POLITICS IN WASHTENAW.

The Present Situation in the Republican
Party as Viewed by Some.

Under the heading, "G. O. P. Fight in
Washtenaw; Present Situation as Seen
by a Judson Man," the Detroit Free Press of
the 29th ult., had the following, dated
from Ann Arbor:

"The so-called anti-Judson people abuse
Mr. Judson because they claim he is a
'boss.' How long is it since Andrew J.
Sawyer relinquished that title? The re-
port of the bolters' convention held at the
opera house last Thursday, as published in
the Courier and Times, contains the name
of Andrew J. Sawyer 17 times, in almost
every paragraph. Was not Sawyer 'boss'
there? The fact is that the wealthy Re-
publicans of Ann Arbor, Sawyer, Beal,
Dean, et al., have tried to form a trust for
the control of the Republican party of this
county, and have run up against that
great commoner, Billy Judson, and have
failed. Therefore, there is no abuse too
great for them to heap upon him.

"Just look at the personnel of the two
conventions. The regular convention held
in the court house was composed largely
of young men. More than two thirds were
under 35 years of age if I am any judge of
men's ages. When I looked over the
bolters in the opera house I discovered
that nine-tenths were baldheads and gray
heads. There was scarcely a young man
there. That leads me to the remark that
when the old regime did control politics
here they paid very little attention to the
young men of the party. The delegates
were always the same old set, year after
year, and if a young man secured recogni-
tion he had to fight hard for it. A hard-
bitten set of political bosses never control-
led a party organization than were Saw-
yer, Dean, Beal and the others in their
palmy days. That is one reason why Jud-
son found it so easy to dethrone them.
They might as well learn this lesson now
as later, that the young men, those who
were in the regular Republican convention
last Thursday, are the men who will con-
trol the party in this county in the future,
no matter whether Judson remains here or
not, and no matter how hard the old gang
may kick, Mr. Sawyer never yet had the
manhood to accept defeat gracefully, but
when a majority is against him he never
fails to raise a howl and attempt to ruin
what he cannot rule.

"When the bolters accuse Mr. Judson
of buying men to attend caucuses, Demo-
crats in particular, what did they them-
selves do? What did Sawyer's satraps,
Kingsley and Helber, attempt to do?
How much money was spent by them
under Sawyer's dictation? The spectacle
was not a delightful one, but when those
people hold up their skirts and cry 'un-
clean' to Judson, they are simply attempt-
ing to distract attention from their own
acts. Mr. Judson met them with their
own weapons and defeated them fairly,
and many men would not play the baby
act, 'take their dolls and go home.' Do
you think that if Judson had been de-
feated he would have bolted or squealed?
No sir; and it is that element in him that
young men admire and which is the chief
element of his strength. While Mr. Jud-
son does not pretend to be an angel, his
wings are as nearly sprouted as are those
of his detractors.

"While I am not an admirer of Mr.
Ferry, neither am I an admirer of Mr.
Stearns. I should like to see either
O'Donnell or Bliss nominated for gov-
ernor, and such an act by the coming
Republican convention would go a long
way toward harmonizing the Republican
party of Washtenaw county, and, I be-
lieve, of other counties as well, for, if
reports are true, both Ferry and Stearns
are bringing the Republican party to
diagnose by their attempts to buy up a
nomination that ought to come from the
people composing the Republican party
spontaneously. If the Republican party
is as disrupted in the state as it is in
Washtenaw county it will be the result of
rich men's corruption.

"A word more concerning the opposing
delegations from this county, and I am
done. Although the bolters have not a
leg to stand on, they hope to deprive their
opponents of victory by bulldozing
Republican conventions into giving each
one of their delegates a half vote, thus
winning by trickery what they were
powerless to win from the people. I do
not believe that any convention of Repub-
licans that can be brought together will
ever gratify their desires, for they have
not a vestige of justice for their action.
Senator McMillan is a fair man and he has
many friends in the ranks of the regular

Republicans in this county. I believe
when he comes to know the situation as it
is, he will quietly advise the bolters to
drop their un-Republican course, accept
defeat in a manly way and try and devise
some way of getting together. Although
Senator McMillan is unfortunate in the
man who pretends to represent him in
Washtenaw county, evidently having been
deceived in some way, yet the Republi-
cans can overlook that to a great extent,
for they believe him to be an honest man
who will do the right thing for his con-
stituents when it is brought to his
attention."

Mr. S. G. Noble.

S. G. Noble, an old pioneer of Una-
dilla, Livingston county, passed away
Saturday, April 28, after a long illness, at
the advanced age of 81 years, 1 month
and 11 days. Mr. Noble joined the
Wolverine Rangers April 10, 1849, and
went to California by way of the Over-
land route in search of gold. He was
absent 23 months and 6 days, and suffered
many hardships. On his return he en-
gaged in the mercantile business in Una-
dilla for a number of years, after which
he purchased a large farm on the out-
skirts of the village and entered into
agricultural pursuits. He held several
offices and positions of trust, and was
respected and honored by all who knew
him. He was united in marriage to
Charlotte Eleanor Montague, daughter of
Luke and Eunice Montague, Oct. 14,
1841. There were two children born to
them, a son and a daughter, who both
died in infancy. The funeral was held
from the First Presbyterian church Tues-
day, May 1, where the deceased was
previous to his illness a regular attendant
and a generous contributor. He leaves a
widow and a large circle of friends to
mourn his loss.

REAL ESTATE DEALS.

Several Changes in Ownership of Pieces
of Valuable Property.

Transfers in real estate have been quite
active in Chelsea during the past few days
and some fine pieces of property have
changed hands in consequence.

Dr. G. W. Palmer has sold his elegant
residence on East Middle street, to John
D. Watson, who will occupy it himself.
The consideration was \$4,500. Dr. Pal-
mer will move into the Hudler house next
door west.

George W. Beckwith has sold his resi-
dence corner of East and Summit streets to
Henry Gorton, of Waterloo. The price
paid was \$1,900.

Mrs. Flora Watson, of Unadilla, has
purchased John G. Hoover's fine home on
South street, and will take up her resi-
dence in Chelsea.

On Tuesday Ed. G. Hoag bought Mark
Lowry's commodious and well built house
on Jefferson street, paying \$2,000 for it

Did Not Pan Out Very Well.

Some months ago Willis Clark, of Ann
Arbor, the adopted son of Israel Clark, of
York, made a hot legal fight of several
days' duration in the probate court to be
declared an heir to the estate of his
adopted father. The administrator of the
estate filed his final account on Friday,
which showed that after deducting his
legal fees, less \$35 which he threw off,
from the proceeds of the sale of the estate,
he had just money enough left to settle all
claims against the estate at the rate of
eight cents on the dollar. And now the
heirs are wondering what they made such
a fight about.

GAMES OF BOYS POPULAR

Students at University of Michigan
Like to Spin Tops and
Play Marbles.

DEVOTE MUCH TIME TO THESE SPORTS.

Law Department Arranging for a
Cooley Day—Trip of the Glee, Ban-
jo and Mandolin Club—Volunteers
for a Chess Match—Other Notes of
General Interest.

[Special Correspondence.]

University of Michigan, May 7.—Curious as it may seem the students during the past week have been devoting a large part of their time to top spinning and marble playing. How the craze got started or where it is going to end nobody knows. One thing is certain, however, the student who cannot spin a top or hasn't one to spin is of little consequence. This is especially true of the students of the law department. For the last few days there has been a crowd in front of the law building from breakfast time to dusk giving their attention to top spinning. Between recitation hours the crowd has been so large that several circles have been formed. The opportunities for top spinning are particularly favorable at this point on the campus because of the wide cement walk which extends along the entire front of the building.

Trick Performers.

The fellow who can perform the most tricks with his top is the hero. Some of the feats accomplished are quite remarkable. One law throws his top into the air in such a way that it goes around a tree and comes back so that he can catch it in the palm of his hand where it has its spin out. The fellows who can toss their tops into the air and have them come down revolving are numerous. Not a few can make the tops revolve on a doubled string. The different tricks which are performed are almost as numerous as the students.

Girls Have the Craze.

The top spinning is not confined to the campus. Wherever two or three students congregate together there the revolving piece of wood is. It is a common thing to see the sidewalk in front of some boarding house blocked up by a crowd intently engaged in top spinning.

The small boy is having a glorious time during it all. He is not an unwelcome spectator, because he has a top which some dignified senior is only too glad to borrow and show how tops were spun when he was young. Even the girls have caught the craze and are showing their brothers (?) that they too can spin tops.

Scarcity of Tops.

The fad grew with such rapidity that before the store keeper knew what was taking place every top in town had been sold, and the would-be top owners were the most numerous class of customers. One enterprising merchant displayed a large bulletin: "Plenty of tops to-morrow." The others made haste to order supplies that they too might profit while the excitement was on.

Play Marbles.

Along with the top-spinning craze has occurred a second, although not as violent, disease. It is for marbles. Here again the law student leads off. Heshows the lites, the medics, the dents, the homeops, the pharmics and the engineers how to play the game scientifically.

Cooley Day.

