ARE NOW MAKING SPRINGS.

The Lewis Spring & Axle Co. have their new spring department in full working order, and they are now turning out a large number of springs daily for several automobile manufacturers besides those for their own use on Holtier cars.

The new plant is in the building formerly used by the Flanders Manufacturing Co., as the steel ball department of their factories. Adjoining this building a cement pit, 12x42 feet in size and ten feet deep is nearly completed. In this are to be placed three oil tanks, two of which are 8x30 feet and one 19x22 feet, seven feet deep. The oil from these tanks is to be used in the process of tempering and the other processes through which the steel passes in the course of manufacture of the springs.

The shop is equipped at present with five Lewis-Baker automatic spring machines, each of which is driven by individual electric motors, and each machine has a capacity of 3,000 spring plates daily.

The company also has three other machines nearly completed which will be added to those already in operation. During the past few months the company has built a number of these machines that have been sold to other manufacturers.

The machine weighs between four and five tons, and they are located next to a series of annealing ovens, five of which are used for removing the temper to a certain degree from the steel bars, which are placed on the spring machines in a red-hot condition and then shaped into the required curve. On the opposite side of the machine are five ovens in which the plates are placed as they leave the machines, where they are given the required temper.

There are also five automatic shears that are used in shaping the end of the steel plates before they go to the ovens. Forge fires, eye presses, punching machines and grinders for the eyes of the springs are also located in this shop.

ANN ARBOR MAY FESTIVAL.

Ann Arbor's great music festival, which this year will take place on May 14, 15, 16 and 17, is attracting unusual attention throughout the state, not alone because of the exceptionally fine programs which are to be heard and the distinguished artists who will participate, but because of the patriotic significance of the occasion as well.

Dr. Stanley has chosen to arrange the programs in such a manner as to make the entire event commemorative of the great victory won by our boys and as a tribute to all who have served their country in the trying times through which we have just passed. While the programs have been arranged from this point of view as well as the point of view of real musical worth and interest, a list of artists such as has seldom before been assembled has been engaged for the occasion, consisting of such operatic stars as Rosa Ponselle, Anna Fitzel, Louis Homer, Fernando Carpi, Emilio deGozza and deSagorola, as well as distinguished concert singers who have attained world-wide reputation. Also on the vocal soloists, Ossip Gabrilowitch, the distinguished conductor of the Detroit Symphony Orchestra, who is also a pianist of international reputation, will be heard in the Friday afternoon program, while Charles M. Carbin, the young Belgian organist, whose career has been so remarkable in this country as well as abroad, will contribute a program on the big organ at the Saturday concert.

TRACTOR DEMONSTRATION.

Under the supervision of the Washtenaw County Farm Bureau a big tractor demonstration is being planned for Friday, April 25. The demonstration will be held at the E. J. Wagner farm on the Ann Arbor-Dexter road, five and one-half miles west of Ann Arbor.

The field management of the demonstration will be in charge of Professor Musselman of the Michigan Agricultural College. Each tractor will be given a definite area of land to plow and all tractors entered will begin work at the same time. This will give an excellent opportunity for all farmers interested in tractors to see the different makes operating under the same field conditions.

The forenoon will be given over to the different companies to demonstrate the merits of their machines. In the afternoon promptly at 1:30 the competitive plowing contest will start. Each tractor will plow about two acres of sod land.

All prospective buyers of tractors, as well as all farmers interested in seeing what the different makes will do under the same conditions, are urged to attend the big demonstration. It is anticipated that a large crowd will be present.

Napoleon. The body of Perry Hawley, aged Napoleon township man who disappeared last week was found in a field about two miles northwest of his home. He had been dead several days.

SUPERVISORS TO MEET APRIL 22.

Supervisor H. J. Dancer received notice Monday of the special meeting of the board of supervisors, to be held for the purpose of electing the new board of road commissioners, will be held in Ann Arbor Tuesday, April 22.

There are a number of candidates for membership on the commission, and it is expected that there will be a warm rivalry when the time for election comes. The west end of the county has a couple of candidates, R. C. Whitaker and O. D. Luick, and as it is conceded that this portion of the county is entitled to representation, one of these gentlemen will undoubtedly be elected.

