A BAD ACCIDENT.

C. W. Maroney Fractures and Dislocates His Shoulder.

C. W. Maroney met with a serious accident Friday morning which will incapacitate him from active work for some time to come. While at work on George Read's barn at North Lake he fell from a scaffolding 14 feet high, near the roof of the building. He alighted on his left shoulder and the results are very serious. The left shoulder is both dislocated and fractured. He went to the university hospital at Ann Arbor, where an X ray photograph was made of his injuries. Up to the present nothing has been done towards remedying the injury as Dr. Nancere was afraid of blood poisoning setting in, if the incision, which will have to be made, were made before the inflammation caused by the fracture and dislocation had subsided.

Two Sylvan Divorce Suits.

Mrs. Edna Sophia Fisk, of Sylvan, is again asking a divorce from her husband, Howard Fisk, charging him with cruelty. Mrs. Fisk filed a bill of complaint on November 4 last, but through the intercession of her children a reconciliation was effected between the parents. The present bill alleges that the husband is addicted to the use of liquor and that he has broken his promise to abstain from it which he made before the reconciliation was brought about.

Mrs. Emma West has filed a bill of complaint asking for a divorce from her husband Russell J. West, of Sylvan, on the grounds of cruelty. Mrs. West filed a bill for divorce in September of 1901, but a reconciliation was effected and the proceedings were abandoned. The plaintiff asks for an injunction to prevent her husband from disposing of the property and also for alimony.

Death of Mrs. A. C. Welch.

Mrs. Alvin C. Welch, who was a resident of Chelsea for several years up to last fall when with her husband she moved to Pontiac, died at her home there Monday, Feb. 27, after a lingering illness aged 62 years. She had been in poor health for a long time and in January underwent a surgical operation from which her exhausted strength would not allow of her rallying and she gradually sank away. Funeral services, conducted by Rev. J. I. Nickerson, were held at the house yesterday morning and the remains were brought here and placed in the vault. Her husband and two sons, Allie R. and Fred Welch, survive her. The deceased lady was a sister of Mrs. George P. Glazier, of this place.

Celebrated His Birthday.

Friday, Feb. 24, was E. L. Negus' 65th birthday and to celebrate the event he invited a party of seven gentlemen friends to meet with him Saturday evening in the cozy den he has fixed up in the east room of his home on East Middle street, and enjoy the evening at cards. About 10 o'clock a nice three course supper was served by Mrs. Negus to which the gentlemen did ample justice. The dining table was prettily decorated with flowers. At a late hour the gentlemen departed for home wishing their host many happy returns of the day and leaving him an oak arm chair as a memento of the occasion.

His Conscience Smote Him.

D. B. Sutton, treasurer of the Washtenaw Fair Association, received the following letter one day last week from a conscience stricken man: "I herewith enclose 25 cents in silver as conscience money to pay for my fare into the fair grounds thirty years ago. I was between 13 and 14 years old when I entered the grounds with two of the boys, who were brothers and who had a family ticket. I passed myself off as their brother. I was not their brother and I think one of the boys lied about it." The letter was unsigned.

The Late Harry V. Heatley.

Harry V. Heatley, son of Mrs. H. V. Heatley, of North Lake, died of heart disease at his home in Chicago, Monday, Feb. 27, aged 28 years. The remains were brought to Chelsea Tuesday morning, accompanied by the sorrowing wife and mother, and were taken to his mother's home at North Lake. The funeral services were held at the Church of our Lady of the Sacred Heart this (Thursday) morning and were conducted by Rev. W. P. Considine. Interment was in Mt. Olivet cemetery.

Harry Vincent Heatley was born in Sandusky, Ohio, where he spent most of his boyhood attending school. He began life as a school teacher in this vicinity but shortly after entered the employ of the Lake Shore Railroad Co. as roadmaster's clerk. He received an appointment as mail clerk, but being physically unable to endure the work, he turned his attention to another branch of the civil service. For the past three years Mr. Heatley has been in Chicago in the employ of the government as meat inspector at Armour & Co.'s packing houses. He was of a kind and loving disposition and made friends wherever he went.

The deceased leaves a bride of only ten months, his mother, two sisters and eight brothers, besides a host of friends, to mourn his early demise.

County Drain Commissioners.

