**Buy at least one THRIFT STAMP every day~**

Form the habit of thrift. Save something from your income regularly. It is your patriotic duty to help the government finance this war.

Thrift Stamps cost 25c each. When you have pasted sixteen of them on a thrift card as illustrated above, you exchange this and fourteen cents additional in March (fifteen cents in April etc.) for a War Savings Stamp. This bears 4% compound interest, paying you \$5 on January 1, 1923.

You can buy Thrift Stamps and War Savings Stamps at any postoffice, any bank, from your postman, or wherever you see the sign "W. S. S. For Sale Here."

### WASHTENAW'S QUOTA

#### EIGHTY THREE MEN

Michigan Must Furnish Total 6,590 Men for New Selective Draft. Farmers Exempted.

Adjutant-General Bersey late yesterday announced the quotas and details of the new selective draft call for April 26.

The entrainment for Camp Custer will be made during the five-day period beginning April 26, and the railroad schedules will be supplied later.

Only white men and men physically qualified for general military training service will be inducted under this call.

In filling the call, men should be inducted from class 1 in sequence of order numbers except that the exemptions relating to men actively, completely and accidentally engaged in the planting and cultivation of crops should be observed. The number of men called must be actually entrained, 6,590 in all. Men furnished in this call will be credited against the next quota.

Washtenaw County's quota is 83 men. Quotas in other nearby counties are: Livingston county, 22 men; Jackson county, 32 men; Jackson city, 86 men; Lenawee county, 59 men; Ingham county, 31 men.

### FARM HAND WAGE \$50

State Commissioner Suggests It as Reasonable Stipend.

Governor Sleeper's farm labor commission has fixed on what it believes will be a just wage for farm help during the coming summer. It suggested \$50 a month with prerequisites as a reasonable figure for a man with a family, and \$40 a month with certain other benefits as adequate for a single man.

"We have no power to fix wages," said A. B. Cook, Michigan's federal farm labor director. "This commission is simply naming these figures as a basis for farmers to work on in hiring men."

"Prerequisites" for a man with a family, were set forth as "fuel, milk, the use of a house and garden, and such other items as may be agreed upon—or the equivalent of an estimated wage of \$1,000 in the city."

"Prerequisites" for a hired man were named as board and lodging."

### RUTH YOUNG.

A letter from Mrs. F. E. Adair of Hastings announces the death on Monday, April 1, 1918, of Ruth Young, grand-daughter of Mr. and Mrs. R. M. Hoppe of Sylvan. The following obituary notice is from the Hastings Banner:

Little Ruth, the five-year old daughter of Mr. and Mrs. Lee J. Young, after an illness of two days, passed away Monday morning at the home of her grandparents, Mr. and Mrs. C. H. Young, West Green street, death resulting from acute spinal meningitis. She was a delicate child, possessed of a lovable disposition, and during her brief earthly stay had greatly endeared herself to the family and little playmates who deeply feel her passing. Funeral services were held from the home Wednesday afternoon, conducted by Mrs. DeWick, reader of the First church of Christ, Scientist. Interment was made in Riverside.

### DEPUTY SHERIFF ON TRIAL.

Deputy Sheriff Ernest White appeared in Justice W. G. Doty's court in Ann Arbor, Tuesday morning, ready for the trial of his case on the charge of drunkenness, for which he was arrested on election day by a police officer, but his attorney, Andrew J. Sawyer, was not on hand, and Justice Doty adjourned the case for another week.

The deputy sheriff told the justice that he was ready to go ahead with the case without an attorney. He thought he could conduct the case successfully without any help, but Justice Doty thought the ends of justice would be better conserved if the accused man was properly represented as well as the people.

### BOY SCOUTS ORGANIZE.

Chelsea may again have a boy scout organization if the plans of about 25 boys interested in the project materialize. A preliminary meeting was held Saturday at the Congregational church, with Rev. Dieberger and E. P. Steiner in charge. It was arranged to take a "hike" to Cedar lake next Saturday, starting from Mr. Steiner's shop at nine o'clock. The boys will take their lunch and will remain at the lake until about two o'clock.

In years past Chelsea had a scout organization with three patrols but as the boys interested grew up, interest waned, and the organization finally disbanded.

### DON'T BURY YOUR BOND.

When you and your neighbor have bought your Liberty bonds, don't take them home and hide them in the cupboard. Take them to your country banker and have him give you your certificates of deposits for the bonds. Your banker can take these bonds to a Federal Reserve bank and borrow money for your use in case you suddenly find yourself in need of funds. Hiding a bond in your stocking at this time is just as bad as hoarding money. Keep the bonds and the money in circulation and the country will pull through this crisis all right.

Mary had a little card (Of savings stamps you know) And everywhere that Mary went That card was sure to go.

And everytime she earned some change For doing well at school, She'd save it for another stamp, And soon her book was full.

"Why does she work so hard for them?" The other children cry. "Because she knows how good they are," The teacher made reply.

### PRO-GERMAN IN DEXTER

Recent Burning Two Freight Cars Believed Work of Germans.

During the past week two freight cars were mysteriously destroyed by fire in the Dexter yards of the Michigan Central railroad, seven miles east of Chelsea. One car burned early in the week and another Wednesday night. The first car was loaded with miscellaneous merchandise and the second one with hay, which was being shipped from Dexter by D. C. McLaren of Chelsea.

Both cars had formerly carried shipments of food stuffs to a government military camp and still bore cards indicating that they were so loaded. It is believed that a German sympathizer noticed the cars and supposing the cars still contained supplies for the U. S. troops, set fire to them. The incident has aroused much excitement in Dexter.

### EXHIBIT OF WAR TROPHIES.

An exhibit of war trophies, including German and French steel helmets, trench knives, a German canteen, a German cap and other articles has been on exhibition in the window of Fenn's drug store for several days and has attracted a great deal of attention. The trophies belong to F. J. Thieme of Ann Arbor, recently returned from the European battle front, who spoke at the big patriotic mass meeting Friday evening.

### RED CROSS SCHOOL AUXILIARY.

Red Cross school auxiliaries have been organized in both the Chelsea public school and St. Mary's academy and at least two of the rural schools have signified their intention of organizing soon. Only 100% Red Cross schools may organize. The work in Chelsea and vicinity is under the supervision of a committee of five, including W. L. Walling, Mrs. George A. DeGale, Miss Marion McArthur, Miss Alice Savage and Ford Axtell. Mr. Walling is chairman and in general charge of the work.

### LIBERTY BOND MAY BE BASIS FUTURE SUCCESS

Prosperous Citizen of Years to Come May Now Be Laying Fortune's Foundation.

How many of us give thought to the character-building, spine-stiffening value of a Liberty bond or a Thrift stamp?

Generally speaking, the man or woman who cannot save money is a failure, and those who can save are successes.

Thrift is an insurance policy against utter failure and the process of saving is generally of more real value to the individual than the amount saved. If thrift meant merely saving money, Benjamin Franklin would have gone down in history as a successful miser, and Lincoln and Gladstone would have borne the stigma that comes to the avaricious man. When you buy a Liberty bond or a Thrift stamp, you are making yourself part of one of the most colossal movements for the benefit of mankind since the dawn of history, and quietly, modestly, assuredly you also are developing within yourself a strength of character that has not been yours before.

In the years that are to come, how many a prosperous citizen, looking back to these stirring days, will say "I laid the foundation of my fortune when I bought my first Liberty bond back in 1918!"

### FARMER TALKED TOO MUCH.

Deputy Sheriff William Esslinger of the county selective service board, and Charles Prokates, went out to Huron farms Friday afternoon to secure the evidence of seditious utterances of Charles Bailey, who was arrested there on Tuesday.

