

COUNTY RED CROSS ELECTS DIRECTORS

Annual Meeting Was Held Sunday
Afternoon at Headquarters
in Ann Arbor.

At the annual meeting of the Wash-
tenaw County Chapter of the Amer-
ican Red Cross, held Sunday after-
noon in Ann Arbor, the following
board of directors was elected:

Ann Arbor—H. W. Douglas, Dr. L.
P. Hall, E. L. Seyler, W. L. Walz.
Chelsea—Mrs. J. E. McKune, Mrs.
George A. BeGole.
Dexter—Patrick Sloan, D. E. Waite.
Manchester—A. J. Waters, Lewis
Lofler.
Milan—Dr. Kenneth Noble.
Saline—Mrs. S. R. Wilson, Mrs. F.
Y. Cotton.
Ypsilanti—Mrs. E. F. Barber, Mrs.
W. D. Crocker, W. D. Nissley, W. M.
Arbaugh.
Salem, Sharon and Whitmore Lake
branches were not represented at the
meeting and they will probably nomi-
nate members, who will be chosen
later.

SHERIFF SUES COUNTY

Claims That \$273 is Due Him for Care
of County Tramp Room;
Auditors Say Nay.

Sheriff Herman G. Lindenschmitt
has appealed his claim for \$273
against the county for the care of
tramps from the decision of the board
of county auditors to the circuit court,
and has filed the claim with the clerk
of the court as allowed by the state
law in such cases, also the necessary
bond for the prosecution of the case.

Several years ago the county board
of supervisors passed a law allowing
the sheriff \$3 per day for the care of
the tramps who were given lodging in
the county tramp room. This claim
is for 91 days of such care since the
last bill was passed by the county au-
ditors and approved by the superin-
tendents of the poor.

Sheriff Lindenschmitt presented the
bill at the annual meeting of the board
of supervisors, held in October, and
at that time some of the members
raised the question whether the \$3 a
day allowance was for the current
year when the law was passed or was
good for all time.

Superintendent of the Poor Michael
Staeber of Ann Arbor was called be-
fore the board to explain why this
claim was turned down. He said that
it was because there had been no
tramps to care for. On this evidence

Never A Night Before Away From Home

By BRUCE BARTON

The whole town was gathered on the platform
that morning to see the train pull out—men and
women and children, waving and cheering and
trying hard to keep on smiling through their
tears.

Out of the car windows leaned the boys to
wave a last good-bye.

Just average, clear-eyed country town boys;
twenty of them altogether. And seventeen of
them had never slept a night away from home
before.

They are dwelling in a strange land tonight,
whose language they cannot understand.

But across the mud and the snow a light
gleams warm from a hut on the edge of the
town, and inside good cheer and happiness are
ready for whoever will come in to claim them.

Friendship dwells in the hut; keep its warm
fires burning bright this winter. Let it be per-
fectly clear to the men over there that you have
not forgotten.

—to the men that only a little while ago were
boys who had never slept a night away from
home.

the board of supervisors declined to
order the bill paid over the heads of
the board of auditors and the superin-
tendents of the poor combined, al-
though it was said at the time the bill
was presented to the supervisors that
a suit was threatened if it was not
paid.

WRECK ON MICH. CENT.

Freight Car Split Switch and Badly
Damaged Main East Bound
Track Yesterday.

The main east bound track of the
Michigan Central railroad has been
blocked during the past 24 hours as
the result of a peculiar wreck in the
west yards here yesterday morning.

An east bound freight was pulling
in on the south passing track and one
of the cars in the train split the switch
the forward truck going in on the sid-
ing and the rear truck following the
main track. The balance of the train
took the siding all right.

As a result, the main line track was
pulled loose from its ballast and over
against the passing track for a con-
siderable distance, making it unsafe
for traffic.

Towns and Localities.

BRIGHTON—Lucile, the four years
old daughter of Emil Boese, was se-
verely burned Thursday when she fell
into a pan of hot grease at the bakery
of her father. The child was rushed
to the Ann Arbor hospital for treat-
ment and there are hopes for her re-
covery. Mr. Boese burned his arms
badly in rescuing the child. The lit-
tle girl's mother was burned to death
about seven weeks ago, due to an ex-
plosion while mixing turpentine at her
home.