Some time ago Senator Doherty, of Clare county, introduced a bill in the senate at Lansing to amend the drain law in Clare county, but when it was taken up the provisions seemed to strike the senators so favorably that other counties wanted to get in. The demand was so great that the bill was tabled for the present with the intent to make it general for the state. It puts the drain commissioner directly under the control of the board of supervisors and all of his employees. The board can by resolution make any conditions before any contract can be made for constructing or cleaning drains for the protection of persons or townships, and the drain commissioner cannot enter into any contract until such conditions are complied with.

The board of supervisors for each county will fix the wages of all employees. The drain commissioner must present itemized bills for all expenses to the board for rejection or sanction, and only one-half of any bill can be paid before the board has passed on the same.

The board of supervisors in each county can, by a majority vote, remove any drain commissioner or his deputy at any time and appoint another, thus doing away with the two year tenure as at present.

A Fine Social.

The anniversary social at the Methodist church Saturday evening was largely attended. The supper was excellent and the program after it a good one. The program embraced organ music by Miss Helene Steinbach; a history of the church since its organization, the material being furnished by Mrs. Loren Babcock, the only original member of the church now alive in Chelsea, and written and read by Mrs. G. W. Palmer; several recitations by the children; a flag exercise by the pupils of Miss Caster's grade in the public school, and a few remarks by Rev. E. E. Caster.

Sylvan Center.

Born, Friday, Feb. 24, to Mr. and Mrs. Clinton Frink, a son. Mrs. George Steinbach, of Lima, visited her parents Tuesday. Miss Luella Buchanan is visiting relatives in Dexter and Ann Arbor. Herman Forner and wife, of Lima, spent Sunday with Chris Forner, sr., and family. Mrs. Fred Gilbert and children, of Chelsea, and Mrs. Chris Forner and children, of Lima, spent Sunday with John Knoll and family.

THE HOMER TRAGEDY THE RESULT OF A WOMAN'S LOVE AND JEALOUSY.

STRIKE OF STREET CAR MEN IN THE COPPER COUNTRY RESULTS IN BLOODSHED.

SEVEN WOMEN LIFERS IN THE DETROIT HOUSE OF CORRECTION.

In Answering a Telephone Call Charles Holton Was Almost Instantly Killed.

The Homer Tragedy.

That Mrs. Louis Hardy, of Homer, murdered her husband as he slept and then ended her own life as she lay by his side is no longer doubted. This is evident from the fact that Mrs. Hardy was very jealous of her husband, whom she suspected of infidelity and it is known that all was not peaceful in the Hardy home. Louis M. Hardy, aged 40, and his wife, Ella, aged 45, were found dead side by side in bed in their home about 6 o'clock Friday night. Each had been shot twice—the wounds being nearly the same in each case—once near the heart and once through the head. When the tragedy was discovered there was no evidence of a struggle in the room or in the bed. The bodies lay almost as though both were asleep. The man had his arms folded, and a revolver with four empty chambers lay on one arm. The woman lay on her back, with the bed clothing carefully tucked about her.

Louis Hardy was the brother of George Hardy, the trusty life prisoner at Jackson, who has been there 27 years and is known as the "model life convict." Mrs. Hardy was the former wife of George Hardy and after the latter had been in prison for several years after conviction for the murder of an aged woman, Mrs. Leonard, at Duck Lake, in 1877, she married his younger brother, Louis. They moved to Homer about eight years ago and resided alone, having no children and no house servants.

Mrs. Joslyn in House of Correction.

Mrs. Carrie Joslyn, sentenced for life for the murder of her husband, is now in the Detroit house of correction, where she will be set to work with other female life prisoners, she being the seventh of the number. Etta Drass has been there the longest time, having served between 18 and 19 years for a crime which was almost identical to the Joslyn murder. The husband was killed by the woman and her paramour, she being sent here and the man to Jackson. Nellie Pope, whose crime stirred Detroit 10 years ago, comes next in point of years served. Sarah Quinby, who murdered a number of children at Ithaca, has spent three years behind the bars. Mrs. Mary McKnight, the Kalkaska murderess who poisoned a number of her relatives, is the fourth and Jennie Flood, who killed Jack London at Grand Rapids, makes the fifth. The last received at the prison before Mrs. Joslyn, was Mrs. Carrie Collins, the Shiawassee county murderess who poisoned Leachman, a hired man employed about her place.

"Now that I am dead to the world, let the world forget me," says Mrs. Joslyn. "Let my life here recompense for any past, if it can. Only let me be forgotten."

Strike and Bloodshed.

