### CHELSEA FARMERS' INSTITUTE.

Good Papers Were Presented and Good  
Discussions Followed.

The fifth annual farmers' institute held  
here Wednesday and Thursday of last  
week was on the whole a very successful  
one. The attendance Wednesday was  
somewhat light, but at the sessions held  
Thursday the attendance was good.  
George T. English, president of the  
Chelsea Farmers' Institute, presided, and  
Arlington Guerin was secretary.

The afternoon session Wednesday opened  
with a greeting song by the W. W.  
Farmers' Club, and prayer by Rev. Thos.  
Holmes. This was followed by an ad-  
dress of welcome by President William  
Bacon and a response by President Eng-  
lish. Alfred C. Smith, of Sharon, treated  
the subject of "Co-operation among farm-  
ers," in a very practical manner and the  
subject was briefly discussed. A song  
and chorus "Tell mother, I'll be there" by  
the W. W. Farmers' Club was the next  
number, and then the question box was  
opened, after which Frank Storms gave  
a recitation and the session closed with  
music by the quartet.

At the evening session George Steinbach  
and Mrs. Anna Fletcher gave a selection  
of music, Rev. C. S. Jones offered prayer,  
and Mrs. F. A. Stiles sang a pretty solo.  
The subject of "Good roads," in the ab-  
sence of R. S. Whalian, who was to have  
read the paper, was further discussed by  
Rev. C. S. Jones, Mr. Raymond, of  
Sharon, E. A. Nordman, of Lima, and  
others. The discussion had been opened  
at the afternoon session by W. H. Glenn,  
of North Lake. The paper on "Litera-  
ture in our homes" was postponed till the  
next evening. On account of the enter-  
tainment in the opera house the whole  
program was of a somewhat disjointed  
character.

At the Thursday morning session after  
prayer by Rev. J. I. Nickerson, Prof. J.  
D. Towar, of the Agricultural College,  
spoke on "Forage crops, old and new."  
Prof. K. L. Butterfield, of Ann Arbor,  
read a fine paper on "Farm organization,"  
which was pretty thoroughly discussed.

The afternoon session opened with  
music "Dear old home," by the W. W.  
Farmers' Club, and then Prof. J. D.  
Towar spoke on "Soil fertilizer; what it  
means and how maintained." Mrs. F. A.  
Stiles next sang a solo. This was fol-  
lowed by reading the queries in the ques-  
tion box. Frank Dwelle, of Grass Lake, next  
spoke on the subject "Dairy products." A  
lively discussion of this subject fol-  
lowed. F. H. Sweetland set the ball  
rolling by advocating lessening the work  
of the women folk by selling milk to the  
skimming station. Other speakers ad-  
vocated selling the cream to the skimming  
station, and utilizing the milk. Geo. T.  
English was in favor of making butter as  
a farmer could make a third more in that  
way. Prof. Towar claimed that two  
pounds of good dairy butter was worth  
three pounds of creamery butter. Miss  
Olive Cadwell, of Grass Lake, read a  
paper on "The business woman and her  
responsibilities." The discussion was led  
by Mrs. Fannie Ward, of Lima.

The W. W. Farmers' Club opened the  
evening session by singing "Harvest  
home." Rev. F. A. Stiles offered the  
prayer, and Prof. J. D. Towar spoke of  
the advantages to the young men and  
women of Michigan possessed by the  
Agricultural College, and advocated the  
attendance there of all who could raise  
the necessary funds to pay for their board  
and clothing, as tuition is free. He also  
spoke of the sources from which its in-  
come is derived and the benefit its ex-  
periment station is to the farmers gener-  
ally. George E. Davis then sang "Go  
away, trouble," and was encored. In re-  
sponse he gave a brief recitation. Miss  
Nellie D. Mingay recited "Society setting  
the hen," and she was encored. Mrs.  
Anna Fletcher and Miss Nellie Lowry  
gave a piano and violin duet and then the  
subject of "Literature in the homes" was  
taken up. Jay Easton who was to have  
read the paper was not present, so Mrs.  
Howard Everett performed that duty.  
Nathaniel W. Laird led the discussion and  
he was followed by Miss Julia Ball, of  
Hamburg, secretary of the State Farmers'  
Club, and Rev. F. A. Stiles. The paper  
and the remarks that followed all tended  
to one common idea that the impressions  
most bearing on the future of a child are  
those formed from the books it reads when  
young, so the literature it has access to  
should be of a sterling character. The  
session closed with a selection by the  
quartet.

### THEIR GOLDEN WEDDING.

Mr. and Mrs. Michael J. Graham, Formerly  
of Chelsea, Celebrated That Event.

Mr. and Mrs. Michael J. Graham, for-  
merly residents of Lyndon and this village,  
now residing with their daughter, Mrs.  
John Price, in Sandstone, a few miles west  
of Jackson, celebrated their golden wed-  
ding Friday. In the afternoon about 20  
employees of the McCormick Harvesting  
Machine Co., with whom Mr. Graham had  
been associated for nearly 20 years, were  
among the guests and presented Mr. and  
Mrs. Graham with a rocking chair each  
and an address, to which Mr. Graham  
feelingly replied.

Mr. Graham was born in Ireland 75  
years ago and came to America in 1842,  
settling in Montreal. His first work in  
this country was done on the construction  
of the steamer Lady Elgin, which went  
down on Lake Michigan with all on board  
half a century ago. Feb. 1, 1851, he was  
married at Malone, N. Y., to Miss Hannah  
Garland, and in 1864 they came to Michi-  
gan. Mr. Graham was engaged in the  
construction of the Jackson, Lansing &  
Saginaw railroad. For a number of years  
he resided in Lealie, where he officiated as  
justice of the peace. In 1889 he entered  
the employ of the McCormick Harvesting  
Machine Co., remaining with that concern  
until 1897, during most of that time he  
lived on his farm in Lyndon. In that  
year he moved to Chelsea and lived here  
until last year when he moved to Jackson.  
Since 1897 he has given his attention to  
real estate dealing.

### ASKED TO RESIGN.

Rev. J. S. Edmunds Out of Favor With  
His Laingsburg Congregation.

A Laingsburg dispatch to the Detroit  
Evening Journal under date of Feb. 5 has  
the following regarding Rev. J. S. Ed-  
munds, formerly pastor of the Congrega-  
tional church of this village:

Quite a little excitement has been  
wrought up in the First Congregational  
church of this village over the ousting of  
its pastor, Rev. John S. Edmunds, for-  
merly of Chelsea and Ypsilanti. It appears  
that a feeling existed that Rev. Mr. Ed-  
munds was not holding the church up to  
its normal condition, and one of the  
deacons intimated to him that his resig-  
nation would be accepted.

He refused to resign until a meeting of  
the church and society was called and its  
pleasure ascertained. At this meeting a  
motion was made and carried that the  
trustees give the present pastor the cus-  
tomary notice that his services would be  
dispensed with three months from date,  
the "three months' notice clause" having  
been inserted in his contract at his special  
request.

Sunday morning, during the church  
services, Mr. Edmunds accused the church  
society of using him in a manner as if he  
had committed some awful crime. He  
declared that it had no reason to remove  
him in the middle of his year, and that he  
felt like demanding an explanation of its  
action. He was not given a reply, and  
the final outcome is looked forward to  
with considerable interest.

### Lincoln's Day Entertainment.

The M. E. church at Dexter will observe  
Lincoln's birthday Tuesday, Feb. 12, by  
giving a 20th century banquet, coupled  
with a first class entertainment, consisting  
of addresses, solos and duets. The fol-  
lowing able speakers have been secured:  
President J. P. Ashley, Ph. D., LL. D.,  
of Ablon College, Rev. E. W. Ryan, D.  
D., Rev. C. T. Allen, D. D., Dr. R. S.  
Copeland, of Ann Arbor, Rev. C. H.  
Perrin, Detroit. Miss Maggie Nickerson,  
of Chelsea, will sing one of her choice  
solos; and there will be solos and duets by  
local talent. Dinner and supper will be  
served as follows: Dinner, from 12 to 1:30  
p. m., supper from 5 to 6:30 p. m.  
Through ticket to all 35 cents; 25 cents  
for one meal and all the rest; 10 cents for  
the entertainment once, afternoon or  
evening.

