

TAKES \$161,845 TO RUN COUNTY YEAR

Budget for 1919 Calls for Sum of
\$150,845 to be Raised
by Direct Tax.

County finances occupied the attention of the board of supervisors Thursday and finally resulted in their authorizing a budget of \$161,845 for the next year.

Supervisor Herman J. Daneer of Chelsea is chairman of the salaries committee and his report and recommendations were adopted as follows:

Sheriff, \$2,500; chief deputy, \$1,500; first deputy, \$1,500; second deputy, \$1,000; county treasurer, \$1,800; deputy treasurer, \$900; county clerk, \$2,400; deputy clerk, \$1,200; assistant clerk, \$900; county commissioner of schools, \$2,000; commissioner's clerk, \$900; prosecuting attorney, \$1,900; register of deeds, \$1,800; deputy register, \$900; clerk of register, \$900; probate register, \$600; deputy register, \$600; janitor, \$900; drain commissioner, \$1,250; deputy drain commissioner, \$150; school examiner, \$4 per day; criminal officer, \$500; juvenile officer, \$300; truant officer, \$250; sealer of weights and measures, \$4 per day; circuit judge's clerk, \$500.

The finance committee, Supervisor Herrick, chairman, reported the budget for the coming year as follows:

Widows' pensions, \$10,000; county fund, \$40,000; contingent fund, \$6,000; soldiers' relief, \$500; fuel and light, \$3,500; poor fund, \$4,000; general fund, \$20,000; salary fund, \$27,500; English sparrow fund, \$750; rat fund, \$750; contagious fund, \$15,000; juror fund, \$8,000; building fund, \$1,500; county infirmity fund, \$7,500; bonds and interest, \$11,845; war board fund, \$5,000. Total, \$161,845.

Estimated mortgage tax, \$5,000; estimated fees, \$5,000.

Amount to be raised by tax, \$150,845.

The committee reported that the increase over last year is practically only the amount of the county infirmity bonds and interest which would have to be paid during the coming year, and the sum of \$5,000 appropriated for the expenses of the war board.

JACKSON—A train of 20 freight cars on the Michigan Central railroad belt line was derailed Monday morning. Four cars of oil tipped over, two being smashed, permitting 5,000 gallons to run into the city's sewers.

MISS HELENA KOCH.

Miss Helena Rosina Koch died Thursday evening, October 24, 1918, at the home of her parents, Mr. and Mrs. John Koch, 242 Adams street, from pneumonia following influenza.

She was born in Chelsea, October 23, 1897, and was a graduate of the Chelsea high school with the class of 1916, since which she had been a successful teacher in the district schools in this vicinity. She was confirmed at St. Paul's church, May 31, 1912, and was secretary of St. Paul's Sunday school at the time of her death.

Her parents and five sisters; Mrs. Emanuel Bahmiller and Mrs. Glenn Barbour, of Chelsea; Mrs. Julius Niehaus, of Ann Arbor; Mrs. William Kiebler, of Dayton, Ohio, and Miss Amanda Koch at home, are left to mourn their loss.

The funeral was held Sunday afternoon at 2:30 o'clock from the family residence, Rev. A. A. Schoen conducting the service. Interment at Oak Grove cemetery.

TAXES APPORTIONED

Supervisors Determine Amounts to be Levied in the Several Townships; Reject Madden Resolution.

The supervisors Friday apportioned the state and county taxes between the several townships, those in this vicinity being as follows:

Dexter—Assessment, \$981,460; state tax, \$2,018; county tax, \$1,962.92.

Freedom—Assessment, \$1,431,020; state tax, \$2,943; county tax, \$2,862.04.

Lima—Assessment, \$2,048,590; state tax, \$4,213; county tax, \$4,097.18.

Lyndon—Assessment, \$735,140; state tax, \$1,502; county tax, \$1,470.28.

Sharon—Assessment, \$1,543,250; state tax, \$3,174.46; county tax, \$3,086.50.

Sylvan—Assessment, \$2,971,100; state tax, \$6,111.55; county tax, \$5,942.20.

The resolution offered Wednesday by Supervisor Madden of Dexter, charging Deputy Game Warden Otto Rohn with malfeasance in office and asking for his removal from office, was rejected by a vote of 11 to 16.

TECUMSEH—William Cox, aged 72, hung himself Monday morning at his farm near this place. Ill health was the reason.

FROM OSCAR SCHETTLER

Chelsea Boy Writes of Experiences at Marine Training Camp, Paris Island, S. C.

Following is a letter received from Corp. O. F. Schettler, U. S. Marine Corps, Paris Island, S. C. The letter is dated October 21st:

Dear Mr. Axtell—The timely arrival of a heavy rain has given us a few moments to ourselves. A field inspection was slighted, much to our satisfaction.

Yesterday, the order came to get ready immediately to hike to another part of the Island. Within an hour and a half we had all our belongings packed, a heavy marching order rolled the camp of about 100 wall tents with flies raised, folded and loaded on trucks, bunks knocked down and with mattresses and pillows piled for transportation, ate a hearty dinner and were on our way—only 72 strong.

This company, with one other, are all corporals and as matters now stand, modern trench warfare of an advanced nature is to be doled out to us. Undoubtedly, many of us will be assigned to war-strength companies for overseas service within a few days but, I am sorry to say, it looks as though I was not included. Four of us have been retained in the non-commissioned officers' school as instructors. The other three were ordered to report for duty this morning, but the school I am assigned to is not yet organized. Indications are that it never will be, which would be exactly as I want it. There would then be a possibility of "crossing the pond" soon.

