

## EXCITING EXPERIENCE WITH SUBMARINES

Livingston County Boy, In U. S. Navy  
Service, Tells About Getting  
Into Nest of Subs.

Following are extracts from a letter written home by a Livingston county boy, who is in the U. S. naval service and in charge of a gun crew on board a transport ship, regarding a recent submarine attack on a fleet of transports and their convoy:

It was a swell day, the sea as smooth as glass—just a regular "sub" day. We were cruising along only one more day out, when we ran into a regular nest of them. By that time we had picked up our regular number of destroyers. The first we knew of our danger was when the leading destroyer wheeled, fired a shot and started out at top speed. By that time we saw the wake of the sub, got our guns trained on her ready for action, and we lit out at the rate of about twenty knots. The destroyer went back for about 1,000 yards and dropped a depth charge. You know a depth charge is a can filled with high explosives and can be set to go off at any depth and will crush anything within a radius of 150 yards.

Sub Blown Out of Water.  
Well, she started dropping charges over the sub. The first one was set too high and exploded above it, just throwing the water up into the air. The second one was better timed and got the sub, threw her into the air and she busted in two in the center and sunk.

By this time we were far ahead of the convoy with two little destroyers alongside of us, going like h—, all of a sudden two more subs popped up,

one about amidship on the starboard side and the other just off the port quarter.

### We Get Another Sub.

The one on the quarter was sighted right away by the destroyer as she came up only about ten feet from the destroyer and it was an easy matter for her to drop a charge on it and she sure did it, which added another one to her credit.

The other one wasn't sighted until she had our range and she let go a torpedo at us. You know you can see the wake of a torpedo for about 500 yards before she hits you. The bridge sighted her and made a 90° turn and the missile of death missed us by only about five feet!!

Well, we trained our guns on her, or the place where she last was, and as she came up, let go at her; but in the excitement the gun pointer got the wrong range and we missed her by 600 yards! Some miss, eh?

We went about five miles then of the fastest riding and zigzagging I ever saw, and then slowed down and waited for the rest to catch up. Then we started on again.

Sink Third Submarine.  
About midnight the ship to our left sent us her submarine warning and we were at it again. This time there was only one of them. She came up in the center of us and we all blazed away at her. She got in one lick—got one of the destroyers—and this time we got her. And, believe me, it was my gun crew and old No. 18 got her! I tell you, folks, I wouldn't take a million for that experience.

Rally day at the Congregational church next Sunday. Come to church and Sunday school!!

## LIBERTY LOAN IS \$100,000 BEHIND

Chelsea District Does Not Come Up  
To Quota Assigned Under  
Volunteer System.

Approximately, Chelsea and vicinity, including Lyndon, Lima, Sylvan and parts of Sharon and Freedom townships, is \$100,000 behind its Liberty Bond quota of \$275,000. This district is not doing as well as others in the county. Dexter has nearly doubled its quota, Milan and Saline are over and Ypsilanti is nearly up to its quota. Subscriptions in the various districts were reported yesterday as follows:

Ann Arbor	\$1,163,000
Ypsilanti	535,000
Chelsea	175,000
Dexter	104,000
Milan	93,000
Saline	127,000
Manchester	154,000
Whitmore Lake	18,000
Salem	26,000

The quotas of the several districts are as follows:

Ann Arbor	\$1,482,178
Ypsilanti	565,077
Chelsea	274,285
Dexter	58,100
Milan	93,000
Saline	126,000
Manchester	153,300
Whitmore Lake	32,100
Salem	37,900

## CIRCUIT COURT OPENS

Several Liquor Cases Are On Docket;  
Jury Dismissed Until After  
November Elections.

The case of James Burke, of Whitmore Lake, charged with having a large quantity of liquor in his possession, was called in the circuit court yesterday morning, and by agreement of the counsel was put over to the December term of the court.

Two other liquor cases were disposed of, one of them taking a fine and the other furnishing a bond for later appearance in the court. Both of these were Ypsilanti cases.

William W. Washington, arrested at Ypsilanti for bringing 24 quarts of whiskey into the county, pleaded guilty and was fined \$100, with costs of \$8.25 added. Washington is a colored man. His whiskey was ordered turned over to the hospital in Ypsilanti.

Andrew Galante, arrested at Ypsilanti with five trunks containing 100 gallons of whiskey, furnished a bond of \$1,000 for his appearance.

The case of Lawrence Crosby, arrested on the charge of illegal voting in Whittaker, was nolle prossed on motion of Prosecuting Attorney Leslie W. Lisle.

Twenty-one cases in which no progress had been made during the past year were dismissed from the court, thus clearing the docket of a lot of deadwood.

On the motion of the county bar the court ordered that when the jury came in this morning it be dismissed until after the November elections.

## FORTY-THREE SOLDIERS INJURED IN ANN ARBOR

Temporary Floor In Barracks at Gym  
Gives Away and Allows Men  
To Fall Eighteen Feet.

Forty-three members of Class B, Students' Army Training corps, were injured Sunday night when the temporary floor built across the running tracks in Waterman gymnasium, gave away and allowed them to fall 18 feet to the main floor. None of the men are seriously injured, the majority having only severe sprains and bruises.

The temporary floor had been in use for about ten days and had been declared safe by competent engineers. Only a section about 25 feet square gave away.

## JOHN SCHAUFLE.

John Schaufele died Friday, October 4, 1918, at the home of his daughter, Mrs. John Spiegelberg, with whom he had made his home for a number of years past. He was nearly 90 years of age.

