HOLLIER JACKSON AGENCY

Taken Over by E. Scheffler and Ben
Hackle, Who Will Handle
Standard Trucks Also.

"Ernie" Scheffler, well known to
the Jackson automobile industry for
the past thirteen years, and Ben
Hackle, who also has been for some
years connected in Jackson auto-
mobile circles, have organized the
Hollier Sales company, and will
handle the sales and distribution of
Hollier Eights and Sixes in Jackson
city and county.

They will also sell the Standard
motor truck, manufactured in De-
troit, and built in sizes from one to
five tons.

Mr. Scheffler has been in the em-
ploy of the Lewis Spring and Axle
company for some time, having
worked in practically all parts of the
factory, both in Jackson and in
Chelsea. He has traveled consider-
ably for the service department,
spending considerable time among
many of the Hollier distributors in
the larger cities of the country.

Mr. Scheffler, and his crew of six
picked men created quite a sensation
at the Jackson automobile show last
June, when they assembled a Hollier
Eight cylinder motor, transmission,
and rear axle complete, and had all
running under their own power in
forty-six minutes.

ROGERS CORNERS

The following pupils were con-
firmed by Rev. G. Eisen at St. John's
church, Sunday: Helen Lutz, Ama-
da Esch, Lydia Buss, Harold Pfizen-
mayer, Alton Trinkle, Herman Ren-
au, Clarence Feldkamp.

Born to Mr. and Mrs. Geo. Loe-
fler, a daughter.

Mr. and Mrs. Edwin Grob of Ann
Arbor spent Sunday with Lewis
Geyer and family.

Miss Martha Tirb, who has spent
several weeks in Bridgewater, has
returned home.

GRAND TRUNK TRAIN
KILLS WATERLOO MAN

George Brennstool Run Over at
Munith and His Head
Cut Off.

The freight train which reaches
Munith about eight o'clock over the
Grand Trunk struck and killed
George Brennstool, a Waterloo town-
ship farmer, Thursday night. The
accident occurred at the Munith
crossing. Mr. Brennstool had gone
to the village to take transportation
on the passenger train, which follows
the freight and was passing over the
crossing to the depot en route from
the south. Being hard of hearing it
is probable he did not hear the train
and accidentally stepped on the track
in front of it. He was thrown about
thirty feet ahead of the train and fell
across one of the rails. His head
was cut entirely off. It is said the
train had whistled for the crossing,
and that the bell on the engine was
ringing. An inquest was held at
Munith, Friday morning.

Mr. Brennstool had planned to
go to Jackson, Thursday night to
visit his son, William Brennstool,
who is a resident of that city. An-
other son, George, and a daughter,
Mrs. Hart, lived with him on the
farm in Waterloo township. The
deceased was about 78 years old.

FOUR ANN ARBOR
BARTENDERS HELD

Warrants Issued on Order of Pro-
secutor as Result Complaints
of Two Chelsea Boys.

Warrants for four Ann Arbor bar-
tenders were issued Friday at the
order of Prosecuting Attorney Carl
A. Lehman. The complaints were
signed by Anderson Cleveland of
this village, a youth about 14 years
of age.

The warrants are for William
Chatterton, of the American house
bar; George Parker, of the Allen
Fred Wagner, of the Farmers' home,
and Pearl Teeple, of the Richard
Reitz saloon, all Ann Arbor thirst
parlors. The action follows an in-
vestigation of charges brought by
young Cleveland and Leo Madden,
both of this village.

FIRE AT M. E. HOME

Slight Blaze Saturday Morning Did
Very Little Damage.

The piercing shrieks of the fire
whistle startled Chelsea people Sat-
urday morning about 10:30 o'clock,
the alarm being turned in from the
Methodist Old People's home.

The fire started in a closet of a
room on the first floor of the new
annex, known as the Bishop Burt
memorial room and occupied by
Mrs. Blount.

Mrs. Blount was looking in the
closet, using a lighted match for
illumination, and in some way igni-
ted some of the clothing.

The fire department made a quick
run, but fortunately the prompt use
of fire extinguishers before their
arrival put out the fire, the resulting
damage being very slight.