The law department is arranging to observe some day during the latter part of the month as Cooley day in honor of Thomas M. Cooley, the eminent jurist who for 30 years was closely identified with the department. The programme for the day will consist of a brief address by Harry B. Hutchings, dean of the law department; an oration by Claudius B. Grant, of the Michigan supreme court, and a poem by one of the law students. The idea is to make Cooley Day a permanent feature in the university life.

First in Five Years.

The Glee, Banjo and Mandolin clubs made their first trip last week in five years. They visited Grand Rapids, Kalamazoo and Battle Creek. In the first and last named cities they gave evening concerts, while in the Celery city they gave a matinee. The last trip prior to this was in 1895. On that occasion the conduct of the clubs was such that the officers of the university thought it best to forego for a few years the advertising secured by the musical organizations. Even this year's trip was a very short one, a sort of probation affair to see if the trip would be a credit to the university.

Will Play Chess.

Prof. A. W. Dewey, of the homeopathic department, and a number of the chess players among the students have volunteered for the Michigan-Ohio correspondence chess match which will soon be on. Each state will be represented by 25 of its best players. Each man will be given a man from the other state as his opponent. The state whose representa-

tives win the greatest number of the games will be the victor.

Case for Offspring.

Prof. Jacob E. Reighard, of the zoological department, is engaged in the study of the instinct of caring for offspring as illustrated in the dog fish. He has a canap on the Huron river near Ypsilanti where he has spent a month or so each spring for a number of years studying the habits of the fish. So far he has discovered that the male fish builds the nest in which the eggs are laid and subsequently protects the eggs and the small fish from the other fish in the river. He hopes before completing his research to make some discoveries from which generalizations for all vertebrates can be made.

R. H. E.

A BIG SENSATION.

Mock Marriage Ceremony on the
Campus at Olivet College Cre-
ates Excitement.

Some of the fellows have given the college hill in Olivet the biggest sensation it has had this year. They had been racing over the campus pulling an old wagon at the bottom of which a bell was attached, and shouting the virtues of a patent medicine, when they came upon an odd-looking couple, who were very loving. They followed this couple around for some time and finally closed in upon them, captured them, and took them over to Shepherd hall in the wagon. Through a megaphone they announced to the girls that a great event was to take place. Out of the windows came the girls' heads to listen to a solemn marriage ceremony which an eloquent divine performed. The supposed bride had been acting somewhat strangely throughout the ceremony and at the conclusion gave a very masculine jump to the ground. The fellows had captured a make-believe couple which was out trying to fool the faculty.

BONDS NOT VALID.

Those Issued by Bay County to Build
Stone Roads Do Not Adhere
to the State Law.

It was discovered in Bay City that the \$100,000 stone road bonds recently authorized by a vote of the electors of Bay county, and which are advertised for sale at a special session of the board of supervisors, May 24, are invalid, because the state law governing such matters was not adhered to. Under the regular statute of the state the board of supervisors can issue bonds, when so authorized by the electors, to run not more than 15 years. In case of a longer term, a special act of the legislature must be secured. In this case no special act was obtained and the bonds are to run 30 years. The supreme court has decided cases from Cheboygan and Alpena covering the case in Bay county, in which it was held that unless special provision was obtained the supervisors cannot bond for a longer period than 15 years.

TORE DOWN THE FLAGS.

Anti-Britishers in Detroit Object to
the British Emblem at a
Banquet.

British flags which entered into the decorations for the Mohawk club banquet at the Auditorium in Detroit were summarily torn down. The decorator had utilized the English emblem along with other national insignia, but when an inspecting party of braves entered the hall and saw the union jack blushing amid the scene of color a war of extermination was at once declared. Ruthless hands pulled the banner of the British isles from the gallery rail and the speaker's stand. When no suggestion of Great Britain remained antipathy to the queen was further accentuated by placing the Spanish flag where the other had been. At another point the flag of Ireland replaced that of the exorcised emblem.

To Rebuild Its Plant.

The Metropolitan Lumber company, whose two large mills at Atkinson were destroyed by fire April 23, has bought new machinery and will rebuild on the old site. The new plant will consist of a double mill, half the size of its former one, and will be ready for operation July 1. The company has about 21,000,000 feet of logs already cut and in the pond, which with the standing timber it yet owns in the vicinity of Iron River will give it three or four years or more of sawing.

Large Collections.

The trespass collections of the state lands department since last September have been the largest in the history of the state, over \$35,000 having been received from lumbermen who have entered state lands and cut the timber. The increase in the number of trespasses is attributed to the higher prices at which lumber is quoted.

Given Five Years.

W. H. Rhodes, alias John Martin, who last summer forged a deed on a piece of land in Chickaming township, then borrowed \$700 from a widow, Mrs. Wells, living near Three Oaks, was sentenced in St. Joseph by Judge Coolidge to five years and six months at Jackson.

MICHIGAN STATE NEWS.

Sues for \$20,000.

Mrs. Charles Fletcher Church has brought suit in Kalamazoo for \$20,000 damages against her mother-in-law, Mrs. Stephen C. Church, for alienation of her husband's affections. Miss Mary Rich, the complainant, and her husband were brought up together in Kalamazoo. The young man moved with his family to Waterbury, Conn., but later the son was sent to attend Kalamazoo college. The result was a severe marriage with Miss Rich December 26, 1898. When the wedding became public the boy's parents came to Kalamazoo, and a little later the boy left for Waterbury. He has never returned.

Forest Fires.

The towns of Arnold, Gardner, Swanson and Gerondale, on the line of the Wisconsin & Michigan road, have been destroyed by forest fires. The fires extended from Fisher, north and west, for 20 miles. It is hard to make an estimate of the damage done. Thousands of dollars' worth of cedar stock has been destroyed, farmhouses, sheds and railroad property have been consumed and lumber camps burned up, aside from the towns completely wiped out. At Boston 750,000 feet of hemlock logs belonging to W. L. and H. D. Churchill were destroyed and about 300 feet of logs for small jobs.

Health in Michigan.

Reports to the state board of health from 75 observers in various portions of the state for the week ended April 28 indicate that diarrhea increased and remittent fever decreased in area of prevalence. Consumption was reported at 154 places, measles at 124, typhoid fever at 20, scarlet fever at 76, diphtheria at 15, whooping cough at 16, cerebro-spinal meningitis at 4 places and smallpox at Detroit, Colon, Springwells, St. Charles, Grand Rapids, Brant, Locke, Richmond and Grosse Point.

Sixteen Buildings Burned.

Fire which started in Shaw & Walker's billiard hall in Gladwin destroyed 16 buildings and a lot of other property. Albert Bergan slept in the billiard hall and it is supposed he was burned to death. The body of Thomas Van Wermer, awaiting burial, was burned. Among the property destroyed were the Michigan Central station, Free Methodist church, city warehouse, Brunswick hotel, Foster & Miller's hardware store, Hugh McClary's agricultural implement store. The total loss is \$50,000.

A Terrible Deed.

Mrs. James Simonds, who lived near Otter Lake, deliberately jumped in front of a Michigan Central express train with her two-year-old child in her arms. Both were terribly mangled, dying almost instantly. Mrs. Simonds' mind had been unbalanced for several months, but her mania had not been considered dangerous.

Railway Earnings.

A statement issued by Commissioner Osborne shows that in March the railroads earned \$3,168,293 in Michigan, as against \$2,797,995 in the same month last year. Up to April 1 this year the aggregate Michigan earnings were \$8,916,941, an increase of \$1,257,011, or 16.28 per cent, over the first three months of 1899.

Crop Outlook.

The weekly crop report issued by the agricultural department in Washington says for Michigan:

Farm work has made rapid progress; rye, grass and meadows are much improved; wheat continues poor and is still being plowed up; oats, barley, pea seedling, and early potato planting well advanced; plowing for corn begun; all fruit prospects continue very promising.

News Items Briefly Told.

Bernard Hance, a farmer living near Hickory Corners, Barry county, shot a bald eagle that measured nearly eight feet from tip to tip of wings.

Dr. George Edward Frothingham, a famous oculist, died at his home in Detroit, aged 64 years.

The town of Ames was practically wiped out by a forest fire, the loss being \$30,000.

All but three of the buildings in the east side of Main street were burned at Athens, the losses aggregating \$18,000.

A. O. Hyde, aged 84, former superintendent at Marshall, has been bound over for trial on a charge of stealing \$17,000 while in office.

The first of 30,000 Finn immigrants due this year have reached the Michigan iron district.

"Jack" Bliss, whose real name is Grant E. Bliss, was killed in an attempt to jump from a Detroit electric car.

During the month of April 3,243,143 feet of lumber came into the Saginaw river from Cheboygan and 2,603,000 feet were shipped out from Saginaw.

Rural free delivery will be established May 14 at Cedar Springs, Kent county, and at Durand, Shiawassee county.

The cash balance in the state treasury at the close of business April 30 was \$2,494,563.20.

The Ann Arbor common council has accepted the bonds of 31 saloon keepers for the coming year.

MICHIGAN REPUBLICANS.

Meet in Detroit and Elect National
Delegates Instructed to Vote
for President McKinley.

