CHELSEA DISTRICT "GOES OVER TOP"

Oversubscribes Quota of \$148,600;
Total Subscriptions \$157,100
Up to Last Evening.

The district including the village of Chelsea, the townships of Lima, Sylvan and Lyndon and the north halves of Sharon and Freedom townships went "over the top" in their Liberty Loan quota, Thursday evening, April 18th. While the district was only fifth in the county in obtaining its quota, still the committee feels that gratification to which it is entitled after a hard campaign to reach its goal.

The War Preparedness committee is by no means over and that additional subscriptions may be made at either of the Chelsea banks or with any member of the committee. It is especially desired to oversubscribe the allotment as much as possible as the more that is subscribed at this time the lighter will be the quota on the next loan.

As is generally known it has been the duty of the local committee to make a complete list of all persons not subscribing and also those who have not subscribed an amount in proportion with their means. This list is filed with the War-Preparedness committee along with recommendations of the local committee who are especially anxious that those who have not done their duty, take advantage of the opportunity till May 4th and show their loyalty to the United States by making their proper subscriptions. Total subscriptions up to last evening were, \$157,100. A complete list of the subscribers to date follows:

Chelsea
The following list includes all subscriptions taken in school district No. 3 fractional, Sylvan and Lima, practically all of which is the village of Chelsea. The names are arranged alphabetically.

H. H. Avery, John H. Alber, Russell A. Allen, Fred Artz, George V. Axtell, Ford Axtell, Jacob F. Alber (plumber), Laura L. Armour, Ben Alger, Henry and Marion Ahnemann, David Alber, Jr., Jacob F. Alber, Albert Ashfal, R. W. Aldrich.
Ira Becker, Frank Brooks, Peter M. Becker, C. Bifano, Jas. Brown, George W. Beckwith, Willis H. Benton, Mr. and Mrs. John J. Buehler, George E. Barth and Bell Barth, William Bacon, Emily C. Belser, Estella Burgess, H. F. Brooks, Mrs. Ella Buehler, Margaret M. Burg, Leroy Brower, Robert C. Brown, Warren C. Boyd, Wm. Bacon-Holmes Co., O. C. Burkhart, Cora A. Brooks, E. D. Brown, J. Howard Boyd, Nellie P. Beale, Mrs. M. J. Baxter, Mary L. C. Boyd, Wm. Bacon-Holmes Co., O. John Belock, David Bristle, Mr. and Mrs. Lorenz Bagge, John I. Bush, Jno. Bauer, Vincent Burg.

EIGHTY THREE BOYS TO CAMP CUSTER

Must Leave Ann Arbor Monday,
April 29th; Following List
Includes Ten Substitutes.

Ninety-three men are under orders to go to Camp Custer for military duty next Monday, April 29th. The quota required from this county is for 83 men, but according to the selective service rules, ten additional men are required to report in order that the entire quota be filled in case some fail to report.

The list follows: Allen Anderson, John Joseph Walsh, Arthur S. Brown, Leo Butler, Laylin K. James, Antonia Staniskewsky, George M. Younglove, Andrew Di. Grace, Peter H. Darpin, Leslie Amerman, Arlon Van Houten, Franklin E. Good, Gustave Mohrlock, Joseph H. Swikrath, Ernest C. McKenzie, Tom Steve, George F. Wackenhut, Albert E. Hahn, Earl H. Naves, Wm. B. Wagner, Henry Weir, Fred W. Wein-kauf, Fred Schrepper, Geo. C. Haffner, Carl Edw. Dolby, Iral G. Fowler, Horace L. Davis, Virgil E. Baldrige, Geo. L. Reed, Lester Dunlap, Ed. James La Forge, Fred A. Larmee, Fred Van Wormer, Reuben B. Buss, Wm. Geo. Visel, Chas. H. Kamp, Wm. Russell, Arthur Wm. Boyd, John James Poleski, Vincenzo Magurno, Robert Scherdt, William E. Fraer, Elmer T. Brown, Geo. C. Alber, Ed. James Cannon, Harold S. Gauntlett, Arthur E. Koch, Wm. D. Sunday, Elmer E. Gane, Alberta S. Hamilton, John H. Staehler, Giuseppe Mossella, Edward Arnot, Emanuel Stollsteiner, Herman A. Lelling, Ralph L. Sweedy, Louis M. Eich, Enoch F. Lutz, August L. Cast, Guy A. De Dell, Robert G. Berger, David N. Jones, Alexander Bithmas, Jason W. Jones, Henry E. Ormaby, Harry C. Fry, Roy Kimber, Geo. W. Dinger, Robert Laidlaw, Leslie L. Derbshire, Albert N. Miller, Fred C. Hausenstein, Edw. C. Fischer, George S. Lucking, Burrow L. Rogers, Clayton P. Rash, Wm. Oscar Larmee, Lewis D. Cowin, Etton Di Michele, Glen Oren, Carl Wm. Behnke, Samuel A. John, Christian N. Mack, Tom Andrews, Bert Bee Reed, John Allen Max, Kenneth A. Hunt, Carl Henry Stubbberg, Carlisle Augustus, John Lester Albright, Glen A. Swayee, Bert E. Payne, Edward E. Sell.

FARM HOUSE BURNED.

The fine farm residence of O. F. Phillips, five miles east of Chelsea and formerly known as the Ward farm, was burned to the ground yesterday morning. A part of the contents were saved. Several small out buildings were also burned, but the barns were saved.
The fire started about ten o'clock and is believed to have caught from a defective furnace pipe. A peculiar feature of the fire was the generation of steam and explosion of a large steel water tank in the cellar of the house.

ANOTHER WHEAT HOARDER.

Walter Cady, a farmer near Ypsilanti, has been ordered to sell his 750 bushels of wheat by April 29, or it will be requisitioned by the government. Cady, it is claimed, announced that he would not sell the wheat at this time.

ECZEMA CAUSED YEARS OF INTENSE AGONY

"I have suffered intense agony from eczema on my leg and other parts of my body for years, and received only temporary relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and there is no sign of eczema or itching. You can refer to me."—Ora C. Talbot, 27 Penfield St., Buffalo, N. Y.

I've got a hundred testimonials, says Peterson, just as sincere and honest as this one. You're now, when I first started to put out PETERSON'S OINTMENT, I made up my mind to give a big box for a small price, and I'm still doing it, as every druggist in the country knows.

