BASKETBALL TEAM WINS YPSI. TOURNAMENT

Chelsea High School Five Bring Home Big Loving Cup and Silver Medals; Go To Lansing Friday.

Chelsea high school basketball team won the Fourth Annual Basketball tournament held Thursday, Friday and Saturday by Michigan State Normal college at Ypsilanti for high schools with a total enrollment of less than 200, in contest with 24 teams representing 23 different high schools from all over the state.

Win First Game.

The arrangement of games was made according to the methods of conducting tennis tournaments and the first contests were determined by lot. Chelsea's first game, as determined by the draw, was with the strong Birmingham high school team, which was played Thursday evening and won by Chelsea. Score—Chelsea 29; Birmingham 14.

Onaway, who had defeated Mt. Morris in the preliminaries, was the next to suffer defeat at the hands of the swift Chelsea quintet. This game was played Friday afternoon. Score—Chelsea 27; Onaway 13.

Kent City high school was the next to fall victims to the aggressors from Chelsea. This was the only real poor game that the Chelsea boys were mixed up in. It was slow, the boys were tired and there was no need of exerting themselves nor of showing their opponents of the next day all the strength they had, hence the boys took it easy throughout the contest. Score—Chelsea 20; Kent City 11. Winning this game assured Chelsea of second place, at least, but the boys were not satisfied and after a good night's rest they felt fit as a fiddle, as their game with the fast Wyandotte team proved.

Win Final Game.

The Wyandotte game, played Saturday morning, was one of the best games of the tournament. The Wyandotte team is fast and has the passing game down to perfection, but are weak on shooting baskets. This weakness, coupled with Chelsea's ability to break up their opponents' passing and dribbling, and turn their own defense into offensive plays, netted Chelsea goal after goal and led to Wyandotte's final defeat. Score—Chelsea 24; Wyandotte 19.

Defeating Wyandotte gave Chelsea first place in the tournament, Wyandotte second, and Birmingham, Chelsea's first opponent, won the consolation prize. Chelsea high school received a large silver loving cup, and each member of the team a silver medal. Wyandotte received a smaller silver loving cup, and each member of the team a bronze medal. Birmingham received a large green and white banner.

Go To Lansing Friday.

This week the Chelsea quintet will go to Lansing to attend a similar tournament held by the Michigan Agricultural college. For their first game they are scheduled to play Marshall, Friday morning.

ABSENT VOTERS LAW.

Who may vote—Section 1, Chapter XII. For the purposes of this act the term "absent voter" shall be taken to mean any qualified elector, who is absent or who expects to be absent from the township or ward in which he resides, on the day of any election or official primary election, and who is a SOLDIER—A person in the actual service of the United States or of this State.

STUDENT—While in attendance at any institution of learning.
MILITARY CITIZEN—A regularly enrolled member of any citizens military or naval training camp held under the government of the United States or of the State of Michigan.
MEMBER LEGISLATURE—While in attendance at any session of the legislature.

COMMERCIAL TRAVELER—A person engaged in soliciting the sale of goods, by the exhibition of samples, or by catalog or other device, for the purpose of effecting such sales and taking orders for goods to be subsequently shipped by his employer.
RAILROAD EMPLOYEE—Employed upon or in operation of railroad trains in this state.
SAILOR—On the Great Lakes or in coastwise trade.

Any of the above electors if away from their home on election day may vote by mail by making application for Absent Voters Ballot to the City Clerk or Township Clerk where they reside.

Sec. 2. Any such absent voter may vote at any election as hereinafter provided.

Sec. 3. At any time during the thirty days next preceding any election any such voter expecting to be absent on the day of such election from the township or ward in which his voting precinct is situated, may make application to the township, city or village clerk, either in person or by mail for an absent voters ballot.

Upon making application by mail or personally to the Clerk of your City or Township for Absent Voters Ballot you will be furnished printed instructions for marking and filing your ballot.

SHEET METAL WORKERS.

A new exclusive sheet metal shop will be opened shortly in Chelsea, equipped to do all kinds of sheet metal work, including the usual tin shop jobs, and also eave trough work, furnace work, tin roofing, gutters, cornice and sky-lights, blow-pipe work, and all kinds of automobile radiator and fender repairing. The new firm will be known as Updyke & Murphy. Earl E. Updyke is an old Chelsea boy and well known in this vicinity. He has been working at his trade in Detroit for a number of years and has had a wide experience. His partner, Harvey Murphy, is also an experienced sheet metal worker.

The new firm has rented the Merkel building on North Main street, recently vacated by Hindelang & Fahrner, and are now moving in their machinery and stock. They expect to be open and ready for business about April 1st.

MUCK LAND FARMERS

Will Hold Conference in Ann Arbor. Thursday Afternoon, April 3.

Washtenaw county has hundreds of acres of muck land which would be very productive if properly handled. In order that the farmers in this vicinity may secure the advice of a specialist who owns and operates muck land, a meeting of all farmers in the county who have such land, will be held at the Ann Arbor City Y. M. C. A. Thursday afternoon, April 3rd, at one o'clock. Mr. Ezra Levin, the muck specialist of the Michigan Agricultural college, and who owns and operates a muck farm near Kalamazoo will be present and will give a talk on "The Best Methods for Handling Muck Soils."

The county farm bureau extends an invitation to every farmer who may be interested in increasing the productivity of muck lands, to attend.

"BOLSHEVIKI" FISH HOOKS.

A. K. Collins is considered by his friends one of the most successful fishermen in this vicinity and perhaps one reason for his success in always getting a "full catch" lies in the fact that he fishes with his head and designs and manufactures his own hooks and baits. One of his latest wrinkles is what we would call a "bolsheviki" because it has so many whisker-like prongs of piano wire sticking out to ward off offending weeds. "Art" claims many virtues for this bolsheviki hook and says it is the best thing of its kind that he has ever used. Several of his friends, to whom he has given one of the bolsheviki for trial also speak very highly of the clever fishing contrivance and we suggest that it might be worth while to manufacture them for the trade.

D. J. & C. CHANGES TIME TABLE.

Important time table changes will become effective on the D. J. & C. RY., Sunday, March 30th. The government action in advancing time zones one hour makes it necessary for the company to revise schedules in order to maintain connections west of Jackson. All D. J. & C. cars will operate on Central Standard time.

Limited cars will leave Chelsea for Jackson at 8:11 a. m. and every two hours to 8:11 p. m.; expresses at 9:20 a. m. and every two hours to 9:20 p. m. Limited cars will leave for Ann Arbor and Detroit at 7:45 a. m. and every two hours to 7:45 p. m.; expresses at 6:34 a. m. and every two hours to 8:34 p. m.

There will be a local to Jackson at 11:51 p. m., instead of 12:51 a. m. as at present and a local to Ypsilanti only at 11:19 p. m.

100 - BOYS COMING - 100

Washtenaw County Older Boys' Conference is Billed for Chelsea. April 25 and 26.

