

CHELSEA HIGH SECOND IN BASKETBALL SERIES

Make Remarkable Showing in Inter-scholastic Tournament at Mich. Agri. College.

Chelsea high school basketball team won glory for both itself and the school it represented at the basketball tournament at Michigan Agricultural college, East Lansing, Friday and Saturday, winning second place in the Class B series of games. Cadillac won first place.

Thirtyone teams, representing high schools of Michigan having an enrollment of 400 or less, competed for the championship in this class. Chelsea met her Waterloo, so far as first place, in the third game of the series when the strong Cadillac team defeated her on Friday evening. The boys put up a game fight in this contest, but were not playing up to their usual form and did not seem to be able to find the baskets. The Cadillac quintet is a strong aggregation and were picked for the winners of the tournament from the start.

Chelsea Wins Five Games. However, the Chelsea boys, by defeating Marshall 21 to 20, and Niles 16 to 4 in preceding games qualified for the consolation series, which was played on Saturday. They were pitted against Nordstrom high of Detroit for the first game of the series,

but Nordstrom did not enter the consolation series and so Chelsea won by default. The next game was with Charlotte, who had also suffered defeat at the hands of Cadillac. The Chelsea lads romped away with this game, 20 to 8. Their last game was with St. Mary's, who had defeated Grand Haven earlier in the series. This was a hard fought battle, but Chelsea led throughout and won 20 to 16.

Given Silver Trophies.

As winner of the consolation series, the team was awarded a silver shield, and each member of the team received a silver basketball, appropriately engraved.

The boys have had an unusually successful season and deserve much praise for their persistent efforts and were highly commended at both the Ypsilanti and the M. A. C. tournaments for their clean playing and sportsmanlike conduct, both off and on the courts.

The severe grilling which a team must undergo in these tournaments shows very forcibly what training will do for boys in the way of making them physically fit. No boy could stand the strain unless he was hard and kept himself in good physical condition. It means something to be a member of the second best basketball team in your class in the whole state, especially when competing against 30 other teams, mostly from much larger towns than Chelsea.

Chasing the Snakes Out of America

INTERURBAN CAR WRECKS AUTOMOBILE

Occupants of Dodge Car Fortunately Escaped With Only Bruises in Accident Sunday.

A Dodge car, driven by Harlow Munsell of Gregory, was struck and badly damaged by a Detroit, Chicago & Jackson electric interurban car Sunday afternoon, on the South Main street crossing. Mr. Munsell and his companion, Miss Embury of Lyndon township, escaped with severe bruises and shock.

Mr. Munsell was driving south on Main street at the time of the accident. One electric car had just left the station, eastbound, and was closely followed by a second section, which Mr. Munsell failed to note until he was nearly on the crossing. He swung his car to the east, in the same direction as the electric car was travelling so that his machine was struck only a glancing blow at its forward end.

The electric car was slowing down for the regular station stop and so the damage was not so great as it otherwise might have been, and no one was seriously injured.

The forward end of the automobile, including the frame, radiator and a part of the motor casing, was badly damaged.

This crossing is protected by a bell and a "wig-wag" signal, but in view of the frequent accidents at that point they do not seem to be effective warnings and there is a growing belief in Chelsea that crossing gates are needed at the South Main street crossing.

FIVE INTERESTING PAPERS.

Important Agricultural Subjects Will Be Discussed in Ann Arbor.

The agricultural section of the Michigan Academy of Science will meet Thursday afternoon at three o'clock in room G437 of the National Science Building of the University. An interesting program has been arranged by the Chairman, Professor Spragg of the Michigan Agricultural college. Professor Spragg will give an illustrated lecture at which time he will show the method of carrying on the plant breeding work at the Michigan Experiment station at East Lansing. Professor Spragg is the man who found and developed rosen rye and red rock wheat, for which Michigan farms are famous.

J. W. Nickelson, secretary of the Michigan Crop Improvement association, will read a paper on the work of that association; H. S. Osler, Washenaw county agricultural agent, will read a paper on the origin and development of rosen rye and red rock wheat; Professor Burgess of M. A. C. will read a paper upon "The Elements of Higher Fecundity;" Professor E. E. Gallup of M. A. C. will discuss "The Farmer and His Education."

MORE FISH FRY COMING.

The following letter, received this morning from Mr. Seymour Bower, secretary of the Michigan Fish commission, by Mr. A. K. Collins, secretary of the Chelsea Fishing club, is encouraging to local fishing enthusiasts:

"Your recent favor has been forwarded to this office from Lansing, also the clipping from the Tribune relative to the organization of a fishing club of 'live ones' in your town.

