Dancer Hardware Company

Hampden Court Singers

A Unique Company of five artists who fill a new place on the lyceum platform. The past few seasons has seen an almost universal attempt by all the mixed quartet companies to sing and act a great deal of grand opera. The result has been the loss to the platform of a great deal of our best music other than opera. The Hampton Court Singers will present a new type of program in that it will contain few if any operatic selections. The entertainment will be distinctive and novel; specially costumed and arranged with appropriate action. The use of the old English motion songs introduced by readings will be a new and attractive feature.

Brotherhood Course, Town Hall, March 8th. Single Admission, 35 cents.

AUTO-TRUCKS COLLIDE

Frank Storms and Ed. Fahrner Have Narrow Escapes in Accident, Friday.

Two light-weight automobile delivery trucks, owned by the Chelsea Elevator company and Hindelang & Fahrner, collided Friday afternoon about five o'clock at the intersection of Main and Summit streets, the last named machine being overturned, but fortunately the drivers were not injured. The elevator company's car driven by Frank Storms, was travelling west on Summit street and the Hindelang & Fahrner car was being driven south on Main street by Ed. Fahrner. A pile of brick near the northeast corner partially obstructed the view of both drivers and neither saw the other until it was too late to avoid the collision. Both rear wheels of the elevator company's car were torn off, while the principal damage to the other car was a broken windshield.

WANTS TEN THOUSAND FOR TWO CHILDREN

Lima Man Alleges Son and Daughter Were Enticed Away From Home.

Alleging that undue influence on the part of Burgess Shanks and his wife, Bernice Shanks, was responsible for his son and daughter leaving his home and taking up their abode with the first named person, Arthur Long, Lima township farmer, Friday brought suit in circuit court on two counts for \$10,000 each. The declaration filed in the issue sets forth that Shanks and his wife, through promise of a higher education and a course in vocal training, enticed Wilton James Long, the son away from his parents and caused him to file a petition with the probate court through which he became the ward of Shanks. In count two of the declaration, a similar charge is made as affecting the daughter, Madie, who also filed a petition in probate court which later caused the issuance of an order giving her into the custody of the Shanks.

The suit is the outgrowth, or rather the aftermath of a justice court case heard in Judge John D. Thomas' court in Ann Arbor several weeks ago. At that time Long secured a judgement against Shanks for wages the boy is said to have earned. He then charged that Shanks and his wife, the latter of whom is said to have been a school teacher, had enticed the boy away from home.

WARD DAVIS MORTON.

Ward Davis Morton, son of Mr. and Mrs. Andrew N. Morton, died at his home in Kenilworth Ave., Detroit, on Thursday morning, March first. He was ill only three days, being stricken suddenly with a most virulent form of pneumonia. The funeral services were held in Detroit, Friday afternoon and on Saturday afternoon in Chelsea at the home of his father and mother, conducted by the Rev. G. W. Whitney.

Born in Chelsea, July 29, 1881, he was the third son and youngest child of Andrew and Bettie Morton. In 1900 he was graduated from the Chelsea high school and four years later he received his A. B. degree from the University of Michigan, specializing in chemistry.

His first position was with the Barber Asphalt Co. of New York. While living in New York he met and married Florence Louise Squires of Bedford Park, The Bronx. In 1910 they moved to Detroit, where he entered the employ of the Solvay Process Co. to which company he acted at the time of his death as consulting chemist. His only child, Ward Davis, Jr., was born in Detroit six years ago.

Besides his wife and little son he leaves his father and mother, two brothers, Frederick J. Morton of Hoboken, N. J., Harry D. of Detroit and a sister, Mrs. Thomas L. Thomson of Torrington, Conn.

Of a happy and generous nature he possessed to the fullest that most unusual gift of perfect sympathy. His interest in those whom he knew, however slightly, was lasting and genuine. Life to him was fine and beautiful and he desired greatly to do his best.

His was that "best portion of a good man's life—the little, nameless, unremembered acts of kindness and of love." He had friends everywhere and from many places they came on Saturday to pay him their last loving tribute; from New York, Hoboken, N. J., Sioux City, Ia., from Detroit, Jackson, Battle Creek, Ann Arbor, Hillsdale, Lansing, North Adams, Mass., and Torrington, Conn.

In Oak Grove cemetery he lies at rest, sleeping near his pioneer ancestors who in the last century founded Chelsea, but he lives on in sweet serenity in the hearts of those who loved him.

MRS. ALLISON KNEE.

Mrs. Allison Knee died Friday, March 2, 1917, at the home of her brother, Charles J. Downer, following an illness of only a few days, from pneumonia. She was 73 years, one month and eight days of age.

