

EVERYBODY IS NOW FIGURING INCOME TAX

In Order to Be Helpful to Public,
Internal Revenue Bureau
Has Every Available
Officer in Field.

SEVERE PENALTIES IF YOU DELAY BEYOND MARCH 15

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency.

Residents of Michigan will make returns and pay their taxes to James J. Brady, Detroit, or to Emmanuel J. Doyle, Grand Rapids, Collectors of Internal Revenue, or to any of the deputy collectors who are doing free advisory work on Income Tax.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return.

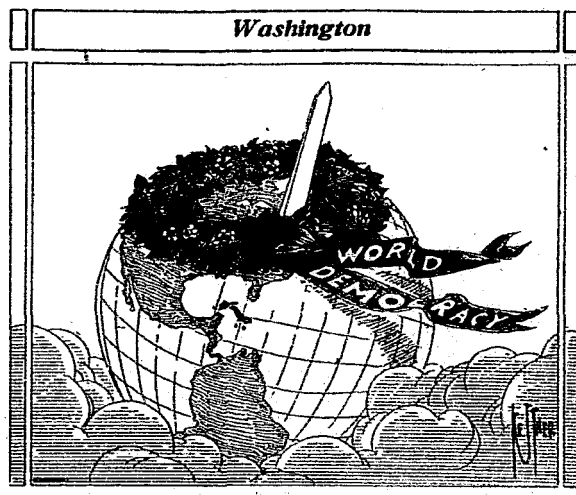

It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classified as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.
Each person in the United States

who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks.

By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation, every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him, he may claim the status of the head of a family who has the same exemption as if married.

A married person, who lives with wife or husband, is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support, who was dependent upon and received his chief

support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns, the exemption may be claimed by either or divided.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received, and all other items must be reported correctly. Mere guesses are not accepted, for they are unjust alike to the taxpayer and the Government, and defeat the proper administration of the law.

ANN ARBOR POLICE AFTER BOOTLEGGERS

Made Three Arrests Sunday and Calprits will be Tried in Washtenaw County Circuit Court.

Enforcement of the liquor prohibition law has not been dropped, so far as the police of Ann Arbor are concerned, although for several days they did not know exactly where they "were at" nor just how far they could go in arresting bootleggers.

"The screws were put on again good and hard Sunday, under another state statute," said Chief of Police Thomas O'Brien of the University town, which makes it our business to arrest and prosecute persons found possessing liquor without the packages being duly marked and labelled, with names of consignor and consignee, and intended for medicinal purposes.

The police picked up three such bootleggers at the Ann Arbor station, Sunday, and Monday morning they were held for the circuit court in default of \$1,000 bonds. Dan Herchuck had three quarts of whisky and two quarts and one pint of brandy.

Mich Nima had ten quarts of whisky and two quarts of gin, while Harry Keten was staggering along under the tremendous load of 40 quarts of supposed whisky, but which looked like pretty cheap stuff.

Keten said he was from Toledo and that he came up with this liquor with the expectation of selling it to employees of the Hoover Steel Ball company. The other two were ordinary bootleggers on their way to Detroit from the usual sources of supply in Toledo.

"CO-OPS" ARE POPULAR.

The third co-operative shipping association in Washtenaw county has been organized at Ypsilanti, and it is to be known as Washtenaw Co-operative Shipping association, Branch No. 2. Branch No. 1 is the Chelsea Co-operative association.

R. J. Bird of Superior township is president of the new association, and Supervisor L. A. Seamans of Ypsilanti township is vice president. E. D. Foster is secretary and treasurer. The other members of the board of directors are John Graves, Henry F. Collins, Morton E. Crittenden and E. E. Sanderson.

This association starts with 100 members in Ypsilanti and vicinity. Tuesday, Feb. 18, a similar association, which will be Branch No. 3, of the Washtenaw County Co-operative Shipping association, was organized in Milan and vicinity. Farmers in Saline are also planning upon organizing in the near future.

