REGISTER NEW DRAFT SEPTEMBER TWELFTH

Estimated Nearly Thirteen Millions
Will Be Listed by New
Man-Power Bill.

President Wilson Saturday signed the new man-power bill providing for the registration for military duty of all men included in the 18 to 45 age limits. He also issued a proclamation setting Thursday, September 12, as the registration day.

The president said: "It is the call to duty to which every true man in the country will respond with pride and with the consciousness that in doing so he plays his part in vindication of a great cause at whose summons every true heart offers its supreme service."

"Only a portion of those who register will be called upon to bear arms. Those who are not physically fit will be excused; those exempted by alien allegiance; those who should not be relieved of their present responsibilities; above all those who cannot be spared from industrial tasks at home upon which the success of our armies depends as much as upon those fighting at the front. But all must be registered in order that the selection for military service may be made intelligently and with full information. This will be our final demonstration of loyalty, democracy and the will to win."

Michigan's estimated registration is 498,965. On June 5, 1917, 274,317 were registered.

FARMERS REFUSED KING SEED WHEAT

Saline Men Say That Battle Creek Concern Misrepresented It.

One hundred and fifty farmers of Saline and Ann Arbor, who bought seed wheat of a Battle Creek seed company, have refused to accept the wheat, following its arrival at the railroad stations where it was to be delivered to the farmers, and have signed an iron-clad agreement and raised a fund to defend themselves in any legal proceedings which may be brought against them to compel them to receive the wheat as they had originally contracted to do.

The meeting appointed a committee to serve the notice upon the representative of the King Seed company. The committee was Albert Graff, R. L. Finch and Ralph Harwood.

Two carloads of this seed arrived at Saline Wednesday morning and a representative of the King Seed company of Battle Creek also arrived in Saline for the purpose of delivering the wheat to the purchasing farmers, and probably also to receive the pay for it. Therefore Wednesday was a decidedly interesting day for the Saline farmers and for the representative of the seed company.

Several of the farmers who examined the wheat say it is not as represented and not worth the price asked.

BAUER FAMILY REUNION.

A reunion of the Bauer family was held Sunday, September 1st, at the family home on South Main street, 72 being present, as follows: Albert Niehoff and family, John Bauer and family, Charles Wright, of Chelsea; Charles Clark and family, George Bauer and family, Johnny Bauer, of Lyndon; Fred Bauer and family, Martin Bauer and family, of Detroit; Adam Bauer and family, Mr. and Mrs. Kern and son Walter, of Ann Arbor; Mrs. Karl Roh and children, Marie and Elsa Roh and Mrs. Henry Kemmler, of Grand Rapids; William Roh and family, Mr. and Mrs. Karl Guentner, son Erwin and daughter Gertrude, of Lansing; John Mast and family and Emma Barnes, of Dexter; Chris. Bauer and family of Albion.

DEVINE ASKS RECOUNT.

Frank B. DeVine of Ann Arbor, candidate for the Republican nomination for prosecuting attorney at the recent primary election, Saturday petitioned the board of county canvassers for a recount of the ballots cast.

Unofficial returns gave Jacob F. Fahrner the nomination by one vote and the canvassers credited him with one additional vote from the township of Dexter.

The recount will be started on Wednesday and will probably require at least two days.

STABBING ON TRAIN.

William Clayton, a Pullman car porter, is under arrest as the result of a stabbing affray which took place on a Michigan Central train last Monday, somewhere between Chelsea and Dexter. Clayton was placed under arrest when the train reached Jackson and his victim, another porter named J. James, was taken to a hospital. Clayton will have his hearing in Ann Arbor as the alleged assault took place in this county.

AS IT USED TO WAS.

An exchange, The Brighton Argus, publishes each week a half column of items of "eighteen years ago." It hardly seems possible in these days of super-prices that the following low-prices could have ever prevailed:

Best broilers 9 1/2c the pound, fresh eggs 10c the dozen, best dairy butter 14c @ 16c the pound, etc. And we happen to remember that about then one could buy all the hard coal he wanted for \$6.50 per ton and ten cents worth of meat would be enough for a meal for the average family and you could buy 25 pounds of sugar for one dollar and the groceries were delivered free of charge; and that's as-it-used-to-was.

Phone us your news items; 190-W.

CHELSEA SCHOOLS REOPEN.

The Chelsea schools reopened this morning with the following corps of teachers:

Superintendent—W. L. Walling.
Principal, Latin and history—Miss Ethel Taylor.

Science—Mrs. Anna G. Fulford.
French and English—Miss Rachel Rosenthal.