The deceased was born in Wuerttemberg, Germany, December 22, 1828, and came to this country when a young man, 22 years of age. He spent several years in New York and then came to Michigan, where he followed the business of farming. He resided in Superior township, and later in Saline, finally locating in Dexter in 1873, where he resided for a number of years, later moving to this vicinity.

He was united in marriage at Ypsilanti in 1857, to Miss Anna Maria Dutt, who died in 1907. One son, John Schaufele of Flint, and three daughters, Mrs. Mary Schieferstein of Lansing, Mrs. Jacob Schultz of Ann Arbor and Mrs. John Spiegelberg of Chelsea, are left to mourn their loss.

The funeral was held from the home of his daughter, Mrs. Spiegelberg, Sunday afternoon at three o'clock, Rev. A. A. Schoen officiating. Interment at Oak Grove cemetery.

## MORRIS VINCENT.

Morris Vincent died Saturday, October 5, 1918, at the Methodist home where he had resided for the past 11 years, coming to Chelsea from Milan. He was born in Hawley, Mass., March 23, 1833, and was 84 years, six months and 12 days of age.

The funeral was held this afternoon at two o'clock at the Methodist home, Rev. Field of Flint conducting the service. Interment at Oak Grove cemetery.

## CHARLES M. DAVIS.

Charles Melville Davis, one of the pioneer residents of Washtenaw county, died early Monday morning, October 7, 1918, at the home of his daughter, Mrs. S. A. Mapes. He was 84 years of age last March.

Mr. Davis was born in Lodi, March 18, 1834, his parents being Randolph and Mary (Geddes) Davis, who were among the early settlers in Lodi. As a boy, the deceased assisted his parents in clearing their land and experienced many of the hardships of those sturdy pioneers who developed the agricultural resources of the county.

He was united in marriage with Miss Minerva M. Geddes of Lodi, April 6, 1862. Several years later they came to Sylvan township and purchased the farm just south of Chelsea, now owned by George English. For the past 26 years he had resided in Chelsea.

Mr. Davis was the father of four children, two of whom are left to mourn their loss, Henry Irving Davis of Ann Arbor and Mrs. S. A. Mapes of Chelsea. Another daughter, Mrs. L. P. Vogel, died December 17, 1915, and a son, Robert Geddes Davis, in infancy. Mrs. Davis died December 25, 1916. He is also survived by one sister, Mrs. Jane Waters of Lodi, who is 86 years of age and the last surviving member of a family of nine children, and by eight grandchildren.

The funeral will be held Wednesday afternoon at three o'clock from the home of Mr. and Mrs. S. A. Mapes, 214 East Middle street, Rev. P. W. Dierberger conducting the service. Interment at Oak Grove cemetery.

## FISKE AND BUCK ARE DISCHARGED

Crew of D. J. & C. Freight Car, in  
Collision July 20, Freed From  
Charge of Manslaughter.

Charles Fiske, conductor, and Walter Buck, motorman, of the D. J. & C. freight car which was in the wreck here July 20th, resulting in the death of 13 passengers, were freed from the charge of manslaughter yesterday at a session of the circuit court in Ann Arbor, on motion of Prosecuting Attorney Leslie W. Lisle.

The prosecuting attorney took the ground that the investigation of the wreck by the coroner's jury disclosed insufficient evidence against the two railroad men.

The coroner's investigation disclosed that the collision was caused by the freight car running past its signals, but the testimony offered at that time also showed that it was difficult for the two men to be certain just what the signals showed. The verdict of the coroner's jury declared that the railroad regulations should make it the duty of some one man in the crew of a freight car to watch the signals in such a case.

## YOUTH ROBS PROSECUTOR.

Dean Lindsey, about 18 years of age, who was arrested near Ann Arbor last June after having threatened a woman with a revolver, and who was later placed under parole on a farm near Ann Arbor, has broken his parole and fled. With him he took a valuable gold watch, some money and wearing apparel belonging to Prosecuting Attorney Leslie W. Lisle, who had been acting as Lindsey's best friend. The boy's home is in New Jersey and he is said to be the son of the state game warden of New Jersey.

## NEW PEACE OFFERS OF GERMANY AND AUSTRIA RECEIVED WITH SCORN AT ALLIED CAPITALS

All Talk in Washington Is That An Armistice Cannot Be Considered While Germans Hold a Foot of Foreign Soil—  
Germany Trying to Save Country From  
Invasion Is View.

### EMPEROR WILLIAM ADDRESSING HIS ARMY AND NAVY RECENTLY ADMITTED THE HOUR WAS VERY GRAVE

Forecast Instant Rejection of the United States Will Be the  
Fate of Latest Peace Proposals From the Central  
Powers—Hypocrisy Seen in Enemy's  
Bid for Peace.

The peace offers of Germany and Austria were received with scorn at Allied capitals, where the stand, as expressed in news dispatches, is to fight on and force unconditional surrender. No government, however, has spoken officially. At Paris newspapers are unanimous in demanding a "complete victory" and that Germany lay down arms. London papers assert the Kaiser "must throw up the sponge." All talk in Washington is that an armistice cannot be considered while Germans hold a foot of foreign soil and that Germany in desperation is trying to save its territory from invasion. Emperor William in addressing his army and navy stated peace had been offered, but only an "honorable peace." He said if his offer was refused he believed Germany would prove strong enough to defend its own land, though he admitted the hour was grave and the Macedonia front had collapsed.