WASHTENAW BOYS WOUNDED.

Among the overseas casualties reported Friday were the following: Pvt. Fred J. Peterson, Chelsea, Michigan, wounded, degree undetermined.

Corporal Ross Sprague Stoffet, Ann Arbor, wounded severely.

HOW TO CONDUCT A SUCCESSFUL AUCTION

Prime Requisite Is To Get a Crowd of Buyers; and the Rest Is Comparatively Easy.

"Getting a crowd," is the secret of success or failure in an auction sale," said a well-known and successful auctioneer, recently. "and the one and only sure way to get a crowd at a sale is to advertise it just as thoroughly and widely as possible. A few dollars expense for advertising is insignificant as compared to the importance of 'getting a crowd,' for the lack of a good-sized bunch of bidders may mean hundreds of dollars loss to the person holding the sale."

"In my experience of years, I have frequently conducted sales on consecutive days in which the property offered was practically identical, conditions were, practically the same, and there was only one reason why one sale would fall far short of realizing, by hundreds of dollars, as much as those held by neighbors only a few miles distant—lack of thorough advertising of the unsuccessful sale."

"Farmers should remember that on the day of their sale they expect to dispose of property ranging in value from \$500 to \$5,000, and that a 3% investment in advertising is sure to return worth-while results. That means that the farmer who has a \$500 sale should spend about \$15 for his advertising, while the man who has a \$5,000 sale may spend as much as \$150 with good results. Probably the latter will have a herd of blooded stock, and he should do some special farm journal advertising on that account. Ordinarily, however, the country papers circulating in the vicinity are the best mediums in which to advertise a sale. Don't hesitate to run a \$5 advertisement in several papers; the \$5 advertisement may be the means of bringing a good many \$5 bids to your sale—it's a worth-while business proposition to advertise."

"And don't think that an advertisement in one paper will do the trick; have an ad in every paper in your locality at least once and be careful to list and describe what you have to sell."

"In some localities, auction bills are still used, but they are rapidly passing into the discard for several very good reasons—newspaper advertising is best. A man will read an ad in the comfort of his home, but few will stop by the roadside to read a posted notice. If you feel that you should have bills, have a few small ones struck off from your ad in your home newspaper and then use them to scatter in the stores and for mailing, also for 'copy' to send to the papers in neighboring towns. You can reach many more people through the newspapers and you are spared several days spent in long, tiresome drives to circulate your bills."

"Once you have advertised your sale as suggested above, you may be sure it will be a success, unless you should be so unfortunate as to have a run of bad luck on account of inclement weather, and that's an element with which the farmer must always contend, whether he is raising crops or holding an auction."

"Another thing of great importance is to get ready before sale day. Get the tools all lined up where they can be seen to the best advantage. Have the stock and horses well cared for and slicked up. They will sell more readily and for better prices."

F. A. WIRKNER.

Word was received Sunday by Lyndon relatives of the death of Sgt. F. A. Wirkner at Camp Custer, Kentucky. He was a nephew of Peter Wirkner of Lyndon. He is survived by his widowed mother, one sister, and two brothers. The body will be brought from Camp Taylor to his home in Valley City, Ohio, and the funeral will be held from St. Martin's Catholic church, Wednesday, with military honors.

Peter Wirkner left Monday afternoon to attend the funeral.

AVEN MARSH.

Aven Marsh, a resident of Webster township for many years, died at the home of his daughter, Mrs. Emmett Farrell, in Dexter township, Saturday morning, after a long illness. His wife died August 15, 1914. He is survived by one son, James of Detroit, and one daughter, Mrs. Farrell; also by three brothers and two sisters.

The funeral was held Monday morning from St. Joseph's church, Dexter, Rev. Father Griffin officiating. Interment at St. Joseph's cemetery.

WHITMER-SPAULDING.

