IN HONOR VICINITY SOLDIER BOYS

People of Chelsea Will Give Young Men Rousing Farewell Banquet.

Citizens of Chelsea and vicinity are planning a monster banquet in honor of the young men in this vicinity who have been drafted for military service and who must soon report to training camps.

The banquet will be held Thursday evening, August 30th, at Macca-day hall. Invitations have been sent to all young men of Lyndon, Dexter, Sylvan, Lima, Sharon and Freedom townships who have been called for military duty and they are requested to meet at the Knights of Pythias hall, Chelsea, at seven o'clock, Thursday evening. Later they will march to the banquet hall proper in a body. Following the banquet, a "smoker" will be held in the K. of P. hall.

The several committees in charge of the arrangements for the banquet are as follows:

Entertainment—L. T. Freeman, J. H. Boyd, Howard S. Holmes, H. R. Schoenhals, H. D. Witherell, J. L. Fletcher.

Reception—Mr. and Mrs. Conrad Lehman, Mr. and Mrs. R. D. Walker, Mr. and Mrs. D. H. Wurster, Mr. and Mrs. J. E. McKune, Mr. and Mrs. George P. Staffan, Mr. and Mrs. A. B. Clark, Dr. and Mrs. H. W. Schmidt.

Tickets—P. G. Schaible, A. E. Winans, D. L. Rogers.

Soldiers tickets—J. T. Woods, R. D. Walker, O. T. Hoover.

Escorts—J. F. Waltrous, H. S. Holmes, C. E. Bowen, W. K. Guerin.

Tickets for the banquet will be seventy-five cents each and may be purchased from any one of the three members of the ticket committee.

MARKING AUTO ROUTES

Why Chelsea's Boulevard Lighting Posts Have Been Given Barber's Stripes.

Several of the boulevard lighting posts in the vicinity of Main and Middle streets were recently painted with blue and white stripes for the convenience of traveling automobilists. The Detroit Automobile club and associated clubs are similarly marking all the main highways in Michigan. The method being used is the painting of a distinctive band on telephone poles at all cross roads and turns.

A good start has already been made on two routes and work is under way on a third. The marking will be pushed out a fair distance on all highways first and later the roads will be completed to the final objective point.

C. E. Springer is in charge of the painting. To date he has marked Michigan avenue, through Dearborn, Wayne, Ypsilanti, Ann Arbor, Chelsea and Jackson; Grand River avenue through Redford, Farmington, Novi, New Hudson, Brighton, Howell, Fowlerville, Webberville to Lansing, and Woodward avenue is now being marked through Royal Oak, Birmingham, Pontiac, Clarkston, Grand Blanc, Flint, Bridgeport and Saginaw.

Big signs giving names of towns and cities and the distances to them have been placed at the city limits of Detroit on the main routes, including West Jefferson, Michigan, Grand River, Woodward, Gratiot, Van Dyke and Jefferson avenue east. Marking of the bands will start from these points. Different colors have been designated for each route. This is so that there will be no confusion in following a route.

Two six-inch white bands, with a colored band of 18 inches painted between is placed on the three poles nearest a cross road or turn. The colors decided on are: Jackson, Kalamazoo and Chicago, blue; Lansing and Grand Rapids, orange; Pontiac, Flint, Saginaw and Bay City, red; Toledo, green; Mt. Clemens and Port Huron, via lake shore, brown.

ANOTHER GAS BOND FAILURE.

Several Ann Arbor capitalists were caught in the northern Michigan gas bond fiasco of last winter, and now comes the announcement that many more are victims of the Southwestern gas company of Texas, which is said to have been a failure. Among the heavy losers is said to be an Ann Arbor woman who traded her home for \$7,000 in bonds, the amount representing nearly all she possessed. While it is hoped some saving may be made, the outlook is not encouraging.

DAVIDSON-PIELEMAYER.

Miss Ethel L. Davidson, daughter of Mr. and Mrs. W. S. Davidson, and Mr. Walter H. Pielemayer, son of Mr. and Mrs. W. S. Pielemayer of Lima, were quietly married Friday morning, August 24, 1917, at eight o'clock at the home of the bride's parents, 247 Washington street, Rev. P. W. Dierberger officiating. Only the immediate families of the bride and groom were present.

Following the ceremony, a wedding breakfast was served after which Mr. and Mrs. Pielemayer motored to Jackson where they took the train for Indianapolis and Free-landsville, Indiana, where they visited relatives of the groom for a few days before continuing their trip to Manhattan, Kansas, where Mr. Pielemayer is a professor of physics in the Kansas Agricultural college.

Mrs. Pielemayer is a graduate of the Chelsea high school and taught for several years in the kindergarten department of the Chelsea school. During the past two years she had taught in Grand Rapids.

NEIGHBORHOOD BREVITIES

Interesting Items Clipped and Culled From Our Exchanges.

ANN ARBOR—Christina Kirn, wife of Fred Kirn, died at her home, 408 North Main street Saturday morning, after an illness extending over ten years, during which time she was an invalid. Mrs. Kirn was a life-long member of the Zion Lutheran church and before her illness was an active member of the Ladies Aid society. She is survived by her husband and the following brothers and sisters, Charles and Henry Braun, and Mrs. Michael Stein, all of Ann Arbor township. The funeral was held from the home Monday.—Times-News.

BROOKLYN—James Oberle, a middle aged farmer living in Norvell township, three and one-half miles northeast of this village, committed suicide by hanging himself in his barn Friday. He had been hauling manure with his brother, Peter, and when the latter returned from the field and found James gone he supposed he had probably gone to the house. Later, not finding him there, a search was made and his body was found hanging in the barn where he had adjusted the noose around his neck, fastened the other end to a rafter and jumped off the hay mow.

YPSILANTI—Word was received here Monday of the death of Mrs. Helen T. Burt, of this city, Sunday night at the Pennsylvania sanitarium, Detroit. She was great commander of the Women's Benefit association in West Virginia, Kentucky and Tennessee. The funeral will be held Wednesday afternoon.

HOWELL—The seventh annual meeting of Group Seven of the Michigan Bankers' association will be held here on Labor day, Monday, September 3. The banks of the county will act as a unit in entertaining the 200, guests expected. Groupe Seven comprises the counties of Eaton, Ingham, Clinton, Genesee, Shiawassee and Livingston.

CROOKED LAKE.

G. Edwards and family from Chicago camped on the grounds near the lake, Saturday night and part of Sunday.

Henry Fillmore and wife, two sisters and father, who have been staying at the lake two months, will return to their home in Cincinnati the last of this week.

Mr. Blair and family from Eureka, Ill., returned home last Monday.

