### "BACK TO THE PINES."

The Noble Sons of the Forest Defeated by the Cardinals.

The Walpole Island Indians, who played the Cardinals at this place last Saturday, met a crushing defeat, the score standing 10 to 0. Only one red man got as far as third, and he lost his scalp lock there. The Indians played good ball, but the local team was far too fast for them and are improving with every game. The war dance which was to have been given by the Indians at the close of the game was called off. The proud spirit of the noble red man was crushed and broken beyond repair; beside he was "heap tired," and so the spectators missed the dance which accompanied the spectacle of someone being burned at the stake or suffering any of the numerous tortures prescribed by the Indians of old.

### Lou Dillon vs. Major Delmar.

Lou Dillon, 1588, queen of trotters, and Major Delmar, 1594, who defeated her for the \$5,000 gold championship cup last fall at Memphis, will meet in a match race during the Blue Ribbon Meeting at Detroit week of July 24-28. The prize, a handsome gold cup, will be given by the Detroit Driving Club to the winner. C. K. G. Billings, owner of the only two-minute trotters in the world, will drive Lou Dillon, while Major Delmar will be driven by the peer of all reinsmen Harry K. Devereaux, who has so often demonstrated his skill as a clever reinsman.

Both horses are fit and ready for the task of their life. A great race, in fact the greatest, should be the outcome of this meeting. Possibly never again will they meet and to see the only two-minute trotters in the world race against each other is the occasion of a life time.

### Elks' Picnic.

Ann Arbor Lodge of Elks will hold its annual picnic at Wolf Lake Wednesday, Aug. 2. A basket picnic will be enjoyed at noon and the afternoon will be devoted to sports, boat rides, etc. Three hundred plates have been engaged for the banquet at the Casino in the evening and later dancing will be enjoyed.

The program of sports will consist of the following and first and second premiums will be awarded in the events: Fat men's race, lean men's race, potato race, egg race, tub race, boat race, sack race, three-legged race, 100-yard dash, 50-yard race for ladies, and a tug of war between the Ann Arbor and Ypsilanti Elks, the winner to receive \$100. Arrangements will also be made for a baseball game between the local lodge of Elks and the Jackson lodge and officer David Collins will act as referee of the game.

Tickets for the round trip to Wolf Lake are now on sale at J. J. Rafferty's and Wm. Schatz's stores, price 40 cents.

Rev. C. F. Lauer, of Bridgewater, was thrown out of his buggy and badly injured about the chest and lungs, Wednesday of last week, by his horse being frightened by an automobile and becoming unmanageable. He was on his way to perform a marriage ceremony in Ann Arbor and although he was suffering severely he pluckily finished his journey and married the couple.

The contest of Mrs. Katherine Henzler, mother, and Milani Schmid, fiancée, over the \$500 insurance policy left by Gottlob Henzler, late of Saline, has been compromised, the mother taking \$225 and the fiancée \$235. The policy was made out to the mother and later transferred to the fiancée, and the mother objected. The court gives \$40 costs to the Arbitrator Verein, which issued the policy and was involved in the case.

## INCENDIARY FIRES ADVENTIST BARN AT BATTLE CREEK.

## TWELVE ALMA PROFESSORS AND STUDENTS ILL SINCE COMMENCEMENT BANQUET.

## VERY IMPORTANT DECISION BY JUDGE KINNE IN THE C. M. B. A. CASE.

## Important to Fraternal Orders.

An opinion of immense importance to every member of every fraternal insurance order is that handed down by Judge Edward Kinne, of the Washington circuit court. The case at point was that of Michael Williams against the Catholic Mutual Benefit Association, to restrain the supreme council of that order from enforcing the increased scale of rates adopted in October, 1903.

Williams is a member of the local lodge, having joined it in 1900, when 55 years of age. When the change of rates was made Mr. Williams's assessment was nearly doubled, and he began a suit which was to serve as a test case for the 70,000 members of the order in the United States. In his decision Judge Kinne holds that when Mr. Williams joined the order the latter made with him a contract of insurance, naming therein the rate to be paid, and that the order has no right to change this rate at its pleasure. This decision will affect other fraternal orders which have done or are contemplating doing the same thing as the C. M. B. A. did; that is, raising the rates for old members. Coming at this time it is of special interest to the Royal Arcanum, where the new table of rates is now pending.

