### COUNTY FARMERS' INSTITUTE.

Good Program of Speakers and Topics for the One to Be Held at Chelsea, Feb. 11 and 12.

The Washtenaw county farmers' institute that is scheduled to be held at the town hall, Chelsea, Wednesday and Thursday, Feb. 11 and 12, has a program of topics for discussion that is a hummer, and an array of speakers to present them that is second to none. Those chosen to lead the discussions on the topics have been selected with special regard to their familiarity with the subjects to be discussed. The chairmen of the several sessions are good presiding officers, and everything should move off with the regularity of clockwork. The programs for each session are long and it behooves speakers to crystallize and condense their thoughts so as to make the most of the time.

The woman's section of the institute will meet in the Baptist church Thursday afternoon, Feb. 12, and will have for its principal speaker, Miss Martha VanRensselaer, of Ithaca, N. Y.

The ladies of the Baptist church will serve a warm dinner Thursday, for which a charge of 25 cents each person will be made. The complete program is as follows:

#### GEORGE W. BOYNTON.

A Lifelong Resident of Sylvan Passed Away to His Reward Friday.

In the death of George W. Boynton, who passed away at his lifelong home in Sylvan Friday, Jan. 23, aged 58 years, 10 months and 6 days, this township loses one of its best and most respected citizens. Born on the farm on which he died, March 17, 1844, it was always a home that was near and dear to his heart. Dec. 23, 1865, he was married to Miss Emily Storms, who survives him. In 1869 Mr. Boynton united with the Lima M. E. church and had always been a faithful and consistent member of it until his death. He was the possessor of a real christianity which showed itself in kindly deeds and acts of charity and good will to all. A kind and affectionate husband, a genial, hearty friend, he will be greatly missed by those who knew him best in life and at the meetings of the farmers' organizations of which he was a faithful and honored member.

Mr. Boynton had been falling in health for the past two years, and during his last illness he suffered intensely, but he bore it all with the manly Christian fortitude that was characteristic of his nature.

The funeral services were held Monday afternoon at his late home and were conducted by Rev. J. H. McIntosh, of Dexter, assisted by Revs. F. A. Stiles and C. S. Jones, of Chelsea. It was largely attended, and his remains were followed to their last resting place in the Vermont cemetery by a long cortege of sorrowing friends. A good man has gone from among us.

#### Open Meeting of Lafayette Grange.

Lafayette Grange will hold an open meeting at the Foresters' hall, Chelsea, Wednesday afternoon, Feb. 4, when the following program will be given:

Opening Song.  
Select Reading—Mrs. F. McMillen.  
Recitation—Mrs. E. Keyes.  
Does the Farmer Need Special Education—N. W. Laird.  
Report of Delegate to State Grange—John Clark.

Question for Discussion—How can farm life be made as attractive as other callings?  
Select Reading—Mrs. F. H. Sweetland.  
Recitation—Frank McMillen.  
An invitation is extended to all interested in improving farm organizations to attend.

#### Cards of Thanks.

To my many friends, who, in my great sorrow, have extended to me their loving kindness and tender sympathy; and to the Western Washtenaw Farmers' Club and Grange, for their beautiful tributes of flowers, and to the choir, to each and every one, I extend my heartfelt thanks.  
MRS. EMILY BOYNTON.

For the kind assistance of our neighbors and friends during the sickness and death of our son Reinhold Otto, we wish to extend our most sincere and heartfelt thanks.

MR. AND MRS. GEO. OTTO.

#### Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have ever known for coughs, colds and grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. Its relief is instant and cure certain." Glazier & Stimson guarantee every 50c and \$1.00 bottle, and give trial bottles free.

It's pretty hard to define real beauty. Rare and beautiful women everywhere owe their loveliness to Rocky Mountain Tea. 35 cents. Glazier & Stimson.

#### CONGRESSIONAL.

Further discussion of the omnibus statehood bill took place in the senate on the 21st. An attempt to hold an executive session to consider the Cuban reciprocity treaty was defeated by Senator Quay. The house spent the day in committee of the whole in debate on the Philippine coinage bill. The military academy appropriation bill (\$44,273) was reported and a bill was introduced to enable persons to locate coal claims on unsurveyed lands in Alaska. In the senate on the 22d the statehood bill occupied the entire time except for a few routine matters. The legislative, executive and judicial appropriation bill was sent to conference and a favorable report was made on the bill appropriating \$200,000 for the erection of headstones to mark the graves of Confederate soldiers buried in the north. In the house the Philippine coinage bill reported by the insular affairs committee was rejected and the substitute offered by the minority for the introduction of American currency and the American coinage system in the islands was adopted. Further discussion of the statehood bill occupied the time of the senate on the 23d. The treaty between the United States and the government of Colombia was received and referred to the committee on foreign relations. The house passed 235 private pension bills. They included pensions to the widow of Gen. Franz Sigel at \$100 a month, the widow of Gen. Francis Negley at \$50, and the widow of Rear Admiral Henry Pickens at \$40. The Alaska delegate bill was also passed. The first delegate is to be elected next autumn and is to hold a seat in the Fifty-eighth congress. In executive session on the 24th the senate considered the Panama canal treaty and the secretary of state was authorized to make it public. Senator Spooner brought up the Indianola (Miss.) post office affair and defended the action of the president. The diplomatic and consular appropriation bill (\$36,000) was reported. In the house the agricultural appropriation bill was passed. A session was held on the 25th for memorial services for deceased members.

#### DOMESTIC.

The government tug Leyden was wrecked on Block island and a boat with six of the crew dashed to pieces on the rocks, but the men were rescued by life savers. The Kansas legislature has provided for investigating the coal famine. Gov. Garvin announces that no prize fighting will be allowed in Rhode Island. Duncan Clinch Heyward has been inaugurated as governor of South Carolina at Columbia. A quantity of furniture used in the white house in Washington for many years and discarded as a result of the recent improvements has been sold at auction. An attempt to commit the United Mine Workers' convention in Indianapolis to socialist doctrine in respect to ownership of coal mines and railroads failed. In a railway wreck on the Illinois Central road at Dempster, Tenn., Engineer Norton, Fireman McDaniel and Baggage Master Meyerick were fatally injured. Gov. Durbin, at the conclusion of the Indiana coal inquiry, declared there was no evidence of collusion to force up the price of coal. The treaty between the United States and Colombia for the construction of the Panama canal has been signed in Washington. The State bank of Verdigray, Neb., closed its doors with liabilities of \$19,000. Joseph Petross and his three sons were killed by the caving in of a mine at Natalie, Pa. Patrick Deehan was acquitted in Chicago of the alleged murder of John Linders by a jury whose members first knelt and prayed for light in arriving at a verdict. An express train on the Chicago Great Western road was wrecked at South Freeport, Ill., and Engineer Sheridan, Fireman Grace and W. H. Day were killed and 20 passengers injured. Congressman Chester D. Long has been nominated for United States senator by the Kansas republican legislative caucus. The southern California orange crop this year is a record breaker. Eugene McCarthy, the "school boy pugilist," of New York, died from the effects of a blow received in a bout. A bill has been introduced in the Michigan senate making the promulgation of criminally anarchistic doctrine a crime punishable by \$5,000 fine or ten years' imprisonment, or both. There were 253 business failures in the United States during the week ended on the 23d, against 350 the same week in 1902.

In a fire panic in New York city three women were trampled to death by men.

Robbers forced an entrance into the City bank at Somerset, O., blew the safe and got away with \$6,000.

Severe earthquake shocks were felt at Savannah, Ga., and at Columbia, S. C.

The exchanges at the leading clearing houses in the United States during the seven days ended on the 23d aggregated \$2,396,267,362. The increase compared with the corresponding week of last year was 7.6.

The Panama canal treaty is considered fairly satisfactory and the senate is expected to ratify it. It provides for payment by the United States of \$10,000,000 cash and \$250,000 annual rental after nine years.

