The Old Firm with a New Name

AUCTION

HATCH HERD

Will hold its Second Annual Sale of Registered Holstein-Friesian Cattle on the STONEACRES FARM, three miles south-west of Ypsilanti, a short distance west of the Ridge Road, on

WEDNESDAY, MAY 9

at 10 a. m. Look for the group of King Ventilators on six red barns. At this sale will be offered all of our this year's offerings. No one has been permitted to pick even one at private sale. It will include

Twenty-four Grand-daughters of King of the Pontiacs and Pontiac Korndyke

the two greatest dairy sires, all of our own breeding. There will be twelve grandsons of these great sires ready for service and younger. This is the best offering we have ever made.

Now is the time to "beef" the scrub bull and the cow "boarder" and substitute profitable animals.

Catalog ready May 1st. If interested address

WILLIAM B. HATCH, Ypsilanti, Mich.

..Paints and Oils..

THIS is the season to do your painting. We are in a position to take care of your wants with Carter and Red Cross Lead, Pure Linseed Oils, Turpentine and Dryers—in fact everything for exterior or interior painting.

Remember, we are headquarters for the "Harrison" Guaranteed Mixed Paint, the paint with the formula on the can, showing just what ingredients it contains. It looks better, goes further and lasts longer.

Our keep of Hardware, Harness Goods, Stoves and Ranges, always complete and of the best lines obtainable.

At Holmes & Walkers'

NEW SUPERINTENDENT AT VILLAGE PLANT

Complete Change in Personnel M. O. Light and Power House.

Peter Boehm, the new superintendent of Chelsea's municipally owned electric lights and water works plant, took charge this morning and at the same time installed a complete new force of assistants, including Ortwein Schmidt, Emanuel Bahmiller, Mark Lowry and Ed. Fisk, all of whom have been connected with the plant in future times, but not recently.

Already, Mr. Boehm has started extensive repairs on one of the boilers and as soon as that is taken care of will repair the main steam line to the pressure pumps, which is leaking badly in several joints, resulting in a great waste of power. Later, as soon as the most necessary repairs are finished he intends to go over every bit of equipment in the plant.

PATRIOTIC FEATURES CHAUTAQUA WEEK

Lincoln Chautauqua Will Introduce Many Features as Result of President's Wish.

In keeping with the suggestion of the President of the United States which has received the unanimous support of the press of the nation, a general movement has been inaugurated to inspire patriotism among the people, and it is planned to make Lincoln Chautauqua week a rally week that will stir the hearts of every man, woman and child to a keener sense of loyalty to the flag.

Many patriotic features will be enjoyed during the week, in addition to the regular program. The bands and orchestras will feature stirring airs including "The Star Spangled Banner." Noted orators will add timely messages to their lectures. Singers will lend their voices to the cause and the crowning event of the week will be an elaborate pageant, "America, Yesterday and Today," in which the young people of the town will participate. This pageant will be handsomely costumed, and all the children in town will have an opportunity to have a part in the splendid demonstration, which will be staged under the direction of a Lincoln Chautauqua expert, with appropriate music as a feature.

MONEY IN CHICKENS

Saline Woman's Barred Rocks Clear \$491 in One Year.

A farmer's wife, Mrs. C. D. Finkbeiner, residing near Saline is making good money in the chicken business according to figures published in the Observer. Mrs. Finkbeiner writes regarding her experience as follows:

We feed wheat, sprouted oats, corn, vegetables, chopped and fed in troughs, clover chaff and sour milk. In addition they have grit, oyster shell and charcoal. For the dry feed, fed in hoppers, we use the following:

Cotton Seed Meal	100
Ground Oats	50
Corn Meal	50
Shorts	50
Bran	50
Salt	2
Ground Lime Rock	16
Ground Charcoal	12
Beef Scrap	25

Two weeks after we began feeding this mixture, in November 1915, our hens began to lay. We received in December, 1915, 997 eggs; in January, 993 eggs; in February, 1,488 eggs, and in March, 2,501 eggs; a total of 5,979 eggs, which brought us the sum of \$117.86. At this writing we are receiving as high as 40 eggs a day. Eggs would not be so scarce if other farms flocks did as well.

We had a flock of 125 Barred Rock pullets. We keep this kind because we think they are the best all around variety and they lay well in winter. The young chicks are sold when they reach the broiler stage and the year-old hens are sold in the fall, thus giving us a new flock each winter.

Record for December 1, 1915, to December 1, 1916, is as follows:

Receipts	
194 broilers, 383 1/2 lbs.	\$ 84.30
80 hens, 491 lbs.	77.55
15 hens, used for house	14.93
1138 1/2 doz. eggs, 26c av. price	304.67
224 doz eggs, used in house	58.24
Young stock on hand	150.00

Food and other expenses

\$696.69	
197.97	

Profit

\$491.72	
----------	--

We do not figure our labor against the flock for there are enough droppings which are valued at \$10.00 a ton to pay for our time. We use quite a bit of straw on the dropping boards, which is then carried to the barnyard. The hens want clean straw for their scratching litter and a pen without drafts, with windows and door on the south side. We do not keep more than 30 or 40 in a pen as overcrowding decreases egg production.

NORTH LAKE.

Mrs. Harper of Chelsea visited her sister, Mrs. Bush, the past week.

Ralph Disemuth visited in Jackson last Sunday.

Mr. and Mrs. Geo. Fuller visited their daughter Clara in Hamburg, Friday.

Mr. and Mrs. Herm Hudson and son Norman, Mrs. James Hankerd and daughter Johanna and Herbert Hudson were Sunday guests at the home of Mr. and Mrs. R. Clinton of Pinckney.

MINGAY-TAYLOR.

