

## WOMEN TO VOTE MUST REGISTER

Women Who May Have Registered to Vote Upon a Bonding or School Matter Must Register Again.

To the Women of Michigan:  
1—The next general election—your first opportunity to vote—will be held April 7, 1919.

2—On that day important constitutional amendments will be voted on by the voters of Michigan.

3—All women American citizens by birth, naturalization or marriage, who are 21 years of age, or who will be 21 years of age on election day, are voters for all purposes. But no voter, man or woman, can vote whose name is not upon the proper registration book.

4—Registration is a listing, for use on election day by election inspectors, of all qualified voters. This is done to prevent illegal voting. The City Clerk or Township Clerk is the official before whom you must register. In order to be sure you can vote on April 7, 1919, you should go to his office and register at once. You do not have to write out any statement. The Clerk will write the proper matter in his book.

5—You must register in your own given name. You do not have to give your age. All you need to do in that regard is to state that on election day you will be 21 years old or upwards. You must give your residence and street and number, if any.

6—A woman born in the United States is an American citizen whether her parents were citizens or not, but a woman citizen of the United States who marries an alien loses her citizenship by reason of said marriage and she cannot vote thereafter unless she becomes naturalized through court proceedings. The naturalization of her husband alone would not be sufficient, nor would the death of her alien husband restore her to American citizenship. A subsequent marriage to a United States citizen would, however, make her a citizen.

7—An order to vote in Michigan a woman must be:

(a) 21 years of age or upwards on election day.

(b) A resident of Michigan for 6 months prior to election day.

(c) A resident of the township, village or ward for 30 days before election day (except in case of change of residence from one precinct to another in the same ward or township.)

(d) A citizen of the United States, the wife of a citizen of the United States, or the wife of an inhabitant of foreign birth who, having resided in the state two years and six months prior to November 8, 1894, declared his intention to become a citizen of the United States at least two years and six months prior to said date.

8—REGISTER RIGHT AWAY. A tremendous amount of work will fall upon City and Township Clerks between the present time and the next general election by reason of the extension of the vote to women.

9—By reason of charter provisions, certain cities may have special times for registration of voters other than or in addition to the times above mentioned. But under the 1917 registration law, every voter has the right to register with the City or Township Clerk as explained herein. DO NOT WAIT FOR ANY REGISTRATION MEETINGS. Go and register with your Township or City Clerk. DO IT NOW.

10—Any former registration of a woman to enable her to vote on a bonding proposition or at school meetings, is not sufficient now. Every woman must register with the Township or City Clerk now to entitle her to vote at elections.

### IMPORTANT.

Women electors should bear in mind that there will be both a VILLAGE election and a TOWNSHIP election this spring. Women must register for each in order to vote. The village election will be held March 10th and electors may register with Village Clerk Warren Boyd as officially announced elsewhere in this issue. The township election will be held April 7th and one may register for that with Township Clerk O. T. Hoover, also officially announced elsewhere in this issue.

We advise women to register at once in both places.

You may then vote at any election of this village or township at any time without re-registering.

## WASHTENAW CO. CHICKS

Big Exhibit of Prize Poultry, Rabbits Pigeons and Bantams Here  
Next Week, Feb. 18-20.

The business men of Chelsea have provided premiums aggregating over three hundred dollars to be distributed among the winners at the poultry exhibit to be held at the town hall, Tuesday, Wednesday and Thursday of next week. Considerable interest is being manifested in this show by the poultry interests of the county. The premiums are arranged so that there will be a distribution of the money among both the farmers and the poultry fanciers or specialists, exhibiting pens or individual birds. It is the desire of the County Farm Bureau that as many farmers as possible make an exhibit. The entry fee is twenty-five cents per bird. A large number of official programs and premium lists have been mailed to the poultrymen and a considerable number of entries have already been received for the big show. Indications are that there will be a mammoth exhibit of the best of Washtenaw and surrounding counties. Admission to the show will be ten cents.

### Special Program.

It is planned to make the show as helpful as possible to those interested in improving and developing the poultry industry of the county. In Macabee hall a special program will be given, at which will be discussed the various phases of the poultry industry. It will be in charge of Prof. Burgess of the Michigan Agricultural college. He will be assisted by Dr. Heasley and Mr. Foreman. All of these men are practical poultrymen of wide experience and are able to give first hand knowledge concerning the different phases of poultry management. Thursday will be culling day. Mr. Foreman will demonstrate how to cull a flock to eliminate the weaker hen. There will be no admission charged to the lectures and demonstrations.

The show will be open to visitors forenoon, afternoon and evening of each day. The program of instruction will be held during the forenoon and afternoon.

### Moving Pictures.

At the Princess theatre, Tuesday and Wednesday evenings, there will be moving pictures of agricultural films. The County Farm Bureau has secured special films for this occasion. They will show different features of the agricultural industry of the country. Regular admission prices will be charged.

Requests for official programs and premium lists will receive prompt attention if sent to Sec. Herbert Schenk, Chelsea, Michigan, or to the County Farm Bureau, Court House, Ann Arbor, Michigan.