Serious street riots in which two men were shot and several injured have occurred as a result of the strike which was declared by employees of the Houghton County Street Railway Co. The situation is deemed very serious and Sheriff Beck has sworn in deputies and the police force of all the cities through which the street cars run has been increased. The most serious disturbance occurred in Laurium. A crowd of boys gathered about the interurban cars and pelted them with rocks and snowballs. James Cummings, of Chicago, the motorman, became enraged and fired into the crowd. The bullet struck a man named Blackwood in the arm, and glancing off entered the stomach of James Rowe. This action caused bystanders to attack the motorman, who was pulled out and nearly killed. The two cars were demolished and the wreckage left on the tracks, blocking traffic. Rowe and the motorman were taken to the Northern Michigan hospital in an ambulance and both may die.

Street Car Man Electrocuted.

In responding to a call over the private telephone at the Woodward avenue car barns in Detroit at 7 o'clock Saturday evening, Night Foreman Charles D. Holton received a shock of 15,000 volts and died within three minutes afterwards. The trouble was caused by the telephone wire coming in contact with one of the public lighting commission's wires at Gratiot and Woodward avenues. There the double are lights are attached to the Detroit United Railway Co.'s trolley poles and the heavy feed wires are supported by the poles. The telephone wire is carried close to the lighting commission's cable and the contact was made where the wire leads to the light.

Ended at Last.

The Republican judicial convention in the nineteenth district is at last ended. Charles H. Rose, of Ewart, having been nominated for circuit judge for the long term on the four hundred and forty-fifth ballot. For duration and stubbornness of character this convention beats all records for judicial nominations in Michigan. At the January session the convention took 203 ballots without result, and Friday afternoon 55 more were taken. At the evening session 187 ballots were taken, the convention adjourning at 3:30 o'clock Saturday morning.

While on the ice estimating Leland's new dock, Traverse City, D. E. Chandler broke through into twelve feet of water. His cries for help were heard, but a predicament ensued. Chandler weighs 350 pounds and no one was able to pull him up on the ice. A block and tackle were secured and he was safely hauled out with that.

Paul Dorff, of Grand Rapids, is pursued by bad luck. His wife was shot by an admirer a few weeks ago, and died Saturday, her body being in the house. Saturday night his barn was destroyed by fire, together with a valuable team of horses. The firemen had hard work to save the house. Dorff is an invalid and has been confined to his bed for three years.

The state military board has received several communications from Ludington, asking that the next state encampment be held there, and the matter is being seriously considered. Gen. McGurkin will go to Ludington and look the ground over.

NEWS OF THE WORLD

NEW ORLEANS AND HOT SPRINGS LOSE MILLIONS BY CONFLAGRATION.

FEODOSIA THE SCENE OF HORRIBLE MASSACRE OF INNOCENT JEWS.

CONGRESS HAS A VAST AMOUNT OF WORK CROWDED INTO FIVE DAYS.

Over a Million Loss.

Fire swept the southern portion of Hot Springs, Ark., Saturday, doing immense damage and causing the known death of three persons. The losses are variously estimated at from \$1,000,000 to \$2,000,000. Three charred corpses have been found among the ruins, and as several persons are reported missing the death list may be increased. The identity of the victims has not been established. One of the bodies is supposed to be that of a female guest of the Grand Central hotel. The fire, which started at 1:30 o'clock in the morning, was the worst this state has ever experienced, and in five hours had burned over an area of one square mile.

New Orleans Heavily Visited.

Fire that started in the immense export terminals of the Illinois Central, in New Orleans, Sunday, swept the river front and caused a loss of \$5,000,000. The fire was still burning this morning, though beyond the power to do further damage. So far as known no lives were lost.

Victims of Mob Fury.

Prominent Jews in Berlin have received confirmation of the report of anti-Jewish plots in Feodosia, Crimea. A political strike was in progress in Feodosia, and a mob of workmen assaulted the prefecture. The officials, to protect themselves, started the cry of "down with the Jews." The mob abandoned their attack on the prefecture and rushed to the entrance of the houses, shot their victims with revolvers or stabbed or beat them to death. The corpses were thrown through the windows into the streets. In one house six Jewesses were found literally battered to death. Their skulls and almost every bone in their bodies had been broken. In many cases the mob refrained from killing their victims and deliberately broke their limbs, leaving them in their misery. Forty-seven Jews, including 17 women, were killed and 183 wounded.

The Appropriation Bills.