Detroit, May 4.—Republicans in convention here yesterday confined the resolutions to indorsement of the national administration. Charles E. Townsend, of Jackson, presided. Delegates and alternates to the national convention were chosen as follows:

Delegates—Col. Frank J. Hecker, of Detroit; Delos A. Blodgett, of Grand Rapids; Capt. William E. Parnall, of Calumet, and William McPherson, of Howell. Frank W. Gilchrist, of Alpena, contested for the fourth place on the delegation, but was beaten 48 to 37.

Alternates—Albert S. Glasgow, of Jackson; Herbert S. Sands, of Pentwater; William Barie, of Saginaw, and John N. McCall, of Ithaca.

Gerrit J. Diekema, of Holland, was unanimously chosen chairman of the state central committee. Stanley W. Turner, who had been considered the leading candidate for state chairman, having announced his withdrawal.

Maj. L. G. Wilcox, of Bay City, and Perry Hannah, of Traverse City, were elected presidential electors at large. The following resolutions were adopted:

We, the republicans of the state of Michigan in convention assembled, hereby reaffirm and renew our allegiance to the time-honored principles of the republican party.

We unqualifiedly and unequivocally indorse the administration of President McKinley, and congratulate the country on its happy and prosperous condition, brought about as a direct result of the application of republican principles and policies to the affairs of government, and we congratulate the party on the prompt and complete fulfillment of its pledges.

And be it resolved further, that the delegates chosen by this convention to represent us at the national convention at Philadelphia be and hereby are instructed to cast the vote of Michigan for William McKinley for president of the United States.

Courted by Mail.

Miss Grace Briggs, of Lapeer, went to Libby, Mont., two weeks ago to meet George Robinson, to whom she was immediately married. They had never met before, having done all their courting by writing. The bridegroom, who is a mining king, sent his bride over \$100 for traveling expenses and for marriage gifts gave her a diamond ring, watch and a pony. Although Miss Briggs is not yet 18 years of age, she is very womanly, bright and attractive. The bridegroom is 27 years her senior.

Kalamazoo College.

President A. G. Slocum, of Kalamazoo college, made the announcement that a \$75,000 endowment and a new building costing \$50,000 have been offered to Kalamazoo college and are at the disposal of the trustees, as soon as they raise as their share, which is \$19,000 beyond what the canvass has already brought in pledges. The students greeted the announcement with cheers, speeches and a general jubilation.

Aid Asked For.

Gov. Pingree has received a letter from the secretary of the American Library in Manila asking for aid for the library, and stating that money is necessary for the success of the enterprise. The advantages of such a library are fully set forth. As the state has no money for such purposes the governor suggests that the press give the needs of the society publicity to the end that subscriptions may be received.

Big Marl Bed.

A tract of land more than 1,000 acres in extent, bordering on and extending into the south shores of Jordan lake, one mile south of the village, has been found to be underlaid with an immensely rich deposit of the finest kind of marl, so pronounced by the state chemist. Options have been secured on the land by Lake Odessa people, who will seek to open up this rich deposit with the aid of outside capital.

Schooner Sinks.

Off Stannard rock, about 20 miles west of Marquette, the schooner Halloran, ore-laden, sprung a leak and went down, but its crew of eight men was taken off by the steamer Drake, which had the Halloran in tow. The vessel was owned by Corrigan, McKinney & Co., of Cleveland, O., and was bound from Two Harbors to Conneaut.

Must Pay Damages.

William Campbell, a former contractor of Menominee, now of Chicago, has been given a verdict against the city of Menominee in the circuit court for \$647, being the amount claimed as balance on a street paving contract in 1891. The city paid the amount upon completion of work to a firm supposed to be in partnership with Campbell.

Sixth Dry House Fire.

The dry house at the Great Western mine in Crystal Falls has been burned. This is the second dry house that has burned at this mine within three months and the sixth in the Crystal Falls district within a period of eight months. The clothes of 200 miners were in the house and are a total loss. The building was insured for \$2,000.

One of the Oldest.

The post office at Danby, Ionia county, was ordered discontinued April 30. It was among the oldest in the state, having been established 56 years ago. S. E. Davis, who was the postmaster when the office was ordered discontinued, had held that position more than 21 years in succession.

IN FAVOR OF BRYAN.

Michigan Democrats Instruct Their
Delegates to National Conven-
tion to Vote for Him.

Port Huron, Mich., May 2.—The first state political convention in Michigan was held here yesterday, when the democratic representatives from 77 counties elected delegates to the national convention and adopted resolutions embodying their views on the various political issues of the times. The delegates to the national democratic convention at Kansas City were instructed for Bryan and Towne. Three of the four delegates at large were elected unanimously, but a three-cornered fight ensued over the election of Culver, the fourth one. The following are the delegates at large: Daniel J. Campbell, of Detroit; Thomas E. Barkworth, of Jackson; Wellington R. Burt, of Saginaw; Rush Culver, of Marquette.

The platform, as adopted without debate, is as follows:

The democracy of Michigan greets again the friends of good government and reform and pledges itself to a renewal of the struggle for equal rights and equal privileges as expressed in the Chicago platform and so ably championed by our gallant leader in that great struggle for commercial, industrial and financial freedom. Looking toward the future, but not unmindful of the lessons and teachings of the fathers of the republic, from Washington and Jefferson to Jackson and Lincoln, we demand that the government founded and preserved by them shall not depart from those principles of humanity, justice and equality upon which they built the constitution.

We sincerely deplore and condemn the action of the republican majority in both of the two houses of congress and of President McKinley in refusing to be bound by the constitution in the government of Porto Rico and of the other islands recently acquired from Spain, and in putting the United States in the attitude of having the most despotic and tyrannical colonial policy of any modern nation.

We denounce the whole republican scheme of imperial presidential dependencies not only as unconstitutional, but as extremely impolitic and unwise and unworthy of liberty-loving Americans.

We believe this policy has been dictated to and forced upon the administration of President McKinley by the mercenary combinations known as trusts. The trust is supreme in political as in industrial activities. In both it is an unmixd public evil. The economic advantage of industrial combinations are entirely lost to the people and swell the profits of arrogant and conscienceless magnates, who feed on the reprehensible indifference of their victims. We request our delegates to the national convention to urge upon that body the selection of the most practical and effective of the many plans for curtailing the powers of the trusts and to pledge the party to specific legislation upon the lines adopted.

We still indorse the movement for the historic union of gold and silver as primary money metals, and in general those principles of governmental reform enunciated so clearly in the last national platform of the party.

We are opposed to the retirement of the greenback currency and to the national banks having a monopoly of the paper money of the country.

We are unalterably opposed to militarism and conditions requiring a large standing army.

We are in favor of home rule for our cities, equal and just taxation and municipal ownership of public utilities. We favor the initiative and referendum as the best means yet offered for preventing the enactment of obnoxious and injurious legislation.

We extend our sympathy to the citizens of the South African republics in the gallant fight they are making for life, liberty and home.

We are in favor of a federal income tax and the election of United States senators by the people. We condemn the present republican administration in this state as the most corrupt and scandalous in the history of this commonwealth.

We instruct the delegates from this state to cast the vote of the state for William Jennings Bryan for president. We heartily approve of the nomination of Charles A. Towne to the presidency, and greet him as a native of this state, whose love of right and justice rose superior to partisanship and whose splendid ability, fearless courage and statesmanship eminently fit him to be placed by the side of our great leader as a joint standard bearer in the coming campaign.

After choosing alternates at large, adopting the platform and ratifying the selection of national delegates as chosen by the district caucuses the convention adjourned sine die. The alternates at large: George P. Hummer, of Holland; Thomas Cook, of Allegan; Emory G. Weimer, of Ludington, and Charles E. Casterlin, of Lansing.

Ore Cars Run Away.

Six cars loaded with iron ore broke away from the pocket at the Crystal Falls mine and gained momentum enough in descending the hill to drive them eight miles on the main line to the Mansfield mine, where the track ends. They were piled up in a heap in the ditch. Four are smashed to kindling wood, though the other two are but slightly damaged. It is thought that some one loosened the brakes on the cars.

Must Pay More License.

The local agents of breweries located outside the state have been notified that hereafter a license tax for selling beer at wholesale of \$500 per year would be collected, instead of \$65, as formerly. This step was taken as a result of a decision of the United States court in a Wisconsin case that the provisions of the interstate commerce law could not nullify a state license regulation.

Large Cattle Range.

Hon. A. M. Todd, of Kalamazoo, has purchased 8,000 acres of stump land in Home township, Newaygo county, and is negotiating for more. He intends to have the largest and best equipped cattle range in the state. The land is rolling and well watered by springs and running brooks.

SCORES ARE KILLED.

Explosion Destroys a Coal Mine in Utah—178 Known to Be Dead.

Salt Lake City, Utah, May 2.—The mining camp at Scofield, on the line of the Rio Grande Western road, near Colton, Utah, is the scene of great excitement on account of a terrific explosion which occurred Tuesday, in the winter quarters of the coal mine owned by the Pleasant Valley Coal company, in which it is thought between 250 and 300 persons lost their lives. The cause of the explosion is attributed to the blowing up of a number of kegs of blasting powder.

Up to Wednesday night 178 lives had been known to have been lost. The superintendent of the mine says there is no record of the number of men that go in the mine from day to day, and that the exact loss cannot be known until all the dead bodies are taken out. One estimate is that there were 398 men in the mine, and on that basis there must have been at least 250 or 300 lives lost.