### FIRE DRILL EFFECTIVE

Manchester School Abolished; Children March Down Fire Escape; Empty Building in Two Minutes.

A serious conflagration and perhaps a dire calamity were narrowly averted Thursday morning in Manchester when Mrs. Sidney Lowry discovered a fire upon the east side of the roof of the school building. She at once notified the high school and the fire department. Superintendent of Schools Andrews sounded the electric signals, and the children, thinking it to be an ordinary fire drill that had been promised them some time during the week, at once threw open the windows to the fire escapes and fled out and down to safety.

The teachers, who had given no

commands, were the last to leave the rooms, and in two minutes time every occupant of the building had reached the outside.

A committee of the older boys was detailed to work with Superintendent Andrews and Professor Jacobs with the chemical extinguishers on the roof, and also to return to the cloak rooms for the wraps.

The fire department soon arrived and completely subdued the flames without the use of water, though a hole about eight feet square had been burned and chipped out of the roof of the building.

The children were dismissed until noon, but went back to school as usual in the afternoon.

### HAS BADLY BROKEN LEG

Lima Township Farmer is Seriously Injured in Runaway Friday.

John Metzger of Lima had his left leg broken in two places, Friday, when his team ran away and threw him.

At the time of the accident, Mr. Metzger had the team hitched to a manure spreader. When the team started, he stood up and braced himself in an endeavor to check the frightened animals, but the heavy spreader struck a post and Mr. Metzger was thrown out.

When he attempted to rise he found his left leg useless. The smaller bone is broken just below the knee and the larger bone just above the ankle, an injury that will confine him to his bed for some time.

## CHELSEA B-B'ERS WIN

High School Boys Defeated Strong Dexter High Team; Girls Lose the Preliminary.

Chester high school basketball team defeated the Dexter high team, Friday evening, on the Dexter floor, score 26 to 11. The preliminary game, between the girls of the two schools, was won by the Dexterites, 13 to 9.

The contest between the boys was hard fought, although Chelsea had the best of the contest throughout. Both teams had excellent past records to sustain and strove hard to maintain them.

Previous to Friday night's disaster, Dexter had only one lost game against her and scores in her favor of 61 to 13 in a game with Saline and 15 to 13 against Northville. Chelsea went into the contest with an "unbeaten" record, which was maintained.

Brooks made 19 points for Chelsea, and Gallagher of Dexter made nine of the 11 points secured by his team. About 60 Chelseaites attended the game. Ottmar of Ann Arbor refereed.

In the preliminary game, the Chelsea girls did not get a good start, and the first half went through blank for them, while their opponents made eight points. Chelsea came back in the second half, however, with nine points, but not enough to win out against the additional five for the Dexter girls.

Miss Waltrous for Chelsea played the star game, and Miss Schoen for Dexter held the chief place on the floor. Snook of Chelsea refereed.

## Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, trouble begins to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, laches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If pills are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. It is constipated Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

## A Terrible Ordeal!

Gravel and Kidney Stone Cause Intense Suffering—Doan's Brought a Quick Cure.

Edw. J. Torbeck, 4322 Eichelburger Ave., Et. Louis, Mo., says: "I was taken with a terrible pain across the back and every move I made, it felt like a knife being driven into my back and twisted around. It lasted about half an hour, but soon came back and with it another affliction. The kidney secretions began to pain me; the flow was scanty and burned like fire when passing. I had severe headaches and my bladder got badly inflamed, too, and I noticed little particles of gravel in the secretions. Doan's Kidney Pills had been recommended to me and I began their use. The first half box brought relief and I passed a stone the size of a pea. It was a terrible ordeal and afterwards a sandy sediment and particles of gravel settled in the urine. I got more of the pills and they cured me. The inflammation left and there was no more pain or gravel. I now sleep well, eat well and my kidneys act normally. Doan's Kidney Pills alone accomplished this wonderful cure."

"Subscribed and sworn to before me." JAMES M. SMITH, Notary Public.

## SPARTACANS MEET DEFEAT AT KIEL

GOVERNMENT TROOPS CHASED ENEMY INTO THEIR HOMES KILLING MANY OUTRIGHT.

### SPARTACANS RAID ARSENAL

Congress of Soldiers' Councils Attached to Various German Army Corps Have Ended Their Sessions.

Amsterdam—Fierce street fighting is taking place in Kiel, where 2,000 Spartacan strikers attempted to storm the barracks. Many have been killed and wounded. A general strike has been declared.

### Spartacans Raid Arsenal.

Basel—There has been a fresh outbreak of Spartacan activity in Hamburg where, after a distribution of arms, Spartacans carried the town hall by storm, according to a dispatch from Berlin quoting the Frankfort Gazette.

After capturing the town hall, where government forces had headquarters, the Spartacans proceeded to the barracks for the purpose of occupying them and capturing the guns they contained.

Results of the fighting, which continued all night, are unknown here.

### Soldiers Conclude Congress.

Berlin—The congress of soldiers' councils attached to various German army corps has concluded its session here.

It adopted a resolution calling on the central council of the soldiers' and workmen's boards to summon a general congress of all the German soldiers by February 20.

If the central council of 27 members refuses to comply, the executive committee of the Berlin local council is giving authority to summon such a congress.

