

SYLVAN SWATS "BEER-WINE" AMENDMENT

Returns Big Majority Against Wets; Republicans Win on No Contest Ticket.

Interest in the election here yesterday centered in the wet-dry contest and when the count was finished it was found that Sylvan township had swatted the beer-wine amendment by a vote of 266 yes and 794 no—a majority of 528 against the wet amendment. The vote on the other amendments was:

State Road Bond—637 yes, 279 no.

Salaries—286 yes, 578 no.

County Roads—682 yes, 198 no.

The vote in Sylvan on state and county officers follows:

Justice Supreme Court—Russell C. Ostrander, r. 691; John E. Bird, 691;

Robert E. Bunker, d. 231; Patrick H. O'Brien, d. 224.

Regents University—Benjamin S. Hanchett, r. 694; Lucius L. Hubbard, r. 694;

Edie Gaylord Huston, d. 221; Etta Comstock Boltwood, d. 222.

Superintendent Public Instruction—Thomas E. Johnson, r. 678; Mary Hinsdale, d. 250.

Member State Board of Education—Frank Cody, r. 694; Josephine Fitzgerald, d. 225.

Member State Board Agriculture—Dora H. Stockman, r. 698; L. Whitney Watkins, r. 700; George Winegar, d. 226; Herbert E. Livermore, d. 221.

There were only 21 Socialist and 33 Prohibition votes cast for state and county officers.

Sylvan Strongly Republican.

A total of 1105 ballots were cast for Sylvan township officials, 523 in No. 1 precinct and 582 in No. 2 precinct. Their was no contest on and the Republican candidates were all elected.

Lima Republican Too.

In Lima township the Republican candidates were elected excepting clerk, as follows:

Supervisor, Russell Wheelock, r. 184; Fred C. Haist, d. 155; clerk, Irven H. Weiss, r. 133; Paul F. Niehaus, d. 205; treasurer, Oscar Lindauer, r. 183;

Fred C. Wenk, d. 154; com. highways, Wallace W. Patterson, r. 174; Emanuel F. Wacker, d. 163; justice of peace, Emory D. Chipman, r. 187; William Pidd, d. 148; member board review, Sherman Pierce, r. 187; Emanuel M. Eisenman, d. 150.

Lyndon Solid Republican.

Lyndon township reports the entire Republican ticket elected, without exception, with varying majorities.

MISS CECILIA E. MULLEN.

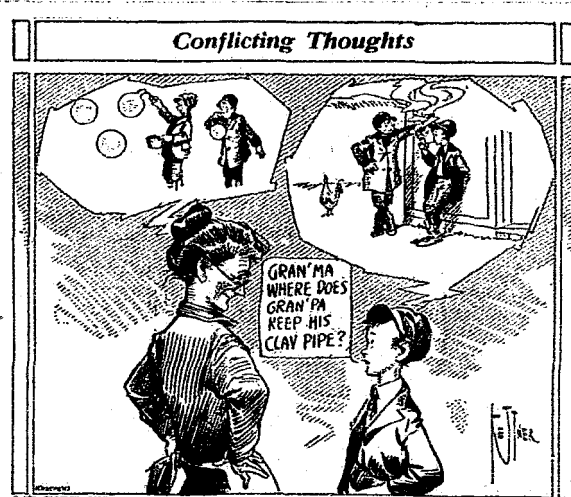

Miss Cecelia E. Mullen, formerly of Chelsea, was instantly killed Friday evening near Monroe when the automobile in which she was accompanying a party of friends to Toledo was overturned while rounding a dangerous turn, pinning her between it and a large rock. A friend of Miss Mullen, Mrs. Guza of Toledo, had been visiting in Detroit, and was returning to her home, Miss Mullen accompanying her to enjoy the ride. Three others in the car were injured, one, Thomas O'Neal, seriously.

Cecilia E. Mullen was born in Chelsea, April 12, 1891, and was the daughter of James T. and Mary (Breitenbach) Mullen. She was educated in the Chelsea schools and was a member of the graduating class of 1909.

For the past eight years she had lived with her mother in Detroit, being employed by the United States Radiator corporation.

She is survived by her mother, three sisters, Mrs. F. P. Girard and Miss Rose Mullen, of Detroit, and Mrs. Fred Barth of Lima, and two brothers, Henry and John, of Detroit.