### A Fireman's Close Call.

"I stuck to my engine, although every  
joint ached and every nerve was racked  
with pain," writes C. W. Bellamy, a lo-  
comotive fireman, of Burlington, Iowa.,  
"I was weak and pale, without any ap-  
petite and all run down. As I was about  
to give up, I got a bottle of Electric Bit-  
ters and, after taking it, I felt as well as  
I ever did in my life." Weak, sickly, run  
down people always gain new life, strength  
and vigor from their use. Try them

#### CONGRESSIONAL.

On the 30th the senate spent the time in debate on the shipping bill after an unsuccessful attempt to secure an agreement to the conference report on the army reorganization bill. The committee on judiciary reported favorably the bill dividing the state of Kentucky into two judicial districts. In the house the agricultural appropriation bill was passed and a bill was introduced increasing the limit of cost of public buildings in various parts of the country. It carries about \$1,500,000. The committee on pensions recommended an increase from \$30 to \$50 per month in the pension of the widow of Rear Admiral Philip, one of the captains in the battle of Santiago.

The senate on the 31st ult. adopted the conference report on the army reorganization bill, and the bill now goes to the president for his signature. The shipping bill was further discussed. The house passed the fortifications appropriation bill and made fair progress with the post office appropriation bill. A bill was introduced providing that in presidential and congressional elections bribe givers or offerers of bribes on conviction shall be subject to fines, imprisonment and disfranchisement. A bill was favorably reported allowing Alaska a delegate in the house.

On the 1st the senate spent the time in considering the shipping bill. A bill providing for a \$300,000 public building at Superior, Wis., was passed. In the house the omnibus bill, appropriating \$335,490 to pay 191 claims upon which the court of claims has made findings, was passed, as was also a bill to further strengthen the provisions of the Chinese exclusion act.

The session of the senate on the 2d was almost entirely devoted to the discussion of the ship subsidy bill. A bill for a public building at Hammond, Ind., was passed. In the house the post office appropriation bill was further considered and a favorable report was made on a bill providing for the erection of a \$7,000,000 building to accommodate the supreme court of the United States, the federal courts of the District of Columbia, the department of justice, a national library, etc.

Made the Indian Real Mad.  
Senator Stewart the other day related the story of an adventure with a big Indian when he was prospecting for gold. The Indian asked the future senator for a ride in a high wagon, and he was told to climb in. In less than a minute Stewart saw poor Lo signaling to another Indian behind a rock, who was sighting a gun at Stewart.  
"I guess they needed my wagon and my mule and maybe my scalp in their business. My only chance was to grab that Indian around the waist and hold him in front of me. You bet I did that, and at the same time yelled at my mule. That critter had some sense, and in a few minutes we were out of range. But it was a close shave."  
As the senator stopped the curious man in the party asked him what he did with the Indian.  
"Why, I broke his gun, threw him out of the wagon, and then kicked him along on his hands and knees until I think he got real mad."—Washington Correspondence Pittsburgh Dispatch.

### Millions of Mothers Use Cuticura Soap

Assisted by CUTICURA OINTMENT, the great skin cure, for preserving, purifying, and beautifying the skin of infants and children, for rashes, itchings, and chafings, for cleaning the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing red, rough, and sore hands, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, for too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative antiseptic purposes which readily suggest themselves to women, especially mothers. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Try it in conjunction with ONE SOAP AT ONE PRICE, viz., TWENTY-FIVE CENTS, the BEST skin and complexion soap and the BEST toilet and baby soap in the world.

**Cuticura** Complete External and Internal Treatment for Every Humor, Consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA-OINTMENT (50c.), to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE SET, costing but \$1.25, is often sufficient to cure the most torturing, disfiguring, and humiliating skin, scalp, and humors, with loss of hair, when all else fails. Sold throughout the world.

# STUDENTS TO STUDY LAW

A Course on American Administrative Rule to Be Given at University of Michigan.

THE SESSIONS WILL BE OF GREAT VALUE

Non-Physical Element in Railway Properties - Courses in Practical Anatomy - Marshall and Cooley Days - Insanity Experiments - Other Notes of Interest.

[Special Correspondence.]  
University of Michigan, Feb. 4.—A course on American administrative law will be given at the University of Michigan by Assistant Prof. Fairlie during the second semester of the present college year. This will include a study of the various branches of the federal administration, of the various state administrative bureaus and of the systems of local government, with an examination of methods of election and appointment and the legal machinery for enforcing obedience to the law by administrative officials. This course will be made especially valuable to students intending to study law or to teach civil government. The work will consist of assigned lessons in a text book, lectures and collateral readings.

**Value of Railway Elements.**  
Prof. Henry C. Adams, of the department of political economy, has completed the report on the value of the non-physical element in the railway properties of the state for the Michigan board of tax commissioners. This report is coordinate with the report made by Prof. Mortimer E. Cooley, of the department of mechanical engineering, regarding the value of the physical element in such properties.

**Courses in Anatomy.**  
Certain changes, looking toward a concentration and better sequence of studies, have this year been introduced in the subjects of the first and second year of the medical course. The courses in practical anatomy will hereafter be completed in the freshman year, the anatomical work of the sophomore year being devoted to a more thorough study of special regions. This change, combined with an unusually large freshman class, has produced a temporary insufficiency of anatomical material, but the courses in practical anatomy will be arranged so that every student will obtain as thorough a training in anatomy as heretofore.

**John Marshall Day.**  
John Marshall day, Monday, February 4, was observed by the Michigan State Bar association and the law department of the university with exercises at Detroit. In the afternoon an address was delivered by Hon. Luther Laffin Mills, of Chicago. The exercises closed with a banquet.

**Cooley Day.**  
The law department is making preparations for the observance of Cooley day. The exercises on this occasion will consist of an address in University hall in the afternoon and a department banquet in the gymnasium in the evening. The exact date has not as yet been fixed. It is expected that the exercises will be attended by a large number of members of the state bar.

**Experiments.**  
Dr. D. Murray Cowie, of the medical department, and Dr. Florence E. Allen, pathologist to the Michigan asylum for the insane at Kalamazoo, Mich., are conducting a research as to the effect of the different forms of insanity in the secretion of the gastric juice. They have been conducting experiments on over 500 patients. Part of the work has been completed and a statement of the results published in the proceedings of the Michigan State Medical society for 1900.

**Mechanical Engineering.**  
The senior students in mechanical engineering have selected 15 subjects which they will work into theses as part of their work for the last semester of the present year. The subjects are as follows:  
Test of Ann Arbor waterworks, test of power and boiler plant at Graphite Paint company's works, Detroit; design of a triple expansion engine, test of the boiler plant, Peninsula Sugar company, Caro, Mich.; determination of the steam and power used by laundry and kitchen apparatus, efficiency tests of University of Michigan water motor, design of a high tension air compressor, determination of stresses in a large flywheel, design of a sulphite fiber plant, test of station C, Detroit Edison company, test of various forms of injectors, test of an automobile engine, design of a transmitting dynamometer, design of a compound engine, test of the boiler plant of the Lowell mills, Lowell, Mich.

**General Notes.**  
Dean Harry B. Hutchins will give the Charter day annual address at the University of Nebraska February 15, 1901. The title of the address is "The State and Higher Education."  
Andrew C. McLaughlin, of the department of history, has been elected managing editor of the American Historical Review, the official publication of the American Historical association. He takes charge of the publication July 1, 1901.

Prof. Frederick G. Novy, of the department of hygiene and physiological chemistry, has been sent to San Francisco by the marine hospital corps to examine some supposed cases of the eastern plague known as the "black death."

Prof. J. Playfair McMurrich, of the medical department, has been asked by the government of the Netherlands to take charge of and make a report on a collection of actinians secured from the neighborhood of the Malay archipelago. The collection includes specimens from along the shore and from the deep sea.

## A WONDERFUL CASE.

**A Minister and His Wife Turn to Prayer When Doctors Fail and Health Is Restored.**

A remarkable case of health restoration has occurred in Morenci. For nearly four years and a half the wife of Rev. G. W. Valentine, United Brethren preacher, has been confined to her bed, suffering excruciatingly at times. Physicians gave her no hope of relief. Recently she had grown worse, and thus sorely afflicted she and her husband prayed fervently for help. "Suddenly," she says, "the power of God came upon us. It seemingly lifted me off the bed without effort of mine." Her joy knew no bounds, and that night she rested the best she had for years. Next morning she got up and dressed herself, and has since done not a little household work. This is an authentic case, and is attracting widespread attention.

