

ARMISTICE SIGNED; CHELSEA CELEBRATES

Demonstration Started at 5:30 A. M.;
Lasts All Day; Big Mass
Meeting In Evening.

Beginning at 5:30 a. m. Monday morning when whistles and bells started the demonstration, and continuing intermittently throughout the day, closing in the evening with a big mass meeting, parade, band concert and speeches, Chelsea yesterday celebrated the signing of an armistice by the German government and the practical ending of the world war.

Factories, the schools, stores and practically all business places were closed for the day and the people generally gave themselves over to a celebration of the war's end.

Features of the demonstration last evening were a parade of tractors drawing wagons loaded with boys and young men with various noise producing machines and burning flares and sparklers, a company of soldier boys and band from Ann Arbor, the Chelsea Home Guards and martial band, a band concert at the intersection of Main and Middle streets, speeches by H. D. Witherell, N. S. Potter, Jr., and Rev. P. W. Dierberger, the unfurling of the honor flag for the Fourth Liberty loan, followed by a Red Cross benefit dance at Maccabee hall.

Truce Celebration Notes.

The terms of the truce signed by the German representatives are published on the second page of this issue.

The shot-gun corps was on the job soon after daylight and did their part until the available supply of shells gave out.

The boys at the cement plant rigged up a kaiser like figure and placed it astride a 2x4 in front of one of their trucks, "Riding the kaiser on a rail."

The kaiser was hung in effigy early in the morning at Main and Middle streets, and then the shot-gun corps peppered the figure until it was shot entirely away.

Uncle Sam came riding into town, from the west, on a black charger, during the morning. The idea was originated and worked up at the Methodist home.

Boys stretched a wire across the street from the second story of the Kempf bank block to Vogel's drug store and attached a figure supposed to represent the kaiser. Clever manipulation of one end of the wire caused the figure to do all sorts of near acrobatic stunts and furnished lots of amusement to the "kids."

MRS. WILLIAM D. RUNCIMAN.

Mrs. William D. Runciman died Thursday, November 7, 1918, at the home of her daughter, Mrs. G. A. Rowe of Stockbridge. She was 81 years of age.

Margaret Thompson was the daughter of the late James Thompson, a pioneer resident of Chelsea who established the first iron foundry here. She was born in Dundee, Scotland, accompanying her parents to Chelsea when only a child. She was united in marriage with William D. Runciman in 1861 and for several years they resided on a farm near Cavanaugh lake, later removing to the vicinity of Williamston.

Three children, James of Williamston, George A. of Wheatfield township, Ingham county, and Mrs. G. A. Rowe of Stockbridge, a half brother, William Thompson of Albion, nine grandchildren and three great grandchildren, are left to mourn their loss.

The funeral was held Monday morning at 10:30 o'clock from the home of her daughter, Mrs. G. A. Rowe of Stockbridge. Interment at Williamston.

ANOTHER LIBERTY LOAN.

Secretary of the Treasury McAdoo has announced that no matter what the results of the pending overtures for peace may be, there will be another Liberty loan. To use his expression, "We are going to have to finance peace for a while just as we have had to finance war."

There are over 2,000,000 United States soldiers abroad. If we transport these men back to the United States at the rate of 300,000 a month it will be over half a year before they are all returned. Our army, therefore, must be maintained, victualized and clothed for many months after peace is an actuality.

The American people, therefore, having supported the Liberty loan with a patriotism that future historians will love to extoll, will have an opportunity to show the same patriotism in financing the just and conclusive victorious peace.

One more Liberty loan, at least, is certain. The fourth loan was popularly called the "Fighting Loan" and the next loan may be a peace loan. Whatever the conditions, the loan must be prepared for and its success rendered certain and absolute. Begin now to prepare to support it.

FROM LIEUT. F. PALMER

Former Chelsea Boy Writes of Experiences In Northern France; Would Like Some Ice Cream.

A letter was recently received by relatives in Gregory from Lieut. Faye Palmer, who is in France. He is well known here, being a graduate of the Chelsea high school. The letter is dated October 6th, and follows:

Dear Aunt—
I recently received several letters from America, which I truly appreciated.

After September 10th we had a two weeks' rest in a village where the people are still living and it was not all banged to pieces by shell-fire as some are. We are now out in the woods.