They found two fellow workmen who were ready to swear that Bailey appeared to be strongly pro-German, and they specifically accused him of saying that "President Wilson ought to be taken over to Germany and a hundred Germans fire on him."

Bailey had been a workman on the Huron farms only a few days, but during that time he had demonstrated that he was a disturber. He told about having worked on railroads and in Toledo and other places. They looked upon him as an intentional promoter of sedition and they were all apparently glad when he was arrested for saying the things he was accused of. —Times-News.

## Had To Quit Work

Gave Up Hope of Recovery, But Doan's Restored His Health. Has Been Well Since.

J. B. Hagles, carpenter, 210 W. 60th St., Chicago, Ill., says: "My back gave out completely and I had to quit work. I could hardly endure the pain in my back and nights I tossed and turned, unable to sleep. Often in the morning my back was as stiff as a board, so that I couldn't stoop to dress myself. When I did manage to bend over, everything before me turned black. My head seemed to be whirling and sometimes I was so dizzy I had to grasp something to keep from falling."

"The kidney secretions were irregular in passage, getting me up at night and the passages burned cruelly. I lost my appetite, was weak and listless and went down twenty-five pounds in weight. When I had almost given up hope, Doan's Kidney Pills cured me. Soon after, I passed an examination for life insurance and I'm glad to say my cure has lasted."

## STATE NEWS

Benton Harbor.—John Clark, 37 years old, of Buchanan, draft deserter, attempted to hang himself here in his cell.

Detroit.—With two banners inscribed "Michigan Navy Volunteers"—"Back Us With Liberty Bonds," about 200 men, all volunteers, left for Great Lakes naval training station at Great Lakes, Ill.

Flint.—Frederick Wilhelm Gustave Ehlen, German army reservist, about 45 years old, was taken from a department of justice operative here, tarred and feathered, and returned to the Genesee county jail by a mob of citizens.

Ionia.—Mysterious telegrams are being received in Ionia, asking for money and purporting to come from Ionia soldiers. As the boys whose names are signed to the telegrams are supposed to be in France, federal officials are conducting an investigation.

Detroit.—Eight million dollars' worth of three-inch guns for the United States army will be manufactured by the Chalkis Manufacturing company, 605 Mack avenue, under a contract just awarded by the war department. The company was organized last September.

Bay City.—Hilbert Brenier, 15, and Melvin Hart, 14, were taken to their homes in Onaway after spending a night and day in the county jail. The boys had paid their way to Pinconning and were in search of work when found by Deputy Mahoney. They had set out to see the world.

Lansing.—Every township in the United States is to have its honor roll showing the names of subscribers to the next Liberty loan, and each township exceeding its quota, will receive a third Liberty loan honor flag, awarded by the treasury department, according to information received by the war preparedness board.

Owosso.—The choir of the Salems Lutheran church here voted to discontinue the use of the German language in its meetings. Recently the church adopted the plan of having one service in English every Sunday instead of monthly as in the past. The church has the largest congregation of any German church in the county.

Monroe.—Monroe county will establish sign boards along the Dixie highway, setting forth the legal speed for motor vehicles as fixed by the state and also will send circular letters to automobile manufacturers warning them that the law will be rigidly enforced in Monroe county as a means of securing a better enforcement.

Camp Custer.—That the entire 85th division, made up of Michigan and Wisconsin troops, will be out of camp by August 1, was the statement of one of the staff officers. The impression gained was that the entire division would be moved late in the summer to France. This does not mean, he said, that the camp would be vacant by that time, as he expected the camp would be filled up by selectees.

Camp Custer.—Close companions in life, Private Chas. J. Hoeflin and George Heller, Detroiters, died at the base hospital within a few hours of each other. Both men came to the army at the same time and were assigned to the headquarters company, 350th field artillery. They had adjoining bunks and both worked and played together. Heller died from pneumonia and Hoeflin from emphysema.

Muskegon.—An Irish jury ousted the Rev. Tony Oldenburger from the parsonage of the First Nedor Dutch church. The trouble started three months ago when a church officer drove the pastor from the pulpit and sent the congregation home disparaging Oldenburger's teachings. The pastor refused to leave the parsonage. Aside from the six Irishmen serving on the jury, all persons connected with the case were Hollanders.

Caro.—Andrew Anger, a farmer who lives near Watrousville, Tuscola county, whose pro-German utterances have been resented, was called from his home by a party of Americans, who persuaded him to march bareheaded for some distance between the lines, cheer the president, kiss the flag, promise to donate to the Red Cross, buy Liberty bonds and concluded by shouting "To H— with the Kaiser," after which he was allowed to return to his home.

Camp Custer.—Loyal men of German or Austrian birth who have elected to stay in the national army, report to division headquarters that they are being threatened by aliens who were discharged from the service some weeks ago. A number of men state that they have been repeatedly threatened with death unless they refuse to bear arms against the Teutonic powers. Immediate attention will be given every case of this kind and the probable result will be that the discharged aliens responsible will be interned.

Mason.—"Spiral" socks for the soldiers are the latest, and the idea is being presented as something new. However, that kind of socks were made in Civil war times, and one Mason woman who, with her little mates, knit them from '61 to '65 because they were too small to knit regulation heels, disposed of the claim the spiral, or railroad variety, as it was known then, is new. The same argument was advanced then as now, relative to its better wearing qualities on account of the place of the heel being constantly changed.

Pontiac.—Frank Smeter put on probation for stealing an automobile, and who later repeated the same offense, was sent to Ionia for from six months to five years with recommendation of one year.

Flint.—J. Dallas Dort, automobile manufacturer, has offered his son, Ralph now in France, \$1,000 for every German helmet he brings home. Mr. Dort is chairman of the county Liberty loan committee.

Camp Custer Sixty men from the various division units have been detailed to take a two months' course in the cooks' and bakers' school. Of this number 50 are taking instruction in cooking and 10 in baking.

Sault Ste. Marie.—Charles M. Brooks, employee of the Richardson Avery company, was instantly killed here when a tree, which he was felling struck another tree, rebounded and struck him in the neck.

Hillsdale.—Litchfield township residents voted unanimously to raise money for war activities by direct taxation. The township treasurer will collect this tax, which will probably be about seven-tenths of one per cent.

St. Johns.—Eleven thousand bushels of grain valued at \$30,000 were destroyed here when the John Hielsa elevator burned. The property was a total loss before the Owosso fire department could reach this city. Total loss is approximately \$75,000, partly insured.

Charlevoix.—Raymond Soloson is the first Charlevoix man to give his life for his country. He died in France from an attack of bronchitis. He was a son of O. A. Soloson, manager of the local telephone exchange. He was married shortly before sailing for France.

Big Rapids.—Mrs. Mary Olson recently received \$21 from the government as a soldier's dependent, but returned it with the patriotic request it be used for the Red Cross. Her son is a corporal in France. Mrs. Olson had secured employment and found the \$21 unneeded.

Grand Rapids.—Federal officers here have rounded up members of the Sons of Lithuania Aid society, an organization whose personnel is alleged to have attempted to evade the draft. It is alleged the society members have taken pledges to swear that each was above draft age and to have failed to register.

Camp Custer.—Orders have been posted in the camp that every soldier was to be given a try-out scaling an eight-foot wall and jumping a seven-foot ditch, carrying full equipment. Every man is to be scored by his showing along these lines and will be given training until he can accomplish these two feats.

Bay City.—Henry V. LaFrance, up to a year ago a prominent and prosperous undertaker, was sentenced to serve from five to ten years in Jackson prison by Judge S. G. Houghton for defrauding insurance companies by firing a building and for fraud in burying a nude body in a rough box after securing money for a decent burial.