## CAME TO A CRISIS.

**Faith Cure Believers Take Their Children from School Because of Dislike of Text-Books.**

In the Cowl school district in Berrien county there has existed a fevered state of affairs for some time because of the antagonism that the Dowie followers hold for the school text-books. The trouble came to a crisis when parents of the Dowie belief refused to have their children study physiology, for in the book used are suggested certain modes of treatment in case of accidents from scalds or bruises, while the believers in Dowie contend that nothing but prayer is necessary. The county school commissioner suggested that these points might be suppressed by the teacher, but the sentiment of the school board prevailed and the children of this family are taken from the schoolrooms and their education abandoned because of these text-book suggestions.

## NEW ELECTRIC ROAD.

**Line Proposed by a Company Heavily Capitalized to Run from Detroit to Chicago.**

A company formed for the purpose of constructing an electric railroad from Detroit to Chicago has filed articles of incorporation with the secretary of state. The company is the Detroit & Chicago Traction Co., and has a capital stock of \$4,000,000. Its incorporators are men prominently identified with electric railroad construction in this state and are already interested in several roads. The line will be a continuation of the road already built from Detroit to Ann Arbor and is partly graded from Ann Arbor to near Jackson. The route will very nearly parallel the Michigan Central railway, passing through the principal cities on the route of the railroad mentioned.

## Hunters' League.

The deer hunters have organized a club in Lawrence to be known as the Van Buren County Deer Hunters' league. M. D. Buskirk has been elected president and C. H. Showers secretary and treasurer. The club recommends that the cost of a deer license be placed at two dollars, of which amount \$1.50 is to go into a deer fund. This fund is to be used to try and stop the slaughter of deer during the summer months. The club pledged its support to the state game warden in his efforts to stop the slaughter of deer during the closed season.

## Result of a Dream.

Christopher Gothe, of Iron Mountain, dreamed that two men were trying to kill him, and while in a somnambulist state smashed his bedroom window, kicked off a heavy wire outside screen and walked up the street in his night clothes. When awakened by neighbors his feet were frozen and blood flowed from numerous bad wounds made by glass.

## Portrait Painting.

Artist Fred L. Van Ness, of Chicago, who has been in Kalamazoo, claims the discovery of a process which will revolutionize color photography and ultimately portrait painting. His process throws the likeness through a photographic plate onto a canvas, which, by means of prepared oils, retains the features and reproduces flesh tints.

## Start a War.

The Michigan Millers' association has started a war against the so-called "health foods" which are so numerous manufactured in that state. They allege that some of these foods are adulterated with injurious substances.

## MICHIGAN LEGISLATURE.

Daily Summary of the Proceedings in Senate and House at the Forty-first Session.

Lansing, Mich., Jan. 30.—A bill has been introduced in the senate for the taxation of vessel property by imposing a tax of three cents on the tonnage of vessels owned in that state, the moneys received to go into the county treasuries.

Lansing, Mich., Jan. 31.—Senator Pierson introduced a bill in the senate yesterday for the reduction of fares on railroads. All roads having passenger earnings of \$1,500 a mile and over are required by it to sell tickets at two cents per mile. Roads having earnings of from \$1,000 to \$1,500 a mile must sell tickets for 2½ cents, while a three-cent rate is permitted on roads earning less than \$1,000 a mile. No rate greater than three cents a mile is permitted. The bill also provides for the sale of family mileage books.

Lansing, Mich., Feb. 1.—The senate yesterday passed a bill which prohibits the coloring of oleomargarine in any form. Other bills have been introduced to amend the act making labor debts preferred claims against the estates of insolvent debtors; to provide for the republishing of the journal of the constitutional convention of Michigan of 1850. Bills have been passed to provide for extending corporate life of summer resort associations for periods of 30 years; to regulate foreign building and loan associations.

Lansing, Mich., Feb. 2.—In the senate bills have been introduced authorizing members of the legislature to perform all acts and duties of notaries public; appropriating \$4,000 for establishing a hatchery for brook trout near the shores of Portage lake, in Houghton county; providing for two women members on board of soldiers' home; providing for one woman member on board of home for feeble minded; amending state board of health act, cutting membership from seven to six, and providing that they shall elect a secretary from one of their own number.

Lansing, Mich., Feb. 5.—The senate has passed the following bills: To incorporate the village of Manistiquie; to change the name of the village of New Chicago, Manistee county, to Pamona; to organize a new school district in Hastings township Barry county.

## House.

Lansing, Mich., Jan. 30.—No business of importance was transacted in the house yesterday.

Lansing, Mich., Jan. 31.—The house in committee of the whole yesterday agreed to the Colby bill, providing for the holding of primary elections in Wayne county. It abolishes all conventions and caucuses in Detroit. Mr. Hardy introduced a bill fixing a penalty of \$5,000 to be collected from counties of 20,000 population in which a lynching may occur. The penalty in more populous counties is greater. Other bills have been introduced fixing salaries of county school commissioners; amending law relative to supervisors; amending law relative to admission of poisons to asylums and almshouses; prohibiting bicycle riding on sidewalks.

Lansing, Mich., Feb. 1.—The house yesterday passed a bill providing a primary election law for Wayne and Kent counties. A bill was introduced fixing the franchise tax on corporations at one mill per dollar of authorized capital, which is double the present rate. A bill has been passed changing the name of the village of New Chicago, Manistee county, to Ponona.

Lansing, Mich., Feb. 2.—Bills have been introduced in the house dividing the state into 12 congressional districts; \$5,000 appropriation for Michigan Pioneer and Historical society; providing for the reimbursement of counties, cities and towns for the maintenance of insane persons; prevent docking of horses; for taxation of real estate mortgages, deeds of trust, land contracts, etc.; compelling druggists to report sales of liquor to county clerks; making counties liable for damages due to mob violence or lynchings. Bills have been passed providing labor lien on manufactured forest products in transit; providing a tax on dogs and creating fund for payment of damages resulting from killing of sheep by dogs.

Lansing, Mich., Feb. 5.—In the house bills have been passed for the protection of mink, raccoon, etc., during months of September and October; providing labor lien on manufactured forest products in transit; providing tax on dogs and creating a fund for payment of damages resulting from killing of sheep by dogs.

## THE SUBSIDY BILL.

**Editors of Michigan Newspapers Give Their Views on the Measure.**

Chicago, Ill., Feb. 4.—Of 16 editors of daily papers in Michigan replying to a message from the Chicago Tribune asking for their views on the ship subsidy bill 11 declared themselves opposed to the measure. These were democratic and independent papers as well as republican publications. Among the six newspapers favoring the shipping bill one is an independent paper. Various reasons are given for the opposition to the measure, the chief one being that the number to benefit by the bounties is too small and those who will be the gainers already have enough wealth and prosperity. Those in favor of the plan say that this neglected line of industry should be encouraged by the government until it is on a paying basis.

## To Be Consolidated.

Grand Rapids, Mich., Feb. 5.—The consolidation of the largest furniture companies in this city is practically assured. The combine will include 14 of the leading case goods plants, representing assets of \$5,000,000, with a total output of \$6,000,000 annually. Options are held by Charles R. Flint, of New York. It is understood that several large chair companies of Chicago and the pick of strong outside concerns will be induced to join and come to this city.

## Building Collapses.

Pittsburgh, Pa., Feb. 5.—The large four-story iron front double building, numbers 527 and 529 Wood street, occupied by the Stevenson & Foster Printing company, collapsed about 9:30 o'clock Monday morning. The ruins caught fire from the igniting of natural gas and in less than an hour the destruction was complete.

## WOOD FOR ART LOVERS.

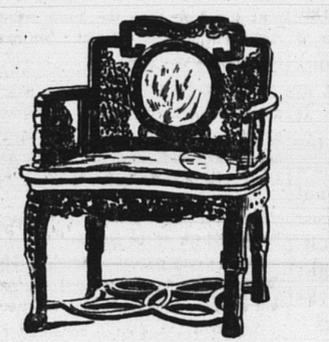

**Big Prices Paid by Americans for Beds, Tables and Chairs Made of Genuine Teak.**

The eastern disturbance has been productive in our peaceful American cities of large sales of all sorts of embroideries, carvings, bronzes and furniture of Chinese manufacture.

Only a small quantity of the black and red carved Chinese wood has found its way far into the United States, for Americans have only recently begun to appreciate its beauty and its especial adaptability to our country houses. There is now a demand for it, though it fetches as handsome prices as the best old mahogany—Chinese teak is what the householder desires in preference to what comes from Bombay. Bombay teak is a softer wood and most elaborately carved in rather meretricious patterns, while the furniture makers of Canton use only the ruddy ironwood of Tonquin, which, in its natural state, is the color of our rosewood, and which when dry is as hard as metal. From time immemorial the cabinet makers of Canton have fashioned this beautiful wood in the pure Chinese shapes, carving it while the sap still ran in the fiber and seasoning it afterward and making beds, tables, chairs, tea stands, sofas, etc., for the mandarins.

