TOTAL LIBERTY BOND

SALES REACH \$169,850

Exceed Quota by \$21,250. Total Sales Listed by Districts in This Division.

Total sales of Third Liberty Bonds in Division No. 8, Washtenaw county, which included Chelsea village, Sylvan, Lyndon and Lima townships and the northern halves of Sharon and Freedom townships, reached a grand total of \$169,850, exceeding the quota of \$148,600 by \$21,250. The sales in the several districts are as follows:

Chelsea—First ward, \$20,350; second ward, \$11,550; third ward, \$23,800; fourth ward, \$52,150. Total, \$107,850.

Lima township—School district No. 1, \$1,500; district No. 2, \$4,250; district No. 3, \$1,650; district No. 4, \$3,450; district No. 7, \$2,950; district No. 8, \$900; district No. 4fr., \$1,600; district No. 8fr., \$1,200; district No. 9fr., \$1,050; district No. 10fr., \$400. Total, \$19,050.

Sylvan township—School district No. 2, \$1,450; district No. 4, \$3,600; district No. 5fr., \$1,200; district No. 6fr., \$1,900; district No. 7, \$1,000; district No. 10, \$1,100; district No. 10fr., \$2,150. Total, \$12,400.

Lyndon township—School district No. 3fr., \$1,250; district No. 4, \$750; district No. 5, \$1,900; district No. 7fr., \$1,900; district No. 10, \$1,550; district No. 11, \$2,000; district No. 12, \$2,750; district No. 14, \$200. Total, \$10,550.

Sharon township—School district No. 4fr., \$1,400; district No. 5, \$250; district No. 7, \$2,550; district No. 8, \$2,600; district No. 9, \$3,600. Total, \$10,400.

Freedom township—School district No. 2, \$7,200; district No. 3, \$2,350. Total \$9,550.

A list of those who made purchases since the second list was published in Tuesday's paper follows:

Chelsea—Wayne H. Barry, Mrs. Lora Dettling, Mrs. Wm. Fletcher, Andrew Haarer, Walter Haarer, Mrs. S. A. Mapes, Carl Mast, Frank Page, Dahue Riker.

Lima—Lima Center Arbor of Gleamers, Ben Huehl, Charles Honeck, Ruth Taylor, Emanuel Wiseman, Frank Feldkamp, Walter J. Beutler.

Sylvan—Mr. and Mrs. Philip Broesamle, Judson Knapp, Amanda Spaulding, Elvira Clark-Viel.

Freedom—Charles H. Koebbe.

COUNTY Y. M. C. A. WORK

Former Football Star Engaged to Direct Washtenaw Organization

"Washtenaw's Character Factory," as the County Y. M. C. A. is called, has begun operation. Lewis C. Reimann, one of Yost's U. of M. football stars of 1914 and 1915, has arrived in Ypsilanti where the Washtenaw County Committee of the Y. M. C. A. will have its headquarters, and is planning for a permanent county-wide work among boys from twelve years up.

Feeling that the boys left at home should be looked after and given the benefits that come from the great Red Triangle organization, the men of the county have provided for the Y. M. C. A. work Secretary Reimann duplicates in a way the work that is being done in "huts" of the training camp both here and "over there" and will establish a work for our boys who "keep up the back lines," while the boys in the front lines are taken care of.

A building and equipment, "gym" and swimming pool are not necessary for the county work that is being carried out in 25 counties in Michigan. What is necessary is a "group" or "gang" of boys and a Christian man who realizes that "the boy of today is the man of tomorrow." "Group" is the Y. M. C. A. term for "gang," and a "gang" becomes a "group" when it has a leader who leads them in constructive work in the community.

The four-fold program of the Y. M. C. A. is carried out in these "groups" which can be organized in town or in the open country. The boys are given a chance to develop physically, mentally, socially and spiritually. Group games that can be played in a hall, church basement, school or home are taught boys by the leader. Practical and instructive talks given by business and professional men. First aid, sex instruction, parliamentary drill, debates, etc., are taken up for the mental development. Social service and social events are conducted under competent guidance, while Bible study specially prepared for boys forms the spiritual part of the program. It is the aim of the county committee to chart each boy and by systematic instruction in the things he is weak to help him become what is believed to be the American Standard boy.

The work that will demand the immediate attention of the secretary and the county committee is the "Father and Son War Supper" in the different communities, and spring athletics for the schools. The summer county camp for younger boys will be held in the middle of the summer.

PAVING TERRITORIAL ROAD.

Grand Rapids contractors have started construction on two miles of paved roadway from Ann Arbor city limits west on the territorial road towards Chelsea. This is the largest piece of road improvement yet undertaken in this county and will cost close to \$100,000. The federal and state governments will assume a part of the cost of the new roadway, which is a part of the Detroit-Chicago trunk line.

MICHAEL STAFFAN.

Michael Staffan died Friday, May 3, 1918, at his late home, 719 South Main street. He was 75 years, 10 months and nine days of age and had been a life long resident of Chelsea and vicinity.

Mr. Staffan was born in Alsace-Lorraine, June 24, 1842, accompanying his parents to America when only four years of age. The family settled in Lyndon township on the farm now known as the Peter Garman place. Mr. Staffan was married 52 years ago the 29th of last month to Mary Emmer, who is left to mourn her loss. One son, Chauncey, died October 11, 1917, at his home in Ann Arbor. One sister, Mrs. Philip Keusch of this village, and a little grandson in Ann Arbor also survive him.

The funeral was held at 8:30 o'clock this morning from the church of Our Lady of the Sacred Heart. Interment at Mt. Olivet cemetery.

OLD FASHIONED GREENS

Dandelion, Lamb's - Quarter, Wild Mustard or Garden Greens Make Red Blood.

It is springtime! Don't neglect to give your family some good old-fashioned greens. If you live in a large city, you may depend upon the greens which some country woman brings to market or upon spinach or kale, which can usually be bought even in winter. If you live in the country, perhaps your instinct has already told you that the tender green leaves of the dandelion, lamb's quarter, wild mustard, or whatever variety of greens your locality affords are waiting for some one to gather them for food. People from primitive times to this have manifested a craving for green food as winter passes and springtime approaches. Probably this craving arises from a real need of our bodies for the materials which such foods furnish.

