GOOD MEN ARE NOMINATED

To Hold Down the Township Offices the Coming Year.

BOTH ARE STRONG TICKETS

WHILE THERE IS NOT MUCH OUTSIDE STIR VISIBLE, CONSIDERABLE QUIET WORK IS BEING DONE BY THE CANDIDATES AND THEIR FRIENDS.

The caucuses of the Republican and Democratic parties to nominate township officers were both held at the town hall Saturday afternoon and each resulted in placing in the field good men for the different positions.

The R-publican caucus was called to order at 3:30 o'clock with Prof. W. W. Gifford as chairman. O. T. Hoover was elected secretary. Dr. H. W. Schmidt and Schuyler Foster were named as tellers. The informal ballot for supervisor resulted in 102 votes being cast, of which William Bacon had 75, Jacob Hummel 20, D. C. McLaren 6, scattering 1. Mr. Bacon was made the unanimous choice of the caucus. For clerk and treasurer the nominations were by acclamation, Frank L. Miller and George A. BeGole securing the plums. A. Steger was nominated for member of the board of review, and Chris Kalmbach for highway commissioner. For justice of the peace there were two candidates E. A. Ward and S. L. Gage, the former being nominated. P. A. Gerard was chosen for school inspector over Henry Mensing. As school inspector to fill vacancy Schuyler Foster was named by the township committee. There were 24 names mentioned for constables, and Jay M. Woods, Jacob Staffan, William Lewick and George H. Foster were nominated. The township committee is Jabez Bacon, A. Steger and Jacob Hummel.

The Democratic caucus was held immediately after the Republican caucus was over. James Taylor was called to the chair and J. E. McKune was elected secretary. John Geddes and Bert Youngs were appointed tellers. The nominations for the several offices were all unanimous and were as follows: Supervisor, Hiram Lighthall; clerk, William R. Lehman; treasurer, Ed. Webber; member of board of review, Edward Runciman; school inspector, Eric Zinke; highway commissioner, Bert Youngs; justice of the peace, Joseph L. Sibley; constables, Ed. Chandler, Henry Frey, John Liebeck, M. J. Howe. The township committee for the ensuing year is James S. Gorman, J. E. McKune and B. B. Turnbull.

What Onion Culture Requires.

In the course of John F. Waltrous' helpful talk on "Onion Culture" at the last meeting of the Western Washtenaw Union Farmers' Club he especially emphasized four leading necessities for their successful culture. They were:

First, A good place to grow them; not necessarily muck land, but such as would raise any good crop. Second, Very thorough preparation of the ground. Third, Good seed. He advised each one to raise his own seed, thus obtaining better seed than can be bought. Seed when sown should be scattered as little as possible, about one-inch apart in the rows. Fourth, Push and energy in giving good care to the growing crop. Use a float continuously after sowing seed to keep down all weeds till the onions come up. As soon as rows are visible, start cultivators and keep them running until broken over foliage prevents their further use, then keep clean by hand weeding.

Two Justice Court Suits.

Two suits for labor claims were on trial in Justice Parker's court Tuesday. Mrs. Ann Welburn, of Lyndon, was the defendant in both cases. In one Wm. Coulson claimed a balance due of \$850, in the other Wm. Monks claimed \$78.85 was due him. The first was settled by Mrs. Welburn paying \$5 and costs \$350. In the second case Mrs. Welburn filed a set-off claim of \$105.10 for grain, provisions, etc., furnished to Monks and his family. The hearing of the case was adjourned until Tuesday at the Welburn place in Lyndon, as Mrs. Welburn is too sick to be out. Three of the local legal luminaries were engaged in the case.

FOREIGN.

China has refused to entertain Italy's demand for the concession of San Mun bay.

Aguinaldo has announced that he will personally conduct the reserves at Malolos and march into Manila within 20 days unless the Americans withdraw in the meantime.

The transport Sherman arrived at Manila with regular troops on board.

Rev. James A. Spurgeon, brother of the late Rev. Charles H. Spurgeon, died suddenly of apoplexy in London.

Admiral Dewey cabled the navy department that the transport Buffalo had left Manila for New York. She carries enlisted men of the navy whose terms have expired.

Francisco Valencia, insurgent governor of the province of Cavite, escaped into the American lines and went to Manila, where he presented himself to Gen. Otis. He said the rebellion would collapse when the American troops advanced.

Letters received in Madrid from Manila indicate the growth of a spirit of compromise among some of the more influential Filipinos.

Arabs attacked a caravan in the Sahara desert and killed 100 persons.

Premier Silvela said in Madrid that the relations of Spain with the United States were of the most friendly character, and he expected that when the ratifications of the peace treaty had been exchanged normal relations would be at once reestablished.

The famous missionary, Rev. John Mackenzie, died in Griquiland, West South Africa.

G. W. Leitner, the linguist, died in Bonn, Germany, aged 59 years. He spoke 50 languages.

A sweeping victory over Aguinaldo's forces was won by the United States troops northeast of Calococan in which the Americans lost 100 men, including killed and injured, and the rebels lost about 500.

The schooner Thistle was wrecked off Cape Mudge, B. C., and ten lives were lost.

The fifty-sixth annual boat race between crews representing the universities of Oxford and Cambridge was won by the latter at Putney, England.

Fighting between the American forces and the Filipino insurgents continues at a lively rate. The Filipinos burned their stronghold at Malabon and their forces were fleeing in the direction of Malolos. Our loss thus far is 45 killed and 145 wounded, among the killed being Col. H. C. Egbert, of the Twenty-second infantry. The Americans were pressing forward to deliver a final blow at Malolos.