Mr. and Mrs. J. W. Powell, son and daughter, who have been camping here the past month, will return to their home in Cincinnati the last of the week.

G. A. Bennett and family from Columbus, Ohio, arrived last Saturday to occupy their cottage on the island for about ten days.

Mrs. P. D. Foster and her little daughters, who have been spending the past week at the home of R. M. Hoppe, returned to their home in Detroit, Sunday.

Mr. and Mrs. J. G. Webster and Mr. and Mrs. H. R. Schoenhals, of Chelsea, spent Saturday night and Sunday at Crooked lake.

VILLAGE TAXES.

Village taxes can now be paid at any time at my store on East Middle street.

TWO GOVERNMENT DEEDS

Thomas Fleming Has Interesting Document Issued in 1840.

Thomas Fleming, an old time resident of Lyndon township, has several documents of rare historical value, including two deeds, one issued by the United States government in 1840 and signed by Martin Van-Buren, and another issued in 1855 and signed by Franklin Pierce.

The first mentioned document was issued to Mr. Fleming's father, Michael Fleming, and transferred the title of 68.34 acres of land in Lyndon to him. The government specified the exact number of acres transferred, even to a hundredth part.

Mr. Fleming also has two government land warrants issued in 1849 and 1853, and signed respectively by James Polk and Franklin Pierce.

The old documents are printed on parchment and are in an excellent state of preservation. Mr. Fleming has deposited them in a safety deposit box for safe keeping.

CAVANAUGH LAKE GRANGE.

The next meeting of Cavanaugh Lake grange will be held Tuesday evening, September 4th, at the home of Mrs. William Snow. The program follows:

Song—Grange.

Quotations and current events.

Recitation—Ethel Kilmer.

Reading—Mrs. Henry Lehman.

Seed selection and care—P. R. Riemenschneider.

Song—Grange.

How can the farmer receive a fairer share of the consumer's dollar?—A. F. Hoppe.

Reading of a selection from Will Carlton's poems—Miss Ricka Kalmbach.

Is it better to pay tuition on our eighth grade pupils to send them to high school, or to form a rural high school in this community?—Opened by John Miller.

AUTO TURTLES AT GREGORY.

Mr. Crane of the Anderson creamery narrowly escaped serious injuries Saturday night when his automobile was overturned on the Gregory-Unadilla road at the corner just southeast of Gregory. The machine turned completely over in rounding the turn and landed in the ditch right-side-up. Mr. Crane sustained cuts from the glass of the windshield, which was broken.

GENUINE LEATHER

Studebaker bodies are upholstered with genuine leather, and it is of high grade quality—the same that you find on cars costing from \$500.00 to \$1000.00 more than Studebaker cars.

It is soft, pliable, durable, fast-colored, and it will not work off, scale, crumble or check. We describe this leather to you because it shows the quality of material that Studebaker uses in the construction of its car.

Expense has not been spared to cheapen the car in any particular. It is distinctly a high-grade, fine automobile. Your comfort, your safety, your pride, have all been considered in the design and construction of both the FOUR and SIX.

It costs only a little more to obtain the quality that you find in Studebaker cars, and this quality is the thing that gives you real economy. "It is better to pay a little bit more and get the BEST."

DEPENDENT WIFE WILL EXEMPT MAN

PRESIDENT ORDERS THAT WIFE SHOULD NOT BE FORCED TO SUPPORT SELF.

MANY PROTESTS CAUSE CHANGE

If Wife or Children Are Dependent On Man's Earnings for Support He Will Be Discharged.

Washington—President Wilson Saturday ruled that wives of men selected in the draft should not, because they had employment before marriage, be thrown upon their own resources or upon charity of their own or their husband's parents for support.

He ordered that all men upon whose labor their wives or children depend entirely for support should be exempt.

His action was taken in response to nation-wide protests against the interpretation placed on the draft law by Provost Marshal Gen. Crowder's office that a woman whose parents or whose husband's parents were able and willing to support her and her children, or who was qualified to gain her own support, should be thrown upon those resources and her husband sent to war.

Provost Marshal Crowder explained that part of the law pertaining to dependents, as follows:

"It means," he said, "that if a man has been dependent for the support of his family not on his own efforts and labor, but on the assistance which was given him by his own or his wife's parents, he will not be subject to exemption. But if his wife and his children if any, are dependent upon his own earnings for their support whether either has parents able to support the wife and children, he will be discharged."

"It must be understood, however, that this does not apply if part of his income on which he supports his wife and children is derived from a continuing source—that is a legacy, an estate, land holdings, stocks, bonds or similar holdings, the income from which would continue to flow in to the wife during his absence and adequate support her. The same is true if she has such a source of income."

"But, if the livelihood of the woman and children, if any, depends entirely or principally upon the man's earnings, he is subject to discharge."

U. S. BUILDS 3 NEW SHIP YARDS

Approximately \$35,000,000 to Be Spent for Sites and Ways.

Washington—Construction of three enormous government-owned fabricating plants will be undertaken at once by the United States to add to her great merchant fleet, now being built in private yards.

Approximately \$35,000,000 will be expended for yard building. More than \$500,000,000 will be devoted to construction of the vessels. Hundreds of vessels of from 5,000 to 7,500 tons each are planned.

Yards will be located as follows: One at Newark, N. J., which the American International corporation will construct for at least 200 vessels; one at Hog Island, near Philadelphia, where the submarine boat company will do the work, and the third at Chester, Pa., to be built by the Merchants Shipbuilding company.

All vessels in these three yards will be in addition to those on private ways recently commandeered by the government and the ships to be constructed at plants owned by private interests.

PORT OF STOLEN AUTOS FOUND

Raid on "Little Italy" Discloses Many Missing Machines.

Detroit—Twenty-seven automobiles stolen during the last six months were recovered, and six Sicilians arrested, charged with grand larceny and carrying concealed weapons, by a squad of 20 detectives, led by Edward H. Fox, chief of detectives, and Inspector William P. Rutledge and James Spratt, Saturday. Twelve other suspects were picked up in raids.

Disappearance of automobiles in various parts of the city during the last three months were traced to the Italian district several days ago and a systematic cleanup was planned. Captain Fox is certain most of the cars being stolen are in the Italian district. After the roundup of the machines, there was a rush to headquarters by persons who had reported cars lost. Many identified theirs.

Mason—Edgar Adams, of this city, joined a Canadian unit, fought and was invalided home. Then he joined the Michigan National Guard, went to Mexico and was invalided home. Now he has enlisted in the home guard.

Cadillac—Mrs. M. Homberg and her small son were injured by an automobile driven by Charles Anderson, of Hobart, who in trying to avoid colliding with a bicyclist, drove on the sidewalk.