A very impressive wedding was solemnized at St. Peter's Episcopal church at 5 o'clock Tuesday evening when Nellie Dustan Mingay, daughter of Mr. and Mrs. T. W. Mingay, became the bride of Samuel Charles Taylor of Sault Ste. Marie, Rev. James G. Widdifield, rector of St. Peter's church, performing the ceremony.

The church was very prettily decorated in green and white. A lattice work of white was stretched across the chancel, with clusters of cut flowers and spring blossoms, and a lattice bower entwined with myrtle was arranged at the chancel rail. It was under this bower that the bridal party stood during the ceremony.

Before the ceremony a vested choir of twenty-four voices, led by Mrs. R. S. Moore, rendered a musical service consisting of The Betrothal Anthem from "The Voice that Breathed O'er Eden" by Bartlett, "The Bridal Chorus" by Cowan, the old wedding hymn, "O, Perfect Love" by Barney and "The Bridal Chorus" from Wagner's "Lohengrin."

During the singing of the last chorus the bride entered the church on the arm of her father. They were met at the altar by the groom and the clergyman. The full Episcopal service was used.

The bride was attired in a dark blue silk traveling suit with hat to match, and carried a white prayer book which was carried by her mother on her wedding day.

At the close of the ceremony the organist played Mendelssohn's "Triumphal Wedding March." Miss Camilla Hayden presided at the organ.

One of the features of the wedding most appreciated by the bride was the fact that those taking part in the choir had volunteered their services in appreciation of the many courtesies that she had shown them in times past.

After the wedding the bridal party returned to the home where a wedding supper was served to the relatives and a few intimate friends by Misses Marion and Mildred Brooks, Mrs. Alex Reid catering.

In the dining room a large wedding bell of meline was suspended over the table with streamers of meline. Daffodils were used in profusion for decorations. Many presents of money, beautiful silver, cut glass, linen, etc., were received by the bride.

After a somewhat stormy passage Mr. and Mrs. Taylor embarked on the train for Detroit at Clinton. After a short wedding trip they will make their home at Sault Ste. Marie. Mr. Taylor is county clerk of Chippewa county.

Miss Mingay was a graduate of the U. of M. in the class of 1900, and taught in our Tecumseh High school for a number of years and for the last three years has taught in the High school at Flint.

The out of town guests were H. S. Holmes and Mr. and Mrs. R. D. Walker of Chelsea.—Tecumseh Herald.

ARBOR AND GARDEN DAY PROCLAMATION

Governor Sleeper Would Solve Food Shortage by Planting Garden Plots.

Governor Albert E. Sleeper has issued the annual state proclamation designating Friday, May 4th, as Arbor and Garden Day. The proclamation follows:

At an earlier day Michigan was the home of magnificent forests of pine and hardwood. We have still enough hardwood trees left to make Michigan the leading hardwood state in the union, but scarcely a vestige remains of our once splendid pine forests. What can we do today to help restore what has been destroyed? Reforestation by the state and tree-planting by the individual—that is the answer. Trees mean beauty and blessing. They mean health and wealth. They mean shade and shelter and food.

For many years it has been the custom, at this season of the year, for the Governor to issue a proclamation, calling upon the people of the state to observe Arbor Day by the planting of trees and by other appropriate exercises.

This year, important as the planting of trees undoubtedly is, there is a still more important matter to engage our serious attention, and that is the planting of gardens. Through none of our own seeking, we have been plunged into war; and we are threatened with the greatest food shortage in our history. It may be that disaster, great and irretrievable, can be averted only by utilizing for planting purposes every available foot of ground. One-quarter of an acre can be made to produce, for example, potatoes enough to supply two or three families, and vacant lots in cities, towns and villages are available for this purpose. Production and Conservation—these should be our two great watch-words this year.

Therefore, I, Albert E. Sleeper, Governor of the State of Michigan, do hereby designate and set aside Friday, May 4th, 1917, as Arbor and Garden Day, in the hope that both the old and the young of our people may be impressed with the needs of the situation, and may be stimulated not only to plant trees, as has been our custom on Arbor Day, but to plant their garden plots with potatoes and corn and beans and other nutritious vegetables.

Apparently the ship of state is dragging its anchor and drifting toward the storm region.

KILLED BY STREET CAR

Thomas Gibney, Former Resident of Unadilla, Fatally Injured Friday.

Thomas Gibney, about 52 years of age and formerly a resident of Unadilla township was struck by a street car in Detroit early Friday morning and received injuries resulting in his death.

Mr. Gibney was employed at the plant of the Cadillac Motor Car company and was on his way to work at the time of the accident.

A brother, Thomas Gibney, lives just west of Gregory and he is also survived by three sisters.

The body will be brought to Pinckney for burial.

WHAT A BOY COSTS

Total Capital Invested in Average Young Man is \$2,500.

So you are twenty-one.

And you stand up clear-eyed, clear-minded, to look all the world squarely in the face. You are a man! Did you ever think, son, how much it has cost to make a man out of you?

Someone has figured up the cost in money of rearing a child. He says to bring up a young man to legal age, care for him and educate him, costs \$2,500, which is a lot of money to put into flesh and blood.

But that isn't all. You have cost your father many hard knocks and short dinners and gray streaks in his hair; and your mother—oh, my boy, you will never know! You have cost her days and nights of anxiety, and wrinkles in her dear face, and heartaches and sacrifice.

It has been expensive to grow you, but—

If you are what you think you are, you are worth all your cost—and much more.

Be sure of this, while father does not say much, but "Hello, son!" way down deep in his tough, staunch heart he thinks you are the finest ever, and, as for the little mother, she simply cannot keep her love and pride for you out of her eyes. You are a man now.

And some time you must step into your father's shoes. He wouldn't like you to call him old, but just the same he isn't as young as he used to be. You see, young man, he has been working pretty hard for more than twenty years to help you up, and already your mother is beginning to lean on you.

