Chelsea Savings Bank.

Capital and Resources Feb. 2, 1901, \$333,490.01.

Oldest and strongest bank in Western Washtenaw. Owns and offers in amounts suitable for the investment of small savings and large sums

German Empire Government 3 1/2 per ct. Bonds

In 200 mark, 500 mark and 1,000 mark bonds. Interest payable April 1st and October 1st each year. Interest coupons cashed at CHELSEA SAVINGS BANK. The above investment yields 4 per cent interest, while the U. S. Bonds yield less than 2 per cent. These bonds are appreciated by our German friends in view of the obnoxious tax law applying to real estate mortgages, rendering it more and more difficult to place money on farm mortgage loans within the state of Michigan that will pay more than 2 1/2 per cent after deducting taxes.

This Bank pays 3 per cent interest on Money deposited with it according to its rates.

Merchant Tailor.

TWO FINE BUILDINGS

To Be Erected Which Will Be Ornaments to Chelsea's Main Street.

The north and south ends of the west side of the business portion of Main street are to be ornamented with new buildings to be built this year by F. P. Glazier.

The one at the corner of Main and South streets will be the most costly and pretentious and will be in the form of a memorial to the late Geo. P. Glazier. The building will have a frontage on Main street of 44 feet and a depth of 60 feet; on the line of South street it will have a depth of 70 feet. The exterior is to be of field stone and granite, and the interior is to be finished in marble. It will have a tile roof, and the girders, roof supports, etc., will be of steel, and the floors will be of mosaic tile, so that the building will be as nearly fire proof as possible. It will be two stories high, but the main room will have the entire height of the building and will be lighted by a dome at the top. It will be one of the finest banking buildings in the state outside of Detroit, and will take about a year to finish complete.

The building at the north end of the street will occupy the present site of the old Hudler store and the lot to the north of it, recently purchased by Mr. Glazier. It will be 50x80 feet in size, three stories high and a basement, the latter being lighted on the north side by 6 feet high windows. The ground floor of the building will be occupied by the offices of the Glazier Store Co. The two upper floors and the basement will be used for storage purposes. The offices will be very commodious and suited to the growing needs of the company's business. This building will be commenced at once and is to be ready for occupancy by Oct. 1.

The architect for both buildings is Mr. Clair Allen, of Jackson.

DESTRUCTION OF BIRDS

Is Very Largely Responsible for the Increase of Insect Pests.

The tremendous increase in all forms of insect pests which prey on grain field, meadow, orchard and garden, and rob the farmer of the fruit of his labors makes the study of entomology one of the most important as affecting the interests of agriculture. It is too late now to discuss the question whether the destruction of American birds is responsible for this disastrous increase in American bugs. The bug eating birds are going—the victims of women's vanity and the pot hunting instincts of the American sportsmen. The bugs are here, and more are coming each year. When a single female aphid will increase her lousy tribe to the number of over a billion in a single season, the importance of having a hungry wren in the orchard to pick her before she gets down to business becomes very evident. It may be said that man, with all attainable knowledge and science at his command, can never by artificial means invent a substitute for natural agencies designed by the Creator to preserve the proper balance between the different forms of animal and insect life. Man may improve on the Lord's work in some particular, but not in this. Having disarranged the natural order of things, man must now do his best to mitigate—the result of his folly.

When Lister Felt Old.

Saline Observer. W. N. Lister has been feeling a little old for the past few days owing to a hard drive which he made Monday night. The facts are, he went fishing in the afternoon and had poor luck and on returning home in the evening saw a bright light come up in the east and supposing it to be a burning dwelling house or something of the kind, and feeling especially tender hearted for those in trouble, asked his "pard" fisher who was with him, if he would mind riding over as they perhaps could aid some one, and the response being favorable no time was lost, the reins were tightened and the little bay urged along about as lively as possible for several miles into Pittsfield township when they came upon a huge brush pile that had been fired. Picture the disgust on Prof.'s face when he said "Let's go home."

Raise Calves Without Milk.

Thousands are doing it cheaply and successfully with "Blatchford's Calf Meal," the perfect milk substitute. For sale by WATSON WELCH GRAIN & COAL Co.

AN OLD PIONEER GONE.

Robert Boyd Passed Away Friday at an Advanced Age.

Robert Boyd, an old and well known resident of Chelsea, died Friday afternoon at 5 o'clock aged 80 years, 4 months and 19 days. He had suffered for some time from dropsy, but the immediate cause of his death was a stroke of apoplexy.

Robert Boyd was the fourth son of Lewis and Sophia (Cushman) Boyd, and was born at Benton, Yates county, N. Y., Dec. 21, 1820, and lived with his parents until his first marriage to Miss Eliza Harris, coming with them to Michigan in 1855. After his marriage he settled on a farm in Lima, which he afterwards sold, and removed to Chelsea. His first wife, by whom he had one son, Edward H., died in 1850. Nov. 18, 1858, he married as his second wife, Miss Mary Lefarge, of Lima, who died several years ago. For the past eight years he has made his home with his nephew Warren Cushman.

The funeral services were held at the house Monday afternoon, Rev. J. I. Nickerson officiating. The remains were interred in Oak Grove cemetery.

Electric Railway Notes.

Surveyors for the Boland electric road are at work on the right of way between Dexter and Ann Arbor.

Wm. B. Hatch, of Detroit, has secured franchises for an electric line all the way from Adrian to Ann Arbor. The big Everet syndicate of Detroit is back of the scheme.

Washtenaw Times: J. D. Foote, secretary and general manager of the Detroit & Chicago Traction Co., was in the city Monday. He says the cars will be running between Jackson and Ann Arbor by Aug. 1.

Plymouth, May 11.—W. A. Foote, manager of the Boland Jackson & Detroit electric railroad, was here today looking over the Detroit, Plymouth & Northville tracks and equipment. It is understood that the Boland route will enter Detroit by the way of Plymouth over the tracks of the Detroit, Plymouth & Northville Co., which is to build into Detroit this summer.

The last gap in the rails for the Detroit & Chicago Traction Co.'s electric railroad between Jackson and Gaass Lake has been filled in and the steel work for the bridge over the Michigan Central track just east of Michigan Center is being put in place. The company has a large force of men and teams at work grading near Chelsea. A steam engine and train of dump cars is being used in ballasting the line between Grass Lake and Michigan Center.

Friday's Grand Rapids Herald had an account of a visit to that city by J. D. Hawks, president of the D., Y., A. A. & J. Railroad Co., and a number of gentlemen who are interested with him in the Grand Rapids, Grand Haven & Muskegon railway, of which he is also the president. One of the concluding paragraphs of the article is as follows: "President Hawks is also the official head of the Detroit, Ypsilanti, Ann Arbor & Jackson railway. Showing maps of the two proposed lines, President Hawks said to the Herald: 'Now if you will take a map of Michigan and draw a pencil mark from Jackson to Grand Rapids you'll see something,' meaning to intimate, no doubt, that it is the purpose of his company to fill the gap between the last named cities, thus forming a line from Muskegon to Detroit." This would seem to indicate that the D., Y., A. A. & J. is to be a part of a trunk line from Detroit to Muskegon.

Bentley's Great Dime Show.

Bentley's Great One Dime Show will be in Chelsea next Wednesday evening, May 23, and will exhibit on Mrs. Congdon's lot on South Main street. The company gives a vaudeville entertainment, which embraces singing, dancing, musical solos, feats of ventriloquism, juggling, tumbling and leaping, also contortionist and equilibrist.

The show is characterized as being free from vulgarity and giving a little more than it advertises to. A guarantee accompanies every admission ticket sold that all the feats named on the program will be satisfactorily performed or money will be refunded.

Mrs. J. No matter what causes facial eruptions, absolute cleanliness inside and out is the only way to cure them. Rocky Mountain Tea taken this month will drive them away. 35c. Ask your druggist.

The Blouse the Substitute for the Shirt Waist

There is a Vogue for White That is Especially Seen in These Charming Garments

Fashionable Blouses and Gowns Are Made of White

EVERY variety of fabric is utilized to-day. Not only for the blouse, but for jacket and skirts. If not for the garment itself, then for a trimming. The favorite blouse of the season is white, and the word "shirt," in connection with them, is passe, even for the most ordinary waist, as the blouse is artistic and really of very extravagant construction, made either of white organdie or white mousseline de soie. Others are of dotted Swiss, French muslin and the soft summer silks. These are relieved with dainty narrow black or white velvet or satin ribbons. Then there is a new China silk, with perpendicular lines of open work like drawn work, with a dainty interwoven design.