## Alma Collegians Suffer Typhoid.

The sudden and serious illness of about a dozen students and professors of Alma College, all having been brought low with typhoid fever, has caused physicians to investigate the cause of such a remarkable occurrence during the past few days.

During the investigations the perplexity was deepened by the report from students at their homes throughout the state that many more were victims of the epidemic. The fact that all have fallen ill at about the same time has led the doctors to pronounce the disease the result of the commencement dinner at the college, at which 250 people were present.

The ice cream may have been polluted with the deadly germs. Students at Princeton and elsewhere, who were visiting their alma mater at the time, have not escaped the workings of the pest-germs.

## Adventists' Barns Burned.

Two large barns belonging to the Battle Creek Adventist sanitarium were destroyed by an incendiary fire and a desperate attempt was made at the same time to destroy the home of Mrs. Robert Wallace, who was the chief witness in the Wormer arson trial two years ago. The barns and contents, valued at \$10,000, are a total loss, but the Wallace home was saved.

A strange coincidence is that Isaac Wormer, who was tried on the charge of arson, and who has been absent from the city since he was acquitted owing to the lack of sufficient evidence, has been seen in the city by several persons during the last few days.

## Woes of the Farmer.

Never before have the farmers of Kalamazoo county labored under so great discouragement as now. With phenomenal crops of both hay and grain awaiting harvest, the persistent rains are fast injuring beyond remedy the hay already lying out in the fields, and beating that yet standing fairly into the ground. Wheat, the harvesting of which has already begun in some instances, is lodging badly, entailing not only increased labor, but financial loss also.

## Michigan National Guard.

Preparations are being completed for the state camp of the Michigan National Guard to be held this year at Ludington, Aug. 8-17, inclusive. The chaplains, Rev. White of Jackson, who is attached to the 1st regiment; Fr. Frances Kelly of Lapeer, chaplain of the 2d, and Rev. C. H. Hanks of Owosso, of the 3d, will go to Ludington one day earlier than the troops to prepare the religious services.

## Raffles His Farm.

R. H. Woodruff, an East Leroy farmer, is making a novel and unusual effort to raise \$12,000.

Woodruff has a farm of 160 acres, worth perhaps \$8,000, on which he is selling 1,500 tickets, ranging from one cent to \$15. Some men, of course, will get a valuable farm cheap, while the crafty farmer will get about \$4,000 more for his acres than he would at private sale. He stipulates that no ticket is good unless all are sold.

## Eastern Michigan Press Club.

The July meeting of the Eastern Michigan Press club will be held on Friday on the steamer City of Toledo at Detroit during a trip to Star Island.

## Groom 79—Bride 23.

Jacob Hirsch and Miss Mary Paulz, of Chicago, were married at Grand Rapids. Hirsch, who is a real estate dealer of Chicago, is 79 years old and the bride is but 23. The groom told the county clerk when getting his license that he did not wish the fact of the wedding to become public, as he and his bride had eloped from Chicago because their relatives were opposed to the match.

Muskegon supervisors voted to erect a \$50,000 post house on the site of the one recently burned.

Gov. Warner is prolonging his trip to Menominee, where he was one of the speakers on the Fourth, to take a trip through Wisconsin inspecting cheese factories.

The body of Clarence McClelland, who was accidentally drowned in North lake on the Fourth, while swimming, was found about four rods from where he went down.

Bert Kelsier is under arrest at Battle Creek charged with abandoning his 12-year-old daughter. Kelsier formerly lived in Athens, and his wife died in the Kalamazoo asylum.

George Hasper, of Bannister, is dead of a terrible disease. A small sore spread over his entire body and he died in great agony. The skin cracked and fell from the flesh.

