### His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at Glazier & Stimson's Bank Drug Store. Every bottle guaranteed.

#### CONGRESSIONAL.

The urgent deficiency appropriation bill was passed in the senate on the 23d. Bills were introduced giving a pension of \$100 a month to John M. Palmer, late senator from Illinois, and providing for the establishment of a training school for army cooks. Senator White (Cal.) spoke in advocacy of Senator Vest's anti-expansion resolution. The promotion of Admirals Sampson and Schley and other naval officers engaged in the Santiago campaign was discussed in executive session. In the house Mr. Clark (La.) introduced a bill "providing that no polygamist shall be senator or representative." A favorable report was ordered on the bill so amending the statutes as to permit voting machines when the state law so authorizes. A bill was passed to extend the navigation laws of the United States to the Hawaiian islands.

On the 24th Senator Lodge (Mass.) spoke in the senate in favor of expansion. A bill appropriating \$100,000 for a lighthouse tender for use on Lake Huron, Lake Superior and Lake Michigan was reported favorably. In executive session the peace treaty was discussed. In the house the time was occupied in debating the army reorganization bill.

The senate in executive session on the 25th agreed to vote upon the peace treaty Monday, February 6, at three o'clock. A bill providing for the erection of a building for the department of justice at a cost of \$1,000,000 was passed, and a bill was introduced temporarily creating the office of admiral of the navy. The house spent the day in debate on the army reorganization bill, and during the discussion Mr. Johnson (Ind.) attacked the president's policy regarding the Philippines, and Mr. Dooliver (Ia.) made reply.

Discussion of the pension appropriation bill took place in the senate on the 26th. Bills were introduced to pension Lillian G. Capron and Harriet V. Gridley, made widows by the Spanish war. In executive session the peace treaty was considered. In the house debate on the army bill took up the time, Mr. Grosvenor (O.) speaking in favor of the measure. In the evening Mr. White (rep., N. C.), the only colored member of the house, spoke against election methods in the south.

### WESTERN CANADA IS ALL RIGHT.

Delegates representing a number of neighboring farmers in Clay county, Minn., who visited the Edmonton district of western Canada last summer are evidently very well satisfied with the result of their trip. They think so well of the country that, in addition to the privilege of obtaining a free homestead of 160 acres of land, they have also purchased land. In a recent interview on the subject, Messrs. C. E. and A. Hughes, of Barnesville, Clay county, say:

"We are well pleased with western Canada. It is far ahead of what we expected. As for the crops, we have never seen anything that can compete with them. We have lived in Minnesota and have farmed some of what they count the best lands in the Red River valley for ten years, and have done very well in that part of the country, and have farms there at present free of all encumbrance, but believe that this country (western Canada) is so much better that we have bought from the Canadian Pacific Railway company one section of land northeast of Edmonton, in the Beaver Hill district. We have traveled through that part of the country, and have seen the grain in the granaries and the amount of land that it was taken off, and find that they have grown as much as 50 bushels and over to the acre, and they say that this has not been a good year, and very little if any grain has been touched by the frost. Hay seems to be plentiful, and if you wish to put up log buildings you can get the logs within a few miles. Coal can be had at the mines for 75 cents per ton, or you can dig it yourself. Nearly all kinds of garden truck can be grown in abundance. We find everything that can be grown in good demand. The farmers tell us that they can get four and a half live weight per hundred for hogs, and for three-year-old steers from \$50 to \$60 per head, providing they are good. We will move into that part of the country next summer. All the people in that part of the country seem satisfied, and we do not see any reason why they should not be so."

Messrs. Hughes also stated that they would be very glad to afford anyone desiring particulars about the country they had visited the fullest information, on receiving inquiries at Barnesville, Clay county, before the first of June next, when it is understood they propose to return to the Edmonton district.

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### THANKFUL TO MRS. PINKHAM.

Earnest Words From Women Who Have Been Relieved of Backache.—Mrs. Pinkham Warns Against Neglect.

DEAR MRS. PINKHAM:—I have been thankful a thousand times, since I wrote you, for what your Vegetable Compound has done for me. I followed your advice carefully, and now I feel like a different person. My troubles were backache, headache, nervous tired feeling, painful menstruation and leucorrhoea.

I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well. I thank you again for the good you have done for me.—ELLA E. BRENNER, East Rochester, Ohio. Great numbers of such letters as the above are constantly being received by Mrs. Pinkham from women who owe their health and happiness to her advice and medicine.

Mrs. Pinkham's address is Lynn, Mass. Her advice is offered free to all suffering women who are puzzled about themselves.

If you have backache don't neglect it, or try heroically to "work it down," you must reach the root of the trouble, and nothing will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Backache is accompanied by a lot of other aches and wearying sensations, but they nearly always come from the same source. Remove the cause of these distressing things, and you become well and strong. Mrs. S. J. SWANSON, of Gibson City, Ill., tells her experience in the following letter:

"DEAR MRS. PINKHAM:—Before using your medicine I was troubled with headache and my back ached so that I could not rest. Your medicine is the best I have ever used; it has relieved me of my troubles, and I feel like myself again. I would advise any one troubled with female weakness to take your medicine. I shall also recommend it wherever I can as a great reliever of pain."

## Do You Want Consumption?

We are sure you do not. Nobody wants it. But it comes to many thousands every year. It comes to those who have had coughs and colds until the throat is raw, and the lining membranes of the lungs are inflamed. Stop your cough when it first appears, and you remove the great danger of future trouble.

## Ayer's Cherry Pectoral

stops coughs of all kinds. It does so because it is a soothing and healing remedy of great power. This makes it the greatest preventive to consumption.

#### Low Rates to Mardi Gras.

On account of the Mardi Gras, to be held at New Orleans and Mobile, February 7th to 14th, and Birmingham, February 13th and 14th, the C. H. & D. R'y will make rate of one fare for the round trip. Tickets good going February 6th to 13th, inclusive; good returning to and including February 28th. For information, call on or address nearest C. H. & D. Ticket Agent, or address D. G. Edwards, P. T. M., Cincinnati, O.

The closer money is the harder it is to get hold of.—Chicago Daily News.

A mixed pain has bruise and sprain. St. Jacobs Oil cures the twain.

FRANCE has paid its last pension to Napoleon I.'s soldiers. In 1869 a law was passed granting \$50 a year to all non-commissioned officers and privates who had served ten years in the armies of the first republic or of the first empire and had received a wound. For the first year the payments amounted to \$600,000; last year the sum was \$50, and the last recipient is now dead at the age of 105 years.

The conduit system of Blackpool which has been in service for 13 or 14 years, is now being converted to a trolley line. This change was brought about by investigating the power consumption. Under favorable conditions not less than 45 per cent. of the current leaked into the ground. This caused a yearly loss of \$11,000, which in two years will pay for the cost of the necessary changes.

JOHN G. LEWIS, colored, who was the other day confirmed by the senate as receiver of public moneys for the Natchitoches district, Louisiana, declares that he was not an applicant for the position and will not qualify. He states that he is living at peace with the white people of his section and has no desire to cause any rupture between the races by accepting an office which would be distasteful to the white people.

THE buran, or snow hurricane of the Pamir, is a meteorological phenomenon of great interest. Even in mid-summer the temperature during a snow buran frequently falls to 14 degrees Fahrenheit, while in the winter of 1892-93 it dropped to 45 degrees below zero at the end of January. The buran comes with startling suddenness, the atmosphere grew dark with whirling snowflakes where scarcely a minute before the sky was perfectly clear.

SINCE the death of Inventor Keeley there has been examination of his workshop in Philadelphia, which confirms to some extent the theory of many scientific men that compressed air was really the secret of Keeley's mysterious force. The great spherical reservoir is there and tubing with high pressure joints was found deftly concealed in partitions and ceilings or scattered around as though likely to be called upon at any time for service.

TRUTH says: "There is absolutely no foundation whatever for the report which has been going round the papers, both at home and abroad, that a marriage will take place next year between Princess Victoria of Wales and Prince George of Greece, the governor general of Crete. No such alliance is, or ever has been, in contemplation, and the whole story is the purest of fictions, as also is the talk about Princess Victoria having wished to become a hospital nurse."