"On to Chelsea 100 Strong" is the slogan of the Washtenaw County Older Boys' conference which will be held in Chelsea, April 25 and 26.

At the invitation of the Chelsea Y. M. C. A. committee and the older boys of the town, what is planned as the greatest county gathering of picked older boys will be held. The purposes of this conference, which will be an annual event held by the County Y. M. C. A., will be to bring to the boys of the county their particular responsibility in the task of building up a new world.

J. Fred Lawton of Detroit, U. of M. football man, author of "Varsity," the famous University gridiron song, called "the most popular boys-man of Detroit," will be the big speaker at the opening banquet.

E. C. Lindemann of Chicago, well known M. A. C. football man, former State Boys' and Girls' club leader, is another headline speaker at the proposed conference.

Boys of high school age are eligible to attend. Two delegates may be elected by each high school class, Y. M. C. A. group, scouts, Sunday school class and other boys' clubs. Every delegation of five boys or less must be accompanied by an adult leader. The conference will begin on the afternoon of April 25 and ends the afternoon of the 26th.

INTERURBAN FARES REDUCED.

Pre-war fares went into effect yesterday on the Detroit, Jackson & Chicago railway between Detroit and Jackson under an injunction granted in Detroit, Friday, by Circuit Judge Hosmer.

The injunction is the result of actions by the village and township of Dearborn, the village of Wayne and township of Nankin, and the village and township of Plymouth.

The plaintiff municipalities maintained that the increased rates were in violation of the franchise agreements under which the roads were built.

The rate into Detroit is now 65 cents. The rate from Chelsea to Detroit was raised to \$1.00 last summer soon after rates on steam roads were raised.

WITH FINGERS! CORN LIFT OUT

Freezone is magic! Corns and
calluses lift right off—
Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Real Happiness.

After reading a poem about a little boy who was so happy because there were lovely flowers, beautiful birds, blue sky and ringing brooks, eight-year-old William remarked:

"Those things would never make me happy, Miss Jones."

"Why, William," replied his teacher, "what would it take to make you happy?"

"Saturdays," was the prompt reply.

DON'T DRUG KIDNEYS RUB BACKACHE AWAY

Instant relief! Rub pain, soreness and stiffness from your back with "St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore cannot cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the aching or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and rub it up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.—Adv.

They're All Intrepid.

"Just a moment before you start to writing your interview with Plumpers, the aviator," said the city editor.

"Yes, sir," replied the youthful reporter.

A Feeling of Security

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kihner's Swamp Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kihner's Swamp Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kihner & Co., Birmingham, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

U.S. TO INVESTIGATE MEXICAN LAND DEAL

LAND DEAL TO SELL JAPANESE
SYNDICATE 800,000 ACRES
STARTS PROBE.

VIOLATION OF MONROE DOCTRINE

Japs Would Take Over Land For Colonization Purposes Says U. S.
Senator J. D. Phelan.

Washington.—Negotiations said to have been undertaken by the California and Mexican Land company to sell to a Japanese syndicate 800,000 acres of land in Mexico fronting upon the California border have been ordered investigated by the state department.

The information concerning the proposed deal which is in possession of the department indicates that the sale of the land would be a distinct violation of the Monroe doctrine.

It would also be in contravention of the Lodge resolution which the Senate adopted two years ago. This resolution, although it does not have the force of a statute, warns foreign governments against making purchases of land on this continent.

The facts in the case were sent to the state department from California by Senator James D. Phelan, who represented to the department that the deal was practically concluded and that the Japanese syndicate had been organized to take over the land for colonization purposes. The senator requested the state department to take immediate steps to prevent the deal from being consummated.

Acting Secretary Polk received Senator Phelan's protest and at once telegraphed to the senator that an investigation will be made at once. It was announced at the state department that the government will go to the bottom of the matter and will ascertain if there is any connection between the syndicate and the government of Japan.

It should be established that the Japanese government is in any way associated with the syndicate the duty of the United States in the matter would plainly be to register a formal protest through diplomatic channels against the acquisition of the land.

U. S. TROOPS KILL MEXICANS

Cavalry Chases Cattle Thieves Across Border and Return With Live Stock.

Marfa, Tex.—Troops of the Eighth United States cavalry, under Captain Kloefer, returned here from a pursuit across the border of Mexican bandits, bringing with them 25 cattle and two horses which had been driven from Nueces by raiders.

Capt. Kloefer reported that he had overtaken the Mexicans 15 miles south of Ruidosa and that five of them had been killed in the resulting skirmish. None of the Americans was hurt.

Two Mexicans were wounded in the fighting, making the casualties among the cattle thieves seven. Captain Kloefer reported to Colonel George T. Langhorne, commander of the district, that he recognized one of the thieves as Eugenio Garcia, a former Carranza captain in the vicinity of Ojuna, opposite Presidio, Texas.

Major General Rosey C. Cabell, commander of the southern department, who was here to make an inspection of the Big Bend district, congratulated Captain Kloefer and his troops for their work in overtaking and defeating the Mexican thieves.

Some Oddities of the Winter

Friday, March 21st was the first day of spring—officially. Unofficially, spring has been enjoyed in this climate for some months. Here are a few weather oddities recorded during the "winter":

Spring rain Christmas eve.

Baseball and golf played almost every day during winter.

More automobiles used in Detroit the past winter than ever before.

Weatherman Coeger reports that the thermometer failed to hit the zero mark.

People sat on benches in Grand Circus park in February and enjoyed it.

Navigation between Detroit and Cleveland opened March 10, the earliest in years.

One of the bears in the Belle Isle Zoo died because of the heat.

But few days of skating were experienced, and only one real snow storm, this recorded March 9.

Building Big Ditchlines.
London.—After successful trials of new British ditchlines of the rigid type of construction, the government, according to the Mail, has ordered the building of two enormous ditchlines. Each will be 800 feet in length and will have a capacity of 3,000,000 cubic feet. They will be driven by six engines, which will generate a total of 1,800 horse power and, it is said, will have a lifting power of 80 tons, compared with 25 tons, the largest load carried by any ship's hoist.

HUNGARIAN CABINET HEAD RESIGNS AFTER DECISION TO OCCUPY HIS TERRITORY

COUNT MICHAEL KAROLYI.

The proclamation by Count Karolyi announcing the resignation of the Hungarian cabinet, of which he was the head, after referring to the decision of the peace conference at Paris to occupy Hungarian territory, says, according to a dispatch from Vienna.

"The Entente mission declared that it intends to regard the demarcation line as the political frontier. The aim of further occupation of the country is manifestly to make Hungary the jumping-off ground and the region of operations against the Russian soviet army which is fighting on our frontier. The land expropriated by us, however, is to be the pay of the Czech troops by means of whom the Russian soviet army is to be overcome."