I guarantee PETERSON'S OINTMENT because I know that its mighty healing power is marvelous. I say to every one who buys a box that it is rigidly guaranteed for eczema, pimples, salt rheum, Old Sores, Blind, Bleeding and Itching Piles, Throat, Skin Diseases, Chafing, Burns, Scalds and Sunburn, and if not satisfactory any druggist will return your money. 30 cents.

Mail orders filled, charges prepaid by Peterson Bros., Buffalo, N. Y. Adv.

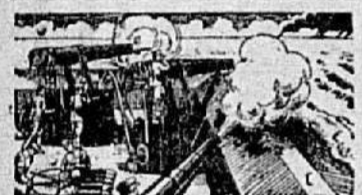

Saying nothing at the right time is equivalent to saying the right thing.

Important to Mothers
Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the *Signature of J. C. Fletcher*.
In Use for Over 30 Years.
Children Cry for Fletcher's Castoria

Lots of people are interested in the man whose principle is for sale.

Itching Burning Skins.
For eczemas, rashes, itching, irritations, pimples, dandruff, sore hands, and baby humors, Cuticura Soap and Ointment are supremely effective. For free samples address "Cuticura, Dept. X, Boston." At druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

Trust not your enemies; there are few faithful enemies.

OUR DEFENSE

In the spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged. This is the time to put our house in order—cleanse the system and put fresh blood into our arteries. You can obtain an alternative extract from Blood root, Golden Seal, Stone and Queen's root, Cherry bark, rolled into a sugar-coated tablet and sold by most druggists, in sixty cent vials, as Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of ambition. It will fill you full of vim, vigor and vitality.

Chilliness, when other people feel warm enough, is a sign of biliousness, or of malarial poisons—so is a furrowed or coated tongue, loss of appetite, headaches or giddiness, and a dull, drowsy, debilitated feeling. It's your liver that's at fault. You want to stimulate it and invigorate it with Dr. Pierce's Pleasant Pellets. With every trouble of the kind, these tiny little things act like a miracle. You can break up sudden attacks of Colic, Fever, and inflammations, with them. They'll give you permanent benefit for Indigestion, Constipation, Sour Stomach, Sick Headache, and Dizziness. They are small and pleasant to take, and the most thoroughly natural remedy. Twenty-five cents at most drug stores.

FOR CONSTIPATION
have stood the test of time. Purely vegetable. Wonderfully quick to banish biliousness, headache, indigestion and to clear up a bad complexion.

PALE FACES
Generally indicate a lack of iron in the blood.
Carter's Iron Pills
Will help this condition

Help wanted by many women

If a woman suffers from such ailments as Backache, Headache, Lassitude and Nervousness—the symptoms indicate the need for PISO's Tablets, a valuable healing remedy with antiseptic, astringent and tonic properties. A local application simple but effective—response comes quickly causing refreshing relief with invigorating effects. Backed by the name PISO established over 50 years, satisfaction is guaranteed.

AMERICAN TROOPS REPULSE ATTACK AND HOLD LINES

AIDED BY FRENCH, GERMANS ARE DRIVEN BACK, BERLIN CLAIMS 183 AMERICAN PRISONERS TAKEN IN RAID.

BRITISH AND FRENCH MAKE SUCCESSFUL COUNTER ATTACK

Hammer Great Dent in Enemy Lines and Improve Positions—Prisoners and Guns, First Since Battle Started, Were Taken.

London—The German high command, having been unsuccessful in piercing the British front in Flanders and separating British and French armies, essayed a stroke against Americans and French northwest of Toul, on April 20, and here also Teuton strategy seemingly has failed utterly to bring its plans to fruition.

Although Germans attacked in waves with greatly superior numbers of men, Americans and Frenchmen held all their positions and inflicted heavy losses on the enemy. What gains were made in the initial onslaughts were entirely retrieved by the American and French.

The Berlin official communication asserts in the drive 183 American prisoners and 25 machine guns were captured by Germans, who cut their way for about a mile and a quarter into the American lines at Seicheprey.

Allies Improve Positions.
London—Both the British and French struck sharp, successful, local blows in Flanders April 20, which materially improved their positions.

The crowning success of the Allies' local operations came when the French in a brilliant charge on the center of the German southern wedge, to the northwest of Bethuns, hammered a great dent into the enemy's lines. They took prisoners and captured several German cannons, the first to be taken from the foe since he launched his great spring drive.

- Events of the First Month of Present Great Battle.
- The chief events of the first month of the biggest battle the world has ever known are as follows:
- March 21—Offensive opens with German artillery attack on British near St. Quentin that could be heard in England.
- March 22—German massed troops assault in close formation over line of 50 miles.
- March 23—British army driven back between Arras and LaFere, with Germans throwing machine guns into fight.
- March 24—Somme crossed by Germans who capture Ham, Peronne and Chauny.
- March 25—Deep wedge, driven between French and English armies with the capture of Noyon.
- March 27—Albert lost by British.
- April 12—Armentiers lost by British.
- April 16—Neuve Eglise lost by British.
- April 17—Wyschaete, Wulverghem and Baillieux taken by Germans.
- April 18—Germans checked along Givenchy-LaBassée canal front. Their drive in Flanders slowed up.
- April 20—British make counter blow, compelling Germans to give up ground around Givenchy.

French Reserves Arrive in Time.

London—Reinforced by French troops, the Allied line is holding hard against further incursions by the Germans from the region of La Bassée to the north of Ypres, according to April 19 reports. Everywhere the Germans have struck the line in an endeavor to press back the defenders, they have been repulsed with heavy losses and have been successful nowhere in gaining further ground.

Attacks of an extraordinary violent nature were thrown by the Germans on the 19-mile front between Givenchy and Robecq, where an endeavor was made to cross the La Bassée canal and bend southward the salient which outflanks the important railroad town of Bethune.

If successful, the new attack of the Germans would jeopardize the entire Arras sector, which includes the famous French coaling region about Lens and the equally famous Vimy ridge, where the Canadians are holding forth.

Austrian Factions Near Revolt.
Washington—Following the resignation of the Hungarian ministry, the political situation in Austria-Hungary is extremely delicate, according to an official dispatch from Switzerland, summarizing reports from Budapest and comment in Austrian and German newspapers. Marked discontent reigns in Vienna, according to the dispatch, while speeches delivered in parliament by the Czechs, Jugoslavs and Poles inspire hatred of Germany and demand reorganization of Austria-Hungary.

