

ARTHUR BOYD IS KILLED IN ACTION

Was Well Known to Many Chelseaites
and Was With Two Chelsea
Boys in France.

Chelsea friends of Arthur Boyd of Aurora, Illinois, have received word from his father that the young man was killed in action in France, September 12th. Arthur was one of the boys formerly employed by the old Flanders Manufacturing Co., and later by the Motor Products Co., and the Lewis Spring & Axle Company, and was well known to many Chelsea people, among them being Mrs. Mary Boyd, who recently received the following letter from him, dated September 4th, only eight days before his death:

Dear friend:
At last I have found time to write you a few lines to let you know that I am still on earth and well.
George Wackenhut and I were transferred from the 85th Div. into one of the divisions that have been up to the front and had some hard fighting. We feel much more safe now that we are in with a company of experienced men that have gone through the mill. We hear some great stories of the front here.

We travelled a great many miles through France, stopping here and there, but never long in one place. We are close enough to the front now to hear the big guns every now and then.

The town we are billeted in now is like most all the little French towns, of which we see so many. All the farmers live in the village and farm the land around it, the old men and women and children doing the work. You would be surprised to see the old women get around here. They do the heavy work.

I haven't got where I can talk to them yet other than to get milk, wine or cheese. I have been drinking plenty of milk, about two quarts a day. The cheese we get is something like cottage cheese in the states, but much firmer and pressed in cakes.

One of the companies here has its band and we have concerts every night. Last Sunday the Y. M. C. A. brought a show over here; it was good. Some of the talent I had seen in the states.

George Wackenhut and George Haffner and myself are lucky to be left together. Between the three of us we find enough to do to keep from being lonesome. None of us have received any mail from the states since we came over. If the folks at home

just keep on writing we will get their letters some time.

We all want to get home for Christmas, but it looks doubtful. A winter over here won't be very pleasant. Well, I guess I will close for this time. I want to hear from you, so keep on writing and I will do the same. Give my best to your sister, Howard and wife and Mr. and Mrs. Wever.

Your friend
Arthur Boyd.
Co. C, 150th M. G. Bn.

EMANUEL ESCHELBACH.

Emanuel Eschelbach of Lima died Saturday, October 19, 1918, of pneumonia following an attack of influenza. He was about 28 years old and a brother-in-law of John Lucht, Jr., who died on Friday. His wife and infant daughter are also seriously ill with the disease.

Mr. Eschelbach was born in Grass Lake, April 14, 1890, his parents being Fred and Adeline Eschelbach. When he was about six months old the family moved to Freedom township, where the deceased grew to manhood. He was united in marriage with Miss Mary Lucht, daughter of Mr. and Mrs. John Lucht of near Four Mile lake, about four years ago, and she is left with an infant daughter five months old to mourn her loss.

He is also survived by his mother, Mrs. Adeline Eschelbach of Freedom, and by four brothers and three sisters. His father died about 17 years ago.

The funeral will be held from his mother's home in Freedom, Wednesday morning at 10 o'clock, Rev. Thieme conducting the service.

AN APPRECIATION.

B. Fred Feldkamp of Sharon, whose son, Private Herbert Feldkamp, died recently at Camp Custer, has received the following letter of appreciation:

Battery E, 41st F. A.
Camp Custer, Michigan,
October 16, 1918.

Dear Sir:
The Battery Commander, in behalf of the men of this organization, wishes to extend their heartfelt sympathies in your recent bereavement.

Pvt. Feldkamp was of excellent character and was well liked by all his comrades, and his loss is sincerely felt by all.

S. P. Davis, Jr.,
1st Lieut. 41st F. A.
Comdg. Bty.

To: Mr. B. Fred Feldkamp,
Grass Lake, Michigan.

CHELSEA BOY IS IN THICK OF FIGHTING

Lavera Yettah Writes of Some Recent
Experiences and Praises
Work of Red Cross.

Following is a letter just received by Mr. and Mrs. Titus Yettah from their son Lavern, who is with the 5th Field Artillery in France and in the midst of the recent Allied offensives. Under date of September 18th he says:

Dear father and mother:
Received your letter today. It was dated August 12th. The box hasn't come yet, but packages are slow and we are on the move most of the time.

I won't need a sweater or socks because the army furnishes us all the clothes we need and besides one doesn't want many to pack around when campaigning. I have plenty of socks and you won't need to send me anything.

Well, we are having lots of rain over here now. We are camped out in a woods and my home is a little shelter tent, just big enough for two men. I am sitting in it now writing this letter with the back of my mess-kit for a desk.

We have been doing lots of moving lately and have seen some pretty hard fighting, but you can read about that in the papers. Whenever you read of a big drive or of anything in which the Americans were engaged, you will know that I was there. I am in the first division and we are always in the fighting.

The last position we were in, I was on the ammunition detail carrying shells and fuses to the guns for nine hours, without stop. We started firing at one o'clock in the morning. It was pitch dark and muddy and the shells weigh about 100 pounds each, so you see I have a man's job. By the way, I haven't been sick in so long that I've forgot when; not since I've been in the army.

Recently we were in a little town where the buildings are nearly all shot away by shell fire, and the Red Cross was there giving out hot chocolate, cigarettes and tobacco, bread and jam. They sure do great work and are not afraid to get right up to the front with the boys. I have seen them right out in an open field that the Germans shelled regularly, and dead men and horses all around with a smell you could hardly stand, and they had their truck in there giving out chocolate, cigarettes, etc., to the boys as they passed.

Well, they are having supper now, so must close, with love to all,
From your son,
Lavern.

MRS. GEORGE WACKENHUT.

Mrs. Martha Elizabeth (Steinbach) Wackenhut died Thursday, Oct. 17, 1918, at the family home, 220 South Main street. She had been failing in health for some time past.

The deceased was born in Hainebach, Germany, her parents being Henry and Catherine Volland-Steinbach. The family came to this country in 1854, landing in Baltimore on July 29th. They spent about a month in Pittsburgh, Pa., and then came to Ann Arbor, settling on a farm northeast of that place. Here they remained until the fall of 1865, and moved to Lima township in 1866. Here the daughter, Martha, grew to womanhood and was united in marriage with George Wackenhut, November 9, 1875. Two children were born to this union, Mrs. Adolph Eisen of Detroit, and Miss Lillie at home, who are left with their father to mourn their loss.

