To The Republican Voters of Washtenaw County:

I beg leave to formally announce my candidacy for the office of Prosecuting Attorney on the Republican ticket at the August Primaries.

Being grateful for all past favors and thanking you for any future considerations, I beg to say that my platform will be

1. Enforcement of ALL laws.
2. Protection of the finances of the county.

GEO. S. WRIGHT.

SEEK NOMINATIONS FOR COUNTY OFFICE

List of Candidates Who Have Filed Necessary Petitions.

Following is a complete list of candidates for the nominations to run for the several county offices, as filed with County Clerk Edwin H. Smith up to four o'clock Saturday afternoon, which was the limit of the time allowed for the filing of petitions:

State representative, First district: Republican, Charles A. Sink; Democrat, William S. Mills.

State representative, Second district: Republican, Samuel E. Crawford, of Ypsilanti; Democrat, William W. Keyton, of Ypsilanti.

Sheriff: Republicans, William H. Esslinger, William L. Henderson, Ambrose C. Pack; Democrats, Theodore F. Prochnow and John W. Markley; Socialist, Lawrence E. O'Connor.

County clerk: Republican, Edwin H. Smith; Socialist, Harry W. Nichols.

County treasurer: Republican, Leo Gruner; Democrat, J. Edward McKune, of Chelsea; Socialist, Glenn W. Schooley.

Register of deeds: Republican, P. L. Townsend; Democrat, Timothy P. Stowe; Socialist, Vernon E. Richards.

Prosecuting attorney: Republicans, Frank B. DeVine, Leslie W. Lisle, Floyd Daggett, George S. Wright, Jacob F. Fahrner; Democrat, Martin B. Stadtmiller, Ypsilanti.

Circuit court commissioner: Republican, William M. Laird; Democrat, Frank E. Cole; Socialists, Martha E. Kern and Bertha Koch.

Judge commissioner: Republicans, Clayton E. Donke and R. J. Lind; Democrat, James Thorne; Socialist, Marion M. Wheelock.

Coroner: Republicans, Samuel W. Birchfield, J. H. Hopkins, Dr. R. E. Atchison; Democrats, Leo J. Kennedy and Christian F. Kapp, of Manchester; Socialists, Christian H. Koch and Lewis C. Schlegel.

County surveyor: Democrat, H. C. Coons.

CHELSEA BOYS AT CUSTER

Clayton C. Heschelwerdt Describes Experiences to Date.

The following letter from Clayton C. Heschelwerdt, one of the Washtenaw county boys who was sent to Camp Custer last week, was received Friday. He says under date of July 24th:

Just a few lines to inform you that we are about all set and feel perfectly at home.

We left Ann Arbor at about 9:15 a. m. Monday. Our first stop was at Chelsea and believe me, we sure were a tickled bunch of fellows to think that we were able to stop. After leaving Chelsea we rambled along to Jackson where we picked up three more carloads of men. At Jackson the Red Cross gave us cigarettes and chocolate bars. Our next stop was Albion where we got two more cars of men. That was about the dearest town along the line. I don't believe there were more than half a dozen people at the depot to see the boys away. From Albion we rolled into Battle Creek. We stopped there about five minutes and then left for Camp Custer. We arrived there at 12:30 p. m. We were marched to the receiving station and registered. Then taken to our temporary barracks.

Yesterday morning we had our physical examination. I really can't tell you yet whether I have passed or not. I was referred to a special board on account of wearing glasses, but from the number of men in uniform who wear glasses I think my chances of coming home are slim.

We got our first "shot" in the arm and were vaccinated. Then we were marched about two miles across camp to our present barracks.

In behalf of all of the Chelsea boys I would like to thank Village President Turnbull and all of the Chelsea people who gathered at the depot to give us such a royal send-off. I am sure all of the boys appreciated it. Most of the Chelsea men are here together, but will probably be broken up before long.

As you probably know, I had the honor of being captain of the contingency from Washtenaw county. I certainly feel proud. It was the largest and possibly the best that had left there. We had 179 men when we left and arrived with 179 men; no one got lost or deserted.

VERDICT CORONER'S JURY.

The decision of the coroner's jury empaneled to investigate the cause of the D. J. & C. wreck here on Saturday, July 20th, follows:

"After due deliberation, the jury in this case finds that Barney Adair came to his death in the evening of the 20th of July, 1918, in the township of Sylvan, Washtenaw county, Michigan, as a result of a collision of the express car and the second section passenger, caused by the crew of the express not waiting for the second section to pass; and that when a section follows as in this case, that the sole duty of the man in charge of the car waiting should be to see and know that the second section or sections have passed."

The verdict has a rather indefinite and ambiguous ring, but apparently it is meant to place the responsibility for the wreck upon the crew of the freight car. The latter part of the verdict evidently is a suggestion to the railroad company to safeguard its dispatching system by making it the sole duty of one man on each car to keep track of other trains operated in sections.

Both Motorman Fisk and Conductor Buck, who were in charge of the freight car, are under arrest, charged with felonious killing, will have their examination in Ann Arbor today.

MRS. SADIE F. EVANS.

Mrs. Sadie F. Evans died Saturday, July 27, 1918, in Hay Springs, Nebraska, where she had resided for the past eleven years. She was about 73 years of age and previous to her removal to Nebraska she had resided in Chelsea for 33 years.

Mrs. Evans was born in New Hampshire and for a number of years previous to her marriage to Eugene Evans in Iowa, taught school. Two sons, Roy T. and Verna Evans, both of Chelsea, and two sisters, one in the state of Washington and the other in Hay Springs, Nebraska, are left to mourn their loss. Mr. Evans died about 23 years ago.

The body has been shipped to Chelsea and pending its arrival, definite funeral arrangements have not been made. However, the body is expected some time today, or tomorrow morning and the funeral probably will be held Wednesday afternoon, Rev. Dierberger conducting the service.

FROM CLAYTON R. WEBB

North Lake Boy Sails For France With Marine Aviation Corps.

Mr. and Mrs. George Webb of North Lake have just received several letters from their son, Corporal Clayton R. Webb, indicating that he is now en route overseas with the 1st Marine Aviation Corps. Following are extracts from the letters.

Under date of July 16th he says: "Arrived in Philadelphia safe and sound this morning. We had a very enjoyable trip and I believe the most pleasant days that I have spent in a long time were spent on the way here. I have only a few minutes to write as we must wash our clothes."

"On the way here we stopped at Raleigh, N. C., Columbus, S. C., Baltimore and Washington, D. C., besides a number of small towns. I had a state-room all the way. Tell me the marines don't travel in style."

"I am not sure how long we shall be here, not over a couple of days. Our transport is here now. There are 800 of us."

Under date of July 17th, 10:30 a. m., he says: "I have just time to write a few words. We are leaving here sooner than I expected. I have just folded my bed and turned it in to the quartermaster. We are all packed and ready to move right after dinner, probably on board a transport. I don't know the name of the boat, there are several here but nobody seems to know which is ours."

"There will be plenty of escort ships, so we shall be safe. Don't worry! I will write the first chance I get to mail a letter."

"We have been told to get ready, so will have to close."

The same afternoon he wrote again, but instead of boarding a transport in Philadelphia he was sent to New York. He says: "I am trying to write on board train, but find it difficult. We are on our way to New York and this will be the last time I'll write before we embark. I have been given my 'overseas' address, as follows, Corporal Clayton R. Webb, 1st Marine Aviation Corps, U. S. Naval Aviation Forces, Foreign Service, Paris, France."

AUGUST WEATHER FORECAST.

The following weather forecast for August, 1918, is compiled from four almanacs; and during past months has proven to be fairly accurate:

1st to 5th, Cloudy Period—Dull threatening weather over the northwest, the lake region and North American slope. Local showers in southern California, Arizona and New Mexico. Foggy along all coastal waters of the Gulf of Mexico and South Atlantic ocean.

