A FINE CONCERT

By Talented Singers at the Congregational Church Tomorrow Evening.

There are many lovers of good singing and music in Chelsea, and they should not miss the treat that is in store for them tomorrow (Friday) evening in the concert to be given at the Congregational church, by Messrs. Harlan P. Briggs, Brown, and Eldred G. Robbins, of Ann Arbor. These gentlemen are well and most favorably known in the musical circles of that city and elsewhere as singers of fine ability, in both sacred and secular music.

Eldred G. Robbins, tenor, has a voice of remarkable power and sweetness. He is tenor soloist in St. Andrew's church, Ann Arbor, and first tenor in the U. of M. Glee Club and Quartet.

Mr. Brown is well known as a composer, and "The Captain" and "Bestowals" are his latest productions.

Harlan P. Briggs is well known as a soloist on the Varsity Glee Club. He is also the soloist in St. Andrew's church, Ann Arbor, and his frequent appearances before Ann Arbor audiences have made him their favorite baritone.

The following is the exceptionally fine and popular program they will render:

PART I.

"Song of the Turnkey," from "Rob Roy,"—Harlan P. Briggs.

"Farewell to the King's Highway," from "Highwayman"—Eldred G. Robbins.

The Captain, Brown—Mr. Briggs.

a. Sleep, Little Baby of Mine, Dennee; b. Slumber and Rest Thee, Sheldon—Mr. Robbins.

"The Burial at Sea," Millard—Briggs and Robbins.

Daddy, Behrend—Mr. Briggs.

The Bestowals, Brown—Mr. Robbins.

Porto Rican Love Song—Mr. Brown.

PART II.

"So Lifest Thy Divine Petition," from "Crucifixion"—Robbins and Briggs.

a. "Armourer's Song," from "Robin Hood"; b. "Drink to Me only with Thine Eyes," Old English—Mr. Briggs.

"Love's Cruel Dart," Cavatina from "Doctor of Alcantara"—Mr. Robbins.

"The Pretty Creature"—Mr. Briggs.

"Beyond the Gates of Paradise," King—Mr. Robbins.

"Clang of the Forge," Rodney—Mr. Briggs.

"Yeoman's Wedding Song."

The tickets for the concert are 25 cents for adults and 15 cents for children. The church should be filled.

LYNDON CHEESE FACTORY

Is in Prosperous Condition.—The Quality of Its Product Second to None.

The adjourned meeting of the Lyndon cheese factory was held at the factory on Monday last. The meeting was adjourned from the regular date which was April 8, on account of the sickness of the manager, who was unable to be present. The officers elected for the ensuing year are: President, Delancy Cooper; secretary, B. W. Sweet; manager, John Clark; board of directors, Delancy Cooper, B. W. Sweet, W. E. Wessels, Orson Beeman and A. J. Boyce. The factory took in last year 785,977 pounds of milk, and paid for same \$5,698.45, an average of nearly 78 cents per 100 pounds. The business of the factory was shown to be in a fairly prosperous condition. If cheese on hand for the year were sold and all accounts collected in, there is enough to pay all indebtedness, excepting that incurred for building house, and leave a small amount in the treasury, which is pretty good considering the price paid for milk and the price obtainable for cheese during the year. Lyndon cheese has an established reputation for quality which is second to none in the state.

No More Dog Wardens.

The office of township dog warden has been abolished by act of legislature. The act to levy a tax upon dogs and to create a fund for the payment of sheep killed, has received the governor's signature. The act provides for a tax on every male dog of \$1 and on female dogs of \$3. The assessor or supervisor, etc., must make a list of those owning dogs. If the tax is not paid the sheriff shall proceed to collect the same and kill the dogs upon whom the tax has not been paid. He will receive a fee of \$1 for each dog he kills. A provision covers the way in which people who have sheep killed by dogs can receive compensation for the same.

Consumption Cure — WARNER'S WHITE WINE OF TAR SYRUP, the best cough remedy on earth, cures a cold in one day if taken in time. 25 and 50 cts.

COUNTY CONVENTION.

Christian Endeavorers Will Meet in Chelsea Friday of Next Week.

The annual convention of the Washtenaw County C. E. Union will be held in the first Congregational church, Chelsea, Friday of next week. Entertainment will be provided by members of the local union for all the delegates who may be present. There will be three sessions, morning, afternoon and evening. The program, which is given below, is an excellent one and will be of interest to all who may attend. The public are cordially invited to attend any or all of the sessions.

7:30 Song Service.

Devotional Exercises.

8:00 Music.

Address—Ultimate America in the Mayflower.

Rev. R. W. McLaughlin, Kalamazoo.

8:30 Consecration Service—"I Promise."

Rev. E. B. Allen, Lansing.

9:00 Adjournment.

PLAYED A GOOD GAME.

It Took Ten Innings to Settle the Ball Game at Dexter Saturday.

The Chelsea Stars played an exciting game of baseball Saturday with the Dexter Athletic Club at Dexter. It took 10 innings to decide the game. The score stood 10 to 10 at the end of the ninth inning. In the tenth innings Dexter was whitewashed and the Stars made three scores, leaving the Chelsea boys the victors.

The Chelsea players were: Dwight Miller, pitcher; George Elsie, catcher; Guss Begole, 1st base; Oscar Barris, 2d base; C. Rogers, 3d base; Edgar Steinbach, short stop; George Speer, right field; Bert Steinbach, left field; Herbert Beissel, center field.

The return game will be played Saturday afternoon on the fair ground.

Western Rates Reduced.

Greatly reduced one way rates will be in effect from Chicago, Milwaukee and Manitowoc via Wisconsin Central Railway to points in Minnesota, North Dakota, Montana, Idaho, Oregon, Washington and British Columbia each Tuesday, commencing Feb. 12th and continuing until April 30th.

MICHIGAN IN ORATORY.

University Names Speaker for Eleventh Annual Contest of Northern Oratorical League.

TAKES PLACE AT IOWA CITY NEXT MAY.

Eighth Annual May Festival to Consist of Five Concerts—A Rare Paper—Locomotive in Miniature—Library Statistics—Cooley Day—Other Notes of Interest.

[Special Correspondence.]
University of Michigan, April 15.—Carroll S. Storey, of Oberlin, O., will represent the university in the eleventh annual contest of the Northern Oratorical league, to be held at Iowa City, Ia., May 3. Mr. Storey is a senior in the literary department. In the university contest, held March 21, he won first honor. The title of his oration is "The Minister Plenipotentiary." The institutions comprising the Northern Oratorical league are the Universities of Chicago, Michigan, Minnesota and Wisconsin, Northwestern university, Iowa state university and Oberlin college. Of the ten contests already held, seven have been won by the University of Michigan representatives.

Eighth May Festival.
The eighth annual May festival given under the auspices of the University Musical society of Ann Arbor, Mich., will be held in Ann Arbor Thursday, Friday and Saturday, May 16, 17 and 18. The festival consists of five concerts, the first Thursday evening, the second and third Friday afternoon and evening, and the fourth and fifth Saturday afternoon and evening. The soloists and organizations secured for the festival are as follows:

Mrs. Marie Kunkel-Zimmerman, soprano; Mme. Schumann-Heink and Miss Fiedling Roselle, contraltos; William A. Howland, Gwilym Miller and Sig. Gulseppi Campanari, baritones; Evan Williams and Glen Hall, tenors; Albert Lockwood, pianist; Bernard Sturm, violinist; Alfred Hofmann, violoncellist; Llewellyn L. Renwick, organist; Boston Festival orchestra; the Choral union; Emil Mollenhauer and Albert A. Stanley, conductors.

A Rare Paper.
Dr. Samuel A. Jones, of Ann Arbor, has contributed to the general library a copy of the Old Hero, a newspaper published at Ann Arbor in 1840. The copy is No. 12 of Vol. 1 and is dated July 17, 1840. It is stated that it is to be published weekly, under the supervision of the state central committee, until after election. It carries the democratic whig-national ticket at the head of its editorial column, together with a cut of a log cabin. The paper consists of four pages of four columns each.

A Miniature Locomotive.
Theodore F. Zealand, a senior student in mechanical engineering from Jackson, has completed a working model of an eight-wheel passenger locomotive. The length of the engine and tender is three feet seven inches. It is 12 inches high above the track, which is of 4 1/2 inches gauge. The boiler, 18 inches long and four inches in diameter, will carry a steam pressure of 80 pounds to the square inch. The grate surface is 18 square inches. Either coal or charcoal may be used as fuel.

The cylinders have a diameter of one inch and the piston a stroke of 1 1/2 inches. The valves are operated by Stevenson's link reversing motion. The drive wheels are five inches in diameter. There is a safety valve, a bell and a sand box. The engine is fitted with automatic couplers. When supplied with coal and water the weight of the engine and tender is 60 pounds. Under a full head of steam it develops a speed of from ten to 12 miles an hour. On the sides of the cab is the lettering "U. of M. Eng. Dept." and on the sides of the tender "1901."