84 LOSE LIVES IN 2 SHIP DISASTERS

VICE ADMIRAL SIMS REPORTS TWO U. S. VESSELS SUNK IN WAR ZONE.

TWO MICHIGAN MEN MISSING

One Ship Sunk By Submarine, Other By Internal Explosion, One Was Converted Lake Steamer.

Washington—War zone disasters, causing the probable loss of 84 lives, and two American ships, are reported by Vice Admiral Sims, commander-in-chief of the American overseas naval force. Two Michigan men are known to have been on the vessels.

The Florence H., a Detroit-built lake steamer commandeered for war service before being completed last year at the yards of the Great Lakes shipbuilding company, was wrecked by an internal explosion while lying in a French port. Forty of her crew are believed to have perished.

Among her crew is listed Martin T. Collins, Benton Harbor, reserve engineer. It is not known whether he is among the men saved.

The Lake Moor, a United States Shipping board vessel, fell victim of a submarine on her maiden trip. Forty-five of her crew are missing and are thought to have perished in open boats.

Robert Webster Meaham, Blissfield, Mich., is among the missing.

WOMEN ALIENS MUST REGISTER

Female Subjects of Germany and Austria to Be Listed.

Washington—German and Austrian women in the United States were placed under the same restrictions as have prevailed for enemy aliens, by proclamation issued April 20, by President Wilson, under the recently enacted law including women in the definition of enemy aliens.

These restrictions are applicable only to women above 14 who have not been naturalized by their own or their male relatives' declarations of citizenship.

The operation of the regulations prohibiting enemy aliens from entering prohibited areas without permit will not apply to German women until a date to be fixed by the attorney general Crowder, are exclusive of between men made by the attorney general's office, is so that arrangements may be made by women to apply for permits and a careful investigation may be made before issuance of permits.

BERLIN-VIENNA BREAK LOOMS

Political Upheavals in Austria Being Felt in Kaiser's Domain.

Amsterdam—The storm clouds that gathered upon the political horizon of the Central powers with the revelations by the French premier, M. Clemenceau, of Emperor Charles' peace intrigue, are becoming more threatening daily.

Danger signals are flashing fast and wide in the two empires. The Austrian "home front" is manifestly cracking and the vibration is making itself felt upon political unity in Germany, already badly shaken by Prince Lichnowsky's revelations.

All is not well between the two Kaisers. That much is known positively, despite the bombastic, if somewhat forced, verbiage of the mutual telegraph professions of "unshakable faith in your loyalty."

Army Officer Tarrred and Feathered.

Santa Fe, N. M.—Four hundred convicts in the state penitentiary tarred and feathered and led around with a rope about his neck Maj. John M. Birkner, a United States army officer, held in the penitentiary as a federal prisoner. He is charged with violation of the espionage act. Birkner was born in Nuremberg, Germany, but had been in the American military forces for more than 20 years. He was arrested at Camp Cody, where he was an artillery officer.

Dig!

CALIFORNIA HIT BY EARTHQUAKES

COAST ROCKED BY REPEATED SHOCKS—TWO TOWNS ARE COMPLETELY RAZED.

PROPERTY DAMAGE, \$500,000

Hemet and San Jacinto Reported to Be Levelled, 2 Persons Killed—One Dead in Los Angeles.

Hemet, Cal.—This town and San Jacinto, which lies north of here about two miles, both seriously damaged by a severe earthquake shock Sunday afternoon, April 21.

Every business house in Hemet and in San Jacinto was laid flat, but only two lives were lost.

The property damage here is estimated at \$250,000 by merchants and property owners who suffered the most loss. At San Jacinto damage was estimated at a like sum.

The quake, which came with such warning as was afforded by a brief light shock lasting perhaps 10 seconds, was the most severe ever experienced here. For 30 seconds the buildings rocked and swayed and the ground heaved so that persons standing in the streets and fleeing from their homes were thrown from their feet.

One Killed At Los Angeles.

Los Angeles—A general earthquake shock, felt throughout southern California Sunday afternoon, cost one life at a nearby resort, caused the serious injury of one woman in a mad rush from a downtown theatre, broke large plate glass windows, shook down cornices and cut off communication with at least two small towns.

At San Bernardino the quake was said by old residents to be the worst of years. Scores of plate glass windows were broken, a hundred feet of brick wall from one low building fell into the street, and cracks were broken in several other walls.

There was a panic at the ball grounds, where a game was in progress, and one man was hurt in the rush to escape. Another, running out of a theatre into the street, was struck by an automobile and seriously injured.

Riverside suffered a shock of similar intensity. Ornaments were shaken from the courthouse cornice and windows smashed.

At Banning, the front of the Odd Fellows building fell out, striking two automobiles which had just been vacated by their passengers.

The tremor was first reported from Barstow at 3:30 p. m., and apparently moved east and south from that point.

BIG NAVAL BILL PASSES HOUSE

Framed to Develop Biggest Submarine Destroyer Fleet in World.

Washington—Framed to develop the largest submarine destroyer force in the world, the big naval appropriation bill, carrying approximately \$1,500,000,000, was unanimously passed by the house on April 20, and immediately sent to the senate.

Just what the destroyer program will be is not revealed by specific appropriations, but part of it is carried in a \$125,000,000 fund to be expended under the direction of the president. A large share of the fund will be expended on Henry Ford's "eagles," destroyer-chaser plant, in Detroit.

It is one of the largest naval appropriation bills in the nation's history and was passed in the record time of nine hours.

By special provision, all the appropriations are made immediately available so that none of the navy work will be delayed.

It includes \$387,500 for the purchase of additional land to enlarge the Great Lakes Naval training station near Chicago. It also provides \$10,295,000 for the construction of naval hospitals in the United States and abroad. One million is proposed for overseas hospitals.

TWO MILLION MEN IN CLASS ONE

Expected That All Future Calls Will Be Taken From This Rank.

Washington—Under the classification of men for selective draft service, Provost Marshal General Crowder has advised the senate military committee, approximately 2,000,000 will be placed in class 1, from which it is expected all future calls will be taken.

These 2,000,000, according to General Crowder, are exclusive of between 500,000 and 1,000,000 more annually, it is estimated will be made subject to military duty under the bill now in congress subjecting to registration youths reaching their majority.

German War Debt \$24,000,000,000.

