NORTH SYLVAN GRANGE.

North Sylvan grange will hold an evening meeting at the home of Mr. and Mrs. P. M. Broesamle on Friday evening, May 11. The program follows:

- Piano solo—Kenneth Broesamle. Roll call—Answered by jest and jollity. Song—Grange. Subject of discussion by the ladies—Is the modern woman an improvement over that of sixty years ago? Recitation—Allen Foster. Piano and violin duet—Roy Kalmbach, Kenneth Broesamle. Discussion by the men—Can the farmer employ city help to advantage? Music—Grange choir.

BEANS FOR JEWELS.

The high price of beans has resulted in their being used for settings in jewelry, and at least one Chelsea man, Reuben Hieber, has had a bean mounted in a scarf-pin and is wearing it daily. Incidentally, it is interesting to note that a carload of beans shipped last week by D. C. McLaren invoiced over \$7,000, which certainly places the navy bean in the semi-precious jewel class.

BAY VIEWERS MAY JOIN STATE FEDERATION

President of State Woman's Clubs Here Last Evening.

At a meeting held last evening at the home of Miss Jessie Everett, Mrs. Florence Bulson of Jackson addressed the members of the Bay View club on the question of the "Federation of State Woman's Clubs." Mrs. Bulson is president of the state federation and said in part:

Better and more systematic work can be accomplished when all are working to some definite aim. This world is too full of vital questions for any one club to be exclusively a culture club. We have outgrown that. Dr. Wylie said: "Had it not been for the women's clubs we would never had the pure food law." In every community there are problems of civic improvement, education and amusements that need betterment. Your club can take these problems one by one and accomplish something.

At the close of the talk the club voted ten dollars to be given to the Red Cross work.

LANSING MAN'S NEW REO CAR FOUND HERE

Purchased Saturday Morning at Nine O'clock; Stolen Same Evening; Found Here Sunday.

Faye Dunning of Lansing purchased a brand new six-cylindered, seven passenger Reo motor-car Saturday morning about nine o'clock. Eleven hours later the car was stolen from a downtown street in the capitol city. The car was found in Chelsea, Sunday, where it had been abandoned some time during the night in front of Gottlob Hieber's residence on South Main street.

Residents in that vicinity noted the fine new car early Sunday, but supposed it was stalled and that some one would call for it later. At noon the car was still there and so the officers were notified.

Officer Howard Brooks telephoned the Lansing chief of police and the ownership of the car was soon settled. Mr. Dunning and son arrived in Chelsea on the 5:45 p. m. interurban car and claimed their property. The car was practically uninjured and its owners drove it home the same evening.

LIKED ALL HIGH CLUB.

The All High Club of St. Mary's academy, Chelsea, gave a very pleasing entertainment at the opera house, Tuesday evening, when they presented the play, The Dear Boy Graduates. The members of the cast all took their parts very finely and the fact that the audience was small did not lessen in any way the excellence of their work, which was fine in every particular and a credit to both the club and the school. Musical numbers, both vocal and instrumental, were rendered between the acts by members of the club, and the entire entertainment was well received and thoroughly enjoyed.—Dexter leader.

COUNCIL PROCEEDINGS (Official)

Council Rooms, Chelsea, May 7, 1917.

Council met in regular session. Meeting called to order by President Lehman. Present—Trustees Dancer, Hirth, Frymuth and Meyer. Absent—Palmer, Eppler. Minutes of the previous regular meeting, April 16, read and approved.

The following bills were read by the clerk:

- General Fund. H. E. Cooper, 1/2 mo. salary \$ 32.00 H. D. Armstrong, insurance 55.00 L. T. Freeman, 10 fumigators 2.50 Howard Brooks, 18 men Holmes & Walker fire 18.00 Street Fund. Gil. Martin, 172 hrs. @ .20 \$ 34.40 G. Beckers, 3 weeks 30.00 Wm. Wolff, 70 hrs. @ .50 35.00 G. W. Berry, 6 brooms 6.00 Electric Light & Water Fund. Electric Light and Water Works Commission \$1000.00 Moved by Frymuth, supported by Hirth, that the bills be allowed as read and orders drawn for same. Yeas—Dancer, Hirth, Frymuth, Meyer. Nays—None. Carried. Moved by Hirth, supported by Dancer, that the Electric Light & Water Works commission be instructed to extend the water mains from the nearest point in the present system to the site of the Chelsea Steel Ball company on Hayes street. Yeas—Dancer, Hirth, Frymuth, Meyer. Nays—None. Carried. Moved by Dancer, supported by Frymuth, that the Electric Light & Water Works Commission be instructed to extend the water mains from the nearest point in the present system to the site of the Chelsea Steel Ball company on Hayes street. WARREN R. DANIELS, Clerk.

CLAIRE ROWE BREAKS POLE VAULT RECORD

Chelsea High School Lad is Star Athlete at Kalamazoo Track Meet.

Claire Rowe of Lyndon, a student at the Chelsea high school, covered himself and incidentally his school with glory Saturday when he shattered the pole vault record at the Kalamazoo college interscholastic track field meet. The Lyndon lad's height was 10 feet and 8 inches. The previous record, made by Workman of Plainwell in 1915, was 9 feet and 10 inches. Rowe's performance was easily the big feature of the meet.

A remarkable part of Rowe's achievement is that it is entirely the result of his own effort and practical without the support of his fellow students. He has practised faithfully and made the trip to Kalamazoo alone. There were no friendly spectators to cheer and encourage him to do his best, but he had confidence in himself and his surprising performance at Kalamazoo stands out as a shining example of what ability coupled with a liberal amount of "stick-to-it-iveness" can accomplish.

NEIGHBORHOOD BREVITIES

Interesting Items Clipped and Culled From Our Exchanges.