Library Statistics.
During the week ended March 16, 1901, 4,371 books were drawn from the general library of the University of Michigan. The daily average for the week was 728 books. The largest number was drawn Monday, March 11, when 780 were called for. More than 97 per cent. of the books were drawn by students of the university. The figures do not include the use of books in the seminary rooms nor the books placed on the reference shelves in the reading-room. It therefore represents not more than one-half the actual use.

During the same week the statistics for the men's cloakroom show an attendance of 2,498 visitors, or a daily average of 416. Of these, 2,258 were day visitors and 240 evening visitors. As the checks represent only about one-third of the visitors, the total daily attendance was not less than 1,200. More than one-third of the total number of books drawn were works of literature, and more than 27 per cent. were historical works.

Under the general subject literature are included works on philology, rhetoric and oratory; and under history, archaeology, travel and geography.

About 100 general periodicals were drawn each day of the week. These were distributed nearly equally among sociology, literature and history.

Patients at Hospital.
During the month of March 203 patients were treated at the university hospital. Of these 121 were in-patients and 82 were out-patients. The average number of patients was 124.5. The highest number of in-patients, 135, was on March 28; the lowest number, 118, March 11.

Date for Cooley Day.
Cooley day will be observed by the students of the law department for the second time, Friday, May 24. The exercises are to consist of an address in University hall at ten o'clock in the forenoon and a banquet in the evening. Speakers of prominence are being secured for both events. Already about 500 graduates and students of the law department have signified their intention of attending the banquet by the purchase of tickets.

COLLEGE CHIEF RESIGNS.
President Ashley, of Albion, Says His Health Will Not Warrant His Resuming Work.

The special meeting of the board of trustees of the college at Albion, which has been called for the 25th inst. to consider the matter of the new library, will have another and a more serious matter on their hands, occasioned by the resignation of President John P. Ashley, whose ill health caused his temporary retirement a couple of months since. Dr. Ashley, who is still at Hot Springs, Ark., has written to the effect that the condition of his health and constitution is such as will not warrant his thinking of resuming active work till so distant a date that he deems his resignation advisable. Mrs. Ashley will remain in Albion a few weeks, after which she will remove to Fostoria, O., the home of her people.

Dr. Samuel Dickie will continue as acting president for the time being at least, or until such time when the vacancy can be satisfactorily filled.

NILES BANK SHORTAGE.
Statement Made by Good Authority That Depositors Will Receive 90 Per Cent. of Their Money.

An official who stands high in Washington and whom the people in Niles trust absolutely, makes a statement concerning the shortage of the First national bank which is accepted as final. He says he has learned from the comptroller that the shortage is \$160,000. In this latter event depositors will receive nearly all their deposits. The capital stock will make good \$100,000 of the shortage, while the surplus will take care of \$25,000 more. This would leave but \$35,000 shortage, which would easily be covered by the amount which will be realized from the assessment on stock. The cost of winding up the bank's affairs will be considerable. However, it is predicted depositors will receive at least 90 per cent. of their holdings.

EVADES LIQUOR LAW.
Novel Plan Adopted by an Owosso Saloonist, Who Issues Tickets to His Customers.

Fred Bartels, who keeps a dance hall and beer joint on Jerome avenue in Owosso, had an examination on the charge of selling liquor without a license. Bartels has nothing but a government license, yet he does a flourishing retail business, much to the disgust of the regular licensed saloon keepers. He has a novel plan. He issues a ticket good for 13 bottles of beer. Whenever a man wants a bottle he presents his card with the necessary price, gets his beer and has his card punched. He claims he does not sell at retail.

Whist Association.
The Michigan Whist association held a business session in Grand Rapids and elected these officers: President, J. H. Gallery, Rapids; vice president, F. A. Mitchell, Manistee; secretary, R. D. Steel, Lansing; treasurer, H. C. Booth; director, three years, R. J. Young, Kalamazoo. The Ladies' Whist association invited a consolidation of the two organizations and the matter was referred to a committee to report at the next meeting.

New Tea Company.
Articles of incorporation of the Grand Union Tea company, a New Jersey corporation, with a capital stock of \$1,000,000, have been filed with the secretary of state. It is understood that the company intends to conduct a number of tea stores in the larger towns of the state. J. D. Kingsbury, of Detroit, is manager of the business in this state.

Miles of Streets.
City Engineer McCormick has had his assistants measure the streets of Detroit and the statistics show a total mileage of opened streets and avenues of a trifle over 600 miles. Of this, 302 miles are streets running east and west, the remaining 298 being north and south thoroughfares. Of the total mileage 269 miles of street (less than half the total) are paved.

TALENTED HELEN HAY.
Elder Daughter of Our Secretary of State Will Soon Publish a New Volume of Verse.

Literary critics of Washington say that "John Hay's daughter" will become one of the successful poets of America. It is about three years ago that Miss Helen Hay published her first efforts in verses, and, independent of the fact that the writer was a daughter of the secretary of state, the book commanded immediate attention. Miss Hay called that initial effort "Some Verses," and she has since revised it for three editions. Last autumn she published a dainty little collection of child rhymes, "The Little Boy Book," and this also was favorably received.

For the last year Miss Hay has been diligently working on the most ambitious work she has yet attempted, and in a few weeks this will be given to the public. It is entitled: "The Rose of Dawn," and is a love story of the south seas told in blank verse. Throughout the book there are snatches of lyric poetry, love songs and ballads of the people, and in these Miss Hay's peculiar talent is vividly displayed. That eminent writer of the south seas and well-known literary critic, Charles Warren Stoddard, is enthusiastic over "The Rose of Dawn," and predicts a brilliant future for Miss Hay as a writer of lyric verse.

This talented young woman is one of the popular belles of the capital. She is feted and admired from the beginning to the end of the season, and few social events may be called successful when not graced by her presence, yet she finds time to write some of the most exquisite verse ever published. She takes a

MISS HELEN HAY.

few hours in the morning, and just before dressing for dinner is a favorite time for her muse. She jots down then the thoughts that come during the hours of gaiety, and later they are woven in dainty numbers. Miss Hay's verse, like that of most young writers, is inclined to sadness—the poetry of tears. In love songs and sonnets she is particularly adept. She naively says that she does not write from experience, since she has never felt the darts of the little rose god, but that her impressions of the master passion are gathered from her friends. Some of her critics assert that when love strikes her harp she will sing her best songs and develop the germs of genius so apparent.

She is nearly 24, and possessed of physical charms as potent as the intellectual. In manner she is strikingly like the author of "Little Breaches," and her expression reminds one strongly of the secretary of state. Col. Hay is intensely fond of his elder daughter and delighted with her literary success. He has encouraged her to write since she was able to hold a pen, and, like Rudyard Kipling and Charles Warren Stoddard, he has an abiding faith in her future.

Girl Will Run an Engine.
Miss Nevada Stout, of Dyersville, O., has received a license to run a stationary engine. She secured the license entirely through her own ability and knowledge, having answered an average of 24 out of every 25 questions propounded to her in the examination. Miss Stout is only 18 years old, but will have entire charge of a 50-horse power engine used in a large mill.

Good Man to Rob.
She—You say he is very formal?
He—I should say so. Why, if he saw a man walking off with his umbrella, I don't think he'd speak to him without an introduction.—Yonkers Statesman.

Explanatory.
Ethel (aged six)—What does "alphabetical order" mean, Johnny?
Johnny (aged seven)—Oh, that's when ma orders us to mind our p's and q's!—Judge.

AT THE SPINNING WHEEL.

A Fair Descendant of John and Priscilla Alden Weaves Flax into Old-Time Cloth.

A lineal descendant of John and Priscilla Alden, noted in revolutionary history, is living at Boston, and greatly cherishes the memory of her ancestors, whom Longfellow immortalized in his celebrated poem. She is one of the few women of New England who still use the spinning wheel, and she is said to be as expert as was her great-grandmother, Priscilla, after whom she is named. At the exhibition of the Daughters of the Revolution at the Hotel Strat-

ford in Boston the other day Miss Alden was the cynosure of all eyes. She sat at her timeworn spinning wheel, arrayed in old-fashioned Puritan gown and cap, and spun the tough flax and fine silken thread just as her long line of grandmothers had done for the past 200 years. She bears a striking resemblance to the first Priscilla and her sweet maidenly dignity and gentleness of carriage would have won the heart of John Alden himself could he have peered into the parlors of the Stratford yesterday and seen her at work at the wheel.