"As provisional president of the Hungarian people's republic, I turn against the Paris peace conference to the proletariat of the world for justice and support."

METHODIST DRIVE POSTPONED

Nation-Wide Organization For Big Financial Drive Drops Plans To Put "Victory Loan Over Top."

Methodism of America, temporarily, has dropped its plans for a great drive to raise \$120,000,000 for world reconstruction and rebuilding of the church to go to the aid of the government in putting the Victory Loan "over the top."

After a year of preparation the nation-wide organization for the big financial drive has been completed down to the most minute detail. There is not a Methodist church in the whole country which has not been ready for weeks to start at full speed for its quota as soon as the signal was given. The drive was to have opened on April 1 and to have extended for one week.

Announcement has just been made that the time has been postponed until the week of May 19 so that the drive could in no way interfere with the Victory Loan. Secretary of the Treasury Glass was offered the complete Methodist Missionary Centenary organization by the Centenary national leaders. He accepted the offer eagerly.

In every Methodist church in America now team captains and other organizers now are at work giving instructions for the sale of bonds. The workers of the organization have accepted the task assigned them of aiding in putting the Victory Loan through and are busy in their preparations for the drive.

The Victory Loan campaign is expected to be finished May 15. Although this will give only four days before the Centenary financial campaign starts leaders of the church say that will be ample time.

The Centenary organization is so thoroughly organized, church leaders say that it will be able to drop the Victory Loan drive and take up the Centenary drive without a hitch and without any necessity for further organization work.

DANIELS SHOTS CONDUCTOR

Following Argument On Ann Arbor-Detroit Interurban Line.

Detroit.—Charles Daniel, Wayne county game warden, shot Roy Wise, 35 year old, a conductor on the Ann Arbor-Detroit interurban line, with whom Daniel is said to have quarreled. Wise has a bullet wound in the left leg and is in the west branch of Grace hospital. Daniel was a passenger on the interurban and is reported to have been put off the car by Wise during an argument.

Talking Across the Atlantic.

London.—The human voice has spanned the Atlantic. After many months of preliminary experiments in long distance wireless telephony, a Marconi engineer set in a British wireless hut at Clifden, Ireland, and talked to Grace bay, Nova Scotia. The voices carried strong and clear from the moment communication was established. "Our experiment was a complete success," Manager Bradfield, of the Marconi company, said. "Transmission was absolutely instantaneous."

HUNGARY REFUSES ENTENTE'S DEMAND

HUNGARIANS SAY ACQUISITION
OF SHIPS WOULD END
DANUBE TRAFFIC.

RAZE FORTS 50 MILES OF RHINE

President Wilson, Lloyd George and Premier Clemenceau Discuss Rhine Lands.

Paris.—The Hungarian government has refused to obey the Entente's demand for the surrender of merchant shipping, according to a Budapest dispatch to the Journal Des Debats. The Hungarians take the ground that acquisition would mean the end of Danube traffic.

Must Raze Forts.

London.—Strict safeguards for disarmament of Germany are announced by Paris correspondents of the Times and Daily Mail. They state that discussion of this question is practically ended with the exception of some points which do not affect the military or naval strength.

The clauses regarding fortifications provide for the destruction of all fortified works, fortresses and field fortifications within 50 miles of the Rhine, and construction of fortifications is forbidden in this area.

On the southern and eastern frontiers Germany will be allowed to maintain her fortifications in the existing condition.

Frown on Buffer States.

Paris.—Reparation and the disposition of German territory on the left bank of the Rhine were discussed by the "big three"—President Wilson, Premier Clemenceau and President Lloyd George.

It is understood that the plan for creation of Rhenish republic as a buffer state has been abandoned, at least temporarily. An effort is being made to find some other solution—one that will completely safeguard France's eastern frontier and at the same time will not be the subject of concentrated opposition from Germany.

The reparation problem has become a serious one in view of the development of utterly conflicting views of the members of the reparation committee. Therefore, all matters must be settled by the "big three," who are completely in the saddle as a steering committee.

CANADA MAY TAKE G. T. LINES

People Tired of Handing Out Money to Privately Owned Railroad.

Ottawa.—It is not improbable in the very near future the Grand Trunk railway system will be owned by the people of Canada. Sir Thomas White informed parliament that he had told the Grand Trunk people he would not supply any more money because the people would no longer support a government which was handing out \$7,000,000 or \$8,000,000 a year to a privately owned railway.

He said an impasse had been reached and the situation had to be cleaned up. The government did not want to deal harshly with the Grand Trunk railway, nor was it eager to exact its pound of flesh.

"But we don't intend to negotiate for the acquisition of the system on any basis in which prospective earnings are to be capitalized and the liabilities of the Grand Trunk in respect of the Grand Trunk Pacific are ignored."

WILHELM RECEIVES DEATHNOTES

Double Guard On Duty and All Carry Loaded Rifles For Any Emergency.

Amerongen.—There was a state of extreme alertness around the Von Bentinck castle in consequence of the receipt by the German former emperor that two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of menacing peril.

All the Dutch gendarmes watching over the former emperor's welfare were kept on duty. Instead of half their number being allowed their accustomed rest.

All the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood, were constantly patrolled by armed guards, while even outside the walls of the castle gendarmes were carrying loaded rifles.

One man was watching each of the four sides of the castle and other precautions were taken.

Japanese Convicted of Murder.

Towson, Md.—Dr. Norbu Ishida, the Japanese alien, was found guilty of first degree murder for the killing of Dr. George B. Wolf, an associate, Chief Justice Brinkman, sentenced Dr. Ishida to life imprisonment. The conviction was made by Justice Burke and two associate judges of the circuit court, jury trial having been waived. Sanity of Dr. Ishida, who killed Dr. Wolf, December 31, last, at the Sheppard-Roth Pratt hospital, was the principal issue involved.

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

APT DESCRIPTION OF PASTOR

Child's Characterization Well Drawn, Though Possibly Not Flattering to the Good Man.

Little Caroline and her grandmother went to church one Sunday morning recently. It had been some time since the small lady had attended and things and faces were new and strange.

After returning home she sat in a quiet study.

"What are you thinking of, dear?" grandma asked.

"What was that fluffy man?" was the reply.

"What man, pet? I do not know which one you mean."

"That man, I mean," Caroline said with an indignant frown.

"I can't tell, dear, which one that is."

"Well," said little Caroline, evidently fully disgusted, "I mean the fluffy man that talks while we keep still."

The pastor happened to be a rather short, stout man with a good supply of hair and this was her unusual way of describing him.

Mean of Her.

Percy—I have one in this watch case that I think the most of in this world.

Peggy—Gracious! When did you have your picture taken, Percy?

Some Recommendation.

"Is he honest?"

"To the minutest item of his income tax statement."

HUNGARIANS JOIN RUSS ANARCHISTS

DISPATCH SAYS CZECHO-SLOVAK
GOVERNMENT IS TO ISSUE
MOBILIZATION ORDER.