I am sending under separate cover the "Marine," our new weekly paper. Through a little maneuvering I secured a few extras and thought you might be interested in one of them. A list of the graduates in the N. C. O. (two classes) is found on page two arranged in order of seniority. The final grade in our work is the basis for ranking the graduates. I have checked my name.

When you have glanced through the "Marine," and think it worth while, kindly let a few of our mutual friends take a look at it—the doings of the "devil-dogs" may interest them.

Yours—a "leatherneck,"

Corp. O. F. Schettler.

Editor's note—It is interesting to note that Corporals Schettler's name is third in the list of 141 graduates from the non-commissioned officers' school, which indicates that he ranked third in the class of 141 men who passed the examinations.

NOVEMBER WEATHER

Temperature Will Be Slightly Above Average and Rainfall Will Be Below Normal.

Following is the Tribune's regular monthly weather forecast:

1st to 4th, Mild Period—Soft, genial temperature over the Northwest, the Midwest and Southeast. Temperature 70 degrees at Cheyenne, 72 at Omaha, 75 at Keokuk, 76 at Cairo, 78 at Knoxville and 70 at Jacksonville.

5th to 10th, Storm Wave—Typical November weather with high winds on land and dangerous gales over all coastal waters. Sudden dashes or rain and sleet in Central and Eastern sections. Dense fogs on Pacific slope.

11th to 16th, Cold Wave—Cold, raw winds driving in from the Northwest. Much wind and bluster over entire Pacific and Rocky Mountain highland.

17th to 21st, Windy Period—High westerly winds sweeping across states of the far West and the Midwest. Great danger to shipcraft on Great Lakes and along entire Atlantic seaboard. Wind and rain in States bordering on the Gulf of Mexico.

22nd to 26th, Rain Wave—Heavy rainfall in States of the North Pacific slope. Snow squalls in the Rocky Mountains, over the Lake region and New England states. Daily rains in Gulf and South Atlantic States.

27th to 30th, Mild Wave—Pleasant genial weather over Central and Southern sections. Cloudy and foggy over the Great Lakes, New York and New England.

The temperature will be slightly above that of the average. The rainfall will be below normal at all points except on the North Pacific slope, where it will be heavy.

JUNIOR RED CROSS.

Junior Red Cross organizations completed and the membership fees have been deposited in the local treasury in Chelsea during the past month, in the following rural schools:

District No. 4, Lima, Miss Rosa Lucht, teacher, \$4.75.

District No. 3 fr., Lyndon, Canfield school, Miss Alice Savage, teacher, \$5.75.

District No. 8, Lima, Miss Gladys Shepherd, teacher, \$4.00.

District No. 11, Lyndon Center school, Miss Anna B. Young, teacher, \$3.00.

District No. 12 fr., Lyndon, McIntee school, Miss Bernice Prudden, teacher, \$3.50.

District No. 1, Freedom, Miss Letha Alber, teacher, \$5.00.

GAME WARDEN GETS THREE.

Deputy Game Warden Otto Rohn ran across three hunters in the woods in Scio, Sunday. He started to investigate them, suspecting that they did not have hunting licenses, and one man resisted the officer and threatened to shoot him. Rohn noted that the men had come to the place in an automobile and took its license number. Later, he traced the machine to Detroit and Monday the men were brought to Ann Arbor. Loren Lee Horn was fined \$15 and costs, William Beckley and Arthur Hoffman each drew \$10 and costs.

HERE'S MARY AGAIN.

Mary had a little cold,
It started in her head;
And everywhere that Mary went
That cold was sure to spread.

It followed her to school one day,
There wasn't any rule;
It made the children cough and sneeze
To have that cold in school.

The teacher tried to drive it out,
She tried hard, but—kerchee-oo!
It didn't do a bit of good
For teacher caught it too.

FARMERS' FALL FESTIVAL.

The Farmers' Fall Festival committee announces this week that all preliminary plans for the big county fair are completed. The use of the armory in Ann Arbor has been secured, assuring much more space than last year.

The entry blanks are out and through the courtesy of the mail carriers will be placed in every post box of the county. The premium list as announced, offers fine premiums on a large variety of produce, while first, second and third prizes are offered for society or community displays.

This year the boys and girls get in on the prizes. The best ten ears of corn and the best peck of potatoes selected by a rural school boy or girl will be awarded a fine premium. An American flag will be awarded the rural school making the best exhibit of nuts.

Wednesday afternoon a general committee meeting will be held at the county agents office to complete the selection of committees. Chairmen of local and society committees are requested to notify the county agent at Ann Arbor as soon as their committee is appointed.

WANTED AND FOR SALE.

Five cents per line first insertion, 2½¢ per line each consecutive time. Minimum charge 15¢. Special rate, 3 lines or less, 3 consecutive times, 25 cents.

TO RENT, FOUND, ETC.

FOR SALE—New davenport. Chas. Williams, 316 Jackson St., Chelsea. 1343

FOR SALE—Modern residence and two lots, McKinley St. and Elm Ave. Porter Brower, 564 McKinley St., Chelsea. 1124

SHINGLING—Does your roof leak? Let us reshingle your roofs; no scaffold used. Chimneys rebuilt. Reasonable prices according to the grade of shingles used. Work guaranteed. Cain & Crowe, 520 S. Main St. 1044

SECOND ANNUAL SALE of the Washtenaw County Holstein-Friesian Cattle Breeders' club at Hatch farm, 3 miles southwest of Ypsilanti, near the Ridge road, Wednesday, November 6, at 1 o'clock sharp. About 60 head, largely Pontiac Korndyke. Bred to son of King Korndyke Sadie Vale, 2 nearest dams average \$7.48, and a 38-pound son of Rag Apple Korndyke. Also young sires. Address William B. Hatch, Secretary, Ypsilanti, Michigan, for catalog and information. 1114

Admiral Dewey was a profound philosopher, as well as the foremost naval officer of his era. He thoroughly appreciated the importance of preparedness. On that historic day when, on the bridge of his gallant flagship, Olympia, he sailed into Manila to engage America's enemy, he gave the signal to commence action in the characteristic words. "Gridley, you may fire whenever ready."

