of next season's output. Members of the firm have been visiting the farmers of Milan and vicinity and have contracted for their season's crop of sugar beets.

The Mineral Bath house is beginning to draw patients from a distance. Last week several persons from other states came to take the bath, and this week new patrons are arriving. One of the patients with whom were speaking, was much pleased with the results in his case, and there is no doubt of the efficiency of the water to keep. Consequently people will soon be coming from all over the country. The bath house is sure to be a success, and the success means much to Ypsilanti. Ypsilanti Commercial.

We sometimes wonder if the names people we have here sound so queer others as the names of people in their localities appear to us. Here are a few of the queer names we found in exchanging this week: Longprey, Winderheller, Wagonback, Olenhacker, Sparkman, Wetterhoff, Schwab, Finck, Leudheimer, Hattenbury, Milau Lender. Well you have a few.

They are just the kind of names that last week's Leader, Stoughton, Miss Trip, Marble, Truettell, Alderman, Snowball, Nelson, Lockie, Lankin, Vocches, Henson, Juckett, Crutchen, Valmet, Cheesman, Millage and Pallen.

Dexter missed a sensation one day last week. A conductor of a freight train reported that a man had fallen from his train about a mile east of the depot and judging from the ghastly expression on his face as he lay on the ground thought he must have been killed. An engine was run back to the scene of the accident, and you can judge of the looks of astonishment that appeared on the faces of the men when they discovered a drunken man lying in the middle of the track. He was not injured by his fall, but he could not explain how he came there. All he knew was that he got onto the train at Ann Arbor. He was taken before a justice and sentenced to fifteen days in the county jail.

The fire bell was rung last Thursday to call on citizens to hunt for a lost child. The little one had wandered away from home and after traveling nearly two miles, stopped at a house where the people took it in. Ann Arbor Register.

A band of young boys from 8 to 11 years old, broke into Huntzler's cigar store, White's restaurant, and Hines & Sauter's grocery, last Friday and Saturday nights. At the latter place they secured some \$4 in liquor, and at the other places they took but little that in goods. Two boys, Willie K. J., 12 years old, and Henry G. K., 10 years old, were arrested by Officer Sweet, and confessed their guilt. Krug was the leader evidently, and he was taken before Justice Duffy and sent to the reform school until 18 years of age. Gola was let go, the officers believing that the lesson was sufficient to reform him. Other boys implicated have not been complained of yet. Ann Arbor Courier.

Never Too Late.

Against the probability or possibility of an accident, you can never be too sure.

Against the probability or possibility of an accident, you can never be too sure. If we should stop to consider how great is the chance of sudden death, we would be made to think and ponder. Caution is needed, not to be foolishly, and prevention to know what to do when an accident happens. One day I saw two men were walking and one said: "We're too late in getting on a bicycle. I'm afraid and never think of it. Never too late, and so escape a fall." "Never too late," said the other: "It is that, then, that you off with the best of the fall. The best of the fall is that you are never too late. The best of the fall is that you are never too late."

AN OPEN LETTER

TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "PITCHER'S CASTORIA," AND "PITCHER'S CASTORIA" AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of Dr. H. Pitcher.

This is the original "PITCHER'S CASTORIA," which has been used in the homes of the mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought.

It has the signature of Dr. H. Pitcher on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

March 8, 1897.

Do Not Be Deceived.

Do not endanger the life of your child by accepting a cheap substitute which some unscrupulous man may offer you (because he makes a few pennies on it), the ingredients of which even he does not know.

"The Kind You Have Always Bought"

BEARS THE FAC-SIMILE SIGNATURE OF

Dr. H. Pitcher.

The Kind That Never Failed You.

Elbow-grease

(with a little soap) used to be the thing to clean house with. Now-days it's Pearlina. Pearlina is easier and quicker and better than elbow-grease.

One reason why millions of women prefer Pearlina, rather than anything else in cleaning house, is that it saves the paint and woodwork. But the principal reason, of course, is that it saves so much work.

Butlers and some unscrupulous greasers will tell you, "This is as good as," or "the same as Pearlina." IT'S NOT! Pearlina is never polluted if your greaser tells you an imitation, be honest—and it's back.