RAISE ARMY OF 70,000 SECRETLY

New Hungarian Soviet Government Intends to Effect An Alliance With Russian Reds.

London.—The Budapest government is reported to be signing a proclamation acknowledging a state of war between Hungary and the Entente, says a dispatch to the Exchange Telegraph from Vienna. The dispatch adds that the Czecho-Slovak government is preparing to issue a mobilization order.

Copenhagen.—The new Hungarian government has proclaimed solidarity with the Russian soviet government and an armed alliance with the proletariat of Russia, according to a dispatch from Budapest.

A dispatch from Budapest gives the proclamation of the new Hungarian government.

How Proclamation Reads.

It reads as follows: "The proletariat of Hungary has taken all power in its own hands. By the decision of the Paris conference to occupy Hungary, the provisioning of revolutionary Hungary becomes utterly impossible. Under these circumstances the sole means open for the Hungarian government is a dictatorship of the proletariat."

"Legislative, executive and judicial authority will be exercised by a dictatorship of the workers, peasants and soldiers' councils. The revolutionary government council will begin forthwith work for the realization of communist socialism."

"The council decrees the socialization of large estates, mines, big industries, banks and transport lines, declares complete solidarity with the Russian soviet government and offers to contract an armed alliance with the proletariat of Russia."

Red Army on Way.

The new Hungarian soviet government intends to effect an alliance with the Russian bolsheviks, according to a telegram the Berlin correspondent of the Budapest Pest-Naplo says he has received from that city.

According to this telegram, three Russian envoys already in Budapest declare that a Russian red army is now on a line from Brody to Stanislaw and is advancing on Lemberg, approximately 75 miles distant. This army, the telegram continues, is expected to arrive in Budapest shortly.

In publishing the foregoing reports, the Tagblatt expresses the greatest skepticism, comparing them to similar reports frequently spread throughout Germany.

Army of 70,000 Is Formed.

The Berlin Lokal Anzeiger's Budapest correspondent says an army of 70,000 men has been formed secretly under the command of Major Georgy. The correspondent adds that the non-socialists and the rural populations are supporting the new government.

DETROIT RANKS 2ND IN EXPORTS

New York First With \$1,503,000,000
Detroit Next \$249,746,639 New Orleans \$246,544,806.

Washington.—Detroit was the second exporting port in the United States during the seven months ending with January last. This striking fact was brought out by the appearance of the Department of Commerce's monthly summary of trade, which has just been published with the data down to January.

Detroit's exports for the seven months ending January, 1919, were valued at \$249,746,639. The staple port with a larger total was New York which showed values above \$1,500,000,000, but Philadelphia had only \$243,544,806 and was fourth, New Orleans with \$246,544,806 being third.

Not only did Detroit rank next to the top in the total exports but its increase over the corresponding period of the previous year was even more remarkable. In total exports for the seven months ending January, 1918, were \$129,166,392, and they increased almost 100 per cent, for the year. No other large city had anything approaching the ratio of increase. In fact, both New York and Philadelphia registered a decline and the advance for New Orleans was less than \$80,000,000.

British Will Nationalize Railways.

London.—Premier Lloyd George indicated to J. H. Thomas, head of the Railway Men's union, at their conference in Paris, that the British government is prepared to nationalize the railways and that legislation looking to this end will be introduced in parliament at the earliest possible moment. Although the industrial situation remains grave there is some advance toward a settlement of the coal mine and railway disputes, the Daily Express says.

Warning as to Our Waning Vitality

(By LEE HERBERT SMITH, M. D.)
Every man should take stock of his physical condition just as frequently as he takes stock of his financial condition, thereby learning his weak spots and taking measures to repair them before it is too late.

In the winter or spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a tonic. One that will do the spring "house-cleaning," an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotic. This blood tonic, extracted from wild roots and barks, was first put out by Dr. Pierce in ready-to-use form and since then has been sold by the million bottles as Dr. Pierce's Golden Medical Discovery. It's always efficacious in the winter or spring when the blood is run down and you need a wholesome tonic. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of tablets.

Then to keep the liver and bowels regular and to carry away the poisons within, it is best to take castor oil or a vegetable pill, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets.

No Escape.

"Good morning, Mrs. Jagsby. We are peace delegates."

"Peace delegates?"

"Yassum. We were sent by Mr. Jagsby, who was unable to get home last night. He wants us to arrange the armistice terms and settle on the size of the indemnity he owes you."

"Umph! You tell Mr. Jagsby if he doesn't show up here in the next hour I'll come and get him. He's not in Holland!"—Birmingham Age-Herald.

BOSCHEE'S SYRUP

Why use ordinary cough remedies when Boschee's Syrup has been used so successfully for fifty-one years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles? It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease, helping the patient to regain his health. Made in America and sold for more than half a century.—Adv.

COULD NOT SLEEP

Mr. Schleussner in Misery From Kidney Complaint. Doan's Gave Complete Relief.

"Heavy work brought on my kidney complaint," says Mr. Schleussner, 6408 Suburban Ave., Westland, Mo. "One morning when I was shoeing a horse I was taken with a sudden pain in my back and fell flat on the floor. If I had been hit with a trip hammer I couldn't have suffered more. I stayed in the house for five weeks and the pain was wearing the life out of me. At times I couldn't get a wink of sleep because

GOOD-BYE BACKACHE, KIDNEY AND BLADDER TROUBLES

For centuries all over the world GOLD MEDAL Haaren Oil has afforded relief to thousands upon thousands of cases of lame back, lumbago, sciatica, rheumatism, gallstones, gravel and all other affections of the kidneys, liver, stomach, bladder and allied organs. It acts quickly. It does the work. It cleanses your kidneys and purifies the blood. It makes a new man, a new woman, of you. It frequently wards off attacks of the dread and fatal diseases of the kidneys. It often completely cures the distressing diseases of the organs of the body allied with the bladder and kidneys. Bloody or cloudy urine, sediment, or "brickdust" indicate an unhealthy condition.

Do not delay a minute if your back aches or you are sore across the loins or have difficulty when urinating. Go to your druggist at once and get a

box of imported GOLD MEDAL Haaren Oil Capsules. They are pleasant and easy to take. Each capsule contains about one dose of five drops. Take them just like you would any pill. Take a small swallow of water if you want to. They dissolve in the stomach, and the kidneys soak up the oil like a sponge does water. They thoroughly cleanse and wash out the bladder and kidneys and throw off the inflammation which is the cause of the trouble. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gallstones, gravel, "brickdust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs. Your druggist will cheerfully refund your money if you are not satisfied after a few days' use. Accept only the pure, original GOLD MEDAL Haaren Oil Capsules. None other genuine.—Adv.

Stock Raising in Western Canada

is as profitable as Grain Growing

In Western Canada Grain Growing is a profit maker. Raising Cattle, Sheep and Hogs brings certain success. It's easy to prosper where you can raise 20 to 45 lbs. of wheat to the acre and buy on easy terms.