THOMAS SMITH, consul at Moscow, reports that the Russian ministry of the interior is at present considering the question of constructing a network of electric railways in Riga. The town corporation has taken this matter in hand. The ministry has expressed its willingness to support the plan by allowing a loan for the above purpose on profitable conditions. The general cost of constructing the electric roads in Riga has been determined at 1,600,000 rubles, or \$800,000.

ONE, M. REVERDY, recently left 3,000 francs to be given to the man who was the father of the largest family in Paris. A condition of the legacy was that the children should have been properly cared for and brought up by their parents. The Paris municipal council, the trustees named by the testator, awarded the 3,000 francs to a shoemaker of the name of Vandenberg, who is the father of 14 children, seven sons and seven daughters, the eldest of whom is 30 and the youngest 3.

IN the list of artistic treasures owned by the late Baron Rothschild, just published, mention is made of a "Fitzwilliam clock." This is the famous Louis XIV. clock, which for generations was one of the most valued heirlooms at Milton hall, near Peterborough. It is said to have been sold to Baron Rothschild by Mr. G. C. W. Fitzwilliam, the present squire of Milton, for £40,000. An exact fac simile, however, which is said to have cost £1,000, now stands in Milton hall, in the position where the original clock stood.

LONDON has suddenly found itself in possession of a cheap and inexhaustible supply of pure water, the existence of which it had never suspected. Walter Hoesly, the engineer of the London county council, has informed that body that underneath London is an immense lake of pure, cold water, in a chalk basin 2,500 square miles in extent and 100 feet below the surface of the ground. The annual rainfall that sinks below to the lake is at least 280,000,000,000 gallons, which would give a daily yield of 7,065,000,000 gallons. It is believed this discovery will forever put an end to the old vexed question of London's water supply.

## HELPS TO PAY EXPENSES

Students at the University of Michigan Who Act as Special Newspaper Correspondents.

NONE HAVE MADE FORTUNES, HOWEVER.

Harvest Time Is During the Athletic Season—It Means Hard Work, But Many Are Willing to Try It—Brief Pen Picture of Those Engaged in the Business.

[Special Correspondence.] Ann Arbor, Mich., Jan. 26.—More than half a dozen students at the University of Michigan earn a portion of their college expenses as special correspondents. They are the university representatives of the New York, Chicago, Cleveland, Toledo, Detroit and Grand Rapids dailies.

**They Work for Pay.** These journalists belong to a different class than those who conduct the college publications. The editor, assistant editor, manager or assistant manager on the college paper gladly fills the position for the opportunity to gain journalistic experience and the local fame it brings him. The special correspondent is such for bread and butter considerations.

**Compensation Not Great.** In antithesis to the prevailing impression the compensation of the correspondent is not great. While not a few students have paid their way through college in this way more have made fortunes. The papers pay from three to five dollars a column for the matter used; but as they use—except on extraordinary occasions—considerably less than a column a day, the weekly income of the correspondent is but little above his expenses. Of course there is the Sunday letter, which runs from a half a column to a column and a half, which helps out greatly. During the athletic seasons, especially the football and baseball months, the harvest for the correspondent is well worth the gathering. This is also the case during the week of the May festival and the last weeks of school in June.

**It Means Hard Work.** The number of students who would like to be correspondents for the great dailies is legion. To many it looks as if it must be "dead easy" to earn one's way through school by newspaper work. And for those who are trained to the calling it is not so hard as shoveling coal would be. But only those with training stand any show of getting a paper worth having. Of the present correspondents nearly all are experienced newspaper men—correspondents who can see a three-line news item across the campus and can get it to Detroit or Chicago before the clock in the library tower has had time to strike.

**Personnel of the Staff.** One of the most important of the college correspondents is Frank S. Simons, a law student registering from Detroit. He is the regular correspondent for the Detroit Free Press, Chicago Chronicle, Chicago Journal and the New York Journal. He has been engaged in jour-

FRANK S. SIMONS.

nalistic work for a number of years. During the summer of 1897 he was city editor on the Washtenaw Times. R. R. (better known as "Pat") Riley represents the Chicago Times-Herald. He also does special work for the Chicago Record. Mr. Riley is a senior literary student from Chicago. Before entering college and during the long summers he has been with the Chicago Tribune as a reporter. He expects to follow journalism as a profession.

**Is No Amateur.** The Detroit Tribune is represented by Ira A. Campbell, a junior in the literary department. Mr. Campbell is no amateur in journalism. During the summer of 1897 he was on the reportorial staff of the Petoskey Daily Recorder.

Sigismund Sanger, a senior law student from Toledo, has represented the Toledo Blade at the university for two years. Although the Blade does not lay claim to Michigan as its appropriate field, yet it has always given considerable space to news from the university on the theory that it is an institution of national importance. Mr. Sanger also does special work for the Cleveland dailies.

The Grand Rapids Democrat is represented by George M. Kline, who was a reporter on the Democrat in 1897. Now Mr. Kline is a sophomore medical stu-

dent, but despite this continues to practice journalism.

**Old-Time Journalist.** Carl M. Green, a senior in the literary department, has the Chicago Inter Ocean and Chicago Tribune. He also is an oldtime journalist. In the early days of his career he was employed on a Charlotte paper and later on the Detroit Tribune.

Fred Engelhard is correspondent for the College Athlete of Boston and the Theatrical News of Chicago. In the past he has been correspondent for the Detroit Free Press and Detroit Journal. Last year Mr. Engelhard graduated from the literary department and he is now in the law department. He is earning his way through college.

**Commenced Young.** William Charles, Jr., is one of the most experienced newspaper men about the university. He began his journalistic career when but 13 years of age. At first it was as a newsboy and later as a country correspondent for the Wyandotte Herald. From 1892 to

IRA A. CAMPBELL.

1895 he was employed in the circulation department of the Detroit News. In 1895-97 he was city editor on the Manifest Daily News. During his freshman year in college he was business manager of the Student's Register published in connection with the Ann Arbor Register. During the summer of 1898 he was with the Detroit Tribune as reporter. At present he is university correspondent for the Detroit Evening News. He is earning his way through college by means of his newspaper work.

## LABOR STATISTICS.

Some Interesting Facts and Figures Are Made Public in the Labor Commissioner's Report.

Labor Commissioner Cox, in his annual report, will give some interesting figures regarding the employment of women in Michigan. The report will say:

The canvass was made in 25 places, and the whole number of employes canvassed was 3,294, the average age of all employed being 24 years. Seventy-four per cent. of the employes were of American birth, ten per cent. were married, and six per cent. widows. There were 579 children supported by the employes, 238 of them having families. There were 142 who own their homes, and on one-half of the homes there is no encumbrance. Twenty-two per cent. of the employes report having made savings during the year. Thirty-four different occupations were represented by the 3,294 employes, and the average daily wages paid was \$1.25.

A canvass made of 6,878 male tradesmen and laborers shows that the average number of months' employment during the year was 10.2. The average wages of all trades was \$1.58 per day.

**Served Him Right.** Cruelty to animals is not popular, nor is it profitable, at Big Rapids. A farmer, who tied a cow to the rear of his wagon and then raced his horses at full speed for some distance, to the great distress of the cow, was brought before a justice and fined five dollars and costs.

**New Electric Line.** It is stated on authority that final arrangements for the building of the Lansing, Dexter & Ann Arbor electric railway have been completed, and the work of construction will be commenced at an early day. The road will run from Lansing to Ann Arbor, a distance of 60 miles.

## MICHIGAN LEGISLATURE.

Daily Summary of the Work Done by the Lawmakers in the Senate and House.