Sault Ste. Marie.—Deeds held by 15 Detroit and Lansing people, mostly women, to land bought for summer resort, property near here, have been found to be worthless, following an investigation by T. J. Green, prosecuting attorney. The land lies in the middle of a swamp on lower Sugar island. No more deeds will be recorded for this land.

Flint.—The teaching of German in the Flint public schools will be discontinued after the present semester. The school board has decided, in response to numerous protests received. Already textbooks have been expurgated of considerable German propaganda by teachers, but it was thought advisable to finish the semester, in order that students might not be deprived of credits.

Kalamazoo.—Second Lieutenant R. Van Ranney, member of the Grenadier guards and a well known Kalamazoo young man, has been killed in action according to word received by his mother, Mrs. Frank M. Clark, from the war department. Ranney was in London the day war was declared and after many futile attempts to enlist, he changed his citizenship that he might get into the fray.

Camp Custer.—It has developed that the intensive training given at the training camps has developed what medical officers call an "irritable" heart. This is especially true of men who in civilian life were not injured to violent exercise. Medical officers have been warned to watch for these cases and when located the victims will be placed in a company which takes its work more gradually.

Grand Rapids.—The annual report of the Grand Rapids & Indiana railroad, presented at the annual meeting of the stockholders here, stated the prospects for increased settling of northern and western Michigan during the coming year were better than ever before. The report shows the number of settlers during the past year was a decided increase over the previous period. It was shown beet raising will be increased this year at 20 points along the northern division.

Camp Custer.—A new brand of conscientious objection has turned up at Camp Custer. A top sergeant reported to his captain that one of the recent selectees sent to camp from Detroit was a conscientious objector. "And he's an Irishman too," the sergeant reported. The captain ordered the man brought before him. "You an Irishman, and have conscientious objections to fighting?" the captain exclaimed. "Yes, sir," the select said. "I have conscientious objections to fighting until England gives Ireland home rule."

## FORCE SHALL MAKE RIGHT THE LAW OF THE WORLD, WILSON

PRESIDENT SAYS NATION WILL FIGHT UNTIL AUTOCRATIC FOE HAS BEEN CAST IN THE DIRT.

### WILLING TO DEAL WITH PEOPLE OF GERMANY, NOT WITH JUNKERS

If Militarism Now Were Permitted to Remain Triumphant It Would Mean Ruin of American Ideals of Justice.

Baltimore.—President Wilson at a great Liberty Loan celebration here April 6, gave America's answer to the German drive on the western battlefront; to the renewed propaganda for a German made peace, to all proposals to end the war before Germany is awakened from her dream of world dominion.

The president's answer was: "Force, force to the utmost, force without stint or limit, the righteous and triumphant force which shall make right the law of the world, and cast every selfish dominion down in the dust."

The speech was delivered before a grave audience in the Fifth regiment armory, where he was first named to be chief magistrate of the nation.

### Sees New Soldiers March.

A few hours before the president spoke, he had reviewed a division of citizen soldiers, called only a few months ago from the pursuits of peace; now transformed into fighting men to carry the ideals of America to the battlefields of Europe. At the moment 1,000,000 more of their kind all over the land were celebrating the opening of the third Liberty loan; and the orders for mobilizing the first of the great army of a second 1,000,000 was going out to the country.

Those were some of the physical facts which backed his words, when after reviewing briefly the evidence that Germany seeks a peace for her world dominion, the president declared:

"I accept the challenge. I know you accept it. All the world shall know you accept it. It shall appear in the utter sacrifice and self-forgetfulness with which we shall give all that we love and all that we have to redeem the world and make it fit for free men like ourselves to live in."

### Will Fight to Finish.

"This now is the meaning of what we do. Let everything that we say, my fellow countrymen, everything that we hereafter plan and accomplish, ring true to this response till the majesty and might of our concerted power shall fill the thought and utterly defeat the force of those who foment and misprize what we honor and hold dear."

"Germany has once more said that force and force alone shall decide whether justice and peace shall reign in affairs of men; whether right as America conceives it or dominion as she conceives it shall determine the destinies of mankind."

"There is therefore but one response possible from us; force, force to the utmost, force without stint or limit, the righteous force which shall make right the law of the world, and cast every selfish dominion in the dust."

### Warns of Russia's Fate.

Warning anew that a triumph of arms for Germany means ruin for all the ideals America has won and lives for, the president reiterated he was willing to discuss at any time a fair, just and honest peace sincerely proposed—"a peace in which the strong and weak shall fare alike."

"But the answer," said he, "when I proposed such a peace came from the German commanders in Russia and I cannot mistake the meaning of the answer."

"They are enjoying in Russia," the president declared, "a cheap triumph in which no brave or gallant nation can long take pride. A great people, helpless by their own act, lies for the time at their mercy. Their fair professions are forgotten. They nowhere set up justice but everywhere impose their power and exploit everything for their own use and aggrandizement; and the peoples of conquered provinces are invited to be free under their dominion."

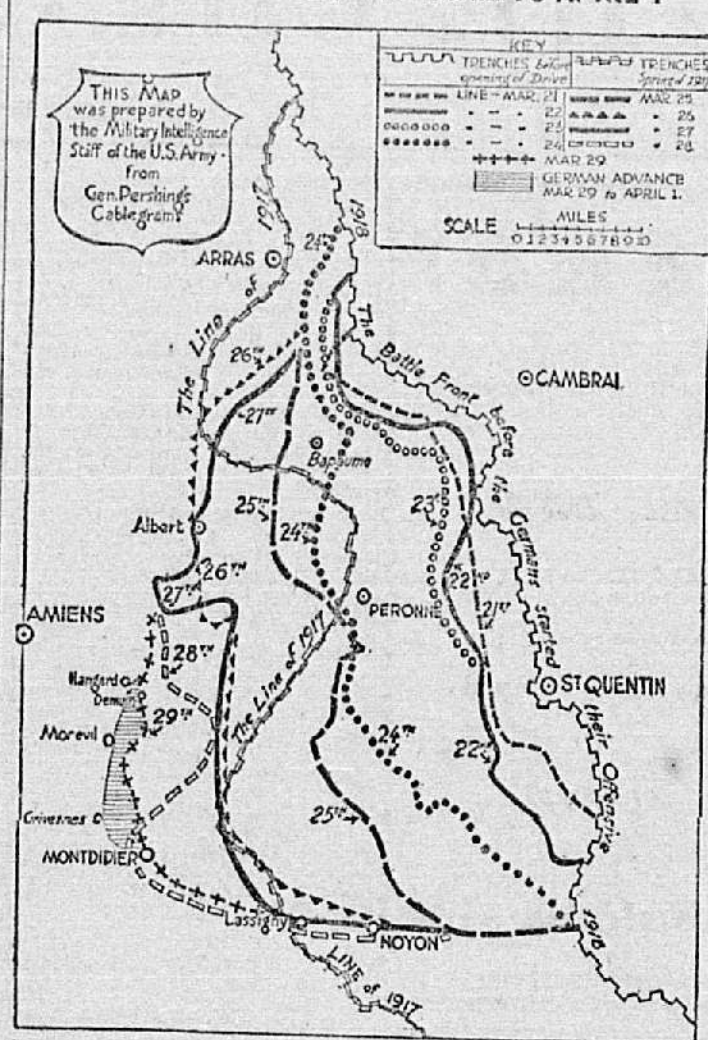

### Germans Can't Be Trusted.

### First Ford U-Chaser Ready in June.

Washington.—The first Henry Ford submarine chaser, the Eagle class, will be launched at Detroit in June. Secretary of the Navy Daniels announced. He also said he would attend the launching. Mr. Ford has informed the department, the secretary revealed, that until navigation closes, the complete ships will be assembled at Detroit as fast as finished. When winter sets in they will be shipped in parts to the Atlantic seaboard and there assembled.

