THE HERALD OFFICE.

WANTED JUDSON TO RESIGN.

But the State Oil Inspector Could Not See It That Way.

From all the accounts published in the Detroit dailies it appears that ex-Governor Pingree is keeping up his record for falling out with his friends when they do not exactly agree with him. One by one he has dropped them by the wayside, and now comes the news that he has had a falling out with State Oil Inspector Judson.

Briefly told, the dispatches state that Mr. Pingree roused Mr. Judson out of his bed at the Downey house, Lansing, at 12 o'clock on the night of Dec. 31, and demanded that he resign his office as state oil inspector so that he could give it to S. A. Tomlinson, secretary of the pardon board. Judson refused to do this, and then Pingree got furious, and indulged in his usual forcible language. Judson says he does not know what made Pingree turn against him in such an unexpected manner.

Growth of the Modern Woodmen.

From Jan. 1 to Dec. 1, 1900, the certificate department of the Modern Woodman society issued 131,240 benefit certificates, against 122,344 last year during the same period. From January 1 to December 1, 1900, the head office issued charters to 1,655 new camps as against 1,505 during the same period last year.

From Jan. 1 to Dec. 1, 1900, the deputy head consuls of the society have organized 1,648 new camps with 25,672 members. In addition they have secured 49,604 members for old camps, or a total of 75,476 members for the 11 months.

The receipts to the society's benefit fund last month aggregated \$416,034 15; to the general fund, \$7,459 91, making the grand total receipts \$423,494 56. The number of members paying assessments was 500,161.

The total disbursements from the benefit fund of the society, from date of the society's organization, Jan. 5, 1883, to Dec. 20, 1900, are reported to have been \$19,885,249.30. Over 9,600 death claims have been paid by the society. During December the society disbursed in payment of death claims \$334,350. The December general fund disbursements were \$43,171.48.

The society's business is increasing to such an extent that the board of directors are considering the building of a large addition to the head office, which is located at Rock Island, Ill. The present head office is four stories, covering nearly half a block, and every foot of space therein is in use. About 150 clerks are constantly employed.

At the first meeting of all local camps of the society in the month of December, the proposition to authorize the next Woodman National convention to establish some sort of a reserve or emergency fund, was voted on. Returns from this vote have all been filed at the head office and they show that the proposition was snowed under two to one.

The annual church meeting will be held Monday, Jan. 14, at 8 p.m. The roll of members will be called and each member is expected to respond to his or her name with a verse of scripture. MUST GIVE A BOND.

A Chapter of the Law Which Relates to Auctioneers Especially.

Washington Times: County Clerk Blom has received a letter asking if auctioneers must procure a license. He looked up the matter and found that Miller's compiled laws has a number of sections on the subject which seem to be a revelation, as they have never been enforced. No bond has ever been filed with the county treasurer. The following sections are of interest:

(5332) Section 26. Any citizen of this state may become an auctioneer within the county in which he resides, on executing and delivering to the treasurer of such county a bond in the penal sum of two thousand five hundred dollars, with two or more sufficient sureties, to be approved by such treasurer, conditioned for the payment to such treasurer of all auction duties upon goods or property which may be sold by him according to law.

(5333) Section 27. Every person who shall have executed and delivered such bond to the county treasurer shall, for the term of four years next after the date of such bond, be an auctioneer within county and be authorized to carry on and perform the business of an auctioneer, and shall conform to the provisions herein-after contained.

(5334) Section 28. If such auctioneer resides in either of the cities of this state, he shall, on the first Monday of each month, and if he reside in any other he shall, on the first Monday of each April and October in each and every year, make out a statement in writing, verified by his oath, and deliver the same to the county treasurer, in which statement he shall designate particularly:

1. The sums for which all goods at every auction held by him after delivering such bond, or the date of his last preceding statement, were sold.

2. The days on which sales were so made by him, and the amount of sales on each day.

The amount of duties chargeable under the provisions of this chapter.

Last Night's Entertainment.

It is safe to say that last evening's entertainment by the Stephenson string quartet and Wallace B. Ambary was the number in the People's Popular Course that has best pleased the audiences. It was a brilliant success from the first to the last number on the program, and only one number got away without receiving a genuine and spontaneous encore. To tell which was really the best number would be almost impossible as all were so good. The Misses Lalla, Elsie and Clara Stephenson are exceptionally fine players of the violin and cello, and Mrs. Stephenson's accompaniments on the piano fully equalled the performance of her daughters. Mr. Ambary is by far the best reader we have ever heard. His selections "De Cirque at Ste. Anne" and "Mr. Dooley on His Cousin George" caused the audience to fairly scream with laughter, while Bret Harte's pathetic sketch "Luke" as recited by him almost moved them to tears. The program might not please a "cultured" musician but it pleased the people and everyone was sorry when the last number was played.

St. Mary's Church Entertainment.