Mrs. Wackenhut is also survived by three grandchildren, Marguerite, Robert and Elizabeth Eisen; three sisters, Mrs. Carrie Easterle of Detroit, Minnie Steinbach of Los Angeles, Cal., and Mrs. Anna Fletcher of Chelsea, and by five brothers, Charles, Jacob, Burnett, John and George.

The funeral was held from the family home yesterday afternoon at 2:30 o'clock, Rev. A. A. Schoen conducting the service. Interment at Oak Grove cemetery.

Towns and Localities.

STOCKBRIDGE—Word has been received of the death at East Lansing of D. O. Cranston. He had been attending the S. A. T. C. at the college and his commission for second lieutenant reached him Saturday. There survive him a wife, Agnes Sayles Cranston. Dr. Cranston had been a veterinarian of this place for ten years.

MANCHESTER—Last November a man driving an Oldsmobile car ran against and injured the frame of the bridge at the electric light plant. His car was injured and he was bruised. President Waters sued the Oldsmobile company for the amount of damage, \$322.21, but the company denied that they had anything to do with it. However, President Waters has received a letter from an insurance company, offering to pay the bill if he will withdraw the suit.—Enterprise.

HOWELL—Negotiations have been on for some time looking to a sale of the municipal electric light plant to the Edison company. Engineers of the company have made a careful invoice of the plant, which they value at \$47,464. The Edison company states that they would not purchase the plant under war conditions of business, but that they would lease and operate the plant and their service, to make the equipment equal to the demand here. They would furnish electricity on the same schedule as is in force in Detroit, which is said to be cheaper in some details than now in vogue here. This arrangement would last until a year after the close of the war.—Reporter.

JOHN LUCHT, JR.

John Emil Lucht of Lima died Friday, October 18, 1918, following a brief illness, from pneumonia following an attack of influenza. He was 32 years of age.

Mr. Lucht was the son of Mr. and Mrs. John Lucht, Sr., of near Four Mile lake, Lima township. He was born in Superior township, this county, October 11, 1886. Soon after his parents moved to Lima township and practically his entire life had been spent there. He was united in marriage with Miss Mata Klein of Lima only September 28th, last. Besides his bride of a few weeks and his parents, he is survived by four sisters, Mrs. Martha Stueckeman of Chicago, Mrs. Emanuel Eschelbach of Lima, Misses Anna and Rose Lucht, and one brother, Otto, at home.

The funeral was held from the home this afternoon at two o'clock, Rev. A. A. Schoen conducting the service. Interment at Oak Grove cemetery.

Hatch, Secretary, Ypsilanti, Michigan, for catalog and information. 1112

Theodore Roosevelt
The Original Exponent of Conservation
Who has consistently exerted his tremendous power toward saving the country's resources.

During his administration as President, and afterwards, Mr. Roosevelt has steadfastly and forcefully advocated the urgent necessity of national conservation, both as a method of "preparedness" and as a logical part of the natural expansion of the nation.

Conservation, as Mr. Roosevelt has so clearly pointed out, is absolutely essential to expansion and continued welfare, and this is as true of individuals as it is of the nation.

Conservation means, in a few words, the saving of resources—your resources are your funds—your personal progress or expansion will depend absolutely on how you save your money.

A savings account in this bank would be a valuable asset to you.

They tend to break up colds, relieve feverishness, worms, constipation, headache, teething disorders, don't accept any substitute. Used by Mothers for 31 years. Sold by Druggists everywhere. Ask to-day. Trial package FREE. Address, MOTHER GRAY CO., Le Roy, N. Y.

GENERALLY PAYS TO "STICK"

Man Who is Constantly Changing Jobs is Not Usually an Employee of Special Value.

A Kansas editor complains that "no-body sticks" in these times of plenty of jobs for all. The statement is too sweeping, says the Portland Oregonian, but there is truth in it. A good many do not "stick" who ought to do so. They ought, in the first place, to cultivate the habit of sticking. Some day jobs may not be so common, and it will surprise some of the wandering ones to find that they have not learned enough about any one trade to make them valuable to any employer. The young man who is doing one thing today and another the day after tomorrow is overlooking the chance to establish himself in a career, and he is breeding in himself the spirit of dissatisfaction which will make it hard for him to be happy in all the years to come. Nothing can be said against quitting one job for a better one; ambition ought to be encouraged; but the worker ought to be sure himself that the change is for the better and not merely for the sake of change. Employers nowadays know how great is the loss to industry resulting from mere aimlessness.

Truthful Tramp. Lady of House—You say you work. At what? Hobo—At intervals.—Burr.

The eye of the master will do more work than both his hands.—Franklin.

Saving Sugar and Wheat is comfortably done when one uses Grape-Nuts. This cereal food is composed partly of barley and contains its own sugar made from its own grains. A truly wonderful Food, ready to eat. "There's a Reason"

PRESIDENT WILSON SAYS NO TO AUSTRIA-HUNGARIAN PEACE OFFER

Secretary Lansing Has Made Public the President's Reply With the Announcement That It Was Handed to Minister Ekengren for Transmission to Vienna.

PRESIDENT GIVES NOTICE THAT MERE AUTONOMY FOR AUSTRIA'S SUBJECT NATIONALITIES IS NO LONGER ACCEPTABLE

Germans Are Evacuating Antwerp—Warehouses Are Being Stripped—Thirty-five Submarines Are Being Shipped Overland From Flanders Coast to Kiel.

Washington—President Wilson has rejected the Austro-Hungarian government's offer to conclude an armistice and negotiate peace on principles enunciated by him, and has given notice that mere autonomy for Austria's subject nationalities is no longer acceptable; that they must have liberty.

Secretary Lansing made public the President's reply, with the announcement that it was handed to Minister Ekengren of Sweden for transmission to Vienna.

It did not discuss the military questions dealt with in their reply to Germany. The President said simply he could not entertain the suggestions of the Austro-Hungarian government, because the attitude and responsibility of the United States had been altered by events which had occurred since last Jan. 8, when in enumerating 14 terms of peace, he said: "The peoples of Austria-Hungary, whose place among the nations we wish to see safeguarded, should be accorded the freest opportunity of autonomous development."