Doesn't that sober you—twenty-one?

Your father has done fairly well, but you can do better. You may not think so, but he does. He has given you a better chance than he had. In many ways you can begin where he left off. He expects a good deal from you, and that is why he has tried to make a man of you. Don't flinch, boy!

The world will try you out. It will put you to test every fibre in you, but you are made of good stuff. Once the load is fairly strapped on your shoulders, you will carry it, and scarcely feel it—if only there be the willing and cheerful mind. All hail you on the threshold.

It's high time you are beginning to pay the freight, and your back debts to your father and mother. You will pay them up, won't you, boy?

How should you pay them? By being always and everywhere a man.

Why not plant an acre of beans or an acre of potatoes and prepare to fare sumptuously every day.

NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeton, N. J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham remedies to all women as I have used them with such good results."—Mrs. MILFORD T. CUMMINGS, 322 Harmony St., Penn's Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

A Plunge Into Hostilities.

"It was a mistake for me to marry in order to keep from going into the army," remarked the man with a black eye and a lump on his forehead. "You seem to have been in some sort of action."

"It's becoming the usual thing, and they tell me that in the army a man may go month and month without seeing any real fighting."

With the Fingers! Says Corns Lift Out Without Any Pain

Soft corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply on the corn a few drops of freezone, says a Cincinnati authority. At little cost one can get a small bottle of freezone at any drug store, which will positively rid one's feet of every corn or callus without pain or soreness or the danger of infection. This new drug is an ether compound, and dries the moment it is applied and does not inflame or even irritate the surrounding skin. Just think! You can lift off your corns and calluses now without a bit of pain or soreness. If your druggist hasn't freezone he can easily get a small bottle for you from his wholesale drug house.—adv.

Psychology of Strife.

"Are we going to undertake a war of ruthlessness?" "I hope not," replied Senator Sorghum. "I've seen many a fight of one kind and another and I have never known a bad conscience to operate as anything but a handicap."

GAVE HIS CANE AWAY!

Mr. S. P. Benton, Kerrville, Texas, writes: "For several years prior to 1906 I suffered from kidney and rheumatic troubles. Was bent over and forced to use a cane. For these disorders I am glad to say I used Dodd's Kidney Pills, which proved to be the proper remedy. I am 64 years old, feel fine and once again stand as straight as an arrow. Dodd's Kidney Pills deserve great credit." Be sure and get "DODD'S," the name with the three D's for diseased, disordered, deranged kidneys; just as Mr. Benton did. No similarly named article will do.—Adv.

Early Opportunity.

"We came to this country and took the innocent red man's land away from him." "Yes," replied the man who has been having trouble with real estate; "and in some cases the innocent red man was lucky to unload just when he did."

THE BEST BEAUTY DOCTOR

AMERICAN ARMY WILL BE RAISED BY CONSCRIPTION

Fight for Administrations Draft Measure Won After Bitter Debates in House and Senate

MAJORITY IS OVERWHELMING

House Passes Bill By Vote of 397 to 24; Senate Ratifies Bill in Different Form By 81 to 8 Vote

Washington.—The American army in the war against Germany will be raised by conscription.

The fight in congress for the administration's elective draft measure was won after days of bitter debate when the house passed the bill by a vote of 397 to 24. The bill, in somewhat different form, was passed later by the senate, 81 to 8.

The house bill would draft single men between the ages of 21 and 40 years of age, with the president having authority to designate which shall be called to the colors first. The senate measure provides for conscripting single men between 21 and 27 years of age.

This difference in the provisions will make it necessary for the measure to be sent to a joint conference of house and senate members where the ages prescribed will be decided on finally.

Soldiers Pay Raised \$15 a Month.

Provisions were struck out and inserted in the bill in rapid action by the house. By unanimous vote, an amendment was included in the house bill to increase the pay of enlisted men and non-commissioned officers in the army and in the national guard by \$15 a month, making the pay of enlisted men \$30.50 a month. This would add about \$29,000,000 to the army and national guard payroll monthly, if an army of 1,000,000 men is raised.

Volunteer Amendment Loses.

In the senate the volunteer amendment by a vote of 69 to 18, and in the house it was 279 to 98, supporters of conscription marshalling a strength which surprised even administration leaders.

On a formal roll call the house rejected the volunteer army proposal by a vote of 313 to 109, an even greater majority.

Senator Hardings' amendment designed to permit Colonel Roosevelt to raise four infantry divisions (80,000 men) for service in France, was adopted by the senate, 56 to 31. Many Democrats voted for it. A similar amendment was rejected by the house.

An amendment was adopted which not only exempts all ministers from the draft but also all students at theological seminaries.

An amendment was adopted by the senate prohibiting the sale of liquor at army posts and training camps.

Under this amendment the president is authorized to prescribe further rules and regulations he considers necessary.

All Liable to Service.

Whatever the age limits fixed by congress there will be no discrimination between men within these limits, on the ground of age. Judge Advocate General Crowder of the war department has told inquiring members of congress.

It is the opinion of Gen. Crowder, that if men between 21 and 40 are finally included in the draft, President Wilson must list all men between these ages and pick by lot from all those not otherwise exempted from service, regardless of age.

Under the plan, as the judge advocate general has outlined it, each voting precinct in the country will be assigned its quota based on proportion of its population to the whole population of the nation.

All men between the prescribed ages, regardless of condition, are required to register. Then all of these names will be put in a box and drawn by a board selected for the purpose.