Mrs. Knee had been spending the winter in Detroit, but was visiting Chelsea relatives at the time she was stricken with her last illness. Caroline S. Downer was born in Lima township, January 22, 1844, her parents being Darwin and Rebecca (Randall) Downer, and the greater part of her life was spent in this vicinity. She is survived by her husband, Allison Knee of Detroit, her brother, Charles J. Downer of Chelsea, two nephews, and Frank Leach of Phoenix, Arizona, and Frank Leach of Chelsea, two nieces, Mrs. Mason Whipple of Lima and Mrs. Lorenz Bagg of Chelsea.

The funeral was held Sunday afternoon at 2:30 o'clock from the home of her brother, Rev. Dierberger officiating. Interment at Oak Grove cemetery.

CONTRIBUTED JINGLE

Good Friend in West Sylvan Sends Us Original Poem.

A friendly reader of the Tribune, who resides in West Sylvan near the county line, contributed the following "jingle" dedicated to the neglectful subscriber who allows his subscription to fall in arrears. Friend read to fall in arrears, a remarkable insight into one of the besetting troubles of the newspaper man that we almost believe he must have been a publisher himself some time in the dim and hazy past. Anyway, here's the contribution: The wind bloweth; The water floweth; The farmer soweth; The subscriber oweth. And the Lord knoweth That we are in need of our dues. So come a-runnin'! 'Ere we go a-gunnin'! For this thing of dunnin' Always gives us the blues.

FREAK ACCIDENT TO HOG

Percussion Cap Proved Too Big Mouthful and Fireworks Follow.

Ives Bros. lost a fine young "porker" under peculiar circumstances, a few weeks ago, when the animal accidentally chewed up a percussion cap and its entire lower jaw was blown away.

During the past summer a railroad contractor's gang camped in the Ives' orchard during the construction of a new switch in the west yards of the Michigan Central railroad. In the fall, after the departure of the gang, Wirt Ives started to clean up the orchard and to assist in the disposal of garbage and other rubbish, turned the hogs into the former camp ground.

Right there was where Mr. Ives made a mistake, for soon after one of the animals rooted out a torpedo or percussion cap and took one last, painful bite before passing into the oblivion which is the end of all good porkers.

It is supposed that the agent which caused the animal's death was one of the railroad torpedoes, used by the construction gang to slow down trains when approaching the new grade and siding.

NURSE'S MARITAL TROUBLES

Mrs. Alice Cole, Well Known Here, Granted Decree.

Mrs. Alice Cole of Ann Arbor has been granted a divorce from Howard Cole. The couple were married in Grand Rapids in 1914, when Cole was a student in Alma college. Mrs. Cole's former home was in Bay City. She testified that soon after the marriage Cole came to Ann Arbor to enter the university. She sent him money regularly till she learned he was using it to "gallivant" around with other women.

Mrs. Cole was the nurse who cared for the little Galass and Esterie children, who were so badly burned at the Hollier plant last May and who later was the nurse at the home of William Ford.

PRESIDENT DENIED RIGHT TO ARM SHIPS

SIXTY-FOURTH CONGRESS DIES WITHOUT PASSING LAW ASKED BY WILSON.

EXTRA SESSION NECESSARY

Senator La Follette Leads Small Group in Filibuster That Kills Chance for Vote.

Washington—Twelve senators, led by Senator La Follette and encouraged by Senator Stone, Democratic chairman of the foreign relations committee, in a filibuster lasting throughout 26 hours of continuous session, defied the will of an overwhelming majority in congress and denied to the president a law authorizing him to arm American merchant ships to meet the German submarine menace.

The majority of United States senators favored the passage of the senate bill authorizing the president of the United States to arm American merchant vessels, a similar bill having already passed the house by a vote of 403 to 13.

Under the rules of the senate, allowing unlimited debate, La Follette and his small group of supporters refused a majority of their colleagues an opportunity to vote on the armed neutrality bill, and it died with the Sixty-fourth congress, at noon March 4th.

An extra session of congress is required to clothe the president with authority, but it is useless to call one while the senate works under the present rules, which permit a small minority to keep an overwhelming majority from acting.

It will probably be necessary to revise the senate rules in order to pass the legislation demanded.

Diet, Exercise or Death!

An eminent medical authority writes that most of our city folk die of a thickening of the arteries or of kidney disease. The kidneys become clogged and do not filter the poisons from the blood, and one trouble follows another, high blood pressure damages the heart, arteries are backache, pain here and there, swollen feet or ankles, rheumatic twinges or spots appearing before the eyes.

"The very best remedy is this: Eat meat but once a day, or not at all. Plenty of outdoor exercise, and drink pure water frequently. Before meals take a little Anuric, the great uric acid neutralizer that is easily obtained at the drug store. When you have dizziness, chills or sweating, worry, or dragging pains in back, try this wonderful remedy. Nothing can equal it in building up a woman's strength, in regulating and assisting all her natural functions, and in putting in perfect order every part of the female system. It lessens the pains and burdens, supports and strengthens weak, nursing mothers.