History and English—Miss June R. Brooks.

Mathematics—Mrs. Belle Ropcke.

Commercial—Miss Harriet Stopher.

Sixth grade—Mrs. Florence Howlett.

Fifth grade—Mrs. Grace Axtell.

Fourth grade—Miss Norma Turnbull.

Third grade—Miss Alma Widmayer.

Second grade—Miss Ruth Spiegelberg.

First grade—Mrs. George A. Be-Gole.

Music and drawing—Miss Hazel Speer.

Only three of the teachers are strangers in Chelsea, Miss Rosenthal coming from Petoskey, Miss Brooks from Jackson and Miss Spring from Geneva, Ohio. The other teachers have either had previous experience here or are residents in Chelsea, and acquainted.

SARAH E. VANTYNE.

Miss Sarah E. VanTyne died Saturday evening, August 31, 1918, at her home, 230 South Main street, where she lived alone for a number of years past. She was about 65 years of age and the daughter of the late Dr. A. N. VanTyne who came to Chelsea with his family from Seneca Falls, New York, in 1869.

Miss VanTyne was a graduate of the Michigan State Normal college and taught in the Chelsea schools for several years. One sister, Mrs. Hattie Northrup, and one brother, A. A. VanTyne, both of Chelsea, are left to mourn their loss.

The funeral was held Monday afternoon at two o'clock from the Congregational church, Rev. Albert A. Schoen officiating. Interment at Oak Grove cemetery.

TRIBUNE NOW UNDER GOVERNMENT CONTROL

War Board Makes Rules to Govern Country Newspapers in Making Paper Savings.

An order recently issued by the War Industries Board provides for the average reduction of 15% of the total tonnage of print paper used by the country newspapers of the United States.

It is proposed to effect the saving largely by requiring that all papers must be paid for in advance and the elimination of all unpaid or questionable subscriptions, which are more than three months in arrears. The government practically requires that all subscriptions be paid in advance.

The Tribune has been pruning its subscription list for a number of years past, not striving so much to increase the circulation as to add reliable and prompt paying subscribers, and we know that practically every name on our present list is "good pay." However, some are in arrears and as the government now requires that subscriptions be paid in advance we hope that those whose subscriptions are not so paid will do so at once, not later than September 15th if possible.

Look at the yellow address label on the upper left-hand margin of the first page of your paper now and see how you stand. Notice the date following your name. If it reads

John Doe 1Jan19
you are paid ahead until January 1, 1919, but if the date reads

John Doe 1Jan18
you are in arrears from January 1, 1918, and should arrange to pay your subscription at once.

Some subscribers who live at a distance receive their papers wrapped singly, in which case the address label and subscription date will be found on the wrapper instead of on the paper itself.

The Tribune will obey the mandate of the War Board and we trust that each subscriber will ascertain at once just how his subscription account stands and if in arrears, call or send in his renewal not later than September 15th.

NEIGHBORHOOD BREVITIES

Items of Interest From Our Nearby Towns and Localities.

PINCKNEY—One of the many convicts, who have lately escaped from Jackson prison, returned to that institution last Monday. He had been working a few days for Deputy Sheriff Fred Teeple. Fred recognized the man from a photograph and description from the prison. The convict admitted his identity and returned peacefully to the prison accompanied by Mr. Teeple, who received \$100 reward.—Dispatch.

BRIGHTON—Jesse B. Cooley, son of Mr. Frank S. Cooley, was killed in action August 24, according to a dispatch received here Tuesday. He was a member of Co. E, 126th Infantry, and was about 23 years old.

DEXTER—Norman, the little son of Mr. and Mrs. Thomas Quigg of Webster township, met with a serious accident last Saturday, when his left hand was caught in a gasoline power pump. His fingers were crushed, necessitating amputation of the second one at the first joint.

PINCKNEY BOY WOUNDED.

Saturday's casualty lists included the name of Casimir James Clinton of Pinckney, who is reported seriously wounded.

TWENTY MORE BOYS GO TO CAMP CUSTER

Left Ann Arbor This Morning for Army Training Camp.

Twenty more Washtenaw county boys left for Camp Custer this morning to begin their military training, several from Chelsea and vicinity being included in the list, which follows:

John Maun Jamp, Floyd F. Uphaus, Walter E. Bahnmiller, Anastas Pelikas, Charles E. Stoll, Roy A. Troop, Edward J. Gibbons, Benjamin H. Bush.

