LINER ADS EFFECTIVE.

One of the most effective forms of advertising is in the "liner" or classified column where an investment of a few cents is certain to give prompt results. Tribune liner ads are always run in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for first insertion, 2 1/2 cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.

Phone your news items to the Tribune; call 190-W.

AUTOMOBILIST RUNS DOWN BICYCLIST

Harold Conk Badly Bruised and His Wheel Wrecked by Big Car From Lansing.

Harold Conk narrowly escaped serious injuries and perhaps death Saturday noon when he was run down by a Hudson automobile on South Main street, nearly in front of Palmer's garage.

Mr. Conk was on his bicycle and had just come from the Palmer garage and had just turned north. A car was parked next to the curb on the east side of the street and Mr. Conk was riding so as to pass it. The Hudson car was also traveling north and turned out to pass Conk, but not soon enough to avoid hitting the rear of his bicycle. The bicyclist was thrown off, fortunately away from the automobile, but the heavy machine ran over the bicycle, ruining it. Conk sustained severe bruises about the legs.

The driver of the machine claimed he was not at fault and blamed Mr. Conk for the accident, but several bystanders, who witnessed the crash, do not agree with him.

The machine carried Michigan license plate 5135, which was issued to Charles Turner of Lansing.

FIRE SATURDAY EVENING

Destroyed Apple Dryer, Warehouse and Quantity Farm Tools.

Fire Saturday evening about six-thirty o'clock totally destroyed the Holmes apple dryer plant and a large warehouse occupied by Holmes & Walker for storing farm tools. The buildings were all the property of H. S. Holmes and were valued at \$2,000 and upwards. The farm tools were new and valued at \$3,500. Both losses are partially covered by insurance.

A high wind was blowing from the north at the time and huge cinders were carried south over the residence part of town, endangering dwellings and in fact several did catch fire, but the incipient fires were discovered and quenched before making any great headway.

The origin of the fire is a mystery but may have been started by tramps or by sparks from a passing train.

RED CROSS NEWS.

The Red Cross gratefully acknowledges the receipt of \$10 from the L. C. B. A. Recent new members are:

- Mrs. Ed. Chandler.
 - Edward Beach.
 - Mrs. Edward Beach.
 - Mrs. Albert Widmayer.
 - Miss Ruth Widmayer.
 - Miss Alma Widmayer.
- There is now plenty of yarn on hand for those desiring to knit.

FRANCISCO.

The next meeting of the Cavanaugh Lake grange will be held Tuesday evening, October 2d, at the home of Mr. and Mrs. Herbert Harvey.

Miss Anna May Benter of Jackson spent the week-end at the home of Henry Notten.

Rev. and Mrs. George C. Nothdurft and son, Milton; Chester, Mabelle and Kathryn Notten motored to Woodland, Tuesday, and returned Thursday. They enjoyed a very pleasant trip, without any accidents or blowouts.

Mrs. James Richards is on the sick list.

Mrs. Jennie Miller, Ora Miller, Mr. and Mrs. Henry Notten, Mr. and Mrs. Leonard Loveland and children were Sunday visitors of Mrs. Mary Havens.

The school social at the home of Henry Kalmbach, Friday evening, was well attended. Proceeds were \$26.40.

The Ladies Aid society has been postponed one week, and will meet Wednesday, October 10, at the home of Mrs. John Reimenschneider.

Mr. and Mrs. Philip Schweinfurth, Albert Schweinfurth, Erle Notten and Charlie Meyers were Sunday visitors of Henry Notten.

Walter Schittenhelm of Camp Custer, Battle Creek, spent over the week-end with his parents in West Francisco.

Mrs. Emma Kalmbach returned home Saturday after spending several weeks in Petoskey.

Mr. and Mrs. Ehler Notten and Mrs. Mary Wassar spent over Sunday in Brooklyn.

A year's subscription costs only one dollar.

FOURTH DRAFT CALL.

In order to complete its national army quota of 258 men, the Washtenaw county draft board will make a fourth call for 200 men this week. This will make a total of 1116 men called for examination, 916 having been previously called.

DISPUTE RIGHT-OF-WAY

Trouble Between Michael Wackenhut and National Process Fuel Co. Has Court Airing.

The hearing in the case of Michael Wackenhut vs. Charles Wilmarth, alleging malicious destruction of property, was held before Justice Howard Brooks, Saturday. Mr. Wilmarth waived examination and was bound over to the circuit court for trial.

The case is the result of a dispute arising between Mr. Wackenhut and the National Process Fuel Co. regarding a right-of-way from South Main street through the complainant's property to the company's property. Mr. Wackenhut closed the driveway at its inner end on the line between the two properties. Mr. Wilmarth, as the company's representative, removed the gate and later chopped it to pieces.

The trial will be in the nature of a test case regarding the right of the fuel company to use the right-of-way. They claim it has been in regular use by owners of the peat marsh and property for over 15 years and that they purchased the property understanding they were entitled to a right-of-way.

Mr. Wackenhut offers to sell his entire property, now occupied by H. Rosenthal, or will sell them the right-of-way, but the fuel company says his price is exorbitant.

The case is attracting considerable attention in Chelsea.

LIBERTY BOND CAMPAIGN

County Organization is Completed With Following Chairman.

Chairman George W. Millen of the Washtenaw county liberty bond committee has his organization practically completed, and as soon as definite instructions from Washington are received will be ready to begin the campaign in this county.

Chairman in the various towns in the county have been named as follows: Milan, W. F. Allen; Saline, Dr. J. B. Wallace; Manchester, A. J. Waters; Chelsea, Nathan S. Potter, Jr.; Dexter, George S. Francisco; Ypsilanti, Fred Gallup.

Mr. Millen and a party of assistant "bond boosters" were in Chelsea, Friday, making arrangements here and conferring with the local chairman, N. S. Potter, Jr.

NEIGHBORHOOD BREVITIES

Interesting Items Clipped and Culled From Our Exchanges.

ANN ARBOR—The Detroit, Jackson & Chicago Railway company has been made defendant in a \$5,000 damage suit filed in the circuit court by Hattie Caswell, through her attorney, A. J. Sawyer. The suit is the result of Mrs. Caswell being struck and severely injured by an Ann Arbor city car at the corner of 12th street and University avenue, last fall.—Times-News.

TECUMSEH—A meeting was held Friday afternoon at the Lilly State bank, the object of which was to establish an auto trail between the cities of Jackson and Toledo. Invitations were sent out to the various cities and towns along the trail to send representatives. The object of the meeting was to determine the route, make suggestions as to improvements in roads and to provide a plan for properly marking and signing the various turns along the route.—Herald.