Weekly trade reviews report all sections of the country buying liberally in spite of high prices and paying cash as a rule. Fuel and transportation difficulties are the only trade drawbacks.

The United Mine Workers, in session at Indianapolis, voted to demand an advance of 12½ cents a ton, run of mine basis, and 7 cents differential between pick and machine mining.

Weekly trade reviews report all sections of the country buying liberally in spite of high prices and paying cash as a rule. Fuel and transportation difficulties are the only trade drawbacks.

## TO RAISE BLOCKADE.

Powers Agree to Accept President Castro's Proposal.

As Soon as Conditions Suggested by Him Are Guaranteed, They Will End Blockade of the Venezuelan Coast.

Berlin, Jan. 27.—Written declarations regarding raising the blockade of the Venezuelan ports have been exchanged between Minister Bowen and the representatives of Great Britain, Germany, and Italy.

In their declarations the representatives of the European powers promised to consent to the immediate raising of the blockade as soon as an agreement is concluded between them and Mr. Bowen embodying the conditions laid down by the powers.

These conditions chiefly relate to the guarantees to be furnished by Venezuela, which has offered a portion of the customs revenue of La Guayra and Porto Cabello.

#### May Not Resort to Hague Court.

It is still believed here that all the matters in dispute will be satisfactorily arranged at Washington without resorting to The Hague arbitration court. Only a portion of the Venezuelan revenues will be available for the payment of the claims, because of the large part already hypothecated as security for foreign loans. The German foreign office is very hopeful of an early settlement and of the raising of the blockade without much further delay.

A lively exchange of telegrams occurred between Germany and Great Britain on Saturday before the acceptance of Mr. Bowen's propositions, as cabled from Washington. It is explained that Great Britain's acceptance was forwarded to Washington first because Mr. Bowen submitted his proposal to Ambassador Herbert before seeing Count Quadt, the German charge d'affaires. Italy's attitude is to accept any arrangement agreeable to Great Britain and Germany. As soon as the guarantee for the payment of the first grade claims is disposed of the negotiations for the settlement of the remainder will proceed with each power independently. The alliance between Great Britain and Germany may be considered to have been definitely ended so soon as the guarantee is signed and the consequent raising of the blockade occurs.

The lifting of the blockade would not mean the complete withdrawal from American waters of the allied fleet, and it is understood that not only will the British American fleet remain in its accustomed winter quarters in the Caribbean, but that the German government will depart from its ancient policy, which has been to get along without station fleets, and will continue the present squadron in American waters as a permanent fleet.

#### Fort Bombarded.

Maracaibo, Jan. 23.—The bombardment of Fort San Carlos by the German cruisers Vineta, Panther and Falke was continued yesterday. The fort replied, and 12 dead and 15 wounded Venezuelan soldiers was the result. A fisherman from the village of San Carlos has arrived here in a canoe with his family and reports that more than 25 Indian fishermen have been killed or wounded at San Carlos.

#### Commander Reports.

Berlin, Jan. 24.—Commodore Scheder, commander of the German fleet in Venezuelan waters, officially reports the bombardment of Fort San Carlos from Maracaibo under date of Jan. 21, as follows:

"On the 17th instant, while the Panther was passing the Maracaibo bar, she was unexpectedly attacked by Fort San Carlos, which opened a heavy fire on her. To this the Panther replied and a cannonade was exchanged for half an hour. Owing to the difficulties of navigation the Panther then desisted. In order to exact an immediate punishment for this attack, the more so as the Venezuelan government had proclaimed it a victory, I bombarded the fort, with the Vineta on the 21st instant and destroyed it."

#### Germany's Official Statement.

Berlin, Jan. 26.—In an official statement given out in regard to the bombardment of Fort San Carlos at Maracaibo, it was pointed out:

First. That the bombardment occurred while Mr. Bowen, the American minister and representative of Venezuela in the negotiations at Washington, was on his way to the latter city. Therefore the negotiations had not actually begun.

Second. It is claimed that the fault of the matter lies wholly at President Castro's door, and that he alone is responsible for every life lost and any injury inflicted.

Third. It was the right and the duty of the Panther to secure free passage of the lagoon, and in discharging the undertaking of the other powers to secure control of the lagoon and inspect the vessels therein the Panther had no intention of bombarding the forts, and had no orders to do so.

## DOBLIN RETRACTS.

Principal Witness in the Congressional Bribery Investigation Now Says He Testified Falsely.

Washington, Jan. 27.—Philip Doblin, who testified before the house committee on naval affairs Saturday that he had approached Representative Lessler, of New York, with an offer of money to influence his vote on the submarine boat bill, and who made the further statement that he had been told there might be \$1,000 in it for him, made the astounding statement before that committee Monday that he made statements Saturday which were not true, and that he wanted to retract his statement that Mr. Quigg had tendered a bribe to him. The statement came without any previous warning that Doblin intended making any such retraction. Members of the committee looked at one another in amazement as Doblin went on with his statement.

Gustavus Rogers, an attorney, arose in the committee room after the first witness had left the stand Monday morning, and said he appeared for Mr. Doblin, who had stated to him that he (Doblin) had made some statements Saturday which were true and some which were false, and held in his hand a statement to which Mr. Doblin had sworn. The committee was unanimous in agreeing that Doblin appear in person forthwith. He was called and made specific denial of all statements he had previously made, wherein he alleged attempts at bribery. He was rigidly cross-examined by practically every member of the committee and pressed vigorously for explanation of his action, but persisted that he was telling the truth now, and adhered to his denials.

When Doblin had left the stand the committee's programme, which contemplated calling Dr. W. R. Kerr to the stand, was abandoned and it went into secret session. Some of the members in view of the remarkable developments favored dropping the investigation, but others urged that it be continued. It is understood that Mr. Lessler asked that he be permitted to make a statement and said that he had another witness he would call, whereupon the committee decided to meet again at 10:30 to-day.

#### UNKNOWN VESSEL LOST.

Wrecked Off Isle of Anglesey—Seventeen of Crew Safe—Fear That All Others May Perish.

Holyhead, Jan. 27.—A transatlantic liner, name not known, is a total wreck off Aberfraw point, Isle of Anglesey. Seventeen of the men of the crew reached shore in small boats, but too exhausted to give any satisfactory explanation up to the time the last advices from there were sent. Fear is felt that all aboard the vessel will perish, for a fierce gale is blowing and it will be impossible for the liner to last out the storm. How many were left aboard the steamer and other details have not been given in the meager reports received here. The Isle of Anglesey is off the Welsh coast in St. George's channel, and Aberfraw point is 15 miles south of Holyhead. The storm has made it impossible to get satisfactory information. The dispatch announcing the disaster said the wrecked vessel was an "American liner." This at first was taken to mean the steamer belonged to the company known by that name, but on studying the probable location of the ships belonging to that system it was decided the statement meant a vessel in the American trade.

#### THE NEW WHITE HOUSE.

Col. Bingham Asks an Appropriation of \$110,264 to Complete Needed Changes.

Washington, Jan. 27.—Col. Theodore Bingham, superintendent of public buildings and grounds in Washington, in his report to congress asks for an appropriation of \$110,264 for the white house for the coming year, against \$33,000 for the present year. The report says: "The recent changes in the white house have resulted in a building far more expensive to maintain than formerly. The character of the new fittings and new furnishings is such that repairs and replacing will be more expensive than before and it will be more expensive to replace specially designed silver door knobs and escutcheons, silver and gilt hinges, etc. Hardwood floors and tiling will require extra labor to keep in order. More help will be needed in the laundry, owing to the large family which occupy the white house and the large amount of entertaining done."

#### LIFE MAY BE SPARED.

Belief is General in London That Sentence of Col. Lynch Will Be Commuted to Life Imprisonment.

London, Jan. 27.—It is now generally conceded that the death sentence passed upon Col. Arthur Lynch, who was found guilty of high treason on Friday last, will be commuted to penal servitude for life, subject to further consideration after a term of years.