## THIRD LIBERTY LOAN A SUCCESS

SEVERAL MICHIGAN COUNTIES OVERSUBSCRIBE QUOTA FIRST DAY.

### NATION FIRED WITH PATRIOTISM

Anniversary of Country's Entrance in World War Celebrated With Fitting Demonstrations.

Lansing.—Michigan is going over the top in the third Liberty loan drive.

Before the first day of the new loan campaign had ended Jackson, Ingham and Ionia counties in the lower peninsula had reported oversubscriptions totaling more than \$500,000 in a combined quota of about \$3,000,000.

Jackson's had been taken before 10 o'clock Saturday morning; Ionia had been pledged in advance by her bankers; Ingham's quota was snapped up without a bit of campaigning being done.

Isabella county had subscribed practically its full quota of \$251,000 before 5 o'clock Saturday night. Nettawa township, 98 per cent German families, took its full quota.

Soldiers from Camp Custer aided in opening the drive in Battle Creek, and a number of other cities.

In Lansing the chief of police appealed to the head of the state constabulary to help him keep American workmen from mobbing pro-Germans who might refuse to subscribe.

One Russian was ducked in the Grand river for refusing to join a thrift club.

In Ann Arbor the very first subscription entered was that of the Bethlehem German Evangelical Lutheran church.

On the basis of returns from the cities, state loan committee officials declared that the state would easily over subscribe its quota.

Nation Responds Nobly. Washington.—Throughout the United States communities observed the anniversary of the nation's entrance into the war, and gave material evidence of their support by pledging millions of dollars to insure successful continuance of the struggle against Germany.

While parades and public meetings were in progress in nearly every city, telegrams were pouring into Liberty loan headquarters at the treasury telling of towns which had exceeded their quotas in the first day of the four weeks' campaign, or even within the first hour.

### U. S. Takes Output of Wool Mills.

Washington.—All woolen mills in the country have been directed by the war department to hold their looms at the service of the government from now until July 1, in order to insure adequate supplies of cloth for uniforms. Manufacturers of civilian clothing who get any of the output of the mills will do so under special government permits. It was officially stated that the department now sees its way to fully clothe all men called to the colors.

### TO CALL 150,000 MEN IN APRIL

First Quota of Second Draft to Be in Camp Before May 1.

Washington.—One hundred and fifty thousand drafted men will be called out during April instead of 50,000, the quota originally determined upon for this month under the second draft.

Orders to induct this number into the military service before May 1 have been issued by Provost Marshal General E. H. Crowder.

This decision by the general staff was a definite step in President Wilson's program for speeding up assistance to the Allies this year.

Similar monthly calls for drafted men are planned, it is understood. The rapidity with which drafted men are to be ordered into military service will depend upon movement of trained troops overseas, it is stated.

With the 150,000 a month program obtaining, 1,350,000 men will be drafted by the end of the year.

The number of men to be sent overseas this year, and the consequent number of men to be drafted, will be regulated by three considerations:

- 1—Shipping facilities.
- 2—Available equipment.
- 3—The needs of the Allies.

General Crowder stated that the draft machinery now is in shape to supply men as fast as needed. It is believed that in arriving at the 150,000 figure for April, the general staff has worked out a plan under which this number of men can be transported to Europe each month.

In order that there may be no hitch in sending men to training camps, local draft boards are rushing physical examinations of registrants in class 1. Word also has gone forth to speed up all appeal cases.

### WAR COST 9 BILLION FIRST YEAR

One-half of Sum Represents Loans to Allies and Will Be Repaid.

Washington.—Nine billion dollars is the approximate cost to the United States of one year of war. More than one-half has gone in loans to Allies and will be repaid eventually; over one-third has been spent for the army and military establishment; one-tenth for the navy and one-fifteenth for shipbuilding.

One-sixth of this big war cost has been raised by taxation and other ordinary sources of revenue, and the balance has come from sale of Liberty bonds and certificates of indebtedness.

Enormous as these war expenditures may seem to a country whose government in peace times costs between \$700,000,000 and \$800,000,000, they are less than Great Britain's and are only about two-thirds of estimates made by officials less than a year ago.

Government expenses now are running about \$1,000,000,000 a month, with somewhat less than half going to Allies, who spend the greater part of their loans for war supplies in this country.

### Indiana Now "Bone Dry."

Indianapolis.—Indiana is now "dry" from border to border. The statewide prohibition law, so written that intoxicating liquor may not be manufactured, sold, given away or shipped into the state except for medical and sacramental purposes, went into effect last week. Members of the Indiana Anti-Saloon league estimated that 3,400 saloons closed their doors, that 30 breweries were affected and possibly 12 to 15 distilleries. It is estimated that \$25,000,000 was spent yearly for liquor.

Building-up for the Spring Attack at the Front is a good deal like putting the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever" here at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pinchy" or pale skin and white lips. The reason for this is that during the winter, shut up with-in doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the cinders remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, sixty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food. When suffering from headache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Aurifer from your druggist. In tablets, sixty cents.

### THE TRUTH ABOUT ECZEMA AND PILES

Thousands and thousands of people, says Peterson, are learning every week that one 30-cent box of Peterson's Ointment will abolish itching and banish piles, and the grateful letters I receive every day are worth more to me than money.

I had Eczema for many years on my head and could not get anything to do it any good. I saw your ad and got one box and I owe you many thanks for the good it has done me. There isn't a blotch on my head now, and I couldn't help but thank Peterson for the cure is great. Mrs. Mary Hill, 420 Third Ave., Pittsburgh, Pa.

I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the piles seem to have gone. A. B. Reger, 1127 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum and all skin diseases. It banishes pimples and blackheads in less than 10 days and leaves the skin clear, clean and pleasant to look upon. Druggists guarantee it. Adv.

### HAVE YOU A SWEETHEART?

Son or Brother in training camps in the American Army or Navy? If so, mail him a package of ALLEN'S FOOT-EASE, the antiseptic powder to be shaken into the shoes and sprinkled in the foot-bath. The American, British and French troops use Allen's Foot-Ease, because it takes the friction from the shoe and freshens the foot. It is the greatest comforter for tired, aching, tender, swollen feet. Soldiers use and gives relief to corns and foot-lice bunions.

The Foot-Ease Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. Ask your dealer to-day for a 25c box of Allen's Foot-Ease, and for a 2c stamp he will mail it to you. What remembrance could be so acceptable?

# This War Must Be Fought On European Soil

If the peoples of the earth are not to become toiling millions for the Prussian Junkers and the Prussian Krupps, if they are not to be terror-ridden slaves at the mercy of a German Kaiser's will, Prussianism must be driven back within its own borders and kept there.

Not only English freedom, French freedom is at stake. Our own cherished institutions, our free government, all that our fathers fought for, all that free peoples prize, is threatened by an enemy that would impose his own hateful Kultur on every free institution in every liberty-loving land.

That is why the war must be fought on European soil. We are fighting in Europe now that we may not have to fight in America, on the very thresholds of our own homes, later.

We are fighting for the safety and liberty of our children, our homes, our country. No price is too great to pay for Victory.

Americans, you are called upon to back our armies in France, to furnish them the guns and shells and ships and airplanes, the enormous quantities of every sort of supplies that they must have to defeat the Prussian armies and drive them back across the Rhine.

