

## FROM CORPORAL WEBB

North Lake Boy Is In Aviation Camp  
Near the Allied Front Line  
Trenches in France.

Following is a letter recently received by Mr. and Mrs. George Webb of North Lake from their son, Corporal Clayton R. Webb, written August 12th. He says in part:

Dear folks:  
Mail came today and it certainly seemed good to get some, for it had been about a month since I had received any. I received the letter father wrote, also some from Florida, mailed the day I left Miami.

How is everybody? I am feeling fine! You must be working rather hard, having the corn cultivated five times and the beans also. I certainly hope you get a good crop in reply for your hard work. You were lucky to get the hay up without any rain on it. By the time you get this, the threshing probably will be over. Write me how the different grains turn out.

My address has been changed again but I'll get my mail as it will be forwarded from the other address. You spoke about my seeing our relatives in England, but our trip "across" is over and we didn't go to England.

This is certainly a beautiful country, and as level as a floor where we are located. I'm not allowed to state the part of France that I'm in, but our camp is one of the closest to the front of the aviation camps, and we are only a few miles back of the firing line. Old "Fritz" comes flying overhead real often, but generally at a great altitude and bent upon the destruction of the cities. They have to fly high on account of the anti-aircraft guns, which are distributed very thickly through this part of France. Huge searchlights also play an important part in the defense. The Boche hasn't damaged us any yet.

Our "little home" here is not at all bad. We are lucky enough to be near

a number of small villages and we get liberty one afternoon each week, and every evening from 6:00 to 9:00 o'clock.

I drew my steel helmet the other day, but haven't worn it yet. I have some pieces of shrapnel that I collected from the fields around here; it is from the anti-aircraft guns.

We hear many rumors of the front from the wounded when they come back. From all reports, the Huns are on the run and some think we'll be over by Christmas. That seems rather a short time to me, but I hope it is true. Anyway, I shall do as you asked, "Be a man for my country and myself."

It is permitted to send us packages after all and if you send anything, send candy. Wrap it well in a small wooden box and mix in a few chocolate bars as it is almost impossible to get chocolate candy here.

My address is: Corporal Clayton R. Webb, U. S. N. A. F., Foreign Service, Northern Bombing Group, France, via New York.

## M. E. APPOINTMENTS

Rev. W. J. Balmer of Tecumseh Will Succeed Rev. G. H. Whitney.

At the Methodist church conference in Detroit, yesterday, appointments for the ensuing year were announced. Rev. W. J. Balmer of Tecumseh will come to Chelsea to succeed Rev. G. H. Whitney, retired. Other appointments for this vicinity follow:

Ann Arbor, A. W. Stalker; Clinton, F. M. Purdy; Dexter, W. E. Brown; Grass Lake, S. M. Gilchrist; Manchester, H. J. Johnson; Saline, E. R. Stevenson; Tecumseh, C. M. Thompson; Ypsilanti, E. M. Moore.

## PAY TAXES AT ONCE.

Village taxes are due and should be paid at once at my store on East Middle street. M. A. Shaver, treasurer.

## BELGIAN RELIEF WEEK

Second Campaign for Worn and Discarded Clothing is Now On.

All over the United States this week is being conducted a campaign for old and discarded clothing to be sent to devastated Belgium and the occupied portions of France.

Every household in the land has some spare clothing, worn or outgrown, of little use here, but desperately needed by the destitute everywhere. Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods of light, warm cotton flannel and other kinds of cloth from which to make garments for new born babies, are needed. Woolen goods of any kind whatsoever are acceptable—men's shirts and pajamas so worn or shrunken as no longer to be serviceable, as the material can be utilized in making children's garments. Shoes of every size are asked for; also scrap leather is needed for repairing footwear.

Garments need not be in perfect repair. One hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar. Anything sent must be clean, strong and durable.

But do not send garments of flimsy material or gaudy coloring, ball dresses, high heeled slippers, etc., either men's or women's straw, dress, derby or stiff hats, or anything containing rubber such as raincoats, rubber boots, etc., and remove any rubber heels from shoes. Do not send books, toys, soap or toilet articles.

Articles contributed in this vicinity should be taken to the town hall on either Friday or Saturday afternoons of this week, when some one will be on duty at that time to receive and care for contributions.

## MISS CLARA HAMMOND.

Miss Clara Hammond died Friday morning, September 20, 1918, at her home, 109 N. East street, following a long illness, with which she was stricken last Christmas day. She was 59 years and three months of age.

Miss Hammond was born in Chelsea June 20, 1859, her parents being Elijah and Jeanette Hammond, and her entire life had been spent in this place. She is survived by four brothers, William of Chelsea, Elmer of Detroit, Finley and Edward B. of Chelsea, and by one sister, Mrs. Fanny Naekel of Chelsea.

The funeral was held from the house Sunday afternoon at 2:30 o'clock, Rev. Dierberger conducting the service. Interment at Oak Grove cemetery.