The vogue for white, especially in blouses, has passed into the "rage" stage, and everything worth noticing in this line seems to be in this color. One of these white blouses is a very chic affair of white mousseline, made with clusters of three tucks and a white gold and blue Persian trimming between. The Persian trimming is to the waist line, with the tucks to form a yoke. A tucked collar, with the Persian trimming at the top. The new bishop sleeves, with tucked cuff edged with the trimming. A pointed girdle of white taffeta, with an enormous jeweled buckle in the back.

Another of these dainty white blouses is of organdie. Of this the front is entirely tucked, with narrow straps crossing each other, finished with gold buttons across the front to form a yoke. Below this the organdie is in cluster of tucks and slightly bloused. A new l'Aiglon stock collar finishes the throat. The sleeves are tucked at the top in clusters, with a deep bell shape at the wrist.

Not only are practically all of the handsomer blouses of white, but many of the more elaborate gowns are of the same color. One of these white gowns is of ecrú batiste made with an apron-overskirt of the batiste in deep points and handsomely embroidered half way up. The bodice has a folded girdle of ecrú silk to just below the bust, with the batiste fitting snugly over the shoulders and across the bust. Deep points over the girdle, which are covered entirely with embroidery. The sleeves are of the batiste to just below the elbow, with full puffing of ecrú silk in a narrow cuff of batiste.

A Demand for Calicoes Among the Fashionable.

SOFT summer silks and other more expensive summer materials are not possible with every woman. To some comes the necessity for a stringent economy that will not per-

OF WHITE MOUSSELINE.

mit the purchase of these more expensive fabrics, and to such the summer print goods offer a chance. There are thousands of women who appreciate the attractive colorings that are to be found in the figured foulards, the dainty organdies and French muslins, but who are denied them because of the expense attached to their purchase. It is for the benefit of these that I wish to point to the revivals in calico. Within the memory of the present generation there has never been such effects produced as are now seen in the calicoes and other cheaper cotton goods as are now being shown. There was a time when calicoes were regarded as the summer material, and every

woman wore them, but our ideas as to the desirable materials for summer have expanded even more rapidly in many cases than our pocket-books, and women whose grandmothers wore calico must now have silks.

But this year, the merchants tell me, there is a new demand for calicoes. To meet this demand the manufacturers have turned out some charming French prints that in appearance are as lovely as foulards, and make up into becoming and fashion-

OF WHITE ORGANDIE.

able gowns. Not only are our own looms turning out some marvels of perfection in the way of calicoes, but the merchants are importing others that are beautiful.

The French send us true prints—that is, cotton of a soft finish, its background white, with clear pale blue rings and black dots thereon, or faint yellow cottons that are printed in black rings and blue dots. From England we gladly receive the true old-style cottons, sprigged over with the same quaint and daring mixtures of very bright flowers that are seen on Minton and old-fashioned simple Worcestershire china. Most of these English and French calicoes are woven with borders that are happily utilized in the make-up of the country costume, for it is hardly the best taste to use lace and embroidery in the garnishment of a simple print dress.

From our own looms they are turning out the loveliest cotton goods flowered over in bold brocade and cretonne designs. Furthermore, these American calicoes are treated with a rich surface finish that gives them the gloss of silk, but does not injure the simplicity and softness of the fabric.

No woman need feel any hesitancy about wearing these delightful cotton goods. They are comparatively cheap, but their finish and colorings have given them a prestige that is being felt even in circles where cost is considered of minor importance, and many charming gowns made of them will be seen at both seashore and country resort during the summer.

SARAH DAVIDSON.

Odd Case of Animal Affection.

There was astonishment recently at the home of Mrs. Harriet Harvey, Cortland, N. Y., caused by the return of Don, the family dog. The family moved to that city recently, bringing the dog in a box car in the night. He was discontented and made his way back, 30 miles, to the farm in Enfield, Tompkins county, where he was born and raised. Don was not alone on his return, but was accompanied by a cat that had been left on the farm when the family removed to the city. Both gave evidence of having had a hard trip. They ate greedily from the same plate, and then dropped off to sleep. Mrs. Harvey says that the dog and the cat were firm friends on the farm. While she knew that they were fond of each other, she never suspected that the cause of the dog's uneasiness was his separation from the cat.

His Lack.

"Usually," said the Cheerful Idiot, breaking into the conversation, "the man that is a good liver hasn't."—Indianapolis Press.

The Lying Habit.

The odd thing is that so many men will lie when the truth would suit so much better.—Washington (la.) Democrat.

THE ODD FELLOWS.

Grand Encampment at Three Rivers Elects Officers and Transacts Other Business.

The grand encampment I. O. O. F. of Michigan held its annual session in Three Rivers with a large attendance of representatives present. The grand treasurer's report showed receipts for the past year of \$3,399.82, with a total of \$4,345.33. Expenditures, \$2,212.46; balance in hands of treasurer, \$2,232.97.

Grand Scribe E. H. Whitney's report shows a gain in the membership during the year of about 1,600. The total membership is now 4,594, an increase of 42 per cent. Number of patriarchs relieved, 158; number of widowed families relieved, 4; patriarchs buried, 80; amount for relief of patriarchs, \$2,275.00; amount of relief of widowed families, \$180; amount special relief, \$60.30; amount burial of dead, \$575.50; number of weeks' benefit paid, 955.

The officers elected are: Grand patriarch, W. I. Slater, Kalamazoo; grand high priest, B. D. Harper, Buchanan; senior warden, C. O. Swayzee, Flint; scribe, E. H. Whitney, Lansing; treasurer, Andrew Harshaw, Delray; junior warden, T. E. Robinson, Detroit; marshal, C. F. Jordan, Detroit; inside sentinel, C. E. Edwards, Carleton; outside sentinel, W. S. Bogart, Alma; representatives to sovereign grand lodge, which meets at Indianapolis, Robert Donovan, Charlotte; N. A. Metz, Hancock.

ORATORICAL CONTEST.

The Winner Will Represent Michigan in the National Contest to Be Held This Summer.

The state prohibition oratorical contest was held in the college chapel. The contestants were all winners of preliminary contests in their respective schools and the winner at this contest will have the honor of representing Michigan in the national contest to be held later in the summer.

The contestants and their subjects were as follows:

E. M. Moore, U. of M., "The Ethical Saloon;" W. Carl Rufus, Albion, "America, Bond or Free;" Miss Anna Elizabeth Floyd, Hope, "Principle vs. Expediency;" Henry Tenny, Hillsdale, "Heirs of the Past;" Robert Gordon, Kalamazoo, "Why a Prohibition Party?" W. W. Wells, M. A. C., "Principle of Prohibition;" William Losinger, Olivet, "A Problem of the Hour;" Harry E. Rice, Ypsilanti, "Individual Responsibility."

Cash prizes of \$15 and ten dollars respectively went to the winners of first and second places, who were Mr. Gordon, of Kalamazoo, first, and Mr. Moore, of Ann Arbor, second.

MONTANA COPPER.

Will Be Refined at Dollar Bay Instead of Being Sent East as Heretofore.

During the past few days eight carloads of copper in the shape of cathodes from Black Eagle, Mont., have been received at the Dollar Bay smelting works over the Duluth, South Shore & Atlantic and Hancock & Calumet railways via Houghton. Each of the cars contained 50,000 pounds of the red metal, and the shipment is said to be a result of the refinement of a trial carload last summer.

It has heretofore been the custom to send this copper east for treatment, but many here claim that if the metal can be smelted and refined at this point with success it will mean the upbuilding of a large and profitable industry. Superintendent John J. Case has charge of the smelting and refining works at Dollar Bay, and it is to his enterprise that Montana copper has been treated with success.

Bank Robbed.

The bank of G. J. Baetke & Co. was entered by thieves at Brighton, who dynamited the safe and secured about \$4,000. So much dynamite was used that the explosion demolished the interior of the bank. The loss to the bank is covered by insurance. Officers were searching the surrounding country for the thieves, but no clew had been discovered.

Railroad Earnings.

Railroad Commissioner Osborn in an earnings statement shows that Michigan railroads during the month of March earned \$3,277,642.64, an increase of \$113,769.59 over the corresponding month last year. The total earnings for the three months ending March 31 were \$9,111,177.58, an increase of \$192,198.59 over the corresponding month of 1900.

Road Will Be Rebuilt.

Superintendent Cummings, of the Indiana Street Railway company, says that the work of building an interurban line from South Bend through Niles, Berrien Springs and Benton Harbor to St. Joseph will be commenced within three weeks, and that the road will be built and equipped from South Bend to Niles by August 1.

Gets a Cuban Job.

Secretary Gage has recommended to the war department the appointment of Jared D. Terrell, of Michigan, as auditor for Cuba, at \$5,000 a year. The salary is paid out of the Cuban revenues. Mr. Terrell is chief law clerk in the office of the comptroller of the treasury.

REST HELPS HER.

Mrs. McKinley's Condition Shows an Apparent Improvement—President at San Jose.