According to the closest estimate there were about 400 men, all told, employed at the two mines, which are practically one mine. About 50 of these were working in what is known as the No. 1 back level, and raised so far from the explosion that it had spent its force before the shock could reach them, and they all got out. They heard the report, but did not grasp the situation at once, one of the men continuing to load a car after it occurred.

Inquiry among the miners disclosed the fact that they entertained various opinions regarding the terrible affair, some being exceedingly bitter in their denunciation of the company, and others took a more conservative view of the matter and said it was one of those things over which no man has control and for which no man or men should be held responsible.

Salt Lake City, May 4.—The latest dispatches from Scofield say that the extreme estimate of dead is now conceded to have been too large, and that it is numerically impossible to place the loss of life at 300, as there were not that many men in the mines. The probabilities are that 250 will be about the total number of dead.

INDIANA VOTES.

Brief Announcement of the Result of Elections in a Number of Cities.

Indianapolis, Ind., May 2.—Elections were held Tuesday for local officials in the cities of Indiana, except in a few of those of the larger class. In some localities a determined struggle was made between parties, while in most of them local questions other than politics ruled. Richmond, Seymour, Logansport, Crawfordsville and Terre Haute went republican, as did Elkhart, Muncie and others of the same class, but with reduced majorities. Democratic gains are reported in Lafayette, Greensburg, Michigan City, Bloomington, Plymouth, Bedford, Laporte, Lebanon, Shelbyville, Elwood, Bloomfield, Anderson and Veedsburg. Columbus about the same as last year. Brazil is in complete control of the democrats for the first time in years.

Victory for Laymen.

Chicago, May 3.—The Methodist laymen won Wednesday at the first session of the general conference. The great problem which has been confronting the Methodist church and has loomed portentously before the quadrennial conference—that of equal representation for lay and ministerial delegates—was settled overwhelmingly. The laymen were granted all they asked. No opposition was made to the motion giving the laymen equal representation, and after a cloud of skirmishes over parliamentary law, the assembly voted solidly in affirmation.

Varnish Tanks Explode.

New York, May 5.—Explosion after explosion followed the breaking out of a fire in the extensive Standard varnish works at Elm Park, Staten Island, shortly after midnight. Vast tanks of varnish were blown to pieces, and the blazing material, hurled high in the air, made a pyrotechnic display that was wonderful to behold. The damage was \$150,000. After a hard fight of four hours the firemen saved the main plant of the works.

Train Kills Four.

Baltimore, Md., May 3.—The Philadelphia, Wilmington & Baltimore express, due here at nine o'clock, struck a wagon containing five persons Wednesday evening at Orangeville, in this county, and killed four, the fifth being seriously hurt. The party consisted of Alex. Slayman and his three children and Henry L. Kline. Kline and the children were killed.

Dr. Vincent Killed.

Detroit, Mich., May 5.—Dr. Edward Everett Vincent, who was surgeon of Lieut. Peary's '93 arctic expedition, was run over by a street car and instantly killed Friday. Dr. Vincent was riding a bicycle along Grand River avenue. His bicycle was struck by the car fender and he was thrown under the wheels and instantly killed.

AGUINALDO HEARD FROM.

The Philippine Leader John Gen. Tino in the North of Island of Luzon.

Manila, May 8.—Telegrams received here from Gen. Young report that Aguinaldo has rejoined the rebel general, Tino, in the north, and that they have reassembled a considerable force in the mountains. Gen. Young desires to strike them before the rains and asks for reinforcements.

The tenor of the dispatches indicates that Gen. Young is confident that Aguinaldo is with Tino and it is presumed they are planning to resume fighting during the rains.

Two rebel attacks on the American garrisons in the Visayan islands recently have resulted in the killing of 280 of the enemy and the wounding of two Americans.

At daybreak May 1 400 rebels, a hundred of them armed with rifles, attacked Catarman, in northern Saonar, in the vicinity of Catubig. F company, of the Forty-third regiment, was garrisoning the place. The enemy built trenches on the outskirts of the town during the night and fired volleys persistently into it until the Americans, charging the trenches, scattered the Filipinos and killed 155 of them. Two Americans were wounded. This attack was precipitated by the enemy's recent successful fight at Catubig. The garrison of Catarman has been removed to the seaport of Laguan.

A force of Filipinos estimated to number 200 men armed with rifles and 600 armed with bolos, and operating four muzzle-loading cannon, attacked Jaro, on Leyte island, April 15, which place was garrisoned by 25 men of B company, of the Forty-third regiment, Lieut. Estes commanding. Estes left 15 men to protect the town and with the remaining ten men he advanced on the enemy in two squads, sheltered by the rides south of the town, whence they stood off the Filipinos for three hours. Then 20 armed members of the local police force sallied out to help Estes' Americans. The latter, with the police, charged the enemy, and together they dispersed the Filipinos and after the fight was over buried 125 of them. There were no American casualties.

GOMPERS' ADVICE.

He Urges Strikers to Disobey the Injunction Granted by Justice Freedman.

New York, May 8.—Samuel Gompers, president of the Federation of Labor, addressed the striking cigarmakers in Bohemia hall Monday and advised them to disregard the injunction issued by Judge Freedman which prohibits them from picketing or attempting in any way to deter others from taking their places, and enjoins sympathizers from giving financial aid for the purpose of continuing the strike. In his speech he said:

"Judge Freedman had no right to issue this injunction. He may have been imposed upon, but as this injunction is illegal and unconstitutional you may disregard it. Go right on with your strike. They cannot stop you from contributing money to maintain the strike or support the pickets. Keep right up with your fight for principle. The manufacturers rely on their wealth and influence with the courts to defeat this strike."

Mr. Gompers declared, with many dramatic gestures, that rather than obey Justice Freedman's injunction he "would gladly, freely, willingly lay down the little life he had left."

DEWEY AT MEMPHIS.

City Entertains the Admiral and His Wife by a Flower Parade and a Full Dress Ball.

Memphis, Tenn., May 8.—The festivities in honor of Admiral and Mrs. Dewey, who, with Lieuts. Caldwell and Crawford, arrived in Memphis Sunday evening, began Monday. The city is crowded with visitors and the decorations of the down-town business houses are most elaborate.

Admiral and Mrs. Dewey arose at an early hour in the morning and breakfasted at the Peabody hotel. After reading the morning papers Admiral Dewey received a few visitors.

The features of the day were various receptions and a magnificent floral parade.

At night a full dress ball was given in honor of Admiral and Mrs. Dewey at the Grand opera house, and the function in a social way eclipsed anything of the kind ever witnessed in Memphis.

CUBAN EDITOR SHOT.

Senor Alberti Killed by Unknown Assassin While He Is Attending Theater.

Gibara, Province of Santiago de Cuba, May 8.—Senor Alberti, editor of the Don Claridades, was shot and instantly killed by an unknown assassin at the theater Sunday night.

Alberti was an active politician and his paper recently has been criticizing the action of the American officials, particularly the election orders.

Hidalgo, who killed Capt. Smith, collector of this port, in January, was editor of the Don Claridades. Alberti had received threatening letters which he ridiculed in his paper.

Few College Students Die.

The death rate in colleges is extremely low. The strict attention to the physique is given as the cause. People outside of colleges, as well, may have health and strength. Hostetter's Stomach Bitters is recommended most highly for preventing as well as curing bodily weakness. It is for the blood, the nerves and all stomach disorders, and its cures of constipation, indigestion, dyspepsia, sluggish liver or weak kidneys, are most remarkable.

Grain-O Made Her Fat.

Westfield, Mass., Nov. 27, 1899. Genesee Pure Food Co., Le Roy, N. Y.: Having used your Grain-O for the past three months I thought I would write and let you know how much good it has done me. When I was away on my vacation last summer the people I visited asked me to try Grain-O, and I drank some, but I didn't like it at all. But the more I drank the better I liked it, and now I wouldn't drink anything else. I never weighed over 106 pounds, and last winter I was down to 103 pounds, and now I weigh 120, and never felt better in my life. It gives me an awful appetite, and makes me strong. It is doing me more good than anything I ever took, and I would recommend it to everybody.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

BABY'S BAWLS

MAM-M-MA!! DON'T YOU HEAR BABY CRY?

Do you forget that summer's coming with all its dangers to the little ones—all troubles bred in the bowels.

The summer's heat kills babies and little children because their little insides are not in good, clean, strong condition.

Winter has filled the system with bile. Belching, vomiting up of sour food, rash, flushed skin, colic, restlessness, diarrhoea or constipation, all testify that the bowels are out of order.

If you want the little ones to face the coming dangers without anxious fear for their lives, see that the baby's bowels are gently, soothingly, but positively cleaned out in the spring time, and made strong and healthy before hot weather sets in.

The only safe laxative for children, pleasant to take, (they ask for more) is CASCARETS. Nursing mothers make their milk mildly purgative for the baby by eating a CASCARET now and then. Mama eats a CASCARET, baby gets the benefit. Try it! Send for a 10c box of CASCARETS to-day and you will find that, as we guarantee, all irregularities of the little and big children's insides are

Senator Foraker will make the speech at Philadelphia renominating President McKinley.