A quiet ceremony took place Saturday evening at the home of Mr. and Mrs. W. F. Whitmer, uniting in marriage their daughter, Miss Marie Whitmer, and Mr. Harold Spaulding of Sylvan, Rev. P. W. Dierberger officiating. Only the immediate families witnessed the ceremony.

Both the bride and groom are popular young people of Chelsea and vicinity and have a legion of friends who extend congratulations.

Mr. and Mrs. Spaulding left immediately following the ceremony for Chicago, and will be at home after April 1st at the Spaulding farm, south of town.

PARENT-TEACHERS ASSN.

The Parent-Teachers association will meet in the high school auditorium, Wednesday evening, February 26th, at seven o'clock. Superintendent Walling will fully explain the marking of the ballot. Community singing, led by Miss Speer. Mrs. Maria Peel of Ann Arbor will be present, and as she is Washtenaw County Welfare agent, she will speak regarding the duty of parents to community life. We, as parents of the rising generation, wish to go to the polls and vote intelligently, and after attending this meeting we should be better able to do so.

A collection will be taken to defray necessary expenses of the association.

MRS. MCKUNE STICKS.

Mrs. Catherine McKune has decided to accept the nomination for village treasurer on the People's ticket and will bear the distinction of being the first woman to run for village office. It had been reported that Mrs. McKune would not run, but it seems that such rumors were unfounded and that she has entered the contest to stick to the finish.

MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

HAD WORK FOR THE "DOCTOR"

Indiana Woman's Request Should Have Put End to Annoying Interruption on Telephone.

In South Bend they have many party telephones. A matron on one uses hers to talk to her sister. Often their conversation is interrupted by a young trouble voice denouncing the line "to call the doctor."

Becoming suspicious, the matron one day listened to the call which followed the one the trouble had interrupted. And lo! instead of the doctor the young lady called a young carpenter, who was her best friend. Again and again this happened—the request for the phone to call a physician and then its use to converse with the young carpenter.

Then the matron became provoked—rightly so. She had one day just reached an important place in her conversation with her sister when came the usual interruption. It brought this report from the matron: "Yes, you may have the phone to call him. And while you're talking, please tell him that I'd like for him to stop on his way to call at your house and repair my kitchen table legs."—Indianapolis News.

Wonderful Instinct

Two city fathers were standing in the market place beside a pile of cabbage. A naturalist passed by, and noticed that a Pieris butterfly had settled down on the hat of one of the aldermen.

"Friend," he said, "a butterfly is resting on your head."

"Good," replied the dignitary, "that brings good luck. If the old saying may be believed."

"Yes," the naturalist rejoined, "and it reveals to me the wonderful instinct with which nature has endowed the insect."

"How is that?" the city father asked, much interested.

"It is a cabbage butterfly," the naturalist said—and passed on his way.

There are soldiers, sailors and aviators, and even a lieutenant of the French army.

PHYSICIAN WAS IN SERIOUS CONDITION

Dr. Farnsworth Gives Doan's Credit for His Wonderful Recovery.

Dr. T. G. Farnsworth, 76 S. Kanawha St., Rockhampton, W. Va., retired physician of over forty years' experience, ex-State Congressman, ex-City Mayor and ex-County Health Officer, praises Doan's Kidney Pills. Here is Dr. Farnsworth's experience as he tells it: "It was just a few years after my retiring from practicing medicine that I was afflicted with severe disorder of the kidneys and bladder. I grew steadily worse, and sometimes I was unable to get around at all. The kidney secretions were retained and after a full day in passing I would cry out in misery. I was in a frightful condition. After I had lost hope in other remedies, Doan's Kidney Pills were brought to my attention and I tried them. I soon noticed a change for the better. I used several boxes and they cured me completely. Never in my practice did I know a remedy that would accomplish what Doan's Kidney Pills did, and I give them my heartiest endorsement."

Real Grievance

Harriet, whose father owns a grocery store and whose mother often assists him on busy days, was crying quite hard when her father and mother came in from the store the other evening.