Lansing, Mich., Jan. 25.—Bills have been introduced to provide for the assessment of railroads, telegraph, telephone and express companies and the establishment of a state board of assessors; admitting crippled children to the state public school at Coldwater; prohibiting visitors in the state prison; reincorporating the city of Menominee and providing a recorder's court for said city. In the house bills were introduced yesterday providing that bronze medals be given all the soldiers and sailors who enlisted from Michigan during the late war; providing for the taxation of incomes; providing that there shall be a woman physician on the staff of each state institution which has female inmates; to repeal the charter of the Michigan Central, Lake Shore & Michigan Southern, and the Detroit, Grand Haven & Milwaukee railways.

Lansing, Mich., Jan. 26.—Gov. Pingree sent a special message to the legislature yesterday in which he interpreted the constitutional provision relative to legislators' salaries to mean that the per diem of three dollars is for actual attendance upon legislative session and that legislators are entitled to no perquisites of any nature. He therefore declared it illegal to charge per diem and mileage for visiting state institutions. Bills were passed in the senate providing for tax inquisitors to collect personal taxes; making uniform text-book commission compulsory; repealing charter of the Michigan Central railroad. In the house a bill was passed providing for distribution and sale of Michigan manuals. Bills were introduced to repeal law creating uniform text-book commission; for recording conditional sale notes and contracts; proposing constitutional amendment to submit amendments to boards of supervisors; making season for shooting partridge from November 1 to January 1 in lower peninsula and from September 15 to November 15 in upper peninsula; providing for a tax of one-tenth of a mill in each county for the relief of indigent soldiers and sailors or their needy widows or children.

Lansing, Mich., Jan. 27.—The house yesterday, by a unanimous vote, adopted resolutions commending the national administration for its conduct of the war. Secretary Alger was given a special indorsement and confidence was expressed in the ability of the administration to properly dispose of all pending questions. Gov. Pingree's message criticising the junket met with a "frost" in both houses. The senate heard it read and made no reference whatever to it, while the house indefinitely postponed action concerning it. The junketers will start from Detroit Sunday night.

Lansing, Mich., Jan. 28.—Bills have been introduced in the senate authorizing the formation of corporations for the prevention of cruelty to children, animals, etc.; authorizing the employment of women physicians in certain state institutions; fixing annual compensation of presidents and trustees of villages; providing for the incorporation of churches of the Evangelical association. Bills have been passed providing current expenses for Michigan soldiers' home; providing for payment by state of army rentals of military companies in the volunteer service. In the house yesterday a concurrent resolution was introduced requesting the congressmen from Michigan to vote against the seating of Congressmen-elect Roberts, of Utah; a bill requiring every elector to vote at each election and imposing a penalty for failure to do so was introduced. Other bills have been introduced prohibiting the teaching of the doctrines of polygamy in Michigan; to amend constitution so as to permit any county to vote on establishment of a board of county auditors; making nonsupport of wives by husbands a felony; making refusal to pay alimony in divorce cases contempt of court; providing that certificates from regents of the university or the state board of medical examiners shall be necessary for board of medical examiners to be appointed by the governor. Bills have been passed for incorporation of M. E. churches; providing for a Michigan agent from each company in Thirty-third and Thirty-fourth regiments to find bodies of dead soldiers in Cuba and send them home; providing for a tax of 4-100 of a mill for the relief of needy or sick ex-soldiers or ex-sailors. Both houses adjourned to February 7.

## THE STOCKMEN.

Their Convention at Denver Completes Its Work—To Meet Next in Fort Worth, Tex.

Denver, Col., Jan. 28.—The national live stock convention finished its business and adjourned Friday. John W. Springer, of Denver, was elected president. Fort Worth, Tex., was chosen as the location for the convention next year. Resolutions were adopted as follows:

Indorsing the work of the agricultural department in the grass and forage investigation and urging that \$10,000 be appropriated by the government to carry on the work; instructing President Springer to ask President McKinley to issue an executive order giving the cattle of the United States preference in the Cuban trade, as a benefit no less to the Cubans than to the Americans, and to urge congress to take similar action when laws are made for the government of Cuba.

## No Trouble in Raising Funds.

Detroit, Mich., Jan. 26.—Much enthusiasm was manifested Wednesday night at the second meeting of the committee having in charge raising of subscriptions for Detroit's bicentenary celebration to be held in 1901. The fact that Buffalo has had an earlier start and has secured heavier subscriptions for her exposition planned for the same year, stimulated the civic pride of those present, and the subscriptions for stock which had reached but \$75,000 at the first meeting, were increased Wednesday evening to \$207,800. The largest subscription was \$50,000, the next largest \$25,000.

## Carnegie's Conditioned Gift.

Harrisburg, Pa., Jan. 30.—Andrew Carnegie has offered to donate \$100,000 for a library building for the State college at Bellefonte, providing the state will appropriate \$10,000 annually for the maintenance of the library and museum to be connected with it. The trustees of the State college have appointed a committee to present a memorial to the legislature setting forth Mr. Carnegie's offer and urging the necessity for such a building.

## MICHIGAN STATE NEWS.

### Health in Michigan.

Reports to the state board of health from 60 observers in various portions of the state for the week ended January 21 indicate that inflammation of the kidneys, neuralgia and scarlet fever increased in area of prevalence. Consumption was reported at 94 places, measles at 20, typhoid fever at 29, scarlet fever at 50, diphtheria at 23, whooping cough at 15 places, and small-pox at Detroit and Redford.

### To Darkest Africa.

Dye and Miss Eva Nichols were publicly ordained by the Church of Christ in Ionia and were then united in marriage, and then left for New York and sailed to the Congo Free State, South Africa, where they go as missionaries to the Balola tribe at Bolenz station, Equatorville, 1,000 miles up the Congo river. Both are native Ionians, educated expressly for the missionary field.

### Killed by a Horse.

Prof. G. H. Bell, the oldest teacher in the Seventh Day Adventist college, aged 75 years, was killed in Battle Creek. His horse ran away, kicked him in the head and crushed his skull and he died in half an hour. Mr. Bell was well known all over the United States among Adventists. He had been an educator all his life, and was the author of three grammars and a rhetoric.

### A Fatal Mistake.

Mrs. Hiram H. Harwood, aged 83 years, of Constantine, went to sit down in a chair. She failed, but sat heavily down upon the floor, striking her head violently against some furniture, and she expired in a short time. Her husband, aged 84, is still living and in good health. They celebrated the sixtieth anniversary of their marriage on the first day of this year.

### All in the Family.

John A. Cameron, aged 89 years, married Miss Ann B. Van Doren, aged 26. Recently Mrs. George Van Doren, aged 46, mother of the bride, was married to Hugh C. Cameron, aged 58, son of the aged bridegroom, who now marries her daughter. The parties all reside at Prescott, Ogemaw county.

### Fell Four Thousand Feet.

Edward Hawkins fell 4,000 feet down the Tamarack mine shaft at Calumet. Only fragments of his body could be found. He was an elderly man, had seen service in the Zulu and Sudan wars and had been employed at the mine only a short time.

### Blew Out the Gas.

C. O. Romig, of Marcellus, a member of the Thirty-third Michigan, who survived camp life in the United States and Spanish bullets in Cuba, came near ending his existence at the Hotel Godwin by blowing out the gas in his room.

### News Items Briefly Told.

According to reports received by the secretary of state the total number of deaths registered in Michigan in December was 2,341, or 156 more than the number for the previous month.

According to Labor Commissioner Cox there were 131 suicides in Michigan between April 18 and December 31, 1898. Ninety-nine were males and 32 females.

Ex-Senator Augustus Jewell died in Dowagiac after a 24 hours' illness of hemorrhage of the bowels, aged 54 years.

The old Thirteenth Michigan Infantry association held their annual reunion in Kalamazoo.

More than a score of Wayne and Monroe county bankers met in Detroit and organized Group No. 7 of the Michigan State Bankers' association.