WEBBERVILLE—Joe Sandburg, of Lansing, in company with another Lansing man, went down to Detroit, Saturday, and while there had a new accelerator placed on his Ford car. While returning home and near the Kalamink bridge, he ran into some loose sand and wanting to slow down, he put his foot on what he took to be the brake, but which was in reality the accelerator. Result, the car smashed into a tree and knocking everything breakable into a cocked hat. No one was hurt.—Index.

HAUL THRESHING COAL FROM LONG DISTANCE

Farmers From Near Tecumseh and Clinton Come to Chelsea for Fall Supply.

Scarcity of soft coal has not troubled farmers in this vicinity in getting their fall threshing done as there has been plenty available in the local yards, but in some localities they have suffered considerable inconvenience.

The William Bacon-Holmes company has recently sold a quantity of threshing coal to farmers from the vicinity of Tecumseh and Clinton who have been obliged to come clear to Chelsea in order to get a supply.

JOY RIDERS GET BOLDER

Steal Otto Webber's Ford Car and Later Abandon It After Ruining the Motor.

Joy riders took Otto Webber's nearly new Ford automobile, which had been parked on South street near the office of the Michigan Portland Cement company, Saturday evening, and after driving it until the motor overheated and the car refused to run, abandoned it near the J. P. Miller farm, just south of town on the Manchester road.

Mr. Webber notified the officers early in the evening and remained in town until nearly midnight in hopes of finding his car. Finally he managed to get a ride home with a neighbor and noticed a car standing beside the road near the Miller farm. Investigation proved the abandoned car to be his own.

The radiator had sprung a leak and the car had heated so badly that the thieves had abandoned it and probably walked into town.

Officers say that a gang of young men are under suspicion of having taken the car and also of being implicated in a similar case a few weeks ago when Thomas Wortley's car was driven away and later abandoned.

PYCKNEY—James Bell of Dexter has bought half interest in the blacksmith business of Irving Kennedy and will move here Oct. 1st.—Dispatch.

HUNDREDS HEAR HER TESTIMONY

Mrs. Harris Grew So Despondent She Gave Up Entirely, She Declares.

GAINED 35 POUNDS

"I Believe I've Told Fully Four Hundred People in Person About My Recovery on Tanlac," She Says.

"I am not only a strong healthy woman instead of a nervous wreck like I was before taking Tanlac, but I have actually gained thirty-five pounds in weight besides," said Mrs. Emma Harris, whose husband is in the transfer business and who resides at 5811 Reiger street, Dallas, Texas.

"My health had been gradually failing for several months," she continued. "I just had to force down every mouthful I ate and I fell off until I weighed hardly more than a hundred pounds. I was tormented by boils and eruptions all over my body and suffered agonies from rheumatism that made my bones ache like they would break in two. My nerves were in such a state it was simply impossible for me to get any sleep and I felt so downhearted and hopeless that I just gave up entirely and took to my bed.

"One day a friend told me about Tanlac and advised me to try it. I sent for a bottle and by the time I had used up half of it my appetite returned and I was soon up and about and able to take up my household affairs. I eat anything I want now, my food gives me strength, my blood has cleared up, my rheumatism is gone and I suffer no pains, I sleep like a child and feel fresh and fine when I wake up. I believe I've told fully four hundred people in person, about my recovery on Tanlac.

There is a Tanlac dealer in your town.—Adv.

A Pained Question.

Jean's maiden aunt is a dressmaker, and she is forever exhorting the little girl, who loathes the sight of a thimble, to take to sew.

"Aunt Ruth," Jean remarked recently, "should every little girl learn to sew and make her own clothes?"

"Yes, indeed," replied aunt warmly. "Why do you ask?"

"Well, then, how would you make a living?"

Aunt subsided.

The Joy of Misery.

"Misery loves company." "Not if the other fellow has bigger woes to talk about."

The turkey buzzard is nearly as large as an eagle, dull black, soars almost constantly, often in large curves.

GAVE UP HOPE

Often Wished For Death to End Her Misery. Doan's Effected a Complete and Lasting Recovery.

"I was helpless with kidney trouble," says Mrs. Ellen Janis, 1404 N. Third St., St. Charles, Mo., "and began to think my case was beyond the reach of medicine. The pain in my back laid me up in bed and it seemed as if my back had been crushed. I couldn't sleep and I was so nervous I was almost frantic.

"Flashes of fire came before my eyes and the pains in my head were terrible. My sight was affected and there were large, puffy spots beneath my eyes.

"How I suffered when passing the kidney secretions! I screamed in agony and I often wished I might die and be out of misery. I had night sweats and mornings on getting up I was so weak and numb I could hardly stand up. I grew so pale and emaciated I looked like death. Doan's Kidney Pills cured me completely and I have been as well and healthy since as any woman of my age."

KONDON'S CATARRHAL JELLY

REDUCES WORK OF KIDNEYS

Diet Recommended by Medical Men for Those Who Suffer From Dreaded Nephritis.

In nephritis, or inflammation of the kidneys, diet is a very important part of the treatment. The diet is planned to reduce the tax on the kidney to the lowest terms. Beverages and fluid foods are limited, no salt is added to food, certain vegetables which contain much salt are avoided and meat is cut out entirely.

Dr. Arthur F. Chace, professor of medicine, and Dr. Anton R. Rose, associate in pathological chemistry in the New York Post-Graduate Medical School and Hospital, give in the Journal of the American Medical Association a study of diet for nephritic sufferers.

"The general plan of the dietary is as follows: A warm cooked cereal, generally farina served with milk, is given for breakfast. This is sometimes replaced by oatmeal or a baked banana, and toast and a citrus fruit are occasionally added.

"The noon meal consists of a plain soup made from milk, flour and butter, given mainly to supply an agreeable hot dish, though it is also utilized as a medium for introducing variety by adding celery, asparagus or spinach; a main dish consisting of baked potato, now and then replaced by baked half-rice banana and steamed rice; a liberal portion of green vegetable and a lettuce salad with oil dressing, flavored with lemon or vinegar.

"The evening meal is composed of such articles as ripe bananas, rice pudding, cornstarch blanc mange, steamed rice with baked bananas and stewed fruit. Milk and cocoa in limited quantities are served as beverage."

From this general outline it is not difficult to construct twenty different menus that will contain great variety.

Money Enough to Be Happy.

