### A COMMUNICATION.

Ann Arbor, Michigan.  
August 12, 1918.

Editor Tribune:  
Being asked frequently by friends in various parts of the county, and who are unequipped with the several candidates for congress in this district, as to the qualifications and my personal choice for the office, I wish to say that all are good clean men, but having known ex-senator Frank T. Newton for many years, and having found him a man of probity possessed of wide business and legislative experience, having served in the Senate while I was in the House at Lansing, and knowing that he there voted for every measure looking to the uplift and betterment of conditions generally in this state, including all "dry laws," and living

in Washtenaw county, I shall support Washtenaw county, I shall support him and do all I can to have him nominated and elected, if nominated. Each county will support their local candidate, and as Mr. Newton has all the necessary qualifications for the possession of congressman, I can see no reason why this county should not give him a practically unanimous support.

I write this endorsement without Mr. Newton's knowledge and solely because I consider him Washtenaw's candidate and an eminently fit man for the position.

Respectfully,  
Adv. H. W. Newkirk.

Good horse races at the Livingston County fair at Howell, Mich., August 27, 28, 29, 30th.

### FOURTH LIBERTY LOAN CAMPAIGN VOLUNTARY

County War Board Formulated Plan Under Which Subscriptions Will Be Received.

The Washtenaw County War board announced Saturday the plan under which the fourth Liberty loan campaign will be conducted. It will be a voluntary plan, as formulated and agreed to by the divisional chairmen of the county, the bankers and the members of the war board at their meeting held last week. A similar plan was found very successful in Ingham county during the third Liberty loan.

The plans include the opening of the campaign with a big patriotic parade on Sunday, September 29. The voluntary campaign for subscriptions will be conducted during the week of September 30 to October 5, inclusive. For the subscription campaign there will be a central headquarters, where the people will be expected to make their subscriptions, and this headquarters will be in charge of responsible men. There will be a card index system, in which every adult person will be listed by a card. These cards will be filed by wards.

There is now in process of preparation a big schedule showing what amount of bonds a person should buy, based on income and wealth. This schedule will be printed and distributed and published with the general plan of the campaign, and will be furnished to each ward department at the subscription headquarters.

The people will be expected to go to the headquarters, and to the particular ward headquarters where they belong, where they will state the class in which they belong and the amount of bonds they wish to subscribe for. All this will be voluntary. The people will be expected on their conscience to place themselves in their proper class and to subscribe for all the bonds they can afford to buy.

Another feature of the system will be a board of review, composed of prominent business men, who will go over all applications for bonds, and to every person who makes a satisfactory subscription, there will be mailed a volunteer window card.

The Washtenaw county quota, based upon a total bond issue as now proposed of \$6,000,000,000, will be \$3,104,590.

The government plan and the partial payment plan will be used, the latter allowing a first payment of ten per cent followed by four per cent a week. The banks will not take any subscriptions during this campaign, but will handle the subscriptions and the bonds, after the campaign is completed.

During the next ten days a series of conferences of school district committees will be held in the several divisions throughout the county.

### BUSHNELL SUSPECT GIVEN THIRTY DAYS

Greek Who Was Mistaken for Escaped Convict Gets Jail Sentence.

The Greek who was arrested Tuesday near the Alber farm in Sharon, following an exciting chase by county officials and a posse of local citizens who thought they were trailing Bushnell, the escaped Jackson prison convict, was sentenced to 30 days in the county jail Thursday in Ann Arbor.

The man gave his name as Chris. Stafos and his home as Detroit. He is about 37 years of age. He did not give a very good account of himself in Justice Thomas' court and as he had threatened several people in the vicinity of Sylvan Center with harm if they did not keep away from him and had fired a fence as the result of carelessness while cooking his dinner, the justice imposed a sentence of 30 days in jail.

The fellow bore little resemblance to Bushnell, being a much smaller and lighter built man than the escaped convict.

### SERVICE AND RANK SHOWN BY HAT CORDS

Easy To Distinguish the Several Branches of Military.

With the constant addition of new units to the military fabric, the public is often at a loss to distinguish the branch of service in which soldiers are engaged. It may be told by hat cords. Cut this out and learn it or keep it for reference.

Blue—Infantry.  
Red—Artillery.  
Yellow—Cavalry.  
Red and white—Engineering corps.  
Pink and white—Signal corps.  
Blue and red tassels—Machine gun corps.

Green—service corps.  
Orange—Quartermaster's corps.  
Plum and black—Medical corps.  
White band without cords—Aviation training corps.

Blue and white—Reserve militia and volunteer corps.  
Under a recent ruling the collar insignia, which has formerly been "U. S. N. G." for the national guard branch, "U. S. N. A." for national army men, and plain "U. S." for the regular army will in future be "U. S." for all branches.

One gold bar on shoulders indicates second lieutenant; one silver bar, first lieutenant; two silver bars, captain; gold oak leaf, major; silver oak leaf, lieutenant colonel; spread eagle, colonel; silver star, brigadier general; two silver stars, major general.

Hear the celebrated "Ike" Fischer orchestra and vocal soloist at the Livingston County fair at Howell, Mich., August 27, 28, 29, 30th.

### NEXT DRAFT AUGUST 26.

Adjutant General John S. Bersey of Lansing, has sent to the local draft boards of Michigan a call for 5,275 men, to be sent to Camp Custer during the five-day period beginning August 26. This call must be filled from men in class I, and only white men, physically qualified for general military service will be accepted. The quota required from Washtenaw county is 123 men.

A call has been received also for 12 men for Camp Dodge, Des Moines, Iowa, to be selected from men qualified for special or limited service only. They are to be sent to camp August 30th.

In addition to the above, an order has been received for three men for special or limited service to be sent to Camp Custer on August 27th. Two clerks and one carpenter are required and the following have been selected: Clerks, Ralph J. Cavanaugh and John F. Vick, of Ann Arbor; carpenter, Fred Koch, of Chelsea.

### SOLDIERS NEED BOOKS

Donations of New Novels and Western Stories are Mostly Desired.

An appeal from the American Library Association's headquarters in Washington for more books from this vicinity for men overseas has just been received.

The appeal states that new novels and good western stories, whether old or new, are most needed. Books by Jane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. Over 600,000 books have been sent overseas already, and more are needed.

The books are packed in extra strong boxes arranged so that they serve as bookcases. They are sent over on the decks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage.

In France, the books are distributed by experienced librarians, most of them going to the Y. M. C. A., Red Cross and Salvation Army huts, hospitals and canteens. Donations of books for our boys overseas will be received at this office.

### NEIGHBORHOOD BREVITIES

Items of Interest From Our Neighboring Towns and Localities.

ONSTED — Stockholders of the Onsted Co-operative association have voted to increase the capital stock from \$15,000 to \$30,000. The corporation is going to spread out from a simple general merchandise and cattle shipping business to the grain elevator and coal business.

MASON — Carl Whipple and Albert Coman had a narrow escape from death, Tuesday morning, when an auto truck on which they were riding was struck on the Ash street crossing by a heavy freight train and demolished. Whipple and Coman jumped and saved their lives.

PARMA — The Parma Board of Education took another swat at Kaiserism on Tuesday evening when they unanimously voted to discontinue the study of German in our schools. The board has had the proposition in mind for some time but waited to secure definite information as to just what the colleges would require as they did not wish to in any way discourage the students.—News.

MANCHESTER — Harold Haarer, eight years old lost his right hand Saturday as the result of thrusting his arm into the exhaust pipe of a sanding machine at the handle factory. A rapidly revolving fan in the exhaust chopped the lad's hand to shreds, necessitating amputation at the wrist. The boy's father died only a few weeks ago and the family is in straitened circumstances.

### CONFISCATED LESLIE LIQUOR.

One hundred, twenty-three gallons of whiskey, valued at \$1,500, was confiscated by the state food and drug department, Tuesday, from Carl I. Robinson, druggist, at Leslie. The liquor was in three 41-gallon barrels, hid beneath the winter coal pile in the basement under the store.