San Francisco, May 14.—President McKinley returned late Monday afternoon from San Jose to the bedside of his wife at the Scott residence, where he will remain until to-day. If Mrs. McKinley's condition is still favorable to-day the president will carry out the arranged programme with some curtailment. He will visit Leland Stanford, Jr., university at Palo Alto and make brief stops at San Mateo and Burlingame. At Palo

MRS. WILLIAM M'KINLEY.

Alto he will be joined by his entire party, and the president's official entry into this city will take place this afternoon in accordance with the previously arranged schedule. Secretary Cortelyou said Monday night: "Mrs. McKinley rested well and comfortable to-day."

San Jose, Cal., May 14.—Thousands of people between Delmonte and San Jose, who have been anticipating a sight of the president for months, were disappointed Monday. The president's presence in San Jose for an hour in the afternoon took the edge off of the disappointment here, where the rose carnival was being held in his honor and where the floral display surpassed anything ever before seen in this part of the country. After leaving Delmonte in the morning the cabinet carried out the itinerary as originally planned, stopping at Pajaro and Santa Cruz and visiting the big trees in the San Lorenzo valley, but they had no heart to put into the festivities in the absence of their chief and the keen regret of the people was written on their countenances. Many expressions of kindly sympathy for Mrs. McKinley were heard at each stopping place.

At Santa Cruz, Secretary of State Hay was the representative of the president to the address of welcome made by the mayor. The president's presence here barely saved the day. He ran down from San Francisco in his special car, arriving here just as the cabinet train pulled into the city from the south. But he only remained for the formal exercises. At 3:30 o'clock, when they were concluded, he was driven back to the station and left immediately for San Francisco. At St. James square, opposite the courthouse, a handsomely decorated stand had been erected, and here the formal exercises took place. The president responded to the mayor's address of welcome.

LIVE WIRES.

They Cause the Death of One Man and Injury of Two at the Buffalo Exposition.

Buffalo, N. Y., May 14.—One man was shocked to death by electricity and two of his companions who tried to rescue him from the spluttering wires were severely burned at the Pan-American exposition grounds Monday. The dead man is Martin Kiefig. The injured: Razimis Stromplewiz and Andrew Kosziko. The men were engaged in wheeling dirt from beneath the Manufacturers' and Liberal Arts building, where some excavating is being done. From burns found on Kiefig's face it is evident that he was first struck by a live wire. The shock stunned him, and in falling forward he grasped several other wires and pulled them from their fastenings. Kiefig's comrades rushed to his assistance and their hands and arms were frightfully burned in their endeavors to release him. When the current was shut off it was found that Kiefig was dead.

MRS. BOTHA TO URGE PEACE.

Sails from Durban on Way to See Kruger in Effort to End the War.

Durban, May 14.—Mrs. Louis Botha, who has obtained consent to interview Mr. Kruger and urge him to advocate peace, sailed Monday for Europe on the steamer Dunvegan Castle.

London, May 14.—Lord Kitchener in a dispatch from Pretoria, dated May 12, says:

"Grenfell has occupied Louistrichart, capturing 50 Boers, with rifles. Louistrichart was previously held by six British with 40 surrendered Boers.

"Other columns report eight Boers killed, 20 wounded, 132 prisoners, 21 surrenders, and a machine gun, 6,400 rounds of ammunition, 150 wagons and 870 horses captured."

MICHIGAN STATE NEWS.

Signs "Ripper" Bills.

Gov. Bliss has signed the Detroit "ripper" bills, which abolish the police and park commissions of that city, establishing one man boards in their stead, and giving to the aldermen the appointing power. A third "ripper" bill, which the governor also signed, legislates the present superintendent of public works out of office and gives the aldermen power to appoint his successor.

Health in Michigan.

Reports to the state board of health from 73 observers in various portions of the state for the week ended May 4 indicate that typhoid fever increased and measles, scarlet fever and erysipelas decreased in area of prevalence. Consumption was reported at 204 places, measles at 29, typhoid fever at 30, scarlet fever at 75, diphtheria at 13, whooping cough at 14 and small-pox at 109 places.

Over the Rapids.

A small boat containing two persons, presumably boys or young men, was swept over the rapids of the St. Mary's river at Sault Ste. Marie. Neither boat nor passengers have been seen since. One of the passengers was rowing hard against the current, but the boat was carried under the bridge and caught by a rush of water below it.

Murderer Goes Free.

James H. Brumm, who was pardoned by Gov. Pingree after having been convicted of murder in the second degree in the killing in May, 1899, of Mollie Flagler, has been set free, a commission having pronounced him insane. In his trial Brumm pleaded epileptic insanity, but he was sentenced to life imprisonment. His release has aroused much feeling in Charlotte.

Crop Outlook.

The weekly crop report of the Washington weather bureau says for Michigan:

Weather favorable for field work, but too dry for best growth of winter wheat, rye meadows and pastures and for germination of spring seeding; pastures very slow; wheat very uneven and some plowed under; plowing for corn and beans general; corn planting begun; oat germination healthy, but slow; strawberries and cherries in full bloom.

Dividends Declared.

The comptroller of the currency has declared a dividend of 25 per cent. in favor of the creditors of the First national bank of Niles, amounting to \$358,144.12; also a dividend of 25 per cent. in favor of the creditors of the First national bank of White Pigeon, making in all 75 per cent. on claims proved, amounting to \$44,730.53.

Four Children Burned.

Four little children left alone were burned to death in a farmhouse six miles from Muskegon. The victims were: Thomas Wertman, aged three years; John Wertman, aged four and a half years; Jennie Kooie, aged four years, and Hennecheg Kooie, aged four months.

News Briefly Stated.

The 11-year-old daughter of Mr. and Mrs. James Barney was burned to death at Marine City.

The cash balance in the state treasury at the close of business April 30 was \$2,627,899.47.

The public schools of East Tawas were closed for a week owing to the prevalence of scarlet fever. Fourteen cases are reported and two deaths had occurred.

Acting on the unanimous recommendation of the pardon board, Gov. Bliss has granted a full pardon to George Cheesbro, sent from Ottawa county to state prison for life for murdering his grandmother.

Moses Bennett, a civil war veteran, died at Harbor Springs, aged 70. He was with Sherman on his famous march to the sea.

Joseph Wells, an old pioneer of Tuscola county, died at his home in Vassar, aged 83 years.

Dr. Perkins' hotel at Lakeside Landing, Posey lake, five miles north of Hudson, was destroyed by fire.

The shingle mill of the Gray Milling company was burned at Standish. Loss, \$10,000.

William Gabourie, 40 years of age, was killed at Perronville. He fell between his horses and was trampled to death.

The state military board has decided that the state encampment this year shall be held at Manistee.

The state convention of the Letter Carriers' association will be held in Jackson May 30.

Citizens of Lansing are hit to the extent of \$10,000 by the failure of the Buffalo brokerage firm of F. L. Camp & Co.

Ex-Cashier Charles A. Johnson, who robbed the First national bank in Niles of nearly \$200,000, has been admitted to bail in the sum of \$10,000.

Luke Cotter, formerly a saloon keeper in Owosso, was shot and killed in a saloon row at Clark's Forks, Idaho.

Lieut. Dr. Fred W. Palmer, of Brooklyn, who is serving in the Philippines, has been promoted to a captaincy.

Thoughts

wander when the brain is tired. Overwork, nervous irritation, worry and mental strain exhaust the brain forces and diminish their thought power. Feed the brain, strengthen the nerves and build up new vigor, vitality and mental power. The greatest of all brain foods and nerve tonics is Dr. Miles' Nervine.

"I have used Dr. Miles' Nervine at various times for years. I have found it a perfect remedy in cases of nervousness and insomnia, caused by protracted mental strain and overwork. Have also used it in my family and I know it is a true brain and nerve food."
R. H. MARTIN, Charleston, W. Va.

Dr. Miles' Nervine

feeds and nourishes the brain and nerves, overcomes irritation, and brings sweet, refreshing sleep.

Sold by druggists on guarantee.
Dr. Miles Medical Co., Elkhart, Ind.

THE CHELSEA HERALD

T. W. MINGAY, Editor and Proprietor.

PUBLISHED EVERY THURSDAY for \$1.00 per year strictly in advance. Entered at the Post Office at Chelsea, Mich., as second class matter.

THURSDAY, MAY 16, 1901.

FRIENDS AND PATRONS OF THE CHELSEA HERALD WHO HAVE BUSINESS AT THE PROBATE OFFICE ARE REQUESTED TO HAVE JUDGE WATKINS SEND THEIR PROBATE AND OTHER LEGAL NOTICES FROM THAT OFFICE TO THE HERALD.

The Indiana belle who married a legless man will at least have the consolation of knowing that her hubby cannot "run" after other women.