# Paradise from the Viewpoint of the Fisherman

A Wilderness of Lakes Where the Finny Tribe Are Found in Variety and Abundance.

**E**NTHUSIASTS have called Canada a playground for the people of the states, and while the Dominion has its share, probably, of cultivated acres, it has, as we have, much territory that nature seemed to have intended only for a playground. Such, especially, is a section that lies east of Georgian bay, and between that magnificent body of water and the Muskoka lakes. In fact, as a playground, all of these bodies of water should be included, but between the bay and the Muskokas lie a veritable fisherman's paradise.

Stretching in a line from the Severn river on the south to the Magnetawan on the north in this little narrow stretch are hundreds of lakes; that are filled with the gamey species of the finny tribes. Sufficient unto this article are those with which the writer is most familiar, and on which he has passed many a pleasant day with rod and reel. These lakes lie between the beautiful Moon river on the south and terminate with Crane lake, lying a little southeast of Perry sound, on the north.

A glance at any good map of Ontario province will show that this is not a large territory, but there are few maps that will show any of the numerous lakes to be found here, and comparatively none that will give any idea of the limitless possibilities for the sportsman who is either a devotee of the gun or the rod.

Let us view the country starting from the Moon river, with its falls, its rapids, its narrow canyons, where the water boils along between high walls of solid granite, with its broad stretches, where its waters flow smoothly and slowly between pine and fir-wooded shores, shores so thickly set with the northern timber

lake. It has its attractions, but they are minimized by what Kah-pee-kog offers us. "Kah-pee-kog!" What memories the name brings back to one who knows every nook and corner of it. Memories of its pines, some living, some dead, memories of its rocky shores, its deep bays, its picturesque islands, its berry patches, where there are no signs to warn trespassers away, and far from least,

A Pretty Nook in Crane Lake.

memories of its gamey bass, the sparkling, fighting kind with the small mouth and red eye. The gamiest bass of all the world, it seems to me, are there in unnumbered quantities. I can see each water-soaked log, each bit of brush, under which it seems there is always a fish in waiting for a bait. And how they strike with a snap and a whirl that makes a reel fairly sing. Out of the

that they seem almost impenetrable, shores which abound in deer and bear and smaller game, while the waters of the river furnish muskies, pickerel and bass to the ardent fisherman who is here privileged to cast his line.

Pine lake and Mud lake lie just north of the Moon, and in Pine lake, especially, may the small-mouth bass be found in quantities to suit

the most exacting fisherman, but to reach it, it is best to let your canoe drift with the current of the river to its mouth, and then after a mile of paddling, cross the portage from Georgian bay into Lake Healy, thence through the channel into Kah-pee-kog, and across the short portage into Pine lake.

But we will not tarry long at Pine

lake, and either may be encountered when least expected, as I know by experience.

With your canoe launched on Crane lake, sit in the bottom of it; take a firm hold on your rod; be ready for a struggle, for you are after muskies now. They are much in the estimation of the fisherman, and these muskies have the size. A 49-pounder is the limit to my knowledge. No, I did not catch it, and am not going to relate to you the details of the two-hours' struggle that it cost, but if you ever meet a certain well-known doctor of Toronto he will spin the tale for you. But even to a fisherman, to whom a lake's first value is the fish it contains, Crane lake has other charms. It is the largest of all these lakes, and a week's paddling would be necessary almost to follow its shores, indented in every direction with deep bays, and these again with bays, and everywhere the magnificent forests of the north.

A channel leads from Crane into Blackstone lake, and in times past a logging company fixed into this a chute. You push your canoe into the channel, and little by little you feel it moving faster and faster. Suddenly into the chute it goes, and drops you over the little fall of some 18 inches into the channel below. Blackstone is noted for its pike, the five, six, seven and eight-pound wall-eyed fellows that take your line into the deep holes, and make you wait their pleasure and convenience before submitting to the tug from the reel.

You must climb the bluffs to get from Blackstone into Robinson, where bass again abounds, though a channel will take you from there into little Robinson, also filled with bass. Portage lake comes next, and we will call it the last of the chain, though there are in reality dozens of others. There are lakes that have been left for you to name; lakes we might almost say, that have been left for you to discover, and you may wander through this paradise for days and not see a house, for they are not here, and meet no one but an occasional follower of the immortal Izaak.

A train will take you from Toronto to Gravenhurst; a steamer will take you from Gravenhurst on Lake Muskoka to Balla, on the Moon river, a canoe will take you—with occasional portages around rapids and falls, from Balla to the Portage—way into Lake Healy, at the mouth of the Moon. From there the efforts of your own paddle, or that of a guide, and your own sturdy legs, must do the rest if you are to explore this paradise.

## VARYING SIZES OF FISH.

Surprising Fact Concerning Separate Species Learned at the New York Aquarium.

There are big fish and little adult fish of the same species, as there are big men and little men. Strange and unaccountable as it may seem, it is a demonstrated fact that there are fish of the same species and of the same age which differ greatly in size. In some cases it is possible to explain why there is a disparity in size. At the aquarium, for instance, there are fish which have not grown for several years, which would have increased in size had they been in their native habitat. In their cases it is known that their confinement has something to do with this failure to grow.

A visitor to the biological laboratory of the New York aquarium a few days ago was surprised to be told that a fish in one of the round glass jars, which was only an inch or thereabouts in length, was more than a year old. Such a fish in its native waters probably would have been four or five inches long, he was told.

That there is also an unaccountable reason for this difference in the size of fish was shown by Mr. Spencer, who has charge of the aquarium. "You would be surprised to know," said he, "that in fish hatcheries you will often find fish of the same kind and the same age which are not at all alike in size. Some will be only half as long as the others. Sometimes it is necessary to take out the smaller ones, because the larger ones swallow them."

Like a Bell.

Cherrius—I have a constant ringing in my head. I wonder what is the cause of it?

## BAKED APPLE DUMPLINGS.

Peel and core as many apples as your appetite may wish—Six or eight—perhaps a dozen—That would be a generous dish. Make a dough like cracker biscuit. Roll it thin—with skill and care; Place an apple lightly on it—Take your knife and cut it square—Large enough to fold your fruit in Then within the vacant place Of the core, a bit of butter, Cinnamon and sugar place. Draw your square up well together, Pinch it gently on the top, So your dough will be protected, Lest the cooking juices pop. When your apples are all covered, Take a fork and prick them through, 'Twill prove better in the baking—Half a dozen times will do. Bake them slowly, and, while cooking, Take of sugar just a cup. And a modest lump of butter—And with light hand cream them up, Adding extract and your hard sauce Set on ice to harden more; Life your apples from the oven, And your labors will be o'er. Serve them hot—the sauce adds flavor, And each dumpling, firm and brown, Is a practical achievement—Adds a jewel to your crown. —Columbus (O.) Journal.

## GIRLS TO BE PROTECTED.

Treasury Department Takes Steps to Shield Ignorant Immigrants Coming to This Country.

The treasury department has information which leads to the conclusion that alien girls and women are being decoyed to this country for immoral purposes.

With a view to ascertaining the exact facts, the department has decided to appoint a number of women inspectors at the port of New York, whose duty it will be to board all incoming steamers and make investigation into suspicious cases in the first and second cabins, and to give needful information and advice to those who may be ignorant of the real character of the houses in which they may have been promised honest employment.

The compensation to be allowed will be \$1,200 a year. The duties will be of a difficult, and frequently of an unpleasant character, as the inspectors will be required to meet and board all the incoming steamers from revenue cutters at all hours of the day and in all kinds of weather. The department is taking this step realizing that its complete success is somewhat doubtful, but it is felt that the situation seems to warrant the experiment.

## LINEN BOOK COVER.

It Not Only Saves the Volume But Makes a Shabby Book Look Neat and Attractive.