"THE UPPER ROOM"

A Drama of Christ's Passion Given
by Young People St. Mary's.

The young people of the church of
Our Lady of the Sacred Heart gave
the religious drama, "The Upper
Room," Sunday evening in the audi-
torium of St. Mary's academy before
a large and appreciative audience.
They were ably assisted in the chor-
us parts by St. Anthony's male choir
of Detroit. The cast of characters
follows:

Achaz, landlord of the upper room
—Louis Eder.
Samuel, his servant—Alban Hoff-
man.

Joseph of Arimathea—Frank
Nordman.

Peter—George Sulesky.

John—John Hummel.

Judas—George Sulesky.

Longinus—Oswald Eisenman.

Mary—Gertrude Eisenman.

Mary Magdalene—Margaret Burg.

Veronica—Norma Eisenman.

If there is any danger of German
war-submarines coming over here,
why not put up "Verboten" signs all
along the coast?

Some Good Advice.

"Don't think too much of your own
methods. Watch other people's ways
and learn from them." This is good
advice, especially when bilious or
constipated. You will find many
people who use Chamberlain's Tab-
lets for these ailments with the best
results, and will do well to follow
their example.—Adv.

ANNUAL TOWN MEETING

Appropriations Voted for the
Ensuing Year.

The annual meeting of Sylvan
township was held yesterday after-
noon in the town hall. Township
Clerk Fred G. Broesamle called the
meeting to order and read the min-
utes of the last meeting, which were
approved. He then read the annual
financial report, which was also ap-
proved.

It was voted to raise the following
amounts for the several funds for
the ensuing year:

Contingent Fund \$1,500
Highway Improvement Fund 2,000
Highway Repair Fund 1,500
Poor Fund 400

Motions were then made, support-
ed and carried to expend the follow-
ing amounts in graveling roads:
\$400 for gravel on the road west of
Chelsea, from the Old People's home
to Samuel Guthrie's crossing; \$1,000
to be expended for gravel wherever
needed; \$200 to complete the gravel-
ing of West Middle street in the vil-
lage of Chelsea; \$1,000 to gravel and
repair the territorial road west from
Sylvan Center to the county line.
The meeting then adjourned.

LETTER FRESH FROM
ITALIAN TRENCHES

Albret L. Sincer Hears From Old
Friend, Now Lieutenant
in Italian Army.

Albert LaFe Sincer, well known
to many in Chelsea and vicinity as
the director of the Hollier Concert
band, received a letter Friday from
his old friend and class-mate at the
Naples Conservatory of music, Luigi
Ganna, son of a prominent physician
of Naples and now first lieutenant of
the 70th Italian infantry. The letter
was mailed February 27th and at
that time the Italian army had pen-
etrated 65 miles into Austrian terri-
tory. Lieutenant Luigi says:

I am writing you to let you know
the progress of the war. We are en-
joying life here in the mountains,
and believe me, Italy is well pre-
pared to meet any blow that comes.
The army is composed of three million,
five hundred thousand fighting men
and has plenty of ammunition and
provisions. The other day we made
a brilliant assault and captured four
heavy guns of German type. I am
first lieutenant in the 70th infantry.

I have a letter from Baron St.
George. He is in England at pres-
ent on very important business. He
told me that if I wrote you to give
you his best regards and to let you
know he has dropped the study of
music altogether. My parents are
very well and they all send you their
love. Hoping to see you again, and
may God spare me until we meet
again, I am,

Your friend and schoolmate,
Luigi Ganna.

HIGH WINDS DO DAMAGE.

The high winds Thursday night
unroofed the barn on Mrs. Olive Win-
slow's farm in Lima and blew down
a shed annex to Henry Bohne's barn
in Francisco. Crossed wires in the
village lighting circuit plunged the
eastern part of town into darkness
and several trees lost a part of their
tops as a result of the wind storm.

PAINS SHARP AND STABBING

Woman Thought She Would
Die. Cured by Lydia E.
Pinkham's Vegetable
Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."—Mrs. ETTA DORR, Ogdensburg, Wis.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but after the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

Not Lonesome. We don't feel so sorry for the man and woman who were divorced—they had brought their troubles upon themselves. But our heart went out to their child—poor, little lonely kiddie! We went to see him. He looked pathetic to us, and as we had feared, he had a prematurely wise expression on his little face, says the Cleveland Plain Dealer.