It's an ill wind that blows nobody good. The passage of the British export tax on coal will certainly stimulate American trade in that useful article.

The United States is spending a million dollars a week for coffee and does not grow a single pound. Yet the Agricultural Department says that many parts of the south are fitted for raising the berries.

President McKinley is entirely right when he says that the United States protective tariff system must be modified to suit changed conditions. This is not only a national but it is also a party necessity.

A delegation of British workmen are coming over to study our ways and try to teach their brethren to imitate them. It will take something more than imitation to put the British workman on a plane with the American, however.

The Commoner says that the Democratic party shall not reorganize on any other plan than that by which the lady and the tiger composed their differences: "They came from their ride, with the lady inside, and the smile on the face of the tiger."

Shudders at His Past.

"I recall now with horror," says Mail Carrier Burnett Mann, of Levanna, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To stoop or lift mail sacks made me groan. I felt tired, worn out, about ready to give up, when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man." They're unrivaled to regulate stomach, liver, kidneys and bowels. Perfect satisfaction guaranteed by Glazier & Stimson. Only 50 cents.

Subscribe for the Herald only \$1 a year.

ITEMS OF LOCAL INTEREST.

Lester Canfield started on his rural mail route out of Ann Arbor yesterday. So says the Argus.

Today being Ascension day services were held in St. Mary's church and in St. Paul's Lutheran church.

The junior class of the high school will have a social tomorrow evening at the residence of Mr. and Mrs. F. P. Glazier.

Ann Arbor Lodge, No. 825, B. P. O. Elks, will initiate a class of 20 candidates next Wednesday evening, six of whom are from Chelsea.

Olive Chapter, O. E. S., initiated four new members last evening. Ice cream and cake were served to the large number present, after the ceremony.

Matt. Hauser shipped to Detroit today the biggest bull ever sent out of Chelsea. It weighed over 2,500 pounds. He was offered \$118 for it here but refused to take it.

The anniversary services of the Epworth League at the M. E. church Sunday were well attended and very interesting. The reception to the members and their friends Monday evening was a pleasant affair.

Charles Carpenter lost a part of the first finger of his left hand through getting it pinched in a machine at the Glazier Stove Works this morning. The finger was amputated by Dr. G. W. Palmer between the first and second joints.

The cases against Alice Mahorter, Josephine Sharp and Harold Howe, of Ann Arbor, for taking a gold watch from Frank McMillan, of Lima, have been disposed of. Alice Mahorter is released on suspended sentence; Josephine Sharp paid \$10 and costs, and Harold Howe paid \$5.

William Larkins, of Plymouth, who was implicated in a sheep stealing case at Saline, in February last, has been convicted in Wayne county of receiving the sheep and butchering them and has been sentenced to two years at Jackson. He was known to Washtenaw people on account of his connection as one of the defendants in the Richards murder case.

The Great Camp K. O. T. M. has ordered that Maccabee memorial day shall in future be held on May 30th. In accordance with that order Chelsea Tent, No. 281, will observe Decoration day with the G. A. R. All members of the

order are requested by the commander to be present on Thursday, May 30, wearing their caps and badges.

Lima.

Mrs. Laura Whitaker, of Ann Arbor, has been visiting relatives here.

Mrs. Dixon, of Chelsea, is spending this week with her daughter Mrs. A. Beach.

Mrs. John Strieter fell through the platform of a well Monday and was quite badly injured.

Mrs. Ada Mensing and Mrs. Amy Gentner, of Sylvan, spent Monday with their grandmother Mrs. C. Brown.

Lima is a lively town just at present. Track layers, masons, moving buildings, building barns, and boarding houses are keeping both the men and women employed.

HOAG & HOLMES

THE BEST PROOF that our

Clothes are Made Right and Wear Right

"Money Back if not Satisfactory."

is that Men of Fashion who once buy from us are so well satisfied that they come again and bring their friends. This is natural, because we buy only dependable clothing from reliable manufacturers, and we are as careful that the garments fit you perfectly, and that your general appearance is correct, as you could possibly be yourself, besides our guarantee.

accompanies every sale. Our stock of Spring and light-weight Summer Clothing, swell Hats and Fine Furnishings for men and young men is now at its best, and we urge you not to delay in making your selection. When you call, you must not fail to see the swell garments made by those famous Rochester manufacturers, MICHAELS, STERN & CO.

Fashionable Men and Young Men can select a model suit made up in any of the swell fabrics for this season,

\$10, \$12, \$15 and \$18,

and save enough on a suit to buy a hat and several articles of gents' furnishings. Worth considering, isn't it?

We Have also Suits at \$20.00 and \$25.00

that are worthy of the attention of the most fastidious men, but at all prices we can guarantee perfect fit and great durability.

Our Juvenile Department contains a most beautiful assortment of suits for the little fellows from 2½ to 16 years, and mothers of boys in Chelsea and vicinity should not fail to see them at once.

In Our Hat Department you can save from 50c to \$2.00 on every purchase, yet you will be sure of wearing the correct style for the season.

Of Positive Quality

THE MIXED PAINT MADE BY
The Peninsular Lead & Color Works, Ltd.
Is always of uniform excellence.

The certainty of reliable, uniform First Quality is what the buyer desires and expects in Mixed Paint.

This certain quality means paint that is strong and true in color—that will spread evenly—that will preserve as well as ornament—that will not blister or scale or easily rub off—that constantly looks well—that is sure to wear well.

In all these requisites the Mixed Paint of The Peninsular Lead & Color Works (Ltd.) Detroit, has never disappointed any purchaser. It is always as good a paint as pure ingredients, skilled experience and modern equipment can produce.

Why experiment when you can buy sure satisfaction?

The new Michigan Central water tank at the Lime Springs, east of Dexter, is about completed; also the engine house, engine and pump.

The legislature, by a vote of 66 to 3, has passed the bill providing for the licensing and regulation of itinerant, fly-by-night merchants.

F. P. Glazier has been elected one of the State Savings Bank at Ann Arbor. He has also been elected one of the directors of the Citizens Savings Bank, of Detroit.

Deputy Sheriff Fred R. Gillen, of Ann Arbor, and Miss Lulu B. Harmon, daughter of Mr. and Mrs. Anson Harmon, of Saline, were married at the home of the bride Tuesday evening.

Rev. Thomas Holmes, D. D., is the delegate from the Congregational church to the meeting of the state association to be held at Charlotte Tuesday, Wednesday and Thursday of next week.

Walter L. Crego, well known in Chelsea, had his gold watch and some dollars in money taken from his clothes at the university gymnasium in Ann Arbor one day last week, by a sneak thief.

The Woman's Guild will hold a social in the Congregational church on Wednesday afternoon and evening of next week, May 23. Supper will be served from 5 o'clock until all are served. A cordial invitation is extended to all.

Manchester Enterprise: We understand that the Maccabees intend to have a celebration here this summer. Maccabee day is becoming a feature so far as fun and social enjoyment goes. Of course the tents in all surrounding towns will be invited and they will come with bands of music.

The number of persons on Rural Mail Delivery Route No. 1 who would have their mail delivered by the carrier if they all had mail boxes is 499. On Route No. 2 there are 604. Of these about 12 per cent have no boxes and therefore do not get their mail.

Prof. J. B. Steere, of Ann Arbor, who left Jan. 1 on a scientific exploration of the wilds of South America in the interest of the U. S. Government to collect reptiles and fish specimens for the Pan-American exposition, has returned home. He brought with him about 500 articles and specimens, also information about all the characteristics of a naked tribe of Indians which lives about 2,000 miles from the mouth of the Amazon, and on the border of Bolivia, and which had never before been scientifically studied.

As the years go by it is pleasing to note that more farmers write letters on printed letter heads and have their cards on their envelopes. It was once thought that no one could do this unless he was engaged in the production of some specialty or breeding some pure blood farm stock. No one believes that now. Let the farm be named, and then give that with the name of the owner and post office address and the business is done. The cost of printing is trifling in comparison with its benefits. With the free mail delivery, just instituted in this vicinity, this will be an excellent plan. The Herald will furnish all patrons with printed stationery at little more than cost of the paper.

The prizes in the dot counting contest held by the Ann Arbor daily and weekly papers has closed and the prizes have been awarded. McClellan H. Mogk, of Ann Arbor, was the first one to count the dots correctly and won the \$50 prize. The total number of the dots was 2,780. There were 131 persons who counted them correctly. There were 89 who were just 1 out of the way, and many more who miscounted the elusive little specks by just 2 dots. Six Chelsea people are entitled to a prize of a 5 cent tablet or 5-cent lead pencil by calling at the office in Ann Arbor—they are Wm A. Burnett, F. A. Eulhart, Jake Slimmer, jr., F. H. Sweetland, Mrs. W. VanRiper and Mrs. C. E. Whitaker.