It is not known at this time whether any other business will be transacted by the board at this meeting.

METHODIST EPISCOPAL.
William J. Balmer, D. D., Minister.
Special Easter services morning and evening.
At 10 a. m. the Sunday school will render the program entitled "Life Abounding," interpreting the abiding message of Easter in new terms.
A special Easter sermon in the evening at 7 o'clock, which will be attended by the Chelsea Masonic Fraternity. Special Easter music by the Sunday school and choir. The orchestra will accompany the organ and piano both morning and evening, and play several orchestral selections.

There are enough people in Chelsea to fill all the churches Easter Sunday, and we trust each will have their full share both morning and evening. Never was there greater reason to be glad and give thanks for a risen, living Savior.
In another column announcement will be seen of the coming of two splendid Christian men as helpers in a two weeks revival campaign, beginning May 4. The Kerr Brothers are tried, true, safe and sane leaders in evangelism. The inspiration of new songs with a large chorus choir led by the Singing Evangelist will be a feature. While the meetings will be in the Methodist church, and the expense involved will be cared for by the church, the campaign will be run in no denominational spirit, the benefit of the entire community is sought, with the blessing of God on all the churches. Come, let us pull together these coming weeks and let our neighbors as far as Jackson and Ann Arbor know that God is in our midst.

Two Lenten services will be held in the Methodist church, Thursday and Friday evenings at 7:30 o'clock. The first is a special commemoration of our Lord's last week, with special reference to the last passover, followed by the administration of the Lord's Supper. Friday evening is for the young people. AN EXCELLENT PICTURE.
A great star, a great story, by a great author, a great cast and a great director. William Farnham, Frank Lloyd, Zane Grey and William Fox, these are the chief figures responsible for "Riders of the Purple Sage," a photodrama of the west with a new plot, a picture that is colorful and fascinating, stirring in its rush of action and incident, brimming with the keenest drama, strong and human and poignant in its emotional interest. "Riders of the Purple Sage" is unquestionably the western film of all time, just as the nationally known novel of which it is a faithful transcript was acclaimed everywhere as a work of brilliant distinction.
The vigorous romance of the ranger who rode for vengeance in developed so powerfully, so deftly, that not one person in a thousand can resist its mighty sweep.
This picture will be shown in seven parts at the Princess theatre, one night only, Wednesday, April 23.

Do You Want Your Kidneys Expertly Treated?
Kidney troubles are getting more common every day. Government health bureau figures say deaths from this cause are 72% more than 20 years ago.
Anybody who suffers constant back-ache, who feels blue, nervous and irritable, who has dizzy spells, headache and urinary disorders, should suspect kidney weakness. Overworked kidneys must take a rest. Take things easier; live more carefully. Take a good kidney remedy to build the kidneys up again.
But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Chelsea. Here's one:
F. A. Hammond, Madison st., says: "My back got lame from lifting and every time I caught a hard cold, it made the trouble worse. Doan's Kidney Pills helped me promptly and removed the lameness from my back."
Mr. Hammond is only one of many Chelsea people who have gratefully endorsed Doan's Kidney Pills. If your back aches, if you're kidneys bother you, don't simply ask for a kidney remedy, ask distinctly for Doan's Kidney Pills, the same that Hammond had, the remedy backed by honest testimony. 60 cents at all stores. Get Well.
It is indeed hard to stand on one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving sympathy.
Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatism, backache, uric acid, stiff or swollen joints, puffiness under eyes, nervousness, biliousness, bladder weakness, constipation or other symptoms of kidney trouble.
Foley Kidney Pills are effective in removing the cause of the trouble for they strengthen and invigorate weak or drained kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.
F. A. Hammond, Sec'y, Swisschem's Union, 518 State St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pain, correcting the kidney action, clearing secretion. I am also free from diabetes and kidney specks before my eyes. Foley Kidney Pills cured me and have my heartiest recommendation."

Get Well.
It is indeed hard to stand on one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving sympathy.