"Do you get lonesome?" was asked. "Nope," he responded quickly. "The court lets mamma come to see me Mondays, and papa comes to see me Tuesdays. On Wednesdays, the man that's stuck on mama calls, and on Thursdays the woman that papa's going to marry comes to see me. My grandparents scrap over me on Fridays and Saturdays." He drew a deep sigh, then his face brightened, and he said:

"But, thank goodness, I have my Sundays to myself!"

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

Couldn't Suit Her. "Do you guarantee these colors fast?" asked the customer at the history counter.

BEET GROWERS GET RAISE OF \$1 A TON

THREATENED STRIKE OF FARMERS IS AVERTED WHEN "BARONS" YIELD.

GOVERNOR IS MEDIATOR

Legislature Had Decided to Inquire Into Cost of Beet Production, Shortly Before Conference.

(From Our Special Correspondent.)

Lansing. By a resolution calling for an inquiry into the cost of the production of sugar beets, the prices paid for them and the percentage of profits made by growers and by manufacturers, Rep. Sheridan Ford, of Detroit, stirred up a lot of excitement in the legislature last week. Ford acted in behalf of members of the growers' association and the grange. Within a few hours the manufacturers yielded to the growers on every point at issue.

Sensational charges by Ford that the "sugar barons" of the state had stirred up a formidable lobby which was doing its utmost to delay action on his resolution so as to be able to stifle it later, added to the interest aroused.

Ford's oratory and the solid backing of farmer legislators swept away all opposition in the house and the resolution was adopted under suspension of the rules. The Detroiters declared that beet sugar growers were not getting a square deal on prices, which, in Michigan, were below even the European standard, he charged.

"The hour has passed for men to sit back and make fortunes with pen or pencil and a piece of paper," he said. "The producers' interests must be considered."

Shortly after the house adopted the resolution a conference was called by Governor Sleeper's office. The governor urged that in view of the international situation production of all kinds should be encouraged, not hampered. The manufacturers then agreed to pay the prices which John C. Ketcham, acting for the growers, suggested. These are \$6 a ton for beets used to make 60 sugar; \$7 for 6 cent beets, and \$8 for 7 cent beets. Contracts already made will be lifted to those prices, which are an increase of \$1 a ton.

Bad Egg Bill a Boomerang.

One of the odd incidents that crop out occasionally in the course of a legislative session occurred the other day in the senate. Senator Penney, of Saginaw, had introduced a bill to prohibit the sale of eggs that are unfit for food. The senate passed the bill in committee of the whole and also on third reading. It was about to go to the house when Senator Scully asked for a reconsideration. Scully had discovered that according to the rules of grammar a strict reading of the bill and a careful following of the number of "nots" showed it provided that only rotten eggs could be offered for sale in Michigan, while fresh eggs were barred from market. The bill was hastily pulled back by the senators and will be revamped to say what it is intended to mean.

The last time such a "bull" occurred in the legislature was in the 1911 session when a bill actually reached the governor that provided that only thieves, thugs and villains could practice law in Michigan.

Senate Adopts New Insurance Code.

The senate has adopted, with a few amendments, the Scully-Person bill, as the new insurance code is entitled. The code is a revision of all the present laws of the state covering insurance of all kinds. Two principal amendments were made by the senate. Both were offered by Senator Tripp, of Allegan, and both concerned fire insurance rates.

One amendment gives the state insurance commissioner control over fire rates. The other would compel a fire insurance company to pay the full loss under a policy where the loss was complete, without a complete inventory being furnished. Senator Tripp's effort to kill the anti-discrimination act, under which the Michigan rating bureau sets fire insurance rates and which is aimed to prevent rebating on premiums, failed of success.

Suffrage Wins in House.

The house, after a strenuous debate, adopted the Flowers resolution to submit women's suffrage to a vote of the state again in November, 1918.

Dog Tax Bill Tabled.

