Mr. Edison's life-his daily routine-is a per-fect marvel of the scientific precision he so loves.

Every detail is arranged upon a definite schedule. Nothing is left to chance, and, as a consequence, he daily accomplishes a volume of work that would be the despair of three men whose time was not so systematized.

System is invaluable in all things-particularly in savings.

If you will start an account at this bank and add to it systematically—a little each week, just as you can spare it—you will be surprised and de-lighted to see how your account will grow.

We do our part by paying a very high rate of interest and in providing absolute protection for the principal.

# Save the Babies

I NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

They are fifteen! We do not besitate to say that a timely use of Castoria would save many of these precious lives. Neither do we besitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Cas-toria if it bears the signature of Chas. H. Fletcher

World Owes Debt to Frenchman Who Improved on the Glory of the Lilac Blossom.

One of France's war gardeners of 1870-71 won immortality by studying his plants, instead of tending his gar dea merely as a way to help out with the food supply. Like most war garieners, he did not give his attention exclusively to vegetables but planted a few flowers, and it was with these that he had censpicuous success.

In 1871 Victor Lemoine began his experiments in cross-fertilizing different species of lilac. He took up this work to get his mind away from the troubles of his country, for a German garrison was quartered in his native town, Nancy, and the rest of France .45 except the doomed provinces of Alsace-Lorraine, was slowly buying back its freedom from the same hated pres-ence. Lemoine's sight at that time was very bad, so he planned and had his wife execute.

That was the origin of the wondrous group of shrubs known today through out the civilized world as "French lilacs," with their great trusses of beauteous bloom. It is Lemoine's hestknown work, though not his only one He recreated the mock orange, the deutzia, the weigelia, the delphinium, and a score of other perennials and shrabs.

THE man or woman handicapped with a bad back in these times when I physical fitness is so necessary, is indeed crippled. It's mighty poor policy to worry along with an aching back day after day; work is neglected and the simplest duties are a burden. Plowing planting, harvesting, churn-ing, the daily bousework all throw a heavy strain on the kidneys and kidney ills, with attendant backache, are a common result. Don't wail Neglect may mean gravel, dropsy or Bright's disease. Get a box of Doan's Kidney. Pills today. They have helped thousands. They should help you.

### Personal Reports of Real Cases

A MICHIGAN CASE. F. Luscher, blacksmith, 335 S Marshall Ave., Marshall, Mich., says: "I suffered from sharp catches across my back at times and a sorchess in the region of my kldneys. My work is hard on the kidneys and if I did much heavy lifting, the trouble was worse. My kidneys were irregular in action and the kidney secretions scanty. I got Doan's Kidney Pills and they strengthened my back and benefited me in every way."

ANOTHER MICHIGAN CASE. Mrs. L. C. Bullard, Berrien St., Paw Paw, Mich., says: "My kidneys were always weak. I had sovere pains and a soreness across my back. I felt weak and run down, and I had dizzy headaches. My lddneys were irregular in action and I suffered continually. My feet and ankles became swollen. Five boxes of Doan's Kidney Pills cured me of all the backaches. I didn't have dizzy spells or the severe headaches I was subject to and my kidneys were in good order."

The home nursing class will meet at the Congregational church at 7:30 o'clock Thursday evening. Those who intend to join the class should netify Miss Agnes Gorman not later than Wednesday evening.

James Willis and Clarence Gilbert narrowly escaped being passengers on the D. J. & C. death car Saturday devening. The two boys are working on the Starr Seed farm near Grass Lake and were waiting at Francisco for a car to Chelsea. The ill-fated limited car slowed down considerably at Francisco and the two boys would have boarded it if the conductor had not ordered them off, a very fortu-nate circumstance for them.