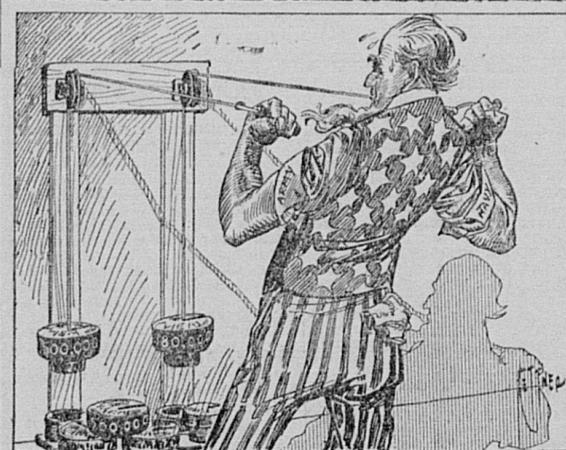

Possible Exemptions.

Under rules laid down by the war department and in accordance with the provision of the army bill, making possible exemption of men physically unfit; those needed in manufacture and agriculture at home; those with dependents, etc., the board will decide the eligibility to service of each man as he is drawn. The board will continue to draw out names until it has found the full quota of men not subject to exemption.

The fact that a man is not accepted in the first drawing does not preclude the possibility of his being called on later. For example the first drawing may exclude all married men, whereas married men may be included in a later drawing.

Saulte Ste. Marie—"Jimmy" Goldie, for 40 years the janitor in charge of the administration building at St. Mary's Falls canal, died at the Newberry State hospital. He was 84 years old.

TRAINING

USE NEW METHODS IN TRAINING ARMY

WAR DEPARTMENT TO APPLY METHODS LEARNED FROM ARMIES IN EUROPE.

FIRST CALL SEPTEMBER 1

All Eligible Men to Be Registered Soon and First Lot of 500,000 Will Start Training in Fall.

Washington—Soldiering will take on an aspect entirely new to American military science, when training of forces to be assembled under the draft bill begins at the 16 training cantonments.

Plans laid by war department officials provide for application immediately of every lesson learned from European battalions. Much of the work to be done will be new even to men recently in army instruction camps.

First Call September 1.

The department announced officially that the first 500,000 men would be called to the colors about September 1. Registration of those coming under the bill is expected to start within a month or six weeks.

The war machine will begin formation with voluntary registration of men eligible.

Slackers will be gone after later. Of the more than 7,000,000 who will register, between 600,000 and 800,000 will be drawn by the jury wheel system.

After physical, industrial and other exemptions are allowed, it is expected 500,000 will remain. These will be placed immediately in training. Equipment is expected to be ready for them at once.

For training the new army, the army war college has prepared new training manuals based on latest information from the fighting front. Supplemental regulations will cover more detailed information brought by British and French officers here as members of the war missions.

The American training system probably will follow somewhat that used in Canada, where instructors have endeavored to reproduce conditions at the front. Sections of trenches have been built at the Canadian camps duplicating important parts of the lines in France held by Canadian troops. Training in extending these works and running saps or erecting entanglements has gone on to the accompaniment of actual shell fire so as to harden the nerves of the troops.

Another training feature new to American troops will be bombing practice. Every company will have its section of grenadiers to clear the way into a disputed trench. It requires practice to perfect men in this revived art of war, and it requires practice also to teach them to act instinctively in repelling bombing parties.

1000 SURGEONS TO FRONT

Will Be Sent Within Three Months to Serve With Allied Armies.

Washington.—Plans for sending 1,000 American surgeons to Europe for service in the Allied armies were announced by the general medical board of the council of national defense. The men will be picked by the American College of Surgeons. The aim is to have them on the firing line within three months.

The offer of surgeons for the allied fronts came from the regents of the College of Surgeons and won the immediate approval of the medical board. It was inspired by Colonel Goodwin's story of difficulties Great Britain and France are having in keeping their medical ranks filled.

Escanaba—The I. Stephenson Co., of which former United States Senator Isaac Stephenson, of Marinette, Wis., is the head, has offered 200 city lots in the northern part of Escanaba for garden purposes.

ROOSEVELT CALLS THE WEST TO WAR

TWENTY THOUSAND PEOPLE HEAR COLONELS FIERY SPEECH AT CHICAGO.

MAKES 'SPEECH OF HIS LIFE'

Asks People to "Prove That Those Who Are Fit To Live Are Not Afraid To Die."

Chicago.—Fifty thousand people greeted Theodore Roosevelt as he called the middle west to war Saturday night—"to prove that those who are fit to live are not afraid to die."

Twenty thousand jammed the Stockyards auditorium, which has been the scene of many Roosevelt triumphs. Thirty thousand others filled the streets for blocks around the pavilion.

Roosevelt had heralded his Chicago war address as "the speech of his life," and Chicago—where the west begins—welcomed her idol as she never before welcomed a leader.

In one of the most stirring addresses ever heard in Chicago, he appealed for two hours to the patriotism of the nation to rally behind the president to crush the Kaiser and kaiserism, and insure the world's liberty, doomed, he said, should Prussianism triumph.

- "Put the American flag on the firing line in France, Flanders or the Balkan peninsula at the earliest possible moment and keep it there as long as the war continues"
- "over a constantly growing fighting force until the war brings victory," was the appeal delivered by Theodore Roosevelt to the people of the west in a speech in the Stockyards Pavilion at Chicago under the auspices of the National Security league.

MAYOR CALLED DISLOYAL

Citizens Make Charges Because He Declined to Invite Joffre Party.

Chicago.—On the complaint of prominent citizens that Mayor Thompson is a disloyal citizen and guilty of treasonable utterances, Chas. F. Clynne, United States district attorney, has preferred charges against the mayor. Thompson last week declared to invite the British and French envoys, now at Washington, to visit at Chicago and gave several interviews discouraging their visit.

The mayor in his interviews said he represented all the people and did not believe they wanted the French general to visit Chicago. He said a large percentage of Chicagoans were German-born and intimidated they might be offended if he officially invited the party. The mayor also denounced conscription.