The Christmas entertainment in connection with St. Mary's Catholic church last Thursday evening was well attended and very pleasing throughout. Two numbers, those by Miss Matilda Hummel and Miss Estella Conlan, had to be omitted, as both ladies were suffering from sore throats. At the conclusion of the entertainment a brilliantly illuminated Christmas tree was exhibited and a jolly Santa Claus distributed gifts to the children. The handsome doll and carriage was drawn by Roland McKune, he holding the winning number 617. The proceeds of the entertainment and drawing amounted to upwards of \$170, most of which will be expended on the library.

His Wife Saved Him.

My wife's good advice saved my life writes F. M. Roes, of Winfield, Tenn., for I had such a bad cough I could hardly breathe. Hon. James McMillan was the unanimous choice of the Republican legislative caucus to succeed himself as United States senator from Michigan.

The matter of breaking wills is getting to be a serious thing. Pretty soon all estates will go according to the law of intestate descent if this condition of things continues much longer.

Chicago, London and Paris are suffering from a carnival of crime which the police seem unable to suppress. New York, meanwhile, is suffering from a carnival of virtue, in which even Croker is obliged to join.

Only 17 divorces were granted in Canada last year, while no one knows how many were granted in the United States. Truly, a constitutional amendment giving congress control of the marriage laws is necessary to stop this crying scandal.

Governor Bliss was inaugurated on the front steps of the capitol at Lansing at 12:30 o'clock Tuesday. Chief Justice Montgomery administered the oath of office to the new governor, after which short speeches were made by the old and new governors.

The census of "domestic animals not on farms" in the United States is plainly inaccurate. It puts several cities down as having only one or two asses. Witness the action of Detroit's common council on the standard time question. There must be more than that number among that body alone.

At the caucus of the Republican members of the state legislature at Lansing Tuesday night Representative John J. Carton, of Flint, was nominated for speaker without any opposition. Lewis Miller was re-elected clerk, which makes 30 years that he has been connected with the legislature. He will reappoint his present staff, consisting of Samuel Cook, journal clerk; Fred Hamilton, bill clerk, and Alex Smith, reading clerk.

A meeting of the prison board was called to be held at Jackson last Friday to wind up the charges that had been made against Warden Chamberlain. When the time for the meeting to be held arrived, neither Dr. Bills, a member of the board, nor Warden Chamberlain were present, and President Holmes declined to call the meeting to order in the absence of these gentlemen. The members of the board present were President Holmes, M. J. Lehman and ex-Governor Pingree.

Old People Made Young.

J. C. Sherman, the veteran editor of the Vermontville (Mich.) Echo, has discovered the remarkable secret of keeping old people young. For years he has avoided nervousness, sleeplessness, indigestion, heart trouble, constipation and rheumatism, by using Electric Bitters, and he writes: "It can't be praised too highly. It gently stimulates the kidneys, tones the stomach, aids digestion, and gives a splendid appetite. It has worked wonders for my wife and me. It's a marvelous remedy for old people's complaints." Only 50c. at Stimson's drug store.

To Cure La Grippe in 24 Hours.

W. A. Boland has filed his acceptance of the franchise recently granted him by the Ann Arbor common council. At the same time he made some saving provisions for amendments to it when the time shall come for action.

Hawkes & Angus have filed with the register of deeds 43 conveyances giving them a private right of way through Lima and, Solo also five deeds for land in Sylvan. The consideration for the right of way over these 47 pieces of property foots up to \$11,173.55.

Pay Your Taxes.

The treasurer of Sylvan township will collect taxes at Hirth & Lehman's blacksmith shop every day in the week except Sunday from Dec. 7, 1900, until Jan. 25, 1901. On Wednesday evenings from 6 to 7 o'clock and on Saturday evenings from 6 to 8 o'clock he will be found at the Chelsea Savings Bank.

Where Are They?

The school census of Washtenaw county gives the total number of children of school age—from 5 to 20 years old—as 11,828. The number of Sunday school scholars enrolled is 8,562. The Washtenaw Times says: Conservative estimates are that fully 25 per cent of the Sunday school enrollment of the county are either younger or older than those ages, the question of who and where the rest are, is worthy of careful consideration. Deducting 25 per cent from the total Sunday school enrollment, you have 6,423 as the number enrolled in Washtenaw Sunday schools, who are between 5 and 20 years of age, while the school census shows 11,828 between those ages in the county. Where are the 5,406?"

Another Word to the Ladies.

EDITOR HERALD, Chelsea, Mich.:

We understand there are still a few ladies in Chelsea and vicinity who did not take advantage of our recent offer to send an elegant silver plated sugar shell absolutely free of charge to any married lady who would simply ask for it, so we will renew the offer for a short time only. Perils of Civilization.
If we are driven to the hard labor of opening oysters for the sake of avoiding preservative and to milking cows to keep clear of formaldehyde it is evident that the highest civilization has not lightened our burdens, but rather added to them. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MET WITH DISASTER.
Boers Drive British Force from a Strong Position at Helvetia—Later Lose Heavily.

London, Dec. 31.—The war office has received the following dispatch from Lord Kitchener:

"Pretoria, Dec. 30.—Gen. Lytton reports that our post at Helvetia was captured yesterday morning by the Boers. About 50 were killed and wounded and 200 taken prisoners.
"Col. Kitchener reports that he is following with a small force in the track of the enemy, Helvetia being reoccupied by Reeves, who has been reinforced from Belfast."