## TAKES SIXTY-FIVE FIRSTS

James Geddes Scoops Premiums With Big Exhibit at Jackson.

James Geddes made a big clean-up on the premiums at the Jackson fair and came home with a modest showing of only 65 firsts and three seconds. He was awarded also a medal for the best exhibit in the poultry and pet stock department.

Mr. Geddes' exhibit of 70 coops included pigeons, of which he makes a specialty, pheasants, rabbits and chickens.

## FIFTY-THREE COOPS PIGEONS.

Fifty-three coops of homing pigeons from Detroit were released at the Michigan Central depot Sunday morning. There were two lots of the birds, about half of them being from the Noah's Ark club and the other half from the Royal Homing Pigeon club. The Noah's Ark birds were released at 8:00 o'clock and the Royal club birds at 8:30. In each instance the birds were quickly out of sight, only a few being stragglers and seemingly unable to get their bearings for the home flight. There was a total of over 5,000 birds in the shipment.

## LEANDER J. HOOVER.

Leander J. Hoover, 42 years of age and head of the Hoover Steel Ball Co. of Ann Arbor, died Sunday at his home in that city. He was well known to Chelsea people, first because of his association with the ball department of the old Flanders Mfg. Co., and later because of his spectacular career in Ann Arbor. Mr. Hoover had made a princely fortune during the past five years and carried many of his associates with him to financial success, but he was of a highly nervous temperament and it was his custom to "burn the candle at both ends," resulting ultimately in his physical breakdown and untimely death. The funeral was held from his home in Ann Arbor this afternoon at four o'clock.

## LEONARD HERMAN.

Leonard Herman, 82 years of age, died Saturday at his home in Manchester. He had a number of acquaintances in Chelsea and was the father of Mrs. Herbert D. Witherell of this place. Besides Mrs. Witherell he leaves to mourn their loss; four sons, Henry, John and Frank of Manchester, Fred of Seattle; and three daughters, Mrs. Austin Youm and Miss Emma of Manchester, and Mrs. Emil Filber of Sharon.

## CARD OF THANKS.

We desire to thank the friends and neighbors of our mother for their acts of kindness during her illness and for their sympathy following her death; also the choir of the Methodist church for the beautiful music. Mrs. Lillian Steinbach, Theodore Wolff, Mrs. Myrta Coe, Irven Wolff, Mrs. Amy Criger.

## MRS. BERTHA WOLFF.

Mrs. Bertha Wilhelmina Schnackenberg Wolff died Thursday evening, September 19, 1918, at her home on Dewey avenue, following only a few days illness, from pneumonia. She was 57 years, 11 months and 25 days of age.

Mrs. Wolff was born in Waterloo, Jackson county, September 25, 1860, her parents being John and Matilda Schnackenberg. She was united in marriage with Fred G. Wolff, November 13, 1880, in Waterloo, since which time she had resided in Sylvan township and for the past 14 years in this village.

She was the mother of seven children, five of whom are living as follows: Mrs. Lillian Steinbach, Mrs. Myrta Coe and Theodore J. Wolff, of Lima, Mrs. Amy Criger of Pontiac and Irven E. Wolff of Battle Creek. She is also survived by her aged father, John Schnackenberg of Chelsea and by five brothers, Henry of California, Christ of Madison, Wis., Herman of Port Huron, Fred of Howell and John of Battle Creek, and by two sisters, Emma Schnackenberg of California and Mrs. Lucy Katz of Waterloo.

The funeral was held Sunday afternoon at two o'clock from the Methodist church, Rev. G. H. Whitney conducting the service. Interment at Salem G. M. E. church cemetery, near Francisco.

## NEIGHBORHOOD ITEMS

Brevities of Interest From Nearby Towns and Localities.

STOCKBRIDGE—We are all glad to see Arlo Ellsworth back from France. He arrived here Tuesday morning and is looking and feeling fine. He has been granted ten-days furlough, after which he will go to Fort Sherwood, Ohio, to assist in military training. —Brief-Sun.

BROOKLYN—The finding of a skeleton buried on the Hulbert farm, about a mile east of Napoleon, Wednesday, has aroused considerable excitement here. There are indications that the gruesome discovery may solve the mysterious disappearance of Ed. Groell about 14 years ago. Officers are investigating the matter.

GRASS LAKE—Six young men from three different states were picked up here Wednesday under the "work or fight" order. They ranged from 17 to 19 years of age. One asked to be sent to his home in Grass Lake, but the other five have started working in Jackson munition plants.

BRIGHTON—Lieut. Max Baetcke and wife were guests of Dr. Blatchford and family the latter part of the week. The many friends of Lieut. Baetcke were glad to welcome him back to his old home town after his exciting experiences in the front line of battle. He is now awaiting orders to go to some army training camp in this country to act as instructor of recruits. —Argus.