Port Huron—One man who appeared before the local examining board for examination for the new army had his teeth pulled, so he would be rejected. Other cases where men have purposely maimed themselves or cultivated diseases through which they might be exempted have been found, board members say.

A SCRAP FROM A LETTER HOME

(Copyright.)

TRY NEGRO TROOPS ON MURDER CHARGE

RIOT, IN WHICH 17 PERSONS WERE KILLED, ENDS IN JAILING MUTINEERS.

FALSE REPORT STARTS TROUBLE

Negroes Sought Revenge When One of Their Number Was Reported Shot By White Policeman.

Houston, Texas—Blanket charges of murder were filed by District Attorney John Crocker against 24 Negro soldiers of the Twenty-fourth infantry, held in the county jail as a result of the rioting last Thursday night, in which 17 persons, four of them city police officers, were slain.

This was the first move indicative of an attempt by the state to retain custody of the soldiers rather than turn them over to the army for punishment.

As a result of the riot the Negro battalion was ordered by the war department to return at once to their station at Columbus, New Mexico.

One hundred twenty-five Negro soldiers were involved in the rioting. The trouble started when a report was circulated that one of the men had been shot and killed by a white policeman. When night came the troopers broke into the supply house, took rifles and ammunition and started to shoot up the town.

Public feeling in Houston run high because of the savagery displayed by the Negroes toward the white police officers, who were killed. Bodies in nearly every instance had been hacked with bayonets.

Among the Illinois guardsmen also much feeling was evident because of the mutilation of Captain Joseph Maties, one of the first to be slain by the rioters. Maties, disabled by a rifle ball, was attacked by the Negroes and his body hacked and stabbed with bayonets until it was practically unrecognizable.

MARRIED MEN WIN EXEMPTIONS

Appeal Board Rules Wife Should Not Be Forced to Support Self.

Detroit—No married woman shall be forced to labor to support herself by reason of selection of her husband for the national army.

This is not an absolute rule of the district draft board for Detroit and Highland Park, but it has been laid down as a general proposition. The local boards had held that where a wife was childless, healthy and able to work, the husband had no claim for exemption. The district board held that self-support is not the wife's natural sphere, and therefore she is dependent.

The board will follow this precedent as a general rule only. Each case will be decided upon its merits and therefore no hard and fast rule has been promulgated.

Men married since the draft law went into effect will not, however, be exempted. There may be exceptions, but the "general proposition" that wives acquired since the draft law was announced will not be recognized in exemption claims as near to a hard and fast rule as the board has yet come.

Saginaw—Johnny Baker, professional marksman and foster son of the late Col. Cody, was injured internally when his horse slipped in the parade of the Buffalo Bill Wild West show here and fell on him.

Traverse City—C. S. Longnecker suffered a fractured skull and broken arm, and R. J. Mercer was seriously hurt when their automobile turned over.

Pontiac—Poor Commissioner George Greer risked his life by driving his automobile into an interurban car in Pontiac to avoid striking a 2-year-old child. No one was hurt. Manistee—Lester C. Batdorf, city editor and advertising manager of the Manistee News-Advocate, claimed no exemption, although married, and was accepted in the new army.

MOBILIZATION TIME CHANGED

ONLY FIVE PER CENT OF NEW ARMY TO BE CALLED TO CAMP SEPTEMBER 5.

ORIGINAL ORDER CALLED 30%

Forty Per Cent to Be Called Sept. 19, 40 Per Cent Oct. 3, and Last 15 Per Cent Soon Thereafter.

Washington—Provost Marshal General Crowder sent to governors of states an order changing the proportion of the various state quotas of men, selected for the national army, that are required to be furnished on certain dates.

The new order calls for 5 per cent of each state's quota to report at cantonments September 5; 40 per cent September 19, 40 per cent October 3, and the remaining 15 per cent as soon thereafter as practicable.

Reasons for the change were given by General Crowder as follows: "In announcing the decision to mobilize only 5 per cent of the national army on September 5 instead of 30 per cent, the opportunity is taken to give to local and district boards the credit due them for the overwhelming amount of work they have accomplished in scrutinizing the thousands of cases that it was necessary for them to examine in order to have 30 per cent of their quota ready September 5."

"Reports received from practically every state in the union show that every state would have ready much more than 30 per cent of its quota September 5 and the majority of them would have been ready with their entire quotas on that date. This service has required a month of the most exacting work on the part of boards. This work was consummated under adverse conditions and is in large part uncompensated."

"It stands as one of the most significant expressions of substantial patriotism and devotion on the part of 15,000 men selected from among the best citizens of the country."

Wish to Conserve Traffic. "In order that it may not be necessary to make any special railway arrangements and to prevent a congestion of normal railway traffic, local boards should be instructed to send approximately 1 per cent of their quotas on each of five successive days, beginning September 5."

Gas Fires New Gun. In a new gun the propellant agent is compressed carbon dioxide. The carbon dioxide is contained in a small case that fits into the gunstock, and that holds enough gas for from 100 to 800 shots. Pulling the trigger releases the requisite amount of the gas to propel the shot from the barrel. With small shot the gun has a range of about 80 feet; with bullets a range of about 130 feet.

Her Testimonial. A bride who was deserted a fortnight after her marriage has exhibited a letter from her husband, explaining that he married her to escape the army and has now joined the army to escape her.—Providence Journal.

UNIFORMS FOR NEW ARMY READY

Fifteen Thousand Expected Before Arrival of First Men.

CALL SECOND ARMY IN SPRING

Not Likely That Next Call Will Come This Year—All Calls Filled.

Washington—A full statistical report on the operations of the draft law will be prepared by the provost marshal general's office as soon as the mobilization of the first increment of 687,000 men of the national army has been completed, some time early in October.

Pending the preparation of the report, no steps toward calling a second increment to the colors will be taken. The first increment will fill all the training areas—16 national guard camps and 16 national army cantonments—to capacity, and there will be a surplus of men beside those assigned to the regular army.

It is regarded unlikely that organization of an additional 500,000 men of the national army can be begun until the early spring of 1918. Neither quarters nor personnel to train the force will be available before that time.

SHRAPNEL SHELL KILLS TWO

Explodes While Soldiers Are Cooking First Meal at Training Camp.

Fort Hill, Okla.—Privates Nelson and James Kelley, of Battery A, Second Missouri field artillery, were killed, and four others seriously injured when a shrapnel shell exploded on the cantonment range here, completely wrecking the mess hall, in which they were preparing their first meal after arriving at the Oklahoma post. The shell is believed to have exploded, after having been left partially buried on the field, by the heat of a fire nearby, over which the men were cooking.