#### Negotiations Flatly Rejected.

London—Austria-Hungary, according to a Rome dispatch, has again approached the Vatican with a request to initiate peace negotiations. The request was flatly rejected, the dispatch states.

#### Newspapers Want Complete Victory.

Paris—Unconditional surrender characterizes the general comment in Paris on the demand for peace sent by the Central powers to President Wilson. It is felt here Germany and her allies have not gone far enough in their request to the president for an armistice and although they have stated they are willing to talk peace on President Wilson's plans, they have not shown submission, such as was forced upon Bulgaria. The Paris newspapers are unanimous in their demand for complete victory. The present peace move is sneered at. A demand is made for the entire submission of Germany and that the Germans be disarmed.

#### Forecast Instant Rejection.

Washington—Instant rejection by the United States will be the fate of the latest peace proposals from the Central powers.

President Wilson will handle the situation, and handle it in a hurry. He is expected to act as soon as the state department receives officially the text of the notes from Berlin and Vienna. There was no disposition in official circles to distinguish between the German and Austrian moves, as the proposals are deemed but another step in the great peace offensive now under way. Because the two governments are acting in accordance on the matter, word of similar action on the part of Turkey is expected momentarily.

It can be stated semi-officially, however, that peace is impossible at the present time as far as either Germany or Austria is concerned. The reason it is impossible is because they have made it so. Officials expressed disgust at the hypocrisy which cloaks the present proposals, and which glares from beneath the camouflage of good faith.

Here are the reasons they advance:

The military situation has made the move necessary and therefore reveals it as a diplomatic attempt to avert the disaster German armies face on the field of battle.

Germany has undertaken some reforms and appointment of Prince Max of Baden, termed a "patriot radical," as imperial chancellor, is cited.

But it is pointed out, an improved military situation would allow the militarists to get rid of Prince Max and his co-workers as easily as it was possible to displace von Hertling, Michaelis and other chancellors.

Peace at this time, it also was said, would leave Germany with the nucleus of a mighty army, with which she

#### Bohemia to Issue Proclamation.

Amsterdam—The proclamation of the independence of Bohemia will be issued shortly, according to the Budapest newspaper, Akest. "Members of the Czech national committee fear neither prison nor death," says the newspaper. "They all have made their wills and settled their material affairs, and the independence of Bohemia is virtually assured. All preparations have been made for proclamation of the independence of Bohemia. Every portfolio has been distributed.

### Michigan News Tersely Told

Port Huron—Local Red Cross chapter has secured a lease on a building here for its permanent home and will take possession immediately.

Athlon—Addresses were made by Lieut. J. L. Bate, commandant, and Dr. Delos Fall, representing the faculty, when 250 members of the S. A. T. C. were drawn up in formation at Athlon College.

Port Huron—Petition filed by several hundred signers will result in elections being called upon to pass on the proposed purchase of part of Huron Beach which has been offered the city by Stanley McFarland for \$9,000.

Port Huron—Farmers and producers having apples and other products going to waste for lack of harvest help are asked to submit their names. Efforts will be made to send volunteers to garner supplies for the poor of the city.

Petoskey—Plucky Cross Village, which was destroyed by fire, will be rebuilt as soon as possible. Supplies have been received by those whose homes were destroyed from relief committees at Petoskey and Harbor Springs.

Lansing—H. Parmeter, creamery manager, was fined \$25 for selling butter containing less than 89 percent butter fat, it being alleged that the butter was made from whey cream, a by-product from cheese production.

Flint—Through the efforts of the local Board of Commerce, sleeping quarters for soldiers in the motor convoy service who pass through Flint on their way to the Atlantic coast with trucks, have been provided in the Armory.

Niles—Larue Messenger, Sixth Infantry, 21 years old, has been killed in battle. He enlisted May 5, 1917, and has been overseas seven months. He was a son of Mrs. Schuyler Messenger, widow. Another son, Arthur, is in a hospital in France, wounded.

Petoskey—A new steamer under construction for Roe Bros., of Harbor Springs, has been sold to the Beaver Island Transportation company for the Charlevoix St. James run, and will be delivered November 1. Captain Fineman will sail the new ship, which will make daily trips.

Manistee—Proceedings have been instituted asking a resale of the Michigan East and West Railroad by the Joyce interests, which purchased the road at auction for \$190,000. It is charged that P. H. Schorbach, Manistee, made the bid only against them and did not act in good faith.

Adrian—Benjamin Darras, convicted on a charge of violating the prohibition law and sentenced to 65 days in the Detroit workhouse, Wednesday, was taken to Detroit and permitted to enter the army, the judge having made provision that the sentenced would be suspended if he entered the service.

Manistee—Following a trip to the Federal Shipping board by Walter W. Powers, of the Peninsular Shipbuilding corporation, of this city, it is announced that within three weeks boats will be under construction at the local plant for the United States government service. There will be wooden boats for ocean service.

Belding—William Hawton, 45, was shot and killed by his wife, 40, at their farm home near here. The shooting resulted from an attack by Hawton upon his wife. The woman admits the shooting, declaring her husband had been drinking for some time and that he attacked her, the revolver being fired during a struggle for possession of the weapon.

East Tawas—The United States civil service commission announces a competitive examination for the position of forest ranger, October 28. This examination is to be held at East Tawas, under the supervision of the local forest supervisor and from whom the necessary application blanks and other information relative to this examination can be secured. The subjects covered by the examination are: Practical questions, 40 weights, education, 30 weights and experience 30 weights.

