Chelsea Savings Bank.

Capital and Resources Feb. 2, 1901, \$333,480.01.

Best and strongest bank in Western Washtenaw. Owns and offers in amounts suitable for the investment of small savings and large sums

German Empire Government 3½ per ct. Bonds

900 mark, 500 mark and 1,000 mark bonds. Interest payable April 1st and October 1st each year. Interest coupons cashed at CHELSEA SAVINGS BANK. The above investment yields 4 per cent interest, while the U. S. Bonds yield less than 2 per cent. These bonds are appreciated by our German friends in view of the obnoxious tax law applying to real estate mortgages, rendering it more and more difficult to place money on farm mortgage loans within the state of Michigan that will pay more than 2½ to 3 per cent after deducting taxes.

This Bank pays 3 per cent interest on Money deposited with it according to its rules.

THE HERALD OFFICE.

A QUIET ELECTION.

The Whole Workingmen's Ticket Elected Except Treasurer.

Monday's charter election was a very quiet one, yet there were within eight as many votes polled as were polled last year. The total number polled Monday was 418, last year there were 421. The whole of the Workingmen's ticket headed by Frank P. Glazier for president was elected with the exception of treasurer, Jacob Hummel, who was on the Citizens' ticket, beating Dr. H. H. Avery by 53 votes. The vote was as follows:

PRESIDENT.
Frank P. Glazier, W 298

CLERK.
W. Henry Heschwerdt, W 306

TREASURER.
Harry H. Avery, W 180
Jacob Hummel, C 233-53

TRUSTEES.
John W. Schenk, W 287
William R. Lehman, W 260
J. Edward McKune, W 278
Charles D. Allyn, C 105
J. Daniel Schnaltman, C 118
Morgan J. Emmett, C 114

ASSESSOR.
Frederick W. Roedel, W 294-185
Merritt Boyd, C 109

A HOME WEDDING.

Miss Bessie Winans and Mr. Arthur Corwin the Contracting Parties.

A quiet wedding took place at the home of Mrs. Mary J. Winans, on South street, at high noon Tuesday, when her daughter Miss Bessie Winans was united in marriage to Mr. Arthur Corwin, of Toledo, Ohio. The ceremony was performed by Rev. C. S. Jones in the presence of the relatives and immediate friends of the bride and groom. A sumptuous wedding dinner was served at the close of the wedding ceremony. The presents to the young couple were numerous, pretty and useful, among them being a gold watch for the bride from her brother A. E. Winans. Mr. and Mrs. Corwin left for Toledo on the 3:15 train, where a newly furnished house awaited their occupancy. They drove to Dexter to escape the showers of rice their friends had laid out to lavish upon them, but some of the more enthusiastic got on the train and met the couple when they went to get on board and plentifully besprinkled them with the lucky little kernels.

The out of town guests were Mrs. Nettie Brown, of Lansing, Mrs. James Owens, of Detroit, and Will Corwin, of Manchester.

Mrs. Henry Gorton.

Almarantie Bevier was born at Waterloo, Seneca county, N. Y., Sept. 6, 1845, and died at her home in this village, surrounded by her family, March 10, aged 55 years, 6 months and 4 days. She was married to Mr. Henry Gorton November 20, 1865. To them were born two children, Lynn L. Gorton, of Waterloo, Mich., and Frederick R. Gorton, of Ypsilanti.

Mrs. Gorton experienced religion early in life and after her marriage united with the United Brethren church of Waterloo, where for many years she worshiped and labored for her Master. About a year ago she moved with her husband to Chelsea to the home which she enjoyed so much, but from which she was so quickly called to leave. During her residence here she has, when her health permitted, attended the Baptist church. She was a member of the Ladies' Aid Society and the Sunday school, and she will be greatly missed in these capacities. She was also a member of Stockbridge Chapter, No. 135, Order Eastern Star. Although she had been a sufferer for several years her last illness was comparatively short, and her departure sudden and unexpected. Her faith in Christ was strong and her hopes for the future bright. She leaves her husband, two sons and three grandchildren to mourn the loss of a faithful wife and a kind and devoted mother. She leaves also two brothers and a large circle of friends who will most deeply miss her from their midst. The funeral was held at her home Wednesday at 10 o'clock, conducted by Rev. Franklin A. Stiles. The members of Olive Chapter, No. 108, O. E. S., attended the funeral in a body. The remains were placed in the vault in Oak Grove cemetery.

New Discovery for Blood Poisoning
DR. C. D. WARNER'S COMPOUND OF SEVEN CURES, the Great Cancer Remedy, and for all Diseases of the Skin and Blood, from Contact and Secondary or Hereditary Causes.

THE FINE CARS

That Have Been Ordered for the Detroit & Chicago Traction Co.'s Line.

The Detroit & Chicago Traction Co. has awarded the contract to build 12 closed interurban electric cars for its use to the St. Louis Car Co. The cars are to be completed within four months from date and will be put on the route as rapidly as they are completed. Each will be 56 feet long, and will seat 60 people comfortably. At the front end, on the left side will be the observation compartments, with plate glass end and side, and with revolving chairs for avoiding the straining of necks and eyes. The motor-man stands in a vestibule at the right of the observation room.

A feature of the cars will be the location of the smoking compartment, near the rear vestibule, and on the left side of the car. Passengers can go directly into this room on entering from the rear, or they can pass by it through the ample hallway on its right. The object in placing the compartment at that point was the avoidance of the draft of tobacco smoke through the car, which is always a noticeable and disagreeable condition where the smokers sit at the front end. The entire car will be heated by hot water.

The Peckham truck, manufactured in Kingston, N. Y., will hold the car. It is strictly modern, gives very smooth, easy running, and is said to be long-lived and of great strength. Four motors, each of 75 horsepower, or 300 in all, will be placed in each car, and when all are running full the speed of the car will be 60 miles an hour, say the builders. All things considered, these cars will be about as fine examples of their class as can be found the country over. They will cost \$10,000 each.

A few days ago the traction company gave the same builders a contract to build six open electric cars, each to carry 90 people, and to cost \$4,000 each. They will be used by the company in carrying people to resorts along its route. They will be completed in two months.

TRACTION COMPANY NOTES.

The Detroit & Chicago Traction Co. has filed articles of incorporation with the secretary of state. Capital stock \$4,000,000.

Several car loads of trolley poles have arrived in Grass Lake for the line. They are straight as an arrow and first class in every respect.

The iron work for the company's overhead bridge at the Michigan Central railway crossing, Jackson, has been contracted for with the American Bridge Company of Pittsburg.

The company has awarded a contract for building 30 miles of wire fence between Jackson and Ann Arbor to the American Steel & Wire Co. The fence, 55 inches high, weight 13½ pounds per rod, is to be built complete for 72 cents per rod.

Resolutions of Respect.

At a meeting of the board of directors of the Chelsea Savings Bank on March 12th the following resolutions were unanimously adopted:

Resolved, that it is with sentiments of profound regret that we assemble for the first time since the decease of our late cashier, esteemed associate and friend, George P. Glazier, and realize that he, who during the entire existence of this bank has been one of our number, can never be with us again. From his accurate knowledge of the business of banking, his long experience in discharging the active duties of cashier, he has made his counsel and wise supervision so valuable that we cannot fully express our mournful sense of loss.

Resolved, that it is our desire to place on record this permanent memorial of our warm appreciation of his ever dignified and courteous intercourse with ourselves and others, his calm and deliberate estimate of business intricacies, his manly, yet courteous method of dealing with all the manifold duties of a varied experience in business and private life, and how under all circumstances he manifested a high sense of honor and strictest integrity.

Resolved, that a copy of these resolutions be delivered to the family of the deceased, also a copy entered on the records of this bank.

Puny children with weak constitutions can attain an unusual degree of bodily and mental vigor by taking Rocky Mountain Tea this month made by the Madison Medicine Co. 35c. Ask your druggist.

ADAM EPPLER.

INTER-SCHOLASTIC SPORT.

Fourth Annual Meet in Ann Arbor Under Auspices of Michigan Athletic Association.

OPEN TO STUDENTS IN HIGH SCHOOLS.

Schoolmasters' Club Meeting—Teachers for the Philippines—Band Concert by Sousa—University Winner in Debate with Pennsylvania—Looking Up Colored Students.

[Special Correspondence.]
University of Michigan, March 11.—The fourth annual inter-scholastic meet, under the auspices of the University of Michigan Athletic Association, will be held in Ann Arbor Friday and Saturday, May 24 and 25. The meet is open to the students of the high schools of Michigan, Ohio, Indiana, Illinois and Wisconsin.

The programme for the meet begins Friday afternoon with trials in all events. Friday evening a complimentary dance will be given in honor of the visitors. Saturday morning the football kicking contest for the alumni silver cup will be held at Regents' field. At the same time the bicycle races will be held at the Ann Arbor fair grounds. The finals in all events will be held at Regents' field Saturday afternoon.

Seventeen Events.
A list of 17 events has been prepared for the meet. They are: (1) 100-yards dash, (2) 220-yards dash, (3) 440-yards dash, (4) one-half-mile run, (5) one-mile run, (6) two-mile run, (7) 120-yards high hurdles, (8) 220-yards low hurdles, (9) running broad jump, (10) running high jump, (11) pole vault, (12) putting 12-pound shot, (13) throwing 12-pound hammer, (14) one-quarter-mile bicycle race, (15) punting contests, (17) one-half-mile relay race.

Allowed Three Entries.
Each school will be allowed three entries, two of whom may contest. All entries must be filed by six o'clock May 11, with the manager of the inter-scholastic department of the University of Michigan Athletic Association. The contestants must be in Ann Arbor by Friday afternoon, May 24.

The University of Michigan Athletic Association, under whose auspices the field day is held, assumes entire control, as to finances, appointment of officials and arrangement of programmes. During the meet it provides for the entertainment of all contestants.

Prizes for Winners.
The winners of first, second and third places in each event will be awarded gold, silver and bronze medals, respectively, and the winners of fourth, fifth and sixth places will be awarded ribbons. The school winning the largest number of points will be awarded a silver trophy cup, to remain in its possession for one year, or until won by some other school. The winner of the punting and drop kicking contest will have his name and the name of his school engraved upon it.

In the counting of points a first place in any contest will count for five points, a second for three, a third for two and a fourth for one. Points earned in the kicking contest and the relay race count in the totals in determining the school which shall hold the trophy cup.