All Eyes On Texas.

Great is Texas. Her vast cotton crops and marvelous oil discoveries amaze the world. Now follows the startling statement of the wonderful work at Cisco, Tex., of Dr. King's New Discovery for Consumption. "My wife contracted a severe lung trouble," writes editor J. J. Eager, "which caused a most obstinate cough and finally resulted in profuse hemorrhages, but she has been completely cured by Dr. King's New Discovery." It's positively guaranteed for coughs, colds and all throat and lung troubles. 50c and \$1.00. Trial bottles free at Glazier & Stimson's.

FINDS AN UNKNOWN TRIBE

Prof. Steere, of University of Michigan, Meets Old Aborigines Near Bolivia, South America.

EXPEDITION WAS VERY SUCCESSFUL.

Carroll Storey Secures First Place in Oratorical League Contest—Gymnastics by Women—Dialect Districts of America—Other Notes of General Interest.

[Special Correspondence.]

University of Michigan, May 13.—Prof. J. B. Steere has returned from his South American explorations. He left for there on January 1 to make a collection of reptiles and fish for the United States government. His expedition was very successful, but the most interesting part of his trip was incidental. After going 1,000 miles up the Amazon and after steaming for 13 days up the Pucos river he reached a rubber camp, where he learned of an almost unknown tribe of wild Indians in the interior. They live about 2,000 miles from the mouth of the Amazon and on the borders of Bolivia. They call themselves the Jam-Madi tribe and now consist of about 40 people, an attack of measles having killed off 100 of their number last June. The Jam-Madis are very wild, and go almost naked. They wear a small stick of wood almost six inches long through their noses, and this is gayly trimmed with tinted feathers.

Prof. Steere easily made friends with the tribe by presenting the chief with some trinkets, and secured a complete collection of their wearing apparel, ornaments and weapons, which will be placed in the national museum.

Won First Place.

Carroll L. Storey, of Oberlin, O., a senior in the literary department of the University of Michigan, won first place in the annual contest of the Northern Oratorical league, held at Iowa City May 3. The subject of his oration was "The Minister Plenipotentiary." The other institutions represented in the contest were the Universities of Chicago, Minnesota and Wisconsin, Northwestern university, Iowa state university and Oberlin college. Of the 11 annual contests held since the organization of the league, eight have been Michigan victories.

The Yosemite in the Spanish War.

A collection of the articles and publications relating to the part which the United States steamer Yosemite took in the late war with Spain is being made for the general library of the University of Michigan by Prof. Mortimer E. Cooley, of the department of mechanical engineering, who was chief engineer on the Yosemite in 1898. The collection already includes a printed copy of the log of the steamer; the manuscript copy of the "rough steam log" for the quarters ending June 30 and September 30, 1898; two articles by Prof. Cooley and one by Edwin Denby. An account of the recent loss of the Yosemite in Asiatic waters is being prepared to complete the collection of articles.

The steamer during the summer of 1898 was manned by the Michigan naval militia. There were 131 college men from 36 different institutions in the crew. Forty-five of these were graduates or former students of the University of Michigan.

Gymnastics by Women.

The annual "open day" exercises at the women's gymnasium of the University of Michigan were held Wednesday evening, May 8. The following program was given:

1. Grand March and run.
2. Free exercises based on Swedish principles.
3. Club swinging.
 - (a) First year class.
 - (b) Fancy series, Misses Daley, Bowen, Stuart and Hedges.
 - (c) Swedish folk dance.
 - (d) Fancy steps and march (by command).
4. Pole drill, first year class.
5. Marching and dumbbells, second year class.
6. Jig steps.
7. Apparatus work.
 - (a) Traveling rings.
 - (b) Horse.
 - (c) Balance boards, etc.
8. Basket ball game, sophomores vs. picked team from freshmen, junior and senior classes.

Dialect Districts of America.

Prof. George Hemple, who is president of the American Dialect society, is attempting to outline, in a rough way, at least, the dialect districts of America. He is trying to do this by getting answers to a set of test questions. These answers will be filed according to the geographical location from which they are received. In order that the work may be well done it is necessary that several hundred replies should be received from every country on the continent. Everyone is, therefore, urged to devote a postal card and a few minutes to the cause. The questions to which answers are desired are given below. If there is uncertainty as to any point, it should simply be passed over, and only those questions answered that can be without difficulty or delay:

1. Name the town, county and state for which you are reporting, whether you live there now or not.

2. Do most people in your neighborhood say "Get a pail of water" or "Get a bucket of water"?
3. "Fry it in the spider," or "Fry it in the pan," or "Fry it in the skillet"?
4. Does the ho in hog resemble hal or haw?
5. Does the o in resemble ah! or awe?
6. Does the a in past resemble that in part or that in pat, or is it intermediate in quality?
7. Does the a in calm resemble that in cart or that in cat?
8. Does the exclamation Ah! rhyme with Yes, are they?
9. Spell as best you can the word or sound that farmers use in calling cows from pasture.
10. Your name.

Replies should be sent to No. 1033 East University avenue, Ann Arbor, Mich. If written on a postal card, as shown below, lengthwise, as the print runs on the other side, these replies can be directly incorporated in the files without copying them. Thus:

1. Battle Creek, Calhoun county, Mich.
2. Pail.
3. Spider.
4. Ha.
5. Ah.
6. Pat.
7. Cart.
8. No.
9. Co' boss.
10. J. W. Wilson.

The Call "Co' Boss."

Prof. Hemple has been busy for some years searching for the origin of the call "co' boss," which is so familiar to the inhabitants of the northern states and Canada. Prof. Hemple says:

"It has something poetic about it for many of us, reminding us of fields and lanes and woods and the mysterious suggestiveness of the coming of night. And so it is not strange that the word boss has for most Americans an interest which other farm words lack, and that people often inquire as to its origin. Its practical identity in form and meaning with Latin bos, together with the improbability of farm hands dropping into Latin diction in hailing cattle, has wrapped the etymology of the word in a tantalizing mystery.

"In America the word is rarely heard except in the call, where it has acquired almost the character of a name, and is often written with a capital, and sometimes confounded with Boss. The form of the call does not vary much, being Come boss or bossy, or Co' boss in the north, and Sook boss or Soo' boss in the midland. In England the word seems to be rare in calls."

Additions to Museum.

The collection of birds in the general museum of the University of Michigan has been enriched by the addition of two black-crowned night herons. The skins were contributed by Harry R. Wormley, who secured them at Shabbona, Ill.

The collection of insects belonging to the University of Michigan has been arranged for display on the second floor of the museum building. The collection, including about 1,000 species, mostly beetles, was made some 20 years ago by Prof. Joseph B. Steere, during his expeditions to South America and the Philippine islands.

R. H. E.

DYING IN POVERTY

Mary Cochrane, Who Nursed Colonel Mulligan, Now at Stevensville in Absolute Distress.

Mary Cochrane, who saved the life of Col. Mulligan, of the famous Mulligan guards of Chicago, during the civil war, has been discovered living in a hovel in the village of Stevensville, a few miles south of St. Joseph, in a state of absolute poverty.

She entered the civil war as a nurse, and was assigned to Mulligan's brigade. Mulligan was severely wounded at Lexington and removed to Island No. 10. It was here that Indian Mary nursed him back to life. Her father was an Indian and her grandfather an Indian chief.

Wouldn't Let Him Preach.

Mayor Rice refused Elder F. M. Savage, of Toquerville, Utah, permission to preach on Mormonism on the streets of St. Joseph. Savage called the wrath of God down on Mayor Rice and the city of St. Joseph. He threatened to preach without permission, but Chief Morton had orders to cast him in prison if he attempted to.

Strange, But True.

In one family residing near Breedsville there have been four marriages in the past year, two brothers and two sisters, all four of them, strange as it may seem, keeping their marriages secret from their parents for lengths of time varying from two or three days to six weeks after the wedding vows were taken.

Railroad Bought.

The Detroit United Railway company has purchased the Detroit & Northwestern suburban trolley line, which runs between Detroit and Plymouth, a distance of about 30 miles. The price is said to be \$800,000. It is said to be the purpose to purchase all the suburban roads running into Detroit.

Cannot Use State Seal.

Secretary of State Warner will notify all county commissioners of schools not to permit the sale of county school diplomas bearing a fac simile of the great seal of the state. It is learned that several publishing houses have been selling such diplomas in the state, and the use of the seal is contrary to law.

Changes in Salaries.