Late Tuesday night the liquor was shipped to Lansing and is held in the laboratory at the offices of the food and drug department.

Investigation of the Robinson drug store was suggested by failure on the part of Robinson to make the required monthly reports to the food and drug department.

There had also been strong suspicion for some time that liquor was being sold illegally in Leslie.

### SALE STATE FAIR TICKETS.

The Tribune office has been granted the privilege of selling tickets for the State Fair at Detroit, to be held August 30—September 8, at 35 cents single admission, or three for \$1.00. The regular price is 50 cents each.

August 31st has been set aside as Children's Day, and free tickets for all children between five and 12 years of age will be furnished to parents who expect to take the children, and who buy tickets at this office.

Sale of tickets from this office closes Thursday, August 29th—positively none sold after that date. In buying tickets from us you save 15 cents on each ticket. 95tf

### Stomach and Liver Troubles.

No end of misery and actual suffering is caused by disorders of the stomach and liver, and may be avoided by the use of Chamberlain's Tablets. Give them a trial. They only cost a quarter.—Adv.

### LIGHTNING STRIKES NEAR MANCHESTER

Six Head of Cattle Killed and Fine Big Barn Burned on the Lamming Farm.

Lightning Sunday evening struck and killed six head of cattle and set fire to the barn on the Lamming farm about a mile northwest of Manchester village, and a short distance west of the "Dutch grove" corner on the Chelsea-Manchester road.

It is reported that several others of the cattle were struck and rolled down the hill from where they were standing, but apparently were not seriously injured. Recently harvested crops stored in the barn, the fruits of a summer's hard labor, also were burned.

In Bridgewater township a silo belonging to George Fettner was blown down and trees were uprooted by the wind. Two barns in York township, belonging to J. W. Loveland and W. P. Lamkin, were struck by lightning and burned, also the contents.

### LIBERTY LOAN FIGURES

Washtenaw Oversubscribed Her Quota by Quarter Million.

The County War Preparedness board received Tuesday an official report of the Liberty loan subscriptions in Washtenaw county in the last campaign from the seventh federal reserve district headquarters in Chicago, which contains some interesting figures.

The total subscriptions credited to the county numbered 11,528, which is 26 per cent of a population of 44,714. The quota of this county was \$1,552,295, which was oversubscribed \$277,135, more than a quarter million over the amount asked. This is an average subscription of \$150 for each individual subscriber.

The report also contains a statement of the amount of bonds handled by the banks in the county, as follows:

Ann Arbor Savings bank, \$337,300; Farmers and Merchants' bank, \$281,850; First National bank, \$119,600; State Savings bank, \$328,100; Farmers and Merchants bank, Chelsea, \$59,800; Kempf Commercial Savings bank, Chelsea, \$94,000; Dexter Savings bank, \$53,100; People's bank, Manchester, \$31,250; Union Savings bank, Manchester, \$40,000; Farmers and Merchants' bank, Milan, \$45,250; Milan State Savings bank, \$30,000; Citizens bank, Saline, \$31,800; Saline Savings bank, \$32,250; First National bank, Ypsilanti, \$207,300; Ypsilanti Savings bank, \$78,000.

### NO MORE NEW PHONES.

A recent war order prohibits the telephone companies from installing any more new telephones in order to conserve copper wire. Buildings to which wires are already connected, and to which the service has been discontinued, may have a telephone re-installed, but no new installations requiring a new "drop line" will be permitted because that necessitates the use of new wire needed by the government signal service corps "overseas."

### TROUBLE AT M. E. HOME.

Ira E. Wood, retiring superintendent of the Methodist Old People's home, was arrested yesterday on a charge of assault and battery preferred by Mrs. Jane T. Howe, one of the resident members at the home. The alleged offense is said to have taken place on Thursday, August 8th. Mr. Wood pled not guilty and his hearing has been set for tomorrow before Justice E. A. Ward, when it is said that troubles which have been brewing at the home for several months past will be thoroughly aired.

### WANTED AND FOR SALE.

Five cents per line first insertion, 2½¢ per line each consecutive time. Minimum charge 15¢. Special rate, 3 lines or less, 3 consecutive times, 25 cents.

### TO RENT, FOUND, ETC.

NOTICE—All Liberty bonds paid for in full up to and including July 22nd, through the Farmers & Merchants Bank, are now ready for delivery. Kindly call and receipt for same at your earliest convenience. Farmers & Merchants Bank. 9712

FOR SALE—Good potatoes. H. O. Knickerbocker, phone 249, Chelsea, Mich. 9713

WANTED — Honest woman with home wishes acquaintance of honest man about 55 years of age (white). Hattie R., Times-News, Ann Arbor, Mich. 9613

FOR SALE—Modern eight room residence, 642 McKinley St. Inquire James Cook, 309 South Main St., Chelsea. 9613

WANTED—Young women, desirable positions as telephone operators, pay while learning. Apply Chief Operator, Mich. State Telephone Co., Chelsea. 91tf

FOR SALE—Old newspapers for wrapping, shelves, etc. Large bundle only five cents at the Tribune office

WANTED—People in this vicinity who have any legal printing required in the settlement of estates, etc., to have it sent to the Chelsea Tribune. The rates are universal in such matters, and to have your notices appear in this paper it is only necessary to ask the probate judge to send them to the Chelsea Tribune. 12

Cyrus H. McCormick

In developing the manufacture of farming implements, Mr. McCormick has done an invaluable work for conservation.

"Conservation" means "saving." When we speak of national conservation we mean the saving of the country's resources and products.

We know that national conservation is of the utmost importance, but, in the stress of these terribly momentous times, we are apt to forget the necessity of "personal conservation," which is nearly equal importance.

We believe that every man and woman—every boy and girl—should give serious thought to the vitally important matter of "personal conservation," or "saving."

An account at this bank will help you to form the valuable habit of thrift—and thrift will help you more than almost anything else in the world.

## BRITISH AND FRENCH CUT 11 MILES AHEAD IN NEW OFFENSIVE BY FOCH

British Armored Cars and Tanks Lead the Advance of Allied Troops Over Wide Front—Thousands Taken Prisoners.

### POWERFUL CAVALRY FORCES ARE IN ACTION

The Allied Losses Thus Far Have Been Slight and the Germans Are Slow and Weak in Counter-attacking.

London—The Franco-British advance on the battlefield south of the Somme has reached a maximum depth of 11 miles, according to news received here shortly after noon Friday.

Advances from the battlefield south of the Somme say British armored cars and tanks, in advance of the infantry, have reached within a mile of the Chaumes railway junction.

The cavalry, tanks and armored cars, it is indicated, have gone ahead to the line running from Framerville to Labons.

The total of prisoners captured is reported to have reached 19,000.

London—Fourteen thousand prisoners and guns too numerous to mention have been taken in the British drive on the front south of the Somme, says Friday's war office report. The cavalry is still pursuing the enemy.

Paris—The battle on the front south of the Somme was resumed early Friday morning and the Franco-British forces made favorable progress from the start, reaching various selected objectives.

Powerful cavalry forces are in action.

The reports received up to 11:30 o'clock show the attack developing victoriously on a great scale.

Latest reports received by the Havas agency from the battlefield are that the fighting continues fiercely along the entire Anglo-French attack front.

The war office report of Friday morning is guarded, merely saying that the situation on the battlefield south of the Somme is unchanged. (This report evidently covers the lull during the night and probably was issued before the battle was resumed Friday morning.)

#### French Advance Four Miles.

On the French front in France—French troops on a front of six miles northwest of Montdidier have advanced to a depth of four miles and captured nearly 3,000 prisoners.

Important material also was captured. The advance was carried out with extremely light losses.

The French front runs from the Avre north to a point just south of the Amiens-Roye road where it joins up with the British.

The attention of the Germans was fixed on the Vesle attack when the new offensive was opened. There was no reply to the French artillery preparation, which lasted 45 minutes.