Richland—Miss Kate Chandler, Mrs. Claude Mason and 4-year-old son, Kirby, were seriously injured when the automobile in which they were riding plunged over an embankment near this village and struck a telephone pole. They were rushed to a Kalamazoo hospital, where it was said all three were Mrs. Chandler, the driver, who lost control of the machine while coasting down hill, and Claude Mason, escaped with scratches. They were returning from a wedding at Kalamazoo.

Marshall—A defective truck on the twentieth car from the locomotive in a westbound freight train of 54 cars on the Michigan Central, wrecked the train six miles west of here. Five cars loaded with coal, cabbage, beans, hay and auto trucks were demolished. Wrecking crews from Jackson and Kalamazoo, with two steam derricks, cleared the blockade of both tracks. During the blockade all trains between Jackson and Niles were dispatched over the Air Line division. The loss and damage is estimated at \$50,000.

Greenville—Montcalm county's Red Cross chapter has topped its quota of 2,200 pounds of old clothing for Belgium.

Standish—Joseph Chaulofsky, son of a Polish resident south of here, near Pluconing, is dead in action in France.

Adrian—Mayor Baker delivered an address of welcome to 100 students inducted into the Adrian College S. A. T. C.

Flint—For the third time in three years fire destroyed a barn owned by John Katalaj, who believes the fire incendiary.

Hillsdale—A building formerly used as a shoe factory has been converted into a barracks for the 150 members of the S. A. T. C. at Hillsdale College.

Mt. Pleasant—Two hundred and fifty students at the Central Michigan Normal School were sworn in the S. A. T. C. with appropriate exercises.

Hillsdale—John Stants, of Jefferson, paid a fine of \$15 for shooting squirrels, and Orrin B. Truman, of Detroit, paid \$10 fine for having the squirrels in his possession.

Ann Arbor—George Hanlon has received the news of the death of his brother, Corporal Patrick Leo Hanlon, of company B, One Hundred and Twenty-sixth Infantry, killed in action August 25.

Monroe—City Attorney Lehr has been instructed by the city commission to seek an injunction restraining the D. U. R. from enforcing new rates which were put into effect between Detroit and Toledo.

Manistee—The fourth rise in the price of milk in Manistee since August of last year went into effect Tuesday. The price will be 14 cents a quart, in comparison with 8 cents asked a little more than a year ago.

Big Rapids—Prosecuting Attorney John E. Dannon left for Camp Zachary Taylor, Kentucky, to enter training with the field artillery. He is a great-grandson of Francois Damont, who came from France to aid the colonies in 1776.

Flint—Genevieve chapter, Daughters of American Revolution, has adopted resolutions address to Secretary Lane asking removal of P. P. Claxton as United States commissioner of education because of his alleged efforts to retain the teaching of German in the public schools.

Grand Rapids—Fred Marshall, of Detroit, has been chosen president of the Michigan Funeral Directors and Embalmers' Association. John Fisher, Cassopolis, was elected vice-president; Oscar Kildstrom, Grand Rapids, secretary, and J. P. Rowe, Benton Harbor, treasurer.

Saginaw—Harold Bachman, third class yeoman at the Great Lakes naval training station, is dead of Spanish influenza. He enlisted from here July 4 and was a member of Arthur Hill high school faculty, for some time being baseball coach. He came here from Monroe.

Ann Arbor—Returning home from the office of the local draft board, where she had signed her husband's questionnaire, Mrs. Besie Adams was taken ill and died within 20 minutes. She was the wife of Harry Adams and besides her husband she leaves a mother and four small children.

Manistee—Frank Coon, 14 years old, probably will lose his left hand as the result of the first hunting accident of the season in the county. The lad, while seeking game, climbed upon a stump, dragging his shotgun by the barrel, the trigger caught, exploding a shell, and the full charge tore through his left wrist.

Camp Custer—Clearly indicating that the present camp administration will not tolerate men who attempt to evade military service, Private John Hunk, Detroit, has been sentenced to 25 years at Fort Leavenworth for refusing to don a uniform or sign enlistment forms. This is one of the most severe sentences ever imposed for this type of military crime.

Bay City—The Portland house, one of the city's old landmarks was destroyed by fire. The place had been used as a hotel for more than a year. A building adjoining also was badly damaged. The loss is about \$10,000. The adjoining building was used as a warehouse by the Bay City Grocer Co., who lost 70 bags of sugar stored in the building.

Corunna—Private Leonard Watson, company M, One Hundred and Twenty-sixth Infantry, of this city, has been missing in action since July 31, the day when the company suffered heavy casualties, his parents, Mr. and Mrs. Harry Watson, of Corunna, have been notified by the war department. Watson was mentioned for bravery in bringing in wounded under fire in Alsace several weeks ago. Private Lowell Bouck of the same company has been gassed, but is recovering.

Manistee—Two more Manistee county boys have been shot by Germans. Mrs. Joe Gumieny, of Claybank, has been advised that her son, John Andrew Gumieny, was seriously wounded in the fighting near Soissons. He was a member of the One Hundred and Twenty-sixth Infantry. Glenn Myers, Bear Lake, with the same forces, was also wounded in that battle, his parents have been advised. The bullet was removed within five minutes after he was wounded, promptness saving the life of Glenn Myers.