Washington—The text of the note to Austria follows:

"Sir: I have the honor to acknowledge the receipt of your note of the seventh instant in which you transmit a communication of the imperial and royal government of Austria-Hungary to the President. I am now instructed by the President to request you to be good enough through your government to convey to the imperial royal government the following reply:

"The President deems it his duty to say to the Austro-Hungarian government that he cannot entertain the present suggestions of that government because of certain events of utmost importance which, occurring since the delivery of his address of the eighth of January last, have necessarily altered the attitude and responsibility of the Government of the United States. Among the 14 terms of peace which the President formulated at that time occurred the following:

"X. The peoples of Austria-Hungary, whose place among the nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development."

Conditions Changed.

"Since that sentence was written and uttered to the Congress of the United States the Government of the United States has recognized that a state of belligerency exists between the Czechoslovaks and the German and Austro-Hungarian empires and that the Czechoslovak national council is a de facto belligerent government clothed with proper authority to direct the military and political affairs of the Czechoslovaks. It has also recognized in the fullest manner the justice of the nationalistic aspirations of the Jungo-Slavs for freedom.

"The President is, therefore, no longer at liberty to accept the mere 'autonomy' of these peoples as a basis of peace, but is obliged to insist that they, and not he, shall the judges of what action on the part of the Austro-Hungarian Government will satisfy their aspirations and their conception of their rights and destiny as members of the family of nations.

Austria's Proposal.

In announcing his reply, Secretary Lansing also made public the official text of the Austro-Hungarian note. It follows:

"Legation of Sweden, Washington, D. C., Oct. 7, 1918. (Translation.) 'Excellency—by order of my government I have the honor confidentially to transmit herewith to you the following communication of the imperial and royal government of Austria-Hungary to the President of the United States of America.

"The Austro-Hungarian monarchy, which has waged war always and solely as a defensive war and repeatedly given documentary evidence of its

Foe Forming New Line.

British Headquarters in France.—A new German line of defense from Antwerp through Namur to Sedan, which probably will be given the name of the Wotan III. line, is understood to be in course of construction. On this side of the line the Germans do not appear to have any defenses of real importance. It is considered likely the main bulk of the German army, or rather what is left of the main bulk in this section of the front, is in its way to the Wotan III. line.

U. S. MANPOWER IS 23,456,021

Final Returns Show 12,966,594 Men Registered September 12.

Washington—Final returns from all states show 12,966,594 men registered for military service September 12. This was 187,836 in excess of the estimate of 12,778,758 based on projections from census figures.

Texas was the last state to report its registration as announced by Gen. Crowder was 521,474 against the original estimate of 546,187.

The total does not include registrations received by mail by local boards after September 12 nor belated enrolments by men who were absent from the country that day. Including such cases, it is believed the actual figure will be approximately 13,000,000. This will be still further increased by the registrations in Alaska, Porto Rico and Hawaii, to be held on dates recently fixed by the President.

The total number registered since the United States entered the war, including those registered June 5, 1917; last June 5; August 24, and September 12 is 23,456,021.

readiness to stop the shedding of blood and to arrive at a just and honorable peace, hereby addresses itself to his lordship, the President of the United States of America, and offers to conclude with him and his Allies an armistice on every front on land, at sea and in the air, and to enter immediately on negotiations for a peace for which the 14 points in the message of President Wilson to Congress of January 8, 1918, and the four points contained in President Wilson's address of February 12, 1918, should serve as a foundation and in which the viewpoints declared by President Wilson in his address of September 27, 1918, will also be taken into account.

"Be pleased to accept, etc. "W. A. F. EKENGREN."

British Capture Ten Villages.

Paris—British armies are progressing in the region of Tournai with clocklike regularity, capturing more than 10 villages, including Nechin, Wannehain, Froimont and Froyennes, the latter a mile northwest of Tournai. The river Selle has been crossed at several points between Haspres and Saulzoir.

With the Allied Armies in France and Belgium—The British army continued its attack in conjunction with Belgians to the north. The combined forces fought their way east of Staccghem and reached Vichte, northeast of Courtrai, and are still pushing on rapidly.

Anglo-Belgians also are northeast of Deerlyck, Spruete and Strate. The third army in its attack had captured by nearly 1,000 prisoners.

While the Belgians, French and British were driving Germans rapidly east in the direction of Ghent, which is being approached both from the west and southwest, the British third army smashed its way eastward to the south of Valenciennes. The success of this operation, which seems assured, means the turning of the Valenciennes line and endangers all German forces northward to Flanders and southward to the Oise canal, behind which Germans have begun to retreat from other British forces and the Americans.

This thrust will serve to upset the known German plan of trying to hold the line east of the Scheidt, to which the enemy is retiring hastily from what once was the Lille gullet.

Reports from the battle line in Flanders indicate Ghent soon will be recovered. Already Allied guns are hammering Germans on all sides; cyclist and cavalry patrols are sweeping ahead in front of the infantry, drawing closer and closer.

Thousands of civilians have been liberated by the Belgians and French and masses of booty, which Germans had no time to carry away, fell into their hands.

Girls May Wear 'Em, Law Allows.

Lincoln, Neb.—Neither the law of God nor the law of man—at least in Nebraska—prevents women from wearing men's clothes when they are engaged in war work, Attorney-General W. E. Reed ruled. Attorney-General Reed's opinion was given to the Rev. W. B. Longpre, of Maxwell, Nebraska, who wrote Governor Keith Neville a letter saying the wearing of men's garments by women was against Bible doctrine and asking if it were contrary to state law.

PROTEST SEIZURE OF FOE BUSINESS

AMERICANIZING OF GERMAN-OWNED BUSINESS CONCERNS BRINGS NOTE FROM GERMANY

REPRISAL IS THREATENED

Note Refers Specifically to Sale of Steamship Property in New Jersey.

Washington—Protest against the Americanizing of German-owned business concerns, ships and other property by Allen Property Custodian Palmer has been made by the German government to the state department.

The note transmitted through the Swiss legation and made public declares the sale of German-owned property in this country is conscientiously aimed to do lasting injury to German economic existence.

Referring specifically to the proposed sale of the property in New Jersey of the North German Lloyd and Hamburg American Steamship lines, the note says it is an endeavor "to shackle through measures of force opportunities of German shipping interests to develop in the future."

The German government concluded its protest with the statement that "it cannot but be guided in the enforcement of the retaliatory orders that have been issued against American property in Germany by the manner in which the United States of America will proceed against German property."

Plans for Americanization by sale to American citizens of German-owned property valued at approximately \$300,000,000 have been prepared and Mr. Palmer declared they would be carried out.