Schoolmasters' Club.
Addresses will be given at the spring meeting of the Michigan Schoolmasters' club, to be held in Ann Arbor Friday and Saturday, March 29 and 30, by Charles F. Thwing, president of Western Reserve University; James B. Angell, president of the University of Michigan, and Albert Leonard, president of the Michigan normal system. President Thwing will speak on "The Obligations and Limitations of the High School," and President Angell on "The Moral Obligations of the Secondary Teacher."

Teachers for Philippines.
The names of 13 students who are willing to accept positions with the general government as teachers in the Philippines have been forwarded to the general superintendent of education at Manila. Six of the 13 whose names were forwarded are students in the university at the present time. The other seven are graduates. The applicants are required to be physically strong, and able to withstand tropical climate. They must be willing to accept whatever position is assigned to them, and to make a contract running for three years. The salaries promised are from \$75 to \$100 per month for a year of 12 months. The government provides transportation to the Philippines.

Band Concert by Sousa.
Arrangements have been made by the Athletic Association for a concert by Sousa and his band. The date selected is March 23. The plan is to have the concert at a little earlier hour than is usually observed, and at the close of the concert adjourn to the gymnasium and have a few selections of dance music for a grand ball. The proceedings of the ball will also go to fill the treasury of the Athletic Association.

Michigan the Winner.
The university is again victorious in

debate. After a hard-fought contest the Wolverine debaters Friday night administered a third consecutive defeat to the team from the University of Pennsylvania. The victory is also the ninth consecutive one in intercollegiate debates. Out of 14 such debates Michigan has lost two to Northwestern and one to Chicago.

Pennsylvania presented a strong team, and contested every inch of ground, and deserved and received warm congratulations even in defeat. The Pennsylvania debaters were Milton L. Veasey, Bruce A. Metzger and Charles L. Roth. The Michigan team consisted of Gustavus A. Ohlinger, Alonzo B. Irving and Fred G. Dewey. Irving comes from Utah, Dewey is from Pontiac, Mich., and Ohlinger is the son of an American missionary, and was born at Foo Chow, China.

The question for debate was, "Resolved, That United States Senators Should Be Elected by Popular Vote." The judges—Judge M. E. Foorknor, of Newcastle, Ind.; Judge W. J. Henley, of Indianapolis—agreed in giving the decision to Michigan, whose debaters supported the affirmative side of the question. Gov. George K. Nash, of Ohio, acted as presiding officer.

Colored Students.
The University News-Letter is preparing a list of all the colored persons who are attending or have attended the university as students. This information, when collected, will probably be of interest to those at the head of the educational institutions in the southern states that are working for the enlightenment of the colored race. From the information thus far collected it appears that the professional schools rather than the literary department have received the larger number of students of this class.

Comedy Club Play.
Among the annual events is the performance of the Comedy club. Each year the membership of the club changes, but the traditions are maintained. This year the play, "The Magistrate," will be given March 20.

R. H. E.

FRATERNAL INSURANCE.

Insurance Commissioner Barry Gives Some Interesting Statistics of Business Done Last Year.

A compilation completed by the commissioner of insurance on fraternal insurance in Michigan during 1900 says:

The fraternal insurance companies wrote 65,078 certificates in Michigan, covering insurance aggregating \$65,636,960, and at the close of the year had in force in the state 284,843 certificates, representing \$355,073,400 of insurance. The losses paid in Michigan last year aggregated \$2,384,865.22.

The Michigan assessment life companies wrote 604 policies, aggregating \$320,000, in this state last year, and at the close of the year had in force in the state 659 policies, aggregating \$768,000. They suffered no loss during the year.

The assessment life companies of other states wrote 3,239 certificates, aggregating \$5,468,034, in this state during the year, and had in force in the state at the close of the year 8,908 certificates, representing \$15,669,454 of insurance. They paid beneficiaries of Michigan members \$167,127.89 on 72 certificates.

The Michigan accident and sick benefit associations wrote 27,231 certificates, aggregating \$5,582,350, and at the close of the year had in force in this state 18,172 certificates, aggregating \$4,798,350. They paid 3,615 claims, aggregating \$62,752.52.

The accident and sick benefit associations of other states wrote 755 certificates, aggregating \$677,437.50 in Michigan, and at the close of the year had in force in this state 780 certificates, aggregating \$2,344,987.50. They paid 62 claims, aggregating \$11,711.68.

WORK OF GAME WARDEN.

During February It Was Principally Confined to Inland Waters—Record of Law Violations.

Game Warden Morse reports that the work of his department for February has been principally in the inland waters relative to alleged violations of the fish laws, most of which for the illegal taking of trout and the spearing of black bass. A total of 88 complaints were investigated, and resulted in the instituting of 38 prosecutions, 11 being for violations of the game laws and 27 for violations of the fish laws. The result was 16 convictions, one acquittal, ten dismissals and 11 cases still pending. Two jail sentences without the alternative of a fine were imposed, and fines of \$42 imposed. There were nine seizures of property, of the total value of \$184.

Western Normal School.
Strong efforts are being made to secure an appropriation for a normal school in the western part of the state. Muskegon wants the institution so that it can be made a part of the Hackley manual training school and arrangements have been made whereby the senate and house committees on education and the normal school, together with the members of the state board, will visit Muskegon. They will also go to Holland and Allegan.

Claim Allowed.
The board of state auditors has allowed the claim of John E. Tyrrell, of Jackson, for \$300. Gen. Tyrrell assisted in recruiting men for the service during the Spanish-American war, and the justice of his claim against the state was recognized by the legislature, which recently passed a joint resolution authorizing the board of state auditors to make a settlement of the claim.

HUNDRED YEARS HENCE.

The Fearsome Future Woman to Whom the English May Be Expected to Look Forward.

This is what the writer in one of the English magazines predicts will be the state of affairs when another century rolls around:

"By that time women will be all six feet in height, many of them considerably over, while the average height of a man will be five feet nothing. Woman will be strong and lusty; broad and heavy in build, and will be very proud of her large feet, thick wrists, powerful limbs and great muscular development, while men will have grown vain of their trimly-corseted waists, nice pink and white complexions and soft voices.

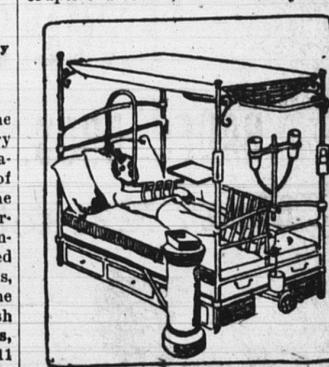

"Love will not have been completely done away with, though sentiment will have given away to common sense. Every woman will be required to marry and support two husbands, one of whom must be a useful, domesticated creature, capable of tending the children and looking after the household (while the wife is away in the city earning good money to keep the home together), and the other will be a better looking, and therefore more ornamental creature (not a 'general utility' man like the 'housekeeper'), whose duties will be to act as companion or 'gentleman help' to the mistress and ruler of the mansion, and keep things up to the mark generally.

"Women a century hence will all wear 'bloomers,' both literally and figuratively speaking; any woman transgressing by appearing in a long-tailed skirt will be condemned to act as public street scavenger for as long a period as the local council shall determine. Women will also wear a mustache, and the faces of men will gradually become smooth. Cooks will no longer be at a premium, as tiny tabloids of food will take the place of the elaborate dishes of the past. We shall be able to get through a six-course dinner in about two minutes, a tabloid for each course, or, if we prefer it, we can have, mutton in parvo, a tabloid with everything compressed and condensed into one harmonious whole."

BED FOR HOSPITALS.

Provisions Made for Treatment of Numerous Diseases and Also for Surgical Work.

The illustration shows a specially constructed bed adapted for use in hospitals, provision being made for treating numerous diseases and also for surgical work. A cooling tank is provided which contains ice and water, and this can be brought in proximity with any portion of the body while the remainder is given hot treatments by other appliances. The special function of the cooling tank is to regulate the temperature of a pyretic or febrile patient—as, for instance, in spinal meningitis, pneumonia, typhoid fever and all forms of eruptive diseases, where bodily tem-

IMPROVED HOSPITAL BED.

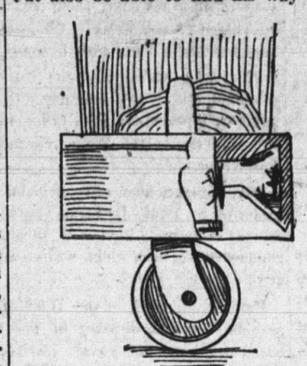

perature plays such an important role. In spinal meningitis and typhoid it may be necessary to apply heat to the spinal column and neck of the patient to produce muscular relaxation, while the general temperature is reduced by the application of the cooling apparatus to other parts of the body. The mattress of the bed is adapted to be inflated with hot water or air, and in order to maintain the water at the required temperature the mattress is connected with the water heater in proximity to the bed by means of a pipe. It will be noticed that supports for a fractured arm or leg are also provided, as well as a thermometer, writing tablet, holder for medicine glasses, etc. The designer of the appliance is Adolfo Luma, of Chicago, Ill.—Louisville Courier-Journal.

An Effective Compromise.
Little Daisy's aunt had given her a doll so dressed that she couldn't tell whether it was a girl or a boy. She looked at it in great perplexity for a few minutes and then said: "Never mind, little boy; be a good girl."

TRAP FOR COCKROACHES.

Pennsylvania Man Has Invented a Contrivance That Keeps Them Off the Dining Table.

To find a roach crawling on the dining table fills the heart of many a housewife with disgust, and she is tempted to kill him instantly, which, of course, soils the cloth. The best way is to prevent the pests from climbing up the table legs, and that is just what the invention of P. J. McAtee, of Gilberton, Pa., is designed to accomplish. We illustrate the idea in the accompanying picture, a portion of the trap being cut away to give a view of the interior arrangement. The bug who climbs this table leg must not only know how to swim, but also be able to find his way out

BUG TRAP FOR TABLE LEGS.

of the trap when once inside, and the chances of his reaching the top are small indeed. The slanting upper wall of the trap is highly polished, and this causes many of the insects to fall into the liquid as soon as they attempt to crawl across it. The liquid may be kerosene or some poison, making it impossible for the insects to long survive a bath in the trap. The invention may be used on tables, beds, dressers, and, in fact, any article of furniture on which castors are used, as it comprises a castor with an extra long shank, having the trap surrounding the lower portion and adapted to support the leg as shown.—Chicago Daily News.

FEEDING THE BABY.

All Milk Given to Little Children Should Be Sterilized, and Seasoned Just a Little Bit.