As the Berlin body is wholly dominated by radical elements it is expected that it will lose no time in making use of the prerogative given it, especially as the central council of 27 has already returned its mandate to the national assembly at Weimar, on the principle that its functions would cease with the installation of the new coalition democratic government.

There seems no doubt that the workmen's councils all over Germany are in full accord with the action of the soldiers, and thus the prospective fight of the soldiers for the retention of their authority undiminished, promises to supply a lively counter action to that of the constituent assembly.

### TAKE CENSUS LIKE ARMY DRAFT

Would Reduce Gathering of Census From Months to One of Days.

Washington.—A suggestion that the decennial census be taken by means of the system evolved for the selective service law for the army, is contained in the annual report of Provost Marshal General Crowder just made public.

To require every man, woman and child to appear at a designated place, at a fixed time, and furnish information for tabulation in census bureau returns, is entirely practicable as proved by the experience of the draft, General Crowder said. He added that this would reduce the gathering of census information from a matter of months to one of days.

Adoption of the selective service system to the census, General Crowder said, would not be an experiment, but extension of a principle already established.

### ARE CONSIDERING TWO PLANS

Project For Constituting the League Before Commission.

Paris—President Wilson presided over the commission of the society of nations which had before it the completed project for constituting the league, discussing it article by article. While there is no authoritative information concerning details of the project, distribution of printed drafts among the members has disclosed the main features, and these can be summarized as follows:

Two main plans have been presented, which members of the commission regard as embodying American views, though both plans are composite, containing the best features from various sources. American, British, French and Italian. Both plans are being considered together.

### Prohibition Boosts Agricultural.

Lansing.—The biggest boost farming in the upper peninsula has received within the last 12 months has come about as a result of the vanquishing of John D. Rockefeller, in the opinion of county agricultural agents who gathered here for their annual conference. "Many of our farmers are of foreign extraction," said one agent, "and it was no uncommon thing for them to drink up most of their incomes. These same individuals have become prosperous agriculturists."

## DR. DAVID ELECTED Foe ASSEMBLY HEAD, 374 TO 25

He Appealed to the Assembly to Build Up a New and Better House in Place of the Old One.

Weimar—Dr. Edward David, for many years one of the leaders of the German social democratic party, was almost unanimously elected president of the German national assembly. Dr. David is one of the under secretaries of state for foreign affairs.

Dr. David received 374 out of a total of 399 votes, the independent socialists withholding their votes.

The clerical members Fehrenbach, a former president of the reichstag, the democrat Hausmann and the conservative Dietrich were elected vice-presidents. Fehrenbach and Hausmann received 374 votes each and Dietrich 356.

### Repeats Ebert's Words.

Dr. David's speech was little more than a repetition of the words of Chancellor Ebert, especially when he referred to Alsace-Lorraine and the union of Austria with Germany, both references being loudly cheered.

He said that the old German structure had been destroyed and appealed to the assembly to build up a new and better house in place of the old one.

Dr. David brought a wave of approval when he said that political self-discipline was a pre-condition to political self-determination and another when he declared that the assembly should be the headquarters of the free world.

### Nation Ripe for Change.

Germany was a country ripe for democracy, he continued, but he warned the assembly that the eyes of millions of people in the world were directed toward it. Germany, he said, could earn the confidence of this world only by rapid creative work and must understand how to bridge the gulf to co-operative understanding.

His greeting to Alsace-Lorraine and the declaration that Germany would not stop insisting that it have the right of self-determination evoked a great ovation as did his reference to the Austrians, whom he said he hoped to be able to welcome as colleagues.

### CIVIL SERVICE MEN GIVEN JOBS

Those Discharged From Service Assured Employment by Government.

Washington.—The civil service commission has announced that all civil service employees who gave up their positions to enter the army or navy would be reinstated upon being discharged.

Calling attention to an order issued by President Wilson last July providing for such reinstatement at any time within five years after discharge, the commission said:

"In recognition of the services rendered by civil service employees who entered the military or naval service during the present war, the commission will make special efforts to assist these men in securing suitable positions in the government service rather than to leave upon them the burden of finding suitable vacancies."

### OCCUPATION ARMY OF 1,500,000

Foch Estimates 400,000 Americans Required to "Watch on the Rhine."

Paris.—Marshal Foch estimated that 400,000 American troops are required to keep the "watch on the Rhine," until peace is signed.

The French army is prepared to furnish a contingent double that number, while the British army, considering the continuance of its service elsewhere, will number 200,000. Belgium is asked to keep 100,000.

Maintenance of an Allied-American army of occupation of 1,500,000 men is considered necessary to forestall any German attempts to refuse to subscribe to peace terms to be imposed by the Allied and Associated governments.

### JAIL SIXTY-FIVE SUFFRAGISTS

Demonstration at White House Causes Little Trouble.

Washington.—Sixty-five members of the National Woman's party were arrested by civil and military police after they had burned President Wilson in effigy in front of the White House as a protest against the threatened defeat of the equal suffrage resolution in the senate Monday. Several thousand watched the demonstration, but there was little disorder.