6th to 10th, Warm Wave—Great heat wave over the plains of upper Missouri river basin. Sultry weather at all points South and Southwest. Temperature 104° at Phoenix, 102° at Wichita, 100° at Cairo and 100° at Knoxville.

11th to 14th, General Rains—Showery over states of the southwest. Unsettled and rainy in states bordering on the Gulf of Mexico and South Atlantic ocean. Cloudy and threatening over the Great Lakes.

15th to 19th, Sultry Wave—Parching conditions at nearly all points of the country. Sultry weather generally prevalent.

20th to 23rd, Windy Period—Dust storms in states of the west and northwest. Wind and rain storms in western Texas, Arizona and New Mexico. Stormy over all waters of the Gulf of Mexico.

24th to 27th, Cool Spell—Cool, backward weather on North Pacific and Rocky Mountain highland. Damp and chilly nights and mornings over lake region, New York and New England.

28th to 31st, Unsettled Period—Showers on Pacific slope, the lower Rocky Mountain highland, and west gulf states. Showery and seasonable in the Middle Atlantic and New England states.

The temperature for the month will be near to normal.

The rainfall will be scarce except in west gulf states and Georgia and the Carolinas, where it will be something above normal.

FOOD UP 63 PER CENT.

Retail food prices in the United States increased 3 per cent from April 15 to May 15, according to estimates announced Tuesday by the Bureau of Labor Statistics. During the year ending May 15, there was an increase of 5 per cent, although most vegetables showed a decline.

Boiling beef increased 32 per cent during the year; corn meal 30 per cent; milk 26 per cent, and pork chops 20 per cent.

For the five years ending May 15, there was an average increase of 63 per cent in the price of food, according to the bureau's statistics.

INTERURBAN LIBERAL WITH RED CROSS

Cots, Mattresses and Bedding Used at Recent Wreck Are Donated to Chelsea Branch.

Superintendent A. H. Cady, Claim Agent Warren and Attorney George Burke, of the Detroit, Jackson & Chicago railway, were in Chelsea, Thursday, and settled all claims for the cots, mattresses and other material requisitioned from local stores at the time of the wreck on July 20th. The bill totalled considerably over \$500 and with the exception of a very few pieces, all of the materials are as good as new.

After settling the several bills, the three railroad officials called upon Mrs. J. E. McKune and announced that all of the materials would be presented to the Chelsea Red Cross, to use as they saw fit. Such pieces as were soiled have since been laundered and all are in a sanitary condition.

At a meeting of the executive board of the Red Cross on Friday afternoon it was decided to auction the several articles at a sale to be held at the town hall some time the latter part of next week.

Both iron and wooden cots and cot beds, regular and cut mattresses, blankets and other bedding are included in the lot, also one two burner oil stove.

TWO LIGHTLESS NIGHTS.

Monday and Tuesday are now both "lightless" nights under a recent order of the United States fuel administration, effective throughout Michigan.

Although no time limit has been set for the duration of the second series of "lightless" nights, it is more than likely that the new regime will last until the war is won.

Window lights, especially those in stores and shops, and "movies" are the hardest hit by the new order, which prohibits the use of any form of lighting or illumination in shop and store windows during the daylight hours every day, and on Monday and Tuesday nights.

In addition, all lighting used for illuminating or displaying signs or announcements of any sort, and for any form of exterior ornamentation are banned on Monday and Tuesday all day.

L. P. Vogel, local representative of the fuel administration, will see that the order is observed in Chelsea.

CHELSEA-DETROIT DAY.

The second annual Chelsea-Detroit day will be held at Belle Isle park, Detroit, on Sunday, August 11th, 1918. Residents of Chelsea or former residents, in Detroit or elsewhere, are invited to attend and enjoy a good visit with former friends. Those who attend should meet at Belle Isle Aquarium at eleven o'clock and should take a basket dinner. T. S. Hughes and E. E. Winans, of Detroit, are president and secretary of the organization and are arranging a suitable program which will be announced later.

HERE'S GOOD WHEAT YIELD.

W. C. Pritchard of Sylvan threshed his grain Thursday and reports an average yield of 20 bushels to the acre. The grain is of exceptional quality, too, and tested 61% at the Chelsea Roller Mills. His oats averaged 55 bushels to the acre and are also of good quality. Such reports are encouraging at this time when the need of good crops was never greater.

WANTED AND FOR SALE.

Five cents per line first insertion, 2 1/2¢ per line each consecutive time. Minimum charge 15¢. Special rate, 3 lines or less, 3 consecutive times, 25 cents.

TO RENT, FOUND, ETC.

FOR SALE—A number of fine pigs, 6 weeks old. Eat everything. J. H. Bidleman. 9313

LOST—Gold fraternity pin fashioned in form of vertebra, initials A and C on either end. Mrs. H. J. Fulford, phone 246-J, Chelsea. 9313

WANTED—Girl to wait on tables and candy counter; steady employment, good wages; at once. Sugar Bowl, Chelsea. 9213

FOR SALE—Good horse, 9 yrs. old wt. 1100, work anywhere, safe for woman. Wm. Ryan, 502 McKinley St. 9213

WANTED—Young women, desirable positions as telephone operators, pay while learning. Apply Chief Operator, Mich. State Telephone Co., Chelsea. 911f

LOST—Three \$50 second issue Liberty bonds, Nos. 7,230,726; 7,230,727; and 7,230,728, July 11th. F. A. Mayett, phone 75, Chelsea. 9113

FOR SALE—Harley-Davidson twin motorcycle and sidecar. Delanter, Boyd's hotel evenings. 9113

FOR SALE—Old newspapers for wrapping, shelves, etc. Large bundle only five cents at the Tribune office

WANTED—People in this vicinity who have any legal printing required in the settlement of estates, etc., to have it sent to the Chelsea Tribune. The rates are universal in such matters, and to have your notices appear in this paper it is only necessary to ask the probate judge to send them to the Chelsea Tribune. 911f

Marshall Field

The Ideal Merchant
The wonderful retail establishment in Chicago which bears Mr. Field's name is a monument to thrift of the highest order.

The marvelous mercantile establishment in Chicago which bears his name is a perpetual monument to the thrift of Marshall Field, "The Prince of American Merchants."

This imposing pile of granite and plate glass is the result of Mr. Field's ability to save his FIRST dollars—when he had but very few dollars to save.

There are no limits of accomplishment for the man or woman who possesses the real spirit of thrift. They may reach practically any height to which they aspire.

Resolve today to practice real thrift—and then crystallize that resolve by opening an account at this strong bank.

NOTHING TO SELL BUT SERVICE

FERE-EN-TARDENOIS, GREAT GERMAN SUPPLY BASE, TAKEN BY ALLIED TROOPS

Franco-American Troops Cross North Bank of the Ourcq River and Continue Steady Progress Amid Bitter Resistance.

CLOGGED ROADS ARE TARGETS FOR AIRPLANES

Enemy Using Heavy Artillery Fire to Slow Up Allied Rushes But Meet With No Success—Allied Tanks Play Havoc Among German Machine Gunners.

Paris—French advanced guards have reached the north bank of the Ourcq river, and Allied troops have entered Fere-en-Tardenois, the great German supply base, which lies in the middle line of the Aisne-Marne sector.

The announcement of the war office July 28 adds, the villages of Antheny and Olizy-et-Violaine, on the east flank lying to the southwest of Rheims, have been occupied.

The text of the statement reads:

"North of the Marne we have continued our onward march in the region of the Ourcq. Notwithstanding resistance of the enemy, who employed every effort to check our passage of the river, we threw advanced elements on the north bank. We have penetrated into Fere-en-Tardenois.

"North of the forest of Ris we reached Champvigny. On the right our troops have occupied Antheny and Olizy-et-Violaine and have approached appreciably the line of the road from Rheims to Dormans.

"In Champagne two enemy attempts in the region south of the mountains were repulsed."