Rear Admiral Sampson's squadron arrived at Kingston, Jamaica.

LATER.

Advices from Manila say the American troops were driving the insurgents toward Malolos, the seat of the Filipinos' so-called government, and that the place would soon be stormed by the American forces. The advance of Gen. Otis' men was marked by many desperate battles, and the gunboats, as far as possible, were aiding in the attacks on the native towns. It was the belief that the capture of Malolos would be a death blow to the Filipino opposition.

The Missouri legislature passed a bill prohibiting the sale of cigarettes and cigarette wrappers in the state.

Fire destroyed the Armour curled hair and felt works in Chicago, the loss being nearly \$400,000, and 11 employees were injured, one fatally.

Dr. James Ormsbee Murray, dean of the Princeton college faculty, died in Princeton, N. J., aged 73 years.

President McKinley has appointed young James D. Egbert, a son of the colonel of the Twenty-second infantry, to a lieutenantancy in his dead father's regiment.

After April 1 the postage rate of the United States will prevail in Cuba. Information from the entire wheat belt of the country shows that winter wheat has been badly damaged by the cold winter in the whole territory.

Maj. James M. Pollard, who had world-wide fame as an expert long-distance rifle shot, died in Washington.

The wages of the 5,000 employes in the cotton and worsted mills in Lawrence, Mass., have been increased ten per cent.

MOTHERHOOD is woman's natural destiny. Many women are denied the happiness of children through some derangement of the generative organs. Actual barrenness is rare.

SORROWS OF STERILITY

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is the overcoming of cases of supposed barrenness. This great medicine is so well calculated to regulate every function of the generative organs that its efficiency is vouched for by multitudes of women.

MRS. ED. WOLFORD, of Lone Tree, Iowa, writes:

DEAR MRS. PINKHAM—Before taking Lydia E. Pinkham's Vegetable Compound I had one child which lived only six hours. The doctor said it did not have the proper nourishment while I was carrying it. I did not feel at all well during pregnancy. In time I conceived again, and thought I would write to you for advice. Words cannot express the gratitude I feel towards you for the help that your medicine was to me during this time. I felt like a new person; did my work up to the last, and was sick only a short time. My baby weighed ten pounds. He is a fine boy, the joy of our home. He is now six weeks old and weighs sixteen pounds. Your medicine is certainly a boon in pregnancy."

MRS. FLORA COOPER, of Doyle, S. Dak., writes:

"DEAR MRS. PINKHAM—Ever since my last child I suffered with inflammation of the womb, pains in back, left side, abdomen and groins. My head ached all the time. I could not walk across the floor without suffering intense pain. I kept getting worse, until two years ago I wrote to you for advice, and began taking Lydia E. Pinkham's Vegetable Compound. I had not finished the first bottle before I felt better. I took four bottles, and have been strong and perfectly healthy ever since, and now have two of the nicest little girls."

Blood.

The duke was beside himself with rage. "Your family have only plebeian blood in their veins!" hissed his grace.

"Well, you ought to know; you've bled them enough," replied the duchess, the fair American—her mien quite in keeping with the haughty legend, "Non Cura, Non Merces," upon the trade-mark of her father's justly celebrated Combined Hair Vigor and Stove Polish.—Detroit Journal.

THE BEST SPRING TONIC.

As winter passes away it leaves many people feeling weak, depressed and easily tired. This means that the blood needs attention and sensible people always take a tonic at this time of year. Purgatives are not the right medicine—they weaken instead of strengthening.

Dr. Williams' Pink Pills for Pale People are the best tonic medicine in the world and do not act on the bowels. They stimulate the appetite, enrich the blood, strengthen the nerves and make people feel bright, active and strong.

No one is better able to speak of this fact than Miss Hazel Snider, a charming young woman of Arlington, Ind. To-day she has rosy cheeks, sparkling eyes and a plump form, which prove that she is in good health. A year ago Miss Snider was very thin, her cheeks pale, eyes sunken and dull. She was troubled with nervousness and general debility. She says: "After several months' treatment from the family physician we saw he could do no good. I was discouraged and did not know what to do. One day I read an item in a paper of the wonderful curative qualities of Dr. Williams' Pink Pills for Pale People. I tried the medicine, and when nearly through with the second box noticed a change for the better. After I had taken eight boxes I was cured and have had no occasion to take any kind of medicine since. I owe much to Dr. Williams' Pink Pills for Pale People, probably my life, and I advise any one suffering with troubles similar to mine, to take these pills."

Miss HAZEL SNIDER.

Sold by all druggists or sent post-paid by the Dr. Williams' Medicine Co., Schenectady, N.Y., on receipt of price, 50¢ per box; six boxes, \$2.50.

"Peace Hath Her Victories"

No less renowned than war," said Milton, and now, in the Spring, is the time to get a peaceful victory over the impurities which have been accumulating in the blood during Winter's hearty eating. The banner of peace is borne aloft by Hood's Sarsaparilla.

It brings rest and comfort to the weary body racked by pains of all sorts and kinds. Its beneficial effects prove it to be the great specific to be relied upon for victory. Hood's never disappoints.

Hard Man to Get At.

The manager is a hard man to see. Shut in his private office and with a well-trained boy in the ante-room, he is inaccessible to anyone whom that boy does not know. You cannot even get your card sent to him; the boy always says he is not in. You will get the same answer at the box office. I remember hearing an old manager once say to his office boy: "My son, if you don't learn to speak other people's lines you will not succeed in this business. I have written a part for you. Whenever anyone you don't know says: 'Is Mr. Brown in?' that's your cue to answer: 'No, sir. I wish you to be dead letter-perfect in that line from this time on.'"—Scribner's.