German soldiers were captured while harvesting grain in the fields, so complete was the surprise. Moreau and Morisset were carried by assault. The difficulties of crossing the Avre were overcome rapidly, the French using hastily constructed foot bridges. After taking Braches, the French captured La Neuville and the series of hills dominating the plain beyond.

Pressing the advance already gained in Picardy, the British and French troops in snatching attacks are forcing the Germans back toward the important Peronne-Roye road. The advance Thursday was probably the greatest in territorial extent by the Allies in one day since 1916.

Amiens, as a result of the fighting up to the present, has been almost entirely relieved of the German menace and even the German artillery will have difficulty in reaching it. The important railway running north from Paris through Amiens and paralleling the Allied battle front can now be used again after being under the fire of German guns four months.

The Allied losses thus far have been slight and the Germans have been slow and weak in counter-attacking. The greatest enemy defensive asset—machine gun nests—appears to have been very well quenched by the British tanks which swarmed through the German lines. They did their work with ruthless thoroughness.

Following short but intensive artillery preparation and aided by misty weather, the Allied attack took the Germans completely by surprise and they fled almost everywhere pell-mell before the tanks, motor machine gun batteries, cavalry and infantry sent against them. All the objectives set for the Australians, Canadians, Englishmen and Frenchmen were attained in remarkably quick time.

In smashing through the German first line on the 26-mile front from Morlairecourt to Hargreaves, or roughly, from Albert to Montdidier, the Allies advanced as far as seven and one-half miles in the center. The average advance was probably more than four miles. Most determined opposition has been encountered on the extreme left of the fighting front. Morlairecourt is still in German hands, although a desperate conflict was staged there Thursday.

Cavalry was brought in late Thursday and succeeded in capturing sev-

eral villages and in rounding up scores of prisoners. Field Marshal Haig has not definitely reported on the captures of guns and prisoners, but an announcement has been made officially in London that early Thursday 7,000 Germans and 100 guns had been taken by the British and French. Later unofficial reports bring the total of prisoners to more than 10,000, the French alone taking 3,000.

Penetration of the enemy positions has been greatest south of the Somme to Messiers. This is directly east of Amiens and Framerville. The farthest east reached by the British up to late Thursday is seven miles from the Peronne-Roye road. North of the Somme the British have had to fight hard for their gains and the same has been true of the French advance across the Avre. Once across the Avre, however, the French moved forward rapidly.

The Peronne-Roye road with its parallel line of railroad, it is the main communication line. With this in Allied hands, or even under short artillery range, the German positions north of Arras and south and east almost to Rheims would be in great danger. Montdidier, the pillar of the German positions where the battlefield swings toward the east, is invested on three sides.

Should Montdidier fall or the Peronne-Roye road be cut the German situation between Arras and Rheims would be most difficult, military observers believe. The first result probably would be a withdrawal from Montdidier to Rheims to the line of the Oise and the Aisne or perhaps to part of the old Hindenburg line.

The terrain before the Allies is rolling and rather difficult of defense except north of the Somme. Important results already have been achieved should the Peronne-Roye road not be reached at once. Marshal Foch has shown he retains the initiative and the forces to take the offensive. Also Amiens and the northern roads are no longer under enemy artillery range. The present Allied line tends to form two pockets—one to the north and one to the south—both of which become more insecure as the advance continues. In air fighting which preceded the drive British aircraft accounted for 22 German machines, 15 of which were destroyed.

Berlin says the British have forced their way into the German positions between the Aisne and the Avre, but gives no details. German counterattacks probably will be stronger now that the enemy knows where he is being menaced.

German soldiers were captured while harvesting grain in the fields, so complete was the surprise. Moreau and Morisset were carried by assault. The difficulties of crossing the Avre were overcome rapidly, the French using hastily constructed foot bridges. After taking Braches, the French captured La Neuville and the series of hills dominating the plain beyond.

Pressing the advance already gained in Picardy, the British and French troops in snatching attacks are forcing the Germans back toward the important Peronne-Roye road. The advance Thursday was probably the greatest in territorial extent by the Allies in one day since 1916.

Amiens, as a result of the fighting up to the present, has been almost entirely relieved of the German menace and even the German artillery will have difficulty in reaching it. The important railway running north from Paris through Amiens and paralleling the Allied battle front can now be used again after being under the fire of German guns four months.

The Allied losses thus far have been slight and the Germans have been slow and weak in counter-attacking. The greatest enemy defensive asset—machine gun nests—appears to have been very well quenched by the British tanks which swarmed through the German lines. They did their work with ruthless thoroughness.

Following short but intensive artillery preparation and aided by misty weather, the Allied attack took the Germans completely by surprise and they fled almost everywhere pell-mell before the tanks, motor machine gun batteries, cavalry and infantry sent against them. North of the Somme the British have had to fight hard for their gains and the same has been true of the French advance across the Avre. Once across the Avre, however, the French moved forward rapidly.

## STATE NEWS

Battle Creek—The food administration is holding a car of smutted wheat owned by the King Seed Co., of this city.

Hastings—George Vandewalker, of Kalamazoo, paid a fine of \$23.95 for using a set line in fishing in lower Coney Lake.

Potosky—Sugar card regulations are openly violated here. J. E. Bain, county food administrator, has written Lansing for instructions.

Flint—Corp. Lynn C. Fitzgerald, of this city, wounded at the Marne with the Marine Corps, was previously wounded at Chateau-Thierry.

Reedsville—Wadsworth Galibewak, 9 years old, was crushed to death by an ice wagon while trying to pick up a stray piece from the road.

Cheboygan—Floyd Bonnie, of Flint, was caught breaking into Black Lake cottages. He ran away from home and will be returned to that city.

Kalamazoo—A. P. L. workers, State Constabulary and local and county officials rounded up 250 men of draft age who could not show draft cards.

Manistee—Eight volunteers will leave Manistee August 14 to enter mechanical training schools, a result of the limited service call which was issued by the local draft board.

Albion—The Albion Vigilance corps has taken up a plan proposed by factory men, for every laboring man in the city to work Labor day and give the proceeds to the Red Cross.

Flint—Fred Kavecky, of Flint, reported severely wounded in action, has been sought by the local draft board as a draft delinquent. The board did not know Kavecky was in service.

Albion—The village of Springport turned out over 1,000 strong for the town's annual picnic at Duck Lake Friday. Capt. W. B. Pullinger, for two years on the French front, spoke.

Grand Rapids—Governor Sleeper, to fix war fund quotas, has appointed E. J. Bullard, Detroit; Otto S. Severidge, Bay City; W. G. Oviell, Coldwater; Carl Young, Muskegon; Felix Flynn, Cadillac; J. H. Rice, Houghton; Charles H. Bender, Grand Rapids.

Reed City—Reed City has had three fires in less than four days. The dining quarters of the Seventh Day Adventist camp burned to the ground. Boys using matches set the Evangelical sheds on fire and then the Dell Watkins lumber mill suffered a loss.

Coldwater—Fire started by an exploding lantern destroyed a big grain barn on the Shoemaker farm near Coldwater with all the summer's crops and much farm machinery. The farm was occupied by H. B. Clouse, who loses all the proceeds of his summer's work.

Iron Mountain—William Osterberg, 19 years old, of Norway, was drowned in Hamilton lake while bathing. He dove from a raft and his head became stuck in the mud and he failed to come to the surface. Two friends tried to rescue him, one nearly meeting a like fate.

Benton Harbor—After preparing his bath at the Hotel Benton, L. H. McDaniel, of Chicago, Ill., a representative of the White Motor Company, of Cleveland, Ohio, dropped dead of apoplexy. McDaniel had just returned from the city hall, where he addressed the council on fire equipment.

Pontiac—Walter Syzykierak, former Detroit saloonkeeper arrested near Novi for having a supply of liquor, will have an examination in justice court August 29. He was released on \$500 bail. The wine, liquor and beer confiscated in a raid on his house is valued at \$2,500. It will be dumped into the sewer.