Changes in salaries of presidential postmasters will be made in Michigan cities as follows:

| |
|--|
| July 1. Gaylord, \$1,400 to \$1,500; Grand Marais, \$1,200 to \$1,300; Grass Lake, \$1,000 to \$1,100; Grayling, \$1,300 to \$1,400; Harbor Beach, \$1,300 to \$1,600; Hart, \$1,500 to \$1,600; Hartford, \$1,400 to \$1,500; Holland, \$2,392 to \$2,400; Homer, \$1,400 to \$1,500. |
|--|

KNIGHTS OF PYTHIAS.

Grand Lodge Elects Officers at Meeting in Battle Creek and Hears Reports.

The following grand lodge officers were elected by the Knights of Pythias at their annual meeting in Battle Creek:

Grand chancellor, Leo A. Caro, Grand Rapids; vice chancellor, Benno Rohnert, Sault Ste. Marie; grand prelate, R. G. Steel, St. Johns; grand keeper records and seals, Miles S. Curtis, Battle Creek; grand master exchequer, Sylvester Greusel, Hastings; grand master-at-arms, W. E. Hamplings, Charlevoix; grand inner guard, C. A. Palmer, Manistee; grand outer guard, H. H. Curtis, Charlotte.

It is customary in the grand lodge to advance officers to the next highest seat if they have been satisfactory and want the honor. This leaves but one chair, that of outer guard, to contest for. There were five candidates for this, and ten ballots were taken before a result was reached. H. H. Curtis, the successful candidate, is editor of Michigan Knight-hood, the official organ of the order. Greusel and Curtis were retained in the old positions, which they have held for several years.

Grand Chancellor Lusk's annual report showed a net gain of membership the past year of 1,361, which breaks all records in this grand domain. There are now 14,000 Pythians in the state and 174 lodges.

HISTORY OF BAPTISTS.

Rev. C. E. Conley Sketched It for the Washtenaw County Association at Ypsilanti Meeting.

The Washtenaw County Baptist association held its sixty-seventh annual session in Ypsilanti, and Rev. C. E. Conley, of Detroit, made an address on the contributions of the Baptists to the religious history of Michigan. He told how, in 1815, Baptists from New York, state made their way to Detroit, and how in 1818 Mr. and Mrs. Orson Allen, the first church members to press beyond Detroit, took up their residence where Pontiac now stands. In 1821 the first Baptist meeting house was erected on the site of the Allen cottage, and in 1832 the Pontiac Baptist church was organized. Following the establishment of a church organization at Pontiac, a meeting house was erected at Stony Creek, near Rochester, and later came the churches of Troy and Farmington, these four being the nucleus of the present Baptist church system of Michigan.

STUMP LANDS SOLD.

Colony Being Formed in Iowa to Settle on Michigan Soil in Three Counties.

The Michelson & Hanson Lumber company, of Lewiston, has closed a deal with a company of Iowa farmers which disposes of about 15,000 acres of its stump lands. The lands embraced in the deal lie in Oscoda, Montmorency and Otsego counties. The Iowa people, under the management of Mr. Cephas Buttles, of Milwaukee, will open the lands for settlement and are already forming a colony for that purpose. This movement means much for that section of the state and especially for Lewiston, which is now an enterprising village of about 800 inhabitants, but maintained largely by lumbering interests.

His Cartoonists.

Congressman Henry C. Smith, in an address before the Lenawee County Teachers' association in Adrian, roasted the American cartoonist for making light of public men. He said it is a disgrace to our nation, this work of the caricaturists, in using the name and fame of public men as they do. He believes some public action should be taken to prevent "funny men" from exploiting their talents at the expense of other people's fame and name.

She Won't Tell.

Last October Mrs. Charles Hanson, of St. Joseph, mysteriously disappeared from her home, and as the days went by with no trace of her being found she was given up for dead. She had been troubled with brain disease and it was concluded she had thrown herself into the lake. The other day, however, she walked into her home as if nothing had happened, but refuses to tell where she had been all these months.

Gas Was Turned On.

John Watts, about 30 years old, a farmer living eight miles from Midland, was found dead in his bed at the Hotel Ruhl in Jackson, with the room full of escaping gas. Watts had gone to the city for the purpose of buying agricultural machinery, and put up at the hotel. It is believed that on retiring he accidentally turned on the gas after extinguishing it, as there are no indications of suicidal intent.

Lost His Fingers.

Ashley Furman, an employe at the Lake Shore basket factory in Coloma, lost all the fingers from his right hand by inadvertently placing them under the descending blade of a dis-jointer. Mr. Furman leased his farm west of the village and went to work in the factory but a few months ago, taking the cases vacated because of a precisely similar accident to his predecessor.

A GIFTED AND BEAUTIFUL GIRL Threatened With Nervous Prostration, PROMPTLY SAVED BY PE-RU-NA.

MISS ROSE CULLEN, OF BUTTE, MONT.

Miss Rose Cullen, President Young Woman's Club, of Butte, Mont., writes from 921 Galena street, as follows:

"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep, nor enjoy life. A couple of bottles of Peruna put new life in me. I find that having it in the house and taking a dose off and on keeps me in fine health.

"A large number of my friends place Peruna at the head of all medicines."—Miss Rose Cullen.

How Peruna Quickly Cures Backache, the Bane of Woman-kind.

MRS. G. W. HEARD, Hempstead, Texas, writes:

"We have moved recently, and I must have lifted something that was too heavy for me in straightening things up, for I had such a backache and could hardly stand on my feet at all. Beside, I was so tired all the time. My face was spotted and I was very thin. I took one bottle of Peruna and was soon real well. When I feel tired and all run down I take Peruna and feel all right before I finish one bottle. I know it is a wonderful medicine, and both myself and husband praise Peruna.

"There has been a great deal of sickness through this part of the country, but, thanks to Peruna, which we use freely, our own family has escaped with almost no sickness at all.

"Could you but see our baby Ruby (to whom we gave Peruna for bowel trouble), you would see from her robust looks that you need no better advertisement in this little town. She is so fat and rosy, is nearly five years old now, and is a great believer in Peruna."—Mrs. G. W. Heard.

Given Up to Die—All Doctors Failed—It Proved to be Catarrh of Stomach and Was Cured by Peruna.

W. A. Mitchell, dealer in general merchandise, of Martin, Ga., writes: "I wrote you some time ago concerning my wife's case. She had tried all of the best doctors, and we got to where we thought all they did was

against her. She weighed about 190 pounds when she was in good health. When she commenced with our family physician in April, 1898, she weighed about 130, but kept going down all the time. She went to Atlanta, Ga., and took treatment, but it did her no good. Then she went to Harmony Grove, Ga., and took treatment from the best physician there for three months. She kept going down under his treatment, although he was considered the best physician in the county. She went down from 130 pounds to 68, and we saw she could not live long. She was a skeleton. We consulted an old physician who told her to use Peruna. She gradually improved and got stronger. She has gained 38 pounds since she has taken Peruna, and is gaining every day, and does her own housework.

"She was well known when she was so low, and now everybody wants to know what cured her. She had indigestion and catarrh of the stomach. It is as good for children as for grown people. We haven't had to have a doctor for one of our children since 1898."—W. A. Mitchell.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

W. L. DOUGLAS
\$3. & \$3.50 SHOES UNION MADE.
Real worth of W. L. Douglas \$3 and \$3.50 shoes is \$4 to \$5. My \$4 Gilt Edge Line cannot be equalled at any price.

A FAMOUS OLD HOUSE.

The house of Walter Baker & Co., whose manufactures of cocoa and chocolate have become familiar in the mouth as household words, was established one hundred and twenty-one years ago (1780) on the Neponset River in the old town of Dorchester, a suburb of Boston. From the little wooden mill, "by the rude bridge that arched the flood," where the enterprise was first started, there has grown up the largest industrial establishment of the kind in the world. It might be said that, while other manufacturers come and go, Walter Baker & Co. go on forever.

What is the secret of their great success? It is a very simple one. They have won and held the confidence of the great and constantly increasing body of consumers by always maintaining the highest standard in the quality of their cocoa and chocolate preparations, and selling them at the lowest price for which unadulterated articles of good quality can be put upon the market. They welcome honest competition; but they feel justified in denouncing in the strongest terms the fraudulent methods by which inferior preparations are palmed off on customers who ask for and suppose they are getting the genuine articles. The best grocers refuse to handle such goods, not alone for the reason that, in the long run, it doesn't pay to do it, but because their sense of fair dealing will not permit them to aid in the sale of goods that defraud their customers and injure honest manufacturers.

Every package of the goods made by the Walter Baker Company bears the well-known trade-mark "La Belle Chocolatiere," and their place of manufacture "Dorchester, Mass." Housekeepers are advised to examine their purchases, and make sure that other goods have not been substituted.

An attractive little book of "Choice Recipes" will be mailed free to any housekeeper who sends her name and address to Walter Baker & Co., Ltd., 158 State Street, Boston, Mass.

IN JOHNNY BULL'S DOMAIN.