The weather for the past two weeks has been typical of northern France—cloudy, rainy, muddy, foggy. We are not allowed to have fire or lights unless they are screened because of fear of detection by enemy planes. We try to get out of sight in the woods or, if along the road, under trees.

I am sitting in our Dodge car writing and I am so cold I can hardly hold the pen. We try to get in houses when we can and when there is enough of them left to get into. In the town where we are now there is scarcely a house with a whole roof. We sleep in the open or in a trench and go to bed when it gets dark. We have to be around a lot at night, as not much movement is allowed during the day.

The men on the trucks must drive without lights even on rainy nights and it is wonderful how few accidents there are. The trucks weigh 3½ tons and the load three tons. The roads get very slippery with just a little rain and it is no uncommon sight to see conveyances of all kinds laying in the ditch beside the road. There is more traffic out here on these roads than there is on Woodward avenue, Detroit. Military police are stationed on every crossroad to act as traffic officers and prevent blockades and congestion of traffic.

Several American planes brought down a Boche plane right near our camp. It was just at dusk and we could see the tracer bullets from their machine guns. A tracer bullet is one that burns with a very brilliant light like a flashlight for taking photos, and you can see the course of the bullet and tell whether you are coming close to your target. The observer was killed and the pilot badly injured. The Allies have control of the air here. We are not bombed very much at night. On the Chateau-Thierry and Soissons fronts we were bombed every clear night by planes.

It begins to look quite favorable for the Allies and I would not be surprised to see the war end in the next six months. I imagine that young men in America are scarce these war times.

On October 1st there was a heavy frost on the ground. We have to sleep with our clothes on to keep warm and some times then we do not get much sleep. I presume by the time this reaches you the maple leaves will have assumed their variegated autumn tints.

I am very well. There is nothing I am in need of except some ice cream. Have not had any since I left New York. It was a year September 24th that I left Michigan. Many of my friends in the old 31st Michigan are gone. As ever,

Faye Palmer,

ANNA CASE.

Anna Case, the "miracle girl" of the Metropolitan Opera company, will have the honor of opening the Ann Arbor concert series on Saturday evening, November 16, on account of the indefinite postponement of the Caruso concert with which the series was to have been opened.

Miss Case is an American girl who has triumphed over every obstacle and has reached the highest pinnacle of artistic fame. Beautiful, talented, with a remarkably splendid voice, she has won a host of admirers, not only because of her splendid work as an opera singer, but because of her great success as a singer of songs. Her programs are made up of a number of the more pleasing arias in which she has gained fame and are also interspersed with choice bits of melodious songs so dear to the American people.

She will be accompanied at the piano by Charles Gilbert Spross, the well known pianist.

Other concerts in the series will be given by Leopold Godowsky (December 14); Joseph Bonnet (January 18); Toscha Seidel (February 8); and Caruso on a date to be announced.

PAVED WAY INSPECTED

Federal Officer Gave Improved Roads "Once Over" Saturday.

Work of the Eastern Washtenaw Good Roads district was inspected Saturday by state and federal inspectors, who went over the work with Prof. J. J. Cox, the engineer for the district. The proposed improvement for next year to be made with federal aid was inspected also.

This work is the paved way which is being built with federal aid and the continuation of that paved way which is to be constructed with the aid of federal money next year. Two pieces are now being finished, one east of Ypsilanti to the Wayne county line, and one west of Ann Arbor. The work which is to be done next year is a continuation of the road west of the city of Ann Arbor in the town of Seio. The inspector for the federal government was W. F. Brooks of Chicago, from the Chicago office of the national public roads office at Washington. He was accompanied by L. D. Townsend of the state highway department.

Brevities of Interest From Nearby Towns and Localities.

DEXTER—About two or three weeks ago a carrier pigeon appeared in G. C. Fedderman's flock of carriers. He at the time thought the bird was one of his young birds that had recently left the coop. On Saturday the bird got caught in a crack in a board. When Mr. Fedderman went to release it he discovered that it had a celluloid band on its right leg marked as follows: "18 U. S. 1102." On the left leg it has a brown rubber band about one-half an inch wide.—Leader.