MILAN—About two o'clock this morning (Thursday) the tomato factory near the depot was discovered on fire and was completely destroyed. As this is right in the season and there is quite an acreage of tomatoes yet to be harvested the loss will be considerable. —Leader.

## CARD OF THANKS.

The brothers and sister of the late Clara A. Hammond desire to thank her friends and neighbors for the many kindnesses and words of sympathy during her long illness and following her death.

## IN MISERY FOR YEARS

**Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.**

Okaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 138 5th Ave., West, Okaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published? Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

## LEFT NAME THAT WILL LIVE

Boston Was the Home of the Famous Mother Goose, Possibly World's Most Noted Woman.

Perhaps the most famous woman that ever lived was Mother Goose. Other women, particularly a few bad ones, have enjoyed celebrity, but she achieved immortality.

She is called Mother Goose because that was her name. For she was a real person, and dwelt in the city of Boston. She lived in a little one-story house with a roof that sloped almost down to the ground—just such a house as one might expect Mother Goose to occupy—not far from the Common.

The house vanished long ago, but the church in which she was accustomed regularly to worship still stands. It is the famous old South church.

Her maiden name was Elizabeth Foster. In fact, she was an old maid, twenty-eight years of age—quite elderly for an unmarried woman in those days—when she met and became the wife of Isaac Goose.

She had children and grandchildren, and it was for the latter that she wrote her rhymes, which were first published by Thomas Fleet, her son-in-law, in Boston, in 1719.

Mother Goose died in 1757, aged ninety-two.

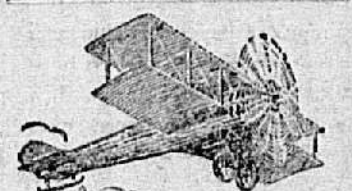

### All Soldiers Are Fatalists.

Practically all the soldiers become fatalists about death. You see men die through some incredible chance. You see them escape by a miracle. Gradually you come to believe, as Tommy puts it, "When a shell comes over with your name on it, you will get yours." In the meantime, "Why worry? You never know your luck." That's the way they put it.—From "Pictures Burned Into My Memory," by Charles W. Whitehair.

## CARE OF INSANE COSTS HUGE SUM

**DURING LAST TEN YEARS \$14,269,040.85 SPENT FOR MENTALLY DERANGED.**

### O. B. FULLER GIVES OUT FIGURES

**\$72,789,298.99 Expenditures Authorized by Legislature During the Past Ten Years.**

Lansing.—Care and treatment of the insane cost Michigan more than any other state undertaking, except education, during the 10 years ended June 30, 1918, according to a compilation of all appropriations from 1909 to 1918, inclusive, made by O. B. Fuller, auditor general.

The total expenditures authorized by the Legislature during the past 10 years is \$72,789,298.99. Of this, \$21,107,386.44 was devoted to education. The University at Ann Arbor received \$10,509,575, the Agricultural College at Lansing received \$3,733,900.08, the College of Mines at Houghton received \$702,369 and the State Normal College and normal schools received \$5,835,341.

It cost \$14,269,040.85 to care for the insane asylums and hospitals. This is two-thirds as much as Michigan's bill for all educational purposes. It is 19.63 per cent, or approximately one-fifth of the state's appropriations. About \$2,000,000 of the money spent on the insane was devoted to hospitals and farms that endeavor to effect a cure of the patients. For mere care of the insane \$12,045,147.91 was appropriated.

Appropriations for all penal institutions of the commonwealth were \$4,659,358.37, a little more than one-fifth of the amount spent on the insane. The prison at Jackson received \$679,278.80, the Industrial School for Boys received \$1,166,232.57, the Industrial Home for Girls received \$881,801, the prison at Marquette received \$187,095, the State Reformatory at Ionia received \$220,950, and the Bay City House of Correction and the Training School for Women, not yet organized, received \$100,000 each.

Charity cost the state \$4,905,633.24, about as much as crime cost, and a little more than a fifth of the bill for insanity. Of the charitable institutions appropriations \$2,279,368.52 was spent on schools for the deaf and blind and \$590,982.64 on the State Public School, items that might properly be charged to education. The remainder of the charities appropriations, \$2,005,337.82, went to the Michigan Soldiers' Home at Grand Rapids.

Expenditures for care of public health make one of the lowest totals of the list, \$678,093.09. The State Board of Health received \$119,965 of this, and \$100,000 was appropriated for the tuberculosis survey. The remainder went for maintenance of institutions to care for those already ill.

Highways cost the state \$5,958,000 during the past 10 years. The National Guard, the Naval Brigade, Armories and Military Reservation \$2,427,843.58. The Legislature cost \$528,000, or on average of \$55,195.62 a year. Boards and commissions cost \$2,992,882.20.

There have been miscellaneous appropriations of \$1,555,257.96 and appropriations for the general purpose fund of \$13,672,795.