It is stated that three-fourths of the Irish members of parliament are teetotalers.

London covers 75,000 acres, Leeds is next with 21,000, and Sheffield third with 9,650.

England imports 420 pounds of grain a year for each inhabitant of the country.

Within six years the New Zealand government has bought back of the original settlers 324,167 acres of land used for sheep runs and 1,630 families have found homes on them.

The movement for securing better cottage accommodation for the laborers in Ireland is alleged to be creating ill-feeling on the part of the farmers in the south of Ireland.

Glasgow's population is 760,320, an increase in ten years of 142,277, a growth comparing favorably with that of American cities. In 1801 Glasgow contained 77,385 inhabitants.

India and Ceylon have competed so successfully with China in the production of tea that, whereas in 1880 2,100,000 hundredweight of the leaf were exported from China, only 1,631,000 hundredweight left the country in 1899.

Tramps in England are fast growing fewer. In one county there were about half as many tramps last year as there were four years ago, and in another county there were not one-third as many. Enlistments for the army and navy are considered the cause of the decrease.

A MIRACLE EXPLAINED.

Bryant, Mo., May 13.—The sensational cure of Mrs. M. A. Goss, of this place, has sent a ripple of excitement all over Douglas County, and Dodd's Kidney Pills, the remedy in question, are receiving thereby, the greatest advertisement any medicine has ever had in this state.

To satisfy the many inquiries which she finds it impossible to answer by letter, Mrs. Goss has sent the following statement of her case to the St. Louis Globe-Democrat:

"I did not think I could live a day and suffer, as I have lived and suffered for months, with Sciatica and Rheumatism. I used baths and liniments of all kinds. Two physicians treated me, one of them for two months. Nothing helped me in the least. I never slept more than ten or fifteen minutes at a time. I was bedfast, and had to lie on one side all the time. I used to wish for death, to deliver me from such torture.

"A friend suggested Dodd's Kidney Pills, and after I had used them a week, I began to improve, and in about four weeks I could sit up in bed. A few days later, I walked a quarter of a mile and back. I now do all my own cooking and house work. The pain has entirely left me, and I am a well woman. I have taken altogether, sixteen boxes of Dodd's Kidney Pills. Dodd's Kidney Pills saved my life." Mrs. M. A. Goss.

People come for miles to see Mrs. Goss, and hear her wonderful story. Dodd's Kidney Pills are working marvelous cures in Missouri.

MICHIGAN LEGISLATURE.

Daily Summary of the Proceedings in Senate and House at the Forty-First Session.

Lansing, Mich., May 8.—The senate yesterday came to the relief of abused husbands, both houses having passed a bill which provides that courts may allow alimony to husbands who secure divorces on the ground of adultery, extreme cruelty or desertion, the same as is now provided for wives.

Lansing, Mich., May 9.—The senate has concurred in the house amendment to the Ionia asylum appropriation, cutting it down from \$105,000 to \$82,900, which disposes of the proposition to remove the institution to the south side of the river and establish a reformatory for women in the main building. A bill passed authorizing superintendents of police to license citizens to carry concealed weapons for a period of less than one year upon making a proper showing, and paying a fee of 25 cents. Nonresidents of the state must secure a license from the governor and pay a fee of one dollar.

Lansing, Mich., May 10.—Bills have been passed in the senate: To amend Manistee's charter; to reduce the number of justices in Grand Rapids; to reincorporate Menominee; to permit catching carp, suckers and reddsides with nets and spears in the inland waters of Wayne county which have not been planted by the state fish commission; to amend Kalamazoo charter; appropriating \$2,000 per year to the state board of health; appropriation for Marquette prison; appropriation for Marquette normal.

Lansing, Mich., May 11.—The senate has finally disposed of the joint resolution to reimburse Ingham county for the expenses incident to the grand jury and military trials, fixing the maximum amount at \$10,000, the sum agreed on by the house. Senator Nichols' bill to grant alimony to husbands in certain cases has been killed, also the bill making the office of village marshal elective. Bills have been passed doing away with the off-year fall elections in Detroit; appropriating \$30,000 for publishing the records of Michigan soldiers; appropriation for State Horticultural society.

Lansing, Mich., May 12.—In the senate bills have been passed appropriating \$271,100 for the soldiers' home for two years; providing that the roster of all former legislatures shall be published in each state manual; to provide for the state census of 1904; to prohibit net fishing in the waters connecting Lakes Superior and Huron; general military bill; to appropriate money to pay salaries of attorney general and employees and office expenses; to establish a closed season for black bass in inland waters; proposing a constitutional amendment to abolish the publication of the general laws of a session in the newspapers.

Lansing, Mich., May 14.—No business was transacted in the senate yesterday.

House.

Lansing, Mich., May 8.—The house passed a bill providing that courts may allow alimony to husbands who secure divorces on the ground of adultery, extreme cruelty or desertion, the same as is now provided for wives.

Lansing, Mich., May 9.—In the house bills have been passed: Amending the general tax law; appropriating \$2,500 for completing the records of Michigan soldiers in the Spanish-American war; amending the law relative to societies for loaning and investing money; to amend the garnishee laws; relative to the partition of lands owned by several persons; relative to security for staying proceedings on verdicts; amending the election laws; to specially permit carrying of concealed weapons.

Lansing, Mich., May 10.—Among the bills agreed to by the house in committee of the whole was one providing for the allowance of alimony to husbands upon decrees of divorce in certain cases; another bill regulates the use of chemicals in articles of food and drink. Instead of prohibiting the use of preservatives, it provides that where any chemical is used for that purpose the name and quantity shall be plainly stamped upon the package.

Lansing, Mich., May 11.—A joint resolution providing for an amendment to the constitution so as to permit judges to pass indeterminate sentences upon criminals was reported favorably in the house. Bills have been passed extending time in which horsehoers' liens can be taken from 60 days to six months; providing that trust deposit and surety companies may be organized in cities of less than 50,000 population with a capital of \$100,000; authorizing the state board of education to prescribe the course of studies at the state normal schools; revising laws for the incorporation of companies carrying on any lawful business; to protect the badge of the G. A. R. and kindred organizations of ten years' standing in the state; providing that the swamp lands granted to the state by act of congress in 1850 shall continue under the supervision of the land commissioner and be held subject to sale; providing that when any person shall die intestate, leaving a husband or wife and no issue, the homestead shall belong to the husband or wife of such deceased person in fee; to regulate the granting of relief to almshouses and admission of poor persons to almshouses and to provide for their temporary care and transportation; providing that a minority of the directorate of Michigan beneficiary societies may be nonresidents of the state; appropriating \$50,000 for the establishment of a psychopathic ward in connection with the university hospital.

Lansing, Mich., May 13.—The house has agreed to the bill providing an appropriation of \$40,000 for a new normal school, the state board of education to select the location.

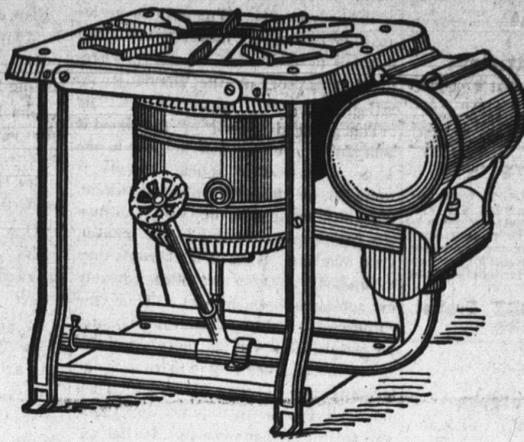

Lansing, Mich., May 14.—In the house an appropriation of \$2,900 has been agreed to for extending the work of the state board of geological survey.

Gov. Bliss has vetoed bills providing an annual salary of \$1,500 for the clerk of the house of representatives and the secretary of the senate, and appropriating \$17,500 for the purchase of additional land for the eastern asylum for the insane. Bills appropriating \$155,000 for the college of mines and \$70,000 for the state fish commission have been approved.

Young Orators Contest.

Grand Rapids, May 11.—Harry Hatswell, of Saginaw, speaking upon the subject: "The Battle of Gettysburg," carried off the first honors in the fourth annual contest of the Peninsula Oratorical league here Friday night. Edward Eardley, of the Grand Rapids high school, was awarded second honors, his subject being "Antonio Maceo." Clarence H. Pomeroy, of Kalamazoo, was third, subject: "Expansion as a Necessity for Progress." Other contestants were: George Malcom, of Pontiac, on "Our Responsibility," and Frank Cole, of Ann Arbor, on "America's Constructive Statesmen."

This is the Smallest WICKLESS Blue Flame OIL STOVE

Made also in four larger sizes. Sold everywhere.

THE ALCOHOL QUESTION.

The New Century Study of its Effect in
Lowering Health and Vitality.