The Root bill to tax dogs \$3 per head and put the license money in a fund with which to pay damages to farmers owning sheep killed by dogs, failed of passage in the house. City members wanted the license money in cities kept there at present and when they could not get the bill amended that way, voted against it. Later, however, they agreed to reconsider the vote so that the bill could be tabled, thus giving it another possible chance later.

Three Dry Bills Pass in House.

The first stage of the enactment of prohibition laws for Michigan was passed last week when the house of representatives adopted the Wiley, McArthur and Lewis bills one after the other, taking up all three in special order.

The Wiley bill provides the machinery for the enforcement of the dry laws and the ways in which liquors can be handled in the state for medicinal, mechanical, scientific, chemical and sacramental purposes, the five purposes exempted in the constitutional amendment voted for by the people last November.

Search and seizure are provided for by the Wiley bill, but private dwellings used only as such are exempted from search. Possession of liquors is not touched upon in the Wiley measure.

The McArthur, or bone dry bill, prohibits possession of intoxicating liquors except for the five exempted purposes. It absolutely prohibits the possession of or obtaining of any liquors for beverage purposes.

The Lewis bill changes the name of the dairy and food commission to food and drug commission, places the enforcement of the prohibition laws in the food and drug commission's hands, extends the term of the commissioner from two to four years and increases his salary from \$2,000 to \$3,500 a year.

The house adopted the Wiley bill by a vote of 56 to 6. Rep. Sheridan Ford, of Detroit, explained his vote of "yes" by declaring that he is a liberal, but holds to the view that the best cure for sumptuary legislation is sumptuary legislation itself.

The McArthur bill was adopted by a vote of 88 to 10, the negative votes being cast by Reps. Edwards, Griggs, Harris, Houghton, Lamphere, Lemire, Nelson, Petermann, Reed and Stevenson. All ten signed a statement that they opposed the bill because they believed the Webb-Kenyon and Reed laws passed by congress made such a bill as the McArthur bill unnecessary. Rep. McArthur replied that the federal laws neither touch on possession of liquors in a dry state nor on their being brought in personally by those who want them, only for bidding shipments in interstate traffic.

The Lewis bill passed the house by a vote of 87 to 12, the negative votes being cast by Reps. Bosch, Daprat, Sheridan Ford, Fox, Frost, Houghton, Jones, Lemire, Nelson, M. H. Smith, S. J. Smith, and Upham. Sheridan Ford stated that he believed the present police power of the state adequate to handle the enforcement of the prohibition laws. Rep. Upham said he had voted for all three bills, but believed them to be too long and apt to start too much litigation in consequence.

Hard Battle Over Prison Bill.

There was a hard battle in the house before that body adopted bills to appropriate money for additional farm lands at Jackson prison and for the extension of the county jail farm idea. For county prisoners the farm bill was amended to include workshops and factories so that farmers will not be the only ones to have prison competition," as Rep. Root put it.

"Spotter" Bill Passed in House.

The "spotter" bill was passed in the house. It requires railroad companies to confront an employee accused of dishonesty with the man making the charge against him. The railroads contend that this bill will ruin their secret service department, while the employees claim that it will make it impossible for the roads to discharge them without a fair hearing.

Teachers' Pension Optional.

The house had a hard fight over the passage of the McArthur bill to make the teachers' pension system optional with teachers. The bill finally was adopted by a vote of 62 to 34.

Fruit Boxes to Be Standard Size.

The house has adopted bills introduced by Reps. Daigues and Hopkins fixing standard boxes, baskets and barrels for fruit shipped in Michigan.

Miscellaneous Bills Passed.

Rep. Culver's bill to make the national guard conform more closely to the regular army was passed by the house.

A bill boosting the salaries of Clerk Pierce and Secretary Atward to \$2,000 a year, and giving them a clerk at \$1,000 a year, was passed by the senate. Senators Willison and Miller alone voting against it.

Senator Koehler's bill, which enables the Detroit water board to lay mains outside the city in the outlying districts and serve the inhabitants of those districts with water, without recourse to the cumbersome plan now in the law, passed the house and will now go to the governor for his signature.

Appointments.

Richard M. Olin, of Caro, to succeed John L. Burkart as secretary of the state board of health, for the term ending March 29, 1923.