GRASS LAKE—Two new garages will built here this spring. Cook & Hickman will build near the D. J. & C. tracks and Maurer Bros. on lots west of the electric light plant.

SALINE—Through the kindness and generosity of Mrs. William H. Davenport of this village, the Saline Library association is to have a beautiful and modern new building to take the place of the building which has been the home of the library for about 14 years, or since a few months after its organization. Mrs. Davenport was also the donor of the present library building.—Observer.

BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."
—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

Do you ever have the "blues"?

That discouraged feeling often comes from a disordered stomach, or an inactive liver. Get your digestion in shape and the bile acting properly—then the "blues" will disappear. You will soon be cheerful, if you take

EXPLAINS METHODS OF OPERATION OF ARMY DRAFT LAW

EXPLICIT INSTRUCTIONS FOR THE GUIDANCE OF THOSE HAVING MATTER IN CHARGE.

COUNTY OFFICIALS TO ACT

Their Duties Designated, With the Governors of Each State Placed at the Head of All Registration Machinery—Voting Places to Be Used as Centers of Gatherings.

Washington.—To facilitate the work of raising the military forces called for by the army draft law, now in effect, the war department has issued the following letter of instruction, by which all officials connected with the duty will be governed:

The approval of the new national army bill and the president's proclamation thereunder have been coincident. All persons within the age limits prescribed are required to present themselves for registration at the customary voting places in the voting precincts in which they have their permanent homes, on a day which the president will announce.

There was a time in the country's history when military enumerators, backed by bayonets, went out among the people to take a compulsory service census. Today, under the principle of universal liability to service, the execution of the law is put into the hands of the people.

The governor of each state is the chief of registration therein. The machinery of registration in each county is in charge of the sheriff, the county clerk, and the county physician, acting ex officio, unless a different board shall be announced by the governor. In cities containing populations of more than 30,000, the registration will be under the control of the mayor and selected boards of registration. In order that the designated county and city officials, and the people generally, can get a clear understanding of the census methods the following brief outline is given:

The sheriffs, or other designated officials, immediately upon receiving notice from the governor, shall appoint registrars for each voting precinct.

Apportionment of Registrars.
The proportion of registrars shall be one for each 170 persons to be registered. Each age to be registered will comprise about 1 per cent of the population.

If, for instance, all men between nineteen and twenty-five years of age, inclusive, are to be registered, the registrar would have to enroll about 7 per cent of the precinct population.

It is desirable to accept the services of competent volunteer registrars to serve without compensation. All registrars must be sworn.
The voting place in each precinct must be prepared for registration. Full printed instructions covering every detail of registration will be in the hands of sheriffs and mayors on the fifth day after the president's proclamation.

Cities of Over 30,000 Population.
The mayor of a city containing more than 30,000 inhabitants, or the officials designated by the governor therein, shall, with approval of the governor, appoint for each ward or convenient minor subdivision containing about 30,000 people one registration board, and shall designate one officer of each board to perform duties similar to those imposed on the sheriff, as heretofore outlined. If the mayor desires, he may appoint a central board to coordinate the work of minor boards.

Duties of County Clerks, and of Clerks of Cities of Over 30,000 People.

On the fifth day after the president has issued his proclamation, clerks of counties and cities of over 30,000 must secure a supply of blanks and copies of the registration regulations from the sheriff or from the mayor. Absentees and the sick will apply to such clerks to have their registration cards filled out. In no case shall such persons be given registration certificates. They are to be instructed by the clerk that the burden is on them to see to it that the cards reach the registrars of their home precincts by registration day.

Absentees and the Sick.
Persons absent from their home counties may be registered by mail. If so absent, a man should go to the clerk of the county where he may be staying, on the sixth day after the date of the president's proclamation. If he is in a city of over 30,000 population, the city clerk is the official to whom to apply. The absentee will be told how to register, but he must mail his card in time to reach his precinct by registration day.

Persons too sick to present themselves for registration must send a competent person to the county or city clerk on the sixth day after the is-

CONTROL OF FOOD SUPPLIES

Measure Introduced in Congress to Give President Full Authority in the Matter.

Washington.—Governmental control of food, fuel, clothing and other necessities of life is contemplated in a bill which Representative Lever introduced. The measure has administrative support.
The bill would bring every agency connected with the food supply under

GOVERNOR SLEEPER IS BUSY EXECUTIVE

EVERY MINUTE TAKEN UP BY CONSIDERATION OF LAWS AND WAR PROGRAM.

BUSIEST SINCE CIVIL WAR

Frequent Conferences Are Being Held With the View to Increase Crops By Increasing Acreage.

(From Our Special Correspondent)

Between the work of caring for the enrolled bills and giving consideration to each one in its turn, and the task of keeping up the military and food, preparedness programs, Governor Sleeper is the busiest chief executive the state has had since the days of Civil war. The adjournment of the legislature brings him no rest, owing to the war conditions and the necessity of creating ways and means to prepare the state to go through war developments.

BANKS ASKED TO CO-OPERATE

Secretary Authorizes Financial Institutions to Receive Subscriptions for the Bond Offerings.

Washington.—Secretary McAdoo telegraphed the entire list of 27,513 national and state banks and trust companies in the United States, authorizing them to receive subscriptions for the \$2,000,000,000 bond offering, enlisting their co-operation, and requesting them to telegraph a rough estimate of the amount of bonds each would take for itself and its patrons.

"You can render an invaluable service to your country," Mr. McAdoo told the banks, "by receiving subscriptions and co-operating with the federal reserve bank in your district."

Loan Subscriptions Pour In.
To all clearing house associations in the country Mr. McAdoo sent a telegram in which he said:

"The amount of the initial loan has been determined by the needs of the government and not arbitrarily. The enthusiastic and patriotic co-operation of the banks and bankers of the country will guarantee the success of the undertaking."