What is the particular use of such foods to our bodies? All green leaves contain in combination with the green coloring matter more or less iron. If we are to have rich, red blood we must furnish this iron to our bodies. Dandelion greens are one of the very good sources of iron, containing more than many other sorts of green leaves. If we serve greens with hard-boiled eggs for garnish, we have a dish very rich in iron, for the egg yolk contributes its share.

Besides the iron and other mineral salts, the leaf vegetables contain a very important substance which the body must have for normal growth and development. This substance, recently discovered and for which a name has not yet been given, is also found in butter fat and some other animal fats, but not in every food.

Greens have a place of real worth in the diet and should be used in every household not only in spring-time but late into the summer and when procurable, in the winter also. The tender best tops, celery tops, radish tops, onion tops, and turnip tops should not be discarded, but served as greens. A little space in the garden devoted to spinach, New Zealand spinach, or French chard will supply the family with summer greens and also should afford some material for canning for use during the winter months.

Lettuce leaves, which are sometimes cooked for greens, and spinach, both being mild flavored and containing much water, require no water for cooking in addition to that which clings to the leaves from washing. Other stronger-flavored greens are usually cooked in a small amount of water. Greens should be cooked until tender, but not overcooked. A tiny bit of baking soda added to the water they are cooked in will help the greens to retain their color.

COUNCIL PROCEEDINGS.

(Official)

Council Room, Chelsea, May 6, 1918. Council met in regular session. Meeting called to order by President B. B. Turnbull. Roll call by the clerk.

Present—Trustees Holmes, Schoenhals, Mayer, Palmer. Absent—Trustees Hirth, Dancer.

Minutes of previous meeting read and approved.

Enter Hirth.

The following bills were read by the clerk:

General Fund.

P. G. Schaible, liability ins. premium—\$ 76.23

Elec. Light & Water Works Com. light, water and fixtures for April—259.30

Wm. Hammond, labor at hall—12.50

CONG. BROTHERHOOD

ENTERTAINED WIVES

Supper and Program Serve to Pass Very Pleasant Evening.

The Congregational Brotherhood entertained the wives and lady friends of the members Thursday evening, about 75 being present. Supper was served in the church dining room, after which a business meeting was held in the parlors. It was decided to hold the June meeting at Cavanaugh lake at the Winans and Storms cottages. The following program was given:

Piano solo, Miss Doris Schmidt; vocal solo, Miss Marie Whitmer; organ chimes, Edward Magnar; reading, Mrs. J. N. Dancer; solo, Beatrice Magnar; solo, Mr. Steeger; duet, Mr. Magnar and daughter; recitations, F. E. Storms; whistling solo, Max Wickersham accompanied by H. D. Chessman; talk on army experience by Jack Willis, Camp Crane, Allentown, Pa.; closing songs.

COUNTY SUFFRAGE MEETING.

A patriotic luncheon will be a feature of the second congressional district suffrage convention to be held in Ann Arbor, May 11, at Harris hall. It is being planned by Mrs. Frederick R. Waldron, who is in charge of arrangements, and Mrs. John B. Waite of Ann Arbor. Mrs. Waite has had household economics training at Simmons college and has specialized in food conservation this year. From the patriotic meat to the wheatless wafers with the desert the menu will be strictly in accord with food conservation principles. All women interested in suffrage will be welcome at the luncheon as well as at the convention sessions.

3700 CARRIER PIGEONS.

Thirty-seven coops of carrier pigeons, which are being trained for government dispatch service, were brought out from Detroit, Saturday evening, and released Sunday morning near the Michigan Central depot. There were 3,700 birds and they were released in two lots. A number of Chelsea people were on hand to witness the flight.

Two men accompanied the birds. They said that the carriers should make the flight to the home lofts in Detroit in about 50 minutes.

Phone your news items to the Tribune; call 190-W.

WANTED AND FOR SALE.

MADE IMMORTAL BY GOETHE

Leipzig Tavern in Which Poet Located
Scene in "Faust," Was Well-known Gathering Place.

Auerbach's cellar was a tavern at Leipzig which disappeared in 1912. It owed its chief fame to Goethe, who in this place located the scene in "Faust" wherein Mephistopheles, standing upon a wine cask, takes his flight into space with Doctor Faust, to the stupefaction of the guests drinking at the tables. The old building to which the cellar belonged was built by Doctor Strömer d'Auerbach at about 1520, the worthy doctor there storing the wine intended for his own use. Later, as the wine was good, he conceived the idea of selling it. In this way was established the tavern to which his name has been attached ever since. From the earliest years of the seventeenth century legend has placed in this cellar the famous adventure of Faust and Mephistopheles. Goethe, studying at Leipzig university from 1765 to 1768, frequented that cellar almost nightly and there talked with his friends of art, literature and politics, and thus he heard of that legend which he turned to such excellent account, at the same time so very greatly enriching the literature of his country.

Don't Worry About Pimples.
On rising and retiring gently smear the face with Cuticura Ointment. Wash off the Ointment in five minutes with Cuticura Soap and hot water. For free samples address: "Cuticura, Dept. X, Boston." At druggists and by mail, Soap 25, Ointment 25 and 50.—Adv.

Says Fish Have Brains.
Stephen Decatur Bridges of Verona, near Bangor, who is known as the salmon and alewife king of the Penobscot, is as positive not only that fish have brains, but that fish reason and form dislikes and likes and tell their opinions to each other.
Bridges explains the disappearance of salmon from the Penobscot in two ways—either "salmon tell other salmon how dirty its waters are and how it is not fit for any respectable salmon to live in," or "the fish resent it because of the hatchery in East Orland they are taken from the water and stripped of their eggs."
"The fish resent that because it is against nature," Mr. Bridges asserts. "They decide they are not being treated right and stay away."—Boston Herald.

Almost Persuaded.
The promoter had talked eloquently of his scheme. When he paused for breath, Mr. Duhaime said: "I wish to pay you a compliment."
"Why, sir?"
"You speak with such fluency and ease and have such a way of picturing a short cut to riches as the only direct route that once or twice, while you were talking, I almost forgot that your purpose in coming here was to separate me from some of my hard-earned money."—Birmingham Age-Herald.

CRISIS IN AUSTRIA FORCES CLOSING OF PARLIAMENT

FOOD SHORTAGES AND RIOTS IN DUAL MONARCHY CAUSE KING TO BAR SESSIONS OF LAW BODY.