Beware of Ointments for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is often ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

"Among the Ozarks."

The Land of Big Red Apples, is an attractive and interesting book, with views of South Missouri scenery. It pertains to fruit-raising in that great fruit belt of America, the southern slope of the Ozarks, and is of interest to fruit-growers and to every farmer and home-seeker looking for a farm and a home. Will be mailed free by J. E. Lockwood, Gen. Pass. Agt., Kansas City, Mo.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package. CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. PROPOSED APPELLATE COURT.

The legislature has submitted to the people at the spring election next Monday, the question of amending the constitution so as to provide for an appellate court, intermediate to the circuit courts and supreme court. The supreme court is so crowded with business that it is not, and has not been for some years, able to properly examine and dispose of the cases that come before it. The appellate court will be given jurisdiction of cases involving an amount up to \$1,500.

This amendment is supported by every person of intelligence in the state who has given the subject any thought and investigation. The leading lawyers of the state, who fully understand the situation, are urging the adoption of these amendments. Governor Pingree heartily approves of the measure. George B. Horton, master of the state grange, says of it: "Having fully investigated the proposition to establish an appellate court, to operate as an intermediate between the circuit and state supreme courts, to the relief of the burdened condition of the latter, I am fully convinced that an endorsement by the people of the State will be in line with wisdom and justice." The chairmen of the Republican and Democratic state central committees both endorse it, and the leading newspapers of the state are emphatic in their utterances in its favor.

It is estimated that the cost of the court will be \$15,000 a year, and Auditor General Roscoe D. Dix in a certificate issued by him shows that the cost to each taxpayer would be one and four-tenths cents on each \$1,000 of assessed valuation of their property. This is a very small matter to each individual in view of the benefits that would accrue to everyone from it.

When the present supreme court was organized in 1857 it consisted of four judges and the state had a population of about 510,000. Now, the state has a population of about six times that number, the litigation has increased in a corresponding ratio, and yet to do this increased amount of business only one more justice has been added to the supreme court. In 1869 the supreme court rendered 121 decisions, in 1898 it rendered 630 decisions, besides disposing of numerous motions that were not reported. In 1870 there were 18 circuit judges, today there are 43.

Is it reasonable to suppose that five judges of the supreme court can do justice to themselves, or to the people, in reviewing the judgments and decisions of 43 circuit judges, if it required four judges to do the business of the court 20 years ago?

This amendment is proposed in the interest of economy and not in the interest of those who have axes to grind. It is proposed for the protection of a poor man's rights, which are as deserving of protection as the larger interests of rich men. As the rules of the supreme court are now formulated no argument of counsel is allowed in cases in-

volving sums of \$500 or less, and in cases involving larger sums than that only one hour is allowed. When the supreme court was first organized the time allowed was three hours. Public satisfaction cannot be given by a court thus crowded with litigants striving to be heard, but whom the court has not time to hear with patience and proper decorum, and this measure of relief should receive the favorable notice of every voter irrespective of party.

Don't neglect your duty as a voter next Monday, April 3. It is a noticeable fact that at the spring elections Republicans are too prone to stay at home and not cast their ballots. We have to elect this spring a supreme court judge, a judge of the 22d judicial circuit, two regents of the university and a county commissioner of schools. These are all important offices. The names of those on the Republican ticket will be found at the head of this column. They are all upright capable men who have been tried in office and not found wanting. They deserve therefore a due consideration and support at the hands of every Republican. Get out on Monday and cast your ballots for them and do your duty by the officials who have served you well, and show your unswerving loyalty to the Republican party.

Don't forget to have your name put on the registration list on Saturday, April 1, if it is not already there.

LOCAL ITEMS.

One of the papier mache cuspidors in the corridor of the court house at Ann Arbor took fire in some way about 10 o'clock Tuesday night and the fire was communicated from it to the newel post against which it stood before it was discovered. It was extinguished by a couple of gentlemen, who saw the blaze from the street, before any great damage was done.

The experience social at Thomas Wilkinson's Friday evening, under the auspices of the Epworth League, was a grand success. The house was crowded, fully 150 people being present. The written experience of the contributors as to how they earned their money, which were read by two persons appointed for the purpose, proved very interesting. The net proceeds were \$341.60 with 14 envelopes to be heard from.

The Mission which was given in St. Mary's church during the past ten days, closed Tuesday evening with a powerful and eloquent sermon from Father Hogan to an immense congregation. This mission has been a notable and extraordinary success. More than 700 approached the sacraments. The sermons have been full of power and eloquence, and seldom has Chelsea been favored with two such pulpit orators as Fathers Klauer and Hogan. The different church societies received large accessions of membership. The altars were beautifully decorated and the music was excellent.

The Late Mathias Schwikerath.

Mathias Schwikerath, who had been a highly respected resident of Chelsea for nearly 30 years, died Friday afternoon at 4 o'clock, after a painful illness of one week's duration from pneumonia. The funeral services were held at St. Mary's church, Monday morning at 9 o'clock, Rev. Wm. P. Conidine sang the requiem high mass and blessed the body, and the Rev. Father Hogan preached the sermon. The remains were laid to rest in Mt. Olivet cemetery. St. Joseph's Sodality of St. Mary's church, and the German Workingman's Society, of both of which the deceased was a member were present at the funeral in a body and by the large number in attendance testified to the esteem and respect in which he was held by them. His widow and 10 children by his first wife survive him.

