### A COSTLY FIRE.

It Will Take Several Thousand Dollars to Replace the Property Destroyed.

It is a long time since Chelsea had as costly a fire as that of Tuesday noon, when in less than half an hour property to the value of over \$6,000 was destroyed. Just after the whistle had blown for 12 o'clock the fire alarm was blown. Fire had started in the barns on T. McKune's property on South Main street, occupied by Wm. Corwin as a livery stable. Everything was dry and inflammable and before the fire department reached it the whole structure was past saving. Together with it were burned two horses belonging to Mr. Corwin, J. Edward McKune's pretty Arabian horse, and one belonging to Arthur Jacquemais, of Manchester, also all the harnesses, robes, blankets, 75 bushels of oats and a quantity of hay.

The heat of the fire was intense, and the supply of water so meagre that it would not throw a stream 20 feet high and at times there was hardly force enough to get the water through the nozzle of the hosepipe, so the flames rapidly gained headway and were soon communicated to the elevated water tank of the water works system, and the roofs of other stables in the vicinity. The fire gradually ate into the water tank and in a very short time it came down with a crash, the water in it effectually extinguishing the flames and putting an end to the uneasy feeling prevalent that the fire would grow to greater proportions.

The fall of the water tank was disastrous to the buildings that stood near it and also to two men N. S. Jones and Edgar L. Alexander. The back porch and kitchen of Mrs. Emma Stimson's house were crushed in and the back part of the house flooded. The roof of Mrs. Delos Cummings' barn was crushed in, and Mr. Stimson's barn was pushed off its foundation and crowded close up to that of Mrs. John C. Taylor, a distance of several feet. The corner of the roof of the Methodist church was also somewhat injured.

The two men were caught by a fence and crushed under it by the force of the water from the tank, and both were quite badly bruised, Mr. Jones having his ribs fractured.

The heaviest loss will fall on the village as the tank cost between \$4,000 and \$5,000, and there was no insurance on it. Mr. Corwin's loss is about \$800, with no insurance. Mr. McKune's loss on the barns is \$1,000, partly covered by insurance.

The statement made in the Washtenaw Times that the village is without fire protection is erroneous as there is just as much fire protection as there ever was. The tank was used to distribute water through the mains to private users, while fire protection has always been furnished by direct pressure from the pump, the tank being shut off.

### Was Pleasantly Remembered.

Adrian Daily Times: One of the pleasant memories in life of a pastor's wife was tendered Mrs. J. I. Nickerson, at the parsonage Monday afternoon. About 60 ladies of the Benevolent society and their friends, met at the M. E. church at 2 o'clock, and went in a body to the parsonage to spend a few hours. Mrs. Nickerson having been absent from the city for nearly a month, her friends took this way to welcome her home. She had an inkling of the proposed visit, and it was not a surprise to her, she received that later. A committee had been selected to furnish refreshments, and when the time came this feature was enjoyed, as was the ice cream furnished by the president of the society, Mrs. Mary Clark.

After supper had been served, Mrs. A. J. Bigelow made a few remarks on "Memories," followed by a solo by Miss Cora Nickerson. Mrs. Harmon Camburn, in a few remarks, presented Mrs. Nickerson with a half dozen solid silver spoons, with the initial "N." on one side, and the date on the opposite side. Here is where the surprise came in. The guests then stood up and rendered "Blest Be the Tie that Binds," after which Rev. E. W. Ryan, who was present, offered prayer, making a pretty blending. Mrs. Nickerson then extended thanks in her usual pretty way. Rev. J. I. Nickerson, in closing the event, said that of all the pleasant occasions that had fallen to their lot, this one surpassed all.

The company then dispersed, having been greatly benefited by their coming together.

### COUNTY FARMERS' INSTITUTE

Being Held in Chelsea is a Good One but Not Largely Attended.

The two days' county farmers' institute opened at the town hall, Chelsea, yesterday morning with Geo. T. English as chairman and Charles L. Foster, of Ypsilanti, secretary. The attendance at this session numbered 87, which increased at the afternoon session to 100, and in the evening to 126.

Colon C. Lillie, of Cooperaville, opened the session with a talk on "Cultivating and feeding the soil," which was followed by a general discussion led by Alfred C. Smyth, of Manchester. L. W. Oviatt, of Auburn, spoke on "Breeding and feeding sheep," and C. M. Fellows, of Saline, Geo. T. English, Andrew Campbell, of Pittsfield, and others discussed the question.

At the afternoon session after a song by Master Garrett Conway, the question box in charge of L. W. Oviatt was opened. The questions made up in interest what they lacked in number and were very instructive. Colon C. Lillie spoke on "The co-operative creamery vs. the home dairy," and Geo. H. Winslow, of Webster, Andrew Campbell and others warmly discussed the subject. The discussion on "Crops on the mixed farm," by L. W. Oviatt, was led by C. M. Fellows, of Saline. Miss Mary Hindelang, of Dexter, gave a recitation in a very pleasing manner which was well received. Miss Martha VanRensselaer, of Ithaca, N. Y., was unable to be here and her place was taken by Miss C. A. Lyford, of the Agricultural college.

At the evening session, which was presided over by Prof. W. W. Gifford, after music by R. A. Snyder and Miss Clara Snyder and an invocation by Rev. E. E. Caster, the subject "The profession of the home maker," was opened by Miss Lyford in a good paper. N. W. Laird, who was to have replied to Miss VanRensselaer's paper on "Reading in the home," gave what he had prepared for that subject. While it did not exactly apply to Miss Lyford's subject still it fitted in and was worth hearing. Andrew Campbell and Prof. Gifford also discussed these subjects briefly. Pres. J. I. Snyder, of the Agricultural College, was the last speaker of the evening and gave a good educational talk.

Today there are three sessions of the institute being held, morning, afternoon and evening, also a women's section meeting in the Baptist church this afternoon.

### Death of Robert Howlett.

Robert Howlett, one of the old pioneers of this section, died on the old homestead in Waterloo township Saturday evening, aged 85 years. Mr. Howlett was a native of Lincolnshire, England, and with his wife and family came to Waterloo in the early days with only \$4 in money to his name. By thrift and industry he gradually acquired a competence and lived to see all his sons enjoying prosperity. Mrs. Howlett died about two years ago. Their five sons, John W., Robert, Thomas, William and Fred A. Howlett survive. The funeral services held Tuesday at his late home were conducted by Rev. Cooper, of Stockbridge.

### Struck by an Electric Car.

Fred Heydlauf, who works for Mrs. Caroline Kalmbach, of Sylvan, was struck by the 6:39 east bound electric car at Wolff's crossing last evening and suffered a bad scalp wound and other bruises. He was standing on the track signaling the motorman to stop by lighting matches. As the car approached, those who were with him kept warning him to get off the track. In attempting to do so his foot slipped and he fell. The car struck him and threw him against the fence. He was brought to Chelsea and taken to Dr. J. W. Robinson's office, where his injuries, which are not of a dangerous nature, were attended to. He was removed home today.

### Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Glaxo & Stimson.

## AGREE ON SCALE FOR THE MINERS

District Conferences Are in Order to Ratify Work of Committee.

### OLD AND NEW WAGE FIGURES

Vice President Lewis Gives Out a Comparative Statement, Showing the Difference in Pay in the Various Bituminous Fields.

The final session of the national executive board of the United Mine Workers was held at Indianapolis Monday. All of the district members were present except James Wood of Kentucky, William Morgan of Ohio, Harry Bousfield of Kansas, and Miles Dougherty and J. P. Gallagher of the anthracite district.

The officers of the Mine Workers' union will all be very busy attending the different district conferences, which will be held in the various states between now and April 1.

The times for holding the joint conferences in the several states have not all been fixed. The Indiana bituminous convention will be held in Terre Haute, beginning March 2, and the joint conference on March 10. That of Illinois will be held at Springfield, Feb. 15; Kentucky miners and operators will meet in March.

#### Many Conventions.

Other conventions which have been

was 80 cents per ton, and is now 50 cents per ton.

Pick mining, mine run, is now 57 cents per ton.

Illinois, Danville district, pick mining, run of mine basis, was 49 cents, and is now 55 cents per ton.

Machine mining, run of mine basis, was 39 cents, and is now 45 cents per ton.

### NAVAL APPROPRIATION.

Bill Carries \$6,000,000 Less Than Department Estimates.

Washington special: The naval appropriation bill reported to the house carries \$79,048,420, or \$6,142,089 less than the estimates submitted by the navy department. The current appropriation is \$78,856,363. In addition to the provision for three first-class battle ships, one first-class armored cruiser, two steel training ships and one wooden brig, the bill allows the selection of two midshipmen for each senator, representative and delegate in Congress, thus doubling the number. The committee says the deficiency in officers at the end of four years will be 1,360 unless additional midshipmen are authorized.

Further provision is made for the appointment of twelve ensigns, thirty additional lieutenant commanders, fifty lieutenants, thirty surgeons, 120 assistant surgeons, twenty-nine naval constructors, eighty-four additional officers for the pay corps and 3,000 enlisted men. To the marine corps the bill adds one colonel, one lieutenant colonel, five majors, twelve captains, twenty-five first lieutenants, twelve second lieutenants, three assistant adjutant paymasters and 679 enlisted men.

The limit of cost for the building of the naval academy is increased from \$8,000,000 to \$10,000,000.