The Admiral knew that the fleet, or the man, that is ready, can surely obtain the objective—can most surely get all that it or he goes after.

Are you ready? Have you made the most of your resources? Have you prepared to meet your crisis?

A savings account in this bank will help you to get ready—to be ready.

Come in and talk to us about it. It only takes a dollar to open an account.

GERMANY AWAITS TERMS OF ARMISTICE DECLARES LAST NOTE

LATEST COMMUNICATION SAYS
FAR REACHING CHANGES HAVE
RECENTLY BEEN MADE.

PEACE DISCUSSIONS UNDER WAY

Peace Negotiations Are Being Made
By a People's Government Says
Latest Answer.

London.—Germany's answer to President Wilson's latest communication declares Germany is awaiting proposals for an armistice.

Copenhagen.—Germany's answer to President Wilson's latest communication says:

"The German government has taken cognizance of the answer of the president of the United States.

"The president is aware of far-reaching changes which have been carried out and being carried out in the German constitutional structure, and that peace negotiations are being conducted by a people's government in whose hands rests, both actually and constitutionally, power to make deciding conclusions.

"Military powers are also subject to it.

"The German government now awaits proposals for an armistice, which shall be the first step toward a just peace, as the president has described it in his proclamation.

(Signed) "SOLF."

Washington.—The question of an armistice and peace already is being considered by Allied governments and the United States. Colonel E. M. House and Admiral W. S. Benson, ranking officer of the American navy, recently arrived in France, the former to represent the president in discussions to be held at Versailles, where the supreme war council sits.

Admiral Benson will represent the navy in matters relating to an armistice insofar as American naval forces may be affected. General Tasker H. Bliss, former chief of staff, is the American military representative at the council.

U. S. REPLY TO GERMAN NOTE

The text of the president's reply to the German note follows:

"The secretary of state makes public the following:

"From the secretary of state to the charge d'affaires ad interim in charge of German interests in the United States:

"Department of State, October 23, 1918.

"Sir:

"I have the honor to acknowledge receipt of your note of the 22nd transmitting a communication under date of the 20th, from the German government and to advise you that the president has instructed me to reply thereto as follows:

"Having received the solemn and explicit assurance of the German government that it unreservedly accepts the terms of peace laid down in his address to the congress of the United States on the 8th of January, 1918, and the principles of settlement enunciated in his subsequent addresses, particularly the address of the 27th of September, and that it desires to discuss details of their application and that this wish and purpose emanated, not from those who have hitherto dictated German policy and conducted the present war on Germany's behalf but from ministers who speak for the majority of the reichstag and for an overwhelming majority of the German peoples and having received also the explicit promise of the present German government that the humane rules of civilized warfare will be observed both on land and sea by the German armed forces, the president of the United States feels that he cannot decline to take up with the governments with which the United States is associated, the question of an armistice.

"He deems it his duty to say again, however, that the only armistice he would feel justified in submitting for consideration would be one which should leave the United States and the powers associated with her in a position to enforce any arrangements that may be entered into and to make a renewal of hostilities on the part of Germany impossible.

"The president has, therefore, transmitted his correspondence with the present German authorities to the governments with which the government of the United States is

LINER CARRIES 343 TO DEATH

Canadian Pacific Railway Just Announced Sinking of Steamer.

Vancouver, B. C.—With 343 persons aboard, the Canadian Pacific liner Princess Sophia foundered in Alaskan waters, the Canadian Pacific Railway, the ship's owner, have just announced.

Her 268 passengers are lost, said a wireless message from the U. S. S. Cedar, which figured in her efforts to reach the sinking vessel through northerly gales, heavy seas and a blinding snowstorm.

The crew of 75 men is also believed lost, the Cedar reporting "no survivors so far as known." The Government vessel reported finding of one woman's body and four up-turned life boats on Lincoln island but no sign of life.

The Princess Sophia struck the treacherous reef at 3 a. m. Thursday only a few hours after leaving Skagway with a large passenger list of Klondikers on their way out for the winter. The U. S. S. Cedar reached the scene Thursday evening and was joined later by the U. S. S. Peterson. Other smaller vessels had been standing by helpless to aid because of the storm.

Battling against the blizzard Friday morning, the Cedar got within 400 yards of the Sophia, but anchors would not hold and the Cedar was driven back.

associated as a belligerent, with the suggestion that, if those governments are disposed to effect peace on the terms and principles indicated their military advisers and the military advisers of the United States be asked to submit to the governments associated against Germany necessary terms of such an armistice as will fully protect the interests of the peoples involved and insure to the associated governments the unrestricted power to safeguard and enforce details of the peace to which the German government has agreed, provided they deem such an armistice possible from the military point of view.

"Should such terms of armistice be suggested, their acceptance by Germany will afford the best concrete evidence of her unequivocal acceptance of the terms and principles of peace from which the whole action proceeds.

"The president would deem himself lacking in candor did he not point out in the frankest possible terms the reason why extraordinary safeguards must be demanded. Significant and important as the constitutional changes seem to be which are spoken officially by the German foreign secretary in his note of the 20th of October, it does not appear that the principles of a government responsible to the German people has yet been fully worked out or that any guarantees either exist or are in contemplation that alterations of principle and of practice now partially agreed on will be permanent.