TECUMSEH—Charles Horton, 38
years of age, was killed Friday while
cutting hardwood timber for the gov-
ernment. He had felled a large tree
which struck a sapling in falling and
the smaller tree struck him, breaking
his neck and inflicting other injuries.

HOWELL—Lieut. Guy C. Farrell of
Detroit, a former Howell boy, died re-
cently in France, of pneumonia. He
was a member of the signal corps.
Previous to his enlistment about a
year ago, he had been a newspaper

About Croup.

If your children are subject to croup
or if you have reason to fear their be-
ing attacked by that disease, you
should procure a bottle of Chamber-
lain's Cough Remedy and study the
directions for use, so that in case of
an attack you will know exactly what
course to pursue. This is a favorite
and very successful remedy for croup,
and it is important that you observe
the directions carefully. Adv.

HOW TO FIGHT SPANISH INFLUENZA

By DR. L. W. BOWERS.

Avoid crowds, germs and germs. but fear neither germs nor germs. Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Auric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Auric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Irontic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Relieved the Tension.
A little boy at school saw his teacher faint and fall. In the confusion it was impossible to keep so many heads cool, and the little ones flocked round the prostrate lady and her sympathetic colleagues. But this small boy kept both his color and his coolness.

Standing on a bench and raising his hand, he exclaimed: "Please, teacher, can I run and fetch father? He makes coffee. The pert of laughter which greeted this unconscious humor routed the teacher from her short trance, and nobody enjoyed the youngster's saying more than she did when the circumstances were explained to her afterward.

SUBSTITUTES FOR WHEAT CANCELLED

WHEAT BREAD MAY APPEAR ON AMERICAN TABLE WITHOUT RESTRICTIONS.

SUSPEND STATE FLOUR RULE

State Food Administration Is Notifying Dealers That Regulations Have Been Changed.

Washington—Regulations requiring householders and bakers to purchase 20 per cent of substitutes with each purchase of wheat flour has been withdrawn.

Substitutes already purchased and for which millers, dealers or bakers do not find a ready sale will be purchased by the grain corporation of the food administration under plans now being formulated. The coarser grains now being used as flour substitutes will be placed on the market as animal feeds, of which there is a shortage.

Although wheat bread may now appear on the American table without restriction, the food administration announced it will continue to advocate conservation in use of flour.

Relaxation of wheat regulations, which have been in effect in various forms since last January 28, was ascribed directly in a statement issued by the food administration to the military armistice. It was pointed out that the Mediterranean sea now is safe for commercial transportation and that the European countries can draw again on the large wheat supplies in India and Australia. With cargo ships released from military service it was said it also will be possible to tap accumulated supplies in the Argentine.

Flour Substitute Rule Suspended.

Lansing—State Food Administration Prescott was notified by the federal food administration at Washington that the sale of substitutes, in connection with the purchase of wheat flour, is no longer required. The order lifting the ban on flour substitutes takes effect immediately. The state food administration is notifying dealers throughout the state that the regulations have been changed.

PAROLED PRISONERS MAKE GOOD

974 Were Given Freedom Out of 2,463 Cases Considered.

Lansing—Three out of every four prisoners in state penal institutions paroled during the last year by the advisory board of pardons made good, according to statistics compiled by Miss Bertha M. Wallace, secretary of the board. The figures along with the annual report of the board, were handed Governor Sleeper.

Paroles numbering 974 were granted by the board during 1917 out of 2,463 cases considered. In 893 instances the applicants were refused and in 32 recommendations for executive clemency were made to the governor.

During the year 234 men violated their paroles and 91 were returned to various prisons. The violations were mostly technical, most offenders being merely charged with failure to make a report to their first friends.

The cost of the year's work of the pardon board was \$7,473.18, this total including salaries and traveling expenses.

FLU EXCEEDS U. S. WAR LOSS

Epidemic Kills 78,000 in 46 American Cities.