St. Valentine's day is not far off. The ice houses are all filled now Henry Steinbach is on the sick list. Revival meetings are now in progress. Albert Hindelang is in very poor health. Miss Staffan visited relatives in Grass Lake last week. The last few days in January went out with a cold wave. Charles Whitaker came home Saturday last ill with tonsillitis. Rev. J. S. Edmunds visited friends in Dexter the past week. John Raffrey made a business trip to Gregory last Tuesday. Born, Jan. 29th, 1899, to Mr. and Mrs. Edward Whipple, a son Mrs. Watson, of Unadilla, was the guest of his son the past week. David Kelly, of Dexter, called on friends in Chelsea last Tuesday. Michael J. Howe is moving into Charles Tichenor's house this week. John Hindelang visited his friend, Bruce Avery, o' Howell, last week. George Foran, of Detroit, is reported dangerously ill of pneumonia. The ice palace at Niagara Falls is now open. It is a wonderful sight. Mr. and Mrs. William Martin are now nicely settled in their new home. Extreme cold weather makes the market lively for shipping live stock, etc. Miss Myrta Fenn has returned from a brief visit with relatives in Jackson. 15 Photos 15 cts., the latest craze; next door to post-office, for few days only. Some of the boys and girls took in the dance at Grass Lake last Friday night. The Misses Margaret and Amelia Miller visited friends in Ann Arbor last week. Mr. and Mrs. Arthur Walker, of Detroit spent a few days in town the past week. There was a large attendance at Michael Howe's auction, and everything sold well. Monday last was such a cold blustery day that business was almost at a stand-still. Mr and Mrs. Simmons and Wm McEntee made a business trip to Jackson last week. Miss Mary Heatley left for Sandusky on Monday to spend the winter with relatives. Michael and Otto Schanz, of Lima, visited their uncle in Manchester, last week. Miss Mary Shanahan is suffering from the grip. An extreme cold wave with high winds struck us last Thursday night and Friday morning. The L. C. B. A. held their regular meeting to-day, when five new members were initiated. Miss Llyermore, of Unadilla, was the guest of Mr. and Mrs. John D. Watson, this week. Lincoln's birthday is the next holiday, but not a legal holiday like Washington's birthday. Miss Amanda Merker, of Sylvan Centre, is visiting her uncle and aunt in Austin, Minnesota. Mr. Frank Staffan took a merry party to Kavanaugh lake, last Tuesday, to enjoy ice-boating. George Hindelang and William Keusch, of Munith, visited friends in Chelsea, on Sunday last. Now as Lent is nearly here our fishermen can make money selling fish during the Lenten season. One of the men cutting ice, lately, made a mis-step into the water. He stood the involuntary bath bravely. Notwithstanding the cold, blustery day last Monday, several farmers came into town with loads of sheep. E. E. Shaver is attending the annual meeting of the Michigan photographers at Grand Rapids this week. Mrs. Geo. P. Staffan gave a tea to-day to twelve intimate friends. It was a most delightful social function. Married, Jan. 31, 1899, Mr. Robt. Paige and Miss Carrie Ricketts, both of Chelsea, Justice B. F. Tuttle officiating. Carl Schwickerath has drawn a picture in lead pencil of Bishop Foley. It is a fine likeness, and beautifully done. Some of the farmers near Chelsea have ordered lumber by the car load for new barns this coming spring and summer. The band boys talk of having another dance this before Lent sets in. Not quite two weeks until the first day of Lent.

L. I. Larson, of Lansing, an expert machine hand, is now in the employ of C Steinbach, our hustling harness dealer.

Saturday last was a cold day, but, nevertheless, the farmers came to town, took in the farmers' institute, done trading, etc.

Mrs. Frederick Zahn, of Lodi, died at the home of her daughter, Mrs. Phillip Seltz, in Lima, Feb. 2, 1899, aged 72 years.

Mrs. Mullen, who lately returned from Dakota, left for Bay City last Tuesday to spend the winter with her daughter, Mrs. Hackett.

Hon. M. J. Howe had a cold day for his auction. Don't forget us when you want auction bills printed. See Geo. E. Davis, the auctioneer.

The Jackson County Farmers' Institute will be held at Grass Lake on Thursday and Friday, Feb. 16 and 17. All invited. Dinners will be free.

The first of April and May is quite a "pincher" for a good many people, for certain obligations in money matters have to be met before that time.

Mrs. Hartford, of St. Johns, who has been the guest of friends here for some time, was called home last Monday by the serious illness of a relative.

Messrs John W. Beissel and Anthony Sayger, both of Ann Arbor, visited J. B. Beissel, and family, and other relatives and friends, in Chelsea, this week.

Don't forget to bring in that wood on subscription. We need it right away, so don't put it off another day, for the spring and summer days are still far away.

The beautiful and romantic drama, "The Colleen Bawn," will be presented at the Opera house, Chelsea, on the evening of St. Patrick's day, Mar. 17th, by excellent local talent.

Hotel and boarding house keepers should look out for slick fellows who go around and pretend to work, and then skip without paying their board. Don't get taken in so easily.

Carl Schwickerath is evincing decided talent as an artist. He is receiving instructions from Miss Alice Gorman, of the Cooper Institute of Art, and is doing meritorious work

The banns of marriage between Mr. William F. Kress, of Freedom, and Miss Frances Neuburger, of Chelsea, were published for the first time in St. Mary's church, last Sunday.

Candlemas or "ground hog" day, February 2d. It looks now as if the ground-hog won't see his shadow to-day, and we may have an early spring instead of six weeks more of winter

Buffalo wants to have their exposition the same year as Detroit. Toledo wants to come in with their's in 1902. Let the good work go on. Every large city will have them now for many years to come.

The weather, lately, has been down to zero, and way below zero, and ice could be cut a few inches thicker than was cut early last month. The old saying, "when the days lengthen the cold strengthen."

Quite a few of our townsmen have mammoth piles of wood in their yards that will last them through another winter or two; but Hon. M. J. Howe's is the talk of the town, and nearly covers his whole yard.

The school days are over half gone, the winter months are over half through, the oyster season about two-thirds over, the circus season is coming on fast, in fact the balmy spring days is what we are all looking for. They can't come too soon.

The Farmers' Institute, held at the hall, on Saturday last, was fairly well attended. The discussions were lively, the speakers from abroad were well up in their work, and the local speakers were well prepared. Those who took no part showed a deep interest by giving their undivided attention.

The annual blessing of throats will be given to-morrow, Friday, Feb. 3rd, in St. Mary's church. This blessing is given on the Feast of St. Blase, a Bishop and Martyr of the Catholic church, who lived in the 4th century. The blessing will be given after Mass in the morning, and at 2 and 4 p. m., and after the evening services.

To-day (Thursday) is the Feast of the Purification of the Blessed Virgin. The wax candles used in the services of the Catholic church are blessed on this day. Special services were held at St. Mary's church, and a large congregation was present to witness the solemn blessing of the candles used in the divine service.

John Hindelang has been appointed an assistant librarian of St. Mary's Library of Chelsea. This Library has now 825 volumes, and about 200 patrons. A young lady north of here, says an  
exchange, saw an advertisement in a news-  
paper offering for 25 cents to send a recipe  
for the cure of freckles. She sent her  
quarter, and this is what she got: "Re-  
move the freckles carefully with a putty  
knife; soak them over night in salt water,  
then hang them up in the smoke house in  
a good strong smoke made of sawdust  
sawdust and slippery elm bark for one  
week. Freckles thus treated will never  
return"—Ex. How easy some people bite.

We see by our exchanges that there is a  
disposition to criticize Gov. Pargree, and  
to black his efforts to have laws enacted  
which will equalize taxation in the State.  
It was thoroughly understood it was the  
key-note to the whole campaign, and the  
members who made light of the issue will  
find that the tax-payers who bear the bur-  
den will not stand these derelictions much  
longer, but they will find that the harvest  
is past and they are not saved, and a new  
deal will be made and their vaunted  
strength will fall them.

Just as a commercial traveler was writ-  
ing his name on the register of a hotel in  
a country town near here, a bed bug ap-  
peared and meandered slowly over the  
pages. The man of "grips" paused in  
open wonder and in a voice shaking with  
emotion said: "Well, by the gods of war,  
I have been bled by Casville flees, bitten  
by Gagetown spiders, driven almost to in-  
sanity by Elkton jiggers, crawled by Bay  
Port rattle jackets and interviewed by  
Akron gray-backs, but I'll be doggasted if  
this isn't the first place I was ever at where  
bed-bugs looked over the register to find  
out the number of my room."