With the American Army on the Aisne-Marne front—The German line is again north of the Ourcq river, and Fere-en-Tardenois, which has been entered by French troops, is at the mercy of the Allies. Tightening of the flanks holds promise the retreat will be continued. The line along the greater part of the Soissons-Rheims salient has been pushed forward in places as much as five miles.

Germans are bringing into play their artillery in force to check plunges of Franco-American troops. Americans have played a brilliant part in the advance, which included occupation of Serisy, on the north bank of the river, and a number of small villages.

The line follows the Ourcq river to Serisy and to Goussancourt, the latter place lying about six miles north of the Marne.

Germans offered bitter resistance, but not to compare with that which began for retention of higher ground further south of the river. There they supplemented their defense with artillery fire reaching over American front lines to the supports, the volume of fire at times attaining enormous proportions.

Not wavering, Americans held their ground and even advanced slightly, while the French on their sectors to the right and left resisted as steadily against vicious efforts of Germans.

From behind advancing lines Allied heavy guns kept up a continuous bombardment throughout shelling German positions wherever airmen reached troop concentrations.

Heavy artillery has been used by Germans in their rear guard actions, but to no such extent as that on Sunday and this gives basis for belief von Boehm, German commander, is preparing to make a stand. It is pointed out, however, that until the Ardre river is reached all advantages of ground are with the Allies.

So it is generally believed dropping back of his heavy guns is merely an indication his armies are being withdrawn with all speed from a position which is intolerable and which unless relieved might result in disorganization of what so far has been admitted to be conducted as an orderly retreat.

The Americans began their advance on Serisy early in the day. They had been driven back a short distance in the night, but when they moved back, forming cover of artillery—a few pieces going forward with the advanced line—they proceeded almost unopposed to the river, crossed the bridge and occupied the town about mid-forenoon.

Germans used gas, but the attacking party long ago had had its baptism of gas fumes and knew how to utilize masks and to avoid ravines through which fumes filtered. When the town was occupied there was street fighting but not much. Germans retreating to higher ground.

Until Sunday wounds received by American soldiers have not been serious as a rule, on account of failure of Germans to use artillery. A great majority of wounds were clean flesh wounds, made by bullets from machine guns and rifles.

Considerable material has been captured, including a few locomotives, which Germans put out of commission. There were relatively few prisoners.

Many stories are told among the old lines of the depreciable in the German morale. Greatest significance is attached to a letter taken from an officer, written by his brother in Germany, giving it as his opinion a revolt was imminent unless the war was stopped.

Incessant smashing blows night and

day left the enemy nothing to do but retreat or die in his positions. Even sudden retirement has not relieved the German from constant harrying.

In addition to slashing by the cavalry and pounding by the tanks, the lives of the German rear guards are being made hazardous by Allied troops. Meanwhile Allied aviators daringly fly a few hundred feet overhead, bombarding and machine-gunning German batteries and columns on the march.

Tank crews have been heroes in this chase and ever since commencement of the German retreat they have done remarkable work. After breaking up the enemy front line and preparing the way for an advance of infantry tanks throughout have continued to exploit the success gained.

Tanks have even attacked enemy artillery batteries and killed all the gunners, thus permitting infantry to capture many of these weapons. There is not a tank on the section which has taken part in the fighting that has not from 15 to 20 machine guns to its credit. Most of the prisoners declare losses caused by tanks have been terrible.

The line where the German withdrawal has attained its greatest depth is northeast of Chateau Thierry. The depth from that point gradually becomes narrower until it is quite small on nearing the eastern pivot on the front southwest of Rheims.

Both here and around Soissons, the other pivot, the ground is admirably suited for defense. In the vicinity of these two points Germans have concentrated most of their artillery and large forces of infantry, knowing if a breach be made at either place by the Allies a great majority of the German troops occupying the remainder of the pocket must be sacrificed.

On banks of the Marne south of the center of the salient not a single live German remains. Their sudden retreat, here was brought about by constant pressure of the French, Americans and British. Allied troops have kept constantly on the heels of the enemy and patrols have advanced considerably further than the line indicated.

The method of retirement adopted by the enemy consists of first retiring one company from every two companies, then two sections from the remaining company. Then the last section withdraws, leaving only a few men with machine guns to cover the retreat. These men often are sacrificed, but sometimes they manage to rejoin their comrades and the maneuver is repeated.

NORTH OF RIVER MARNE WORLD'S WORST BATTLE IN HISTORY IS BEING FOUGHT

With the French Army—With 70 German divisions officially identified in the fighting zone, the battle is the biggest in all history. Prisoners number 25,000 and more than 500 cannon and thousands of machine guns have been captured. Of the prisoners 14 per cent belong to the 1919 class, showing that nearly all these boys already have been incorporated in fighting units. If all of them have been utilized they would form from 17 to 18 per cent of the German strength. Information received proves that the 1929 class, which it was intended to be incorporated in the army of October, has been ordered into the units in September. Most of those of this class are not 18 years old.

Justicia's Whereabouts Known.

London—Further details gathered from members of the crew in Liverpool show the liner Justicia was the victim of a determined and concerted submarine attack. The occurrence would suggest that if the enemy craft were not in the possession of information as to the ship's whereabouts, they were at any rate on the lookout, perhaps anticipating her appearance. The attack took place off the north coast of Ireland and one member of crew said six submarines took part.

STATE NEWS

Ablon—The city council has refused permission to a carnival company to put on its shows.

Flint—A bullet from an air gun, accidentally discharged while at play, destroyed the right eye of Harold Ryan, aged 12.

Battle Creek—About 600 men without draft registration cards were taken here from a crowd of 7,000 spectators at a wrestling match.

Eaton Rapids—The date for the registered trap shooting tournament by the Eaton Rapids Gun club, originally fixed for Thursday, August 22, has been changed to Friday, August 30.

Mt. Clemens—The contract has been let for the new Knights of Columbus building at Selfridge field. The building will be 22x54 feet, will conform with the other buildings at the field, and will cost approximately \$3,000.

Manistique—Victor Mitchell was drowned in Manistique river while bathing. He dived into shallow water, evidently injuring himself, and fought off a companion who tried to rescue him. The body has not been found.

Flint—Floyd E. Badger, secretary Armstrong Steel Spring works, has been commissioned first lieutenant in the National army and assigned to the mechanical shop unit at quarter-master corps at Camp Holabird, Md.

Ablon—County Agent E. B. More and the county farm bureau will hold a Calhoun county picnic at the fair grounds in Marshall, August 7. Dr. Eben Mumford, of the Michigan Agricultural college, will be the chief speaker.

Hesperia—Newaygo and Oceana county cleaners will hold their annual picnic at Cornette's grove August 14. Grant Slocum, state head of the cleaners, will be the chief speaker, while a band from White Cloud, Mich., will furnish music.

Saginaw—Saginaw county Friday sent to Camp Custer 252 selects, the largest number since the beginning of the war. Included in this number was one from the rural district, who came within scope of the "work or fight" order. He refused to work.

Bay City—In an effort to save his companion, Viola Chapman, aged 13, Floyd Young, aged 12 years, gave up his life while bathing in the river at Essexville. The girl clutched her companion and both sank. Their bodies were recovered within 20 minutes.

Port Huron—A woman guest on the yacht Sea Tub, which was moored in Black river, taking on gasoline, dropped a diamond ring valued at \$1,000 into the river. A diver was secured, who made several descents, but could not find the jewel, it having sunk in the mud.

Marshall—Marshall Friday staged an elaborate farewell demonstration in honor of 50 selects, mostly agricultural workers, who left for Camp Custer. At the same time business was suspended in celebration of "Victory day" in honor of recent successes to American arms.

Lansing—Notices went out July 26 to all dealers in eggs for shipment that they have to secure a license for dealing in eggs wholesale hereafter, and at the same time must candle every egg they sell and place a certificate so stating in each case. The new regulation is from the food administration.