"We will be pleased to co-operate with you and to supply suitable fish for stocking the lakes of your section to the extent that our output will permit. It is quite probable that we have already received and acknowledged applications for some of the lakes in which your club is interested. We suggest, therefore, that you send us a

list of the lakes in your vicinity that are in special need of attention in the way of planting, giving township in which each lake is located. This will enable us to check up and send you application blanks, and thus avoid duplications for which deliveries are already booked for this season."

SHAVEN-SHAVER.

Mrs. Martha Shaver and Mr. Frank Shaver, both well known residents of Chelsea, were quietly married Friday evening, March 28, 1919, at the home of the bride's sister, Mrs. G. W. Mills, pastor of the Chelsea Congregational church, was the officiating minister. Mr. and Mrs. Shaver will reside in Chelsea.

NOTED BOYS' WORKER

Will Be "Pep" Speaker at Older Boys' Conference, April 25 and 26.

Those who knew the University of Michigan in the years of 1907, '08, '09 and '10 will remember "Fred" Lawton who will speak here at the opening banquet of the Washtenaw County Older Boys' conference, April 25 and 26.

"Fred" says he would rather talk to boys than eat, and that is saying a great deal, for a man who has "Fred's" physique and who has played on the U. of M. football team has some capacity. He has the build of a boys' hero, and his striking personality wins boys to him. As a speaker to older boys, Detroit has none better.

Mr. Lawton played the game on the Varsity team two years. He also had time to write three Michigan operas, and is the author of the fighting football song, "Varsity," that thrills every football enthusiast who hears the old Michigan band play it. Even back in his Central high school days in Detroit, "Fred" was a star on the football field, garnering four "Cs" in as many seasons.

He did not stop "playing the game" with his graduation from the U. of M. in 1911. He became Chief Probation Officer in the Detroit Juvenile court under Judge Harry S. Hurlburt. Here he became the "big brother" of several hundred unfortunate boys who were brought before the court for crime and delinquency. These boys will never forget what "Fred" did for them.

"Pep" is his second name. He was "pep" leader for the Detroit Liberty Loan and War drives. He is famous for his imitations of "Hurricane" Yost and his remarkable stories of football and athletics. Now he is the General Agent for Michigan of the Connecticut Mutual Life Insurance Co. and puts the same drive into his new work.

Every boy in Washtenaw county would be better for hearing J. Fred Lawton at the Older Boys' conference in Chelsea, April 25 and 26. Boys of high school, or 15 years of age, are eligible to attend.

It will be two days of inspiration and good fellowship under the leadership of big men who have made good.

GONE BUT NOT FORGOTTEN.

"Are caterpillars good to eat?" asked little Tommy at the dinner table.

"No," said his father: "what makes you ask a question like that when we are eating?"

"You had one on your lettuce, but it's gone now," replied Tommy.

PYTHIAN SISTERS.

Regular meeting of Chelsea Temple No. 117 Pythian Sisters will be held Friday evening, April 4th. Initiation, followed by refreshments. All members are requested to be present. Martha E. Shaver, M. of R. & C.

WARNER INSANE SAY THREE PHYSICIANS

Slayer of Lodi School Teacher Will Be Confined in Asylum for Mentally Incompetent.

Robert Warner, the Jackson lad who Thursday morning shot and fatally wounded Irma (Perkins) Casier, the little Lodi school teacher, was this morning committed to an asylum for the mentally incompetent.

Yesterday the three physicians, Dr. H. H. Cummings, Dr. Theophile Klingman and Dr. John Wessinger appointed by the court on Saturday to inquire into Warner's sanity, filed their findings with the circuit court. They had two long sessions with the murderer, and were collectively of the opinion that the lad is suffering from progressive insanity, and that to leave him at large would be a danger to the general public.

NEIGHBORHOOD ITEMS

Brevities of Interest From Nearby Towns and Localities.

PINCKNEY—M. J. Roche of Anderson, who volunteered some time ago for overseas service with the Knights of Columbus, has been notified of his appointment as secretary, and he will leave soon for France.—Dispatch.

MILAN—The special election in Milan last Friday to vote on bonding for \$25,000 to pave Wabash street to the village limits on the south, resulted in somewhat of a surprise. A total of 437 votes were cast, only 15 voting against the improvement.

