

CHELSEA MILL BUSY
GRINDING WHEAT

Running Night and Day Due to Fore-
Sighted Wheat Purchases by
Mr. Howard S. Holmes.

With the price of flour soaring and
the majority of the smaller mills in
the state without a supply of wheat,
the Chelsea Roller Mills is being oper-
ated at full capacity, both day and
night, due to the foresight of Howard
S. Holmes, who last March purchased
large quantities of wheat from the
United States Food Administration
Grain Corporation.

And Chelsea people are fortunate,
for while the price of foreign made
flours is climbing higher at an alarm-
ing rate, the home made brands show
practically no increase in price.
Only a comparatively small part of
the Chelsea made flour is consumed
locally, as the output is greatly in ex-
cess of the local market and large
shipments are made to Detroit and
elsewhere. At present, due to the
wheat shortage, a number of the
smaller mills in surrounding territory,
being completely out of wheat, are
buying Chelsea flour in bulk and sack-
ing it under their own brands.

The Chelsea mill has a supply of
wheat to keep it busy at capacity for
some time to come and will be able to
supply its customers without fail.

MOTHERS' DAY PROCLAMATION.

If ever there was a time to yield
homage to the mothers of our land
that time is now. The spirit of de-
votion and sacrifice and service they
manifested during long months of
war is beyond all praise. With
aching hearts they gave their sons to
die, if need be, that our cherished li-
berties might be preserved, but they hid
the ache and the pain and went brave-
ly and calmly about their allotted
tasks. This year then of all years,
when peace has come to bless the
world, we should thankfully observe
the day that is specially marked in
honor of the mothers of America, liv-
ing and dead.

And let us rejoice with them that do
rejoice and weep with those that weep.
Many a Michigan mother's heart will
ring with joy as our Michigan boys re-
turn from afar; and we joy with them
in their joy. There will be many a
mother too, alas, whose heart will
bridge the seas and journey on to find
a dear grave in Flanders or in France
or in far Archangel, there to place a
wreath of loving remembrance for the
boy who will not come back; and to
these mothers we tender our deepest

sympathy, while we sorrow with them
in their sorrow.

Therefore, that we may pay a spe-
cial tribute of affection to the mothers
who still live and honor the memory of
those who have gone from us, I, Al-
bert E. Sleeper, Governor of the State
of Michigan, do hereby designate and
set aside Sunday, May eleventh next,
as Mothers' Day and I call upon our
people, both young and old, to gather
in their several places of worship and
take part in services appropriate to
the day, and, by the wearing of a red
flower for the living mother and a
white for the dear departed, to sym-
bolize their love and remembrance for
the mothers of the nation.

Let me suggest too that absent sons
and daughters take this occasion to
visit, if possible, the mother in the
old home, or, where such a visit is
impossible, that they send a message
of cheer and greeting. By this may
mothers know that in the rush of af-
fairs they are not forgotten.

In accordance with a resolution of
the Congress of the United States, I
further request the people of Michi-
gan on the day aforesaid to display
the United States flag in their homes
and in other suitable places, as a fit-
ting expression of their desire to pay
homage to American motherhood.

Given under my hand and the Great
Seal of the State this twenty-ninth
day of April, in the year of our Lord
one thousand nine hundred and nine-
teen, and of the Commonwealth the
eighty-third.

Albert E. Sleeper,
Governor.

SUPERVISORS MEET.

A special meeting of the county
supervisors was held yesterday at the
court house in Ann Arbor to fix the
amount of the bonds for the new read-
justment commissioners appointed at the last
regular meeting. A committee con-
sisting of John W. Dresselhouse, John
Lawson and Henry Broderick was ap-
pointed to fix the amount and reported
at the afternoon session, recommend-
ing \$3,000 each, which amount was
adopted by the supervisors.

A committee composed of Gilbert
Madden, LaVerne O. Cushing and
George M. Gaudy was appointed a
good roads committee to confer with
the road commissioners on all matters
that might come up.

CHELSEA MAN SLUGGED

Harry Masser Struck Down and Rob-
bed of \$620 in Jackson.

Harry Masser, the Chelsea junk-
dealer who was attacked and robbed
on Greenwood avenue, Jackson, last
week Monday night, has recovered
sufficiently to sign a complaint for the
arrest of his assailants. When held
up Masser had over \$620 in his pocket,
according to his statement Thurs-
day.

He claims he was stopped by two
negroes who demanded his money.
Instead of complying with their re-
quest he endeavored to get away.
One of the men evidently armed with
a sandbag, struck Masser, as no marks
were discovered on his body when he
was found in an unconscious condi-
tion by the Jackson police.

Masser says he bit one of his at-
tackers on the finger and scratched the
other in the face. The fact that the
hold-ups were colored men and bear
these scars are the only clues the po-
lice have at present.

HAS WONDERFUL MEMORY.