Mr. Schwikerath was born in Germany, Dec. 6, 1849. In 1868, with his mother, two brothers and two sisters he came to America and in the fall of the next year he came to Chelsea where he had since resided. He was a kindly, honest, hard working man; of retiring disposition, a kind, affectionate husband and father and a good neighbor.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold at Glazier & Stimson's Bank Drug Store. Guaranteed.

Four Mile Lake S. S. Convention.

At the Sabbath School convention at Four Mile Lake church, March 16, the full program was carried out and some new features added, especially two duets which were splendidly rendered and well received by all present. The discussions called out by the different papers, although spirited and at times a little spicy, were all in good humor. The union choir of North Lake and the German church, though always good, never appeared to better advantage or sang better. One German gentleman over 80 years of age declared he would stick to the Sunday school and be a scholar while he lives. This is the third meeting of the two schools in convention and the interest is increasing. In every respect the meetings are getting better all the time. The object is to promote, extend and prosper Sabbath school work at home and at large.

Changes for advertisements must be handed in not later than Tuesday of each week. On Wednesday we are always busy with the news end of the Herald and find it impossible to devote the time to setting ads in a proper manner. If our patrons will bear this in mind they will benefit themselves and us also.

George P. Glazier will offer his fine herd of 20 registered and unregistered Jersey cows at auction on Tuesday, April 11. There will also be a number of other lots of Jerseys brought here by stockmen to be disposed of at the same time. Mr. Glazier's herd is the result of 10 years careful selection and retention of the best cattle he has owned in that time, and with those that will be brought here for sale will offer a splendid chance for admirers of this choice breed of cattle to purchase some really fine stock.

There is considerable of a possibility that the Michigan College of Mines, located at Houghton, will be removed to Ann Arbor and consolidated with the university. It now costs the state \$170,000 a year and has only about 100 students. Its work is almost exactly a duplicate of what is done at Ann Arbor, and it is figured that with the two extra professors which would mean an expense of not to exceed \$5,000 a year this large item of \$170,000 can be saved. In the interest of economy this should be done, the state cannot afford to graduate mining engineers at a cost to it of \$1,700 a year by each student.

A special meeting of Olive Chapter No. 108, O. E. S., will be held Wednesday evening next, April 5, for the purpose of initiation. A good attendance is desired.

The L. O. T. M. will give a social at Maccabee hall, on next Tuesday evening, April 4. All Maccabees, their families and friends, are cordially invited to be present.

Miss Kemper, a returned missionary from India, will speak in the Baptist church tomorrow (Friday) evening, under the auspices of the W. F. M. S. of the Methodist church.

Rev. J. I. Nickerson's subject at the town hall, next Sunday morning will be "Christ is Risen." Special Easter music by the choir will contribute largely to the interest of the service.

Any person having dishes belonging to the Woman's Relief Corps are requested to return them to the G. A. R. hall at once, as they will be required for use at the election day dinner next Monday.

There will be a Masonic social Friday evening of next week, April 7, at Masonic hall. All Masons and their families are cordially invited. There will be a fine program, also other things of interest. Let us make a success of it.

At the Congregational church Sunday morning, Rev. C. S. Jones will deliver an appropriate sermon for Easter Day on "The Resurrection." In the evening the Sunday school children will give an Easter festival program of recitations, music, etc., with an address by the pastor.

Auctioneer Geo. E. Davis has a gayel which he is very proud of. It was presented to him by a gentleman in Georgia, for whom he sold 3,000 horses in three months. It is made of Georgia pine, and has been Mr. Davis' side partner at many an auction sale since then.

The Ladies' Aid Society and Epworth League of the M. E. church have secured Hon. Washington Gardner to deliver his famous lecture "The Struggle for Chattanooga" at the opera house next Tuesday evening, April 5. Tickets 15 and 25 cents. Reserved seats 80 cents.

George E. Davis will sell on the premises opposite the elevator in Francisco, on Wednesday, April 5, at 1 o'clock p. m., the personal property of Daniel Shell. Among other things there are one span of bay mares, five good cows, a Champion mower, 50 chickens, besides plows, drags, harnesses, etc.

It may seem strange, but it is a fact, that we can send you the Farm Journal five years if you will pay all you owe for the Herald and one year ahead—both papers for just the price of ours. Whether you can reap the advantages of this surprising offer depends how soon you come forward with the cash.

Sheriff Gillen has sued the Michigan Central for \$100 damages because when on March 20 he entered the rear coach of a train to come to Chelsea on urgent business he was not notified that that particular coach was not going to be carried along. In consequence of this he was left sitting there as the train moved off.

The Feast of the Resurrection of Our Lord will be solemnly observed at St. Mary's church next Sunday. The altars will be beautifully decorated with Easter and Calla lilies and other plants, and numerous wax candles in elegant candelabra will adorn the sanctuary. The choir has prepared special music in honor of the day. The pastor, Father Considine, who has been suffering from the grip, expects to be able to officiate. Solemn vespers will be sung in the evening, followed by the Benediction of the Blessed Sacrament. The collection next Sunday will be for the pastor of the church.

Discovered by a Woman.

Another great discovery has been made, and that too by a lady in this country. "Disease fastened its clutches upon her, and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Glazier & Stimson's Bank Drug Store. Regular size 50c. and \$1. Every bottle guaranteed.