Land at \$15 to \$30 Per Acre
—Good Grazing Land at Much Less.

Railway and Land Companies offer unusual inducements to homeseekers to settle in Western Canada and enjoy her prosperity. Loans made for the purchase of stock or other farming requirements can be had at low interest. The Governments of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta extend every encouragement to the farmer and ranchman. You can obtain excellent land at low prices on easy terms, and get high prices for your grain, cattle, sheep and hogs—low taxes (none on sheep), improvements, good markets and shipping facilities, free schools, churches, splendid climate and sure crops.

THEMES FOR THE NOVELIST HAD AIMED A LITTLE LOW

Good Material Might Be Found in the Personal "Ads" Inserted in London Times.

For the unique in advertising the columns of the London Times are almost unrivaled. What pictures might be conjured up by the following ad: "It is hoped that the late Colonel who, metaphorically speaking, sat on an unoffending subaltern in a West end tube train a day or two ago, has now discovered his mistake and makes peace with the third party."

And what possibilities for a present-day Dickens are contained in this: "Bank of England note received. We thank unknown friend, whose gift relieves much anxiety."

In lighter vein, but of serious purpose is the following: "Notice—If the pet goat left with me October last by Mrs. B. L. is not claimed within seven days, it will be sold to defray expenses."

And here is something that R. Phillips Oppenheim ought to look into: "Will the officer whose champagne glass was overturned at Cafe Royal Wednesday evening, January 22, communicate at Savoy hotel with gentleman whose card he has?"

The Great Art.
There is but one art—to omit! Oh, if I knew how to omit I would ask no other knowledge. A man who knew how to omit would make an "Hlad" of a daily paper.—Robert Louis Stevenson.

A man may be ignorant of the law, but the ignorance of his lawyer is always inexorable.

And many a bird fell asleep resting on his laurels.

Gunner's Error Probably the Only Thing That Saved Flock of Blackbirds From Annihilation.

A party of gentlemen at a hotel were telling stories one night recently of famous shots and how many quails, partridges, ducks and other birds had been killed at a single discharge. After listening to what seemed a wilful exaggeration by different narrators, a stranger who was present volunteered his experience of his only use of the fatal double-barreled gun as follows:

"I went into the field one day to try gunning. The only game I discovered was an immense flock of blackbirds. I should say there were 10,000 in the flock. Slowly I crawled up to them, and when not more than four rods away the birds rose in a solid mass. I fired both barrels, and how many do you think I killed?"

Diffident guesses were made by the party, ranging from 20 to 100.

"Not one," said the stranger, "but I went out with my brother to look for the results, and picked up four bushels of legs. I had shot a little under."

Mt. Clemens—The village of New Baltimore will have a recount to determine the result of the recent village election, that was determined when both contestants retained attorneys of this city to look after their interests. The election was conducted with only one ticket in the field, but at the last moment charges of extravagance against the old board of trustees sprang up and a poster was used to substitute a new ticket on the official ballot. The election board threw out all the posted ballots as illegal, and declared the regular ballot election.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wright's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wright's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

WITH FINGERS! CORN LIFT OUT

Freezone is magic! Corns and
calluses lift right off—
Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Real Happiness.

After reading a poem about a little boy who was so happy because there were lovely flowers, beautiful birds, blue sky and running brooks, eight-year-old William remarked:

"Those things would never make me happy, Miss Jones."

"Why, William," replied his teacher, "what would it take to make you happy?"

"Saturdays!" was the prompt reply.

DON'T DRUG-KIDNEYS RUB BACKACHE AWAY

Instant relief! Rub pain, soreness and stiffness from your back with
"St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is something penetrating "St. Jacobs Liniment." Rub it right on the aching or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and rub it up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.—Adv.

U.S. TO INVESTIGATE MEXICAN LAND DEAL

LAND DEAL TO SELL JAPANESE
SYNDICATE 800,000 ACRES
STARTS PROBE.

VIOLATION OF MONROE DOCTRINE

Japs Would Take Over Land For Colonization Purposes Says U. S.
Senator J. D. Phelan.

Washington.—Negotiations said to have been undertaken by the California and Mexican Land company to sell to a Japanese syndicate 800,000 acres of land in Mexico fronting upon the California border have been ordered investigated by the state department.

The information concerning the proposed deal which is in possession of the department indicates that the sale of the land would be a distinct violation of the Monroe doctrine.

It would also be in contravention of the Lodge resolution which the Senate adopted two years ago. This resolution, although it does not have the force of a statute, warns foreign governments against making purchases of land on this continent.

The facts in the case were sent to the state department from California by Senator James D. Phelan, who represented to the department that the deal was practically concluded and that the Japanese syndicate had been organized to take over the land for colonization purposes. The senator requested the state department to take immediate steps to prevent the deal from being consummated.

Acting Secretary Polk received Senator Phelan's protest and at once telegraphed to the senator that an investigation will be made at once. It was announced at the state department that the government will go to the bottom of the matter and will ascertain if there is any connection between the syndicate and the government of Japan.

It should be established that the Japanese government is in any way associated with the syndicate the duty of the United States in the matter would plainly be to register a formal protest through diplomatic channels against the acquisition of the land.

U. S. TROOPS KILL MEXICANS

Cavalry Chases Cattle Thieves Across Border and Return With Live Stock.

Marfa, Tex.—Troops of the Eighth United States cavalry, under Captain Kloefer, returned here from a pursuit across the border of Mexican bandits, bringing with them 25 cattle and two horses which had been driven from Mexico by raiders.

Capt. Kloefer reported that he had overtaken the Mexicans 18 miles south of Marfa and that five of them had been killed in the resulting skirmish. None of the Americans was hurt.

Two Mexicans were wounded in the fighting, making the casualties among the cattle thieves seven. Captain Kloefer reported to Colonel George T. Langhorne, commander of the district, that he recognized one of the thieves as Eugenio Garcia, a former Carranza captain in the vicinity of Ojinaga, opposite Presidio, Texas.

Major General Rosey C. Cabell, commander of the southern department, who was here to make an inspection of the Big Bend district, congratulated Captain Kloefer and his troops for their work in overtaking and defeating the Mexican thieves.

Some Oddities of the Winter

Friday, March 21st was the first day of spring—officially. Unofficially, spring has been enjoyed in this climate for some months. Here are a few weather oddities recorded during the "winter":

Spring rain Christmas eve.

Baseball and golf played almost every day during winter.

More automobiles used in Detroit the past winter than ever before.

Weatherman Conger reports that the thermometer failed to hit the zero mark.

People sat on benches in Grand Circus park in February and enjoyed it.

Navigation between Detroit and Cleveland opened March 10, the earliest in years.

One of the bears in the Belle Isle Zoo died because of the heat.