### Dr. Newark Held Responsible.

After hearing the evidence of Day Clerk Birney of the Phoenix house, Charlotte, Dr. Leroy F. Weaver, the physician called into the case after the dismissal of Dr. Newark, and Dr. V. J. Rickard, who was called in as counsel at the request of Dr. Weaver, the coroner's jury summoned to investigate the death of Mrs. W. H. Wirtz, of Marshall, returned a verdict after being out a couple of hours; that "Harriet May Wirtz came to her death from the result of an abortion produced by Dr. W. E. Newark." Dr. Newark, who is out on bail, was subpoenaed as a witness, but his attorneys, who were in attendance, claimed the constitutional privilege for him and the prosecution made no effort to have him sworn.

### Monroe Flooded.

Ice gorged to the bottom of the River Raisin at the Lake Shore bridge, in Monroe. Cellars and yards along the river are flooded. There has been no material damage yet, as all had warning of the freshet. The heavy snow of Saturday night makes a big flood imminent when the ice breaks.

A fire engine was used to pump water out of the cellar of St. Mary's convent Sunday afternoon. The Monroe Canning company was compelled to move all the canned goods stored in its factory on the river bank.

### Steele's Sentence.

John W. Steele, the former Flint man who shot and killed Lulu Knight at West Superior, Wis., Monday, has been given 25 years in state's prison on his plea of guilty of murder in the second degree. Steele followed the girl to the Wisconsin town, and when she refused to return here and live with him fired two revolver bullets into her, killing her instantly.

### Growing Lawless.

Demonstrations of lawlessness consequent on the trolley strike developed in what is known as the Brooklyn district, Waterbury, Conn., Tuesday.

Just before noon a knot of foreigners gathered in the vicinity of the trolley line and stones were thrown at intervals. The crowd increased and at length four cars were attacked with a fusillade of missiles. The guardsmen charged on the crowd and dispersed it. A company of militia was hurried to the scene. A detail of six soldiers also was placed on each car.

The Kaiser is looking pale and overworked, while his hair has turned quite gray. A court official says that unless the Kaiser takes a rest a breakdown is inevitable.

There were two deaths from the plague in Mazatlan, Mex., Sunday. Very satisfactory results are being obtained by the use of Yersin serum. Most of the patients to whom it is given begin immediately to recover.

Near Waycross, Ga., two white men quarreled with negroes who were holding a dance at Beach's still, and locking the negroes into the building, fired into the crowd, killing two negroes and wounding six other men and three women.

Mrs. Lafayette Taylor, of Centerville, N. Y., whose husband disappeared January 23, has confessed that she accidentally shot him while he was drunk and abusing her, cut his body into small pieces, and burned it in her kitchen stove.

## SISTERS OF CHARITY

RELY ON PERU-NA TO FIGHT

CATARRH, COUGHS, COLDS AND GRIP

SISTER BEATRIX.

A letter recently received by Dr. Hartman from Sister Beatrix, 410 W. 30th street New York, reads as follows:

**Dr. S. B. Hartman, Columbus, Ohio:**  
Dear Sir:—"I cannot say too much in praise of Peru-na. Eight bottles of it cured me of catarrh of the lungs of four years standing, and I would not have been without it for anything. It helped several Sisters of Coughs and colds and I have yet to find one case of catarrh that it does not cure."  
SISTER BEATRIX.

### Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peru-na a never-failing safeguard.

Dr. Hartman receives many letters from Catholic Sisters from all over the United States. A recommend recently received from a Catholic institution in Detroit, Mich., reads as follows:

**Dr. S. B. Hartman, Columbus, Ohio:**  
Dear Sir:—"The young girl who used

the Peru-na was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured."—Sisters of Charity.

This young girl was under the care of the Sisters of Charity and used Peru-na for catarrh of the throat, with good results, as the above letter testifies.

From a Catholic institution in Central Ohio comes the following recommendation from the Sister Superior.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strengthening tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle. Send 10c to Lightning Medicine Co., Rock, Island, Ill., to cover postage on large sample bottle.

### WESTERN CANADA GRAIN GROWING. MIXED FARMING.

The Reason Why more wheat is grown in Western Canada in a few short months than elsewhere, is because vegetation grows in proportion to the sunlight. The more northerly latitude in which grain will come to perfection, the better.

Therefore 62 lbs. per bushel is as fair a standard as 60 lbs. in the East. Area under crop in Western Canada, 1902, 1,897,390 Acres. Field, 1902, 217,022,764 Bush. HOMESTEAD LANDS OF 160 ACRES FREE, the only charge for which is \$10 for making entry.

Abundance of water and fuel, building material cheap, good grass for pasture and hay, a fertile soil, a sufficient rainfall, and a climate giving an assured and adequate season of growth.

Send to the following for an Atlas and other literature, and also for certificate giving you recognition of Immigration, Ottawa, Canada, or to M. V. Melness, No. 2 Avenue Theatre Block, Detroit, Mich., or J. Grieve, Sanito Ste. Marie, Mich., the authorized Canadian Government Agents.

The only way that Uncle Sam "interferes in the affairs of Europe."—Chicago Daily News.

arranged are Michigan convention at Saginaw, March 15, and the joint conference immediately afterward at Bay City, and nine joint conferences in Ohio during the month of March.

Vice President Lewis said that during the next year he would be in Indianapolis at the headquarters of the United Mine Workers the greater part of the time. He will be nearer the center of the fields here and can better direct the movements of his organizers in all parts of the country. It is the intention of the officers to devote much time this year to the unorganized districts of the country.

#### Old and New Scales.

Vice President Lewis has figured out the scale of wages which will now prevail in the several states and districts. The old and new scales are as follows:

Indiana, pick mining, screen basis, was 8 cents, will be 90 cents per ton. Pick mining, run of mine basis, was 49 cents, and will be 55 cents per ton.

Machine mining, punching machine, screen basis, was 62 cents, and now will be 72 cents per ton.

Machine mining, punching machine, run of mine basis, was 39 cents, and now will be 45 cents per ton.

Machine mining, chain machine, screen basis, was 58 1/2 cents, and now will be 63 1/2 cents per ton.

Machine mining, chain machine, run of mine basis, was 36 1/2 cents, and will now be 42 1/2 cents per ton.

#### In the Ohio District.

Ohio, Hocking valley, pick mining, screen basis, was 80 cents, and will be 90 cents per ton.

Pick mining, run of mine basis, was 80 cents, and now is 90 cents per ton.

Machine mining, was 53 cents, and now is 61 cents per ton.

Ohio, Massillon district, Pick mining, screened coal, was 80 cents per ton, and is now 90 cents per ton.

Pick mining, run of mine coal, was 70 cents, and is now 67 1/2 cents per ton.

Pennsylvania, Pittsburgh district, pick mining, 1 1/4-inch screened coal,

### MAN AND OUTFIT DISAPPEAR

Wagon Load of Detonating Cartridges Explodes Near Philadelphia.

Philadelphia, Pa., dispatch: Peter McCallaghan, an employee of the United States arsenal at Frankford, was blown to atoms and Joseph Hunter, another employee, was severely injured by the explosion of detonating cartridges. Ida Hall, a young woman, was cut by flying glass while seated in her home. More than 100 panes of glass were shattered by the explosion. McCallaghan was conveying the cartridges from the arsenal to the railroad station in a wagon, and the man, horse and wagon were torn to fragments. The arsenal was not damaged.

### SMALLPOX AT BIG UNIVERSITY

Notre Dame Authorities Ask the Quarantining of School.

South Bend, Ind., special: Owing to two Notre Dame university students coming down with mild cases of smallpox the authorities of the school have asked as a measure for public safety that the university be quarantined until all danger is past. All connected with the institution have been ordered vaccinated, thorough isolation has been insisted upon and the disease is considered fully in hand and beyond all danger of spreading.

### FALLING BUILDING KILLS FIVE

Several Others Hurt by Collapse of Old Structure in Buffalo.

Buffalo, N. Y., special: Joseph Becker, William Burke, John Schneider, Adam Herzog and Michael Ambrose were killed and M. Straus and Belser and Charles Fagel were injured by the collapse of a building at William street and Fillmore avenue occupied by Straus & Son as a tannery. The men were part of a force engaged in razing the building preparatory to the erection of a new one.

RITY

GRIP

Simple Scheme Evolved in His Shrewd Brain by Which He Saved His Client, "Duff" Armstrong, from Death on the Gallows.

There have been so many garbled versions of the famous incident in Abraham Lincoln's legal career in which he by an almanac saved the life of a man charged with murder that it is appropriate just now to narrate the correct one, as told by R. W. Armstrong, a barber of Mason City, who is the son of the man defended, and who was known as "Duff" Armstrong. He is very familiar with the case, as but a short time before his father, who, by the way, is still living, had related to him the exact facts in the affair.

In all the histories of Lincoln and in most of the school books it is told how Lincoln defended Armstrong and cleared him by proving that the moon was not shining when the murder was committed "by the light of the moon." The father of Duff Armstrong was Jack Armstrong, who lived near New Salem, and who was the leader of the "Clary Grove" boys. He it was who had the celebrated wrestling match with Lincoln back of the old store at New Salem.

Afterward they became great friends. The home of Jack Armstrong and of his wife Hannah was always open to Lincoln, and he visited there many times.