## SUGAR FOR HOUSEWIVES

FOOD ADMINISTRATION PROMISES SUFFICIENT SUPPLY FOR CANNING SEASON.

Essential Food Products Will Be Provided for in Sugar Allotment—No Change in Price.

Lansing—Michigan housewives and manufacturers of essential food products will be able to procure sufficient sugar for their needs during the approaching fruit and vegetable canning season, it was announced by Federal Food Administrator George A. Prescott, following a telegram from the United States Food Administration at Washington, dealing with the subject.

Packers of condensed milk, fruits, and such vegetables as need sugar for their preservation, will also be supplied with sufficient sugar to insure normal output, it was announced. Some apprehension had been felt by the canners and preservers of these commodities because of the sugar shortage of the past few months.

In its telegram to Federal Food Administrator Prescott the Food Administration said:

"Regarding sugar supplies for the manufacturers of essential food products and appreciating the necessity of both production and preservation of food supplies as well as reflecting the policy of the Food Administration as bearing on collateral industries, such as manufacturers of essential food products are hereby advised that they will be able to obtain their necessary requirements of sugar for the coming season. This applies to packers of fruit, condensed milk and vegetables needing sugar for preservation purposes and to housewives canning their own products. When car shortage is relieved supplies of sugar will be available for all necessary preservation purposes. Sugar shipments from Cuba are steadily increasing."

The above ruling does not open the door to an increased supply of sugar for confection manufacturing, which is classed as a non-essential. Confectioners now get 80 per cent of their normal requirements.

### What Will Win!

What will win the war? What will give America the victory she is fighting for?

McAdoo says money will win.  
Hoover says food will win.  
Garfield says coal will win.  
Schwab says labor will win.  
Daniels says warships will win.  
The President says the farmers will win.

Hurley says transports will win.  
Aviators say airplanes will win.  
All and more are necessary, but all of these and all the people of the nation must pull together in one strong pull for victory.

The people in all lines of activity will win the war by co-operation of all the vast resources of the country—by the united, patriotic and unselfish energy of a great nation.

There will be honor enough for all.—Philadelphia Telegraph.

### WILL PUNISH FLOUR HOARDERS

National Food Administration Plans Survey of Country's Supply.

The first indication of a systematic effort on the part of the food administration to seek out and punish the hoarder of flour is shown in a report from the national food administration that they will shortly issue orders for a survey of the flour supply of the country.

The survey it is indicated will require every individual to give an account of the amount of flour he has on hand on a certain date.

The food administration regulations permit an individual or a commercial concern to have no more than a 30-day supply of wheat flour on hand at any time and persons will more than that amount are in violation of the hoarding act which means serious punishment if convicted.

The state food administration has announced that it will not be disposed to act harshly with individuals who voluntarily report surplus and show a willingness to be fair now and get the flour into the regular channels of trade. Where a hoarder attempts to conceal the fact and forceful measures are necessary to secure information concerning a supply, prosecution will undoubtedly follow.

### CORN MEAL COOKIES.

1-2 cup melted fat.  
1-2 cup molasses.  
1-2 cup corn syrup.  
1 egg.  
6 tablespoons sour milk.  
1-2 teaspoon soda.  
2 eggs cornmeal.  
1 cup wheat flour.  
Combine the melted fat, molasses, syrup, beaten egg and milk. Sift the dry ingredients and combine with the liquid. Drop from a teaspoon onto a greased pan and bake in a moderate oven for 15 minutes. This makes 15 to 20 cookies about two inches in diameter.

### Bonds Are Police Protection.

Everyone knows the value of police protection. The purchase of Liberty bonds provides the government with money to build ships to police the high seas and guard America's commerce.

## WATCH HIM GROW!

## PATRIOTIC SONGS

### THE STAR-SPANGLED BANNER

Oh say, can you see, by the dawn's early light,  
What so proudly we hail'd at the twilight's last gleaming,  
Whose broad stripes and bright stars, thro' the perilous fight,

O'er the ramparts we watch'd, so gallantly streaming—  
And the rockets' red glare, the bombs bursting in air,  
Gave peace thro' the night that our flag was still there,  
Chorus:

Oh, say, does that star-spangled banner yet wave  
O'er the land of the free and the home of the brave?  
On the shore dimly seen thro' the mist of the deep,  
Where the foe's haughty host in dread silence reposes,  
What is that which the breeze, o'er the towering steep,  
As it itally blows, half conceals, half discloses?  
Now it catches the gleam of the morning's first beam,  
In full glory reflected, now shines on the stream:  
Chorus:

'Tis the star-spangled banner; oh, long may it wave  
O'er the land of the free and the home of the brave.  
And where is that band who so vauntingly swore,  
That the havoc of war and the battle's confusion,  
A home and a country should leave us no more?  
Their blood has wash'd out their foul footsteps' pollution.  
No refuge could save the hireling and slave  
From the terror of flight or the gloom of the grave:  
Chorus:

And the star-spangled banner in triumph doth wave  
O'er the land of the free and the home of the brave.

Oh, thus be it ever when freeman shall stand  
Between their loved home and wild war's desolation,  
Blest with victory and peace, may the heav'n-rescued land  
Praise the Power that hath made and preserved us a nation!  
Then conquer we must, when our cause it is just,  
And this be our motto: "In God is our trust!"  
Chorus:

And the star-spangled banner in triumph shall wave  
O'er the land of the free and the home of the brave.

### WHEN THE BOYS COME HOME.

There's a happy time coming when the boys come home,  
There's a glorious day coming when the boys come home;  
We will end the dreadful story of the battle dark and gloomy

In a subburst of glory,  
When the boys come home.

The day will seem brighter when the boys come home,  
And our hearts will be lighter when the boys come home;  
Wives and sweethearts will press them in their arms and caress them,  
And pray God to bless them  
When the boys come home.

The thin ranks will be proudest when the boys come home;  
And our cheer will ring the loudest when the boys come home;  
The full ranks will be shattered, and the bright arms will be battered,  
And the battle standards tattered,  
When the boys come home.

Their bayonets may be rusty when the boys come home,  
And their uniforms be dusty when the boys come home;  
But all shall see the traces of battle's royal graces  
In the brown and bearded faces  
When the boys come home.

Our love shall go to meet them when the boys come home,  
To bless them and to greet them when the boys come home,  
And the fame of their endeavor time and change shall not discover  
From the nation's heart forever,  
When the boys come home.

### OVER THERE.

Johnnie get your gun, get your gun, get your gun,  
Take it on the run, on the run, on the run,  
Hear them calling you and me,  
Ev'ry son of liberty.

Hurry right away, no delay, go today,  
Make your daddy glad to have had such a lad,  
Tell your sweetheart not to pine,  
To be proud her boy's in line.

Chorus:—  
Over there, over there  
Send the word, send the word over there  
That the Yanks are coming, the Yanks are coming,  
The drums rumtumm' ev'ry where  
So prepare—say a pray'r  
Send the word, send the word to beware  
We'll be over, we're coming over,  
And we won't come back till it's over, over there!

Johnnie get your gun, get your gun, get your gun,  
Johnnie show the Hun you're a son of a gun,  
Hoist the flag and let her fly,  
Yankee Doodle do or die.

Pack your little kit, show your grit, do your bit,  
Yankees to the ranks from the towns and the tanks,  
Make your mother proud of you  
And the old Red White and Blue.