"What are you crying about?" asked her mother as she picked up her knitting, and seated herself by the child. The girl did not cease, and it was only under threat of punishment that Harriet replied:

"Well, you just help daddy in the store all day, and then knit all night, and you don't never get me any more at all."

HEAD STUFFED FROM CATARRH OR COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

ROAD BUILDERS ARE NEEDED

Opportunities for Returned Soldiers—Both Skilled and Unskilled Labor Required.

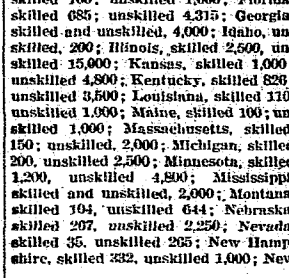

(Prepared by the United States Department of Agriculture.)

In response to requests for information, the bureau of public roads of the United States department of agriculture has collected from the highway departments of the various states figures indicating the profitable number of returned soldiers and sailors that can be used during 1919 in road construction and repair work. Of the 38 states replying only 29 gave definite figures. They report they can use 11,637 soldiers and sailors as skilled laborers, and 91,404 as unskilled. Under the head of skilled labor the state highway departments were asked to report on the requirements for masons, carpenters, quarry bosses, concrete finishers, road foremen, roller men and superintendents. Unskilled laborers were not separated into classes.

Good Roads Between Annapolis and Baltimore—Job for Many Men to Build and Maintain Road Like This.

EXPENSE OF CONCRETE ROAD

Average Cost for Surface Only Estimated at About \$12,300 Per Mile—Filling Cracks.

(By A. W. DEAN, Chief Engineer Mass. Highway Commission.)

The average cost of a concrete surface, 15 feet wide, not including grading, drainage, culvert work, etc., but including the concrete surface only, is about \$12,300 per mile, according to contract prices under which concrete roads have been constructed by this commission. Of course, the cost of grading, drainage, culverts, etc., will vary greatly.

So far as the concrete surface becoming more or less cracked and full of holes after three or four years is concerned, I would state it is true that if properly built, with expansion joints, no holes will appear, and very few cracks, and the cost of filling the cracks with bitumen is very slight.

GOOD GARDEN IS BIG ASSET

Useful for Fresh Vegetables and Surplus May Be Stored for Use During Winter.

A good garden is very useful for fresh vegetables. Where there is a surplus the vegetables may be stored and saved for future use. In this way you may have nice vegetables, easily and quickly served in winter. The result will be better and cheaper living from the farm.

COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

Hunting Laws

Hunting on Sunday is prohibited in all states and provinces east of the one hundred and fifth meridian except Illinois, Louisiana, Michigan, Texas, Wisconsin and Quebec. Mondays constitute a closed season for waterfowl in Ohio and locally in Maryland and North Carolina; and certain other week days for waterfowl in several favorite ducking grounds in Maryland, Virginia and North Carolina.

Fifty-Fifty.

The speaker was quite wealthy himself—also, very patriotic. He urged the children to save their pennies to help the soldiers. Finally as a climax he told of his own son in camp. At the close of his speech a lot came forward with a dime. "Here's some money," he said in a voice loud enough for every one to hear. "Half is for your boy and the other half for you."

Weekly Health Talks

URIC ACID IN THE SYSTEM

BY LEE H. SMITH, M. D.

Uric acid is now generally recognized as the cause of more diseases than was heretofore believed. When the kidneys are out of order uric acid accumulates within the body in superabundance. The disordered kidneys do not filter the poisons out of the blood, as they ought to do, and so the poisons remain in the blood and float around until they find a place to lodge, in form of urate salts. The thing to remember is that you may have rheumatism in any part of the body—you may have pains anywhere—your back may ache and your head may be dizzy—but the trouble is not where the pain appears.