\$7,000,000,000 LIBERTY LOAN

Secretary McAdoo Names Bond Issue Recently Voted by Congress.

Washington.—The tide of American gold, which is to flow into the United States treasury to be transmuted into bullets and other accoutrements of war, was officially designated by Secretary of the Treasury McAdoo as the "liberty loan of 1917."

Inasmuch as the cause of the Entente Allies and of the United States against Germany is the cause of liberty and the democratic idea as opposed to the autocracy for which the German emperor stands, Secretary McAdoo determined that the \$7,000,000,000 bond issue shall take its name from that cause.

ANOTHER FOE FOR KAISER

Guatemala, South American Republic Breaks Relations.

Washington.—Guatemala has broken off diplomatic relations with Germany, handed to the German minister his passports and canceled the exequaturs of German consuls there.

Official advices regarding the break, coming from the American legation in Guatemala City, say President Estrada Cabrera assigned as the reason for his act desire to stand with the United States in the fight for democracy and the preservation of international law.

For some time Cabrera's advisers have been urging him to take the step.

St. Louis.—A course in military training has been added to the curriculum of the public schools of this city.

East Lansing.—The farm crops department of the Michigan Agricultural college appealed to Michigan pastors to preach the gospel of food preparedness from their pulpits.

Cadillac.—Because her husband compelled her to don overalls and work on the farm to support her four small children, Mamie Lamphere was given a divorce from Wm. Lamphere.

STATE NEWS

Cadillac—More than 100 high school boys will receive credit in school work for working on farms. High school students in Manton will be released one day a week to work on gardens.

Holland—Cupid played a conspicuous role at the home of Mr. and Mrs. William Kooyers, of Crisp, when their two daughters became brides and their son became a benedict in a triple marriage ceremony.

Monroe—Specifications for improvements of 40 miles of road under contract, for which supervisors had allowed \$1,000 mlie, will be changed so that the county can get state awards which will allow \$3,400 or \$6,800 a mile. The Monroe-Toledo road is included.

Cadillac—Charles Gane, 30, and his nine-months-old daughter, Dortha, sustained fractured legs in the same hour. As the father was being brought into his home from a lumber yard, where he fell, the child slipped from her high chair to the floor, sustaining a fractured hip.

Iron Mountain—The body of an unidentified man with his throat cut, was found in the woods near Ralph, a few miles from here by Jose Shepherd, who was engaged in taking up his traps. It is believed he committed suicide. The body was tattooed from head to foot.

Mason—Mr. and Mrs. C. A. Davis narrowly escaped death when the steering gear on their auto broke and ran them into the ditch. The machine turned over and pinned them beneath it. An M. U. R. car which was passing, stopped and the passengers helped rescue the autoists.

Kalamazoo—Michigan is rapidly awakening to the necessity of more and better roads, State Highway Commissioner Frank P. Rogers told a meeting of the western district road officials, in session here. Mr. Rogers stated that last year Michigan raised approximately \$11,750,000 for highway purposes.

Jackson—Jackson Lodge of Elks voted to personally conduct the raising of five acres of potatoes this summer and give them to charity and charitable institutions. A local manufacturing concern will give its machines for use in the fields and the Elks will turn out en masse to do the hoeing.

Lansing—This home has a son enlisted in Battery A (or B). This sign will be hung in the window of every home from which a man enlists in the Michigan home guards. It is thought this will stimulate recruiting. Organization of the Michigan state troops, as the home guard has been officially designated, calls for 60 companies. These will include two artillery batteries.

Detroit—Just how hard a mule can kick was learned by Capt. Walter R. Stevens of the supply department of the 33d. Capt. Stevens was bending over to get the number on the hoof of one of the animals when the mule let drive and though the hoof missed the captain's ear by a safe margin, some mud did not. So great was the force that the bits of dirt were driven into the skin.

Port Huron—J. B. Madill fell dead while driving his automobile.

Eaton Rapids—Eaton Rapids has organized a home guard of 120 members, and drill has been commenced.

Big Rapids—Ceel Bennett, of Emerald, was kicked in the chest by an unshod horse. He landed 12 feet away.

Ann Arbor—Sixteen students have left the university for the army and navy. All are from the literary department.

Kalamazoo—The Chicago, Kalamazoo & Saginaw railroad has donated the use of land along its right-of-way here for garden purposes.

Traverse City—Seven acres of city land was donated for gardening purposes to city employees who will get a half a day off each week this summer to cultivate the gardens.

Detroit—Failure of four 35-calibre cartridges to explode saved the lives of Patrolmen Benjamin Walentowicz and Herman Frey, of the central station, when William Hewitt, a Negro highwayman, attempted to shoot both officers in his attempt to escape arrest.

Muskegon—A parade six miles long and participated in by 10,000 persons was the feature of a loyalty day celebration here. Gerritt J. Diekmann, former congressman spoke. Aliens took part in the parade and cheered wildly when bands began playing the national airs.

Bay City—Mrs. Louis Hutton, 27 years old, was seriously injured and five companions had a narrow escape from fatal injury when the new automobile in which they were driving was hit by a Detroit-Bay City Interurban car. The machine was dragged 100 feet.

Grand Rapids—Summer prices for hard coal were fixed at \$9.50 a ton and dealers say it is not improbable that they will be advanced again.

Ironwood—Gogebic county perhaps has the distinction of furnishing more recruits according to population than any other like community in the country. With the second contingent of recruits the county has given 137 men to the regular army. Gogebic county has an estimated population of 25,000 people. One recruit has been furnished by the county for every 182 of its population.

SLACKERS IN THE ALPHABET

Six Letters Do Half the Work of the Entire Twenty-Six, Is Report of Investigators.