Try The Standard Want Column It Gives Results

In the Spring-time

It's just at this time of the year that we need something taken from Nature to restore the vital forces.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation to cure almost every ill.

Dr. Pierce, of Buffalo, N. Y., long since found herbs and roots provided by Nature to overcome constipation, and of these he selected Mayapple, leaves of Aloe, root of Jalap, and from them made little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets.

When your intestines are stopped up, poisons and decayed matter are imprisoned in your system and these are carried by the blood through your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines you get tired and despondent. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a dose of castor oil, or something which is more pleasant, a few of Dr. Pierce's Pleasant Pellets, which he has placed in almost every drug store in this country for your convenience and health.

Try them by all means. They are probably the very thing you need,—right now.

Goodbye to that headache, tired or dizzy feeling, rheumatism, indigestion, Dizziness, Three D's in name—box shown here. At all druggists.

Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Indiana Building Plans. Millions of dollars will be spent this year in Indiana in the construction of private and public improvements, according to plans now contemplated.

The state council of defense some time ago started a survey of public improvements in the way of unfinished buildings, contemplated buildings and cost of roads, streets and sewers to be built this year. While not complete, answers to questions indicate that approximately \$18,000,000 is to be spent for such work.

Perverse Critters. "I can't help thinking something," said the discouraged farmer, "that the worse you treat your hens the more eggs you will get from them. I remember an old joke where one man asked another: 'How do you get so many eggs?'"

"Why," said the other, "I treat my hens so unscientifically they're all laying for me."—Boston Transcript.

A Kind Act. "What did your wife else you for your birthday?" "A little peace. She spent the day with her mother."

"Movie" Targets. A new use for motion pictures is to provide a target for marksmen, with a pictured bird instead of a live one; or, for that matter, with big game moving in a jungle, and an airplane in the sky. The device, which seems to offer plenty of opportunity for innocently thrilling experiences, is said already to be in preparation to supplant the older type of shooting gallery at outdoor summer resorts in the United States, and the present interest in gunnery seems likely to carry it all over the country.

Without the needle the mariner could never thread his way through the sea.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Flaxseed Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national favorites of Holland for centuries. In 1636 the govern-

ment of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Goud Medal Flaxseed Oil Capsules." Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Flaxseed Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. It weighs three ounces.

The Lucky One. Diggs—When I got home so late last night my wife was positively speechless with indignation. Riggs (blushing)—You always were the lucky one of the bunch. It takes a barrel of dough to make a handsy poor kid a pretty rich one.

How Much is 1¢. How much does it cost to make a cake? That, of course, depends upon the size of the cake and the materials. But, regardless of the kind of cake, suppose that for one cent you could absolutely insure the quality of that cake, wouldn't that be real economy? Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Royal Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed to have the quality and wholesomeness of your baking insured with ROYAL Baking Powder. Absolutely Pure. Made from Cream of Tartar derived from Grapes. Royal Contains No Alum—Leaves No Bitter Taste.

Very Possible. "I dearly love rich and costly things," remarked Mrs. Galsbol, boastfully, to her friend in the street car. They seem to satisfy my sense of the beautiful and the esthetic. For example, I am wearing my new hat, which cost me \$20. I find a keen delight in knowing that people have so far appreciated my taste as to turn around and gaze after me. I knew they were inwardly commenting on how very becoming it was. "Perhaps that is the reason," responded her friend, "but I am inclined to think it was because there is a \$2.98 price mark still hanging to it."

ALL IS SET FOR THE VICTORY LOAN DRIVE

Five States in Seventh District Ready to Put Bond Sale Over.

The preliminary publicity campaign for the Victory Liberty loan has resulted in great activity throughout the five states in the seventh federal reserve district, and in every county of these states the war loan organization workers have been busy day and night with the preparation to make a success of the coming loan. With the formal opening of the loan drive only a short time ahead, efforts are being redoubled, and the apathy of a few weeks ago has been dispelled by the aggressive campaigning methods adopted.