Getting up in a cold room to make a  
fire, says an exchange, is like getting up  
in life. If you crawl timidly out of bed,  
go on tip-toe to the stove, and allow the  
shivers to get control of you before the  
kindling starts, your fire will probably be  
a failure and you will half freeze to death  
in the operation. But if you jump up  
bravely, and bustle around, pull on your  
clothes, knock over a chair or two, and  
pitch in the stove wood, you will probably  
be too warm before the fire gets to burn-  
ing, and have to open the window. So in  
life. Attack it timidly and you will fail.  
Grapple with it, hurry up things, stir  
around, conquer fortune and you will be a  
success.

St. Peter at the Gate.

BY JOSEPH SMILEY.

St. Peter stood guard at the golden gate  
With a solemn mien air serene;  
When up to the top of the golden stair  
A man and a woman, ascending there,  
Applied for admission. They came and  
stood

Before St. Peter, so great and good,  
In hope the "City of Peace" to win—  
And asked St. Peter to let them in.

The man was tall, lank and thin,  
With a scraggy beardlet upon her chin;  
The man was short, and thick, and stout.  
His stomach was built so it rounded out,  
His face was pleasant, and all the while  
He wore a kindly and genial smile.

The choir in the distance the echoes  
woke,  
And the man kept still while the woman  
spoke.

"Oh thou who guardest the gate," said she,  
"We two come hither, beseeching thee  
To let us enter the heavenly land  
And play our harps with the angel band.  
Of me St. Peter, there is no doubt,  
There's nothing from heaven to bar me out;  
I've been to meeting three times a week,  
And almost always I'd rise and speak."

I've told the sinners about the day  
When they'd repent of their evil way;  
I've told my neighbors, I've told them all  
'Bout Adam and Eve, and the primal fall.  
I've shown them what they'd have to do  
If they'd pass in with the chosen few;  
I've marked their path of duty clear,  
Laid out the plan for their whole career.

I've talked and talked to 'em loud and long,  
For my lungs are good, and my voice is  
strong;

So, good St. Peter, you'll clearly see  
The gate of heaven is open for me.  
But my old man I regret to say,  
Hasn't walked in exactly the narrow way;  
He smokes and he swears, and grave  
faults he's got,  
And I don't know whether he'll pass or  
not.

He never would pray with an earnest vim,  
Or go to revivals, or join in a hymn,  
So I had to leave him in sorrow there  
While I, with the chosen, united in  
prayer.

He ate what the pantry chanced to afford,  
While I, in my purity, sang to the Lord;  
And if cucumbers were all he got,  
It's a chance it he merited them or not.

But oh, St. Peter, I love him so,  
To the pleasure of heaven please let him go;  
I've done enough—a saint I've been—  
Won't that atone? Can't you let him in?  
By my grim gospel I know 'tis so,  
That the unrepentant must try below;  
But isn't there some way you can see  
That he may enter who's so dear to me?  
It's a narrow gospel by which I pray,  
But the chosen expect to find a way  
Of coaxing, or fooling, or bribing you.  
So that their relations can amble through.

And say, St. Peter, it seems to me  
This gate isn't kept as it ought to be;  
You ought to stand right by the opening  
there,  
And never sit down in that easy chair.

And say, St. Peter, my sight is dimmed  
But I don't like the way your whiskers  
are trimmed;  
They're cut too wide, and outward toss,  
They'd look better narrow, cut straight  
across.

Well, we must be going our crowns to win,  
So open, St. Peter, and we'll pass in;  
St. Peter sat quiet, stroked his staff,  
But in spite of his office he had to laugh,  
Then, he said, with a fiery gleam in his eye  
'Who's tending this gateway, you or I?'  
And then he rose, in his station tall,  
And pressed the button upon the wall,  
And said to the imp who answered the  
bell

"Escort this woman around to hell;"  
The man stood still as a piece of stone—  
Stood sadly, gloomily, there alone.  
A life-long settled idea he had  
That his wife was good, and he was bad;  
He thought if the woman went down  
below,

That he would certainly have to go;  
That if she went to the regions dim,  
There wasn't a ghost of a chance for him.  
Slowly he turned, by habit bent,  
To follow whereward the woman went;  
St. Peter, standing on duty there,  
Observed that the top of his head was  
bare.

He called the gentleman back and said,  
"Friend, how long have you been wed?"  
"Thirty years" (with a weary sigh),  
And then he thoughtfully added, "Why?"

St. Peter was silent, with head bent down,  
He raised his hand and he scratched his  
crown;

Then, seeming a different thought to  
take,

Slowly, half to himself he spake,  
"Thirty years with that woman there?  
No wonder that you haven't any hair.  
Smoking is wicked, smoke's not good,  
He smoked and swore, I should think  
he would."

"Thirty years with that tongue so sharp,  
No, Angel Gabriel, give him a harp.  
A jeweled harp with a golden string;  
Gabriel, give him a seat alone,  
One with a cushion, up near the throne;  
Call up some angels to play their best,  
Let him enjoy the music and rest.

"See that on finest Ambrosia he feeds,  
He has had about all the "hades" he needs;  
It isn't just hardly the thing to do  
To roast him on earth, and the future  
too."

They gave him a harp with golden strings,  
A glittering robe, and a pair of wings;  
And he said as he entered the realm of  
day,

"Well this beats cucumbers, anyway;"  
And so the Scriptures had come to pass  
That "the last shall be first, and the first  
shall be last."

## DUPED BY MR. KEELY.

The Famous Motor Declared to Have Been a Huge Fraud.

Statement by the Attorney of the Widow of the Inventor Denounces the Process as a Great Swindle.

New York, Jan. 30.—Ever since the exposure of the remarkable manner in which the late John W. Keely secretly applied power to his mysterious motor in his Philadelphia laboratory efforts have been made to obtain a statement from some of those interested. It was learned Saturday that Charles J. Hill, attorney for Mrs. Keely, has made a statement concerning Mr. Keely and his motor for the New York Journal, which was copyrighted by W. R. Hearst. Mr. Hill declares that the power to operate Keely's machine was supplied by a water motor, and was transmitted by secret pulleys hidden in hollow shafts. When investors wanted to see the "new force" at work, Keely turned on the water by pressing on a rubber bulb. The motor would stop when pressure on the bulb was released. Extracts from Mr. Hill's statements follow:

"At the very outset of my connection with the case I distinctly stated to Mrs. Keely, whom I believe to be a woman absolutely innocent of any dishonesty in her husband's work, that in the event the whole thing was essentially fraudulent I could not be a party to its concealment, and that I conceived it to be my duty to protect the public from being imposed upon any further if there was no truth in it.

### Every Machine Fraudulent.

"I requested to be relieved from the case if my course was objectionable to her. I was not released, and in the two months that have elapsed every doubt I have had has been swept away—every machine brought to Boston is palpably fraudulent, and every interest involved demands immediate explanation. Several contemplated movements in the stock of the Keely Motor company have come to my knowledge which, if consummated, would mean that some innocent buyer parted with his money for a worse than worthless consideration. Two different books treating of Mr. Keely's work from the point of view that it was honest are, I am told, in process of preparation at great expense. Such things as these, which will entail both financial loss and social ridicule, manifestly should be prevented.

"I have therefore countenanced the publication of the whole matter by Mr. Bridge. It is a case where justice to the many must in importance transcend the comfort of the few.

### Believed in Keely's Integrity.

"It was arranged between the president of the Keely Motor company and myself that on December 20, 1898, I should address the stockholders, giving my views, as Mrs. Keely's counsel, as to the best course to pursue. Shortly after this agreement, while examining the laboratory, Mr. Kiraide discovered the first evidence of fraud. Till that moment our belief in Mr. Keely's integrity and honor was as firm as any of his friends who had invested thousands. Here was a new element, that of self-evident fraud, affecting, however, only one machine, and not vitiating, so far as we knew, any other of the numerous machines Mr. Keely employed."