H. H. Halladay, of Clinton, to succeed himself on the state livestock sanitary commission, for the term ending the first Monday in July, 1923.

Dr. Carroll E. Miller, of Cadillac, to succeed himself on the board of the Traverse City state hospital for the term ending the second Monday in February, 1923.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any store and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. Adv.

A Worthy Example.

When Louis Mann first met his former neighbor, Shag Rossman, upstate, Shag was very much interested in the Thespian.

"So yer a actor, eh?" he asked. "Indeed, 'tis true," replied Mr. Mann.

"Good one?" "Ahem!" came from Mr. Mann. "Some people say I am."

"Well, you gotta go some to beat a actor I seen in a show one time," said Shag.

"So? What was he?" "I've forgot his name," said Shag, switching his chew to the other cheek, "but I seen him with my own eyes turn a back somersault on top of a horse that was runnin'."

"About forty pages concerning what we had last month."

"Yes."

"And forty more about what we will have next month."

"And then?"

"That ought to be enough for this month."

GREEN'S AUGUST FLOWER

Few persons can be sick who use Green's August Flower. It has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart from gases created in the stomach, pains in the stomach, and many other organic disturbances.

August Flower is a gentle laxative, regulates digestion, both in the stomach and intestines, cleans and sweetens the stomach and whole alimentary canal, and stimulates the liver to secrete the bile and impurities from the blood. Try it. Two doses will relieve you. Used for fifty years in every town and hamlet in the United States and in all civilized countries.—Adv.

His Memory.

"Do you remember," she asked when they met after the lapse of years, she having become a widow and he having remained a bachelor, "do you remember that evening long ago, when you and I walked in the gloaming?"

"I remember the swamp we walked into, but I don't remember the gloaming," he replied.

Then a fond hope died in her breast and she turned away to make herself agreeable to others.

2 NEW REGIMENTS IN STATE PLANNED

VETERANS ASK APPROVAL OF ARMY DEPARTMENT TO MOBILIZATION PLANS.

TO CONSIST OF PICKED MEN

Non-Commissioned Officers and Former Soldiers Would Form the Nucleus of New Body.

Detroit—Organization of two new volunteer regiments in Michigan is planned by young Detroit business men.

The regiments, one of infantry and one of cavalry, would be made up as far as possible of former regular army or national guard soldiers and men who have had military training at government training camps would be prepared.

The regiments would be similar in composition to the famous Princess Patricia's.

This regiment was made up of picked men, practically every one of whom had been in the army.

Should the government express approval of the plan for mobilization of the volunteer regiments here, instead of holding reserve officers and men for other service it may deem necessary, it is believed both regiments would be recruited in a few days and at once begin training for service.

Such organizations, those promoting them say, would give Michigan approximately 3,000 men who, with sufficient training, would be a credit to the state. In the course of six or eight months both regiments might be considered fairly well equipped fighting organizations.

The nucleus would be non-commissioned officers now in business here and former regular soldiers, of whom many are in the police force.

ON THE WATCH FOR SPIES

Entire Force of Government Employees Asked to Aid.

Washington—Virtually the entire force of the government's civilian employees, approximately 500,000 men and women, has been summoned to aid the bureau of investigation and the secret service in the detection of spies and the apprehension of persons engaged in plots and intrigues against the interests of the United States.

The largest single force which the government has enrolled in its nationwide spy hunt, with the exception of the municipal police and detective forces, is the army of postmasters, all of whom have been instructed to permit no clue as to the identity of suspected individuals and their activities to go unreported. Under the postmasters are working the letter carriers in the cities and the rural delivery carriers in the country, all told, of about 300,000 men.

Instructions to the federal employees call for the prompt reporting of all information, no matter how trivial it appears, which might seem to furnish clues in ferreting out agents of foreign governments. Under this head come letters passing through the mails, telegrams and even scraps of conversation indicating activity against the government.

Such information will be promptly forwarded to the proper investigating body at Washington, the name of the informant held secret, and an inquiry quietly begun wherever, in the opinion of officials, investigation is warranted.