One of the most relentless hunts for slackers that has been conducted anywhere is reported by the education division of the Russell Sage foundation. Experts of this division have been studying the comparative industry of the letters of the alphabet, and have unearthed all sorts of shirking. "There should be a law against cruelty to the alphabet," complains Dr. Leonard P. Ayres, one of the investigators, "six letters do half the work."

"Study of some thousands of type-written letters revealed the identity of the lazy letters. A typewriter company has been considering a rearrangement of its keyboard and wanted to place the really industrious letters where they would be easily accessible.

The six letters upon whose shoulders is slumped the labor of the other twenty are "a," "o," "h," "n," "e," and "t." These do half the work of the whole alphabet. "e" and "t" lead the six, doing a fourth of the alphabet's work and having presumably little time for rest or recreation. Letters like "g," "k," and "v" loaf practically all the time.

The present intention is to reward the industry of the ubiquitous six by giving them a place of high honor in the middle of the revised typewriter keyboard. "t," "h," and "n" are there already but "e" is rather remote, and "a" and "o" are out on the edge of things, barely within the scope of the typist's groping little finger.—Spokane Spokesman Review.

Giving Tone.

"There are two phonograph records missing, Bridget."

"Sure, the goat did eat 'em up today, Pat."

"Well, he wasn't feeling first rate; perhaps they'll tone him up a bit."

After celebrating the twenty-fifth anniversary of her birth the average woman's chief aim in life is not to look her age.

The answer to the Health Question often lies in a change of table drink

GREAT ACTIVITY IN GOVERNOR'S OFFICE

ENROLLED ACTS BEING SIGNED - WAR BOARD DEVISING WAYS TO RAISE MORE FOOD.

RAILROAD MAN ON STAFF

Will Handle Transportation End of Work and Expedite Shipments of Seeds and Fertilizer.

(From Our Special Correspondent.) Lansing.

Until May 10, when the legislature convenes again to take its final adjournment, the chief business connected with the law-making process of the state is centered in the office of Governor Sleeper. The enrolled acts of the house and senate are being delivered there as fast as they are signed by Lieut. Gov. Dickinson and Speaker Rice.

FEWER WOMAN WORKERS

High Wages Are Responsible for More Marriages, According to One Authority.

Difficulty in securing sufficient labor, has been one of the greatest of the many problems with which the manufacturer has been confronted during the past year and a half.

In the manufacture of many goods there are some processes in which girls are used almost entirely. Small and nimble fingers are required. Up to the influx of war orders in 1915 there was a plentiful supply of female help for factory work, but thereafter the supply became inadequate to meet the demand.

Munition plants went into the market for female workers and did not hesitate to offer higher wages than were being paid elsewhere. This lured large numbers of girls away from other factories.

Moreover, many girls who went into the factories because the family earnings were not sufficient to keep them in school or at home, are now again taking up their studies or home duties because the wages of the father have increased sufficiently.

Wasteful.

There is great hope for a boy when he develops valuable ideas of economy at the age of seven. Such a person is the youthful Tommy, who managed, the other night, to get his face extremely dirty after he had eaten his supper, and was told by his mother to wash it before he went to bed.

"But, mamma," he said, "don't you think it'd be kind o' wasteful to wash my face now?" "Wasteful? What in the world do you mean, Tommy?"

Sickness and Poverty.

The extent to which poverty in New York city is caused by sickness and its results is shown in the annual report for the fiscal year ended September 30 of the New York Association for Improving the Condition of the Poor. Out of \$156,000 spent for material relief for destitute families in their own homes, \$150,000, or approximately 96 per cent, was used for families whose "cause of need" was the sickness or death of the wage-earner.

Seeing Extenuation.

"What have you to say for yourself concerning this charge of concealed weapons?" asked the police officer. "Well," replied the man under arrest, "it shows I'm not a pacifist, anyhow."

No Alternative.

"This is a hanging case any way they fix it." "How do you mean?" "If the jury doesn't hang the prisoner, it is because his lawyer hangs the jury."

Our Beautiful Language.

"This is a great country." "Yes, with a great language. I just heard one man say of another that the only way to make him dry up was to soak him."

PAYMENT FOR GOOD BRIDGES

Deputy Minister of Highways of Ontario Advises Taxpayers to Pay for Them by Bond Issue.

No matter how good the surface of a road may be, if the bridges are weak and the culverts poor, the highway is far from satisfactory. The annual record of bridge failures under threshing machines and other heavy loads makes a long list, and the cost of repairing the annual damage to poor culverts is a large sum. In progressive communities, therefore, strong steel and concrete bridges and well built cul-

Substantial Structure.

verts are being constructed before expensive road surfacing is done, says Indiana Farmer.

This work is often paid for out of the annual tax levy for road and bridge construction, and absorbs such a large part of the funds that too little money is left for grading the surfacing. Good bridges and culverts are permanent structures, and the deputy minister of highways of Ontario, Hon. W. A. McLean, has advised the taxpayers of that province to pay for them by a bond issue where the total expenditure for the purpose is large. In such a case he suggests compiling a complete list of the bridges and culverts needed, preparing plans and estimates for their construction, and then financing the work so that its cost will be equitably distributed over a period of years rather than be concentrated on the taxpayers of a few years. Where there are few of these structures and none is expensive, the policy of paying for them out of the annual tax levy cannot be criticized. In his opinion, for it does not interfere appreciably with satisfactory progress in grading, drainage, surfacing and maintenance.

SAVE COST OF MAINTENANCE

Highways Which Cost Most at First Are Always Cheapest to Keep in Good Condition. (By R. W. GAY, Mississippi Experiment Station.) With the recently awakened interest in the cause of good roads the question of financing road building is of first importance. How road building can be paid for is not the only serious question, however, but which one of several possible methods of construction will best suit the needs of the community and give the people the best roads at as small cost as possible within the limit of the available funds.