Sometimes the ironwood was left in its natural red-brown color, highly oiled and polished, and then inlaid with mother-of-pearl or ivory, and always, in place of any trifling upholstery, for the seat and back of chair or sofa and for tops of tables, handsome mosaic disks of warm red stone or rosily veined marbles were set in as needed. To soften the stony seat loose cushions stuffed with gorgeously embroidered leather or silk were tossed in the chairs. A mandarin household furnished magnificently throughout with teak was what gave the idea of imitation to the English in Hong-Kong and to both English and Americans when they settled in the coast cities of China.

For years Canton has done a flourishing business in the manufacture of this special type of furniture, and with an eye to trade the Cantonese

OLD MANDARIN CHAIR.

learned to copy the shapes of European furniture, to upholster in tufted silk and satin and thereby forget their classic Chinese forms entirely. This is to be lamented, for now that teak is coming into fashion on this side of the Pacific, the buyers clamor for fine specimens of the pure old Cantonese shapes.

The American purchaser prefers his teak chair or table to be stained black, its seat and top to be of marble, and he does not wince at paying a good big price. A genuine mandarin's bed of red-brown wood, decorated not only with fanciful carving but a record in ivory figures along the panels of the mandarin's noble deeds in peace and war, readily commands \$850. A table from a prince's palace library, its top a mosaic of pebbles as bright and varied as a platter of jewels, fetches a little short of \$500, while a superb chair of classic old Chinese shape, its seat and circular center of back of warm red marble, is worth no less than \$350.

These rather abnormal prices are asked because now that the French own Tonquin they levy a heavy export duty on the ironwood taken from their forests, and a second liberal duty is paid at the American ports before the eastern furniture can be brought in. The situation, however, is no damper on the enthusiasm of the teak-furniture collectors in the United States, who are decided upon having the best and who buy the richest embroideries they can lay their hands upon to use in making cushions for their costly chairs and tables and for draping the wicker mattress beds where generations of pig-tailed princes have slept the sleep of the just Chinaman.—Chicago Record.

## Female School-Teachers.

Women are rapidly displacing men as teachers in the schools of New York. During the last year there was a decrease of 217 in the number of men employed, while the number of women teachers increased 1,073.

## PRINCESS CLEMENTINE.

**Daughter of Belgian King to Be a Nun in Spite of the Protests of Her Father.**

Princess Clementine of Belgium, who will soon enter a convent and take the veil against the protests of her father, has desired to retire into a religious life for the past two years and has been thus far restrained by parental authority.

The princess is the third and youngest daughter of King Leopold of Belgium. She was born on July 30, 1872. One of her sisters is married to Prince Phillip of Saxe-Coburg, and the other, who is eight years older than

PRINCESS CLEMENTINE. (Daughter of Belgian King to Enter a Nunnery.)

Clementine, is the widowed crown princess of Austria. The mother of these women, Queen Marie Henriette, is the daughter of the late Archduke Joseph of Austria.

Belgium's fair candidate for the veil is one of the most charming of royal girls. She is noted for her humane disposition and for her fondness for animals. Her favorite pet is a small and very white woolly dog, which is the constant companion of her drives and promenades. Visitors to the royal household of Belgium have been compelled, willy nilly, to break bread with this dog, whose devoted mistress must have its company at table. The dog's seat is between those of the queen and the princess.

Clementine not long ago was betrothed, or was said to have been betrothed, to Prince Albert of Flanders, who paid a visit to America not long since. She was also said to have been engaged to Prince Ferdinand of Bulgaria, but all of these stories now turn out to have been mere gossip. It is said that the young woman has irrevocably made up her mind to become a nun.

## FINDS PREHISTORIC VILLAGE

**Indiana Farmer Said to Have Discovered Bones and Ancient Pottery in Sand Pit.**

What appears to be the remains of a village of earlier civilization of America was discovered at a depth of 17 feet on the farm of John A. Gray, residing nine miles north of Muncie, Ind., says the Chicago Chronicle, and the discovery is attracting the attention of people for miles around. Bones of several skeletons of a race of people, apparently of giant size, were found.

Almost all were in a remarkable state of preservation. Besides these there were a number of earthen bowls or pots, several pieces of small iron rods, one bearing a handle of some unknown material. The discovery was made at the bottom of a sand pit. According to the size of the bones the persons averaged a height of eight feet.

When asked relative to the discovery Mr. Gray told a most remarkable story, which strangely coincides with the discovery and which still renders the find all the more mysterious. He stated that several months ago two strange men called at his home and asked permission to dig in the sand pit. They being strangers the privilege was not granted. At this the strangers said that he would rue the refusal as long as he lived, as there was an Indian village far beneath the earth's surface, and near by would be found a buried treasure in gold.

## Proper Way to Fit Shoes.

People would find less difficulty with ready-made shoes, says an experienced salesman, if they would stand up to fit them on, instead of sitting down. Nine persons out of ten, particularly ladies, want a comfortable chair while they are fitting a shoe, and it is with the greatest difficulty you can get them to stand for a few minutes even after the shoe is fitted. Then, when they begin walking about, they wonder why the shoes are not so comfortable as they were at the first trial. A woman's foot is considerably smaller when she sits in a chair than when she walks about. Exercise brings a large quantity of blood into the feet.

## Princess Royal.

The title of princess royal, borne by the Empress Frederick of Germany before her marriage, is not given to the eldest daughter of English sovereigns, but only to the first child should it happen to be a girl.

# THE CHELSEA HERALD

T. W. HINGAY, Editor and Proprietor.

PUBLISHED EVERY THURSDAY

for \$1.00 per year strictly in advance.  
Entered at the Post Office at Chelsea, Mich.,  
as second class matter.

THURSDAY, FEBRUARY 7, 1901.

FRIENDS AND PATRONS OF THE CHELSEA HERALD WHO HAVE BUSINESS AT THE PROBATE OFFICE ARE REQUESTED TO HAVE JUDGE WATKINS SEND THEIR PROBATE AND OTHER LEGAL NOTICES FROM THAT OFFICE TO THE HERALD.

It is proposed to tax bachelors in Michigan \$5.00 a year. To be altogether fair, girls who refuse eligible offers ought also to be taxed.

The very people who are demanding economy from congress are the very ones who would kick hardest if the appropriations for their own localities were cut down.

Evidently the Philippine war is over, and the President ought no longer to be left solely responsible for everything done by the government there. Congress should undertake its share of the work.

Saloons in Kansas are just as much outlawed as pirate ships are. Mrs. Nation's attacks on them are the direct result of bogus prohibition, and serve to show the country the utter absurdity of the prohibitory laws as enforced in Kansas.

Henry C. Smith was more than a match for those congressmen, who during his speech on the question of a 5 per cent reduction in the rates paid to the railroads for carrying the mails, incessantly interrupted him with ridiculous remarks. The congressman from this district is making a hard, uphill fight against the combined railroad following in the house, but he is game to the backbone.

The city of Detroit is an overgrown back number village in many ways, and in none more so than its recent action on the standard time question, and now on the question of allowing the suburban electric lines to run cars carrying light freight at any other time of the day than at night. Are not the streets for the use of the people? And if they are for the use of the people, why not use them in the ways that will most benefit them? What particular difference there is in putting light freight on a car standing on the street and loading or unloading a dray with the same kind of merchandise, we fail to see. But then there are wisecracks in Detroit who can butt their heads harder against the popular desire, and lose trade to the city and its business men by so doing, than in any other place we know of.

### Had to Conquer or Die.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. "I had consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It's an unrivaled life-saver in consumption, pneumonia, la grippe and bronchitis, infallible for coughs, colds, asthma, hay fever, croup or whooping cough. Guaranteed bottles 50c and \$1.00. Trial bottles free at Glazier & Stimson's drug store.

### Republican Caucus.

The Republicans of the township of Sylvan will hold a caucus at the town hall, Chelsea, on Saturday, February 9th, 1901, at 3 o'clock p. m. (local time), for the purpose of electing 14 delegates to attend the county convention to be held at the city of Ann Arbor, on the 14th day of February, 1901, and for the purpose of transacting such other business as may properly come before the meeting.

Dated Sylvan, February 2, 1901.