AMERICANS PENETRATE FOE'S THIRD LINE IN LORRAINE

Activity On Austro-Italian Front Increases—British Losses in Big Battle 250,000 Men—Foe Held in Check.

Washington—Emperor Charles of Austria has empowered the Austrian premier to adjourn parliament and forthwith take steps to make impossible the resumption of its activities, says a Vienna dispatch to Amsterdam May 5.

A statement published in Vienna indicates that the closure of parliament is due to the seriousness of the food situation. Austria has been deep in difficulties, both political and economic, for more than a year, and it has been an open secret that Emperor Charles was desirous of bringing about peace, his efforts in this direction having occasionally aroused criticism in Berlin.

In the last few months, there have been insistent reports that the food situation in Austria was growing desperate.

Americans Deliver Attack.
With the French Armies in the Field—The German third line in the region of Dogs' Wood, on the Lorraine front, was penetrated by 300 American infantrymen May 3, in the first operation ever conducted exclusively with American artillery.
The attack followed an intense bombardment by the Yankee batteries.
"The American gunners displayed perfect mastery of the French artillery methods," declared the French official note, in which the attack was announced.

Activity On Italian Front.
London—Vienna dispatches announce greatly increased activity along the Austro-Italian lines, where a renewal of the Teutonic offensive has long been threatened. The Rome official statement does not give a full picture of the front line activities, but records intensive aerial operations.

British Losses 250,000 Men.
Washington—British losses in men killed, wounded, captured and missing on the western front since the German offensive began, March 21, are estimated by the British military mission here at nearly 250,000.

Foe Onrush Is Checked.
London—The present phase of the battle on the Ypres and Amiens fronts is not unlike that before Verdun, two years ago, after the first German rush had been stopped and even attempts to carry local objectives had met with defeat.

Germany has lost heavily, but the emperor still has reserves to throw into the fight. The defeat on the Meuse-Vormezeele line southwest of Ypres has taught the Germans that the Allies are prepared to stand their ground, and there seems little inclination at the present moment to renew a conflict which threatens to be disastrous.

Under the German blows the Allied armies seem to be welded together as never before. There now is no point of junction at which the Germans can thrust. The process of welding together the two armies is complete, but it will not stop there. Franco-British divisions will be moved about on a solidly knitted front, at the wish of the Allied high command, as freely as German divisions.

Bohemian Troops Join Italy.
London—The Daily Mail's correspondent at Italian headquarters says that the Bohemian troops are joining the Italian troops against Austria and that the first detachments are already on the Italian fighting line wearing Italian uniforms.

The defection of the Bohemians would in a measure explain the delay in the proposed great offensive long heralded, of the Austrians against the Italians.

Germans Capture Sabastopol.
Berlin, via London—German forces have occupied Sabastopol, the great British fortress in the Crimea. According to the official communication from headquarters, the town was taken without fighting.

Germany Departs Russians.
Moscow, Russia—Germany's barbarous treatment of the inhabitants of occupied territories and constant requisitioning of food are provoking great resentment and causing armed clashes in a village in the Kiev district the inhabitants resisted the Germans for three days with machine guns and rifles. The Germans have also seized able-bodied persons in the streets and in their homes and are sending them to Germany in locked cars. Those trying to escape are shot.

LATEST DRAFT CALL TAKES 233,743 MEN

MICHIGAN QUOTA IS 10,149—5,149 GO TO CAMP CUSTER, 5,000 TO GEORGIA.

MOVE TO CAMP STARTS MAY 25

Total Called This Month Is 305,000—Navy to Be Increased to Nearly Half Million Men.

Washington—Announcement has been made by the war department of a further call for 233,743 men for the army to move May 25 and "continue over a five-day period. Michigan is called on for 10,149 men, of whom 5,149 will go to Camp Custer and 5,000 to Camp Wheeler, Ga., for training.

The total called from the entire nation is 233,742, three states being excluded, having already furnished their quotas. With the special call made early in the month, this totals 305,000 called this month.

The only states not called on this month are California, Oregon and Nevada, which with the District of Columbia already have supplied so large a part of their quotas that it was decided not to include them this time.

By this order the war department abandons its plan of assembling men in even monthly increments of about 100,000. Under the original program it was intended to call out not to exceed 800,000 additional men during 1918. The call for 150,000 in April and 233,000 this month will bring out in two months half of the number originally contemplated for the year.

Officials made it clear that it is now the purpose to mobilize all the men for whom equipment and training facilities can be provided.

Following detailed developments of Secretary Baker's tremendous program, word reached the capital that the navy department will ask the same "the sky is the limit" legislation as has been framed for the army.

Navy to Be Increased to 500,000 Men.
New York—The United States navy will be increased to nearly 500,000 men before the end of the year. Franklin D. Roosevelt, assistant secretary of the navy, said in an address on May 3 at the Young Men's Christian association in Brooklyn. He said there are now 370,000 in the service.

Mr. Roosevelt said it is somewhat difficult nowadays to talk on the navy, but he added that he was betraying no secrets in stating that the United States has 170 war ships, manned by about 40,000 sailors, in foreign waters.

WAYNE COUNTY SHERIFF FREED

Jury Acquits Detroit Official of Graft Charge.

Detroit—After deliberating an hour and 30 minutes, the jury in the case of Sheriff Edward F. Stein reported a verdict of not guilty.

Sheriff Stein was tried on an indictment by the Wayne county grand jury. The charge was that Stein, while county treasurer, concealed thefts of Tony Klokka, mortgage tax clerk, to aid Klokka to escape punishment. Klokka is serving four years in Jackson prison.

The trial of Sheriff Stein began almost four weeks ago and developed into one of the most bitterly contested cases in the history of the local judiciary.

At the outset, opposing counsel engaged in a stubborn battle over the legality of the indictment. Several subsequent hard fought arguments delayed the taking of testimony. Two motions by the defense to quash the indictments were overruled.

Red Cross to Insure Workers.

Washington—The American Red Cross has decided to furnish, free of charge, \$10,000 insurance covering health and accident as well as life, to all its regularly enrolled workers abroad. Workers in the foreign field may also take out additional insurance up to \$5,000 at the ordinary rates. The Red Cross organization assumes the additional premium on account of the war risk. Two of the largest companies of the country have been engaged to carry the insurance.

THIRD LIBERTY LOAN A SUCCESS

Every District Oversubscribed—Lower Michigan Over the Top.