But few days of skating were experienced, and only one real snow storm, this recorded March 9.

Building Big Dirigibles.

London.—After successful trials of new British dirigibles of the rigid type of construction, the government, according to the Mail, has ordered the building of two enormous airships. Each will be 800 feet in length and will have a capacity of 3,000,000 cubic feet. They will be driven by six engines, which will generate a total of 1,500 horse power and, it is said, will have a lifting power of 80 tons, compared with 20 tons, the largest load carried by any airship hitherto.

HUNGARIAN CABINET HEAD RESIGNS AFTER DECISION TO OCCUPY HIS TERRITORY

COUNT MICHAEL KAROLYI.

The proclamation by Count Karolyi announcing the resignation of the Hungarian cabinet, of which he was the head, after referring to the decision of the peace conference at Paris to occupy Hungarian territory, says, according to a dispatch from Vienna.

"The Entente mission declared that it intends to regard the demarcation line as the political frontier. The aim of further occupation of the country is manifestly to make Hungary the jumping-off ground and the region of operations against the Russian soviet army which is fighting on our frontier. The land expropriated by us, however, is to be the prey of the Czech troops, by means of whom the Russian soviet army is to be overcome."

"As provisional president of the Hungarian people's republic, I turn against the Paris peace conference to the proletariat of the world for justice and support."

METHODIST DRIVE POSTPONED

Nation-Wide Organization For Big Financial Drive Drops Plans to Put "Victory Loan Over Top."

Methodism of America, temporarily, has dropped its plans for a great drive to raise \$120,000,000 for world reconstruction and rebuilding of the church to go to the aid of the government in putting the Victory Loan "over the top."

After a year of preparation the nationwide organization for the big financial drive has been completed down to the minutest detail. There is not a Methodist church in the whole country which has not been ready for weeks to start at full speed for its quota as soon as the signal was given. The drive was to have opened on April 1 and to have extended for one week.

Announcement has just been made that the time has been postponed until the week of May 19 so that the drive could in no way interfere with the Victory Loan. Secretary of the Treasury Glass was offered the complete Methodist Missionary Centenary organization by the Centenary national leaders. He accepted the offer eagerly.

In every Methodist church in America now team captains and other organizers now are at work giving instructions for the sale of bonds. The workers of the organization have accepted the task assigned them of aiding in putting the Victory Loan through and are busy in their preparations for the drive.

The Victory Loan campaign is expected to be finished May 15. Although this will give only four days before the Centenary financial campaign starts leaders of the church say that will be ample time.

The Centenary organization is so thoroughly organized, church leaders say that it will be able to drop the Victory Loan drive and take up the Centenary drive without a hitch and without any necessity for further organization work.

DANIELS SHOTS CONDUCTOR

Following Argument On Ann Arbor-Detroit Interurban Line.

Detroit.—Charles Daniel, Wayne county game warden, shot Roy Wise, 25 years old, a conductor on the Ann Arbor-Detroit Interurban line, with whom Daniel is said to have quarreled.

Wise has a bullet wound in the left leg and is in the west branch of Grace hospital. Daniel was a passenger on the interurban and is reported to have been put off the car by Wise during an argument.

Talking Across the Atlantic.

London.—The human voice has spanned the Atlantic. After many months of preliminary experiments in long distance wireless telephony, a Marconi engineer sat in a British wireless hut at Clifden, Ireland, and talked to Grace bay, Nova Scotia. The voice carried strong and clear from the moment communication was established. "Our experiment was a complete success," Manager Bradfield, of the Marconi company, said. "Transmission was absolutely instantaneous."

HUNGARY REFUSES ENTENTE'S DEMAND

HUNGARIANS SAY ACQUISITION
OF SHIPS WOULD END
DANUBE TRAFFIC.

RAZE FORTS 50 MILES OF RHINE

President Wilson, Lloyd George and Premier Clemenceau Discuss Rhine Lands.

Paris.—The Hungarian government has refused to obey the Entente's demand for the surrender of merchant shipping, according to a Budapest dispatch to the Journal Des Debats. The Hungarians take the ground that acquisition would mean the end of Danube traffic.

Must Raze Forts.

London.—Strict safeguards for disarmament of Germany are announced by Paris correspondents of the Times and Daily Mail. They state that discussion of this question is practically ended with the exception of some points which do not affect the military or naval strength.

The clauses regarding fortifications provide for the destruction of all fortified works, fortresses and field fortifications within 50 miles of the Rhine, and construction of fortifications is forbidden in this area.

On the southern and eastern frontiers Germany will be allowed to maintain her fortifications in the existing condition.

Frown on Buffer States.

Paris.—Reparation and the disposition of German territory on the left bank of the Rhine were discussed by the "big three"—President Wilson, Premier Clemenceau and Premier Lloyd George.

It is understood that the plan for creation of Rhenish republic as a buffer state has been abandoned, at least temporarily. An effort is being made to find some other solution—one that will completely safeguard France's eastern frontier and at the same time will not be the subject of concentrated opposition from Germany.

The reparation problem has become a serious one in view of the development of utterly conflicting views of the members of the reparation committee. Therefore, all matters must be settled by the "big three," who are completely in the saddle as a steering committee.

CANADA MAY TAKE G. T. LINES

People Tired of Handing Out Money to Privately Owned Railroad.

Ottawa.—It is not improbable in the very near future the Grand Trunk railway system will be owned by the people of Canada. Sir Thomas White informed parliament that he had told the Grand Trunk people he would not supply any more money because the people would no longer support a government which was handing out \$7,000,000 or \$8,000,000 a year to a privately owned railway.

He said an impasse had been reached and the situation had to be cleaned up. The government did not want to deal harshly with the Grand Trunk railway, nor was it eager to exact its pound of flesh.

"But we don't intend to negotiate for the acquisition of the system on any basis in which prospective earnings are to be capitalized and the liabilities of the Grand Trunk in respect of the Grand Trunk Pacific are ignored."

WILHELM RECEIVES DEATHNOTES

Double Guard On Duty and All Carry Loaded Rifles For Any Emergency.

Amerongen.—There was a state of extreme alertness around the Von Bentinck castle in consequence of the receipt by the German former emperor that two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of menacing peril.

All the Dutch gendarmes watching over the former emperor's welfare were kept on duty, instead of half their number being allowed their accustomed rest.

All the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood, were constantly patrolled by armed guards, while even outside the walls of the castle gendarmes were carrying loaded rifles.

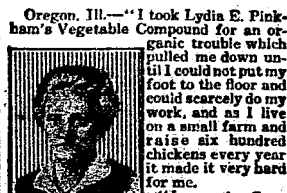

One man was watching each of the four sides of the castle and other precautions were taken.

Japanese Convicted of Murder.