New York—Germany will have to observe the greatest economy, for her national debt is now \$24,000,000,000, and the hour of reckoning will come when there will be waiting on the part of the taxpayers. This reflection was made in the rehashing by Count Arthur von Posadowsky-Wegner, according to the Cologne Gazette. The count added: "Up to a few years ago the German cities were still paying off war debts and indemnities resulting from the wars of the Napoleonic period."

GOLD IN NEW YORK STATE?

Many Still Believe That Man With Divining Rod Found Precious Metal Many Years Ago.

Thomas Hartshorn, an eccentric man, once lived in the vicinity of One Hundred and Sixth street and Fifth avenue, New York city. One of his hobbies was absolute faith in the divining rod. He talked about its unerring certainty in the pointing out of metal for many years until he could seem to talk of nothing else and became known as the Rod Craik.

One afternoon Hartshorn sallied forth from his home and entering Central park took his way to an establishment which, in those days, was known as the Mount St. Vincent House of Refreshment. Several boys noticed Hartshorn walk along the path to the east of the tavern and hold out his divining rod. Presently he was seen to stop and, after looking about to see whether he was observed, stick a small stake into the grass.

One of the boys followed him for the remainder of the day and told his father. That night Hartshorn was followed by the boy and his father to the place of the stake and they saw the Rod Man fill a pail with sand. The news spread the next day or two that Hartshorn had found gold. The Rod Man never denied it up to the time he died and many residents of Harlem still believe there is gold near that spot.

Aden's Trade in Dates.

Dates are an important item in both import and export trade of Aden. The average annual quantity passing through the Aden market during the past five years has been 150,000 hundredweight (of 112 pounds each) and the average annual value \$332,380.

The fruit is probably the most important single item of food used by the natives. The Arab is ordinarily assumed to be the principal consumer of dates, but the greater portion of the considerable quantity handled is consumed by Somalis. Aden date merchants make by far the largest exports to Somaliland ports on the neighboring African coast, and during the past two years increasing quantities of dates have gone there to be used as food because of diminished supplies of rice and other grains which ordinarily are important in the native Somali diet. Some of these people eat little else than dates and meat during the periods when grains are scarce or high in price.

Cheap Tea.

The queue was long and the waiting weary. One respectfully attired lady at length announced that she couldn't stand it any longer, her feet ached so. Then she began to question those about her as to their wants. "Marge," was the general answer, but one or two said "Ten." "Well," said the respectfully attired lady, "I can help you a bit. I've got some tea here, more than I want, and I'll let you have some if you like." From her bag she produced several neatly made parcels, and in a few moments disposed of them all. Then she stepped out of the queue, and was seen lost to sight. Not till she had been gone some minutes did the spirit of distrust and inquiry descend upon one of the purchasers. When it did, however, the woman found that her package was full of sawdust. There was an instant tearing open of the others, which were all filled with the same material.—Manchester Guardian.

Restaurant Scene.

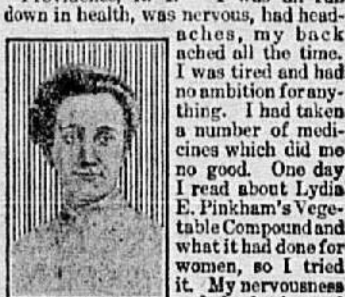

"What did you put in this sandwich—goldenf?"
"The color deceived you. That's cheese."
"The thinness deceived me, that's all."

Non-Committal.

Patience—Have you heard the Hawaiian ukulele played?
Patience—Oh, Yes.
"And do you like it?"
"Well, I confess I prefer it to the bagpipes."

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and

headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."

Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

Many Still Believe That Man With Divining Rod Found Precious Metal Many Years Ago.

Thomas Hartshorn, an eccentric man, once lived in the vicinity of One Hundred and Sixth street and Fifth avenue, New York city. One of his hobbies was absolute faith in the divining rod. He talked about its unerring certainty in the pointing out of metal for many years until he could seem to talk of nothing else and became known as the Rod Craik.

TABLE TALK AT ITS BEST

Excellent Recommendations From Those Who Were Recognized as Highly Proficient in the Art.

"Table talk," says Leigh Hunt, "to be perfect should be sincere without bigotry, differing with discord, sometimes grave, always agreeable, touching on deep points, dwelling most on reasonable ones, and letting everybody speak and be heard." There is a story of a Frenchman at one of Rogers' breakfasts who listened to Macaulay's endless eloquence, and, seeing another talker waiting his chance, fastened his eyes on Macaulay and muttered, "S'il toussie, il est perdu." In regard to the part of anecdotes in table talk, I quote two opinions. "He who has stored his memory with slight anecdotes, private incidents and personal peculiarities," according to Dr. Johnson, "seldom fails to find his audience favorable." "Of all the bores," exclaimed De Quincey, "whom man in his folly hesitates to hang, and heaven in its mysterious wisdom suffers to propagate his species, the most insufferable is the teller of good stories."—Exchange.

Making the Baby Useful.

"Bridget's had breakfast late every morning this week. Can't you do something to get her up on time?"

"Well, there's the alarm clock."

"That doesn't always go off. Lend her the baby."—Boston Transcript.

Not Quite as Good.

"What did papa do when you asked him to give you my hand?"

He—He put down his foot.

YOU NEED NOT SUFFER WITH BACKACHE AND RHEUMATISM

For centuries GOLD MEDAL Haaslem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder you are doomed.

Weariness, sleeplessness, nervousness, dependency, backache, stomach trouble, headache, pain in joints, and lower abdomen, gallstones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica, lumbago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haaslem Oil Capsules are what you need.

They are not a "patent medicine" nor a "new discovery." For 200 years they

have been a standard household remedy. They are the pure, original imported Haaslem Oil your great-grandmother used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisonous germs. New life, fresh strength and health will come as you continue this treatment. When completely restored to your usual vigor, continue taking a capsule or two each day. They will keep you in condition and prevent a return of the disease.

Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All reliable druggists sell GOLD MEDAL Haaslem Oil Capsules. They will refund the money if not as represented. In three sizes, sealed packages. Ask for the original imported GOLD MEDAL. Accept no substitutes.

IT IS not enough to have the bowels move. It is more important to persuade liver, kidneys, skin, and bowels to act in harmony and against self-poisoning. BEECHAM'S PILLS act favorably upon all organs concerned in food-digestion and waste-elimination; they remove causes as well as relieve symptoms.

BEECHAM'S PILLS

Directions of Special Value to Women are with Every Box.

Willing Worker.