"Moreover, it does not appear that the heart of the present difficulty has been reached. It may be that future wars have been brought under control of the German people, but the present war has not been; and it is with the present war that we are dealing. It is evident that the German people have no means of commanding acquiescence of military authorities of the empire in the popular will; that the power of the king of Prussia to control the policy of the empire is unimpaired; that the determining initiative still remains with those who hitherto have been masters of Germany. Feeling that the whole peace of the world depends now on plain speaking and straightforward action, the president deems it his duty to say, without any attempt to soften what may seem harsh words, that the nations of the world do not and cannot trust the word of those who hitherto have been masters of German policy, and to point out once more that in concluding peace and attempting to undo the infinite injuries and injustices of this war the government of the United States cannot deal with any but veritable representatives of the German people who have been assured of a genuine constitutional standing as the real rulers of Germany.

"If it must deal with the military masters and the monarchical autocrats of Germany now, or if it is likely to have to deal with them later in regard to international obligations of the German empire, it must demand, not peace negotiations, but surrender. Nothing can be gained by leaving this essential thing unsaid.

"Accept, sir, the renewed assurances of my high consideration,

(Signed)

"ROBERT LANSING."

Mr. Frederick Oederlin, Charge d'Affaires of Switzerland, ad interim. In charge of German interests in the United States.

U. S. Appoints Kent Man.

Grand Rapids.—Railroad officials in Grand Rapids received an order from the office of the railroad regional director in Chicago, that Nell De Young, of Grand Rapids, district passenger agent of the Pere Marquette, had been made division passenger agent of that railroad and roads grouped with it under federal administration. J. D. McDonald, Chicago, and John Dunphy, Detroit, become assistant general agents of all lines of the group.

SUGAR BEET OUTPUT IN STATE DOUBLED

160,000 TONS OF SUGAR FIGURED
ON A CROP OF 1,000,000 TONS
OF BEETS.

\$10,000,000 BEING DISTRIBUTED

Excellent Crop Due to Unusually
Favorable Weather, Both During
Growing and Maturing Season.

Lansing.—Michigan's output of beet sugar this year will be more than double that of last year. The sugar beet crop is now being garnered and the factories throughout the state are reaping a golden flood upon the farmers in the beet raising districts.

The sugar beet crop is estimated at well over 1,000,000 tons, raised in an area not much larger than is comprised by 15 or 16 ordinary sized counties. The farmer receives \$10 a ton, flat, which means that more than \$10,000,000 is being distributed among the beet raisers in a comparatively small part of the state.

The excellent crop, due to unusually favorable weather, both during the growing and maturing season, brings joy to thousands of farmers. For two years their crops have been small or a failure—last year's total was scarcely 50 per cent of normal. The growing season this year was exceptional, except in the western part of the state, where the summer drought cut down somewhat the tonnage per acre. The rains of late September, followed by warm October sunshine, matured the beets under ideal conditions and the sugar content leaped upward until it reached an average of probably 16 or 17 per cent. This latter circumstance will be a benefit to the factories, as they pay a flat rate, irrespective of the sugar content. On a basis of 15 per cent the state's output of sugar will be more than 160,000 tons, figured on a crop of 1,000,000 tons of beets.

The Saginaw Valley and Thumb districts in which are the three Bay City plants and the Carrolton, Caro and St. Clair factories, will draw the largest share of the \$10,000,000. Gratiot and Isabella county farmers benefit through the Alma-St. Louis plants; Shiawase and Ingham and parts of surrounding counties draw big money from the huge Saginaw and Owosso factories; Monroe and Lenawee draw from the Blissfield plant; Macomb has a good beet acreage; Ottawa county supplies the Holland factory, and Menominee and Delta, in the upper peninsula, draw big payrolls from the Menominee company.

CONGRESSMEN CAN'T JOIN ARMY

Secretary Baker Says Members Can
Best Serve Country in Office.

New York.—Secretary Baker has decided members of congress can best serve their country by remaining in office and after a conference with President Wilson, asserted no more law-makers would be allowed to join the army, according to a statement by Representative John J. Delaney, of New York.

Delaney had been recommended for a lieutenantcy, but failed to receive orders to report for duty. On interviewing Mr. Baker, he said, he was informed he would not be granted a commission even if he resigned from office.

"Mr. Baker asked me what would happen to the country, if all the members of congress decided to go into the army, and pointed out that about a billion bills must be passed," Mr. Delaney said.

EX-SENATOR EUGENE HALE DEAD

Spent 30 Years of His Life in Senate;
In Poor Health For Some Time.

Washington.—Former Senator Eugene Hale, of Ellsworth, Maine, died at his residence here. Senator Hale was 82 years old. He had served 30 years in the senate. Senator Hale had been in declining health for some months.

The body will be sent to Ellsworth for interment but arrangements for the funeral have not yet been completed.

Senator Hale was one of the most prominent of the old line Republican leaders. It was not until his 75th year, in 1911, that he retired from the United States senate, at the time when the so-called insurgency movement was under way. His retirement, attributed to illness, came only after he had seen longer service in the senate than any other man then in the upper house.

182,000 Sign Suffrage Plea.

Lansing, Mich.—Compared with the number of signatures secured in Michigan for other political and civic issues the petition of Michigan suffragists outdistances every record with its 182,000 signatures asking for the passage of the state constitutional amendment granting full suffrage in Michigan. At state suffrage headquarters the final number of signatures is expected to reach 200,000 or 250,000 before the campaign closes November 5.

SHIPYARD WORKERS GET RAISE

Decision Affects 400,000 Workers
Raise Goes Into Immediate Effect.

Washington.—Upward revision of wages in all shipyards of the country to provide uniform national rates for practically all shipyard trades, effective immediately, was announced by the shipbuilding labor adjustment board.