The funeral was held here yesterday morning from the church of Our Lady of the Sacred Heart, Rev. Fr. Van Dyke celebrating the Mass. Interment at Mt. Olivet cemetery.

BOYS' CONFERENCE COMMITTEES CHOSEN

Live Speakers and Rousing Music on Program; Estimated 75 to 100 Boys Will Attend.

Preparations for the Sixth Annual Older Boys' conference, which will be held here April 25 and 26 under the auspices of Washtehaw County Y. M. C. A., are beginning to take definite form and point to the most successful boys' conference ever held in this county.

Among the speakers secured for the occasion are J. Fred Lawton of Detroit, a noted boys worker about whom we published a story last Tuesday; E. C. Lindeman of Chicago, former M. A. C. football star and now connected with the Chicago Y. M. C. A. college; Walter Witt of Brown City, who is said to be well named on account of his bright, witty speeches; Walter Gossell of Ypsilanti, district Y. M. C. A. secretary; Stanley Morris of Kalamazoo, connected with the War Camp service; and several popular local speakers.

Music will be furnished by the Ypsilanti Rotary Club Octette; Carl Lindgren, baritone soloist; and the Ann Arbor Y. M. C. A. orchestra.

The following committees have been appointed:

General chairman and committee on credentials—Rev. P. W. Dierberger of Chelsea; general adviser, L. C. Reiman of Ypsilanti.

Entertainment—Max Schoenhals, chairman; E. P. Steiner, adviser.

Program—Leland Kalmbach, chairman; W. L. Walling and W. J. Balmer, advisers.

Banquet—Glenn Brooks, chairman; R. D. Walker, adviser.

Publicity—George Lawrence, chairman; Ford Axtell and O. T. Hoover, advisers.

Resolutions—G. McTaggart, boys' secretary of the Ann Arbor Y. M. C. A., chairman.

The delegates, between 75 and 100 in number, are to be entertained in the homes in Chelsea, including one night's lodging and breakfast and dinner one day. Those who are willing to entertain one or more delegates are requested to telephone or notify Rev. Dierberger or Mr. Steiner.

The sessions of the conference will be held in the high school, which will be especially decorated for the occasion.

ANNUAL TOWN MEETING

Appropriations Are Voted For The Ensuing Year.

The annual meeting of Sylvan township was held yesterday afternoon in the town hall. Supervisor Herman J. Dancer called the meeting to order at 1:30 o'clock and Clerk O. T. Hoover read the annual report, which was approved as read.

The usual appropriations for the ensuing year were then voted as follows:

Contingent Fund \$2,000

Highway Improvement Fund 2,000

Road Repair Fund 2,000

Poor Fund 500

Town Hall Fund 500

Special appropriations for road improvements were then voted as follows:

To repair road from Mushbach's corners to Cavanaugh lake, \$200.

To repair road from Wolf's corners, south and west to town line, \$500.

To repair Hoppe road from the M. C. railroad south to the Territorial road, \$200.

To repair road from Kelly's crossing west and south to Chris Kalmbach's woods, \$500.

To improve Washington street in the Village of Chelsea, \$500.

The meeting then adjourned.

WAR EXHIBIT COMING

Special Train Will Be Here Thursday Morning, 7 to 10:40 O'clock.

People of Chelsea and vicinity will have an opportunity to see an exhibit of the various sorts of war equipment on Thursday morning, April 10th, when a special Michigan Central train will arrive here at seven o'clock and remain until 10:40 a. m.

A feature of the exhibit will be one of the whippet or "baby" tanks, similar to those used so successfully by the French in their operations against the Germans. These little tanks have 62 HP motors and are of the caterpillar type, heavily armored with 1/2 inch steel plates.

The exhibit will be in charge of a guard of 20 returned soldiers and sailors. The special train is made up of three flat cars, a baggage car and a Pullman. The train will also stop in Dexter, from 11 to 2 p. m. and in Ann Arbor from 2:30 until the following morning at 5:30 a. m., when it will go to Howell, en route to Owosso.

MICHAEL JAMES HOWE.

Michael James Howe, formerly of Chelsea, died suddenly Saturday in Detroit. He was 53 years of age on March 31st, and with the exception of the past five years spent in Detroit had always resided in this vicinity.