This is the last week of the fifty-eighth congress and only one of the regular appropriation bills, the legislative, executive and judicial, has received final action. Beginning Monday, but five days remained during which seven important bills in the hands of the senate must be acted on. These will compel prolonged daily sessions and doubtless by noon on Saturday the work will be done. The house is in better shape to complete its work than the senate. The week began with the sundry civil bill as the topic of legislation. The general deficiency, the last of the supply measures, is nearly ready for consideration. Conference reports to be handled include the statehood bill, the Panama canal legislation and the appropriation bills still unfinished, in all of which there are differences between the two houses.

The North Sea Incident.

The publication of the decision of the international commission of inquiry into the North sea incident has caused a feeling of relief and of sincere pleasure among all classes in London. On the main point at issue the British contention is upheld. That is that the fishing fleet committed no hostile act; that there were no torpedo boats among or in the vicinity of the fishing fleet, and that there was no justification for the order of Rojestvensky to open fire. The British public is not prepared to coincide with the commission's findings that the Russian admiral was justified in proceeding without assisting the damaged trawlers or that he did all that he could to prevent the trawlers from being the object of fire by the Russian squadron. It is believed the facts would have justified a much more severe finding than the regrets that Rojestvensky did not inform the British government of his action.

Shelling Mukden.

According to reports from the front, the Japanese are shelling Mukden with 11-inch mortars. The bombardment, which was recently commenced, is further reported to have caused great damage far behind the Russian lines.

Advices from Chinese sources say that a general engagement is in progress all along the line. The heaviest fighting is reported to be occurring on the Japanese right and Gen. Kuroki is said to be sweeping far north and threatening to crumple the Russians back on the railroad. A special force is reported to be moving from the south and east with the intention of cutting off the Russian communications by railroad with Vladivostok.

Russians Forced Back Again.

The Japanese attack on Berseneff has developed into an encounter of the most sanguinary nature. The Japanese pressing forward a bayonet charge, were received with proxynol hand grenades or were blown up by buried mines, and the Japanese machine guns which took position to support the advance were silenced for a time and beaten back. The Japanese came on with greater resolution, however, and the Russians finally yielded the hill in face of greatly superior numbers and a determined series of attacks which continued night and day.

THE LEGISLATURE.

The house committee on elections held a session Thursday night behind closed doors and discussed the matter of a primary election bill. This is the first move towards shutting out a radical bill. On Wednesday the committee decided to report out the Stone bill, but Thursday proceeded with the consideration of the Waters and other bills, having mysteriously decided before entering the committee room not to rush matters as had been planned. Gov. Warner wants to have early action on a "moderate" bill with no strife. Senator Brown is drafting one bill on the lines of the New York law described and is considering another on local option lines. Nothing is to be done in the senate until after the president's inauguration, March 4. Gov. Warner attended the session of the house committee by request. He reiterated his position on the state platform, but assured the committee he would sign any constitutional measure the legislature might pass. The committee continued in secret session until midnight without taking any definite action. Local option, if provided by the legislature, will not be submitted to the people until the fall of 1903, consequently not taking effect for the more important offices in any district until 1908.

Gov. Warner's dairy and food bill was passed unanimously on third reading in the house Thursday afternoon, with its \$35,000 appropriation and its provision for many inspectors and fees. The bill was amended so as to include the inspection of flaxseed products. Representative Ming, of Cheboygan, said he was anxious to have the inspectors appointed from the different congressional districts, so as to save expenses, but the "powers that be" had informed him that the appointments would be made in such a way that there would be the least chasing around on railroads.

Senator Doherty introduced an amendment to the tax law, providing for the exemption from taxation of land contracts and mortgages. This bill passed the senate two years ago, but was amended in the house. The senate refused to concur in the alterations and it was killed.

The elections committee decided on Tuesday to report to the house with the recommendation that it pass the Stone primary reform bill, which is said to be the measure of the state grange and farmers' clubs. The Stone bill provides for the direct nomination of all officers, including United States senators, except those to be elected by towns, cities and villages and school districts, nor shall the act apply to special elections to fill vacancies; names to be placed on the primary ballot by petitions, to be signed by 1 per cent of the party voters in six counties for candidates for state offices, by 2 per cent of the party in one-tenth of his election districts for a representative. In congress, by 3 per cent of the party in one-sixth of the precincts for an office less than a congressional district in area or a county office. Provision is also made for independent candidates.

The house and senate will likely send special committees to Newberry to investigate the alleged stampede dealt of S. N. Dutcher, chairman of the board of control of the asylum there, it being charged that Dutcher sold to the board 15,000 cords of wood at 50 cents per cord, for which he was to pay the Palms estate, for which he was agent, 20 cents per cord. The house is expected to take the initiative.