Some book covers of brown linen which I made for my Emerson's essays and poems, outlining the pansy designs in ink, have been much admired by friends. The pansy design for the works of "America's greatest thinker" is peculiarly appropriate. The linen is cut according to the

working design and the size of the book. The edges should be turned over and neatly overhanded down at the corners. One who is skillful with the brush may paint the pansies. Designs suitable for other books will suggest themselves to the worker.—Orange Judd Farmer.

White Girl Weds Indian.

L. H. Wall, a full-blooded Indian from Eufala, I. T., has secured as a Christmas present the hand of a beautiful Virginia girl, Miss Lucy Ramsey, daughter of Mrs. Susan Ramsey, a prominent land owner at Alomine, Va. The acquaintance commenced through an advertising bureau. The Indian appeared upon the scene Christmas day, giving the girl a big surprise. When she found Wall was an Indian, she desired to back out of the bargain, but he is a fine-looking fellow, and pushed his suit with a boldness and adroitness than won.

Latest Form of Preserve.

The fruit brick is the latest form of preserve. It is rectangular or disk-shaped and done up in oiled tissue paper. The consistency is that of a small gumdrop, and, being composed largely of sugar, the flavor of the fruit is retained admirably. These bricks will soon be on the market from California.

## ARE CLOSELY LINKED.

Gov. and Mrs. La Follette of Wisconsin Are Business as Well as Life Partners.

A governor's wife of practical purposes and whose character presents many unusual features in Belle Case La Follette, matron of the executive mansion of the state of Wisconsin. She is 47 years old, of the same age as her husband, and her life has been linked with his, both in the practice of law and in his official and political career, in manner most unique. She became acquainted with Robert M. La Follette, the present governor, while the two were students in the college of letters and science of the University of Wisconsin at Madison back in the later seventies. They graduated together from the collegiate department in 1879 and that same year each took high honors in oratory. Miss Case won

MRS. ROBERT M. LA FOLLETTE.

the Lewis prize for the best oration in a contest of eloquence and her future husband won the final oratorical contest of the university and later in the spring won in the intercollegiate contest. Miss Case graduated from the law department of the university two years later, attending the school part of the time with Mr. La Follette. They were married shortly after this and practiced law together, "Bob" doing the active work before the bar and "Belle" doing important service in briefing and consultation.

Mrs. La Follette is the founder of the Madison branch of the Emily Bishop league, a woman's club of which physical culture and dress reform are the purposes. She devotes a share of her time to this work. She is not overactive socially, gives few elaborate functions and goes to parties and balls only in a formal way, as the wife of the governor.

## GENUINE EGG SHAMPOO.

A Formula for Making a Preparation That is Absolutely Reliable and Sure to Please.

Many of the compounds called egg shampoos contain no eggs. They are generally a stiff soap paste, made up in substantially this fashion: Take four ounces of transparent soap, half an ounce of carbonate of potash, six ounces of water and two of glycerine. The soap should be coarsely powdered and mixed with water in which the carbonate of potash has already been dissolved. Heating over a fire hastens the melting of the soap. The glycerine should be mixed in last of all. If the composition is too firm on cooling, a little water may be added. A sample may be tested for this purpose before the whole batch has cooled. Perfume may be introduced, if it be wanted.

For a genuine egg shampoo the following formula is recommended by the New York Tribune:

Three fresh eggs, half an ounce of spirit of soap, 160 grains of carbonate of potash, 150 minims of ammonia water, two drops of rose oil, the same amount of bergamot oil, one drop of geranium oil, one of oil of bitter almonds, and 27 ounces of rosewater.

The eggs should be well whipped and mixed with the rosewater. The ammonia water, carbonate of potash and spirit of soap having first been combined, they may be added to the other fluid. The whole having been well stirred, the perfumes may be added. The volume of the latter will be so small that another vigorous stirring is essential to their thorough incorporation.

Here's a Queer Situation.

Twin sisters, each with a different birthday—stranger yet, for each was born in a different year. That is the curious situation at the home of Mr. and Mrs. John Stiff, 180 Sheffield avenue, Chicago. They are the parents of the twins, and the story of the birth of the babies in different years is now going the rounds of the neighborhood of Center street and Sheffield avenue, where Mr. Stiff, who is a fireman at the North avenue and Larrabee street station, is well known. One of the twins was born at 10:10 p. m. on the last day of 1902, and along after midnight, an hour or so after the birth of 1903, the second child was born. The birthday of one is December 31, 1902, and that of the other is January 1, 1903.

# Fits.

**Baby Had Two to Six Every Day.**

**Suffered Terribly—Doctors Failed.**

**Dr. Miles' Nervine Cured Him.**

Weak, nervous, fretful, puny children require a treatment such as only Dr. Miles' Nervine affords. When neglected these symptoms lead to epileptic fits or spasms. Every mother should strengthen her own and babies' nerves with Dr. Miles' Nervine, a true specific in all nervous disorders. Read the following:

"When my little boy was 18 months old he had cramps in his feet and hands. They would be drawn out of shape for two or three days. At first liniment seemed to help but in about two weeks nothing did any good the doctor gave him. We called another doctor but his medicine did no good so we changed to another who called it spinal disease. By this time the child's body was drawn out of shape; his backbone was curved to one side and his hands and feet out of shape. His sufferings were terrible, and he was having from two to six fits a day. I was taking Dr. Miles' Restorative Nervine for nervous trouble and saw it was recommended for fits, so I thought I would see if it would help him. All three doctors had given him up. One-half bottle stopped the fits and his limbs straightened, and another bottle cured him. He is now a strong, healthy boy going to school. I have waited to see if the old trouble returned, before writing you, but it never has. I cannot praise Dr. Miles' Nervine enough, as I know it saved my boy's life."—MRS. URSULA NELSON, Lansing, Iowa.

News has been received recently of the death of Henry Rook, a former resident of Lyndon, at the home of his son George Rook, in Manitoba, on Christmas day, 1902. He was father to Mrs. A. C. Pierce, of this place.

Wallace Fisk died at his home in Sylvan Monday, of heart disease, aged 75 years, 2 months and 21 days. The funeral services were held at the house Wednesday and were conducted by Rev. Thos. Holmes. Burial was in Grass Lake.

Rev. E. E. Caster goes to Tipton, Lenawee county, tomorrow, where he will deliver a lecture in the evening, on a course that is being given there and was gotten up largely through the instrumentality of Rev. G. B. Marsh, formerly of this place.

The ladies of Columbian Hive, L. O. T. M. M., will be "at home" to the Sir Knights and other friends next Wednesday evening, Feb. 4, from 8 to 10 o'clock. Invitations to the function, which is in honor of the tenth anniversary of the hive, have been sent out this week.

At the annual meeting of the Young People's Society of St. Paul's church, held Thursday evening, Jan. 22, at the home of Miss Bertha Laubengayer, the following officers were elected for the ensuing year: President, Rev. A. Schoen; vice president, Minnie Vogel; secretary, Lillie Wackenhut; treasurer, Bertha Laubengayer.

It was just 50 years ago last Thursday since Thomas Jilkes, of Howell, first saw Chelsea and he had never been here again until that day when he spent a few hours with Rev. E. E. Caster and family. On Mr. Jilkes' previous visit Chelsea was only a handful of houses, hardly enough to call it a place. He was agreeably surprised to see the great strides the village has made since that time. Mr. Jilkes owns a fine farm on the outskirts of Howell and is one of the substantial citizens of that vicinity.

The Congregational church was filled at the evening service last Sunday. Rev. C. S. Jones delivered an address on "The ideals of America and the Americanization of the world," and Mrs. M. A. Hunt, of the Hunt Stock Company, sang two fine solos, "The Saint and the Sinner," and by request "The Holy City." The accompaniments were played by Messrs. Calkins and Hagar. Mr. Calkins also played a violin solo for the offertory with organ accompaniment by Mr. Hagar. Both gentlemen are connected with the above company.