Washington—For the third time within a year, the American people have heavily oversubscribed a war credit.

As the third Liberty loan was closing May 4, the treasury announced the campaign had been "an overwhelming success."

Although \$3,000,000 was the formal goal of the campaign, official reports indicated that the aggregate would be increased to nearly \$4,000,000 this week when banks would have had time to tabulate the multitude of last-minute applications.

All twelve federal reserve districts which were the largest campaign units, oversubscribed, and a majority of the states made the same record.

Michigan Over the Top.
Chicago—Every county in the lower peninsula of Michigan has gone over the top, some of them with oversubscription running as high as 100 per cent. F. R. Fenton, the federal reserve director of sales for Michigan.

The total will exceed \$100,000,000 with upwards of 450,000 subscribers.

STEEL TRADE IN U. S. HANDS

War Board Commandeers 8,000 Tons of Pig Iron From Auto Plant.

Washington—The United States government has taken absolute control of distribution of steel in all industries. Through the war industries board and other agencies war needs will be maintained at 100 per cent production.

First evidence of the determination of the government to keep war making factories at full tilt was given on May 3, when 8,000 tons of pig iron were commandeered from an automobile plant and shifted to a war essential factory.

BAN ON CASUALTY LISTS RAISED

Addresses of U. S. Soldiers Killed or Wounded Again Published.

Washington—The war department has resumed the practice of giving addresses of American soldiers named in the casualty lists sent from France.

The decision was made by President Wilson, to whom the public appealed, when the addresses were ordered discontinued. The president took up the subject with Secretary Baker immediately after the secretary's return from France.

100,000 FREIGHT CARS ORDERED

Huge Contracts Placed by McAdoo Aggregate \$325,000,000.

Washington—Orders for 70,000 additional freight cars, to supplement 30,000 contracted for several days ago, have been placed by the railroad administration, with 15 car building concerns. The aggregate cost is between \$170,000,000 and \$230,000,000, and the average profit to builders is about five per cent.

STATE SEIZES HOARDED WHEAT

Approximately 1,000 Bushels Taken From Ypsi Farmer.

Ypsilanti, Mich.—Colonel Roy C. Vandercreek and Sergeant Wakeman and other members of the state constabulary went to the farm of Walter Cady, Pittsfield township, last week, and took charge of approximately 1,000 bushels of wheat, which they marketed in Ypsilanti and turned the proceeds back to Cady, after all costs were paid.

State's Red Cross Quota \$3,000,000.

Detroit—Michigan's quota in the Red Cross drive which begins May 18 is \$3,000,000, half of it assigned to Detroit. The other half is expected from counties, \$1,000 to \$125,000 each. Red Cross representatives from the central division, Chicago, and chairmen and campaign managers from 14 southeastern Michigan counties attended a mass meeting here last week, to discuss plans for the drive and to hear two speakers who have recently returned from France.

SEDITION BILL IS PASSED BY SENATE

GIVES ADMINISTRATION WHIP HARD OVER DISLOYAL PUBLICATIONS.

BURLESON MADE MAIL CENSOR

Fixes Penalty of \$10,000 Fine and 20 Years' Imprisonment for Disloyal Utterances.

Washington—By a vote of 48 to 26 the senate on May 4 adopted the conference report on the new espionage bill designed to suppress disloyal utterances and increase the postmaster-general's censorship over the press.

The action was a complete victory for administration. The bill fixes 20 years' imprisonment and \$10,000 fine as the penalty for uttering or publishing disloyal or seditious language.

Opponents of the measure who have contended that freedom of speech and of the press would be curtailed lost their fight to strike out a clause giving the postmaster general authority to withhold mail believed to violate the espionage laws.

The bill was initiated a year ago. It amends the espionage act and, with the "woman spy" bill recently passed completes the cycle of legislation urged by the department of justice as necessary to clothe the government with power to deal with sedition and disloyalty and prevent mob violence which has resulted, for the departments, inability to obtain convictions of persons making disloyal utterances.

That the legislation is unnecessary, unconstitutional, too drastic and confers too wide discretion upon administrative officials have been the principal arguments of those opposing it.

The final vote was along non-partisan lines, many Republicans joining a majority of the Democrats in supporting the legislation. Two Democrats, Senators Hardwick, Georgia, and Reed, Missouri, joined with 24 Republicans in opposition.

As redrafted by the conferees, the bill's penalties apply, during the war, to persons wilfully uttering "disloyal, profane, scurrilous or abusive language about the form of the government of the United States the constitution, the military or naval forces, the flag or uniform of the United States or any language intended to bring the form of government of the United States, the constitution, the military or naval forces, the flag or uniform of the United States into contempt, scorn, contumely or disrepute."

It also penalizes language "intended to incite, provoke or encourage resistance to the United States or to promote the cause of its enemies" and willful display of the flag of any enemy nation.

RECORD IN SHIPBUILDING MADE

New Jersey Yard Completes 330 Foot Vessel in Less Than Month.

Washington—What is said to be a world's record for shipbuilding was established Sunday in the launching of the 5,550-ton steel collier Tuckahoe by the New York Shipbuilding company, of Camden, N. J., in less than a month from the time the keel was laid.

Completion of the vessel in so short a time is regarded by shipping board officials as one of the most remarkable industrial achievements in history. They said nothing like such a record is known for such a large vessel. The Tuckahoe was to have been delivered June 15, but takes its place under the flag 41 days ahead of time.

The Tuckahoe is 330 feet long, 50 feet broad and will have a speed of 10 1/2 knots.

KALAMAZOO HAS \$130,000 FIRE

Backfire of Motor Starts Blaze On Tank Motor Truck.