## ALLIES SMASH FOE LINE IN ALL PLACES

AMERICAN TROOPS OPERATING  
ON CHAMPAGNE LINE HAVE  
AGAIN ADVANCED LINE.

### FOE FORCED TO GIVE GROUND

Enemy Gradually Being Pushed  
Eastward in Belgium. Haig  
Takes Town.

With the American Army on Champagne Front—The American troops operating on the Champagne front with the French again advanced their lines. They captured St. Etienne and further acted as a leverage at the right of the Champagne offensive, which resulted in the withdrawal of the German lines on a 28-mile stretch.

The Germans everywhere are being forced to give ground to Allied troops.

In Belgium the enemy is gradually being pushed eastward, and in anticipation of a forced final withdrawal is continuing to make ready for that eventuality by removing his guns and otherwise lessening the value of his defensive work in the territory upon and adjacent to the North sea coast.

To the south from Arras to the Verdun sector the Germans are being hard pressed by the British, American, Italian and French forces, and, although on numerous sectors they still are offering desperate resistance, they seemingly are unable to do more than retard the advance of their foes.

Douai, south of Lens, is almost enveloped, and Cambrai has been further endangered through the capture of the village of Aubencheu-aux-Bois, five miles to the southeast, where more than 1,000 Germans were made prisoners.

Hard fighting has taken place around Montbrechain and Beaurevoir in this immediate vicinity, where the Germans have brought up fresh reserves in an endeavor to keep Field Marshal Haig's men from cutting through to the important St. Quentin. Le Cateau road from which they now are but a step. Both Beaurevoir and Mont Brechain are now in British hands, and Field Marshal Haig announces the capture of Fresnoy, south of Douai.

With the Germans being defeated over wide areas by the French and Americans from Rheims to the Argonne forest, the Italians south of Laon have begun an offensive which seemingly has as its objective the finishing of the work previously begun by the French for the obliteration of La Fere and Laon. Here they have captured in storming operations important and strongly held German positions.

### BLAST TOLL INCREASED TO 94

Believe the Number of Injured Will  
Not Be Less Than 150.

Perth Amboy, N. J.—Army officers decided that danger of further devastation of the great shell loading plant of the T. A. Gillespie Co. at Morgan, by the blowing up of many more tons of trinitrotoluene stored there in magazines and warehouses have ended after nearly 42 hours of explosions and fire, work of recovering and identifying the dead was begun.

In a report sent to Washington military authorities increased their estimate of the killed from 50 to 94. The number of injured, it was said, would not be less than 150.

Of the 21 bodies which had been taken from the ruins and brought here, only five had been identified. One was that of Roy E. Hickerson, son of William H. Hickerson, a New York furniture manufacturer.

### HONOR CROSS GOES TO HAIG

Society Bestows Medal for "Service to  
Humanity."

Washington—Field Marshal Sir Douglas Haig was awarded the Cross of Honor bestowed annually by the American Cross of Honor for conspicuous service to humanity.

The medal last year was given Marshal Joffre. This year the British Government was requested to name an admiral or general for the honor, and this reply was received:

"In the opinion of His Majesty's Government, the services which Field Marshal Sir Douglas Haig has rendered and is rendering in the common cause of the two countries would seem to indicate him as a suitable recipient of the society's decoration."

### Crowder Calls 29,999 October 15.

Washington—Provost Marshal General Crowder has called for 29,999 Class 1 registrants, physically fit for general military service, of grammar school education to be inducted into the service October 15 for training in technical schools. Voluntary induction will be allowed up to October 12. Quotas for Michigan will include 840 to be sent to the University of Michigan and 200 to be sent to the Michigan College of Mines, at Houghton.

## WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's  
Change from Weakness  
to Strength by Taking  
Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get

up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METERIANO, 86 West 10th St., Peru, Ind.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

## Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. *No power on earth can hold them back.*

## Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. *We must lend the way they fight.*

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

## INFLUENZA CASES GROW AT CUSTER

MEDICAL CORPS ARE LABORING NIGHT AND DAY TO RELIEVE THE SUFFERING.

### MANY TRAINED NURSES ARRIVE

Brigadier-General Laubach's Request for 50 Medical Men From Washington Turned Down.

Camp Custer, Battle Creek, Mich.—The official figure on Spanish influenza was 6,888 cases, about 17 per cent of the total camp strength. With 20 deaths within 24 hours, it would seem that Camp Custer's double epidemic of pneumonia and Spanish influenza had about reached its peak. But medical officers held out no such hope.

Since the last report 1,250 cases of Spanish influenza have developed. Of these only 215 were sufficiently serious to warrant moving the patients to the base hospital. The other 1,000 and more other victims were cared for in the receiving companies of their regiments. At the same time 549 men were released from the base hospital and returned to the newly formed "A" companies of their regiments.

Each regiment has now cleared a barracks where men showing symptoms of Spanish influenza are taken to be cared for until their conditions suggest necessity of removal to the base hospital or the buildings it has commandeered as auxiliary wards.

The medical corps has been overworked, having labored night and day, and there are instances where the officers have fallen into a dead sleep sitting down. Brigadier-General Laubach's request for 50 medical men from Washington has been turned down, the war department explaining that it has not the available physicians. The general has, therefore, started making his own doctors, taking 300 enlisted men with some knowledge of nursing and giving them special courses in caring for the disease. They are now being scattered in all regiments, relieving doctors and nurses needed at the base hospital. They will work nights, largely, giving the medical men an opportunity to snatch a little sleep and thus continue fit for duty. The symptoms of the disease are so plain that the soldier-nurses can do as efficient work in the early stages as trained medics.