The officers of the W. R. C. for the ensuing year were installed Friday last by Mrs. M. Boyd, and are as follows: President, Mrs. Mary VanTyne; senior vice, Mrs. Roxa Wilkinson; junior vice, Mrs. Louisa Johnson; secretary, Mrs. Kittie Wurster; treasurer, Mrs. Carrie Palmer; chaplain, Mrs. Julia Fuller; conductor, Mrs. Emma Leach; assistant conductor, Mrs. Ida Webster; guard, Mrs. Adela Denman; assistant guard, Mrs. Hannah Miller; patriotic instructor, Mrs. Julia Crowell; musician, Miss Nina Crowell; color bearers, Mrs. Mary Winans, Mrs. Lila Campbell, Mrs. Nettie Fuller, Mrs. Myrtle Keelan.

The total number of deaths in Washtenaw county during December was 62.

Ninety people took in the B. Y. P. U. sleighride Wednesday evening of last week to the home of Mr. and Mrs. Henry Mohrlock in Lima. They had a delicious oyster supper, a jolly, sociable time and returned home well pleased with their visit.

Saline Observer: The latest dodge being played on the farmers by the grocery order fakers is to represent that they have sold large bills to the dealers in town, and that the farmers are buying as cheap as the dealers in large quantities. Don't be fooled; no dealer has ordered from these sharks one dollar's worth, nor will they. Our dealers buy of responsible houses and sell goods of good quality.

A Michigan minister states that he has had all he wants of preaching funeral sermons, gratuitously for persons who when on earth and better off than they are now, never had any use for ministers, churches or religion. The clergyman is in the right. It's like asking the editor of the village paper to print notices of church socials free when the members and pastor do not take his paper. It seems as though there should be "a hot time" for some people as well as for others.

**The Secret of Long Life**

**Gained 35 Pounds**

GENTLEMEN—After suffering untold misery for four years, taking all kinds of medicines and spending months at the mineral water springs, trying all our leading doctors (even using the Walker treatment), I was induced to try Dr. Caldwell's Syrup Pepsin and must say that it has been the greatest blessing I ever found, restoring me to perfect health. I weighed last June, when I began taking it, 100 pounds; now weigh 135, and feel as well as I ever did in my life and can eat anything I want.

I unhesitatingly recommend it to all sufferers from indigestion or stomach troubles.

Respectfully,  
Mrs. H. Brown,  
Lamar, Mo.

You really ought to try

**Dr. Caldwell's Syrup Pepsin**

If you have constipation, indigestion, dyspepsia, liver or kidney trouble, it has cured thousands. It will cure you. We guarantee it.

**Ask Your Druggist**

**WEAK WOMEN.**

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

**Mull's Grape Tonic Cures Constipation.**

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhoea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhoea or the self-poisoning which follows emptying highly diseased germs into the bowels where it putrefies and malarial, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

**GOT A NEEDED LESSON.**

Maria Forgot the Salt and Her Employer Gave Her Something for Her Memory.

The forgetfulness of servants is the bane of all housekeepers. A London merchant has a servant who, although possessing many good qualities, was at first very forgetful. This fault was especially annoying at meal times, when something essential was sure to be lacking from the table, relates the New York Times.

One day the family were seated at the table and the bell was rung as usual. The girl hurried to the dining-room.

"Maria," said Herr B., "just run and fetch the big spladder down from the attic and bring it here."

Maria, who had been disturbed at her dinner, gave a grunt of dissatisfaction, but ran up the three flights of stairs to fetch down the ladder. In about five minutes she returned to the room panting with her exertion.

"Now," said Herr B., "put it up at that end of the room and climb to the top."

Maria did as she was told, and when she was at the top Herr B. quietly observed:

"Maria, you have now got a better view than we have; just look around and tell us if you can see any salt on the table. My wife and I could not find it."

This settled the business. Maria has never forgotten the lesson.

**HIT BEFORE THE SHOT.**

The Villain in a Melodrama Gives an Exhibition of Marvellous Marksmanship.

It was in a downtown theater recently, and the climax of a tragedy was approaching. Leading up toward this supreme moment, the villain, lolling in a summer garden, had been challenged to a duel with the hero, says the Chicago Tribune.

"Fight me! Fight me!" and the villain, too full for further utterance at the moment, pointed toward a bottle standing empty on a table thirty feet away.

The hero turned with a supercilious glance and looked.

"Watch!"

It was the villain's cue word, and he was so intent upon seeing that none of its laconic force was lost on the audience that he must have been slow with the action. Just as his revolver appeared from a rear pocket and was rising in the villain's right hand.

"Bing-le-ting-le-ting!"

The neck of the bottle burst in a dozen pieces and clinked to the floor; the astonished villain, with the unexploded weapon in his hand, stood there with fallen jaw and lowering arm, while the gallery simply went to pieces in the delirium of its joy.

**Health Before Wealth.**

Nine out of ten ailments first show themselves in constipation. Medical statistics show that a greater number of people suffer from constipation than from all other diseases combined. A great talk is made about consumption, but, constipation kills more people than consumption. Within the last few years a medicine has been discovered of such merit in curing constipation and its consequences that now over ten million boxes of CASCARETS are sold every year, the greatest sale ever attained by any one medicine in the world and this is the strongest proof that it is the best and will do all and more than claimed. If you are a sufferer give CASCARETS a trial, and right here we want to warn you to get the genuine, because all great successes breed imitations. The genuine tablet is put up in metal boxes and has the word CASCARETS with the long-tailed "C" on the cover. Every Cascaret tablet is stamped C. C. C.

The rich man is the trustee of humanity. In this way, you see, humanity's money is kept profitably invested, instead of being spent for food and drink and other frippery.—Puck.

**Frisco System—New Observation Cafe Cars.**

In addition to through chair car and Pullman Sleeper service the Frisco System operates on its trains out of Saint Louis and Kansas City very handsome Observation Cafe Cars, under management of Fred Harvey. These cars are equipped with every convenience, including large library observation room and platform; the former supplied with easy chairs, writing material, latest newspapers and periodicals. Electric lights and electric fans add to the comfort of the passengers. These trains leave Saint Louis and Kansas City daily via the Frisco System.

A Melbourne juror refused to serve on the ground that he just got work after three months' idleness, and would lose it again if he failed to appear. The judge frowned, fined the offending juror a penny, and paid the coin himself.

Out from Rock Springs, Wyo., a few miles on the road to Browns park, a big cottonwood tree stood till a few weeks ago with an antler of an elk imbedded in the trunk. The wood had grown around the antler, and the tale of how the antler came there is lost.

The American Grocer estimates the pack of tomatoes in the United States in 1902 at 9,282,812 cases of two dozen tins each, against the short pack in 1901 of 4,268,221 cases. The pack in Canada in 1902 was 212,000 cases, against 250,000 cases in 1901, making the total pack of the United States and Canada 9,494,812 cases in 1902, against 4,518,221 cases a year ago.

Experiments are being made in the English army as to protection of the soldiers and guns by a proper color scheme. Six guns were painted red, blue and yellow. Seen from a distance the color blending renders them practically invisible. This experiment is strongly suggestive of the tiger markings, apparently most conspicuous, but harmonizing so thoroughly with the surroundings that all trace of the animal is lost.

The French government is planning to adopt the motor-car in warfare. The armored automobile, which was a center of much interest at the recent exhibition in Paris, is to serve as a model for the construction of several motors. The armor above the body of the carriage is high enough to protect the gunner, who operates a Hotchkiss gun, which may be swung in all directions somewhat in the fashion of the turret guns of battleships.

Robert Phillip, premier of Queensland, who, according to the latest telegrams, is heading a movement in the direction of secession from the commonwealth, is a native of Scotland and at the age of ten accompanied his parents to Queensland. Mr. Phillip was the only Australian premier absent from his state during the visit of the prince and princess of Wales last year, and it was said at the time that he took a trip to Japan to escape knighthood.