The result of the first announcement of the loan has been a deluge of subscriptions, aggregating many millions. Most of these came in by wire to the treasury. Virtually every large city and every state in the Union was represented.

Lend \$100,000,000 to Italy.

Negotiations continued today with representatives of the nations to which the United States is extending credit. Count di Cellere, the Italian ambassador, received the full amount of the first \$100,000,000 loan made by this government to Italy.

Subscriptions to the second offering of treasury certificates were received during the day by the federal reserve banks. Indications are that the secretary will call for the proceeds within a week, possibly a few days.

The \$100,000,000 loan to France will be turned over to Ambassador Jusserand, in whole or part, within a day or so.

MAY CENTER IN WASHINGTON

Probability That One Committee Will Purchase All Supplies Needed by the Allied Countries.

Washington.—Creation of a central purchasing committee in Washington for all supplies bought in the United States for the allied governments was forecast here by Sir Hardman Lever, financial expert of the British war mission. The committee will supplant J. P. Morgan & Co.

Discussing the world financial situation, the British expert expressed the opinion that Germany will be practically bankrupt in the credit markets after the war.

"Our enemies," he said, "for all their boasted efficiency, have never had the courage to face their financial problems, with the result that when the war is over they will be hard put to it."

The Teutonic governments having pyramided one internal loan upon another, he explained, their interest charges would be so great that he believed they would either have to repudiate a large part of their debt or face inability to buy the enormous quantities of material they would need for reconstruction.

The allies, he added, had paid their way in the war "by the straightforward and natural means, by pouring out their gold, by selling enormous masses of American securities, by raising loans." As a result, he predicted that the end of the war would find the allies in good shape financially, despite their enormous permanent debts.

Another U. S. Ship Sunk.

Washington, May 4.—The American sailing vessel Willard Abrahams was sunk off the Irish coast, the crew of six being rescued, according to a message received by the state department.

control of the president. This will include stimulation of production, prevention of waste, regulation of distribution, prohibition of hoarding and elimination of speculation.

The president would have authority to direct shipments of foodstuffs into markets where needed most. He would also have power to requisition factories, mines and other establishments. The bill contains a clause to prevent flooding of the American market by importations, so these articles will not compete with American products.

As a result, he predicted that the end of the war would find the allies in good shape financially, despite their enormous permanent debts.

Another U. S. Ship Sunk.

Washington, May 4.—The American sailing vessel Willard Abrahams was sunk off the Irish coast, the crew of six being rescued, according to a message received by the state department.

control of the president. This will include stimulation of production, prevention of waste, regulation of distribution, prohibition of hoarding and elimination of speculation.

The president would have authority to direct shipments of foodstuffs into markets where needed most. He would also have power to requisition factories, mines and other establishments. The bill contains a clause to prevent flooding of the American market by importations, so these articles will not compete with American products.

TO THE MAN WITH THE HOE

ARMY WILL NOT BE TRAINED IN STATE

WAR DEPARTMENT DECLINES OFFER OF MICHIGAN DELEGATION.

WILL SEND TROOPS SOUTH

Department Officials Say Grayling Field Will Be Used Only for Mobilization.

Washington.—National Guard and drafted troops will be trained in specially prepared camps in the south, according to present plans of the war department.

Under the new army bill every man of the Michigan National Guard, now in the federal service, under present plans, will be called to arms.

The guard men first will mobilize at company headquarters. There they will remain 10 days while efforts are made to recruit companies to full strength. Then they will leave the state mobilization camp and later the divisions will mobilize for training in the south.

The war department plans to create 16 mobilization camps in the United States, Michigan and Wisconsin will constitute one division.

In each of the 16 military districts, fixed by law, one army division will be raised, each to consist of 40,000 men. These will be divided into nine regiments and companies of cavalry, artillery, engineers and hospital and signal corps.

Army officials told representatives of the Michigan war commission the entire drafted army of 1,000,000 men, expected to be in the field by September 1, will be rushed south to training camps.

Acting Governor Sleeper, Attorney General Grosbeck, Major Roy S. Vandercook, John S. Haggerty and Charles Webb offered Camp Ferris, the Grayling National Guard training grounds, to the war department. Michigan, they said, is ready to equip the grounds for a training camp. The offer was declined. Department officials said the Grayling field would be in use for only a few days before the men will be sent south.

All the cavalry in the National Guard and that raised by drafting probably will be sent to service on the Mexican border, the war department having decided the cost of keeping up horses in Europe not compensatory to their use.

GUARD 222,000 MEN SHORT

Are At Less Than One-third Their Required War Strength.

Washington.—State National Guard organizations which have not yet been mustered into the federal service are at less than one-third their required war strength, the bureau of military affairs of the war department announced. This fact became known following a survey by the bureau of every National Guard organization in the country. About 222,000 more men will be needed to put them on a war footing.

The bureau received reports showing a widespread lack of officers as well as men.
The National Guard which had not come into the federal service May 1 contained a total of 4,928 officers and 107,219 enlisted men, according to reports from all states except Indiana, Illinois and Texas. The reports do not include the National Guard troops that have been mustered into the federal service and are now on duty.

Durand—Thieves by going around the front yard stole five bushels of beans from H. E. Beatty, farmer, who was sitting on a log behind his barn with a shotgun guarding his granary.

Port Huron—To assist citizens to purchase government war bonds without working a hardship on themselves, a local bank has offered to purchase any number of bonds of \$50 denomination and hold them until the price is paid into the bank at the rate of \$1 a week on each bond.

OFFERS TO RAISE 180,000 MEN

Roosevelt Army Ready in 6 Weeks if Offer Is Accepted.