By order of Republican Township Committee—

A. W. WILKINSON, Chairman.

### Electric Railway Notes.

A carload of iron girders for bridges on the D., Y., A. A. & J. electric line arrived at Ann Arbor Friday.

Hawks & Angus paid Mrs. C. Notten \$335 for a strip of land for the D., Y., A. A. & J. line off her farm near Francisco.

It is stated that W. A. Boland and his associates in the Detroit & Chicago Traction Co. would like to purchase the Detroit and Northwestern electric line.

The application of P. M. Kinsella, of Detroit, for a franchise for an electric road from Detroit to enter Ann Arbor by way of Geddes avenue, has been turned down by the common council of that city.

The D., Y., A. A. & J. electric line has quit running freight cars for a time until the city of Detroit gets an ordinance formulated that will suit the steam railroad kickers. In the meantime those who were greatly accommodated by the freighting done will do the kicking.

Ten carloads of steel rails arrived at Michigan Center last week for the Detroit & Chicago electric road, and 10 carloads more are on the way and will be delivered at the same place. Friday morning last the linemen began the stringing of the trolley wire on Page avenue, Jackson, from Main street south and easterly to the Junction.

The name of the electric railroad company in which Wm. A. Boland and his associates are interested and whose line will pass through Chelsea, is the Detroit & Chicago Traction Co., and thus we shall in future call it when referring to it. The Hawks-Angus line is called the Detroit, Ypsilanti, Ann Arbor & Jackson, or for short the D., Y., A. A. & J., and we shall so designate it.

Two or three routes from Ann Arbor to Detroit are being considered by the Detroit and Chicago Traction Co. One is by way of Plymouth, another by way of Ypsilanti, and a third by way of Northville, and from there to Detroit over the Detroit & Northwestern. The route by way of Plymouth is two miles shorter than that by way of Ypsilanti, and the route by way of Northville is somewhat farther.

Ann Arbor Argus: An Ypsilanti citizen who has interested himself in the proposed Boland electric road, has a letter from Mr. Boland in which he says that, he has been inclined to the route to Detroit by way of Ypsilanti, but that he cannot say whether the road will come to Ypsilanti, or branch off at Ann Arbor and go to Detroit by way of Plymouth, until he hears from his engineers who are now going over the routes. Also that the route eventually taken will depend upon the sentiment of the citizens along the way.

### An Accident Averted.

To the Editor of the Herald: I wish every parent of small children in Chelsea could have witnessed an incident that happened on East Middle street yesterday noon. A double sleigh was stopped opposite Dr. Palmer's house and the driver went into one of the houses nearby, leaving the horses untied and unattended. A bevy of little girls 6 or 7 years old piled into the sleigh for a ride. Their chatter excited the horses which started off slowly, but gained in speed as they advanced. There was no one at hand to do anything to prevent what looked very much like a serious disaster except a small boy who was standing about in front of August Mensing's house. He made an effort to seize the line of the off horse but failed. Just at that moment a young lady called out to the boy, "Catch hold of the line; catch hold of the line." Again the little fellow assayed to do so, but the great horse towering far above him was more than the little fellow's nerve could stand and he stepped back. Again the young lady called out, "Don't be afraid, Johnnie, catch hold of the line." This time the child succeeded, and the horses feeling this degree of authority stopped and a threatened calamity was averted.

Too much credit cannot be given the young lady, who, though she must have been torn with anxiety, shouted her encouragement to the boy with perfect coolness. She was Miss Hemens, a teacher in the public school, and the brave little boy was I think the son of Jacob Hummel.

### Lima.

Lewis Freer is quite ill. Mrs. Lighty Stabler spent part of last week in Chelsea.

John Finkbeiner has been spending a few days at home.

Minnie Easton has been spending a few days with her father.

John Sord, of Pleasant Lake, spent Sunday and Monday here.

Walter Pierson, the ex-smallpox patient, is at work in Ann Arbor.

The shadow social at Jay Easton's was a very pleasant affair. Receipts, \$11.85.

Mr. and Mrs. James McLaren, of Chelsea, spent Sunday at W. McLaren's.

Several of the men from here have gone to Leona to work on the D., Y., A. A. & J. road.

The Epworth League will have a valentine and weight social at Henry Luick's on Friday night, Feb. 15. Every lady is requested to write a valentine and sign her name, the gentlemen will draw the valentines, the lady and gentleman will each be weighed, the gentleman will pay a penny a pound for the difference in their weight. A good supper will be served. Everybody is invited to attend.

### Card of Thanks.

We desire to extend our heartfelt thanks to our friends and neighbors for their kindly assistance and sympathy in the hour of our late bereavement.

MRS. G. JOHNSON AND FAMILY.

### Western Rates Reduced.

Greatly reduced one way rates will be in effect from Chicago, Milwaukee and Manitowoc via Wisconsin Central Railway to points in Minnesota, North Dakota, Montana, Idaho, Oregon, Washington and British Columbia each Tuesday, commencing Feb. 12th and continuing until April 30th.

For detailed information inquire of nearest ticket agent, or address

### National Protective Legion.

The National Protective Legion is a fraternal insurance organization, a branch of which was started in Chelsea something over a year ago. The lodge has made good strides during its existence here, having made a gain of 100 per cent in its membership. It has rented the G. A. R. hall for its headquarters and holds regular meetings there the second Tuesday evening in each month.

The Legion is a charitable as well as a beneficial institution and during the past year the grand lodge paid to disabled members the sum of \$61,943.50. To its members who had been connected with the order for five years it paid \$151,985.16, on the five-year dividend sharing plan. It paid out \$10,873.57 for death claims on a death rate of 5.3 per 1,000 members. The certificates in force Jan. 1, 1901, were 20,254, an increase of 7,413 during the year, a net gain of 58 per cent in the membership. The receipts for the year amounted to \$303,580.31. The cash assets of the order Jan. 1 were \$135,915.79; loaned on certificates \$147,000.

The great points in favor of the order are its cheapness, the dividend sharing scheme every five years in connection with the insurance certificates, and the sick benefits. Thomas Jensen is the deputy organizer of the order for this county.

### Passed Two Ordinances.

At a special meeting of the common council last evening ordinances were passed granting a franchise to the D., Y., A. & J. to cross certain streets within the village limits, and creating a board of commissioners to manage the electric light and water works plant. The commissioners are to be appointed by the president, confirmed by the council, and will hold office one commissioner for one year, two for two years and two for three years.

### Louder Than the Falls.

Tourists who go to see Bolton abbey in England usually push on to Posforth Gill waterfall, which is near by, relates The Youth's Companion. On one occasion an old guide accompanied a party of very garrulous ladies and a solitary gentleman to the head of the gorge where the water comes down. The gentleman became somewhat tired after a while, possibly from sightseeing, and remarked:

"My good fellow, how much farther is it yet to the fall?" "Just a minute or two, sir," the guide answered. "As soon as the ladies stop talking you will hear the roar."

### Her Name on the Bell.

Dwellers in apartment houses, like merchants in a small town, are constantly on the watch for newcomers, and the daily doings in each of the great number of such houses in this city afford subjects of gossip for the persons who live therein. Even the posting up of a new name in a letter box or on the outer door of one of the apartments is noticed and commented on.

In an up town apartment house one day recently the occupants of the house noticed that a card on which was written the name "Maud" had been placed in the letter box of a family which had occupied one of the apartments for more than a year. There was considerable speculation among the other dwellers in the house as to who the newcomer was. Finally one of the women in the house in question met the wife of the owner of the letter box in which the new name had been posted and remarked: "I suppose you have a friend visiting you. I notice that another name has been placed in your letter box."

"Oh, no," exclaimed the woman addressed, "that card bears on it the name of my new maidservant. She refused to stay with us unless her name was posted up in the box." She is a good servant, and such a one is hard to obtain.—New York Sun.

### St. Helena.

In the old days—not good old days—when East Indians went round the Cape, St. Helena was a great port of call and of revictualing.

It was prosperous then, and when in 1815 Napoleon the Great came there as a prisoner its prosperity was at its zenith. The government had no control over it. The island belonged to the East India company, and it was only by arrangement with the board of directors that it could have been used as a place of deportation for the mighty emperor. Why was it so well fitted for the purpose? It is in mid-ocean, a thousand and more miles from any continent.