The women, representing 16 states, refused to furnish bond and were placed in the house of detention to await trial.

### Balloons Have Narrow Escape.

Salisbury, Md.—A United States army balloon, in charge of A. Leo Stevens, Washington, caught fire from static electricity when 7,500 feet over this town, but a landing was made before the bag exploded. Pilot Stevens had four passengers—Lieutenant Colonel H. A. Dargue, Lieutenant Colonel George B. Hunter, Captain M. J. Phillips and Captain L. B. Montfort. They were on their way down the eastern shore peninsula of Maryland for observations.

## GERMANY'S DEFEAT COST HALF HER MEN

WAR DEPARTMENT MAKES FIGURES PUBLIC SHOWING LOST OF GERMANY'S FIGHTING FORCE.

### 1,682,000 RIFLES ALLIES POWER

July 1, 1918, Germany's Power Began to Wane, and Allies, With U. S. Aid, Greatly Exceeded Huns Strength.

Washington.—The story of Germany's supreme effort for military victory in the spring of 1918, of American intervention on the western front and of the ultimate crushing defeat of the enemy and the apparent annihilation of nearly one-half of his fighting force was graphically told in figures made public by the war department.

"They dealt with the 'rifle strength' of the Allies and the German forces on the western front in monthly periods from April 1 to November 1, and were prepared by the intelligence division of the general staff of the American army in France.

By rifle strength was meant the "number of men standing in the trench ready to go over with the bayonet." When Germany struck its great blow last spring, it had 1,500,000 men so classified against an Allied total of 1,250,000.

By June 1 the Germans reached their peak with 1,633,000 rifles, but despite the terrific pressure they were exerting against the Allied lines, American aid was overcoming the handicap and made possible the counter-blow delivered in July.

The Allied strength, June 1, was 1,496,000. Shortly afterwards the Allies reached a total of 1,547,000 composed of 778,000 French, 515,000 British and 254,000 Americans. America's contribution had risen from 65,000 in April.

On July 1, Germany's power had begun to wane, and for the first time it was definitely inferior in rifle strength with 1,412,000, compared to 1,556,000 for the Allies.

Up to September 1 the Allied strength continued to gain despite the desperate counter-attack which was being driven forward all along the line. In mid-October, the American strength had risen to an estimated force of 350,000. On September 1 the Allied line was at its greatest strength with 1,682,000, against Germany's 1,339,000.

While the Allies had shrunk in rifles to 1,485,000 on November 1, Germany's last hope was gone as she faced that army with only 866,000 bayonets.

On November 11, 1918, the report showed the United States had in its military and naval service 4,791,172 men, or 19 per cent of the male population. On the same day England had already called to the colors 5,854,359, or nearly 60 per cent.

The final official total for all registrations was 24,234,021. Of these 3,203,446 had been actually examined and practically 30 men out of every 100 were found to be physically disqualified.

### ITALY'S DEBT \$12,500,000,000

When National War Debt is Paid It Probably Total \$16,000,000,000.

Rome.—Italy's national debt is now more than \$12,500,000,000, whereas when she entered the war it was about \$2,750,000,000, declared Luigi Lanzetta, former premier and a leading Italian financial authority, in a statement urging financial aid to Italy. He said that when pensions, government bills to manufacturers and other necessary expenses had been paid, the national debt probably would total \$16,000,000,000.

### STATE'S OWN WITH 3RD ARMY

32nd Division is Composed Mostly of Michigan and Wisconsin Men.

Washington.—Reassignment of American forces in France finds the Thirty-second Division (Michigan and Wisconsin men) in the Third Army. The locations of all divisions and corps were announced recently. The Third Army is on the line of communication. The Seventh Division has been moved from Salzkirch to Evesham. Some changes in commanding officers of various divisions are the other changes contained in the statement.

### Poles and Czechs Accept Armistice.

Basle.—An armistice between the Polish and Czechoslovak forces, which have been fighting on the Silesian front, was signed Feb. 3, and received here. The armistice is effective for seven days and is renewed automatically for a similar period unless either party chooses to renounce it, in which event four hours' notice must be given. The opposing troops will retain positions held Jan. 22. Diplomatic representatives are permitted to travel either way.

### Nebraska Scores Blackers Pay.

Lincoln, Neb. Protest against the reported award of wages and civilian clothing to conscientious objectors discharged from the army, was made by the house of the Nebraska legislature. A resolution citing press reports that clothing and money was to be given to conscientious objectors and calling on congress to "condemn the action of Secretary of War Baker in rewarding the blackers" was adopted. A similar measure was approved by the state senate.

## 13 Dollars—13 Cents

When Swift & Company paid, say, 13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents! In other words, if we had paid \$13.13, we would have made no profit.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together—which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located, branch houses, refrigerator cars, etc.), and an army of men and women chosen and trained to do their special work.

This, and many other points of interest, are found in the Swift & Company Year Book for 1919, just published which is brought out for the public as well as for the 25,000 Swift & Company shareholders.

The Year Book also represents the packer's side of the Federal Trade Commission investigation, upon which Congress is asked to base action against the industry.

Many who have never heard the packer's side are sending for the Year Book.