It was during the summer of 1857 that Duff Armstrong, with a number of other young fellows, attended a camp meeting twelve miles south of Mason City. The young fellows were drinking, as was the custom of those times. Duff became involved in a quarrel with a companion named Metzger one night a short distance from the camp meeting. Duff claimed that he struck Metzger with his fist just under the eye. The stories in so many books that he used a club or slingshot or other weapon, he insists are false. The next morning Metzger was out and around, but it is presumed that he caught cold in the injured eye. At any rate, the injury affected his brain in some manner, and he died.

The elder Armstrong had just died and the mother of the prisoner was in great trouble. She, in her poverty and distress, thought of her old friend and occasional boarder, Abraham Lincoln, and asked him to defend her boy. Lincoln willingly agreed to do so. The evidence seemed all against him. One witness swore that he saw Armstrong strike Metzger with a slingshot and others corroborated the story. Lincoln asked each one how he saw the fight, and the invariable reply was, "By the light of the moon."

Lincoln then produced an almanac of the current year and proved by it that at the time they swore they saw the assault in the moonlight the moon was invisible. Lincoln then addressed the jury, making, it is said, one of the strongest and most eloquent pleas ever made in that court. At the close he turned to the weeping mother and said: "Aunt Hannah, you can have your boy again before the sun goes down." And she did, for the jury brought in a verdict of not guilty.

Lincoln received no fee and asked none. Afterward Armstrong enlisted in the army. He was the only support of his mother, the other children being small. When Lincoln became President Mrs. Armstrong wrote to him, asking him to release her son from the army that he might come home, as she needed his services.

Neighbors told her that it was nonsense to write to the great Lincoln about such a small matter as the discharge of a soldier out of such a great army, and especially when Lincoln was so deeply immersed in the momentous affairs of state. She only replied: "Please God, Abe will give back my boy to me once more." As soon as Lincoln received the letter he ordered a discharge made out for William Armstrong, and within ten days he was at home with his mother.

The President and His Boys.

It was a frequent custom of Lincoln's to carry his children on his shoulders, says the Literary Digest.

He rarely went down street that he did not have one of his younger boys mounted on his shoulder, while another hung to the tail of his long coat. The antics of the boys with their father and the species of tyranny they exercised over him are still the subjects of talk in Springfield. Roland Diller, who was a neighbor of Mr. Lincoln, tells one of the best of the stories. He was called to the door one day by hearing a great noise of children, and there was Mr. Lincoln striding by with the boys, both of whom were wailing aloud. "Why, Mr. Lincoln, what's the matter with the boys?" he asked.

"Just what's the matter with the whole world," Lincoln replied. "I've got three walnuts, and each wants two."

# WINNING A LAWSUIT

## INCIDENT IN LEGAL CAREER OF ABRAHAM LINCOLN.

Simple Scheme Evolved in His Shrewd Brain by Which He Saved His Client, "Duff" Armstrong, from Death on the Gallows.

There have been so many garbled versions of the famous incident in Abraham Lincoln's legal career in which he by an almanac saved the life of a man charged with murder that it is appropriate just now to narrate the correct one, as told by R. W. Armstrong, a barber of Mason City, who is the son of the man defended, and who was known as "Duff" Armstrong. He is very familiar with the case, as but a short time before his father, who, by the way, is still living, had related to him the exact facts in the affair.

In all the histories of Lincoln and in most of the school books it is told how Lincoln defended Armstrong and cleared him by proving that the moon was not shining when the murder was committed "by the light of the moon." The father of Duff Armstrong was Jack Armstrong, who lived near New Salem, and who was the leader of the "Clary Grove" boys. He it was who had the celebrated wrestling match with Lincoln back of the old store at New Salem.

Afterward they became great friends. The home of Jack Armstrong and of his wife Hannah was always open to Lincoln, and he visited there many times.

It was during the summer of 1857 that Duff Armstrong, with a number of other young fellows, attended a camp meeting twelve miles south of Mason City. The young fellows were drinking, as was the custom of those times. Duff became involved in a quarrel with a companion named Metzger one night a short distance from the camp meeting. Duff claimed that he struck Metzger with his fist just under the eye. The stories in so many books that he used a club or slingshot or other weapon, he insists are false. The next morning Metzger was out and around, but it is presumed that he caught cold in the injured eye. At any rate, the injury affected his brain in some manner, and he died.

The elder Armstrong had just died and the mother of the prisoner was in great trouble. She, in her poverty and distress, thought of her old friend and occasional boarder, Abraham Lincoln, and asked him to defend her boy. Lincoln willingly agreed to do so. # Here's a Recipe for Making Bread.

1. **WHEN** a well bred girl expects to wed, 'Tis well to remember that men like bread. We're going to show the steps to take, So she may learn good bread to make.

2. **BRUSH** the dough with melted butter, as the recipes say; Cover with a bread towel, set in a warm place to stay Two hours or more, to rise until light, When you see it grow, you'll know it's all right.

3. **FIRST**, mix a lukewarm quart, my daughter, One-half of milk and one-half of water; To this please add two cakes of yeast, Or the liquid kind if preferred in the least.

4. **AS** soon as it's light place again on the board; Knead it well this time. Here is knowledge to hoard. Now back in the bowl once more it must go, And set again to rise for an hour or so.

5. **NEXT** stir in a teaspoonful of nice clear salt, If this bread is n't good, it won't be our fault. Now add the sugar, tablespoonfuls three; Mix well together, for dissolved they must be.

6. **FORM** the dough gently into loaves when light, And place it in bread pans greased just right. Shape each loaf you make to half fill the pan, This bread will be good enough for any young man.

7. **POUR** the whole mixture into an earthen bowl, A pan's just as good, if it hasn't a hole. It's the cook and the flour, not the bowl or the pan, That—"Makes the bread that makes the man."

8. **NEXT** let it rise to the level of pans—no more, Have the temperature right—don't set near a door. We must be careful about draughts; it isn't made to freeze, Keep the room good and warm—say 72 degrees.

9. **NOW** let the mixture stand a minute or two. You've other things of great importance to do. First sift the flour—use the finest in the land. Three quarts is the measure, "GOLD MEDAL" the brand.

10. **NOW** put in the oven,—it's ready to bake,— Keep uniform fire, great results are at stake. One hour more of waiting and you'll be repaid, By bread that is worthy "A Well Bred Maid."

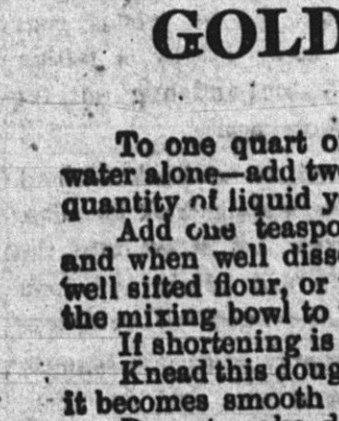

11. **SOME** people like a little shortening power, If this is your choice, just add to the flour Two tablespoonfuls of lard, and jumble it about, Till the flour and lard are mixed without doubt.

12. **NEXT** stir the flour into the mixture that's stood Waiting to play its part, to make the bread good. Mix it up thoroughly, but not too thick; Some flours make bread that's more like a brick.

13. **NOW** grease well a bowl and put the dough in, Don't fill the bowl full, that would be a sin; For the dough is all right and it's going to rise, Till you will declare that it's twice the old size.

14. **READ IT AGAIN**

## Here is the Same Thing in Prose. GOLD MEDAL FLOUR.

**BREAD RECIPE.**

To one quart of lukewarm wetting—half water and half milk, or water alone—add two half-ounce compressed yeast cakes, or the usual quantity of liquid yeast, and stir until dissolved.

Add one teaspoonful of salt and three tablespoonfuls of sugar and when well dissolved, stir in with wooden spoon, three quarts of well sifted flour, or until dough is sufficiently stiff to be turned from the mixing bowl to the moulding board in a mass.

If shortening is desired add two tablespoonfuls lard.

Knead this dough, adding if necessary from time to time, flour until it becomes smooth and elastic and ceases to stick to fingers or board. Do not make dough too stiff. Spring Wheat Flour needs a little more working than Winter Wheat Flour, and should be a little softer to make it rise properly.

Put dough into well greased earthen bowl, brush lightly with melted butter or drippings, cover with towel and set in warm place, about 75 degrees, for two hours, or until light, then knead well and return to bowl, cover as before and set for another hour's rising or until light.

When light, form gently into loaves or rolls, place in greased bread pans, brush with butter or drippings, cover again and let stand for one and one-half hours, then bake.

**LaGrippe Caused  
Heart Trouble,  
Nervous Prostration  
and Dyspepsia.**

**My Friends Know Heart  
Cure Cured Me.**

Mrs. C. O. Hurd, 118 W. Third St., Muskegon, Ia., is well known throughout her section of Iowa as an ardent worker in the M. E. Church. She says: "LaGrippe left me with a severe case of nervous depression and nervous dyspepsia, which soon affected my heart. I suffered from sleeplessness, headache, extreme nervousness and twitching of the muscles. The slightest exertion would cause shortness of breath, a numbness of my body and hot flashes with pain. I will tell you what I am constantly telling my friends—that Dr. Miles' Heart Cure cured me so that all these disagreeable symptoms left me. I may add that for severe pain I have never found anything to equal Dr. Miles' Anti-Pain Pills and think the Nerve and Liver Pills are a wonderful stomach remedy."