Two great districts are created, one for the Pacific coast and the other embracing the Atlantic and Gulf coasts and Great Lakes. In the first, increases average 20 per cent. In the second 15 per cent, with the basic rates for the principal skilled trades fixed at 80 cents an hour in both.

The decision will be reviewed every six months and further increases granted if costs of living warrant.

The Pacific coast award is retroactive to August 1. Under the two awards in some instances, there will be differences of a few cents an hour in favor of the Pacific coast, to offset higher living costs there.

No changes in existing piece work rates are to be made until after conferences between representatives of shipyards and piece work crafts, to be held here.

Decisions affect 400,000 shipyard workers. Increases granted are based on cost of living statistics furnished by the department of labor.

JACKSON BOOKSTORE GONE OVER

Appraisal Ordered By Gov. Sleeper of
All State Prison Property.

Lansing.—Arrangements were made recently between Governor Sleeper, Attorney Gen. Groesbeck and Harry S. Hulbert, the warden, to start the work of getting at the facts as to the financial standing of the prison.

Governor Sleeper will within a few days arrange to have a first class detailed appraisal made of the prison property and thus give the prison a clean slate on the state's books. Attorney General Groesbeck agreed to send one of his assistants to the prison to gather first-hand information on legal aspects of the prison work. Both investigations, or reviews, are more than acceptable to Warden Hulbert.

The decision to make a complete appraisal was reached by Gov. Sleeper and Auditor General Fuller several days ago and the two have been waiting the arrival of the warden here to settle details.

At the capitol there was a feeling that at last the much-discussed question of whether Jackson prison was a money maker or a money loser was about to be clarified. For several years during the incumbency of Nathan F. Simpson, Colonel Disque and Edward Frensdorff in the wardenship there has been an argument over the exact standing of the prison. This state's book showed nothing and in the meantime \$300,000 of the revolving fund furnished by the state has apparently been lost track of.

The next legislature is to be asked for large appropriations to the prison chiefly for repairing buildings and machinery.

FABRICATED STEEL SHIP BUILT

First One Launched, the Agawan, of
5,500 Dead-weight Tons.

Washington.—America has turned out its first fabricated steel ship, the Agawan, of 5,500 dead-weight tons. Completion of which by the Submarine Boat corporation, Port Newark, N. J., was just announced by Chairman Hurley, of the shipping board.

The Agawan was in the nature of an experiment and 304 days were required for her construction. Approximately 27 steel mills, 55 fabricating plants and 200 foundries, machine, pipe, joiner and equipment shops produced parts of the hull and machinery.

The Submarine Boat corporation has contracts for 150 duplicates of the Agawan. Delivery is expected at the rate of two or three a week.

Armistice Terms Held Up Until Ger-
many Responds to U. S. Note.

London.—A high authority indicated that the Allies will hold in abeyance announcement of the armistice terms until Germany has responded to President Wilson's demand for unconditional surrender.

Reply Pleases All Allies.

Washington.—Dispatches from abroad reciting the unanimity with which the president's message has been approved, confirm belief here that the Allies and the United States are in complete accord on the next moves in the peace negotiations.

Carmen Given Raise in Six Cities.

Washington.—Increases in wages were granted by the national war labor board to street car employees in Kansas City, Memphis, Philadelphia, Dayton, Ohio, Portland, Ore., New Orleans and on the Kansas City and Western interurban. In addition, it refused to act in a controversy at Des Moines, where the men were working under contract with the company, which provided for arbitration when disagreement should arise over wage scale.

JUDGE MAN BY HIS BOOKS

What He Reads May Usually Be
Taken as a Good Index of
His Real Character.

If you would know the true character of a man analyze the books with which he surrounds himself. The choice of his business may have been the accident of a chance opening when he was ready to enter upon his life's work; but his leisure is his own, and the use he makes of it may be taken as an absolute indication of what his real self demands. Books are the companions of leisure and the selection of these silent but satisfying friends is an index to his taste.

If his library is made up of standard titles in choice bindings, with their leaves still uncut, it is a fair presumption that these books should be classed with his pictures and his furniture. Pass these by and find some volume—one will be enough—in an edition which permits easy handling, its cover a little shabby from constant use, and you will have learned something of your friend. His editions de luxe are an expression of his pride, the books he uses are an expression of himself.

His fine volumes may be equally expressive of himself, but how rarely is this true! A beautiful edition from some famous press may satisfy his love of printing as an art, a superb binding by a master binder may mean as much to him as a Corot; but if the value he attaches to this side of his library is the sentimental one of merely so-called "limited" editions, purchased to fill his bookshelves and to impress his friends, he has never learned the joy of collecting books for the wealth contained between their covers or of picking up a real limited edition—limited because those who really know books have overabsorbed the artistic product of a master workman.—Christian Science Monitor.

Makers of Heroes.

Emerson says, "Times of heroism are generally times of terror." They show true character. It seems that human nature needs a test to show the stuff it's made of. Spirits of heroic mold often be dormant until aroused by a mighty challenge. It seems as though there is some militarism of the soul that waits the life call and the measure of the drum beat. Not fear but lack of occasion keeps the latent might unconscious of itself. But let the need call and the sleeping giant rouses and strides grayward to the dismay of petty puppets of annoyance.

Peculiar Rain Tree.

Rain from tree foliage is an interesting phenomenon of the Canary Islands. Dr. S. V. Perez of Tenerife notes that the famous rain tree of Ferro, Canaries, grew on a head land where the mountain mists from the trade winds collected, and by means of water tanks under it the poor inhabitants of that island, where there are no springs, actually gathered enough water for drinking purposes. The effect of the foliage in condensing moisture is said to be evident to anybody passing through a mist-covered forest in any of these islands.