Port Huron—One central office for handling of all local freight of the Grand Trunk, Pere Marquette and Detroit, Bay City & Western railroads is now planned. The freight office is to be located in the Pere Marquette depot and all passenger business on all roads will be handled from the Grand Trunk depot, if plans go through. The clerical force will be greatly reduced.

Ann Arbor—After an hour's deliberation late Friday evening, the coroner's jury considering the death of Barney Abair, of Fair Haven, Mich., a Camp Custer soldier, in the D. O. R. wreck at Chelsea, Saturday night, returned a verdict attaching no blame, but suggesting that the crews in charge of cars should have definite knowledge of the contents of their orders, that being their first duty.

East Lansing—It is not so much Michigan's drainage systems that need correction as it is Michigan's drainage laws, in the opinion of O. E. Robey, extension specialist in drainage, who has been making a survey of conditions for the Michigan Agricultural college. "One of the most lamentable facts in our drainage situation," he declares, "is that many farmers adjacent to our high priced county and township drains do not realize as much as they might from this tax investment because of the manner in which they are compelled to pay this tax."

Lansing—Michigan spent last year a total of \$23,492,900.32 while the receipts from all sources amounted to \$25,231,788.52, according to the annual report of Samuel Odell, state treasurer. Care of the insane cost \$2,261,101.87. The state's contribution to the support of the University of Michigan was \$1,294,250. The Michigan Agricultural college cost \$610,000, the Industrial Home for Boys, \$163,258; the Industrial Home for Girls, \$10,066; and the State Game, Fish and Forestry department, having cost \$316,493.81.

Lansing—Charles P. Prime, this city, has been severely wounded in service overseas.

Portland—The A. M. Raff tailoring establishment was destroyed by fire. It is thought the fire started from an electric iron.

Royal Oak—A course in military training will be instituted in the Royal Oak high school this fall, the board having included \$1,800 in its budget for a teacher.

Grand Rapids—The inquest to determine responsibility for the fire at the Kent County juvenile home, which resulted in death of six children and the injury of three others, was started here Friday.

Eaton Rapids—Practically all growing crops in this section are being hit hard by the hot, dry weather. A few more days of the drought will make the results serious, particularly for corn, late potatoes and garden truck.

Hillsdale—Roy Housinger and William Simpson of Jackson are held here on the charge of bringing liquor into a dry state. The men with two others were in a wreck near Hargetts Corners Sunday night, their auto going into a ditch when one wheel came off.

Petoskey—Con T. Kennedy, owner and manager of Kennedy Shows, arrested in Cadillac by Sheriff Miller of this city, sent a representative here and pleaded guilty to maintaining a gambling place. He paid a \$100 fine and repaid \$150 lost by a Petoskey man.

Ann Arbor—Mrs. John R. Reed, wife of Prof. Reed of the University of Michigan, and Prof. Thomas Vogle were injured Monday evening when the automobile in which they were riding turned turtle. Prof. Reed, who was driving the car, and Mrs. Vogle were unhurt.

Ludington—After his barn had been painted yellow, Rev. H. Gieschen, pastor of the Bachelor German Lutheran church, attempted to defend his actions in the public press by quoting Bible references. After an interview with department of justice agents he has left town.

Muskegon—Two more Muskegon county service stars became golden Thursday, word having been received that Corporal James W. Sherman, of Revonema, and Alfred E. Lyng, of Muskegon, had met their death in recent advances on the German lines. Both men were killed in action.

Lansing—Willard N. Sweeney has tendered his resignation as secretary of the state railroad commission to take effect August 1, when he will accept a position with a Lansing concern. Sweeney has been secretary of the railroad commission since January 1, 1911. He was formerly county clerk of Bay county.

Lansing—Enough signatures are attached to the petitions filed with the department of state to assure that Chase S. Osborn's name will go on the primary ballots on the Republican ticket for United States senator. Count of all the petitions for Henry Ford's name to be placed on the Democratic ballot shows there were enough.

Detroit—Frank Young, was instantly killed when he lost his balance and fell 110 feet from the frame of a gas holder being erected for the Detroit City Gas company by the Rider Conley company at Tiresman street and the Pere Marquette railroad. Young was a riveter. In an effort to extricate a fouled rivet he lost his balance and fell backwards, landing in side the gas tank far below.

Detroit—Michigan engineers are to be mobilized and registered with the United States employment service, Chicago branch, according to resolutions adopted at a meeting of Detroit Engineering society in Board of Commerce. Secretaries of all city and state societies will act as a committee to take a census of engineers and classify them according to their talents, thus enabling the war department to call for special men as needed.

Grand Rapids—Owing to light travel to the Northern Michigan resorts, material curtailment of service is under consideration by both the Grand Rapids & Indiana and Pere Marquette railroads. The light travel is attributed largely to war conditions. The many demands on the pocketbook for the third stamps, Liberty bonds and the war charities makes a difference in the travel also and the increased railroad fares has an influence.

East Lansing—A disease known as the barley "leaf stripe" is reported by plant pathologists of Michigan Agricultural college to be causing appreciable loss to Michigan farmers. It has, in most instances, been traceable to seed imported from Wisconsin. The effect of the disease is to produce stunted, blasted heads "and not a blasted grain," while the leaves are striped so that they look like ribbon grass. The most effective method for checking the trouble is to secure clean seed and avoid immediately replanting barley on the field from which the diseased crop has been removed.

Grand Rapids—George Vallean, postmaster at Lake Ann, Benzie County, has been arrested, by United States Marshal Herman O'Connor on a warrant charging the embezzlement of \$3,365 of postal funds during the two and one-half years he has been in office. He was arraigned in Cadillac before Commissioner Breen and upon waiving examination was held to the grand jury. He was then brought to Grand Rapids. Vallean runs a store in connection with the Lake Ann postoffice. George Vallean is 31 years old.

MICHIGAN WOMEN DOING GREAT WORK

LOWER PENINSULA WOMEN TURN OUT 7,555,332 PIECES FOR RED CROSS IN SEVEN MONTHS.

6,645,623 SURGICAL DRESSINGS

In Five Months Michigan Women Knit More Than 77,000 Sweaters, and 96,000 Pairs of Socks.

Detroit—Tremendous labor in behalf of the welfare of the American forces on European battlefields by Michigan's women will be shown in the first general report of the work of the Michigan Red Cross. This report, covering seven months, from December 1, 1917, to June 30, 1918, will be made by Mrs. Delphine Dodge Ashbaugh of Detroit, state director of women's work, at the northwestern Michigan war conference in Bay City, July 31 and August 1, when war workers of every degree and nature of activity will gather to further coordinate for the cause.

Properly, the report will not cover all Michigan work, but only that of the Red Cross chapters of the lower peninsula. The upper peninsula chapters, because of railroad facilities, ship to Chicago, while Detroit is headquarters for the state below the straits. The magnificent total of 7,555,332 pieces of knit and sewed articles were made by the lower peninsula women in the seven months.

When it is considered that there are hardly more than 3,000,000 people in Michigan, that a considerable number of these are males and babies, and that by no means a majority of the women of the state are in the Red Cross, the magnitude of the tasks performed by the chapter members will be appreciated.

Surgical dressings naturally led. There were made 6,645,623 such dressings. Of hospital garments, 479,453 were sewed in Red Cross work rooms, while knit goods numbered 430,256 pieces and pairs.

In the five months January 1 to May 1, Michigan women knit more than 77,000 sweaters, more than 96,000 pairs of socks and more than 61,000 cold weather trench helmets. The rest consisted of mufflers, wristlets, mittens and comfort kits.

COAL SURPLUS 8,912,500 TONS

Weekly Coal Requirement Exceeded Only Three Times in Year.

Washington—Though coal production of the United States is still hanging the high point production to date, for the coal year, is 8,912,500 tons beyond estimated requirements, as figured by the fuel administration.