Harry R. Knickerbocker, Ralph Chessman, Leon Mohrlock, Fred J. Howard, Bert W. Hummel, Wilbert G. Trinkle, Jay W. Harmon, August Hertler, Kurt P. Opperman, Basil F. Binder, Frederick J. Schleh, Clyde Jesse Mills.

SEPTEMBER WEATHER

Forecast for Ensuing Month Begins With Warm Wave and Includes Three Storm Periods.

Following the practice of several months past the Tribune herewith publishes its monthly weather forecast, compiled from several reliable almanacs:

1st to 5th, Warm Wave—Sultry and very oppressive heat for September over states of the Mississippi and Ohio river basins. Temperature of 105° at El Paso, 104° at Wichita, 101° at Omaha, 100° at Cincinnati and 98° at Pittsburgh.

6th to 10th, Thunder Storms—Showery weather with severe lightning, wind and hail over drought-stricken areas of Southwest and Middle-west. Local showers over the Middle Atlantic and New England states.

11th to 15th, Cool Spell—Fine cool weather in Southwest and Middle-west. Frosty nights and mornings over Rocky Mountain highland, the Dakotas, Minnesota and Iowa. Generally fair weather conditions for all Eastern and Southern sections.

16th to 21st, Rain Period—General rains with tornado tendencies in the West. Much mist and fog over the North Pacific slope and Lake region. 22nd to 26th, Cold Wave—Killing frosts and freezing weather in Montana, North Dakota and Minnesota. Low temperature for September in Michigan, Ohio, Pennsylvania, New York and New England.

27th to 30th, Rain Period—Sleet and rain over the states of the Rocky Mountain highland. Stormy weather from Wyoming and Idaho eastward to the Great Lakes. Showers over Eastern sections.

The temperature will be slightly above the average.
The rainfall will be at or near normal at most points.

VILLAGE TAXES.

Village taxes are due and may be paid at any time at my store on East Middle street.

M. A. Shaver,
Treasurer.

BAPAUME, NOYAN AND JUVIGNY HAVE FALLEN TO THE ALLIED ARMIES

Vast German Armies Are Retreating Eastward Toward the Belgium Border Back to the Rhine—Many Prisoners and Guns Captured.

WHOLE GERMAN LINE FROM SCARPE TO SOISSON REGION TORN TO FLINDERS

British Have Dashed Four Miles Beyond Bapaume to Hapincourt—Haig Reaches the West Bank of the Somme On a Wide Stretch.

London—Field Marshal Haig reports that along the whole front from Bapaume southwards the Germans have been forced to retreat with great loss in prisoners, guns and material. The British have reached the west bank of the Somme opposite Brie and Peronne. The text of the report follows:

"Successful attacks delivered by the fourth, third and first British armies have rendered the enemy's positions on the old Somme battlefield untenable.

"On the whole front from Bapaume southwards the enemy has been forced to abandon, with great loss in prisoners, guns and material, as well as killed and wounded, the ground he gained at such heavy cost in last March and April. We have reached the west bank of the Somme opposite Brie and Peronne and have taken them."

Bapaume Falls to Allies.

London—Bapaume, Noyan and Juvigny, the main bastions in the 55-mile German stop-gap line for which a titanic battle has raged for a week have fallen to the Allies.

Comblès and Nesle are reported taken and the French stand before Ham, while the British have dashed four miles beyond Bapaume to Hapincourt. The west bank of the Somme is reported to have been reached along a wide stretch. Peronne is doomed. It may have fallen by this time.

The whole German line from the Scarpe down to Soissons region has been torn to flinders, and fully 1,000,000 field-fighting men are fleeing eastward, ever eastward, toward the Belgian border toward the Rhine.

Back across the Somme they must flee before another night settles upon the "desert of the dead." Back to the Cambrai-St. Quentin-Laon line, whence they surged westward in their super-drives of last spring. "Nach Amiens," and "Nach Paris," they are staggering, stunned by the merciless blows of the Allies, of whom a couple of brief months ago it was written in the Berlin bible, the North German Gazette, that there was "no punch left in them."

From the ancient cathedral of Noyon, erected on the site of a church built by Pepin the Short, through the cracks ripped by many a sacrilegious shell, rang out lately a solemn chant; a special service of gratitude was celebrated. From the top of the town hall the tri-color fluttered lustily in the evening breeze, proclaiming deliverance of the city where Charlemagne was crowned; where Calvin was born; where the Moravians once held sway; and where this summer the Kaiser's generals, over French Champagne, were fixing the day for the fall of Paris.