Would you like one? Merely mail your name and address to the Chicago office and the book will come to you.

### Mean Insinuation.

A good story is going the rounds concerning Sir Hall's case.

It seems that the famous novelist, dining at a London restaurant, found himself seated next to a well-known newspaper paragraphist, with whom he got into conversation.

Sir Hall, after complimenting him on his work, asked him: "How on earth do you write twenty jokes a day?"

"With a typewriter," the newspaper man answered with a smile.

### This Is Orange Blossom Time in Florida

And it's a good time to leave the Frozen North for a short winter vacation.

Come on down to Lake Alfred and see one of the most beautiful sights imaginable—thousands of acres of Orange and Grapefruit Trees in full bloom, scenting the air for miles around.

We have a few planted small groves, but time, not yet taken, but you cannot buy an acre until you have first seen the property. You had better hurry, for these are choice and will be sold soon.

After carefully investigating what others have done in our vicinity, under exactly similar conditions, and you have selected your tract, then our claim that a Six or Seven-Year-Old Grove, on a conservative estimate, will produce from \$200 to \$250 per acre net, you can buy with perfect safety.

If you buy, your trip costs you nothing, as we refund traveling expense to purchasers.

Our groves at Lake Alfred are right on the Main Line of the Atlantic Coast Railroad, in the heart of the High-Lake Section, the highest, safest citrus section of Florida, with Ninety Lakes within a Five-Mile radius. Good asphalt and brick roads, schools, etc.

Prices fair, values big, reasonable terms.

Send for our illustrated booklet, read it carefully, and then visit Lake Alfred personally.

### Stock Raising in Western Canada is as profitable as Grain Growing

In Western Canada Grain Growing is a profit maker. Raising Cattle, Sheep and Hogs is also a profit maker. It is easy to prosper where you can raise 20 to 40 lbs. of wheat to the acre and buy on easy terms.

Land at \$15 to \$30 Per Acre—Good Grazing Land at Much Less.

Railway and Land Companies offer substantial inducements to homesteaders to settle in Western Canada and enjoy her prosperity. Loans made for the purchase of stock or other farming requirements can be had at low interest.

The Governments of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta extend every encouragement to the farmer and ranchman. You can obtain excellent land at low prices on easy terms, and get high prices for your grain, cattle, sheep and hogs—low taxes (none on improvements), good markets and shipping facilities, free schools, churches, splendid climate and more crops.

For detailed literature, send description of land for sale in Manitoba, Saskatchewan and Alberta, request colored map, etc., apply to Department of Immigration, Ottawa, Canada, or

## STATE NEWS

Bay City—Nearly 5,000 women have been registered to vote in the city.

Bad Axe—The Huron County Rural Letter Carriers' Association will meet at Bad Axe, February 22.

Sturgis—Mrs. Archie Reed, 32 years old, killed herself by hanging herself in the basement of her home.

Albion—Sparks from soil coal fires caused three fires here recently. One residence was badly damaged.

Belleaire—Farmers in this vicinity have just organized the Antrim County Rural Growers' Association.

Algonac—Eleven candidates have announced themselves for the office of township treasurer, one being a woman.

St. Joseph—Business women of St. Joseph have formed an auxiliary to the Chamber of Commerce with a view of protecting interests of women in industry.

Central Lake—With geese having been reported as returning north and other signs of springtime, A. J. Barber reports his bees are flying and searching for honey.

Grand Haven—This city is also taking steps to provide a soldier memorial. Mayor Lottit has named a committee of business men to consider ways and means.

Rochford—A new community hall may be erected here in the near future. Steps toward bonding the city for the sum of money needed have already been taken.

Caro—The farm colony at Waukegan has been put under quarantine. There are 33 cases of influenza there, all being confined to cottages which are occupied by women.

Lansing—Statistics show that the total number of illiterates in the state of 10 years old and over is 74,800. Males of voting age said to be illiterate reach a total of 38,708.

Mattawan—Mrs. Terry Yeider was saved from death after she accidentally tipped a kerosene lamp off the table. Her husband threw an overcoat about her and smothered the flames.

Pineconing—Dr. J. C. Salmon is at Mercy Hospital, Bay City, suffering from severe cuts and bruises on the face, body and arms received when his automobile went into a ditch.

Lapeer—Ward O. Reed, 53 years old, well known Lapeer man, was struck and instantly killed by a Grand Trunk work train while walking along the railroad track to his farm home.

Port Huron—With ice forming on Black River and in Sarnia Bay, ice dealers of Port Huron and Sarnia are more optimistic as to outlook for harvesting the 1919 crop. So far no ice has been stored.

Kalamazoo—Lieutenant George Clark, son of Mrs. O. H. Clark, former president of the Michigan State Equal Suffrage association, has been awarded the distinguished service cross for gallantry in an air battle over Chateau Thierry last July.

Owasco—Edward Mix, Durand youth who broke out the Durand jail December 20 while awaiting examination on a statutory charge was caught at Flint and George Wilkins, of Jackson, who escaped at the same time, has also been caught.