New York—Colonel Roosevelt to date has enrolled 180,000 men, exclusive of officers, all of them exempted from conscription. He is prepared to send the first detachment to Europe within six weeks from the day the necessary authorization is issued from Washington. If necessary, the entire cost of mobilizing and equipping these men can be met from private funds.

For the purpose of raising and sending troops to France, an unlimited amount of money is available, offers to date ranging from small individual contributions to one from a group of capitalists in a southern city, pledging any sum up to \$1,000,000.

In any command that he may be permitted to raise, Colonel Roosevelt has no desire for higher rank than that of the junior brigadier, the other brigadiers as well as the major general commanding to come from the regular army. From the regular army would also come the colonels of the volunteer regiments and many of the staff officers.

The colonel has let it become known that his idea would be to raise two divisions of three brigades each, brigade to consist of one regiment of men from the regular army and two to be recruited from the army of men who have asked to be allowed to accompany him.

If, however, the war department should think it well to raise an army corps from among men not affected by the conscription law, he is prepared to supply them from the lists of those now enrolled.

Michigan, which has been described as a pacifist section, is very much interested in the Roosevelt program. Representative Roy O. Woodruff being engaged in raising two regiments while not busy in Washington, and Brigadier-General Robert J. Bates, of Sault Ste. Marie, has promised a regiment from that part of the state.

Michigan's contingent, it is planned, will be made up of three regiments and a battalion.

NEGROES IN CUBA REBEL

Refugees Report Property of Whites Is Being Destroyed.

New York—Charges that Cuban Negro rebels are burning and pillaging the homes and properties of Americans and other foreigners in the districts of Palmarito, Bayate and Miranda, Oriente province, were made by 24 American and British refugees who arrived here.

They predicted that there will be a massacre of the white residents remaining unless the United States intervenes, and asserted the Cuban government is powerless to cope with the situation. Most of the refugees escaped with only the clothes they wore. The accusations were substantiated by an appeal for aid signed by 116 Americans remaining in the territory occupied by the rebels.

DOCTORS GO TO FRANCE

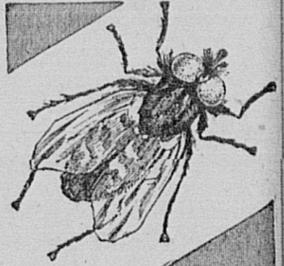

Ten Physicians From State Will Be Sent to Battlefields.

Detroit—Lieutenant Colonel Angus McLean, director of Harper base hospital unit No. 17, has selected the 10 physicians from Michigan to go to the battlefields in France—sometime in June. The exact date is to be decided later by the war department.

The doctors chosen are: Dr. Ernest N. Dolmen, Nelson A. Myll, H. A. Sullivan, Hampton Pharr Cushman, J. B. Seeley, Charles M. McLean, all of Detroit; Henry Cooper, Port Huron; Mark Marshall, Ann Arbor; Geo. H. Waters, Memphis; William H. Honor, Wyandotte.

Standish—The Sterling schoolhouse near here was burned with all its contents. The loss is \$7,000.

East Lansing—To the farmer who wants to know what to plant to produce the greatest possible amount of food to the acre, the Michigan Agricultural college is saying "grow corn." "Corn," according to the college, "will in those districts where soil and climate are adapted to it, produce more food per acre for both human beings and livestock than anything else that could be sown."

Government Issues Warning Against Fly Poisons

Following is an extract from "The Transmission of Disease by Flies," Supplement No. 29 to the Public Health Reports, April, 1916.

"Of other fly poisons mentioned, mention should be made, merely for a purpose of condemnation, of those composed of arsenic. Fatal cases of poisoning of children through the use of such compounds are far too frequent, and owing to the resemblance of arsenical poisoning to summer diarrhea and cholera infantum, it is believed that the cases reported do not, by any means, comprise the total. Arsenical fly-destrating devices must be rated as extremely dangerous, and should never be used, even if other measures are not at hand."

100 fly poisoning cases have been reported by the press within the last three years. As stated above this number is but a fraction of the real number. Protect your children by using the safe, efficient, non-poisonous fly catcher

The O. & W. Thum Company GRAND RAPIDS MICHIGAN

WAR ON INSECT PERIL NEXT

Extirpation of Winged and Creeping Enemies of Mankind Held to Be of Vital Importance.

A writer in an English journal has suggested that the next great war will be between man and the insect world. "This war would be waged not only on insects that actually attack man himself, but also on all those winged or creeping things that are his enemies in less direct ways—those species that, to use the writer's phrase, "exist at the expense of human progress and happiness."

We all shudder with horror at the thought of a scorpion or of a centipede, although few of us ever see one of them, but we do not shudder enough at the thought of the millions of untold disgusting things that are putting up with all the time. Perhaps it is unfortunate for us that many of these harmful, and even death-dealing, insects are very small. If they were as large as they are bad we should soon rid ourselves of them. When we see the housefly or the mosquito hugely magnified we realize at once that, compared with them structurally, the tiger is a charming and beautiful thing; but we go away and forget the magnified picture and submit to the original of it.

The death toll that vermin have caused in the present war so enforced its lesson that the world has roused itself to clean things up. The knowledge that certain insects were disgusting and unclean did not seem to be sufficient reason for action, but the knowledge that these same insects are quite as dangerous as so many bullets is a strong argument.—Youth's Companion.

Diplomacy.

"I overheard Miss Olden ask you to guess her age. Did you?"
"Yes, but I didn't tell her what I guessed."—Puck.

WAR IS ROUGH ON MEN'S TROUSERS

Chicago.—Because girls find it more profitable to work in munitions factories than in garment shops the prices of men's trousers will be raised.