Michigan towns are sending in offers of assistance, but thus far the camp administration is able to handle the epidemic without outsiders exposing themselves. General Laubach considers that one of the biggest problems is preventing the disease from spreading to adjacent communities. He is, however, very appreciative of the fine spirit shown by the state. Trained nurses continue to arrive and are, of course, welcomed. The number has gone from 90 to 133 within two days.

The newcomers are making it possible for their sister nurses to get a little rest, after having been constantly on duty since the malady broke out.

Motor transportation also is badly needed and General Laubach has wired Washington to hasten shipment of additional cars to which the Fourteenth division is entitled—motorcycles, touring cars and roadsters, which are needed to transport doctors and nurses about the quarantined camp. It is four miles from one end of Custer to the other.

### Stop Disease Close Public Places.

Washington.—The only way to stop the spread of Spanish influenza is to close churches, schools, theaters and public institutions in every community where the epidemic has developed, in the opinion of Surgeon-General Blane, of the public health service. There is no way to put a nationwide closing order into effect, said Dr. Blane, as this is a matter which is up to the individual communities.

### Epidemic Gaining in New York.

New York.—With Spanish influenza and pneumonia gaining headway here, the health authorities today took steps looking toward a readjustment of the city's business and industrial life until the epidemic has abated.

### Troop Movement Stopped.

Washington.—American troops abroad now number 1,800,000, members of the House Military Committee were informed at their weekly conference at the War Department.

Spanish influenza in camps and cantonments will retard shipments somewhat in the immediate future, they were told, the department having adopted the policy of not sending any men overseas who have been exposed or show symptoms of the disease.

### English Sub. First to Cross Ocean.

Detroit.—Not a German submarine, but E-1 and E-2 of the British navy made the first trip across the ocean under their own power. J. F. Rawlinson, Detroit representative of Lloyd's registry of shipping, told the Detroit Engineering society in Board of Commerce. The trip was made from England to Newfoundland in 10 days, previous to the trip of the Deutschland, German submarine, but was not disclosed by the British government.

## AIRMEN RAISE HAVOC ON RHINE

British Raid Enemy Territory 249 Times, Drop 247 Tons of Bombs.

New York.—British airmen in the last three months have wrought heavy damage to military objectives in Western Germany and enforced withdrawal of several enemy air squadrons sent to protect the raided territory, the British Bureau of Information announced here in a review of the activities of the British independent air force.

A 250-mile belt of the Rhine Valley, in which are the principal German war industries and railway systems vital to maintenance of the Kaiser's lines in France, has been brought definitely into the war zone, the statement said.

Fliers of the independent air force have raided enemy territory 249 times and dropped 247 tons of bombs on strategic points.

Aside from destroying or damaging munition and poison gas factories, railway stations and trains, it was stated, the attacks have had a widespread moral effect, demonstrated at dozens of public meetings in Rhine River towns, demanding cessation of air warfare.

### Entire Austrian Cabinet Quits.

London.—The Austrian Cabinet, headed by Premier Hussarek, has resigned, according to information reaching here from Vienna.

Baron von Hussarek handed his resignation in the name of the entire Cabinet to the Emperor. It will be officially announced, the dispatch says, after a successor to Hussarek has been found. The new Premier, it is added, possibly will be Prof. Lammasch with whom negotiations are under way to bring about a great pacifist manifesto.

The first decree, signed by King Boris, was one demobilizing the Bulgarian army, says a dispatch from Sofia. Former King Ferdinand has left Bulgaria. Before signing his declaration of abdication, he received the various party leaders, all of whom expressed approval of his decision.

The Russian note to Turkey, published by Vorwarts, concludes, according to a Berlin dispatch:

"The Russian Government is obliged to state that in consequence of the action of the Turkish Government the treaty of Brest-Litovsk, which was to have established peaceful relations between Russia and Turkey, is null and void."

It is understood that this applies only to the clauses in the treaty concerning the relations between Russia and Turkey.

## U. S. ARMY OFFICIALS INDICTED

Twelve Government Inspectors and Leather Men Charged With Fraud.

Washington.—Colonel H. J. Hirsch and Lieutenant Samuel Grass, of the quartermaster's corps; Morris and Leo Rosenwasser, officials of Rosenwasser Brothers, Inc., and 12 government inspectors and employees of the Rosenwasser plant at Long Island City, N. Y., were indicted by a federal grand jury in Brooklyn on charges of conspiracy to defraud the government.

A true bill was also returned against the Rosenwasser corporation.

The indictments, announced by the department of justice, resulted from an investigation by agents of the war department into the firm of Rosenwasser Brothers, Inc., which hold contracts aggregating several millions of dollars for leather coats and spiral puttees for army aviators and for other war supplies.

## DETROITERS FIGHTING IN RUSSIA

339th Infantry Regiment and 310th Engineers Leading Allies Advance.

Washington.—Beyond the fact that Detroit troops are leading the Allies' advance, 200 miles south of Archangel, very little is known in the War Department as to the nature of the fighting in which the American forces in northwestern Russia have engaged.

Gen. Peyton C. March revealed officially for the first time that the American army in this quarter of Russia consists of the 339th Infantry Regiment and a part of the 310th Engineers Regiment. Both of these units are made up of men from Camp Custer. The 339th is entirely from Detroit.