Many generations of Aldens have used the old wheel. Some of them spun flax upon it to make garments for those who defended the infant colony against the bloodthirsty Indians, and later on the thread of the uniforms of the continental soldiers of the revolutionary war was reeled off it. The wheel is a precious heirloom and hundreds of people visited the exhibition yesterday especially to see Miss Alden spinning it.

While sitting at her wheel Miss Alden occupied a chair that is also historic. It was originally the property of Gov. Bradford, of Plymouth Rock fame. It has remained in the Bradford family ever since, and many distinguished people have used it during the last two centuries.

PHILOSOPHY OF DRESS.

Why a Woman's Size Appears to Vary According to the Color of Her Gown.

—That the color of a woman's dress can make her look larger or smaller is a fact that many professional dress-makers now take into consideration.

Dressed in black and dark hues, stout women look smaller both in the street and when out walking; and by a use of the same hues, the dimensions of small people are so decreased that they appear like dwarfs.

The optical effect of white and light colors is to enlarge all objects, and make the stout woman who wears them almost mountainous in her appearance. She need not, however, look dingy and dull, for the rich, dark hues offered to her for selection are varied and numberless. Greens and blues, in their various shades, are better than reds, giving an effect of repose and distance.

All light-colored materials should be avoided for the waist. During the awkward age of girls, between the age of 12 and 14, dark blue or plain red cashmere or serge is found to be productive of the best results.

In choosing colors for dresses, the complexion must, of course, be taken into account. Those with sallow, dark faces should select clear tints, and scrupulously avoid glaring bright and decided hues. Those who possess clear skins and pale faces may wear all shades of rose, primrose, buff, light green, lilac, brown and violet.

Color in dress not only exerts an influence over the beauty of the wearer, but also over her health. Dark colors are found to absorb and give out smells of all kinds to a far greater extent than the light, and it is for this reason that professional nurses are not allowed to wear black dresses. It is said that for nurses black cotton is bad, black wool worse and black silk the most injurious of all. Some doctors refrain from wearing black clothes when visiting patients for the same reason.

The warmth and comfort of the body are also affected by the color of the clothes which cover it, white and light-colored fabrics reflecting the heat and black and dark ones absorbing it. Black, however, throws heat off sooner, and white clothing retains the natural heat of the body longer than black.—N. Y. Journal.

DO YOU FEEL LIKE THIS?

Pen Picture for Women.

"I am so nervous, there is not a well inch in my whole body. I am so weak at my stomach and have indigestion horribly, and palpitation of the heart, and I am losing flesh. This headache and backache nearly kills me, and yesterday I nearly had hysterics; there is a weight in the lower part of my bowels bearing down all the time, and pains in my groins and thighs; I cannot sleep, walk, or sit, and I believe I am diseased all over; no one ever suffered as I do."

This is a description of thousands of cases which come to Mrs. Pinkham's attention daily. An inflamed and ulcerated condition of the neck of the womb can produce all of these symp-

MRS. JOHN WILLIAMS.

toms, and no woman should allow herself to reach such a perfection of misery when there is absolutely no need of it. The subject of our portrait in this sketch, Mrs. Williams of Englishtown, N.J., has been entirely cured of such illness and misery by Lydia E. Pinkham's Vegetable Compound, and the guiding advice of Mrs. Pinkham of Lynn, Mass.

No other medicine has such a record for absolute cures, and no other medicine is "just as good." Women who want a cure should insist upon getting Lydia E. Pinkham's Vegetable Compound when they ask for it at a store. Anyway, write a letter to Mrs. Pinkham at Lynn, Mass., and tell her all your troubles. Her advice is free.

THINGS YOU MAY NOT KNOW.

Europe has had 321 monarchs since the battle of Hastings.

Only 24 doctors reach the age of 70 for every 42 clergymen.

Wheat is mentioned 28 different times in the Bible.

Germany holds the record for the first daily paper. It was printed in 1324.

Four bushels of potatoes contain the same amount of nourishment as a bushel of wheat.

When the serfs were freed in Russia, the government paid on an average \$15 for 20,700,000 of them.

MOTHER AND DAUGHTER.

The Wife and Mother-in-Law of Mr. Charles Keys.

Clarissa, Minn., April 15 (Special).—No family in this vicinity is better known or more universally respected than Mr. Charles Keys, the local School Teacher, and his estimable wife, and mother-in-law. For a long time, Mrs. Keys has been in ill health. Recently, however, she has found a cure for her ailments in Dodd's Kidney Pills.

"I cannot speak too highly of Dodd's Kidney Pills, or of what they have done for me," said Mrs. Keys.

"My life was miserable, my back always ached, also my head. I was troubled with Neuralgia in the head and face and suffered extreme pain, but thanks to Dodd's Kidney Pills, all those aches and pains have vanished like the morning dew, and it now seems that life is worth living. I consider Dodd's Kidney Pills a God-send to suffering humanity. They may rightly be named the Elixir of Youth."

"While speaking of my own case and the wonderful benefit I have received, I might also add, that my mother, who is now an old lady of 74 years and who lives with me, has been troubled more or less with aches and pains, as is natural with one of her advanced age. When she saw what Dodd's Kidney Pills had done for me, she commenced to use them herself, and she says that they have done her more good than any other medicine she has ever tried. This testimony is given in the hope that others who may be afflicted as we were, may see and read it, and be benefited by it."

What Mrs. Keys states in her letter can be verified by reference to any of her many friends in this neighborhood. Dodd's Kidney Pills have already a wonderful reputation in Todd County.

Nothing has ever cured Bright's Disease, Diabetes or Dropsy but Dodd's Kidney Pills.

Free New Map of Oregon, Washington and Idaho.

The tide of emigration is strong toward the North Pacific Coast states, but there is still ample room for more, and the country wants you.

The best sections of those states for agriculture, cattle, sheep, hogs, lumbering or mining, are in the Columbia and Snake river basins.

For a new map of the region and a book descriptive of its resources, send 6 cents in stamps to pay postage, to A. L. CRAIG, Gen. Pass. Agt. Oregon R. R. & Nav. Co., Portland, Ore.

A Head

that throbs, pains and aches, or feels heavy, stuffy, dull or dizzy, is a poor head to do business with. It irritates the temper, upsets the stomach, interferes with digestion and wears out the brain and nerves. Make the nerves strong, the brain clear and your head will be right.

"Had headaches from boyhood, and finally got so nervous that I could not rest. Felt dizzy, dull, confused and could scarcely think connectedly. Dr. Miles' Nervine strengthened my nerves and made my head clear as a bell."
REV. W. M. VAN SICKLE,
Lewisburg, Ohio.

Dr. Miles' Nervine

quiets the irritation, stimulates digestion and builds up nervous health and strength. Try a bottle.

Sold by druggists on guarantee.
Dr. Miles Medical Co., Elkhart, Ind.

THE CHELSEA HERALD

T. W. MINGAY, Editor and Proprietor.

PUBLISHED EVERY THURSDAY
for \$1.00 per year strictly in advance.

Entered at the Post Office at Chelsea, Mich.,
as second class matter.

THURSDAY, APRIL 18, 1901.

FRIENDS AND PATRONS OF THE CHELSEA HERALD WHO HAVE BUSINESS AT THE PROBATE OFFICE ARE REQUESTED TO HAVE JUDGE WATKINS SEND THEIR PROBATE AND OTHER LEGAL NOTICES FROM THAT OFFICE TO THE HERALD.

Electric Railway Notes.

Men are at work laying the rails on the D. Y. A. A. & J. line between Lima and Chelsea. The poles have also been placed and the wire gang is at work stringing the wire.

The D. Y. A. A. & J. railway company have encountered a sink hole this side of Michigan Center, where it proposes to cross the Michigan Central, which they have been trying to fill up ever since early in February.

The Dexter Leader says, "There seems little doubt now, judging from the situation of affairs, but that the Dexter-Lansing electric road will be built." It further states that it is the best railroad proposition in Michigan today.

Dexter Leader: These are very busy days at the Michigan Central station. There are ties by the acre for both electric lines, and poles and steel arriving and more to come. Every available man and team can find employment and there is still an active demand for more help.

Judge Peck, of the Jackson circuit, has dissolved the injunction proceedings brought against Hawks & Angus to prevent them building the D. Y. A. A. & J. electric road across the Robinson farm near Grass Lake. Hawks & Angus must give an indemnifying bond of \$500 before proceeding with the road.

Jackson Patriot: W. A. and J. B. Foote on Saturday made a contract with the New York Safety Power Co. for eight boilers for the new power house to be built in Jackson by the Detroit & Chicago Traction Co. The boilers are to be of 600 horse power capacity each and are to be delivered within 60 days.

Grass Lake News: A big force of men passed through town Tuesday on their way to work on the Boland line between Grass Lake and Chelsea. The boarding houses about town are filling up with employees engaged on the Boland line. Work is being pushed as rapidly as possible on the road bed east to Chelsea.