Mr. Howe was born near Cavanaugh lake, his parents being James and Elizabeth (Morgan) Howe. He was united in marriage with Miss Mary Wade, daughter of Mr. and Mrs. James Wade of this place, on October 30, 1894. Seven children were born to this union, six of whom are living; James Gregory overseas, Margaret, Ambrose, Florence, Edward and Mary at home in Detroit. Three sisters also survive him, Mrs. W. D. Fox of Los Angeles, Cal., Mrs. Harry O'Donnell and Mrs. John Wade, of Chicago.

The funeral was held from the church of Our Lady of the Sacred Heart, Chelsea, this morning at 10 o'clock, Rev. Fr. VanDyke officiating. Interment at Mt. Olivet cemetery.

DEXTER—Alfred Charles Drew, son of Mr. and Mrs. Alfred Drew, died at their home in this village Tuesday after an illness of several months of tuberculosis. He was 16 years, 11 months and 16 days of age.

LEWIS AUTOS, SPRINGS AND AEROPLANES

Hollier-Six is Nifty New Design to Sell at \$1785; Lewis-Baker Springs New Industry.

The Lewis Spring & Axle company of this place, manufacturers of the "Hollier-Six" and "Hollier-Six" motorcars, has brought out a new six cylinder model to sell at \$1785.

Soon this company will also place a commercial aeroplane on the market, to be called the "Lewis Special." It will be equipped with a Hall-Scott motor, dual control and is capable of making 100 miles per hour. However, the company will devote most of its attention to the new "Hollier-Six" model.

Ninety per cent of the new cars will be manufactured in the Chelsea plant. It is a five-passenger car with 116 inch wheelbase, six-cylinder Red Seal Continental motor, the bore and stroke being 3 1/4 x 4 1/2. Other features of the new car include splash-pressure lubrication, floating axle with spiral bevel gears, full crown fenders, Stewart vacuum system and 15 gallon capacity gasoline tank at the rear. The equipment includes rain-vision slanting windshield, electric horn, etc.

Make Lewis-Baker Springs.

The Lewis company has long been identified with the spring industry, and the recent development of the new Lewis-Baker automatic spring machines promises to revolutionize the spring business. A new department is being organized to handle the spring business, and a number of the new machines are in operation already. The new process is very nearly automatic and so speeds up production to a remarkable extent. It is estimated that the spring plant will soon turn out about one thousand tons of completed springs per month.

Belser Will Fly for Victory Loan.

Chelsea Boy Will Accompany "Flying Circus" From Ellington Field to Mid-West Cities.

Lieut. George N. Belser, a Chelsea boy, will fly an aeroplane in the "Flying Circus" which will leave Ellington Field, Ft. Worth, Texas, April 10, for a visit to a number of the principal mid-west cities in the interest of the Victory loan. The trip will occupy about six weeks.

Lieut. Belser will fly a captured German machine of the Fokker type, and will pilot one of eleven machine which will take part in the "circus," including English, French, German, and American type planes.

Grow Wheat in Western Canada

One Crop Often Pays for the Land

Western Canada offers the greatest advantages to home seekers. Large profits are assured. You can buy on easy payment terms.

Fertile Land at \$15 to \$30 per Acre—

Land similar to that which through many years has averaged from 20 to 45 bushels of wheat to the acre. Hundreds of cases are on record where in Western Canada a single crop has paid the cost of land and production. The Government of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta want the farmer to prosper, and extend every possible encouragement and help to Grain Growing and Stock Raising.

Though Western Canada offers land at such low figures, the high prices of grain, cattle, sheep and hogs will remain.

Loans for the purchase of stock may be had at low interest; there are good shipping facilities, best of markets; free schools; churches; splendid climate; low taxation (none on improvements); means of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta want the farmer to prosper, and extend every possible encouragement and help to Grain Growing and Stock Raising.

THIS LIFE MERE PATCHWORK

Pleasant to Think That In the By-and-By All Things Will Have Full Completion.