Production for the week ending July 26, in the bituminous fields was 12,950,000 tons. The high week was that ending July 13, with 13,274,000 net tons. For the last six weeks, excluding week of July 4, when there were but five working days, production has exceeded 12,000,000 tons a week, which up to this year has been a record in these fields.

Average weekly requirements as figured by the fuel administration are 12,211,500 net tons. This weekly requirement has been exceeded only three weeks during the current year, beginning April 1.

Further orders limiting fuel supplies to non-essential industries, may be expected from the fuel administration shortly.

NEW DRAFT BILL AGES 20 TO 36

800,000 Men Taken From Class One During June and July.

Washington—Inroads on class one of the selective draft registrants in the last two weeks by the navy, marine corps, shipbuilding and other industries were so great that army officers predicted that men of class two will be called to the colors in September unless orders are raised by congress.

Following conferences among army chiefs, it was disclosed that President Wilson and Secretary Baker have approved a bill soon to be placed before congress calling for the advance of draft ages. The new limits will be from 20 years to at least 36 years. If the draft is to be used to bolster up the labor supply of munitions plants, the increase will be to 40.

June and July have seen 800,000 men taken from the 1,000,000 who were in Class one June 1.

Orders have been sent to draft boards to prepare for a call of at least 400,000 men in August. About that number will be available from the men who registered last June.

Mayor Tries to Hold Workers.

Port Huron—Mayor Black is about to issue a proclamation calling upon all workers to remain in Port Huron and not change positions. This is in response to a request from the government to prevent workers going from this city to another, causing loss of times. The government calls attention to the fact that in Pittsburgh are printed advertisements asking men to come to Detroit, and in Detroit street cars signs asking men to go to Pittsburgh.

WAYS AND MEANS COMMITTEE AGREE ON INCOME AND EXCESS PROFITS; TURN TO LUXURIES

Chairman Kitchin is Hopeful the Measure Will Be Ready to Report When Sessions Resumed August 19.

Washington—Having disposed of the income tax and the tax on excess profits, the ways and means committee Monday will turn its attention to the problem of what luxuries shall be taxed and how much articles under this classification shall be called upon to contribute to the nation's revenues.

The committee has made such satisfactory progress in agreeing on the new \$8,000,000,000 bill that Chairman Kitchin is hopeful the measure will be ready to report to the house when its sessions are resumed August 19.

Vote on the bill, however, may not come until September 1, as the agreement under which the recess was taken stipulated that the water power bill should have the right of way and be disposed of before the revenue bill is taken up.

Tax rates already agreed to by the committee are as follows:

1—Individual income tax, normal rate fixed at 10 per cent, but the scale of surtaxes not yet worked out.

2—Corporation income tax rate fixed at 15 per cent on the net income with provision that income dividend among shareholders shall be taxed only 12 per cent.

3—Inheritance taxes raised 50 per cent.

4—Excess profits fixed at 30 per cent of the net item, less exemptions up to 10 per cent, 50 per cent on the income between 10 and 25 per cent and 8 per cent on the income over 25 per cent. The rates provide a flat exemption of \$2,000 and 10 per cent.

Estimated yield from these sources totals \$4,340,000,000, leaving practically \$3,500,000,000 to be raised by other taxes.

The treasury department has estimated the tax to be raised on liquors, tobacco, jewelry, admissions, club memberships and items of that sort will produce about \$913,000,000 for the current fiscal year. If these taxes should be arbitrarily doubled, as suggested by committee, the yield would be \$1,826,000,000.

Allowing for a slight decrease the committee feels sure on relying on at least \$1,800,000,000 from these sources, of which \$1,000,000,000 is expected to be derived from taxes on liquors of all kinds.

STRINGENT OIL SAVING URGED

Russian Oil Fields Are Now in Enemy Hands Hence Allies Look to America For Their Supply.

Washington—Complete governmental supervision and control of the oil industry from the well to the consumer is fore-shadowed by Mark L. Requa, head of the oil division of the Fuel administration in a statement issued July 28.

American production is estimated by C. W. Robinson, head of the conservation division, at 225,000,000 barrels of crude oil. The Allies' requirements are between 65,000,000 and 70,000,000 barrels of gasoline, but increasing each day with increased shipments to the front of battle planes, scout boats and motor trucks, whose motive power is gasoline, and launching of additional war and carrier ships burning heavy crude oil.

The great Mexican output, 42,000,000 barrels a year, is now not available as a dependable supply, and Russian fields are in the possession of the Central powers.

The Allies look to America for their oil and gas.

There is plenty of gas now, but the increased demand is so great that any day may see the surplus reduced to a deficit. When that happens a sharp cut in fuel for non-essential industries and pleasure purposes will come on order from the fuel administration.

SUBMARINE TOLL ON DECLINE

Loss for June Put At 275,629 Tons Lowest Since September 1916.

London—Losses to British and Allied shipping due to enemy action or marine risk for June totaled 275,629 gross tons. This is the lowest record for any month since September, 1916. British losses totaled 161,062 tons and Allied and neutral losses 114,567.

Sailings continue at the high level of recent months. The tonnage of steamships of 500 gross tons and over entering or clearing from United Kingdom ports, other than coastwise and cross channel vessels, totals 7,430,358 tons.

Total sailings for the quarter ending June 30 was considerably higher than the sailings of the two preceding quarters.

Beautiful Silk Flag Given Regiment.

Ann Arbor—A French regiment has been given the beautiful silk French flag belonging to the old Thirty-first Michigan National Guard, according to an account given Colonel A. C. Pack, the former commander, by his successor, Lieutenant Colonel Edward G. Heckel, of the One Hundred and Twenty-fifth infantry. This is the flag presented to the Michigan regiment while it was still at Grayling by Dr. A. Victory Seymour, of Detroit.

The Citizens Mutual Automobile Insurance Company

Howell, Michigan

WILLIAM E. ROBB, Secretary. The Man Who Fired the Shot That Brought Down the Price of Automobile Insurance to \$7.25 on the Average Car Which Stock Companies Were Charging about \$50.00 Per Year For.

The farmers, business men, lawyers and bankers in the small cities and country districts of the State gave their support to the Citizens Mutual Automobile Insurance Company, of Howell, from the beginning.

The Company is now starting its fourth season and has written over 25,000 policies. Over 940 claims have been promptly paid and over \$130,000 paid which covers fire claims, theft losses, and claims brought against the owner of the car due to injury to persons or property.

The Company has been well managed, and has been in good financial standing at all times. It has a new office building completed and paid for, with a surplus of about \$70,000. The members join on the mutual plan, and payments are made twelve months from the date of last assessment.

The wonderful growth of this Company enables the payment of from 40-50 claims per month.

But few owners of automobiles will drive a single day without automobile insurance. Bankers and lawyers tell their clients to insure in the Citizens Mutual Automobile Insurance Company, of Howell, as the Company is well established and strong enough to meet the shock of serious losses, and the rate is only \$1.00 for policy and 25c per H. P.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound." Mrs. JAS. ROHRBERG, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrborg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

ABSORBINE STOPS LAMENESS from a Bone Spavin, Ring Bone, Splint, Curb, Side Bone, or similar troubles and gets horse going sound. It acts mildly but quickly and good results are lasting. Does not blister or remove the hair and horse can be worked. Page 17 in pamphlet with each bottle tells how. \$2.50 a bottle delivered. Horse Book 9 R free.

ABSORBINE, JR., the antiseptic liniment for mankind, reduces Painful Swellings, Enlarged Glands, Wens, Bruises, Varicose veins, Heals Sores, Allays Pain. Will tell you more if you write. \$1.25 a bottle at dealers or delivered. Liberal trial bottle for the sample. W. F. YOUNG, P. O. F., 210 Temple St., Springfield, Mass.