Delegates to the annual convention of the United National Clothiers' association here declared that the munitions industry has taken from them all their experienced help and that they will be compelled to raise prices of garments because of the added cost of making them.

HOLDS OFF POLICE WITH HOT POKERS

Insane Man Keeps Big Squad of Policemen at Bay for Hours.

Tonawanda, N. Y.—John F. Parks of 117 William street, a former North Tonawanda policeman, who was taken to the Buffalo State hospital, held a squad of policemen at bay for several hours before he surrendered. His weapons were two red-hot stove poker. The officers were forced to draw their revolvers to check the madman's attack.

Parks was examined by Dr. W. W. Britt and Dr. H. M. Edmonds about a week ago. While the officers were making out the commitment papers, Parks walked out of the police station. When the police went to his house after him, he armed himself with a carving knife and threatened to defend himself with it should an attempt be made to take him by force. The po-

STATE NEWS

Marine City—Chas. Baker received a fractured skull and other injuries and Bert Lozen and John B. Sherkey, all of Fair Haven, received severe bruises when an automobile went into a ditch.

Port Huron—Flags on the Northern Navigation Co.'s ships flew at half mast in respect to the memory of Sergt. C. O. Fuller, formerly a purser for the company, who was killed in France.

Port Huron—Ferry traffic between here and Sarnia has fallen off 40 per cent since the new immigration law became effective. The service may be stopped altogether if business does not improve.

Alma—Alma citizens sent a telegram to Theodore Roosevelt offering a regiment of 1,200 men and the Republic band of 75 pieces for his overseas division. Women students at Alma college have offered their services to the Red Cross.

Lansing—Temporary barracks and stables are under construction on a 90-acre tract of land at East Lansing for the constabulary force which will take the place of the Michigan National Guard when that body is ordered out of the state. The constabulary force will be quartered here during the war.

Cadillac—Western Michigan will produce from 50 to 100 per cent more foodstuffs this year than ever before. This was announced at the meeting of representatives from counties of the section called by the state preparedness board. Reports from each locality showed a willingness on the part of bankers and business men to back the farmers.

Saginaw—Bread has gone to eight and 15 cents a loaf.

Adrian—A campaign to increase the Red Cross membership in Lenawee county is on.

Plainwell—Mrs. Adalene Trowbridge Chambers of this place celebrated the 10th anniversary of her birth.

Monroe—Work of grading the northern portion of the Dixie highway has commenced near Oldport, six miles north of here.

Charlotte—The booster club has wired Rep. Smith urging legislation to prohibit manufacture and sale of liquor during the war.

Escanaba—Prohibition and "more daylight" were urged as war measures at a conference of upper peninsula business men bankers and farmers here.

Escanaba—A recruiting officer, after singing "Die Wacht am Rhein" in a German home here, received five German recruits for the United States army.

Grand Rapids—Eighth grade diploma will be denied all Kent county students who do not know the words of the "Star-Spangled Banner" and "America."

Romulus—W. W. Wilsey, of Romulus, was one of seven Americans, including two Michigan men, who were killed during the first day of the battle at Vimy ridge in the European war. Wilsey's parents and one brother live here.

East Lansing—Ralph Henning, of Port Huron, captain of the M. A. C. foot ball team last fall; Maj. James Rasbeck and Maj. B. M. McClure, of the cadet regiment, are the first students at the agricultural college to join the colors. They left last week for Washington to enroll in the Dowd army and military school, preparatory to getting commissions. All are seniors.

Manistee—This city and county, through the Home Guards, are taking an intensive census of men and materials which will be forwarded to state and federal war authorities. The Manistee Council of National Defense is directing the work which is financed by the Board of Commerce. Acreage of all crops, needs for local consumption, amount of fuel needed, number of persons of military training, number of arms, ammunition and vehicles in county are among the things which will be tabulated. Individuals will also be indexed for war duty.

Detroit—Detroit will solve the food problem by sale of produce from 20,000 Michigan farms in 82 counties direct to the consumers, if a plan presented to Mayor Marx by the Michigan state grange is put into effect. Representatives of the grange laid before the mayor a plan to conduct a public market in Detroit, without profit to the grange, and asked only for buildings for the storage and sale of produce, which would include garden stuff, poultry, butter, eggs, and all other farm products. Grange representative declared that such a market would mean more profit for producers and a saving for the public of 12 cents on the dollar.

Marquette—Because his initials—W. A. R.—spelled "war" Wallace Arthur Rowell signed up and is now at Jefferson Barracks. Mr. Rowell is a former Beloit college football and baseball star.

Houghton—Timothy O'Shea, the oldest miner in the employ of the Calumet & Hecla Mining Co., and whose 51 years of service beneath the surface of the earth since 1856 has made him the best-known miner in Clover land, is dead after two weeks' illness developing from a cold contracted while going to church.

PUT ONE OVER ON CRITICS

Letter by Mark Twain Tells Why He Insisted on Publishing "Joan of Arc" Anonymously.

A letter by Mark Twain has recently been brought to light by Harper & Bros. In the letter Mr. Clemens tells how he came to publish his book, "Joan of Arc," anonymously. Before its serial publication began the thought occurred to him that as he had always written humorous matter, the critics and the public would insist on looking for humor in this story if the name "Mark Twain" were attached, whereas he wished to produce a serious work. He continues:

"Convinced of this, I called on the Harpers and gave them my views of the case. We wrangled it over for hours, but in the end I had my way and they consented reluctantly to publish the story anonymously. Well, pretty much everybody is familiar with what followed. I got the verdict. The critics nearly worried themselves into nervous prostration, and maybe I didn't get my revenge! I let them speculate and chatter for nearly two years as to the authorship of the 'Personal Recollections of Joan of Arc' before I printed a card in Harper's informing them that Mark Twain had written it."