It is an invigorating, restorative tonic, a soothing and bracing nervine.

Castor oil is good for children or adults, and especially good for aged people. A pleasant form of a vegetable laxative that is to be had at any drug store, was invented by Dr. Pierce, who put together May-apple (Podophyllin), Aloes, Jalap, and other ingredients, and named Anuric. Anuric, more potent than lithia, dissolves uric acid as hot water does sugar."

HEALTHY CHILDREN come from healthy mothers. And mothers will certainly be healthy if they'll take Dr. Pierce's Favorite Prescription. Nothing can equal it in building up a woman's strength, in regulating and assisting all her natural functions, and in putting in perfect order every part of the female system. It lessens the pains and burdens, supports and strengthens weak, nursing mothers.

A Bird Joker.

A most surprising Australian bird is the kookooburra, or laughing jackass. All at once in the quiet bush come loud peals of uproarious, mocking laughter. One is not inclined to join in the merriment. It all seems as foolish and weird as if an idiot boy were disturbing a congregation in church. When the source of the laughter is located it turns out to be a silly-looking bird with clumsy, square body and open mouth, sitting unconcernedly on a stump.

FIVE FIREMEN ARE KILLED

Buried Under Falling Floors—Three Others Injured.

Detroit—Without the snap of a timber as a warning, the crystal vestibule entrance of the Fields Cloak & Suit company at 187 Woodward avenue, where women shoppers were wont to gaze at the richly dressed fashion models, became a channel house of twisted metal and smoking debris which buried five city firemen, early Sunday morning.

Seven were in the death trap an instant before the upper floors of the five-story building, weakened by flames, slid downward. Death resulted for five of the fire fighters, one was buried almost to the sidewalk line and escaped with minor injuries, while the seventh man, stepped out of the fatal doorway to "feed" more hose to his comrades, in obedience to orders, at almost the instant the floors fell. He escaped uninjured.

Chief Timothy E. Callahan, of the first battalion, chief at the fire, had left the ill-fated little squad inside the entry way only a moment before, without a suspicion of danger being so imminent. "There wasn't the slightest warning," said Chief Callahan. "The floors slid down with a rush like a snowslide from a steep roof." The dead are:

Captain Alexander Cochburn, Ladderman Oscar Locke, Pipeman Otto A. Mattick, Pipeman William Schill, Pipeman Alonzo F. Raymond.

The injured are: Pipeman Vincent Gordon, Lieutenant F. Brown, Lieutenant Alexander Thompson.

Wilson Begins New Term

Takes Inaugural Oath With Cabinet Members As Witnesses.

Washington—The second term of Woodrow Wilson began at noon Sunday. In the presence of only Mrs. Wilson, the members of his cabinet and Edward Douglas while chief justice of the United States supreme court, he repeated the solemn inaugural oath, and, bending over the little black Bible held out to him by the aged jurist, pressed his lips to its open pages.

"The Lord is my refuge, a very present help in time of trouble," were the words upon which the kiss was imprinted. The passage had been selected by the president himself.

The legality of taking the oath of office for a president of the United States on Sunday has been established by a ruling of Chief Justice John Marshall, also by precedent, as three other presidents were sworn in on Sundays.

Lansing—The careless use of gasoline and kerosene cost 13 lives in Michigan in February.

Grand Rapids—Michigan farmers are facing a serious shortage of seed corn for next year's crop. Most of the seed will have to be brought in from other sections. These facts were brought out at the session of the Kent county farmers' institute.

Iron Mountain—Fire which broke out in the kitchen of the main building at the Dickinson county infirmary, 11 miles from here, caused a loss of \$30,000. The buildings destroyed were the main building, hospital, ice-house and root-house. The patients were removed safely.

Hard-Looking Man.

"I saw a hard-looking man a little while ago," said the homeward-bound citizen.

"You did?" came from the interested officer. "Which way?"

"Down that street, officer."

"Well, come show me. He's the fellow we're looking for. He's the ossified man who escaped from the museum."

High Cost of Living

This is a serious matter with housekeepers as food prices are constantly going up. To overcome this, cut out the high priced meat dishes and serve your family more Skinner's Macaroni and Spaghetti, the cheapest, most delicious and most nutritious of all foods. Write the Skinner Mfg. Co., Omaha, Neb., for beautiful cook book, telling how to prepare it in a hundred different ways. It's free to every woman.—Adv.

New Master Explosive.