### FOURTH LIBERTY LOAN CONTEST

**Town Or Township First Over the Top Can Name Vessel Or Tank.**

Washington.—The 240 communities which make the best record in obtaining subscription to the Fourth Liberty loan will have the privilege either of naming one of the ships being built for the government, or of naming a tank that is to participate in the western front fighting.

Announcement of the plan was made by the Liberty loan publicity bureau. Mrs. Woodrow Wilson, wife of the president, who has been naming the ships, has agreed to allot 120 of the vessels for the purpose of the national contest.

Each of the 12 federal reserve districts will be assigned ten ships and ten tanks, and the conditions of the contest within the district will be determined by the reserve bank. These may be based on total or proportionate subscriptions, size of per capita purchase, or number of subscriptions. The only requirement is that the tank or vessel shall be named after a town, city, township or county.

Eleven Deaths At Boston.

Boston.—Eleven deaths, eight from influenza and three from pneumonia, were reported here. Deaths now have totaled 43.

### Chicago Bank Looted.

Chicago.—Five bandits looted the Argo State bank here of practically every dollar in its treasury. Bank officials placed the booty at \$20,000 in currency, mostly bills of small denomination, and between \$30,000 and \$40,000 in Liberty bonds. The quintet appeared shortly after the opening hour and locked Fred Hellar, cashier; A. J. Link, his assistant, and Mrs. Bada Steinhilf, stenographer, in the lavatory. The robbers escaped in the direction of Joliet.

## STATE PROSECUTES 58,816

**Total of 11,968 For Drunkenness According to Prosecutors Reports.**

Lansing.—Among the 58,816 criminal cases prosecuted by the prosecuting attorneys of the state, three of them were for flag desecration, three for disloyalty and 11,968 for drunkenness, according to the report of the prosecutors to the attorney general's department.

This is for the year ending July 1, 1918. In the same period of convictions totaled 49,177 against 47,516 last year; 1896 acquittals in 1917-1918 against 1917 the year previous; 1,125 discharges on payment of costs against 1,249; 1,295 nolle prossed, as compared with 1,317 of the previous year and 4,147 settled payment of fines, and 3,222 escapes against 3,402 the year before.

Of the 11,968 drunks, 82 were charged with driving automobiles while intoxicated; violations of the prohibition laws brought about 398 prosecutions; the fish and game law, 1,589; arson and attempted arson, 38; murder and assault and battery with intent to commit murder, 3,856; not paying dog tax, 5; violation of pawn brokers' law, 1.

## 70% BEAN CROP IN MICHIGAN

**Beans From This State Given A Consideration Say Bean Chairman.**

Saginaw, Mich.—Michigan's bean crop will be 70 per cent normal, but will be of excellent quality, according to reports submitted to and estimates made by bean men of this state at the opening session of the Michigan Bean Growers' association held at Saginaw. Delegates from other bean-raising states predicted fair crops. K. P. Kimball, now of Washington, bean chairman of the national food administration told the bean men that this state has had hard luck last year in the rain that made the beans susceptible to spoiling and that not discrimination in favor of western beans was the reason why western beans were given preference.

"Beans from this state will be given all consideration on a competitive basis," he said.

State Food Administrator Prescott praised the state for its aid and lauded Hoover.

## EXPRESS RATE INCREASE OK'D

**New Schedule Would Yield \$23,670,000 to Revenue.**

Washington.—Director General McAdoo has approved the application of the American Railway Express company for further rate increases estimated to yield \$23,670,000, and has sent the proposal to the interstate commerce commission for final action.

The commission announced that public hearings on the matter will begin Tuesday, October 8.

The amount realized by the recent advance in rates, approximately \$10,000,000, has been absorbed entirely, Mr. McAdoo wrote the commission, in wage increase.

The director general said he was satisfied there must be a further increase in wages and that some \$12,000,000 of additional revenue would be needed for that purpose.

## BOY BEHEADED BY ELEVATOR

**Seven-Year-Old Tot Meets Instant Death On Freight Elevator.**

Traverse City, Mich.—Robert McLaughlin, of this city, was almost instantly killed by an elevator in the Hannah & Lay Mercantile company's store here. The elevator, a freight carrier used occasionally for carrying employees of the store, had started from the basement floor when the boy decided he wanted to ride. He managed to climb part way aboard the open platform from the side, but was caught and decapitated when the elevator platform reached the level of the first floor. George Chase, 18 years old, who was running the elevator at the time is in a critical condition from nerve shock.

## CONVICTS GET ARMY TRAINING

**Intensive Military and Manual Training to Over 400,000 Prisoners.**

Trenton, N. J.—An experiment which may lead to intensive military and manual training of more than 400,000 prisoners in jails throughout the country, to prepare those physically, mentally and morally fit, for service in the army, has been approved by the war department, according to a statement by Burdette G. Lewis, commissioner of charities and corrections, who said the plan would have its first tryout in New Jersey.