Towson, Md.—Dr. Norbu Ishida, the Japanese alienist, was found guilty of first degree murder for the killing of Dr. George B. Wolf, an associate. Chief Justice Burke, sentenced Dr. Ishida to life imprisonment. The conviction was made by Justice Burke and two associate Judges of the circuit court, jury trial having been waived. Sanity of Dr. Ishida, who killed Dr. Wolf, December 31, last, at the Sheppard-Enoch Pratt hospital, was the principal issue involved.

APT DESCRIPTION OF PASTOR

Child's Characterization Well Drawn, Though Possibly Not Flattering to the Good Man.

Little Caroline and her grandmother went to church one Sunday morning recently. It had been some time since the small lady had attended and things and faces were new and strange.

After returning home she sat in a quiet study.

"What are you thinking of, dear?" grandmother asked.

"What was that fluffy man?" was the reply.

"What man, per? I do not know which one you mean."

"That man, I mean," Caroline said with an indignant frown.

"I can't tell, dear, which one that is."

"Well," said little Caroline, evidently fully disgusted, "I mean the fluffy man that talks while we keep still."

The pastor happened to be a rather short, stout man with a good supply of hair and this was her unusual way of describing him.

DISPATCH SAYS CZECHO-SLOVAK
GOVERNMENT IS TO ISSUE
MOBILIZATION ORDER.

RAISE ARMY OF 70,000 SECRETLY

New Hungarian Soviet Government Intends to Effect An Alliance With Russian Reds.

London.—The Budapest government is reported to be signing a proclamation acknowledging a state of war between Hungary and the Entente, says a dispatch to the Exchange Telegraph from Vienna. The dispatch adds that the Czechoslovak government is preparing to issue a mobilization order.

Copenhagen.—The new Hungarian government has proclaimed solidarity with the Russian soviet government and an armed alliance with the proletariat of Russia, according to a dispatch from Budapest.

A dispatch from Budapest gives the proclamation of the new Hungarian government.

How Proclamation Reads.

It reads as follows: "The proletariat of Hungary has taken all power in its own hands. By the decision of the Paris conference to occupy Hungary, the provisioning of revolutionary Hungary becomes utterly impossible. Under these circumstances the sole means open for the Hungarian government is a dictatorship of the proletariat."

"Legislative, executive and judicial authority will be exercised by a dictatorship of the workers, peasants and soldiers' councils. The revolutionary government council will begin forthwith work for the realization of communist socialism."

"The council decrees the socialization of large estates, mines, big industries, banks and transport lines, declares complete solidarity with the Russian soviet government and offers to contract an armed alliance with the proletariat of Russia."

Red Army on Way.

The new Hungarian soviet government intends to effect an alliance with the Russian bolsheviks, according to a telegram the Berlin correspondent of the Budapest Pest-Naplo says he has received from that city.

According to this telegram, three Russian envoys already in Budapest declare that a Russian red army is now on a line from Brody to Stanislaw and is advancing on Lemberg, approximately 75 miles distant. This army, the telegram continues, is expected to arrive in Budapest shortly.

In publishing the foregoing reports, the Tagessblatt expresses the greatest skepticism, comparing them to similar reports frequently spread throughout Germany.

Army of 70,000 Is Formed.

The Berlin Lokal Anzeiger's Budapest correspondent says an army of 70,000 men has been formed secretly under the command of Major Georgy. The correspondent adds that the non-socialists and the rural populations are supporting the new government.

DETROIT RANKS 2ND IN EXPORTS

New York First With \$1,502,000,000
Detroit Next \$249,746,639 New Orleans \$246,544,806.

Washington.—Detroit was the second exporting port in the United States during the seven months ending with January last. This striking fact was brought out by the appearance of the Department of Commerce's monthly summary of trade, which has just been published with the data down to January.

Detroit's exports for the seven months ending January, 1919, were valued at \$249,746,639. The single port with a larger total was New York which showed values above \$1,500,000,000, but Philadelphia had only \$243,544,806 and was fourth, New Orleans with \$246,544,806 being third.

Not only did Detroit rank next to the top in the total exports but its increase over the corresponding period of the previous year was even more remarkable. In total exports for the seven months ending January, 1918, were \$129,166,392, and they increased almost 100 per cent, for the year. No other large city had anything approaching the ratio of increase. In fact, both New York and Philadelphia registered a decline and the advance for New Orleans was less than \$80,000,000.

British Will Nationalize Railways.

London.—Premier Lloyd George indicated to J. H. Thomas, head of the Railway Men's union, at their conference in Paris, that the British government is prepared to nationalize the railways and that legislation looking to this end will be introduced in parliament at the earliest possible moment. Although the industrial situation remains grave there is some advance toward a settlement of the coal strike and railway disputes, the Daily Express says.

Warning as to Our Waning Vitality

(By LEE HERBERT SMITH, M. D.)
Every man should take stock of his physical condition just as frequently as he takes stock of his financial condition, thereby learning his weak spots and taking measures to repair them before it is too late.

In the winter or spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a tonic. One that will do the spring "house-cleaning," an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotic. This blood tonic, extracted from wild roots and barks, was first put out by Dr. Pierce in ready-to-use form and since then has been sold by the million bottles as Dr. Pierce's Golden Medical Discovery. It's always efficacious in the winter or spring when the blood is run down and you need a wholesome tonic. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of tablets.

Then to keep the liver and bowels regular and to carry away the poisons within, it is best to take castor oil or a vegetable pill, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets.

No Escape.

"Good morning, Mrs. Jagshy. We are peace delegates."

"Peace delegates?"

"Yassum. We were sent by Mr. Jagshy, who was unable to get home last night. He wants us to arrange the armistice terms and settle on the size of the indemnity he owes you."

"Umph! You tell Mr. Jagshy if he doesn't show up here in the next hour I'll come and get him. He's not in Holland!"—Birmingham Age-Herald.

BOSCHEE'S SYRUP

Why use ordinary cough remedies when Boschee's Syrup has been used so successfully for fifty-one years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles? It gives the patient a good night's rest, free from coughing, with easy expectation in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease, helping the patient to regain his health

GOOD-BYE BACKACHE, KIDNEY AND BLADDER TROUBLES

For centuries all over the world GOLD MEDAL Haaren Oil has afforded relief in thousands upon thousands of cases of lame back, lumbago, sciatica, rheumatism, gallstones, gravel and all other affections of the kidneys, liver, stomach, bladder and allied organs. It acts quickly. It does the work. It cleanses your kidneys and purifies the blood. It makes a new man, a new woman, of you. It frequently wards off attacks of the dread and fatal diseases of the kidneys. It often completely cures the distressing diseases of the organs of the body allied with the bladder and kidneys. Moody or cloudy urine, sediment, or "brickdust" indicate an unhealthy condition.