"Our son was stricken down with heart trouble in his twentieth year. For two months we got no sleep with him at night, so we commenced to use Dr. Miles' Heart Cure and Nerve with the Nerve and Liver Pills and today he is sound and well. In fact he passed a physical examination since his sickness and is with the Army in the Philippines. I desire to add that Dr. Miles' Anti-Pain Pills have certainly been a boon to me. I am frequently troubled with sick and nervous headaches and I have never found anything that would relieve me so quickly and leave me feeling so well thereafter."—Mrs. Alice Moad, Buffalo, Mo.

### Lyndon.

Mrs. P. Prendergast is on the sick list.

H. S. Barton has been around selling fruit trees.

Mrs. T. E. Sullivan is very sick with inflammatory rheumatism.

John McKune, who has been very sick, is no better at this writing.

Mr and Mrs. Clyde Rowe spent Sunday in Howell with friends.

John Schweiker has bought an engine and buzz saw of Peter Gorman.

Eureka Grange, No. 2, will meet at the town hall Saturday next, Feb. 14.

Luke Reilly, Patrick Prendergast and Mathew Hankard are getting up their ice.

Wm. Howlett intends to put up a large quantity of American wire fence next spring.

Skunks are very plentiful this winter. One man caught 18. He must have plenty of acents (cents).

New cutters are quite scarce articles this winter. Anyone who did not own a cutter had to go without one.

Mrs. Wm. Fox and sister Clara Mester returned home Saturday, after a week's visit with friends in Detroit.

Jacob Waltz while drawing straw last Friday slid off the load and broke a rib and otherwise hurt himself quite badly.

The grange social at the home of Mr. and Mrs. Dick Clark Friday, was attended by a great crowd, being a fine evening there were over 100 people present.

Black beans are not so bad after all. Anyone who has pigs to fat, and will boil them up and feed them to the pigs, or feed them raw to his sheep, will find that they are still worth something to him.

An entertainment will be given at the Knadilla hall, Thursday evening, Feb. 19, by the children of school district No. 10, Lyndon. It will consist of speaking, singing and music, to conclude with a farce "More Blunders than One." Admission 10 cents. Come and hear us; who? Rural school class, don't you see? Hilo! Kiro! Let us pass, we're the hustling Lyndon class in District No. 10.

### Mysterious Circumstance.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health used Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they caused good digestion and head off constipation. Try them. Only 25c. at Glazier & Stinson's, the druggist.

### North Lake.

Geo. Webb lost a new milch cow last week.

Mr. Witly comes to the corners after a part of his mail now.

Prof. C. E. Glenn, of Detroit, is home with his parents for a short stay.

Mr. and Mrs. Myron Lighthall, of Chelsea, visited at North Lake, Monday.

The men around here are all busy in the woods getting fuel for next season's use.

Mrs. Taylor and child have gone to her brother's near Dexter, the child being sick.

Sam Schultz went to market a few days ago with five loads of mutton sheep and lambs.

The doctor says Mrs. R. C. Glenn is a little better now, her side had to be lanced twice.

Mrs. E. J. Whalian is home from a few days' visit with her daughter Mattie Vines, of Howell.

E. Daniels has been killing hogs again. This time he will store a few in the cellar for future use.

Ernest Cooke has recovered from a severe spell of sickness and will soon be all right again.

Saturday last E. W. Daniels sold the farm implements of Morris Flood in the eastern part of the town.

Wm. Brown makes a red streak as he passes by with his big team and new wagon bought in Pinckney.

H. Hudson will cut 2,000 cords of wood if he cuts for all who want him. He does good work and lots of it.

Miss Pyper, of Unadilla, was the guest of Mrs. Sam Schultz last week and attended the meeting Tuesday evening.

Around the outlet of the lake the ice has gone out for several rods, making a good sporting ground for fish and rats.

E. W. Daniels delivered a large load of live hogs in Chelsea on Thursday of last week. Got tired of delivering one at a time dead.

E. Daniels had a \$10 sheep that got into a scrap with another high bred sheep and broke his neck. The pelt will buy a common sheep.

The young people of North Lake went to Gregory to attend the play "Old Glory in Cuba," last Friday evening and felt well paid for going.

A Mr. Smith, of Chelsea, is cutting wood on shares at North Lake. He says there is enough dead timber to supply several families.

The new telephone company, of Unadilla, is intending to run a line from Unadilla to Dexter as soon as possible. It will be a paying line.

Fred Schultz and Floyd Hinkley sawed, split and piled 6½ cords of block wood from large timber Thursday last and went home two miles to dinner.

A sleighing party from Chelsea and North Lake, after a nice run on bobs spent the evening with Mr. and Mrs. Ernest Cooke. All had a good time.

It is planned to hold the weekly prayer meetings on Sunday evening for the few remaining weeks of winter, or until further notice. A good attendance is desired.

Keep out of the woods on windy days. The other day while in the woods your scribe came near being hit by a falling limb. He took the hint and dug out for home where it's more safe.

Where your bee hives are banked about the rim with straw or stalks look for mice, as they will go from the straw into the hive if the opening will admit, and soon ruin the colony and eat and soil the honey.

Some time Thursday night our January summer caught a severe cold and congestion resulted, closing up all water courses, making a glassy surface which was appreciated more by skaters than by cripples.

Your scribe wants to get a breed of pigs that will not be taken for Jack rabbits, as he has lost all but one of a fall litter. Hunters get deceived at times. I would label the last one P-I-G, if the marksmen could read as well as they shoot.

Not being up in the higher degrees of the grange we cannot make a full report of the inside working, but the outlook is very promising from an outside view. Meetings frequent and well attended are good signs of interest and vigor.

Why does not some one among our young bee keepers work up a convention to meet quarterly in some central locality in the interests of the calling, to encourage others who are not now in the business, and by rubbing up their intellects together brighten the whole lot? Some one move forward and start the movement. All who would like to have a day's convention address W. H. Glenn, Gregory, R. F. D. No. 2, right away, so as to be able to have a meeting the last of February or first of March certain. Act promptly, bee men.

### GRANGE CONFERENCE.

One of Three Meetings in This County to Be Held Here Next Wednesday.

At the next meeting of Lafayette Grange which will be held at Foresters' hall, Chelsea, next Wednesday, Feb. 18, there will be a grange conference, and all patrons in this part of the county should be present. Frank R. Peters, of Sand Creek, Mich., will be conductor.

This conference is one of a series of 300 meetings to be held in Michigan during February and March, planned by the officers of the state grange. Washtenaw county has three of these meetings, at Stony Creek, Pittsfield and Chelsea.

These meetings are to aid in uniformity of grange work, and to assist all granges new and old in the way of essential methods to grange success. Such questions as the following will be discussed:

"The importance of social culture through the grange, and the best ways of bringing about such development."

"The benefits of educational progress through the lecturer's programs and parliamentary practice."

"General essentials in conducting a successful grange."

"The necessity of official punctuality and duty in grange work."

"The organic construction of the grange and the necessity of obligation duty."

"The necessity of farmers contributing of time and means to the support of the grange."

"The object of grange ritualistic forms and their aid to true grange attachment and strength."

All patrons are expected to take a basket dinner. Members of Lafayette Grange will furnish coffee.

The meeting will begin at 10 a. m.

### Waterloo.

Andy Gray spent Sunday at, Grass Lake.

Mr. and Mrs. C. A. Barber visited her uncle Chas. Huttenlocher, of Leoni, over Sunday.

Paul and Bertram, children of Rev. and Mrs. Cooper, have been quite sick the past week.

Misses Anna Faust, Villa Foster, Laura Moeckel and Anna Romml visited Waterloo school last week.

Mr. and Mrs. Geo. Beeman and family spent Sunday with Mrs. Beeman's parents Mr. and Mrs. J. Musbach.

The entertainment at the U. B. church Monday evening was highly enjoyed. Mr. J. A. Sherrick gave a number and a variety of selections. The choir also rendered a number of selections.

Died at his home Saturday, Feb. 7, 1908, Robt. Howlett, aged 86 years. The funeral services were held at the house Tuesday at 10:30 a. m. and were conducted by Rev. Cooper, of Stockbridge.

Clarence Lehman took a rather cold bath one day last week. While walking across the pond he accidentally stepped on the ice where a fishing hole had been cut. It evidently surprised him, but he soon bounded out of the water.

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Turn on the Heat.

Backward, turn backward, oh time in your flight. Give me July again just for one night. Soften the soil where the frost king has lain. Oh, let me hear one melody again. I am so weary of snow drifts and ice. Weary of paying the coal trust its price. Weary, so weary of frost-bitten pie. Bring me a slice of the Fourth of July.

Backward, swing backward, oh season of snow. Mercury fifteen to twenty below. Turn on the heat of the tropical zone. Hoast me until I am awaked to the bone. I am so weary of freezing my nose. Weary of chilblains and corns on my toes. Weary of trying to sleep with cold feet—Turn on the heat, mister, turn on the heat.

Next Saturday is St. Valentine's day. Born, last evening, to Mr. and Mrs. John Weber, of Sylvan, a son.

The next regular meeting of the L. C. B. A. will be held Thursday evening, Feb. 19.

Mrs. R. H. Alexander fell on an icy sidewalk Thursday and badly sprained her right wrist.

Don't forget the 6 o'clock dinner to be served by the Men's Club at the Congregational church, Friday, Feb. 27.

Ann Arbor will have the annual meeting of the Michigan Woman's Press Association the latter part of next May.