The trouble is in the kidneys, and what is the first thing to do? You must get that excess uric acid out of your system, which can be done by taking Anuria Tablets, the splendid remedy which Dr. Pierce, of Buffalo, N. Y., has put on sale in the drug stores at a low price. Anuria Tablets (made double strength), when taken into the system as medicine, have the peculiar power of dissolving the uric acid deposited there. Drop a bit of sugar or salt into hot water, and it will disappear. In precisely the same way do these Anuria Tablets dissolve uric acid. Of course, after riding the system of uric acid, it may return again unless you eat the right foods and live the right kind of life, but Dr. Pierce will advise you fully on proper food and correct living if you write and ask him. He makes no charge for such advice. Take Anuria Tablets today, by all means, and get that uric acid out of your system. Don't, don't, don't, put the matter off.

Grow Wheat in Western Canada

One Crop Often Pays for the Land

Western Canada offers the greatest advantages to home seekers. Large profits are assured. You can buy on easy payment terms. Fertile Land at \$15 to \$30 per Acre—land similar to that which through many years has averaged from 20 to 45 bushels of wheat to the acre. Hundreds of cases are on record where in Western Canada a single crop has paid for the land and the cost of the land. The Government of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta want the farmer to prosper, and extend every possible encouragement to aid him to do so. Grain Growing and Stock Raising. Through Western Canada offers land at such low figures, the high prices of grain, cattle, sheep and hogs will pay for the land. There are good shipping facilities; best of markets; free schools; churches; excellent climate; low taxation (none on improvements); excellent medical service; and the best of everything. This Is Orange Blossom Time in Florida

And it's a good time to leave the Frozen North for a short winter vacation. Come on down to Lake Alfred and see one of the most beautiful sights imaginable—thousands of acres of Orange and Grapefruit Trees in full bloom, scenting the air for miles around. We have a few planted small groves, but fine, not yet taken, but you cannot buy an acre until you have seen the property. You had better hurry, for these are choice and will be sold soon. After carefully investigating what others have done in our vicinity, under exactly similar conditions, and you have satisfied yourself that our claim that a Six or Seven-Year-Old Grove, on a conservative estimate, will produce from \$250 to \$250 per acre. You can buy with perfect safety. If you buy, your trip costs you nothing, as we refund traveling expense to purchasers. Our groves at Lake Alfred are right on the Main line of the Atlantic Coast Railroad, in the heart of the Highland Lake Section, the highest, safest citrus section of Florida, with Ninety Lakes within a five-mile radius. Good asphalt and brick roads, schools, etc. Prices fair, values big, reasonable terms. Send for our illustrated booklet, read it carefully, and then visit Lake Alfred personally. H. E. THORPE, Northern Sales Manager, Florida Fruitlands Company, 21 East 42nd Street, New York City.

NAB 14 I. W. W., PLOT TO KILL PRES.

POLICE RAID HOUSE IN WHICH NINE MEN WERE HELD, LITERATURE SEIZED.

EDITOR AMONG THE PRISONERS

Every Man Under Arrest Is Alien—Plan to Use Bombs As President Lands in Boston.

New York—Plans for bomb outrages in Boston and attempts on the life of President Wilson are alleged by the police to have been discovered following two raids here by members of the bomb squad of police headquarters and agents of the United States government in which 14 men were arrested.

According to the police, all men arrested and members of the Spanish I. W. W., or anarchist groups, are aliens. None has been in this country more than three years and a majority only a few months.

Jose Grau, editor of the Spanish paper El Corsario, is the most prominent of the prisoners who is being held for a hearing before United States Commissioner Hitchcock. Police officials say he came to this country from Spain eight months ago and is a member of the Spanish I. W. W. of which he is an organizer, under the name of Arnoldo Sapienta.

All the men are being held on the charge of having reditious literature and pictures in their possession.

Nine men were arrested in a house on Lexington avenue near 105th street. Persons frequenting the house have been suspected of being affiliated with Spanish I. W. W. or anarchist organizations. A large amount of literature was seized.