"Don't you know it's agin de law not to do any work in dis state," remarked Meandering Mike.

"Well," replied Pledging Pete, "I'm workin'." "I'm workin' my way out of dis state jes' as fast as I kin."

\$100 Reward, \$100

Catarh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Catarh that HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

If some folks were to think twice before speaking, their remarks would be postponed indefinitely.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.—Adv.

Lots of women later are afraid to mention it to their wives.

Back Lame and Achy?

There's little peace when your kidneys are weak and while at first there may be nothing more serious than dull backache, sharp, stabbing pains, headaches, dizzy spells and kidney irregularities, you must not neglect to avoid the more serious trouble, gravel, glycol, heart disease, Bright's disease. Use Doan's Kidney Pills, the remedy that is so warmly recommended everywhere by grateful users.

A Michigan Case

"Every Picture Tells a Story"
"I know that Doan's Kidney Pills are a good medicine for I have used them with benefit. My kidneys were disordered and I had weakness and pain across the small of my back. I could hardly do any lifting or stooping. Doan's Kidney Pills rid me of the backache, regulated the action of my kidneys and benefited me in every way."

160 Acre Farms in Western Canada Free
Get under the Shower of Gold

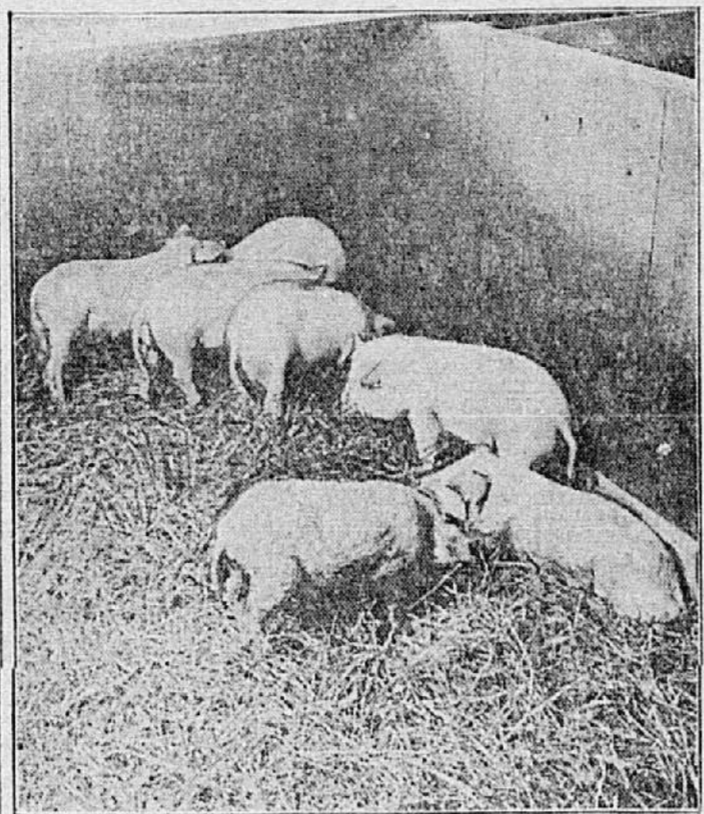

coming to farmers from the rich wheat fields of Western Canada. Where you can buy good farm land at \$15 to \$30 per acre and raise from 20 to 45 bushels of wheat to the acre it's easy to make money. Canada offers in her provinces of Manitoba, Saskatchewan and Alberta 160 Acre Homesteads Free to Settlers and other land at very low prices. Thousands of farmers from the U.S. or their sons are yearly taking advantage of this great opportunity. Wonderful yields also of Oats, Barley and Flax. Mixed Farming is fully as profitable an industry as grain raising. Good schools; markets convenient; climate excellent. Write for literature and particulars as to reduced railway rates to Supt. Immigration, Ottawa, Canada, or to

GREEN'S AUGUST FLOWER

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by food in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. Sold in all civilized countries. Give it a trial.—Adv.

Our idea of a fool man is one who waits for the bartender to tell him when he has had enough.

PREVENT PIG LOSSES BY GIVING SOW PROPER ATTENTION AT FARROWING TIME

WELL CARED FOR PIGS IN THE FARROWING PEN.

(Prepared by the United States Department of Agriculture.)

Every pig that can be raised this year will be needed to add to the food supply of the nation, and every one will add to the profits of the grower. Increase the number of pigs by preventing losses at farrowing time and insure rapid gains in weight by giving the sow and young pigs the kind of care that will result in healthy development. This depends to a great extent upon the management of the sow at farrowing. As the time for farrowing approaches, the sow should be watched carefully, in order that assistance may be given if necessary. The sow generally becomes nervous and restless as parturition approaches; she makes a nest for her young; a swollen vagina and milk down in the teats are other visible signs. One can be quite certain that a sow will farrow late in the afternoon or the following night when milk is found in the teats in the morning.

The feed at this time should be sloppy and limited in amount. Nothing out lukewarm water should be given the sow during 24 hours previous to farrowing. If she has already farrowed a litter and has been properly fed and cared for during pregnancy, little difficulty may be expected. With young sows, particularly those bred at an immature age, there is considerable risk at this time, not only to the pigs but to the sow herself.

Amount of Bedding.

There is a difference of opinion as to the amount of bedding which should be given to the sow at this time. An active sow in comparatively thin condition can be trusted with a liberal amount of bedding, but sows which are in high condition or which are at all clumsy, had better be given only a moderate amount of bedding. Leaves or short straw are preferred.

The farrowing pen should be dry and well ventilated, but free from drafts. Provide the pen with a guard rail made of two by four planks with their edges against the sides of the pen about ten inches above the bed. These prevent the sow from lying against the partition, and lessen the danger of injury to the pigs. The little fellows will soon learn to creep under the guard rail when the sow lies down.

What to Do When Pigs Arrive.

When the pigs are born during warm weather, they are less liable to become chilled and will generally find their way to the teats unaided. In extremely cold weather the pigs will be in danger of being chilled unless the hog house is heated. To remedy this, place a few heated bricks in the bottom of a basket or small box, covering them with chaff or straw, and put a cloth over the top to keep in the heat; unless the sow objects too seriously, the pigs may be rubbed dry with a soft cloth and placed in the receptacle as fast as they arrive. If any of the little pigs appear to be lifeless when they are born, first see that all mucus is removed from the nose, then give the pig a few gentle slaps on the side with the hand. This will start the pig breathing if there is any life in the body. Give it a suck of the sow's milk and place it in the receptacle, as described previously. The pigs will not suffer if they do not suck for a few minutes after farrowing.