Thirty-five miles to the northwest, in the shambles that was once the flourishing city of Bapaume, French women and children and old men for nearly half a year have been slaves of the invader, kissed the hands of husky "Tommy's" and babbled sobbing thanks for the liberation of the town where France, in 1871, suffered one of her worst defeats.

But such scenes, though they took place this very day, are almost a memory now, so fast are things developing on the field of battle. Foch is marching with seven-league boots. The real Hindenburg line—Douai-Cambrai-St. Quentin-Laon—is his objective, and until it is reached there will be no stopping. In its forehead the Germans may be expected to make their final stand. That battle,

OWN GAS SHELLS FIRED AT ENEMY.

With the French Armies in France—the ruins abandoned by the Germans previously were carefully filled with mustard gas. For this reason they are still inaccessible for occupation. The Germans were not able to use all the gas projectiles they brought to the present front, and large dumps of them fell into French hands. They are now being fired against the enemy from some of the hundreds of German guns the French First Army has taken since August 8.

unless any signs are deceiving, will be Arras's last round.

At Hapincourt, four miles east of Bapaume, where the British are reported they are only 17-12 miles southwest of Cambrai, Byng's left wing southeast of Arras is only 14 miles northwest of Cambrai.

The French, before Ham, are some 15 miles southwest of St. Quentin. The British army which links up with the French east of Chaulnes is little more away from it.

The British stand on the west bank of the Somme opposite Brie and Peronne, while the French have pushed their lines up to the western embankment of the canal Du Nord, where only two miles of front, between Catigny and Sermaize is still stubbornly defended by the Teutons.

Pressing eastward from Noyon, the French bit themselves into the western slopes of Mont Sineon. They captured Landricourt and Morlincourt, the Paris war office was able to announce.

On the southern end of the battle line the French, aided by Americans, crossed the Ailette at many places north and south of Champs, overcoming fierce German resistance. Gny and Pont St. Mard were captured.

The New Zealanders who captured Bapaume didn't stop a second. They dashed straight through and beyond the shell-battered town. The heaviest fighting rages around Vraucourt, four miles northeast, and in front of Hapincourt, four miles to the east.

Four and a half miles to the northwest of Peronne, the British have captured the little town of Hem, not to be confused with Ham, one of the strong points in Ludendorff's stop-gap line.

The Berlin war office had a few things to say. The German day report showed the public for the first time of Nesle, Noyan and Bapaume. In its ingenious way it told of the Allies' advancing "beyond" the line Dom-pierre-Nesle-Beaulieu-Suxoy, of "Noyon lying before our battle line," and of Bapaume being "subjected to heavy British artillery fire."

By nightfall Ludendorff felt obliged to be a bit more explicit. He put the German line "east of" Bapaume, Peronne and Noyon," which, incidentally, implies the German evacuation of Peronne also.

"On the whole front from Bapaume southward," says Field Marshal Haig's report, "the enemy has been forced to abandon with great loss in prisoners, guns and material, as well as in killed and wounded, the ground at such heavy cost in March and April of this year."

MEXICANS DELIVER UP ARMS

Gen. Plutarco Elias Calles Determined to Stop Border Sniping.

Nogales, Ariz.—General Plutarco Elias Calles, military governor of Sonora, issued a manifesto ordering all civilians in Nogales, Sonora, to deliver their firearms and ammunition to the general military headquarters at once, to prevent further sniping across the border.

The manifesto was distributed in the form of a handbill, and resulted in many rifles, pistols and much ammunition being surrendered to the military authorities. General Calles apparently has complete control of the situation across the line and no further trouble is anticipated. The Mexican town is under martial law.

Would Close Non-Essential Plants

Washington—Delegates to the federal board of farm organizations, in session here, authorized a petition to President Wilson to shut down all non-essential industries. The resolution said that there was serious shortage of farm labor, and that the agricultural industry had been more seriously affected by the army draft than any other. Other resolutions set forth that increased government price of wheat does not meet increased cost of production.

SENATE ADOPTS PROHIBITION BILL

SHEPPARD COMPROMISE AMENDMENT WAS ADOPTED BY SENATE WITHOUT A ROLL CALL.

BILL EFFECTIVE JUNE 30, 1919

Any Person Who Violates Provisions in Bill Subject to \$1000 Fine or Imprisonment For One Year.

Washington—The Sheppard compromise amendment for national prohibition, effective June 30, 1919, and continuing until the American army is demobilized, was adopted by the senate without a roll call.

Disposal of the emergency agricultural appropriation bill, to which the Sheppard amendment is appended, went over.