Miss Eliza Collar, who has resided
at the Methodist Old People's home
for several years past, celebrated her
91st birthday recently. She taught
school for many years and with-
standing her extreme old age, still re-
tains her mental faculties, as is well
illustrated by the fact that at a recent
"old-fashioned spelling bee," held at
the home as a part of the regular Fri-
day afternoon program, Miss Collar
conducted the contests without the use
of a spelling or other book, relying
entirely upon her wonderful memory
for the word lists, etc.

THIS IS POSITIVELY SHOCKING!

An item in the "society column" of
Friday's issue of the Ann Arbor
Times-News says:

"Arrangements for the B. V. D.
dance which will be given Friday eve-
ning, May 9th, in the Union are being
completed by the committees of the
three societies. As yet it has not been
decided whether the party will be in-
formal or not."

Informal is right, we'll say. "B. V.
D." sounds mighty negligee to us!

LINER ADS EFFECTIVE.

One of the most effective forms of
advertising is in the "liner" or classi-
fied column where an investment of
a few cents is certain to give prompt
results. Tribune liner ads are always
run under the heading, "Wants, For
Sale, To Rent," in the same position
on the front page where they are
easy to find and invariably catch the
eye. Only five cents the line for first
insertion, 2½ cents the line for each
subsequent insertion. Next time you
want to buy something, or have
something for sale or rent, try a
Tribune liner.

Nerve.

Small Boy (as farmer catches him
up his cherry tree)—Oh, Mr. Jones,
I've been hoping you'd come! Would
you mind fetching me a ladder so that
I can get down from here?

Now He Looked at It.

First Clerk—If a man has an income
of \$2,000,000 a year what is his prin-
cipal?
Second Clerk—A man with such an
income usually has no principle.

Luck.

"Are you superstitious?"
"I believe some men are luckier than
others. But I never in my life met
one who would own up that he was
lucky. So what's the difference?"

lambs 95.

The average monthly wages with
board is \$43.53.

JOE WOLFF HOME.

Joe Wolff, formerly of Chelsea, has
just recently returned from France
and has received his honorable dis-
charge. Joe was in service just thir-
teen months and thirteen days, eleven
months of which was spent in France.
He was in the med. dept. of the 10th
M. G. Bn. until just before the armis-
tice was signed when he was trans-
ferred to base hospital No. 31 as surgical
assistant. He went over the top at the
battles of Chateau Thierry, Belleau
Woods, St. Mihiel and Verdun.

On February 9, 1918, before going
to camp, he was united in marriage
with Miss Ica Ellis of Sharon and a
little daughter, born on last Christ-
mas day, was waiting to welcome
home her "daddy" when he returned.
Mr. and Mrs. Wolff will reside in
Ann Arbor, where Joe has a job with
the Michigan State Telephone Co.

To Herbert C. Hoover was given one of the
most stupendous tasks ever allotted to mortal
man.

Food Commissioner of the United States.

The duties of the position have been almost
unbelievably heavy, and still the world is sure
that Hoover has accomplished his task.

For Hoover has shown that he possesses, to
a remarkable extent, the quality of thrift.

Hoover believed that thrift would win the
war—and, if it can accomplish a task so gigantic,
it can certainly be depended upon to solve the lit-
tle personal problems of the individual.

Kalamazoo—Two suits aggregating \$350,000 have been filed against the Monarch Paper Co., as a result of a flood in the paper mill district June 23, 1916. The bills of complaint allege that the damage was due to the poor condition of the dam and spillways at the Monarch mill.

Grand Rapids—World just received here announces that Sergeant Crowhew, of the One Hundred and Twenty-sixth regiment, was awarded the croix de Guerre, by General Mangin, of the French army. At the same time, Father Patrick Dunigan, of Lapeer, chaplain of the regiment, was awarded the same emblem of honor.

One of the foremost of the advance steps was the resolution ordering a social and industrial investigation in Michigan with a report and recommendations to the next legislative session.

Bay City—A thrifty salesman escaped in his automobile when the police attempted to apprehend him here. He had sold a number of credulous Bay Cityans quantities of stuff in quart bottles labeled "Old Jordan, Bourbon whisky," bottled in bond. He got \$4 a quart for it. When purchasers sampled the goods they found that they had purchased sweetened water, colored to the proper hue. Although only one complained to the police, at least 10 were victimized, as the visitor got rid of a whole automobile load before his trick was discovered.

Battle Creek—Bitter complaint against the treatment accorded some trained nurses in France was voiced at the convention of the State Nurses' Association, in session here. A number of overseas nurses spoke and some declared they were well treated, while others strongly complained. The settlement is believed to have been based, in each case, on the \$5,000 verdict given the estate of Ludwig Ommen, which was upheld by the supreme court. Other plaintiffs, awaiting the outcome of these claims will see now.