Capac—A large barn and several smaller buildings on the farm of Morris Breen, four miles east of here, were blown down by a small cyclone. Three valuable cattle were killed. The loss is about \$2,500.

Ann Arbor—Schoolmasters' club, representing practically every teacher in the state, went on record in favor of universal military training. There were few dissenting votes. At the same time co-eds in the university were circulating petitions against compulsory training in the university.

NEW U. S. ISLANDS PAID FOR

Warrant Equivalent to 48 Tons of Gold Given Danish Minister.

Washington—The final act of more than 50 years' effort to bring the Danish West Indies under the American flag was completed with final ceremonies at the state department Saturday when Danish Minister Brun was handed a treasury warrant for \$25,000,000, the purchase price, and wireless messages were sent to the American and Danish authorities at the islands to lower the Danish flag and raise the stars and stripes. At noon the new possessions passed definitely and finally under the authority of the United States.

"By giving you this warrant," Secretary Lansing said as he handed the paper to the minister, "I will save you the trouble of transporting 48 tons of gold. The value of this paper in coin would be equivalent to that weight."

With the formal transfer the islands become known as the Virgin Islands of the United States, a designation chosen by the natives of the islands and adopted by the United States government. There are 50 islands, only three large enough to be of importance. St. Thomas is the most important and has one of the finest harbors in the West Indies. The harbor will be transformed into a strong naval base by the United States for the protection of the Panama canal and for general military purposes. St. Croix and St. John are the other two large islands.

WAR BREAD URGED FOR U. S.

Government Recommends Increasing Milling Standard.

Washington—A suggestion that American millers might render a great public service in the campaign to prevent a war shortage of food by converting into flour a greater percentage of milled wheat, was made in an authorized statement by Carl Vrooman, assistant secretary of agriculture.

"No step could do as much to increase our food supply immediately," wrote Mr. Vrooman, "as to put the nation on a 'war bread' basis."

He pointed out that while the present milling standard in this country converts only about 72 per cent of the wheat berry into flour, England has adopted an 81 per cent standard, Italy 85 per cent, Switzerland 80 per cent, and France 77 per cent. All the belligerents are making bread from wheat flour mixed with rye, barley, corn, and potato flour.

CIVIL SERVICE FOR P. O. HEADS

First, Second and Third Class Offices Taken Out of Politics.

Washington—More than 10,000 first, second and third class postmasters were placed under civil service by executive order of President Wilson. Present incumbents are not affected, but when vacancies occur from death, resignation or removal, the civil service commission will hold open competitive examinations. The name of the highest eligible candidate then will be submitted to the president. No person more than 65 years old shall be examined.

Although the order is framed to remove postmasters from politics, the senate, however, has the right to reject the president's appointees.

Traverse City—Impassable wagon roads developed an acute food shortage in several towns in this district not served by railroads.

Lansing—The Public Service Co., of Monroe has applied for permission to take over the present city-owned light plant of Monroe.

Ann Arbor—Eight-year-old Verta Wint, playing with a companion, dodged in front of a gasoline car on the Ann Arbor road and was instantly killed.

Cadillac—Farmers this year will pay particular attention to seed testing, owing to the request of the United States government that crop acreage be increased because of threatening war.

Why That Lame Back?

Morning lameness, sharp twinges when bending, or an all-day back-ache; each is cause enough to suspect kidney trouble. Get after the cause. Help the kidneys. We Americans go it too hard. We overdo, overeat and neglect our sleep and exercise and so we are fast becoming a nation of kidney sufferers. 72% more deaths than in 1890 is the 1910 census story. Use Doan's Kidney Pills. Thousands recommend them.

A Michigan Case

William Hough, 46, Pitch Pk., Grand Rapids, Mich., says: "I had kidney trouble after I left the army and I kept getting worse. The kidney secretions were painful and too frequent in passage and I had lumbago and rheumatic pains. My limbs were so stiff, I had to be helped around. Medicine failed and I had almost given up hope when I heard of Doan's Kidney Pills. They cured me."

To Prevent Old Age Coming Too Soon!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such products. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the world-famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little Anuric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid as hot water does sugar.