A Heavenly Dennybrook Fair. This Irishman on Sunday heard a clergyman preach on the judgment day. The priest told of the hour when the trumpet shall blow and all peoples of all climes and all ages shall be gathered before the Seat of God to be judged according to their deeds done in the flesh. After the sermon he sought out the pastor and he said, "Father, I want to ask you a few questions touching on what you preached about today. Do you really think that on the judgment day everybody will be there?"

The priest said: "That is my understanding."
 "Will Cain and Abel be there?"
 "Undoubtedly."
 "And David and Goliath—will they both be there?"
 "That is my information and belief."
 "And Brain Bora and Oliver Cromwell will be there?"
 "Assuredly they will be present."
 "And the A. O. H.'s and A. P. A.'s?"
 "I am quite positive they will all be there together."
 "Father," said the parishoner, "there'll be little Judin' done the first day!"—From a speech by Irvin S. Cobb.

He Got the Soda. Our American apartment hotels did not appeal to Frank Bullen, the famous author and lecturer, judging by the trade delivered against them in his final volume of recollections.

In one of them he sought all day to obtain a soda-and-milk, but in vain. Milk there was in plenty, but no soda water.

At length he enlisted the sympathies of a junior.
 "I assumed," wrote Mr. Bullen, "that he would be as surprised as I was that soda water was not to be got in so highly civilized a place, and apparently I was right, for he responded at once with a snort of contempt for the fools, as he called them, and assured me that he would get me any milk and soda."
 "I gave him a dollar, and in less than ten minutes he returned with a jug of milk and a pound of washing soda."

Easily Accounted For. Wife—I used to like the smell of cigar smoke before we were married; but I don't now.

Hub—Well, you see, my dear, I could afford to buy quite a different brand before we were married.

No Chance to Judge. Mr. Klumbe (fishing for a compliment)—Don't you think I am very light on my feet, Miss Kutting?
 Miss Kutting—Really, I cannot tell, Mr. Klumbe. You've been on mine during this dance.

Barricaded Himself in His House.

lice obtained a court order from County Judge Laing at Buffalo, which directed that the insane man be taken to the state hospital. When Police Chief A. F. Elliott and a squad of policemen went to the Parks home the man saw them coming and barricaded himself in his home. He heated two stove poker in a coal range and then, taking them from the stove, opened the side door of his home and rushed on the policemen. They drew their revolvers and halted him. After several hours of waiting, Police Chief Elliott got Parks to consent to talk with him. Parks directed the chief to send his men away. The chief entered the house and talked with Parks, who finally put on his hat and coat and went to the station house. He was placed in a cell and later taken to the Buffalo hospital.

COLORED MAN HAD 14 WIVES

All Were White Women Averred Man Who Claimed to Be 125 Years of Age.

Middletown, N. Y.—Nicholas Vann, an old colored man, known throughout Orange and adjoining counties as Doctor Vann, was found dead in his lonely cabin, four miles from this city and half mile from the highway. He is believed to have died two weeks ago, but as very few had occasion to visit his home, his death was not discovered until parties investigated because he had not been seen in several days.

Vann achieved considerable notoriety by claiming that he was one hundred and twenty-five years old. He asserted that he had been the husband of 14 wives, all of whom were white women, and are dead.

Vann recently announced he was seeking a fifteenth wife, but that he could not be induced under any circumstances to marry a colored woman.

Burglar Trap Kills Wife. Clarksburg, W. Va.—Returning home unexpectedly from Dawson, Pa., where she had been visiting, Mrs. Albert J. Shaw opened the back door of her home in Fairmont and was instantly killed when a load from a shotgun entered her brain. Fearing burglars, her husband had fixed the gun so it would be discharged by opening of the rear door.

NOTABLES ON PRISON LIST

Caesar, Richard Wagner, Bryan, Cleveland and Washington Appear on Registry at Leavenworth.

Did Julius Caesar conceive the plan under which he later ruled Rome while serving a prison sentence at Leavenworth? Did the famous prize fighters, John L. Sullivan and Jack Johnson, prepare for the battles which won them the championship of the world while sojourning within these walls? Did Richard Wagner, the celebrated musician and composer of "Parsifal," and other great operas, find the inspirations for their masterpieces in Uncle Sam's largest prison?

Students of history may not find it recorded so. Neither do their names appear on the visitors' register of this institution, but rather on the prisoners' record of those who have been confined here, says a writer in the New Era, published at the Federal penitentiary at Leavenworth. Among the names appear many former presidents, orators, generals and musicians of note, besides that of the Roman emperor. Whether these names represent merely that many aliases of persons desirous of keeping their real identity secret, or whether the namesakes of these famous men told the truth when first registered into the institutional records, is not known, but the following entries of notable names are recorded here:

Julius Caesar, Richard Wagner, George Washington, Grover Cleveland, Robert Lee, John Adams, John Jay, Carter Harrison, William Jennings Bryan, John L. Sullivan, Jack Johnson and Stonewall Jackson.

BOSCHEE'S GERMAN SYRUP

Panacea of the Home the World Over.

Why will you allow a cold to advance in your system and thus encourage more serious maladies, such as pneumonia or lung trouble, when by the timely use of a few doses of Boschee's German Syrup you can get relief. This medicine has stood the test of fifty years. It induces a good night's sleep with easy expectoration in the morning. For sale by druggists in all parts of the civilized world in 25 and 75 cent bottles.—Adv.

Hereditary. O'Rourke—Oh, Dinns, Dinns, me heart's broke! Me boy Mike's run away and enlisted. It was the fightin' blood in him.
 McIntyre—Well, what's the use worryin', Pat? I always could yez the boy took after his mother.
 When the police arrived both were disabled.
 Being able to adjust oneself to one's position isn't all; staying adjusted takes some ability, too.
 Leather waste is an important ingredient of the best grade wallpaper.