## President to Fix Cotton Price.

Washington.—President Wilson will fix the price of cotton, placing the last of the principal commodities necessary in the prosecution of the war under governmental regulation, despite strong pressure from the southern states, in addition to determining the price, the government will take over control of the distribution of this year's crop. The principal factor in the action of the president is understood to have been the shortage in the present crop.

## Miners Given Increase in Pay.

Calumet.—Ten thousand, five hundred employees of the Calumet & Hecla and subsidiary mining companies will benefit in a wage increase effective October 1. The new minimum wage for miners ranges from \$4.80 to \$5 and trammers \$4.80 per day. Employees of all departments of the mines, mills and smelters get raises from 10 to 30 per cent. The Wolverine and Mohawk companies, with 1,000 employees, announce the same schedule.

## LIVING JUMPS 15% IN TWELVE MONTHS

**FOOD ADMINISTRATION IN ITS REPORT ADMITS FARMERS GET 35 PER CENT MORE.**

### CONSUMERS PAY 3 1/4% MORE

**Rent, Clothing and Transportation Charges and Not Food Brings Living Cost High.**

Washington.—The increased cost of food in the last 12 months is three and a half per cent, according to the United States food administration, while the general cost of living has advanced 15 per cent, according to the department of labor.

Officials of the food administration explain that the major portion of the increased cost of living is due not to food, but to rent, clothing, transportation and other items, and especially due to the advanced standard of living.

The food administration's compilations are based solely on the statistical basis of the nation's expenditures for food at wholesale. The labor department's figures are based on investigation of family budgets in various cities.

What the increased cost of living amounts to, inclusive of all the items of the average family budget of a working man, was stated recently by the bureau of labor statistics on investigations in various Pacific coast cities.

Compared with costs six months previously, the cost of all essential living expenses had increased in Seattle 18.16 per cent, in Tacoma 20.37 per cent, in Portland 15.93 per cent, in San Francisco 14.86 per cent, in Los Angeles 11.80 per cent.

The item of clothing, taken separately, increased for the same period in the same districts, respectively, 25.82 per cent, 39.92 per cent, 27.68 per cent. The increase since then, of course, has been enormous.

The food administration in its report, admits there has been more than a 35 per cent increase in prices paid farmers, but contends that this is reduced in actual household purchasing by a reduction of speculation and profiteering and narrowed margins between farmers and wholesale prices under food regulations; that is, that the food administration has been able to make a 35 per cent increase to the farmers only a three and a half per cent increase to the consumers.

## 1,750,000 YANKS IN FRANCE

**General March Calls News Continuously Good From Battle Fronts.**

Washington.—Striking proof that the German power is fast crumbling came in the announcement by Gen. March, chief of staff, that the news from all battle fronts is "continuously good" and that 1,750,000 American troops have now been embarked for overseas service.

Just six months ago the enemy flung his full military power against the British lines in Picardy, in the great drive that was to end the war in a smashing victory in fighting desperately to hold the tottering Hindenburg line, the defensive system from which he struck that blow, and back into which he has been hurled.

Side by side, British, French and American armies have broken definitely the German offensive power, in official opinion here. Already, the American forces in France are more than half as strong as the whole German army and the tide of American fighting men toward France is continuing at an even pace.

## 15,000 MEN A MONTH TO NAVY

**Skilled Men Allowed Chance of Enlisting, Marine Get 5000 Monthly.**

Washington.—The program under which the navy and the marine corps will secure the men hereafter needed has been announced by Secretary Daniels after conferences with representatives of his department, the marine corps and the provost marshal general's office.

The navy is to have an average of 15,000 men monthly, while the marine corps will get 5,000 monthly for four months and 1,500 each month thereafter.

Of the navy's allotment of 15,000 it may enlist or enroll men who have special qualifications for certain navy work, but the remainder will come from "the run of the draft," navy officials culling out skilled men to meet as far as possible the special needs of the service.

## Miners Given Increase in Pay.

Calumet.—Ten thousand, five hundred employees of the Calumet & Hecla and subsidiary mining companies will benefit in a wage increase effective October 1. The new minimum wage for miners ranges from \$4.80 to \$5 and trammers \$4.80 per day. Employees of all departments of the mines, mills and smelters get raises from 10 to 30 per cent. The Wolverine and Mohawk companies, with 1,000 employees, announce the same schedule.

## BECAME FATHERS IN OLD AGE

**Amazing Paternity Records That Are Undoubtedly Authentic, Published by Lendon Journal.**

A father at eighty-four—such is the recent record of Mr. Jackson, a north country farmer, says Lendon Tit-Bits.

Men more patriarchal still have figured in the ranks of fathers. Such a robust veteran was Sir William Nicholson of Glenberry, a grand old Scotsman, who lived to nurse an infant daughter after he had passed his ninety-second birthday. Sir William then had a daughter alive of his first marriage, aged sixty-six. He married his last wife when he was eighty-two, and had six children.