Canada Offers 160 Acres Free to Farm Hands

Bonus of Western Canada Land to Men Assisting in Maintaining Needed Grain Production

The demand for farm labor in Canada is great. As an inducement to secure the necessary help at once, Canada will give

ONE HUNDRED AND SIXTY ACRES OF LAND FREE AS A HOMESTEAD

and allow the time of the farm laborer, who has filed on the land, to apply as residence duties, the same as if he actually had lived on it. This special concession is the reduction of one year in the time to complete duties. Two years' residence instead of three as heretofore, but only to men working on the farms for at least six months in 1917. This appeal for farm help is in no way connected with enlistment for military service but solely to increase agricultural output. A wonderful opportunity to secure a farm and draw good wages at the same time. Canadian Government will pay all fare over one cent per mile from St. Paul or Duluth to Canadian destination. Information as to low railway rates may be had on application to

WAR PREPARATIONS ARE BEING SPEEDED

FEVERISH HASTE MARKS ACTIVITY IN ALL GOVERNMENT DEPARTMENTS.

TO RAISE ARMY OF 1,000,000

War Department Announces That It Has Made Specific Plans for Raising Sizeable Army.

Washington—Feverish haste marks the activity of every government department. The war department announced that it has made specific plans for raising an army of 1,000,000 men.

The navy department is daily receiving bids from dozens of firms to construct cruisers and submarine chasers.

The Council of National Defense met to make a survey of the work already completed.

The federal farm loan board announced that more than \$200,000,000 will be loaned out by the federal land banks during the coming year to intensify the farming industry as a back-to-the-trenches preparedness measure.

Further steps were taken to protect the nation against spies, when the postoffice department sent instructions to its 550,000 employees to report any evidences of conspiracies.

Taking of a census of technical experts by the bureau of mines was announced, the object being to avoid the risk of sacrificing expert engineers, chemists and scientists at the front, when their work will be more valuable back of the lines.

The national defense council drew plans for co-ordinating all national preparedness measures except purely military steps, for submission to President Wilson.

Even while the active steps were being taken for the vigorous entrance of the United States into the war against Germany, the latest act of the imperial government against the United States was reported at the state department—the killing of two Americans aboard the torpedoed Britisher Crispin. Eighteen more are missing. The news caused no material reaction here. Since it has been determined that the country is to meet Germany with the sword, the only effect of added affronts is to strengthen the determination of government officials.

PACIFIST MEETING BROKEN UP

Crowd of 4,000 Storm Hall and Stop Speech by Dr. David Starr Jordan.

Baltimore, Md.—After the greatest patriotic demonstration this city has seen since the Spanish-American war, a crowd of 4,000 stormed the Academy of Music Sunday night, swept a cordon of police aside and smashed a big pacifist meeting to bits, stopping Dr. David Starr Jordan in the middle of a word, and refusing to allow the speaking to continue.

Just as Dr. David Starr Jordan was beginning his plea for peace, the crowd of anti-pacifists, made a rally through a cordon of police and rushed down the aisle of the theatre to the stage, where they demanded that the meeting cease.

Police reserves from all over the city were called out and broke up the crowd with their clubs, beating several young men unmercifully and arresting two wagon loads.

CAMPAIGN FOR RECRUITS

Society Women Assist Officers in Speeding Enlistments.

Detroit—Active and systematic campaigning has started to get recruits for the army, navy and marine corps. This campaign is materially assisted by several Detroit society women who furnished automobiles to carry recruiting officers from the different branches of the service, advertising matter and speakers.

The automobiles are appropriately decorated with flags and parade through the principal streets, making stops at certain points, where the orators deliver addresses, and the recruiting officers will distribute literature, and explain the duty of a soldier, sailor or marine.

This campaign will not cease until the army, navy and marine corps have all the men needed.

Cadillac—Oliver La Fave, 26 years old, thought to have been killed in a French trench, is with Pershing's army on the border.

Muskegon—Prof. V. M. Shoosmith, of the M. A. C., has been named manager of Michigan's biggest farm, composed of 4,214 acres in Muskegon and Newaygo counties, owned by a Chicago and New York syndicate.