The total value of enemy-owned property taken over by the alien property custodian to date is between \$700,000,000 and \$800,000,000. Unofficial reports place the value of American-owned property taken over by Germany at \$14,000,000.

LOWER PENINSULA OVER LOAN

Michigan is the Second State to Go Over the Top; Iowa First.

Chicago.—The lower peninsula of Michigan, which is a part of the Seventh federal reserve district, has gone over the top with subscriptions totaling \$154,750,000, or nearly \$7,000,000 in excess of its quota of \$147,750,000. Forty-three counties have reached or exceeded their quotas. Fourteen counties are very close to the mark and 11 counties are in doubt. Sales Director Fenton estimates final subscriptions will show an excess over quota of more than \$7,000,000, with upward of 700,000 subscribers.

"Notwithstanding the fact that Michigan has its quota every individual county should endeavor to make its quota and thereby place its star in Michigan's storied flag. This is the fourth time Michigan has gone over the top on Liberty loans," said Mr. Fenton.

The state is the second in the district—Iowa was the first—and one of the first in the United States to go over the top.

The upper peninsula is in the Ninth reserve district and is not included in this announcement.

PRODUCE MORE COAL-PERSHING

American General in France Appeals to U. S. Miners.

Washington—Declaring "the more coal you produce, the sooner we shall have peace," General Pershing, through a cablegram to Fuel Administrator Garfield, appealed to the coal miners of the country for increased production.

"Let there be no shortage of coal," said the American commander's message. "Lack of coal means limiting our war industries; railroads and shipping are slowed down, and the army cannot be provided with means to deliver the telling blows needed to end the war. Without coal we shall be without guns and ammunition to use against the enemy. The man in the mine helps the man on the firing line.

"The more coal you produce the sooner we shall have peace. Every soldier of the American expeditionary forces expects to be backed up by the miners of America, just as labor in every branch of industry at home has stood behind us. We soldiers know that we can depend upon you to do your part as we are doing ours."

Telephone Systems Merged.

Lansing—Merging of telephone systems in the northern central part of the state is announced by the railroad commission. An interchange of properties between the Union Telephone Co., "independent," and the Michigan State, covering several counties, has just been approved by the commission. The deal covers the whole of Gratiot county, most of Montcalm and portions of Isabella, Mecosta, Clinton, Midland, Shiawassee and Saginaw.

FOOD HAS JUMPED 72%

Increase During Last Year Has Been 14 Per Cent.

Washington.—Retail prices of food increased 4 per cent from August 15, to September 15; 14 per cent from September, 1917, to September, 1918, and 72 per cent from September, 1913, to September, 1918.

The bureau of labor statistics has just announced these figures. The increases were determined from reports by retail dealers, on 28 articles of food.

LARGE INCREASE IN RESOURCES

Ford Motor Company's Balance Sheet for Year Shows \$203,749,460.

Detroit.—Enormous increases in resources, current assets and surplus are shown in the statement of the financial condition of the Ford Motor company at the close of its fiscal year, July 31, 1918, in contrast with one year ago.

The corporation's balance sheet presents totals of \$203,749,460, which is an increase of \$37,774,458, compared with total resources of \$165,975,002 at the end of the preceding fiscal period and contrasts with \$132,688,219 July 31, 1916, and \$88,535,849 July 31, 1915.

Current assets aggregate \$137,225,134, against \$112,989,824 July 31, 1917, and current liabilities total \$16,603,891, in contrast with \$25,936,159 a year ago.

The statement indicates net working capital of \$120,624,243 July 31, last, compared with working capital of \$85,153,665 at the close of the previous year.

The surplus was \$175,242,738. This is an increase of \$43,637,821 for the fiscal period and compares with \$131,604,907 July 31, 1917, with \$111,969,907 July 31, 1916, and with \$59,135,771 July 31, 1915. This amount added to surplus during the year is equivalent to \$2,181.84 a share on the company's 20,000 shares of capital stock of the par value of \$100.

STRICT "FLU" BAN OBEYED

Streets Practically Deserted All Day Sunday, 344 New Cases Reported.

Detroit.—Cheerful and strict compliance by Detroiters Sunday with the state-wide Spanish influenza ban which became effective all over Michigan Saturday midnight, was the finding of health department officers who were on the watch for infractions of the regulations.

Downtown streets were practically deserted all day, for there were no amusement places for anyone to go to. Persons lucky enough to possess autos were able to enjoy about the only form of recreation possible and it was the first Sunday in six weeks that motoring has not been taboo because of the ban on use of gasoline the roads were filled with cars.

Only 344 new cases of influenza were reported at the health offices during the day, but Dr. James W. Inches, city health commissioner, warned that the figures must not be construed as meaning that the epidemic is dying out in Detroit.

However, in the report of deaths there is indication that the malady is not spreading with the rapidity that prevailed last week. Only 21 were listed for the day, and this total is nine less than the average reported the last three days.

ELECTRIC WELDING U. S. SHIPS

Riveting Supplanted By Process on Vessel At Kearny, N. J.

Washington.—Substitution of electric welding for the riveting system in ship building, with a consequent saving of three-fourths in time and labor costs, is being considered by the United States Emergency Fleet Corporation. Orders have been issued, it was announced today, for the construction by electric welding of a 42-foot mid-ships section of a 9,600-ton ship at the yards of the Federal Shipbuilding Company, Kearny, N. J.

Practicability of the electric welding process has been demonstrated in part. The first ship built by the process was a tug, launched at the Ash-tabula, Ohio, several years ago, and which has since been in Great Lakes service.

An English shipyard in June launched a large electrically welded barge, which is said to have shown satisfactory results. One of two electric welding processes under consideration was used in repairing damaged German ships seized by the United States at the outbreak of the war.

Shortage of Seed Clover in State.

East Lansing.—Dr. A. J. Pieters of the United States department of agriculture and J. W. Nicolson of the Michigan Agricultural department of farm crops, who have just returned from an inspection trip throughout the state, have brought back to the college a report disclosing a critical shortage of seed clover in Michigan. "The average yield," their statement says, "will not exceed a half bushel per acre. The same condition exists in Ohio.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my household work. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

Force of Habit. While in a certain government office recently Sir Edwin Jones, the British transport board chairman, overheard the following dialogue between two tale typewriter tappers: "Isn't it terrible the way we have to work these days?" "Rather! Why, I typed so many letters yesterday that last night I finished my prayers with 'yours truly.'"—Vancouver (B. C.) Province.