The American Magazine asked this question a few months ago. One of the best answers is:

"How much money do I need to be happy? That's easy. I can answer that without even taking time to stare into the fire or bat an eyelash—\$2,080 a year. That is enough to live comfortably, save some and do our share in the social and religious life of which we are a part. Friends, friends are the gift of God and can neither be bought nor sold, so money cannot enter into this phase of the question, for, whether I were a tincup beggar, a bloated bondholder or just a fair to middling everyday person, true friends are still friends. Now, why the specific amount, \$2,080 a year? Why not \$2,000 or \$2,500? For the simple reason that \$2,080 is the exact amount that my Peter makes, and because with love enough the amount of money to make one happy is just what one's got."

Artificial Legs for Horses.

A new invention of artificial legs for horses and dogs was offered to the Philadelphia branch of the Red Star Animal Relief by a French-American veterinarian who refuses to disclose his name.

This man, who has taken 21 trips to Europe since the war started with horses for France, claims that the horse or mule may be used for light farm work if those legs are used.

The leg, or crutch, which has been used successfully in this country, is made of steel, with a special quadrant spring imitating the vertical and lateral flexings of the ankle and fetlock.

Thrift.

"Are you going to save your straw hat till next summer?"

"I thought about it; but feed is so expensive I thought it more economical to give it to the goat for his dinner."

Exemption Chatter.

"I think Smith has a horrible nerve to claim exemption. Now, it was different in my case."

"I feel awfully sorry for Jones. I like his wife. But I'm glad about Brown. I hate his wife."

U. S. AVERTS SEAMEN'S STRIKE

Great Lakes Sailors Get Pay Increase Through Shipping Board.

Washington—A strike of Great Lakes seamen, set for Monday was averted by union leaders when the shipping board, serving as arbitrator in their dispute with carriers, decided to grant the wage increases demanded. Other demands were waived, pending investigation by the board.

The dispute was brought to the shipping board when it appeared the carriers' refusal to deal with the seamen's union had defeated all hope of an adjustment. Both sides agreed to abide by the board's decisions in all except the demand for union recognition, which the carriers still refuse to meet.

The men asked a minimum for seamen in October and November of \$95 a month. The carriers had declined to pay more than \$85. Deck hands will receive \$60 a month. It has been the custom on the lakes for years to pay higher wages during the last two months of the operating season. The summer rate for seamen this year was \$72.

Spies Menace Selfridge Field.

Mt. Clemens—More restrictions are being placed daily on visitors to Selfridge aviation field. Many passes have been revoked and parties entering the field are being thoroughly searched before passing through the gates. These precautions are necessary because of the spy peril which is a real menace. It is reported that many machines bear evidence of having been tampered with. Stay wires show traces of acid and files, weakening them to a breaking point.

PROFITS OF COAL DEALERS LIMITED

GOVERNMENT ORDERS PRICES BASED ON 1915 COST PLUS PROFIT.

ORDER IS EFFECTIVE OCTOBER 1

Committees Appointed By Fuel Administrator Will See That Order of Government is Enforced.

Washington—Government control over the coal industry has been made complete by an order of Fuel Administrator Garfield limiting the profits of retail coal and coke dealers throughout the country to a basis which is expected to bring about an immediate reduction in prices to the consumer.

The order, effective October 1, directed that the retailers shall fix their prices so to limit their gross margins over cost to the average of the gross profits during the year 1915, plus a maximum of 30 per cent of the 1913 margin, provided that in no case shall the average margin of the month of July, this year, be exceeded.

Local committees appointed by the federal fuel administrators in each state will see to it that the dealers comply with the order. Dealers themselves will be called upon to return sworn costs sheets showing the facts upon which they have based their prices.

Dr. Garfield selected 1915, as a normal year because the coal shortage which resulted in continued rises in prices did not begin until 1916. The additional 30 per cent is allowed to cover the increase in the retailers cost of doing business, which has increased substantially during the past two years. Prices already fixed by the government for coal at the mouth of the mine are near those charged in 1915, and with the jobbers' charge now limited to 25 cents a ton and the cost of transportation not materially increased, the consumer, in every community, should be able to get coal of any description at approximately the price he paid in 1915.

COAL SHORTAGE IN STATE ACUTE

According to Survey, 50,000 Homes Have No Fuel Supply.

Lansing—That there is an alarming shortage of coal in Michigan especially in the large cities was brought out emphatically by a survey just completed in Detroit, under direction of the Detroit Board of Commerce.

Fifty thousand Detroit homes are without coal, and without positive assurance of being able to secure a winter's supply of fuel, a condition unprecedented at this time of the year.

The results of the survey have not been made public in their entirety, but enough of the chief features of the report are known to reveal a situation startling in its indications of hardship for the public.

Coal dealers, without a known exception, are refusing to take advance orders from their customers.

Dealers, unable to obtain any information in regard to when the fuel administration will permit shipments here, are running no risks of making promises of delivery that they may be unable to fill.

Opinion among Board of Commerce members and Detroit coal men, however, seems to be that Detroit is being discriminated against, and that an early and emphatic protest to Washington is the only course open, if a shortage of fuel in mid-winter is to be prevented.

U. S. AVERTS SEAMEN'S STRIKE

Great Lakes Sailors Get Pay Increase Through Shipping Board.

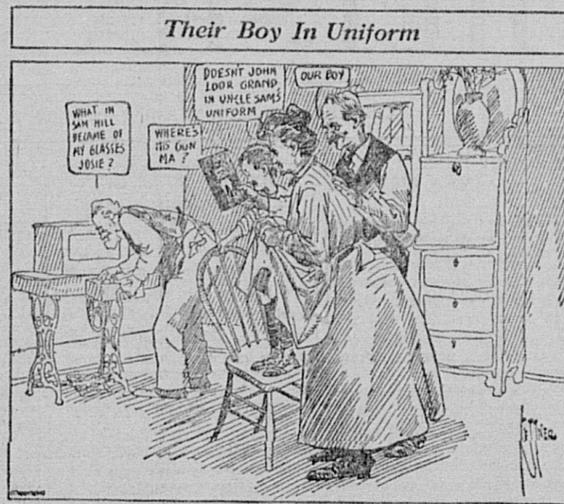

Washington—A strike of Great Lakes seamen, set for Monday was averted by union leaders when the shipping board, serving as arbitrator in their dispute with carriers, decided to grant the wage increases demanded. Other demands were waived, pending investigation by the board.

The dispute was brought to the shipping board when it appeared the carriers' refusal to deal with the seamen's union had defeated all hope of an adjustment. Both sides agreed to abide by the board's decisions in all except the demand for union recognition, which the carriers still refuse to meet.