Owosso—After Owosso people had become excited over a story that spies had been over the Ann Arbor railroad and secured drawings and photographs of all its bridges and its harbor at Frankfort, it developed that the men seen doing these things were representatives of the federal valuation service.

"CASCARETS" FOR LIVER, BOWELS

For sick headache, bad breath, Sour Stomach and constipation.

Get a 10-cent box now.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets to-night; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All stores sell Cascarets. Don't forget the children—their little insides need a cleansing, too. Adv.

Teamster's Life Saved.

WRITES LETTER THAT IS WORTH READING VERY CAREFULLY.

Peterston Bros.: I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully yours, William Hansen, West Park, Ohio, Mar. 22, 1915, care P. G. Reitz, Box 199.

Peterston says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases."

Peterston's Ointment is 25 cents at all druggists, and there isn't a broad minded druggist in America that won't praise it. Adv.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these unsightly spots. Simply get an ounce of ointment—double strength—from your druggist, and apply a little of it night and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles. Adv.

He Was Overlooked.

He was talking very loudly and boastfully in the railway carriage and compelling everyone to hear him, whether they wanted to or not.

"Talking about Turkey," he belabored, "why I've been to Constantinople ten times at least. Funny thing, now, the way the dogs are scavenging there, and eat everything in the streets. Awfully dangerous to touch 'em. They eat up every scrap of rubbish."

A young lady in the corner said, thoughtfully, "I really wonder you got home alive."

And presently a blessed silence reigned in that carriage.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati man tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted off, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house—adv.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. The Furtive Look.

Here is something worth while for bachelors to consider.

A Boston woman says she can detect a bachelor as far as she can see him. She always knows a bachelor by his furtive look. The furtive look, she explains, is something akin to that of a hunted animal, always on the watch for snares and pitfalls. Of course this may apply only to Boston bachelors, but it would be well for all other single unfortunates to take a good look at themselves in the mirror and find that telltale look. If they do there is an easy way to efface it.—Cleveland Plain Dealer.

Many a congressman who goes to Washington a high-lifer comes back on foot.

Nature Cures, The Doctor Takes the Fee.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.—Adv.

WINTER VEGETABLES.

CORN OYSTERS.—Chop a can of corn and add a cupful of flour mixed and sifted with two teaspoonfuls of salt and a teaspoonful of baking powder; then add the yolks of two eggs beaten until thick and lemon colored and fold in the whites of two eggs beaten until stiff. Drop by spoonfuls on a well greased griddle. Brown well on both sides or fry in deep fat. Drain on brown paper.

Spinach.—Wash and pick over a pack of spinach, boil in uncovered dish until tender, drain and chop, season. Add a bit of butter and three tablespoonfuls of browned flour if desired. Reheat and garnish with toast points or cubes. Hard boiled eggs make a pretty garniture.

Two Ways to Cook Parsnips.—1. Cook till done, butter a shallow pan, lay parsnips in it, cover with thin slices of bacon, sprinkle with sugar and pepper. Bake twenty minutes in a hot oven. 2. Boil and mash parsnips so you will have a pint. Add four teaspoonfuls of flour, half a teaspoonful of baking powder, a beaten egg, a tablespoonful of cream. Fry in deep fat which has been salted.

Baked Creamed Onions.—Peel the onions, boil ten minutes, then drain and arrange in a buttered baking dish, sprinkling each layer with pepper and salt. Cook a tablespoonful of flour in a tablespoonful of butter, add gradually a cupful of milk, season with pepper and salt, stir until smooth, remove from the fire, add a beaten egg, pour the sauce over the onions, sprinkle with crumbs, bake covered for twenty minutes, then uncover and brown.

Brawn.

Purchase a young pig's head and one pound of lean beef. Have the butcher prepare the head for boiling and cook it with the beef in water to cover until the bones will slip easily from the meat. (Be careful that the water only simmers.) Remove meat from the bones and chop finely with the beef. Season with one teaspoonful of salt, half a teaspoonful of paprika, one-quarter of a teaspoonful of cayenne, a pinch of ground cloves, one grated white onion and half a teaspoonful of ground mace. Mix thoroughly, press into a square tin (white hot) and set in a cold place. To serve, unmold and slice.