THE UNIVERSITY MUSEUM

A Large Collection of Musical Instruments Is Now Being Carefully Arranged.

GIFT OF FREDERICK STEARNS, OF DETROIT

Among the Number Can Be Found Almost Every Sound-Producing Device Known—Cost Thousands of Dollars and Came from Many Localities.

[Special Correspondence.]

Ann Arbor, Mich., March 22.—The large collection of musical instruments which was recently given to the University of Michigan by Frederick Stearns, of Detroit, is being arranged in the university museum. The entire third floor of the north wing of the museum building has been set apart for the collection. As rapidly as possible the pieces are being mounted and arranged in cases.

Of Great Value.

The collection comprises upwards of a thousand instruments, and includes almost every sound-producing device known to savage or civilized man. Many of the pieces were collected by Mr. Stearns during his travels in Europe, Asia, Africa and South America. Others were secured from those who had gathered them. The collection, besides requiring a period of years for its accumulation, has cost thousands of dollars. There are single pieces which have cost hundreds. Some of the instruments are of great value

scriptions. These pieces will occupy several wall cases.

In the center of the large room will be placed the organs, pianos and other exhibits too large to conveniently be arranged in cases. One of the most interesting of these is a piano-harp. This has a keyboard like a piano. The strings extend upwards and are arranged to resemble a harp.

Drum from Japan.

An exceedingly interesting exhibit is a large temple drum from Japan. Although the drum part proper is only about two feet in diameter it is swung in a stand which is as high as a man's head. This stand is an elaborate and beautiful example of oriental cloisonne work. Another valuable piece is a horn made of an elephant's tusk. It is beautifully carved its entire length. Besides showing hunting scenes of a century or more ago it has the likeness of several of the French kings carved near its larger end.

Rare Specimens.

A glass flute made in 1809 is of more than ordinary interest. The tube is of glass, with silver stops. Another rare specimen is a cane violin. This is a large, hollow cane which, when taken apart, becomes a violin. Among the collection of harps is one representing the type before the introduction of the modern Erard style of harps, which occurred at the beginning of the present century. This ancient harp is of either French or Italian make. In a case given over to curious musical instruments is a complete octave of musical glasses. In the same case are also a number of miniature instruments.

A Chant Book.

One of the most interesting exhibits is a large parchment chant book. The leaves of this are nearly two by three feet in size and are of very strong hide. The pages are highly illuminated with

A GENEROUS GIFT.

A Stranger from South America Said to Have Donated Large Sums to the Adventist Church.

The Seventh Day Adventists at their recent session in Battle Creek received a gift of \$400,000 from an unexpected source. They claim the money has been received through direct intervention of the Almighty, explaining by the following remarkable chain of incidents:

Among those in attendance at the conference is Elder F. H. Westphal, in charge of their mission in Buenos Ayres, South America. He hesitated about coming on account of the expense and because of the poor financial standing of the mission. Something prompted him to come. He took steamer to Southampton, England, thence on New York. On the steamer he fell in with a stranger, who proved to be Capt. Norman, who is worth millions and who was on a trip to the United States. They became friends and Westphal told Norman of his mission and invited him to attend the general conference with him. He accepted the invitation.

The result has been that Norman has been completely carried away with the Adventist doctrines, and when money was asked for at a certain stage in the proceedings of the conference he surprised the delegates by giving \$5,000. His interest continued to increase, until the climax was reached when Norman arose in conference and gave \$400,000 for the work of the Adventists.

Capt. Norman was never a church member and was not even a church attendant, and says that Westphal's invitation to attend the conference was the first time any person ever invited him to a religious gathering.

LOST NO TIME.

A Woman Secures a Divorce in Corunna and Marries Again the Same Day.

Mary Thorpe, of Venice township, is not so slow. She walked into the courtroom at Corunna, and when she left 15 minutes later the court had granted her a decree of divorce from her husband, Thomas Thorpe, on the grounds of extreme cruelty and drunkenness. She adjourned for dinner, and when County Clerk Beers appeared at his office for the afternoon's work Mary was waiting for him. She soon had in her possession the little piece of paper which was to carry happiness into the hearts of herself and one Arthur Hopson, of Hazleton. Thus within an hour the girl had received a bill of divorce and a marriage license. The wedding took place at night. Hopson was a witness in the Thorpe divorce case.

A PLEASANT SURPRISE.

A West Bay City Man Presented with a Check for \$2,000 from an Old Friend.

Paul Rivard, of West Bay City, was a very much surprised man a few days ago when he opened a letter and found it to contain a check for \$2,000 on a West Superior bank. It came from an old friend named Durkee as a present. A dozen years ago he worked in the woods with Durkee and became very intimate with him. For the last five or six years the men have been separated, Rivard not knowing where his former companion was living. The letter that accompanied the check said that Durkee was on his deathbed, and, having no relative to leave the money to, had concluded to give it to his old chum of the woods.

Soldiers' Burials.

The entire copper country turned out and did honor to the seven heroes of company D, Thirty-fourth Michigan volunteers, whose remains were brought from Santiago and interred in Calumet. The funeral was the largest ever held in the district. The bodies of Privates Dolan, Gilbert, Vivian, Chapman and Lind were buried in the soldiers' plat at Lake View, and Greenier and Hogan in the Roman Catholic cemetery. While lying in the Light Guard armory thousands viewed the caskets.

Congregational Churches.