Congressman Washington Gardner received a renomination at the third district convention held in Albion last week.

The Judson delegation again won out in the Republican convention at Detroit last Thursday, and William Judson was elected a member of the state central committee for the second district.

At the meeting of the prison board of control held at Jackson, Tuesday, charges were presented against Warden Chamberlain by M. J. Lehman, signed by Lester Canfield. The hearing of the charges is set for Monday, May 21. O. E. Butterfield, of Ann Arbor, has been retained as attorney for the board in the matter.

A preliminary conference of presidents of villages in Michigan is being held in Detroit today to decide on the calling of a convention of village officers in the state. The object of such a convention would be the exchange of ideas about waterworks, electric light plants, street railway franchises, and the like. Would it not be desirable and pay the village of Chelsea well to bear the expenses of our president and some of the trustees to attend such convention when it shall be called. They might be better prepared to deal with the street railway question in all its phases from the experience gained.

As the presidential campaign draws near interest in the possibilities of the vote of the electoral college keeps growing. At least two of the wise men of the two great parties have made estimates and predictions of the result. Gen. Grosvenor, a very close friend of President McKinley estimates that there are 260 votes certain for McKinley to 174 for Bryan with two states, Kansas and Delaware, doubtful with a total of 13 votes. Senator J. K. Jones, chairman of the national Democratic committee is the other predictor. He gives McKinley 168 certain votes and Bryan 196, with four doubtful states, New York, Indiana, Ohio and Minnesota, with a total of 83 votes. There are 447 votes in the electoral college, and 224 votes are required to elect.

LOCAL AND COUNTY ITEMS.

Hiram Barton has been appointed dog warden of Lyndon.

Cecil Clark took a load of the celebrated Lyndon cheese to Lealle and Mason this week.

John Clark, of Lyndon, was the last man up that way to sell his beans, but he has just disposed of them at a fancy price.

The Sunday school at Sylvan Center has been inaugurated. E. A. Ward will be its superintendent. Other officers will be elected later.

Robert Gerry, an inmate of the Washtenaw county house, has gone violently insane and an application has been made for his transfer to an asylum.

State Oil Inspector Judson filed with the board of state auditors yesterday his report for the first quarter of 1900, ending March 31. It shows fees received of \$11,950.41, and expenses, including salaries, of \$7,810.12, leaving a balance to be turned over to the state of \$4,140.29.

The L. C. B. A. will give a social at Foresters' hall Saturday evening of next week, May 19. A musical program in charge of Mrs. J. E. McKune and Miss Lena Foster will be given and ice cream and cake will be served. All friends of the branch are invited to attend and they may expect a good time.

The thirtieth semi-annual apportionment of primary school money is being made by Superintendent of Public Instruction Hammond today. The amount of money to be apportioned is \$356,194.50 and the apportionment is at the rate of 50 cents per capita. Washtenaw county has 11,663 school children and gets \$5,831.00.

Washtenaw Times: Arrangements are being completed for the organization of a Maccabee association of Washtenaw county. The order has about 3,500 members in this county, and the number is increasing at a very rapid rate. It has been decided to hold a picnic at Ann Arbor, probably on the fair ground, during the first week of June, and the county organization will be completed at that time.

The new assessment law does not seem to cause any great amount of friction to judge by the remark of Supervisor Whitaker, of Scio, who says he did not meet with a kick from anybody about filling out the blanks. Assessor Seyler, of Ann Arbor, has also had no trouble, and estimates that over \$1,000,000 of personal property will appear on the assessment rolls that was never there before.

A student at the U. of M., who had very little money, got through a year at school for \$80.59 by working for his board, room, fire and light. Another one who had plenty of money but was of an economical turn of mind spent \$385.75, while still another who had to watch how every cent went spent \$158.17. None of these items include clothing or transportation to and from home.

Some of our energetic housewives who have got so far along with spring cleaning as to have had the base burners taken from their houses, have during the past week or 10 days experienced that peculiarly wistful sensation of "I wish I had it back again." The climate of Michigan is a mighty uncertain quantity, and, it is just as well to leave your coal stove up until the first of June.

The Hecla Manufacturing Co., of Ottawa, Ill., with a capital of \$150,000 and employing 250 hands at the outset in the manufacture of large brass and art goods, would like to locate in Ann Arbor if it could get a tract of land on which to locate and plat into 200 lots to be sold at \$250 each to raise a fund to meet the expenses of moving, etc. What's the matter with Chelsea putting out a hook to catch such a manufacturing institution as this.

A mass convention under the joint auspices of the National American Woman Suffrage Association, and the Michigan Equal Suffrage Association, will be held at Ann Arbor tomorrow and Saturday. The speakers will be Rev. Anna Shaw, Harriet May Mills, of New York, Mrs. Martha E. Root and Mrs. Mae S. Knaggs, Bay City, Mrs. Emily Ketchum, Grand Rapids, Rev. Florence Crocker, Ann Arbor, Mrs. Jennie Voorheis, Miss Emma E. Bower and others. The meetings will be held at Newberry hall.

Give It a Rest.

Don't work your land too hard. It is as easy to do so as it is to work your horses too hard. Wheat land should be rested. This should be done by a rotation of crops. The same crop raised year after year will sap the substance out of the soil and make it worthless. Rest for land will save largely in fertilization. As a matter of fact our land in the West is not worn out, it is simply tired. Give it a rest.

There are now four candidates anxious for the nomination for county clerk on the Democratic ticket. They are Philip Blum, the present deputy clerk, Supervisor B. C. Whitaker, of Scio, and Sid W. Millard, of Ann Arbor.

The sermons preached by Rev. W. L. Sperry, D. D., president of Olivet college, at the Congregational church last Sunday, were of a very high order of merit and were listened to with rapt attention by good congregations.

The Western Washtenaw Farmers' Club will meet with Mr. and Mrs. J. F. Waltrous, Thursday, May 24, instead of next Thursday which would be the usual day of meeting. Corn planting is the cause for the change of date.

Orrin C. Burkhardt is one of the Michigan delegates to the Farmers' National Congress at Colorado Springs, Colo., Aug. 21-31. Orrin says the best thing about the appointment is that you can get excursion rates to Colorado.

During the heavy thunder storm Monday night Bert Stedman's new house on South Main street was struck by lightning and considerably damaged. Luckily none of the family were injured. A tree in Oak Grove cemetery was also struck and splintered in pieces.

The infant son of Mr. and Mrs. Albert Eisele died Sunday morning, aged 6 days. It had an obstruction in its bowels for which the only remedy was a surgical operation. This was performed at Ann Arbor Thursday, but the little one could not survive the shock to its system.

The music committee of the M. E. church is arranging to give a concert in the church Friday evening, May 25. They have engaged Prof. E. N. Billie, violinist, of Pittsburgh, Pa., and Miss Minnie Davis, pianist, of Ann Arbor, to play. Vocal music, etc., will be furnished by local talent.

Mr. and Mrs. F. H. Sweetland entertained the members of Lafayette Grange today. The questions discussed were: "Resolved, that housecleaning should occur but once in two years," and "Why do not farmers grow more rape." If the first question were put to a vote the gentlemen would doubtless vote unanimously in favor of its adoption.

From reports furnished to D. P. Markey, chairman of the committee on statistics of the National Fraternal Congress, the following statistics of the fraternal insurance orders affiliated with the congress are gleaned: Total membership of orders reporting at close of 1898, 2, 146,856; members admitted in 1899, 566,376; deaths, 20,240; suspensions, 227,130; membership at close of 1899, 2,465,954; net increase for 1899, 319,098. Mrs. Edward Payson Crafts died Friday, April 27, at Hartford, Mich., where she and Mr. Crafts, to whom she was married April 11, were staying. Mr. Crafts had prepared a nice home in Grass Lake to which to take his bride, but she did not live to occupy it.

The Francisco correspondent of the Grass Lake News says: "Wm. Lehman, of Chelsea, while returning from Fred Mensing's last Sunday; just escaped an accident while crossing the railroad track. The horse refused to move as the fast train was coming from the east."

The will of the late Leonhard Gruner, of Ann Arbor, was admitted to probate Thursday, and N. W. Cheever was appointed administrator. Mr. Cheever at once notified the court that he was prepared to render final accounts in six estates of which Mr. Gruner was in charge.

The law faculty of the University of Michigan proposes to set apart a day during the latter part of this month which will be observed as Cooley Day, in memory of Thomas B. Cooley, who was connected with the law department during the first 30 years of its existence. The program for Cooley Day will consist of an introductory address by Dean Harry B. Hutchins, an oration by Justice Claudius B. Grant, of the Michigan Supreme Court, and a poem by one of the students of the department. It is the intention to make Cooley Day an annual event.

A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50c. Guaranteed. For sale by Stinson, the druggist.

INTELLIGENCE FROM ALL PARTS

CONGRESSIONAL.

The senate on the 2d passed a bill for the creation of linked memorial parks on the battlefields of Fredericksburg, Chancellorsville, the Wilderness and Spotsylvania. The army appropriation bill was further discussed. In the house a bill providing for the construction of a protected but not a fortified Nicaragua canal was passed by a vote of 225 to 35 and the sundry civil appropriation bill, the most important of the general sundry bills and the last on the list, was reported. It carries \$61,586,715.