J. D. Hawks, of the D. Y. A. A. & J. electric road, O. D. Richards, chief engineer of the Ann Arbor road, and a deputy railroad commissioner, held a conference in Ann Arbor Tuesday afternoon in reference to the proposed overhead bridge over the Ann Arbor road on West Huron street. They went over the ground and considered the plans submitted.

The township board of Plymouth, Wayne county, has granted a franchise to the Detroit & Chicago Traction Co. to construct its electric line on the highway

through the township. A private right of way has been purchased by the company from Ann Arbor to the Plymouth township line, and its representatives will now be set at work purchasing a private right of way throughout that township.

The Everett syndicate, which has control of the Detroit electric railway systems, is making plans to absorb and consolidate the suburban electric railroads running into Detroit. The roads proposed to be included in the new consolidation are the Detroit & Pontiac, the Detroit & North-western, the Detroit, Rochester & Lake Orion, the Detroit, Ypsilanti, Ann Arbor & Jackson, and the Rapid Railway system.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1½ boxes of Bucklen's Arnica Salve and my leg was as sound and well as ever." For eruptions, eczema, tetter, salt rheum, sores and all blood disorders Electric Bitters has no rival on earth. Try them. Glazier & Stimson will guarantee satisfaction or refund money. Only 50 cents.

Lyndon.

Waterloo village has a new doctor.

Thomas Clark, of the U. of M., is spending his vacation at home.

John Breitenbach is sawing wood in the vicinity of the Center this week.

Austin Howlett, of the U. of M., is spending a few days here this week with his father on the farm.

H. S. Barton is quite sick with the grip. Grandma Drake of the same household is also quite sick with the same malady.

If you are a little indisposed or a good deal sick, and you don't know what ails you just call it the grip, as that name seems to cover all ailments not specifically named by the medical fraternity. The name seems to be fashionable, and if you have the grip you will have what everybody else is having, or if they haven't it they expect to have it this spring anyway.

Louis M. Gelston, the young student who so heroically volunteered to nurse his companion who was stricken with bubonic plague in Ann Arbor and taken to the pest house, is very well known to a good many Lyndon folks. He was a classmate of Thomas and Herbert Clark in the Ann Arbor high school, and spent some of his vacations here with the Clark boys. He was a bright boy and much esteemed by his friends here for his sterling and manly qualities.

Taken this month keeps you well all summer. Greatest spring tonic known Rocky Mountain Tea, made by Madison Medicine Co. 35c. Ask your druggist.

Lima.

Mrs. Wm. Covert is sick with the grip. Orla Wood is spending this week at home.

Amanda Bareis is very sick with lung trouble.

Roy Easton is sick with symptoms of the smallpox.

Orrin Easton has been hired to take care of the chusch.

Miss Adena Strieter is confined to her bed with inflammatory rheumatism and rheumatic fever.

Irving Hammond and John Steinbach have each sold a gravel hill to the D. Y. A. A. & J. electric railway company.

The Epworth League will have a necktie social at Wm. Stocking's on Wednesday evening next, April 4. Each lady is requested to bring two ties. The ties will be sold at auction. A good supper will be served.

'Tis Easy to Feel Good.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure constipation, sick headache, dizziness, jaundice, malaria, fever and ague and all liver and stomach troubles. Purely vegetable; never gripe or weaken. Only 25c. At Glazier & Stimson's drug store.

PERSONALS.

Miss Fannie Warner is visiting friends in Ann Arbor.

F. P. Glazier was in Ann Arbor on business Monday.

Rev. Albert Schoen and sister spent Sunday in Dexter.

Claude Martin is spending a couple of weeks at home with his family.

M. J. Cavanaugh, of Ann Arbor, was in Chelsea on legal business Tuesday.

Mrs. A. B. Kimball, of Leslie, is visiting her daughter, Mrs. W. W. Gifford and family.

Miss Violet Wallace, of Ann Arbor, spent Sunday with her sister, Mrs. Bert Taylor.

Wm. Hayes and family, of Grass Lake, spent Saturday and Sunday with Mrs. Joseph Schatz.

Miss Anna Mast, who spent the past week here with her parents, returned to Jackson Monday.

P. J. Lehman, county agent for juvenile offenders, was in Chelsea on business in Justice Parker's court Tuesday.

Joseph Wess, of Jackson, an old time resident of Sylvan, spent last week with relatives and friends in Chelsea and vicinity.

Rev. C. S. Jones, Mrs. T. S. Sears and Mrs. L. Winans went to Union City, Tuesday, to attend the Jackson Congregational Association meeting.

Mr. and Mrs. Frank Nelson, of Lansing, who were called to Chelsea by the illness and death of his mother, Maria Nelson, returned home this morning.

Mr. and Mrs. Stiles, the parents of Rev. F. A. Stiles, have rented Dr. H. H. Avery's house on Jackson street, and will come here to reside in the near future.

To Cure La Grippe in 24 Hours.
No remedy equals WARNER'S WHITE WINE OF TAR SYRUP for this terrible and fatal disease. If taken thoroughly and in time, it will cure a case in 24 hours and for the cough that follows La Grippe, never fails to give relief. Price 25c and 50c.

THE HERALD OFFICE.

ITEMS OF LOCAL INTEREST.

Born, to Mr. and Mrs. Homer G. Ives, Sunday, a daughter.

Geo. E. Davis started in Monday to sow onions on his marsh.

Chelsea students at the U. of M. are at home this week for the spring vacation.

F. P. Glazier was granted a patent for improvements in wickless oil stoves last Tuesday.

Crow, hawk, and woodchuck scalps will be worth 15 cents apiece in Manchester township this year.

The Chelsea Telephone Co. now has over 90 subscribers, besides its connections with surrounding villages and towns.

Rev. W. P. Conditine will celebrate mass at the residence of Timothy Marri-ni in Grass Lake, Tuesday next, April 23, at 8:30 a. m.

W. R. Lehman says he will be a candidate for the nomination for sheriff of Washtenaw county in the Democratic convention of 1902.

E. E. Sayad, a Persian, conducted the services at the Christian Union church in Sylvan Sunday. At the morning service he spoke on "Customs in America."

Letters written by Ralph Freeman, from Cuba, to his brothers in this place and Manchester, state that he is delighted with the climate and country, and would not care to return to the United States.

Gov. Bliss has appointed P. H. Kelly, of Detroit, to succeed E. F. Johnson, of Ann Arbor, and Lincoln Avery, of Port Huron, to succeed Fred A. Platt, of Flint, as members of the state board of education.

The new catalogues of St. Mary's library were issued to those who use the books last Sunday. Everyone was pleased with the neat little pamphlet, and the Herald office, where it was printed, has received many compliments on its attractive appearance.

Gen. Charles King, the well known soldier and author, will take temporary command of the Michigan Military Academy. Col. J. Sumner Rogers has retired on account of impaired health. Gen. King acted in the same capacity for two months in 1892.

An outside entrance to the basement of the Congregational church is being put in on the east side of the building. A kitchen is also being fitted up, a cistern and cesspool built, and the waterworks connections made. F. Brooks & Son are doing the mason work.

During the month of March 203 patients were treated at the University hospital. Of these 121 were in-patients and 82 were out-patients. It is stated there are at present over 60 women patients seeking admission to the hospital for whom there is no room, all the wards being full of patients.

S. A. Mapes has rented the building occupied by H. L. Wood & Co. and will move the Chelsea Steam Laundry business into it. Until May 1 he will take care of all laundry orders left with him as he has done since the fire. After that date he will have his own laundry, in which he is making many improvements, running in full blast.

Mrs. Maria Nelson died at the home of Mr. and Mrs. A. Steger, Monday noon, of pneumonia, aged 75 years and 7 months. She had been a resident of Chelsea for 23 years. One son, Frank Nelson, of Lansing, and one daughter, Mrs. A. Steger, survive her. The funeral services, held at the house yesterday afternoon, were conducted by Rev. J. I. Nickerson. Interment was in Oak Grove cemetery.

The editor of the Stockbridge Sun says: A gentleman remarked to us one day last week that the late township election held in this village was the first town meeting he ever attended where there was no evidence of drink whatever visible. "Why," said he, "there wasn't even a smell of liquor anywhere." Either Stockbridge is a model town in that respect or the gentleman was "stuffing" the editor.

The L. C. B. A. gave another of their pleasant party Thursday evening in the Foresters' hall. Over 100 people were present and there were 21 tables of interested players. Miss Mary Smith won the ladies' prize and Ed. Keusch carried off the gentlemen's prize. The booby prizes were captured by Miss Rose McIntee and John Welch. Delicious ice cream and cake was served to all during the evening.