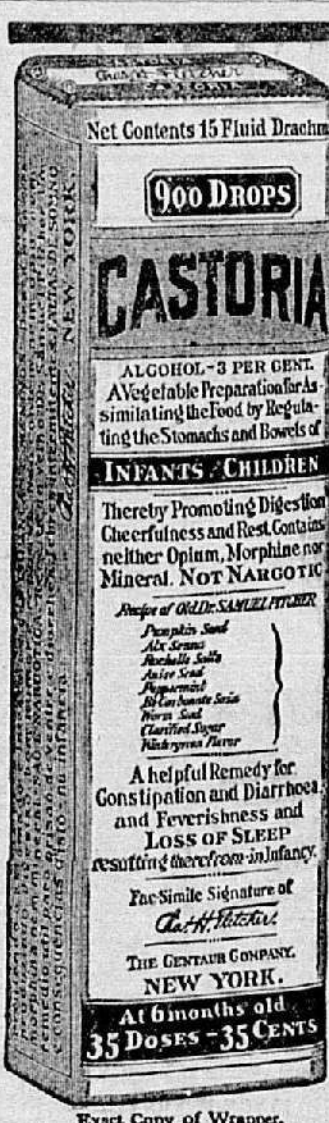

Kalamazoo, Mich.—Backfire from the engine of a Standard Oil motor truck caused a \$130,000 fire in the Ford garage here. The driver of the machine had just finished filling a large gasoline tank and had started to drive away when the engine exploded. In an instant the rear of the truck was in flames.

Gasoline then began to pour out of the truck tanks, causing a stream of fire from the street to the garage. As soon as the flames reached the oil-soaked floors of the garage, the large three-story building was a seething furnace.

The loss to the Ford agency will approximate \$125,000. The rest of the loss was suffered by owners of adjoining building.

Congress Plans to Adjourn July 1.

Washington—The first move toward adjournment of congress in July was made in the senate last week, when Senator Gallinger, New Hampshire, minority leader, formally proffered Republican support in an effort to that end. Senator Gallinger suggested an adjournment July 1, and when Senator Overman, North Carolina, and other Democrats, said it should be earlier, he agreed with them that July 1 should be made a tentative adjournment goal.

Worked to Perfection.

Some time ago an old Scot, who suffered a great deal with insomnia, was told by a "brother" of a certain cure.

The cure was given to Sandy's liking, for it consisted of a glass of whisky every evening before going to bed.

He tried it, and after a few nights he met his friend again, who inquired how the remedy was working.
"Mon Jack, it's a gran' cure," replied Sandy. "I'll tell ye how it worked. The first night I got into bed, an' took a glass o' whisky. It was nae good. Then I got up an' had another yin. That didna do me muckle good, either. Then I had another yin, and a long drink out o' the bottle. But I couldna sleep, so I got up an' drank the whole lot. An' as sure as ye staun there, Jack, after that I didna gie a hang whither I went the sleep or no!"
—Chicago News.

GREAT FOR ECZEMA AND OLD SORES

I Guarantee My Ointment, Says Peterson. Stops Itching Instantly.

"If you are responsible for the health of your family," says Peterson. "I want you to get a large 30 cent box of Peterson's Ointment today."
"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price if Peterson's Ointment doesn't do all I claim."

"I guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, pimples, blackheads, skin diseases, blind, bleeding and itching piles as well as for burns, scalds, cuts, bruises and sunburn."
"I had 30 running sores on my leg for 11 years. Was in three different hospitals. Amputation was advised. Skin grafting was tried. I was cured by using Peterson's Ointment."—Mrs. F. E. Root, 281 Michigan St., Buffalo, N. Y.
Mail orders filled, charges prepaid by Peterson Bros., Buffalo, N. Y. Adv.

Well Matched.

"The pretty little bride over the way is like Juno; she's ox-eyed."
"Then she's got her match in her husband, for he's bull-headed."

The man who gets nettled or nervous or is constantly crumbling never gets ahead in a business house.—Knowlson.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive trucks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.
Address Swift & Company, U. S. Yards, Chicago

Swift & Company, U.S.A.

STATE NEWS

Camp Custer—May's contribution to the national army will be 10,000 recruits, who start arriving at Camp May 28.

Port Huron—But two Port Huron druggists and two in St. Clair county, outside of the city, will sell liquor for medicinal purposes.

Albion—In response to largely signed petitions of Albion taxpayers the school board dropped the year's study of German in the high school and full credits will be given for the year's work.

Hart—Attorney Leslie Green, formerly prosecuting attorney and now lieutenant in the United States forces overseas, was slightly wounded in one of the recent German drives, according to word received here.

East Lansing—If possible Michigan farmers who have been unable to secure help locally, will be supplied by the federal farm labor bureau, according to A. B. Cook, federal farm labor director, who has established his headquarters here.

Lansing—The state food administration closed the Jamestown Co-operative Elevator Co. for one week for selling wheat without substitutes and for not having a license. Three hundred Ottawa county farmers are members of the firm.

Escanaba—More than 150 cases of beer and 25 gallons of whisky were confiscated in Delta county in the first of a series of raids made on saloon property. The biggest results were at an Austrian boarding house, where 83 cases of beer and 10 gallons of whisky were confiscated.

Allegan—Mrs. G. L. Hicks, a prominent Allegan woman, died of heart disease or apoplexy during a fire which damaged the third floor and roof of the John Hopkins hospital here. She was not on the floor which burned. All the other patients were quietly removed to places of safety.

Battle Creek—Clarence Everett Brown, listed among the American casualties as dying of pneumonia, is the son of Mr. and Mrs. Frank Brown, of Emmett township, Calhoun county. He entered Camp Custer September 19, and later was sent to Waco to join the National Guard units.

Camp Custer—Maj. Potter of the 34th Infantry has received word that a younger brother who recently went overseas in the aviation service has been killed in action. Although he sailed but a few weeks ago, the youngster succeeded in bringing down one enemy plane before being killed.

Flint—Intimations that the One Hundred and Twenty-fifth infantry, formerly the Thirty-third Michigan, has been in action in France are given in notification received by John Fitzgerald of Flint that his son, John J. Fitzgerald, Company G, One Hundred and Twenty-fifth, has been wounded.

Detroit—Lieutenant Edwin Victor Rickenbacker, a former Detroit, one of the most prominent racing motor drivers in the United States, brought down a German aeroplane recently, according to dispatches from France. Rickenbacker went to France as personal chauffeur for General Pershing. On his request he was later transferred to the aviation department.

Flint—Preparations made by A. C. Vandewalker, owner of the Bank of Mt. Morris, to aid him in case of an attack by robbers caused the capture of Russell Smith, 20, of Flint, who stole \$2,000 in currency after locking Vandewalker and his wife in the vault of the bank. Vandewalker had secreted a screw driver in the vault and with this was able to make his escape.