Representative Robinson, of Detroit, presented a measure restoring to the tax rolls some \$500,000 worth of property belonging to the Clergue interests at the Soo, which has been exempt hitherto.

Representative Herkimer, of Monroe, introduced a bill at the request of Warden Vincent, of the state prison at Jackson, calling for an appropriation of \$250,000 for the installation of a hard fiber binder twice plant at that institution. Vincent says 200 convicts will be out of employment next August, when the contract with the broom people expires. The same proposition was turned down by the house last session, when it carried an appropriation of \$175,000 more.

Smallpox in Asylum.

Smallpox has become epidemic at the Western Michigan Insane Asylum, Kalamazoo, and the institution is under strict quarantine. The city authorities will permit no one to come from the asylum and the Michigan Traction Co. has been warned not to stop cars there for any purpose. There are 16 frost cases in the women's department, but all are said to be mild. One ward of the hospital has been set aside for the smallpox cases and every effort is being made to prevent further spread of the disease. The asylum authorities are working with the city in attempting to prevent the disease spreading outside. There have been no deaths from the disease. The first case is supposed to have been brought to the asylum by a woman from Jackson who was admitted as a patient.

Beef Trust Jury.

The special grand jury ordered by Federal Judge Kohlsaat to investigate the alleged meat trust was drawn in Chicago Friday. The law requires that the names of the members of the jury be spread on the records. This will not be done, however, until a few days before March 20, when the grand jury will meet, as it is desired to keep the names secret as long as possible. It is said that the government wishes to examine the record of each man.

Swayne Was Acquitted.

The senate, sitting as a court of impeachment for the trial of Charles Swayne, district judge for the northern district of Florida, today acquitted him on all of the 12 articles of impeachment brought by the house of representatives. On none of the articles was there even a majority for conviction, although it required two-thirds to convict.

If the man who thinks only of saving his own soul ever gets into heaven he will probably fall out through a knothole.

AFTER THE TRUSTS

NOW THE TOBACCO TRUST IS TO BE THOROUGHLY OVERHAULED.

IN THE BATTLE FOR LIFE THE GREAT TRUSTS HAVE BILLIONS INVOLVED.

THE WAR ON STANDARD OIL TAKES UP BY EIGHT STATES.

Tobacco Trust.

Developments before the judicial committee of the house in secret session, at which Speaker Cannon was present part of the time, indicate that the attorney-general has now information on which to base an indictment against the tobacco trust and that is not necessary for the Department of Commerce and Labor to pursue the inquiry further. The resolution provides for a thorough overhauling of the tobacco trust, with special attention to its operations in Ohio, Tennessee and Kentucky.

Standard Oil.

The agitation about the Standard Oil trust, aside from furnishing the prospect of bringing that trust to court, is having a beneficial effect on congress. Eight states have now listed in the war on the oil monopoly. Kansas: Law establishing a state refinery is enacted; bill making pipelines common carriers is adopted; both houses; anti-discrimination bill is pending; legislature decides upon separate investigation, but will cooperate with federal authorities; appeals to president to hold up oil field leases.

Illinois: House bill offers to let Kansas \$100,000 to aid in establishing state refinery. Another bill compels investigation of pipe line laws and provides for a committee to confer with Kansas legislators.

Wisconsin: A joint resolution providing for an investigation of the Standard Oil Co. is proposed.

Oklahoma: Lower house passes joint resolution memorializing the president to investigate the Osage oil leases.

Missouri: State officials visit Kansas capital with a view to drawing bill making pipe lines common carriers.

Texas: Contemplates adopting "Kansas plan" in establishing a state refinery and preventing discrimination.

Colorado: House receives a bill substantially duplicating the Kansas measures.

California: Legislature contemplates state refinery bill.

The Beef Trust.

The significance of federal indirect proceedings started in Chicago against the beef trust may be read in the history of the postoffice frauds—the beginning of a campaign of enforcement of the criminal clauses of the Sherman anti-trust act. President Roosevelt has given orders that nobody be spared. It cannot be stated too strongly that neither wealth nor position nor political pull will save the man who can be proved to have violated the law.

Battle of Billions.

Here are the billions now battling for the trusts: Railroads, including both stocks and bonds, \$12,000,000,000. Beef trust, consisting of six big Chicago packing houses, \$89,000,000. Standard Oil Co., capitalized for \$100,000,000, but its securities today, selling them at their market value, \$2,000,000,000. Total (approximately), \$1,038,000,000.