Enthusiastic Praise For Well Known Medicine

I have sold your Swamp-Root since it was first introduced to the trade; in fact, I was the first druggist to handle it in this vicinity, and during my career as a druggist handling Swamp-Root I can assure you that it has invariably given satisfaction to my customers who have always spoken very freely in its favor. Personally I believe Swamp-Root possesses considerable merit for the complaints for which it is intended.

LONG ROADWAY OF CONCRETE

Remarkable Example of Uses of That Material in California—Cost Almost \$395,000.

Under supervision of the California state highway commission there has just been completed the longest concrete roadway in the world, a remarkable example of the uses of that material. It is a little more than three miles long, a trestle construction, and cost almost \$395,000. The trestle is 20 feet high and was built in units with a roadway 21 feet wide. It is supported on reinforced concrete piles, each weighing from three to five tons and the floor is made of "pre-cast" slabs. All the parts were put together so carefully that the completed structure is practically a monolith.

Convicts Work Georgia Roads.

Georgia employs virtually all her able-bodied male convicts in road building. In 1909 the state abandoned the old system of leasing prisoners to private contractors, and since that time an increasing number have been employed on the roads. The work has been considered very successful.

Top Dressing for Roads.

A mixture of iron fibers, sand and cement is being used experimentally in France as a top dressing for high ways.

The FLAVOR LASTS IN WRIGLEY'S. If pleasure made price its cost would be thrice! Wrigley's Spearmint, Juicy Fruit, Doublemint chewing gum.

Chew it after every meal WORMS. Wormy! that's what's the matter of 'em. Stomach and intestinal worms. Nearly as bad as diphtheria. Cost you too much to feed 'em. Look bad—'ere bad. Don't physic 'em to death. Spohn's Compound will remove the worms, improve the appetite, and tone 'em up all round and don't physic. Acts on glands and blood. Full directions with each bottle, and sold by all druggists.

GOOD BLOOD. Blood will tell. Blotches and blemishes, like murder, will out, unless the blood is kept pure. Its purity is restored and protected by the faithful use of BEECHAM'S PILLS.

ASTHMA. DR. J. D. KELLOGG'S ASTHMA REMEDY for the prompt relief of Asthma and Hay Fever. Ask your druggist for it. 25 cents and one dollar. Write for FREE SAMPLE. Northrop & Lyman Co., Inc., Buffalo, N.Y.

ECZEMA! Money back without question if HUNT'S CURE fails in the treatment of ECZEMA, RINGWORM, TETTER, or other itching skin diseases. Price 50c at druggists, or direct from Hunt's Remedies Co., Des Moines, Iowa.

METZ Le Veque-Baston Motor Sales Co. 86 Jeff Ave. STATE DISTRIBUTORS Detroit LIVE AGENTS WANTED CARS \$633

A Surprise. "The doctor has just told me," said the friendly neighbor, "that your husband cannot recover." "Oh!" shrieked the troubled wife. "Now, my dear, the question is: shall we break the news to him or let it die as a surprise to him?" Never judge a man by the patches on his clothes. Perhaps he has had to buy spring outfits for his wife and seven daughters.

Why He's Single. Miss Leftover—You are a woman-hater, I hear. Mr. Slimpurse—That is a mistake. I merely cannot afford to marry. Miss Leftover—But cannot you support a wife? Mr. Slimpurse—Oh, yes, I could support a wife easy enough, but I haven't income enough to support the two or three women she would need to wait on her!

SAYS PILE REMEDY WORTH \$100.00 A BOX

I have had itching piles ever since my earliest recollection. I am 53 years old and have suffered terribly. I have tried many remedies and doctors, but no cure. About 8 weeks ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one 25c box and consider I am cured, not feeling any return of the trouble for 6 weeks. You have my grateful heartfelt thanks, and may everyone that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. Newth, Columbus, O.

GREEN'S AUGUST FLOWER

Has a Record of 50 Years of Success

Correcting impurities in the stomach, gently acting on the bowels. Stirs up the liver and makes the despondent dyspeptic enjoy life. It is highly recommended for biliousness, indigestion, etc. Always keep a bottle of August Flower handy for the first symptom of these disorders. You may feel fine today, but how about tomorrow? Remember that "an ounce of prevention is worth a pound of cure," and that it is both painful and expensive to be sick. For sale by druggists in all parts of the civilized world in 25 and 75 cent bottles.—Adv.

Spirituelle. "Your daughter's beauty is spirituelle." "Think so?" "There is something wistful about her expression." "She gets that way just before meal time. We got corned beef and cabbage today. She likes that."

Important to Mothers. Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of Dr. J. C. Fletcher. In Use for Over 30 Years. Children Cry for Fletcher's Castoria

The oyster can hold up a weight of forty pounds before its shell will open. Greatness comes by doing great things.

Old-Time Herbal Medicine Makes Blood Pure

Hillsdale, Mich.—"A few years ago my blood got very bad. I would get sores on my neck and if I would scratch myself the least bit it would fester up and would not heal. I saw Dr. Pierce's medicines advertised and thought I would give them a trial. I took Golden Medical Discovery and Pleasant Pellets and they cured me in a short time. I have not had any trouble with my blood since, and am enjoying the best of health. I can recommend Dr. Pierce's medicines as being good."—G. C. ESHLEBY, 12 Monroe St. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free book on blood.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the most freckled have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one course is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

Kidney & Co.