Lansing—In an effort to defeat the amendment initiated by the liquor interests, which would legalize the sale of beer and light wines in Michigan, the Michigan Anti-Saloon League proposes to raise a campaign fund of \$150,000. Additional workers will be placed in the upper peninsula, where it is expected the beer and wine amendment may appeal strongly to the foreign element.

Grand Rapids—Mrs. Lee A. Runnels wife of a manual training teacher, who confessed she held lighted matches to the hands of her five-year-old step-son until the lad's fingers were blistered, "to keep him from touching things," was sent by Probate Judge Higgins to the psychopathic hospital at Ann Arbor. She was classed as a nervous patient by a Kalamazoo state hospital alienist.

Detroit—Harry Griffs, also known as "Sailor Scotty," whose freakish muscular control has puzzled many prominent surgeons and medical men, has been accepted as a member of the Detroit police force. Griffs, without apparent effort, can increase his height more than six inches and reduce it about three inches. He can extend his reach about one foot; by a series of dislocations of the hip bones reduce the size of his legs, and produce many uncanny physical contortions.

Camp Custer—Private Herbert P. Atkins of Detroit, member of the 37th Field hospital, 310th Sanitary train, has been sentenced to Ft. Leavenworth for ten years. He was convicted of desertion. Atkins and another soldier were confined to the guard house for being absent without leave when they escaped. They stole dinner pails and workmen's clothing and were headed for the west when captured at Vicksburg by a deputy sheriff. They were returned and charged with desertion. Atkins stated he was on his way to visit a girl in the west.

Detroit—In the first three weeks of the navy drive here a total of 423 men have enlisted.

Saginaw—There is a movement on to discontinue the teaching of German in the Lutheran parochial schools.

Kalamazoo—Complete plans of eastern navy yards were found alongside the Grand Rapids & Indiana railroad tracks.

Albion—Only 15 women in the city of Albion refused to register for war work. In all, 2,111 registered. Several asked to be assigned to munition factories.

Pontiac—The board of education of this city has decided to raise the salaries of all teachers \$200 a year, to meet the salaries paid elsewhere. Supt. G. L. Jenner will receive a raise of \$1,000, to \$4,500.

Flint—Convicted of assault with intent to commit a statutory offense against his 14-year-old daughter, Thomas Carroll was sentenced by Judge Brennan to three to ten years in Jackson prison.

Kalamazoo—Members of the Ministerial association of the Kalamazoo Methodist Episcopal district, in session here, adopted a resolution opposing the beer and light wine amendment to the state dry law.

Saginaw—Saginaw county revenue office will lose \$150,000 from beer taxes, according to figures given out by the internal revenue collector, as a result of prohibition. No figures are available on decrease in jail and court costs.

Benton Harbor—Martin Collins, aged 28, son of Mrs. M. P. Goss, of Benton Harbor, who sailed from America a month ago, died following burns received when the Florence H. was wrecked by an internal explosion in a French port.

Detroit—Detroit's experiment with feminine mail carries seems to be working out satisfactorily. Reports received by Postmaster Nagel from several stations where the young women have been assigned to routes is most encouraging.

Grand Rapids—The first sheep to reach Michigan under the plan of leading financiers of the state to make the district the leading one of the country in this industry, have arrived in Missaukee and Kalkaska counties from New Mexico.

Algonac—George King, who posed as a wounded soldier returned from overseas service and obtained considerable money in Algonac, has been arrested in Toronto and sentenced to prison as a deserter from the Royal Flying Corps, according to word received here.

Luzerne—Louis Boerner, living two miles south of Mio, has lost several head of cattle by poisoning. It is suspected that the killing of the cattle resulted from the activity of a German. Boerner is of German parentage but thoroughly loyal, having two sons in the service and being an investor in Liberty bonds.

Camp Custer—Because the privilege has been abused and guests have been entertained late at night, an order has been issued by the commanding general that no civilians shall be allowed to visit barracks excepting by authority of the company commander, and then only under the guidance of a non-commissioned officer of the organization.

Camp Custer—Supply officers have been warned by the quartermaster general of an acute shortage of fresh beef. This information includes an appeal to make use of meat substitutes, such as eggs, fish, vegetables and cheese. This lack of meat is destined to endure for six weeks until grass-fed cattle from the west can be received on the market.

Detroit—Arthur Mosley, for a third of a century connected with The Detroit Free Press in an editorial capacity, the greater part of that time as literary editor, died at his residence after an illness extending over several months. Mr. Mosley was stricken early in December but rallied sufficiently so that he visited the office a few times. Then came a relapse, from which he failed to recover. Mr. Mosley was 63 years old.

Charlotte—Former Mayor Frank P. Town must pay back to the old Duplex Power Car company, \$50,000 and the equivalent of 1,500 shares of stock in the new Lansing Duplex company, representing a market value, at the time of \$22,500 according to a decision by Judge Clyde L. Webster, of Detroit, at the conclusion of the arguments in the case brought against Town by stockholders for an accounting of the money growing out of a transfer of the business to Lansing capitalists.

Detroit—That the One Hundred and Twentieth machine gun battalion, of Detroit and Pontiac, commanded by Major David E. Cleary, is in the front line trenches is the news conveyed to a Detroit woman in a letter received from her husband, an officer in the Thirty-second division. No indication of where the machine gun battalion is stationed is given by the Thirty-second division officer. So far as is known here Major Cleary's organization is the first fighting unit from Michigan to go into action.

Detroit—Definite action toward going out of business has been taken by a score of Detroit and Wayne county coal dealers. They have notified their jobbers that they are not in the market for coal under the state fuel administration's order limiting them to a gross margin which they claim does not permit even a nominal net profit. One dealer at Algonac, who handled 600 tons of coal for customers annually, has figured that his net profits for the year will be less than \$100 if he continues in business on the gross margin allowed him.

POWDER IN SHOES AS WELL AS GUNS

Foot-Ease to Be Added to Equipment of Hospital Corps at Fort Wayne.

Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and blisters caused by tight shoes."

The Flatfoot Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. One war relief committee reports, of all the things sent out in their Comfort Bags or "Kits," Allen's Foot-Ease received the most praise from the soldiers and men of the navy. It is used by American, French and British troops, because it takes the friction from the shoe and freshens the feet. There is no foot-comforter equal to Allen's Foot-Ease, the antiseptic, healing powder to be shaken into the shoes and sprinkled in the foot-bath, the standard remedy for over 25 years for hot, tired, aching, perspiring, smarting, swollen, tender feet, corns, bunions, blisters or calluses.