DAISY FLY KILLER placed anywhere, attracts and kills all flies, bees, gnats, mosquitoes, houseflies, etc. Lasts all season. Made of natural, non-poisonous, vegetable oil. No harm to man, dog, cat, or any other animal. Sold by mail for \$1.00 per dozen, prepaid, for \$10.00.

MAROLD SOMERS, 150 E. KALE AVE., BROOKLYN, N. Y.

SIMPLY HAD TO BE DONE

Hungry Diner Forced to Strenuous Action to Secure the Only Relief in Sight.

Speaking at a political meeting Congressman Allen T. Treadway of Massachusetts referred to wartime economy and fittingly related this little anecdote:

One afternoon a man went into a restaurant and selected an Irish stew from the bill of fare. Soon the dish was placed before him, and after giving it a critical glance he removed his coat, then his vest and then his collar and necktie.

"What in the world are you trying to do, mister?" demanded the wondering waiter as the patron reached down to untie his shoes. "This isn't bed-time."

"A casual glance, young man," responded the patron, "should suffice to show you that I am removing my clothes."

"But—but," objected the waiter, "you can't remove your clothes in here."

"I can't swim with them on," answered the patron, pointing to the stew, "and swim this ocean of water I must in order to reach yonder tiny island of mutton."—Philadelphia Telegraph.

The Poor New Yorker.

Customer:—I'd like to get a dozen candles.

Grocer:—Yes, sir. What kind?

"Your very best."

"Let me see; your business is on Broadway and you live on Fifth avenue, do you not?"

"Right-o."

"Well, sir, I can sell you the candles if you insist, but you know you're not allowed to have a light on Broadway or Fifth avenue just now."

For Pimples Faces.

To remove pimples and blackheads smear them with Cuticura Ointment.

Wash off in five minutes with Cuticura Soap and hot water. For free samples, address "Cuticura, Dept. X, Boston."

At druggists and by mail. Soap 25¢, Ointment 25¢ and 50¢.—Adv.

Very True.

Mazie:—"Love makes the world go round."

Jackie:—"Yes, but marriage generally squares things."

After a man has been disappointed in love he develops into a first class cynic.

HOOVER RELEASES WHEATLESS DAYS

MEETINGS BEING HELD IN ENGLAND MAY ABANDON WHEAT CONSERVATION PLAN.

140,000,000 BUS. SENT OVERSEA

Victory Bread Will Be the Only White Bread Baked in Bakeries Throughout U. S.

Washington—Release of hotels and public eating places from the voluntary pledge to use no wheat until the new harvest was in, is announced by the food administration. Homes operated on the same basis are also released.

This action follows receipt of a cable from Food Administrator Hoover in conference with Allied countries in England. He has received requirements of Allied nations for the coming year and their estimates of their own wheat yields.

Announcement is expected shortly from these conferences that the entire Allied world has enough wheat to abandon its extreme wheat conservation plans and that all will share alike in the wheat that they have pooled.

Abandonment of the wheatless period and days does not mean that pure wheat bread again will be used. Victory bread is to come into universal use and it will be the only white bread baked in the bakeries of the United States, served by its restaurants, and used in its patriotic homes. Victory bread is 50 per cent wheat flour and 50 per cent substitutes.

About 5,000 hotel men gave the wheatless pledge and it is estimated that they, with the dining cars and clubs and other public eating places, saved from October 1, 1917 to August 1, 1918, between 175,000,000 and 200,000,000 pounds of wheat and its products, 150,000,000 pounds of meats and 50,000,000 pounds of sugar.

With householders who allied themselves in the wheatless movement they accumulated a reserve of 140,000,000 bushels of wheat which was sent to Europe.

BOARD WANTS SHIPPING DIVIDED

Enemy Shipping When Seized Should Be Parceled Among Allies.

London.—"We consider that no peace would be satisfactory which did not enforce surrender of enemy shipping and inflict drastic and exemplary punishment for the enemy's crimes at sea."

This is the judgment of a committee, named by the board of trade, which corresponds to the United States department of commerce, to consider British shipping after the war.

The committee recommends that enemy shipping, when seized, should be divided among the countries whose shipping has suffered, or be sold, so as to exclude enemy or neutral buyers.

The committee recommends that the government relinquish its control over merchantmen, when peace comes, and that efforts be made to build 2,000,000 tons of merchant ships annually after the war.

GREAT LAKES STRIKE AVERTED

Following Conference With Chairman Hurley Leaders Call Off Strike.

Washington.—Orders calling off the threatened strike of seamen and firemen on the Great Lakes, set for July 29, were issued by Victor A. Olander, secretary of the Sailors Union of the Great Lakes, and other union leaders, following a conference with Chairman Hurley of the Shipping Board.

Decision to call off the strike followed a two-hour conference between the union leaders and officers of the shipping board. It was pointed out again to the men that a tie-up of lake shipping would interrupt food shipments to the soldiers overseas, in addition to hampering war operations through interference with the movement of coal and ore.

DEMOCRATS TO MEET IN DETROIT

County Convention Held September 9, and State Convention Sept. 25.

Detroit.—Detroit has been selected as the meeting place of the Democratic state and county convention, the dates being fixed by the state central committee at a meeting recently held at Hotel Pontchartrain. The county convention will be held September 26, and the state convention September 28. Congressman Frank Doremus is selector chairman for the state convention.

Fined For Profiteering.

Detroit.—Characterizing it as one of the most flagrant cases of law-violation and of "profiteering" that has come to the attention of the Wayne county food administration, David E. Heineman Friday fined Joseph Palermo, a baker at 208 Port street, \$100. Palermo was found guilty of selling white flour at \$16.50 for 98 pounds (a half-barrel) or at the rate of \$21 a barrel, while the current retail price of this particular brand is \$11.50 a barrel.

GIVE UP ALL FOR FRANCE

Heroic Spirit of People Shown When Supreme Sacrifices Are Demanded of Them.

The world will never know what France endured while she and England were being prepared for war. What France suffered when the news came to her of the martyrdom of Belgium, when she heard of her northern cities being destroyed and her art treasures being wrecked. In those months the news would come to a home that one boy had been killed, and then another, and sometimes a third one—and sometimes even the father. For I have seen in the French army fathers and their boys fighting together in the same regiment, and sometimes dying on the same day on the same battlefield.

One incident that came under my notice illustrates the heroic spirit of my people. One day my regiment was billeted in a small town. Our colonel asked us to give a parade for the few inhabitants of the place. The ceremony was over and the soldiers stood at attention while the Marshal-laise was being played—it was my privilege to carry the flag that day. Suddenly a woman of the place broke through the ranks, came to me and reaching for the fringe of the flag, held it lovingly, kissed it, and buried her face in its folds. The colonel, surprised, came and said: "What is it, mother?"

She handed him a letter, which contained a notice of the death of her fourth and last child—and she was a widow. And she said: "I have given all to France. The flag is my only love, but how proud I am of it."—Lieut. Paul Perigord of the French Army, in *Cartoons Magazine*.

Ocean Flight.

Rodman Wanmaker, who built a great seaplane, the America, for a transatlantic flight just before the war has been urging the government to permit him to proceed with his plans for a transatlantic flight. He has received encouragement, but some in official circles feel that the present circumstances do not warrant the working out of these plans.

Mr. Wanmaker believes the submarine can be thwarted by seaplanes capable of constantly roaming the air and flying great distances over the sea, thus acting as a powerful air patrol adapted in every way to put submarines out of commission.

A Warrior's Luck.

"What was the narrowest escape you ever had?" the beautiful girl asked when she and the bronzed colonel were alone together.

"I don't suppose you'd believe me if I told you," he replied.

"Of course I will. Why shouldn't I? I'm dying to hear all about it. Was it while you were stationed in the Philippines?"

"No, it was just after I had graduated from West Point. I had an engagement to elope with a lady, but she insisted on postponing it on account of rain."—Dayton News.

What the Shepherd Does.