Both regiments went to England with the 85th Division, from which they were detached about a month ago.

Gen. Poole, a British officer, is commander-in-chief of the Archangel expedition which consists of British, French and American troops, cooperating with newly organized Russian regiments. The American force is under command of Col. George E. Stewart, a regular army officer.

### U. of M. Starts Ship Course.

Ann Arbor.—At the request of the United States Shipping Board Emergency Fleet corporation the naval architectural department of the University of Michigan will start October 7 a short intensive training course in ship design, to run about 12 weeks. Men enrolling in this course will devote their entire time to the study of ships. Applicants must have had at least three years previous study in an engineering college course, before being accepted.

## GOOD-BYE BACKACHE, KIDNEY AND BLADDER TROUBLES

For centuries all over the world GOLD MEDAL Haerlem Oil has afforded relief in thousands upon thousands of cases of lame back, lumbago, sciatica, rheumatism, gallstones, gravel and all other affections of the kidneys, liver, stomach, bladder and allied organs. It acts quickly. It does the work. It cleanses your kidneys and purifies the blood. It makes a new man, a new woman, of you. It frequently wards off attacks of the dread and fatal diseases of the kidneys. It often completely cures the distressing diseases of the organs of the body allied with the bladder and kidneys. Bloody or cloudy urine, sediment, or "brickdust" indicate an unhealthy condition.

Do not delay a minute if your back aches or you are sore across the loins or have difficulty when urinating. Go to your druggist at once and get a

box of imported GOLD MEDAL Haerlem Oil Capsules. They are pleasant and easy to take. Each capsule contains about one dose of five drops. Take them just like you would any pill. Take a small swallow of water if you want to. They dissolve in the stomach, and the kidneys soak up the oil like a sponge does water. They thoroughly cleanse and wash out the bladder and kidneys and throw off the inflammation which is the cause of the trouble. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gallstones, gravel, "brickdust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs. Your druggist will cheerfully refund your money if you are not satisfied after a few days' use. Accept only the pure, original GOLD MEDAL Haerlem Oil Capsules. None other genuine.—Adv.

### His Question.

"Will anyone ask me a question relative to any matter of life and death?" asked the thought reader.

"Well, mine refers to murder."

"Ah, I see blood!" exclaimed the thought reader, tragically. "You wish to know who did the deed?"

"Yes, please."

"That's quite right. Father or mother's side?" ventured the inquirer.

"Father's."

"Wonderful. That, too, is correct. But what was the object?"

"Gain."

"How marvelous! Go on."

"Alas! I can see no more. Now, please read out your question, sir, for the benefit of the audience."

"Who killed Cock Robin?"

### Catarhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a runny nose or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

### Inconsistency.

"Did you ever notice," queried the almost philosopher, "that a man will stick his hand out to see if it's raining and then become peeved if he catches a drop on it?"

The man who handles the truth recklessly is sure of a large crop when it comes to raising doubts.

### Toasts and Roasts.

At a little luncheon recently held by a mutual admiration club, the following toasts were proposed:

"His highness, the hetman of Ukraine! Hurrah! Hurrah! Hurrah!"

—Kaiser Bill.

"His majesty, the German kaiser! Hoch, hoch, hoch!"—General Skoropadski of Ukraine.

Such outbursts of impassioned eloquence and expressions of undying fealty will probably go down in the annals of the ages and cause even President Wilson to shake in his shoes with laughter.

### Personal Salutation.

Edward, just before getting in bed, said the usual good night to the various members of his family. As he hopped into bed his mother heard him talking.

"What are you saying?" she asked.

"I just said 'good night me,' he announced.

A man with a conscience rarely gets lonely. He's always got something to argue with.

### Don't Go From Bad to Worse!

Are you always weak, miserable and half-sick? Then it's time you found out what is wrong. Kidney weakness causes much suffering from backache, lameness, stiffness and rheumatic pains, and if neglected, brings danger of serious troubles—dropsy, gravel and Bright's disease. Don't delay. Use Doan's Kidney Pills. They have helped thousands and should help you.

### A Michigan Case

Mrs. Wm. Edgeman, 610 N. Second St., Ishpeming, Mich., says: "About a year ago I was suffering from weakness in my back. I felt tired out and languid all the time. I hardly had ambition enough to go about my housework and my kidneys caused annoyance. Specs. showed before my eyes and blurred my sight. I had dizzy spells, too. Three boxes of Doan's Kidney Pills cured me. I feel like a new man and soon relieved me. Doan's Kidney Pills can't be equalled."

## Heartburn, Belching, Indigestion, Food Repeating and Nearly All Kinds of Bodily Miseries

The first sign of stomach misery usually comes after over-eating. The doctors call it "superacidity." The people say—"sour stomach."

Millions of people who have lost their ambition, energy, courage, vitality and strength—who are weak, pale and listless—who go through life just dragging one foot after another—tired and worn out nearly all the time—nervous, irritable, subject to severe headache, insomnia, and a long train of physical ills—would be surprised, yes, dumbfounded, to learn that it is just an acid-stomach that is causing them all their misery. Yet in nearly nine cases out of ten that is just where the trouble starts.

Now a sour, acid-stomach, or "superacidity", of course, simply means too much acid in the stomach. You can now quickly rid your stomach of its excess acid. A wonderful modern remedy called EATONIC literally wipes it out. It does the work easily,

quickly and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It brings you full strength out of every mouthful of food you eat; and unless you do not full strength from your food you cannot enjoy robust, vigorous health.