There has been a great change for the better in the feeding of little children in the last score of years. Far more children who are deprived of their mothers' milk thrive on artificial feeding than formerly. This is chiefly due to the process of sterilization. All milk fed to infants or little children who live largely on milk should be sterilized. This should be done to destroy impurities which the milk may receive from contact with the air and from vessels which hold it, as well as to destroy germs of typhoid fever, tuberculosis or other diseases which may be received from the cow. The importance of sterilization, therefore, cannot be insisted upon too strongly. Apparatus is sold for this purpose, so that it may be easily accomplished in any kitchen with little trouble. Formerly the milk of one cow was insisted upon. Some authorities object to this, preferring a child should be fed from a mixture of the milk of different cows.

There is more salt and sugar in human milk than in cow's milk. A very little loaf sugar and a little salt should be added to milk given to an infant. A safe rule for feeding little infants is to boil a teaspoonful of powdered barley and a little salt in a gill of water for 15 minutes. Strain the mixture through a fine strainer which is kept for the purpose and sterilized every time it is used. Add to this mixture as much cow's milk and a little sugar. This preparation can be taken from a bottle. Sometimes oatmeal must be substituted for barley. Use oatmeal in place of barley if the child's bowels are not as open as they should be. For a very young child physicians generally recommend cow's milk, weakened only with water. If it sours on the stomach, as it may, make a very thin, transparent mucilage of the best gum arabic and milk, sweetened and flavored with a little salt, and give the child a little. It is a simple, harmless medicine.—N. Y. Weekly.

A Moderate Wedding Outfit.

A moderate outfit for a bride would be a good street costume, several odd bodices, a black skirt, a silk gown and a house gown. These, with the clothes which she already has, entirely renovated and remodeled, and a sufficient amount of neatly-made underclothing is all that any girl in moderate circumstances needs for her trousseau—even less would be in order.—Emma M. Hooper, in Ladies' Home Journal.

Stages of Progress.

"Do you attach any credence to the theory that men are developed from monkeys?" said Willie Washington. "I think that some are," said Miss Cayenne. "The others appear to have remained stationary."—Washington Star.

MICHIGAN LEGISLATURE.

Daily Summary of the Proceedings in Senate and House at the Forty-first Session.

Lansing, Mich., March 6.—Senator Kelly has introduced a resolution to make the taxation of vessel property uniform in Michigan, Wisconsin and Minnesota.

Lansing, Mich., March 7.—Committee meetings occupied the time of the senate.

Lansing, Mich., March 8.—The senate yesterday tabled the resolution of Senator Kelly for the appointment of a commission to confer with representatives of Wisconsin and Minnesota regarding uniform taxation of vessel property in the states bordering on the great lakes. It was denounced as a junket.

Lansing, Mich., March 9.—Bills have been passed in the senate providing that the commandant of the soldiers' home may be appointed guardian of the inmates when thought necessary by the board; providing for the admission of veterans of the Spanish-American war to the soldiers' home; naming the military rank of the officers of the soldiers' home; to regulate the confinement and trial of infants under 16 years of age. **House.**

Lansing, Mich., March 6.—In the house a bill was passed fixing the salaries of election inspectors and clerks at five dollars a day and of ratemen at \$2.50. An attempt was made to pass the bill requiring county school commissioners to provide themselves with second grade teachers' certificates instead of third grade, as at present, but it received only 48 votes, and was tabled.

Lansing, Mich., March 7.—Bills have been reported favorably in the house appropriating \$5,000 for the home of the feeble-minded; providing for a general state equalization of property during the present year, and every subsequent fifth year, by a new state board of equalization which will comprise the old board and the state tax commission; exempting from taxation all G. A. R. and W. R. C. land and buildings when the same is used exclusively for the incorporated purposes of those organizations; providing that in case of the transfer of homestead lands, exemption from taxation of those lands shall be for five years only, from the original entry of the lands as homestead lands regardless of such transfer; appropriating \$78,000 for the fish commission.

Lansing, Mich., March 8.—According to figures submitted by Chairman Dingley, of the ways and means committee, yesterday, the total appropriations of the present session of the legislature are likely to reach \$8,000,000, which is over \$500,000 in excess of the appropriations of any previous legislature. An effort will be made to reduce these figures, and with this end in view Chairman Dingley requested that all appropriation bills be placed in the hands of his committee within the next two weeks. He made an economy talk, urging the legislature not to create new offices or increase salaries. The judiciary committee made a favorable report on the joint resolution providing for an amendment to the constitution abolishing the payment of money to newspapers for publishing the laws enacted by the legislature. A concurrent resolution providing for final adjournment May 4 was promptly tabled.

Lansing, Mich., March 9.—A bill was introduced in the house yesterday to regulate freight rates. The appropriation for Michigan's exhibit at the Buffalo exposition will not be available until July 1, the commencement of the fiscal year, owing to failure to specifically provide otherwise in the appropriation measure. Mr. Rodgers' bill prohibiting the docking of horses' tails and providing for the registration of docked horses brought into the state was agreed to. Failure to comply with the law is made punishable by a fine of \$300 or imprisonment for not less than 90 days.

RUMORS OF BIG COMBINE.

Great Southern Industrial Corporations with Capital of \$93,000,000 Said to Have Consolidated.

Birmingham, Ala., March 12.—Rumors of the consolidation of the three largest industrial corporations in the south with a combined capital of nearly \$100,000,000 are current in this city. The three companies are the Tennessee Coal, Iron and Railroad company, the Sloss Sheffield Steel and Iron company and the Republic Steel and Iron company, which together own 28 pig iron furnaces, one steel mill and two rolling mills in Alabama and Tennessee and make the bulk of the iron in these two states. These companies own, besides the industrial plants mentioned, many acres of valuable mineral lands and are operating many coal and ore mines, the outputs of which are consumed in their own furnaces and mills. The combined capital and bonded debt of the three companies is \$93,000,000, divided as follows: Tennessee Coal, Iron and Railroad company, \$23,000,000; Sloss Sheffield Steel and Iron company, \$20,000,000; Republic Iron and Steel company, \$50,000,000. The majority of the properties of the Republic company are in Ohio and Illinois, but its holdings in the Birmingham district are considerable.

SENT TO PRISON.

Wealthy Long Island Man Convicted of Forging a Will—How the Crime Was Discovered.

New York, March 8.—Chauncey F. Glover, a wealthy resident of Cutchogue, L. I., was found guilty in the supreme court of Suffolk county Thursday on the charge of forging a will purporting to be that of his father. Glover was sentenced to four years and four months. He fell in a faint as the judge passed sentence upon him. The elder Glover died in 1890 and the son contested the will which was produced at that time. In 1900 Glover offered for probate as the will of his father a document which gave him practically all of his father's estate, the paper bearing date 1890. The stationer who manufactured the paper on which the alleged will was written testified that the paper was not manufactured until 1897, and upon this evidence Glover was convicted.

 for \$1.00 per year strictly in advance.
 Entered at the Post Office at Chelsea, Mich.,
 as second class matter.
THURSDAY, MARCH 14, 1901.

FRIENDS AND PATRONS OF THE CHELSEA HERALD WHO HAVE BUSINESS AT THE PROBATE OFFICE ARE REQUESTED TO HAVE JUDGE WATKINS SEND THEIR PROBATE AND OTHER LEGAL NOTICES FROM THAT OFFICE TO THE HERALD.

PERSONALS.

Mrs. J. G. Earl spent Sunday in Ypsilanti with her mother.
 Carl Barge, of Detroit, is visiting relatives and friends here this week.
 M. J. Noyes and O. O. Burkhardt went to Sand Beach Monday on business.
 Eli Ward, of Jackson, has been a Chelsea visitor the past few days.
 Charles Downer is seriously ill at his home with a severe attack of quincy.
 J. L. Gilbert went to Chicago on business for the Chelsea Mfg. Co. Monday night.
 J. P. Wood was taken seriously ill early yesterday morning but is somewhat better today.

Mrs. Job. Campbell, of Mason, spent the latter part of last week with Mrs. W. W. Gifford.
 Miss Lizzie Hammack is spending a two weeks' vacation with Mr. and Mrs. R. D. Walker.

Rev. and Mrs. C. S. Jones went to Ann Arbor Tuesday afternoon to visit his parents Mr. and Mrs. N. B. Jones.
 Miss Kate Hooker went to Detroit yesterday to fill an engagement in a millinery store for the coming season.

Miss Lottie Steinbach, who is teaching school in Plainwell, is spending her vacation with her parents Mr. and Mrs. C. Steinbach.
 J. L. Babcock and H. M. Woods, of Ann Arbor, were in Chelsea Tuesday attending a meeting of the directors of the Chelsea Savings Bank.

Miss Mary Haab, who spent last week in Detroit among the wholesale millinery houses has returned home after purchasing her spring stock of goods.
 V. D. Hindelang, of Albion, was in Chelsea Tuesday visiting his father Peter Hindelang and attending a meeting of the directors of the Chelsea Savings Bank.

Mr. and Mrs. E. J. Foster, of Grass Lake, have gone to California, Washington and Idaho, on a combined pleasure and business trip. They will be gone three or four weeks.
 The Misses Maggie and Anna Miller returned from their business trip to Cleveland and other points Friday with a complete new spring stock of millinery and millinery ideas.

Miss Nellie Maroney, who had been in Detroit purchasing a spring and summer stock of millinery returned home last week and is busy fixing up her rooms and goods for the coming season's trade.
 F. M. Root, who has recently embarked in the musical business in Ann Arbor, was in Chelsea on business Tuesday and called on his old friend S. A. Mapes. The gentlemen had not seen each other since they attended the Stedman Business College in Toledo in 1889.

Strikes a Rich Find.
 "I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Glazier & Stimson.

Western Rates Reduced.
 Greatly reduced one way rates will be in effect from Chicago, Milwaukee and Manitowoc via Wisconsin Central Railway to points in Minnesota, North Dakota, Montana, Idaho, Oregon, Washington and British Columbia each Tuesday, commencing Feb. 12th and continuing until April 30th.
 For detailed information inquire of nearest ticket agent, or address
 H. W. Steinhoff, District Pass. Agent
 W. C. Ry., Saginaw, Mich., or James C. Pond, General Passenger Agent, Milwaukee, Wis.

Consumption Cure — WARNER'S WHITE WINE OF TAR SYRUP, the best cough remedy on earth, cures a cold in one day if taken in time. 25 and 50 cts.

ITEMS OF LOCAL INTEREST.

Lafayette Grange met with Mr. and Mrs. Mason Whipple today.