Big Rapids—Lieutenant E. W. Minter, of the One Hundred and Twenty-sixth infantry, is home on a seven-day furlough. He has been with Company D of Iowa most of the time while in France. He spent 21 days in the trenches and was in two attacks, one of gas and one of explosives. He is en route to Fort Sheridan to help train soldiers.

Port Huron—The Foundation company, Port Huron, shipyard, incorporated, has begun preparations for the construction of 10 steel seagoing tugs, each 150 feet long, 27 feet beam and 16 feet deep, for the United States shipping board emergency fleet corporation. The boats will be finished by the middle of April. Six hundred more employees are needed at once for this government contract.

Muskegon—With five children, three sons and two daughters, enlisted in the United States service, and a sixth, a son, employed in an aeroplane factory where he is engaged in turning out parts for aircraft, Mrs. Louis H. Kantz, of this city, is the champion war mother of Muskegon. Two sons are in the navy, one in the aviation service, and the two daughters are in the naval reserve as yeomenettes.

Muskegon—The state convention of the Michigan Council of Carpenters, elected James Sharrock, of Detroit, president. Other officers are: Raymond Wanzo, Kalamazoo, vice-president; J. E. Whitaker, Jackson, secretary and treasurer; William Goessens, Monroe, and C. S. Walthall, Saginaw, members of executive board. For the first time in the history of the organization, a woman, Mrs. Retta Reams, Battle Creek, attended the convention as a delegate. The 1919 convention will be held in Kalamazoo.

Kalamazoo—John Taylor, father, is out on \$500 bail for making disloyal remarks.

Albion—H. P. Slayton, 81 years old, former Calhoun County sheriff, died in Cody, Wyo.

Monroe—Prohibition fines here amounted to \$5,020 between July 24 and August 7.

Ann Arbor—Enrico Caruso will open the U. M. Choral Union concert series October 19.

Lapeer—Ameyzo Hoard, 91 years old, Civil War veteran and second boy born in Macomb county, is dead.

Birmingham—Fire swept over 40 acres at Roseland Park cemetery. Three hundred dollars' worth of hay was burned.

Potosky—C. F. Miller, former resident, was accidentally killed at Pasadena, Cal., by the discharge of a revolver he was cleaning.

Big Rapids—Former Rep. George A. Loud, of Bay City, declared his support of Roosevelt for President in 1920 at a military banquet here.

Port Huron—Rain in St. Clair and counties in the Thumb district recently has saved thousands of dollars worth of beans and potatoes.

Albion—A state inspector dumped 48 gallons of alleged non-alcoholic drinks made by the Red Cross Co., of St. Louis, Mo., in the sewer here.

Ferdale—This village is considering restrictions on the speed of D. U. R. interurbans following the refusal of the company to establish two new stops here.

Decatur—George Taylor was instantly killed when a tree he was chopping down on a farm near here fell on him, crushing his head and shoulders.

Lansing—George M. Clark, of Bad Axe, has been elected chairman of the committee recently appointed by Governor Sleeper to investigate the workmen's compensation law.

Charlotte—Lewis W. Ross, 19 years old, who has been wounded in action is the son of Mr. and Mrs. George P. Ross, of this city. Ross is the youngest Charlotte soldier in action.

Potosky—Fritz Aschenbrenner, whose wife took her own life several months ago, was sentenced to Jackson for 15 years when he pleaded guilty to statutory offenses against his two daughters.

Saginaw—Rev. Fr. John Cook, pastor of St. Elizabeth's Catholic church, Reese, will leave this week for Camp Taylor, Ky., to become an army chaplain. The members of the parish presented him with a purse.

Muskegon—Robert White, 37 years old, was instantly killed Friday when the motor truck which he was driving as an employee of the Continental Motors corporation was struck by a Pere Marquette passenger train.

Grand Rapids—Joseph Kotz, 41 years old, a resident of Chicago, suffered a fracture of the skull and other injuries when the automobile he was driving collided with another machine on the Division road near the city limits.

Muskegon—Mrs. William Heap, wife of a Grand Haven manufacturer, who resided in this city many years, is dead. She was twice president of the Muskegon Woman's club, a leader in local Y. W. C. A. work and an active worker in the Michigan Art league.

Adrian—The annual budget for the Lenawee Patriotic league has been over-subscribed by more than \$19,000 and all the townships of the county have not yet reached their quotas. The Lenawee patriotic league was the first of its kind in the United States. It is believed here.

Albion—The Starr Commonwealth boys of this city have furnished one of their number to fight for their country. Raymon Chappell, of the home, has just been accepted for service in the aviation corps and assigned to Rockford Field, Cal. Six of the boys of the Commonwealth are with the colors.

Albion—The weight of 1,200 bushels of rye and oats caused the barn of Hibbard Howard, northwest of this city, to collapse just as the last load of grain was being brought in from the threshing machine. The men were able to back out in safety from the barn, but a horse, two hogs and a cow in the basement below were crushed to death.

Kalamazoo—Miss Dorothy West-nedge, daughter of Colonel J. B. West-nedge, commander of the One Hundred and Twenty-sixth infantry now fighting on the Vesle river, saved the lives of two companions at West lake when the boat they were using as a swimming raft foundered. A fourth member of the party, John Kloosterman, 18 years old, was drowned.

Lansing—Members of draft boards are to be exempt in the new 18 to 45 draft. It was announced recently by Colonel Borsey, upon advice from Washington. They are to be considered as already in the military service. Certification by the adjutant general or governor will be necessary just as is now required from any government employee, through the head of department in which he is located.

Traverse City—The Northwestern Michigan War conference have passed resolutions pledging the full and unimpeded forces of this state and its resources to the government, demanding prosecution of the war with no compromised peace, endorsing the plan for fixing just and equitable quotas for counties in national campaigns, favoring the erection of a community house at Camp Custer by state law, to be operated at state expense, to accommodate visitors at Camp Custer at a minimum expense.

## AUTOS TO BE TAXED BY HORSE POWER

COMMITTEE RECONSIDERED TAX ON USERS OF AUTOMOBILES; RANGE FROM \$10 TO \$50.

### TOBACCO TAXES ARE DOUBLED

Committee Has Decided to Permit Payments of Income and Excess Profits Tax in Three Installments.

Washington—Tax of 10 per cent on amounts paid for leased telephone and telegraph lines including press associations and brokerage circuits, a horse power tax on automobile owners and doubling of the tobacco taxes of the present law, instead of a higher range rates previously fixed, were written into the \$8,000,000,000 revenue bill by the House Committee.

Rep. Kitchin, Chairman, in a statement, replied to the telegram of Secretary McAdoo favoring retention of the present excess profits law and a flat 80 per cent war profits tax as an alternative to the greater revenue likely to be raised in each corporation's case.

Mr. Kitchin's statement indicated the Committee will retain in substance the dual or alternative system as agreed, but will insist the excess profits tax, instead of remaining as now, shall be increased, either as the committee has fixed them or by compromise.

"The Committee reconsidered the tax on users of automobiles, and levied a tax as follows:

"Twenty-three horse power or less \$10.

"Twenty-four to 30 horse power, \$30.

"More than 40 horse power, \$50.

Mr. Kitchin said the Committee had finally decided to permit payment of income and excess profits tax in three installments with a discount of one and one-ninth per cent if all the tax is paid when due.

### BUMPER CROPS THROUGHOUT U.S.

Practically Every Crop is Growing On a Larger Scale Than Heretofore.

Washington—Bumper crops of almost every foodstuff grown on the farm were indicated again Thursday in the department of agriculture's monthly crop report despite a falling off of prospective production in practically all crops during July, due to adverse conditions, principally hot and dry weather.

In round figures the loss to farmers of this prospective production is roughly estimated at almost \$750,000,000, more than \$450,000,000 in principal grain and food crops and \$250,000,000 in cotton.

Practically every crop is growing on larger acreage this year than that planted last year, indicating that the farmers have been making strenuous efforts to meet the heavy needs of the Allies and increasing demands at home.