EATONIC is in tablet form. They are pleasant tasting—just like a bit of candy—and are absolutely harmless. Take EATONIC and find out for yourself how wonderfully different you will feel. See how quickly EATONIC banishes the immediate effects of acid-stomach—flat, heartburn, belching, food repeating, indigestion, etc. See, too, how quickly your general health improves—how much you relish your food—how much more easily your food digests—how soundly you sleep—how nervousness and irritability disappear. And, incidentally, because, by taking EATONIC, you have rid your stomach of a lot of excess acid that has been holding back and making your life miserable.

So get a big box of EATONIC from your druggist today. He is authorized to guarantee EATONIC to please you and you can trust him to make this guarantee good. If EATONIC fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC write to us direct and we will send you a big box and you can send us the druggist you receive it. Address: H. L. ## CHILDREN'S SERGE DRESSES

\$7.50 to \$9.50

Never have juvenile styles in dresses been so attractive, or so moderate in price, when the present high cost of wool is considered.

Navy blue and black and white checks are the colors, but each dress is set apart from its neighbor by a dash of scarlet, an unusual braid trimming, and the like.

Many have killed skirts, and the juvenile charm of nearly all models is enhanced by crisp collars of white pique.

A few regulation middie dresses are included in this lot.

Sizes run from 6 to 14 years of age.

Howard Holmes was in Ann Arbor, yesterday, on business.

Sugar cards are being issued for October, November and December.

The little son of Mr. and Mrs. John Genter of Lima was seriously injured Saturday afternoon in front of Hirth & Wheeler's blacksmith shop on West Middle street. He was climbing into a buggy, with one foot on the step and the other on a spoke of the front wheel, when the horse started and the little lad's leg was twisted around the wheel and broken.

#### 100% RED CROSS SCHOOLS.

County School Commissioner Evan Essery has found the following schools to be 100% in Junior Red Cross work. Every child has paid his 25 cent membership fee.

In some of the schools the children are working on convalescent blankets, the boys doing as good work as the girls.

Dexter 4 fr., Eloise Jackson, teacher; Lima 2, Sarah Nixon, teacher; Lima 4, Rosa Lucht, teacher; Lima 8 fr., Mrs. Berenice Schenk, teacher; Superior 2 fr., Mildred Shankland, teacher; Superior 2, Grace Duris, teacher; Superior 4 fr., Mrs. Anna Root, teacher; Saline 2, Elizabeth Smith, teacher; Saline 7, Lydia Fitchman, teacher; Saline 8, Hazel Derr, teacher; Saline 12 fr., Margaret Gregg, teacher; Ann Arbor 7, Edith Shields, teacher; Ann Arbor 8, Sarah Rice, teacher (200%, each child 50¢); Lodi 2, Alta Graves, teacher; Scio 6, Laura Kaiser, teacher; Augusta 4, Ellen Gould, teacher; Lyndon 11, Anna Young, teacher.

#### DEXTER LAD BADLY BURNED.

Frankie, the little son of Mr. and Mrs. Frank Harris of Dexter, about four years of age, was badly burned Wednesday afternoon. The little fellow wandered away from home and it is thought was attracted to the site of the Alonzo Davis barn, which was burned that morning, and while playing about the ruins his clothing caught fire.

He was seen by one of the neighbors, Miss Ida Leslie, running toward home. She caught him, but as she was a stranger to him, and no doubt owing to fright and pain, he resisted her efforts to put out the fire. Assistance came from passers-by almost immediately and he was taken to Dr. Wylie, who dressed the burns, which are mostly on the lower part of his body and legs, and very severe, but it is not possible to tell at present, of just how serious a nature.—Leader.

#### U. S. NEEDS WALNUT TIMBER.

Large quantities of black walnut for the manufacture of gunstocks and airplane propellers are desired by the government. For logs 12 inches and up in diameter the price ranges from \$45 to \$55 per thousand feet or the equivalent value of standing timber would be \$20 to \$35. For logs 8 inches in diameter and up the price ranges from \$135 to \$150 per thousand feet and the equivalent in standing timber, \$110 to \$120. These prices are for logs eight feet or more in length.

The government suggests that the lumber be sold only to saw-mills having government contracts or to log buyers carrying credentials from such mills, as well as credentials from the government, indicating that they represent mills having government contracts. Be sure that the buyer has government credentials before the sale is made.

#### SAVE

[A fuel conservation acoustic.]

Care must be exercised in burning fuel. Or there will be great waste and want. All that can be saved will help to win the war. Lend your best efforts to conserve the supply.

Furnaces should be regularly cleaned and inspected. Openings by which air enters ash pits should be stopped. Renovate all heating appliances; keep free from dust and soot. Use more wood and less coal.

Save that extra shovel and help win the war.

#### LINER ADS EFFECTIVE.

One of the most effective forms of advertising is in the "liner" or classified column where an investment of a few cents is certain to give prompt results. Tribune liner ads are always run under the heading, "Wants, For Sale, To Rent," in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for first insertion, 2 1/2 cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.

Here at home are persons who complain of being tired of their share in the war when that share is merely judicious eating. They long for peace as a time of bountiful food, as if more food in the future were the only thing for which millions of men have given their lives.

#### Chamberlain's Cough Remedy the Most Reliable.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."—Adv.

Rally day at the Congregational church next Sunday. Come to church and Sunday school!

#### Croup.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.—Adv.