JACKSON—But for the fact that the cars were of steel, the lives of many persons might have been sacrificed Sunday morning in a rear end collision on the Jackson-Kalamazoo division of the Michigan Railway company. The accident occurred at the O'Brien Crossing, about four miles west of Jackson, at about 11 o'clock. A local, heavily loaded with soldier and civilian passengers, stopped at the crossing and a limited car which was closely following crashed into it. Neither was derailed, although the impact jammed the ends of both cars. Several passengers received minor injuries.

TECUMSEH—A terrible racket was heard Saturday at 6 p. m. on the business street which caused people to rush out of doors and there a peculiar looking tractor was coming down the street, painted in a variety of colors to camouflage it. It drove around to the Garlinghouse garage for gasoline (it holds 25 gallons) and a great crowd assembled. This sort of tractor is used in France for the tanks and no wonder the Huns don't like them and began to retreat, for to multiply that racket by some hundreds would make them think the Old Harry and all his hosts were after them.—Herald.

BROOKLYN—Harve. Blanchard, who came over from Dexter the other day said that he'd been doing a considerable business in used Ford cars since he couldn't get new ones. He said he'd been worrying some about an old geezer over there who owed him for a car and who had the influenza. Harve didn't dare to go see him so he hunted up the doctor, who replied: "No chance for him to die, Harve, he tells me that he's just put ten barrels of cider in the cellar and is looking forward to a grand winter."—Exponent.

BIG FLEET AEROPLANES.

A fleet of eleven aeroplanes from Selfridge field, near Mt. Clemens, passed over Chelsea, Sunday morning about nine o'clock, en route to Jackson to take part in the war exhibit. Returning from Jackson in the afternoon they passed over again about three o'clock.

GIRLS! LOTS OF BEAUTIFUL HAIR

A small bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—it costs but a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fullness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. Adv.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2342 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

TRUCE TERMS SIGNED BY GERMAN REPRESENTATIVES

HOSTILITIES HAVE CEASED ALL ALONG LINE; KAISER AND PARTY FLEE TO HOLLAND

REBELS SEIZE RAILROADS, WIRES AND KRUPP PLANT; GENERAL STRIKE CALLED OVER COUNTRY; MILITARY JOIN IN REVOLT

Washington—Armistice terms have been signed by German representative. This announcement was made by the state department early Monday morning. The announcement was made verbally by an official of the state department.

The terms of the armistice, it was announced, will not be made public until later. Military men here, however, regard it as certain that they include:

Immediate retirement of the German military forces from France, Belgium and Alsace-Lorraine.

Disarming and demobilization of the German armies.

Occupation by the Allied and American forces of such strategic points in Germany as will make impossible a renewal of hostilities.

Delivery of part of the German high seas fleet and a certain number of submarines to the Allied and American naval forces.

Disarmament of all other German warships under supervision of the Allied and American navies which will guard them.

Occupation of the principal German naval bases by sea forces of the victorious nations.

Release of Allied and American soldiers, sailors and civilians held prisoners in Germany without such reciprocal action by the associated governments.

London—The former German emperor's party, which is believed to include Field Marshal von Hindenburg, has arrived at Eysden, on the Dutch frontier, according to Daily Mail advices.

Practically the whole German general staff accompanied the former emperor, and ten automobiles carried the party. The automobiles were bristling with rifles and all the fugitives were armed.

The ex-kaiser was in uniform. He alighted at the Eysden station and paced the platform, smoking a cigarette.

Eysden is about midway between Liege and Maastricht, on the Dutch border.

Chatting with members of staff, the former emperor, the correspondent says, did not look in the least distressed. A few minutes later an imperial train, including restaurant and sleeping cars, ran into the station. Only servants were aboard.

The engine returned to Vize, Belgium, and brought back a second train, in which were a large number of staff officers and others and also stores of food. The German consul from Maastricht also arrived. Dutch railway officials soon made their appearance and many of the inhabitants came to the station attracted by curiosity.

Many photographs were taken by the people of the party. On the whole the people were very quiet, but Belgians among them yelled out, "En voyage!"

A dispatch to the Exchange Telegraph company from Copenhagen quotes the Politiken as saying that when the former German emperor arrived at Maastricht he was accompanied by the former empress.