Cut Out Back Teeth.

Before placing the pigs with the sow, cut out the eight small tusklake teeth. There are four of these on each jaw in the rear of the month. These teeth are very sharp, and if left in the pig's mouth they will likely cause tearing of the sow's udder, and the little pigs cut one another's mouth while fighting for a teat. These teeth can be removed with bone forceps, wire nippers, or with a knife. Never pull out the teeth. Always cut or break them off. After this operation is over, place the pigs with the sow, care being taken that each one gets to a teat. When the after-birth is passed, it should be removed from the pen at once and buried or burned. There is good reason to believe that eating the after-birth is often the beginning of the habit of eating pigs.

As a rule, the sow should have no

food the first 24 hours after farrowing, but should be given a liberal drink of warm water. If, however, she shows signs of hunger, a thin slop of bran and middlings may be given. The feeding for the first three or four days should be light and the time consumed in getting the sow on full feed should be from a week to ten days, depending on the size and thrift of the litter.

The Sow's Feed.

Great care must be taken to feed the sow properly. If she is not being properly fed, the little pigs will show it. If the pigs follow the sow around very much and pull at her teats, it is a good sign that she is not giving enough milk, and more feed should be given to stimulate the milk flow. When a sow is overfed, causing a heavy flow of milk, scouring is generally produced in the pigs. If this happens, cut down the sow's feed immediately. Give the sow 15 or 20 grains of sulphur of iron (copperas) in her slop morning and evening, and if necessary, increase the dose until results have been obtained.

Exercise Is Necessary.

After the sow has farrowed, it is best for her to be in the open air. Of course, if the pigs are farrowing during the winter months, care will be needed, and it may be necessary to let the pigs reach the age of two weeks before turning them out. They can, however, get considerable exercise in the piggery or in the lot with the sow, and there is often a lot adjoining a barn that is sunny and sheltered from the cold winds, where the sow and pigs may be turned for exercise. Do not allow the pigs to run out during a cold rain.

If they do not get exercise, they will get fat and lazy and the usual result is the "thumps." This is caused by the fat getting so thick around the heart and lungs that the pigs find it difficult to breathe. The best way to prevent this is to avoid overfeeding and make the young pigs take plenty of exercise.

IMPROVE SOIL FOR ALFALFA

Crop Will Not Flourish Where Is Acid —Make Liberal Application of Lime.

An acid soil will not produce alfalfa. If you think your soil is acid buy a few pieces of blue litmus paper from the drug store, put a piece of this paper in contact with a piece of your soil, making it damp enough to stick in a ball of soil. If the blue litmus paper turns pink there is an excess of acid and the soil needs lime. Apply lime liberally, ground limestone or hydrated lime, before planting alfalfa. From 1,200 pounds to a ton may be used, according to the soil.

DEFINITE PURPOSE NEEDED

(Prepared by the United States Department of Agriculture.)

The lack of definite purpose, too often shown by the American farmer, is illustrated in the following letter, which recently was received by the dairy specialists:

"Please send me some instructions on breeding dairy cattle. I have been crossing Jerseys and Holsteins. I would also like some information on milking goats."

This request indicated that the inquirer has followed the plausible plan of crossing the Jersey, noted for the quality of its milk, with the Holstein, notable for its quantity, hoping to produce cows that would give milk in the quantity of the Holstein and of the quality of the Jersey. He failed, like most who have experimented in this manner, found that his cows gave milk of Holstein quality and in Jersey quantity, and then began to think about changing from dairy cattle to milk goats. The dairy specialists have advised him to select one breed of cattle and "stick to it."

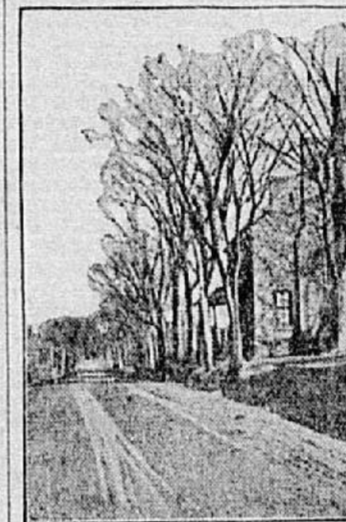

ROAD BUILDING

TO MAINTAIN GRAVEL ROADS
Never Hard and Smooth Enough to Prevent Immediate Rutting by Wheels of Wagons.

Gravel roads are never hard and smooth enough when opened to travel to prevent almost immediate rutting by the wheels of heavily loaded wagons. In fact, a gravel which contains enough clay to pack immediately under the roller or in a few days under travel will always prove to give a muddy road when the frost is going out in the spring and during prolonged wet spells at other seasons of the year. If such gravels are found on a road they can be greatly improved by covering the surface with a thin layer of sandy gravel, applied when the road is soft and allowed to mix under travel, the road being kept smooth by the frequent use of the road drag.

On any gravel road, dragging with a suitable road drag should begin after the first good rain following the completion of the road and be continued after each subsequent rain until the

Well-Kept Gravel Road.

road surface becomes so hard and smooth that heavily loaded wagons make no impression on the surface. But dragging must be frequent the first fall until winter sets in and the following spring until the middle of May or the first of June. After that the dragging will not be very effective, unless the rains are of long enough duration to soften the surface slightly, and may therefore be less frequent. But dragging will be found very effective and efficient in the late fall and in the spring when the frost is coming out and before the gravel is fully settled.

MUST MAINTAIN GOOD ROADS

Too Much Money Spent for Construction and Too Little for Proper Maintenance.

In many a county in the South the condition of the roads is the same as those which the editor of the Clinton Democrat describes as existing in his county. He says:

"We can't survive the impression that we have wasted a lot of money; that we have built a lot of roads that have gone back to their former condition, from neglect; that we have burdened our posterity with a debt that has proved to be a rather bad investment. We have burdened our children with the bonds that will be mighty hard to pay, and we will have to answer for a great deal, if for their \$150,000 we leave them a legacy of mud-holes, a heritage of sand and water. One of the main defects in our present program, we think, is the fact that we are spending all of our money on construction and are not taking proper thought for the maintenance of the roads."—The Progressive Farmer.

TO MAINTAIN CONCRETE ROAD

Observe Same Rules of Drainage as Apply for Earth Roads—New Surface for Concrete.