MILAN—The Lamkin Allen Co. are making some changes in their plant and preparing their ice equipment for taking care of the trade in Milan and vicinity during the coming season. Changes are being made so that the big Corliss engine and dynamo, formerly used in the electric lighting plant, will be brought into operation and drive the brine compressor at a greater speed.—Leader.

SIGHT SEEING TRIP "OVERSEES"

Speaking of the recent appointment of an Anderson man to a field secretaryship with the K. of C., the Pinckney Dispatch says: "He volunteered some time ago for overseas service." Unintentionally, and without malice, the Dispatch man probably hit pretty nearly the truth, for we've an idea that with so many of the boys coming home, etc., it will be more of a sight-seeing trip for the new appointee than one of necessity or of real service.

MESERVA & DICKENSON

Phone 93 Rear 431 West Middle Street

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weakness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haaslem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haaslem Oil Capsules. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

This Is Orange Blossom Time in Florida

And it's a good time to leave the Frozen North for a short winter vacation.

Come on down to Lake Alfred and see one of the most beautiful sights imaginable—thousands of acres of Orange and Grapefruit Trees in full bloom, scenting the air for miles around.

We have a few planted small groves, but fine, not yet taken, but you cannot buy an acre until you have first seen the property. You had better hurry, for these are choice and will be sold soon.

After carefully investigating what others have done in our vicinity, under exactly similar conditions, and you have satisfied yourself that our claim that a Six or Seven-Year-Old Grove on a conservative estimate, will produce from \$200 to \$250 per acre Net, you can buy with perfect safety.

If you say, "your trip costs you nothing, as we refund traveling expense to purchasers."

Our groves at Lake Alfred are right on the Main Line of the Atlantic Coast Railroad, in the heart of the High-Land-Lake Section, the highest, safest citrus section of Florida, with Sixty Lakes within a Five-Mile radius. Good asphalt and brick roads, schools, etc.

Prices fair, values big, reasonable terms.

Send for our illustrated booklet, read it carefully, and then visit Lake Alfred personally.

S. E. THORPE, Northern Sales Manager, Florida Fruitlands Company, 45 East 42nd Street, New York City.

STREETS WITH ODD PAVING

Few Civilized Towns Would Care to Duplicate Thoroughfare Known to Exist in Africa.

Paris, we are told, is to be paved with glass, and this has been referred to as if it were quite unknown. However, this is not so, for Lyons already has the Rue de la République, with its glass pavements laid in blocks 8 inches square, so closely fitted that water cannot pass through them.

But streets of glass are not by any means the most curious streets in the world. There is a street in Gwandu, Africa, which is a veritable place of skulls. The town, oval in shape, has round it a ring of poles, every one of which is crowned with a human skull. There are six gates to the town, and every one of them is approached by a pavement of skulls, of which something like 12,000 were used. The pavement is snowy white.

Philadelphia has a street made with compressed grass, and the experiment promised so well after a year that there may soon be many companion streets of grass.

Good Advice.
"I am tired of always being the goat." "Then why don't you stop being in?"

Be sure you are right—but don't be too sure that everybody else is wrong.

KEEP FINGERS FROM MOUTH

Many Cases of Infection Proved to Be Due to This Habit, Altogether Too Common.

"When I became a man I put away childish things."

Not always, and hence the aphorism, "Men are but children of a larger growth."

One of the first acts of civilization is when the child puts its hands, or anything it can get hold of to its mouth. In spite of reason, this instinct continues strong through life. If saliva were a bright green color we would be kept busy washing our hands. Most bacterial diseases are now believed to be contracted through the mouth, with food or otherwise. As a matter of fact most of us carry our fingers to our mouth or nose many times a day and in so doing transmit to ourselves diseases that others have spread about. Beginning with instinct it has become a habit. Further comment seems superfluous.—George H. Glover, Colorado Agricultural College, Fort Collins, Colorado.

Correct.
Mikam—How old he build up his fortune?
Bills—Knocking down.

You have to give some men a sound thrashing before you can command their respect.

Pretty School Teacher Murdered.

Ann Arbor—Robert Warner, 19 years old, of Jackson, a soldier who received his discharge at Camp Custer Feb. 3, is held in the Washtenaw County jail here, on a charge of attempted homicide in the case of Erma Klaster, of Mason, a pretty school teacher at Saline. It is said they were sweethearts. The teacher was found by a girl pupil on the floor of her little school house in Lodi Township with her throat cut, four bullets in her head and one in her arm, causing death.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merits and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Garden Dangers.