"Cold in the Head"

is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of a acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. All Druggists Sell. Testimonials free. \$1.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. T. J. Cheney & Co., Toledo, Ohio.

A man never realizes the worth of his wife until he has to cook his own meals.

Nervous and All Unstrung?

Foel nervous and irritable all the time? Continually worry over trifles? Then there's something wrong. Back of it all may be weak kidneys. Just as nerve wear is a cause of kidney weakness, so is kidney trouble a cause of nervousness. If you have backache, "blues," nervous spells, headaches, dizzy spells, kidney troubles, irregularities and a tired, worn feeling, try Doan's Kidney Pills. They are recommended by thousands.

A Michigan Case

Mrs. Caroline Kessler, W. Main St., Paw Paw, Mich., says: "The first symptoms of kidney trouble in my case were head-aches and dizzy spells. I had the most terrible twinges in my back, shoulders, arms, neck and limbs. These attacks would come on as often as two or three times a week. My limbs and arms were swollen and sore. Two boxes of Doan's Kidney Pills put me on the road to recovery and in six weeks after finishing their use I was up and around, able to do my household work and take care of my children."

Get Doan's at Any Store, 60c a Box. DOAN'S KIDNEY PILLS. FOSTER-MILBURN CO., BUFFALO, N. Y.

For Constipation Carter's Little Liver Pills will set you right over night. Purely Vegetable. Small Pill, Small Dose, Small Price.

Carter's Iron Pills. Will restore color to the faces of those who lack iron in the blood, as most pale-faced people do.

Children's Coughs may be checked and more serious conditions of the throat will be often avoided by promptly giving the child a dose of safe PISO'S

STATE NEWS

Bay City—Charles Chambers, Pinconning farmer, paid \$300 for violating sheep shipping regulations.

Mt. Clemens—The five-year-old son of Leo Kluck, was drowned when he fell in the Clinton River, near the city docks.

Big Rapids—Captain Charles McCormick, of the One Hundred and Twenty-sixth infantry, has been commissioned major.

Bay City—James T. Monroe, former Alabaster postal clerk, was sentenced to Leavenworth for 13 months for embezzlement.

Traverse City—Supervisors of Newaygo and Leelanau counties have contributed \$200 each to the Western Michigan Development bureau.

Battle Creek—Two thousand children have failed to report in public schools of Battle Creek either because of influenza or fear of the disease.

Pontiac—The state board of corrections and charities has notified Oakland county that it must provide a better juvenile detention home here.

Port Huron—The city commission has decided to follow the request from Washington that all clocks be set back one hour at midnight October 25.

Albion—Mayor Hoaglin and Chief of Police Hubbard have launched an active campaign to ban all pool and card playing in soft drink establishments as the first step toward making loafing in Albion unpopular.

Charlotte—Three young men of Nashville are reported dead. Carl McDerby died of influenza in Louisiana, Clair Harvey died of pneumonia abroad a troop transport, and Orville Stocking is reported dead in France.

Mt. Clemens—Local authorities propose a round up of men employed in non-essential industries. Barney Diehl, federal public reserve agent, is holding a conference with draft officials in order to determine the classifications of the non-essential laborers.

Saginaw—Alec Sauve of Bridgeport township has been arraigned before United States Commissioner Quinn, charged with obstruction of the sale of Liberty bonds. It is alleged Sauve argued against the purchase of bonds at a patriotic meeting early this month. He demanded an examination.

Adrian—Henry King, 50 years old, of Detroit, and William Adams, 35 years old, of Toledo, were captured at Toledo in an automobile chase and revolver battle with detectives. They are accused of having blown the safe of the Clayton Exchange Bank. Police say the men had fuses and other materials used by cracksmen.

Lansing—Oklahoma officers are interested in the recent arrest near the Ohio line of Sherman and Orrie Billingsley for whisky running. In a letter to Commissioner Fred Woodworth, the prosecuting attorney at Oklahoma City, Okla., asks for particulars. He says they have charges hanging over the head of Sherman Billingsley and Logan Billingsley.

Traverse City—Federal orders received here recently ordered the restoration of service on the Traverse City, Leelanau & Manistiquette Railroad. The G. R. & I will operate trains over the route until Leelanau County crops are moved. By that time it is expected Leelanau interests will buy the road which recently abandoned operations under the intention of junking its property.

Gladwin—Chris Klevomite, a well-to-do farmer of Grouse township, refused to listen to the soliciting committee of the fourth Liberal loan, October 14, when they called to ask him to buy bonds and drove away leaving them standing in the barnyard. That evening a vigilance committee of about 50 called upon him and he bought \$500 in bonds and subscribed \$25 to the Red Cross.

St. Joseph—Stricken suddenly with neuralgia of the heart, Judge Orville O. Coolidge, for 18 years Circuit Court Judge of Dorrien County, died at his home in Niles. He was 79 years old. Judge Coolidge was born in Cass County, but lived most of his life in Niles. His political career began in 1879 when he was elected prosecuting attorney. He was a graduate of Michigan and Harvard law schools.

East Lansing—Ray M. Turner, formerly in charge of club work in Hillsdale county, has been appointed by the state board of agriculture at Michigan Agricultural college to take up the duties laid down by E. C. Lindemann, state leader of boys' and girls' clubs. As did Mr. Lindemann, Mr. Turner will have direction of the work of the 35,000 Michigan youngsters who are members of the junior gardening, canning, live stock and other clubs in the state.

Washington—Michigan now has 858,065 men registered under the draft, General Crowder announces. The various registration totals are placed as follows: June 5, 1917, 21 to 31 years, 374,316; June 5, 1918, 21 years, 25,799; August 24, 1918, 21 years, 5,178; September 12, 1918, 18 to 20 and 32 to 45, 452,771. Michigan ranks seventh among the 45 states in number of registrants, falling below Massachusetts by less than 10,000. The Massachusetts total is 868,923; New York, with a total of 2,042,224, leads the van, with Pennsylvania second.

Ann Arbor—A contingent of 840 drafted men have arrived here to be instructed as mechanics and Signal Corps work.

Bay City—C. Patterson, of Bay City, and J. Drumm, of St. Charles, Mich., are reported among the wounded in the Canadian casualty list.

East Lansing—Training of "pilots" for farm tractors will be an important course at the M. A. C. this year. The tractor school will open November 25.