The men asked a minimum for seamen in October and November of \$95 a month. The carriers had declined to pay more than \$85. Deck hands will receive \$60 a month. It has been the custom on the lakes for years to pay higher wages during the last two months of the operating season. The summer rate for seamen this year was \$72.

Spies Menace Selfridge Field.

Mt. Clemens—More restrictions are being placed daily on visitors to Selfridge aviation field. Many passes have been revoked and parties entering the field are being thoroughly searched before passing through the gates. Stay wires show traces of acid and files, weakening them to a breaking point.

U.S. COURT INDICTS 166 I.W.W. LEADERS

CHARGES MEN WITH CONSPIRACY TO HAMPER GOVERNMENT DURING WAR.

SEIZED RECORDS SHOW GUILT

Documents Taken in Raid Said to Reveal Plot to Resist Draft Law and Foment Strikes.

Chicago—Formal return of a blanket indictment charging a nationwide conspiracy to hamper the government during the war has been made in the United States district court here against 166 leaders of the Industrial Workers of the World.

Seditious conspiracy—the crime nearest to treason within the definition of the criminal code—is charged. This offense is punishable by six years' imprisonment or \$5,000 fine, or both.

Indictments are understood to be based upon revelations brought to light in the recent country-wide seizure by federal authorities of documents and correspondence of the I. W. W. in approximately 59 towns and cities.

These documents are understood to have revealed the existence of a conspiracy, the most far-reaching in its scope of any yet unearthed, to embarrass the government in the prosecution of the war by resistance to the draft law, by fomenting labor disturbances, by burning crops and forests and in numerous other ways.

A comparatively small coterie of men is understood to have directed the entire movement.

The evidence laid before the grand jury was of such volume as actually to weigh a ton or more.

There was evidence that German money was plentifully supplied, as shown in many letters and cancelled checks. Indications pointed to a group of men as prime movers in the great conspiracy with a large number of agents acting under their orders.

One feature which the investigation brought out sharply was the almost predominant membership of Austrians in the ranks of the I. W. W. local organizations. Thousands of these men, unrestrained because the United States is not at war with Austria, federal investigators have found, have been free to carry on whatever activities were planned.

Among the first to be taken into custody was William D. Haywood, secretary of the national organization of the I. W. W., who was questioned September 5, when the headquarters of the I. W. W. in various cities were raided by the government.

After he had been questioned by Hinton G. Clabaugh, of the department of justice, Haywood was held in default of \$25,000 bail.

SHIP BUILDERS CALL OFF STRIKE

25,000 Men Resume Work—Twenty Per Cent Pay Increase Granted.

San Francisco—The strike of 25,000 iron workers and other mechanics in the San Francisco bay region has been settled.

The strike had tied up work for 10 days one-eighth of the government's shipping contracts.

The text of the agreement entered into by representatives of unions and the employers provides that wages up to and including \$4.25 a day shall be increased 20 per cent, wages from \$4.25 up to and including \$5 shall be increased 12 1/2 per cent and wages from \$5.01 up shall not be increased in excess of \$6.

It says that "the object in agreeing to this advance in wages at this time is purely patriotic on both sides."

Divorce Refused Four Times.

Flint—For the fourth time Len and Sarah Tibbets have failed to gain release from their marriage bonds. Judge Fred W. Brennan has dismissed both the wife's complaint and the husband's cross bill. The original bill was filed in 1911 by Mrs. Tibbets, when it had been dismissed. Tibbets went to St. Clair county and began action and while that was still pending, he filed another bill here in Flint, which was dismissed by Judge Stevens.

SECOND LIBERTY LOAN ISSUED

Bonds Carry 4 Per Cent Interest—Sale Closes October 27.

Washington—The campaign for the sale of the second issue of Liberty bonds which was opened Monday, October 1, will close Saturday, October 27.

The chief features of the new issue are:

Amount—\$3,000,000,000 or more, the excess not to be more than one-half of the amount of over-subscription. In other words, if subscriptions to the extent of \$5,000,000,000 are filed, \$4,000,000,000 of bonds may be allotted.

Term of bonds—Maturity, 25 years; redeemable at the option of the secretary of the treasury, in 10 years.

Denominations of bonds—\$50 and multiples of \$50.

Interest rate—Four per cent, payable semi-annually on November 15 and May 15.

Terms of payment—Two per cent on application, 18 per cent November 15, 40 per cent December 14 and 40 per cent January 15, 1918.

The privilege of converting bonds of this issue into bonds of any succeeding issue bearing a higher interest than 4 per cent during the period of the war is extended.

Through an arrangement under which bonds will be printed with only four coupons instead of 50 (to be exchanged at the end of two years for the bonds containing the full number of coupons), deliveries will be prompt in this manner, the issue of interim certificates will be avoided.

LA FOLLETTE MAY LOSE SEAT

Minnesota Wants Wisconsin Senator Expelled—No Action Probable.

Washington—A communication from the governor of Minnesota and the State Public Safety commission, requesting expulsion from the senate of Senator LaFollette of Wisconsin, was presented in the senate by Senator Kellogg of Minnesota, and referred by Vice-President Marshall to the senate privileges and elections committee.

Senator Penrose indicated that the privileges and elections committee would take no action, for the present at least. He said he could not decide until after conferring with other members and that a quorum of the committee could not be obtained probably during this session.

Senator Kellogg explained that he presented the resolution according to the usual practice of filing communications from responsible organizations.

Characterizing the speech of La Follette in St. Paul, September 20, before the non-partisan league, as "disloyal and seditious," the resolution declares the utterances have served to create treasable sentiment in Minnesota. The document petitions the senate to begin proceedings to expel Mr. La Follette as "a teacher of disloyalty and sedition, giving aid and comfort to our enemies and hindering the government in the conduct of the war."

ALIEN SLACKER BILLS KILLED

Objection of Soc. Lansing Causes Postponement of Legislation.

Washington—Alien slacker legislation in this session of congress received its death blow at the hands of the house military affairs committee.

The committee in secret session voted unanimously to postpone all action on legislation designed to force aliens into subject to the American draft bill.

Chairman Kent, of the military affairs committee, stated his committee had postponed the legislation because Secretary Lansing said that the matter was under negotiation.

New Circuit Judge—Only 36 Years Old.