Rev. John P. Sanderson, of Lansing, registrar of the Congregational churches of Michigan, has completed his report for the year 1898. It shows a slight decrease in the membership. The Methodists, he says, reported a decrease of 500, the Presbyterians of 171; the Baptists made a gain of 174, and the Congregational loss is 300. The number of Congregational churches in the state is 343; the membership, 32,163; Sabbath school members, 40,988; Y. P. S. C. E. members, 14,026.

Charcoal from Sawdust.

A plant for the conversion of sawdust into charcoal will be put in at Menominee and is expected to solve the problem, common to every city where lumber is extensively manufactured, of what to do with the immense amounts of sawdust which accumulate. The charcoal made by this process is used in a variety of ways, the latest and most important, perhaps, being for the manufacture of calcium carbide, which is used in the production of acetylene gas.

Benefit to Farmers.

Saginaw sportsmen are going to stock the forests in the vicinity of that city with Mongolian pheasants. Next month they will set loose 30 pairs of the birds, and in three years these are expected to increase to at least 30,000 or 40,000. The birds will be of much benefit to farmers, as they are very industrious in destroying bugs and insects that eat grain and fruit.

UNIVERSITY MUSEUM BUILDING.

because of their antiquity, some because of the hours and hours of labor required for their production, others because of their complex mechanism, and still others because of the great expense incurred in getting them from the far-away countries in which they were used to Ann Arbor. Mr. Stearns has been a great traveler and at the same time a great collector, as various collections in the Detroit museum of art bear evidence.

A Big Job.

The room in which the collection is being arranged is large, rectangular in shape and abundantly lighted. The instruments, except the larger ones, will be displayed in wall and upright oak cases. The work of arranging the collection, which has been well begun, is a matter of weeks, if not months. Each instrument is being displayed in the case, so that it is an exhibit in itself, and yet is in its logical position in the entire collection. The general idea which is being worked out in the arranging is the evolution of musical instruments. First in the order of development were percussion instruments, then stringed instruments, and lastly wind instruments.

Music by Percussion.

The instruments which produce music by percussion include rattles, clappers, castanets, tambourines, bells and drums. The most primitive and crude pieces in the Stearns collection belong to this class and occupy a number of cases. Here are the instruments with which the savages of central Africa entertained their guests and the cannibals of the South Sea islands quiet their nerves after luncheon.

Stringed Instruments.

In the development of stringed instruments those picked by the fingers come first, then those plucked by the plectrum, and later those played with the bow. To the first class belong the harp and lute, and to the second the cithern and mandolin of to-day. The exhibits of these instruments in the Stearns collection is very complete. The harps, lyres, lutes, citherns, tambour, mandolins, guitars, banjos and violins fill four large cases.

A Piano Harp.

The third great classification comprises the wind instruments. To this class belong the whistle, flute and brass instruments of all sizes and de-

initial letters and color designs. The covers are of wood, over which tough leather has been stretched. It is supposed that the volume belonged to a cathedral at Santiago, Spain.

Of Practical Use.

The collection, besides being a most valuable addition to the university museum, will be of practical use in illustrating the courses in the history of music. The larger instruments will be so arranged that Prof. Stanley, of the music department, can demonstrate their workings to his students as occasion demands.

IS NOW A LAW.

Gov. Pingree Signs the Atkinson Bill for Taxation of Railway and Other Companies.

Gov. Pingree put the finishing touch on the legislation for which he has been contending since before his first term as governor when he signed the Atkinson equal taxation bill. The act becomes operative immediately. The object of the bill is the taxation of railroad, express, telegraph and telephone companies in the state upon the same basis as other property, the rate of taxation to be fixed by a state board of assessors appointed by the governor, with the consent of the senate.

While in the senate the bill was amended in the following important particulars: The board of assessors was reduced from five to three and the salary from \$5,000 per year to \$2,500; the forfeiture of franchise clause for the nonpayment of taxes was stricken out and a fine substituted; a clause was inserted making the consent of the senate necessary to the confirmation of the governor's appointees upon the board of assessors. The act repeals the act in force heretofore, under which railroads have been taxed specifically upon their earnings.

Thousands at Work.

According to estimates by a reliable authority the number of men employed in the copper mines of Houghton county at the present time is 12,000, against 10,500 last year and 7,300 in 1890. The same authority places the total of men employed in the mines of the whole copper country, which includes Keweenaw and Ontonagon counties as well as Houghton, at 15,000.

Health in Michigan.
Reports to the state board of health from 79 observers in various portions of the state for the week ended March 18 indicate that remittent, intermittent and typhoid fever increased in area of prevalence. Consumption was reported at 119 places, measles at 33, typhoid fever at 27, scarlet fever at 10, diphtheria at 17, whooping cough at 12 places and smallpox at six places.

Increase in Deposits.
An abstract of the condition of the 120 state banks and three trust companies of the state at the close of business February 4 last, issued by Banking Commissioner Maltz, shows an increase of deposits of nearly \$5,000,000 in the two months which have elapsed since the previous report. The cash items show an increase from \$23,000,000 in December to \$26,000,000.

Wins on the Recount.
The official count of ballots at the village election in Warren gave Frank A. Reddick 31 and Charles Gerlach 18 for president, and 14 ballots thrown out because they were not marked. Gerlach petitioned for a recount, which was held, and the result gave Reddick 29 and Gerlach 31, and Gerlach was declared elected.

Is Now a Law.
Gov. Pingree has signed the bill authorizing the city of Detroit to purchase and operate the street railways of that city. A citizens' mass meeting has been called to protest against the measure, on the ground that it contains no provision for submitting the municipal-ownership proposition to a popular vote.