Washington—William Hohenzollern has arrived in Holland and proceeded to Middachten castle, according to a dispatch received by the army general staff at the Hague, based on reports to the Netherlands capital.

The dispatch follows: "Press reports state that the Kaiser arrived at Maastricht, Holland, and is proceeding to Middachten castle, in the town of Destege, near Utrecht."

The Chateau Middachten, to which the former emperor is reported to be proceeding, belongs to Count William Frederick Charles Henry von Bentinck. He is a member of the Prussian guards and before the war was attached to the German embassy in London and a member of the English Turf and Royal Automobile clubs. He is 38 years old. He belongs to the famous Anglo-Dutch-German house of Bentinck, the continental branch of the family of the duke of Portland.

Middachten castle dates back to the year 1697.

War On Rum Runners Continues

Lansing—The decision of Circuit Judge Harry Dingeman, of Detroit, who held that section of the state prohibition law unconstitutional which permits the seizure of liquor in a private residence, which is for the personal use of the owner, will not in any way interfere with the work of the state police in stopping bootleggers along the Ohio line, according to Colonel Roy C. Vandercok. "The state police force has devoted its entire attention to stop rum runners."

Three of the four kingdoms with in the once German empire have fallen. King Wilhelm II. of Wurttemberg has abdicated and a republic has been proclaimed. King Leopold of Bavaria's abdication was announced two days ago. Wilhelm, king of Prussia (former emperor of Germany), also abdicated. The situation in Saxony is obscure.

REVOLT SPREADS RAPIDLY

Washington—The German people, for a generation obedient and submissive servants of their war lord, for more than four years his pliant instruments in ravaging the world, have spoken a new word, and the old Germany is gone. From the confused, sometimes conflicting and often delayed advices from Germany in the last two days it has become apparent Wilhelm, emperor and king, has been stripped of his power. He is now plain William Hohenzollern, a fugitive in Holland. With his fall topples into ruin William's mad design to rule the world.

Little is known of the situation in Germany, for that country is in the first days of its new adventure. It is not clear whether the old regime has been permanently dislodged or whether the new authorities, with unscrupulous adroitness which has long marked German politics, are merely sacrificing the chief figureheads of Kaiserism in the hope of obtaining an easier peace. It appears probable no one in Germany knows, and that it is still to be determined which of the contending elements will gain the upper hand.

Revolution is spreading rapidly, and from the fact a Socialist is chancellor, it may be gathered the object of the revolution is not merely quick ending of the war but complete severance of the political ties which still bind the nation with its past.

For the Allies the problem has changed. The countries which fought Germany and her vassals for more than four years have emerged from it completely triumphant, but within the borders of the countries which menaced the peace of the whole world stalks revolt, famine and anarchy. The world's next task may be to restore order in the desolated Central Empires. It may be the lot of the forces who have successfully contested Germany's greed for power to save her from the fate she imposed on Russia. Likewise, help will have to be given to Austria-Hungary, Bulgaria and Turkey, whose ruin Germany wrought.

Berlin—(German Wireless to London)—The German people's government has been instituted in the greater part of Berlin. The garrison has gone over to the government.

The workmen and soldiers' council has declared a general strike. Troops and machine guns have been placed at disposal of the council. Guards which had been stationed at public offices and other buildings have been withdrawn.

Friedrich Ebert (vice-president of the Social Democratic party), is carrying on the chancellorship. The text of the statement by the people's government reads:

"In the course of a short time formation of a new German people's government was initiated. The greater part of the Berlin garrison and other troops stationed there temporarily went over to the new government.

"Leaders of deputations of the Social-Democratic party declared that they would not shoot against the people. They said they would, in accord with the people's government, intercede in favor of order. Thereupon in offices and public buildings guards which had been stationed there were withdrawn.

"Business of the imperial chancellor is being carried on by the Social-Democratic deputy, Herr Ebert.

"It is presumed that apart from representatives of the majority group three independent Social-Democrats will enter the future government."

Telegraphers to Get Raise.

Washington—Employees of the American Railway Express company will be given wage increases as soon as rates are advanced in accordance with a plan recently submitted to the Interstate Commerce Commission, it was said by railroad administration officials. The war labor board announced it had referred the express company employees requests to the board of railroad wages and working conditions, a railroad administration adjunct which has jurisdiction.