Detroit—Harry J. Dingeman, corporation counsel of Detroit, was ordered seated next January as one of the circuit judges in Wayne county in place of Ira W. Jayne, by the supreme court. Board of canvassers had no right to certify Jayne after a recount, was granted. Dingeman will be one of the youngest circuit judges in the history of Wayne county, if not of the entire state of Michigan. He is only 36 years old.

NATIONAL GUARD IS RE-ORGANIZED

THREE MICHIGAN UNITS WIPED OUT—BECOME 125TH AND 126TH INFANTRY.

FORM 63rd FIGHTING BRIGADE

General Covell Saves Identity of Michigan Troops—Were Slated to Become Depot Brigade.

Camp McArthur, Waco, Tex.—Completely losing its identity as a regiment, the Thirty-first Michigan infantry upon its arrival at Camp McArthur, Waco, was split up and the enlisted men and officers were divided between the old Thirty-second and Thirty-third.

No sooner had Colonel Ambrose C. Paek announced the safe arrival here of all the Thirty-first men than he was informed by General Lewis C. Covell, commander of the Michigan forces, that complete reorganization of all the state guard had been completed.

Cavalry Made Artillery.

Here are some of the important points in the reorganization:

The Thirty-first, Thirty-second and Thirty-third regiments are wiped out as such; in their places there will be the One Hundred and Twenty-fifth and the One Hundred and Twenty-sixth infantry.

Cavalry outfits are transferred to artillery and there will be no cavalry troops in the National Guard.

Michigan troops will form what is known as a fighting brigade, the sixty-third, and are likely to go to France early in 1918.

A machine gun battalion of three companies will be part of the Sixty-third brigade.

Commanding the brigade will be General Lewis C. Covell; Colonel John R. Boeber, former commander of the Thirty-third, will command the One Hundred and Twenty-fifth infantry, and Colonel Joseph B. Westledge, who commanded the old Thirty-second in the north, will command the new One Hundred and Twenty-sixth infantry.

Identity of Troops Saved.

That the Michigan guard was not made the Fifty-seventh depot brigade as had been ordered, was due entirely to the activity of General Covell, oficers here said.

If the Michigan soldiers had been used as a reserve force, then they would have been scattered among the Wisconsin fighting regiments and would have lost their identity. The result of this would have been that when the history of the war was written, Michigan troops would have received no credit for participation.

Claiming that this was a decided injustice, General Covell, after many conferences, won over the department, and instead of Wisconsin having two fighting brigades, she now has one fighting brigade and one depot brigade, and Michigan has one fighting brigade.

Draft Men to Fill Ranks.

Also, it is officially stated, approximately 7,000 of the selected men now at Battle Creek will be sent to Waco to fill up gaps in the Michigan and Wisconsin regiments. It is said that Michigan men will be used in the Hader state outfits because more men volunteered for service in the Wisconsin National Guard than in the Michigan guard.

Two thousand are likely to be scattered among the companies of the One Hundred and Twenty-fifth and One Hundred and Twenty-sixth regiments and the rest will be turned over to a fighting brigade and a depot or reserve brigade from Wisconsin.

SMALL BENEFIT FROM STEEL CUT

Public Will Save But Little As There Is No Steel to Buy.

New York—Obscure points in the government's recent price-fixing announcement for steel, iron and coke have been cleared up by conferences of manufacturers with the war industries board. An important point settled is that existing contracts will not be abrogated.

The public, nominally, entitled to buy at the same price as the government, will have little benefit from this, as war needs must be met first and these amount to 7,000,000 tons. Orders placed the last few days amounting to several hundred thousand tons, all for deliveries in from 20 days to 12 months. The building program alone calls for 2,400,000 tons of steel bars, plates and shapes.

All the Entente governments are in the market for more steel, England wanting 600,000 tons of shell bars and forgings, while France and Italy need several thousand tons of ship steel. The United States continues actively to place large munition and war machinery contracts.

Traverse City Dam Blown Up.

Traverse City—What was known as the lower dam of the Boardman River Electric Light & Power Co., which concern supplies Traverse City with light and power, was blown up entailing a loss of \$50,000 on the spillway, possibly as much on the dam itself and throwing several Traverse City industries out of power. Unmistakable evidence shows that the dam and spillway were dynamited as bits of the structure were found hundreds of feet from the dam.

NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sleep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham remedies to all women as I have used them with such good results."—Mrs. MILFORD T. CUMMINGS, 822 Harmony St., Penn's Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacement, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

Back in the dark ages, when the management of the Erie railroad was not all that it should have been—the rolling stock, needing more oil and the common stock less water—a west-bound passenger train jolted into Corning one day two hours behind time and halted to patch up the engine and take on such passengers as were in no hurry and preferred waiting to walking.

Just as the train was about to jerk itself into motion an excited individual came rushing along the platform, dragging a heavy carpetbag with one hand and waving a telegram with the other. "You must wait!" he shouted, breathlessly. "I'm in an awful hurry! I want to get to Buffalo the worst way!"

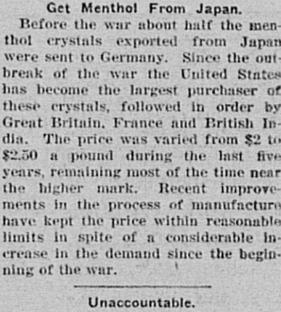

"All right!" sang out the conductor of the starting train. "Hurry up and jump aboard. You won't strike anything worse than this!"—Everybody's Magazine.

Get Menthol From Japan. Before the war about half the menthol crystals exported from Japan were sent to Germany. Since the outbreak of the war the United States has become the largest purchaser of these crystals, followed in order by Great Britain, France and British India. The price was varied from \$2 to \$2.50 a pound during the last five years, remaining most of the time near the higher mark. Recent improvements in the process of manufacture have kept the price within reasonable limits in spite of a considerable increase in the demand since the beginning of the war.

Unaccountable. "He declares that he despises, detests and abominates you." "That is very strange," replied J. Fuller Gloom. "I do not recollect ever having lent him any money."

Always Be Fair. Try and find the good that is in your neighbor, even if you have to take a microscope.

PETERSON'S OINTMENT BEST FOR ECZEMA

First Application Stops Itching of Eczema, Salt Rheum and Piles.

"Live and let live is my motto," says Peterson. "I frantically all over America sell PETERSON'S OINTMENT for 25 cents a large box and I say to these druggists, if anyone buys my ointment for any of the diseases or ailments for which I recommend it and are not benefited give them their money back."

"I've got a safe full of thankful letters testifying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum, ulcers, sore nipples, broken breast, itching scalp and skin, blind, bleeding and itching piles."

A Question.