DRAFT BOARD ASKS EXEMPTIONS

Request Release of Aliens With Large Families Dependent.

Detroit—Detroit's district draft board has petitioned Gov. Sleeper to ask President Wilson to save a number of Detroiters from the draft army.

The board, discovered that a number of men of foreign birth had been certified for the national army because, through ignorance, they did not claim exemption. The men have large families.

Because the time limit allowed by the law to claim exemption has expired, there is no way out of the army for the men unless the president intervenes.

Battle Creek—The Germans are using a new gas, which turns victims' eyes black and makes them stone blind, according to Earl B. Bradley, University of Michigan lad, with Chicago hospital unit, No. 12, in France, Bradley, a Battle Creek newspaper man, writes of caring for 182 of these blinded men. He says the American ambulance men are working sometimes 36 hours at a stretch and when they get a chance to sleep, the constant roar of the big guns does not bother them.

MEN HAVE QUEER AVERSIONS

Cases Have Been Related of Some Who Would Faint at the Mere Sight of Roses.

A case is related of a monk who would faint on seeing a rose and who never quitted his cell at the monastery while that flower was blooming. Another authority tells us of how Vincent, the great painter, would swoon upon going suddenly into a room where roses were blooming, says London Tit-Bits.

Valtaid tells us of an army officer who was frequently thrown into violent convulsions by coming in contact with the little flower known as the pink, while the same authority also tells of the case of a lady who, if present when linseed was being boiled for any purpose, would be seized with violent fits of coughing, swelling of the face, and partial loss of reason for the ensuing 24 hours.

Writing of these peculiar anti-pathies and aversions, Montague remarks that he has known men of un doubted courage who would much rather face a shower of cannon balls than look at an apple. In Zimmerman's writings there is an account of a lady who could not bear to touch either silk or satin, and would almost faint if by accident she should happen to touch the velvety skin of a peach.

Would Conserve Garbage.

The latest campaign to be launched by the department of agriculture is one for the conservation of garbage. Conservation campaigns have been cutting down the contents of the garbage pail as far as possible, but there will always be a source of fats and fertilizer material, both of which are sorely needed all over the world. The department hopes to induce every city of any size to install a reduction plant to recover these materials from the garbage. An average load of garbage contains 2 per cent of grease and 20 per cent of tankage, which latter is a valuable fertilizer. The food conservation campaign, however, is showing its results in a reduction of the amount of fatty material in the garbage.

Gas Fires New Gun.

In a new gun the propellant agent is compressed carbon dioxide. The carbon dioxide is contained in a small case that fits into the gunstock, and that holds enough gas for from 100 to 800 shots. Pulling the trigger releases the requisite amount of the gas to propel the shot from the barrel. With small shot the gun has a range of about 80 feet; with bullets a range of about 130 feet.

Her Testimonial.

A bride who was deserted a fortnight after her marriage has exhibited a letter from her husband, explaining that he married her to escape the army and has now joined the army to escape her.—Providence Journal.

Growth of United States.

During the 60 years from 1850 to 1900, the United States increased in area from 2,907,119 square miles to 3,026,789; in population, from 23,191,876 to 75,994,575; in farms and farm property, from \$3,967,343,580 to \$30,430,901,164; in manufacturing establishments, from 128,025 to 207,514; in value of manufactured products, from \$1,019,106,616 to \$11,406,926,701; in number of depositors in savings banks from 251,361 to 6,107,633; in miles of railway operated from 9,021 to 194,262.

The Dog Forgot.

Victim—Confound your dog, madam! It's nearly bitten a piece out of my leg.

Owner (distressed)—I am truly sorry, sir. Naughty little Daphne! After all my efforts to make Wednesday your mealless day.—Punch.

Window Garden.

"Got a back yard?" "Nope. I live in a flat." "Doing your bit?" "Yes. I'm raising a couple of onions in a tomato can."

DETROIT MARKETS.

Table with 2 columns: Commodity and Price. Includes items like CATTLE, HOGS, SHEEP, LAMBS, DRESSED CALVES, LIVE POULTRY, CLOVER SEED, WHEAT, CORN, OATS, RYE, BEANS, HAY, LIGHT MIXED, NO. 1 CLOVER, STRAW, POTATOES, BUTTER, EGGS.

WAR COST TO STATE TOTALS \$319,210

FEDERAL GOVERNMENT WILL REFUND MONEY SPENT FOR SOLDIERS' EQUIPMENT.

GOES BACK TO STATE WAR FUND

Biggest Items of Expense Have Been State Troops and Preparing New Training Grounds.

Lansing. Michigan's war preparations have so far cost the state \$319,210.01. The legislature placed \$5,000,000 at the disposal of the war board.

The important items follow: War preparedness board, \$8,458; food preparedness board, \$27,208; Michigan state troops, \$112,754; state naval brigade, \$4,869; Michigan national guard, \$63,414; Grayling military reservation, \$49,901; home guards, \$2,812; dependents' relief, \$6,055; registration and draft boards, \$2,635; Selfridge aviation field road, \$40,049; women's war committee, \$628; Battle Creek cantonment road, \$367.

Of these amounts, it is expected that eventually the state will be reimbursed by the federal government for expenditures on the naval brigade and national guard, which went for equipment the federal government did not have; on the military reservation and for the draft and registration boards.

Clothing for Guard Below Par.

New clothing issued to the national guard at Grayling is reported as of very inferior quality.

In the last lot distributed the quality and make of the clothing varied to such an extent that breeches, made of one material in front and another behind, were found. Yet these breeches were in boxes which bore the names of government inspectors.

The cotton breeches used by the army, and issued on the border last year, were of good, heavy cloth. In some cases the dyes were inferior, but this did not interfere with the wear. In this issue the breeches ran from the old serviceable material to breeches of cloth lighter than that used in boy scout uniforms and therefore practically useless in the field. There were many shades.

Defective workmanship was not confined to the breeches. The woolen shirt must stand hard wear. In this issue there were shirts rotten with shoddy. The packing cases showed that these had been inspected, yet there were shirts on which the elbow protection was in front.

Light wool socks are another necessity for infantry. A soldier cannot wear a sock in which there is a hole or a sock that has been darned. This rule is imperative because of the value of the men's feet. In this issue there were some excellent socks, made by a nationally known firm. But the socks were not all of this same make, so while some of the men drew socks that wear twice as long as ordinary stockings, other got some of poor material. On the whole, however, the socks were far ahead of the shirts or breeches.

Shoes were unusually good, being of finest quality leather, selling at retail from \$7 to \$8 a pair. They were charged to the men at \$2.81 a pair. Underwear ran about the same as the socks. Some was extra good and some was not.