Life at best seems only a patchwork. By the time the artist learns to paint a picture which is considered worth while, his hand has become shaky, nervous or palsied and he cannot paint the thing in his heart for which, all his life, he had been preparing. By the time the business man has earned enough money to keep him in comfort for the rest of his days he has often lost his capacity to enjoy the fruits of his labor. When the mother has raised her boy to manhood her offspring leaves her for the sake of someone he loves better, and by the time the man learns to really appreciate his mother she is taken from him. Nothing seems ever quite finished, quite mature, quite as it should be in this world. Perhaps in the by-and-by on another planet we shall all find that every incomplete thought and work of our lives has been fitted into the completed temple of life which we may then inhabit forever.—Los Angeles Times.

MEN OF SCIENCE PUZZLED

Find It Hard to Account for the Erratic Movements of Deep-Water Fish.

The erratic movements of fish are a constant source of worry to scientists who, try as they will, can never account for the vagaries of these sea-dwellers. Here is a case in point: In May, 1879, the fishing schooner *Hutchings*, sailing from Gloucester, Mass., was under the command of Captain Kirby; traveling for cod off Nantucket. A strange fish came up in the nets, a large creature covered with yellow spots. The men caught over two tons and brought them to land, where they were found to be an entirely new family. Scientists named them "the fish." For three years, till 1882, the fish were caught in large numbers, then the "bankers" reported that they were no longer to be seen. The news came that the sea was covered with dead fish. Six thousand square miles of sea were almost hidden by the dead bodies. Authorities said that there must have been a volcanic disturbance or else some deadly disease had killed off the fish. In 1915 a schooner working in the same waters caught the fish in abundance, and to this day the fish are there in millions.

BRITISH SPEEDING TROOPS TO RUSSIA

THE FIRST ADVANCE GUARD WILL LEAVE SHORTLY FOR MURMANSK.

MAIN FORCE IN TWO SECTIONS

U. S. War Department Formulating Plans for the Removal of American Troops From Russia.

Helsingfors.—The Red Gazette announces the bolsheviks are concentrating many troops and munitions toward Archangel and to the north for a great spring drive along the Murman coast.

(This drive will strike at the 339th infantry, "Detroit's Own," which is the only American unit in Russia.)

British Rushing Troops.

London.—Arrangements for the dispatch of a British relief force to Russia are being rushed. The first advance guard will leave April 9 for Murmansk. From Murmansk it will be in a favorable position to proceed at the first opportunity toward Archangel.

The main force will leave in two sections, the first at the beginning of May and the second a fortnight later.

It is the intention that the main force shall consist mostly of volunteers for whom the war office probably will make an immediate appeal.

U. S. Troops Move From Russia.

Washington.—The war department, in conjunction with British military authorities, is formulating plans for the removal of the American troops in northern Russia.

While the exodus of our soldiers from the icy north was originally fixed for May or June, the department is in a position to use speedy action, providing the necessity arises for such.

The United States, it was learned, has a fleet of 100 ice crushers in the White sea, and these could batter open the way for days to move troops from the Rhine to Brest. This would indicate that the first Thirty-second soldier would sail May 1 or May 2 and would arrive in this country about May 10 to 15, depending on the speed of the ships on which they come.

UKRAINE MASSACRE THE JEWS

Four Thousand Were Killed Or Wounded in the City of Proskurav Says Report.

New York.—A story of almost unbelievable massacres of Jews by government troops in the Ukraine was cabled to the Jewish Morning Journal, this city, by its staff correspondent at London. Both the correspondent and the management of the newspaper vouch for it as authentic.

Four thousand Jews were killed or wounded in the city of Proskurav, according to the dispatch. In another town, Felstin, 800 Jews were killed, and the number of wounded runs into the thousands.

Starving and stirred to uncontrollable fury by stories spread by anti-semitic propaganda to the effect that the Jews were hoarding foodstuffs, Ukrainian government troops launched into wild orgies of massacre, pillage and destruction, the correspondent says.

One old Jewish cattle dealer, who refused to obey the command of government soldiers to kiss the cross, was terribly tortured, his assailants tearing out his tongue and finally hanging him after beating his head dead. His last breath was a summons to his children to avenge him. Wholesale prosecutions of Jews continue throughout the Ukraine, the dispatch says.

4 BILLION DOLLAR CONGRESS

Mr. Good Estimates That \$3,800,000,000 Will Be Necessary Till June 1921.