Roosevelt Will Investigate.

When President Roosevelt visits Texas the latter part of next month he will personally take a hand in Standard Oil investigation. He will visit some of the largest producers of the Beaumont fields to call on them and talk over the situation. The president has been requested by telegram by the speaker of Texas house of representatives to tent the scope of the inquiry to that state. The president does not believe any additional instructions are needed to have the investigation carried to Texas.

He said the instructions that corporation Commissioner Garfield received would not only apply to Texas, but to every other section of the country where the Standard Oil Co. has an interest.

The president is not content to let the investigation to the subordination of the departments. He insists that the Standard Oil Co. is a violation of the law and he will see persons that it is punished.

Must Take Up Railroad Rates.

President Roosevelt has told several members of congress that his present intention is to call a special session of congress to deal with the road rate legislation on October 1. He would prefer to call it earlier, allying that so long an interval give the opponents of the measure plenty of opportunity to set up their pins, but Speaker Cannon, who is in accord with the president's views regarding the necessity for road rate legislation, is strongly opposed to special session in the spring. The president has decided to defer to wishes in the matter, but reserves the right to change the program he finds it best to do so.

Japan for Peace.

It can be said on very high authority that the state department, Washington, has received official information that Japan has indicated, in quiet way, that she desires peace on the far east, and while this course has not been approached through diplomatic agencies, it is believed that negotiations may begin soon, if they have not already commenced.

Ex-President Grover Cleveland, warm personal friend of Gov. Wood of New Jersey, will be appointed him, it is asserted.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longhill hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 29, 1902, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family, could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they are at liberty to do so."

E. H. BUNNELLE, Lincoln, Ind.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

THURSDAY, MARCH 2, 1905.

One of the two battle ships provided for in the naval appropriation bill now pending in the houses of congress is to be called the Michigan.

The Adrian Press says: "It costs \$90 a minute to run the legislature. That's about the most striking example of complete waste that has ever come to our notice."

A bill is before the legislature to place the members of the house and senate on a salary of \$600 per year, practically \$1,200 for the session, as the terms are two years each.

President Roosevelt has ordered the United States senate to convene in special session at 12 o'clock noon, Saturday, March 4, to receive such communications as may be made to them by him. Good.

Sanford N. Dutcher's defense of the duplicity of his actions as a trustee of the northern insane asylum at Newberry that he "only did what others have done" is a pretty fishy excuse. If "others" had put their heads in the fire would Dutcher have followed their example? We guess not.

Not a single member of the house of legislature at Lansing voted against Governor Warner's pet measure, the dairy and food bill, with its accompanying \$35,000 appropriation for salaries to still further increase the power of the Michigan Republican machine. All of them were anxious to get into the band wagon and they got there, body, soul and breeches.

The Democratic state convention held at Battle Creek Tuesday was slimly attended but very enthusiastic. The nominations made were: For justice of the supreme court, Vernon H. Smith, of Ionia; regents of the state university, Dr. O. Millard, of Genesee, and H. A. Jersey, of Charlevoix; member of the state board of education, James G. Hanley, of Jackson.

Thirty-six delegates to the Prohibition convention at Kalamazoo Tuesday named the following ticket to be voted on at the coming spring election: Justice of the supreme court, Walter S. Westerman, of Adrian; regents to the state university, Rev. Marshall M. Callen, of Kalamazoo, and Dr. Geo. S. Parmenter, of Petoskey; member of the state board of education, F. S. Goodrich, Albion.

In his farewell address at the anniversary exercises of Johns Hopkins university, Dr. William Osler, who is soon to go to Oxford, England, to take an important position in that university, suggested that, so far as usefulness was concerned, men over 60 might as well be chloroformed. Well, why does not the distinguished gentleman take a dose of his own medicine and chloroform himself. He is certainly nearly 60 years old, therefore, his usefulness must be gone and he should be so treated. One of Chelsea's medical men suggests that it would not be "etiquette" for Dr. Osler to take his own medicine.

What a commentary is furnished on the foolish and wasteful system in vogue in Washtenaw county in treating tramps and vagrants by the report of the board of county jail inspectors. The report shows that out of 664 prisoners confined in the jail during the past year 554 were vagrants, drunks, disorderlies and tipplers. Secretary Storrs, of the state board of corrections and charities, calls Washtenaw the bummer county of the state for these classes of people and further says that 95 per cent of these commitments are the result of the fee system. He should have said the grafting system, for that is what it is and nothing else. And the taxpayers of the county who have to put up for this

useless piece of extravagance, go their ways utterly oblivious to and heedless of this condition of affairs. Will they ever wake up? Why don't the board of supervisors do something besides draw their breath and their pay in the interest of their constituents?