Canadian Farmers Profit From Wheat

The war's devastation of European crops has caused an unusual demand for grain from the American Continent. The people of the world must be fed and wheat near \$2 a bushel offers great profits to the farmer. Canada's invitation is therefore especially attractive. She wants settlers to make money and happy, prosperous homes for themselves by helping her raise immense wheat crops. Wonderful crops also of Oats, Barley and Flax.

Mixed farming as profitable an industry as grain raising. The excellent grasses full of nutrition are the only food required for beef or dairy purposes. Good schools, churches, markets convenient, climate excellent.
 There is an extra demand for farm labor to replace the many young men who have volunteered for the war. The Government is urging farmers to put extra acreage into grain. Write for literature and particulars as to reduced railway rates to Dept. of Immigration, Ottawa, Canada.

Is Your Back Stiff, Lame and Achy?

Do Weak Kidneys Keep You Sick, Tired and All Worn Out?

IF YOU have a constant, dull ache, or sharp pains whenever you bend or twist your back, and the kidney secretions seem disordered, too, don't waste time plastering or rubbing the bad back. It's likely that the cause is kidney weakness, and delay in treating the kidneys may invite uric acid poisoning, gravel, dropsy or fatal Bright's disease.

Get Doan's Kidney Pills, a special remedy for weak kidneys, used around the world and publicly recommended by 50,000 people in the U. S. A.

Personal Reports of Real Cases

DOAN'S MADE HIM WELL.
 Ambrose Hatfield, Brook St., Eaton Rapids, Mich., says: "When I was twenty-five years old, I began to suffer from rheumatic pains and as I grew older, the trouble got worse. I became weak, nervous and discouraged and didn't know what to do, as the best doctors were unable to help me. My kidneys were badly affected and the secretions burned terribly in passage. The pains were mostly in my limbs and shoulders and often I had to be helped around. I had awful dizzy spells, too. Finally, I used Doan's Kidney Pills and they made me well, after everything else had failed."

IN GOOD HEALTH NOW.
 Mrs. Lester Brown, 418 Alice St., Flint, Mich., says: "I was helpless with kidney trouble and unable to walk without taking hold of something. For weeks, I couldn't stand and my back ached terribly. Splitting headaches came on and dizzy spells, too. I was getting worse and as the doctor's medicine didn't help me, I gave up hope. A friend urged me to try Doan's Kidney Pills and I did. Gradually the ailments left me until I was cured. Since then I have been in good health."

DOAN'S KIDNEY PILLS

50c a Box at All Stores. Foster-Milburn Co., Buffalo, N. Y., Mfg. Chemists

Luminous Radium Paint.
 A luminous compound containing radium has been developed by an American manufacturer for use in locating electric-light switches in the dark, marking watch dials, etc. In powder form the compound is of about the same fineness as ordinary talcum powder, and is nearly as white, says Electrical Merchandising. This powder may be mixed with adhesives or varnishes and used as a paint. The compound is also furnished in flexible sheets which can be cut and shaped as desired, and can be applied to uneven or broken surfaces. This form can be used in making self-contained brass-backed buttons to glue on electric switches already installed and for manufacturers to fit into the hard rubber portions of new switch buttons. The enamel is said to be waterproof and immune to damage from vibration, and may be applied to watch dials and indicating devices of all sorts.

Always the Way.
 "I know a man who wants to take out fifty thousand dollars' worth of life insurance."
 "You do. Who is he?"
 "A friend of mine who tried to get a thousand dollars' worth the other day and was rejected by the doctors."

Never Satisfied

WIFE DEAR I BOUGHT YOU THE MOST BEAUTIFUL EASTER HAT AND I KNOW IT MUST BE PERFECTLY CHARMING

HAT? YOU BOUGHT ME A HAT? I DON'T WANT A HAT. I WANT A REAL EASTER HAT. ONE THAT WILL BRING ATTENTION AND ILLUSTRATE THE TRIMMING OF IT!

HOW ISN'T IT GORGEOUS AND SPLENDID AND PERFECTLY CHARMING?

OH, HENRY YOU ARE SO GOOD I KNOW IT MUST BE WORTH THE PRICE!

THAT HAT DOESN'T MATCH MY HAIR!

Get Rid of Your Rheumatism.
Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief it affords is alone worth many times its cost.—Adv.

BE LOYAL TO YOUR COUNTRY.

Now that we have taken the plunge, there is but one thing for a loyal citizen of this country to do—stand firmly by his country, whether it be native or adopted. The man who does otherwise is not true either to himself or to the land that shelters, feeds and clothes him.

There should be more public gatherings in a community like this for the purpose of instilling these facts into the minds of the entire citizenship.

There were many who honestly thought we should not go to war with Germany. But the great majority of American people thought otherwise. So did the president and the congress. Each was clearly entitled to his individual opinion until such time as the matter was definitely settled one way or the other. But with war actually in existence, with our armies hurrying into the field, with our navy making preparations to sweep the seas, with our young men rushing to the colors, there can be but one path for us to tread—absolute loyalty to our country.

Whatever our beliefs have been in the past, our country now is at war, and we must support it with our every drop of blood and our every dollar. Those who think that it will only be a bluff at war—merely the assembling of an army that will drill for a few months and then go home—will be woefully mistaken.

The United States was both loath and slow to draw the sword, but once drawn it will never be sheathed until victory is complete and our enemy is no longer able to do us harm.

PECULIAR EXPLOSION

Tomato Can Wrecked Stockbridge Man's Stove; Another Uses Kerosene.

E. H. Applegate, a Stockbridge merchant, is shy of tomato cans as the result of a recent experience at his store. He threw a can of spoiled tomatoes into his heating stove. Shortly after there was an explosion which blew the stove off the foundation, breaking it in several places.