Its coast rises up in precipitous rock from the ocean. Escape, save at the risk of a broken neck, would be almost impossible. Only at one place, Jamestown, on the northeastern coast, could any boat hope to land, and even there only if the elements are kind. This is not always so. There is the roller season. Great rollers come in from the south Atlantic, and often for days there can be little or no communication between an anchored vessel and the rough steps at the end of an embarkation quay.

What St. Helena was between 1815 and 1821 it is now, a safe prison. Once a month a Castle Union steamer calls for a few hours, lands and takes off the mails, discharges one or two officials or receives them homeward bound, and that is all.—Imperial and Colonial Magazine.

### His Chance Came.

The photographer had just completed all arrangements for the sale of his studio, when the pretty young miss of 17 summers tripped in.

"I want my picture taken," she simpurred. "Do you think my face will break the camera?"

"Not this camera," said the photographer just as simperingly. "It is provided with double extra strong lenses."

Of course the miss of 17 summers immediately flounces out and goes to the rival photographer, who, when she brings the joke about her face and the camera, joins with her in a hearty laugh.—Indianapolis Sun.

The Dexter Leader says: "A bill has been introduced in the legislature at Lansing to put a tax of \$5 per year on bachelors of 30 years and over. There should be an amendment added that if he proposes and is rejected, the lady rejecting should pay the tax for that year. That would give said bachelor something to do."

The donation for the benefit of Rev. C. S. Jones and family given at the Congregational church last evening, was an exceptionally good one. The supper was very largely attended, the ladies being kept busy serving supper until after 8 o'clock. The entertainment that followed was listened to by an audience that filled the church. The donation amounted to over \$180.

H. S. Holmes lost one of his team of driving horses Sunday night in a rather peculiar manner. The animal was tied in one of two box stalls which are separated by a board partition five feet high, on top of which is an iron grating with bars 2 1/2 inches apart. The horse, well fed and having had but little exercise was full of life and kicked so high that one of its hind feet went through the grating. In this position it remained until morning and in its endeavors to extricate itself was so bruised and injured that it had to be killed.

# WAS A GREAT JURIST.

## Tributes Offered to the Memory of John Marshall.

### Impressive Ceremonies Held in Washington on the Anniversary of His Installation as Chief Justice.

Washington, Jan. 5.—John Marshall, of Virginia, was installed as chief justice of the United States 100 years ago Monday, and at ten o'clock in the morning the centennial anniversary of that event was commemorated with impressive ceremonies in the hall of representatives at the capitol. The programme arranged by the joint committee of congress and William Wirt Howe, of New Orleans, president of the American Bar association, was simple and dignified, as became the life of the great jurist. The president and his cabinet, the members of the supreme court, the members of the senate and house, the diplomatic corps and members of the district bar association, attended as invited guests. Many other distinguished persons were in the galleries, which were reserved for those holding cards of admission.

Although the various official bodies entered the hall together, they were

CHIEF JUSTICE JOHN MARSHALL.

not announced as on a formal occasion. President McKinley and the members of the cabinet were the last to arrive. The entire assemblage rose and remained standing until they had seated themselves.

Representative Dalzell, of Pennsylvania, called the assemblage to order. He stated briefly the action of congress in providing for the ceremonies and the selection of Chief Justice Fuller as presiding officer. The chief justice, in his judicial robes, was escorted to the chair by Representatives Grosvenor, of Ohio, and Richardson, of Tennessee. Rev. Dr. William Strother Jones, of Trenton, N. J., a great-grandson of John Marshall, invoked the Divine blessing. The chief justice in introducing Hon. Wayne MacVeagh, who was to deliver the oration, paid an eloquent tribute to the great work of Marshall, which evoked hearty applause from the assemblage.

Address by Justice Fuller. The chief justice of the supreme court, Mr. Fuller, then addressed the assemblage.

Chief Justice Fuller's address was devoted almost entirely to the consideration of his predecessor's career as an expounder of the federal constitution.

Oration by Wayne MacVeagh. At the conclusion of Chief Justice Fuller's remarks Mr. MacVeagh delivered his oration. It was a thoughtful, scholarly production and was several times interrupted by applause.

Mr. MacVeagh spoke for an hour and three-quarters. His peroration provoked an outburst of applause which was led by the president, his cabinet and the members of the supreme court. The exercises closed with benediction by Rev. Couden, the chaplain of the house. In one of the galleries was F. Lewis Marshall, of Orange Courthouse, Va., the oldest descendant of Chief Justice Marshall.

### Observed Throughout Nation.

Chicago, Feb. 4.—The centennial anniversary of John Marshall's assumption of the chief justiceship of the federal supreme court was observed Monday in nearly every town and city of the nation. Courts were closed, the judicial machinery of the government was stilled, and everywhere eloquent orators eulogized the life and services of the great jurist and statesman. In Chicago, the birthplace of the movement to commemorate his accession to the supreme bench, the exercises were of special importance and significance. Colleges and schools, clubs and societies united in a tribute to the great work and faultless character of the most famous expounder of the constitution this nation has known.

### Express Car Ripped.

Philadelphia, Feb. 5.—A car of the Adams Express company attached to the train which left this city at midnight Saturday for New York was riddled by robbers en route. A quantity of miscellaneous freight was taken estimated at about \$4,000. The robbery was not discovered until some time after the train had arrived at Jersey City.

# UNDER ARREST.

## Mrs. Nation Fails in an Attempt to Wreck Joints in the Kansas Capital.

Topeka, Kan., Feb. 5.—Mrs. Nation Monday afternoon met the first defeat in her saloon smashing career. Later at the police station she laughingly declared that it was by no means her Waterloo and she would soon again be at her chosen work. With six women, each armed with bright, new hatchets, she had started out at three o'clock to wreck a restaurant in East Sixth street that also dispensed liquors. Before she could wield her hatchet Mrs. Nation was disarmed, and a free for all struggle between restaurant people and wreckers was begun. The greatest excitement prevailed for a time, during which numerous eyes were blackened and many noses made to bleed. Mrs. Nation, herself unable to accomplish anything, shouted orders to her followers to rebegin the onslaught. But the hatchet brigade had become stampeded and not another hand was raised against the obnoxious restaurant. Mrs. Nation was led away to the station on a charge of disturbing the peace and was followed by a jeering crowd.

At the police station Mrs. Nation was formally charged with disturbing the peace and her name was entered on the docket. The police judge was at the station. Mrs. Nation refused to go to his room to see him regarding her offense, but insisted that he come to her, which he did. Mrs. Nation was informed that she would have to report for trial at the police court in the morning and was then released on her own recognizance. Some interesting developments are looked for to-day. Mrs. Nation declares she will enter the joints and smash them, while the jointists are equally certain that she will not. The jointists have negroes hired to watch their places of business, and they have orders to shoot down any person, man or woman, who attempts to enter the joint bent on mischief.

# THE CHINESE QUESTION.

## Joint Meeting to Be Held Between Foreign Envoys and the Authorized Plenipotentiaries.

Peking, Feb. 5.—To-day will be held the first joint meeting between the foreign envoys and the Chinese plenipotentiaries. Only Li Hung Chang and Prince Ching have plenipotentiary rights. The other Chinese have merely the status of advisers. All the envoys have agreed to maintain absolute secrecy and will endeavor to impress the Chinese with the importance of similar reserve; but, as a matter of fact, there are many Chinese who already know exactly the programme of the meeting. All rumors and reports that large numbers have been listed for punishment are without foundation, as only 12 provincial authorities have been named. These the Chinese will be requested to punish commensurately with their misdeeds. The real subject liable to cause delay is the punishment of the officials of Peking and the province of Chi-Li, regarding which the envoys have not yet reached an agreement. There is little doubt that the Chinese plenipotentiaries will agree so far as the provincials are concerned, although there may possibly be a few days' delay while the plenipotentiaries are conferring with the court. Without doubt Li Hung Chang and Prince Ching have been ordered to protest to the uttermost against the execution of Prince Tuan or any prince of the blood royal. This is a source of disagreement among the envoys, many of whom feel that if Prince Tuan goes unpunished all others ought to go free. The Chinese plenipotentiaries profess to be unable to understand how Prince Tuan can be punished while his son is the heir apparent.

# ATTACK IN THE DARK.

## Kitchener Reports Regarding the Boer Assault on Post at Moddersfontein.

London, Feb. 5.—Lord Kitchener, commander in chief in South Africa, reports to the war office as follows: "Pretoria, Feb. 3.—Our casualties at Moddersfontein were two officers killed and two wounded. It appears that the post was rushed on a pitchdark night, during a heavy rain, the enemy numbering 1,400 with two guns. "Campbell, south of Middleburg, engaged 500 Boers, who were driven back with loss. Our casualties were 20 killed or wounded. "French is near Bethel, moving east and driving the enemy with slight opposition. Four of our ambulances while seeking wounded were captured. The doctors were released. "De Wet's force is reported south of Dewetsdorp." London, Feb. 5.—The Pretoria correspondent of the Times estimates that there are 19,000 Boers still on commando and says that more British troops are required.