Washington.—The passing of the "billion dollar" congresses of pre-war days and the coming for the peace period of "four-billion dollar" congresses was predicted in a statement by Representative Good, Iowa, who will be chairman of the appropriation committee in the next house.

Reviewing the financial problems to be faced by the next congress, Mr. Good estimated that the appropriations "necessary for the various government expenditures" in the fiscal year ending June 30, 1921, would total more than \$3,800,000,000.

Strictest economy, he added, would be necessary to hold expenditures down even to this total.

Atlantic Flight Delayed.

St. Johns, N. F.—Indications that Harry G. Hawker and Lieut. Commander Mackenzie Grieve, British aviators, to cross the Atlantic, would not be able to start on April 16, as planned. The ground in the vicinity of their hangar at Mount Pearl, a few miles from this city, is still soaked from the winter snow and early spring rains, and it will be several days before a machine can run over it. The aviators and their assistants are busy assembling their plane.

APPLICATION FOR RESPITE IN EUGENE V. DEBS CASE REACHES WHITE HOUSE

EUGENE V. DEBS.

Washington.—Application for a respite in the case of Eugene V. Debs, under 10 years' sentence for violation of the espionage act, was received at the executive offices of the White House. The application is preliminary to a petition seeking executive clemency and is signed by Charles Edward Russell, Frank P. Walsh and Alastair Benson. No word has yet been received from President Wilson, asking for any recommendation from the attorney general relating to the pardon of Debs.

METHODIST CAMPAIGN DIRECTOR BEGINS WORK

C. H. Dreshman of Pittsburg Arrives For Great Methodist Missionary Centenary Drive.

Detroit.—C. H. Dreshman, who is to be the campaign director for the Detroit Area in the great \$120,000,000 financial drive of the Methodist Missionary Centenary, has arrived here to begin active work for the campaign which is to be conducted from May 15 to May 25.

Mr. Dreshman, with Dr. John G. Benson, executive secretary and S. S. Kresge, chairman, will have charge of the work of sending Michigan "Over the Top" in the big financial drive.

He comes to the Detroit Area from Pittsburg where he was located as one of the active heads in Y. M. C. A. work in the state of Pennsylvania. He was associated with the national war work council of the Y. M. C. A. in overseas personnel work and had large responsibilities in Pennsylvania for war work and the Red Cross drives.

While in Detroit he will be in direct charge of the organization work for the Area in the financial drive. It will be his task to see that there is no hitch in the machinery for the entire state which is awaiting with steam up to start rolling on the morning of May 18.

Mr. Dreshman will be the personal representative here of C. C. Ward, who holds the title of being the man who has raised more money for charity and benevolent purposes than any other one man in the history of the entire world. Mr. Ward is in charge of the organization work for the entire financial drive of the Centenary.

When the Centenary drive has been finished Mr. Dreshman plans going to Europe on special work.

573,474 SOLDIERS RETURNED

Discharges in American Army Total 1,535,471; Over 1,500 Re-enlist.

Washington.—The estimated strength of the American army on March 25 was 2,151,503, the general staff announces. Of this number 1,409,789, or 66 per cent, were in the A. E. F., and 603,178 or 28 per cent, were in this country.

Since the signing of the armistice, 573,474 members of the overseas forces have sailed for home, and there have been 503,830 actual arrivals. Discharges up to March 25 totaled 1,535,471, it was added.

There have been 1,633 enlistments since voluntary enlistments were resumed on February 28.

Of this number 723 were for a term of one year, and 714 for three years, the terms for the remainder not being reported in the records.

Training School For Michigan.

Muskegon.—An Army physical training camp, backed by Chicago men, co-operating with the Government, which will supply all equipment, has been located here, the Lake Harbor Resort property, four miles south of the city, having been found ideal for the purpose. The ultimate object of the plan, as outlined by the Chicago interests backing it, is the establishment of a national system of physical military training, for all high schools able to maintain it.

NO TRADE WAR WITH U. S. SAYS BRITAIN

NO DESIRE TO LOCK HORNS COMMERCIALLY OVER PERPLEXING PROBLEMS OF IMPORT RESTRICTIONS.

NEW MEASURES COMING SOON

Recent Measures Kept in Force As a Matter of Self Preservation Says Chief of Import.