"Silver picric acetylide," a new explosive discovered by Rev. Dr. Julius A. Nieuwland, C. S., dean of science at Notre Dame university, Indiana, will prove more destructive, it is said, than any other agent known to the scientific world if the experiments now being conducted in the local laboratory indicate its actual power.

Doctor Nieuwland first came upon an atom of the new compound two months ago when a minute particle completely wrecked an apparatus being used by one of his students.

GAVE HIS CANE AWAY!

Mr. S. P. Benton, Kerrville, Texas, writes: "For several years prior to 1906 I suffered from kidney and rheumatic troubles. Was bent over and forced to use a cane. For these disorders I am glad to say I used Dodd's Kidney Pills, which proved to be the proper remedy. I am 64 years old, feel fine and once again stand as straight as an arrow. Dodd's Kidney Pills deserve great credit." Be sure and get "DODD'S," the name with the three P's for diseased, disordered, deranged kidneys; just as Mr. Benton did. No similarly named article will do.—Adv.

Encouraging Example.

"When you begin to think this country is not democratic, stop a moment and study the average traffic policeman."

"But why?"

"You will discover that the dusky George Washington Jones, driving a dray, gets exactly the same treatment from him that is received by a millionaire reclining in his limousine."

Its Condition.

"This Zeppelin raid business does not seem to have panned out."

"No; paradoxically speaking, it has gone up."

For a disordered liver, take Garfield Tea, the Herb Laxative. All druggists.—Adv.

YOUR BOY'S CHUM.
If you are a father, are you acquainted with your boy's chum? Do you know him to be fit company for your son?
Every normal boy has singled out from his friends and acquaintances one particular chum. This chum is his "other self," all of the "other self" he will have until years of maturity develop in him the sex attraction.

If you have studied boy nature, or even if you can recall your own boyhood days, you must know that they are the days wherein the lasting impressions of life are formed. It is also the period when the domination of a strong personality is most potent for good or evil over a weaker or more plastic nature.
Have you studied your boy's chum? It may be almost as necessary as a study of the boy himself. Is that chum all you could wish him to be? Is he stronger, or weaker, in purpose and character than your boy? If stronger, all the more reason for you to know his real character, for he is as sure to impress his personality upon your son as that strength overcomes weakness.

The boy rarely develops habits or traits of character acquired from mere chance acquaintances or from strangers. It is from his intimates that he absorbs ideas that become fixed in the mind and develop into character. Hence the imperative necessity that those intimates be of right character.
Some think it is a risky business to attempt to regulate a son's friendships. Admittedly so, yet you have it in your power to in a large degree control the matter.

Every normal boy has great respect for his father, provided that father is deserving of his respect. The first step, therefore, is to secure and deserve the boy's confidence. This accomplished, a little tactful consideration on your part, together with a personal interest in his every day life, ought to give you control of the situation.
But the surest way to control the matter is to constitute yourself the boy's chum. This can be done if the matter is taken in hand early in the boy's life.

To every young boy his father is a model of perfection. His first boyish ambition is to imitate father. If that father is deserving of imitation and will cultivate his boy's confidence the problem is solved.
Every father should seek first place in his boy's confidence. He should make certain that he stands higher in the boy's regard than all others. And as the years pass he should see to it that the bond is strengthened instead of weakened. But this can only be done by fully entering into the life of the boy and by making his life your life.
It will pay better than any other investment you can make.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Things Worth Knowing
Lemon juice keeps cooked sweetbreads or mushrooms from becoming dark. Squeeze a little juice over them and they will keep for some time.
Save all small pieces of soap too small to handle. Melt them in a little water on a slow fire, then put this jellylike mixture into a glass covered jar. This can be used for floor, dishes and where soap is necessary.
If stockings are pressed it would be much better when mending day comes around.
Clarify all fat for frying purposes by rendering it with raw potatoes. It should then be strained and can be used for anything.
When rinsing clothes in hard water add half a cupful of sweet milk. The bluing will not spot.
Underwear makes the best cleaning cloths and mops.
Try putting the leaves of garden tansy in a muslin bag, soak in boiling water a few minutes, then apply to the seat of pain in neuralgia.
In order to clean black cloth and yet preserve or restore the color, sponge with logwood and ammonia. Infuse the logwood chips in a jar of boiling water placed in a pan, strain and use cold, adding a teaspoonful of ammonia to half a pint of logwood. This solution should be guarded as a poison.

Equity and Economy.
Two men, strangers to each other, were seated together on the outside of a tramcar, and both filled their pipes simultaneously. One, however, struck his match first, and the other requested that he might share the light. Having done so, he took from his pocket a box of matches and handed one to his obliging neighbor. "It is foolish," he said, "to strike two when one will do, but I can't very well expect you to provide that one when I have some also. Let me pay?" A mind of nice balance in equity as well as economy.—London Chronicle.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will come up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.—Adv.