Saginaw—One hundred residence of Tittabawassee township, invaded Justice Selig's court in Zilwaukee city, attend the examination of Edward Stephan, arrested charged with a serious crime against a Freeland school teacher, whom he left unconscious on the railroad tracks. It is said violence was threatened.

Menominee—Thomas H. Ross, chief immigration inspector at the Soo, predicts an unprecedented rush of immigrants to Europe as soon as the stringent laws governing the departure of civilians from the country is repealed. There will be as many as 5,000 foreigners leave the upper peninsula for foreign ports within the next year or so, Mr. Ross believes.

East Lansing—A goodly prospect of profits is held out by Professor A. R. Chittenden of Michigan Agricultural college for the man who ventures this spring into the business of making a good grade of maple syrup. In reporting on experiments conducted by the department of forestry Professor Chittenden gives the approximate cost of a gallon of syrup, ready for shipment, as \$1.45.

Bay City—Acting upon instructions written some time ago by George A. Ott, who was mysteriously shot and killed, Mrs. Bertha Ellis, of Reading, Pa., a niece, a local attorney and Dr. M. C. Bristol, tore up the floor of the apartments of the dead man and found a will and other documents concealed in a roll of music such as used for player piano. Fourteen relatives were named in the will, the estate being valued at \$5,000.

Jackson—To a wild accompaniment of howls and yells from hundreds of convicts in Jackson prison, the prison chair factory was destroyed by fire. Incrimination on the part of convicts is suspected, and because of the excited condition of the prisoners and the possibilities for attempted escapes scores of extra guards are on the walls and patrolling the grounds about them. State constabulary have been asked for by the county officials and citizens of Jackson, hastily armed, bided the prison guards during the dangerous hours.

Albion—Soft coal is blamed for nine fires in Albion during the last week.

Potoskey—Poison was given to the wolves caged at the city's zoo. Three of the wolves have died.

Fair Grove—This village is to vote March 16 on the proposition of purchasing the privately owned electric light plant here.

Coldwater—W. H. Wilkins, 55 years old, was instantly killed when his horse became frightened and he was thrown from a wagon.

Pontiac—The Chamber of Commerce has officially placed the goal in its membership drive at 600. Twenty-five teams, each under a captain to be picked by a special committee will do the canvassing for the new members. The campaign opens February 17.

Ypsilanti—The Ypsilanti Hay Press Co. plant was damaged to the extent of \$35,000 by a fire of unknown origin. The loss is more from this one fire than all of the fires in the city during 1918. John S. Haggerty, of Detroit, is president of the company.

Saginaw—On the ground that telephone installation charges authorized Sept. 1 by Postmaster-General Burleson are illegal, city council is preparing to make a fight for their discontinuance and for the refund of all money paid in on such charges by Saginaw telephone users.

Gladwin—Gladwin country women composed a jury. In probate court returned a verdict of no cause for action in the case of Mrs. Burley Mynas, charged with neglecting her children. One of the jurors offered to aid the woman, who is in impoverished circumstances, to make clothes for the little ones.

Detroit—Judge Arthur J. Tuttle issued an order, crediting the Michigan State Constabulary with the alleged "hush" money given two sergeants who "allowed" the Billingsleys to bring liquor from Ohio. The sum of \$1,952 received in this way, will be paid to the state treasurer and credited to the constabulary.

Grand Rapids—Because Metzger Green was released from jail after serving nine days of a 30-day sentence he now faces a charge of jail breaking and the prosecuting attorney is considering preferring charges against Charles A. Berry, former sheriff. Green says that Berry told him he could go. He was sentenced on a charge of violating the game laws.

Manistee—Jack the Huggler and his pal are operating in Manistee and vicinity, according to numerous reports to police headquarters. Several young women have been chased by two men, one tall and one short, and one girl has been caught, but her screams frightened assailants away. The pair also peep into windows. It is alleged. Young women are terrified.

Detroit—Reports of liquor seized by the police from May 1, when the prohibition law went into effect, until January 1, 1919, show that 43,587 quarts were confiscated. The report for January indicates either the supply has been increasingly plentiful or the police have been more active. January seizures amounted to approximately 8,510 quarts, an increase over the average prior monthly seizure of 4,523 quarts.

Jackson—Three persons were killed when an automobile in which they were riding was struck by a Michigan Central passenger train at the Sandstone village crossing. The dead are: George Kaiser, farmer, living south of Albion; Clyde Markham, nephew of Kaiser; Mrs. May Markham, wife of Clyde Markham. A westbound freight train approached as the automobile reached the crossing and the driver of the automobile stopped the car to wait for the passing of the train. A barn prevented passengers of the car from seeing the coming train.

## WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmor & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## HAD ONE NIGHT'S GOOD SLEEP

Under the Circumstances. It Was Little Wonder Private Stevenson Was Late for Revellie.

It was almost dark when a company of doughboys entered a town that had just been evacuated by the retreating Germans. Private Stevenson began searching for a place where he might spend his blankets for the night. Entering a room, he found a spring bed, white sheets, white pillowcases and a fireplace. "Och-ho!" he said, and began taking off his shoes.

A few minutes later a woman entered. She explained that a German count had occupied the room for a number of weeks, and said that at that very moment there was repeating under the bed a trunkful of fine linen and nightgowns which the count might return for at any time.