Several of the portable telephones authorized by an act of the London county council have been put in operation, and have met with general favor on the part of firemen and the police. Telephone attachments are fixed on fire alarm posts, and by connecting a hand instrument to this the men are able to communicate direct with any fire station. One useful feature of the innovation is that it will prevent much needless turning out of engines on false alarms.

Most people think Iceland is more noted for its ice than for anything else. On the contrary, Iceland has abundant meadows, on the verdure of which live flocks of sheep and herds of cattle and ponies, while the soil produces in abundance potatoes, cabbage and turnips. The climate is neither extremely cold nor in summer extremely hot, as is the case in some northern localities. There are glaciers, but they form no icebergs, and the sea around the island is never frozen.

The tremendous power exerted by water in violent motion is well shown by some experiments carried out by English engineers to determine the stress exerted upon the foundations of a lighthouse. Thomas Stevenson discovered that at Skerryvore and Bell Rock pressures of 6,083 pounds per square foot and 3,013 pounds respectively were to be encountered in ordinary weather. This is about 42 pounds per square inch, and is doubtless much exceeded in severe storms.

In one way Francis Joseph, the Austrian emperor, fulfills the old fairy-book ideal of a sovereign—he is always ready to see and help his subjects in person. Their letters asking for an audience are sent in to the emperor's private secretary. Inquiries are made as to the truth of their contents, and if satisfactory the writer, of whatever rank he may happen to be, is granted an interview with his sovereign alone. Nothing has done more to endear the emperor to his subjects than these formal audiences.

President Roosevelt receives an average of 1,000 letters every day, and sometimes he receives as high as 1,200. He insists that every letter shall be read and respectfully answered within 24 hours after it has been received. Probably not more than one-third of these letters come to his personal attention; most of those which do are marked for his perusal by the secretary who has charge of the correspondence. His correspondence clerks are employed until 11 o'clock at night. He receives more letters than any former president of the United States.

**Doan's Trial Triumph**

The Free Trial of Doan's Kidney Pills daily carries relief to thousands. It's the Doan way of proving Doan merit with each individual case.

Aching backs are eased. Hip, back, and loin pains overcome. Swelling of the limbs and dropsy signs vanish. They correct urine with brick dust sediment, high colored, excessive, pain in passing, dribbling, frequency. Doan's Kidney Pills dissolve and remove calculi and gravel. Relieve heart palpitation, sleeplessness, headache, nervousness.

ROCKDALE, TEX., Dec. 30, 1902.—"When I received the trial package of Doan's Kidney Pills I could not get out of bed without help. I had severe pains in the small of my back. The Pills helped me at once, and now after three weeks the pain in my back is all gone and I am no longer annoyed with having to get up often during the night as formerly. I cannot speak too highly for what Doan's Kidney Pills have done for me. I am now 57 years old, have tried a great many medicines, but nothing did the work until I used Doan's Kidney Pills."—JAMES R. ARTHUR.

CLEVELAND, Ky., Dec. 23, 1902.—"I was laid up in bed with my back and Not So Bad as That. **MICHIGAN STATE NEWS.**

**Raffle for a Husband.**  
Edward J. Eisenbrenner, of Rogers City, wants a wife so badly that he has decided to act as prize for a raffle. He has issued 1,000 tickets which will be sold at 25 cents each in Rogers City, Posen, Metz and La Roque. The only condition which the wife-seeker imposes upon the female purchaser of his matrimonial tickets is that she must be a respectable, healthy, unencumbered Catholic, between 40 and 55 years of age.

**Health in Michigan.**  
Reports to the state board of health from 79 observers in various portions of the state indicate that during the past week measles and diphtheria increased and consumption, typhoid fever and whooping cough decreased in area of prevalence. Consumption was reported at 160 places, measles at 53, typhoid fever at 50, whooping cough at 25, scarlet fever at 98 and smallpox at 157 places.

**Will Sue the County.**  
The board of supervisors having refused to reimburse Escanaba for money paid out in settling bills incurred by reason of the recent smallpox epidemic, the common council has by unanimous vote instructed the city attorney to bring suit against the county. The bills were disallowed by the supervisors on the ground they were excessive and illegally contracted.

**Claimed Self-Defense.**  
George Hardwick was arrested at his home across the bay from Escanaba, charged with the murder of Anton Peterson, who disappeared on December 2 last. When confronted with evidence Hardwick confessed, but claimed self-defense. He was convicted at the trial and sentenced to imprisonment for life at the Marquette branch prison by Judge Stone.

**Is Good Law.**  
The United States supreme court has upheld the validity of the Michigan law making taxable logs which are in transit to another state. The case was that of The Diamond Match company vs. The Village of Ontonagon. The match company sought to restrain assessment by the village on the ground that it was interference with interstate commerce.

**Made by an Indian.**  
Government detectives have been trying to locate a counterfeiting outfit which was supposed to be in operation near Dowagiac, and his efforts were successful. He has arrested Fred Beril, a half-bred Indian, living in the outskirts of the city. The molds and coins, which were mostly of 50-cent denominations, were secured.

**Need More Armories.**  
In his annual report Inspector General Fred W. Green, of the Michigan National Guard, observes that "the state should either demand that an armory be provided by every city or county having a company within its boundaries, or else it should make an appropriation and build and own all of the armories."

**Given Her Freedom.**  
Mrs. M. Morse, accused jointly with William Leet of the murder of Mrs. Nellie Leet at Grand Rapids, has been set free, a nolle prosequi being entered by the prosecutor. Mrs. Leet was struck down in a drunken quarrel and then set on fire, oil being thrown on the body. William Leet was convicted and sent to Jackson for 30 years.

**News Briefly Stated.**  
An agitation which promises to drive all stall saloons out of Saginaw has been begun.  
Reports from various sections of the upper peninsula show that logging operations are being hampered by lack of labor.  
Two Mormon elders are in Albion to do missionary work among the Methodist students and citizens of the city.  
Two boilers in the Ranney refrigerator factory blew up at Greenville, killing two men, injuring more than a dozen others, and causing an estimated money loss of \$25,000.  
Gov. Bliss has appointed A. F. Kerr of Calumet, a member of the state tax commission to succeed Manville Jenks.  
Fire destroyed the barn owned by the Union Truck company in Detroit and 31 horses were suffocated by smoke. The loss is \$5,000.  
An agricultural society has been organized in Hazelton county and next fall the first fair will be held. Free seed is to be distributed among the farmers in the spring and extensive experiments made with beet culture.  
An orphan asylum to cost \$50,000 is to be erected in Marquette by the Catholic diocese of Marquette and Sault Ste. Marie. A site of forty acres in the north addition to the city has been purchased.  
Prof. Austin George, superintendent of schools in Ypsilanti, and one of the most prominent educators in the state, died from heart disease at his home.

**MICHIGAN LEGISLATURE.**

**Both Branches of the General Assembly Meet in Lansing—Summary of the Proceedings.**

Lansing, Mich., Jan. 21.—In the senate bills have been passed to change the name of William Harvey, of the city of Pontiac, to William Harvey Lehman; to change the name of Fred C. La Bounty, of the township of Blissfield, to Fred C. Payne.

Lansing, Mich., Jan. 22.—Bills have been introduced in the senate provide for a resurvey and replatting of the city of Muskegon; to provide, by a direct vote in the county of Wayne, for nominations at primary elections of candidates of political parties for election to public offices, and to regulate and protect such primary elections; to prohibit the sale or giving away of cigarettes, and its provisions are almost identical with those of the Tennessee law.

Lansing, Mich., Jan. 23.—In the senate bills have been introduced to regulate and define the liability of life insurance companies, societies and fraternal benevolent associations; making the promulgation of criminally anarchistic doctrines a crime punishable by \$5,000 fine or ten years' imprisonment, or both. Talking these doctrines or publishing them is covered by the bill, which also provides a penalty of \$2,000 fine or two years' imprisonment, or both, for a janitor or tenant who opens a room for anarchistic meetings. Bills have been passed authorizing the township of Gun Plains, Allegan county, to issue bonds to the amount of not more than \$25,000 for the purpose of the construction of a bridge over the Kalamazoo river, in the village of Plainwell; to authorize the board of supervisors of Bay county to issue \$125,000 of bonds for the purpose of refunding \$85,000 of stone road bonds and \$75,000 of bridge bonds.