Minister Wu, the popular Chinese minister at Washington, is to lecture in Ann Arbor soon.

Manchester has a bakery company that is going into the manufacturing of pretzels at wholesale.

Twelve car loads of steel rails have arrived at the Michigan Central yards for the D., Y., A. A. & J. electric line.

Twenty-four girls in all have been committed to the State Industrial Home for Girls at Adrian from Washtenaw county.

The decorative work on the interior of the Baptist church is being done by O. J. Kover & Son, who did the handsome work on the M. E. church.

A steady stream of wagons loaded with stock of all kinds have been coming into the village all day today. Chelsea stock buyers must be doing a big business.

Prof. A. A. Stanley, of the University School of Music, has commenced the agitation for an endowment in order to give an annual festival of Wagnerian music in Ann Arbor.

Rev. Albert Schoen will be installed as pastor of St. Paul's Lutheran church next Sunday morning. Rev. J. B. Meister will conduct the services which will commence at 10 o'clock.

Prof. Asaph Hall, of the U. of M., has been appointed a member of the U. S. board to visit the naval observatory. Prof. Hall has charge of the observatory at Ann Arbor.

John Baumgardner, of Ann Arbor, formerly in the marble cutting business in that city, has filed a petition in bankruptcy in the United States court in Detroit. He gives his assets as \$100 and his liabilities \$2,466.73.

In a silver medal oratorical contest between three young ladies and three young men of Stockbridge, held under the auspices of the W. C. T. U. of that place, the other evening, Miss Ethel A. Gildart won the medal.

The Ann Arbor Masonic bodies have started a movement to establish a union building fund with the view of erecting a Masonic temple that will be a credit to the order and the city, by the time the lease of their present quarters expires.

The total benefit membership of the six leading fraternal benefit societies on January 1, 1901, was as follows: Modern Woodmen of America, 537,858; Ancient Order of United Workmen, 414,591; Royal Arcanum, 210,074; Knights of Maccabees of the World, 208,832; Independent Order of Foresters, 177,644; Woodmen of the World, 129,837.

A party of 30 Ann Arborites surprised a lady of their acquaintance in that city one evening last week. They had a good time until 11 o'clock when the lady went to see about luncheon. Each of the visitors had brought a parcel and when the packages were opened each of them but one was found to contain a pound of "wienerwursts." They had a Dutch lunch at that house without a doubt.

Farms for Sale.
 I have several farms in which I am interested that are now for sale. Enquire of
 H. S. HOLMES, Chelsea.

A Horrible Outbreak
 "Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill, of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. "It's a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25 cents at Glazier & Stimson's."

Travelers who have kicked on the Hibbard house, Jackson, for so many years, will not do so any more. Its owners closed a contract Saturday for a fine new five story hotel to be built upon the old site this summer, at an estimated cost of \$100,000. C. H. Ruhl, owner of the Ruhl house of that city, and proprietor of the Wright house at Alma, has leased the proposed new hotel for 20 years with a privilege of purchase.

Results. Immediate and lasting. Before and after trying other remedies use Rocky Mountain Tea this month. "Twill keep you well all summer. A great spring blessing. Ask your druggist."

Raise Calves Without Milk.
 Thousands are doing it cheaply and successfully with "Blatchford's Calf Meal," the perfect milk substitute. For sale by
 WATSON-WELCH GRAIN & COAL CO.

To Cure La Grippe in 24 Hours.
 No remedy equals WARNER'S WHITE WINE OF TAR SYRUP for this terrible and fatal disease. If taken thoroughly and in time, it will cure a case in 24 hours and for the cough that follows La Grippe, never fails to give relief. Price 25c and 50c.

DR. C. O. REILLY
 Has Resigned His Parish at Adrian, on Account of Failing Health.

The many friends of Rev. Charles O. Reilly, D. D., in Chelsea and vicinity, will be sorry to learn that he has resigned his pastorate of St. Mary's church, Adrian, on account of his continued ill health. Dr. Reilly's chief ailment is failing eyesight. He is now almost totally blind despite the efforts that have been made to save his eyesight by means of operations. He will be a great loss to his church on account of his great energy and his eloquence of speech. The doctor is a graduate of one of the greatest divinity schools of Europe, that of Louvain in Belgium. He was pastor of St. Patrick's church, Detroit, for many years prior to going to Adrian, where he has been for seven years. He was always active in the international affairs of the Irish nation and was secretary and treasurer of the famous Land League. His recent appeals in aid of the Boer cause are still fresh in the minds of all who heard of them. His plans for the future are as yet unformed.

ITEMS OF LOCAL INTEREST.

Two weeks from Monday will be the township and biennial spring election.

John Kalmbach and Miss Ashtall were married at Francisco Tuesday of last week.

Mrs. C. Klein had the misfortune to slip and fall on an icy sidewalk Saturday morning, breaking her left wrist.

Married, Saturday, by Rev. J. I. Nickerson, Mr. Will S. Stocking, of Chelsea, to Miss Edith May Herbert, of Ionia.

Fred Buird has purchased a barber shop at Bath, Clinton county. He will move there and take possession of it April 1.

The case of Russell J. West vs. The Township of Sylvan in the circuit court, which was to have been tried yesterday has been put over until next term of court.

Prof. E. F. Johnson, of the U. of M. law department, has accepted the position of judge of the supreme court of the Philippines tendered him by President McKinley.

A Maccabee tea will be held at Maccabee hall next Saturday evening. Supper served from 5 o'clock until all are served. A cordial invitation is extended to all to be present.

A small wreck on the Michigan Central at Delhi last Thursday delayed all the morning trains going both east and west. The mail train going west through here at 9:15 a. m. did not get here until 2:30 p. m.

The Washtenaw Times says: "John Wiener has taken the contract for moving Lima Center off the track of the Detroit, Ann Arbor & Jackson road." John has a good sized contract on his hands if he does that.

John Farrell and family are temporarily residing in rooms over Fenn & Vogel's store, while the living rooms over his own store are being refitted and thoroughly renovated by the owner of the building C. H. Kempf.

Secretary of State Warner announces that all amendments to the constitution to be voted for at the spring election must be printed on a separate ballot and not at the bottom of the ballot containing the names of candidates.

The citizens of Manchester have raised \$1,620 in stock to drill for oil, coal, "China or bust." Fifty per cent of the stock is to be paid in and more is to be called for as it is wanted. The capital stock may also be increased.

We have received from The Success Music Company, 343 Fifth Ave., Chicago, several professional copies of their late sheet music. This company is putting some good music, both vocal and instrumental, on the market and will gladly examine author's manuscripts with a view to publication.

Postmaster Stannard, of Dexter, has received a letter from the department informing him that the petition for the projected rural delivery route from Dexter through Lima township is now in the hands of a special agent for investigation and report.

Mrs. Cynthia Standish died at her home in Stockbridge Monday, aged 76 years. She was a sister of the late Samuel G. Ives, of Chelsea, and of the noted evangelist, Rev. B. J. Ives, of Auburn, N. Y., and was aunt to Homer Ives and Mrs. B. Parker, of Chelsea. She had been a resident of Stockbridge since she was 10 years old.

For many years it has been known that by penning sheep on small areas the land will rapidly improve in fertility. A case has been mentioned in which a Georgia farmer penned 50 sheep for 90 nights on an acre of land, with the result that his yield of cotton was more than doubled the next year. The penning of sheep on small plots is a regular practice in England, the farmers in many cases depending upon sheep almost exclusively for improving their soils.

Robert W. Alexander, of Webster, died Thursday night last, of general debility, aged 78 years. He had lived in Webster since a child and was one of its oldest pioneers. Mr. Alexander was a brother of Richard H. Alexander, of this village. He is survived by his wife, three daughters and a son, also four brothers and three sisters. Mr. Alexander, his two sons and daughter, and Mrs. I. M. Whitaker, attended the funeral which was held Monday at the Congregational church, Webster.

Two badly smashed up buggies and two women injured were the results of a collision on West Middle street Saturday night. One of the buggies contained Mrs. Leonard, of Sylvan Center, her sister and a little child. The other contained Fred Gilbert, his son and Mrs. Leonard's husband. Gilbert's horse was running and in the darkness ran over the buggy containing the women and child. Both women were badly injured but the child was not hurt. Both buggies were about reduced to kindling wood.

Born, to Mr. and Mrs. Albert Eisele, Sunday morning, a son.

The annual free seat offering of the M. E. church will be held Friday evening of next week, March 23.

Sam Stadel, of Francisco, has rented Charles Canfield's farm in Lyndon and takes possession tomorrow.

The first annual banquet of the C. E. of the Congregational church will be held Wednesday evening, April 8.

C. E. Babcock was elected president of Grass Lake Monday on a ticket favoring a strict enforcement of the liquor laws.

Entertainment by the Ideal Entertainers for the benefit of Chelsea Tent, No. 284, K. O. T. M., at the opera house tonight.

The Howell water works plant during the past year paid into the village treasury \$365 over and above all running expenses and interest on bonds.

A committee of five aldermen has been appointed by the Ann Arbor council to confer with Hawks & Angus relative to locating the power house of the D. Y., A. A. & J. electric line in Ann Arbor.

The Washtenaw County Y. P. S. C. E. convention will be held in the Congregational church, Chelsea, Friday, April 26. There will be morning, afternoon and evening sessions, with interesting papers and speeches.

Easter falls this year on April 7; Ascension day May 6; Whit Sunday May 26; July 4 on a Thursday; and Christmas on a Wednesday. March, June, September and December are the months having five Sundays in 1901.

The anti-election agreement entered into by four of our citizens to furnish, saw, split and wheel away a cord of 4-foot wood will be carried out at the corner of Main and Middle streets Saturday morning next, March 16, at 9 o'clock, weather permitting.

The annual inspection and review of Ann Arbor Commandery, No. 18, Knights Templar, will occur on Tuesday evening, March 19, by Eminent Sir James Findlater, grand generalissimo of the Grand Commandery Knights Templar of the State of Michigan.

The senate and house committees held an informal meeting Monday and practically agreed to cut out Jackson from the second congressional district and put it over into the third district and in its place give the second congressional district several townships of Wayne county.

The Baptist congregation will unite with the Congregational church next Sunday at both morning and evening services. Rev. F. A. Stiles will preach in Rev. C. S. Jones' place, he preaching in Ypsilanti. The Baptist Sunday school and B. Y. P. U. will meet at the usual place and hours.