After a rather spirited debate the army appropriation bill was passed in the senate on the 3d, and the naval appropriation bill (\$63,125,416) was reported. In the house the "free homes" bill granting patents to bona fide settlers on lands purchased from Indians was passed and the sundry civil appropriation bill was further considered.

On the 4th the senate passed the army reorganization bill, which practically revolutionizes the present staff arrangements of the army, the fortifications bill, carrying \$7,733,628, and the bill to create the rank of lieutenant general and make the adjutant general a major general. Adjourned to the 7th. In the house 73 of the 132 pages of the sundry civil appropriation bill were completed. President McKinley submitted his first veto. It was on a bill to open part of the Navajo Indian reservation to settlement under mining laws.

There was no session of the senate of the 5th. In the house the senate amendments to the army appropriation bill were disagreed to and the bill was sent to conference. The sundry civil appropriation bill was passed. The general deficiency and military academy appropriation bills are now the only general supply bills unacted upon by the house.

FOREIGN.

The British forces were reported as still trying to drive the Boers back and were making some headway. Casualties have been severe on both sides in recent fighting. The Boers claim a victory at Warrenton, which included the capture of 2,000 British.

A Manila dispatch says that a reconnoitering party of the Twenty-sixth infantry was surrounded at Leamabao and four of the Americans were killed and 16 others were wounded. The Filipinos retreated when reinforcements arrived.

The mounted infantry with Lord Roberts have picketed their horses on the south bank of the Vet river, 18 miles north of Brandfort. The head of Lord Roberts' columns has thus advanced 53 miles north of Bloemfontein.

Gen. Otis sailed from Manila on the transport Meade for the United States. He will be succeeded in the Philippines command by Gen. MacArthur. Before sailing he reported to Washington that "leading Filipinos express confidence in the early pacification of the islands. They say the war has terminated. Leading insurgents are surrendering."

A celebration of the fourth centenary of the discovery of Brazil took place in Rio Janeiro.

The occupation of Winburg by Hamilton's column was reported; a fierce battle along the Vet river continued all day, but the Boers were vanquished during the night; there was also hot fighting near Thaba N'Chu; Mafeking's relief was deemed far away.

An attempt was made by unknown persons to blow up part of the Paris exposition.

LATER.

Senator Teller delivered a speech in the United States senate on the 7th in which he strongly urged the senate to extend its sympathy to the Boers in their contest with Great Britain. A bill was passed to provide for a survey of the Illinois river. In the house bills were passed to grant pensions to widows with incomes of less than \$250 a year; increasing the appropriation for the national guard from \$400,000 to \$1,000,000; to change the name of the steamship Paris of the American line to Philadelphia, and to construct a dam across the St. Joseph river in Michigan.

ADVANCE UNCHECKED

Boers Continue to Retire Before the British.

May Make a Stand and Offer Strong Fight When They Reach Kroonstad Hills—Dispatches from Lord Roberts.

London, May 8.—The Boers are everywhere retiring before the British, except on the Natal frontier and at Mafeking, to the inner circle of their defenses. They appear determined not to fight until the Kroonstad hills are reached. Lord Roberts is expected to do another 40 or 50 miles and then wait for a time in order to bring up supplies and to repair the railway. There are one or two hints in the dispatches from the front that he may rest for a few days at Smaldeel. Gen. French's 10,000 cavalry have not been mentioned in the official or unofficial dispatches for four days. It is by no means likely that he is idle, and the conjecture is that he is either detouring toward Kroonstad or raiding the Ladybrand district. Fifteen thousand British are now operating on the western frontier of the Free State. As the deadlock at Warrenton has broken and the Boers are retreating, there is nothing formidable, except distance, between Warrenton and Mafeking.

Crosses the Vet River.

London, May 8.—Lord Roberts reports to the war office, in a dispatch dated Smaldeel, May 6, afternoon, as follows:

"We crossed the Vet river this morning, and are now encamped at Smaldeel Junction. The enemy is in full retreat toward Zand river and Kroonstad. The turning movement was made by the mounted infantry just before dark yesterday. It was a very dashing affair. The Canadians, New South Wales, New Zealand rifles and Queensland mounted infantry vied with each other in the determination to close with the enemy. Capt. Anley, of the Essex regiment, commanding the Third infantry battalion, behaved in very gallant manner. The naval guns and the artillery made excellent practice, particularly two five-inch guns used for the first time with this force."

"We captured a Maxim and 25 prisoners. Our casualties are very few—only 15 wounded, one killed and three missing."

Capture of Winburg.

The capture of Winburg by the British is confirmed, and the main advance to Pretoria continues with the machine-like precision and rapidity which has characterized all Lord Roberts' forward movements. By the occupation of Winburg, Gen. Ian Hamilton puts himself nearly parallel with Lord Roberts and only 29 miles eastward, while he has the additional advantage of being connected with his chief by means of the railroad that runs from Smaldeel or Winburg road station, as it is sometimes called, to Winburg.

Lord Roberts is now nine miles north of the Vet and 63 miles north of Bloemfontein. Evidently he is not letting grass grow under his feet, though the Boers seem equally anxious to retreat towards Kroonstad and are so doing.

BUILDING FALLS.

Ancient Structure in Kansas City Suddenly Collapses—Seven Persons Hurt—None Will Die.

Kansas City, Mo., May 8.—A three-story brick building at 1302 Grand avenue, in the business center, occupied on the ground floor by Jacob Goodman as a second-hand store and above by Mrs. Mary Sohn as a rooming house, collapsed at 4:20 Monday afternoon, burying seven persons in the ruins. It is believed none of the injured will die. John W. Moore, aged 70 years, former mayor of Kansas City, was most seriously hurt. The building, which was an ancient structure, had been condemned several months ago and had recently been weakened by workmen excavating for a new building on the adjoining lot. The building collapsed almost without warning, the walls bulging out and the roof crashing in before any of the inmates could make a move to escape. The wreck was complete.

SENDS CONGRATULATIONS.

President McKinley Graciously Recognizes Coming of Age of Crown Prince of Germany.

Washington, May 8.—Following is the text of Secretary Hay's cablegram to Ambassador White, at Berlin, conveying President McKinley's congratulations to Emperor William on the Crown Prince's eighteenth birthday: "Please convey to his majesty, the emperor, the most cordial congratulations of the president upon the arrival of his imperial and royal highness, the Crown Prince Frederick William, at the age of majority upon the sixth of May. The president desires also to express his best wishes for the continued good health of his majesty, the emperor, and of all the members of the imperial family, and for the peace and prosperity of the German empire."

DR. HARTMAN'S ADVICE

Is Sought by Female Sufferers From Ocean to Ocean.

Mrs. F. W. Gould, 134 4th ave., Rock Island, Ill., writes: "I was afflicted for five or six years with catarrh and a difficult and painful growth in the time. I began taking your Peruna with a marked improvement from the first. Independent of curing that, the Peruna has greatly improved my general health."

All over the country there are women who have been invalids for many years, suffering with female derangements which the family doctor cannot cure.

What a boon to such women is Dr. Hartman's free advice! So famous has his skill made him that hardly a hamlet or town in the country but knows his name. He cures tens of thousands, and he offers to every woman who will write to him her symptoms and a history of her trouble, free advice and treatment.

The medicines he prescribes can be obtained at any drug store, and the cost is within the reach of any woman. He describes minutely and carefully just what she shall do and get to make a healthy, robust woman of herself.

The Doctor has written a book especially for this class of women, entitled "Health and Beauty." This book contains many facts of interest to women, and will be sent free to any address by Dr. Hartman, Columbus, O.

ALABASTINE Is a durable and natural cement base wall coating, in 5 lb. paper packages, made ready for use in white and fourteen beautiful tints by mixing with cold water. It is a cement that goes through a process of setting, hardens with age, and can be scraped and recoated without washing off its old coats before renewing.

ALABASTINE Is entirely different from all the various kalsomines on the market, being durable and not stuck on the wall with glue. Alabastine customers should insist on having the goods in packages properly labeled. They should reject all imitations. There is nothing "just as good."

ALABASTINE

Prevents much sickness, particularly throat and lung difficulties, attributable to unsanitary coatings on walls. It has been recommended in a paper published by the Michigan State Board of Health on account of its sanitary features: which paper strongly condemned kalsomines. Alabastine can be used on either plastered walls, wood ceilings, brick or canvas, and any one can brush it on. It admits of radical changes from wall paper decorations, thus securing at reasonable expense the latest and best effects. Alabastine is manufactured by the Alabastine Company of Grand Rapids, Michigan. Instructive and interesting booklet mailed free to all applicants.

STYLES IN ANIMALS.

The Bear and Cat Family Are All the Rage Just Now.

Chicago's Smart Set Has Discarded the Long-Eared Dachshund and Adopted Brains and Other Strange Pets.

[Special Chicago Letter.]