Washington—Influenza is more deadly than war!
This is the verdict of the bureau of census, based on its investigation of the ravages of the recent epidemic. Official reports shows deaths in America chargeable to the epidemic greatly outnumber casualties among American troops in the world conflict.

Total loss of life throughout the country is not known, but official figures for 46 large cities show 78,000 persons were victims of the disease from September 8 to November 9. Basing their calculation on an unofficial estimate of 100,000 casualties of all kinds in the American expeditionary forces, census bureau officials believe the number of deaths from all causes will not exceed 45,000.

Stayed In—That's Why It's a Fleet.

Paris—(British Wireless Service)—Admiral Sir Rosslyn Wemyss, appointed to notify German envoys of naval conditions of the armistice, is credited by Figaro with a phrase which admirably reflects the respective positions of the two fleets. "It is inadmissible," the Germans protested, "that our fleet should be given up without having been beaten." Facing the envoys with his monocle, Admiral Wemyss retorted: "It had only to come out."

PRESIDENT ISSUES ANNUAL THANKSGIVING DAY PROCLAMATION

Washington—Special and moving causes to be grateful and to rejoice are set forth by President Wilson in his annual Thanksgiving day program Thursday, November 28, is proclaimed as this year's day of "thanksgiving and prayer."

The president appeals for strengthening of friendship and mutual respect in building the new structure of peace and good will among nations.

The proclamation reads: "It long has been our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for his many blessings and mercies to us as a nation.

"This year we have special and moving cause to be grateful and rejoice. Good has in his good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right.

"Complete victory has brought us, not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among nations.

"Our gallant armies have participated in a triumph which is not marred or stained by any purpose of selfishness. In a righteous way they won immortal glory and have nobly served their nation in serving mankind.

"God indeed has been gracious. We have cause for such rejoicing as receives and strengthens in us all the best traditions of our national history. A new day shines about us, in which our hearts take new courage and look forward with new hope to new and greater duties.

"While we render thanks for these things, let us not forget to seek Divine guidance in the performance of those duties, and Divine mercy and forgiveness for all errors of act or purpose and pray that in all we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among the nations.

"Wherefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the 28th day of November, next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the ruler of nations.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia, this 16th day of November, in the year of our Lord one thousand nine hundred and eighteen and of the independence of the United States of America the one hundred and forty-third.
"Woodrow Wilson,
"By the President:
"Robert Lansing,
"Secretary."

WEALTHY GERMANS DODGE DEBT

Large Amounts of Money Are Being Sent to Neutral Countries.

London—(British Wireless Service)—British newspapers say German capitalist classes are endeavoring to evade the war charges facing their country. The wealthier Germans are said to be transferring large amounts of money to neutral countries.

The result of this policy, it is pointed out, would naturally be to shift the burdens of the war onto the shoulders of the poorer classes.

The Times, and other London papers, declare the Allied governments will not allow chicanery of this sort to interfere with any rightful demands which they may make upon German resources. This is declared to be realized by financiers in neutral countries, who look with suspicion upon the maneuvers of the German capitalists.

YAKS MARCH INTO GERMANY

Persing Will Command American Position in Occupied Territory.

Paris—The American Third army has been designated "the army of occupation." It will be under immediate direction of General Pershing, commander-in-chief, who will be in command of American positions in occupied territories. The third army will consist of the first, second, third, fourth, fifth, twenty-sixth, thirty-second, forty-second, eighty-ninth and ninetieth divisions, which, divided among the third and fourth corps will consist for the present of about a quarter of a million men. It will be commanded by Major-General Dickman.

Goethal to Rule Contract Disposal.

Washington—Major General Goethals, director of purchase, storage and traffic, said a war department statement, has been placed in charge of adjusting cancellations of war-department contracts in accordance with views of the war industries board. Only orders given since last October 1, and those where the contractor amtes in writing that no disturbance of labor would be caused, may be cancelled without reference to General Goethals.

Had to Give Up Work

Mr. McMurray Was in a Bad Way Until He Used Doan's—He Brought a Quick Cure.