Good Advice.

The man who doesn't worry when he ought to is as bad as the one who worries when he shouldn't. Worrying is bad for the health, but probably not as bad as letting things drift. In case of rain, run for an umbrella. Instead of saying: "Don't worry," the best advice to give a man is "Get busy."—Thrill Magazine.

Judicial Politeness.

Referring to the exaggerated politeness with which the English judge, as contrasted with his brother on the American bench, dissents from the other members of the court, Law Notes quotes from Judge Bowen in Hutton vs. West Cork & Co. as follows: "I need hardly say with what hesitation I differ from the view of Lord Justice Baggallay and Lord Justice Fry, and I unfeignedly say that I would rather trust their opinion than my own, but unfortunately the law does not allow me to do so."

DANDRUFF MAKES HAIR FALL OUT

A small bottle of "Danderine"
keeps hair thick, strong,
beautiful.

Girls! Try this! Doubles beauty
of your hair in a few
moments.

Within ten minutes after an application of Danderine you can find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy; just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured, by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

PISO'S

WAR WORK

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick, or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser," a book of one thousand pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe, 200 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. Ask your druggist or send 30c to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

Kalkaska, Mich.—"I cannot write enough to express my thanks for being able to recommend Dr. Pierce's Favorite Prescription. At motherhood I was left in a very bad condition of health, my doctor could not help me, but 'Favorite Prescription' has done wonders for me. I took two bottles of the 'Favorite Prescription' and have been helped wonderfully, being able now to do my own housework and work out besides. I also had displacement and am relieved of it. I feel like a new woman. I will do all in my power to help other sufferers. I wish I could speak to the thousands of suffering women who have tried so many other remedies and advise them to try the 'Favorite Prescription' for it is a seed to weak, suffering, run-down women."—Mrs. W. C. Hinds.

It's Acid-Stomach That Makes Millions Sick and Suffer

Life is dark—not worth much to the man or woman with an acid-stomach. Acid-stomach kills. It rots the stomach, the blood, causes neuralgic suffering—makes millions weak, unfit and brings on premature old age.

You know what acid-stomach does to teeth and gums—how the acid literally eats through the hard enamel, causing the teeth to decay. Just imagine, then, what havoc an acid-stomach must do to the delicate organization of the stomach. Millions of people are weak and unfit, suffering all the time in one way or another, from acidity of the stomach. They don't seem dangerously sick. Just ailing—aching, though life weak, listless, dragging one food after another. They're nervous and irritable, lack power and punch, frequently have severe attacks of indigestion, spitting, heartburn; subject to fits of melancholia and mental depression. And nearly always, even though many experience no actual stomach pain—digestion poor—never getting anywhere near the full strength from their food. So, you see, it's just this—acid-stomach—that is holding on many people back—sapping up the strength they should get from their food—taking away their vigor and vitality—leaving them weak and inefficient.

Get rid of the excess acid. That's the secret of good health and is the only way to obtain good digestion and assimilation. It is the right way to be well and keep strong. Ordinary tonics won't do any lasting good. The best they can do is to spur up your appetite. While stimulating effects wear off, you are worse off than ever. A modern remedy makes it possible to remove excess acid without the slightest discomfort. It is called **EATONIC**, in the form of pleasant tasting tablets. Their action on the stomach is a good deal like a piece of blotting paper taking up a drop of ink—they literally absorb the injurious excess acid and carry it away through the intestines. Begin using **EATONIC** right now—today—and get on the road to health, vigor, robustness. Thousands upon thousands of people who have used **EATONIC** are enthusiastic in its praise. They say they never dreamed that anything could bring them such quick relief. **EATONIC** is absolutely guaranteed to get a big 50c box from your druggist. If it does not help you, your money will be refunded. If your druggist does not keep **EATONIC**, send your name and address to the Eaton-Bend Company, 1018 S. Wabash Ave., Chicago, Ill., and they will at once mail you a 50c box and you can send them the money for it after you receive it.

WORMS

"Worms," that's what's the matter of 'em. Stomach and intestinal worms. Nearly as bad as distemper. Cost you too much to look bad—are bad. Don't physic 'em to death. Spohn's Compound will remove the worms, improve the appetite and tone 'em up all round and don't physic. Acts on glands and blood. Full directions with each bottle, and sold by all druggists. SPOHN MEDICAL CO., Goshen, Ind., U. S. A.

Get New Kidneys!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen. One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure. Do not delay a minute. At the first indication of trouble in the kidney, liver, bladder or urinary organs start taking Gold Medal Haarlem Oil Capsules, and save yourself before it is too late. Instant treatment is necessary in kidney and bladder troubles. A delay is often fatal. You can almost certainly find immediate relief in Gold Medal Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. It is the pure, original Haarlem Oil your great-grandmother used. About two capsules each day will keep you toned up and feeling fine. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.—Adv.

A Round of Applause, Please. An all-round man would be just the right fellow to operate a circular saw.

"Cold In the Head" Is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. All Druggists 75c. Postpaid free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. F. J. Cheney & Co., Toledo, Ohio.

Durable strings for lacing machine belts can be made of cat skins.

KAISER ACCEPTS RESIGNATION OF GEN. LUDENDORFF

KAISER'S WAR GENIUS PLACED ON THE UNATTACHED LIST BERLIN REPORTS.

UNKNOWN BEFORE THE WAR

His Resignation Will Still Further Shake the Faith of German People.

London — Official announcement was made in Berlin: Emperor William had accepted the resignation of General Ludendorff, first quartermaster general, he be permitted to resign.