Will McCrow, also of Stockbridge, will not try to kindle a fire with kerosene for a little while. He threw kerosene onto the coal in the furnace at the Hurst House last Friday and is nursing badly burned hands as a result.

DEXTER TOWNSHIP.

Snow and hail Sunday is the record.

John Ledwidge is building a garage.

Clyde Dixon has purchased a Ford touring car.

Ernest Hopkins has moved to his farm in Lyndon, which he purchased last year.

William Dixon has purchased a span of mules.

Mr. and Mrs. John Harper, Sr., spent Saturday and Sunday in Detroit and Royal Oak. They visited their daughter, who is in Harper hospital, Saturday.

Lee Hopkins is back home again. He will work his mother's farm hereafter.

Archie Miles and Fred Wyman have the contract to build a cottage on the farm formerly owned by Patrick Walsh, on the west shore of Silver lake.

Mr. and Mrs. Hiram Ferris entertained their niece and nephew of Dexter village over Sunday.

Frank Ray, who was staying with Charles Carrol for a few days, was taken sick Saturday morning and Charles called Dr. Wylie, but before the doctor arrived Ray died.

Samuel Wheeler lost a valuable young cow last week.

Clyde Dixon was kicked again by a horse on Friday.

Dorothy Bell, teacher in district number eight, has finished taking the government crop report and sent in her blanks.

Harrison Hadley of Lyndon was introducing a silo agent to prospective customers in this section last Saturday.

K. H. Wheeler delivered his wax-podded garden beans to Ann Arbor dealers last Saturday.

James Rivits, secretary for the Dexter Arbor of Gleaners, has sent in an order for nearly three thousand dollars worth of binder twine.

ROGERS CORNERS

Mr. and Mrs. Fred Loeffler and family and Mr. and Mrs. Emanuel Loeffler and family spent Sunday with Mr. and Mrs. George Loeffler and family.

Miss Elsie Bahnmiller of Manchester spent Sunday at her home here.

Mr. and Mrs. Lewis Geyer, son Harold, little grandson Maurice Gibson, and Mrs. Barbara Manz, spent Sunday at the home of Charles Geyer of Pittsfield.

Tribune — \$1.00-a-year

Order of Publication.

STATE OF MICHIGAN, County of Washtenaw, ss. At a session of the Probate court for said County of Washtenaw, held at the Probate Office in the City of Ann Arbor, on the 13th day of April, in the year one thousand nine hundred and seventeen.

Present, Emory E. Leland, Judge of Probate.

In the matter of the estate of Mattie Christine Knoll, deceased.

On reading and filing the duly verified petition of Elizabeth Gilbert, daughter, praying that administration of said estate may be granted to Homer H. Boyd or some other suitable person, and that appraisers and commissioners be appointed.

It is ordered, that the 9th day of May next, at ten o'clock in the forenoon, at said Probate Office, be appointed for hearing said petition.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Chelsea Tribune, a newspaper printed and circulated in said County of Washtenaw.

Emory E. Leland
Judge of Probate

GLASGOW BROTHERS

"Noted For Selling Good Goods Cheap." JACKSON, MICHIGAN

Apparel for Older Children Given Special Prominence This Week

OUR Children's Department is now filled with the prettiest Spring and Summer Garments for girls from 4 to 16 years old. The stocks are very broad and are so comprehensive that you may find here the simple play dress or the fancy dress for functions. Just now stocks are at their height of completeness.

CHILDREN'S DRESSES
Gingham dresses, also percales, in all the new color combinations as well as plaids and stripes in all the popular styles with high waist line. Middy dress styles, etc. The prices range from 59c to \$5.

Girls' white dresses for class day and graduation, in organadies, voiles, and net, pretty new styles this spring, at from \$7.50 to \$15.00

Girls' separate skirts to wear with middies, in plain white, shown at \$1.25.

Children's Middies in plain white, stripes and white with rose, green, blue and pink trimmings, prices range from 50c up.

CHILDREN'S APRONS
Cunning little aprons—bib style with sleeves—stamped on white linene with Mother Goose designs—bound in pink or blue, special at 29c.

Ready-made slipon aprons in pink or blue chambray, stamped to embroider, 59c.

CHILDREN'S COATS
A broad stock of summer coats are here from which to choose—these come in wool and silks.

We carry in these sections complete lines of Children's Undermislin, bloomers, underwaists, at popular prices.

In our Corset Sections may be found complete stocks of FERRIS WAISTS for girls. Particular attention is given to the correct fitting of these.

Bows for Baby Made Free of Charge This Week
Bows and rosettes will be made up free of charge from ribbons purchased this week. We

have a work shop established particularly to carry out your ideas.

Narrow Laces for Baby dresses in the prettiest and finest patterns at the yard, 3c, 5c and 10c.

Baby soap, made especially for washing babies, at the cake, 10c.

New line of Dolls in new characters will be on sale in our Toy Department for Baby Week.

Throughout the Entire Store There Are Items of Interest for Babies and Children.

In the piece goods sections yard after yard of materials suitable for making babies' summer clothes is ready for the mothers to purchase.

Patterns for children's things may be found among the Butterick fashions, at the patterns counter.

In the Corset Sections are many things for children, hose supporters, stocking protectors, Kazoo suspenders, etc.

On the Third Floor may be found carpetings, rugs and draperies for the nursery.

Particularly of interest are the pretty cretonnes in nursery patterns.

In the Art Department are a world of things to be made up for children and babies. Dresses, coats, bonnets, shoes, carriage robes and we could not begin to name them all. In the book sections are books to amuse the little one; also things to them busy and out of mischief. You must visit the whole store to see all of interest for babies and children.