P. K. McMurray, 48 W. Hickory St., Chicago Heights, Ill., says: "I was always a strong man until I was taken with kidney trouble. I worked many years as a blacksmith and this work brought the trouble on. When I stooped over there was a grinding pain in my back and I couldn't straighten up for four or five minutes. Sometimes it took me half an hour to put on my shoes. I got so bad, I had to lay off work for days at a time. Often I would have to get up a dozen times at night to pass the kidney secretions, and they burned like fire. My feet swelled, and at times they burned so that it seemed I was standing on a hot stove. I had spells of gasping for breath and dizzy spells, too, and my health failed rapidly. I was told that my working days were over, but Doan's Kidney Pills were brought to my attention and before I had used one box, I began to feel relieved. I kept on and by the time I had used ten boxes, I was absolutely cured. All pains left my back and other symptoms of kidney trouble disappeared and I felt as well and strong as ever."
"Subscribed and sworn to before me this 7th day of July 1917."

Night Photographs From Airplane.

An Italian invention which permits photographs being taken at night has been submitted to the signal corps of the United States army. According to the men who control the new device, it will soon be possible to take excellent pictures of enemy positions from airplanes flying at a low height on moonlight nights. It is also claimed that the invention can be fitted to motion picture cameras, which would permit the photographing for the screen of much of the fighting in the air, the greater part of which takes place in the early morning hours. Up to the present time the chief obstacle met by the daylight aerial photographers is that the anti-aircraft guns force the flyers to take pictures from a great height, and much of the detail of the enemy lines is therefore lost. It is held that flyers are in little danger from artillery when flying at night—Aviation.

"Hey! Come down, there—yer plinched! Who d'ye think you are, anyhow? Barney Oldfield?"
"No, sir," replied the frightened motorist, "but I was—"
"Yes, I know. You was makin' 52 miles an hour. What d'ye mean?"
"Well, sir, I was arrested back there about two miles by that officer just going over the hill on that motorcycle. He said 'Follow me, and hurry up,' and that's what I was doing when you got me."—Kansas City Star.

KIDNEY TROUBLE OFTEN CAUSES SERIOUS BACKACHE

CRISIS IN HOLLAND IS VERY SERIOUS

DISPATCH SAYS GOVERNMENT IS VERY NERVOUS OVER THREAT OF REVOLUTION.

MAX EXPLAINS TRUCE CAUSE

Anarchy Spreads in Fleeing German Army; Sixty Five Soldiers Killed At Brussels; Swiss Borders Closed.

London—The crisis in Holland is becoming very threatening, according to private advices received in London, says the Telegraph. The newspaper adds, unless the government is able to speedily allay the agitation of Pietre J. Troelstra and other socialists, who are believed to be supported by a large section of the workers, a revolution may be expected.

A dispatch received by the Express from Amsterdam describes government circles as being nervous over the Socialist threat of revolution which the dispatch says is regarded as possible.

All measures have been taken to preserve order, but in view of deep discontent, which is shared by the army and police, apprehensions are felt events at any moment may take a German turn.

A dispatch from Amsterdam says Socialists who tried to rescue friends from a military prison failed and four persons were killed and 14 injured as result of street fighting.

The dispatch adds trades unions in the provincial cities refused to join the revolutionary movement and it is therefore believed the revolution has collapsed.

Berlin Police Ask Help.

Copenhagen—Berlin police authorities have adopted a resolution declaring it is their intention to do everything possible to support public order and "to let politeness and consideration rule in their relations with their fellow citizens."

The resolutions ask citizens of Berlin to forget their old grievances against policemen and help them.

The former imperial German chancellor, Prince Maximilian of Baden, has issued a pamphlet in which he writes:

"My peace policy was entirely upset by the proposal for an armistice handed to me in complete form on my arrival in Berlin. I fought against it for practical and political reasons. It seemed to me a grave mistake to allow the first step toward peace to be accompanied by such an amazing admission of Germany's weakness.

"Neither the enemy powers nor our own people regarded our military situation such as to make desperate measures necessary. I proposed the government as a first measure should state exactly its program of war aims and demonstrate to the world our agreement with President Wilson's principles and our readiness to undergo heavy national sacrifices to fill those conditions.

Berlin Demanded Speed.