That night Private Stevenson slept in a soft woolen nightgown, and for many days afterward he was doing his best to square matters with his first sergeant because of being late for revellie the following morning.

Some Building. A well-known senator was showing one of his rural constituents the sights of Washington and stopped near the Washington monument.

"What do you think of that?" asked the senator of the constituent, who stood gazing in awe at the stately shaft.

"Senator," remarked the man gravely, "that is the dumbest, highest one-story building that I have ever seen."

RECIPE FOR GRAY HAIR. To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and make it soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

Those Socks. "These socks I knitted for you, did you wear 'em?" "Yes, I wore 'em, and they made me all the more determined to get the war over in a hurry."

## STOMACH ACIDITY, INDIGESTION, GAS

QUICK! EAT JUST ONE TABLET OF PAPER'S DIAPEPSIN FOR INSTANT RELIEF.

When meals don't fit and you bloat gas, acids and undigested food. When you feel lumps of distress in stomach, pain, flatulence, heartburn or headache. Here is instant relief—No waiting!

Just as soon as you eat a tablet of Paper's Diapepsin all the dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Paper's Diapepsin never fail to make sick, upset stomachs feel fine at once, and they cost so little at drug stores.

Routes General Gloom. The boys were all sitting around the phonograph in a "Y" hut. Some one put "Keep the Home Fires Burning" on, and just about when every one was beginning to feel blue and homesick some fellow said: "All I remember about our home fire is the wood I used to carry to keep it burning," thereby dispelling the general gloom.

Who can remember the old days when he used to have to wonder what to do with his spare time?

HAARLEM OIL CAPSULES IF YOUR BACK ACHES

Do you feel tired and "worn-out"? Are you nervous and irritable? Don't sleep well at night? Have a "dragged out," unrefreshed feeling when you get up in the morning? Dizzy spells? Biliousness? Bad taste in the mouth, backache, pain or soreness in the loins, and abdomen? Severe distress when urinating, bloody, cloudy urine or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys.

You should use GOLD MEDAL HAARLEM OIL Capsules immediately. The oil soaks gently into the walls and lining of the kidneys, and the little poisonous animal germs, which are causing the inflammation, are immediately attacked and chased out of your system without inconvenience or pain.

Don't ignore the "little pains and aches," especially backaches. They may be little now but there is no telling how soon a dangerous or fatal disease of which they are the forerunners may show itself. Go after the cause of that backache at once, or you may find yourself in grip of an incurable disease.

Do not delay a minute. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL HAARLEM OIL Capsules. In 24 hours you will feel renewed health and vigor. After you have cured yourself, continue to take one or two Capsules each day so as to keep in first-class condition, and ward off the danger of future attacks. Money refunded if they do not help you. Ask for the original imported GOLD MEDAL brand, and thus be sure of getting the genuine.—Adv.

## Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound, I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. J. and strengthening values. On these he put up plenty of houses at reasonable figures, good ones, too, so that when any one came to Enoch he did not have to move into an old tumble-down shanty or move on. He improved and beautified every lot, kept the weeds down and set out trees on the lots and in front of them, even where he did not build, thus adding to the value of each lot and adjoining property as well. He found that it did not take so much money to run a colony, well kept town as it did a dilapidated, God-forsaken one, and there were four times the values on which to raise the required money. That's the way he lowered taxation, not by sitting on a stump and howling about it. If a man wanted to run a factory, or some other enterprise, he was not afraid the fellow wanted to make some money, but told him to "sail in and I'll help you all I can. A business that does not make money is no good. We want every legitimate business in Enoch to make money, and piles of it."

Yes, we'll admit that Cain probably had his faults, but we believe that he must have been some hustler and we admire him for it.

#### PATRIOTIC PROGRAM.

The Bay View Reading club held a patriotic meeting last evening at the home of Mrs. George W. Palmer. The house was appropriately decorated with patriotic colors and at six o'clock scrub lunch was served. The evening's program follows:

- Music—America.
- Washington—Mrs. J. R. Gates.
- Lincoln—Miss Nellie Hall.
- McKinley—Mrs. Mary Boyd.
- Song.
- Roosevelt—Mrs. D. H. Wurster.
- Song.
- The Bay View club—Mrs. E. R. Dancer.
- Response—Mrs. George W. Palmer.
- Original story—Miss Elizabeth Depew.
- Select reading—Mrs. Anna Hoag.
- Reading—Miss Florence Ward.
- Ten reasons why women should vote—Mrs. C. W. Maroney.
- Reading—Miss Kathryn Hooker.

A vote of thanks was extended to the hostess for her hospitality and the fine entertainment.

#### BIG FIRE IN YPSILANTI.

The plant of the Ypsilanti Hay Press company, incorporated for \$50,000, was damaged to the extent of \$25,000 Thursday evening by a fire of unknown origin. A large quantity of inflammable material caused the flames to leap in the air over a hundred feet, making the fire the most spectacular one in years. The loss from this one fire is more than from all fires in that city during 1918. The loss is only partially covered by insurance. John S. Haggerty of Detroit is president of the company, Samuel Burchfield of Ann Arbor is vice-president, and Charles M. Holmes of Ypsilanti, is secretary and treasurer.