EMPEROR WILLIAM FLEES TO HOLLAND

EMPEROR WILLIAM

MILITARY FORCES JOIN REDS

Copenhagen—Berlin is in the hands of the German revolutionaries.

The revolt sweeps on throughout the empire.

From the crown prince's palace, the city hall, the postoffice, and all other public buildings in the capital, flies the red flag.

Seizure of Berlin was not, however, without terrific street battles, though the new government, in an official statement sent broadcast, attempts to minimize the bloodshed.

Dispatches as to the situation as it now stands are conflicting, some indicating that comparative order has been restored, while others tell of continued violent fratricidal fighting.

Hearing of the wild disorders in Hamburg, some Socialists leaders hurried to that port from Berlin by aeroplane.

The Prussian war minister, General von Schenck, appears to retain his office. His orders, however, must be countersigned by Ebert.

The whole Rhine province is controlled by the rebels.

One dispatch anticipates "a long list of notable German suicides."

The general tendency of the news is that the bulk of the military, including the majority of officers, joined the revolt as soon as they saw the people were in dead earnest. This, for the present, has averted a colossal civil war, which may, however, flare up as soon as the armistice is signed and 4,000,000 soldiers, beaten and embittered, pour back into the strife-torn fatherland.

Formation of a socialistic government is in progress. Only three non-socialist ministers are slated to participate. Among them will be Dr. Mathias Erzberger, Centrist leader, and head of the armistice commission. There will be three independent socialists in the ministry.

Dr. Ebert, in his appeal for maintenance of order, announced that Prince Maximilian of Baden had relinquished the chancellorship. There is a degree of obscurity as to the exact present status of the Baden prince. It is possible that he will act as regent pending convocation of a national constituent assembly.

Bad Time for Princes.

More likely, however, is his complete elimination from the government this being a precarious time for princes, even such as have long fought in the forefront of the democratization movement.

The prince, who played such an important part in bringing about the upheaval, is believed to continue in the councils of the new regime, but more behind than upon the scenes.

Dr. Friedrich Ebert, Socialist deputy, is acting chancellor.

He, together with all other leaders, excepting a few radicals, is bending night and main to restore order and avert further bloodshed.

Steps are under way for election of a constituent assembly to decide the future form of government. If the Socialists have their way Germany will become a federated republic.

Kings, grand dukes and dukes are abdicating or swept away.

Wounded Yanks Parade Streets.

New York—One hundred wounded soldiers recently returned from France paraded through lower Broadway and the financial district. The men were enjoying a day's leave from a base hospital where they are being treated for wounds. Those who could not walk were furnished automobiles by the Red Cross. The men represented nearly every state in the union and on the sleeves of many were marks indicating their regiment had been cited for bravery.

U. S. Anthem Played By Huns.

Flint, Mich.—New England soldiers on the western front were entertained by a German military band playing "The Star Spangled Banner," according to Harold J. Ferneau, local orchestra leader, now a member of the mounted band of the One Hundred and Second field artillery, in a letter to friends here. The regiment captured the entire band and all instruments in a recent drive. Yanks made reluctant Germans to play the American national anthem.

DRUGGISTS!! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called For One and Three Quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.

Big Shipments Are En Route to Jobbers. Until These Arrive There May Be a Temporary Shortage. All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's Vaporub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute Vaporub in the quickest possible manner to those sections stricken by influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED

On October 1st we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient Vaporub to last us, we thought, until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last ten days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16, 18,504 doz.
Thur., Oct. 17, 25,223 doz.
Fri., Oct. 18, 39,236 doz.
Sat., Oct. 19, 45,833 doz.
Mon., Oct. 21, 77,705 doz.

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of Vaporub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

War Terms.

"War terms now penetrate all classes of society," said Judge Allen E. McCumber of Charleston.

"A Herculean woman had her husband, a small, frail man, haled before me for desertion.

"Well, sir, what have you got to say for yourself? I asked the man.

"Me a deserter, judge? he whined pitifully. 'Look at these lumps on my head. Look at this black eye. I ain't no deserter, judge. I'm a refugee.'

quantities as possible. If you are out we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next ten days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobber's salesman or given to our salesman, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's Vaporub, we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship thru your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE.