[Published for the County Superintendent of
Scientific Temperance.]

It is said that the blood of healthy
individuals possesses a certain power to
kill or make inactive the germs of disease
—a germicidal (germ killing) power. Thus,
in every open wound, and even when we
eat and drink, a certain number of harm-
ful bacteria get into the blood. But the
germicidal power therein destroys them,
and no abscess in the wound or no disease
of the body results. Where these germs
are in large numbers, however, the blood
may fail to resist them, especially where
the blood is poor, or the circulation in-
active.

This germicidal power of the blood is
believed by some to exist in part in the
white corpuscles. When a tissue is
wounded, or bacteria lodge anywhere,
these little scavengers, the white corpus-
cles, can be seen collecting to the point in
great numbers. Some of the bacteria they
eat up bodily. Others are killed, probably
by substances which come from the
corpuscles. If these little soldiers, plus
the germicidal power of the serum, are
strong enough, they stop or drive back the
invading enemy at the very outset. Then
other cells appear which build up a tissue
wall against further advance. If the en-
emy are too many, however, the invasion
goes on into the body, and the person con-
tracts disease.

The white blood corpuscles are not, like
the red corpuscles, confined within the
veins, but can wander throughout the
system to any point where they are needed
as "germ killers." The fact that alcohol
injuries these little soldiers, who are always
on guard for our defense, shows why and
how alcohol lowers the power of resisting
disease. This testimony is confirmed,
both by common experience and labora-
tory investigations.

The acting mayor of a southern city
during a yellow fever visitation in 1888,
Mayor Archibald, of Jacksonville, Florida,
said:

"The yellow fever is the best temper-
ance lecture the city ever had." Acting
Mayor D. T. Gerow, of the same city, said
of the same epidemic: "The fact of the
greater liability to die on the part of those
who were accustomed to the use of
alcoholic stimulants was very noticeable,
and the source of constant remark. It
has been almost invariably the case, that
when a person of drinking habits has
been attacked by the fever he has either
succumbed to the disease, or has experi-
enced a very narrow escape."

It Saved His Leg.
P. A. Danforth, of LaGrange, Ga.,
suffered for six months with a frightful
running sore on his leg; but writes that
Bucklen's Arnica Salve wholly cured it in
five days. For ulcers, wounds, piles, it's
the best salve in the world. Cure guar-
anteed. Only 25c. Sold by Glazier &
Stimson.

Michigan Central Excursions.
For Decoration Day a rate of one and a
half fare for the round trip will be made.
Date of sale May 29 and 30, 1901. Re-
turn limit until May 31, 1901, inclusive.

On and after Sunday, May 5, regular
excursion rates will be given on the Mich-
igan Central both east and west to any
point at single fare for the round trip.
Excursionists must be back at the point
of starting by 12 o'clock midnight. Tick-
ets good on all trains that stop regularly
at the stations.

Commencing April 30 tickets good for
30 days will be sold at all stations on the
line to Buffalo, N. Y., on account of the
Pan-American exposition. The rate of
fare from Chelsea will be \$14.95. Tickets
good for 15 days will be sold at Chelsea
for \$11.25. Each Tuesday through May
5-day tickets will be sold, the fare being
\$9.65.

Sunday, May 19, a special excursion
train will be run to Grand Rapids, Kala-
mazoo, Battle Creek and Jackson. The
train leaves Chelsea at 9:08 a. m. Return-
ing the train leaves Grand Rapids at 6:30
p. m. and Kalamazoo at 7:30 p. m. Fare
for the round trip to Grand Rapids and
Kalamazoo \$1.50, to Battle Creek \$1.00,
to Jackson 50 cents.

Old Soldier's Experience.
M. M. Austin, a civil war veteran, of
Winchester, Ind., writes: "My wife was
sick a long time in spite of good doctor's
treatment, but was wholly cured by Dr.
King's New Life Pills, which worked
wonders for her health." They always
do. Try them. Only 25c at Glazier &
Stimson's drug store.

Into each life some ruins must fall.
Wise people don't sit down and bawl;
Only fools suicide or take to flight,
Smart people take Rocky Mountain Tea
at night. Ask your druggist.

To Cure La Grippe in 24 Hours.
No remedy equals WARNER'S WHITE
WINE OF TAR SYRUP for this terrible
and fatal disease. If taken thoroughly
and in time, it will cure a case in 24 hours
and for the cough that follows La Grippe,
never fails to give relief. Price 25c and 50c.

The Science of Kissing.
And now even kissing is being re-
duced to a science! Once upon a time
when people wanted to kiss they just
kissed, and that was all the fuss there
was about it. Now all this is changed.
The woman who wants to be abso-
lutely "correct" in kissing, as she is
in the selection of her hats and gowns,

"I have noticed," said the social phi-
losopher, "that people who gossip about
their neighbors are the people who are
always fretting because they imagine
they are being talked about by their
neighbors."—Omaha World-Herald.

**Consumption Cure — WARNER'S
WHITE WINE OF TAR SYRUP,**
the best cough remedy on earth, cures a cold
in one day if taken in time. 25 and 50 cts.

Probate Order.

STATE OF MICHIGAN, COUNTY OF WASHTENAW,
ss. At a session of the Probate Court for
the County of Washtenaw, holden at the
Probate Office in the City of Ann Arbor, on
Thursday, the 26th day of April, in the
year one thousand nine hundred and one.
Present, W. L. Watkins, Judge of Probate.
In the matter of the Estate of Andrew
Allison, deceased.
Mary A. Blanck, the administratrix with the
will annexed of said estate, comes into court
and represents that she is now prepared to ren-
der her final account as such administratrix.
Thereupon it is ordered that Friday, the
26th day of May next, at ten o'clock in the
forenoon, be assigned for examining and
allowing such account, and that the heirs at
law of said deceased, and all other persons
interested in said estate, be required to
appear at a session of said Court, then to be
holden at the Probate Office, in the city of
Ann Arbor, in said county, and show
cause, if any there be, why the said account
should not be allowed; and it is further
ordered, that said administratrix give notice
of the persons interested in said estate, of the
pendency of said account, and the hearing
thereof, by causing a copy of this order
to be published in the Chelsea Herald, a news-
paper printed and circulated in said county,
three successive weeks previous to said day of
hearing.

Mortgage Sale.

By a mortgage bearing date May 18,
1890, and recorded on the 21st day
of May, 1890, in the office of the register
of deeds for the county of Washtenaw,
in the state of Michigan, in liber 57 of mort-
gages on page 168, Joseph Dunnebacke,
and Bertha Dunnebacke, his wife, duly
mortgaged to Edmund Z. Derbyshire, and
that certain piece or parcel of land situate,
lying and being in the township of Ypsi-
lanti, in the county of Washtenaw, and
state of Michigan, and described as fol-
lows, to wit: The southeast quarter of the
northeast quarter of section twenty-seven,
township three south of range seven east
Michigan. The said mortgage was after-
wards duly assigned by the said Edmund
Z. Derbyshire to Benjamin D. Kelly and
Emily M. Kelly, by instrument of assign-
ment, dated December 7, 1890, and re-
corded in said register's office December
8, 1890, in liber 7 of assignment of mort-
gages, on page 1, and by the said Ben-
jamin D. Kelly and Emily M. Kelly duly
assigned to Wilber West, by instrument
of assignment, dated March 23, 1891, and
recorded in said register's office November
13, 1891, in liber 7 of assignment of mort-
gages, on page 263, and by the said
Wilber West duly assigned to Nineta
Stone, by instrument of assignment,
dated November 9, 1891, and recorded in
said register's office November 15, 1891,
in liber 7 of assignment of mortgages, on
page 262, and by the said Nineta Stone
duly assigned to Susan Clement, by in-
strument of assignment dated April 16,
1893, and recorded in said register's office
July 25, 1893, in liber 11 of assignment of
mortgages, on page 483. The amount
claimed to be due on said mortgage at
the date of this notice for principal,
interest and attorney's fees as provided
for, is the sum of nine hundred seventy
and fifty-nine one-hundredths (975.59)
dollars. Default having occurred in the
conditions of said mortgage, by which
the power of sale therein contained has
become operative, and no suit or proceed-
ings at law having been instituted to re-
cover the debt thereby secured or any
part thereof, notice is hereby given that
said mortgage will be foreclosed by a sale
of said mortgaged premises, to satisfy the
amount due, at public vendue, to the
highest bidder, on the twenty-fourth day
of June, 1901, at ten o'clock in the fore-
noon of said day, at the east front door
of the court house in the city of Ann Arbor,
in said county, said court house being the
place of holding the circuit court within
said county.

Dated, March 26, 1901.
SUSAN CLEMENT,
Assignee of said Mortgage.
JOHN P. KIRK, Attorney for Assignee.
