

AUTOS CRASH ON DEXTER ROAD BRIDGE

Hollier Test Chassis and Ford Touring
Meet Head-On; Both Wrecked
But No One Hurt.

Roy Dillon's Ford touring car and a Hollier test chassis driven by Fred Schoening collided Friday morning at the iron bridge about three miles east of town on the Dexter road. Both cars were badly wrecked, especially the Hollier, as it struck the bridge also.

Mr. Dillon was driving east to his work at the Michigan Central railroad "track-pan," and the Hollier was traveling west at high speed. There is a slight curve at the bridge and the view to the east is partially obscured by a clump of bushes. The cars met just east of the bridge. The Dillon car was well over on the right-hand side of the roadway and the forward end of the test car passed him safely, but the rear end of the Hollier was swaying from side to side and swung into the Ford, and then crashed into the bridge railing.

Fortunately, neither Messrs. Dillon nor Schoening were injured.

FLETCHER-MOEHLMAN.

Miss Grace Fletcher, daughter of Mrs. Verona Fletcher of Los Angeles, California, and formerly of Chelsea, was united in marriage with Mr. Arthur Moehman of Detroit, Monday afternoon, June 30, 1919, at the Delta Gamma sorority house in Ann Arbor. The groom is the son of Rev. and Mrs. J. H. Moehman of Detroit, and the ceremony was performed by the groom's brother, Rev. Conrad Moehman. Over 100 guests were present. Miss Eleanor Stalker of Detroit and Mr. Lance Suckert of Washington, D. C., were the attendants. The wedding

march was played by Mr. Earl Vincent Moore of the University School of Music.

Both bride and groom are graduates of the University of Michigan. The groom with the class of 1912 and the bride in 1916. The university colors of maize and blue were effectively used in the decorations in honor of the alma mater of both bride and groom.

Following a wedding trip east and a month at Nantucket, Mr. and Mrs. Moehman will make their home in Detroit.

FOR HOME CANNERS.

Inspect your can now. Be sure that the glass inside and out is smooth. Test the edge and the rim where the rubber rests. If not smooth, correct the roughness by filing.

Fit the cans with covers. Test for leaks. To do this, adjust a rubber, fill jar with hot water, put the cover on and clamp. Invert. Leaks are caused by poor rubbers, ill-fitting covers and imperfect clamps or screws.

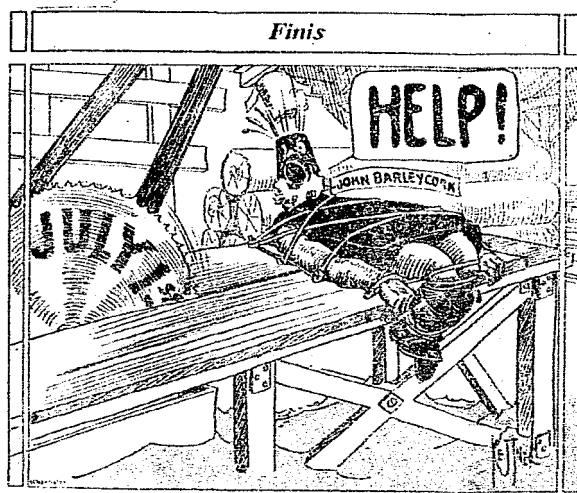

Discard for canning all jars that cannot be made "non-leakable." Order new jars now. Consider carefully the size, durability, and quality of new jars. The best jars are easily sealed, easily washed and easily stored. The best type of jars have straight sides, wide mouths, covers easily adjusted.

Mason jar covers must be inspected. If the porcelain is cracked, or the screw leaks, replace with a perfect one.

Metal covers of the vacuum type must be renewed every year. Inspect the rubber-like rim in the vacuum seal covers. If it is broken or chipped it is imperfect. If it is crumbly or cheese-like it is spoiled.

Be ready when your garden is ready and then can, e-a-n, CAN!

NEW INDUSTRY WILL START NEXT MONDAY

Goebel Garment Company Will Begin
Operations in Wilkinsonia Bldg.

Necessary alterations are now being made on the second floor of the Wilkinsonia building and machinery is being installed in readiness for the start of Chelsea's latest industry, the Goebel Garment Co., on Monday, July 7th. One of the features which first strikes the eye upon entering the new factory is the long cutting table, 72 feet long and with a hardwood top. Here the garments are all cut in large quantities by an electric cutting machine. The fabrics are piled up 144 thicknesses deep and then the pattern is laid on top. The machine does the rest, cutting the whole 144 pieces at one time.

And once the garment is cut it is a comparatively simple matter to stitch the pieces together on the power sewing machines.

MISS MARGARET FARRELL.

Miss Margaret Farrell, only child of Mr. and Mrs. John Farrell, died Monday afternoon, June 30, 1919, at 2:30 o'clock, at the family home, 431 West Middle street, from a complication of diseases, resulting from influenza. She was 18 years, nine months and 26 days of age.