PRESIDENT HOME FROM FRANCE

Boston Welcomes Wilson Party, Streets Lined With Soldiers.

Boston—President Wilson is home again. The George Washington, with the president and his party aboard docked at the outer harbor.

The George Washington was escorted to the inner harbor by a fleet of submarine chasers which joined several destroyers of the coast.

While there is an undercurrent of great curiosity to see the president on his first visit to Boston since he entered the White House, the city does not show outwardly it is either excited or enthusiastic.

Unusual precautions are being taken that the program shall move smoothly and that the president's safety shall be fully preserved. An unusual number of police and other guards will be distributed along the line of march of the parade.

The presidential party and its escort after a brief reception at Commonwealth pier, where he will land, will proceed through streets lined on each side by 3,500 soldiers, sailors, marines and state guardsmen.

The presidential party aboard the George Washington embraces the following:

The President, Mrs. Wilson, Miss Benham, Mrs. Wilson's secretary; Rear Admiral Grayson, Ambassador Francis, Congressman Folger, Young, Norton and White; Assistant Secretary of the Navy Roosevelt and Mrs. Roosevelt.

THREE ANARCHISTS ARRESTED

Notorious Red Leaders Organize a Plot Against Allied Statesmen.

Paris—Inquiry into ramifications of a possible plot against Premier Clemenceau, according to dispatches from Geneva to French newspapers, shows that during December 24 persons, all anarchists or bolsheviks, arrived in the neighborhood of Vevey.

Among them, it is alleged, were Rosiere, Zahmid and Buzil.

At the same time a group of anarchists met in Zurich to organize a plot against the French premier and other Allied statesmen in Paris. In this group, it is alleged, was Mislani, director of a radical newspaper, who went often to Geneva to confer with anarchists there. A few days ago Mislani was arrested in the offices of the Red Flag, the Spartacist organ in Berlin. It is said he was especially charged with smuggling revolutionary propaganda into France by way of Switzerland.

Raoul Dreyfus, a painter, who was arrested shortly after Emilio Cottin shot Premier Clemenceau, after being questioned, was given his temporary liberty by the police.

Mother and Child Perish in Fire. Detroit—Fatally burned in a fire in their house, Mrs. Mildred Kocel, 24 years old, and her daughter, of the same name, 2 years old, died in receiving hospital. The mother called the child 20 minutes. According to the meager account of the accident the mother was able to give nurses at the hospital, the fire occurred when she attempted to kindle a fire in the kitchen stove with kerosene. An explosion followed, and the burning fluid was scattered over both victims.

"CALLUS CORNS" LIFT RIGHT OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Artistic Endeavor.

"We'll have to take that last scene over again," said the director.

"Good heavens!" exclaimed the silent tragedian, who was trying his luck in the movies. "I can't go through a scene like that twice in the same day. I've never done it in all my stage career."

"They there's no place for you on the screen. Why, our comedian, Far Bill Walrus, tumbled head foremost into a tub of water seven times this morning, trying to do a fall and wouldn't damage his reputation." Birmingham Age-Herald.

STOP LUMBAGO PAIN, RUB BACKACHE AWAY

Instant relief! Limber up! Rub pain, soreness, stiffness right out with "St. Jacob's Liniment."

When your back is sore and lame or lumbago, sciatica or neuritis has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Liniment" at any drug store. Rub a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating liniment takes the ache and pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn or discolor the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly and surely. It never disappoints!—Adv.

Room for Him.

The 5-15 train was crammed to overflowing, and belated passengers were running excitedly and under the platform trying to find seats.

As the train was on the move the door shot open and an excited young man piled out anxiously.

"Say, is this car full, or not?"

"Yes," came from the smokiest, dingiest corner of the compartment; "it's full right enough—all except the ass. Come right in, 'buddy!"