Sir Stephen Fox's last child was cradled when her father was within a few months of completing his hundredth year. Sir Stephen was born in 1827, and had by his first wife a daughter who died in infancy about 1855. The child of his old age survived to the year 1825 and was thus able to say, "I had a sister who was buried one hundred and seventy-three years ago."

When William Prest of Ripon was laid to rest in 1789, at the age of one hundred and eight, he was followed to his grave by his eldest son, a veteran of eighty-eight, and by his youngest boy, aged fifteen, who made his appearance when his father was within sight of his ninety-third birthday, and when his oldest brother was seventy-two.

Thomas Bonty of Drumcondra, near Dublin, celebrated his one hundred and second birthday on the very day on which his youngest born entered the world, and when his eldest son and already seen seventy-three years.

Thomas Parr made his first trip to the altar at eighty and became the father of two children; and he was so full of vigor that he made a second matrimonial venture 52 years later, when his years numbered one hundred and twenty-two!

### Lesson for Pig Raisers.

Efficiency in pig raising was shown in Louisiana, where two men selected litter mates eight weeks old. At the end of the fattening season one pig weighed 520 pounds, the other only 41. The expenses were respectively, \$14.50 and \$5; and the one sold for \$85, the other for \$8. This means weight in the proportion of 1 to 8; expenses, 3.11 to 1; selling price, 7.25 to 1. Thus, scientific raising can negate the notorious "razorback" pig.

### Ability of the Aged.

It has often been said that a man cannot learn a new trade after he is forty, but this statement has been proven to be disproved. Peter S. Du Pont was eighty when he wrote his valuable treatise on the Cochiti Chinese language, and had only then recently taken up the study; and the late John Bigelow was still an author turning out a book when he passed his ninety-fifth birthday. — Philadelphia Public Ledger.

### Effigies Thought to Bring Luck.

The scabbard of the land of the Pyramids is the expression of the hope of resurrection and the desire to live long. As the beetle was supposed to be always born anew, so the carrying of the beetle or its image came into the customs of the ancients. The warriors of an elder day hung the images of gods about their necks, and many of the brooches and pins of the old fighters were the effigies of luck-bringing divinities.

### Love Apples.

Love apples is what tomatoes were called years ago when it was told that, if sweethearts would divide one and eat it together, no adverse fate could part them. There was real bravery in this simple act; for, in early days, tomatoes were thought to be rank poison.

### Don't Live Up to Appellation.

"The trouble with lots of 'regular fellows,'" observed the almost philosopher, "is that they are oftentimes irregular in their habits."

## Why Dread Old Age?

It doesn't matter how old you are, if you keep well and active. Lots of folks are younger at 70 than others are at 60. Lameness, bent backs, stiff, aching, rheumatic joints; bad eyesight and deafness are too often due to neglected kidneys and not to advancing years. Don't let weak kidneys age you. Use Doan's Kidney Pills. They have made life more comfortable for thousands of elderly folks.

## A Michigan Case

Mrs. James M. Murphy, 510 Maple St., Sault Ste. Marie, Mich., says: "Kidney trouble came on me and I was so miserable from a steady ache across my back that I was often unable to attend to my work about the house. My kidneys were out of order. My feet and hands swelled and I suffered from headaches and dizzy spells. I felt all run down until I took Doan's Kidney Pills. This medicine cured all the kidney symptoms and put me in the best of shape."

## AVIATORS ARE ALWAYS BUSY

**Americans on the Italian Front Take Advantage of Every Moment of Good Flying Days.**

On good flying days, every moment of the day is utilized by American aviators in Italy. The men are up at five o'clock, and by six flying is in operation. Men go to breakfast in relays, so as to economize time, and sundown finds them grudgingly giving up for the day. One time-saving device I observed, says James H. Hare in Leslie's Weekly, was to make landings some 200 meters from the beach, and to have the next student ready in a boat to take his place equipped with his life preserver and helmet. The exchange took usually less than two minutes from the time the engine was stopped until the propeller was in action again, and the flight started. This also eliminated the liability of damaging the hydroplane in beaching it, as sometimes the keel is grounded, or one of the wings strikes an object, putting the machine out of commission for a time, to say nothing of the engine overheating as it "taxis" (to use the technical term) to its landing place.

## Catarhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the Mucous Surfaces of the System. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

## Which?

Down in Terre Haute the Franchise League has been polling for one of the political parties. The same week of their polling the men made their Thrift stamp canvass. And knowing this, some people were not at home—either to the canvassers or fair suffragists.

One young woman was met at a door by a boy about eight years old. "Please tell your mother I would like to see her," she requested.

The youngster shouted into the adjoining room, "Mom, a lady wants to see you."

Back came a staggering question: "Ask her if she's the Thrift stamp man."

And the little boy asked.—Indianapolis News.

"I suppose it is because they are wise-achers."

## undred Big to Him.

An old colored man, whose name might well have been Old Black Joe, was standing in front of the district building the other day, says the Washington Star. He was bent with age, but was singing as he walked slowly along.