NOW that women are, through discussing spring bonnets, they are turning their attention to the new summer styles in cats and dogs and other animals that are idolized among the animals, just as they were among dress patterns, hosiery, shoes, carriages and a few other things, animate and inanimate, of more or less importance. The animal

QUITE OUT OF VOGUE.

that was fortunate enough to be in fall favor last season may be taboored as utterly passe this season. For instance, the foolish-looking little dachshund, which was petted last year by fashionable women to such an extent that folks began to believe he amounted to something, has been completely ignored this season. Whether it is on account of the English prejudice against all things Dutch, or simply because he is a dog which has had his day, no one seems to know. At any rate, he has taken his place among the forgotten former favorites of capricious society. With him has gone the monkey. The "40" has decreed that the monkey is not a proper individual to grace polite circles. A few years ago he was a shining light in society. Now only his Darwinian descendants may be seen in the "smart set." Among the list of out-of-date pets may be accounted parrots and crows, which were not long ago considered to be quite the proper thing. Canary birds are still in fairly good demand, but thrushes are the favorites.

It may seem rather strange, but it nevertheless is so, that among the richest of the well women bears are the latest fad. This fancy probably had its origin in the fact that oriental royalty has for many years included in the pets of the household wild animals from the jungles.

"Why have the ladies expressed a preference for bears this season?" was asked of Dr. A. C. White, who is an authority on all matters relating to animals.

"Only a passing fancy," said he. "I do not believe it will last long, but just at present they appear to be quite the rage in high society. I understand that four or five bears have been ordered by Chicago women who are close followers of the fashion in the east. I hardly think that Bruno will make an enjoyable pet. A

MR. AND MRS. CAT STILL AU FAIT.

chumly beast could not be found if one were looking for one. But then the ladies are having all kinds of queer notions. As if to reach the greatest possible contrasts as to size, many of the gentler sex are securing pets black squirrels, spotted mice and Japanese waltzing mice. From bears to mice is a pretty long step, but then there is no accounting for fashions. It would not surprise me in the least to see some delicate young lady of the ultra fashionable set leading an elephant with a pink ribbon. Of course dogs are still the standby. They are always pets. It is only the variety that changes. This season the dog that is the greatest in demand is the little Pomeranian. His original was the French bulldog, but he has been bred down to such an extent that his own mother would not recognize him. The English fanciers have kept him so that a good specimen will

not weigh more than four pounds. The real importation comes in solid colors—brown seal, black, cream and blue. He somewhat resembles the Boston terrier, except that he is a much handsomer animal and that his ears extend out broad, like a bat's. Then there is the Japanese spaniel. He is still a favorite, as he has been for some time. The other varieties of dogs remain in about the same relative positions that they did last year. Blankets will only be worn by the little shivering hairless creatures. When covering is used it will be of fancy silk, lined with quilted lamb's wool. The pet's name will be embroidered on the back. A great variety of collars have been displayed. The newest style consists of patent leather—generally in black—studded with brass-headed nails.

Cats are more fashionable than ever. There are two cat clubs in Chicago, and the membership in each is increasing very rapidly. In the Beresford club—named after Lady Beresford—there is a membership of over 200, and in the Chicago Cat club of nearly 100. Then, of course, there are hundreds of women who are cat fanciers that are not connected with either of these associations. Some of the most valuable cats in the world are owned here. There is Mrs. Clinton Locke, who has two Siamese cats—there are only three all told in this country—valued at \$500 each. She is also the owner of the celebrated black Persian cat, St. Tidno, worth \$600. Mrs. Mattie Fiske Green, of the North side, is the possessor of a blue Persian which \$500 would not purchase. Mrs. Leland Norton, of the Drexel kennels, has tortoise shell Angoras worth \$200 each, and Mrs. Charles Lane has a number of Persians of a variety of colors. These are only a few of the fine cats owned in Chicago. Good authorities say that a better display was made here at the last cat show than in any other city in the United States.

One animal always is staple, and that is the horse. Bicycle nor automobile cannot drive him away. And this season is no exception to the general rule. There is little or no change in his general make-up. Docked tails are still in fashion, and for the heavy carriage the mane is cut square. Good horses are exceedingly difficult to obtain, and are more in demand than they have been at any time since the year 1890.

BRUIN IS RIGHT IN IT NOW.

The reason for this is that the breeders stopped breeding during the hard times and the demand has been steadily increasing. On three different occasions recently \$3,000 was paid for a span of carriage horses. Single horses for traps are equally scarce, and Chicago dealers have more orders than they can fill. Inquiries for family horses are also very numerous, and there is no difficulty in making sales when the animal is up to the standard. Saddle horses of the proper breed readily bring good prices here. Several fashionable riding clubs have been formed in the city, and extensive arrangements for an enjoyable summer have been made by the equestrians and equestriennes.

This unusual demand for horses seems strange, too, when it is understood that several automobile establishments are in full operation and all are doing a good business. In addition to this a great many automobiles have been purchased by private persons, and the horseless traps, runabouts and phaetons may be seen everywhere upon the boulevards.

An old liveryman, when asked the reason for this, said:

"Well, it is simply an exemplification of the old saying that 'competition is the life of trade.' When steam cars were first introduced and railroads were being built all over the country the horse dealers threw up their hands and said the days of the horse had ended. But they soon found out that the railroads made a greater demand for horses than before, and prices went up. It was just the same with the bicycle. When that first came into use some people predicted that horses would be relegated to the rear. But the horse was still in demand. And so with the cable street cars and the trolley—they didn't retire the horse. The automobile will turn out the same way. No, sir, the horse is here to stay, and no new-fangled get-up-and-go thing can drive him off the face of the earth."

So, you see, animals are of considerable importance. They have their fashions and their popularities, the same as folks. And folks need them all, too—all except the poor little dachshund and the monkey.

FREDERICK BOID STEVENSON.

TELLS HER OWN STORY.

Mrs. Nat Collins, the "Cattle Queen of Montana," Tells Interesting Story of Her Early Life.

My life since childhood has been on the plains and in the mountains. My father was one of the first to visit the gold fields of Pike's peak. What is now the city of Denver, Col., was then a settlement of but two or three log cabins and a few tents. All provisions and merchandise at that time were carried across the plains on freighting wagons, the freighters traveling in large companies for protection against the Indians.

My first adventure of note came while with one of these freighting trains on the way from Denver to the east, where I was journeying to attend school at my old home in Iowa. The train was attacked by a band of hostiles, and I was captured.

I was taken to the main camp and presented to the chief's daughter as a playmate, or, more correctly, as a pet. I was compelled to witness the torture of prisoners almost daily, at one time being forced to behold the burning at the stake of a Mexican prisoner.

Again, with other prisoners, I was compelled to run the gantlet, and to this day I bear the scar from a wound inflicted by a tomahawk in the hand of a bloodthirsty Indian. But, having forced me to battle for life in an effort to run the gantlet, having inflicted a wound which was intended to produce death, their thirst for blood appeared satisfied, and every effort was made to nurse me back to health.

While with the Indians I learned to do bead work and decorations, obtained a knowledge of their medicines, witnessed the ceremony of selecting chiefs and medicine men, was taught their beliefs, their dances, sung their songs and spoke their language fairly well.

After several months of captivity, through the agency of United States troops I was exchanged for four Indian prisoners and returned to my home in Denver.

This adventure was unfortunate; it robbed me of an education, as from this time I never had another opportunity to return to the east, and there were then no schools in the west.

Following my captivity and return to my home I made 12 round trips from Denver to Missouri river points as cook for a freighting train, my

MRS. NAT COLLINS. ("Mother" of All the Ranchmen of the Western Plains.)

brother being a wagon master. Wood and water were scarce, and many times our only fuel was dry buffalo chips. At times the dread sand storms would overtake us, when nothing could be cooked without its being unfit for food. During these storm travels was abandoned.

Hardly a day passed without an Indian fight, for the savages were constantly swooping down upon the trains, killing the freighters or driving away the stock.

Now the same journey can be accomplished in comparatively a few hours in the modern palace car.

In this way I earned my first money, and when the excitement occasioned by the discovery of rich gold fields at Alder Gulch, Mont., induced my relatives to decide upon that as their future home, we were among the first to go to Virginia City. The trip from our starting point on the Missouri river occupied nearly three months, and the greater part of that time I was employed as a scout for the train, because of my knowledge of scouting gained while with the Indians.

For three days and nights we were lost in the terrible "Bad Lands," without water or food, but finally continued, our route passing through a portion of what is now the great Yellowstone park.

Here was a sight that will never be witnessed again—the herds of buffalo that roamed the prairies of the Yellowstone. Nothing was more feared than a stampede of buffalo. With their heads down, for the buffalo does

not look up, they would so pell-mell over the plains, and should even a high river bank be reached they would continue on their mad race, trampling to death all who fell beneath.

I have seen buffalo so thick that we would be compelled to stop our train and shoot among them to frighten and drive them away before we could camp. The earth at times seemed to tremble beneath their tread, but to-day all that remains as a reminder of those great herds of noble beasts are a few domestic herds.

We went up the Gallatin valley, past where Bozeman now stands, to Virginia City.

There were no laws or courts in those days, only such as were made by the miners, who would gather at the stores and plan what they would do with the desperadoes. I have seen the bodies of men left hanging from the limbs of trees for days as a warning to criminals.