A New Judge.
Harver D. Smith, of Cassopolis, has been appointed judge of the Thirty-sixth judicial district, comprising Cass and Van Buren counties, to fill the vacancy caused by the creation of the new circuit. He will hold office until next January.

A Bank Robbed.
Burglars entered Charles H. May & Co.'s bank at Clio, Genesee county, early in the morning, blew the bank vault and safe open with nitroglycerin and abstracted \$1,500 from the safe and made their escape.

MICHIGAN LEGISLATURE.

Daily Summary of the Work Done by the Lawmakers in the Senate and House.

Lansing, Mich., March 21.—A bill has been passed in the senate amending the act for the incorporation of moral and religious associations so as to allow the members of boards of directors to be elected for successive terms... In the house the resolution providing for final adjournment on May 17 was tabled. A bill making it a state's prison offense for a person to teach the doctrine of polygamy in Michigan was passed, as was one making it a misdemeanor for a person not a member of the G. A. R. to wear the button of that order.

Lansing, Mich., March 22.—Bills have been passed in the senate providing for a stenographer for the probate court of Lapeer county; detaching certain territory from townships of Rudyard, Pickford and Darter, Chippewa county, and attaching to township of Kimross; vacating the village of Lake, in county of Lake... In the house bills have been passed amending the charter of Au Train, Alger county, and incorporating in township of Munising; vacating township of Rock River and incorporating it in township of Onota; detaching certain territory from township of Munising and attaching same to township of Burke; compelling electric roads to maintain automatic bell signals at halfway crossings.

Lansing, Mich., March 23.—The senate yesterday confirmed the following nominations: Labor commissioner, Joseph L. Cox, of Battle Creek; dairy and food commissioner, Elliott O. Grosvenor, of Monroe; trustee of northern asylum, Charles F. Backus, of Detroit; trustee of state public schools, Caleb D. Randall, of Coldwater. Bills have been passed amending the charter of Bay City; reducing the number of justices from four to two; reenacting the laws for the incorporation of Protestant Episcopal churches... In the house bills have been passed authorizing county of Saginaw to submit to voters the proposition to build an insane asylum to cost \$75,000; increasing salary of the chief of the corporation division of the department of state to \$1,500; anti-polygamy bill; keeping election polls in Wayne county open until eight p. m.; providing that Chippewa county may reduce number of county road commissioners to one; providing that by a two-thirds vote of electors villages may erect public buildings and own real estate for public purposes; providing that directors of homes for aged, infirm or indigent men or women may qualify in the sum of \$2,000 instead of giving bond for \$1,000; providing a board of registration for Tawas City.

Lansing, Mich., March 24.—Both houses have now passed the bill authorizing Detroit to acquire and operate street railways, and the bill is sure to become a law. It provides for the purchase by the city of the present street railway system at a valuation to be fixed by a commission appointed by the common council. The senate yesterday confirmed Milo D. Campbell, of Coldwater, as commissioner of insurance and Wirt P. Doty, of Detroit, as a member of the state board of pharmacy.

Lansing, Mich., March 25.—The senate yesterday passed the bill prohibiting the manufacture or sale of colored oleomargarine and confirmed Jabez B. Caswell, of Bay City, as state salt inspector... In the house resolutions proposing amendments to the constitution providing for equal suffrage and increasing the compensation of members of the legislature to \$500 a year were defeated. The committee on education recommended the passage of the bill locating the new state normal school at Marquette.

PEOPLE WANT A VOTE.

Gov. Pingree Asked to Withhold Signature from Detroit Street Railway Bill—His Reply.

Detroit, Mich., March 25.—Mayor Maybury, who is in New York, on Friday telegraphed Gov. Pingree at Lansing requesting him to withhold signing the bill for the acquirement of Detroit's street railways by the city until the people have had opportunity to be heard upon the matter. Strenuous objection has developed to the bill chiefly because it authorizes the council to appoint a commission to purchase the roads without permitting the people to vote upon the proposition. A citizens' committee which has called a mass meeting for Monday night wired a similar protest to the governor.

The governor replied from Lansing in a lengthy open letter, asserting that he would sign the bill and giving his reasons therefor. Gov. Pingree asserted that the people of Detroit are in favor of municipal ownership of street railways, and that if the proposed experiment does not prove a success the people will meantime have derived the benefit of low fares, and the property will be returned to private ownership without loss to the city.

The price and terms at which the street railway companies are willing to sell out to the city have not been disclosed, but it is known that there have been negotiations on the subject between Gov. Pingree and Tom L. Johnson, president of the Citizens Street Railway company, who has general management of all the properties. Intimate political friends of the governor assert that he has secured an agreement, the terms of which will be eminently satisfactory to citizens should the common council see fit to appoint a commission as provided for in the new act.

Teachers Go to Washington.

Detroit, Mich., March 25.—One hundred and thirty teachers in the city schools started Friday night via the Michigan Central and Hocking Valley railroads for Washington on an excursion arranged by the Detroit Principals' association. The train is a special composed of a baggage car, one ladies' coach and three drawing-room sleepers. The visitors will probably remain in Washington until April 10.

Sells to a Trust.

Northville, Mich., March 24.—The Globe Furniture company, of Northville, has sold its plant and business to the American School Furniture company, of New York, a recently organized corporation with a capital of \$10,000,000.

Days of the Horse Numbered.

The greatest electrician in the world decries that the days of the horse are numbered, and that in a short time electricity will completely supplant man's most useful animal. In 20 years, he asserts, the horse will be a curiosity. Diseases of the stomach, liver, kidneys and blood would also be a curiosity if all sufferers would take Hostetter's Stomach Bitters. There would then be practically no dyspepsia, nervousness, sleeplessness, indigestion, constipation, malarial fever or ague.