A clergyman famous for his hogging abilities was once exhorting a Sunday school. When comparing himself as pastor of the church to a shepherd, and his congregation to the sheep, he put the following question to the children: "What does the shepherd do for the sheep?"

To the confusion of the minister a small boy in the front row piped out: "Shears them!"

Hooovered.

Gently the girl leaned toward him with an arch expression of inquiry:

"How many lumps?"

"Forty."

And she wrote down his coal order for the coming winter.—Purple Cow

Kamerads.

"I always see that I don't get left in anything worth while," said the aggressive egotist.

"Well," replied Farmer Cornsnel "you're not alone in that. A potato bug does the same thing."

EASY TO MISJUDGE CHILDREN

Youngsters Called "Stupid" in Early Years Have Later Been Found Possessed of Genius.

Let me remind you of the sufferings of the "stupid" child. Real stupidity is a great affliction, but one which rarely receives the sympathy it stands so much in need of. Now, many children who are thought stupid are not stupid at all. They may have certain defects of a physical nature which can be remedied, or their schooling and education in general is of a kind that is not adapted to their special needs.

If juggling with figures, erroneously called arithmetic, is made a test of intelligence, then the constructive or artistic genius of a child may remain undiscovered; and if parents and teachers judge those children to be bright who can, by so-called parsing, arrange the dead bones of the language in artificial order, or who shine out from the others by brilliant recitations and unchildlike discussions of adult problems at graduation exercises, then the dreamer, the philosopher and the poet will pass for dunces.

It is only too true that many of our greatest minds have been considered absolute failures during their school career, not to say in the homes of their childhood. How many of them had to assert their native excellency against the most violent resistance of those who were too blind to perceive the divine spark in their children's souls?—Dr. Maximilian P. E. Grossmann in *June Humanitarian*.

Army Makes Record Meat Purchase.

Chicago.—The largest single order for bacon and canned meats in the history of the world—99,500,000 pounds of bacon and 134,000,000 pounds of canned meat—has just been placed by the Quartermaster's Department, U. S. A., for the American Army overseas.

Louis F. Swift, in commenting on this today, said the order will take the bacon from approximately 1,900,000 hogs, and if other work were dropped to produce it, would be equivalent to the total bacon production of the five largest Chicago packers for nearly five weeks. However, six months will elapse before delivery is to be completed. Mr. Swift said:

"At the current prices on the day, last week, when the purchase was made, the packers would pay the live stock producers about \$80,000,000 for the necessary hogs and over \$50,000,000 for about 900,000 cattle required. The cattle will cost us twice as much, and the hogs two and one-half times as much as in the pre-war period.

The whole order will be made up before the first of the year, despite the fact that, even before this purchase, one-fourth of the packers' facilities have been devoted to filling military demands. In order to get out the canned goods the packers will find it necessary to employ night and day shifts of canners. Notwithstanding the fact that the products are being rushed forward thus hurriedly, not a single complaint has been received on meats delivered to the armies abroad. The five packers are now killing about 300,000 hogs weekly to keep abreast of martial and domestic needs."

Brother's Privilege.

"No, Mr. Dohley," said the sweet girl, "I can only be a sister to you."

"Well, then," he savagely replied, as he heard a subdued chuckle, "as your brother, I claim the privilege of lying under the sofa while you make fools of the other fellows."—Boston Transcript.

Things within reach come quickly to those who wait on themselves.

Some men look upon religion as a sort of moral fire escape.

WEAK KIDNEYS MEAN A WEAK BODY

When you're fifty, your body begins to break a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

For over 200 years GOLD MEDAL Haarm Oil has been relieving the inconveniences and pain due to advancing years. It is a standard, old-time home remedy, and needs no introduction. It is now put up in colorless, tasteless capsules. There are easier and more pleasant to take than the oil in bottles.

Each capsule contains about one dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve

Watch Your Stomach In the Summer Time

Hot summer days upset the strong stomachs as well as weak ones.

Your vital forces reach their lowest level when the weather is the hottest. Then the danger is the greatest.

You can't guard your stomach and bowels too carefully through the long, hot season. Don't take any chance. Indigestion, sour stomach, that wretched, bloated feeling, belching, food repeating, pains that claw at stomach and bowels and an endless train of stomach ills that make life miserable are greatly aggravated in the hot weather.

This year of all others—it is vital that we keep our strength and full power at work. The extra war, change of diet—all must be looked after because they hit us in the stomach. And now

Scenes of Prosperity Are Common in Western Canada

The thousands of U. S. farmers who have accepted Canada's generous offer to settle on homesteads or buy farm land in her provinces have been well repaid by bountiful crops of wheat and other grains.

Where you can buy good farm land at \$15 to \$30 per acre—get \$2 a bushel for wheat and raise 20 to 45 bushels to the acre you are bound to make money—that's what you can do in Western Canada.

In the provinces of Manitoba, Saskatchewan or Alberta you can get a

HOMESTEAD OF 160 ACRES FREE

During many years Canadian wheat fields have averaged 20 bushels to the acre—many yields as high as 45 bushels to the acre. Wonderful crops also of Oats, Barley, and Flax. Mixed Farming is as profitable an industry as grain raising. Good schools, churches, markets convenient, climate excellent. Write for literature and particulars as to reduced railway rates to Supt. of Immigration, Ottawa, Can., or to

Editor "Tribune"

Chelsea, Mich.:

Please permit me to express, through your publication, the deep and heartfelt thanks of this company for the splendid, prompt and full-hearted aid and comfort given following the most unfortunate and lamentable accident near Chelsea.

It is our great regret that we cannot in person express our appreciation to all who gave fully and freely of their aid—many of whom have not been made known to us. We, therefore, ask you to give us this opportunity to thank them one and all for their kindly assistance.

Yours very truly,

DETROIT, JACKSON & CHICAGO

BOY SCOUTS SAVE LIVES

Leslie People Now Recognize Value of Scout Training.

The value of the boy scout training has been forcibly brought to the attention of Leslie people by the prompt assistance given by two members of the scouts.

The first instance was that of the aid given young Jack Morea, who had the misfortune to strike his foot on a broken bottle and cut his foot so severely that an artery was severed. His companions, Blair Freeman and Bobbie Scofield, immediately improvised a tourniquet from strips of their clothing, and prevented the boy from bleeding to death until Dr. Nichols and his parents could be notified. Several stitches were necessary to close the wound.

The second case of great presence of mind and valuable training was demonstrated when Rachael, the two and one-half-year-old daughter of Mr. and Mrs. Will Hale nearly drowned. The mother was preparing to go away and the little girl had been left to amuse herself for a few moments. She was nowhere to be found when the mother called her and after a search was found floating in a water tank. It was supposed that she had climbed up to look into the water and had fallen in. Don, the brother of fifteen, rendered first aid for thirty minutes, until signs of returning life appeared. The doctor, came at that time and said that without Don's help her life could not have been saved. It was not known how long the little girl had been in the water, but when found, was apparently dead.

DEXTER BUSINESS CHANGE.

A business change of considerable importance in the community took place Monday, when the well known firm of R. Fitzsimons & Co. sold their general stores to Gittelman, Barron & Co., of Detroit, the transfer taking place immediately. It is the intention of the new firm to put on a sale and close out the stock.

The firm of R. Fitzsimons & Co. was established about ten years ago and has gradually increased its business until for several years it has occupied a large double store and is well known throughout the entire county.

It has been very successful and a large circle of patrons and friends will deeply regret that it has decided to go out of business, and it will likewise be a distinct loss to the business circles of the village.—Dexter Leader.

FOUR COUNTY DRAIN.

County Drain Commissioner Clayton E. Deake announced Saturday morning that the estimate of the cost of the Grand River drain, in which Jackson, Ingham, Hillsdale and Washtenaw counties are interested, had been completed and that the Washtenaw county's portion of the expense would be \$908,300. As the total cost of the drain is to be \$293,000, it will be seen that Washtenaw comes in for a comparatively little benefit. The drain work consists in widening, deepening and straightening Grand river at Jackson. There is no other digging, and Washtenaw's interest is on account of the drainage benefit to a few farms. The assessment on these farms will be about 13 cents an acre.