# Not a Candidate.

Des Moines, Ia., Feb. 5.—Gov. Shaw has issued a statement declining to be a candidate for governor for the third time. He states he has been urged by many friends to become a candidate, but he did not feel free to speak while the biennial amendment which would have extended his term one year was pending before the supreme court.

# POLICE OFFICER RESCUED.

## Officer A. C. Swanson of the Council Bluffs Force Tells an Interesting Story.

Council Bluffs, Ia., Feb. 4, 1901 (Special).—Kind-hearted Officer Swanson, of the local police force, is very popular in this city. He has lived here for seventeen years, and has enjoyed many high offices in social and society work. He is now vice president of the "Dannebrog" Brotherhood, the largest Danish secret society in America, which combines benevolent with the social features. Owing to the constant exposure and many hours on his feet, which his duty as a Police Officer makes unavoidable, Mr. Swanson became the victim of serious Kidney and Liver Trouble. He was very bad, but has entirely recovered. He gives the story in his own words as follows: "I have been a sufferer for many years with Kidney and Liver Trouble, and have tried many remedies, some of which gave me temporary relief, and others which were absolutely worthless. I began to think that there was no help for me, when my nephew gave me a part of a box of Dodd's Kidney Pills which he had left, saying that it would do no harm to try them, as they had certainly fixed him all right. What he gave me helped me so much that I felt justified in purchasing more, and I grew slowly better. It took almost two months to effect a complete cure, as mine was a very bad case, but I can cheerfully and truthfully say that I am a well man to-day, and I am very grateful that Dodd's Kidney Pills were thus brought to my notice."

The wonderful cures effected by Dodd's Kidney Pills in Iowa have created quite a sensation in some parts of the state. There does not seem to be any case of Lame Back, Rheumatism, Kidney or Bladder Trouble which these wonderful Pills cannot cure. They are certainly popular here, and the sale through the local druggists is very large.

# A Remedy for the Grippe.

Physicians recommend KEMP'S BAL-SAM for patients afflicted with the grippe, as it is especially adapted for the throat and lungs. Don't wait for the first symptoms, but get a bottle to-day and keep it on hand for use the moment it is needed. If neglected the grippe brings on pneumonia. KEMP'S BAL-SAM prevents this by keeping the cough loose and the lungs free from inflammation. All druggists, 25c and 50c.

**30 FEET OF BOWELS**

are packed away in your insides and must be kept clean, in order and doing business.

It's a long way, with many turns and pitfalls to catch the refuse and clog the channel if not most carefully cleaned out every day.

When this long canal is blocked, look out for trouble—furred tongue, bad breath, belching of gases, yellow spots, pimples and boils, headaches, spitting up of food after eating—an all-around disgusting nuisance.

Violent calomel purges or griping salts are dangerous to use for cleaning out the bowels. They force out the obstruction by causing violent spasms of the bowels, but they leave the intestines weak and even less able to keep up regular movements than before, and make a larger dose necessary next time.

Then you have the pill habit, which kills more people than the morphine and whiskey habits combined. The only safe, gentle but certain bowel cleansers are sweet, fragrant CASCARETS, because they don't force out the fecal matter with violence, but act as a tonic on the whole 30 feet of bowel wall, strengthen the muscles and restore healthy, natural action. Buy and try them! (Look out for imitations and substitutes or you can't get results. Cascarets are never sold in bulk. Look for the trade-mark, the long-tailed "C" on the box.) You will find that in an entirely natural way your bowels will be promptly and permanently

Law Upheld.

The supreme court has unanimously sustained the constitutionality of the inheritance law enacted by the legislature of 1899. The decision was rendered in the case brought by the Miner Trust company and the heirs of the late W. S. Smith, of Detroit, against Probate Judge Durfee. It is held in an opinion by Justice Hooker that the inheritance tax is a specific tax upon the privilege of transferring property, and that it need not be uniform, as required by the constitution in case of an ad valorem tax.

Stepped on a Match.

Fire destroyed several business houses in Cheboygan, entailing a total loss of over \$88,000. Among the heaviest losers are: Glover's dry goods house, \$40,000; Kramer's clothing store, \$30,000, and the Fair, \$15,000. Besides these a number of smaller buildings were destroyed, causing an additional loss of about \$3,000. The fire was started by a woman clerk in one of the stores stepping on a match, which ignited a bale of cotton batting.

Health in Michigan.

Reports to the state board of health from 72 observers in various portions of the state for the week ended January 26 state that diphtheria, scarlet fever and pleuritis increased in area of prevalence. Consumption was reported at 174 places, measles at 25, typhoid fever at 77, scarlet fever at 98, diphtheria at 40, whooping cough at 7, cerebro-spinal meningitis at 3 and smallpox at 24 places.

Mail Robberies.

The postal authorities will investigate the reported tampering with the mails on the route between Galien, New Buffalo, Niles and Benton Harbor. It is alleged that valuable registered packages have been missed on all the routes and checks stolen from the mails presented at banks by persons said to be confederates of the persons who are believed to have committed the thefts.

Weds Man She Jilted.

**The Power of the Press**  
Is a common expression, but few realize its actual power. Great as is the influence of the press, it cannot begin to equal the power of Hostetter's Stomach Bitters over disease. The Bitters strengthens the stomach, purifies the blood, and cures dyspepsia, indigestion and constipation. It will tone up the nerves, stimulate inactive kidneys, and as an appetizer, it is unequalled. If you want to get well and keep well, use Hostetter's Stomach Bitters.

Wind puffs up empty bladders; opinion, fools.—Socrates.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Progress in Medicine.

Medical science grows apace with civilization and among the leading remedies, one that combines all the results of scientific study up to the present time and is put up in convenient and economical form, easy to take, easy to carry, is the famous Cascarets. Five years ago marked the time of the sale of the first box. Last year the sale reached the enormous total of over six million boxes. In this hustling, every day, busy life of ours people need just this kind of a medicine to stimulate their bowels and keep them regular. Cascarets act on the liver just enough to help nature without causing that awful sick, weakening feeling that usually follows the taking of Calomel and violent purges. Readers who have never tested the merits of Cascarets should give them a good trial.

**An Innovation.**  
The Louisville & Nashville R. R. together with its connecting lines has inaugurated the Chicago & Florida Limited, which is a daily, solid train, wide vestibuled, steam heated, gas lighted, with dining car service for all meals en route from Chicago to Thomasville, Ga., Jacksonville and St. Augustine, Fla. This train leaves Chicago over the Chicago & Eastern Illinois tracks at 11:05 a. m., running via Evansville, Nashville, Birmingham, Montgomery, Plant System to Jacksonville, and Florida East Coast to St. Augustine, arriving at the latter city at 7:30 the next evening, making the fastest time ever made between these points. This train has annex sleeper through St. Louis at 2:15 p. m. which also runs through Mr. C. L. Stone, General Passenger Agent, Louisville & Nashville R. R., Louisville, Ky., will answer all inquiries concerning this train and furnish printed matter concerning it.

Laying for Him.

One of the clerks employed at the Reading terminal, who is something of a practical joker, had the tables turned on him the other day by a shrewd newsboy. Knowing that two afternoon newspapers had recently suspended publication, it has been his custom upon leaving his office in the evening to call a newsboy and say: "Here's a nickel. Keep the change and give me a Call, quick!" He thought it great fun to see the eager hands clutch ineffectually for the nickel, and then to note the disappointed expression of the youngster's face. But he tried it once too often. He greeted a boy at Twelfth and Market streets on Wednesday evening with his usual witticism, and, much to his astonishment, the little fellow shoved a Call into his hands and grabbed the coin before then the astonished clerk knew what was up. Then take his medicine. "I've been a-layin' fer dat guy," remarked the boy. "He wanted a Call, an' he got it. Dat paper was six mont's old."—Philadelphia Record.

Career and Character of Abraham Lincoln.

An address by Joseph Choate, Ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul Railway and may be had by sending six (6) cents in postage to R. A. Miller, General Passenger Agent, Chicago, Ill.

New Through Pullman Sleeping Car Service to Hot Springs, Ark., Via Little Rock.