"He was boasting that he did some record flying abroad at the front."

"Aviating or running away?"

New York's noted old St. Denis Hotel has been razed.

WOMEN TO REPORT FOOD BEING USED

STATE PLANS TO KEEP CLOSE CHECK ON SALES IN NEW CONSERVATION PLAN.

DRAFT APPEAL LAW MODIFIED

Selected Men, With Just Claims for Exemption, Now Have Chance to Secure Release.

Lansing.

Weekly reports of how effective the "meatless" and "wheatless" days really are, promise to be a feature of the campaign for food conservation in Michigan, now being undertaken by H. H. Freeman, of Kalamazoo, under State Food Director Prescott.

When the lady of the house signs the card and agrees to have every Tuesday a meatless day, and every Wednesday a wheatless one, it does not mean that she is done, in addition to fulfilling her agreement, the government officials want her to report each week on a postal card whether or not she really has kept these days.

The object of this report is not so much to keep track of the promises as they are originally made, but rather to keep a check, if possible, upon the retailer, the wholesaler and the jobber. Under the regulations of Food Director Hoover, these must report every week as to what stuff they have sold and for what prices they have sold it.

A constant watch upon the households as to how many are really observing the so-called "fast days" would easily catch any retailer or a wholesaler, or a jobber, in an effort to make any false representation.

The campaign for the fast days will take up six weeks time, and in that Mr. Freeman hopes to have everybody in the state interested in it and seriously obeying the suggestions of the government.

Many Rookies Are Homesick. Homesickness and mental suggestion, creating many imaginary ailments, are causing hundreds of the new men in camp to report to regimental infirmaries for treatment, with the result the medical branches of the division are clogged with needless work, according to officials in that department.

As a matter of fact, there is so small an amount of real illness in camp that the percentage of the total under treatment is infinitesimal. Of the 16,000 men in camp there are less than 50 cases in the base hospital.

But the reaction after the excitement is beginning to have its effect, and in companies where there develops a genuine case of illness it is noticed that many of the other men present themselves at sick call.

Under medical regulations no man is really ill until his case has been passed on by department surgeons, and for that reason very few of the many who visit the infirmary are marked "Quarantined." Rather they are sent back to duty and soon the alleged ailment disappears.

Another class of patients, really in need of attention, are men suffering from epilepsy produced by a sudden shutting off of alcoholic stimulants. There are a number of these cases in each regiment, some of them of a very violent nature.

Because physicians are prohibited by the dry law of camp from administering liquor in small quantities to relieve these cases, mild sedatives are administered and soups and other light, nourishing foods administered. Most of the patients will ultimately recover, but there will probably be some who will be discharged.

Counselor for Exemption Boards. The unevenness and inequality of exemption board rulings in different districts has become a burning issue.

Governor Sleeper has appointed Albert G. Petermann, of Houghton, special counselor for the exemption boards of the state. It is hoped that before long some code of rulings can be compiled which will direct the draft boards of all districts.

In the second draft a man came in from St. Louis, Mich., followed by his wife, who was carrying their little baby. It seemed to all the observers that the woman was indeed absolutely dependent, yet the board had drafted this man.

There are not many of these cases. Most of those who come are single men. Most of them come with willingness; in fact, with eagerness. No one thinks any board intends to be unfair, but there is a strong feeling that one state-wide system of rulings is needed.

Michigan is the first state to take steps toward one system of rulings for all boards.

Ford Motor Co. Report Filed. Assets of the Ford Motor Co., exclusive of good will, were \$158,834,778.99 Aug. 31. This is an increase of \$26,754,564 over the figures of a year ago, according to the corporation report filed with the secretary of state. Cash on hand was \$45,139,399.96. Total liabilities were \$25,229,871.74.

CAMP CUSTER NOTES. The general health of the camp continues to be excellent. Surgeons say that it is better than they have a right to expect and that there is less sickness here than is normal among 16,000 civilians.

There appears to be a large amount of musical talent among the enlisted men and the task of organizing bands for the various regiments should not be hard. Calls for candidates have, in every instance, resulted in large number of men offering their services.

Lights must be out in the barracks occupied by Porter Brothers' laborers, and no gambling is allowed.

The Benton Harbor delegation challenged the whole camp to produce a welterweight who would meet their champion, George Tobin, a boy who has won several battles in western Michigan.

Lieut. Clifford L. Jury, Detroit, received notice from his local board, that he has been drafted. Lieut. Jury, who is serving with the 240th infantry, informed the board that he is already in the service.

School Crowded Out by Camp. In response to the question what school district No. 12, Redford township, which has given way to the Battle Creek cantonment, should do with its primary money, Fred L. Keeler, superintendent of public instruction, has advised officials of that district to place it in a vault with school records.

He says that after the war is over and the cantonment no longer necessary the district will no doubt be re-established and the funds will be re-established.

Men At Custer Asked to Save.

Enlisted men at Camp Custer are being encouraged to plan on sending home part of their monthly pay and the government will assist them in their endeavors to save or to help those left behind.

The recruits are told that if they will assign a certain amount to friends or relatives, that the government will deduct this sum and take care of the work of forwarding it to the proper parties.

The enlisted are also urged to subscribe to the new Liberty loan. This plan of investment is urged especially for the young man with no dependents.

An enlisted man can say money on his pay of \$30 a month. His clothes, his food and his lodging are provided. The only necessity for which he need spend money is his laundry and even on that he can economize by doing his own work.

Books, magazines, entertainment are his for the asking. After he is on a outfit with the little necessities of soldier life there are very few things that he needs to purchase.

Army officers do not begrudge the enlisted man the pleasure of spending his wages, but they believe he will be far better off after the war if he comes back home with a nest egg waiting for him.

CUT OUT CROOKED STICKS

Use of Dead Wood for Fuel is Also Applied to Scoundrels and the War.

Forestry experts in New York, a State which has given much conserving attention to its wealth in trees, urge farmers to help the country meet the high cost of fuel by making more use of the dead and dying timber in their wood lots.

They are advised to burn in their stoves and grates the fallen logs still sound enough to be converted into fire wood and to cut down and utilize crooked trees obviously foredoomed to worthlessness as timber, no matter how long they may be allowed to stand.

This is good advice, and there is a human moral in the crooked stick part of it, says an exchange. The same stress of war times, which led to the appeal issued to New York farmers in sifting out crooked men.

Some rascals will profit by war conditions, but in the broad view of the nation's affairs the sound and straight will come to the front. The country can't take chances with scoundrels. It must cut crooked sticks out of the life-and-death work of the war, in places of authority.

