CHILDREN OF THE TRAINING SCHOOL.

This Dexter meeting was a splendid success, and the interest shown has urged us to still greater effort. Never before have we had such a thoroughly practical program placed within our reach.

How frequently we say to ourselves, "How I wish I could see others do actual school room work." Now, here is our opportunity.

Teachers adjacent to Chelsea may leave for Ypsilanti at 7 A. M., Dexter at 7:15 and Delhi at 7:30. Teachers from Manchester, Sailing and Milan will, of necessity, leave home Friday evening, if train services employed. Teachers from Ann Arbor and vicinity may leave for Ypsilanti on the 9 o'clock motor.

Parties of ten or more from any station can obtain reduced railroads. Dinner will be provided at a very nominal price. Make up your parties at the station. Let every township be represented by full delegations. All come, you will be well repaid.

A. D. DEWITT, B. D., President.

Weeping and Wailing.

One of the best jokes of the season was on Deputy Sheriff Lester Canfield yesterday. In the morning he stepped into the County clerk's office and announced his intention of going to Zuke Lake on the next train to attend a big supper with some other companions at one of the elub houses at that place, and putting a peculiarly long and round shaped package in his overcoat pocket, he asserted that the boys would have something to help digest their food.

A little later Canfield was called into another room for a few minutes, leaving his overcoat, in which was the package, behind.

Now County Clerk Schuch is something of a joker himself, and he knew of an old bottle filled with mudilage, like into the bottle in the package in Deputy Canfield's pocket. To think was to act so he very dexterously exchanged the two bottles, leaving the package unchanged in appearance.

It is asserted that when "Let" opened up his mudilage bottle out at Zuke Lake there was a look of consternation on his face so deep and all-prevailing that it was not yet faded out.

Of course there is mortal enmity now between the Clerk and the Sheriff's office, and orders have been issued for Co. A. M. N. G. to sleep on their arms.

Grange Meeting.

The open meeting of the Grange at Union Town Hall, February 23 was very well attended. Master of the State Grange Geo. B. Horton of Fruit Ridge was there and gave a very instructive address. Miss Flora Buell of Ann Arbor also had an excellent paper. There was plenty of good music and all had an enjoyable time.

The next regular meeting of the Ypsilanti Grange will be held at the home of Mr. and Mrs. F. H. Sweetland Thursday, March 10. The third and fourth degrees will be conferred. We hope every member will be present and on time, 10:30 a. m., as the degree work will take place before dinner.

Question for discussion, "Is it right for the legislature to make appropriations to conduct farmers' institutes?"

There was not time for the above question at the last meeting. There will also be music and recitations.

Send in Your Name.

The Alumni Association of the University of Michigan has sent out a call asking for the address of every Michigan graduate and matriculate. The Association is preparing to publish a directory

of Michigan college men. The secretary's work has been greatly hampered by the fact that the addresses of a large number of Michigan's 14,000 graduates are unknown. All those whom the secretary has on his books are requested to assist in the good work and urge their unlocated brothers to make their whereabouts known, and all Michigan graduates and matriculates are asked to send their names and addresses, class, department and degree, to the General Secretary of the Alumni Association, at Ann Arbor, as well as the names and addresses of any others they may happen to know.

A few days since one of the little girls of our village, by an innocent remark caused some little guessing. She had gone into the home of one of the neighbors and as they were speaking of different ones moving, the little girl said, "we are going to move in the spring."

The family were surprised at the remark and asked her where they were going, when she replied, "I don't know where it is, but papa says we are all going to the poorhouse."—Saline Observer.

MICHIGAN MATTERS.

NEWS OF THE WEEK CONCISELY CONDENSED.

Supreme Court Decision on a Queer Insurance Case. A. O. U. W. Adopts Graded Assessments—An Admission of Domestic Inefficiency.

Peculiar Insurance Case.

The Supreme Court decided the case of the North-western Mutual Life Insurance Company vs. Grenier et al. In 1879, Robert C. Grenier took out a policy in this company named and in 1881 he changed it to his wife, stipulating, however, that because the latter died before the policy became due, then the proceeds were to be paid to his heirs. In 1895, both Grenier and his wife were injured and died in a hotel fire. However, there being no evidence to determine whether either survived the other, claims were made by the administrators of both husband and wife, and by the father of the husband, who was his heir. The insurance company paid the amount of the policy into court. The court decided that the policy did not become due until sixty days after due notice and proof of death settled the case, and holds that Grenier's father is entitled to the money.

Unusually Assessments.

After a prolonged discussion and much opposition, the Michigan grand lodge, A. O. U. W., has adopted the so-called assessment plan for the life insurance force to subvert the level plan which has been in vogue since the order was founded. The new plan will go into immediate effect. Officers were elected Grand master, William C. Charles, of Albion; foreman, Frank A. Avenetown, of Muskegon; overseer, Wm. Cochran, of St. Johns; recorder, George Leckham, of Detroit; receiver, John C. Ellsworth, of Eowlerville; guide, Frank S. Harkington, of Detroit; watchman, Byron A. Howatt, of Maple Rapids; deputy grand master, John R. C. Hollings, of Detroit.