TO THE CHELSEA RED CROSS.

We, the undersigned wish to express our thanks to the members of the Red Cross for the fine outfit which you gave each of us upon our departure from Chelsea. Of all men in camp, we believe that we have the best present from the Red Cross of any of them. Again we wish to thank you and wish you success; you have the hearty co-operation of all Chelsea men at Camp Custer.

Yours in khaki,
C. C. Heischwerdt,
Sidney Schenk,
Louis H. Faber,
Frank C. Gross,
Cleon Wolff,
Aaron C. Hoffman,
Vance L. Ogden,
Herman Alber.

CARD OF THANKS.

I wish to thank the Red Cross for the beautiful basket of fruit, also the M. E. Sunday school for the flowers, and the many other friends who so kindly remembered me at the time of the D. U. R. wreck, in which I was injured.

Private George Alber.

CARD OF THANKS.

We wish to thank all our friends and neighbors for their many acts of kindness, also the choir, Rev. Schoen and Rev. Boehm for their comforting words, and for the beautiful floral offerings, during our recent sad bereavement.

Veit Bahnmiller and Children.

Doing Good.

Few Medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Dolmeny, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being an exceptionally fine preparation."—Adv.

Miss Gladys Tassage of Plymouth spent several days of the past week at the home of Dr. and Mrs. H. J. Fulford.

The L. C. B. A. will hold a lawn social Saturday evening at the home of Mr. and Mrs. Ed. Boissel, South Main street. Ice cream and cake will be served.

Private George Alber, who was injured in the D. J. & C. wreck and who had since been at his home here, was taken to the base hospital at Camp Custer, Saturday.

The Lady Macabees Red Cross sewing unit will meet Friday with Mrs. Bertina Stephens. Any ladies who wish to sew for the Red Cross are cordially invited to attend.

Word has been received by Chelsea friends of the death Sunday of Mark Hendry, son of Mr. and Mrs. Frank Hendry, formerly of Chelsea. The funeral was held today from the home of his parents in Royal Oak.

Mr. and Mrs. George Runciman received word from their son Walter, the last of the week. He had just returned from his sixth trip "overseas" on a government transport and expected to leave at once on his seventh trip.

Mr. and Mrs. Irvin Weiss and son Lee and Mr. and Mrs. Stanton Klink motored to Belleville to attend the Six-County rally and from there continued their trip to Detroit to spend Sunday with Mr. and Mrs. Walter Dennecker.

Mr. and Mrs. H. E. Fletcher entertained Mr. and Mrs. C. Steinbach of Chelsea, Miss Charlotte Steinbach of Cleveland, Ohio, and Master Robert Steinbach of Flint, over the week-end at the Burkhardt cottage at Cavanaugh lake.

Fire in the roof of the residence of J. N. Dancer caused considerable excitement at noon today. A small fire had been started in the furnace and in some way the roof caught fire from the chimney. The damage was comparatively small.

A warrant was issued yesterday in Ann Arbor for the arrest of James Farleigh of Dexter, charged with allowing Norman Gregory and Robert Howard, minors, to loiter about his pool room in violation of the law. The complaint was made by Marshal Fred Wyman of Dexter. On May 6th Farleigh was fined \$25 on a similar charge.

In a letter received Saturday, Kate M. Canfield of Lodi, California, mentions the fact that Charles M. Bates, a former Chelseaite, is now in France with the U. S. troops. His address is Chas. M. Bates, Q. M. C., A. P. O. No. 717, American Ex. Forces, France. She also mentions the recent arrival in California of her cousin, Osban Clark and family of Jackson, who made the trip overland in their automobile.

ELDRIDGE-PAUL.

Miss Unaee Eldridge and Mr. Rudolph Paul, both of Lansing, were married Sunday noon, July 28, 1918, at the home of his sister, Mrs. John Hauser. Rev. Albert A. Schoen, pastor of St. Paul's church, was the officiating minister and the attendants were Miss Arlene Owen and Mr. George Smith, of Lansing.

The groom is a former Chelsea boy, a son of Ernest Paul, and has many friends in Chelsea and vicinity. Mr. and Mrs. Paul will make their home in Lansing.

NEIGHBORHOOD BREVITIES

Items of Interest From Our Nearby Towns and Localities.

PINCKNEY—Leo Lavey of Camp Custer was in the wreck at Chelsea last Saturday. He was somewhat dazed by the shock and upon recovering full consciousness found himself and three soldiers lying beside the wreck. Two of the soldiers were already dead and the other expired while Leo was removing him from the debris. He arrived home late Saturday night and is suffering from bruises and nervous strain but returned to Camp Custer Wednesday.—Dispatch.

HOWELL—Contracts have been made with A. R. Coles Company of Ann Arbor, to change the M. J. McPherson store building corner of Grand River and Division streets into an up-to-date modern bank for the McPherson State Bank. A new front will have to be made, new fixtures put in and extensive changes and repairs made in all parts of the building. The lower floor will be used for bank purposes. The McPherson State bank bought the store some time ago for that purpose.—Republican.

HOWELL—Last Saturday William Radditz, of Cohoctah, was fatally injured in a fall of about forty feet from a silo. The scaffolding on which he and his son and hired man were standing gave away. The other two men escaped with slight injuries. During the cyclone, passing across this section in May, the roof was blown from the silo and they were at work replacing it at the time of the accident.—Democrat.

CUSTER DESERTER CAUGHT.

Sheriff Miller and other officers have been on the lookout for private Charles Reimann who formerly lived at Chilson and who left Camp Custer about eight weeks ago and was classified and advertised as a deserter.

Some clever detective work by constable Irvin Kennedy and James Bell located the man at Dexter last Saturday night.

A Washtenaw officer was notified and the prisoner was taken to Howell and from there to Camp Custer where he will answer to the charge of desertion.

There have been several desertions from Camp Custer recently and it is not expected that much mercy will be shown to offenders hereafter.—Pinckney Dispatch.

The Roosevelt Ideal

"The man elected this fall should not only be absolutely loyal but possessed of broad vision, sound common sense, high character and unyielding resolution."
—From the Address of Col. Roosevelt at Saratoga, July 17, 1918

Truman H. Newberry

Commander Truman H. Newberry combines all these qualities in the largest possible measure.

Paul H. King, Executive Chairman

WILSON SUPPORTS SUFFRAGE.

President Wilson's strong declaration for woman suffrage, delivered in his answer to the memorial of the suffragists of the allied countries of Europe, is expected to have an important effect in hastening the day of the enfranchisement of the women of France, according to dispatches from Paris. The President's letter has aroused tremendous enthusiasm among the suffrage supporters in France, and at a recent meeting it was voted to ask the French parliament to appoint a committee to consider the question of universal suffrage.

Cause of Despondency.
Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.—Adv.

Order of Publication.

State of Michigan, County of Washtenaw, ss. At a session of the Probate Court for said county of Washtenaw, held at the Probate office in the city of Ann Arbor, on the 8th day of July, in the year one thousand nine hundred and eighteen.

Present, Emory E. Leland, Judge of Probate.

In the matter of the estate of Adeline W. Muscott, deceased.

On reading and filing the petition of Henry J. Heininger, executor of said estate, praying that he may be licensed to sell certain real estate described therein at private sale for the purpose of paying debts.

It is ordered that the 5th day of August next, at ten o'clock in the forenoon, at said probate office, be appointed for hearing said petition.

And it is further ordered that a copy of this order be published three successive weeks previous to said time of hearing, in the Chelsea Tribune, a newspaper printed and circulating in said county of Washtenaw. [A true copy]

Emory E. Leland,
Judge of Probate.