SWAMP-ROOT FOR KIDNEY AILMENTS

Acid-Stomach Ruins Health of Millions

Besides those painful attacks of indigestion, that awful bloated, lumpy feeling after eating and downright stomach misery that you who have experienced it know so well, besides belching, food-repeating, sour stomach and distressing heartburn—besides all this, ACID-STOMACH undermines the health and saps the strength of millions.

If you don't get rid of those stomach miseries there is no telling where your stomach troubles will end, for it is a well known scientific fact that many serious ailments have their start in an acid stomach.

Start now—this very day—to get rid of your stomach miseries. Take EATONIC—the wonderful remedy that absorbs the excess acid from the stomach and brings INSTANT relief. You simply have no idea how much better, stronger and clearer you feel when you drive out all the gas and bloated, put an immediate stop to belching and heartburn.

Take EATONIC. It's good, just like a bit of candy and makes the stomach feel fine. You can then eat the things you like and, what is more, every mouthful you eat will count in creating power and energy. You'll feel no more better—have punch and pep—the power and will to do things and get results, and your stomach misery will be gone.

Take our advice. Get a big box of EATONIC from your druggist today. It costs so little. If it fails to remove your stomach ailments, we will refund your money. That is guaranteed. You are to be satisfied or money refunded.

SAFE, GENTLE REMEDY CLEANSSES YOUR KIDNEYS

For centuries GOLD MEDAL Haarem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely torn out on by the kidneys and bladder, you are doomed.

Weakness, sleeplessness, nervousness, headache, backache, stomach trouble, men, gall stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, uric acid and many other ailments, look after your kidneys and bladder.

All these indicate some weakness of the kidneys or other organs or that the enemy microbes which are always present in your system have attacked your weak spots.

GOLD MEDAL Haarem Oil Capsules are what you need.

They are not a "patent medicine," nor a "new discovery." For 200 years they

have been a standard household remedy. They are the pure, original imported Haarem Oil your great-grandmother used, and are perfectly harmless. The healing, purifying oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisonous germs. New blood, fresh strength and health will come as you continue the treatment. When complete, keep you in condition and prevent a return of the disease.

Do not delay a minute. Delay is especially dangerous in kidney and bladder trouble. All druggists sell GOLD MEDAL Haarem Oil Capsules. They will refund the money if not as represented. GOLD MEDAL Haarem Oil Capsules are imported direct from the laboratories in quantity and convenient form, are easy to take and are positively guaranteed to give relief. Ask for the original imported GOLD MEDAL. Accept no substitutes.

Smart Spring Suits

\$21.50 and \$25.00

Several dozen attractive suits have just been unpacked from their New York wrappings.

Most of them are of navy blue poplin, well tailored and trimmed with black silk military braid and bone buttons. Long narrow roll collars add a fashionable touch. Many of the suits have the vestees which will be so much in vogue this spring.

Besides the blue suits, there is a commendable selection in beige poplin. Beige will be the leading shade this spring, next to the ever popular navy. Gayly colored silk linings and unusual style touches in the way of pockets and belts add attractiveness to these new models.

BROOKLYN—The sad news has been received of the death of Verne Wilbur, son of Mr. and Mrs. E. J. Wilbur of this village. He was serving his country with the 85th division, acting stenographer in the quartermaster's department in France. His is the first reported death in France from Columbia township. Pneumonia caused his death.

ANN ARBOR—Anton Teufel, a resident of this city since 1852, died early Sunday morning at his home, 801 South Main street. He was 87 years, 11 months and 25 days of age. General debility was the cause of death.—Times-News.

MANCHESTER—One more Manchester boy, William Ehnis, son of the late Mrs. Christine Ehnis, has met death in France, though not on the battlefield. He died of pleuro-pneumonia, January 31.