The new Pan-American stamps which will shortly make their appearance, will be the first stamps to be printed in more than one color. The body of a one cent stamp is green, with the picture of a lake steamer in the center in black. The body of the two-cent stamp is red, with an express train in black, and the five-cent stamp is blue with the picture of a steel arch bridge in black. The stamps are slightly different in shape from those now in use, being wider and not so deep.

Grass Lake Chapter of Eastern Star will visit the Manchester Chapter May 10.

Train No. 8, due here at 5:20 a. m., now leaves the morning mall at this place.

The St. Mary's Literary Club will meet with Miss Lena Foster next Wednesday evening, April 24.

Rev. C. S. Jones will entertain his Sunday school class of boys at the Congregational parsonage this evening.

The completed election returns show that C. E. Foster had 339 majority in the county for school commissioner.

Since the gutters in front of the stores on Main street have been cleaned out the street presents a much neater appearance.

The Dexter township Sunday school association is holding a convention at the German Evangelical church at Four Mile Lake, today.

F. P. Glazier will erect from 15 to 20 new houses in different parts of the village, on land owned by him during the coming season.

Rt. Rev. John S. Foley, D. D., bishop of Detroit, will administer the sacrament of confirmation to a class of young people at St. Mary's church next September.

The house has passed the garnishee bill by a vote of 79 to 15. It makes a debtor liable for 20 per cent of his salary or wages, \$3 a week being exempted in all cases.

The "Dismal Swamp" in Georgia, well known through its connection with slavery days and mention in Mrs. Harriet Beecher Stowe's works, is now owned by Charles Hebard & Sons, of Pequaming, Mich.

The Ladies' Aid Society of St. Paul's Lutheran church will give a supper at the town hall on Saturday evening of next week, April 27. Supper served from 5 o'clock until all are served. Price 15 cents.

F. P. Glazier has bought the Hudler store and the vacant lot adjoining it on the north from H. L. Wood. He has also bought the house and lot on South street, occupied by Edward Weber, from that gentleman.

Congressman Smith has nominated Arthur Wesley Sears, of Jackson, candidate for admission to the naval academy at Annapolis, with Hollis Moseley Cooley, of Ann Arbor, son of Prof. M. E. Cooley, himself a graduate of Annapolis, as alternate.

The Dexter Leader has again changed front and now appears as an 8 page paper with six columns to the page. We congratulate Bro. Thompson on the good taste he displays in returning to a quarto paper. The old fashioned blanket sheets are a thing of the past.

The Michigan Central is adding largely to its rolling stock. Ten new engines will arrive at the Jackson roundhouse during this month. The company has also placed with the American Car & Foundry Co. one of the largest orders on record for freight car equipment. The order is for 2,000 standard box cars, which will cost \$600 each.

The Freedom correspondent of the Manchester Enterprise tells of a wonderfully forgetful man who lives in Sharon in the following item: "A prominent farmer and wife of Sharon recently attended an auction here and while on his way home he suddenly thought he'd forgotten something, when he demurely turned around and came back after his wife whom he had left at the place of the auction."

At the meeting of the common council last evening the liquor bond of Vogelbacher & Zang, with J. S. Gorman and Martin Howe as sureties, was not accepted. The petition of the saloonkeepers for an extension of hours until 10 o'clock standard each evening of the week except Saturday and on that evening until 10:30 o'clock standard, was laid on the table.

The biggest mortgage ever filed in Washtenaw county was deposited with Register of Deeds Huston Saturday. It is given by the Pere Marquette Railroad Co. to the Farmers' Loan and Trust Co., trustee. The amount of the consolidated mortgage is \$50,000,000. The register's fee for copying the mortgage was \$26 and it had to be filed in the 23 different counties through which the combination of the Flint & Pere Marquette Railroad Co., the Grand Rapids & Western, the Chicago & West Michigan and the Detroit, Lansing & Northern railroad runs.

A Raging, Roaring Flood Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for coughs, colds and all throat and lung troubles by Glazier & Stimson. Price 50c and \$1.

DRIVEN FROM TOWN.

Mrs. Nation Is Ordered to Leave Kansas City.

Arrested for Obstructing the Streets the Famous Reformer Is Fined—Payment to Be Enforced if She Returns.

Kansas City, Mo., April 16.—Mrs. Carrie Nation, who was arrested Sunday charged with obstructing the street, was arraigned before Police Judge McAuley Monday morning, fined \$500 and given until six o'clock in the evening to leave the city. The judge warned Mrs. Nation if she was found in the city after that hour she would be arrested and placed in jail. She agreed to leave town, and 15 minutes later boarded a street car for Kansas City, Kan.

Mrs. Nation appeared in court early accompanied by her brother and a woman friend. The courtroom was literally jammed with people, and the people filled the doorway and crowded the hall. Several cases were called before Mrs. Nation's, and she watched the proceedings with manifest impatience.

Mrs. Nation on Stand.

When Judge McAuley finally asked Mrs. Nation what she had to say to the charges against her, the little woman arose instantly and delivered herself of a fierce tirade against police and court. She pleaded that she was merely waiting for a car when arrested, and was making the best of her time in the meantime by talking to the crowd that had gathered.

Policeman's Testimony.

A policeman testified that several cars had passed without Mrs. Nation making any attempt to board any of them. This caused Mrs. Nation's ire to rise and she flatly denied the statement. "There was no car in sight," she snapped, "and I want you to know that I am a lady and tell the truth."

Fine Hangs Over Her.

The fine will be held over Mrs. Nation in case she should return to the city, and until she is released from the court's order she is practically barred from visiting Kansas City.

Mrs. Nation pleaded that she wished to go to Liberty, Mo., within a few days and asked if she would be permitted to pass through Kansas City en route. Judge McAuley answered in the affirmative, but warned Mrs. Nation not to stop off there.

The crowd clapped loudly at the decision. Mrs. Nation submitted mildly and promised to leave the city immediately, remarking that "the town was filled to overflowing with hell broth." A crowd of several hundred people followed the joint-smasher as she left the courtroom and made for a car, and soon saw her started for the Kansas side.

Says She Will Return.

Topeka, Kan., April 16.—Mrs. Carrie Nation, when asked Monday night regarding her experiences in Kansas City, said: "Oh, I'm going back to Kansas City week after next to speak at the McGee mission. Of course, they think I won't dare to come back, but they cannot do anything as long as no trouble is caused. I had a good time in Kansas City, and will go there again."

THE CANAL TREATY.

Proposal to Reopen Negotiations Not Favorably Regarded by Many Senators.

Washington, April 16.—Long interviews were had Monday between Secretary Hay and Senators Foraker and Lodge, supposedly with reference to the proposed isthmian canal treaty, which is to replace the Hay-Pauncefote treaty, if Secretary Hay succeeds in his task of reconciling the views of the senate and the administration. The talks that the secretary of state thus far has had with senators on the subject of a canal treaty have revealed a considerable opposition to any treaty at all, some senators insisting that nothing more is requisite to the construction of the canal than the abrogation of the Clayton-Bulwer treaty, and it is still far from certain that a treaty can be drafted that will command the support of two-thirds of the senate and still be reasonably acceptable to Great Britain.

COMMISSION NAMED.

Cuban Convention Sends Delegates to Washington to Interview the President.

Havana, April 16.—At Monday's session of the Cuban constitutional convention five delegates, Senors Diego Tamayo, Capote, Berriel, Portuondo and Lorente, were appointed a commission to go to Washington to lay before President McKinley the desires of the convention regarding the future relations between Cuba and the United States. The commission was instructed to confer with Governor General Wood regarding the date of departure and the best conditions for an interview with the president.

BAN ON AMERICAN BEEF.

British Government Decides to Use None But Home-Grown Product for Army Contracts.

Washington, April 12.—The department of agriculture has received a dispatch from a prominent packing company of Chicago announcing that they have just been advised that the English government has excluded all beef except home-bred, from the British army contracts. This, it is stated, is to be effective June 1 next.

Washington, April 13.—Secretary Hay has cabled to Ambassador Choate an inquiry into the reason for the order of the British government, a measure which excludes the American refrigerated beef heretofore used. This action is taken at the instance of the department of agriculture.

London, April 13.—The British war office confirms the report that it is going to try the experiment of supplying the army with only home-grown beef. The experiment will extend six months, from June 1.