Just then a young colored man and woman walked by. They were talking, and just a phrase of their conversation was to be heard as they went by. "I think that Mr. Johnson," the young colored woman said, "has a premonition."

That was all, but it was enough for Old Black Joe.

He straightened up, grinned, and said:

"What was dat Mr. Johnson hab, boss?"

Olivet—A course in Invalid Occupations has been installed at Olivet college. Olivet offers also other war courses for women, such as first aid work, special training in home economics and a course in secretarialship.

Richmond—Major George Waters has returned to the general hospital, No. 16, at New Haven, Ct., after a four-weeks rest at his home in Memphis, Mich., where he recuperated after a 16 weeks' illness at the New Haven camp.

Corunna—Dr. Frank Rice, head of the county draft board, won a verdict of \$13,890 damages from the Michigan Railway Co. He suffered broken limbs when a car failed to stop for him, claiming the suction threw him against the car.

Hastings—Following warning that local fire insurance rates will be increased unless better fire protection is furnished, it is probable that the question of issuing bonds for purchase of apparatus will be submitted at the November election.

Tecumseh—Valder Vandyke, who was arrested in Watertown, N. Y., one hour before his wife's funeral and brought here on a charge of appropriating to his own use an automobile bought on contract, was held to the circuit court for trial. Vandyke was in jail while the body of his wife was being brought here for burial.

Ann Arbor—Three lieutenants on the staff of Captain Durkee, commandant of the army mechanics training detachment, have been detailed to colleges to instruct students' army training corps and also to serve as quartermasters of such colleges. The men are: First Lieutenant M. A. Millberry, to become commandant of the Polish seminary at Orchard Lake; Second Lieutenant Frank Godfrey, to Grace college, La Moine, La.; Second Lieutenant John D. Jacobson, to Hope college, Holland, Mich.

Grand Rapids—Grand Rapids and West Michigan furniture manufacturers will be hit by the embargo on the shipment of lumber into the New England, North Atlantic, and north central states, notice of which was received here recently. This was the consensus of opinion among manufacturers. The government ruling ordering a reduction of 50 per cent in furniture manufacture will also be felt here. Many local furniture plants are at work on war orders, and this class will not suffer greatly.

Marquette—The Chicago North western railway, the Chicago, Milwaukee & St. Paul railroad, the Soo line, the Sagola Lumber company, the Northwestern Co-operative company, the William Boniface Lumber company and the Wisconsin Land & Lumber company, the four latter all upper peninsula concerns, pleaded not guilty before Judge Sessions in federal district court to the charge of having been parties to rebates granted the lumber companies which the interstate commerce commission investigated.

Port Huron—Lieut. Bruce Tappen, son of Judge Harvey Tappen, has been made an acting adjutant.

Ann Arbor—Dr. A. G. Ruthven will conduct a course this year to train women students for zoological museum directors.

Houghton—Alfred Andrew, of Duluth, second class seaman of the Naval Reserve, was drowned at training camp at Seattle.

Monroe—Six-day sessions have been ordered for the local schools to end the term earlier and releasing pupils for farm work.

Flint—Frederick Alker, Jr., aged 2, was drowned in a deep cistern at his parents' home. The mother found the body after an hour's search.

Howell—Hugh McPherson has been selected chairman of the group of bankers representing Genesee, Shiawassee, Ingham, Livingston, Eaton and Clinton counties.

Traverse City—Robert McLaughlin, 7 years old, was killed recently when he attempted to jump aboard a freight elevator after it had been started in the Hannan & Lay store.

Hillsdale—Private Jay Howard, 17th Field Artillery, former school head at Frontier and Prattville, has been recommended for the distinguished service cross for aiding wounded.

Port Huron—Raymond Foltz, who received a settlement of \$10,000 following injuries in the St. Clair interurban wreck of June, 1917, has sued his wife, Artilla Foltz, for divorce.

Lansing—Resolutions adopted by the Board of State Auditors ask that positions made vacant by employees entering the military service be filled by a relative of the soldier pending his return.

Albion—Albion college authorities have received official notification that the French government has assigned to Albion one of the 100 girls to be educated in American college and universities. The French government pays all expenses except tuition.

Port Huron—Louis F. Shepherd has asked the court to pass on his loyalty by obtaining an injunction to prevent Earl Harrington from calling him pro-German. Shepherd complains that his business has been injured through reports of disloyalty alleged to have been circulated.

Kalamazoo—The fifty-second annual convention of the grand chapter of the order of the Eastern Star of Michigan, which will be held October 9-19, is expected to bring 2,000 delegates and visitors to Kalamazoo. It will be the first time this city ever was hostess to the Michigan chapter.

Sault Ste. Marie—Hanging on a rock in St. Marys river, the body of Frank Smith while in the morgue here is the body of his brother, Duncan R. Smith, both of whom were drowned when the boat in which they were attempting to cross the river, just above Sault Falls, capsized and was crushed as it was carried over the rapids.