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called in to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA.

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's Vaporub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB.

In addition to the usual method of using Vaporub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using Vaporub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is not available, Vaporub can be used in an ordinary teakettle. Fill the teakettle half full of boiling water, put in half a teaspoon of Vaporub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a Bulletin just issued by the Public Health Service, Dr. Stiles recommends that the nose and throat be kept coated with some oily substance. For this purpose Vaporub is excellent—just put a little up the nostrils from time to time and snuff well back into the air passages.

Kalamazoo—Disregarding protests from the village of Oshtemo, work on dismantling the fruit belt line railroad between Kalamazoo and Lawton has been started.

Flint—William Holt, a negro known as "Fishpole," pleaded guilty in Circuit Court to robbing clothes lines and drew from two to five years in the State House of Correction.

Lansing—Food Administrator Prescott announces that from now on patrons of public eating places may have sugar on or in two different commodities with each meal, one teaspoonful for each.

Charlotte—Two boys in a stolen automobile were arrested here after they had robbed the gasoline tank of W. R. Wells near Woodbury. The machine had been stolen from Guy Cone, Odessa.

Charlotte—While hunting near Sunfield, Anby Sines attempted to climb a barbed-wire fence while the hammers of his shotgun were cocked. His arm was badly torn by the explosion of the weapon.

Reed City—Lieut Harry C. Hawkins is held a prisoner in Germany and his chum, Lieut. Harry A. Holliday, of Traverse City, was killed in action at the same time as Hawkins was captured.

Leonidas—Estus Miller and John Wentworth were badly injured when a threshing machine they were driving exploded. Parts of the threshing were found half a mile away and windows were shattered by the concussion.

Flint—"If peace should come tomorrow your work is only just begun," is the plea sent out to 2,000,000 members of the Unconditional Surrender Club by Dwight T. Stone in calling attention to the great task of reconstruction.

Camp Custer—Following the accidental shooting of an enlisted man by a live cartridge being mixed with the dummy shells used for instruction purposes, which took place two weeks ago, an order has been issued that hereafter every consignment of dummies will be inspected.

Big Rapids—Major Charles L. McCormick, with the Third battalion in France, writes of the deaths of Corporal Leland Hartman, of company I, One Hundred and Twenty-sixth infantry, whose parents live at Morley, and of James Musser, who lived west of Big Rapids. Ten other boys of Big Rapids are in hospitals from shell shock, wounds and gas.

Detroit—Mayor Marx has sent letters to the mayors of all Michigan cities, asking them to meet in Detroit December 18 to discuss means of amending the Constitution to give cities full rate-fixing power over public utilities. It is the opinion of the mayor and Allan H. Frazer, corporation counsel, who is co-operating in the plan, that only by such a specific amendment can disputes such as those of this city with the D. U. R., and the gas and telephone companies be settled.

Baldwin—Following negotiations conducted with the Indian land office in Washington by Jacob W. Coburn, of Baldwin, it is announced that the members of the Ottawa and Chippewa tribes, who have never received from the government allotments of land, money and other things mentioned in article 3 of the treaty of July 3, 1855, are entitled to receive the same. Mr. Coburn is applying for power of attorney and has set dates for meetings with different elements of the tribes, with this purpose in view.

Albion—Donald Fall, Albion College boy, has just completed his eleventh trip overseas aboard his transport.

Petoskey—Three hours was all that was required for the village of Levering to go over the top in the Patriotic Fund drive.

Saginaw—Charles Lewis, a grocer, charged with having made seditious remarks, has been released under bail of \$2,000.

Menominee—Fred Greiss, 13, was accidentally shot and killed by the discharge of a gun set to catch wolves on the farm of Henry Klein.

Lansing—Tin for the coming bean canning season is assured, according to advices reaching Food Administrator Prescott from Washington.

Grand Rapids—Residents of Berlin, Ottawa County, have petitioned the Postoffice Department to change the name of the village to Ottawa.

Albion—Mrs. Rachel Wood has received word that her son, Private Edwin Yoder, died in France, October 11, from wounds received in action.

Att. Pleasant—The S. A. T. C. of Central Michigan Normal has had two deaths from influenza, Fremont Neal, of Coleman, being the second victim.