Do not delay a minute if your back aches or you are sore across the loins or have difficulty when urinating. Go to your druggist at once and get a

box of imported GOLD MEDAL Haaren Oil Capsules. They are pleasant and easy to take. Each capsule contains about one dose of five drops. Take them just like you would any pill. Take a small swallow of water if you want to. They dissolve in the stomach, and the kidneys soak up the oil like a sponge does water. They thoroughly cleanse and wash out the bladder and kidneys and throw off the inflammation which is the cause of the trouble. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gallstones, gravel, "brickdust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs. Your druggist will cheerfully refund your money if you are not satisfied after a few days' use. Accept only the pure, original GOLD MEDAL Haaren Oil Capsules. None other genuine.—Adv.

THEMES FOR THE NOVELIST

Good Material Might Be Found in the Personal "Ads" Inserted in London Times.

For the unique in advertising the columns of the London Times are almost unrivaled. What pictures might be conjured up by the following ad:

"It is hoped that the late colonel who, metaphorically speaking, sat on an unoffending sofa in a West end tube train a day or two ago, has now discovered his mistake and makes peace with the third party."

And what possibilities for a present-day Dickens are contained in this: "Bank of England note received. We thank unknown friend, whose gift relieves much anxiety."

In lighter vein, but of serious purpose, is the following: "Notice—If the pet goat left with me October last by Mrs. B. L. is not claimed within seven days, it will be sold to defray expenses."

And here is something that E. Phillips Oppenheim ought to look into: "Will the officer whose champagne glass was overturned at Cafe Royal Wednesday evening, January 22, communicate at Savoy hotel with gentleman whose card he has?"

Deas, who has just asked for a 10-year option on the field. The Chicago schools plan on sending 3,000 youths to this city to train during the summer.

Muskegon—Confronted with an Italian vendetta mystery, the police are seeking the man who attempted to slay Frank Bernadino, a foundry worker here with a slittet and then escaped. Bernadino was plaintiff in an action for damages brought recently against a countryman who bit off his ear in what was claimed was a friendly scuffle.

Grand Rapids—Lieut. Richard Zoet, defeated at the polls for a place on the city commission, has instituted legal proceedings to gain the seat. Lieut. Zoet charges that his opponent, Dr. John McColl, was illegally elected as he was a member of the board of library commissioners when his petitions were filed. Lieut. Zoet claims this is a violation of the city charter.

Grand Rapids—Methodist centenary leaders announced in Grand Rapids that the centenary financial drive for \$120,000,000 which was scheduled for the first week in May, has been postponed until the latter part of May at the request of the government. Federal officials asked that the drive be postponed until after the Victory Liberty loan campaign. The Methodist officials have offered the nation-wide church machinery to the government for the drive.

Mt. Clemens—Discharge of all men at Selfridge field except 65 who will remain on guard duty until relieved by 100 civilians, was ordered by the war department. They will be released before April 1, and the civilian force, who will come under jurisdiction of the civil service commission, will assume charge before the guard force of 65 is released. This action is necessary, according to Captain R. Stone, acting adjutant, because of the failure of congress to make provision for the civil service, and it will have an effect on the permanency of the field.

Aiblon—Of the five election inspectors in each precinct in Aiblon, two will be women.

Port Huron—The Port Huron Automobile Club has been organized and 300 members are expected to enroll.

Kalamazoo—A report of the sales at the municipal fuel yard shows 2,111 tons of coal and 225 cords of wood were disposed of since November to 3,954 purchasers.

Aiblon—H. F. Tuchtenbagen, who has conducted a local blacksmith shop here for 22 years, has announced his intention of quitting the anvil and seeking a location for a garage.

Kalamazoo—Fire, causing a loss of \$125,000, destroyed the barns and equipment of the Kalamazoo Taxi & Bus Co., and the William Phillips Livery Co. Thirty-one horses were burned to death.

Port Huron—A record book for entering discharges of soldiers and sailors has been received by the county clerk. The book has an honor roll for men killed in action or dying from other causes.

Bad Axe—James Braikenberry has been elected president of the Bad Axe Co-operative Live Stock Association, which has membership of 50. The association shipped \$16,000 worth of live stock last year.

Owosso—Resolutions indorsing the Good Roads amendment and condemning the wine and beer amendment were adopted at the annual meeting here of the Shiawassee Association of Farmers' Clubs.

East Lansing—Clergymen in the country pulpits of Michigan will join this summer in mapping out a program for bolstering up rural churches. The country ministers will meet at East Lansing, July 7 to 13.

South Haven—Ensign Charles Snyder, one of the first South Haven men to enlist in the Navy, died in Paris three days before he was to have sailed for home. He was commander of an American submarine chaser.

Paw Paw—A general advance in salaries of teachers was voted by the school board. A minimum of \$900 for high school instructors and of \$700 for grade teachers was provided. The superintendent is to receive \$2,000 and the principal \$1,600.

Cheboygan—George Langdon, prominent restaurant man and former fire chief, was seriously injured when a ton of frozen sawdust and ice fell on him while he was mining sawdust from the sawdust mountain for packing ice. Five ribs were broken.

Adrian—H. D. Hemmenway, of Washington, representing the National War Garden Commission, making a tour of the Middle West, has arrived in Adrian to launch a campaign to encourage Lenawee people to continue and extend their war garden activities.

Muskegon—On the pretext that her husband was going to buy a house, a stranger secured the Liberty bond of Mrs. William Priebe, of this city. "The stranger told Mrs. Priebe that her husband had sent him for the bond as he wanted to purchase a Lakeside house."

Kalamazoo—George Domine, arraigned on a charge of abducting 15-year-old Cornelia Vanderberg, waived examination and was bound over to the Circuit Court for trial. He declared he married the girl out of sympathy for her after she said her home life was unhappy.

Kalamazoo—Former President William Howard Taft, will make an address here Tuesday evening, April 1, on the league of nations. He was to have appeared here March 4, but the engagement was postponed so he could speak from the same platform with President Wilson in New York.

Ann Arbor—An alumni organization for the medical college of the University of Michigan was formed by the 52 graduating seniors. Officers elected to serve the first year are: Dr. Horace W. Porter, White Haven, Pa., president; Dr. Theophile Raphael, Ann Arbor, vice-president; and Dr. Henry Moes, Zeeland, Mich., secretary. Dr. James Van Zwalerwenberg was made faculty adviser. Each member of the 1919 class was made a charter member of the association and of the extension committee to enlist all of the alumni.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Weyth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

Lessens Life's Beauty.
The failure to express what we feel of love and admiration, and the expression of feeling due to impotence, not of the spirit, but to overtaxed nerves, are causes of the loss of much that helps to make life beautiful.—The Outlook.

Catarhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the System. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists & Co. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Soon after the card was picked up by his sister Miss Agnes Gorman, who happened to be crossing the M. C. tracks at North Main street, a rather unusual occurrence.

Forgot What He Needed.

From the Republican, Mt. Gilead, Ohio: The editor had an interesting experience some time ago, when a young man came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it that you were looking for," we then inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except Chamberlain's. I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers. Adv.