In each division of the district the state speakers' bureaus have arranged state-wide tours for speakers of state and national reputation. Large and enthusiastic meetings have been held daily and nightly for some time past and every day before the launching of the drive on April 21 will be filled with activity and aggressive work. The heads of the state departments have made out schedules for leading speakers, and from the meetings already held there appears to be no lack of enthusiasm, contrary to the expectations of some of the state leaders.

In addition to the whirlwind oratorical campaign schedule in all of the states, tours of the war exhibition trains, tanks and band and drill squads are now being made. The war exhibition trains will travel through every county in each state in the interest of the war loan organization, and the people will have an opportunity of viewing several carloads of war material, including tanks, cannon, airplanes, all kinds of ammunition, and many trophies captured from the Germans by the American expeditionary forces. These trains will be accompanied by a detail of returned soldiers. At most of the places at which these trains will stop special Victory Liberty loan meetings have been arranged by the local committees, and in most instances speakers of wide repute will make addresses.

A feature of the work through the district has been special county meetings of the war loan organization workers. In some instances the workers of several counties have held joint meetings. At all of them the ways and means of making the campaign a rousing success have been discussed, and wherever possible, the state director of sales, or some other representative of the state or district organization, has been present to give the local workers the benefit of his wider experience.

Illinois reports indicate the workers are on their toes in readiness for the real campaign to start, as they are confident they will repeat their achievements of the previous popular loan campaigns. The state will be covered by the war exhibition trains, by leading speakers and a military or naval band.

A lively and enthusiastic campaign has been under way in Michigan for some time. State officials have been on the job under the leadership of State Director of Sales Frederick H. Denton. Every county has been thoroughly organized, and reports are optimistic. County meetings have been largely attended, and at the public meetings held so far there has been no lack of enthusiasm. Every county in the state will be visited by the new United States army tanks. Great interest is being displayed in these instruments of modern warfare.

In conjunction with the speaking campaign, town and cities will be visited by a war exhibition train similar to those touring other states, and there will be a separate tour of a band and drill squad from the Great Lakes Naval Training station. As in other states, the county meetings have been well attended by the local workers, and public meetings have shown no lessening of enthusiasm as compared to previous loans. Notable speakers are touring the state.

In Indiana the new United States battle tanks are touring the state, going overland from town to town. They have created a veritable sensation along the country highways. The state will also have a war exhibit train, as well as nationally known speakers. A number of enthusiastic meetings have been held to date. Wisconsin leaders report everything in shape for a rousing subscription drive. War exhibit trains, with tanks and bands, are enlivening the campaign and are stirring up much enthusiasm. The state and county organizations are complete, and everything is in readiness for the drive.

NEWS OF "OUR BOYS"

The following letter was received this week by Herbert Wilsey, from his brother, LeRoy Wilsey, who is with the A. E. F.

Nice, France, March 28, 1919.
As I have a little time this morning, thought that I would drop you a few lines.

I am having the best time of my life. I am down on the Mediterranean Sea, where you can pick the oranges off the trees, and where the flowers are in bloom, where the kids go barefoot all the year. It is the world's greatest summer resort.

The towns are close together. Was in the world's greatest gambling house at Monte Carlo.

I think we will leave Germany about the middle of April, then we will go to Brest, about a three days' ride on the train, then sail just as soon as the boat is ready, and it will then take about six days to cross.

Smart New Capes, Dolmans, Suits

NEVER WAS THERE SUCH A SHOWING IN CHELSEA OF THE NEWEST AND CHOICEST OF EASTER APPAREL, FABRICS COLORINGS THAT ARE CORRECT, WORKMANSHIP THAT IS FAULTLESS, AND A STYLE TO EVERY GARMENT THAT GIVES THE WEARER THE ASSURANCE OF BEING WELL DRESSED.

Customer after customer from Chelsea, have gone to neighboring cities to buy outside garments, dresses and waists, and to our positive knowledge have come home without anything, only to buy of us. They tell us our prices are very much lower and the garments here are the same shown in the larger cities. The styles and materials must be the same, as we get our supply at the same source that the largest stores in the country get theirs. As to the prices, we can well afford to be satisfied with much lower selling prices as our selling costs have always been a great deal less than any large city store.