Out of the Mouths of Babes. Little Nettie asked her teacher what was meant by "Mrs. Grundy." She was told that it meant the "world!"

Some days after the teacher of the class to which Nettie belonged asked, "What is the equator?" After some hesitation Nettie said: "I know; it's the belt around Mrs. Grundy's waist."

A Suggestive Slap. "You are my slivery-toned belle," said Sentimental Sammie.

"Huh!" rejoined Practical Pauline; "What is the use of having a bell if you don't ring it?"

European experimenters have found that explosions can be caused in gas works by sparks from a telephone.

Religion in France.

There is no state religion in France, but the adherents of any church or creed can hold their religious belief and observe their religious practices. Under the law promulgated on December 9, 1905, the churches were separated from the state, the adherents of all creeds were authorized to form associations for public worship, and the state, the departments and the communes, were relieved from payment of salaries to clergymen.

For clergymen of forty-five years of age pensions were provided. Buildings used for public worship were made over to associations for public worship. The association law of July 1, 1901, requires religious communities to be authorized by the state, and no monastic association can be authorized without a special law in each particular case.

Before the passing of that law there were 910 recognized associations, and 753 not recognized. After the passing of the law, of the 753 not recognized, 305 dissolved themselves, and 448 asked for authorization which was refused by the chambers, or parliament, to the majority of them.

Just as Good. Tommy Atkins had taken a German officer prisoner and demanded the latter's sword. The officer shook his head.

"I have no sword to give you," he said, "but won't my vitriol spray, my flame projector or my gas cylinder do as well?"

Use for Horse Chestnuts. Horse Chestnuts Wanted—British Find They Will Replace Other Cereals in Munitions.—Newspaper Headline.

Thank heaven, we are not asked to eat them.—New York Sun.

Progress. "Are you interested in food control?" "I have gotten away past it. What I'm interested in now is appetite control."

No girl's face is in it with a retouched photograph.

SOLDIERS FIRST, THE RULE

Gallant Warriors Willing to Give Right of Way to Visitors, but Plans Are Changed.

It was a Sunday evening at Ft. Benjamin Harrison and the crowd of sisters, mothers, aunts and sight-seers was waiting at the interurban station for a car. At last one came. At the same time a crowd of soldiers with leave to go to the city arrived. It was evident that the lone car and its small trailer could not carry all the passengers. The soldiers held a little consultation, and then suddenly offered to the women the use of the train. They said they would wait for another car. The train filled with sisters, mothers, aunts and sight-seers left the little depot, and the soldiers were thanked many times for the favor.

At the siding just east of town the train bearing all these civilians was stopped and backed on to a switch. Two minutes later a car loaded with soldiers passed them on the main track, making a bee-line for town.—Indianapolis News.

More Expensive Trimming. Halefeller (wildly)—What? Do you mean to tell me, woman, that it cost \$30 to get that hat trimmed? Jumping Jupiter! But that milliner's game is the limit!

Mrs. Halefeller (sweetly)—Really? Why, I understood it costs some more than that to get trimmed in a poker game.

Waiting for Congress. "Why does the president have the pardoning power and not congress?" "We don't want a prisoner who deserves a pardon to run the risk of dying of old age."

The crow is the one big black bird larger than a pigeon that flaps its wings all of the time slowly as it flies.

There are fast friends and fast friends. One kind you can't lose.

Eat More Corn! When you eat corn instead of wheat you are saving for the boys in France. Corn is an admirable cool weather food. Whether or not you like corn bread, corn muffins, "Johnny Cake", or corn pone, you are sure to like Post Toasties. The newest wrinkle in corn foods—crisp, bubbled flakes of white corn—a substantial food dish with an alluring smack—and costs but a trifle. Make Post Toasties Your War Cereal.

Pain and Struggle

Many people have fine dreams of
moral and spiritual beauty which never
become anything more than dreams,
because they will not work them out in
pain, struggle and self-restraint. Here
is an incident from a private letter.

"One day lately one of my little mus-
ic pupils, an old-fashioned, sweet lit-
tle girl about nine years old, was play-
ing scales and octaves, when she turned
to me and said, 'Oh, Miss Graham,
my hands are tired.'"

"I said: 'Never mind, Norma; just
try to play them once or twice more.
The longer you practice them the
stronger your hands will grow, so that
after a while you will not feel it at all.'"

"She turned the gentle little face
wearily to me and said, 'Miss Gra-
ham, it seems as if everything that
strengthens hurts.'"

"I gave her something else, but I
thought, 'Yes, my dear little girl, ev-
erything that strengthens hurts.'"

The child was right. It is true in
music; it is true in all art; it is true
in the making of character; everything
that strengthens hurts, costs pain and
self-denial. We must die to live. We
must crucify the flesh that we may
find spiritual gains.—J. R. Miller in
Spokane Spokesman-Review.

Algernon Palmer.

Croup.

If your children are subject to
croup get a bottle of Chamberlain's
Cough Remedy, and when the at-
tack comes on be careful to follow
the plain printed directions. You
will be surprised at the quick relief
which it affords.—Adv.

IT IS NOT A HAY: IT IS A LEGUME AND
BELONGS TO THE SAME PLANT FAMILY
as the pea, bean, peanut, etc. Less than an
acre was first planted, but the yield for 1916
was valued at \$160,000,000, and there is now
seven million acres under cultivation. It has
been proven unquestionably that the same
nutritious and medicinal properties of AL-
FALFA that produce such wonderful results
in animals that are fed upon it are equally
beneficial to man. Exports say that ALFAL-
FA contains a greater percentage of nutri-
tive and medicinal properties than any other
cereal.

700 DEALERS IN THE STATE OF MICHIGAN
ARE NOW SELLING ALCERCO PRO-
DUCTS. LAST YEAR THEY SOLD 7,000
quarts of ALFALFA table syrup, 6,000 dozen
packages of ALFALFA GUM, 5,000 GAL-
LONS OF "FALFAY," the soda fountain
drink, 22,000 lbs. of ALFALFA TEA, 40,000
lbs of KISSES.

DEALERS WRITE FOR AGENCY--QUICK

Mrs. Charles Currier spent the
week-end in Sharon at the home of
Mrs. C. O. Hewes.

Mr. and Mrs. L. W. Benjamin of
near Perry visited their daughter,
Mrs. Ford Axtell, yesterday.

Mr. and Mrs. W. B. Johnson and
Mr. and Mrs. Don Goodnow, of
Howell, were Chelsea visitors, Sun-
day.