Lansing, Mich., Jan. 24.—Bills have been introduced in the house to provide for the government, management and control of the state public schools at Coldwater, and making an appropriation for the same; making an appropriation for the state Industrial Home for Girls; to create a commission and make an appropriation of money for the purpose of making an exhibit of the various manufactures and products of the state of Michigan at the Louisiana Purchase Exposition at St. Louis, Mo., in the year 1904; to provide appropriations for the Eastern Michigan Asylum at Pontiac; making appropriation for the Northern Michigan Asylum for the insane.

**The House.**  
Lansing, Mich., Jan. 21.—Bills have been introduced in the house amending the act as to incorporation of mutual fire insurance companies; so that farmers' associations of this kind may be composed of 20 or more members, the present minimum being 50; amending general tax law so that estates in the hands of agents or trustees may be taxed; to provide for renewing judgments and decrees which may have been heretofore or which may hereafter be rendered; to make judgments and decrees a lien upon real estate; to provide for the locating, establishing and maintaining of a state normal school in the western part of the state, and to make appropriations for the same.

Lansing, Mich., Jan. 21.—Former Secretary of War R. A. Alger, who, by the ad interim appointment of Gov. Bliss, succeeded the late Senator James McMillan in the United States senate, was yesterday afternoon elected by the state senate and house of representatives to fill out the unexpired term, the governor's appointment having been merely to fill in the time intervening between the death of Senator McMillan and the convening of the legislature. All the republicans of both houses and one democrat voted for Senator Alger. The other ten democrats, nine in the house and one in the senate, voted for Lorenzo T. Durand.

Lansing, Mich., Jan. 22.—In the house bills have been introduced to amend an act establishing a home for the soldiers, sailors and marines who served in the late civil war, so that widows may retain all of their pensions as inmates of the home; making all corporations subject to the operations of the franchise law; prohibiting the transportation outside of the state of fish which are caught in any of the waters of the counties of Cass, Berrien and Van Buren; making the president and assessor of the village of Caro, in the county of Tuscola, ex-officio members of the board of supervisors of the county of Tuscola.

Lansing, Mich., Jan. 23.—In the house bills have been introduced to incorporate the village of Peck in the county of Sanilac; to prevent animals from running at large in the public highways; to require justices of the peace to make reports to the prosecuting attorney in criminal and other proceedings before them, to which the people are a part, or in which the county may be liable for any costs; to provide for a central bureau for the receiving and compiling records of the descriptions, measurements and histories of the convicts in the penal institutions of this and other states; to authorize the cities and villages of this state to acquire by purchase or condemnation all the rights of toll and plank road companies in the streets and avenues of such cities and villages.

Lansing, Mich., Jan. 24.—In the senate bills have been passed to change the name of Muskrat lake, in the county of Missaukee, to Lake Missaukee; to change the name of Section Ten lake, in the county of Missaukee, to Lake Sapphire. Bills have been introduced to amend the act to provide for the appointment of a game and fish warden; to establish a colony for epileptics; to provide for the locating, establishing and maintaining of a state normal school in the western part of the state; to provide for the government, management and control of the state public schools at Coldwater, and to make appropriation for the same; to prohibit the sale, pliation for the same; to prohibit the sale, giving away, offering for sale or bringing into the state for the purpose of selling, into the state for the purpose of selling, giving away or otherwise disposing thereof, of any cigarettes, cigarette papers or substitute thereof; to make appropriations for the Northern Michigan asylum for the insane.

**TOOK HIS OWN LIFE.**  
Suicide of an Old Man Who Had Committed One Murder and Fought Three Duels.

Oklahoma City, Okla., Jan. 22.—An old man who committed suicide at Enid, leaving a note saying that he was John Wilkes Booth, has been identified as Maj. D. E. George, aged 67, a native of Mississippi, and an ex-confederate officer. He killed Ben Thompson in a theater at San Antonio, Tex., many years ago, it is said, and was acquitted. Maj. George was reputed to have fought three duels, and to have been wounded many times in personal encounters.

**CAUGHT BY THE GRIP.  
RELEASED BY PE-RU-NA.**

**Congressman Geo. H. White's Case.  
A Noted Sculptress Cured.**

**The world of medicine recognizes Grip as epidemic catarrh.—Medical Talk.**

**L**A GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly describes the case. As if

Mrs. Celeste Covell writes from 219 N. avenue, Aurora, Ill.: "Only those who have suffered with la grippe and been cured can appreciate how grateful I feel that such a splendid medicine as Peruna has been placed at the door of every suffering person."—Mrs. C. Covell.

**Noted Sculptress Cured of Grip.**  
Mrs. M. C. Cooper, of the Royal Academy of Arts, of London, England, now residing in Washington, D. C., is one of the greatest living sculptors and painters of the world. She says: "I take pleasure in recommending Peruna for catarrh and la grippe. I have suffered for months, and after the use of one bottle of Peruna I am entirely well."—Mrs. M. C. Cooper.

D. L. Wallace, a charter member of the International Barbers' Union, writes from 15 Western Avenue, Minneapolis, Minn.: "Following a severe attack of la grippe I seemed to be affected badly all over. "One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. Now my head is clear, my nerves are steady, I enjoy food and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Lieutenant Clarice Hunt, of the Salt Lake City Barracks of the Salvation Army, writes from Ogden, Utah: "Two months ago I was suffering with so severe a cold that I could hardly speak. "Our captain advised me to try Peruna and procured a bottle for me, and truly it worked wonders. Within two weeks I was entirely well."—Clarice Hunt.

**Congressman White's Letter.**  
Tarboro, N. C.  
Gentlemen: I am more than satisfied with Peruna and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."—George H. White, Member of Congress.

Mrs. T. W. Collins, Treasurer Independent Order of Good Templars, of Everett, Wash., writes: "After having a severe attack of la grippe I continued in a feeble condition even after the doctors called me cured. My blood seemed poisoned. Peruna cured me."—Mrs. T. W. Collins.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

**Pe-ru-na for Grip.**  
Mrs. Theophile Schmitt, wife of the Ex-Secretary of the German Consulate, writes the following letter from 3417 Wabash avenue, Chicago, Ill.: "I suffered this winter with a severe attack of la grippe. After using three bottles of Peruna I found the grip had disappeared."—Mrs. T. Schmitt.

**COUNTY GLEANINGS.**

Fred Howlett, of Unadilla, owns a dog that weighs 140 pounds.

A farmers' institute will be held at Stockbridge, Feb. 20 and 21.

Mrs. John Merithew, of Manchester, died Saturday, aged 86 years.

Quarterly meeting services were held at the M. E. church, Unadilla, Sunday afternoon.

Martin Koch, of Francisco, has had a convenient new sheep barn erected on his farm.

About \$1,200 have been subscribed toward the new pipe organ for Emanuel's church, Manchester.

Work will begin on the Iron Creek cement factory early next month. The machinery is being got ready for it now.

Mrs. John Taylor, an estimable lady of Unadilla township, died Jan. 18. The funeral held Jan. 20 was largely attended.

L. Z. Foerster, the Ypsilanti brewer, was wounded in the wrist Tuesday night by a shot from a revolver in the hands of a man whom he found prowling around in his yard.

Wm. A. Siegel's barn in Augusta, together with two horses, a cow and eight pigs, were destroyed by fire Thursday night. Loss \$2,000, insured for \$1,800 in the German Farmers' Mutual.

Mrs. Henry H. Giltner, of Grass Lake, received \$1,500 from the proprietors of the wrecked hotel, at Jackson, as settlement for the death of her husband who was killed by the collapse of the building.