Houghton—Maj. George Rees, chief medical officer, has issued an order suspending all drills and gatherings of Michigan State Troops during the influenza epidemic.

Monroe—Charged with having seven quarts of whisky in her possession, Detroit woman told the court that the supply was purchased to combat influenza. She was fined \$75.

Albion—Mrs. Arthur R. Smith and Mrs. W. W. Diehl, former trained nurses, have organized a number of women to care for influenza victims in the Albion College S. A. T. C.

Houghton—There were 31 deaths by accident in the mines of Houghton County during the year ending June 30, according to the annual report of Alfred James, inspector of mines.

Algonac—Angus M. Smith has been appointed a special investigator with the Emergency Fleet Corporation. His duties will take him to all yards where wooden ships are being built.

Traverse City—The annual meeting of Grand Traverse County supervisors has been postponed two weeks in order that potatoes may be harvested during the present favorable weather.

Ferdale—The election to decide on a site for a school in Campbell boulevard district has been declared void as a two-thirds majority was not obtained. Another election will be called.

Charlevoix—Schedules have been arranged for school pupils to assist farmers with harvesting in this vicinity. The Business Men's Association is also seeking to enlist a harvest army.

Hastings—When the hammer of a shotgun could not be lowered, Anthony Whitefoot, of Carlton, pounded the weapon on a log without removing the shells. He is minus two fingers.

St. Joseph—More than 200 school children are reported victims of influenza, while the gas company is crippled through the number of men in the production department who are absent.

Petoskey—Lottie McPherson, 12 years old, was shot through the right lung by Dorothy Scheidel, 16 years old, when a .22-caliber rifle with which the girls were playing was accidentally discharged.

Albion—The National Spring & Wire Co. plant has been sold to the Ventilated Mattress Co., of Chicago, and the local plant will now be used to turn out mattress springs to be used in ambulances.

Muskegon—John Castenholz, former alderman of Muskegon, will be named the third member of the county road commissioners board by the supervisors of this county, after a long fight for the position by other candidates.

Port Huron—The body of Mrs. C. K. Dodge, widow of a former attorney and botanist, was taken from the St. Clair river recently. It is believed she ended her life by drowning. The body was found by "Bis" O'Connor marine reporter.

Petoskey—Willie Koepka, 9 years old, and Robert Judson, 10 years old, were drowned in Laneaster Lake when a boat in which they were attempting to hoist a sail overturned. The bodies were recovered after the lake had been dynamited.

Bay City—After signing a retraction pleading his loyalty, purchasing Liberty Bonds and agreeing to dispose of his wheat at the market price, Robert Bittner, a Pinconning farmer, arrested for disloyal utterances, was released under bond of \$1,000.

Houghton—Following protests from residents of the Copper Country, Gov. Sleeper has instructed Game Commissioner Baird to sell fish taken for spawning purposes to local dealers at 11 cents a pound providing they are sold at retail for 13 cents a pound.

Kalamazoo—A resolution asking the city commission to rename one of the city's prominent streets in honor of Colonel Joseph Westhedge was adopted unanimously by the local Rotary club. Col. Westhedge commands the One Hundred and Twenty-sixth infantry, which in the battle of Clergus won one of the most thrilling fights of the war.

Kalamazoo—Ira Van Vleet and Charles White, youths, who placed an obstruction on the Michigan Central railroad track to see what would happen when a passenger train struck it, were sentenced to Ionia state reformatory by Judge Welmer in circuit court. Van Vleet was given two to 10 years and White one to 10 years. Both are residents of Ross township.

Caro—Discourtesy to the flag and defying public sentiment resulted in punishment for two Mayville men. Two farmers, Bader brothers, are said to have made disparaging remarks about Old Glory for some time. A committee waited on them and asked them to show deference to the U. S. emblem. One of the brothers is alleged to have broken the flag staff and crumpled the flag. When the "course of instruction" was completed one wore his collar and one shoe, while the other retained less. Their automobiles were painted yellow.

Her First Suitor. "Dorothy," said a father to his little daughter, who had just returned from a juvenile party, "did you have any attention paid to you?" "Oh, yes!" answered Dorothy. "One little boy made faces at me."—London Answers.

ASTHMADOR GUARANTEED TO INSTANTLY RELIEVE ASTHMA OR MONEY REFUNDED—ASK ANY DRUGGIST. W. N. U., DETROIT, NO. 43-1918.

HAARLEM OIL CAPSULES IF YOUR BACK ACHES

Do you feel tired and "worn-out"? Are you nervous and irritable? Don't sleep well at night? Have a "dragged out," unrested feeling when you get up in the morning? Dizzy spells? Biliousness? Bad taste in the mouth, backache, pain or soreness in the loins, and abdomen? Severe distress when urinating, bloody, cloudy urine or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The oil soaks gently into the walls and lining of the kidneys, and the little poisonous animal germs, which are causing the inflammation, are immediately attacked and chased out of your system without inconvenience or pain. Don't ignore the "little pains and aches," especially backaches. They may be little now but there is no telling how soon a dangerous or fatal disease of which they are the forerunners may show itself. Go after the cause of that backache at once, or you may find yourself in the grip of an incurable disease. Do not delay a minute. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In 24 hours you will feel renewed health and vigor. After you have cured yourself, continue to take one or two Capsules each day so as to keep in first-class condition, and ward off the danger of future attacks. Money refunded if they do not help you. Ask for the original imported GOLD MEDAL brand, and thus be sure of getting the genuine.—Adv.

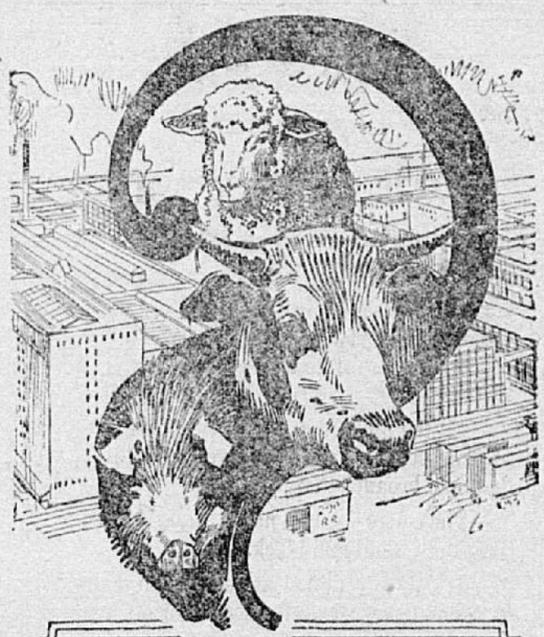

IT IS NOT enough to have the bowels move. It is more important to persuade liver, kidneys, skin, and bowels to act in harmony and against self-poisoning. BEECHAM'S PILLS act favorably upon all organs concerned in food-digestion and waste-elimination; they remove causes as well as relieve symptoms.