Bobby was enjoying the roses in grandmother's garden. All went well until he chanced to poke his wee freckled nose deep into the heart of a blossom which sheltered a great buzzing bee. With a howl of terror Bobby fled to his grandmother's skirts. When his sobbings were quieted he explained:

"Them are very wild roses in your garden, grandmother. One of them got-reviled at me dreadfully."—Woman's Home Companion.

Important to Mothers.

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it

Bears the Signature of *Dr. J. C. Fitch* In Use for Over 30 Years. Children Cry for Fitch's Castoria

Cave Culture.

The Professor of Anthropology—The intelligence of the cave man was but little above that of the lower animals.

The Sophomore—Then where did they get all those scientific names for their animals, like pleistocaurus, and such.

Watch Cuticura Improve Your Skin. On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. It is wonderful sometimes what Cuticura will do for poor complexioned, dandruff, itching and red rough hands.—Adv.

The man who knows nothing and wants nothing ought to be comparatively happy.

Headaches, Bilious Attacks, Indigestion, are cured by taking May Apple, Aloe, Jalap made into Pleasant Pellets (Dr. Pierce's). Adv.

What's begun in anger, ends in shame.—Benjamin Franklin.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation. Improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Adv.

All Things Explained.

Joan was to have a birthday party, having attained the enormous age of six years. She was very anxious, indeed, to comport herself correctly and was plying her mother with questions.

"Well, dear," said her mother, in answer to one concerning the advisability of saying grace before the meal, "for such an informal little party, I hardly think you need."

Accordingly, when all the little guests were seated round the table, Joan from the head announced solemnly: "Mother says this is such an informal little party we need not say grace."

GREEN'S AUGUST FLOWER

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. Sold in all civilized countries. Give it a trial.—Adv.

Proof.

"So you think you have a forgiving nature?" "I must have. I always go back to the same devil."

The easiest thing to find by the fellow who is looking for it is trouble.

Constipated Children Gladly Take "California Syrup of Figs"

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

Joyful Escape.

Mrs. Henry White—I say, dear, did you see my husband pass this way? He has my purse.

The Floorwalker—H-m-m-m, let me see, was he a big, handsome fellow, about five feet tall, weighing nearly 100 pounds?

Mrs. H.W.—Yes, that's the one—er—that's him.

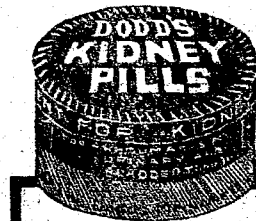

The Floorwalker—Madam your husband rushed out this door a moment ago.

"Cold In the Head"

Is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. All Druggists Rec. Testimonials free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. F. J. Cheney & Co., Toledo, Ohio.

You get that which you seek. The too turns everything he seek into honey, the wash into vinegar.—Portuguese.

Get Dodd's for kidney ills—prompt relief or money back. Insist on box with 3 D's in name, shown here. All druggists.

There's a rich, satisfying, old-time flavor to

The Original POSTUM CEREAL

that no substitute can ever equal.

A healthful drink that leaves no trace of harm, a beverage grateful to the stomach, that never upsets nerves, heart or digestion as does sometimes coffee.

Boil just like coffee

Boil thoroughly (15 minutes after boiling begins) make it rich and dark and you have something that makes your meal doubly enjoyable.

"There's a Reason"

Truly a Wonderful Product

ROYAL BAKING POWDER is really a remarkable product.

The origin of ROYAL begins with the grapes on the vine. Their purity comes to you unsullied.

The leavening power of ROYAL is balanced to the exactness of an atom, never varying in the slightest degree.

The wholesomeness of ROYAL is recognized and acclaimed by the noted physicians and diet experts of the world.

The economy of ROYAL is in the prevention of waste in keeping baked foods fresh longer and making home baking so satisfying that it takes the place of more expensive foods. It surely pays to use

ROYAL Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from grapes
Contains No Alum—Leaves No Bitter Taste

ABSENT VOTERS LAW.

Who may vote.—Section 1, Chapter XII. For the purposes of this act the term "absent voter" shall be taken to mean any qualified elector, who is absent or who expects to be absent from the township or ward in which he resides, on the day of any election or official primary election, and who is a SOLDIER.—A person in the actual service of the United States or of this State.

STUDENT.—While in attendance at any institution of learning.
MILITARY CITIZEN.—A regularly enrolled member of any citizens military or naval training camp held under the government of the United States or of the State of Michigan.

MEMBER LEGISLATURE.—While in attendance at any session of the legislature.

COMMERCIAL TRAVELER.—A person engaged in soliciting the sale of goods, by the exhibition of samples, or by catalog or other device, for the purpose of effecting such sales and taking orders for goods to be subsequently shipped by his employer.