Chorus:—

## AMERICA.

My country! 'tis of thee,  
Sweet land of liberty,  
Of thee I sing,  
Land where my fathers died!  
Land of the Pilgrims' pride!  
From ev'ry mountain side  
Let freedom ring!  
My native country, thee,  
Land of the noble free,  
Thy name I love:  
I love thy rocks and rills,  
Thy woods and templed hills,  
My heart with rapture thrills  
Like that above.  
Let music swell the breeze,  
And ring from all the trees  
Sweet freedom's song:  
Let mortal tongues awake;  
Let all that breathe partake;  
Let rocks their silence break,  
The sound prolong.  
Our fathers' God, to Thee,  
Author of liberty,  
To Thee we sing,  
Long may our land be bright  
With freedom's holy light;  
Protect us by Thy might,  
Great God, our King!

## MONEY AS NEEDFUL AS MEN, SAYS GOVERNOR

Wage Earners, Business Men, Farmers and Capitalists Are Vitrally Interested in Triumph of Our Arms.

By FRANK O. LOWDEN,  
[Governor of Illinois.]

This is a war to establish the right of people to govern themselves. It is, therefore, a people's war. But a people cannot govern itself successfully unless it is willing to finance a war waged upon it by military autocracy. Democracy is doomed, unless it has the vitality to put forth its resources in support of a war, in which its very right to exist is challenged.

Our enemy frequently has said that we, as a nation, care for money alone. More than a million of our young men have given the life to this charge by offering the supreme sacrifice—the sacrifice of life itself—that their country might endure. Shall it now be said of the other millions—the millions who remain at home—that this charge is true? Will not our people at home, for whose security and future our soldiers have gone to the colors, will not they loan their dollars to the government in the support of a cause for which these men gladly offer to give their lives?

Remember, money is as needful as men, if we are to prevail. Remember that if we do prevail, these bonds will be the best investment we shall have made during the period of the war. If we fail, even then they will be worth more than our cattle and lands, our factories and stores, or any other property we may own.

Our wage earners, business men and capitalists are vitally interested in the triumph of our arms. Let all subscribe in proportion to their means. The number who shall partake of this loan is as important as the total amount subscribed. If our people generally are united in absorbing our Liberty bonds, it will prove to the world that democracy knows what its liberties are worth, and is willing to defend them at any cost.

### Be a Bond Salesman for Uncle Sam.

When you have bought your bond, don't stop. Become a bond salesman for your government and see to it that your neighbor buys a bond. Explain to him that you and he have to do this, as the soldier at the front has to fight.

Russia failed to support its army and its army failed to fight for Russia, and today Germany is taking over thousands of square miles of rich farming and mineral lands, title to which is held by Russians who will have their deeds considered mere scraps of paper by their conquerors. Buy bonds from your government and sell them for it. Make the United States a success instead of a failure, like Russia.

## FOOD ADMINISTRATOR

### PRESCOTT SAYS

Raise chickens and help win the war.

The early hatch chickens are the most profitable.

The keeping of a small flock of laying hens by every family in suburban districts and city homes having small back yards would do much to maintain our army and feed the people at home. It would be a practical way of reducing home expenses and regulating the cost of living.

Two to three hens for each person in the household should keep a family supplied with eggs.

An average flock of ten birds for every family in the United States would mean 200,000,000 hens and would produce 1,500,000 eggs a year.

A flock of ten hens can be maintained from waste from table and garden of the average family.

"You Americans have the men, the skill, and the material to save the allied cause."

## Revised Rules Governing Sugar

### PRICES:

GRANULATED SUGAR (bulk) should retail for not to exceed 9c per pound—this will allow the seller about 3-4c per pound profit over delivered cost.

BROWN SUGAR (bulk) should sell for a price which does not exceed the retail price of (bulk) granulated sugar.

SPECIAL SUGARS, like cylinder, domino, cubes, pulverized, etc., should be sold at a price which will give the retailer only a normal pre-war profit.

### QUANTITIES:

On account of the supply of sugar available, it will be necessary for the retailers to sell only a limited amount to his customers.

1. Not to exceed two to five pounds to a family residing in town and from five to ten pounds to a family residing in the country is the limit.
2. The customers' distance from the market as well as the size of the family should be taken into consideration.
3. The larger consumers of sugar, like hotels, restaurants, and boarding houses, should be supplied in proportion to the limit placed on families.

## LIFE MEASURED BY DEEDS NOT BY DAYS OR YEARS

WE CAN WIN THE WAR, BUT IN ORDER TO WIN, WE MUST BE READY TO MAKE SACRIFICES.

We Cannot Win Unless We Learn to Put Patriotism Ahead of Our Own Selfish Desires.

From the speech of Hon. G. J. Dickema, delivered at the Service Flag dedication at Hope church, Holland, Sunday evening, March 17.

I have two stars upon that flag. I said "I", for she who bore these soldier boys has long since passed away to the Great Beyond. Whether they shall return to me or go to her, God only knows, but in this sacred hour, and in this holy place, where they were baptized and confessed their faith, with my face turned upward to the stars in hope, I dedicate them anew to God and Country.

We derive comfort from the thought that we have given them to a country of which they are worthy, and which is worthy of them. They are worthy of their country, because they went so willingly, so bravely and so enthusiastically. Their country is worthy of them because this starry flag is the hope of humanity and it is paradise regained for the oppressed of earth. It is a comfort to us to know that this flag which has been given to us by an heroic ancestry is not in the hands of weaklings and will be handed down without a stain to posterity with added lustre.

Life is not measured by days or years, but by deeds. The slacker coward may continue to exist but he does not live. He does not walk but creeps, face downward on the earth. The sun-light on the mountain tops of service, achievement and accomplishment are not for him. He dwells in

the dark shadows until he sinks into an unmarked and forgotten grave.

We can win the war. We have the men and the money, the courage, the will-power, the inventive genius, and the resources. We are willing to fight for an ideal and to die for a great cause, but we cannot win the war unless we combine capital and labor, brawn and brain, muscle and mind in one united, concentrated effort. We cannot win the war unless we realize that our money is not ours. That we are simply trustees of it for God and country. We cannot win the war unless we are willing to suffer in our stomachs in order that we may live in our souls. We cannot win the war unless we at home are worthy of our sons abroad, in patriotism, suffering and sacrifice.

This is the Hour of Our Big Test. Let Us Make It The Hour of Our Victory.

THE whole great problem of winning the war rests primarily in the matter of food. It is not a Government responsibility, it is the responsibility of each individual. Each pound of food saved by each American citizen is a pound given to the support of our army, the allies, and the friendly neutrals. Each pound wasted or eaten unnecessarily is a pound withheld from them. It is a direct personal obligation on the part of each of us to some one in Europe whom we are bound to help.

If we are selfish or even careless, we are disloyal—we are the enemy at home. Now is the hour of our testing. Let us make it the hour of our victory—victory over ourselves, victory over the enemy of freedom.—Herbert Hoover.

## FOR MEATLESS DAYS.

Beans, nuts and various vegetable combinations which take the place of meat may be used to furnish variety. Such foods as dried peas, beans and lentils, need soaking with long, slow cooking. The addition of soda to soften the cellulose is often a help.

**Bean Chops.**—Soak a pint of dried beans overnight, parboil and drain, then cook in boiling water to cover until tender. Put through a sieve and to the pulp add two cups of strained tomatoes to which a pinch of soda has been added, two tablespoons of melted butter or olive oil, one cup of finely chopped onion, a pinch of powdered sage, one teaspoonful each of parsley and onion finely minced, one teaspoonful of salt, a dash of pepper, a half cup of bread crumbs, and a well-beaten egg. Turn into a shallow dish and when cold mold into chops. Brush with oil and brown in a quick oven.