Articles of incorporation of the National Portland Cement Co., of Ann Arbor, capital \$1,500,000, were filed Friday. The cement company is incorporated under the laws of Arizona, but all its property is in Michigan.

Squire Price, an old colored man, who died recently in Ypsilanti township, left an estate of \$5,000 personal property and \$6,000 real estate. Careful and industrious habits made it possible for the old man to accumulate this property.

Chas. H. Orr, a student in engineering at the U. of M., died of apoplexy Sunday morning. His death was brought on by overwork. He was in straitened circumstances and so anxious to obtain an education that he overworked himself and broke a blood vessel in the base of his brain.

Miss Loretta M. Fitzpatrick was so badly injured in a coasting accident at Ann Arbor the other night, by the bobbed overturning and throwing her into a barbed wire fence, that 36 stitches had to be taken in her neck to close up the wounds. She had a narrow escape from having her jugular vein severed.

**Money For You.**

Do you want to sell a mortgage or a note, sell or buy a farm, loan money on good security, build a house and pay for it on the installment plan, do you want an administrator or guardian, or your estate closed up in the shortest possible time with the least possible expense? **Resolutions.**

Whereas, by the over-ruling hand of an all wise Providence, our worthy brother, George Boynton, has been removed from our midst, and

Whereas, we as members of Lafayette Grange remember him as an active and worthy member, as well as an industrious and respected citizen, therefore, be it

Resolved, that the members of Lafayette Grange deplore the loss of our departed brother and co-worker, and will ever cherish his memory that we extend to his bereaved wife and relatives our sincere and heartfelt sympathy.

Resolved, that these resolutions be read upon the minutes of our order and a copy be sent to the family of our deceased brother, also the same be published in our local papers.

Committee.

Whereas, God has called home the soul of our esteemed friend and brother, George W. Boynton, we, the members of the Western Washtenaw Farmers' Club, pay the following tribute to his memory:

Resolved, that in the departure of George W. Boynton we have lost an active and efficient member, a wise counselor, a genial friend and neighbor. His kindly ways, loving deeds, words of encouragement and sympathy, endeared him to all our hearts;

Resolved, that we extend to his faithful

wife and companion of many years, and his other relatives, our heartfelt love and sympathy in their loneliness and sorrow. We pray that the loving, Heavenly Father may sustain and comfort them in their affliction. Also that a copy of these resolutions be sent to the wife and relatives and be spread on the records of the club, and published in our local papers.

**Changing Feminine Ideals.**

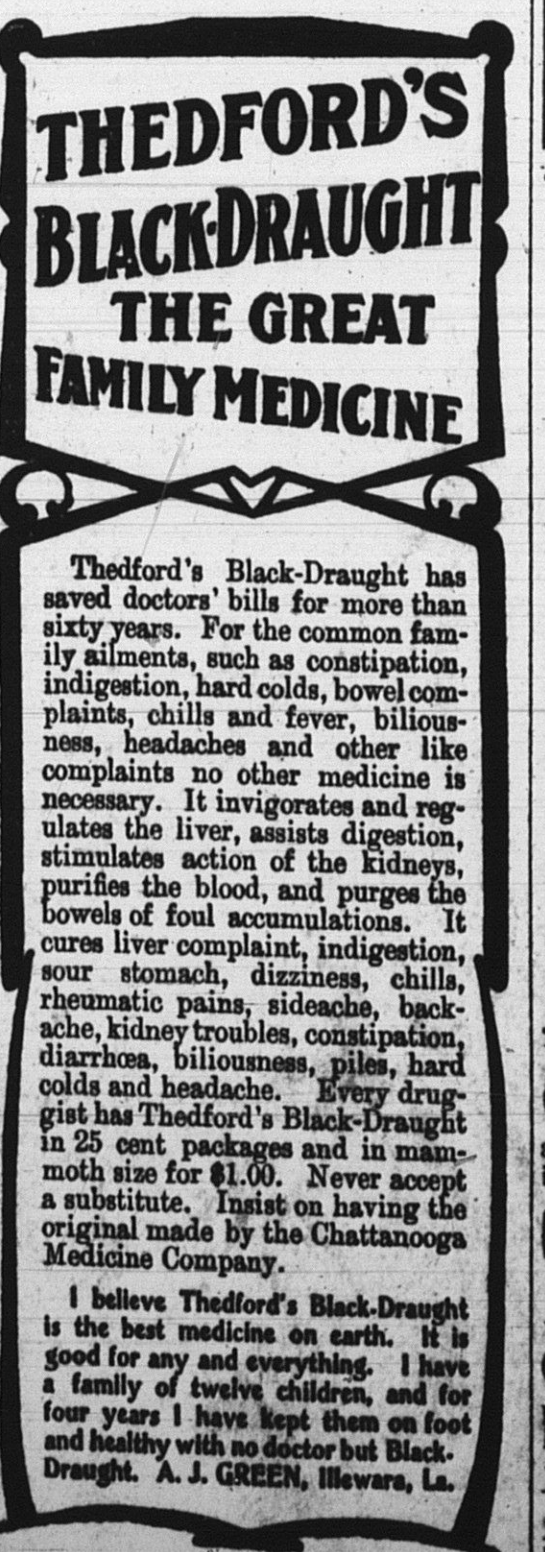

It was not so very long ago that the ideal woman was believed to be the embodiment of unselfishness—strong, gentle, sweet, most lovable, most faithful, but always displaying these gracious qualities in devoted efforts to enhance the glory or the goodness of the general well being of some other human creature, generally some man, who, indeed, might be far from ideal. In fact, the further he was removed from perfection the brighter shone the virtue of the woman's devotion. Unselfishness was and always will be the dominant characteristic of the ideal woman; but long before Cornelia's time, and for generations after her time, unselfishness took the form of selfishness, which is quite another thing and is not of necessity either admirable or good.

Today no one can look intelligently at the condition of woman, especially in America, and not see that indifference to self as an end has almost ceased, and that the feminine ideal of selfishness, which Cornelia embodied, is subtly and surely changing.

This change is revealing itself at every turn, and as we look at it we see between hope and fear. The good and the bad, the promise and the threat, confront any thoughtful person. Take, for instance, the satisfaction and anxiety we feel in recognizing all that is involved in the change in the occupations of women. The time was when it would have been thought unwomanly for a woman to engage in any business or pursuit which was followed by men. This was not because a woman was in point of fact less capable intellectually than men now, but because the bounds of convention were so narrow and so rigid that unless she unsexed herself she could not pass them. But now has come a finer sense of fitness which says, "Better let a woman work as a man works than steal a man's strength to support a woman's useless idleness." As a result of this nobler ideal the occupations of women have widened incredibly since those days when they had only three businesses open to them for self support, besides domestic service—teaching, nursing and sewing—Margaret Deland in Harper's Bazar.

**THEFORD'S BLACK-DRAUGHT THE GREAT FAMILY MEDICINE**

Theford's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrhoea, biliousness, piles, hard colds and headache. Every druggist has Theford's Black-Draught in 25 cent packages and in mammoth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chastanooga Medicine Company.

I believe Theford's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Ilevara, La.

**SINFUL HABITS IN YOUTH**  
MAKE NERVOUS, WEAK, DISEASED MEN.

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all strata of life—the farm, the office, the workshop, the pulpit, the trades and the professions. Nervous Debility and Seminal Weakness are guaranteed cured by our New Method Treatment or No Pay. You run no risk. 25 years in Detroit. Bank security. **CURED WHEN ALL ELSE FAILED.** No names used without written consent.

"I am 33 years of age and married. When young I led a gay life. Early indiscretions and later excesses made trouble for me. I became weak and nervous. My kidneys became affected and I feared Bright's Disease. Married life was unsatisfactory and my home unhappy. I tried everything—all failed till I took treatment from Dr. Kennedy & Kergan. Their New Method built me up mentally, physically and sexually. I feel and act like a man in every respect. They treated me six years ago. They are honest, can be cured by reliable doctors."—W. A. Belton.