Budget Board to Conduct Audit.

The bogle men of the budget commission have their plans all laid to swoop down on every state department after September 1 and investigate its system of spending money.

For years expense accounts of employees who are kept on the road has been one of the sticking points for the state officials. When it is remembered that each circuit judge who travels has to have his expense account audited by the state board of auditors, and when it is noted that the same board with the same set of rules also gets the account of the man who goes out to examine sheep, the range of expenses can easily be seen. Certain fixed expenses for each day, for hotels, meals, etc., have been in vogue for years, and they have always caused a kick.

Some of the state departments insist that their representatives have to go to the best hotels to "make a front." Then again certain departments, whose expenses are directly paid from fees have insisted that inasmuch as they got the money why shouldn't they spend it as they pleased without the O. K. of the state board of auditors?

Newspaperman Made Inspector.

M. F. Rogers, Ravenna publisher, has been appointed factory inspector of the Eleventh district by Governor Sleeper. Rogers was former state representative.

State Troops Guard R. R. Tunnel.

A detail of men from the third motor company, Michigan state troops, was sent to Port Huron to relieve the East Jordan company, which has been guarding the tunnel under the St. Clair river for several weeks. Each month the state will render a statement to the Grand Trunk Railroad company covering the pay of the men and the cost of maintenance and the Grand Trunk will reimburse the state

WOMAN NOW IN PERFECT HEALTH

What Came From Reading a Pinkham Advertisement.

Paterson, N. J.—"I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Some time ago I felt run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the aforesaid ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me."—Mrs. ELSE J. VAN DER SANDE, 86 No. York St., Paterson, N. J. Write the Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass, if you need special advice.

Insanity in the United States is decidedly on the increase. This fact is revealed by reason of a census taken of the insane, feeble-minded, epileptics, inebriates and drug addicts by the National Committee for Mental Hygiene. Analysis of this census is found in the Mental Hygiene. It was compiled by Horatio M. Pollack, statistician of the New York State Hospital commission, and Edith M. Furbush, statistician of the National Committee for Mental Hygiene.

The federal census bureau estimates that the increase of population from April 15, 1910, to January 1, 1917, was 11,800,000. The same government agency found in 1910 that the number of insane in institutions was 187,791. The census taken in the present year revealed 234,055 insane persons in institutions. Thus the increase in the insane in institutions during the corresponding period was 24.04 per cent, a growth more than double that of the general population.

Moreover, the rate of increase of the insane in institutions was relatively greater than that of the general population in every state except Arizona, Kansas, Mississippi, Nevada and South Carolina. Illinois is one of the states in which the disparity between growth of population and increase in insanity has been greatest. In this state the population increase was 9.84 per cent, as compared with a percentage of increase of insane in institutions of 27.38. The neighboring state of Indiana shows an even greater disparity, with percentages of 4.04 and 27.44 respectively.

Governed by impulse. "Any questions?" asked the instructor of the Second battery of the Ninth division, after the completion of a morning period which the men had spent on horseback at Fort Harrison. "Captain," answered Ralph Lockwood of Indianapolis, "wouldn't it be possible to develop artillery horses that would start and stop like automobiles, and would guide with a steering wheel? This horse I have seems to be governed by impulses over which I have no control."—Indianapolis News.

A Helpful Hint "Do you think it really necessary to go to the trouble of having the suspected countenance analyzed by a bacteriologist?" asked J. Fuller Gloom. "Haven't you a brother-in-law that you can try it on?"—Kansas City Star.

No bowl is too big when it holds Post Toasties. Bobby.

GAINED 12 POUNDS ON TWO BOTTLES

Paokard Employee Couldn't Find Anything That Would Relieve Him.

FEELS LIKE NEW MAN

"I Have Been Entirely Relieved of My Troubles and Wouldn't Be Without Tanlac for Anything."

"I have gained twelve pounds on my first two bottles of Tanlac and I feel that it has made a new man of me."

"My stomach has been in such a terrible condition," he continued, "that for the past seven months it has almost run me distracted. I had no appetite at all and everything I would eat disagreed with me and formed gas that made me miserable night and day."

"I am constantly taking something or other trying to get relief, but nothing hits the mark until I get hold of Tanlac."

"I read of a case similar to mine that had been relieved by Tanlac so I got a bottle and never in all my life have I seen anything like the way it took hold of my troubles."

"I began to feel better before I had taken half the first bottle and now I can eat anything I want and it all agrees with me. I don't have any trouble with gas and all those headaches are gone. I sleep like a healthy child and I seem to be able to work better without getting tired like I did before."

"There is a Tanlac dealer in your town."—Adv.

The Great Need. The Prince of Udine, head of the Italian commission, said at a luncheon in New York: "The Germans need, above all things, a spiritual bath or cleansing."

"I understand by the paper that Will Nesbit is back in town today."

"So they say, I wonder what he looks like now?"

"Oh, he didn't ever amount to much. He went off to college and that is about the last good he ever did."

"And to think what he is doing now. Of all the easy things, writin' poetry!"

CUTICURA IS SO SOOTHING. To Itching, Burning Skins—It Not Only Soothes, but Heals—Trials Free.

Treatment: Bathe the affected surface with Cuticura Soap and hot water, dry gently and apply Cuticura Ointment. Repeat morning and night.

Natural Feeling. "How is that stitch in your side?" "Oh, it is only sew-sew," Baltimore American.

Men censure women for painting, yet they never saw an angel that was not painted.

A GUARANTEED REMEDY FOR HAY FEVER--ASTHMA. Your MONEY WILL BE REFUNDED BY your druggist without any question if this remedy does not bring every case of Asthma, Bronchitis, Hay Fever, No matter how violent the attacks or obstinate the case.

DR. R. SCHIFFMANN'S ASTHMADOR AND ASTHMADOR CIGARETTES positively gives INSTANT RELIEF in every case and has permanently cured thousands who had been considered incurable after having tried every other means of relief in vain.

Feed the Fighters! Win the War!! Harvest the Crops—Save the Yields

On the battle fields of France and Flanders, the United States boys and the Canadian boys are fighting side by side to win for the world the freedom that Prussianism would destroy.

The Combined Fighters in France and Flanders and the Combined Harvesters in America Will Bring the Allied Victory Nearer.

LIMBS MADE OF CARDBOARD

Artificial Leg, Invented by Danish Doctor, Enables Wearer to Walk Soon After Amputation.

A Danish doctor at a hospital in Paris has invented a cardboard leg which enables the wearer to go about without crutches two days after his limb has been amputated.

The materials used are two sheets of cardboard about three-sixteenths of an inch thick, and bandages soaked in a starch solution.