It is understood in authoritative quarters Allied governments will not reveal their armistice terms until Germany has replied to President Wilson's last note. Premier Lloyd George and Foreign Secretary Balfour, accompanied by naval and military officers, have gone to France.

The German reichstag, by a great majority, has adopted a bill placing the military command under control of the civil government, according to an Exchange Telegraph dispatch from Copenhagen.

General surprise was caused in Berlin by the fact the daily report from German headquarters was not signed, as usual, with the name of General Ludendorff. Later the following official announcement was issued:

"The emperor, accepting request to be allowed to retire of Infantry General Ludendorff, first quartermaster general and commander in time of peace of the Twenty-fifth Infantry brigade, has placed him on the unattached list. The emperor decided at the same time the Lower Rhenish Infantry regiment, Number 29, of which the general has long been chief, shall bear henceforth the name of Ludendorff."

His resignation, it is believed, in London, will still further shake the faith of the German people in their military machine.

In the resignation of General Ludendorff, Germany loses what often has been described her "military brain."

Unknown before the war, General Erich Ludendorff sprang into prominence in the fall of 1914 as chief of staff to Field Marshal Von Hindenburg, then a general, in operations against Russians. When Von Hindenburg was given chief command in August, 1916, Ludendorff was appointed first quartermaster general but his position in reality has been chief of staff and collaborator with Von Hindenburg.

FRENCH SWEEP ON FIVE MILES

Numerous Villages Have Been Captured in Swift Smash.

Paris—A marked advance by French troops in the sector between the Oise and Serre rivers is recorded in the official communication issued at the war office. Numerous villages have been captured and at points the advance amounted to about five miles.

Paris—By a sudden and powerful smash, the French army under General Mangin has almost obliterated the apex of the German salient between the Oise and Serre rivers. Germans are retreating at top speed along the 30-mile front from north of Guise to the Mortiers region. This retreat is bound to spread at least another 20 miles. The whole German pocket north and east of Laon has caved in.

The French are pushing hard on the enemy's heels. Germans are fighting stubborn rear-guard actions, but their main forces are in full retreat. Mangin's troops have crossed the Serre east of Essai-sur-Serre (seven and a half miles north of Laon) and have penetrated German trenches.

The French are making a concentric drive on Richcourt 10 miles north of Laon, which already is outflanked in the north, where the Pollus have captured Chevreuil-Moncau, three miles above Richcourt, on the Laon-Guise railway. In the south, the attackers are only a mile from Richcourt.

General trend of the drive is north-eastward. Its immediate objectives are Guise and Marle, important rail intersections.

Strategic object of the drive is to push the French front up to a level with the front created by the British below Valenciennes. For the first phase of their retreat, Germans have an elaborate network of railways, but once the Guise-Marle front is reached, avenues of escape will be limited to two main rails, running parallel toward Hirsin and Mezieres, respectively.

Soft Coal Miners Denied Raise.

Washington—Fuel Administrator Garfield refused bituminous miners an increase of wages, sought in connection with stabilization of wages for anthracite miners. He held the bituminous situation did not require increases. Bituminous workers, under agreement to continue at the existing scale until the end of the war, were told, through Frank J. Hayes, president United Mine Workers, that existing information did not warrant increases.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

HURRY, MOTHER! REMOVE POISONS FROM LITTLE STOMACH, LIVER, BOWELS.

GIVE CALIFORNIA SYRUP OF FIGS AT ONCE IF BILIOUS OR CONSTIPATED.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

Using "Cut-Over" Lands.

Agricultural possibilities of "cut over" lands in Louisiana have been once more demonstrated by Ed Strain, a farmer living a mile and a half north of St. Benedict, producing a bale of cotton on an acre on cut-over land broken and prepared in the fall and planted in cotton in the spring of the next year. The fact that Mr. Strain is a blacksmith by trade and has taken to farming only recently renders the agricultural feat the more remarkable.

INDIGESTION, GAS, UPSET STOMACH

HURRY! JUST EAT ONE TABLET OF PAPER'S DIAPEPSIN FOR INSTANT RELIEF.

No waiting! When meals don't fit and you belch gas, acids and undigested food. When you feel indigestion pain, humps of distress in stomach, heartburn or headache, here is instant relief.

Just as soon as you eat a tablet of Paper's Diapsin all the dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Paper's Diapsin always make sick, upset stomachs feel fine at once and they cost so little at drug stores.—Adv.

California has a corporation with \$100,000 capital to establish bee farms all over the state.

SPANISH INFLUENZA--WHAT IT IS AND HOW IT SHOULD BE TREATED

Nothing New—Simply the Old Grip or La Grippe That Was Epidemic in 1889-90, Only Then It Came From Russia by Way of France and This Time by Way of Spain

Go to Bed and Stay Quiet—Take a Laxative—Eat Plenty of Nourishing Food—Keep Up your Strength—Nature Is the Only "Cure"

ALWAYS CALL A DOCTOR

NO OCCASION FOR PANIC

Spanish influenza, which appeared in Spain in May, has all the appearances of grip, or in grippé, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831 this country has had five epidemics, the last in 1889-90.

There is no occasion for panic—Influenza itself has a very low percentage of fatalities—not over one death out of every 400 cases, according to the N. C. board of health. The chief danger lies in complications arising, attacking principally patients in a run-down condition—those who don't go to bed soon enough or those who get up too early.

THE SYMPTOMS

Grip, or influenza, as it is now called, usually begins with a chill, followed by aching, feverishness, and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane or lining of the air passages, nose, throat and bronchial tubes; there is usually a hard cough, especially bad at night; oftentimes a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms, not only for your own sake, but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, aspirin or Dover's Powders, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course. Nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grippé germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and cover with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds—which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food. Above all, avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

KEEP FREE FROM COLDS

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary ten-bottle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

Note—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cinnamon, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors.