At the meeting of the directors of the Chelsea Savings Bank held Tuesday afternoon F. P. Glazier was elected a director to fill the vacancy on the board caused by the death of George P. Glazier. W. J. Knapp, the president of the bank was chosen to assume the management of the bank, assisted by the same working force.

The Western Washtenaw Union Farmers' Club will meet next Thursday with Mr. and Mrs. O. T. Hoover, of this village. The program for the meeting is: "How shall we carry on our primary elections to secure good and honest men to represent us in office?" M. L. Raymond; "What will the 20th century woman be in home and business life?" Mrs. W. E. Stocking; dialogue; recitation, Mrs. Geo. T. English.

Sunday next is St. Patrick's Day. In the evening it will be celebrated at St. Mary's church with a musical program and a lecture by the pastor, Rev. W. P. Conscience, on the subject "A famous missionary, his life and labors." Admission will be by tickets, the price of which are 25 cents for adults and 15 cents for children. The proceeds will be used for library purposes.

The jury in the bastardy case of the People vs. Benjamin Parrott, on trial in the circuit court, came into court Saturday after having been out for 24 hours without coming to an agreement. During all this time the jury had stood 11 to 1 for conviction. Judge Kinne lectured the jury for not agreeing and sent them back. When they again came in shortly after 4 o'clock he gave them a scorching lecture on their failure to agree, and discharged the obstinate jurymen from service on the panel.

Night Was Her Terror. "I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at Glazier & Stimson's drug store.

The Lamp of Steady Habits

The lamp that doesn't flare up or smoke, or cause you to use bad language; the lamp that looks good when you get it and stays good; the lamp that you never willingly part with, once you have it; that's

The New Rochester.

Other lamps may be offered you as "just as good"—they may be, in some respects, but for all around goodness, there's only one. To make sure the lamp offered you is genuine, look for the name on it; every New Rochester lamp has it.

We make oil stoves too, just as good as the lamps; in fact, anything in oil or gas fixtures.

THE ROCHESTER LAMP CO.,
38 Park Place and 33 Barclay St., New York.

Of Positive Quality

THE MIXED PAINT MADE BY

The Peninsular Lead & Color Works, Ltd.

is always of uniform excellence.

The certainty of reliable, uniform First Quality is what the buyer desires and expects in Mixed Paint.

This certain quality means paint that is strong and true in color—that will spread evenly—that will preserve as well as ornament—that will not blister or scale or easily rub off—that constantly looks well—that is sure to wear well.

In all these requisites the Mixed Paint of The Peninsular Lead & Color Works (Ltd.) Detroit, has never disappointed any purchaser. It is always as good a paint as pure ingredients, skilled experience and modern equipment can produce.

Why experiment when you can buy sure satisfaction?

HAVOC BY BIG STORM.

Southern and Western States Visited by Wind and Rain.

A Number of Lives Lost, Many Persons Are Hurt, While the Damage to Property Is Reported to Be Enormous.

Will's Point, Tex., March 11.—A cyclone passed through the west side of this town at 11 o'clock Saturday morning, demolishing everything in its track. Four persons are dead and about 20 injured, many of these fatally. Fourteen dwelling houses were entirely ruined and a number of others are badly wrecked. The public school building is a total wreck.

The storm did great damage in the country districts, southwest and northeast of Will's Point, but details cannot be obtained. It is feared that many lives have been lost in the farming communities and villages.

Eight Deaths Reported.

St. Louis, March 11.—A special to the Globe-Democrat from Dallas, Tex., says: Up to midnight eight deaths are reported from the Will's Point tornado. Beulah Johnson died from fright. She was sick at the home of her father, O. L. Johnson, when the storm struck the town. S. W. Garrett, Benjamin Waters and two of J. W. Williams' children are reported to be dying. The property loss in Will's Point is estimated at \$75,000 and in Van Zandt and surrounding country districts at \$100,000.

Losses Estimated at \$1,000,000.

The storm section extends into Arkansas, Louisiana and up the Mississippi valley nearly to Memphis in regions almost without wire or rail. Telegraph companies are finding it difficult to gather details of the storm, but enough is known on which to base estimates of property losses approximating \$1,000,000 to the southeastern farming and other interests, and at least a score of persons dead.

Mayor Finney issued a statement on the Will's Point situation. He says nearly 100 persons are entirely destitute and are being cared for by local authorities. A relief committee has been formed. At present contributions will be asked for from Texas only. If the conditions in the country district develop badly the request for aid may be extended.

Six Killed in Arkansas.

Paragould, Ark., March 11.—Saturday night's storm killed three persons in this (Greene) county and wrought much property damage. At Rockhill Mrs. Millie Davis and a 13-year-old boy named Osmer Roberts were killed by falling timbers. At Jackson Commissary, 12 miles west of Paragould, Charles Bowling, a well-known young business man, was killed outright by the roof of his house falling in. Several persons are reported injured. Much damage to small buildings, fences and fruit trees is reported.

Forrest City, Ark., March 11.—Three persons were killed and many injured in this vicinity Saturday night by a tornado. Four miles west of this city Pinky Watson (colored) and her infant child were the first victims. In the same neighborhood 16 houses and miles of fences and many trees were leveled to the ground. In Johnson township, ten miles northeast, the cyclone literally lifted the house of J. A. Wooly from its foundation and shattered it to fragments, killing Wooly and seriously injuring his wife and his stepson, Bob Allen. Outbuildings and miles of fences were smashed to pieces.

In Michigan.

Grand Rapids, Mich., March 11.—Dispatches to the Herald from various points in western Michigan indicate that the wind, sleet and rain-storm has almost paralyzed the state telephone service. The 60-wire state line of the Michigan Telephone company about Ionia is a mass of tangled wires and broken poles. The Citizens' company is crippled fully as bad as the Michigan. In Ionia the streets are blocked with fallen poles and wires. The loss to both companies will amount to several thousand dollars. At St. Joseph the Bell company suffered a loss of \$5,000 from the storm. Four hundred telephones were burned out by contact with the trolley system wires and the loss to telephones and switchboards will amount to \$2,000. Fire in the Bell telephone office caused by live wires caused a loss of \$4,000. In Benton Harbor the wires of the company are all down and service so crippled it will take several days to make repairs. The loss will amount to \$2,000.

In Indiana.

Princeton, Ind., March 11.—This city was struck by a tornado Saturday night. One dwelling was totally wrecked, several others were moved from foundations and hundreds of outbuildings were demolished. Fortunately no lives were lost. The courthouse and high school buildings were much damaged. Hundreds of windows, many plate glass, were blown in. The storm came from the east.

TERRIFIC EXPLOSION.

Explosion in a Chicago Laundry Bursts—Eight Employes Killed and Many Injured.

Chicago, March 12.—By the terrific explosion of an old second-hand boiler that had been inspected only once in four years the Doremus laundry building at 438 West Madison street was blown to pieces shortly after eight o'clock Monday morning. Nearly two score persons were buried in the debris. Eight bodies taken from the ruins are at the county morgue, while the injured list runs well up toward 50. Eight persons are still missing, and their bodies are supposed to be in the ruins. Abraham F. Doremus, general manager of the laundry, is in the hands of the police. The dead are George Pihl, Catherine Kelly, Minnie Olson, Frank Hannemann, Bessie Kucaba, Katherine Voss, Martha Jacobi, Emma Sebreska.

The Doremus laundry was one of the sublaundries of the Sanitary Laundry company. It was on the south side of Madison street, between Loomis and Throop streets, and 65 persons, mostly women, were employed in the establishment. As near as could be learned all but four or five of the employes were at their places at eight o'clock.

The explosion came at 8:15 o'clock. There was a frightful roar, and the roof of the building sailed into the air. Bricks flew out through the front office and broke shop windows across the street. Wooden beams, pieces of twisted iron and debris of every description shot out over the tops of the walls and were hurled into the vacant lots in the rear. Strangely enough, the walls did not fall when the roof first left them, but they parted at the corners, swayed out, and then all, with the exception of the east wall, tumbled in. When it swayed out the east wall struck the wall of the adjoining building, the old Waverly theater, which has been used of late as barracks for the Volunteers of America. The moment the walls touched persons who witnessed it say that they both crumbled and fell together.

Aside from its pitifulness the sight which met the eyes of the firemen as the smoke and dust settled was revolting. All about on the ends of the timbers were hair, blood and pieces of flesh. On the end of one beam hung the entire scalp of a woman with the blood still dripping from it. Wedged and crushed in between timbers were the mangled forms of the dead and injured. In a short time injured men and girls were being carried from the wrecked building to neighboring drug stores, where doctors were called to attend them. Ambulances and patrol wagons from all over the city soon arrived and the work of conveying the injured to the hospitals was put under way. After nearly 20 persons had been taken from the ruins the police and firemen were unable to see any others in the debris, yet from beneath the wreckage could be heard moans and cries. Locating a point whence a cry came, the firemen with their axes would go to work and dig down toward the sufferers, stopping to catch a cry or a groan for a guide to work by.

The shock of the explosion was felt for nearly a mile in every direction. Buildings on both sides of Madison street, in Throop street and Waverly place were shaken to their foundations. Scores of plate glass windows were shattered, while the sashes of smaller windows were left without a piece of glass in them.

HE IS HOPEFUL.

Gen. Harrison's Physician Says He Sees No Cause for Alarm at Present in His Condition.

Indianapolis, Ind., March 12.—Dr. Henry Jameson has been in constant attendance on Gen. Harrison, and, with Dr. Evan Hadley, has alternated in a close watch for the slightest sign of improvement or relapse.

At midnight Dr. Jameson left the Harrison home, after spending nearly three hours with his patient. The other two physicians were present, and effort was directed to relieving the congestion in the left lung. Dr. Jameson gave out the following statement: "Gen. Harrison's condition is not changed from what it was early in the evening. His strength is keeping up well and his pulse is strong. The inflammation of his lung has not spread any, and there is no danger to be apprehended unless the inflammation does spread."

IMPORTANT SURRENDER.

Filipino Leader and His Small Band Give Up—Indicates Collapse of the Insurrection.

Washington, March 12.—The following cablegram has just been received from Gen. MacArthur at Manila: "Gen. Mariano de Dios, four officers, 57 men uniformed and armed, surrendered at Naic. This is regarded as very important and indicating the collapse of the insurrection. The territory heretofore was obstinately defended. The conditions throughout the entire archipelago are very encouraging. Captures and surrender of arms continue. Thirty-one hundred and sixty-eight arms surrendered and captured since January 1."

MICHIGAN STATE NEWS.

Shortage Alleged.