Mrs. C. J. Chandler, who has
spent the past six weeks at her
Chelsea home, returned to Detroit,
today.

George Steinbach and son and
Mr. and Mrs. Bernard Steinbach
visited friends in Whitmore Lake,
Sunday.

Forty-five couple attended the
first I. O. O. F. dance Friday eve-
ning. The next dance will be on
Hallowe'en.

Mr. and Mrs. William Fahrner
and two sons and Mr. and Mrs.
George Barth and daughter motored
to Lansing and return Sunday.

Winter Cooper and Allen Craw-
ford, of Detroit, visited at the home
of the former's parents, Mr. and
Mrs. H. E. Cooper, over the week-
end.

Mr. and Mrs. Ford Axtell and
two sons, Ralph and Paul, visited
her parents, Mr. and Mrs. L. W.
Benjamin of near Perry, over the
week-end.

Bernice Hall of Dexter was in
town Tuesday between trains leav-
ing for her home in Dexter. She
will trim for Miss Gillespie this
season.—Tecumseh Herald.

Mr. and Mrs. Leo Hindelang and
family are moving to Saginaw and
shipped their household goods yester-
day. Mr. Hindelang will have
charge of the state agency of the J.
I. Case Plow works.

Professor Bradley M. Thompson,
for many years connected with the
law department of the University
of Michigan, died Saturday after-
noon at his home in Ann Arbor.
He was 83 years of age.

\$100 Reward, \$100.

The readers of this paper will be
pleased to learn that there is at
least one dreaded disease that
science has been able to cure in all
its stages, and that is Catarrh.
Hall's Catarrh Cure is the only
positive cure now known to the
medical fraternity. Catarrh being
a constitutional disease, requires a
constitutional treatment. Hall's
Catarrh Cure is taken internally,
acting directly upon the blood and
mucus surfaces of the system,
thereby destroying the foundation
of the disease, and giving the pa-
tient strength by building up the con-
stitution and assisting nature in
doing its work. The proprietors have
so much faith in its curative powers
that they offer One Hundred Dol-
lars for any case that it fails to
cure. Send for list of testimonials.
Address: F. J. CHENEY & CO.,
Toledo, O.

Sold by Druggists, 75c.
Take Hall's Family Pills for con-
stipation.—Adv.

Mr. and Mrs. S. S. Gallagher vis-
ited at the home of his brother in
Flat Rock, Sunday.

Mrs. Evelyn Russell and children
visited her parents, Mr. and Mrs.
W. B. Ewing of Addison, over the
week-end.

A postal card from Sergeant
Clarence Stipe announces his safe
arrival at Camp McArthur, Texas.
He says the new camp is much
better than the one on the Mexican
front, near El Paso. His address is:
Co. E, 126th Inft., Waco, Texas.

Miss Milda Faist was pleasantly
surprised Friday evening by fifteen
young friends, the event being in
honor of her birthday. Games were
played and refreshments served.
A large birthday cake containing
seventeen candles was a feature of
the evening.

Among the young people of Chel-
sea and vicinity who will enter col-
lege this fall are: Gertrude Mapes,
Oberlin college, Oberlin, Ohio;
Izora Foster, U. of M.; Clare Rowe,
Western State Normal, Kalamazoo;
Ruth Hirth and Nina Greening, Yp-
silanti State Normal.

Mr. and Mrs. Stanton Klink of
Sylvan entertained on Sunday: Mr.
and Mrs. Frank Lewis and Mrs.
Aaron B. Clark, of Jackson; Mrs.
Florence Howlett and Mrs. Janette
Bachman, of Chelsea; Miss Leona
Curtis of Elkhart, Indiana, and Mr.
and Mrs. A. C. Smythe and daugh-
ters, Josephine and Edna, of Man-
chester.

The body of Frank Woods, 19
years of age and son of Mr. and
Mrs. Earl Woods who formerly re-
sided in Chelsea, was brought here
Friday evening from Toledo. Fun-
eral services were held Saturday
morning at 8:00 o'clock at the
church of Our Lady of the Sacred
Heart. Interment at Mt. Olivet
cemetery.

One of the best pieces of state-
aid roads in this part of the state
is north of Stockbridge. It runs
straight north for about eight miles
and more is now being built at the
northern end. It is kept carefully
"floated" and is free from ruts and
pockets. It is a road worth while
and the people of that vicinity are
to be congratulated upon their pro-
gressiveness.

Mr. and Mrs. Fred Gross enter-
tained a number of relatives Sun-
day in honor of their son, Julius,
who expects to be called soon to
Camp Custer. Among those present
were: Mr. and Mrs. Christ Frey,
son Walter and grandchildren, Paul
and Katherine, of Manchester; Mr.
and Mrs. Clarence Gieske, of Shar-
on Hollow; Mr. and Mrs. M. C.
Rank and Mr. and Mrs. H. R. Rank
and son Donald, of Francisco; Mrs.
Fredericka Klingler, of Chelsea;
Adolph Gross and family, of East
Lima.

SCRIPPER - FAY.

Miss Myra Scripper of this place
and Mr. Leon Fay of Cohoctah,
Livingston county, were quietly
married Sunday evening, Septem-
ber 30, 1917, at 6:30 o'clock at the
Congregational parsonage, Rev. P.
W. Dierberger officiating. They
will reside in Cohoctah, where the
groom is engaged in farming.

When Pullmans Were New.

The real birth of the Pullman car
dates from the closing days of the war
between the states. In the Illinois
Journal (Springfield) of May 30, 1865,
is to be found the following:
"We are reminded of a prophecy
which we heard some three years since
—that the time was not far distant
when a radical change would be in-
troduced in the manner of constructing
railroad cars; the public would travel
upon them with as much ease as
though sitting in their parlors and
sleep and eat on board of them with
more ease and comfort than it would
be possible to do on a first class steam-
er. We believed the words, but did
not think they were so near fulfill-
ment till Friday last, when we were
invited to the Chicago and Alton de-
pot in this city to examine an im-
proved sleeping car manufactured
after a design by George M. Pullman
of Chicago."

**Chamberlain's Cough Remedy the
Most Reliable.**

After many years' experience in
the use of it and other cough medi-
cines, there are many who prefer
Chamberlain's to any other. Mrs.
A. C. Kirstein, Greenville, Ill.,
writes, "Chamberlain's Cough Rem-
edy has been used in my mother's
home and mine for years, and we
always found it a quick cure for
colds and bronchial troubles. We
find it to be the most reliable cough
medicine we have used."—Adv.