The text of the amendment follows:

"That after June 30, 1919, until the conclusion of the present war and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the president of the United States, for the purpose of conserving the manpower of the nation, and to increase efficiency in the production of arms, munitions, ships, food and clothing for the army and navy, it shall be unlawful to sell for beverage purposes any distilled spirits, and during this time no distilled spirits held in bond shall be removed therefrom for beverage purpose except for export.

"After May 1, 1919, until the conclusion of the present war and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the president of the United States, no grains, cereals, fruit or other food products shall be used in the manufacture or production of beer, wine, or other intoxicating malt or vinous liquor for beverage purposes.

"After June 30, 1919, until the conclusion of the present war and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the president of the United States, no beer, wine or other intoxicating malt or vinous liquors shall be sold for beverage purposes, except for export. The commissioner of internal revenue is hereby authorized and directed to prescribe rules and regulations, subject to the approval of the secretary of the treasury, in regard to the manufacture and sale of distilled spirits held in bond after June 30, 1919, until this act shall cease to operate; for other than beverage purposes, also in regard to manufacture, sale and distribution of wine for sacramental, medicinal or other beverage uses.

"After the approval of this act no distilled malt, vinous or other intoxicating liquors shall be imported into the United States during the continuance of the present war and period of demobilization.

"Any person who violates any of the foregoing provisions shall be punished by imprisonment not exceeding one year, or by fine not exceeding \$1,000, or by both, such imprisonment and fine.

"Provided, that the president of the United States be and hereby is authorized and empowered, at any time after the passage of this act, to establish zones of such size as he may deem advisable, about coal mines, munition factories, ship building plants and such other plants for war material as may seem to him to require such action whenever in his opinion the creation of such zones is necessary to, or advisable in the proper prosecution of the war, and that he hereby is authorized and empowered to prohibit the sale, manufacture or distribution of intoxicating liquors in such zones, and that any violation of the president's regulations in this regard shall be punished by imprisonment for not more than one year, or by fine of not more than \$1,000."

Senator James did at John Hopkins hospital, Baltimore, of an acute infection of the kidneys. He had been at the hospital about three months. An operation was performed. Transfusion of blood was made on several occasions.

MacK & Co.
ANN ARBOR.

Authentic Fall Styles

await your inspection in our second floor salons. Dozens of distinctive styles in coats, suits and dresses are here from New York, where they were carefully selected by our buying staff.

Navy blue leads as a color. Nearly all models are belted, although in new and unusual ways, and are fashioned of velour, gabardine, serge, and broadcloth. Other fashionable shades are taupe and brown.

Luxurious beltings, velours and mixtures make these handsome coats. Favored shades are blue, taupe, brown and green.

Dresses both of silk and wool show decidedly smart tendencies this fall. Fringe as a trimming is very good. Satin, taffeta, serge and wool jersey, are the preferred fabrics, in nearly every color.

After School

When the little lads come home tired and hungry what is better and more wholesome than a slice or two of our bread with butter or jam and perhaps a glass of milk?

Good wholesome cookies, too, are good for lunches. We have them.

Also a nice line of candies and chewing gum.

H. J. SMITH

WORLD SHORTAGE IN BEET SUGAR

Crops Are 40 Per Cent. Less Than Pre-War Average—Central Powers Hit Hardest.

CANE SUGAR IS ISOLATED.

Allied Beet Production Falls One-third In Rigid War Economy Practiced.

The world today is producing forty per cent. less beet sugar than the pre-war average.

Counting the American, Allied and German-Austrian crops, as well as the neutrals, the U. S. Food Administration has estimated that the world shortage created by the light crop of 1917-1918 is at least three and a half million tons.

That the 1917-1918 crop of cane sugar was two million tons in excess of the previous year does not relieve the general shortage.

Cuba and Java produce one-half of the world cane crop, and the Java sugar is too far removed from America to transport when shipping is badly needed to transport and maintain the military forces in France.

In Java a large part of the old sugar crop is still awaiting shipment. Since it requires 150 to 160 days for each boat that is sent to Java, the possibilities of obtaining adequate supplies of Java sugar this season are remote.

Allied Production Falls. Taking the Allied nations as a group, Tribune job printing pleases particular people.

"DON'T WORRY ABOUT CANADA"—PRESCOTT

THE DOMINION IS DOING ITS FULL PART IN FOOD CONSERVATION.

GERMAN RUMORS SAY DIFFERENT

In many ways Our Canadian Neighbor Far Excell Us in Regulations to Save Foodstuffs.