Corn, the country's greatest crop, was the heaviest sufferer from the dry and hot weather of July, losing 171,000,000 bushels in prospective production since the first production forecast was made from June conditions. The monetary loss to corn growers is around \$275,000,000. From almost every part of the country came reports that corn this year is from two to three weeks ahead of its average condition, indicating that practically all of the crop will mature before the dates of first frost. That condition should assure minimum injury from frost.

What the harvesting of which is nearing completion, suffered a loss of 13,000,000 bushels, yet the crop will be much larger than last year's and bigger than the average for the five years before that.

Drought and heat made inroads on potatoes, causing a loss of 15,000,000 in the prospective crop and sweet potato production loss was estimated at half that quantity. A notable exception in the forecasts was that of tobacco, which showed an increase of 41,000,000 pounds in the prospective crop over the forecast made in July.

### THREE WORKMEN MEET DEATH

Strong Wind Blows Down 117 Foot Marine Leading Tower.

Detroit—Working 80 feet in the air, three men were killed and two injured when a wind blew down the half-completed 117-foot marine leading tower at the Union Depot elevators, foot of Seventeenth street. Two men leaped to another tower while the structure was toppling and escaped injury.

Addressees or relatives of the dead have not been found and the bodies are in the county morgue. The names are: O. M. Worthington, J. J. Boyback, and Guy Cross.

28,000 Army Coats Defective. New York—More than 28,000 army raincoats, similar in poor material and workmanship to large numbers of supposedly waterproof garments delivered to American soldiers overseas, have been found defective by inspectors who reported on an examination of government stores. Federal officials announced that 55,000 raincoats, withheld from shipment when General Pershing forwarded from France, complaints of leaky storm garments issued to thousands of his troops.

## A REVIEW OF THE POLITICAL SITUATION IN MICHIGAN

Congressmen in Six Districts Have No Competition in the Primaries.

Detroit—Contests for nominations feature a bare majority of Michigan's 13 congressional districts this year. In six of the districts the present congressmen will be on the ballot in the November election to succeed themselves, having no competition in the primaries. They are J. M. C. Smith, of Charlotte, in the Third; Edward L. Hamilton, of Niles, in the Fourth; Carl Mapes, of Grand Rapids, in the Fifth; Patrick H. Kelley, of Lansing, in the Sixth; James McLaughlin, of Muskegon, in the Ninth, and W. Frank James of Hancock, in the Twelfth. All these are Republicans and Democrats threaten only in the Third and Fifth, with Howard Cavanaugh and Peter Danhof as their candidates in the two districts.

Of the seven other districts in which there are contests, only three show battles that may be termed "warm." These are the Second, Eleventh and Thirteenth districts. In the Second, where Samuel Beakes, Democrat, will be a candidate for another term, four Republicans are seeking the nomination against him. They are Thornton Dixon, of Monroe; Frank Newton, of Ypsilanti; Mark Bacon, of Wyandotte, and Earl C. Michener, of Adrian.

In the Eleventh, the state's largest district, geographically, Congressman Frank D. Scott, of Alpena, is opposed by State Senator James W. Wood, of Manistique, for the Republican nomination. Scott hails from the lower peninsula end of the district and Wood from the upper peninsula end. Both are campaigning on their records in public office, Scott pointing to his accomplishments in congress and Senator Wood to his fine record in Lansing.

In the Thirteenth, which consists of the west side wards of the city of Detroit, Congressman Charles A. Nichols has two opponents for the Republican nomination. Malcolm McLeod, former internal revenue collector, and Walter Piper, real estate man. Attorney Louis McClellan is willing to take the Democratic nomination in this Republican stronghold.

In the First district, Congressman Frank E. Boreman, Democrat, again will be the candidate of his party, while State Senator James W. Hanley and Attorney Havelock Northmore are seeking the Republican nomination. Congressman Louis C. Cramton, in the Seventh district, is being opposed by Capt. Gilmore G. Seranton, of Harbor Beach, for the Republican nomination. In the Eighth, Congressman Joseph W. Fordney has an opponent in the person of Emory Townsend. In the Tenth, Congressman Gilbert Currie, of Midland, is opposed for re-nomination by former Congressman George Loud, of Bay City.

### ARMY-NAVY STOP RECRUITING

Baker and Daniels Have Issued Orders Stopping Volunteers From Enlisting.

Washington—Calls for 130,207 draft registrants, qualified for general military service, to join the colors before end of August, were issued by the provost marshal general. One hundred thousand white registrants from 33 states are ordered entrained between August 26 and August 30. Twenty-one states and the District of Columbia are directed to furnish 39,207 Negro registrants, to entrain August 22-24.

These orders bring the number of men called out in August to about 300,000, the number contemplated in the present military program. Michigan is called upon to supply 6,275 men; Ohio, 6,650, and Wisconsin, 500. Voluntary enlistment in the army or navy was suspended completely August 8 to prevent disruption of industry, pending disposition of the bill, proposing to extend draft ages to include all men between 18 and 45 years. Orders were issued by Secretaries Baker and Daniels directing that no voluntary enlistments be accepted until further orders.

The orders also exclude civilians from appointment to officers' training camps until further notice.

The orders were issued after a conference between Secretary Daniels, and were made public after President Wilson had visited the offices of both secretaries. It is not known whether his visit had to do with the enlistment situation, but just before he conferred with the cabinet officers, there was no indication that a step of such drastic nature was anticipated.

It was explained that the view of the government is that many of the older men are indispensable in their present occupations, but that the natural result of the debate on the draft age question is certain to lead to a rush to the recruiting offices. It is regarded as essential that men, greatly needed at home, should be prevented from rushing into the army under mistaken idea that they are certain to be drafted anyhow, and prefer to join the service voluntarily.

Garrett, Heads Prisoners Exchange. Washington—John W. Garrett, American minister at The Hague, has been designated to represent the state department and to head the mission of the United States which will meet German delegates at Berne, Switzerland, within a month to discuss the treatment and exchange of prisoners of war. Major General Francis J. Kernan, chief of staff to General Pershing, will represent the army, and the navy member will be Commander Raymond Stone.

## TO ALL WOMEN WHO ARE ILL

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."—Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

## ABSORBINE

Reduces Bursal Enlargements, Thickened, Swollen Tissues, Cuts, Filled Tendons, Soreness from Bruises or Strains; stops Spavin Lameness, always pain. Does not blister, remove the hair or lay up the horse. \$2.50 a bottle or 12 bottles delivered. Book 1 R free.

ABSORBINE, JR., for mankind—an antiseptic liniment for bruises, cuts, wounds, sprains, painful swollen veins or glands. It heals and soothes. \$1.25 a bottle at druggists or postpaid. Will tell you more if you write. Made in the U. S. A. by W. F. YOUNG, P. O. F., 210 Temple St., Springfield, Mass.

W. N. U., DETROIT, NO. 33-1918.

### CHEERFUL HEART GOES FAR

When You Come to Think of It, the Man With a "Grouch" is Seldom Popular.

To keep the face cheerful, the voice cheerful, to do good like a medicine, we must keep the heart cheerful. This is not an easy matter. One does not simply have to say: "I will be cheerful," and then have it so. He has to work for cheerfulness, just as he works to be honest or kind, or brave, or learned. He must be looking out for bright things to see and do. He must deliberately, yet quickly, choose which things he will think about and how. He has to shut his teeth, as it were, sometimes, and turn away from the gloomy things, and do something to bring back the cheerful spirit again. If we are cheerful for others, we are doing for ourselves. Good given, means good sent back. Cheerfulness can become a habit, and habit sometimes helps us over hard places. A cheerful heart seeth cheerful things.—Exchange.