Wm. E. Stocking, of Lima, has been appointed one of the capitol policemen, in place of Charles Minnis, of Ann Arbor, removed.

Emanuel G. Loeffler was married to Miss Matilda K. Haub at the home of her mother Mrs. Katherine Haub in Freedom, by Rev. H. Lemster this afternoon.

At the evening service of the Congregational church next Sunday Miss Bacon and T. E. Hughes will sing solos and Rev. C. S. Jones will speak on the subject "Men who are near the kingdom." Every body is cordially invited.

The reports of the condition of the Chelsea banks at the close of business Feb. 6, as called for by the banking commissioner, show that the Kempf Commercial and Savings Bank had on deposit \$349,614.85, and the Chelsea Savings Bank \$353,596.24.

Rev. F. A. Stiles will preach next Sunday to the people of his former charge at Waukegan and Mendon. The Baptist church pulpit here will be occupied in the morning by Mr. Wilbur Caster and in the evening Rev. A. Schoen, of St. Paul's church, will preach.

The village council met yesterday morning and practically decided to do away with the tank system of water distribution. It is proposed to install a Worthington pump and furnish water by direct pressure. A representative of the manufacturers will be here tomorrow to see about the matter.

The Washtenaw Fair Association's board of directors has decided not to allow the sale of intoxicating liquors on the fair ground next September, in response to the request of a number of ladies. In return for this the ladies have agreed to turn in and help make the fair a greater success than it has ever been before.

Ranney C. Scott, of Ann Arbor, who recently went to the Hawaiian Islands for a business trip of indefinite length, has decided to remain in Honolulu permanently and will engage in business there. He has instructed his brother Ewart H. Scott to sell out all interests that he holds in this section. Mr. Scott's many Chelsea friends will regret to hear of his decision.

Smallpox is striking pretty near us as the following item from the Manchester Herald of Tuesday shows: Health Officer Tracy reports a case of smallpox on the Hieber farm, in Freedom, near the church, the patient being a carpenter named Bahnmiller. Every precaution has been taken by the authorities of that township, who were in town this morning seeking a doctor to take charge of the case. The children of the family who were exposed will be vaccinated at once.

The Imperial Hand Bell Ringers will give the next entertainment in the People's Popular Course at the opera house next Monday evening, Feb. 16. The company comprises two complete organizations—a bell quintette, and a mandolin, banjo and harp club. The press notices they have received characterize them as artists of great ability. The price of admission to those who do not hold season tickets has been reduced to 35 cents for adults, and 20 cents for children. You cannot afford to miss hearing the Bell Ringers.

Speaking of the organ recital given at Friese Memorial Hall, Ann Arbor, last Thursday, by Prof. L. L. Renwick, the Washtenaw Times had the following to say about two of Chelsea's young musicians: "Miss Clara Snyder, of Chelsea, who is an organist of some experience, having a church position in Chelsea, played Hofmann's 'Barcarole' excellently, her ability evidently being beyond the merits of her selection. Miss Helene Steinbach played a sonata of Gullmunt, the second movement being especially well played."

Gus BeGole is now employed as a clerk in the post office.

Mrs. Godfrey Grau fell one day last week and broke one of the small bones in her wrist.

Mrs. Anna Paige died at her home on South street this morning after a lingering illness of erysipelas.

Alfred Gilbert has bought Mrs. Myrtle Kerlan's house and land on West Middle street, paying therefor \$1,000.

Everybody is going to the sock social at Lima Center Friday night, Feb. 13. Supper from 5 o'clock until all are served.

Arthur Judson, son of State Oil Inspector William Judson, has been appointed a clerk of legislative committees at Lansing.

The annual Valentine social of the Junior League of the Congregational church will be given tomorrow evening, Feb. 13. Everybody is invited.

O. T. Hoover received his commission as postmaster of Chelsea Saturday and took possession of the office that evening at the close of the day's business.

A box social for the benefit of the school in District No. 7, Lima, will be held at the home of Mr. and Mrs. W. McLaren, in Lima, Friday evening, Feb. 20. All are cordially invited to attend.

The subject for discussion by the Business Men's Class of the Congregational church next Sunday is "The truth in regard to the day of judgment." George Turk will read the opening paper.

The Chelsea high school track team has received an invitation to take part in the annual field day to be held at Plymouth early in May. Other school teams to take part in it are Northville, Wayne, South Lyon and Plymouth.

There will be a donation for the benefit of Rev. F. A. Stiles at the Baptist church Friday evening, Feb. 20. Supper from 5 to 9 p. m. All are cordially invited. This is not a benefit for the church but a free gift to Rev. F. A. Stiles.

Wm. H. Freer, late musical director for Quinlan & Wall's Minstrels, has bought David Porter's cigar business in Jackson and has already taken possession of it. Mr. Freer's many friends will wish him as great a degree of success as the director of a cigar store as he had as a musical director.

The Western Washtenaw Union Farmers' Club will meet with Mr. and Mrs. Wilbur McLaren Thursday of next week, Feb. 19. The program will be as follows: Roll call, responded to with quotations; "Resolved, that the farmers trust will be a benefit to the farmer," M. A. Lowry; "Should our girls receive a business education?" Mrs. C. S. Jones; select reading, N. H. Cook; recitations, Frank Storms and Mrs. Wm. Davidson.

Messrs. Warner, Landwehr, Damon, Harriman and Bacon, the committee appointed by the board of supervisors to establish the price which the county will hereafter pay a physician when attending cases of smallpox, diphtheria and scarlet fever in families of poor people, have fixed the rates as follows: In cases of smallpox, \$5 a visit and 25 cents a mile for travel, and in cases of diphtheria and scarlet fever, \$3 a visit and 25 cents a mile.

The Dexter Center Lyceum had a highly interesting meeting at the town hall, Dexter, Saturday evening, when they debated the question, "Resolved, that Lee was a greater general than Grant." Foster Wheeler led the Lee forces and Wm. E. Stevenson, Jr., the Grant men. Of course, the Grant men were as always victorious. The subject for next Saturday night will be "Resolved, that a young man's chance for success is better west of the Mississippi than it is east." Affirmative leader, Webster McNeil; negative, Louis Stevenson.

The attendance at the open meeting of Lafayette grange held at Foresters' hall, Chelsea, Wednesday, Feb. 4, was greatly interfered with by the bad weather. Not one of the ladies who were to take a part in the program being present. Sixteen faithful grangers, however, were present and held a good meeting. N. W. Laird had a most excellent paper on "Does the farmer need special education?" and the question "How can farm life be made as attractive as other callings?" was warmly discussed by E. A. Nordman, Truman Baldwin, O. C. Burkhardt and Geo. T. English.

Escaped an Awful Fate.

Mr. H. Higgins, of Melbourne, Fla., writes, "My doctor told me I had consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by Glazier & Stimson, druggists. Price 30c and \$1.00. Trial bottles free.

## FROM ALL OVER MICHIGAN

### The Niles Robbers Caught.

A letter dropped by the robbers who held up and shot Edward Stewart, of Niles, two weeks ago has led to the capture of two men who are charged with the crime. The letter was addressed to Merrill Mason, and the writer gave her address as Charleston, Ill. An investigation revealed the fact that Mason was a printer and that he had been employed at Kalamazoo; also that Mason and Lloyd Jeffers, a boy of 16, had left town a few weeks before, but that Jeffers had returned. The latter was located in a furniture factory and placed under arrest. Jeffers is now in jail, crying continually and bemoaning his fate. He has confessed to taking a hand in the hold-up, but claims that Mason did the shooting. A man was found who had received a letter from Mason, dated Chicago. He asked that a loan be sent him at a certain number in that city. The officer took the first train for Chicago, where Mason was taken, and will be brought back.

### A Juror and Smallpox.

A smallpox scare put an abrupt end to the trial of Bailey Kerekes, the alleged Lowell poisoner, Friday morning. Jurymen Jason Peacock, of Sebawa township, complained of not feeling well. It was learned that he had been exposed to smallpox and court promptly adjourned till a week from Monday.

Before this happened Prosecutor Clute had explained to the jury that a year ago George Merrill's boy brought from the Saranac postoffice a flag salt powder mailed at Lowell the day before, and how two weeks later Merrill took the stuff and came near dying. He told of Will Klump having been two weeks in jail at Grand Rapids on suspicion of poisoning his wife, being released, and how Klump started the investigation which led the officers to believe Kerekes to be the guilty man.

### A Wife in Hiding.

Since Tuesday last a little woman, just 27 years of age, with her two bright-eyed little girls, has been in hiding from the wrath of her husband at the home of a Detroit policeman. The woman is Mrs. Laura E. Axtell, wife of "Rev." J. T. Axtell, the once famous pugilistic promoter of the gospel and later a barber at Royal Oak. It was just after she began suit for divorce in the Circuit Court that, fearful of the anger of her husband, she left her home and fled for security with her little ones to the home of the charitable policeman. Judge Hosmer granted her an injunction to prevent her preacher husband from further molesting her, but she declares he has broken the orders of the court, and called upon her mother, looking for his wife.

### Weir Acquitted.

The jury in the Weir case, tried in Cadillac, on Saturday returned a verdict of not guilty. David S. Weir, whose wife died from arsenical poison last fall, was charged with murder. It developed in the investigation that he had been maintaining improper relations with another woman, who acknowledged her guilt on the stand, and further swore that he had told her he would soon be free to marry her. The defense claimed that Mrs. Weir was despondent from ill-health, and, while striving to prove that death resulted from natural causes, insisted that if it was caused by poison, it was self-administered.