Mrs. Martin W. Morton and her daughter Blanche, of Kalamazoo, were shocked into unconsciousness by a stroke of lightning, while sitting at the kitchen table hulling berries.

The ladies omitted to exercise their privilege of voting at the election for school trustees at Midland, and, as a consequence, there was little interest in the result. Last year 50 ladies voted.

While playing with a pistol that he did not know was loaded, Bennie Roberts, the 9-year-old son of Rev. Roberts, of the Third Reformed church, Kalamazoo, was shot through the hand.

The Lansing Arbeiter society entertained several hundred guests from other cities at the dedication of their new hall. Charles Werner, of Detroit, president of the state society, made an address.

Col. C. V. R. Pond, superintendent of rural free delivery for Michigan, after a conference with the postmasters and carriers of the county, said that Shawassee will be given solid rural delivery.

Charles Miller, an aged man from Mass City, fell under a moving train at Wasaukee, had the toes of one foot severed, one ear cut off, his nose broken and was otherwise injured. He may die.

Richard R. Thompson, secretary for the past two years of the University Christian association, Ann Arbor, has resigned and will enter the Union Theological Seminary in New York next fall.

At a conference on Monday the differences in the management of the Manistique, Marquette & Northern railway were settled, and the old board of directors will continue to serve for the present.

Engine No. 752, on the Lake Shore, was derailed and tipped over at Jonesville. Engineer and fireman crawled out uninjured. The whistling of the engine drew a crowd of 200 or 400 in a few minutes.

Mrs. Adolph Vastron of Lapeer sustained two broken ribs and serious internal injuries by being thrown from a buggy. Her babe was picked up for dead, but recovered. Three other children were slightly injured.

Dus-Kew-Rera is the name of a new association that has just filed articles of incorporation and will establish a big summer resort at Long Point, Muskegon county. Chicago and Minneapolis capitalists are the stockholders.

"Mayor" Evans, Battle Creek, also known as O'Brien, a negro and Indian half-breed, and the most villainous talker the county jail has known, has been arrested there on charge of attempting a criminal assault on Mrs. James Caswell.

The board of county auditors of Ann Arbor had smallpox bills amounting to \$1,500, but are holding up part of them, on the grounds that each village should bear its own expense in the matter of fumigation. Advice is being awaited from state officials.

On her way home from visiting her daughter, Mrs. Harriet Fox, of Traverse City, met a friend and jokingly said, "I'm very tired, you may come to my funeral Sunday." Later in the evening she died from heart disease. The funeral was on Sunday, as she prophesied.

It is a very unusual proceeding to pray for rain to stop, but special services for that purpose were held at St. Augustine's Catholic church, at Kalamazoo. One of the finest hay crops in the history of this section of the state has been completely ruined by wet weather.

Mrs. Agnes Randall, of Port Huron, has made application to the probate court for the admission of her daughter Agnes to the insane asylum. A year ago Miss Randall was a bright, popular girl, but she inherits insanity from her father, who drowned himself a few years ago while insane.

E. T. Houghton, of Durand, the father of Zella Houghton, the school teacher who committed suicide recently by cutting her throat, has become insane through brooding over the tragedy of his daughter's death. He wandered away from home and has just been located and returned from Grand Haven.

## COUNT SHOUVALOFF, PREFECT OF MOSCOW POLICE, ASSASSINATED.

## MUTINOUS CREW SUNK THE KNIAZ POTEMKINE BEFORE THEY LEFT HER.

## THE JAPANESE SEIZE THE ISLAND OF SAKHALIN—NOW HOLD TRUMP CARD.

## Count Shouvaloff Killed.

Major General Count Shouvaloff, prefect of police here and formerly attached to the ministry of the interior, was assassinated this morning while receiving a petition.

One of the petitioners drew a revolver and fired three times at the prefect, who fell dead.

The assassin was arrested. The assassin, who was dressed as a peasant, has not been identified. He was recently arrested as a political suspect, but escaped from the police station before the examination.