VapoRub is comparatively new in New York State and New England and a few Western states where it is just now being introduced, but in other sections of the country it is the standard home remedy in more than a million homes for all forms of cold troubles. Over six million jars were sold last year. VapoRub can be had in three sizes at all druggists. It is particularly recommended for children's croup and colds, since it is externally applied and therefore can be used as freely as desired without the slightest harmful effects.

Clair Fenn has been transferred from Kelly field, San Antonio, Texas, to the school of aeronautics at Austin, Texas.

Miss Rachel Rosenthal left Saturday for her home in Petoskey, where she will visit until the Chelsea schools reopen.

Willing Workers Red Cross unit of St. Paul's church will meet Wednesday afternoon at the home of Mrs. Louis Eppler.

Mr. and Mrs. Tom Hughes and family returned to their home in Detroit today after visiting Mr. and Mrs. Frank Brooks and other Chelsea relatives for a few days.

The Red Cross will meet Thursday and Friday at their rooms in the basement of the Congregational church. The rooms will be open Thursday evening from seven until 10 o'clock.

The Chelsea schools shipped 410 pounds of fruit nuts and pits the last of the week. The collection will continue. Two boxes of books for shipments overseas were also forwarded.

Dr. H. H. Avery left Thursday evening for Chicago, where he will take treatment at the Michael Reed sanitarium. He was accompanied by Mrs. Avery and by his brother, Dr. E. L. Avery of Howell.

The Chelsea Red Cross has engaged a visiting nurse to call upon influenza cases needing such attention and considerable good has already resulted. Arrangements also are being made to supply food and other necessities to those in need.

Harold E. Carpenter, son of Mr. and Mrs. Charles Carpenter of Highland Park and former well known residents of Chelsea, died yesterday afternoon at three o'clock at his parents home. The body will be brought here for burial Wednesday.

Graduates of the home nursing class who desire to take cases, either as volunteers or at the usual rates of compensation, are requested to call Mrs. A. L. Steger, phone 82-J, at once. Nurses are needed in several homes and the Red Cross has undertaken to supply them.

The funeral of the late Dr. J. G. Lynds was held Saturday afternoon from his home in Ann Arbor. As a young man, he located in Chelsea, later removing to Ann Arbor, where he was very successful and held a professorship at the University for a number of years.

"A reader" contributes the following: "Here's to the bright future, when Democracy shall reign and prohibition shall have swept the Earth; when the Church has dropped its isms and stands united; last, but not least, when the women of the world shall stand in equality with the men at the polls."

CURBING ASSESSMENT.
The Village Council and Special Assessors of the Village of Chelsea will meet at the Council Room, in the Town Hall, in the Village of Chelsea, on Monday evening, November 18, 1918, at 7:30 o'clock of said day, to review and adjust the special assessment roll, assessed to pay for curbing East Summit street, in said Village.

H. D. Witherell,
George W. Beckwith,
Special Assessors.

Dated, October 22, 1918. 12F3

Catarrh Cannot Be Cured
with local applications, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

Croup.
If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.—Adv.

Order of Publication.

State of Michigan, County of Washtenaw, ss. At a session of the Probate Court for said County of Washtenaw, held at the Probate Office in the City of Ann Arbor, on the 21st day of October, in the year one thousand nine hundred and eighteen.

Present, Emory E. Leland, Judge of Probate.

In the matter of the estate of Julia A. Jensen, deceased.

On reading and filing the duly verified petition of O. C. Burkhardt, administrator of said estate praying that the court adjudicate and determine who were at the time of her death the legal heirs of said deceased and entitled to her estate.

It is ordered, that the 13th day of November next, at ten o'clock in the forenoon, at said Probate Office, be appointed for hearing said petition.

And it is further ordered that a copy of this order be published three successive weeks previous to said time of hearing, in the Chelsea Tribune, a newspaper printed and circulating in said county of Washtenaw. [A true copy]

Emory E. Leland,
Judge of Probate.

Dorcas C. Donegan, Register.
Oct. 22, 29, Nov. 5, 12.

THEO. F. PROCHNOW
FOR SHERIFF

I am a candidate on the Democratic ticket for the office of Sheriff of Washtenaw county and respectfully ask your support. If elected to the office I will give it my entire time and attention.

SERIOUS QUESTIONS CONFRONT MICHIGAN FOR DECISION IN THE NEXT FEW DAYS.

Are the laws made only to control the poor and to be cast out by the rich?

Will the people approve the auction sale of a seat in the United Senate—"SOLD" to the highest bidder?

The Newberry millions have been known in exclusive circles for forty years, yet Mr. Newberry's campaign managers claim it was necessary to spend \$176,000 to introduce him to the people.

Within fifteen years, Henry Ford by his own ability is known to the entire world—Why? Because he believes that the welfare and happiness of all mankind is the most essential thing in the progress of a nation.

Newberry's managers paid \$176,000 for his nomination—Henry Ford paid not one cent.

Fair wages—The right to live and be respected, is the Ford idea of life.

Think—Which of the two types of men would you have to represent you in the U. S. Senate?

John W. Bailey, candidate for Governor, rises from the ranks by his work. Is introduced by his home folks as absolutely fearless, because he has lived his life an honest, honorable man.

He knows no middle ground—and as Governor he would be Governor—not a neutral politician.

President Wilson needs helpers in Congress. If you send the democratic candidates to him you are helping.

Election, Tuesday November 5th.

PUBLISHED BY DEMOCRATIC STATE CENTRAL COMMITTEE.