Lansing, July 4.—"Pro-German propagandists have been more busy than ever, since January 1, 1918, trying to circulate rumors in America that will undermine the faith of the people in their government. The German propagandists were successful in Italy and in Russia. The results of their work are only too well known. Such propaganda must be carefully fought in America," says Food Administrator G. A. Prescott.

"One of the systematic plans of propaganda since the German offensive of March 21 has been the circulation of rumors tending to discourage faith in Canada and her participation in the war. The rumor of interest to the Food Administration, and repeated in Michigan until it has become a dangerous rumor, is that Canada is making absolutely no effort to conserve food."

The Food Administration in Michigan, to combat the effects of this rumor, made a thorough investigation and has received scores of letters and bulletins from Canadian cities. This information is given herewith that you may be able to stop the repetition of this rumor in your community.

Here are a few of the facts about Canadian food conservation:

1. A penalty is provided for "prietors of hotels, clubs, restaurants, cafes, steamships, dining cars, and etc., managers of institutions, church societies or lodges, private householders or other persons who destroy or discard good food; also to wasteful parties or travellers; also to hunters, fishermen, etc., who neglect to save game or fish secured by them."

2. Penalty is provided to persons who allow food to spoil, if it could be saved by cooking, canning or other treatment; also to careless and wasteful cooks; also to farmers, gardeners or other producers who neglect to protect grain, produce or other food against deterioration or loss; also to merchants who allow candy, fruit or other food to spoil by exposure in windows or open to flies, dust moisture etc.; also to persons who, through carelessness, leave food accessible to rats, mice, or other vermin; also to handlers who cause waste by careless packing or shipping; also to public or private carriers, who negligently and cause waste or deterioration.

3. No pure wheat flour is being manufactured in Canada. Mills in Canada are grinding the whole wheat grain into "war flour".

4. No person is allowed to have more than fifteen days supply of flour on hand in town; thirty days supply in the country. The same applies to sugar.

5. Sugar bowls are not allowed on the tables of hotels and restaurants.

6. Use of sugar for candy, icings etc., is restricted. Candy manufacturers are allowed only fifty per cent of last year's supply.

7. Canada now has two meatless days each week.

8. The use of war flour more than matches our wheatless days in America, according to the claim of some Canadians. Wheat flour substitutes are not produced in Canada hence the absence of a fifty-fifty rule there.

9. Farmers have been ordered to market their surplus wheat, just the same as American farmers have been ordered to do.

MRS. HOUSEKEEPER

Don't waste or burn your garbage. It is valuable.

ONE TON OF GARBAGE CONTAINS:

Sufficient glycerine for the explosive charge of fourteen 75 millimeter shells.

Sufficient "fatty acid" for the manufacture of 100 12-ounce cakes of soap.

Sufficient fertilizer elements to grow eight bushels of wheat.

A score of other materials valuable in munition making.

IF USED AS HOG FEED IT WILL PRODUCE

One hundred pounds of good, firm, first quality pork. Can you afford to destroy these valuable products when your government needs them to help win the war?

THE UNITED STATES FOOD ADMINISTRATION URGES EVERY HOUSEWIFE

To be watchful over what goes into the garbage pail; to put less in and take more out. But what must go into the pail should be kept separated from other household refuse so that it can be utilized either for making munitions or for hog feed. Do not permit broken glass, crockery, phonograph needles or other foreign substances to get into the garbage pail.

REMEMBER, GARBAGE IS VALUABLE. KEEP IT CLEAN!

LOCAL BREVITIES

Our Phone No. 190-W

Miss Blanch Miller is teaching at Ceresco this year.

Miss Margaret Farrell has been visiting in Jackson for a few days.

Misses Mildred and Ollie Walsh of Dexter were Chelsea visitors Friday.

Miss Emma O'Brien of Jackson spent Sunday at the home of John Kelly.

Clarence Rafferty was home from Selfridge Field, near Mt. Clemens, Sunday.

Mr. and Mrs. Paul Belser of Detroit spent the week-end with Chelsea relatives.

Dr. A. L. Steger and family and Miss Eppie Brittenbach spent yesterday in Detroit.

Mrs. Olive Clark left this morning for Whitmore Lake, where she will teach this year.

Miss Sophia Schatz returned yesterday from a few days' visit with relatives in Jackson.

Edward Carey of Sandwich, Ontario, spent the week-end at the home of the Clark brothers in Lyndon.

Mr. and Mrs. R. B. Koons and family, of Detroit, visited Chelsea relatives over Sunday and Monday.

Miss Anna Rogers returned yesterday from a few days' visit with Miss Virginia McLaren in Jackson.