The assassination is considered to be a purely political crime, as the count, who was not yet 40 years old, was regarded as being the best type of the Russian official. He came from one of the most famous families in Russia, being a son of Count Peter Shouvaloff, the statesman who represented Russia at the Berlin conference, was formerly colonel of the Guard regiment and was one of Emperor Nicholas' personal friends.

As prefect of Odessa when he succeeded Gen. Zeleni, who was extremely severe, Count Shouvaloff earned the esteem of all by his course, making himself particularly popular with the students. The impression exists here that the count was killed for preserving order. The zemstvoists will not be allowed to meet July 19, although this act is simply in execution of the order of the governor general issued previous to the prefect's assassination.

The announcement that the battleship Kniaz Potemkine sailed with Rear-Admiral Kruger's squadron turns out to be correct. Before leaving the Kniaz Potemkine the mutineers opened fire on the ship and flooded her hold. The ship is expected to be released to the government for Sebastopol.

King's announcement of the command of the Russian fleet to the Black Sea, accompanied by the Kniaz Potemkine, is an- nounced by John Hay, in accepting the salary of a cabinet officer he gave up fees, estimated to have been within the year, at least \$250,000. The officer recently said Mr. Hay was making \$275,000 a year. His living expenses will be \$40,000.

Desire to get everything out of the officers' pockets was the excuse for the desperate robbery of the two engineers' pockets at their quarters.

## MEET AT PORTSMOUTH.

Plenipotentiaries Will Be Presented to Each Other by the President.

Assistant Secretary Pierce announced that the plenipotentiaries of Russia and Japan had agreed upon Portsmouth, N. H., as the meeting place for the hot weather sessions of the peace conference. The sessions will be held in the government navy yard at Portsmouth in the new building just completed there. The selection of Portsmouth was mutually acceptable to the envoys of both belligerents. This government, it is stated, did not in any wise dictate as to the selection.

Orders have been issued for the Mayflower to join the Dolphin at Oyster Bay early in August to receive the plenipotentiaries, who will assemble at New York and be taken to Oyster Bay on two protected cruisers of the Cleveland type, to pay their respects to the president and be formally presented by him to each other.

China's request to be represented in the Washington conference on the ground that she is vitally interested in its proceedings has been received by the president and informally transmitted to the belligerents. Japan is expected to object to this plan, on the ground that she has already promised that Manchuria will be restored to China.

## China Barred in Peace Conference.

China's request to be represented in the Washington conference on the ground that she is vitally interested in its proceedings has been received by the president and informally transmitted to the belligerents. Russia, it is said, is inclined to favor the idea, but Japan is not apt to consent. Japan has promised to return Manchuria to China and takes the position that it can carry out its promises without the assistance of a power that was unable to cope with Russia before the war.

## Great Scandal.

Proof of speculation on margins by officers of the Equitable Life Assurance society with funds of the policyholders is said to be in the hands of Superintendent of Insurance Hendricks, and soon is to be made the basis of criminal actions. It is known that any of the money so risked was lost, but it is said that it makes no difference in the legal status of those who made such misuse of Equitable's funds. Hendricks, it is said, insist that both Attorney General Mayer and District Attorney Jerome shall proceed against everybody involved, and push the cases against them vigorously. Gov. Higgins has instructed Hendricks to make a rigid investigation of the affairs of all insurance companies doing business that state.

## Another P. M. Wreck.

A wreck on the Pere Marquette, five miles west of Plymouth depot, Friday night blocked the tracks. Friday. The New York World says: "Relations far more startling than those in the report of Supt. Hendricks contained in the testimony taken in the state insurance department's investigation of the Equitable Life Assurance society."

"Senator Chauncey M. Depew testified that the Depew Improvement Co. in which he was interested, obtained a loan from the Equitable of \$250,000 on property which the state insurance department valued at only \$150,000. He admitted that neither principal nor interest had been paid, and that the Equitable had been forced to foreclose."

"He admitted that as a member of the executive committee of the Equitable, he had not advised this loan, but had voted for it. He confessed to making a promise that the Equitable should be made whole, but the same breath said that promise was not legally binding."