### There Was But One.

"Oh, my dear," said the new proud mother to her husband, "I wish you could see the new baby across the way. It's perfectly lovely! Such a delicate, sweet little creature as it is! It's a perfect little cherub, with the loveliest eyes, the sweetest little mouth, and the cunningest little nose. It looks as if it had just dropped from heaven, and every tiny feature had

## GOOD-BYE BACKACHE, KIDNEY AND BLADDER TROUBLES

For centuries all over the world GOLD MEDAL Haarslem Oil has afforded relief in thousands upon thousands of cases of lame back, lumbago, sciatica, rheumatism, galls, gravel, and all other affections of the kidneys, liver, stomach, bladder and allied organs. It acts quickly. It does the work. It cleanses your kidneys and purifies the blood. It makes a new man, a new woman, of you. It frequently wards off attacks of the dread and fatal diseases of the kidneys. It often completely cures the distressing diseases of the organs of the body allied with the bladder and kidneys. Bloody or cloudy urine, sediment, or "brickdust" indicate an unhealthy condition.

Do not delay a minute if your back aches or you are sore across the loins or have difficulty when urinating. Go to your druggist at once and get a

box of imported GOLD MEDAL Haarslem Oil Capsules. They are pleasant and easy to take. Each capsule contains about one dose of five drops. Take them just like you would any pill. Take a small swallow of water if you want to. They dissolve in the stomach, and the kidneys soak up the oil like a sponge does water. They thoroughly cleanse and wash out the bladder and kidneys and throw off the inflammation which is the cause of the trouble. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, galls, stones, gravel, "brickdust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs. You druggist will cheerfully refund you money if you are not satisfied after a few days' use. Accept only the pure original GOLD MEDAL Haarslem Oil Capsules. None other genuine.—Adv.

### His Disappointment.

"I found a letter lying on the sidewalk this morning," grumbled old Riley Beazide of Petunia. "It was signed 'Lucile,' and at first I looked at it as if it might be worth reading. But when I had read the first line or two, which said, 'John and I went to Bethel to the big singing last Sunday,' I just threw it down again. What kind of a letter was that to lose on the public street?"—Kansas City Star.

Miss Sallie Lanes, an east Tennessee schoolteacher, has a record of mowing six acres of hay in one day.

### By Absent Treatment.

Miss Skrecher was giving a concert all by herself and had succeeded in puncturing the roof in several places. The man with a heavy coat of bald head started for the door, feeling as he went. A friend met him at the door.

"What's the matter, old top?" asked his friend, in a stage whisper.

"Oh, I'll be all right as soon as I get out of hearing distance. Just an attack of high-C sickness."

Chicago city morals committee indorses low-necked dresses for women

## Help Save the Harvest

When Our Own Harvest Requirements Are Completed  
United States Help Badly Needed  
Harvest Hands Wanted

Military demands from a limited population have made such a scarcity of farm help in Canada that the appeal of the Canadian Government to the United States Government for

### Help to Harvest the Canadian Grain Crop of 1918

Meets with a request for all available assistance to

### GO FORWARD AS SOON AS OUR OWN CROP IS SECURED

The Allied Armies must be fed and therefore it is necessary to save every bit of the crop of the Continent—American and Canadian.

Those who respond to this appeal will get a

Warm Welcome, Good Wages, Good Board and Find Comfortable Homes

A card entitling the holder to a rate of one cent per mile from Canadian boundary points to destination and return will be given to all harvest applicants.

Every facility will be afforded for admission into Canada and return to the United States.

Information as to wages, railway rates and routes may be had from the

DETROIT, GRAND RAPIDS, PORT HURON, TRAVERSE CITY

## Packers' Profits—Large or Small

### Packers' profits look big—

when the Federal Trade Commission reports that four of them earned \$140,000,000 during the three war years.

### Packers' profits look small—

When it is explained that this profit was earned on total sales of over four and a half billion dollars—or only about three cents on each dollar of sales.

This is the relation between profits and sales:

Profits

Sales

If no packer profits had been earned, you could have bought your meat at only a fraction of a cent per pound cheaper?

Packers' profits on meats and animal products have been limited by the Food Administration, since November 1, 1917.

Swift & Company, U.S.A.

## GREAT WAR EXHIBIT

Government Sending Complete Display to Chicago.

People of This Region Are to Be Shown All the Material of Warfare and Countless Trophies Taken From the Boches.

Chicago.—The United States government has chosen Chicago as the site of the biggest and most complete war exposition in this country since the war began, and for two weeks, beginning September 2, the people of this city and of the surrounding country will have the opportunity of seeing samples of all the war material used by the allied troops, and also many trophies taken by them from the Boches. The exhibits fill seventeen railway cars.

It is not a private money making affair, but an official exposition, given by the government through the committee on public information and the Illinois State Council of Defense, and in which the governments of France, Great Britain, Canada, Italy, and Belgium participate. Nothing is for sale. Nothing is to be promoted. The admission fee will be very small, and if it pays the bare expenses of bringing the exhibits here and placing them before the public, that is all that is wanted. If there should be a surplus, it goes by law into the United States treasury and reduces by that much the burden of the taxpayer.

### Will Reproduce Battlefield.

It will be a battlefield, reproduced faithfully to the smallest detail, within the limitations of the grounds. Front line trenches will be there, laid out by the very officer who laid them out in the Flanders battlefield where the Princess Pats fought until there are now but three men left alive of the original regiment.

It will show No Man's Land—all but the ghastly death scenes and one can well imagine them—that strip of ground ruled over by jealous Death where neither Boche nor human being dares set foot except by stealth and in the darkest hour of night. No Man's Land, with its great cellars dug by shells, with its plowed and torn and pulverized dirt and gravel, with its wilderness of barbed wire entanglements, with its wrecks of guns and wagons and airplanes.

First aid stations will be shown, with the blessed sign of the Red Cross at the entrance—favorite mark for German shells.

Guns of all sizes and kinds, with soldiers and sailors to man them and show how they are used; airplanes, signal stations, listening posts, fire control stations—everything that can be reproduced in so small a field, will be shown.

There will be the incendiary pastels of which every German soldier at the beginning of the war carried sixty. With these they burned houses and churches. The city of Louvain was burned with them.

### Show American Trophies.

Of the greatest interest to Americans will be the war material used by our boys, and the trophies captured by them from the enemy. Oh, yes, there are guns and plunder of all kinds taken from the proud Germans by the Yankee boys—and if it is possible to get them here in time there will be a big display of cannon captured by Chicago troops in the great battle now raging between the Marne and the Aisne. A cable has been sent to General Pershing asking him, if possible, to ship some of the booty over in time for the great exposition at Chicago.

The Italian exhibit contains a great many specimens of Austrian guns and shells. There is an incendiary bomb dropped on Venice in an effort to burn that splendid city; an Austrian floating mine; guns from Austrian submarines; torpedoes taken from Austrian submarines destroyed by the Italian navy, and the innumerable forms of rifles, trench tools, shells, periscopes, bayonets, and clothing used by the Italian army.

Remembering their beloved cathedral of Reims, the French have placed with their exhibit a shrine, wrecked by the Germans. But they also have spoils taken in the hottest battles—guns and gun carriages, "whiz-bangs," trench mortars, mine wipers, German 8-inch incendiary shells, airplanes of the type which tried to destroy Paris, and Zeppelin bombs. There is a complete exhibit of the famous French field gun, the "75."

### Guns From Cruiser Emden.

The British exhibit includes guns from the cruiser Emden, which a British ship destroyed; guns taken from the Turks; guns captured in Gallipoli, and all manner of wreckage from a score of battlefields. Of great interest are the British medals awarded for conspicuous bravery or great service to the empire.

Canada, of course, sets great store by her trophies from famous Vimy Ridge, Passchendaele, Ypres and wherever the rugged fighters met the Hun.

### A Measure of Motives.

"At last you agree with that colleague with whom you have had so much bitter debate."

"Yes," replied Senator Sorghum. "He's right for once. It's entirely to his personal interest to be so."

### Wanted Advice.

"I have called, sir," said the young man. "To ask you a serious question."

"Well?"

"Knowing her as well as you do, would you advise me to marry your daughter?"

## POULTRY

USES FOR DIFFERENT FOWLS

Poultry, Other Than Chickens, Have Important Place in Increasing Needed Food Supply.