The maintenance of concrete roads consists of observing the rules of drainage as for earth roads, and in filling with tar any cracks that may develop. Nothing can be done for the surface when it begins to deteriorate and break down. It will serve as a base for some of the higher types of bituminous surface, and after the concrete has served its usefulness it should be resurfaced with a bituminous wearing surface.

Every State After Funds.
Every state in the Union accepted the terms of the federal road act and applied for the funds thus made available.

Prevent Foundering Horse.
Never water or grain a horse that is much heated—to do this is likely to "founder" and so ruin him.

Favor Wide-Tired Trucks.
Wide-tired trucks for farm hauling are gaining in favor among those who have put them in use.

There Is No Monopoly

in the packing industry.

Swift & Company, although the largest packer, handles not to exceed one-eighth of the total meat production of the United States.

The five large packers do not handle to exceed one-third of the total meat production of the United States.

Swift & Company is not in combination with any other packer or packers to control prices.

There is very active competition in the buying of live-stock and equally keen competition in the sale of dressed meats and by-products.

1918 year book of interesting and instructive facts sent on request.

Win the War by Preparing the Land Sowing the Seed and Producing Bigger Crops

Work in Joint Effort the Soil of the United States and Canada
CO-OPERATIVE FARMING IN MAN POWER NECESSARY
TO WIN THE BATTLE FOR LIBERTY

The Food Controllers of the United States and Canada are asking for greater food production. Scarcely 100,000,000 bushels of wheat are available to be sent to the allies overseas before the crop harvest. Upon the efforts of the United States and Canada rests the burden of supply.

Every Available Tillable Acre Must Contribute; Every Available Farmer and Farm Hand Must Assist

Western Canada has an enormous acreage to be seeded, but man power is short, and an appeal to the United States allies is for more men for seeding operation.

Canada's Wheat Production Last Year was 225,000,000 Bushels; the Demand From Canada Alone for 1918 is 400,000,000 Bushels

To secure this she must have assistance. She has the land but needs the men. The Government of the United States wants every man who can effectively help, to do farm work this year. It wants the land in the United States developed first of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields after ours are supplied, we want to direct him there.

Apply to our Employment Service, and we will tell you where you can best serve the combined interests.

Western Canada's help will be required not later than May 5th. Wages to competent help, \$50.00 a month and up, board and lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return.

For particulars as to routes and places where employment may be had apply to:

NEIGHBORHOOD BREVITIES

Interesting Items Clipped and Called From Our Exchanges

YPSILANTI—Rumor has it that this section is about to receive the first of its named heroes from "over there." Fred W. Prieskorn, a motorman on the D. J. & C., began working for the company in February, 1917, and on the 15th day of July left the employ of the Interurban to enter the Federal service. He was sent across several months ago, and is now said to be coming home with both legs shot off. No details are available, but the simple facts come from reliable sources.—Record.

DEXTER—Under the direction of Highway Commissioner Waite, men and teams started Monday to complete the work lengthening the turn on the Chelsea road at the west end of the bridge at the foot of Main St. This will make the grade much easier and at the same time greatly lessen any danger of accident that might exist by reason of the sharp turn at the foot of the hill.—Leader.

GRASS LAKE—Germaine Foster, in driving from his home to his place of business one morning last summer, was struck by an interurban special car. It wrecked his automobile and broke some bones in his right hand. The only thing that prevented his being thrown from the machine, and in front of the car was his keeping hold of the steering gear. He sued the D. U. R. and it has been settled out of court satisfactorily to Mr. Foster.

REGISTER WOMAN POWER.

Final preparations are being made for the registration of the woman power of the state which is to start within less than a week. It is sincerely hoped and believed by the committee in charge that Chelsea will go way over the top in this drive.

Literature has been distributed and posters are now being placed all over town. Friday evening there will be a big patriotic mass meeting for everybody, men and women, at the town hall to usher in the registration which will begin Saturday morning, April 27th. There will be rousing speeches and good music. Rev. J. M. Wells of Ann Arbor, who gave such a splendid talk at the Liberty Loan banquet a few weeks ago, will be one of the speakers. It has been arranged to have registration booths at the town hall and every woman in Chelsea will have the opportunity to show that she is not a slacker by writing down just what her capabilities are for serving her country.

Rheumatic Pains Relieved.

"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y.—Adv.

LOCAL BREVITIES

Our Phone No. 190-W

Miss Iva Beeler was home from Ann Arbor, Saturday.

Leo Martin of Ecorse visited his mother, Mrs. Addie Martin, Saturday.

Mrs. Carrie Schiller and daughter, Miss Ida, were in Ann Arbor, Saturday.

Mr. and Mrs. George Backes and little daughter were Ann Arbor visitors Saturday.

William Radomacher of Detroit visited Miss Elizabeth Barthel yesterday and today.

William Ryan and family moved from Lima Center to Dearborn the last of the week.

Dr. J. B. Wilcox, editor of the Grass Lake News, was a Chelsea visitor yesterday.

Miss Margaret Ryan and Dell Denton visited at the home of the former's parents in Dearborn, Sunday.

Mr. and Mrs. Hugh Quinn of Detroit visited her parents, Mr. and Mrs. L. H. Hindelang, over the week-end.

Mr. and Mrs. Myron Hendrick and daughter, of Hamburg, visited Mr. and Mrs. W. W. Hendrick over Sunday.

Mrs. H. E. Defendorf and son Nelson, of Grand Blanc, are making a two weeks' visit with Chelsea relatives.

Mrs. B. F. Marty of Detroit is visiting her mother, Mrs. James Runci-man. Mr. Marty was here for the week-end.

Mrs. Sam Bohnet and daughter, Evelyn, spent the week-end in Jackson at the home of Mr. and Mrs. Frank Widmayer.

Burton Long of Howell, former manager of the Towar Creamery here, made his Chelsea friends a brief visit Saturday.

Harry Lyons has opened a new shoe repair shop in the Shaver building, North Main street, as announced in another column.

Mrs. J. Dwyer and children have returned to their home in Detroit after a week's visit at the home of Jacob Hummel and family.

Mr. and Mrs. Leona Graham and little daughter were guests at the home of his parents, Mr. and Mrs. J. W. Graham, over the week-end.

L. G. Palmer is getting ready to erect an addition in the rear of his garage on South Main street and excavating for the foundations has already started.