The principle is that of an egg in a cup, and the patient can wear the leg long before the wound is completely healed.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You say to the drug store man, "Give me a small bottle of freezeone."

This will cost very little but will positively remove every hard or soft corn or callus from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn relieves the soreness instantly, and soon the entire corn or callus, root and all, dries up and can be lifted off with the fingers.

Such Is Fame. Many years ago Wilbur D. Nesbit, the author of "Your Flag and My Flag," was known to the little village of Cedarville, O., his native home.

Recently he returned to Cedarville after a long absence. Of course, his coming was heralded by the local newspaper, so he was expected.

"I understand by the paper that Will Nesbit is back in town today."

Not What He Said. A recently commissioned second lieutenant was drilling his command in an Indianapolis street.

Treatment: Bathe the affected surface with Cuticura Soap and hot water, dry gently and apply Cuticura Ointment.

Just So. "Mrs. Jones told me those new furs of hers came from the arctic regions."

"What a far-fetched story!"

Battles Which Made the World

PULTOWA

The Struggle for a City Which Ended the Great Swedish Power and Decided There Should Be a Russian Nation—The Comment of Napoleon.

By CAPT. ROLAND F. ANDREWS

(Copyright, 1917, by McClure Newspaper Syndicate)

The battle of Pultowa (or Pultava), fought in 1709, wins place as one of the struggles which have fashioned the world into what it is today.

Dread Pultowa's Day. When fortune left the royal Swede and Napoleon found in it the basis for his prophecy at St. Helena that Europe would become either all republican or all Cossack.

It has to be remembered that two hundred years ago Russia was but a paltry, feeble power, just emerging from semi-barbarism under Peter the Great.

Russia in 1709 possessed a population of less than 17,000,000, but the genius of Peter was building it into an empire.

The peace of Nystatd transferred the fairest possessions of Sweden to Russia. Russian attacks on Turkey and Persia began almost at once.

A good story of the war in the Philippine islands occurs in Major General Young's recently published book, "A Soldier's Memories."

WAR PROFITS OF SPANIARDS Wine Sent to Soldiers in Philippines Didn't Need Any Water by Time It Reached the Privates.

Two Englishmen strolling round the Spanish outpost line near Manila chanced across a small picket, consisting of three men in charge of a sergeant.

This, writes General Young, was evidently considered a capital joke, for all four burst into roars of laughter.

"Wherefore this merriment?" asked the Englishmen in some bewilderment.

"Pardon us, sir," said the sergeant, "but I will explain. That wine is a very good wine, and comes from Barcelona. It starts off in large casks addressed to the adjutant general.

Upon one occasion Lord Chatham asked Doctor Henniker to define "wit," and received the reply, "Wit is what a pension would be if given by your lordship to your humble servant—a good thing well applied."

Old-Time Humor. The island of St. John, now Prince Edward, was English from its early settlement, the method being a quasi-federal system, which was not finally extinguished until the middle 70's of the nineteenth century.

Island of St. John. The island of St. John, now Prince Edward, was English from its early settlement, the method being a quasi-federal system.

Island of St. John. The island of St. John, now Prince Edward, was English from its early settlement, the method being a quasi-federal system.

The Old Crouch Talks. "He flatters himself a great deal." "In what way?"

"He told me that he believed he could make my daughter happy and contented. I'd like to see the man who could do that for any woman."

STATE NEWS

Port Huron—The Michigan Bean company has announced it will start construction of a huge warehouse and office building here at once.

Traverse City—Only men accepted for national army service will comprise a ball team here to play a similar outfit from Marcellona Labor Day.

Jackson—William Fabnestock, from Allegan county, on a sentence of five years for bigamy, met instant death at the prison when he fell from a scaffolding 35 feet high.

Sandusky—Threshers have raised rates three cents for handling oats and barley, four cents for wheat and rye, five cents for peas and buckwheat and eight cents for beans.

Bay City—Alexander Bukowski, 25 years old, whose automobile turned over when he was returning to his home in Merritt township after being accepted for the new army, died from injuries without recovering consciousness.

Bay City—Oliver Bukowski, 23 years old, was fatally injured when his auto going at a high rate of speed struck a rut and turned over twice in the ditch on Tuscola road, five miles south of here.

Bay City—All unmuzzled dogs at large here and in Essexville will be shot.

Lexington—Mrs. Martha Henry has received word from her daughter, Miss Ethel Henry, a member of the Harper hospital unit, telling of its arrival in France.

Ann Arbor—Edwin Heusel, bakery employe is suffering from severe burns on his face and neck, the result of an explosion of an automatic gas stove he attempted to light.

Saginaw—A movement has been launched here to give a big demonstration and farewell for the 671 young men who will form this county's first quota for the draft army.

St. Louis—Real estate men have purchased old houses and barns on farms near here and have been moving them into the city with traction engines to relieve the housing situation here.

Alma—Dale, 5-year-old son of Mr. and Mrs. Claude Wiley, four miles west of here, was instantly killed in a runaway accident. He was thrown beneath the wagon wheels and his skull was crushed.

Rockwell—Chautauqua profits here will be given to the Red Cross.

Rochester—Hardy and John Korf, brothers, aged 15 and 22 years, were operated on the same day for appendicitis.

Traverse City—Leon F. Titus, chairman of agricultural committee of the Michigan Bankers' association, in behalf of that body, asked Food Director Hoover to instruct exemption boards to exempt farmers from service.

Monroe—A jury after a seven-day trial in the case of the Pennsylvania Detroit railroad against George Nied and George Hoerl, Ash township farmers, found the proposed road a necessity.

Flint—Leon A. Sheldon, a vaudeville contortionist, startled the army examiners in the second district when he appeared in answer to a call by twisting his limbs into knots.

Cadillac—Three sons from one family in the military service of the country is the best record that has yet been made from this city.

The wise worm doesn't crawl out until after the early bird has eaten his breakfast.

The Potato Blessing.

Riding outside the city, one will not fail to see the wide expanse of potato plants growing luxuriously, and forthwith he indulges in anticipations of the golden plenty that is soon to be the good fortune of our people.

The wise worm doesn't crawl out until after the early bird has eaten his breakfast.

A Wise Provision.

The witty journalist was conversing with a friend about raising carp in ponds for food. The friend remarked that such a food supply would not be much in demand here, but that the Germans liked carp.

Oil, "The Master Fortune Builder." Not only what we "expect to do," but what we "are doing." The Capital Petroleum Co. is now drilling two wells.