### Mere Mechanical Trickery.

In the statement made by J. Ransom Bridge he says:

"When T. Burton Kiraide took charge of Mr. Keely's laboratory one of the first discoveries was how Mr. Keely did his experiments. He could vary the initial performance in a dozen ways, but the principle was always the same. In his operating-room the remnants of rubber tubes between the floor and walls, in various places, and also receptacles for rubber bulbs, told how he could do the trick from various locations by pressing his foot on a rubber bulb concealed under the carpet or in some out-of-the-way place. He often would take a harmonica into the adjoining front room, and, looking through the connecting window, play 'Home, Sweet Home.' When he struck the right chord away would go the motor. He would then stop and start it at will as he played. This was particularly effective. One at least of the larger and discarded transmitters is still intact, with the rubber diaphragm, and works to perfection in making the compass needle revolve."

Mr. Bridge gives a detailed statement of some of Mr. Keely's exhibitions, such as the rotation of the compass needle, the vitalized disk, the harmonica and transmitter and the disintegrator.

## FAMINE IN PALESTINE.

Crowds of Starving People Flocking Into Jerusalem with Stories of Death and Privation.

Jerusalem, Jan. 30.—There is a famine throughout Palestine. Flour has advanced 70 per cent. in price. The crops have failed through drought and unseasonable weather. Crowds of starving people, principally poor Jews, are flocking to Jerusalem, and all charitable funds are taxed to the utmost to feed them. From the country round about harrowing reports come of death and privation. Appeals have been made to England and other countries for help.

### All Doubt Removed.

New Orleans, La., Jan. 30.—A body found near Fort St. Philip has been identified as that of Capt. Sturtevant, the pilot of the launch Paul Jones. From the position and clothing of the body it is almost certain that he was off duty and asleep at the time death came, and that the boat was wrecked by an explosion during the night.

### Will Send No More Ships.

London, Jan. 30.—It is semi-officially asserted here, says the Berlin correspondent of the Times, that all three protecting powers have agreed to refrain from sending further naval reinforcements to Samoa.

## TO MEET IN ATLANTA.

Preparations for the International Sunday School Convention in April Next.

Atlanta, Ga., Jan. 30.—The local committee having in charge the arrangements for the ninth triennial international Sunday school convention which is to be held here in April next, met in the Y. M. C. A. parlors Sunday and took up the work of caring for the big gathering and other details. The convention will meet April 27, 28 and 29, and about 2,000 delegates from all parts of the United States, several South American countries, Canada, Mexico, England, and possibly India, will be here. Several days before the convention the International lesson committee, of which Rev. John Potts, D. D., of Toronto, Ont., is chairman, will meet in Atlanta to map out the Sunday school lessons for the next six years.

Possibly the most important work to come before the convention will be the study of what Sunday school work can and should be done in the newly acquired territory of the United States and in Cuba. The Baptist, Methodist and other denominational Sunday school boards have already begun the establishment of Sunday schools in Porto Rico, Cuba and even Hawaii. The international organization will take up this matter and these new acquisitions to our territory will undoubtedly be taken in the international field. If the Philippines are permanently acquired the work will be carried on over there. A number of changes in Sunday school work will be discussed and some important changes inaugurated. The work among the colored population of the south will be given special attention. Mexico has only recently been taken into the field and the work there must also be considered. The convention does not draw the line at color or race. There will be a number of negro delegates and in view of this fact, two or three of Atlanta's leading colored citizens have been placed on the local arrangements committee.

At Sunday's meeting it was decided to open the convention with a monster meeting and chorus of 10,000 voices at the auditorium in Exposition park. The entertainment committee, headed by H. H. Cabaniss, includes among its members Hon. Hoke Smith and ex-Gov. Northen. It has subcommittees in each of the 110 churches of Atlanta. Rev. E. R. Carter, pastor of a colored church with 5,000 members, is leading the colored people in the matter. The convention will represent 30,000,000 Sunday school scholars and about 200,000 schools. The largest gathering in the history of the International association is expected.

## CLARK WINS IN MONTANA.

Multimillionaire Is Elected to the United States Senate to Succeed Senator Mantle.

Helena, Mont., Jan. 30.—The republican members of the legislature jumped their party lines Saturday and as a result William A. Clark, the 30-times millionaire, was elected to succeed Lee Mantle as the United States senator from Montana. The result came as a surprise to all but a select few. It took but two ballots Saturday to end the contest, which has lasted for 17 days.

Senator-elect Clark is a silver man, and although a democrat, is a protectionist, as far as raw material is concerned. Mr. Clark declined to say in specific terms whether he was an expansionist or not.

(William A. Clark is 60 years of age, a native of Connellville, Pa. In 1855 his parents moved to Van Buren county, Ia., where William farmed and procured his schooling. He studied law but never practiced. In 1882 he crossed the plains, driving a team, and locating at South Park, Col. Mr. Clark was one of the first to reach Bannock, Mont., on the discovery of gold there in 1863, driving an ox team. His Montana career began with merchandising, but he soon got into mining, in which the most of his vast fortune was accumulated. Mr. Clark is the largest individual owner of copper mines and smelters in the world. His principal properties being in Butte, Mont., and Jerome, A. T. He has extensive beet sugar interests in California and a large copper wire works at Elizabethport, N. J. He has a plantation of 32,000 acres in Mexico, devoted to growing coffee, tea, tobacco and rubber. His net income for 1898 was not far from \$10,000,000.)

### Derby Hat Trust.

Danbury, Conn., Jan. 30.—The manufacturers of the lower-priced derby hats have effected a combination, to go into effect February 1. The firms represent practically all the large manufacturers of this class of goods. The combination was formed for the purpose of regulating the output and all the goods will be disposed of through a New York firm, who will have the control, it is estimated, of \$2,000,000 worth of hats annually. There will be no combination of capital by the different firms.

### Body Found.

Buffalo, N. Y., Jan. 30.—A pair of human legs that were sticking up through the ice that covered the surface of the water in one of the slips in the harbor attracted the attention of some men on the steamer Walter L. Frost, Sunday morning. An ax was secured and the body chopped out. It was found to be that of William Dormer, a deckhand on the Frost. He had evidently fallen headfirst from the gangplank of the boat and gone half way through the ice and been held in that position until dead.

## EAGAN FOUND GUILTY

Dismissal from the Army Is the Verdict of the Court-Martial.

No Mercy Is Recommended—President May Institute an Inquiry Into the Mental Condition of the Officer.

Washington, Jan. 28.—Dismissal from the military service of the United States without any recommendation for clemency is the verdict passed by the court-martial upon Commissary General Eagan for his recent virulent attack upon Maj. Gen. Miles. The verdict was reached within 45 minutes after the trial ended Friday. Gen. Eagan, according to the verdict, is guilty, on account of his vile language before the war investigating commission, of conduct unbecoming an officer and a gentleman and conduct prejudicial to good order and military discipline.

Notwithstanding the nature of the court's conclusions, the president can exercise clemency if he so desires, and Gen. Eagan's friends will urge that his punishment be confined to relieving him from the duties of commissary general of subsistence and to a detail to garrison duty, instead of putting upon him the disgrace of dismissal from the military service.

### Prompt Action to Be Taken.

Formal announcement of the decision will reach the president to-day, and on

GEN. CHARLES P. EAGAN.

account of the high rank of the accused the verdict will be given the distinction of immediate attention by the president as commander in chief of the army. Before he takes final action, though, there are certain prescribed forms to be followed. The record in the case must be examined by a reviewing officer in the office of the judge advocate general and then must go to Secretary Alger for indorsement. The delay in the present case, however, will be as short as possible.