**Nut Loaf.**—Crumble the inside of a loaf of bread, then dry in a slow oven without browning. To three parts of the crumbs, measured before drying, add a teaspoonful of salt, a half teaspoonful of pepper, a dash of cayenne and two tablespoons of each of sage and parsley finely minced, a sprinkling of summer savory, two cups of chopped celery and one cup of finely minced. Melt a third of a pound of sweet fat and fry in it for five minutes one chopped onion. Pour this over the other ingredients and mix thoroughly. Beat three eggs, add a pint of milk and pour over the mixture. Add one cupful each of chopped filberts, pecans and Brazil nuts. Reserve a tablespoonful of the nuts to serve in the sauce. Shape into a loaf and bake an hour, basting often. For the sauce: Melt three tablespoons of butter, add a chopped onion and half a cup of milk, and a cupful of the liquor from the pan in which the loaf was cooked. Cook until smooth. Pour around the loaf and garnish with slices of orange. The sauce may be served in a separate dish if so desired.

They are as sick, that surfeit with too much, as they that starve with nothing.—Shakespeare.

## SWEET AS HONEY.

Honey will be more popular this year than ever, and many of our small farmers will feel called upon to increase their apiculture; or, if not keeping bees, buy a few hives to keep the family in sweets for the year.

There are government bulletins to be had for the asking on the culture and care of bees, as well as on honey dishes for the housewife. The man or woman, even if financially able to purchase food at any price, is feeling the need to get out and produce something in his own garden—foods, wheat for flour, sugar beets, baby beef, honey or maple syrup. There is a vast field for the patriotic citizen to do his bit in this way. Many women are raising sheep, as wool will be more and more scarce. Two chickens for every member of the family, even on a small city lot is the slogan of the poultry men, whom Uncle Sam is providing for every state.

Bees are not of necessity a farm animal, for those busy workers will be happy in the attic of a city home, there producing 60 to 80 pounds of honey from one hive. The extracted honey is the kind available for use in cooking, while the comb honey is liked for its flavor and table use.

**Honey Mousse.**—Beat four eggs slightly and pour over them very slowly one cupful of hot honey; cook until the eggs are thick, add a pinch of salt, and when cooked, a pint of cream whipped. Put into mold and pack in ice and salt. Let stand three or four hours to ripen.

**Honey Custard.**—Beat four eggs, add a quart of milk, one-half cupful of honey, one-eighth teaspoonful of powdered mace, one-fourth teaspoonful of salt; mix well and bake in cups set in hot water. Test the custard with a knife; when firm to the tender, remove at once and place in cold water. Custards that are overcooked are watery and unpalatable.

**Honey Ice Cream.**—Take a quart of thin cream, three-fourths of a cupful of honey, a few drops of almond extract and a few drops of rose water; freeze as usual.

Salt dressing of fruit is especially nice using honey and fruit juice mixed for the dressing. Oil may be added if desired.

## LOYAL AMERICANS MUST CONTRIBUTE

CRUSHING OF GERMANY CAN BE ACCOMPLISHED ONLY BY OUR FINANCIAL AID.

## RESPOND TO LIBERTY LOAN

Appeal to All True Citizens to Help Eliminate the Diseased Tree Lying Across the Path of True Democracy.

(By WINSTON CHURCHILL, Who Recently Returned From the War Zone.)

Germany may be likened to a great tree that has fallen across the path of democracy. The trunk is being chopped through by two axes, the military and the propagandist axes. If the trunk is to be severed and the obstruction removed, neither axis must be spared. Americans must contribute willingly to help their allies, to support their army and navy, which will be the deciding military factor in the struggle.

Our American president was the first world statesman to make clear that while a military victory is essential, it is not in itself adequate. The great significance of this war lies not on the battle lines, but behind them. It is a war for human liberty, and that which restricts human liberty, not only in the German empire, but also in America and England and France and Italy and Russia must be abolished. We are beginning to perceive that the future progress of democracy depends on national unselfishness and international co-operation scientifically conceived.

In a series of masterly state papers Mr. Wilson has announced to the world that America enters the war unselfishly, and has defined the true issue for all the peoples of the earth—even for those deluded portions of the German population which, because of a false system of education, have hitherto upheld the hands of the worst enemies of liberty, the Junkers. Until quite recently, one of the most disgusting symptoms from the point of view of the allies was a discontent with, if not an actual opposition to, the war of large elements among the working classes of the allied peoples. In Russia, where democracy was most cruelly suppressed, where conditions for the peasant and the workman were hardest, a revolution actually took place—a revolution that has sounded the keynote of our times. The world service which our president is doing is that of enlisting the allegiance of those masses for the war. He is convincing them that it is their war. And these are they upon whom the evils of an outward economic system have pressed hardest, and who hitherto have seen little hope that victory over the Germans meant their own deliverance. Mr. Wilson has issued a world proclamation of emancipation from economic slavery.

**Make Their Own Treaties.**

He not only declares that powerful nations shall cease to exploit little nations, but that powerful individuals shall cease to exploit their fellow men. He declares that henceforth no wars shall be fought for domination, and that to this end secret treaties shall be abolished. The peoples through their representatives shall make their own treaties. And just as national democracy insures to the individual the greatest amount of self-determination, of self-realization, world democracy shall insure self-determination to the individual nations of the earth. In order that each may be free to make its own contribution to world democracy.

**Fighting for Oppressed.**

This is the spirit in which America has entered the war. We are fighting for the oppressed everywhere. And we are equally determined that the injustice and inequalities that exist in our own government, the false standards of worth, the materialism, the luxury and waste shall be purged from our midst. We shall seize this opportunity to finish up the cleaning of our own household. To sustain our army and navy in the struggle for such a cause, to uphold our president, to aid our allies who have fought so long and so bravely, these are worthy of our sacrifices. I am confident that the response of the American people to the third Liberty loan will be generous.

**Bonds Feed the Boys.**

Every farmer knows how his boys like to eat. Mother's fried chicken and apple dumplings and pumpkin pies haven't a chance in the world when the boys sit down at table. Lots of farmers' boys are in France and the farmer doesn't want them to go hungry over there. Liberty Bonds buy food for them.

**Don't Bury Your Bond.**

When you and your neighbor have bought your Liberty Bonds, don't take them home and hide them in the cupboard. Take them to your country banker and have him give you certificates of deposit for the bonds. Your banker can take these bonds to a Federal Reserve bank and borrow money for your use in case you suddenly find yourself in need of funds. Hiding a bond is as bad as hoarding money. Keep the bonds and the money in circulation and the country will pull through this crisis all right.

## WHY CHART LACKED DETAIL

Wife Found It Simply Impossible to Put Down All the Remarks Hubby Had Made.

A physician needed a nurse's medical chart, but had none at hand. The man's wife was nursing him, so he drew lines on a sheet of paper to represent a chart. He instructed the wife how to fill it out and left.

Next day the physician called, looked at the chart and was puzzled to find so many remarks registered, far removed from things medical—remarks most irrelevant, in fact. He asked an explanation from the wife—and he got it! Wife motioned the physician to follow her into the adjoining room, whispering to him that she did not wish husband to hear the apology she must make for him.

"You see, doctor, I couldn't put down all the remarks he made, even if you did want to know them. I'm awfully sorry—but—you—see—he used so many swear words about you, doctor, because you wanted to 'know every word a man said.'"

## GREEN'S AUGUST FLOWER

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. Sold in all civilized countries. Give it a trial.—Adv.

**Contrariness.**

"Speaking of the Kaiser's contrary or arbitrary attitude in this peace talk," says a well-known legislator, "reminds me of the Kansas farmer who was elected to the state legislature a few years ago. The farmer was called to the chair during a session to act as speaker pro tem. A motion was made to lay a certain resolution on the table. The speaker put the motion like this: 'All those who want the resolution to lay on the table say aye! All those who want to be contrary say no!'"