Tomorro's Best Tip. Good deeds are as golden dollars drawing interest. Some men invest in hair tonic as soon as they begin to come out on top.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood! The doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight: they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Canada's Liberal Offer of Wheat Land to Settlers

is open to you—to every farmer or farmer's son who is anxious to establish for himself a happy home and prosperity. Canada's hearty invitation to you is more attractive than ever.

160 Acre Homesteads Are Actually Free to Settlers and Other Land Sold at from \$15 to \$20 per Acre. The great demand for Canadian Wheat will keep up the price.

M. V. MacINNIS 176 Jefferson Ave., Detroit, Mich. Canadian Government Agent

Why She Blushed.

Flosse, the waitress, was very keen on a certain handsome young man who always sat at one of her tables. She fluttered round him and ogled and giggled and explained the young man's lack of response by the fact that he stammered.

The girl blushed deeper than ever at this and the young man went on: "I know why you're blushing. You thought I was going to ask for a k-k-clean cup!"

DRUGGISTS PLEASED WITH GOOD KIDNEY MEDICINE

I have sold your remedy for the past fifteen years and have sufficient confidence in it to give it my personal recommendation.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove That Swamp-Root Will Do For You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle.

Good Policy. "I never interfere with other people's affairs." "No?"

South African railways in 1918 will expend \$50,000,000. It is estimated.

MURINE Granulated Eyelids. Sore Eyes, Eyes Inflamed by Sun, Dust and Wind quickly relieved by Murine. Try it in your eyes and in Baby's Eyes.

Have you Indigestion?

Your food will continue to disagree with you, and cause distress until you strengthen your digestive organs, and tone and sweeten the stomach. You can do this quickly and surely by promptly taking a few doses of

BEECHAM'S PILLS

Their natural action relieves the stomach of undigested food, stimulates the flow of gastric juice, renews the activity of the liver and bowels, and strengthens the digestive system.

Are good for the Stomach

THE CHELSEA TRIBUNE

Ford Axtell, Editor and Prop.

Entered at the Postoffice at Chelsea, Michigan, as second-class matter.

Published Every TUESDAY AND FRIDAY

Office, 102 Jackson street

The Chelsea Tribune is mailed to any address in the United States at \$1 the year, 50 cents for six months and 25 cents for three months.

Address all communications to the Tribune, Chelsea, Michigan.

STATE FAIR TICKETS.

This office has been granted the privilege of selling tickets for the State Fair at Detroit, to be held August 31-September 9, at 35 cents single admission or 3 for \$1. The regular price is 50 cents each.

September 8th has been set as Children's Day, and free tickets for all children between 5 and 12 years of age will be furnished parents who expect to take the children, and who will call at this office.

Sale of tickets from this office closes Wednesday, August 29th—positively none sold after that date. In buying tickets of us you save 15 cents on each ticket. 95ft

LOCAL BREVITIES

Our Phone No. 190-W

Ford Axtell visited relatives near Perry, Sunday.

Jacob Alber, the plumber, was in Detroit yesterday.

Meryl Shaver was home from Ft. Wayne, Detroit, Saturday.

Miss Irene Furniss of Galion, Ohio, is the guest of Miss Josephine Miller.

Paul Uber and D. O. Cook, of Howell, were Chelsea visitors yesterday.

Albert Norman and son, of Jackson, called on Mr. and Mrs. S. J. Guerin, Sunday.

Reuben Wagner and John Martin are spending a few days at Detroit and Cedar Point.

E. P. Steiner, son Frederick and daughter Dorothea, are spending today in Detroit.

Miss Charlotte Steinbach spent the first of the week with relatives in Ann Arbor and Dexter.

Mr. and Mrs. Charles Chamberlain and two children, of Webster, were Chelsea visitors Sunday.

Mr. and Mrs. Frank Kronner of Detroit are spending a few days with the Miller sisters.

Mr. and Mrs. C. E. Clark of Ypsilanti were the guests of Mr. and Mrs. S. J. Guerin, Sunday.

Miss Hazel Becker and Leo Primeau, of Detroit, visited Mr. and Mrs. Lloyd Merker, Sunday.

Mrs. J. E. Stewart of Birmingham visited her mother, Mrs. A. E. Fletcher, Wednesday and Thursday.

Mrs. Ralph Pierce and son, Kermit, of near Williamston, visited Chelsea relatives the past week.

Mr. and Mrs. Wesley Smith and daughter are spending ten days in the vicinity of Gulfport, Mississippi.

A beautiful display of the northern lights was noted by a number of Chelsea people Saturday evening.

Charles Tisch, of Stockbridge, was a guest of his son, E. A. Tisch and wife, of the Crescent hotel, for the week-end.

Miss Louise Hieber left Sunday for Eau Claire, Wisconsin, where she will visit her sister, Mrs. Fred Houchen.

Mr. and Mrs. Reuben Hieber, accompanied by Mr. and Mrs. Otto Schanz and daughter, motored to Wampler's lake Sunday.

The Methodist church and Sunday school will hold a picnic Friday afternoon on the church lawn. Supper will be served at five o'clock.

Mrs. Mary Castle and Jack Faught, both of Chelsea, were quietly married Friday afternoon, August 24, 1917, at two o'clock, in Jackson.

Tomorrow is the last day to buy state fair tickets at the reduced rate of thirty-five cents each, or three for one dollar. We still have a few left.

The Livingston county fair opens today at Howell for four days. Big preparations have been made, and many from this vicinity expect to attend.

Mr. and Mrs. Fred Williamson and children, who have been visiting at the home of C. Scouter in North Lake, left for their home in Niagara Falls yesterday.

Mr. and Mrs. E. K. Bennett of Detroit, Mr. and Mrs. M. R. Bennett of Hamburg and M. L. Bennett of Traverse City were the guests of Mr. and Mrs. W. W. Hendrick, Sunday.

C. R. Coultres of the National Process Fuel Co. was painfully injured yesterday noon. While engaged in a playful scuffle with a friend he tripped and fell in such a manner that he broke the smaller bone in his left leg, just above the ankle. He is able to get about on crutches, but the injury will cause him considerable pain and inconvenience for some time.

Catarrh Cannot be Cured with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. Cheney & Co., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.—Adv.

Earl Scouter was in Detroit yesterday.

Mrs. Charles Currier visited in Ann Arbor yesterday.

Mrs. John Foster and son Harvey are visiting relatives in Mansfield, Ohio.

Paul Ward has been spending the past week with his grandparents in Milan.

Mrs. Elizabeth Tuomey of Detroit is visiting her sister, Mrs. R. D. Walker.

Frank Duart of Ionia spent the week-end with his parents, Mr. and Mrs. James Duart.

Mr. and Mrs. L. W. Benjamin of near Perry are visiting Mr. and Mrs. Ford Axtell today.