Albert LaFée Sincer of Detroit, formerly director of the Heller band, was in Chelsea, Saturday en route to Jackson to spend the week-end with friends.

A dancing party will be given Wednesday evening, April 24th, for the benefit of the Sylvan—Sharon Red Cross, at the home of J. P. Heim. All are invited.

J. W. Graham has resigned the position of night watchman at the Chelsea Roller Mill and has accepted a similar position at the plant of the Lewis Spring & Axle Co.

Mrs. Ezra Keesbe left Friday evening for New York to join her husband, who is a medical officer on a U. S. boat recently arrived in port. She expects to be away for a week.

John Frymuth was in Dearborn the last of the week and returned with a new Fordson tractor for the Palmer Motor Sales Co. The little machine has since been on exhibition and has drawn much favorable comment.

C. J. Heselschwerdt has sold a lot and barn on Park street, known as the VanTye barn, to W. P. Schenk and other interested parties, who are having the building remodelled for a public garage and Buick service station. The building will be extended 40 feet to the rear and succeeded on the outside. E. A. Tisch will be associated with Mr. Schenk in the new enterprise and hopes to have the new building ready within a month or six weeks.

Albert Watson, agent at the Ann Arbor office of the D. J. & C. electric interurban line, will be transferred to the Chelsea office in the near future. John Faber has been the local agent for some time past, but resigned and it was announced that he would be succeeded by Arthur Avery. However, a man longer in the company's service wanted the Ann Arbor office and so the company decided to transfer Mr. Watson to this point instead of installing Mr. Avery as agent.

The Washtenaw County Press association met Saturday afternoon at the court house in Ann Arbor for a general round table discussion of business and methods. Those present were: Mat D. Blosser, Manchester Enterprise; Sim R. Wilson, Sylvania Observer; W. A. VanWegen, Ypsilanti Record; John O. Thompson, Dexter Leader, and Ford Astell, Chelsea Tribune. L. B. Johnson of the Milan Leader and O. T. Hoover of the Chelsea Standard were unable to attend.

Catarh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

All Druggists, 75c. Hall's Family Pills for constipation.—Adv.

Mr. and Mrs. George Knoll are the parents of a son, born Tuesday, April 23, 1918.

Mrs. Leo Primeau of Detroit is spending several days at the home of her sister, Mrs. Lloyd Merker.

The infant son of Mr. and Mrs. Robert Hagadon died Saturday morning. The funeral was held yesterday.

Mr. and Mrs. Fred Altenbernt of Dexter, formerly of Lima, are the parents of a son, born Thursday, April 18, 1918.

Mrs. James Taylor has sold her residence, Railroad and McKinley streets, to John Lucht of Lima, who expects to move to Chelsea.

The next meeting of North Sylvan grange will be held at the I. O. O. F. hall, Friday evening, April 26th. A class of candidates will be initiated into the 3d and 4th degree. After initiation supper will be served.

Rev. Fr. John Ryan, former pastor of the Catholic church in Dexter and Howell, died Sunday evening in Mt. Clemens, where he had been pastor of St. Peter's church since 1912. The funeral will be held Thursday morning at 10 o'clock.

Ben Widmayer of Lima was painfully injured yesterday when four horses hitched to a riding plow ran away. A part of the neck yoke broke and allowed the tongue to drop down and frightened the young horses. The plow was badly smashed and Mr. Widmayer has a deep gash in one of his arms.

Word was received Friday of the death Thursday of Otto Dettling, formerly of Freedom, in Phoenix, Arizona, where he and Mrs. Dettling had spent the past year on account of his failing health. He was a son-in-law of Mrs. C. Schettler of this place and his brother-in-law, Oscar Schettler, left at once for the west. The body is expected here some time Wednesday or Thursday. Besides his widow, Mrs. Dettling leaves one daughter, Erna, about three years of age, and four brothers, Albert, Leo, Alfred and Raynor, of Ann Arbor.

King, Pulaski, Ernest Wiley, Rives, Ralph Phelps, Sandstone, Clarence Raymond, Spring Arbor, Will J. Worth, Springfield, Fred Cox, Summit, Fred H. Young, Tompkins, Perry Kilburn, Waterloo, John Huttenlocher, Blackman, Roy Woodworth, Columbia, Henry Wiser, Jackson, Henry Vogt, Frank Dwelle, Charles F. Blackman, A. C. Northrup, Henry Neesley, John H. Loughheed, George L. Harden, William Seid, Concord, J. L. Dart, Grass Lake, William Wolfe, Hanover, John Hart, Henrietta, Albert Nichol, Leoni, Frank Redman, Liberty, Carlos Keeling.

HENRY MEYER.

Henry Meyer died Wednesday, April 17, 1918, at his home near Jerusalem. He was 86 years, nine months and 18 days of age.

The deceased was born in Jettebruk, Germany, June 25, 1831, and his early life was spent in that country, including three years of military service. He was married in Germany, July 2, 1851, and in 1871 he came with his family to the United States. He was the father of five children, four of whom are left to mourn their loss, as follows: Mrs. John Grau of Freedom, Henry Meyer, Jr., of Lima, Mrs. William F. Eschbach of Freedom, Mrs. Godfrey Eisenman of Bridgewater. He is also survived by 13 grandchildren.

The funeral was held Saturday morning at 10 o'clock from his late home, Rev. E. Thieme officiating. Interment at Zion church cemetery, Rogers Corners.

CORN BREAD.

3 cups corn meal.

6 cups wheat flour.

3 cups liquid (1-2 milk, 1-2 water).

1 yeast cake.

2 tablespoons shortening.

2 tablespoons sugar.

4 1-2 teaspoons salt.

Measure salt, sugar and shortening into bread mixer or mixing bowl. Boil the water and scald the milk and pour over the other ingredients, keeping out a cup of the water to soften the yeast. When this water is lukewarm add the yeast in it and add this and the cornmeal to the mixture in the bowl. Beat thoroughly, gradually working in the flour until the dough is of sufficient consistency that it does not stick to the hand. Cover tightly and let it rise until it doubles in bulk. Then knead until the dough is fine grained, mould into loaves and put in greased pans and let rise again. When the loaves have doubled in bulk the pans should be well filled. Bake in a moderately hot oven 50 to 60 minutes. Remove from the pans and cool.

Nature Cures, The Doctor Takes the Fee.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds, Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, always the cough and aids Nature in restoring the system to a healthy condition.—Adv.