### Mr. French's Illness.

Hon. W. A. French, ex-state land commissioner of Dundee, came to Saginaw last week and on Friday was taken ill and removed to St. Mary's hospital. He is suffering from some growth in the abdomen. Physicians made an examination Thursday and performed a serious operation. It is said that part of a cancer, as large as a man's head, was found, and a piece of it was removed and the organs left in as good condition as possible. One of the doctors is reported to have said: "There is little or no hope for Mr. French. A cancer was found back of the intestines which affected the entire bowels."

### It Was Suicide.

Sheriff Rust, of Flint, who went to Montrose to look further into the case of Henry Mallory, who was found dead on the floor of a woodshed on a farm he had just leased, with a bullet wound in his body and a rifle by his side, returned Saturday. Scratches on the dead man's face led to the suspicion that he might have been murdered, but the sheriff found that they were inflicted by his wife, who about seven weeks ago gave birth to a babe, had been treated by Christian Scientists, and is now out of her mind. There is no further doubt but it was a case of suicide.

### Funeral of Mr. Whiting.

Justin R. Whiting was loved, honored and respected in life. In death he was given all the honors that can be bestowed upon the dead. The funeral of the distinguished citizen, held Tuesday afternoon, was one of the largest ever seen in this section. Many distinguished citizens from Detroit and other cities in the state were present, including very many members of the democratic state central committee and kindred bodies. The remains lay in state from 12 to 1.30 p. m., and were viewed by a great throng of people.

### AROUND THE STATE.

A chicken factory for Gageton seems now assured.

Van Buren's new county buildings are complete and ready to turn over to the county.

The cement plant of the Hecla Co. at Edwards, Ogemaw county, is almost completed.

One of the banks in West Bay City has placed an embargo upon Canadian five-cent silver pieces.

Louis Morina committed suicide Monday night on the street near the Norway postoffice by shooting.

The Charlevoix Courier says E. W. Coulter, of that city, picked half a dozen pansies in his front yard one day last week.

In Bridgehampton township, Sinclair Co., lives a man who is six feet six inches in his stocking feet, yet weighs but 140 pounds.

The Michigan Dairymen's Association is holding its nineteenth annual convention at the Agricultural College with a good attendance.

Mrs. C. England, whose home was formerly at New Lathrop, is dead at her home in Lapeer. She had been married only six months.

The rumor that the peat industry at Capac has been sold to the coal trust is declared by men in position to know to be without foundation.

West Michigan State Fair Association has decided to hold its fair at Constock park, Sept. 14-19, the week following the state fair at Pontiac.

The home of Thurlow Loving, in Fairplains township, was burned Saturday. Two children, aged 1 and 3 years, perished in the burning house.

Adrian citizens are investigating the matter of a central heating plant and it is considered likely that such a plant will be established in Adrian by local capital.

A large concrete syrup tank at the Shewaling sugar factory, in which was stored hundreds of tons of syrup, burst Thursday afternoon. About 200 tons of syrup was lost.

Farmers around Vernon apparently are prosperous. Ten large barns costing from \$800 to \$2,000 apiece will be built the coming summer in the immediate vicinity of the village.

One of the few remaining narrow gauge roads in the state will be widened to standard gauge as soon as spring opens. This is the Almont division of the Pere Marquette.

A large force of workmen is busy finishing up the electrical equipment of the Lansing-St. Johns railway, as the line must be in operation by March 1 or the franchise will be forfeited.

"Fifteen carloads of coal confiscated by the railroads" was the message which Secretary Wade of the University of Michigan received Wednesday. There is only a week's coal supply on hand.

At the beginning of the present year there were 156 divorce cases pending in the Ingham Circuit Court. This is 49 more than at the beginning of the previous year. During 1902, 46 divorces were granted.

The frozen remains of John Rought, a Swede, were found Saturday evening in the woods near Lyons, and after being viewed by the coroner, who pronounced death due to suicide, were buried in the porter's field.

Crystal Lake, on account of its fine perch fishing, attracts nearly as large a crowd in winter as in summer. The lake is dotted with little villages of fish shanties and a number of people make good wages catching fish to sell.

Michigan postmasters were appointed Thursday as follows: Canfield, Ogemaw Co., Thomas Frank Sheldon; vice Geo. L. Miller, resigned; Valentine, Montmorency Co., Edward S. Ewing; vice Mrs. Esther Montgomery, resigned.

Benzie county has been invaded by a large number of Indians the past year, owing to the building of charcoal and chemical plants. The braves make good money cutting cordwood, and the squaws help in the struggle for wealth.

The Diamond Match Co. has received at Sidnaw a carload of the finest heavy draft horses ever brought to the upper peninsula. The lightest one in the consignment weighed 1,700 pounds. The company now has 36 horses in its camps near Sidnaw.

Jesse Hunter, of Saranac, the lad who was shot a few days ago by a schoolmate and whose life has been despaired of ever since, is still in a precarious condition and the physicians will not give any hope of ultimate recovery, although he shows some signs of improvement.

Marquette business men are beginning to appreciate the value of good roads to a village which depends on the farming community for its business, and will probably build a good gravel road ten or twelve miles to the east of the village the coming summer, at their own expense. It will be money in their pockets to do so.

Charles Frommiller, aged 10, living in Davison township, went rabbit hunting with his brother George, aged 21, Saturday afternoon, and in getting over the fence the hammer of George's gun caught on the top rail, discharging the weapon. The load struck Charles and tore a great hole in his body. He died Sunday morning.

## MICHIGAN LEGISLATURE.

Absent the junkets there are several points that need correcting. The dining-car is not furnished by W. C. McMillan and the meals are paid for by the members of the committee. Then, too, as many of the legislators took their wives, the stories of "boozing" are not so. These facts should be understood in justice to the committee who are out for information and not for "a high time." Tuesday the party spent several hours in and about the Marquette prison, investigating specially the making of cigars by the convicts. It seems that about 35,000 are made daily, but they are cheap grades, and the warden says, are not sold in the state. The visitors were served lunch, the prison band furnishing the musical entertainment.

The visitors devoted the afternoon to the Normal school, an institution of which the Marquette people are justly proud. The citizens gave the visitors a dinner at the Hotel Clifton in the evening, after which several speeches were made. Mayor Russell declaring that a legislative committee is always welcome in the Upper Peninsula.

There was a great time in Houghton when the legislative party reached that town. The special train took the party to Dollar Bay on Wednesday, where the copper wire mills were inspected. Afterward the party went in sleighs to the College of Mines, where over 200 students are now at work. The institution has only one equal of its kind in the country and the lawmakers are correspondingly proud of the result of the state's appropriations.

Though the joint committee on fish and fisheries reached Sault Ste. Marie twenty-four hours late, they lost little time while in that bustling town. They were met by the citizens' committee and taken to the local hatchery and then to the hotel for dinner. Afterwards Mayor Stradley and Secretary Hays, of the Chamber of Commerce, addressed the legislators on the subject of an appropriation of \$15,000 by the state, to be used in paying the expenses of the semi-centennial celebration of the opening of the canal. From the hotel, the party was driven to inspect the power house of the Michigan Lake Superior Power Co., and following that they were entertained at the Ellis club rooms. They left at 5:30 for Marquette.

About twenty members of the party of legislators who visited Calumet went down the shaft of the Wolverine copper mine Thursday, and had experiences which they will relate for years to come. The excursionists in general took in the Calumet & Hecla and Osceola stamp mills, at Lake Linden, and in the afternoon saw the great Calumet & Hecla power house and other features of the biggest mining plant of the Lake Superior district.

Some of the legislators went down into an iron mine and later the entire party of over 100 had dinner at the Nelson house. At 7 o'clock they took a Chicago & Northwestern train for Chicago whence they will go home and to work. The committees on the Marquette prison are not entirely satisfied as to the contracts in that institution. Cincinnati men have the cigar contract and they will be asked to go to Lansing and explain matters so as to determine whether the law is violated or not.

As the fish and game committees, who came from the Soo, joined the larger crowd which journeyed in a special train from Calumet, Representative G. J. Byrnes, Mayor Felch, and other Ishpeming citizens, saw to it that the visitors were well entertained. A luncheon and a dog race was followed by an exhibition of the Norwegian game of jumping down a steep hill on "skis," which look like long, slender boards tied to the feet of the players, and on which the operators go into the air in a jump of from 50 to 100 feet.

The correspondent of the Free Press who accompanied the legislative party to the upper peninsula says: "Generally the legislators were models in deportment. With ladies, and with such a crowd, the champagne served in former years at Marquette, Houghton and Calumet, was cut out. The dinners were good but 'dry.' There was seemingly no excuse for the presence of the women, a trip of public officials on public business, accompanied by their wives is a new thing, but in this case the innovation had a good moral effect."

"The junketers learned considerable on this trip, and in spite of the 'jolly-ing' it may be expected that some lively slashing of appropriation figures will be done as a result of the tour of inspection. One of the items asked at Newberry is \$78,000 for an 'administration' building. These buildings are principally residences for the superintendents and their assistants, and the items asked for rugs, pianos, table silver, etc., would make one think that these jobs are very nice."