DEXTER—A beautifully appointed banquet was given Wednesday evening by the O. E. S. in the Masonic temple in honor of Sergeant O. S. Thompson, who was the only member of Washenaw chapter 302 to go to war. Mrs. Lilly Robinson, principal of the high school, acted as toastmistress. The toast, "O. S. Thompson," was responded to by Miss Wilma Jewell, and Mrs. Faith Pentt responded to "The Girl I Left Behind Me," and Rev. Curtis to "Coming Back." Afterward the company adjourned to the social hall, where a pleasant hour was spent and a fine program of music and speaking was given.

MANCHESTER—A preliminary meeting for the promotion of a grange was held at the Methodist church parlors last week. George English of Chelsea, one of the county grange officers, was present and an audience of 20 or more farmers was present. It was decided to organize and a meeting to consummate the plan will be held with Mr. and Mrs. William Martin in Bridgewater, Wednesday, February 26, beginning at 10:30, at which a basket dinner will be served.—Enterprise.

MANCHESTER BOY KILLED.

Pvt. Alfred D. Groves of Manchester was killed January 13, 1919, when he was crushed between a tractor and a motor truck while on duty overseas, word of his death being received by his wife, formerly Miss Bessie Hildinger of Manchester, January 30th. His number was among the very first drawn at Washington in the first contingent from Manchester, reporting to the local board at Ann Arbor, September 17, 1917, and arriving at Camp Custer the next day. He was assigned to Supply Co. 330th Field Artillery, 5th Division. After a stay at Camp Custer of ten months to the very day, he was started overseas with the 85th division, arriving safely about August, 1918.

APPLES \$7 PER BARREL.

An item in a Medina, N. Y., paper of recent date, sent us by a relative, tells of a recent sale of apples in that vicinity, as follows: "William F. Udell of Brockport, son of the late Foster Udell, has just sold his crop of Baldwin apples, amounting to 8,338 barrels, at \$7 per barrel, the total receipts being \$58,366. The apples were barreled without sorting just as they were picked from the trees, and the buyer paid the storage. Mr. Udell also possesses productive pear, cherry and plum orchards. The total sales from the farm of 1918 crops were \$78,000."

LINER ADS EFFECTIVE.

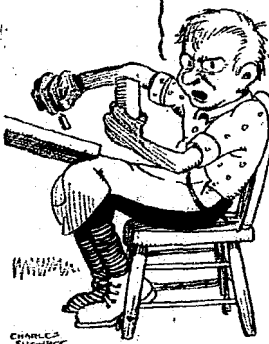

One of the most effective forms of advertising is in the "liner" or classified column where an investment of a few cents is certain to give prompt results. Tribune liner ads are always run under the heading, "Wants, For Sale, To Rent," in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for first insertion, 2 1/2 cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on. Adv.

One of Evert Benton's horses broke through the ice at Cedar lake Friday and was in the water a half hour before it was finally rescued. Later in the day it was being used on an ice-plow and a huge cake of ice broke loose with both the horse and a boy driver. Workmen at the ice houses were obliged to tow the big ice cake to shore in order to get the horse back on terra firma. Ice harvest this year is some job.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75 cents.

THE CROPS OF VICTORY YEAR ARE GOOD AUGURY

When you have a chance to lay in a few more Government Bonds or War Savings Stamps as a "rainy day fund" for your family, by no means neglect the opportunity.

As a business proposition there can not be a better investment than a stamp or a bond, with first call on all the resources of the United States. The crops of "Victory Year," as reported by the government, added about \$17,000,000,000 to our wealth. Here are just a few of the principal items:

Corn—2,582,814,000 bushels, \$3,528,312,000.
Wheat—917,100,000 bushels, \$1,874,623,000.
Oats—1,538,359,000 bushels, \$1,092,423,000.
Barley—256,375,000 bushels, \$235,269,000.
Rye—53,102,600 bushels, \$134,947,000.
Potatoes—397,676,000 bushels, \$475,731,000.
Hay—75,459,000 tons, \$1,522,472,000.
Tobacco—1,340,019,000 pounds, \$374,318,000.
Apples—173,632,000 barrels, \$229,990,000.