There is some excitement in Flint over the disclosure of alleged facts showing that Fred A. Platt, secretary of the Citizens' Building and Loan association, is short in his accounts \$40,000. It is also alleged that he has issued \$6,000 worth of fraudulent stock. Other concerns with which he is connected are alleged to have suffered. Gambling in stocks and wheat is given as the cause. Platt occupied a high social position in Flint, and is treasurer of the state board of education.

Michigan Democrats.

The democratic state convention held in Grand Rapids elected Justin E. Whiting, of St. Clair, chairman of the state central committee to succeed Daniel J. Campau, resigned. W. R. Burt was made permanent chairman of the convention, which nominated Judge Allen C. Adsit, of Kent, for justice of the supreme court and Elmer G. Goldsmith, of Petoskey, and Edward Shields, of Howell, for regents of the university.

Health in Michigan.

Reports from the state board of health from 86 observers in various portions of the state for the week ended March 2 state that remittent fever increased and scarlet fever and typhoid fever decreased in area of prevalence. Consumption was reported at 175 places, measles at 17, typhoid fever at 45, scarlet fever at 115, diphtheria at 23, whooping cough at 11, cerebro-spinal meningitis at 3 and smallpox at 54 places.

Found Dead.

Dougall Logan, a Superior township farmer, was found dead in the road half a mile from his home with his throat cut. Logan operated a pulpwood camp near Brimley, and had not been seen for several days. It is believed to be a murder, although there is no clew to the murderer nor known motive for such a crime.

Elect Officers.

At the annual convention in Ann Arbor of the state Y. M. C. A. the following officers for the ensuing year were elected:

President, Judge Victor H. Lane, of Ann Arbor; vice presidents, S. Milo Dole, of Adrian; H. F. Woodward, of Coldwater; W. C. Skinner, of Detroit; secretaries, George D. Western, of Adrian; M. W. Crawford, of Saginaw.

Died Suddenly.

Frank Bloomer, a well-known Novi druggist, and manager of the Bell Telephone company's office at that place, died suddenly of pneumonia at his home. He was 52 years of age, and had been in business at Novi for nearly a quarter of a century. He leaves a widow but no children.

Ends Hazing.

Prof. McIntosh has abolished hazing in the Allegan schools by stating that any pupil found guilty of hazing would be expelled. Several boys have carried black eyes and other signs of severe punishment as a result of hazing for weeks.

News Briefly Stated.

The county clerks of the state held a meeting in Grand Rapids and formed an association for the diffusion of ideas that may be of general benefit to the members.

Capt. I. S. Irwin, commandant of Orchard Lake military academy, died suddenly at Pontiac of heart failure, aged 61 years. The remains were taken to Arlington cemetery, Washington, for burial.

Mr. and Mrs. Wesley Lockwood, of Quincy, celebrated their sixty-seventh wedding anniversary. The post office at Thompsonville will become a presidential office on April 1.

Henry Baute, a poor mechanic in Benton Harbor, has fallen heir to \$125,000 belonging to his cousin, who was shot and fatally wounded at Madrid, Spain.

Martin Peterson, aged 40, a farmer living near Farmington, was run over and killed on the Detroit & Northwestern electric road between Farmington and Northville.

The annual meeting of the Michigan League of Republican Clubs was held in Grand Rapids and Bert W. Cady, of Port Huron, was elected president.

Post offices have been ordered established at Desmond, Houghton county, with Grace Van Patten as postmistress, and at Turtle, Iosco county, with Robert Wilkins as postmaster.

The famous Gracia group of mines in the state of Oaxaca, Mexico, has been sold to a firm of bankers of Detroit.

Doctors of Ingham county have formed a protective organization with a membership of 25.

The receiver of the defunct First national bank at White Pigeon has paid a 50 per cent. dividend to creditors, and indications are that creditors will be paid in full by July.

The Ann Arbor common council has passed a curfew ordinance. It affects children under 16 years of age.

STATE CHARITIES.

At the Monthly Meeting of the Board Gov. Rich Is Present—Subjects of Importance Discussed.

The monthly meeting in Lansing of the state board of corrections and charities was notable for the fact that, for the first time since the incumbency of Gov. Rich, the governor, who is an ex-officio member of the board, was in attendance. Bishop Gillespie was reelected chairman of the board, and most of the session spent in the discussion of legislation which is desired from the present legislature. One subject in which the board is much interested and warmly advocates is an indeterminate sentence law with provision for the parole of prisoners. Such laws have been enacted in New York, Pennsylvania, Massachusetts, Minnesota, Ohio, Illinois and Indiana and sustained by the courts of those states.

The members of the board are also in favor of the establishment of a central bureau of information in connection with criminals, after the Bertillon system, the value of which is well known to all who have dealings with the criminal classes.

At the meeting Dr. Jenks spoke in commendatory terms of the state of affairs he had found at the industrial school for boys in this city upon a visit there this week. With 662 lads in the institution, there was not a single patient in the hospital, a most unusually good record.

TERMS EXTENDED.

Port Huron's Charter Amendment as Passed by the State Legislature Contained a Surprise.

The terms of the present mayor, city clerk and city treasurer of Port Huron have been extended one year by a charter amendment which was slipped through the legislature and signed by Gov. Bliss. Those who benefit by the extension of the terms of office are Mayor Fred T. Moore, a brother of Senator Moore; City Clerk William F. Wagensell and City Treasurer James Stuart. Nothing was known in Port Huron of the contemplated legislation, this provision in the charter amendment asked from the legislature having been kept secret.

The amended charter also provides for the appointment of a park commission by the council to be nonpartisan, and gives the city the right to prohibit the maintenance of a saloon within 300 feet of a schoolhouse. The repaving fund was increased from \$20,000 to \$40,000.

MAKES FINAL REPORT.

Dairy and Food Commissioner Speaks of Work in His Department and Growing Demands.

In his final report the retiring dairy and food commissioner, E. O. Grosvenor, says:

The growing demands upon the head of this department merit consideration at the hands of the present legislature. In addition to the work as planned and carried on at the present time, the legislature threatens to add work of no mean importance. The reenactment of the anti-color oleomargarine law will demand a large portion of the commissioner's energy and resources, some states spending more money to enforce this law than Michigan is allowed to cover the entire work of the department. Mr. Grosvenor expresses the opinion that there should be one inspector for each congressional district.

Commissioner Snow in his inaugural report serves notice upon milk dealers that they will be carefully watched and prosecutions for using preservatives will be vigorously pushed.

The Problem Solved.

A few years ago the problem of getting rid of the sawdust was a serious one at sawmills, and in many a Michigan lumbering town are immense mounds made up of the accumulations of years of this refuse of the mills. Now, however, there is a good demand for the stuff from the gunpowder manufacturers, who need it in their business, and carloads of sawdust are shipped from Menominee and other upper peninsula points every week.

Fine Vein of Coal.

A vein of coal seven feet thick, pronounced by experts to be the finest in Michigan, has been discovered on a farm one mile north of Chesaning, and a shaft will in all likelihood be put down there this spring. The construction of the electric railroad through Chesaning from Saginaw to Durand will be quite a factor in the development of the coal deposits around the village.

Judge Fines Grand Jurors.

Grand Rapids, March 9.—The United States grand jury took a holiday Wednesday to attend the democratic state convention. In discharging the jury Friday Judge Wauty severely lectured the men for their neglect of duty, and then ordered the clerk in making out their per diem to dock them one day's pay.

New Quarters.

The board of state auditors has allowed the claims of the state tax commissioners and their employes for February, after sealing them down according to the rule adopted in regard to the January claims, and arrangements have been made by which the commission will secure new rooms for its employes in the Lansing city hall.

ANCIENTS HAD SENSE.

Dated Beginning of Year from Opening of Spring

When All Things in Nature Start Afresh.

Some Other Things in Which the Ancients Have Given Us Points.

The ancients began their year with the advent of spring. How much more appropriate thus to begin the New Year with the new life of nature in the awakening spring. At this season all processes throughout the natural world start afresh.

The ancients also showed their sagacity and appreciation of the great changes and active processes of spring-time, by realizing that this is also the time for renewed life and energy in the human system. They well knew that the blood should be cleansed from impurities and the nerves reinvigorated at this season. Hence the establishment of the custom of taking a good spring medicine.

This most sensible and healthy custom is followed by almost everybody at the present day, few people of intelligence venturing to go through this trying time of change from winter to summer without taking a spring medicine.

The unanimity on this subject is a settled fact; the only question hereto-

MR. STOUGHTON L. FARNHAM.

fore has been in regard to what is the best thing to take. The people have now become unanimous in their decision that as a spring tonic and restorative, Dr. Greene's Nervura blood and nerve remedy is pre-eminently the best.

Year after year Dr. Greene's Nervura blood and nerve remedy has proved itself the surest, most positive and reliable remedy. Made from pure vegetable medicines, it invariably cleanses, purifies and enriches the blood, making the blood rich and red, and at the same time, by its invigorating effects, giving strength, power, vitality and energy to the nerves.

In fact, Dr. Greene's Nervura blood and nerve remedy has proved itself the most perfect of medicines and just what everybody needs for a spring remedy. Try it this spring.

Mr. Stoughton L. Farnham of Manchester, N. H., says: "Some time ago I was troubled with lassitude and a feeling of fatigue. I did not have the ambition to do anything that demanded unusual physical exertion."

"I was recommended by a friend to try Dr. Greene's Nervura blood and nerve remedy. I took two or three bottles and am prepared to say that it did me good. I can recommend it as a tonic, as I know it helped me."

Remember Dr. Greene's Nervura blood and nerve remedy is recommended by physicians, in fact, it is a physician's prescription, the discovery of the well-known specialist in nervous and chronic diseases, Dr. Greene, of 35 W. 14th St., New York City, who can be consulted free of charge, personally or by letter.

DO YOU COUGH

DON'T DELAY TAKE

KEMP'S BALSAM

THE BEST COUGH CURE

It Cures Coughs, Colds, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Price, 25 and 50 cents per bottle.

There are no harmless sins.—Ram's Horn.

Speltz, 50 bus. per Acre

Of this remarkable hay and cereal food, Adam Herwebe of Iowa writes to the John A. Salzer Seed Co., La Crosse, Wis., the introducers: "Speltz beats anything and everything I ever saw for stouling, for food and for yield. I could hardly believe my own eyes that I grew from one kernel of seed 72 big heads." While E. I. Rogers, Castlemore, Canada, says Speltz yielded him at the rate of 100 bus. per acre. It will pay every farmer on earth to try Speltz. Write to Salzer to-day about it. [K.]