#### FATHER AND SON BANQUET.

Arrangements for the "Father and Son Banquet," tomorrow evening are practically completed and ticket sales indicate an attendance of 75 or more. The banquet will be served by the Lady Maceabees in their hall, beginning at seven o'clock. Rev. P. W. Dierberger will be toastmaster and the program will be as follows:

- "What a Boy Expects of His Dad"—John Martin.
- "What a Dad Expects of His Boy"—Ford Axtell.
- Address, "Relationship of Father and Son"—Prof. Charles Hoyt of Ypsilanti.
- Music—J. H. Boyd.

#### DENTER TOWNSHIP.

It is reported that Robert Donovan has purchased a farm.

Sarah Nixon, who teaches in Lima, has been absent from her school for several days on account of illness.

Mrs. Harriet Wheeler registered Monday, she being the 25th woman to register.

Robert Gardner has all his horses sick with the "flu."

Mrs. William Clark of North Dexter is on the sick list.

McCarthy's machine sawed wood for McGuinness brothers, Friday.

#### SOME COW, WE'LL SAY.

When things look blue in the dairy business, buy a cow like this one advertised in a western newspaper: For Sale—A Guernsey cow giving good quantity of milk, also hay, rope, pulleys and a small refrigerator.

#### LAST CALL SYLVAN TAXES.

Saturday, March 1st, is positively the last day on which Sylvan township taxes may be paid.

Catarrrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarrrhal deafness, and that is by a constitutional remedy. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrrhal Deafness that cannot be cured by Hall's Catarrrh Medicine. Circulars free. All druggists, 75 cents.

## GOOD START FOR W.S.S. CAMPAIGN

MICHIGAN BEGINS TO RETRIEVE ITS ONE FALL-DOWN IN 1918 WAR DRIVE.

### LEADS BIG CENTRAL STATES

Thrift This Year's Slogan—Passing of Liquor Likely to Help Sales.

An opportunity for Michigan to retrieve its one 1918 war-campaign failure—the War Savings Stamp Drive—is opening with the renewed sale of stamps under a new organization and entirely different methods of procedure. Last year, while Nebraska, Iowa and other states were fairly "whooping" it over the top, Michigan lagged away down in the list among pledges taken; and if officials were minded to tell how many of those pledges were afterward found uncollectible, there would be still less for the state to be proud of.

It couldn't have been that the state was niggardly or unpatriotic—other drives were highly successful. But some way or another the campaign never caught hold on the state.

This year, while not forgetting that the purchase of stamps is as patriotic as ever, the Michigan committee intends to talk also the sound sense and substantial business of War Savings Stamps until the idea of Thrift reaches every household in the state. Its campaign will last, not weeks, or months, but the whole year. It isn't a drive but an education.

Luman W. Goodenough, the new state chairman, proposes a dignified, constructive campaign. Mr. Goodenough is a well-known Detroit attorney.

The new year starts promisingly. In January Michigan sold more stamps than any central state but Illinois. It leads Indiana, Wisconsin and Iowa by a very nice margin.

Hence, the campaign will be directed toward, not only selling a great amount of stamps, but a great number of them. A sale of stamps to 200,000 homes would be considered twice as great a victory as a distribution to 100,000 ovens through the sum total of sales in dollars might be the same.

Thriftless Days Abolished.

Along with the abolition of meatless, wheatless and lightless days, this committee proposes the utter annihilation and extinction of Thriftless Days.

The committee will be glad, thank you, to sell \$1,000 in stamps, the limit, to anyone.

But if he wants to get a real Distinguished Service mention, the purchaser must make a little pledge that the \$1,000 purchase will be the result of a conscious economy on his part, and an actual \$1,000 saving.

The campaign, then, will differ from the old drive much as a political battle might from a school education. By the end of the year, it is hoped that the public will have reasoned itself into the idea of saving away day by day some of the two-bit pieces that it has been in the custom of regarding as simply loose change.

The committee intends also to talk the extraordinary merits of its particular brand of goods. Did you ever know that the interest on your Savings Stamp certificate is compounded four times annually? No other security piles up accumulating interest like that. The actual yield is practically 5 per cent—and this interest, mind you, paid in advance. Another thing: if you register your stamps at any postoffice, and later lose them in any way whatsoever, the postoffice where you registered them will give you new ones. The stamps are so good that no man can hold more than \$1,000 of them—a good reason for the little fellow to take his limit.

Make It Permanent.

There is every prospect that the government will continue some sort of thrift stamp sale indefinitely. There is talk already of allowing stampholders to convert their holdings into some sort of a desirable long-term government security, if they wish. The passing of intoxicants is looked upon as certain to release hundreds of thousands of small coins to thrifty investment.

Luman Goodenough, a Detroit attorney of wide acquaintance, who has been interested in practically every civic movement there for years, is the new state chairman of the committee. New headquarters are 92-94 Griswold street, Detroit. Mr. Goodenough already has been assured the co-operation and aid of many of the most substantial business men in the state, and they will form the nucleus of his county organizations.

Indigestion.