Muskegon—Muskegon's next representative at West Point is likely to be Lyndell Sibert, graduate of the Muskegon high school in 1916, who is now fighting in France.

Lansing—Enforcing prohibition in Michigan is costing at the rate of \$150,000 a year, according to the estimate of Fred L. Woodworth, food and drug commissioner.

Hillsdale—The Rev. C. J. Tinker, who has been rector of St. Peter's Episcopal Church, will go to Pittsford this week to assume his duties as superintendent of schools.

Flint—Mayor Charles S. Mott, who was commissioned in the Quartermaster's Corps, has tendered his resignation. Daniel D. Barney, of the common council is acting mayor.

Muskegon—Lieutenant E. L. Kniskern, son of Mr. and Mrs. P. L. Kniskern, of this city, has been promoted to a captaincy in the quartermaster's department at Camp Worden, Wash.

Albion—Supervision of Y. M. C. A. work at Albion college has been taken from the hands of students and placed in charge of W. W. Whitehouse, former educational secretary at Camp Custer.

Muskegon—Charles J. Tufts and Philip R. Yaney are dead from wounds received in action on the western front, according to word received by relatives in this city. Yaney was a machanic and Tufts was a member of an engineers' regiment.

Hillsdale—Robert Fogg, a Jackle on the Nevada, writes that the men on that boat subscribed \$100,000 to the Fourth Liberty loan and also subscribed \$1,300 to the Navy Relief society—the latter being the largest contribution ever made by an individual ship.

Houghton—Alma Hill, a Dollar Bay girl, was picked up unconscious and badly injured on the road between Dollar Bay and Hancock recently. Her story could not be obtained. It is thought she was run over by an automobile and that the driver shirked his responsibility.

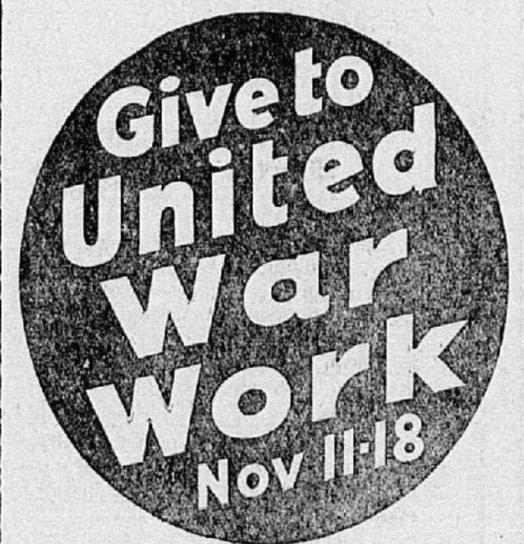

Saginaw—Attorney General Groesbeck has ruled that a successor to Hurt S. Taft, school commissioner killed recently, must be selected by the probate judge, county clerk and prosecuting attorney. James B. Griffin, one of the veteran school examiners, seems certain to be given the place.

Houghton—Judge O'Brien has ruled in Circuit Court that a man may have any quantity of liquor on hand for his own home. With this decision the court ordered that a large quantity of liquor recently seized from the home of Theophilus Carbonneau, former Cassell saloonkeeper, be returned to him.

Muskegon—Mayor James L. Smith, greatly aggravated by the traction situation in Muskegon, has come out for municipal ownership of the present lines. With eastern capitalists in control of the corporation, Mayor Smith sees no opportunity to obtain through them greatly needed improvements in the local system.

Lansing—Many carloads of fruit pits and nut shells, which will be utilized in making carbon for gas masks, are reported on their way to the Gas Defense division in New York city, but as yet only one carload has arrived. To Rochester, N. Y., goes the credit of this first car. It is conservatively estimated that a minimum of 1,000,000 pounds of fruit pits and nut shells are needed daily for conversion into charcoal. In addition to the soldiers, all others who go near the front line must have gas masks on for protection.

HEALTH TALK

Spanish Influenza or Grip BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid. It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Irontonic" Tablets, or that well known hepatic tonic, Dr. Pierce's Golden Medical Discovery.

Don't Belittle That Backache—Stop It.