When she fell he had struck her several blows she escaped and ran into a neighbor's house and gave an alarm. When officers reached the house Timmerman was found seated in a chair with several slashes in his throat and his wrists. Fortunately, he had about the cutting with an old jackknife.

Cigarettes and Tobacco.

Edward Timmerman, a large oil can, was burning the same from that city to the jail at Mason to spend ten days for vagrancy, and when taking from the depot at town one of them dropped to the walk. He was carried into an office and a physician called, who pronounced the man dead. A coroner's jury rendered a verdict that Hackett came to his death from heart disease caused from excessive use of cigarettes and tobacco.

Railroads Cut on Labor.

A caucus of Michigan railroad employees by Labor Commissioner Cox showed that arrangements between railroad and express companies have displaced labor in both departments. While the railroads have reduced the number of shops has displaced many employees. The principal objection to cutting expenses has been along the line of labor.

Won by a Woman.

In the Tenth Circuit Court Clara Baker obtained a verdict for \$600 against Patrick Smith and J. W. Weston, saloonists. About a year ago Mrs. Baker warned the men not to get drunk to her husband. Baker got drunk and went home and abused his wife, breaking her leg. She brought suit for \$500 and obtained a verdict.

The German Epworth League held its monthly meeting last Thursday evening. An interesting program on the rise, growth and the present influences of the Jesuits was carried out. Country dances unlike plants bloom in winter. They find growth in the immature mind and bloom in old houses, sheds, or other deserted, dilapidated buildings. LYNCH.

Chelsea has a St. Mary's society, composed entirely of young unmarried ladies, and out of its thirteen officers there's but one Mary. However Chelsea girls are all saints, and we can prove it by every young man in the town except those who have had the mitten 30 or 40 times.

M. A. Shaver has received a check for \$1,000 from the L. O. T. M., the amount carried by Mrs. Shaver in the L. O. T. M. The money was forwarded within a short time after the proofs of death were submitted, which is a good advertisement for the promptness with which the society pays its obligations.

Circulars have been sent out from the University of Michigan to all schools of the state requesting that the spring vacation be arranged so that the dates of the next session of the Schoolmasters' Club, to be held at Ann Arbor, March 31, April 1-2, may fall within it, and thus enable all teachers who can, to attend the meetings.

The entertainment given last evening by the ladies of the Fremont avenue M. E. church in honor of the second anniversary of the dedication of the hand some church drew out a good attendance. The program was published in The Tribune was carried out in full. The address by J. I. Nickerson of Chelsea, was very fine and interesting. He paid a high compliment to the members of the church for the heroic efforts they had made in building a house of worship that will be a credit to the south end of the city for years to come. He predicted a bright future for the city. His address was right to the point and had a good effect. Bay City Tribune.

About 100 of the Chelsea friends of Mr. and Mrs. James McLaren of Lima gathered at their home Friday evening and enjoyed themselves to the fullest extent. The Grass Lake News says it is not probable that the Ann Arbor and Dexter electric railway will be extended to Jackson, and advises against giving the right of way through its village, the cause of the injury likely to arise to business from such convenient and cheap connection with larger places. It urges that with hourly trains and one cent per mile fare, trade will naturally seek the larger place.

The story of Margaret's Misadventure by A. S. Van Westrum (Lima Topics, 208 Fifth avenue, New York) is one that is bound to cause very general comment. Its account of the social campaign of a cad, and its picture of a young girl's first acquaintance with the pleasures of a life of dissipation, is the most interesting and pleasing of the most differing tastes. A number of sharply drawn character sketches from society, add to the interest of the plot. The style of the story is such that no one can lay it down until the last page is reached.

Richard Webb, a wealthy farmer, died some time ago leaving a large estate which he willed to his children in such a way that one daughter, now Mrs. Wm. Stevenson, received nothing. She claimed that she had been neglected, and stirred up trouble between her father and mother. The girl denies it and says she only took her mother's part when the latter was abused. A contest to break the will has been in progress three days and promises to absorb a good share of the property. Washtenaw Times.

Now the usual warm period with which Chelsea unites in spring is with the election of village officers. Elections will be held on the 14th of March and there is every promise that the struggle for supremacy will be waged with as much ardor as has been manifested in the three campaigns last passed. One caucus was already held and there are calls issued for two others. The Standard lives in the hope that the time will speedily come when the various factions will get together on one common platform—the good of Chelsea and when that time comes one half of the energy now expended will be wonders, but just as long as the present utter feeling is allowed to continue, just so long will Chelsea fail to make the advancement that is naturally its portion. Gentlemen, get together.

Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough, etc. It is able to experiment with other remedies, even if they are urged on you as just as good, as Dr. King's New Discovery.