London.—Great Britain has no desire to lock horns commercially with the United States over the perplexing problem of import restrictions, and the whole question, which is now before the Lloyd George cabinet, will be carefully and thoroughly considered with a view to an amicable agreement as soon as the British ministers can find time from their many other duties to devote to the matter.

This was the gist of a statement made by R. E. Enthoven, controller of import restrictions in the United Kingdom.

Restriction Not Permanent.

"We realize," declared Mr. Enthoven, "that in the interests of world trade generally, these restrictions, concerning which there has been some misunderstanding, cannot be retained permanently. Originally, they were adopted to save tonnage during the critical period of submarine warfare. They have been kept in force ever since as a matter of self preservation, and not with any idea of discrimination against any of our Allies."

"If we were to fling the door wide open now, we would be flooded in a short time with manufactured articles, so that at a time when we are at a distinct disadvantage in all of the old markets, we might be in danger of losing even our own home markets by the time our manufacturers had readjusted their factories to meet the demands of commerce."

Must Consider All.

"Personally, I believe there will be some system of licensing for the next few months. Just as there was during the war. Total prohibition is seldom desirable. It will be fatal to all of us alike, if, when we are just beginning to see the light of another era, after so much darkness in the world, we deal with economic questions without due consideration of the interests of all concerned."

"We know how to combine our interests as Allies to win the war and it is even more imperative now that we should find some way in which to pool our interests to win the peace for which we have all been striving, and which alone can insure a measure of happiness and prosperity to a world bowed in sorrow for four and one-half years."

"In America you have not been faced with the problem of having to send your entire man-power to the front in defence of your national life. You have suffered, of course, but not to the extent of having one or more bread winners cut off in the flower of youth from nearly every home in the land."

"Work Side By Side."

"How are we going to pay our immense war debt unless we are permitted to work side by side with other nations, just as we fought side by side in the war?"

"We are not asking for anything more than a chance to readjust and re-establish our industries, and we are confident when America, Japan and the others look at the problem from our standpoint as well as from the point of view of firmly rebuilding the world on a sound financial and economic basis, they will not be disposed to question the necessity for the measures we have taken, temporarily, for our own self preservation."

KAROLY GOES TO SWITZERLAND

President Ebert, of Germany, to Meet Count For Conference.

Geneva.—Count Karoly, head of the socialist government of Hungary until the red regime came into control, is reported to be fleeing into Switzerland from Budapest, fearing assassination. President Ebert, of Germany, it is reported, will shortly come to Switzerland.

No explanation was made in the cablegram of the German presidents visit, but it is likely that he is seeking a political conference.

At a mass meeting of soldiers in Vienna a resolution was adopted favoring the union of Austria with the Hungarian and Russian reds, according to a message from that city.

American Filers Honored.

Paris.—A tablet commemorating the names of members of the Lafayette Squadron who died for France has just been finished at Sevres. It was modeled by a French artist and executed under the direction of Sidney H. Velt, secretary of the foreign service committee of the Aero Club of America. The tablet is to be shown in the trophy room of the Aero Club and also at the aeronautical exhibition in Atlantic City in May. Eventually it will be placed in New York.

Starving in the Midst of Plenty

Acid-Stomach Steals Strength and Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomachs seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

You may say: "My stomach doesn't hurt me." That may be true because many victims of acid-stomach do not actually suffer stomach pains. Then again, there are millions who do suffer all kinds of aches and pains—head aches, rheumatic twinges, joint, hum-bags, pains around the heart and in the chest—who never dream that an acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is EATONIC. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the blast out of the body—in fact you can fairly feel it work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repelling, that awful bloated, lumpy feeling after eating and other stomach ills. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If EATONIC does not relieve you, it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a fair trial this very day and see how much better you will feel.

—HELP "FINISH THE JOB."

The war in its larger sense is not over, and our duty to support our soldiers is not over until they are all home. The Victory Liberty Loan is to be used for the purpose of maintaining them overseas as an army of occupation and bringing them back.

The Germans, not the Americans, were the quitters, but our work is not finished until we have brought the victors home. Let's finish the job by oversubscribing the Victory Liberty Loan as we did all its predecessors.

We may speak of the Victory Liberty Loan as a peace loan or a victory loan but in a sense it is a memorial loan to our soldiers who died in the field of battle.