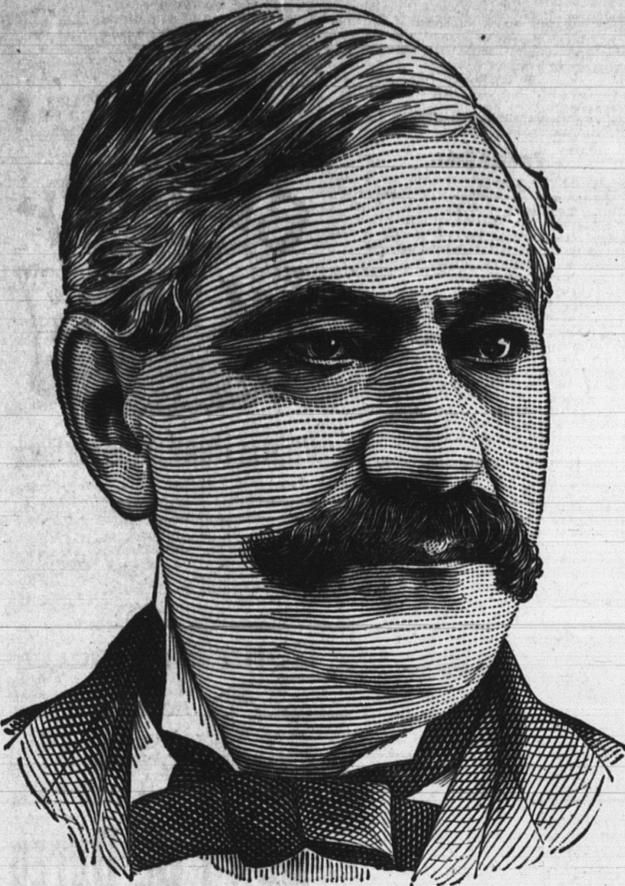

Every man has a show in life, but few of them find it a circus.—Star of Hope.

Coughing Leads to Consumption. Kemp's Balsam will stop the Cough at once. Go to your druggist to-day and get a sample bottle free. Large bottles 25 and 50 cents. Go at once; delays are dangerous.

CATARRH THIRTY YEARS.

A Remarkable Experience of a Prominent Statesman.

CONGRESSMAN MEEKISON GIVES PE-RU-NA A HIGH ENDORSEMENT.

CONGRESSMAN MEEKISON, OF OHIO.

Hon. David Meekison is well known not only in his own State, but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank of Napoleon, Ohio. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Pe-ru-na came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Pe-ru-na and feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be able to fully eradicate the disease of thirty years' standing. Yours truly,
"David Meekison."

Many people can tolerate slight catarrhal affections. A little hoarseness, a slight cough, a cold in the head, or a trifling derangement of the digestive organs, do not much disturb the average person in his business. But this is not true of the public speaker or stage artist. His voice must always be clear,

lungs perfect, digestion undisturbed. Hence the popularity of Pe-ru-na among the leading actors and actresses of this country.

They have come to regard Pe-ru-na as indispensable to their success. Their profession is so exacting that it requires perfect health in every particular. They regard Pe-ru-na as their friend and safeguard. Many letters are received from this class of people.

Miss Carrie Thomas, in speaking of Pe-ru-na, says: "I have used Pe-ru-na with splendid results. Would not be without it. No money would hire me to have a settled cold or chronic cough, or hoarseness. Catarrh is the most dreadful thing that could happen to one of my profession. Pe-ru-na is my shield and protector against this most undesirable disease."—Carrie Thomas.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Miss Carrie Thomas.

DECLINED BY BRITAIN

Senate Amendments to Hay-Pauncefote Treaty Rejected.

Reply Is Received in Washington—It Is Couched in Friendly Terms—Probable Reason for Her Action.

Washington, March 12.—The answer of the British government to the amendment to the Hay-Pauncefote treaty, made by the senate, was received by the British ambassador and communicated to Secretary Hay. The contents of the document have not yet been made public, but it probably reflects the earnest wishes of the British government to have the Nicaraguan waterway international in character, instead of confined to the United States.

The British answer is a dignified but complete rejection of the senate amendments and it leaves upon the United States government the responsibility for any further action that may be deemed expedient.

Makes Three Objections. Briefly speaking, the amendments to which Great Britain has taken objection are as follows:

1. The United States reserves the right to protect the canal.
2. The acceptance of the amended treaty by the English government will be an acknowledgment that the Clayton-Bulwer treaty is superseded.
3. The acceptance of the amended treaty by the English government will also mean that the United States may go ahead and construct the canal without the ratification of the treaty by other nations.

Came by Appointment.

Lord Pauncefote came to the state department at noon by appointment. He brought the answer with him, and read it to Secretary Hay. It was, in form, an instruction from Lord Lansdowne, the British minister of foreign affairs, to Lord Pauncefote, and of this instruction he left a copy with Secretary Hay. The secretary and the ambassador were closeted for half an hour.

At the conclusion of the conference it was stated that the instruction to Lord Pauncefote was to notify the government of the United States that the British government did not see its way clear to the acceptance of the senate's amendments. The amendments were treated in detail at some length, in argumentative fashion, the purpose of the British government being to show it had sound reason for declining to accept them. After disposing of the details, the note concluded with an expression of regret that such a course was forced upon the British government.

Has a Friendly Tone.

The British answer is quite long, as such documents go, and would make about two newspaper columns. The tone of the reply is distinctly friendly throughout, particularly so in the concluding assurances of good will and a desire to cooperate in the realization of this undertaking. Although the text is withheld, it is understood that the answer takes up each of the three amendments made by the senate, and presents the difficulties in the way of assenting to them. As to the amendment which struck out all that clause of the treaty inviting other maritime nations to concur in the neutralizing of the canal, the British view is that while the United States and Great Britain can bind themselves by treaty to neutralize the canal they cannot make this action binding on all other governments, unless these governments concur. As to the entire abrogation of the Clayton-Bulwer treaty, as provided by one of the senate amendments, it appears to be the British view that such a step is too far-reaching to be taken without some negotiation in which the British side of the case is presented.

The Chief Obstacle.

The so-called Davis amendment appears, however, to be the chief obstacle in the way of an agreement, and while the British answer makes no suggestion of any further negotiation it seems to be a fair inference from its general tenor that if a modification of this amendment could be secured there probably could be an adjustment upon the other points of differences. A reading of the answer also makes plain that while it does not make counter propositions, or propose further action, yet it does not preclude such action by laying down a course which will be adhered to without the slightest deviation. On the contrary, the answer takes the form of an argument tending to show that the amendments proposed by the senate do not fairly consider the various British interests involved, and that for that reason they cannot be accepted in the form presented. There is nothing pre-emptory in the tone of the answer.

Effect of the Answer.

The effect of the British answer cannot be to restore the life of the Hay-Pauncefote treaty, so far as now appears. That document had a distinct limitation within which it could be ratified, and no doubt seems to exist among officials that the period expired when the senate adjourned. The answer is chiefly important, therefore, as making clear the attitude of the British government alongside the attitude of the American government.

"Mrs. Pinkham Saved me from an Operation."

Hospitals in our great cities are sad places to visit. Three-fourths of the patients lying on those snow-white beds are women and girls.

Why should this be the case? Because they have neglected themselves. Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All of these things are indications of an unhealthy condition of the ovaries or womb.

What a terrifying thought! these poor souls are lying there on those hospital beds awaiting a fearful operation.

Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the female system, cure the derangements which have signified themselves by danger signals, and remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from the hospital. Read the letter here published with the full consent of the writer, and see how she escaped the knife by a faithful reliance on Mrs. Pinkham's advice and the consistent treatment of her medicines.

Mrs. Knapp tells of her Great Gratitude.

"DEAR MRS. PINKHAM:—I have received much benefit from using your Vegetable Compound and Sanative Wash. After my child was born, blood poison set in, which left me with granulated inflammation of the womb and congested ovaries. I had suffered from suppressed and painful menstruation from a girl. The doctors told me the ovaries would have to be removed. I took treatment two years to escape an operation, but still remained in miserable health in both body and mind, expecting to part with my reason with each coming month. After using one bottle of the Compound, I became entirely rid of the trouble in my head. I continued to use your remedies until cured.

MRS. F. M. KNAPP

"The last nine months have been passed in perfect good health. This, I know, I owe entirely to Lydia E. Pinkham's Vegetable Compound.

"My gratitude is great indeed to the one to whom so many women owe their health and happiness."—MRS. F. M. KNAPP, 1528 Kinnickinnic Avenue, Milwaukee, Wis.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE CO.

Dr. Bull's Cough Syrup
Cures Hacking Coughs, Sore Lungs, Grippe, Pneumonia and Bronchitis in a few days. Why then risk Consumption? Get Dr. Bull's Cough Syrup. Don't be imposed upon. Refuse the dealer's substitute. It is not as good as Dr. Bull's. Salvation Oil cures Rheumatism and all Pains. Price, 15 and 25 cents.

Keep Out the Wet Sawyer's Slickers
Sawyer's "Excelsior Brand" Suits and Slickers are the best waterproof garments in the world. Made from the best materials and warranted waterproof. Made to stand for the roughest work and weather. Look for the trade mark. If your dealer does not have them, write for catalogue. H. M. SAWYER & SON, Sole Mfrs., East Cambridge, Mass.

MAN WANTED AT ONCE
With view to sell our Poultry Mixture; straight salary \$15.00 per week and expenses; year's contract; weekly pay. Address with stamp: BUREAU MFG. CO., Dept. 6, East St. Louis, Ill.

G. A. R. All Union Soldiers
Who have Homesteaded less than 100 acres before June 30, 1877, are entitled to enough land to make 1200 acres. We will buy the balance of your right. Wives and heirs are entitled. WE WILL PAY COMMISSIONER to any one finding us such a claim that we can buy. L. O. ALLEN & CO., 610 New Bridge Building, Kansas City Mo.

Roslyn—"I have brought you a box of chocolates. Have you a sweet tooth, Miss Lovedove?" Miss Lovedove (naively)—"Yes, and it has quite a cavity for chocolates."—Brooklyn Eagle.

Try Grain-O! Try Grain-O! Ask your grocer to-day to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. The price of coffee. 15c. and 25c. per package. Sold by all grocers.

It is generally believed that the expression "trumpet of the Lord" does not refer to the deacon who sleeps in the meeting.—Ran's Horn.