Remember, we are always pleased to have you visit our Ready-to-Wear Department and look over the garments as they arrive. Most customers enjoy seeing the new goods even if they are not buying.

The quota of Washtenaw county for the fifth Liberty loan is to be \$2,116,076.85. Of this amount Chelsea's share is \$160,344.56; Ann Arbor, \$1,111,629.28; Dexter, \$43,575; Manchester, \$160,344.56; Milan, \$69,750; Salem, \$24,425; Saline, \$94,725; Whitmore Lake, \$24,075; Ypsilanti, \$423,808.45.

Organizations and individuals generally are advised by Collector of Internal Revenue James J. Brady of Detroit to underscore on their calendars May 15, the last day for the filing returns of information, giving the names and addresses of all individuals to whom payments of salaries, wages, interest, commissions and other gains, profits and incomes of \$1,000 or more were paid during the year 1918. An extension of time from March 15 to May 15 was granted by the Commissioner of Internal Revenue for the filing of these returns.

The public should be on the lookout for fake \$20 bills which are floating about and which are said to be plentiful in Detroit. They are soft \$1.00 bills. The figures on the corners are cut out and "20" pasted over each corner in so smooth a manner that it is not surprising that they pass unnoticed. When a \$20 bill is passed over to you, look carefully at the portrait and if it is of George Washington do not take it. The Washington picture is on the \$1.00 but not on the \$20. Then look to see if the words are printed, "Twenty Dollars." By following these precautions you will be reasonably safe.

Last Thursday, at the town hall, two basket ball games were played by the boys and girls of the public schools and the boys and girls of St. Mary school. The girls' game was hard fought by both teams. The public school team was in the lead for the first half, but when the St. Mary girls got used to the floor they went right along, the score being 13 to 12 in favor of the latter. Miss Brooks was the referee. The boys' game was also a hard fought one. The St. Mary team was in the lead all the way, though the latter part of the game they played with four men, Madden having four personal fouls, being put out of the game. Score, 17 to 13. Glenn Brooks was referee.

"Conservation" means "saving." When we speak of NATIONAL conservation we mean the saving of the country's resources and products.

We know that national conservation is of the utmost importance, but, in the stress of these terribly momentous times, we are apt to forget the necessity of "personal conservation," which is of nearly equal importance.

We believe that every man and woman—every boy and girl—should give serious thought to the vitally important matter of "personal conservation," or "saving."

An account at this bank will help you to form the valuable habit of THRIFT—and thrift will help you more than almost anything else in the world.

PUBLIC NOTICE !

The important thing before us just now is to clean up our war debts and get solidly re-adjusted on a normal peace basis. The Victory Liberty Loan is the biggest item in that program. If you do not take it the banks will with a further great dose of credit inflation and an unfavorable re-action on prices just when it is tremendously important to get down to a firm foundation.

You should duplicate your subscription to the Fourth Liberty Loan and more. YOU CANNOT EXIST WITHOUT BUSINESS—This is no mere play of words—As a business man, as a professional man, as a farmer, or as a so-called laboring man, you cannot exist without business. Granting this, what are the facts—If you doubt—ask your banker. This Victory Loan must be taken care of by the people from their incomes. It is upon you individually that the inconveniences of inflation will fall, not upon the Government. YOU ARE THE GOVERNMENT. The firing is all over, but it is none too pleasant for the nearly two million American citizens who are still in Europe doing police duty, sitting around garrisons a long way from home, wondering about their families and their jobs. You can bet they would like to get back, but they have to stay there until the job is finished. They have a right to expect you to stay on your easy end of the job too. You are asked ONLY to buy the best paper in the world at a good rate of interest when the security and exemptions are considered and to pay for it out of your income—six months being given—as a straight-out-and-out business proposition, live-and-let-live matter it is worth while. Think it over seriously—Go to Volunteer Headquarters Monday, April 21st and duplicate your subscription to the Fourth Loan.

There are many other things that could be written—What's the use—You know the amount saved because of the sacrifice that SOME have made—You know the amount saved because of the bonds previously bought. You will do it—It MUST be done. Forget the other fellow and what he has bought. Ask your conscience and then go and do your duty.