Down to business in earnest will be the watchword of the house and senate directors. The passing of junket week with its whirl of banqueting and sight-seeing has left the fifty or more members of the house and senate who participated in a somewhat exhausted condition, but they must recover as best they can. The character of the junket was most extraordinarily unlike the traditions concerning previous affairs of the sort. It was businesslike and eminently valuable. Its effect must undoubtedly tend to intelligence in legislation as to state institutions.

The members who participated in the trip, or most of them, arrived in Detroit Sunday noon.

How an abscess in the Fallopian Tubes of Mrs. Hollingsworth was removed without a surgical operation.

"I had an abscess in my side, the fallopian tube (the fallopian tube is a connection of the ovaries) I suffered untold misery and was so weak I could scarcely get around. The sharp burning pains low down in my side were terrible. My physician said there was no help for me unless I would go to the hospital and be operated on. I thought before that I would try Lydia Pinkham's Vegetable Compound, which, fortunately, I did, and it made me a stout, healthy woman. My advice to all women who suffer with any kind of female trouble is to commence taking Lydia Pinkham's Vegetable Compound at once."—Mrs. Ira S. Hollingsworth, Stillville, Ohio.—\$3000 forfeit if original above letter proving genuineness cannot be produced.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham at Lynn, Mass., for special advice. It is free and always helpful. No other person can give such helpful advice as Mrs. Pinkham to women who are sick.

# LINCOLN, THE WHITE HOUSE AND SPRINGFIELD MONUMENT

Thomas W. Lloyd of Montoursville, Penn., relates the following interesting reminiscences of Abraham Lincoln:

"I saw Abraham Lincoln for the first time in the winter of 1863, at one of his public receptions. I was only a child, but had heard so much of Abraham Lincoln that I had a sort of vague idea that he was not a mere man, but some kind of a divinity to be worshipped from afar, and naturally I was anxious to see him. I was therefore permitted to accompany my father, who was then serving as chief clerk of the House of Representatives, to one of the presidential receptions. I knew nothing of public functions at that time, and had some sort of notion that we would only be permitted to gaze upon the great man from a distance. When we came to him in the line, however, and he had greeted my father with a few pleasant words and we were about to pass on, the President said: 'Wait one moment; I haven't shaken hands with this little man.' He took me by the hand, patted me on the head, said a few kind words to me and we passed on."

"Later in the same winter I met him again at my own home in Pennsylvania. At the beginning of the war, as a mere child, I was fired with patriotic spirit and went about the streets of my native village making speeches, urging every man to enlist. I did not then know what the war meant, but I knew 'our side' was right, simply because it was 'our side,' and my appearance on the street was a signal to get me up on a store goods box to make a speech. My father had related this to Lincoln and asked permission to bring me to the White House. This was granted and one morning we drove there and were received by the President alone. As he rose from his chair to greet us I remember thinking he was the longest, ugliest and most ungainly man I had ever seen. When I was presented to him he leaned down, and, taking me by the hand, said: 'So this is the little patriot. Ah, Mr. Lloyd, in these times the boy is indeed father to the man. I wish all the men in the North had his spirit.'"

"As he took me on his knee and talked to me of the war, all the ugliness was forgotten, and as I looked into his face and saw the deep set, kindly eyes, the firm mouth, about which a smile hovered, and listened to his gentle voice, I began to think he was positively handsome. As I look back upon the scene, it brings many tender memories of the man who, amid all the cares and burdens of his position and with the fate of a mighty nation weighing upon his heart, could find time enough to say a few kind words to a little child."

"As a still further illustration of this kindness of heart is the following incident, which I have heard my father relate. A young boy who had served with distinction in a naval engagement on board the gunboat Ottawa, and in another as captain's messenger, was recommended to a cadetship at the Naval Academy at Annapolis. This appointment President Lincoln was glad to make and the lad was directed to report for examination in July. Just as he was about to start from home it was discovered that he could not be admitted, because he had not reached the required age of fourteen, his birthday occurring in the following September. The boy was greatly disappointed and wept bitterly

in the fear that he would not be able to go at all. He was told, however, that he would be taken to see the President, who would 'make it all right.' Some time afterward he was taken to the White House and presented to the President, to whom he made a graceful bow. The difficulty was explained and the President said: 'Why, bless me, is that the boy who did so gallantly in those two battles? Why, I feel as though I should take off my hat to him and not he to me.' The President took the papers, and as soon as he learned that a postponement until September would suffice made the order that the lad should report in that month. Then, putting his hand on the lad's shoulder, he said: 'Now, my boy, go home and have good fun during the two months, for they are the last holiday you will get.' The little fellow bowed himself out, feeling that the President, though a great man, was at the same time a kindly one."

"It was these simple characteristics of this large and many-sided man that endeared him to all with whom he came in contact, and while we admire the intellect and ability of the statesman we love the man."

## KNOWN WHERE LINCOLN STOOD

Simple Way in Which He Manifested His Earnestness.

While I was an inmate of Gleason Sanitarium, Elmira, N. Y., I heard the following anecdote of Abraham Lincoln. We had at the sanitarium a very old gentleman by the name of Z. C. Robbins. He was of New Hampshire by birth, but had lived in Washington for fifty years, his business being a patent lawyer. He was intimately acquainted with Mr. Lincoln and was selected by him as chairman of the first police commissioners after his inauguration in 1861. To this Mr. Robbins I owe the recital of the story to which I have alluded. He said: After the emancipation proclamation had been written, it will be remembered, six months were given to the Confederates to lay down their arms and come back to the Union, before it was to go in force. Providing the South returned to the allegiance to the Union as of yore, the proclamation was not to be issued. But God was working out the destiny of this nation, and not man, and the result is known to history."

The early elections had gone against the Republican party. Republicans became alarmed. A tremendous pressure was brought to bear upon Lincoln

to withdraw the threatened issue of the proclamation, upon the day fixed. They declared that it was against the spirit and wish of the people, and would ruin the party. Letters came pouring in from every state in the Union begging, imploring, sometimes threatening, and it was feared by a few staunch anti-slavery men of the country that Mr. Lincoln could not withstand the pressure. But he said nothing, kept his own counsel, and no man knew his mind.

One day about a week before the time in which the proclamation was to go into force, Mr. Robbins, as was his privilege, walked into the office of Mr. Nicolay, private secretary to Mr. Lincoln. He was feeling very anxious, for it was a dark and gloomy time for the country. Mr. Lincoln's room adjoined that of Mr. Nicolay, and while Mr. Robbins was sitting at an open fire, talking to Mr. Nicolay, Mr. Lincoln walked in, put his hand upon the shoulder of Mr. Robbins and said: 'Well, old friend, the important day draws near.'

"Yes," replied Mr. Robbins, 'and I hope there will be no backing down or backing out on your part.'

"Well, I don't know," says Lincoln. "Peter denied his Master. He thought he wouldn't, but he did."

Mr. Robbins says that he felt a thrill pass over him. He knew by this simple but subtle hint that the soul of Lincoln was determined, and the Union and liberty were secured.

## LINCOLN A PLAIN MAN.

Had Little Time to Waste on Appearances or Style.

When I first knew Lincoln he had all the habiliments of rusticity; his hat was innocent of a nap; his coarse boots had no acquaintance with blacking; his clothes had not been introduced to the whisk-broom; his baggage was well worn and dilapidated; his umbrella was substantial, but of a faded green, and for an outer garment he wore a short circular blue cloak, says Henry C. Whitney in Leslie's Weekly. He commenced to dress better in the spring of 1858, and when he was absent from home, on political tours, usually did so; after he became President, he had a servant who kept him considerably 'slicked up,' but he frequently had to reason him into fashionable attire by telling him that his appearance was 'official.' He probably had as little taste or style about dress or attire as any man who was ever born. He simply wore clothes because it was needful and customary; whether they fitted or looked well was entirely above or beneath his knowledge. He had no regard for trivial things, or for mere forms, manners, politeness, etiquette, official formalities, fine clothes, routine or red-tape; he disdained a bill of fare at table, a program at a theater, or a license to get married. The pleadings in a lawsuit, the formal compliments on a social introduction, the exordium or peroration of a speech he either wholly ignored or cut as short as he could.

# That Cry--"Oh, My Back!"

The little missionary, Doan's Kidney Pills, "free trial," carries ease, rest, comfort. Most people need kidney help; they who choose Doan's get it—help that lasts.

DEERFIELD, ILL.—"When I sent for the trial box of Doan's Kidney Pills I had been afflicted for two months with pain in my back so bad that I could not get from the house to the barn. It was called rheumatism. I could get no relief from the doctors. I began to improve on taking the sample and got two boxes at our druggist's, and, although 69 years of age, I am almost a new man. I was troubled a good deal with my water—had to get up four and five times a night. That trouble is over with and once more I can rest the night through. My backache is all gone, and I thank you ever so much for the wonderful medicine, Doan's Kidney Pills."—JNO. H. HUBER, President Ridgeville, Indiana, State Bank.

BELDING, MICH., Jan. 14, 1903.—"I received trial box of Doan's Kidney Pills. They did me lots of good. I can now go to bed and lie on my right side—the pain there is all gone, also the stomach distress and belching of gas is all stopped, with the use of two boxes."—MRS. E. S. BEEM, R. F. D. No. 3, Reading, Mich.

## VELOCITY OF THE EARTH.

Instruments Enable Scientists to Measure It With Exactitude.