Kidney and Bladder Sufferers Forgetfully Recall Their Neglect of First Symptom. Use Caution—Get Dodd's. If Kidney disease attacked suddenly as does Appendicitis or a fever, you would be forced to bed immediately. But it doesn't—its process is slow, destructive and fatal.

FARM MACHINERY WANTED AFTER WAR

London Agent Submits List Equipment to be Ordered by One of Allied Governments.

A London jobber in farm machinery has recently asked manufacturers in the United States to supply full particulars regarding prices, deliveries, commissions, etc., on the following list of farm equipment:

40,000 plows, single share; 20,000 plows, two or more shares; 2,000 sub-soil plows; 20,000 breaking plows, harrows, weeders; 75,000 barrows; 10,000 hand packers, discs jointed together; 20,000 hand rollers one piece; 10,000 one-horse cultivators; 10,000 riding cultivators; 2,000 seed drills and mechanical planters; 500 manure spreaders; 2,000 reapers; 2,000 mowers; 2,000 fanning mills; 2,000 horse rakes; 2,000 threshing machines; 1,500 feeders; 1,000 feed cutters for beet-roots; 1,500 feed cutters for potatoes; 1,000 pulverizing mills for two men hand power; 200 pulverizing mills for horse power; 50,000 winnowing machines; 1,000 grain separators; 10,000 surface cultivators; 15,000 chaff-cutters; 1,000 grain crushing mills; 100 hay presses; 5,000 cream separators for hand power; 100 cream separators for engine power; 2,000 refrigerators; 50,000 churns; 1,000 mixers; 1,500 butter presses; 100 cheese presses; 2,000 incubators for poultry; 400 apparatuses for wax making; 200 tractors; 40,000 wagons.

With the possibilities of such mammoth orders, it doesn't look as though the price of farm machinery would be apt to lower much for some time.

DEXTER TOWNSHIP.

Our young rooster crows, "Un-conditional Sur-ren-DER," constantly these days.

Jacob Herrer was over to Bridge-water, Saturday, on business.

K. H. Wheeler is drawing his baled hay to Chelsea this week.

Unlike Topsy— Swift & Company Has Not "Jest Grown"

Swift & Company, in fifty years of well ordered growth, has become one of the great national services because it has learned to do something for the American people which they needed to have done for them, in the way in which they preferred to have it done.

It has met each successive demand, in the changing conditions of national life, by getting good meat to increasing millions effectively, efficiently, economically, and expeditiously.

The Swift & Company packing plants, refrigerator cars, car routes, branch houses, organization, and personnel of today are the practical solutions, born of practical experience, to the food problems of half a century.

Because of all these elements working in correlation and union, Swift & Company is able to supply more and better meat to more people than would have been possible otherwise, at a net profit per pound of meat so low (a fraction of a cent) that the consumer price is practically unaffected.

Strip away any portion of this vast, smooth-running human machine, and you make a large part of the meat supply uncertain, lose the benefit of half a century of fruitful experience, and scatter the intelligent energies of men who have devoted a life work toward meeting the needs of a nation in one vital field.

The booklet of preceding chapters in this story of the packing industry will be mailed on request to Swift & Company, Union Stock Yards, Chicago, Illinois.

LIVE OUT OF DOORS.

Michigan should give itself a thorough airing at the end of the influenza epidemic, is the advice given by the Michigan Anti-Tuberculosis association. Fumigation and other scientific precautions should not be neglected anywhere in the state. Furthermore, people should pay double attention to the cultivation of careful eating, sleeping, working and playing habits. Michigan must live out of doors more than is normally done, because of the "flu" epidemic, if the danger of tuberculosis is to be avoided.

Some Girl.

"My boy,"
"Yes, dad?"
"In wooing success—"
"Yes, dad?"
"Remember that's a girl you gotta sit up nights with."

Labels for Christmas parcels are being received from Chelsea boys now overseas, and a number of cartons have been given out. Do not wrap or seal the gifts. The Red Cross inspection committee will wrap and tie cartons. If possible bring in the package for mailing on Monday, November 11, as the committee will be in charge from 9 a. m. to 4 p. m. Please bring fifteen cents for postage to Hoboken, N. J. The Red Cross suggests that the gifts be wrapped in khaki hand-

kerchiefs. Chamberlain's Cough Remedy. Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known. Adv.