Mr. and Mrs. W. J. Duart of Detroit visited Mr. and Mrs. Miles Alexander yesterday.

Mr. and Mrs. William Hoyt of Toledo, Ohio, were week-end guests of his aunt, Marie Richards.

Mrs. George A. BeGole has returned from a visit of several weeks in Dowagiac and Decatur.

Manning B. Doud of Detroit spent the week-end with his wife at the home of her mother, Mrs. George Richards.

Mr. and Mrs. Addison Webb of Lima moved their household goods to Ann Arbor yesterday where they will reside.

Misses Ruie Pinney of Ann Arbor and Mary Ellen Munro of Bad Axe, are spending this week with Dr. and Mrs. H. J. Fulford.

The Sunday school of St. John's church, Rogers Corners, will hold a picnic at Pleasant lake, Freedom, Thursday, August 30th.

Mrs. Bertha Hopkins, who has been visiting her grandparents, Mr. and Mrs. George Richards, returned to her home in St. Joseph, today.

A new serial story, "The Girl Who Had No God," starts in the next issue of the Tribune. Read the announcement in another column.

Mrs. K. O. Steinbach and two children, who have been visiting Chelsea relatives for several weeks, returned to their home in Flint yesterday.

Mr. and Mrs. William Sunday and daughter, Gladys Rothman, of Lansing, were callers at the home of Mr. and Mrs. George Richards, Sunday afternoon.

Invitations have been issued for the wedding of Miss Ada Schenk and Mr. Harry Litteral at six o'clock Thursday evening, August 30, 1917, at the home of the bride in Sylvan.

Miss Sophia C. Galatian of New York City and Mr. and Mrs. William Keedle and Miss Phyllis Galatian of Hamburg visited at the home of Mr. and Mrs. Herman Mohrlök, Sunday.

A cablegram received yesterday in Detroit announced the safe arrival in England of the Sixteenth regiment of engineers last Wednesday. Albert Steinbach and J. J. Raleigh of this place are members of that corp.

Mr. and Mrs. Charles Steinbach and granddaughter, Marion Steinbach of Cleveland, Ohio, spent Sunday with their son, Henry Steinbach and family of Dexter.

Both of the sons of Evan Essery, county commissioner of schools, will see service in the great world war. Carl Essery has enlisted in the naval militia and William Essery of Detroit has been drafted.

Mrs. W. B. Gage and son Maurice, who expects soon to receive an appointment in the government aviation service, of Rochester, N. Y., are visiting her sister, Mrs. F. R. Shepherd. Mr. Gage is expected to join them in a few days.

The W. C. T. U. will meet Thursday afternoon at 2:30 o'clock at the Old People's home. Mrs. Maria Peel of Ann Arbor will speak on "The Juvenile Division of the Probate Court of Washtenaw County." A cordial invitation is extended to all to attend.

Miss Neva Norton has resigned the position of science teacher in the Chelsea high school and will remain at her home in New York this year on account of the illness of her mother. The school board has several applications for the position, which they will consider at the regular monthly meeting this evening.

LINER ADS EFFECTIVE.

One of the most effective forms of advertising is in the "liner" or classified column where an investment of a few cents is certain to give prompt results. Tribune liner ads are always run in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for first insertion, 2½ cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.

Mr. and Mrs. Warren Geddes and daughter, Anna, visited relatives near Saline for several days last week.

Several of the local young men who were recently drafted have received their exemptions, including Kent Walworth and George Hamp, who have dependents. Willard Van Zandt did not pass the physical examination, but through an error in the Ann Arbor office he was reported as having been passed on re-examination. He did not learn of the error until yesterday.

DISQUIETING NEWS FROM ARKANSAS

Danger That Fast Growing Crops May Result in Young Boy's Death.

Horrible news comes from Arkansas that a boy climbed a corn stalk to see how the corn was getting along, and now the stalk is growing up faster than the boy can climb down. The boy is now plumb out of sight. Three men have undertaken to cut down the corn stalk with axes and save the boy from starvation. It grows so fast they can't hack twice in the same place. The poor boy is living on nothing but raw corn and already has thrown down four bushels of cobs. This deplorable thing happened in Arkansas where veracity is never questioned.

"CIVILIZATION"

Devotees of the theatre will be delighted to learn that Thomas H. Ince's million dollar spectacle, "Civilization," will be the attraction at the Princess theatre on Friday, August 31, afternoon and evening.

"Civilization" comes direct from long and successful runs in the various large cities of the country, where it has excited no end of press comment. At the Washington theatre in Detroit, where it was recently shown for several weeks run, all attendance records were broken, and in spite of the fact that the seat sale ran into thousands, yet the large suburban theatres of Detroit have since played to capacity business.—Adv.

Stevenson at Noyon. The Cathedral of Noyon, in France, exercised a great fascination over Robert Louis Stevenson. "I have seldom looked on the east end of a church with more complete sympathy," he wrote. "As it hangs out in three wide terraces and settles down broadly on the earth it looks like the poop of some great old battleship. There is a roll in the ground, and the towers just appear above the pitch of the roof, as though the good ship were bowing lazily over an Atlantic swell. At any moment it might be a hundred feet away from you, mounting the next billow. At any moment a window might open and some old admiral thrust forth a cocked hat and make an observation."—London Chronicle.

"Nervous exhaustion—blinding headache"

Striving to satisfy the demands of everyone is apt to affect the nerves, and continual standing may weaken the Heart. **Dr. Miles' Nervine** is invaluable for Nervous troubles, and for the Heart **Dr. Miles' Heart Treatment** is highly recommended. IF FIRST BOTTLE FAILS TO BENEFIT YOU, YOUR MONEY WILL BE REFUNDED.

Will you kindly give me some information on how to figure the gear ratio for speedometer drive on cars of different size wheels? The road wheel gear must have twice the number of teeth as there are inches in the diameter of the tire. The fiber pinion should have sixteen teeth. For example, on a thirty-four inch tire you would multiply this amount by two, the resultant being the number of teeth there would be in the road gear wheel. Of course you must be sure that the two gears are of the same pitch, which can be determined by seeing that the pitch number on the gears is the same, such as nine pitch indicated by 9-P.

This formula would not apply where the speedometer is driven from the gear set. In that case no specific rule can be given for figuring gear ratios, as there is really a different rule covering each individual case. To list even a few of these formulas would take up a great deal of room.

Poverty consists in feeling poor.—Ralph Waldo Emerson.

Stomach and Liver Troubles. No end of misery and actual suffering is caused by disorders of the stomach and liver, and may be avoided by the use of Chamberlain's Tablets. Give them a trial. They only cost a quarter.—Adv.