The director of contracts, a major, said to a representative of the press:

"The new rule applies only to refrigerated beef hitherto bought in the open market in London. It will not seriously affect the American trade, as the total weekly supply for the army is only 200,000 pounds, which is barely two per cent. of the weekly imports of refrigerated beef into England from the United States. Mr. Brodrick's action was taken long before the New Orleans proceedings. It is quite absurd to suppose that any idea of retaliation prompted the order, which was due to a natural desire to help some of the home industries. The difference in price is very trifling, and we are making that up by giving Tommy Atkins frozen mutton two days instead of one day weekly. If the plan is satisfactory our supply problem will be greatly simplified, for we often have complaints and disagreements over refrigerated beef. You must not suppose that we now use no home-grown beef. Aldershot and some of our other camps are almost entirely supplied with home-grown beef. We have hitherto used refrigerated beef as an addition to our rations, rather than an integral part. We have no prejudice against American firms, and we do not believe they will miss this trade to any extent, even if it is decided to continue the experiment."

BOTH WIN VICTORIES.

The British Take a Boer Capital and the Latter Capture Seventy-Five British Soldiers.

London, April 10.—Lord Kitchener, reporting to the war office under date of Pretoria, April 8, says:

"Plumer has occupied Pietersburg, with slight opposition. He captured two locomotives and 20 trucks."

The capture of Pietersburg is regarded here as important. The place is the terminus of the railway, and has been the capital of the Boer government since the evacuation of Pretoria. The whole northern railway is now in the hands of the British.

As an off-set, the commander-in-chief reports that a detachment of 100 men of the Fifth lancers and imperial yeomanry were attacked by 400 Boers to the northward of Aberdeen, Cape Colony, and that after several hours' fighting the British were surrounded and captured, with the exception of 25 who succeeded in making their escape.

London, April 11.—The report that Gen. Botha has renewed the negotiations with Lord Kitchener is not yet officially confirmed, but it is generally credited and received with satisfaction.

London, April 13.—The Daily Express says it understands that the government has decided to cease sending reinforcements to South Africa.

Liabilities Are High.

New York, April 13.—William E. Coffin, of this city, who was a former partner in the banking house of Coffin & Stanton, which made a general assignment in 1894, filed a petition in bankruptcy in the United States district court Friday. He schedules his liabilities at \$4,150,907 and assets at \$25, which is cash in bank. The secured claims amount to \$2,986,172. The largest creditors who hold no security are the city of Santa Cruz, \$332,000, and the city of Ironwood, Mich., for \$115,000, these sums being due the respective municipalities on contracts for bonds purchased.

First Cable Raised.

New York, April 12.—Accompanied by the screeching of whistles and the cheering of thousands of spectators on both sides of the East river, the first cable of the new East river bridge was raised from the bed of the river Thursday and drawn taut by a powerful engine until it was 120 feet above the surface of the water. Thousands viewed the raising of the cable from the shores, while many tug boats, yachts and craft of all kinds ran up near enough so that those on board could witness the work.

Drainage Canal Flow Cut Down.

Chicago, April 12.—Federal authorities have ordered the flow in the Chicago river reduced from 390,000 to 200,000 cubic feet a minute. Word to this effect came from Washington to the sanitary commission Thursday. The board will act immediately upon receipt of the official order and the current will not be increased before the channel has been widened and deepened and existing obstructions to navigation have been removed.

MICHIGAN STATE NEWS.

Arbor Day.

Gov. Bliss issued the following Arbor day proclamation:

In the name and by the authority of the people, I, Aaron T. Bliss, governor in and over the state of Michigan, acting in accordance with section 1,754 of the Compiled Laws, do hereby name Friday, April 26, 1901, as Arbor day.

Believing that widespread interest in its observance will be for the general good, I request the people to give particular attention thereto, and advise that in all educational institutions there be carefully studied programmes bringing out the real meaning of the day. Michigan having a vital concern in the forestry problem, those charged with the spreading of information among the people, cannot better serve along these lines, and this is especially the duty of the newspapers. Let there be a general planting of trees, shrubs and vines, for the adornment of the homes, and for the beautifying of the highways. This will be a commendable public service in the case of all state, county and municipal institutions, and to this end I request those in authority to see that the aims sought in this proclamation be brought to pass.

Found Guilty.

The trial of Bert Tibbets, charged with the murder of Humphrey Jackman in Georgetown on December 31, 1900, ended in Grand Haven with a verdict of guilty. Jackman was found in a barn close to the heels of an alleged vicious horse in a dying condition. It was supposed the horse inflicted the wounds, but an investigation led to the arrest and conviction of Tibbets.

Was Well Known.

Rev. Dr. George F. Hunting, one of the best-known Presbyterian ministers in the country, died at his home in Marshall of paralysis, after two years of failing health. He was formerly president of Alma college, at Alma. Dr. Hunting was prominent as a G. A. R. man and Knight Templar, and had considerable fame as a poet. He leaves a widow and four children.

Health in Michigan.

Reports to the state board of health from 76 observers in various portions of the state for the week ended April 6, indicate that pleuritis and smallpox increased in area of prevalence. Consumption was reported at 190 places, measles at 29, typhoid fever at 40, scarlet fever at 82, diphtheria at 21, whooping cough at 13 and smallpox at 100 places.

Plenty of Poor Paper.

It is claimed that nearly \$100,000 worth of poor paper has turned up in the First national bank assets in Niles in addition to the \$195,000 that Johnson stole. The shortage may reach \$295,000. In this event the depositors will not get above 70 per cent., and perhaps not more than 50. Many of the stockholders cannot meet the assessment.

Becomes Insane.

Mrs. R. Gates Rice, a wealthy resident of St. Joseph and a well-known society woman, became insane from grief over the loss of her husband, who dropped dead in the streets recently. Mrs. Rice recently created a sensation by paying up the entire indebtedness of St. Paul's Episcopal church.

A Double Crime.

Darius O. Bachelder, a horse breaker, shot his wife through the throat in their house at Adrian and then shot himself through the temple, dying instantly. Mrs. Bachelder lived but a few minutes. The couple had quarreled a great deal the past few days.

News Briefly Stated.

Gov. Bliss has appointed Herbert E. Winsor to be judge of the Calhoun circuit court recently created by the legislature. He has been a resident of Marshall some 30 years, and is a graduate of Hillsdale college.

Two rural mail routes have been established at Holland, one along the south side of Black lake and south through Laketon and Fillmore in Allegan county; the second running east and north through townships Holland and Olive.

The proposition to bond Oceana county for \$15,000 for a new jail was lost at the recent election.

Considerable interest is being aroused in Osceola county and especially in Reed City, over the question of the removal of the county seat from Hersey to Reed City.

Gov. Bliss has issued a parole to Harry Auster, sent from Ludington last October for receiving stolen property, to one year at the state house of correction at Ionia.

John M. B. Sill, minister resident and consul general for the United States to Corea from 1893 to 1897, died at Grace hospital in Detroit, aged 70 years.

One of the Detroit plants of the American Radiator company was burned, causing a loss of \$150,000.

A combine of ice companies has been formed in Jackson and prices have gone up 30 per cent.

The lumber trade of Saginaw is in a prosperous condition at the present time and indications point to a busy season.

Josiah Smith, originator of the idea of the flag flying over the little red schoolhouse, a resident of St. Clair for more than half a century, is dead. He was 84 years old.

THE GRAND ARMY.

Department Commander Allen Issues General Order Concerning the June Meeting at Flint.

Department Commander Allen, Michigan G. A. R., has issued orders relative to the state encampment to meet at Flint in June. The Michigan Passenger association has authorized a rate of one fare for the round trip from all points in lower Michigan, tickets to be sold June 11 and 12, limited to return on or before June 14.

All communications concerning the encampment should be addressed to Andrew J. Ward, Flint.

Announcement is made that the executive committee awarded the silk banner offered to the post making the greatest increase in membership during the year to Charles Martin post, Martinsville, Wayne county; the second prize being awarded to Charles T. Foster post, Lansing.

William S. Little post, No. 375; John L. Buell post, No. 426, and George H. Gilbert post, No. 451, have been appointed additional aids on the staff of the commander in chief.

New posts have been organized at Montrose and South Lyon, with 14 and 13 charter members respectively. A new post is soon to be organized at Attica. Posts at Bear Lake, Crystal Falls and McBain have gone out of commission, and posts at Sebawa, Remus and Mears are delinquent for December reports.

APRIL CROP REPORT.

Farmers Again Fear the Hessian Fly—Average Condition of Winter Wheat Is Good.

The Michigan crop report for April says:

During March the lowlands in some sections of the state were covered with water and some damage was done to wheat. Information in regard to wheat varies, some correspondents thinking that prospects for a crop are fair, while others are of the opinion that it will again be damaged by the Hessian fly. Correspondents generally agree that the crop wintered well, but in many parts of the state the plants are full of flies ready to begin their ravages as soon as conditions are favorable. Some are expecting parasites to decrease the work of the fly, but it is difficult to estimate this factor so early in the season. Warm, dry weather will favor the fly, while cold, damp weather will be unfavorable to the hatching of a spring brood of the insects. The average condition of wheat in the state is 80, or 15 better than at this time last year.