(Prepared by the United States Department of Agriculture.)

The hen, first and last, is the main dependence for increasing the supply of white meat and eggs, but she requires the aid of turkeys, guineas, geese, and ducks, just as, on a dairy farm, the cow requires the aid of pigs, sheep, and goats. The setting of the standard at 100 hens per farm is safe, but no such arbitrary standard can be set for the other kinds of poultry. The small farm, with grain fields of neighboring farms in proximity to the barn and dooryard, would, perhaps, be better without turkeys. The farm through which no streams run and which has no large pond would perhaps be better without ducks. But the circumscribed farm on which turkeys would be a disadvantage may be well supplied with streams and ponds so that ducks would be unusually profitable, and the farm that has no streams and ponds may have large range for turkeys. Each farm family will have to determine for itself what poultry can be profitably kept in addition to 100 hens, bearing in mind always that an adequate number should be kept of all the kinds for which free range can be found.

Turkeys, ranging farther afield, prey upon insect forms that escape the hens. From the time the young are old enough to begin foraging for themselves, perhaps early in June, until near frost, turkeys take the bulk of their food from field insects, devouring millions of grasshoppers and other injurious forms in meadow and pasture. In regions where wooded areas are still fairly extensive, mast is an important item in the diet of the turkey. When the insect stores begin to fail, the mast harvesters are beginning to be filled. Feeding on acorns, chestnuts, beech nuts, and the like, turkeys will go a long way toward fattening themselves for the Thanksgiving or Christmas market and will not require much feeding of corn or other grain to finish them. Generally speaking, turkeys will require a larger feeding of grain than chickens to fit them for market, but, as they utilize forms of waste that hens and their broods would not reach, the keeping of a fair number of turkeys is good economy.

Guinea fowls utilize still other kinds of waste that would escape both hens and turkeys. Taking a wider range than chickens and yet not quite so wide as turkeys, keeping largely to thickets and weed patches, and committing fewer depredations against field and garden than either chickens or turkeys, requiring little feeding at any time, being prolific layers, during their season of eggs that are thought by many to have a richer and finer flavor even than hen eggs, the guinea fowl is an economic necessity on any farm where a serious effort is made to convert all waste into meat and eggs.

Geese hold still another sector in the line of the poultry army that makes war against waste. They touch flanks with the chickens in utilizing waste grain about stables and feeding pens. In a larger measure than chickens or any other kind of poultry, they are grazing stock, taking their living in large part from the ordinary grasses of the pastures.

The one kind of poultry of questionable economic status on farms is the pigeon. Almost exclusively a grain eater, the pigeon renders no notable service as a consumer of waste, except it might be shattered grain in the fields, and that in large measure would be taken up by other poultry and by pigs. The pigeon has its economic place in the scheme of urban poultry production, but, except in isolated instances where conditions are peculiarly favorable, its production on general farms may not be desirable.

### MARKING CHICKS MADE EASY

Toe Punch Method Enables Poultryman to Distinguish Hens From the Young Pullets.

(Prepared by the United States Department of Agriculture.)

Toe punch or mark all the chickens before they are transferred to the brooder or brood coop, so that their age and breeding can be readily determined.

What Englishwomen Are Doing. Six hundred and seventeen thousand English women have gone into business—198,000 into government positions; 62,000 into transport service; 50,000 into banking and finance; 307,000 into selling and clerical positions.—From McK. C. R. Drug Topics.

Very Much So. "How are the German troops doing?" "I notice by the news reports they are still in the running." "Be sure you're right, then be sure you're sure."

## Don't Poison Baby.

Forty years ago almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of Chas. H. Fletcher.

## Watch Your Stomach In Hot Weather

**Mack & Co**  
ANN ARBOR.

## SUMMER DRESS CLEARANCE

Our buyers for the second floor apparel salon have just returned from New York where they have made a discriminating selection of advance fall modes.

These goods will be pouring in in a few days, and must be made room for. As a result the remainder of our summer stock must go, and we have cut prices so drastically that it will clear quickly.

## LOCAL BREVITIES

Our Phone No. 190-W

Mrs. J. B. Cole was in Ann Arbor, Friday.

George Drudge was a Dexter visitor Sunday.

Mr. and Mrs. Otto Hinderer were Detroit visitors Sunday.

Mrs. George Walz and daughters are moving to Ypsilanti.

Sam Bohnet is repainting his residence on Orchard street.

Miss Henrietta Schumacher of Detroit visited Chelsea friends Sunday.

Miss Mildred Daniels visited relatives in Perry over the week-end.

Mrs. Anna Graubner of Ann Arbor visited Mrs. Frank Brooks, Friday.

Ed. Fahrner is having his residence, East Summit and East streets, repainted.

Lowell Genebach of Battle Creek spent Sunday with his aunt, Mrs. F. A. Mayett.

H. O. Knickerbocker and family motored to Flint and return, Sunday, to visit relatives.

Mrs. D. J. Guerin of Detroit has been the guest of Mr. and Mrs. W. K. Guerin for a few days.

Mr. and Mrs. L. D. Zinke of Cleveland, Ohio, are visiting relatives in Chelsea and vicinity.

Dr. F. A. Johnson of Greenville is spending a few days at the home of his brother, A. E. Johnson.

S. P. Foster and family and Miss Lillian Foster attended the Gleaner picnic at Clear lake, Saturday.

The L. C. B. A. will hold a regular meeting Wednesday evening at the home of Mrs. William Merker.

Hazen Leach, Louis Faber and Clayton Heschelwerdt were home from Camp Custer over the week-end.

Judson Ward of Detroit is spending some time at the home of his grandparents, Mr. and Mrs. George Ward.

Mr. and Mrs. Chris. Bauer and family, of Albion, spent Sunday at the home of Mr. and Mrs. S. J. Guerin.

An Ypsilanti man, W. P. Blair, was named in the list of Canadian losses published Sunday. He died of wounds.

Mr. and Mrs. George Hall and daughter, Muriel, of Cleveland, Ohio, are guests of Mr. and Mrs. A. L. Steger this week.

Miss Enid Spiegelberg submitted to an operation for the removal of her tonsils, Saturday, at St. Joseph's hospital in Ann Arbor.

The home guards drilled to martial music Friday evening on the streets in the business section of town; a big crowd watching the maneuvers.

The Macabee Red Cross Sewing unit will meet Friday afternoon, August 16th, from one to five o'clock at the home of Mrs. F. C. Klingler.

George Griswold and family expect to leave today for Cleveland, Ohio. They will travel by motor-truck and Mr. Griswold will buy junk on route.

Milton Heschelwerdt and family of Rochester, who have been visiting his father and other relatives in this vicinity for a few days, returned home yesterday.

"Jack" Dunn, who is in the medical corps stationed at Washington, D. C., has been home on furlough for several days and spent the week-end at the home of his sister, Mrs. Fred Belser.

A shipment of nine cans of small mouthed black bass minnows was received from the State Fish commission, Saturday morning. Five cans were planted in Crooked lake and four in North lake.

Mr. and Mrs. George Nordman have recently received several letters from their son Edward. He is in the hospital corps and on duty in a Red Cross hospital, probably near Paris, although he did not say so definitely.

Members of North Sylvan grange will repeat their play, "Under the Laurels," in Dexter, Saturday evening, August 17th. The proceeds will be equally divided between the Dexter and Chelsea branches of the Red Cross.

Frank Storms and G. H. Flint returned yesterday from a week's trip through the east. Mr. Storms visited relatives in Hallow's Falls, Vt., at Mr. Flint's former home in Providence, R. I., and also made a sight seeing trip to New York city and Newport.

A nice shower Sunday afternoon cooled off the atmosphere considerably, and we went down to the soil for about an inch. Coupled with Thursday evening's shower, Chelsea and vicinity is again on the rain map, but we still need a good, old soaker.