In order to calculate the linear velocity of the earth in its orbit we must first know its distance from the sun. If we can measure the earth's velocity the sun's distance can be computed. If the velocity can be determined with great accuracy the resulting value of the sun's distance is proportionately precise.

The methods of spectroscopy have been so far improved that we are within measurable distance of determining the solar parallax by spectroscopic observations.

If any star near the zodiac be observed with the spectroscope at the two seasons when its longitude differs from that of the sun by ninety degrees, we can deduce not only the velocity of the star along the line joining star and earth, but also the mean velocity of the earth in its orbit.

Spectroscopic observations of stellar velocity in the line of sight are now so good that the value of the solar distance which may be had on the principle described is at least of the same order of accuracy as values derived from older methods.—New York Sun.

## An Important Discovery.

Granton, Okla., Feb. 9th.—After ten years E. H. Gosney of Granton has at last found a cure for Kidney Trouble. Mr. Gosney suffered very severely with Kidney Complaint and some ten years ago made up his mind to find a cure if one was to be had.

He has tried and tried and experimented with every kidney medicine he could hear of. Although he was always disappointed he kept on trying till at last his perseverance was rewarded and he found a complete cure.

He is a well man to-day and explains it as follows:

"Everything failed to cure me and I was growing worse and worse till I tried a new remedy called Dodd's Kidney Pills and I had not taken many of them before I knew that I had at last found the right thing. I am entirely cured and I cannot say too much for Dodd's Kidney Pills."

In most western towns the arrival of a good ball player causes more excitement than the arrival of a summer girl.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. ## FACTS ABOUT DOLLS.

### CAUSE OF THE ORIGIN OF THE WAX AND CHINA VARIETIES.

They Were First Used to Show Off Models of Costly Dresses and in the Seventeenth Century Were What Fashion Papers Are Today.

The origin of the word doll is curious. Centuries ago, when saints' names were much in vogue for children, St. Dorothea was the most popular, and her name the best and luckiest that could be given to a little girl. The nickname was Dolly, or Doll, and from giving babies the nickname it was an easy step to pass it on to the little images of which the babies were so fond.

The word doll is not found in common use in our language until the middle of the eighteenth century, and, as far as can be discovered, first appears in *The Gentleman's Magazine* for September, 1751, in the following: "Several dolls with different dresses, made in St. James street, have been sent to the carina to show the manner of dressing at present in fashion among English ladies."

Previous to this the word used to describe the favorite plaything of all girls in all countries and in all ages was "baby," which is to be found, together with "poppet," or "puppet," in this sense in the works of most of the earlier writers.

The wax and china doll originated in the middle of the seventeenth century. There were no fashion papers as now, and in order to show what was being worn on the continent dolls were beautifully and expensively dressed and sent to the various European countries, and from the model orders were taken. The dolls, to show off their costly garb, must be made of more precious stuff than wood, so wax and china and even ivory ones were made.

Thuringia is the land where most dolls are born—puppetland, as it is called on this account. About 200 years ago most of the dolls were made in Flanders, and they were called not dolls, but Flanders' babies. There used to be an old English couplet which ran thus:

The children of Holland take pleasure in making  
What the children of England take pleasure in breaking.

At one European doll factory of the present day 100,000 dolls are produced annually, some 500 men, women and children being employed. To make one talking doll requires the joint labor of 30 men. Dolls' eyes are made in underground rooms, into which the sunlight rarely peeps, and violet orbs are the most difficult to color. There is one town in Germany where three-fourths of all the dolls' eyes in the world are made. Only in the case of the most expensive dolls is real human hair used.

In a doll factory are wood carvers, headmakers, leg and arm makers, eyemakers, portrait artists, hairdressers, doll sewers and doll stuffers; also a small army of fashionable dressmakers and milliners.

The Hindoo child is probably the only doll-less child in the world. The little Egyptians have their wooden "Ushabi," the same in style as 4,000 years ago. These were sometimes made of porcelain. When a child died, its dolls were buried with it, in the expectation that their spirit forms would rise and do service in another world.

The paradise of dolls is Japan, where they are most elaborately and gorgeously attired affairs. So are the dolls of Kioto—"genroku," as they are called. They are often valuable wood carvings, enameled in colors or statuettes of great artistic merit.

One of the most interesting collections of dolls in this country is that belonging to the bureau of ethnology, Washington. They are dolls of the Uni Indians of Arizona and are made from the roots or subterranean branches of the cottonwood tree, whittled out with knives. They are decorated bright red, yellow, green and represent the gods of the tribe—the god of the snow, the god that eats up the rainclouds, the fire god, the sun god and the corn goddess. The Uni children play with these dolls as other children do. Any one who goes into a Uni habitation is certain to see a row of these dolls suspended from the ceiling. When not in use, they are hung up until wanted.

**La Infantila** is a doll with a history. It is made of clay and is considered by its owner, a Mexican lady, and by hosts of other persons to be a worker of miracles, and quantities of costly gifts are constantly offered to it. A room in the house of its owner is set aside for its exclusive use. Here it reclines in a canopy bed of solid silver. It has beautiful dresses and rich jewelry, valued at thousands of dollars. Among its latest gifts is a magnificent piano, which is played upon by those who visit the doll, as a part of the service of adoration.—*New York Sun.*

**Wax and Eggs.**  
First Actor—It was a case of Greek meeting Greek last night.  
Second Actor—How was that?  
"You know what a bad egg our comedian is?"  
"Yes."  
"Well, he was struck by another just as bad."—*Brooklyn Life.*

## THE FIRST GERMAN PAPER.

Ben Franklin in 1732 Printed the First Zeitung in America.

The first newspaper printed in the German language in America was the *Philadelphische Zeitung*, published by Benjamin Franklin in the year 1732. The *Pennsylvania Gazette* for June 1-15, 1732, contains the following announcement:

"The Gazette will come out on Monday next and continue to be published on Mondays."

"And on the Saturday following will be published *Philadelphische Zeitung*, or Newspaper in High Dutch, which will continue to be published on Saturdays once a fortnight, ready to be delivered at Ten a Clock, to Country Subscribers. Advertisements are taken in by the Printer hereof, or by Mr. Louis Timothee, Language Master, who translates them."

In undertaking this new enterprise Franklin expected to secure a liberal support from the German population of the province, for whom he had been doing considerable printing, but in this he was disappointed, and the publication of the *Zeitung* was discontinued after a few numbers had been issued.

The *Zeitung* was a small sheet of four pages, 6 1/2 by 9 inches, the text printed in double columns with Roman type, and at the bottom of the fourth page bore the imprint: "Philadelphia: Gedruckt bey B. Franklin in der Marck-strasse, wo diese Zeitungen vor 5 Schillinge des Jahrs zu bekommen, und Advertisements zu bestellen sind." The first number was issued June 10, 1732, and the second "Sonabend den 24. Juni, 1732." The publication of the *Zeitung*, therefore, antedates by seven years the *Hoch-Deutsch Pennsylvaniaische Geschicht-Schreiber*, published by Christopher Saur.—*Chicago Times-Herald.*

This Man Took a Quick Luncheon Sign at Its Word.

He was undoubtedly from the country. His umbrella, a big cotton affair, would have given him away even had he not had one trousers leg tucked into a boot. He wandered into one of the big quick luncheon places in lower Broadway. He was looking for something to eat and was just sitting down at a table when his eye caught a sign which read: "Watch Your Hats! The Management Will Not Be Responsible For Umbrellas and Hats Unless Checked by the Cashier."

"Where's this here cashier?" he asked the woman who came to wait on him.

"Up there in the little cage by the door," said the waitress.

The farmer stalked to the cashier's desk and laid down his umbrella and a big hat that was new five or six years ago. The cashier looked up in amazement.

"Keep your hat," she said. "It will be all right."

The farmer walked back to his table, read the sign again and thought it over. Then he climbed on a chair and took the sign from its hook. He carried it up to the cashier.

"What does this mean?" he asked.

People were beginning to laugh, and the pretty cashier got red in the face. She took the hat and umbrella and wrote out a receipt. It was the first time in her life that she had been asked to check a hat, and she has been a cashier more years than one.—*New York Tribune.*

**Rev. C. Haag**, of Port Huron, gave a very pleasing talk at St. Paul's church Sunday evening on his experiences and impressions while in Europe last year. Some of his experiences were quite amusing and the whole talk was much enjoyed. It was 8 o'clock before Mr. Haag got here, having come from Port Huron by electric line, and it was after 10 when the congregation was dismissed.

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theodor's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theodor's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Norfolk, Ark., May 25, 1901.  
I cannot recommend Theodor's Black-Draught too highly. I keep this in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

## BLOOD DISEASED MEN

If you ever contracted any blood disease you are never safe unless the virus or poison has been eradicated from the system. Have you any of the following symptoms? Sores throat, ulcers on the tongue or in the mouth, hair falling out, itching scalp, itching of the skin, sores or blotches on the body eyes red and smart, dyspepsia, stomach, sexual weakness—indications of the secondary stage. Don't ruin your system with the old fogey treatment—mercury and potash—which only suppresses the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our New Method by bank bond, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over 20 years. No names used without written consent.

Mr. B. A. C. writes: "Your remedies have done me more good than Hot Springs and all the doctors and medicines I had previously tried. I have not felt any of those pains or seen any ulcers or blotches for over seven years and the outward symptoms of the loathsome disease have entirely disappeared. My hair has grown in fully again and I am married and happy."