**Important to Mothers.**

## How to Live Cheaply.

There is at least one family in England which can snap its fingers at Lord Rotherham and whose members are not to be found in food queues. The head of the family recently wrote to a London newspaper that himself, wife and family of four have lived for 14 weeks wholly on raw vegetable salads made of grated turnips, carrots, parsnips, beets, cabbages, etc., together with fruit salads, toast and porridge, and says they are all much stronger and healthier as a result. They use neither tea nor coffee and grow their own vegetables, and so may be regarded as the most independent family in England.—New York World.

## Win the War by Preparing the Land Sowing the Seed and Producing Bigger Crops

Work in Joint Effort the Soil of the United States and Canada CO-OPERATIVE FARMING IN MAN POWER NECESSARY TO WIN THE BATTLE FOR LIBERTY

The Food Controllers of the United States and Canada are asking for greater food production. Scarcely 100,000,000 bushels of wheat are available to be sent to the allies overseas before the crop harvest. Upon the efforts of the United States and Canada rests the burden of supply.

Every Available Tillable Acre Must Contribute; Every Available Farmer and Farm Hand Must Assist

Western Canada has an enormous acreage to be seeded, but man power is short, and an appeal to the United States allies is for more men for seeding operation.

Canada's Wheat Production Last Year was 225,000,000 Bushels; the Demand From Canada Alone for 1918 is 400,000,000 Bushels

To secure this she must have assistance. She has the land but needs the men. The Government of the United States wants every man who can effectively help, to do farm work this year. It wants the land in the United States developed first of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields after ours are supplied, we want to direct him there.

Apply to our Employment Service, and we will tell you where you can best serve the combined interests.

Western Canada's help will be required not later than May 5th. Wages to competent help, \$50.00 a month and up, board and lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return.

YOU NEED NOT SUFFER WITH BACKACHE AND RHEUMATISM

For centuries GOLD MEDAL Haaren Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, headache, pain in loins, and lower abdomen, gall-stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica, lumbago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haaren Oil Capsules are what you need.

## Send for Swift &amp; Company's 1918 Year Book

It shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.

WHAT THE WAR PREPAREDNESS BOARD HAS DONE

(Coleman C. Vaughan in His Paper, The Clinton County Republican.)

The people sometimes grow impatient, and the newspapers generally criticize Government action because it does not go fast enough. Last week in the editorial columns of a Michigan newspaper the Governor and War Board were criticised because they had done nothing, so it was asserted, to assist the farmer in seed or increased production. In the news columns of the same paper the same day was an article with a large heading telling how the State had purchased 40,000 bushels of seed corn. The fact is, Gov. Sleeper and the War Board took up the question of procuring seed corn weeks ago. Through the Agricultural College and food administrator, careful inquiries were made in every county where corn is raised to ascertain the amount needed. Not one county in Michigan had enough, and only one had 75 per cent of a supply. Investigation was made in Wisconsin, Minnesota, North Dakota, Northern Ohio, Pennsylvania and New York to see if a surplus could be found that would ripen in this state, and wherever it could be found it has been purchased, some 60,000 bushels or more, and will be distributed through the elevators in sections where needed, to be sold at cost. Gov. Sleeper also arranged with the bean jobbers to hold sufficient good seed beans, and assured them that if necessary the state would help finance the holding of the seed until sold. The Governor has purchased 20,000 bushels of spring wheat in Minnesota for spring sowing, and has completed arrangements to have the surplus potatoes to crop shipped to a drying concern, the product to be used by the government, that will probably give the farmer 90 cents or thereabouts, per bushel.

The War Board has supplied Michigan soldiers with blankets, shoes and other things when the National Government was short of supplies, has built roads to cantonments and sections of road between Detroit and Toledo, at the request of the general Government, to provide a truck road to the seaboard; it has provided funds to help recruiting, to help advertise the Liberty Loan sales; to promote the woman's branch of the Council of National Defense; it has established an efficient military force of 200 or more state troops in active service, that is guarding important places in the state; it has provided guns and clothing for home guard companies—some places one thing, some places another—it has been backing up the state health department in cleaning up surroundings of camps and cities, has provided a fuel and food department and done many things deemed necessary for the good of the state and nation. Most criticism comes of lack of knowledge. The governor and the war board have been pretty busy since the war broke out.

Germans Buy Bonds; Why Not You? Germany's last loan was over-subscribed. The Germans are determined to win this war. We have more money than they, and we must spend it. Lend to your government by buying Liberty bonds. Crush Germany's armies under the weight of American dollars.

Nature Cures. The Doctor Takes the Fee. There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds, Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, always the cough and aids Nature in restoring the system to a healthy condition. ## CORN AS A WAR CROP

By Prof. J. F. Cox, Dept. of Farm Crops, Michigan Agricultural College.

From standpoint of value, corn is Michigan's greatest crop. Its acreage is greater than that of any other grain. The dependence of the dairy industry on the corn crop is evidenced by the numerous silos characteristic of Michigan's dairy districts. The success of livestock production depends directly on successful corn growing. No other crop will produce as much feed per acre as corn when adapted.

Under present war conditions, corn is the greatest wheat substitute. Every ear of corn produced means that much more wheat sent to our army and allies.

The vigorous and successful prosecution of the great war in which we are engaged demands the utmost in the way of crop production. Food production has never before in history gained a military value of such importance. The corn crop of America is called upon to carry the brunt of our effort to supply war needs.

It is today fully realized that the farmer engaged in production, who exerts himself to his utmost regardless of risk or profit, is rendering a service in a measure as truly necessary and patriotic as the man at the front.

Let us keep in mind, however, that the soldiers fighting for us must work harder than men have ever worked before in the face of injury and death. Let us work as hard on our job here as they will work for us "over there." Michigan trusts to her army of food producers to answer the country's call for food, in the same spirit that her sons have answered the president's call to arms.

Rheumatic Pains Relieved.

"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y.—Adv.

Tribune "liner" ads; five cents the line first insertion, 2½ cents the line each subsequent insertion.

## LINER ADS EFFECTIVE.

One of the most effective forms of advertising is in the "liner" or classified column where an investment of a few cents is certain to give prompt results. Tribune liner ads are always run under the heading, "Wants, For Sale, To Rent," in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for first insertion, 2½ cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.

Advertising pays all except those who do not advertise.

## Help By Saving Wheat.

Do not waste Flour. If there is flour left on the mixing board, sift it to free it from crumbs or dough and save it to use again for dredging the board. Sift the flour before you measure then put it into the cup lightly with a spoon; do not shake it down. Be exceedingly careful not to spill any of the flour. Scrape mixing bowls clean.

Do not waste Bread. Use a bread board and cut bread at the table as it is needed. Save all the crumbs that fall as you slice it. Dry bread can be rolled or put through the food chopper and the crumbs substituted for part of the flour in griddle cakes, bread and cookies. They can be used to thicken soup; to cover croquettes and scalloped-dishes; or they can be combined with meat or nuts to

make loaves. Stale bread can be cut into cubes and dried in a slow oven to make croutons to serve with soups. It can be made into cheese pudding and bread puddings. It can be made into French toast by being dipped in milk and eggs and fried.

## Club Sandwiches (Two)

2 slices toast  
2 leaves lettuce  
2 slices bacon (cooked)  
3 T chopped chicken (cooked)  
3 T salad dressing  
4 olives  
2 slices tomato  
1-2 egg (hard boiled)  
On one slice of toast place a lettuce leaf, cover with 1 slice of bacon, 1 slice tomato, 1-2 T chicken. Cover with half the salad dressing, garnish with hard cooked egg and olives.