"Jacob H. Schiff, confronted with records of the Equitable that Kuhn, Loeb & Co. had sold a large amount of Union Pacific preferred stock to the society, swore that these records were false. He confessed that he had been a dummy director, but said that since the Equitable scandal developed, he had bought five shares of the stock paying \$2,000 a share."

## Roberts Prods British Lion.

The direct, unqualified statement that the British army is now ill-fitted and unprepared for war was before the struggle of the Boers, was the bomb that shattered the house of the veteran field marshal in a carefully prepared speech. He said that Great Britain's forces are totally inadequate to the empire as a first-class world power. Lack of fitness in the men and training were mentioned as causes to this condition.

The speech was called for by Premier Balfour's statement regarding the impossibility of an invasion. Lord Roberts said the necessity of being able to repel an attack on England was not a question of military importance—the question of the life or death of the empire, the issue of which depended upon Great Britain being ready to defend her eastern possessions and at the same time take part in any affair nearer home, either of which necessitated the placing of the field of an army as large and efficient as that of any of the European countries.

## Great Scandal.

Proof of speculation on margins by officers of the Equitable Life Assurance society with funds of the policyholders is said to be in the hands of Superintendent of Insurance Hendricks, and soon is to be made the basis of criminal actions. It is known that any of the money so risked was lost, but it is said that it makes no difference in the legal status of those who made such misuse of Equitable's funds. Hendricks, it is said, insist that both Attorney General Mayer and District Attorney Jerome shall proceed against everybody involved, and push the cases against them vigorously. Gov. Higgins has instructed Hendricks to make a rigid investigation of the affairs of all insurance companies doing business that state.

## Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

**Mrs. Pinkham's Standing Invitation to Women.**—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge which will help your case. Surely, a woman, rich or poor, is very foolish who does not take advantage of this offer of assistance.

**A Rare Sight.**—“Folks in the city,” remarked Mr. Foddershucks. “They get ever charged at the stores, I guess. I think o' payin' cash. Why, I enter a big place ter get candy, a cake, last week, an' I laid down a five-dollar bill ter pay fer it. The clerk gave one look at it an' yelled out, ‘Cash!’ An' I saw if a hull flock o' kids didn't come a-runnin' to see it.”—Teddy in Cleveland Leader.

**Change Color in Flag.**—In compliment to William, Prince of Orange, their great leader, the colors of the house of Orange were adopted by the sturdy people of the Netherlands, at the end of their long bout with Spain—orange, white and blue; but nobody knows how, in the centuries since, the orange became changed to red.

**Theory and Practice.**—“I takes notice,” said Uncle Eben, “dat de man who tells you how easy it is to be contented wif salt po'k an' beans ginerly has us fine a appetite foh fried chicken as anybody.”—Yonkers Statesman.

## ATAXIA FOUR YEARS

FOLLOWS MALARIA CONTRACTED IN SPANISH-AMERICAN WAR.

Victim Had Become Helpless When He Tried Dr. Williams' Pink Pills, but Was Cured in Four Months.

Because he did not know that there is a remedy for ataxia, Mr. Ariel endured four years of weakness, pain and the misery of thinking his case incurable.

“At the outbreak of the Spanish-American war,” he says, “I went with Company B, Eighth Regiment, M. V. M., into camp at Chickamauga, and while there my system became thoroughly poisoned with malaria. When I was mustered out, I carried that disease home with me. After a while locomotor ataxia appeared.”

“How did the ataxia begin?” “I first noticed a pain in my ankles and knee joints. This was followed by a numb feeling in my legs. At times I had to drag myself around; my legs would shake or become perfectly paralyzed. I had constant trouble in getting in the dark. I kept a light burning in my room at night as I could not see myself in the darkness. Even when I was lying in bed, I would wobble, and I had to catch hold of something to prevent myself from falling.”

“How long were you a sufferer?” “Four years in all. During the last three years I was confined to bed, sometimes for a week, again for three or four weeks at a time. When I was lying down the pain in my back was frequently so severe that I had to be helped up and put in a chair to get a little relief. I had considerable pain in my bowels and no control over my kidneys. The worst of all was that the doctor could give me no hope of recovery.”