For the past 18 years I have been engaged in the cattle business in northern Montana, the first 18 months of which time I did not see the face of a white woman, as the only settlers were friendly Indians.

My first shipment of cattle was made nine years ago, and my journey to Chicago at that time was also my first visit east since leaving my old home in Iowa.

Each year since that time I have accompanied my annual shipment to Chicago.—Mrs. Nat Collins, in Chicago Democrat.

It Has Taken the Form of "Thirteen Charms" to Ward Off Evil and Unlucky Influences.

A fad of young women at present is the wearing of good luck charms on their locket, chains or watch fobs. They must number exactly 13, to counteract evil influences.

So popular have these become that all of the pet superstitions—which are not confined to the young, by any means—are considered by the ingenious jeweler, who makes a variety of collections with just 13 in every dangling bunch. Some of them are within reach

THIRTEEN LUCKY CHARMS.

of the moderate purse, but they are also to be found in more expensive sets, and special orders often call for still more costly talismans.

Some of these charms, with their special virtues, are as follows:

1. Split chestnut—Good morning.
2. Amethyst heart—Loyalty.
3. Owl—Wisdom.
4. Feather in glass—Eternal love.
5. Four-leaf clover—Luck.
6. Scarab—Fidelity.
7. Antique money—Luck at games.
8. Pine cone—Preserves from sickness.
9. Seaweed in glass—Preserves from accident.
10. Poppy—To forget grief.
11. Holly—Overcomes all obstacles.
12. Auvergne bell—Guide in the right path.
13. Hazelnut—Long life.

These are each attached by a little chain to a central ring. The flowers are encased in a glass locket, and the others are of silver or of gold in the forms given.

Another set of charms consists of tablets of a variety of shapes, heavily chased in ornamentation and set with gems, the sentiment of which is also engraved on the tablets just above the setting. These are:

1. Opal—Hope.
2. Garnet—Grace.
3. Sapphire—Truth.
4. Bloodstone—Courage.
5. Crysoptase—Feloquence.
6. Topaz—Fidelity.
7. Jacinth—Modesty.
8. Ruby—Charity.
9. Jasper—Wisdom.
10. Pearl—Innocence.
11. Turquoise—Prosperity.
12. Amethyst—Deep love.
13. A wire charm containing in a frame the figure "13."

The person wearing this set of charms is supposed to have all these wonderful qualities of character. The same gems and others as beautiful are also to be had in the rough uncut stones, inclosed in gold wire cages and hung imprisoned on little gold chains of varied lengths.—N. Y. Tribune.

How to Regild Frames.

Picture frames that have become badly tarnished may easily be regilded. First cover with two or three coats of good parchment size, allowing one to dry thoroughly before another is put on. This size should be used hot, but not allowed to boil while in course of preparation. Next apply the gold size, and this should be carefully put on, and be allowed at least 12 hours to dry.

The Bad Boy Again.

Great Fame of a Great Medicine Won by Actual Merit.

The fame of Hood's Sarsaparilla has been won by the good it has done to those who were suffering from disease. Its cures have excited wonder and admiration. It has caused thousands to rejoice in the enjoyment of good health, and it will do you the same good it has done others. It will expel from your blood all impurities; will give you a good appetite and make you strong and vigorous. It is just the medicine to help you now, when your system is in need of a tonic and invigorator.

Indigestion—"After suffering six months from indigestion, headache, nervousness and impure blood, I began taking Hood's Sarsaparilla, and when I had taken six bottles I was well." Frank Nolen, Oakland, Ill.

Mortgage Sale.

WHEREAS default has been made in the payment of the money secured by a mortgage dated the 21st day of July, A. D. 1898, executed by Robert J. Cromie and Catherine M. Cromie, his wife, of the city of Detroit, Wayne county, Michigan, to William Ostus, of the city of Ann Arbor, Washtenaw county, Michigan, which said mortgage was recorded in the office of the Register of Deeds in the county of Washtenaw, in liber 91 of mortgages, on page 106, on the 22nd day of July, A. D. 1898, at 10:05 o'clock a. m., and whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of One Thousand One Hundred and Eighty-seven Dollars and Thirty-three Cents, (\$1,187.33), of principal, interest, taxes and insurance premiums, and the further sum of Thirty-five Dollars (\$35.00) as an attorney fee, and the whole amount claimed to be due on said mortgage is the sum of One Thousand Two Hundred and Twenty-two Dollars and Thirty-three Cents, (\$1,222.33), and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now, therefore, notice is hereby given that by virtue of said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the south front door of court house in the city of Ann Arbor (that being the place of holding the circuit court in and for said county) in said county of Washtenaw, state of Michigan, on the seventh day of July, A. D. 1900, at 10 o'clock in the forenoon of that day, which said premises are described in said mortgage as follows, to-wit:

All that certain piece or parcel of land situated in the township of Lodi, in the county of Washtenaw, state of Michigan, viz.: The southwest part of the north-west fractional quarter, section nineteen (19) in township three (3) south of range five (5) east, containing Thirty-nine and Sixty-one hundredths (39.61) acres according to the United States survey thereon.

Said mortgage was given as a part of the purchase price for said premises.
Dated March 22nd, 1900.

Mortgage Sale.

DEFAULT having been made in the conditions of a certain mortgage made by Albert F. Vanatta and Maria A. Vanatta, his wife, to Lewis B. Anderson, bearing date the 31st day of January, 1898, and recorded in the office of the register of deeds for Washtenaw county, Michigan, on the 31st day of January, 1898, in liber 84 of mortgages, on page 21, at 2:45 o'clock p. m., on which mortgage there is claimed to be due at the date of this notice (the mortgagee electing to consider the whole amount of the sum secured by said mortgage due on account of the non-payment of interest), the sum of Sixteen Hundred and Twenty-eight Dollars and Fifteen Cents, and no suit at law or proceeding in equity having been instituted to recover the amount due on said mortgage or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that on Saturday, the 14th day of July next, at 11 o'clock in the forenoon of that day there will be sold at auction to the highest bidder at the east front door of the court house in the city of Ann Arbor, (that being the place for holding the circuit court for said county,) the premises described in said mortgage or so much thereof as may be necessary to pay the amount of said mortgage and the legal costs of this foreclosure. The premises so to be sold are described as follows:

The east half of the north-east quarter of section sixteen in the township of Salem, being township one south, range seven east, in said county of Washtenaw.

Ducks.
Pekin ducks in the United States have proven by far the most profitable of all breeds when raised for market on a large scale. Several thousand young ducks are often yarded on five acres of ground—making the ground, by the way, intensely rich—but the most successful duck-farms have large areas available for the cultivation of green feeds for the growing stock—root-crops and green food of various kinds. Ducks will consume an immense amount of green food, and such feeding is considered necessary to keep them in best condition for early laying. The most profitable time at which to market ducklings is considered to be when they weigh about five pounds. They will then be in the neighborhood of ten weeks old and will have cost to raise about twenty or twenty-five cents each.—Guy E. Mitchell.

Where Readiness Was Not Needed.

"Mamma," said little four-year-old Ethel, "may I have a piece of cake." "Wait until I'm ready, Ethel," replied the mother. "Why, mamma," exclaimed Ethel in surprise, "you don't have to get ready. It's me that wants it."

Why the Bronx Zoo Duck Feels Safe

A novel fence around the duck's enclosure at the new Zoological Park in the Bronx keeps the ducks in and rats and other egg destroying pests out. It first strikes a beholder as if the fence were wrong side out, with the curved part out, and the pendant strip of sharply toothed tin on its edge. The lower part of the fence is covered with wire netting. The masonry extends some depths below the surface of the ground.

This same plan can be followed in the construction of poultry fences on a less costly basis and, in fact, any building designed to be rat proof can be so protected.

Mortgage Foreclosure.

DEFAULT having been made in the payment of a certain mortgage made by Clarence B. Dixon and Mary Dixon, his wife, to the Huron Valley Building and Savings Association, dated the 11th day of July, 1898, and recorded in the Register's office of Washtenaw county, Michigan, on the 11th day of July 1898, in liber 78 of mortgages, on page 178, at 3:15 o'clock p. m. of that day, on which mortgage there is claimed to be due at the date of this notice, the sum of eight hundred and thirty and 25/100 (\$830.25), dollars, and no suit at law or equity having been instituted for the collection of said amount or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the 2nd day of June, 1900, at 10 o'clock in the forenoon of that day, there will be sold at auction to the highest bidder, at the east front door of the court house, in the city of Ann Arbor, (that being the building in which the circuit court for said county is held,) the premises described in said mortgage, or so much thereof as may be necessary to satisfy the amount due on said mortgage, and the costs of this foreclosure including the taxes paid and attorney fee provided for in said mortgage. The premises so to be sold are described as follows:

Beginning on the east line of Lincoln avenue, three hundred and ninety feet from the east corner of Lincoln avenue and Wells street; thence easterly parallel to Wells street, one hundred and thirty-two feet; thence northerly parallel to Lincoln avenue sixty-six feet, thence westerly parallel to the south line of Lincoln avenue and thirty-two feet, thence southerly along the east line of Lincoln avenue sixty-six feet to the place of beginning, in the city of Ann Arbor, Washtenaw county, Michigan.

Dated March 5, 1900.