A Remedy for the Grippe. Physicians recommend KEMP'S BALSAM for patients afflicted with the grippe, as it is especially adapted for the throat and lungs. Don't wait for the first symptoms, but get a bottle to-day and keep it on hand for use the moment it is needed. If neglected the grippe brings on pneumonia. KEMP'S BALSAM prevents this by keeping the cough loose and the lungs free from inflammation. All druggists, 25c and 50c.

"Say, ma!" "What is it, my daughter?" "When shall I be big enough to have a chaperon?"—Town Topics.

Lane's Family Medicine. Moves the bowels each day. In order to be healthy this is necessary. Acts gently on the liver and kidneys. Cures sick headache. Price 25 and 50c.

ABSOLUTE SECURITY.
Genuine Carter's Little Liver Pills.

Must Bear Signature of **Brentwood**
See Fac-Simile Wrapper Below.
Very small and as easy to take as sugar.

CARTER'S LITTLE LIVER PILLS.
FOR HEADACHE. FOR DIZZINESS. FOR BILIOUSNESS. FOR TORPID LIVER. FOR CONSTIPATION. FOR SALLOW SKIN. FOR THE COMPLEXION.
CURE SICK HEADACHE.

GREGORY SEEDS
The old reliable. No variation. New catalogue FREE. J. J. GREGORY & SON, Whitehead, Mass.

FARMS WESTERN CANADA FREE
If you take up your home in Western Canada, the land of plenty, illustrated pamphlets, giving experiences of farmers who have become wealthy growing wheat, raising delegates, etc., and full information as to reduced railway rates can be had on application to the Superintendent of Immigration, Department of Interior, Ottawa, Canada, or address the undersigned, who will mail you atlases, pamphlets, etc., free of cost. F. PEDLEY, Supt. of Immigration, Ottawa, Canada, or to C. J. BROUGHTON, 1223 Monadnock Bldg., Chicago, Ill.; P. O. CURRIE, New Insurance Bldg., Milwaukee, Wis.; M. V. MCINNES, No. 2 Merrill Bldg., Detroit; D. L. CLAVEN, Columbus, Ohio, and JAMES GREYER, Saginaw, Mich.; BARTOLOMEW, 1306 5th Street, Des Moines, Iowa; E. R. HOLMES, Room 6, Six Four Bldg., Indianapolis, Ind.

THE PAN-AMERICAN EXPOSITION AT BUFFALO

BY WILLIAM L. BUCHANAN, Director-General
BY COURTESY OF COLLETT'S WESTLY.

and countries of Central and South America fully realized to how great an extent misinformation with regard to their several countries exists in the United States and Canada, the Pan-American Exposition would be taxed beyond its limit to provide space for the exhibits that would come from those countries to enlighten the people of the United States and Canada concerning their neighbors to the southward. If, on the other hand, the people of the United States and Canada knew to any appreciable degree of the wide opportunities for the profitable investment of money and energy which offer themselves in Central and South America, they would not require such exhibits to awaken their interest, nor would such opportunities long remain unknown or unpossessed.

The Object of the Exposition.
The ideal had in view by those who planned the Pan-American Exposition and toward the accomplishment of which nothing is being left undone that energy and effort can bring about or suggest is that in all that appertains to the industrial and intellectual development of the countries of the Western Hemisphere the Pan-American Exposition shall occupy the position of a great International "Information Clearing House." While interesting millions as a beautiful spectacle, it will afford an opportunity to the peoples of the three Americas to become better acquainted with each other, and it will prove a very prominent factor, too, in developing a proper and just appreciation in each country of the industrial wants and trade possibilities of their neighboring countries of the Western Hemisphere.

While their view of the duty and task imposed upon them in this regard has been broad the generosity and public spirit of the promoters and management of the Exposition in providing for the setting of the Exposition a magnificent, fairylike spectacle in landscape and building effects and in arranging for the sumptuous, intellectual entertainment of visitors within the grounds have been broader. It is safe, I believe, to now risk the asser-

ert threatened war between practically all of the republics of Central and South America—have been amicably concluded. The closing days of the century find that chief source of trouble in Latin America happily reduced to a comparatively small point. It is not just to these republics to say in this connection that due credit should be given them for the fact that in reaching this result they have consistently recognized the theory of arbitration to be the proper and true method by which such international disputes may be solved. Today no boundary difficulty of any kind affects the peace of the east coast of South America, and but two such questions are still to be adjusted upon the west coast. Stable government, well administered, has been reached in very many of the republics south of us. In some—notably in those toward the extreme south of the continent—the most striking and rapid advances imaginable have been made during the past ten years in their material development and in the prosperity of their people.

This has been especially true of the Argentine Republic and of Chile. Fifty years ago the latter supplied flour to the entire west coast of South America, and even to that of North America. The development of California and Oregon, however, changed this, and today the latter not only supplies their own wants, but as well a large section of Central and part of Western South America with breadstuffs. Chile on her part has become the world's nitrate producer and notably so in copper, while her vineyards have increased with each year.

In the Argentine Republic the changes that have occurred are even more striking, because they relate to things with which we of the United States and Canada are more familiar. It is, for example, relatively speaking, but a few years since the United States was shipping flour to the Argentine Republic and to Uruguay. Today, as a result of the immigration that has poured into those republics, but principally into the first country, and as a result of the application of North American farm machinery to the great alluvial basin of the River Plate, the Argentine Republic alone exports to Europe 35,000,000 bushels of wheat and half that amount of maize each year. Not content with having thus become the competitor of the United States and Canada in the Old World in the exportation of breadstuffs, the same republic has also become their competitor—and a strong and growing one, too—in the exportation of meat products. Few have any idea of the growth of this industry in the River Plate republics. Thirty years ago Great Britain imported less than 300,000 pieces of frozen mutton. Indeed that was the beginning of that industry. Today there are killed, frozen and exported to Europe each day from the province of Buenos Ayres alone, in the Argentine Republic, 13,000 carcasses of as good mutton as the world can produce, while innumerable square miles of alfalfa fields dot the republic and furnish rice, cheap fattening material for 30,000,000 or more of cattle possessed by the country.

The advantages the people of the United States and Canada might obtain by grasping the true meaning of the above facts would appear to me many and their value very great.

If they would, for instance, but realize the significance of the one fact that a well bred, fat steer can be and is being produced in the Argentine Republic and exported to England at a total expense at least \$15 less than it is possible to do the same thing in either the United States or Canada—while a great advantage lies with the producer of River Plate mutton—they would realize the strong appearance of probability to the often quoted statement made by some that the not distant future would bring River Plate mutton to our tables in the United States.

Working 24 Hours a Day.
There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing torpid liver, jaundice, biliousness, fever and ague. They banish sick headache, drive out malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Glazier & Stimson's.

Mrs. L. M. Palmer, widow of Dr. A. B. Palmer, a professor at the U. of M. for 24 years, who died Thursday, left \$35,000 to the U. of M. hospital, \$10,000 to the Episcopal church, and \$3,000 to the Ladies' Library Association, at Ann Arbor.

My heart and hand another claimed. His plea had come too late. It's ever thus with people without pluck and vim. Take Rocky Mountain Tea, don't get left again. Ask your druggist.

Probate Order.

STATE OF MICHIGAN, County of Washtenaw, ss. At a session of the Probate Court for the County of Washtenaw, holden at the Probate office, in the city of Ann Arbor, on Wednesday, the 13th day of March, in the year one thousand nine hundred and one. Present, W. L. Watkins, Judge of Probate. In the matter of the Estate of Grace Faulkner, a minor. On reading and filing the petition duly verified of Clara Faulkner, praying that she may be licensed to borrow money by way of mortgage on the real estate of said minor.

Thereupon it is ordered, that Tuesday, the 9th day of April next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate office, in the city of Ann Arbor, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in the Chelsea Herald, a newspaper printed and circulated in said county, three successive weeks previous to said day of hearing.

W. L. WATKINS, Judge of Probate.

DIRECTOR GENERAL BUCHANAN.

tion that as a result of all this the verdict of those who visit Buffalo next year will be that in certain phases, and in not a few, the Pan-American Exposition will be justly entitled to rank in history as the most beautiful and successful of American Expositions.

No one who has approached the subject of Industrial Pan-America seriously believes that the artificial trade conditions now existing between Canada, the different Central and South American republics and the United States—as they affect and restrict commerce and communication between the different countries—can long continue, nor can it be controverted that great changes for the better in these regards have taken place during the past few years. Indeed, a greater advance has been made during the past ten years in the countries of the Western Hemisphere in all that counts for the better than during the 50 years preceding. This statement, made broadly, can be verified in detail. It applies to everything that has tended toward stability of government, toward the betterment and improvement of the people of the different countries, toward the building up therein of permanent national wealth and in the direction of utilizing to a greater degree than heretofore the products and resources of these countries.

Governments and Export Products of South America.

It is true that exceptions to this statement can be easily pointed out; but, broadly speaking, it will bear investigation and will be found to be correct. For example, with few exceptions the seemingly unending boundary disputes—all of which, by the way, came down from the old Spanish regime as an inheritance and which have been for 70 years the source of untold ex-

haustion and of constant irritation and

BLOOD POISON

If you ever contracted any Blood Disease you are never safe unless the virus of poison has been eradicated from the system. At times you see alarming symptoms, symptoms? Sore throat, ulcers on the tongue or in the mouth, itching, aching, pain, itching of the skin, sores or blotches on the body, eyes red and smart, dyspeptic stomach, sexual weakness—indications of the secondary stage. Don't trust to luck. Don't ruin your system with the old foggy treatment—mercury and potash—which only suppresses the symptoms for a time only to break out again when prurient domestic life. Don't let quacks experiment on you. Our NEW METHOD TREATMENT is guaranteed to cure you. Our guarantee is backed by bank bonds that the disease will never return. Thousands of patients have been already cured by our NEW METHOD TREATMENT for over 20 years, and no return of the disease. No experiment, no risk—not a "patch up," but a positive cure. The worst cases solicited.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

We treat and cure NERVOUS DEBILITY, SEXUAL WEAKNESS, EMISSIONS, GYPHILIA, GLEET, STRICTURE, VARICOCELE, KIDNEY and BLADDER DISEASES, and all diseases peculiar to men and women. Cures guaranteed.

READER! Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been poisoned? Have you any weakness? No matter who has treated you, write for an honest opinion Free of Charge. Men "Diseases of Women" "The Golden Monitor" (Illustrated) on Diseases of All sent Free sealed.

No medicine sent C. O. D. No names on boxes or envelopes. Everything confidential. Question list and Cost of Treatment, FREE, for Home Cure.