The average condition of meadows is 93 for the state; horses and swine, 9; sheep, 95; cattle, 94. There are some reports of large loads of spring rigs, and also that sheep and lambs are dying in some parts of the state.

SMALLPOX EPIDEMIC.

Is Now Prevailing in One Hundred Places in Michigan and Is Steadily Increasing.

The state board of health says that, since the first of January outbreaks of smallpox in 84 localities in Michigan have been caused to cease, and in 63, or 75 per cent. of those outbreaks, the disease was restricted to one household where the first case occurred. Notwithstanding this splendid record of effective work by the health service the disease continues to spread, because in the other outbreaks, where the disease was not restricted to the first household, it was first called "Cuban itch," "cedar itch," chickenpox or acne, and not reported to the health officer so that restrictive measures could be taken. Because of such lack of proper reports smallpox still continues to spread. It is now present in 100 places in Michigan, and is steadily increasing.

MARRIED A LITTLE GIRL.

Wealthy Farmer Secures a Child Wife and Will Send Her to School Until She Is Educated.

Miss Addie Zarr, of Cass county, was married at Union Mills, Ind., to John S. Varaman, a wealthy Indiana farmer. The bride gave her age as 14, while the groom is 36 years old. Miss Zarr had the written consent of her guardian to marry, and the wife of Varaman, the girl bride, will not be compelled to perform household drudgery until she has completed an education which Varaman proposes that she shall acquire in the public schools. The Varaman and Zarr families were neighbors a number of years ago, and during that period the groom formed an extreme fondness for the daughter upon whom the Zarr family doted. This attachment continued until the girl's guardian consented to her marriage despite her tender age.

Lived Over a Century.

Mrs. Mary Austin, St. Clair county's oldest inhabitant and only centenarian, died at the home of her son, Byron Hall, on the River road, near Port Huron. She had lived in that vicinity for nearly 75 years, coming there while the Indians still inhabited that section. She is over 101 years old.

Will Be a Dry Town.

The Centerville council refused to reconsider the ordinance passed by it on April 1 relative to the suppression of saloons, although a petition was presented signed by nearly all the business men asking it to do so. It now looks as though the town would be "dry" after May 1.

MICHIGAN LEGISLATURE.

Daily Summary of the Proceedings in Senate and House at the Forty-first Session.

Lansing, Mich., April 11.—In committee of the whole the senate agreed to the bill providing for women members on state asylum boards. Senator Kelly opposed it, while Robson, Loomis and Helme championed the measure as a much-needed one. Senator Murfin's bill reducing the time in which damage suits for personal injuries can be commenced from three to two years also received favorable consideration. A resolution was adopted placing all railroad tax bills to be reported out at the head of the general order for consideration in committee of the whole.

Lansing, Mich., April 12.—The senate yesterday made an attack on some of the present city officials of Grand Rapids by passing a bill which debar defaulters from holding any of the principal offices under the government of that municipality. The senate struck out all after the enacting clause of the bill requiring nonresidents to procure marriage licenses five days previous to the ceremony, the purpose being to stop the St. Joseph Sunday marriage business.

Lansing, Mich., April 13.—Opponents of the St. Joseph marriage industry tried in vain yesterday to induce the senate to reconsider the vote by which all after the enacting clause was stricken from the bill. Bills have been passed for the incorporation of boards of trustees to hold property for religious denominations; relative to the admission to state insane asylum of insane inmates of the soldiers' home; providing for the removal of cases from one justice of the peace to another; to incorporate Manistique, Schoolcraft county, as a fourth-class city.

Lansing, Mich., April 16.—In the senate bills have been passed to amend the soldiers' home act; appropriation for the industrial school for boys; appropriating \$50,000 for a psychopathic ward at the university; increasing from seven to nine the number of directors a street railway company may have.

House.

Lansing, Mich., April 11.—In the house Mr. McKay tried to have the Agricultural society appropriation of \$4,500 recalled from the governor on the ground that a number of people were opposed to it. One reason advanced was that when the society ceased holding the state fair in Detroit it had \$25,000 in the treasury and needed no appropriation. Several of the farmer members supported McKay, but his motion was beaten 47 to 20.

Lansing, Mich., April 12.—The house yesterday passed the Chandler railroad ad valorem tax bill, which also provides for the taxation according to the ad valorem system of telephone, telegraph, express, sleeping car and parlor car companies. The mortgage tax law was reenacted.

Lansing, Mich., April 13.—The ways and means committee has reported favorably a general asylum maintenance bill, carrying an appropriation of \$1,043,243.56; a \$174,000 appropriation bill for the school for the deaf at Flint, and a \$4,000 appropriation bill for Spanish-American war medals. Bills have been passed incorporating the village of Manistique, Schoolcraft county, so that it may become a fourth-class city; amending the election law relative to registration; compelling re-registration of voters in Saginaw county outside of the city of Saginaw.

Lansing, Mich., April 16.—Bills have been passed in the house amending the charter of Port Huron to legalize the \$100,000 issue of canal bonds; providing for an assistant prosecuting attorney in St. Clair county; providing that the woman physician at the industrial school for girls at Adrian need not reside at the institution.

A BAD ICE JAM.

Worst Known in Many Years.—St. Clair River Frozen Over—Ice 15 to 40 Feet Thick.

Detroit, April 13.—The ice jam in the St. Clair river between Marine City and St. Clair is the worst in many years. From Pearl Beach to St. Clair no patch of water can be found. It is one great jam of ice, from 15 to 40 feet deep. At St. Clair the water is at the flood point, while at the flats it is extremely low and in several places residents are walking where they fished last summer. The water in the Detroit river is very low. All the small bays are as dry as if there had never been water there, and the various boats, large and small, moored along the dock show their sterns almost clear of the water, while many are resting on the muddy bottom. At the Northern Steamship company's dock the depth of water is only about eight feet. The ordinary depth is about 13 feet.

Water Line to Grand Rapids.

Chicago, Ill., April 13.—An all-water line from Chicago to Grand Rapids, Mich., is proposed by the Grand River Transportation company, 92 La Salle street. The company has bought three small vessels, which have done service on Fox river and Lake Winnebago, Wis., and these will be pressed into service on Grand river, which empties into Lake Michigan at Grand Haven. The Grand River line will be run in connection with the Goodrich and Barry lines, and is designed to open up the fruit growing district back of Grand Haven.

Fatal Boiler Explosion.

West Branch, Mich., April 12.—The boiler at Edward O. Arnold's sawmill in Rose City exploded late in the day and instantly killed Oliver Allen, the fireman. Arnold's son was seriously injured. The financial loss is estimated at \$1,000. The force of the explosion was so great that the boiler, which is said to have been defective, was blown 200 feet and the mill completely destroyed.

Were Married in March.

London, April 16.—It now seems certain that the marquess of Headfort and Miss Rosie Boote, the actress, were married in March and have been staying quietly at the Hotel Metropole, Folkestone, for three weeks past.

HAY AND GRAIN RACK.

Use Enables Sheep Feeders to Keep the Troughs Almost Perfectly Clean and Sweet.

In the most serviceable hay and grain feed rack for sheep, portrayed herewith, the frame consists of two by two material. The posts, or feet (a a), are cut 33 inches long, with top end cut beveled. To these are nailed boards 22 inches long, forming the ends of rack. A notch or mortise of about eight inches is sawed in center of these ends, and about 18 inches from ground to top, into which is framed a center-

COMBINATION FEED RACK.

board (c) about nine inches in width. A board (d) 11 inches wide, fitted on both sides with a slant downward from centerboard forms bottom for grain, salt, etc. A board four or five inches wide (e) nailed on the outer edge completes the feed boxes.

For the hopper (f) for hay, ensilage, corn stover or other roughage, take four more pieces cut exactly like those used for the feet (a). Place the slanting cut or level end downward, reaching to centerboard and directly over the feet (a). Nail at points to the centerboard. This will give about 35 inches in width at top of hopper. Nail boards to the arms, beginning so as to allow about 3 1/2 inches space above the centerboard, and extend on up to top of wings. Also nail boards at both ends until the top is reached. I have used a feed rack of this kind several years and have never seen anything that suits my fancy better.

Everybody knows what a dainty animal a sheep is, and the prime necessity of keeping everything about their compartments scrupulously clean. A sheep will never eat anything that has once been mused over unless driven to it by starvation, and it would not be good policy to insist on its doing so. With such a feed rack as portrayed one can keep feed troughs almost perfectly clean. A sheep cannot get over this rack, and it is next to impossible for them to get into it. The rack can be made of any length, but it is good policy to make them such lengths as to be convenient for partitions to the flocks, being so arranged that feed can be eaten from both sides. Sheep are not likely to get chaff in their wool when feeding from such a rack.—R. O. Logan, in Farm and Home.