The Michigan Republican Newspaper Association's correspondent at Lansing says:

Senator Van Alken, of Monroe, has a bill making it a misdemeanor punishable with a fine and imprisonment for any person not an employee of the company to trespass on the property of a railroad. If this means to forbid walking upon a railroad track or right of way in the country it would seem so unreasonable as to be ineffective, and it seems very doubtful that such a bill could be passed.

The right of way of a railroad is the private property of the company owning it and is for the use of its trains and its employees only. It is not a public highway and the public has no right to use it as such. The passage and strict enforcement of the bill would work no hardship on anyone and would be in the interest of safety to life and limb and the preventative of many a fatal accident.

The board of county jail inspectors made their annual visit to that institution Feb. 22. In their report the inspectors state that out of 664 prisoners confined in the jail during the year 554 were drunks, disorderlies and tipplers. They also state that the jail is in good condition except that a new heating plant is required and that the cell floors are badly in need of repair. The board further recommends that the supervisors take some action to rid the county of the constantly increasing tramp and vagrant nuisance.

Warren H. Goodrich, of Pinckney, was found dead in his bed Sunday morning, his death having resulted from heart disease. He had been last seen about his home, where he lived alone since the death of his mother about three months ago, on the Thursday previous and his neighbors becoming alarmed started an investigation. The deceased was a bachelor, 57 years old, and was the only surviving brother of L. C. Goodrich, of Ann Arbor, grand lecturer of the grand chapter of Royal Arch Masons of Michigan.

HAD BLOOD POISON 12 YEARS

The New Method Treatment Cured Him After Drugs, Mercury, Hot Springs, Etc., all failed.

Wm. H. Patterson, of Saginaw, Mich., relates his experience: "I do not like to relate especially of this kind, but I feel I owe this much to Dr. K. & K. for the great good they have done me. I had a serious blood disease when 24 years of age. The skin and blood ulcers formed, running sores broke out, hair became loose, pains in the bones and joints. After treatment I dyspeptic stomach, foul breath, itchy skin, etc. It is needless for me to say I tried doctors. I grew to hate the looks of one. I visited Hot Springs twice for four months each time. It helped me temporarily, but in six months after returning home I was as bad as ever. Finally a Doctor friend of mine advised me to see Dr. Kennedy & Kergan. He said he had known of them for over 20 years, and that they made a specialty of these diseases and treated the worst cases by the humors they ought to be expert in curing them. I was afraid of advertising doctors, but I took his advice. They agreed to treat me under a guarantee or no pay. I commenced the new method treatment. The eruptions disappeared in two weeks. I can recommend the New Method Treatment for Blood and Skin Diseases. CURES GUARANTEED OR NO PAY. Consultation Free. Books Free. If unable to call, write for a Question Blank for Home Treatment."

To Bean Growers.

WE HAVE completely overhauled our Bean plant at Ann Arbor. We have heretofore not been in good position to handle the heavy pickers which are so common this year. By the overhauling of old machinery, and the addition of two new machines which have recently been invented, we now have at the Central Mills, at Ann Arbor, one of the finest equipments in the state for handling any sort of Beans—no matter how large the package, we can handle your goods to advantage. At the City and Central Mills, at Ann Arbor, and at the Delhi Mills, at Delhi, we supply the choicest grades of Flour and Feed. At the Ann Arbor Central Mills we handle all kinds of Grain, Beans and Field Seeds.

Is Your Wife A Good Bread Baker?

If her bread isn't as good as your mother made, it may be on account of the flour you buy. Flour that is killed in the grinding won't make good bread, no matter who bakes it. Our Roller King and Jackson Gem flours have all the life of the sweet, rich wheat from which they were ground. You'll get better bread when your wife has Roller King or Jackson Gem Flour to make it of.

HAVE YOU ASTHMA?

No man in the world treats Asthma like I do. I have cured hundreds of the worst cases in the past year, and I can cure any one who is able to swallow.

My cure for appendicitis is new, sure and speedy.

Young, Old or Middle-Aged Men

suffering from nervousness, despondency, etc., permanently and quickly cured. All diseases and ailments peculiar to men, cured guaranteed.