Mr. and Mrs. J. B. Riley of Detroit have been visiting her parents, Mr. and Mrs. Gilbert Martin, for a few days.

Hazen Leach and Sidney Schenk were home from Camp Custer over the week-end, returning to duty last evening.

F. E. Storms spent the week-end in Flint. Mrs. Storms accompanied him home after a week's visit with relatives.

Mr. and Mrs. W. I. Wood went to Holt, Saturday, for a few days' visit at the home of their daughter, Mrs. Roy Bliss.

Mr. and Mrs. James Moulds of Detroit have been visiting her parents, Mr. and Mrs. Edward Riemenschneider, for a few days.

Verne Evans is a patient at the University hospital in Ann Arbor, where he is recovering from a recent operation for hernia.

Mrs. Willard BeGole, formerly of Chelsea and a sister of the late G. A. BeGole, died Thursday, August 12th, at her home in Marshall.

Miss Margaret Hollister, who has been visiting Mr. and Mrs. F. L. Davidson for the past month, left Saturday for her home in Syracuse, New York.

Mr. and Mrs. E. E. Winans and family of Detroit visited their parents, Mr. and Mrs. A. E. Winans and Mr. and Mrs. O. C. Burkhardt, over the week-end.

Sunday was the 46th anniversary of the marriage of Mr. and Mrs. C. A. Foster, and the event was observed by a family gathering at their home on North Main street.

A. B. McClure of Bellevue, Ohio, has been visiting at the home of Geo. A. McClure of Sylvan for a few days. He is a linotype operator and made the Tribune office a pleasant call.

George Alber, who was hurt about the head in the D. J. & C. wreck, July 20th, has been discharged from military service on account of his injuries and has returned to his home here.

A good hard rain Friday night gave Chelsea and vicinity the best drenching it had had in months and there was really considerable water standing in the road Saturday morning. Letts creek was raised about six inches above the level of several weeks past.

Mr. and Mrs. Herman Fletcher and children and Mr. and Mrs. C. Steinbach, of this place, Miss Helene Steinbach of Cleveland, Ohio, and Miss Marion Steinbach of Flint motored to the latter place Saturday for a few days' visit at the home of Mr. and Mrs. K. O. Steinbach.

Miss Faith Reynolds, daughter of Rev. and Mrs. Tree of Dexter, was united in marriage with Mr. Thomas Peat, Wednesday, August 28th at the Baptist parsonage in Dexter, the bride's father performing the ceremony. They will make their home on the Peat farm in Webster township.

Mr. and Mrs. Frank Leach and Miss Carol Bollinger and Mr. and Mrs. Lorenz Bagge and daughter Fay started yesterday on their automobile trip to Phoenix, Arizona, and California. They made south from Chelsea through Manchester, Clinton, Tecumseh and Adrian and thence into Indiana until they strike the Lincoln highway over which they will travel west.

Miss Mabel Becker, linotype operator in the Tribune office, has been ill for several days past at the home of her parents in Dexter. This coupled with the fact that yesterday was a holiday and that there was electric power for only a small part of the day has made it very difficult to issue this number of the Tribune. We trust that subscribers will overlook any short comings in this issue.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

Hall's Family Pills for constipation.—Adv.

Miss Ella Barber spent the week-end in Jackson.

Mr. and Mrs. George M. Webb of North Lake spent Sunday at the home of Frank Martin in Dexter.

Peter VanGeison, 83 years of age died Saturday at his home in Manchester, where he had resided for many years.

George Turck has returned from Detroit and is working in the plant of the Lewis Spring & Axle Co., starting this morning.

J. H. Spanburg, formerly in the automobile department of the Lewis Spring & Axle Co., moved his household goods to Jackson, Saturday.

The L. O. T. M. Red Cross sewing unit will meet at the home of Mrs. K. B. Turnbull, Friday afternoon, September 6th, from one to five o'clock.

Misses Sylvia Runciman and Ethel Kalmbach will teach in Brighton this year, Miss Runciman in the fifth and sixth grades and Miss Kalmbach in the fourth grade.

Lafayette grange will meet Thursday afternoon, September 5th, with Mr. and Mrs. Lewis Heselenschwerdt. Question for discussion: In what way can the grange be of help to the public schools?

Michael D. Sullivan died Sunday afternoon at 3:30 o'clock at his home in Lyndon township. He had been in failing health for some time past. The funeral will be held Wednesday morning at 10 o'clock from the church of Our Lady of the Sacred Heart.