Why not order a dozen or more 25c boxes to-day from your Druggist or Dept. store to mail to your friends in training camps and in the army and navy.

STIRRED HIS FIGHTING BLOOD

Irishman More Than Willing to "Do His Bit" in Conflict With the Hated Enemy.

An auctioneer had been selling horses all day and his voice was getting a little husky so that he was economizing as much as possible in the use of words and even syllables.

Early in the day he had shouted the bids, "One hundred dollars, two hundred dollars, three hundred dollars," etc.

Then he restricted himself to calling out, "One hundred, two hundred, three hundred," etc.

When McCarty, attracted through curiosity by the crowd, came up, the auctioneer had further abbreviated his speech, and was crying, "One hun, two hun, can't I get three hun?"

Off went McCarty's coat, and he sang out, excitedly:

"Don't do this all yourself, young fellow. Let me in it. I can take care of a few of 'em."

\$100 Reward, \$100

Cataract is a local disease greatly influenced by constitutional conditions. If therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health, and assists nature in doing its work. \$100.00 for any case of Cataract that HALL'S CATARRH MEDICINE fails to cure.

Prepares to Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

From Bad to Worse.

"I had to get rid of that nurse girl." "Why?" "She insisted on frightening the children. I warned her when she came that she was not to tell them stories about bogie men, ghosts or any unreal horrible persons."

"Well?" "She promised not to. But now every night she tells them if they don't go to sleep the Huns will come and get them."

A Fair Offer.

"The man that marries my daughter wins a prize for himself." "Make the prize \$50,000 and I'll go you."

Doubtless.

Thief—Gimme that watch! Victim—I would, old fellow, but I really can't spare the time!

Honest labor is the best remedy for bad luck.

CITY'S GLORY LONG DEPARTED

Ruins Testify to Existence of Once Mighty Metropolis in South-eastern Africa.

In a far-off corner of southeastern Africa are hidden the ruins of a once mighty city, called in present times the Zimbabwe, or buildings of stones. The more fanciful of the scientists declare that the time of Moses may have seen the building of these crumbling walls, but the weight of evidence seems to prove that the city is only about ten centuries old. Whatever the true dates of the city's history, certainly its ruins today are in appearance very old, very moss hung and very picturesque.

There is nothing sad about the slipping away of these relics of the past, so gradually they have sunk into the soil and broken down with the pressure of time and weather. Their day of glory and prosperity was over some centuries ago, and they rest dreamily in the sunshine. Bright flowers deck the walls as if trying to hold the remaining stones together; and tall trees spread their branches wide to temper the heat of the midday sun and shelter the stones from the chill of the evening.

Insects Follow Balloons.

Lieut. Devereux-Blox of the French aviation service writes that many insects follow captive balloons in their ascent. He has seen flies go as high as 2,970 feet, after which they die. Grasshoppers cling to the basket of the balloon until the air becomes too rarefied for them, when they let go and fall. He says the swallows have a glorious time catching these insects.

Kill the Flies Now and Prevent Disease. A DAISY FLY KILLER will do it. Kills thousands. Lasts all season. All dealers, or six by express, prepaid for \$1. H. SOMERS, 150 De Kalb Ave., Brooklyn, N. Y. Adv.

YOU NEED NOT SUFFER WITH BACKACHE AND RHEUMATISM

For centuries GOLD MEDAL Haarlum Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder you are doomed. Weariness, sleeplessness, nervousness, dizziness, backache, stomach trouble, headache, pain in loins, and lower abdomen, gall-stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica, lumbago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haarlum Oil Capsules are what you need.

They are not a "patent medicine" nor a "new discovery." For 200 years they have been a standard household remedy. They are the pure, original imported Haarlum Oil your great-grandmother used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisons germs. New life, fresh strength and health will come as you continue this treatment. When completely restored to your usual vigor, continue taking a capsule or two each day. They will keep you in condition and prevent a return of the disease.

Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All reliable druggists sell GOLD MEDAL Haarlum Oil Capsules. They will refund the money if not as represented. In three sizes, sealed packages. Ask for the original imported GOLD MEDAL. Accept no substitutes.

Carter's Little Liver Pills

You Cannot be Constipated and Happy

A Remedy That Makes Life Worth Living

ABSENCE of Iron in the Blood is the reason for many colorless faces but

CARTER'S IRON PILLS will greatly help most pale-faced people

Canada made me Prosperous

—that's what thousands of farmers say, who have gone from the U. S. to settle on homesteads or buy land in Western Manitoba, Saskatchewan or Alberta is especially attractive. She wants farmers to make money and happy, prosperous homes for themselves by helping her raise immense wheat crops to feed the world.

You Can Get a Homestead of 160 Acres Free

or other lands at very low prices. Where you can buy good farm land at \$15 to \$30 per acre that will raise 20 to 45 bushels of \$2 wheat to the acre—it's easy to become prosperous. Canadian farmers also grow wonderful crops of Oats, Barley and Flax. Mixed Farming is fully as profitable an industry as grain raising. The excellent grasses, full of nutrition, are the only food required either for beef or dairy purposes. Good schools and churches; markets convenient; climate excellent. ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRIMING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 53, Lowell, Mich.

Why Not Try

SCHMID & SON

West Middle Street

Chelsea, Mich.

PRIME BEEF

Has its beginning in the cool country-side pastures, where the beef "critters" browse knee deep in the new grass and there is an abundance of fresh air and water. Later the animal is fattened and finally comes to you through the medium of our sanitary shop—meat par excellence. Try it.

NEIGHBORHOOD BREVITIES

Items of Interest From Our Neighboring Towns and Localities.

STOCKBRIDGE—The graduating class of the Stockbridge high school for the year 1918 will consist of Laure Richmond, Myra Schoenhals, Ula Hartsuff, Esther Leese, Margaret Dyer, Miriam Veeghts, Bessie Mushbach, Cletus Farrell, Clayton Morehouse, Ted Daniels, Alpha Swartout, Andrew Burgess, Fern Kutt.

HOWELL—Forty registered Holstein cattle brought \$10,305 under the auctioneer's hammer at the farm of D. H. Hoover, Saturday, Colonel Perry of Columbus, O., conducting the sale. A dinner and collection by the Red Cross in connection netted \$170.