SELLING THE CULLS.

Two Things Wherein Many Beginners in the Stock Business Are Likely to Make a Mistake.

One of the hardest things for a young breeder to do is to discard animals that are not up to the standard for breeding purposes. There are always buyers for pure-bred animals at a price. It matters not if the animal is inferior it will often command enough more than a grade to tempt the breeder to part with it. Here is where a great many breeders help tear down their reputation even while they are trying to build it up. Inferior breeding stock sold to somebody has lived to vex many a man who thought he was getting rid of his culls to advantage. It requires courage to send pure-bred animals to the shambles, but it pays when they are not the kind to keep. It requires courage also to refuse good prices for high-class breeding animals; but that also pays if a man is in the business for keeps. In these two things is where most men who have a start in breeding live stock are likely to make a mistake. The safe and eventually the profitable plan is to sell good ones and keep better ones.—National Stockman.

Why Stock Farming Pays.

It is not true that the cattle business is profitable must be conducted on the broad ranges of the western plains. That is one system of cattle raising; but there is another which yields fully as great profits for the capital invested. Raising cattle on the farm has in all countries and all ages been found profitable, and more so now than ever. By raising cattle on the farm the farmer has a good market for all the feed he can raise, saves labor and expense of transportation and avoids much loss from waste. And one of the main features of stock farming is that it can be made to continually improve the fertility and value of the farm.—Midland Farmer.

The healthy hog's stomach is as regular as clockwork in demanding food.

NEW WHEAT DESTROYER.

Specimens of the Insect Sent from Texas to St. Louis to Be Examined by Experts.

Specimens of an entirely new kind of an insect which has wrought great havoc in the growing wheat fields of Texas were received by P. H. Litchfield, of the Modern Miller, and placed on exhibition at the Merchants' exchange at St. Louis.

Reports from Texas say that at least 25 per cent. of the wheat crop in the northern part of the state has been ruined by the "bug" and the entire crop is threatened.

The insect is a little smaller than the Hessian fly, and in appearance it is something between that insect and the "wheat locust."

The body is an olive green and the wings transparent at first. Under a microscope the insect looks very much like the Cicada or August fly, which is so musical in the fall. When the insect grows older, however, it becomes black and grows larger. It has long legs and a rather slender body.

Both the grubs and the insects are seen in countless numbers in the growing wheat. Advice from all parts of Texas say that the pest is spreading. But it appears to be working only on the stubble-ground wheat. The insects were in the wheat last summer when it was cut, and remained in the ground all winter.

Owing to the mildness of the winter, instead of being killed it propagated rapidly, and apprehensions are felt for the entire crop. So far wheat on the cotton ground does not appear to be damaged.

The bug attacks the plant, but not the grain itself, and causes it to wither and die. Samples of the insect, infected plants and soil in which they grew have been sent to the agricultural department and to entomologists in St. Louis and elsewhere for examination.

At first it was supposed to be a Hessian fly, but on closer inspection it proved to be an entirely different variety.

A meeting of the executive committee of the State Millers' association was held in Fort Worth, Tex., March 20, at which the millers made distress-

NEW WHEAT DESTROYER.

ing reports of the condition of the wheat crop in the north Texas wheat belt. President J. N. Rayzor said that what was thought to be the Hessian fly could be found by the millions in the north Texas wheat belt, and he said that from the information he had that if the ravages were continued for the next ten or fifteen days the crop would be a failure.

Some farmers, he said, had already plowed up land planted in wheat and were putting in corn and cotton. President Rayzor said his information was that the insect in its embryonic state was a green bug, and developed into a fly very much like the Hessian fly.

Since that time the reports have become much worse.—St. Louis Republic.

PRACTICAL HOG NOTES.

A clean feeding place for swine is a prime necessity.

Lice rarely infest hogs that have plenty of sulphur.

Rusty old straw is one of the worst materials for bedding swine.

Cholera in the herd travels swiftly from one animal to another.

When feeding for fattening always watch for signs of indigestion. Obey the first sign by reducing rations.

Cholera will be prevented if sulphur be mixed with the salt and ashes. The sulphur may be mixed with slop also.

Let the pigs ask for their feed occasionally, just to put an edge on their appetite. As soon as they squeal for something to eat let them have it.

When a pig refuses to eat and thumps and has his hair turned the wrong way, trot him out and give him a dose of ax. Make the dose a big one.

Remember that stuffing and cramming and jamming food into a pig to fatten it in a short time is a wholly abnormal, unnatural performance. We must expect it to wreck some of the forced animals.—Rural World.

Pigs Must Have Exercise.

A pig confined to a pen, fed corn and milk, will fatten fast, look nice, breed young, have a few pigs, caked udders, fever, eat her young if she lives through farrowing and prove a disastrous failure. Her muscles are unyielding, blood thick, system feverish; she is diseased (fat) instead of healthy (lean).

DAN GROSVENOR SAYS:

"Peruna is an Excellent Spring Catarrh Remedy---I am as Well as Ever."

HON. DAN. A. GROSVENOR, OF THE FAMOUS OHIO FAMILY.

Hon. Dan. A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says:

"Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy." Very respectfully, Dan. A. Grosvenor.

Hon. John Williams, County Commissioner, of 517 West Second street, Duluth, Minn., says the following in regard to Peruna: "As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a bad case of catarrh and I know it will cure any other sufferer from that disease."

Miss Mattie L. Guild, President Illinois Young People's Christian Temperance Union, in a recent letter from Chicago, Ill., says:

"I doubt if Peruna has a rival in all the remedies recommended to-day for catarrh of the system. A remedy that will cure catarrh of the stomach will cure the same condition of the mucous membrane anywhere. I have found it the best remedy I have ever tried for catarrh, and believing it worthy my endorsement I gladly accord it."

Mrs. Elmer Fleming, orator of Reservoir Council No. 168, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 2535 Polk street, N. E.:

"I have been troubled all my life with catarrh in my head. I took Peruna for about three months, and now think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy."

The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failures if Peruna is taken intelligently during the favorable weather of spring.

As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Mrs. Elmer Fleming, Minneapolis, Minn.

POOR LITTLE JOHNNY! AND HIS "TUMMY"!

Small boys, and many times large ones, and occasionally girls, too, big and little, suffer terribly from convulsive pains or "cramps" in the bowels and stomach—pain so violent that it "doubles up" the ones attacked, and makes it impossible for them to stand up.

Some people call it colic, but most honest, plain-spoken people call it "belly-ache" and very properly, for the seat of the trouble is in the bowels, and caused by the violent efforts of the bowels to rid themselves of something which doesn't belong there. The small boy usually gets it from over-eating or from eating forbidden fruit, and suffers mostly in the summer time.

It's spring now, and "in times of peace, prepare for war." Let the boys and girls and the big folks, too, for that matter, clean out the clogged channels filled with winter bile and putrid undigested food, strengthen the 30-feet of bowel canal, liven up the liver, and "summer belly-aches" will have no terrors, because they won't happen.

The way to make the body ache-proof is to use CASCARETS, gentle, sweet, fragrant CASCARETS, the perfect system cleaners and bowel strengtheners. For fear that anybody in the family should ever be attacked by belly-ache, keep a box of CASCARETS in the house always, and remember that all pains and troubles in your insides are

QUICKLY CURED BY CASCARETS LIVER TONIC BEST FOR THE BOWELS NEVER SOLD IN BULK. 10c. 25c. 50c. ALL DRUGGISTS.

CURE GUARANTEED all bowel troubles, appendicitis, biliousness, bad breath, bad blood, wind on the stomach, bloated bowels, foul mouth, headache, indigestion, pimples, pains after eating, liver trouble, sallow complexion and dizziness. When your bowels don't move regularly you are getting sick. Constipation kills more people than all other diseases together. It is a starter for the chronic ailments and long years of suffering that come afterwards. No matter what ails you, start taking CASCARETS to-day, for you will never get well and be well all the time until you put your bowels right. Take our advice! start with CASCARETS to-day, under an absolute guarantee to cure or money refunded.

An Insuperable Bar. The New Yorker—I suppose chess is a popular game in the Quaker city? The Philadelphian—No; it's played very seldom. "Why, I supposed it being such a slow game you people would like it." "No; you see we'd have to stay awake to play it."—Yonkers Statesman.

PILES ANAKESIS gives instant relief and POSITIVE CURES PILES. For free sample address "ANAKESIS," Tribune building, New York.

A. N. K.—A 1861 EISO'S CURE FOR COUGHS, BRONCHITIS, ASTHMA, WHOOPING COUGH, ALL BRONCHIAL AFFECTIONS. Best Cough Syrup. Tastes Good. Use in time. Sold by Druggists.