“How were you cured?” “I read that Dr. Williams' Pink Pills had cured locomotor ataxia and one of two friends spoke to me about them. In the fall of 1903 I began to take them for myself and I had not used more than one box before I found that the pains in my knees and ankles were greatly relieved. Four months afterward I became a perfectly well man, and I am today enjoying the best of health.”

Mr. Edward H. Ariel lives at No. 48 Powow street, Amesbury, Mass. Every sufferer from locomotor ataxia should try Dr. Williams' Pink Pills without delay. Any druggist can supply them.

## The Miracle of Memory

One of the most remarkable of all the mental processes is memory. How are sight pictures and sound pictures and other impressions stored in the mind, and how are we able to recall them? Here, again, we are in the presence of a wonderful miracle, and at best we can only seek to make clear the fact by illustration and comparison. There are certain bodies possessed of a property known as phosphorescence. After having been exposed to daylight for a time, these bodies give off light in the dark. They store up certain portions of the sunbeam, and give them off again. This is a sort of a physical memory. These phosphorescent bodies simply continue in the dark that which they do in the sunlight.

In some way the impressions made through the eye, ear and other senses induce such actions and changes in the nerve cells which are connected with these organs that under the right sort of stimulus the same action may be reproduced, and brought within the range of consciousness. This reproduction of past impressions is secured through the connection of that portion of the brain which is the seat of consciousness with other portions in which impressions are stored by means of the delicate nerve branches previously described. The numerous connections of these nerve fibers bring them in direct or indirect association with all the different parts of the brain. In trying to remember, one

often is conscious of an effort, and the brain may be very much wearied in a long-continued effort to recall impressions which have been partially effaced. The mental effort consists in energizing the fibers so as to make them project forward their delicate endings, thus making numerous contacts, perhaps millions, with different cells, until by and by the particular cell or group of cells in which the desired word or other impression was made is recognized. When one is weary, it is often difficult, sometimes impossible, to recall names or data of various sorts which may be entirely familiar. This is because of the impossibility of energizing the nerve cells sufficiently to make the desired contacts. Anything which benumbs the nerves, as alcohol, tobacco, tea, coffee, opium, may have the effect to benumb the nervous sensibility and lessen nervous energy, and thus operate deleteriously upon memory. Memory, however, is perhaps most seriously injured by loss of sleep, whereby brain energy becomes exhausted. Sometimes the memory may be for the time being almost entirely effaced by long-continued loss of sleep.

Depreciation of memory in old age is one of the first indications of failing mental power. It is interesting to note, however, that the memory of events which happened in early life are often remembered, while others of recent occurrence quickly pass from the mind.

## How He Became Liveryman

“How'd I come to go into the livery business? Why,” said the genial and opulent livery stable proprietor, as he rolled the big black cigar to a slightly different angle between his teeth, “it was kind o' funny.”

“You see, I had a large family, all girls, nice girls, all of them, and naturally they all had a good deal of company, and they used to go a good deal, and to a good many places they went to they had to have carriages; and my carriage bill was something frightful for me.”

“I was doing a fair sort of a business, very fair, in fact, but I couldn't by any means afford to keep a carriage myself, and every month that carriage bill for my daughters used to bite a frightful hole into my income. And finally that set me to thinking.

“I'm not the only man in the world, I says to myself, with a bunch of fine daughters. The world is full of fine daughters, I says to myself, belonging to fine families that want 'em to make as good a show as anybody and all hiring carriages for 'em.”

“Why shouldn't I make, myself, the profit on the business that my daughters would bring to a stable, a pretty fair sort of a business in itself, or at least a sure starter, and do business for other people's daughters, too?”

“That's all there was to it. I was certain of some business and I was willing to take a chance on the rest.

“And everything went all right. My daughters gave me all their patronage, and they used more carriages now than they ever had before—they said they wanted to see their father do well, and I got my full share of the patronage of other people's daughters, and the volume of it was great.