WITH AN EYE TO THE FUTURE

Prima Donna Had Good Business Reasons for Asking for Slight Change in Contract.

Senator Lodge sounded the warning that the articles of the league of nations should be weighed carefully before being adopted. He asserted that too many ties might well jeopardize our future.

"Indeed," we may well follow the example of the prima donna who was reading a rough draft of her new contract.

"When she came to the paragraph providing that she should have transportation for herself, her maid, her dog and Sig. Gazibeni, her husband, she drew a line through the signor's name.

"Just make that husband," she said. "Yes, madam," assented the manager, but may I ask why?"

"The diva blushed and coyly fingered her hair. 'I might wish to make a change,' she answered."

Needless Alarm.

Junior had not been in the best of health, and when he seemed well on the way to recovery, his mother took extra precautions to guard him against possibilities of an influenza attack.

One evening the anxious mother was startled when she entered Junior's room to find the little chap in bed, sniffling, with red eyes and watery.

"Goodness, gracious!" she cried, "do you feel sick, dearie?"

"No, mamma," Junior replied. "But you seem to have caught a dreadful cold."

"I haven't any cold."

"But your nose and your eyes?"

"From under the covers Junior produced a book.

"It is 'Uncle Tom's Cabin,' mamma," he said, "and I have just been reading about poor little Eva."

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper—Adv.

Need of a Cash Register.

Mr. M.—is not always as regular in his accounts as he might be. In spite of that, however, he was recently elected to carry the contribution basket at his church. But there was much opposition, particularly from the men, who had known him to juggle various other accounts over which he had had charge. Finally the grocer voiced his objection in this way: "I don't think we'd better let him carry that basket unless we have a cash register attached to it."

Cement From Oyster Shells.

Oyster shells are being used extensively in the manufacture of portland cement along the coast of the gulf of Mexico.

One man with an idea is worth 40 men in an old rut.

Out of Order.

The village was all agog. Flossie Flatfoot was marrying William Gilles. The church was crowded. Flossie, looking as pale as her somewhat highly colored countenance would allow, bore up until the plain band ring was safely on her finger, and then, overcome, burst into tears.

The villagers were touched, but not anxious. All girls cry at weddings. Then suddenly William Gilles screwed up his face and broke into howls. Tears poured down his face and dripped off his whiskers.

"What's up? Hush, man!" those nearest him urged. But Gilles continued to howl, and at last burst out: "Let me be! I feel wuss 'n 'er about it!"—London Tit-Bits.

Who Blushed Then?

A pretty young teacher was once placed in charge of a class of boys and she asked them what they would like to be when grown up.

They all had very high notions, one was to be an actor, one a sailor, one a lorry driver and another a cowboy.

Presently it came to a pretty fair-haired boy to state his wish.

"What would you like to be?" said the teacher.

Jackie blushed deeply, and looked shy and afraid.

"Come, tell me your wish, Jackie, please!" said the teacher.

"Please-er-please, my wish-er-is to be—your husband!" he blurted out.—London Answers.

She Knew.

An Evansville mother and her two children were visiting her sister's home for the evening, says the Indianapolis Star. The grown niece, who was fond of the children, fed them candy. All at once she turned from the children to offer her young aunt some gum. The aunt smiled.

"No, I don't believe I care for any," she returned.

Then Nola, the seven-year-old cousin, spoke up.

"Yes, you do, too, mother," she piped. "You know you always beg us children for some of ours on the way home from here every time we come."

Aerial Hunt for Whales.

With his airplane equipped with a machine gun, an army lieutenant recently went out on a whale-hunting expedition. Flying at an altitude of about a thousand feet above the Pacific ocean, the airman saw his quarry about four miles out at sea, and swooped down before the great animal could submerge. A short round from the machine gun was sufficient and a motorboat was soon on its way to pick up the carcass, which yielded the hunter a considerable profit.—Popular Mechanics Magazine.

WAS IN MISERY

Mrs. Jobs Was in Serious Condition From Dropsy. Doan's Made Her Well.

"I don't think many have gone through such misery as I," says Mrs. C. Jobs, 120 Federal St., Burlington, N. J. "That awful pain in my back felt as though my spine were crushed. My head ached and I had reeling and falling sensations when everything would turn black. Though the kidney secretions passed ten or fifteen times in an hour, only a few drops came at a time and they felt like boiling water. I soon found I had dropsy. I bloated all over. My face was so swollen I could hardly see out of my eyes. My ankles and feet felt as though they would burst if I put any weight on them. My night clothes became wringing wet with sweat and I would get chilly and shake all over. Doan's Kidney Pills soon had me feeling like a different woman. My kidneys were regulated and all the swelling went away. The aches and pains left me and after I had finished my eighth box of Doan's, I was as well as ever. My kidneys have never bothered me since Doan's Kidney Pills cured me."