A BRAVE COLONEL

Recommends Pe-ru-na as a Family Medicine.

A Scientific Spring Medicine.

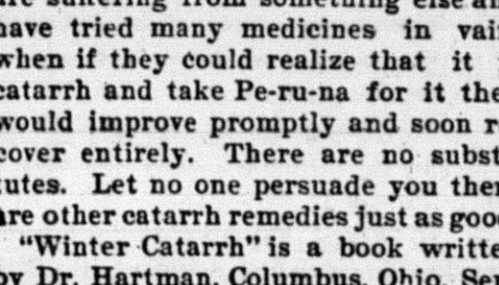

Colonel Arthur L. Hamilton, of the Seventh Ohio Volunteers, 259 Goodale street, Columbus, Ohio, writes: "Besides having the merits of Pe-ru-na so fully

Colonel Hamilton, of Columbus, O. demonstrated in my family, I have a number of friends who have taken it for catarrh and stomach trouble, and all unite in praising it. As a remedy for catarrh I can fully recommend it." Mrs. Hamilton, wife of the gallant Colonel, is an ardent friend of Pe-ru-na also. In a letter on the subject she writes: "I have been taking Pe-ru-na for some time, and I am enjoying better health now than I have for years. I attribute the change in my health to Pe-ru-na, and recommend this excellent catarrh remedy to every woman, believing it to be especially beneficial to them."

The spring-time is the most favorable time of the year to treat catarrh. There is so much less liability to take fresh cold that the treatment is unimpeded. All old cases of chronic catarrh should begin immediately a course of Pe-ru-na as directed in Dr. Hartman's books on this disease. There are so many different phases and stages of catarrh that one hardly knows when he has it. A great many people think they are suffering from something else and have tried many medicines in vain, when if they could realize that it is catarrh and take Pe-ru-na for it they would improve promptly and soon recover entirely. There are no substitutes. Let no one persuade you there are other catarrh remedies just as good. "Winter Catarrh" is a book written by Dr. Hartman, Columbus, Ohio. Sent free to any address.

Mrs. Col. Hamilton.

There is a Class of People Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1/2 as much. Children may drink it with great benefit. 15 cents and 25 cents per package. Try it. Ask for GRAIN-O. Try Grain-O! Insist that your grocer gives you GRAIN-O. Accept no imitation.

The Appetite of a Goat
Is envied by all poor dyspeptics whose Stomach and Liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful Stomach and Liver Remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at any drug store, and at Glazier & Stimson's Bank Drug Store.

Manchester.
Teachers and pupils are having a rest from school work this week.
Mrs. Harmon Clark visited at Richard Green's, at Iron Creek, this week.
A car load of corn was shipped in here this week for Hagaman and Lowery.
A large class of boys and girls were confirmed at Emanuel's church last Sunday.
Exercises were held in the school hall Friday afternoon, pupils from the different grades taking part.
The I. H. P. society gave a party last Friday in honor of Miss Bessie Story who is soon to leave town.
The Historical Club met at the home of Miss Alma Teter Saturday. The poem "Elizabeth" by Longfellow was read.
Albert Morschauer, who is working for James Weir, cut his foot quite badly last Wednesday, and is unable to work for a few days.
The literature class recently received a bust of Washington in imitation marble, which they paid for out of the proceeds of the play given by them a few weeks ago.
A traveling man last week fell and broke his leg in the Union Savings block. Some one started for a doctor but he asked that they might take him to the depot instead. They did so, and he took the train for Detroit.
(Left over from last week.)
The German school closed last week.
Mrs. Snyder is about to move on the Kirchgessner farm.
The play given at Arbeiter hall March 17 by the Catholic society was very largely attended.
Dr. Servis has purchased a lot of Dr. Conklin lying just south of Mr. Berger's. He expects to build on it this spring.
Miss Helen Leeson secured a position as a compositor in a printing office in Tecumseh, but decided later not to accept it.
Fred Steinkohl was making balsam in the back part of his store March 18 when the mixture caught fire. The fire department was promptly on hand with the engine, but the stuff had been thrown out of the back door and their services were not needed. The walls and ceiling of the store were badly blackened. The same day George J. Haessler, also a druggist, lit a lamp in his store and carelessly threw down the match. It fell in a drawer containing paper and towels and a few minutes later they were discovered to be on fire. It was promptly extinguished.

Probate Order.
STATE OF MICHIGAN, County of Washtenaw. ss. At a session of the Probate Court for the County of Washtenaw, holden at the Probate Office, in the city of Ann Arbor, on Thursday, the 16th day of March, in the year one thousand eight hundred and ninety-nine. Present, H. Wirt Newkirk, Judge of Probate. In the matter of the Estate of Perry Preston, deceased.
On reading and filing the petition, duly verified, of James J. Preston, praying that a certain instrument now on file in this Court, purporting to be the last will and testament of said deceased, may be admitted to probate, and that administration of said estate may be granted to himself, the executor in said will named, or to some other suitable person.
Thereupon it is ordered, that Friday, the 14th day of April, next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the devisees, legatees, and heirs-at-law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office, in the City of Ann Arbor, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereon, by causing a copy of this order to be published in the Chelsea Herald, a newspaper printed and circulated in said County, three successive weeks previous to said day of hearing.
H. WIRT NEWKIRK, Judge of Probate.