BEECHAM'S PILLS

Directions of Special Value to Women are with Every Box. Sold by druggists throughout the world. In boxes, 10c., 25c.

—that's what thousands of farmers say, who have gone from the U. S. to settle on homesteads or buy land in Western Canada. Canada's invitation to every industrious worker to settle in Manitoba, Saskatchewan or Alberta is especially attractive. She wants farmers to make money and happy, prosperous homes for themselves by helping her raise immense wheat crops to feed the world. You Can Get a Homestead of 160 Acres Free or other lands at very low prices. Where you can buy good farm land at \$15 to \$30 per acre that will raise 20 to 45 bushels of \$2 wheat to the acre—it's easy to become prosperous. Canadian farmers also grow wonderful crops of Oats, Barley and Flax. Mixed Farming is fully as profitable an industry as grain raising. The excellent grasses, full of nutrition, are the only food required either for beef or dairy purposes. Good schools and churches; markets convenient; climate excellent. Write for literature and particulars as to reduced railway rates to Supt. of Immigration, Ottawa, Canada, or to N. V. MacINNIS 17 1/2 Jefferson Ave., Detroit, Mich. Canadian Government Agent.

Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company. Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him. Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum. Let him go up into the office where market reports are coming in,—and reports of what other concerns are doing. Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea. Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat. Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants. And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.) If he still thinks there is no competition in the meat business it will be because he wants to think so. Swift & Company, U. S. A.

How Acid-Stomach Wrecks Health of Millions

Many people make the mistake of thinking that acid-stomach—superacidity as the doctors call it—merely means an occasional attack of indigestion, heart-burn, belching, sour, gassy stomach, or some other such minor ailment quickly remedied—or will cure itself—and leave no serious after-effects. As a matter of fact superacidity is responsible for a long train of serious ailments that cause awful suffering and finally cripple the best medical skill. It is a well established fact that many cases of chronic stomach trouble, anemia, stomatitis, gastritis, rheumatism, gout, indigestion, eructations of the liver, auto-intoxication, dyspepsia, catarrh of the stomach, intestinal ulcers, cancer of the stomach, and frequently recurring heart trouble and heart failure can be traced directly to an acid-stomach. This is not at all surprising when you consider that even the acid found in the mouth from fermentation of bits of food lodged in the teeth—acid that is so truly terrible—can yet powerful enough to eat through the hard enamel of the teeth and decay them. Is it any wonder, then, that an excess amount of acid in the stomach causes so much misery, undermines the strength and wrecks the health and happiness of so many people? It is not a fact, within the range of your own observation, that nine people out of ten are victims of acid-stomach? If you ever hope to be well and strong you must get rid of that excess acid. Nothing is gained by taking medicines which merely stimulate and give you a false sense of strength and that leave the excess acid still in the stomach. You must depend upon your food for your strength—and unless you keep your stomach free from excess acid, pure, sweet and strong, it cannot properly digest food; your whole body suffers. What you want is relief—yes—and here is the way—absolutely guaranteed—you take no chance. It's been tested tens of thousands of times with universal success. Go to your druggist and get just one package of EATON'S, a wonderful preparation that will literally wipe the excess acidity out of your stomach. The results obtained are nothing short of marvelous. Almost instantly it relieves that painful, painful, up-feeding after eating, belching, heart-burn, sour stomach, etc. Makes the stomach feel cool and comfortable. If you need that help it's your own fault if you suffer another day. EATON'S is absolutely guaranteed. So get a big 50c. box from your druggist. If it does not help you your money will be refunded. If your druggist does not keep EATON'S, send your name and address to the Farnley, Lehigh County, P. O. Box 8, Walsh Ave., Chicago, Ill. And they will at once mail you a 50c. box and you can read them the money for it if you receive it.

CARE OF THE POOR

Report of the Superintendents of the Poor Was Made to Board of Supervisors Thursday.

Following is a summary of the report of the supervisors of the poor, made Thursday to the board of supervisors:

The report showed receipts of \$14,489.79, with an overdraft of \$12,000. Receipts from the towns were \$6,564.74; from other sources, \$817.54; from the poor farm, \$1,107.67; appropriation, \$4,000; furniture appropriation, \$2,000. Of the receipts from the farm, \$743.32 came from the sale of hogs.

The expenses of the county for the care of the poor were: For wood \$1,413.17; for flour and breadstuffs, \$6,441.10; dry goods, \$169.22; clothing, \$288.42; drugs and medicines, \$71.84; medical attendance, \$375.87; blacksmithing \$34.05; boots and shoes, \$89.15; beef \$137.63; groceries and provisions, \$1,190.53; repairs, \$312.82; keepers salary, \$1,200; furniture for new infirmary, \$1,050.25; hardware, \$173.90; help, \$1,412.50; books and stationery, \$17.66; farm implements and seeds, \$350.81; tobacco, \$60.59; expenses, \$761.22; relief outside infirmary, \$104.65.

The estimate of farm products, mostly used on the farm, was \$6,912.11. The number of inmates in the infirmary is 64. There have been seven deaths during the year. The cost of maintaining the inmates is \$3.43 per week, exclusive of salaries.

The superintendents recommended an appropriation for the current year of \$14,000. The report and recommendation were referred to the committee to examine accounts of superintendents of poor and the committee on appropriations.

Supt. Michael Staebler was unanimously re-elected one of the superintendents of the poor to succeed himself.

ROAD OFFICIALS SPUNKY.

Officials of the Eastern Washtenaw Good Roads district propose to build an additional 2 1/2 miles of pavedway west on the territorial road from Ann Arbor next year in spite of an adverse vote by the board of supervisors on Friday. The road commissioners have filed the following notice with the county clerk:

"To the Board of Supervisors of Washtenaw County:

"In view of the fact that the determination of the board of District Road Commissioners of the Eastern Washtenaw Good Roads district was not approved by you, and after seriously considering the recommendation made by your board, the board of district road commissioners of the Eastern Washtenaw Good Roads district have determined that the consideration of the interests of the people of the Eastern Washtenaw Good Road district does not justify them in changing their determination as originally submitted to you."