Buy Victory Liberty Loan Bonds and help finish the job it took 10,000,000 lives to start.

If I Were a Farmer.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaint, Chamberlain's Cough Remedy for coughs, colds and croup, Chamberlain's Liniment for sprains, bruises and rheumatic pains, Chamberlain's Tablets for stomach troubles, biliousness and constipation. By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow. UNCLE SAM'S BILLS MUST BE PAID

Up to America to Show World That It Does What It Promises to Do.

The argument, sometimes heard, that there should be no need of another Liberty loan, because the war is over, indicates there are some persons so short-sighted and unpatriotic that they are forgetting the grave dangers that not so long ago threatened civilization.

One of the terrors of the past struggle was the frightful havoc created by the enemy on the high seas, which may be illustrated by an incident, one of ten thousand similar ones. It was told by a stranded sailor, a lone survivor of a torpedoed ship. He related how a German submarine, after sinking the ship without warning, came to the surface and helped to "rescue" the few who were swimming or drifting about in the water. They were permitted to cling to the submarine—34 feet, to find refuge on its deck. An empty rowboat floated by, and the commander of the "sub" ordered the survivors to avail themselves of it, because in five minutes the U-boat would submerge.

The rowboat had no oars. There were no provisions aboard, no shelter against storms in this unseaworthy shell. It was half-filled with water—salt water—which the survivors had to scoop out with their bare hands. The captain and his men descended into the interior of the "sub." The hatches were closed and gradually the instrument of destruction sank out of sight, leaving the craft, with its human cargo at the mercy of the waves. This happened in the middle of the Atlantic ocean.

There is only one thing that can save the world from an upheaval far more disastrous than that which we have gone through. That is for America and the American people to hold to law and order, to abide by free institutions, to resist, to succor and comfort those who have been bowed down by the terrors of organized intolerance. It is for us to give more, pay more, do more. It is for us to prove that a wrong acknowledged becomes an obligation and that America does whatever it promises to do.

This can be accomplished only by patriotically getting back of the Victory Liberty loan, and backing it up to the very limit of our financial ability. Uncle Sam's bills must be paid and the boys brought home. Until then the job won't be finished.

ORIENTAL COURTESY.

An Amerer's Nice Choice of Words in Speaking of a Fall.

A good horseman may be thrown from his horse, under some circumstances, with little or no reflection upon his skill. The accident may have been excusable, even inevitable, when all the details are known; but as casually related the excuses frequently disappear, and the fall, with its less-than-satisfactory suggestion of incompetency, alone remains. Lady St. Heller, in telling of the deep admiration and regard entertained by the Amerer of Afghanistan for Lord Kitchener, gives a little anecdote of the oriental's instant perception and avoidance of the possibility of any humiliating implication for his friend.

Lord Kitchener had suffered a severe accident that resulted in a leg so badly broken as to necessitate several weeks' complete rest at the time, and later, two months' furlough in England, and a resetting of the bone. One of Kitchener's staff gave the news of his misfortune to the Amerer during a great tiger hunt at Gwallior.

"I told him," the officer wrote Lady St. Heller, "that the chief had a nasty fall at Poona, his horse tumbling down an embankment. He immediately asked for a piece of paper and wrote a telegram of sympathy in Persian. He handed it to Sir Henry McMahon and asked him to send it off immediately. Sir Henry wrote it down in English, but when he came to the words 'to hear of your fall from your horse,' the Amerer instantly corrected him, saying: "'No, no! Not from your horse—with your horse; in Afghanistan—big difference!'"

AUTOMOBILE CHASSIS LOST

Lewis Spring & Axle Company Sues R. H. Company to Recover It.

The Lewis Spring and Axle company has commenced a suit in the circuit court against the Michigan Central railroad and the Marmon Automobile company of New York for damages to the amount of \$500 on account of the neglect and failure of the railroad company to deliver an automobile chassis shipped from New York over the Michigan Central to the Lewis company here.

According to the complaint filed by the Lewis company, an automobile chassis was sent to the Marmon company in New York for some repairs, to be returned to the Lewis company as soon as the repairs were completed. The complaint alleges that the chassis was shipped from New York and that the Michigan Central received it, but has failed to deliver it although repeatedly requested to do so.