A report about town that Adolph Roepcke and George Scrippler had met foul play in Toledo and had been killed and robbed, seems to be without foundation. Relatives of the former declare it is not true. Scripture has been missing for a few days, but left Chelsea saying he was going to visit relatives in New York state.

MAY USE LAWN HOSE.

The use of lawn hose for sprinkling will be permitted hereafter, but patrons are requested not to waste water or to use the hose for more than an hour each day.

Elec. Light & Water Com.

LINER ADS EFFECTIVE.

One of the most effective forms of advertising is in the "liner" or classified column where an investment of a few cents is certain to give prompt results. Tribune liner ads are always run under the heading, "Wants, For Sale, To Rent," in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for first insertion, 2½ cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.

HOUSEKEEPER NEEDS THE VOTE

Ballot Is Necessary to Protect the Home Under Changed Conditions.

WOMAN'S VOICE IS NEEDED

Michigan Voters Will Have an Opportunity to Change One-Sided State of Affairs on November 5.

Housekeeping today is not what it used to be.

One hundred years ago our great grandmothers spun the cloth and made the clothes for the family. They employed the family collier for a week at a time, who made shoes for the year from leather cured and tanned on the premises. They baked the bread, churned the butter, cured the meat, and made the candles; in short, housed under their roofs all the activities that ministered to the necessities and comforts of the family.

Today all these processes are carried on outside of the home. The shoes are made in factories, the clothes go through the sweatshops, the meat is cured by big companies, the bread is made at the bakeries, and the butter comes from the creameries.

Instead of living in houses open on all sides to the sun, we have the tenement house; instead of water directly from a well or spring, we have piped water; instead of the simple problem of letting the small amount of garbage decay in the sun, we have the vast problem of a city's disposal.

All of these matters of food, clothes, housing, water and garbage are subject to legislation. The state has taken the place of the parents. The question of regulation of all of these matters so vital to a housekeeper is one of collective opinion, expressed by the ballot.

Michigan has settled her municipal housekeeping problems by the collective opinion of men only. Women, the natural housekeepers and home makers, so far, have not had an opportunity to make their opinions felt through the medium of the ballot. Michigan voters, it is predicted, will change this one-sided state of affairs on November 5 by voting for woman suffrage.

Great Faith in Chamberlain's Colic and Diarrhoea Remedy.

"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.—Adv.

Ambitious Young Men AND WOMEN

will find our business, Shorthand and Secretarial Training a stepping stone to congenial, well-paid employment and ultimate business success.

It would pay you to investigate the demand and the opportunity for competent office men and women.

We are receiving more requests from business men for stenographers, typists and bookkeepers than it is possible for us to supply.

Salaries paid are good. Chances for advancement are excellent.

WAR TIME RECIPES

Prepared by Prof. Frances H. Freeman, Home Economics Director, United States Food Administration, Orono, Maine.

COTTAGE CHEESE DISHES.

Cottage Cheese, while it has long been known, has been little appreciated. Easy to make, it has often been poorly made and unattractively served. In food value cottage cheese is in the class with lean meat and eggs, being more valuable than either in material that goes to build muscle, blood, and bone.

Cottage Cheese in fact is a food that may form an important part of the diet, served either alone or in combination. In soup, sauce, meat-like dish, salad, or dessert, cottage cheese may be well used. As a basis for the main dish of the meal it will materially reduce expenses, appeal to the appetite, and save meat.

Being made from skim milk, which now is either fed to live stock or wasted, cottage cheese makes available directly for human food a valuable but little appreciated dairy product.

Has a High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A. Barnes, Charleston, Ill. "I have never found anything so mild and pleasant to use. My brother has also used these tablets with satisfactory results."—Adv.

Michigan Railway Guide.

The regular issue of the Michigan Railroad Guide for this month has been received at this office. The guide is published monthly and mailed to subscribers regularly each month for one year for \$1.00, or may be purchased at news stands for 15 cents the copy. GLASGOW BROTHERS

Noted for Selling Good Goods Cheap

129 to 135 E. Main St. JACKSON, MICHIGAN

IT WILL PAY YOU to attend the Jackson County Fair next week. While in Jackson we will be pleased if you will make our store your headquarters. Our Lunch Room is a clean, desirable and reasonable-priced place to eat.

Our Rest and Toilet Rooms are at your service.

Why not take time to look over our showing of

Fall Merchandise this year? Stocks are nearly complete and prices lower than they will be again until

after the war.

Suburban Days will be held—

Wednesday, September 11th

Thursday, September 12th

Watch for Special Bargains on those two days.

Twice-a-Week Tribune — \$1.00-a-Year