RAILROAD EMPLOYEE.—Employed upon or in operation of railroad trains in this state.

SAILO.—On the Great Lakes or in coastwise trade.

Any of the above electors if away from their home on election day may vote by mail by making application for Absent Voters Ballot to the City Clerk or Township Clerk where they reside.

Sec. 2. Any such absent voter may vote at any election as hereinafter provided.

Sec. 3. At any time during the thirty days next preceding any election any such voter expecting to be absent on the day of such election from the township or ward in which his voting precinct is situated, may make application to the township, city or village clerk, either in person or by mail for an absent voters ballot.

Upon making application by mail or personally to the Clerk of your City or Township for Absent Voters Ballot you will be furnished printed instructions for marking and filing your ballot.

Do You Sleep Well?

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion. Adv.

The Ladies Aid society will serve dinner on town meeting day, Monday, April 7th.

Mrs. O. W. Hammond and children were dinner guests at the W. J. Buhl home last Wednesday.

RICE FIELDS OF JAPAN.

Mostly Tiny Gardens, but They Feed 50,000,000 People.

Almost one half of the land capable of cultivation in Japan is planted in rice. Handkerchief gardens would perhaps best describe the little rice fields, many of which are no larger than a tennis court, are equally flat and are surrounded by rims of earth to hold the water when the fields are flooded. The average rice field in Japan is about one acre and a half in size; but, large or small, each field must be leveled, and each must have its rim or dike. Then there must be a system of canals to bring water to the fields and another system of ditches to take it away when it is no longer needed.

If the land were fairly level the preparation of the ground, which is all done by hand, would not be so hard nor would it require such vast amounts of human labor, but Japan is a mountainous country. Terraces must be cut from the steep hillides and so leveled that they will hold the water at a uniform depth over the small fields.

It is said that there are 12,000 square miles of rice land in Japan, the greater part of which has been prepared with an almost infinite amount of labor. That area of land cultivated in rice virtually feeds a nation of 50,000,000 people.

The little fields are usually permanent, and frequently a farmer owns three or four scattered fields. That further increases the work of caring for his crops. In recent years, however, the government has tried to consolidate the holdings of farmers by a process of land exchange.—Youth's Companion.

For Bilious Troubles.

To promote a healthy action of the liver and correct the disorders caused by biliousness, Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relief for your food and banish that dull and stagnant feeling. Adv.

NOTICE OF ELECTION.

Notice is hereby given that a General Election will be held Monday, April 7, 1919, between the hours of 7 o'clock a. m. and 5 o'clock p. m., of said day. Said election shall be held at the following places: West Side Town Hall, Precinct No. 1, East Side Town Hall, Precinct No. 2, which have been designated as the polling places for the respective Precincts in the Township of Sylvan, County of Washtenaw, State of Michigan, for the purpose of electing officers for the following offices:

STATE—Two justices of the supreme court; two regents of the university; superintendent of public instruction; member of state board of education; member of state board of agriculture; state highway commissioner; Amendment to section ten, article ten, of the constitution of the State of Michigan.

COUNTY—County commissioner of schools; county road system.

TOWNSHIP—Supervisor; clerk; treasurer; justice of the peace; highway commissioner, overseer of the highways, member board of review, four constables.

By order of the township board.
O. T. Hoover, Clerk.

Election Notice County Road System.

To the qualified electors of the County of Washtenaw, State of Michigan: Notice is hereby given that at a meeting of the Board of Supervisors of said county, held on the 22d day of October, 1918, the following resolution was adopted:

Resolved: That the question of adopting the County Road System be submitted to a vote of the electors of Washtenaw County at the annual spring election held the first Monday of April, 1919.

In accordance with the above resolution the proposition of adopting the County Road System will be submitted to the electors of Washtenaw County, State of Michigan, at the regular spring election to be held in the several wards, townships, precincts and election districts of the above named county, on Monday, April 7, 1919.

The manner of stating the question upon the ballots to be used at said election for voting upon this proposition shall be as follows:

"Shall the County Road System be adopted by the County of Washtenaw?" [] YES

"Shall the County Road System be adopted by the County of Washtenaw?" [] NO

"Every ballot found to contain a

cross in the square before the word YES, shall be declared cast for said proposition.

Every ballot found to contain a cross before the word NO, shall be declared cast against said proposition. Edwin H. Smith, County Clerk and Clerk of the Board of Supervisors. Dated this 10th day of March, A. D. 1919.