### Prospect of Medical Inquiry.

The president combines both the pardoning power and the reviewing power in his own person. He may take into consideration, and it is generally believed he will, Gen. Eagan's mental condition at the time he committed the offense which the court-martial has found of so serious a character as to justify his dismissal from the service. With this in view the president may have good cause to initiate further proceedings, which would be in all probability to convene a medical board to examine into his condition of health. On their finding of a serious mental condition the president could, and possibly will, order Gen. Eagan placed upon the retired list as being physically incapacitated for duty.

### Big Deal in Pine Lands.

Milwaukee, Jan. 26.—The sale of a tract of northern Minnesota pine land for \$90,000 was closed in this city Wednesday. The purchaser was the Tower Log and Railroad company, the deal being made through D. Wittenburg, Jr., of Cedarburg, secretary and treasurer, on behalf of the company. The property that changed hands consists of 30,000,000 feet of pine in St. Louis county, Minn., north of the western extremity of Lake Superior.

### Need for Prompt Action.

Washington, Jan. 27.—The president talked with a number of callers from congress Thursday about the peace treaty. He expressed his satisfaction that an agreement had been reached for a vote and expressed confidence in the result. The president told his callers there was need for prompt action, and said that the present situation was one that should not be prolonged.

### Paul Jones Was Blown Up.

Washington, Jan. 27.—Capt. J. B. Moore, of the revenue cutter Winona, which made a search of the gulf coast for the yacht Paul Jones, has reported to the treasury department that he made a thorough search and believes that the vessel was blown to pieces in the vicinity of Breton island by an explosion of naphtha.

### Ex-Governor of California Dead.

Oakland, Cal., Jan. 25.—Ex-Gov. Romaldo Pacheco is dead of Bright's disease. He has suffered from this complaint for some time, but his condition was not regarded as serious until within the last few weeks. Several days ago he began to grow rapidly weaker and his death was peaceful.

## EX-ATTORNEY-GENERAL DEAD.

Augustus H. Garland Stricken with Apoplexy in Washington—Sketch of His Life.

Washington, Jan. 27.—Former Attorney-General Augustus H. Garland was stricken with apoplexy while addressing the United States supreme court at 12:15 o'clock Thursday afternoon, and died within ten minutes.

After the death of the former attorney-general became known the supreme court adjourned for the day. The news of Gen. Garland's death pro-

duced profound sadness in the senate, where he had served for many years as one of a galaxy of distinguished men.

[Augustus Hill Garland was born in Tipson county, Tenn., June 11, 1832. Before he was a year old, his parents removed to Arkansas. He was educated in St. Mary's college, Lebanon, Ky., and St. Joseph's college, Bardonia, Ky. He read law there and in Arkansas, and was admitted to the bar in 1853. After practicing at that place for three years, he removed to Little Rock. He was a whig in politics, and in 1860 was an elector on the Bell and Everett ticket. He was an opponent of the secession ordinance in the state convention, but after its passage he espoused the southern cause and was a member of the provisional congress that met in Montgomery in May, 1861. He was chosen a delegate to the first confederate congress and afterwards served in the senate, in which he had a seat when the confederacy fell. In 1865 he petitioned the United States supreme court for the right to practice without taking the "iron-clad" oath, presenting an argument on which the question was decided in his favor. He was elected United States senator for the term beginning March 4, 1867, but was not permitted to take his seat. In 1874, after serving a short term as acting secretary of state, he was elected governor of Arkansas under the new state constitution. In January, 1876, he was sent to the United States senate and was reelected in 1882, serving from March 5, 1877, to March, 1888, when he took his seat as attorney-general in President Cleveland's cabinet. He was offered and declined a supreme court justiceship. At the close of the Cleveland administration, he retired from politics and practiced law in this city, appearing chiefly before the United States supreme court.]

## TO SAVE THE TEMPLE.

Chicago Young People's Christian Temperance Union Making an Earnest Effort to Raise \$800,000.

Chicago, Jan. 28.—The Chicago Young People's Christian Temperance union, which has just formulated and sent out a plan for lifting the entire debt from the Woman's Temple, and making it a memorial to Miss Frances E. Willard, is bending all its energies to making a great demonstration at the temple on February 17, the first anniversary of Miss Willard's "heavenly birthday." Its plan, which is to divide the \$800,000 necessary to free the building from debt into 30,000 shares of ten dollars each, is meeting with hearty indorsement and cooperation. It is expected that thousands of dollars will be pledged before the 17th, although so short a time intervenes between now and then, but in any case the work will be pushed with vigor, and the young people are assured the entire sum will be pledged before the close of 1899. An earnest appeal was issued Friday that all lovers of Frances Willard and the temperance cause send their pledges to Miss Eva N. Shontz, president, 1119 the Temple, on or before February 17.

### Two Swords for Commodore Philip.

New York, Jan. 25.—Commodore Philip, the former captain of the Texas, now the commandant of the navy yard, is to be presented with two jeweled swords. One of these is to be given by citizens of New York city. The other will be presented by the Sunday-school children of Texas in commemoration of his words after the destruction of Cervera's fleet off Santiago. This will be presented at Galveston on March 1.

### Heavy Snowstorm.

Calumet, Mich., Jan. 27.—Three men are reported lost in the worst blizzard this city has ever seen. Searching parties are out looking for them. Business generally is suspended and no trains are running.

Marquette, Wis., Jan. 27.—A strong northwest wind turned into a regular blizzard Thursday afternoon. The country roads are blocked and the snow is piled in drifts.

### Will Build a Paper Mill.

Milwaukee, Jan. 27.—A Journal special from Marinette, Wis., says: A company that will soon build a paper mill at White Rapids, 35 miles from here, on the Menominee river, will be organized in a few days. Oshkosh and Neenah people, including Kimberly, Clark & Co., are interested. The mill will cost \$400,000 and will manufacture 60 tons a day.

## SERIES OF DISASTERS.

**Snowslide Kills Three in Colorado—Family Lost on Lake Erie—Fourteen Perish in a Spanish Mine.**

Denver, Col., Jan. 30.—A special to the News from Apex, Col., says: A snowslide occurred here at nine a. m. Sunday, in which three lives were lost. They are: Mrs. W. H. Rudolph and her two children, aged two and four. The Rudolph home was situated on the side of a steep hill and directly in the path of the slide. Snow has been falling almost continually during the past week and has reached a depth of 15 feet on the mountain sides. Mr. W. H. Rudolph, who, with his family, was in their home when the slide started, succeeded in escaping out of danger, but his wife and three children were swept away in the avalanche of snow. A searching party succeeded in rescuing the six-year-old son alive. The other three have not been found.

Altoona, Pa., Jan. 30.—A gang of 26 track repair men were working on the railroad at the western opening of the Gallitzin tunnel at three o'clock Sunday afternoon when they heard the approach of a locomotive which was running west through the tunnel. The workmen all stepped from the north track, on which west-bound trains move, to the south track. The smoke in the tunnel prevented them from seeing the approaching locomotive, which, in order to avoid obstructions on the north track, was running on the south track. One man was instantly killed, one died in the Altoona hospital and 16 were more or less seriously injured. None escaped without injury.

Toledo, O., Jan. 30.—The loss of an entire family in Lake Erie is reported here. On one of the islands in the Bass group lived a family named Robson. The family consisted of the father, mother, a daughter of 20, a son of five, and a hired man, Henry M. Martel. The little boy was sick, and before aid could be secured from the mainland or other islands he died. His parents did not want to bury him on the island, so they determined to take the body back to Canada, whence they came. A clinker boat was used, as the lake had not frozen sufficiently to warrant a trip across the ice. The entire family started on the perilous journey. Just how the family met death will perhaps never be fully known, but it is presumed they were overtaken in a snowstorm.

Murcia, Spain, Jan. 30.—Fourteen persons were killed Sunday by an explosion of gas in the Palia mine near Mazarron, 20 miles west of Cartagena.