On Jan. 8th of the present year, the Kansas City Southern Railway Co., known as the Port Arthur Route, made a new addition to its many advantages by offering to the public new through Pullman sleeping car service between Kansas City and the famous Hot Springs of Arkansas, via Little Rock. This new through route in connection with the C. O. & G. R. R. and the L. R. & H. S. W. R. R. forms the shortest line between Kansas City and Hot Springs, makes the best time between these two points, and is absolutely the only line offering through Pullman service. Leaving Kansas City at 11:00 A. M., you arrive in Hot Springs at 9:55 A. M. the next morning, without change of cars. All main lines running into Kansas City make direct connections with this fast through train. If you are going to the Springs, this is the season to go, and when you do go, see that your ticket reads via the famous Port Arthur Route. All information desired will be cheerfully furnished by addressing S. G. Warner, G. P. & T. A., Kansas City, Mo.

**WHEN WRINKLES COME.**  
Departing HEALTH and BEAUTY Called Back by  
**Dr. Greene's Nervura**

**Y**OUR mirror will tell you the bitter truth. Healthy women look younger than their age, but you look far too old for your years. Time deals lightly with the woman in good health, but the wasting hand of sickness and disease spares neither your youthful looks, beauty, nor complexion. The Creator has endowed every woman with beauty, and every woman in good health is beautiful and comely to look upon. A clear, fresh, wholesome look is the result of the possession of good health, and no woman can be beautiful and attractive without good health. The dull, dead, gnawing pain, the sense of nervousness, weakness, oppression, and discouragement, the tired, listless, languid feeling, the shooting pains, the aching head, the pain in the back, all these are symptoms of a disordered system, and all these are beauty-killers, producers of dull leaden complexions, unnatural flushings, dark circles under the eyes, humors, eruptions, blackheads, lustreless eyes, and other disfigurements which divest women of their natural gift of beauty. Why be homely when you can be beautiful and attractive? Get good health and with it those looks and attributes which attract, please, and fascinate. It is within your power to do so, for it is within every woman's power to be well and strong, and hence look her best, if she will use Dr. Greene's Nervura to give her strong, vigorous nerves, pure, rich blood, a clear complexion, and thus restore the energies and vitality of sound and perfect health. Good health means youthful good looks to every woman, and it behooves women to restore and maintain their health by taking that greatest and best of all health restoratives, Dr. Greene's Nervura blood and nerve remedy. It will build up the health, cleanse and purify the complexion, restore brilliancy to the eye, make rich, red blood and strong, steady, and vigorous nerves. Dr. Greene's Nervura will make you look and feel young and restore your energies, vivacity, and enjoyment of life.

trouble. I had leucorrhoea, but since taking Nervura that has disappeared. I feel strong, and last summer was able to do the work for fourteen in a family, and I weigh 163 pounds. I was so weak before, nobody knows how I worked, but I had to work for my children. I sent two bottles of Nervura to my brother in Nova Scotia, and it did him lots of good. I recommend Dr. Greene's Nervura to every one."

Women have absolute confidence in Dr. Greene's Nervura, more so than in any other remedy, because it is purely vegetable and a famous regular physician prepares it, which is a guarantee that it is perfectly adapted to cure. As an additional assurance of cure, Dr. Greene, 35 W. 14th St., New York City, gives you the privilege of consulting him without charge or cost, either by calling or writing about your case.

**COUNCIL PROCEEDINGS.**

[OFFICIAL]

Chelsea, Mich., Feb. 6, 1901.

Pursuant to the call of the President the board met in special session.

Meeting called to order by the president. Roll called by the Clerk.

Present, Wm. Bacon, President, and Trustees Avery, Bachman, Burkhardt, Twamley, R. A. Snyder and J. Bacon. Absent, none.

This meeting was called for the purpose of considering and granting a franchise to the Detroit, Ypsilanti, Ann Arbor & Jackson Railway Co. to cross certain streets in the village of Chelsea with their electric line; also for the purpose of passing an ordinance creating a Board of Electric Light and Water Commissioners.

Ordinance No. 26 granting such franchise was read.

Moved by Burkhardt, seconded by Snyder, the ordinance granting such franchise to the Detroit, Ypsilanti, Ann Arbor & Jackson Railway Co. be adopted and granted as read.

Yeas—Avery, Twamley, Bachman, Burkhardt, R. A. Snyder, J. Bacon. Nays—None. Carried.

Ordinance No. 27 was then read as follows:

**ORDINANCE NO. 27.**

An Ordinance relative to the creation of a Board of Commissioners to manage the electric light and water works plant of the Village of Chelsea.

The Village of Chelsea ordains:

SECTION 1. That there shall be constituted in the Village of Chelsea a Board of Commissioners consisting of five members to control and manage the electric light and water works plant belonging to said Village of Chelsea; one who shall hold office for one year, two for two years and two for three years, same to be nominated by the President and confirmed by the common council, whose term of office shall begin on the second Wednesday of February, 1901, and regularly thereafter the second Wednesday in February in each year to fill the expiring Commissioners' place, (or at any subsequent regular meeting)

SEC 2. Said Commissioners to have power to make all contracts for electric light and water to the inhabitants of the Village of Chelsea; also to contract for fuel and supplies and to hire all necessary help to successfully run said electric light and water plant.

SEC 3. Said Commissioners to appoint one of their number chairman and one of their number secretary and treasurer, said secretary and treasurer shall do all collecting of rental. Said secretary and treasurer shall file bond before he enters upon his duties as secretary and treasurer to the amount of Three Thousand Dollars; said bond to be approved by said Board of Commissioners. Said secretary and treasurer shall open an account with one of the local banks, said account to be known as the Municipal Electric and Water Works Account, and all orders drawn on said treasurer shall be signed by the secretary and countersigned by the chairman of said Board of Commissioners.

SEC 4. All orders from parties wishing electric light or water must be placed with the secretary of said Board of Commissioners.

SEC 5. Compensation for all hired help to be adjusted by said Board of Commissioners.

SEC 6. The said Board of Commissioners to meet once a month and to be compensated by receiving \$1.00 per meeting, except the treasurer and secretary, whose compensation shall be adjusted by the Commissioners.

SEC 7. A ordinance or parts of ordinances inconsistent with this ordinance are hereby repealed.

SEC 8. This ordinance shall take effect and be in force from and after its publication.

Approved Feb. 6, 1901, by order of the Village Board.

WILLIAM BACON, President. W. H. HESELSCHWERDT, Clerk.

Moved by Bachman, seconded by Snyder, that the ordinance be accepted and adopted.

Yeas—Twamley, Bachman, Burkhardt, Snyder, J. Bacon.

Nays—Avery.

Carried.

Minutes read and adopted.

Yeas—Avery, Twamley, Bachman, Burkhardt, Snyder, and J. Bacon. Nays—None.

**VARICOCELE & STRICTURE**

No other disease is so prevalent among men as Varicocele. As it interferes with the nutrition of the sexual organs it produces emissions, loss of semen through the urine, decay of the organs, pains in the loins, aching in the back, nervousness, despondency, bashfulness, palpitation of the heart, constipation, and a combination of these results in complete **Loss of Manhood**. Thousands of young and middle-aged men are troubled with **Stricture**. If you have reason to believe you are afflicted with it, don't neglect it. It will ruin you. Don't let doctors experiment on you by cutting, stretching or tearing it. Our **New Method Treatment** dissolves the stricture tissue hence it disappears and can never return. We cure Varicocele and Stricture without operation or loss of time. The treatment may be taken at home privately. Send for our Free Illustrated Book on **Varicocele, Stricture and Gleet**. We guarantee to Cure or No Pay.

**Kidneys & Bladder**

All sexual complaints affect these organs, hence the kidneys are a great source of disease. Have you aching or weakness over the small of the back, tendency to urinate frequently, deposit in urine, coldness of hands or feet, a drowsy feeling in the morning. Don't neglect your kidneys. Our **New Method Treatment** is guaranteed to cure any disease of these organs or no pay.

**No Names Used Without Written Consent.**

O. W. Rowe, of Jackson, Mich., says:—I had varicocele in the secondary stage and two strictures of 8 years standing. I was operated on twice, undergoing great suffering, but only got temporary relief. I was finally advised to try the **New Method Treatment** of Dr. E. & K. The enlarged veins disappeared in six weeks, the stricture tissue was removed in eight weeks and my sexual energy and vitality returned so I was a man in every respect. I recommend you doctors with my whole heart.