JACKSON—Beer flowed freely in Jackson Friday and still there was not one drunk reported, nor has there been one in any court since the state went dry. The beer that flowed freely consisted of 165 barrels of the intoxicant, the property of the Haeble Brewing company, that was dumped into the river. George B. Winans, of Detroit, deputy collector of the treasury department of the internal revenue service, witnessed the destruction of the booze. Fifteen kegs were opened first and drained into the Grand, then two large tanks containing the remainder of the 165 barrels went the same way.

FRANCISCO.

Mr. and Mrs. Henry Lehman and Mr. and Mrs. Geo. Beaman of Waterford motored to Woodland, Saturday.

Miss Mabelle Norton is spending a few days with her sister in Lima.

Clara Reimenschneider left Monday for a few weeks' visit with her sister near Milford.

The social and business meeting of the Epworth league will be held Friday evening in the basement of the church. This will be the annual meeting.

Mr. and Mrs. Farrington Taylor of Jackson were visitors at the home of John Miller over Sunday.

Cavanaugh Lake grange will meet Tuesday evening, May 14, at the home of Mr. and Mrs. Manfred Hoppe.

Almerene and Doris Whitaker spent Sunday with Aurlet and Eva Lehman.

The E. L. social Friday evening was well attended and nearly forty dollars were taken in.

Rev. G. C. Nothdurft preached in the Lutheran church in Chelsea, Sunday morning.

Dorothy Notten spent last week with Mrs. B. C. Whitaker.

Mrs. Emma Kalmbach of Francisco will entertain the Ladies Aid society Thursday.

SALINE MAN IN TROUBLE.

Milo Gilmore of Saline, whom the county draft board placed in Class 4 in the classification, was brought to Ann Arbor on the complaint of the county board and placed in the county jail on the charge of not supporting his wife and child. His classification showed that he was deferred for military service on account of these dependents. After a hearing before the county board yesterday he was released and placed on probation until August 6. This will give him three months in which to make good his exemption from military service by supporting his dependents. Otherwise he will be liable for service.

MANCHESTER AUTO SUIT.

Nelson J. Briggs of Manchester has brought suit in the circuit court against Whitney Watkins of Manchester, for \$5,400 damages on account of the death of his wife, Agnes Briggs, in an automobile accident.

Mr. Briggs, in his complaint, which was filed Monday, alleges that Mrs. Briggs was riding in the Watkins automobile on December 8, 1917, at the request of Mr. Watkins, and that Mr. Watkins' son, Dennison Watkins, drove the machine so recklessly that it skidded and overturned and fell on Mrs. Briggs, injuring her so severely that she died on December 17.

Mr. Briggs claims \$400 expenses and \$5,000 for the loss of wife's services.

Proper Food for Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.—Adv.

Considine; past president, Hattie Raffrey; president, Alice Nordman; first vice president, Mary Burg; second vice president, Rilla Canfield; recorder, Katherine Hummel; assistant, Mary Dann; financial secretary, Hattie Lyons; treasurer, Frances Kress; guard, Elizabeth Elder; marshal, Ella Moos; trustees, Marie Hoffman and Ellen Farrell.

NORTH SYLVAN GRANGE.

The next meeting of North Sylvan grange will be held at the home of Mr. and Mrs. W. H. Laird, Friday evening, May 10. The following will be the program: Roll call, cornucopia; song by the grange; instrumental music, Mrs. P. M. Broesamle and Marion McClure; recitation, Cora Knapp; question, "Should prison labor be used for road improvement during the period of the war?" discussion opened by George McClure followed by George McGarvey; instrumental music, Mrs. Broesamle and Marion McClure; select reading, Mrs. Stanton Klink; closing song.

CYCLONE NEAR SALINE.

A small cyclone passed south and west of our village Sunday evening, doing considerable destruction. The twister started on the Bert Osborne farm in Saline township and did a little damage to the barn and leveled several trees on the farm. From there it passed through the Minola Simpson farm where trees were torn from the ground. The wind reached its greatest violence at the farms of Abner Monroe and Sam Coleman. At the former place the roof of the barn was taken off and some damage was done to the kitchen in the removal of plaster. At the latter place the big barn was completely demolished and several of the outbuildings twisted on the foundation. Tuesday and Wednesday a large bee composed of neighbors and friends gathered at the Coleman farm to help in clearing the debris and to erect some sort of a building to house the stock, the ladies serving a pet luck dinner at noon. There was only a small insurance on the Coleman property.—Observer.

CONTINUE FLOWER CULTURE.

An appeal for flower culture made by Charles H. Totty will undoubtedly strike a responsive chord in the hearts of many women who love out doors life. He says:

"People in the war zone tell us that their gardens are their chief antidote to the horrors of war, and the relaxation to which they thankfully turn after working themselves almost into nervous prostration over Red Cross work and the problems of housing and feeding orphans, widows, and caring for the flotsam and jetsam that a war brings in its train. Why should one grow roses? If for nothing else, grow them for the sake of your own health and sanity; grow them because they soothe the sorrow and mitigate the suffering the war has brought. Are we to throw over everything in our lives that does not make for war efficiency. Are we to cut out all the sweetness and beauty of life because we've got to win the war? After we have won the war, if we have nothing left but cannon and superman ideas and deadly proficiency in the art of killing our fellowmen, then we are poor indeed!"

SUFFRAGE MORAL VIEWPOINT.

The Detroit Free Press editorially discusses the rumor that Germany proposes to raise a crop of soldiers for the war needs of the next generation by conscripting healthy women to bear children. The Free Press says, "Whether they (the women) will resist such an attempt to place them on the footing of mere breeding animals depends somewhat upon the spread of the American doctrine of woman's freedom, rights and independence. The fatal defect of this alleged German-born scheme is that it disregards the instincts and interests of women, the sex most intimately concerned. Once it might have been possible; today there are too many German women who have been inoculated with the virus of the modern woman's movement." The Free Press speaks truly. The woman's movement for rights, political and civil is one of the chief factors in self-respect, morality and dignity. A subjugated womanhood is a menace to nations as well as an impediment to individual development. This is the underlying, fundamental reason in the demand of women for political equality.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.—Adv.

Food Will Win The War!

Do your bit—Plant a war garden. You will get started right if you plant some of the nice vegetable plants we have for sale. Don't wait until the best ones are gone.