UNSPOILED BY HIGH HONOR

Officers and Men Alike Recognize in General Pershing Qualities That Compel Their Affection.

"Why do we swear by Pershing?" countered a staff officer in Washington one day in response to a question. "Well, I guess it's because he's the real thing—a regular American, if you know what I mean."

"You can easily figure out the sort of man he is by the stories they tell of him. I was with him when he was on his way to Washington to receive his orders for France. On the way, we passed through the town in which he lived when he was a boy. On the station platform was the same old negro porter Pershing had thrown stones at in his boyhood. The general clatted with the old man. Afterward I asked the porter what happened. He said:

"He done wanted to know all 'bout the folks he uster know, an' when he was gettin' on the car again he picked up a pebble as big as my thumb an' heve it at me, jes like he uster when he was an ornery kid."

ALLIES REPULSE ARCHANGEL DRIVE

SERIOUS ATTACKS OF "BOLOV" FAIL, SAYS OFFICIAL DISPATCH.

OFFENSIVE LONG EXPECTED

Ice On Dvina River Broken Up—Expect Stream Will Be Navigable Within Week.

London.—An official report by the war office says Archangel advances have been received that serious enemy attacks, long anticipated, have begun on the Dvina and Vaga fronts. A message from the Dvina front says bolshevik gunboats shelled the Allied positions spasmodically, but were forced to withdraw, owing to the gunfire.

A Vaga front dispatch says that after a long bombardment the enemy delivered an attack in great strength but was being repulsed everywhere.

The ice on the Dvina river has completely broken up from Archangel and is moving out. It is expected the river will be navigable for gunboats within a week.

POLICE DISPERSE GARY "REDS"

Anarchists' Demonstration Fails—Citizens Aid Authorities.

Gary, Ind.—Anarchists and radicals of Gary, reinforced by their Red comrades of smaller industrial centers, met resistance from the authorities and citizens when they attempted to stage a parade and monster demonstration here Sunday. In street fighting clubs were used. Forty arrests were made.

It was estimated between 6,000 and 7,000 socialists, I. W. W., bolsheviks and anarchists gathered for the demonstration.

Mayor Hodges ordered 50 policemen and 25 deputy sheriffs to disperse the radicals. Several hundred returned soldiers and volunteers organized of citizens joined the police and deputies.

FIVE 339TH PRISONERS FREE

First of Americans Captured By Bolsheviki Reach England.

London.—Five soldiers of the 339th Infantry, "Detroit's Own," the first American prisoners from Russia, just arrived here by way of Stockholm, gave a wondrous tale of adventures in the black heart of "Mad Russia."

The are: Walter Houston, Muskegon, Mich.; George Albers, Muskegon, Antoine Vanis, Chicago, Mike Haurik (naturalized Russian) Detroit, William Scheulte, Manistee, Mich.

They were six weeks on route from Moscow, where they had been imprisoned, via Finland and Sweden. Three other Americans remain prisoners in Moscow, together with 66 French and English soldiers.

"SINK FOE SHIPS" SAYS DANIELS

Secretary Urges Destruction of Enemy War Vessels.

London.—The greatest moral lesson of the war would be to sink the entire German fleet with proper ceremonies, Josephus Daniels, American Secretary of the Navy, who recently visited the captured vessels at Genoa Flow, said in a statement here.

"The German fleet should be sunk in the opinion of American and British technical experts in Paris," the secretary said. "Those who are not technical and who view the situation entirely from the moral side have the same idea and believe that the ships should be sunk with bands playing and flags flying to keep company with the merchantmen the German destroyed."

NATIONAL DEBT IS 25 BILLION

Includes Nearly 9 Billion Loaned Various Allies.

Washington.—The public debt of the United States Government is \$24,824,345,000, the Treasury Department reports.

Most of this represents Liberty Bonds of the first, second, third and fourth issues, but the Victory Liberty Loan is not included in any great extent. The addition of Victory Loan Bonds will be largely counterbalanced by redemption of outstanding certificates of indebtedness.

No deduction is made for the \$2,352,000,000 loaned to foreign governments. Consequently, the net debt would be approximately \$16,000,000,000.

Criticism.

Billy Sunday tells with gusto of the subtle criticism a pretty Philadelphia girl once passed on his informal preaching methods.

The revivalist halted at the end of an impassioned Philadelphia harangue, rolled down his sleeves, put on his coat and said:

"And now, dear friends, are there any questions?"

"All the congregation was silent except the pretty girl. She asked from her front pew:

"May I smoke?"

Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments, and passing into the intestines, becomes a breeding place for countless millions of deadly germs—poisonous they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy; robs them of their vigor and vitality. Biliousness, bad liver, nervousness, blindness, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach.

Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-revulsing; sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach.

Pleasant tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess "burial" acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it!

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today. It costs but little and the results are wonderful!