(BY DR. J. H. WATSON)

The kidneys and the skin work in harmony. They're companions, the skin being the second partner. If we are anxious to keep well and preserve the vitality of the kidneys and, also, free the blood from noxious elements, we must pay special attention to a good action of the skin and to see that the kidneys are flushed so as to eliminate the poisons from the blood. Sweating, by hard work or in a bath, at least once a week, helps to keep the skin and kidneys in good condition. Flush the kidneys by drinking plenty of pure water with meals and between meals. Occasionally obtain at the drug store Anuric, double strength, which will help flush the kidneys and the intestines. You will find that Anuric is many times more active than lithia and that it dissolves uric acid as hot water does sugar.

Carter's Little Liver Pills For Constipation. A vegetable remedy that always gives prompt relief in constipation. Banishes that tired feeling altogether and puts you right over-night, stimulates the Liver gently, but quickly restoring it to full and healthy action, and the stomach and bowels to their natural functions. Making life worth living. ROSEY CHEEKS or HEALTHY COLOR indicates Iron in the Blood. Pale or colorless faces usually show its absence. A condition which will be much helped by CARTER'S IRON PILLS.

MOCK TURKEY.—Buy a fresh shoulder, get the bone removed at market, wash carefully and dry. Make a stuffing of two cups of breadcrumbs, a teaspoonful of butter or drippings and add hot water to make right consistency. Use an onion if you like. Stuff as you would a turkey, sew up and place in pan, sprinkle flour over it and three spoonfuls of celery salt. Add a pint and a half of water, baste often, same as turkey, and bake two or three hours. The celery salt gives the turkey flavor.

Beef Tibbits.—Cut with a pair of kitchen scissors bits of left over beef or veal, cover them with cold water and put on the fire to simmer slowly for ten minutes. Mix a tablespoonful of flour with the same amount of shortening, add to the meat, let come to the boiling point and pour over triangles of well browned toast.

Breast of Lamb.—About two pounds and a half of breast of lamb, boiled tender in salted water, takes about two hours or a little longer to cook. Have what vegetables you like and thicken the broth for gravy. If there should be enough meat left chop and season and mold in a small, deep dish and put a weight on it. It will cut in nice thin slices for tea.

Hungarian Goulash.—Mince half an onion, fry till yellow in a quarter of a pound of butter, add a pound of beef from sirloin or rib from which fat is removed and meat cut in dices, a wine glass of Madeira wine, half a cupful of brown stock. Cover and simmer till tender. Cut four ounces of bacon in dice and fry in four ounces of butter. Tie a teaspoonful of caraway seeds in a cloth and add. Pare and cut in dice two potatoes, cook carefully and serve all together on a very hot dish. This is a "high class" recipe. The goulash most commonly seen served has probably much less butter, perhaps drippings were used altogether and coarser cuts of meat. Instead of wine you can use jelly dissolved in water or lemon juice to taste and a dash of paprika.

HOLLIER MUSICALE FINE.

The Hollier band musicale, undoubtedly one of the best of the kind ever given in Chelsea, drew only a moderately sized audience Sunday afternoon, but those who attended were all enthusiastic listeners and were very liberal with their applause.

It was an excellent entertainment; the vocal soloists were all well received and the McDowell quintet proved to be an especially popular feature. Both of the soloists, Mrs. Andrew Weber, soprano, and Miss Marion Jayne, contralto; and the quintet, were obliged to respond to encores.

The band surpassed even the high mark of excellence established in last summer's concerts, and also responded to several encores. The band just about cleared expenses on the entertainment.

LIMA.

A number from here attended the band concert in Chelsea, Sunday afternoon.

The Lima Center Arbor of Gleaners will meet Thursday, May 3d, at the home of Mr. and Mrs. S. E. Wood. Every member is requested to be present.

Miss Mattie Wheelock spent Sunday with Miss Eva Steinbach.

CLINTON—Rev. H. A. Woodward, a Hillsdale preacher, narrowly escaped death in an auto accident last Thursday towards evening, when he lost control of the car he was driving and landed in a six-foot ditch about a half mile east of Clinton on the Chicago turnpike. His injury, however, was serious and painful, the upper jaw bone being broken entirely across the face. The injured man will be a hospital patient for some weeks and food will have to be administered through a tube through the nose, which will require all of six weeks for the patient to recover the use of his jaws.—Local.

GRASS LAKE—William Miller, who works at the Commonwealth Power house in Grass Lake seriously burned his hand last week. With his wrist resting on the edge of an iron cage, he accidentally touched a live wire and the full charge passed through his hand. Had his wrist not been resting on the iron cage, the charge would have passed through his body and probably would have killed him.—News.

TECUMSEH—Tuesday Mrs. Lee McConnell met with quite a serious accident and is in a critical condition. She seated herself on a land roller and the horses started up and threw her to the ground, running over her, inflicting severe injuries. The wonder is that she was not instantly killed. At last reports she was doing as well as could be expected under the circumstances.—Herald.

Not Taking Chances.
"I'm not going near that restaurant again."
"Why not?"
"Some fool took my umbrella and left his in its place."
"But you might run across him."
"I don't want to. He left the best umbrella."

The Newest Models in Spring Suits

Our show room is teeming with new spring suits—and the interesting part of the showing is the consistent smartness that they portray.

Prominent among the best models are models of navy blue.

Poiret Twill, Serge, Gaberdine, Burella, Taffeta, Gros de Londres and other smart fabrics are in evidence.

The mannish, tailored modes, narrow shoulders and tight cuffs, braided and bound edges, are all represented.

Moderately Priced at From \$15 to \$35

Great Values in New Coats

We are pleased to display our excellent collection of smart coats for spring's selling—they are so very modish and so full of charm—every new feature—the huge pocket—the odd collars, deep cuffs and striking lines—all are prominent.

An inspection of these splendidly-tailored garments will convince you that they are exceptional values.

They are fashioned of wool velour, gabardine, tricotine, serge, poplin, chamoiseine and burella—and a few of silk.

All of the season's smartest colors and styles are shown.

We urge early shopping in view of the notable character of this showing.