Saginaw—Russell A. Orr, of Saginaw, brother of Ensign Jay Orr, quarterback on the Middy football eleven a few years ago, lost his life in the big push at the River Vessie early in August. He was a graduate of Arthur Hill high school and a football player. He was a private in the One Hundred and Twenty-sixth infantry.

Manistee—One hundred and twenty of the most recent registrants will meet to organize to receive training preliminary to their being summoned to Camp Custer. The training will be directed by Captain William Wenzel, Spanish war veteran, who is giving the organized registrants from other communities of the county military training.

Ypsilanti—Circulars were sent out recently by the Washtenaw county Liberty loan committee to all residents of the city that September 30 to October 5 will be volunteer days and it is hoped the district quota, \$600,000, will be raised during the six volunteer days. Persons failing to subscribe according to their means will be visited by the clean-up and the vigilance committees.

Mt. Clemens—Adam Strohm, Detroit, was elected president of the State Librarians' Association at the convention which closed recently after three days' sessions. Miss Anna A. Morgan, Detroit, secretary, and Mrs. E. Jennie McNeil, Lansing, treasurer.

Flint—The Flint Board of Commerce opened its weekly luncheons for the fall with a great Liberty loan luncheon attended by 500 members and guests. Gerritt J. Diekmann headed the speakers, others of whom were J. Dallas Dort, chairman of the campaign committee; Dr. C. B. Burr, Howard J. Clifford and Dan A. Reed. Resolutions endorsing the Unconditional Surrender club in view of the Teutonic peace drive, were adopted. Diekmann also declared that terms of peace with Germany could only be dictated by the Allies on German soil.

Flint—Sergeant Justus I. Taber, son of Justus Taber, of Flint, in a letter home, tells of his first accredited victory over a Boche airman. He had had other battles in which he was satisfied he brought down his antagonist but which were not verified by any official observer. Sergeant Taber, 23 years old, enlisted last March. He says he was flying at 18,000 feet watching the big guns firing below when a Boche got "on his tail." He looped and put eight shots through his antagonist's gas tank, sending him down in flames.

Red Triangle Secretary Not Absolutely Certain of His Sensations Under Barrage Fire.

Fair, fat and past forty is this secretary of the Red Triangle. He has the snail that won't come off. Every doughboy within miles around the hut knows him and likes his cheery personality. That is why, perhaps, the opportunity came Pudgy's way last week to spend a night in a front line dugout. While he was there a deafening barrage rained around the dugout for a full half hour.

Everyone wanted to know afterward how Pudgy liked it.

"I fear," he confessed, and the everlasting snail broadened as he spoke, "that I'm no braver now than before. Maybe I'd better get up front some more and get sort of used to it."—Exchange.

WEAK KIDNEYS MEAN  
A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the inconvenience and pain due to advancing years. It is a standard, old-time home remedy, and needs no introduction. It is now put up in odorless, tasteless capsules. These are easier and more pleasant to take than the oil in bottles.

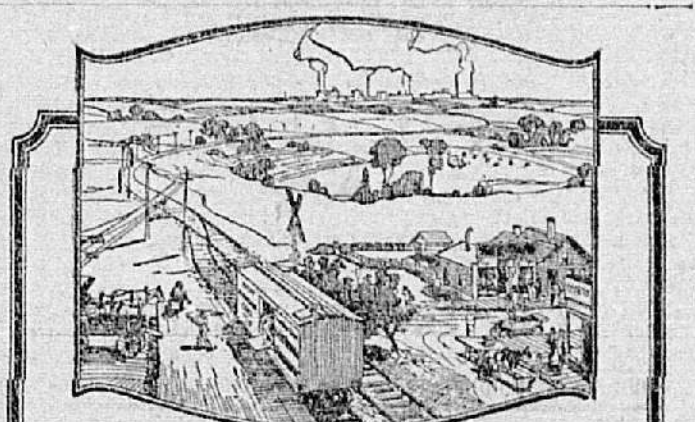

Each capsule contains about one dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve

those stiffened joints, that backache, rheumatism, lumbago, sciatica, gall stones, gravel, "brick dust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs.

GOLD MEDAL Haarlem Oil Capsules cleanse the kidneys and purify the blood. They frequently ward off attacks of the dangerous and fatal diseases of the kidneys. They have a beneficial effect, and often completely cure the diseases of the bladder, kidney, liver, stomach and allied organs.

If you are troubled with soreness across the loins or with "simple" aches and pains in the back take warning, it may be the preliminary indications of some dreadful malady which can be warded off or cured if taken in time.

Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. GOLD MEDAL are the pure, original imported Haarlem Oil Capsules. Accept No Substitutes.—Adv.

You Can't Eat Meat  
100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness.

The finest meat in the world wouldn't do you any good one hundred miles away from your table.

Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

### Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.—Adv.