"I was told in reply there was not time to wait for the effect of such a statement and the situation at the front demanded a proposal for an armistice should be made within 24 hours to be supported by publication of names of a new and unimpeachable government."

The Vorwarts, of Berlin, declares the report was true the German fleet was ordered out October 20 for a final battle, which was to be fought until the last ship was sunk. The Pan-Germans believed such a battle would reanimate the German people with the spirit of 1914.

It is said the order to the fleet spoke merely of a "maneuver cruise," but the report a sacrificial battle was intended spread like wildfire. A general mutiny followed.

"This," says the Vorwarts "was the real spark that kindled the revolution."

The number of persons killed in Berlin since the revolution broke out is said to be about 100.

Anarchy Spread in Foe Army.

London—Anarchy has broken out among the retreating German troops, the Daily Express learns from its correspondent at Geneva. The Swiss borders have been closed. Sixty German soldiers have been killed at Brussels, according to the paper's Antwerp correspondent.

Dutch Call Out Reserves.

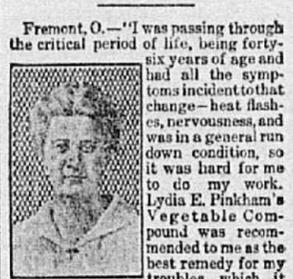

Amsterdam—The Dutch volunteer landsturm, consisting of men who offered their services in 1914 but who were not obliged to undertake military duties, have been called to the colors.

U. S. Troops Home Soon.

New York—Edward N. Harley, chairman of the United States shipping board, announced on the eve of his departure for Europe that the government intends to return to this country speedily a large part of the American Expeditionary forces. The purpose of Mr. Harley's trip to Europe is to arrange details for their transportation. To offset loss of transport tonnage through withdrawal of British ships hitherto engaged in carrying American soldiers overseas.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May Be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

RUBBING IT IN ON UMPIRE

How Fiendish Fan Led Autocrat of the Diamond to Assist at His Own Discomfiture.

Gus Axelson, veteran Chicago baseball scribe, tells this one:

"In the National League there was an umpire named Harrison. He was having a rotten day of it at the Cubs park and, while standing back of third base, heard a fan cry, 'Hey, ump, remember Youngstown?'"

"Harrison, who comes from Youngstown, was tickled to hear at least one friendly voice, and waved to the fan, nodding that he did remember the dear old town.

"Remember the old Todd house?" cried the fan.

"With a grin on his face, Harrison shouted, 'Sure do.'"

"'Wasn't it rotten?' cried the fan.

"'It sure was,' rejoined Harrison, who was dumfounded when the fan fairly roared:

"'Well, you're worse!'"

WEAK KIDNEYS MEAN A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

those stiffened joints, that backache, rheumatism, lumbago, sciatica, gall stones, gravel, "brick dust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs. GOLD MEDAL Haarlem Oil Capsules cleanse the kidneys and purify the blood. They frequently ward off attacks of the dangerous and fatal diseases of the kidneys. They have a beneficial effect, and often completely cure the diseases of the bodily organs, allied with the bladder and kidneys. If you are troubled with soreness across the loins or with "simple" aches and pains in the back take warning, it may be the preliminary indications of some dreadful malady which can be warded off or cured if taken in time. Detroit—Death has solved the mystery of Lillian Ricketts. The young woman who disappeared from her home in Hammond, Ind., six years ago, and in search of whom her father is said to have spent his entire fortune of \$50,000, lies buried in a Detroit cemetery. Recently the news was conveyed by telephone to a sister living in Indianapolis. The word was sent by Francis McAlvey, for three years the young woman's husband, living at 247 Larchmont avenue.

Jackson—During the next few days another link of the great Michigan-Detroit-Chicago highway, connecting Detroit with Chicago via Ann Arbor, Ypsilanti, Jackson, Albion, Marshall, Battle Creek, Kalamazoo and St. Joseph, will be formally opened. This stretch lies between Albion and Marshall, in Calhoun county. It is of the monolithic type. All through central and western Michigan there is agitation for the building of new highways and much road construction work is planned for the "after the war" period.

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coals handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.