Helvetia was a very strong position on the Machadodorp-Lydenburg railway and was held by a detachment of the Liverpool regiment. Am asking for further information.
The troops which have borne the brunt of this latest disaster were a detachment of a Liverpool regiment which had several times figured in hard engagements during the summer campaign in the Transvaal. The size of the casualty list indicates that the fighting was bloody while it lasted.

The London papers, with the Liverpool regiment's defeat as a text, bitterly attack the inadequate precautionary arrangements which permit the recurrence of these disheartening assaults on isolated troops. Reiterating the demand that the war office hurl more troops into South Africa, they decry the impropriety of rejoicings too elaborate over the return of Lord Roberts next Thursday, in view of these newest and most bitter tidings.

While Lord Kitchener sends bad news for England on the closing day of the year, the press continues to take a surprisingly hopeful view of a grave situation and of revelations of an enormously wide field of Boer activity. Gen. De Wet is still at large. Kimberley is isolated. The Boers are in force enough to have captured a strong position at Helvetia, in the Lydenburg district, while judging from Lord Kitchener's very recent advice no progress is being made against the Boer invaders in Cape Colony. According to further telegrams Zeerust is practically besieged, but has provisions sufficient for five months. The garrison at Ottoshoop has been withdrawn to Lichtenburg. A dispatch from Carnarvon, dated Saturday, reports that the Boers who have been threatening that point were driven off and are being pursued.

London, Dec. 31.—Commenting upon the Helvetia disaster, the Daily Mail calls upon the government to send out at least 50,000 additional mounted men.

Lord Kitchener, wiring from Pretoria Saturday, December 29, says:

"There is not much change in the situation in Cape Colony. The eastern force of the enemy appears to have broken up in small parties at Utrecht and to be moving about rapidly in the same district, evidently waiting for support from the north. The last report states that the western force is moving to Carnarvon. De laet and Thorneycroft are in close pursuit. French has occupied Ventersdorp. Clements reports that he is opposed on the road to Rietburg. The Eastern line was blown up near Pan. and a train was held up this morning on the Standerton line, near Vaal station. White's column has arrived at Senekal. Knox's column and Boye's brigade are holding De Wet from breaking south."

PINGREE ON HIS DIGNITY.
Denies the Right of Judge Weist to Cite Him to Appear on Contempt Charges.

Detroit, Mich., Dec. 31.—Gov. Pingree, who was summoned to appear before the Ingham county circuit court Saturday to answer to the charge of contempt, as the result of an interview in which he attacked the court and prosecuting attorney, refused to answer the summons. He was cited to appear at one o'clock Saturday, but at 11:30 the governor sent the following telegram to the court:

"As executive of the state of Michigan and representing one of the three independent, equal and coordinate divisions of the power of the government, I am constrained (meaning no disrespect to the judicial department) to deny the authority of the judiciary in the premises.
"Were I, as chief executive of this state, disposed to recognize the authority of the judicial department on this particular occasion, the official duties pressing upon me in the closing hours of my administration would not permit of my giving the matter attention."

"H. S. PINGREE."
Lansing, Mich., Dec. 31.—When the contempt case against Gov. Pingree was called by Judge Wisner Saturday afternoon, the courtroom was crowded with people. The judge read Gov. Pingree's telegram and then said that he did not understand that the case was against the governor, but against Hazen S. Pingree, the individual. Judge Wisner said he had no disposition to interfere with the duties of the governor, and therefore would continue the case until January 9. In default of the governor's appearance at that time, an attachment to compel his attendance will issue.

It is proposed to make the great marble structure on Capitol hill an unequalled scene of splendor at night.

THE DISCOVERER OF Lydia E. Pinkham's Vegetable Compound The Great Woman's Remedy for Woman's Ills.

Yours for Health Lydia E. Pinkham

No other medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends.

Do not be persuaded that any other medicine is just as good. Any dealer who asks you to buy something else when you go into his store purposely to buy Lydia E. Pinkham's Vegetable Compound, has no interest in your case. He is merely trying to sell you something on which he can make a larger profit. He does not care whether you get well or not, so long as he can make a little more money out of your sickness. If he wished you well he would without hesitation hand you the medicine you ask for, and which he knows is the best woman's medicine in the world.

Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by **Lydia E. Pinkham's Vegetable Compound, The Great Woman's Remedy for Woman's Ills.**

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Moral—Stick to the medicine that you **know** is Best.

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it, "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and helpful.

DON'T BE DUPED

There have been placed upon the market several cheap reprints of an obsolete edition of "Webster's Dictionary." They are being offered under various names at a low price.

By dealers, agents, etc., and in a few instances as a premium for subscriptions to papers. Announcements of these comparatively worthless reprints are very misleading. They are advertised to be the substantial equivalent of a higher-priced book, while they are all reprints of a book of over fifty years ago, which was sold for about \$5.00, and which was much superior to these imitations, being a work of some merit instead of one.