The notice is signed by Samuel Schultz, W. N. Lister, Gottlieb Schmid, W. S. Bilbie, J. E. Warner, R. J. Bird and George W. McCalla.

Order of Publication.

State of Michigan, County of Washtenaw, ss. At a session of the Probate Court for said County of Washtenaw, held at the Probate Office in the City of Ann Arbor, on the 21st day of October, in the year one thousand nine hundred and eighteen.

Present, Emory E. Leland, Judge of Probate.

In the matter of the estate of Julia A. Jensen, deceased.

On reading and filing the duly verified petition of O. C. Burkhart, administrator of said estate praying that the court adjudicate and determine who were at the time of her death the legal heirs of said deceased and entitled to her estate.

It is ordered, that the 13th day of November next, at ten o'clock in the forenoon, at said Probate Office, be appointed for hearing said petition.

And it is further ordered that a copy of this order be published three successive weeks previous to said time of hearing, in the Chelsea Tribune, a newspaper printed and circulating in said county of Washtenaw. [A true copy]

Emory E. Leland, Judge of Probate.

Carl Wagner was home from Detroit for over the week-end.

Caruso's Ann Arbor concert will be given Saturday, November 2d.

Mr. and Mrs. C. Beebe and children visited his mother in Lansing, Friday.

The Lady Maccabees will not meet this evening on account of the influenza epidemic.

Charles Moore, who has been seriously ill with pneumonia, is reported as much better.

Mr. and Mrs. Ed. Beissel are the parents of a daughter, born Tuesday, October 22, 1918.

F. G. Wolf returned Saturday from a three weeks' visit with relatives and friends in Battle Creek.

Misses Hilda and Marie Riedel have been home from Jackson the past week ill with the influenza.

Mr. and Mrs. George Rothfuss of Lima are the parents of a son, born Sunday, October 20, 1918.

Mr. and Mrs. C. O. Hewes and son Keith are just recovering from severe attacks of Spanish influenza.

Misses Norma Turnbull and Esther Chandler visited Lieutenant George Turnbull at Camp Custer, Friday.

Charles and Edward Daley of Jackson have been visiting their grandmother, Mrs. Rose Zulke, for a few days.

The Chelsea schools closed Friday night for one week on account of the small attendance, due to the epidemic of influenza.

Spanish influenza seems to have put a "gas mask" on our local brevities this week; at least we've found it difficult to get the usual bunch of such news items.

Mr. and Mrs. Frank Youngs recently received two letters from their son, Peter F. Youngs, who is overseas with Co. A, 21st Engrs. He is well and "working every day."

Mrs. Katie Moore, daughter of Mrs. George Fauser, died Saturday, October 19th, aged 64 years. The funeral was held this morning at 10 o'clock, Rev. A. A. Schoen officiating. Interment at Leon.

An Ypsilanti citizen administered a thorough drubbing to a pro-German who had made disparaging remarks about the Fourth Liberty bond issue. A large crowd which enjoyed the spectacle chipped in and bought the victor three \$50 Liberty bonds.

Rev. William Furman Bird, a former pastor of the Chelsea Baptist church, died Saturday at his home in Ann Arbor. He was 78 years of age. He is survived by two daughters, Misses Alma and Harriet Bird and by one son, Dr. James P. Bird. The funeral was held at his late home today at 12:30 o'clock. Interment will be made in Unadilla.

Everybody, nearly, who had a "machine" took advantage of the fine weather Sunday afternoon and got the old "bus" out for a spin. The raising of the "gasless" Sunday order came at a very good time when the churches and other public meetings are cancelled and people really need to get out in the open air to help combat the epidemic of influenza.

The North Lake division of the Red Cross held its regular meeting, Wednesday, with a larger attendance than usual. The afternoon was spent in sewing on convalescent robes. The unit is under particular obligations to the Lyndon Center young people who gave \$5.75 from the benefit of a party held at the Lyndon town house, Friday, October 11th. Mrs. Henry Gilbert was enrolled as a new member.

The Dexter Leader, The Brooklyn Exponent and The Milan Leader have cut the size of their regular issues to comply with the Federal War Boards' request for a 15% saving in news print paper. The Tribune, too, cut the size of its issue about a month ago and thus these papers are making a definite saving in print paper. Many papers, apparently, are ignoring the request in hopes that they can "get by" without making a positive saving in print paper. The proposition is similar to the "gasless" Sunday—you don't HAVE to, but you SHOULD, without any "I, ifs or ands."

Croup.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.—Adv.

Washtenaw County

Your support will be appreciated at the election, Nov. 5th.

The regular meeting of the Oddfellows on Wednesday night has been postponed on account of the influenza.

The L. O. T. M. sewing unit will meet Friday, October 25th, from one to five o'clock, at the home of Mrs. William Campbell.

Mrs. O. P. Noah of North Lake died Friday night, October 18, 1918. She was nearly 72 years of age and her death was due to paralysis with which she was stricken on the Sunday preceding her death. The funeral was held Monday afternoon at 2:30 o'clock from her late home. Interment at the North Lake cemetery.

DELIBERATE WORKER BEST.

There are some things that must be done in a hurry, or not at all. Catching a flea is one of the best examples apropos to this. But as a rule, it is safe to say, the man or woman who works deliberately accomplishes the most. The deliberate worker is the thoughtful worker, with whom the habit of system has become second nature. Any one may cultivate it who will take the trouble to try; and the most unsystematic, spasmodic worker will realize with amazement how easy it is to get through with an allotted task in half the time it formerly required, by planning it all out before entering the office, workshop or kitchen.

A subscription paid in advance is worth two in arrears.

Chamberlain's Cough Remedy the Most Reliable.

—After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."—Adv.

The Season's Best Sale of Women's Suits
...\$29.75...
A WONDERFUL LOT, including all suits in stock up to \$47.50 and \$49.50. In preparing for this sale we have included suits that would bring a much higher price even later in the season. But we want to make this absolutely the best Suit Sale of the season.
It is a money saving opportunity that no woman can afford to pass by. It's a style opportunity as well, for the suits are the most modishly smart ever offered at \$29.75.

100 Per Cent American

Such is the Record of the Candidates on the Democratic Ticket in Michigan.

Their Nominations are the Free Choice of the People and not Bought with a Barrel of \$176,568.08