Mr. and Mrs. Henry Heschelwerdt and Mr. and Mrs. William Campbell were Detroit visitors Sunday and were motoring out North Woodward avenue in Highland Park at the time of the terrific rain there Sunday afternoon. In some places the water was over the axles of their car.

**Catarhal Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarhal, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 76c-Adv.

P. J. CHENEY & CO., Toledo, O.

Mrs. G. W. Moore visited her mother in Detroit over the week-end. Mrs. Andrew Greening and son Ambrose are visiting relatives in Sandusky.

Roy Brewer and three sons, of Parma, visited his cousin, F. A. Mayette, Sunday.

Warren Coc left for New York this morning to resume his duties on a government transport.

The Michigan State Telephone company is delivering new directories for Washtenaw county.

A troop train passed west over the Michigan Central at 10:15 this morning. One of the boys was Paul Kuhn, of Gregory, who has been in training at Ann Arbor.

A card from Cecil Clark, a former well known Lynden boy, who enlisted in the U. S. cavalry some time ago and who has been stationed at Ft. D. A. Russell, Cheyenne, Wyoming, advises that he expected to be transferred to the artillery soon and sent to Camp Kearney, California. The card is dated August 7th.

The Red Cross auction Saturday evening totalled \$322.81, everything being sold by the two auctioneers, E. W. Daniels and H. M. Armour, and their assistants, all of whom donated their services. George Griswold delivered the goods in his motor-truck Monday morning, donating his services also.

Mrs. Titus Yettah has received a letter from her son, I. J. Yettah, dated June 27th, which stated that he was well. While writing a German aeroplane was soaring overhead, and the Allied guns were firing at it. He wrote, "We are not afraid of the planes, although they drop some large shells, but we send some back at them."

Chelsea is suffering from a water famine and the use of water for sprinkling purposes has been denied our citizens temporarily. There is a noticeable lack of head in the flow of water at the wells and in order to conserve the water supply for domestic use and for use in case of fire, the sprinkling privilege has been withdrawn. It is said that water in the lakes in this vicinity is 16 to 18 inches lower than usual at this time of year.

## COUNCIL PROCEEDINGS

(Official)

Council Room,

Chelsea, July 15, 1918

Council met in regular session. Meeting called to order by president pro-tem, Howard S. Holmes. Roll call by the clerk.

Present—Trustees Holmes, Mayer, Hirth, Palmer, Dancer. Absent—Trustee Schoenhals.

Moved by Holmes, supported by

Dancer, that the bills be allowed and

orders be drawn for the amounts.

Yeas—Dancer, Hirth, Holmes,

Schoenhals, Mayer. Nays—None.

Carried.

Moved by Holmes, supported by

Dancer, that O. D. Schneider be given

permission to build a temporary

scaffold over the sidewalk in front of

the building now occupied by the post

office. Carried.

The following communication was

read by the president:

Chelsea, Mich., August 7, 1918.  
To the Hon. Common Council and  
Light and Water Commissioners,  
Village of Chelsea.  
Gentlemen:

Upon investigation I find that our plant is not able to take care of the extra large amount of water which the consumers are using and keep enough on hand in our supply tank at all times to furnish as with water for fire protection. During this extreme hot weather the consumers have not lived up to your request that water be used sparingly and according to rules as laid down by the Commission.

That the work has not been completed at the plant to connect up the new wells which have been driven by the superintendent, and that until these wells are connected up and trial made it is absolutely necessary that we discontinue the use of water to all consumers for the purpose of sprinkling in any form or the use of water through hose for any purpose whatever except for fire protection.

That the commission be instructed to notify each and every consumer of water by written notice to this effect, and that the penalty for failure to obey this rule or order be that further service of water for any purpose to this consumer or user be discontinued and cut off until permission has been obtained from the commission to again be supplied with water.

That a resolution be passed by the Common Council at this meeting to carry out the terms of this recommendation. That no allowance be made to the consumer for not being able to furnish or supply water for sprinkling purposes, but that if he wishes to be cut off for the balance of this season that he can do so by paying up to the present time.

That this rule and order is to take effect starting Monday, August 12, or sooner if the Council so desire, and remain in effect until further notice.

We must preserve the water for fire protection and for inside uses; and to the citizens, it is our patriotic duty to observe the rules and regulations of the commission.

Yours truly,

B. B. TURNBULL,

President.

Moved by Holmes, supported by Schoenhals, that we discontinue the use of water to all consumers for the purpose of sprinkling in any form or the use of water through hose for any purpose whatever, except for fire protection. That the Commission be instructed to notify each and every consumer of water by a written or printed notice to this effect, and that the penalty for failure to obey this rule or order be that the further service of water for any purpose to this consumer or user be discontinued and cut off until permission has been obtained from the Commission to again be supplied with water. That no allowance be made to the consumer for not being able to supply water for sprinkling purposes, but that if he wishes to be cut off for the balance of the season that he can do so by paying up to the present time.

That this rule and order is to take effect starting Monday, August 12th, and remain in effect until further notice.

That application for special water uses may be made to the Commission, and action taken by them. That the Marshal and Superintendent be instructed to act under instructions of Commission as to enforcement of this resolution. Carried.

Yeas—Holmes, Dancer, Hirth, Schoenhals, Mayer. Nays—None. Carried.

Moved by Holmes, supported by Schoenhals, that the Electric Light & Water Works commission and superintendent formulate plans and rough outline for an adequate water system and that they make a preliminary report at the first meeting in September.

Yeas—Holmes, Dancer, Schoenhals, Hirth, Mayer. Nays—None. Carried.

Moved by Holmes, supported by Dancer, that the president and clerk enter into a contract with Davidson & Bauer to build a curb and gutter on Summit street at price of 50¢ per lineal foot, the village to furnish all plank and clamps, curb to be same as on East Middle street.

Yeas—Holmes, Dancer, Hirth, Schoenhals, Mayer. Nays—None. Carried.

Moved by Palmer, supported by Dancer, that G. W. Beckwith be instructed to act as special assessor under the instruction of H. D. Witherell, village attorney. Carried.

Moved by Holmes, supported by Dancer, that the village president act with the Elec. Light & W. W. Com. to the end that they install some system of record keeping to enable them to make adequate monthly reports of profit or loss, to the village council.

Yeas—Holmes, Dancer, Palmer, Hirth, Schoenhals, Mayer. Nays—None. Carried.

Moved by Holmes, supported by Dancer, that we adjourn. Carried.

E. J. McKune,

Clerk pro tem.

## VILLAGE TAXES.

Village taxes are due and may be paid at any time at my store on East Middle street.

85tf. M. A. Shaver,

Treasurer.

## Summer Complaint.

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand.

Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."—Adv.

# The Workingman for NEWBERRY

The Michigan Workingman will support Truman H. Newberry for United States Senator

BECAUSE—

First

He is splendidly qualified. His Americanism, his ability, his experience, his high character, his good judgment and his knowledge of the war make him the strong man for senator.

Second

His Relations Have Always Been Most Friendly With Labor. While Secretary of the Navy he came into daily contact with labor and labor leaders and his course at that time met with their unqualified approval. He made it possible for men to hold meetings and participate in the making of wage scales.

The business institutions with which he is connected are noted for what they have done to improve working conditions.

He is a friend of labor.

Third

He favors an eight-hour day, with extra pay for over-time.

Fourth

He stands and will continue to stand for the protection of the working-man's wage. He believes in and fights for the great principle of Protection.

Fifth

The laboring man will vote for Truman H. Newberry because he can be elected, will be elected, and when elected will stand as the champion of labor.

**NEWBERRY**  
for  
**SENATOR**

Published by Newberry Senatorial Committee, J. A. Templeton, General Chairman, Paul H. King, Executive Chairman

Truman H. Newberry

**LESLIE W. LISLE**  
(Acting Prosecuting Attorney)

Clean, active, progressive.

Not a politician nor the candidate of any faction.

He knows no interests except the interests of the WHOLE COUNTY.

He stands for the enforcement of the law FAIRLY and IMPARTIALLY.