Women Who Are Weak

and despondent, suffering from the many ailments peculiar to their sex, are cured rapidly without operation.

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Thedford's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

Pittsburg, Kan., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.

Mrs. C. Notten, of Francisco, who has been sick for some time past, is still in a poor state of health.

Mrs. Jane McHugh, mother of Mrs. Wm. Walsh, of Ann Arbor, died Friday, Feb. 24, aged 71 years.

Benjamin G. English, a prominent and wealthy farmer pioneer of Manchester township, died Tuesday, Feb. 21, aged 73 years.

James Berry, of Stockbridge, and Miss Katherine Kane, of Iosco, were married at the Catholic church in Fowlerville, Tuesday, Feb. 21.

The Eldred Milling Co., of Jackson, cannot obtain nearly enough Michigan wheat to keep its mills running to their full capacity.

A teachers' and patrons' institute will be held in Munith March 3 and 4, at which Prof. Delos Fall will speak on "The 20th century boy."

John Gierbach and Miss Katherine Lamparter were married at the home of the bride's parents in Freedom Feb. 22. Rev. Paul Irion officiated.

Samuel R. Wheeler died in Dexter Feb. 20, aged 87 years. He had lived in Dexter 30 years and was at one time agent of the Michigan Central at that point.

The Macabees of Dexter have inaugurated a membership contest which will close April 19 with a big initiation and a supper to be served by the losing side in the contest.

The Ann Arbor common council Monday night granted a franchise to the Toledo, Ann Arbor & Detroit Railroad Co. to come into the city on State street as far as Packard, where the company will run its cars over the Hawks-Angus line. The road is to be completed within 21 months or the company will forfeit \$10,000 to the city.

A 15 year old Jackson girl got stuck on an actor and left her home to go to Adrian to meet him. Her journey was undertaken during the recent heavy snowdrifting time and the train she was on got stalled at Tecumseh. When she got to Adrian she found the sheriff instead of her lover awaiting her and under his "persuasion" she returned home.

The Toledo Portland Cement Co. has conveyed its property at Manchester to the International Savings and Trust Co., of Pittsburg, Pa., in order to secure money to enlarge and improve its plant. The deed stipulates that the property of the plant is made over to the Trust company on consideration of \$500,000, said property to be held in trust pending its redemption. The indebtedness will be covered by gold bonds bearing interest at six per cent.

Bert Bartlett, who robbed James E. Burke's saloon at Whitmore Lake of \$58 and was in jail awaiting trial at the coming term of the circuit court, escaped from his cell Saturday night. He sprang two of the iron bars with a rope in such a way that he was able to squeeze through the opening thus made. Once out of the cell he was able to let himself down from the second floor of the building to the alley below. His escape was not discovered until Sunday morning. Bartlett was recaptured Wednesday morning in the hut of a negro named Dar Whitley and taken back to jail.

Are You Engaged?

Engaged people should remember that after marriage many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." The Bank Drug Store sells and guarantees them at 50c a bottle.

Lyndon.

Mrs. P. Prendergast, who has been very sick, is very much better now.

Mr. and Mrs. Ready, of West Waterloo, visited with Mr. and Mrs. M. Hanked on Sunday last.

The necessary papers conveying the Robert Howlett homestead from the heirs to Alfred and John Clark were made out in Stockbridge on Thursday of last week.

Miss Irene McIntee, who was attending school at St. Joseph's Academy, Adrian, has been obliged to give up her school work and return home on account of poor health.

The men who had the job of hauling the logs from John Young's place for the Lansing Spoke Co. finished the contract on Thursday last. They certainly had a strenuous time of it on the wind up.

A good many farmers disposed of their beans during the recent rise in prices, and it looks as if they were fortunate in selling then, for the market seems to be on the decline again. What the prices may be in the future is a conundrum that the wisest heads cannot solve.

Eureka Grange met at the home of Mr. and Mrs. John Clark on Monday evening, Feb. 27. There was a good attendance of members. Miss Gunnison, of Lansing, the special deputy appointed by the state grange to visit the subordinate granges was present and addressed the members along the line of grange work. Miss Gunnison is a very interesting speaker and the grange derived much benefit from her excellent address. Charles Mills, of Ann Arbor, master of Pomona Grange, was also present and in a short talk gave the grange some practical hints and suggestions on grange work in a general way. On the whole it was a very interesting meeting and the large attendance of members showed that Eureka Grange is still very much alive to the interest of the farmer and the necessity for organized effort through the grange.