“In the course of time my daughters all married and they all did well; very comfortably, to say the least. Every one of them now keeps a carriage of her own, and keeps it in my stable; and so the girls, nice girls, every one, that once cost me so much, though I never begrudged 'em a cent of it, now send me money every one.

“Their husbands are something tidy, and I have only a few of 'em, and I says to myself, ‘Now, how I can make a show of it?’”

“In the course of time my daughters all married and they all did well; very comfortably, to say the least. Every one of them now keeps a carriage of her own, and keeps it in my stable; and so the girls, nice girls, every one, that once cost me so much, though I never begrudged 'em a cent of it, now send me money every one.

“Their husbands are something tidy, and I have only a few of 'em, and I says to myself, ‘Now, how I can make a show of it?’”

“Why shouldn't I make, myself, the profit on the business that my daughters would bring to a stable, a pretty fair sort of a business in itself, or at least a sure starter, and do business for other people's daughters, too?”

“That's all there was to it. I was certain of some business and I was willing to take a chance on the rest.

“And everything went all right. My daughters gave me all their patronage, and they used more carriages now than they ever had before—they said they wanted to see their father do well, and I got my full share of the patronage of other people's daughters, and the volume of it was great.

McCarver, of 201 Cherry St., Portland, Ore., inspector of freight for the Trans-Continental Co., says: “I used Doan's Kidney Pills for back ache and other symptoms of kidney trouble which had annoyed me for months. ## BABY'S TERRIBLE SORE

Baby Raw With Humor—Caused Untold Agony—Doctor Did No Good—Cuticura Cured at Once.

“My child was a very delicate baby. A terrible sore and humor broke out on his body, looking like raw flesh, and causing the child untold agony. My physician prescribed various remedies, none of which helped at all. I became discouraged and took the matter into my own hands, and tried Cuticura Soap and Cuticura Ointment with almost immediate success. Before the second week had passed the soreness was gone, not leaving a trace of anything. Mrs. Jeannette H. Block, 281 Rosedale St., Rochester, N. Y.”

### He, Too, Had a Title for a Sermon.

There is a well-known divine up in the oil country who is given to the sensational in sermons once in a while. This is especially true of the titles, which he announces in advance, so as to work up interest. He is a Baptist, and on one occasion gave it out that the subject for the following Sunday would be "Sitting Mary." This rather aroused curiosity, and so a newspaper man who had to get up the sermons went to a noted Presbyterian divine, who is also something of a wag. The reporter told him the subject the Baptist was to hold forth on and then asked what his title would be. Quick as a flash the minister said: "Standing Pat."—Pittsburg Dispatch.

### Changes in Cricket Rules.

England is waking up to the fact that cricket is a slow game. To do away with the annoyance of games left unfinished after three days' play, it is likely that the space between the wickets will be widened, thereby giving the bowler an advantage over the batsman. The county captains have made the recommendation and the committee of the Marylebone Cricket club have approved it.

### WHY MEN REMAIN SINGLE.

Only Two Excuses Bachelors May Put Forth.

The reasons why some men remain unmarried are two—either the women they have wanted to marry wouldn't have them or they have never happened to run across a woman who kindled in their hearts the inexplicable spark that drives men to take chances vastly greater than any the law imposes. Whoever proclaims that his single state is a result of his own deliberate and final choice, made because women and laws are not different from what they are, is a mere humbug whose fitting fate would be to fall helplessly into infatuation with a woman capable of suling him for breach of promise. And no punishment for lying could be devised which would be severer than that—New York Times.

Finally a Doctor friend of mine advised me to see Dr. Kennedy & Kergan. He said he had known of them for over 20 years, and as they made a specialty of these diseases and treated the worst cases by the hand-dred they ought to be expert in curing them. I was afraid of advertising doctors, but I took his advice. They agreed to treat me under a guarantee or no pay. I investigated their financial standing and found they were perfectly responsible, so I commenced the new method treatment. The eruptions disappeared in two weeks, the bone pains in four weeks and in four months I was entirely cured. Yes, sir, I can recommend the New Method Treatment for Blood and Skin Diseases."