**A GREAT STORM.**  
Heaviest Fall of Snow in Colorado in Many Years—Fear of an Avalanche at Kokomo, Col.

Denver, Col., Jan. 30.—The snowstorm which has been raging on the mountains since early last week has subsided: The sun broke through the clouds Sunday and the wind abated. In some places the fall of snow has been the heaviest in 15 years. In and about Leadville serious results are threatened. The supply of coal and provisions in the smaller mountain towns has become exhausted, and suffering must result unless the railroads can be opened to the places. Snowslides are reported from several places, but only from Apex, where three were killed, has come information of casualties. Information from Kokomo is to the effect that great masses of hard-packed snow overhang the town, threatening it with serious damage should they give way. Kokomo was carried away by an avalanche in the early '80's, and the residents are fearful lest this should be repeated now. The South Park road has been tied up between Como and Leadville. Several days ago an attempt was made to run a train with provisions westward through the snow. The train stuck near Dickey, where it has remained ever since. A snowslide near Hegerman tunnel on the Colorado Midland has blocked that road west of Leadville, and trains to Glenwood have gone over the Denver & Rio Grande tracks. Between Como and Leadville the snow has drifted in the cuts to the depth of 30 and 40 feet. The only road running west and east from Leadville that has been clear is the Denver & Rio Grande, which has felt but little inconvenience from the storm.

**IRELAND IN ROME.**  
The Famous American Prelate Will Not Represent America at the Disarmament Conference.

Rome, Jan. 30.—Archbishop Ireland went to the Vatican Sunday, where he had a conference with Cardinal Rampolla, papal secretary of state. Many cardinal and other high ecclesiastics visited the archbishop at the Hotel Bristol, where he is staying. In the course of an interview he declared that there was absolutely no foundation for the statement that he had been urged to represent the United States at the forthcoming conference regarding the limitation of armaments. The United States, he said, had not yet nominated a delegate. The archbishop was very reserved in his replies to questions respecting religious problems in America, on the ground that it was necessary for him to wait for the holy see to pass upon such matters.

**Reward of \$20,000 Offered.**  
A wealthy lady recently lost a matchbox containing jewels worth \$150,000, and now offers a reward of \$20,000 cash to the finder. The loss of health is far more serious than the loss of jewels, and yet it can be recovered without paying big rewards. A little money invested in Hostetter's Stomach Bitters will restore strength to the weak, purify the blood, establish regularity of the bowels and help the stomach to properly digest the food taken into it.

**John's Good Meals.**  
Several ladies sat in one of the Colonial club parlors a few evenings ago discussing the virtues of their husbands.  
"Mr. Singleton," said one of them, referring to her life partner, "never drinks, never swears, nor does he chew."  
"Does he ever smoke?" some one asked.  
"Yes, he always likes a cigar just after he has eaten a good meal. But I suppose that, on an average, he doesn't smoke more than once a month."  
Some of her friends laughed, but she didn't seem to understand why.—Cleveland Leader.

**Give the Children a Drink**  
called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it, because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/3 as much as coffee. 15 and 25c.

**A Reason.**

He—Because, my dear, they are trying to keep it a secret ballot.—Philadelphia Bulletin.

**A Remedy for the Grippe.**  
A remedy recommended for patients afflicted with the grippe is Kemp's Balsam, which is especially adapted to diseases of the throat and lungs. Do not wait for the first symptoms of the disease, but get a bottle to-day and keep it on hand for use the moment it is needed. If neglected the grippe has a tendency to bring on pneumonia. The Balsam prevents this by keeping the cough loose. All druggists sell the Balsam.

# After-Effects of the GRIP

Grip is a treacherous disease. You think it is cured and the slightest cold brings on a relapse.  
Its victims are always left in a weakened condition—blood impure and impoverished; nerves shattered. Pneumonia, heart disease and nervous prostration are often the result.  
Dr. Williams' Pink Pills for Pale People will drive every trace of the poisonous germs from the system, build up and enrich the blood and strengthen the nerves. A trial will prove this. Read the evidence.  
When the grip last visited this section Herman H. Eveler, of 11 W. Main St., Jefferson, Mo., a well-known contractor and builder, was one of the victims, and he has since been troubled with the after-effects of the disease. A year ago his health began to fail, and he was obliged to discontinue work. That he lives to-day is almost a miracle. He says:  
"I was troubled with shortness of breath, palpitation of the heart and a general debility. My back also pained me severely. I tried one doctor after another and numerous remedies suggested by my friends, but without apparent benefit, and began to give up hope. Then I saw Dr. Williams' Pink Pills for Pale People extolled in a St. Louis paper, and after investigation decided to give them a trial.  
"After using the first box I felt wonderfully relieved and was satisfied that the pills were putting me on the road to recovery. I bought two more boxes and continued taking them. After taking four boxes of Dr. Williams' Pink Pills for Pale People I am restored to good health. I feel like a new man, and having the will and energy of my former days returned, I am capable of transacting my business with increased ambition.  
"Dr. Williams' Pink Pills for Pale People are a wonderful medicine and any one suffering from the after-effects of the grip will find that these pills are the specific." H. H. Eveler.  
Mr. Eveler will gladly answer any inquiry regarding this if stamp is enclosed.—From Col. Co. Democrat, Jefferson City, Mo.

## No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Glazier & Stinson's Bank Drug Store.

## Our Weekly Weather Report.

Friday—Extreme cold and partly cloudy with light snow flurries in the afternoon; much colder at night.

Saturday—Severe cold and quite clear; but later in the day getting quite cloudy; light winds and snow.

Sunday—Very cold and almost clear; much colder at night and windy, with a little snow.

Monday—Quite cold and a little cloudy; trying to clear during the day, growing colder and windy, with more snow; wind falling and quite clear late in the day.

Tuesday—Much colder and quite clear; light winds and colder at night.

Wednesday—Still quite cold and almost clear; but the severe cold wave is about over; not quite so cold at night.

Thursday—Somewhat colder and quite cloudy; trying to snow later in the day; and sun trying to shine.

We have a good many patrons in different States from whom we would like to receive descriptive letters, and we think they would be of interest to our readers. See if you cannot think of something of interest, friends. We are anxious to get a good letter or two every week.

## Mortgage Sale.

WHEREAS default has been made in the payment of the money secured by two certain mortgages on land in the City of Ann Arbor, County of Washtenaw, in the State of Michigan, A. D. 1898, executed by William Felske, unmarried, the City of Ann Arbor, County of Washtenaw, and State of Michigan, to Frederick G. Schleicher, of the same place, who said mortgage was recorded in the office of the Register of Deeds, of the County of Washtenaw, in Liber 82 of Mortgages, page 552, on the 6th day of December, A. D. 1895, at 2:30 o'clock p. m., and annotated on the 10th day of November, A. D. 1896, made by said William Felske, married, of the place aforesaid, to Frederick G. Schleicher, of the place aforesaid, which said mortgage was recorded in the office of the Register of Deeds, of the County of Washtenaw, in Liber 80 of Mortgages, on page 558, on the 21st day of July, A. D. 1897, at 11:55 o'clock a. m.

And whereas, the amount claimed is due on both of said mortgages, at the date of this notice, for principal, interest, taxes and insurance, as provided therein, the sum of three hundred and forty-seven and seventy-one one-hundredths (\$347 71/100) dollars, and the further sum of fifteen dollars as an attorney fee, as provided by the statutes of the State of Michigan, and which the whole amount claimed to be unpaid said mortgages, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgages, or either of them, or any part thereof, whereby the power of sale contained in each of said mortgages has come operative.

Now, therefore, notice is hereby given that by virtue of the said powers of sale contained in each of said mortgages, in pursuance of the statute in such made and provided, the said mortgages will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder, at the north front door of the Court House, in the City of Ann Arbor, in said County of Washtenaw (that is the place for holding the Circuit Court said county), on the 18th day of March next, at 11 o'clock in the forenoon of said day, which said premises are described in each of said mortgages as follows, to-wit: The lands, premises and property situated in the City of Ann Arbor, County of Washtenaw, and State of Michigan, described as follows, to-wit: The westerly five feet (5') of lot number fourteen (14), in the number two (2), Ormsby and Page's addition to the City of Ann Arbor, County of Washtenaw, and State of Michigan, together with the hereditaments and appurtenances thereof.

Dated Dec. 15, 1898.