She had been ill for the past three months so that she could not attend classes at St. Mary academy, but she was an excellent student and because of her previous scholarship was awarded her diploma with her classmates at the graduating exercises on June 20th.

The funeral will be held Thursday morning at nine o'clock from St. Mary church. Interment at Mt. Olivet cemetery.

MRS. PHOEBE JOHNSON.

Mrs. Phoebe Johnson died Sunday, June 29, 1919, at the home of her daughter in Detroit. She was born in Lyndon township and was about 78 years of age. She had been in failing health for several months past.

She is survived by two daughters, Mrs. Ole Arnold and Mrs. Arlene Arnold, both of Detroit, and by two sisters, Mrs. Harriet Sharp of Perry and Mrs. E. W. Daniels of North Lake, and her one brother, O. C. Burkhardt of this place.

The funeral will be held Wednesday afternoon at one o'clock from the Dexter M. E. church. Rev. H. G. Pearce of this place conducting the service. Interment in Dexter.

BIG BOUNTIES PAID.

The following letter recently received from the secretary of state will be of particular interest to woodchuck hunters, as it very materially increases the bounty on these pests:

"Relative to recent legislation providing for a bounty on woodchucks, weasels, hawks, etc., such a law was enacted by the 1919 Michigan legislature and becomes operative August 1, 1919. By its terms a bounty of fifty cents is allowed for the killing of a weasel, woodchuck, great horned owl, barred owl or hawk, except circus hudsonians, commonly called marsh hawk or marsh harrier, blue hawk, or mouse hawk, and twenty-five cents for each crow. Application for such bounty is made to the township, village or city clerk, who issues an order on the county clerk for the payment of same."

SIXTY BOYS AT SILVER LAKE.

Sixty boys in Washtenaw county this morning left their homes for a joyous two weeks' outing at Camp Birkett, Big Silver lake, conducted by the Y. M. C. A. Harold L. Westerman of the Ann Arbor "Y" will be in charge.

Chelsea will be represented at the camp by three boys: Carl Fletcher, Harold Brooks and Ralph Axtell. Ann Arbor will send 25 boys, Ypsilanti 23, Manchester 5, Dexter 4, Milan 1 and Saline 1.

The Chelsea boys were taken over to the camp this morning by Herman Fletcher.

ACCIDENT AT MANCHESTER.

Two persons, Mrs. Isaac Kelly and John Kelly, both of Clinton, were painfully injured in Manchester, Sunday evening, when the automobile in which they were riding turned turtle at Railroad and Boyne streets, landing upside-down on Elmer Klump's lawn, and within four feet of his porch.

The car was coming from the north and was turned quickly to avoid collisions with two other cars, one coming from the west and another from the south.

LOOK OUT FOR TETANUS.

"The small firecracker is just as much to be feared as the large firecracker for possible danger from tetanus," said V. C. Vaughn, dean of the medical school of the University of Michigan, Friday.

"Yet parents all over the country allow children to shoot off the small firecracker in celebrating the Fourth in the belief that no harm will follow.

"Tetanus can develop only where there is an absence of air. It is caused by dirt getting into an abrasion on the skin. A small wound is the one in which there is danger of tetanus developing."

TRUCKS FOR ROAD WORK.

Michigan's allotment of army trucks for use in highway construction totals 229, or nearly three trucks to a county and this number may be increased. Of the trucks, 159 are new; to be shipped from distributing points at Cleveland, Indianapolis and St. Louis. The remaining 70 were used in transport supply work. They will come from Camp Custer and New York City.

MAIL BOXES MUST BE ON RIGHT.

It is rumored that the postoffice department at Washington has given out an order that all mail boxes must be placed on the right hand side of the route as covered by the carrier. Any boxes that are now in the wrong position must be changed if the patrons expect to be served. This order is issued to avoid the necessity for carriers "running against traffic," especially on much traveled trunk line roads, but applies to all routes.

MICHIGAN STATE FAIR VICTORY

G. W. Dickinson Leads Committee
Which Carries On Successful Fight
for Fair Patrons.

Following importunities by a committee of the International Association of Fairs and Expositions, of which G. W. Dickinson, secretary-manager of the Michigan State Fair was a moving spirit, the Government Railroad Administration has broadened largely its ruling of the railroad return free privilege for fairs.

Coincident with this sweeping victory for the Michigan State Fair, after a fight of several years, the Railroad Administration announced that railroads would give a one and a third

fare to all passengers to state and county fairs this year.

Prior to 1915 the railroads returned free exhibits to fairs when the ownership had not been changed. During that year the privilege was taken away and full rates were levied up to last year, when Mr. Dickinson succeeded in having the return free privilege reinstated. However, the new reduced rate for exhibits, as now granted by the Railroad Administration, goes further than anything ever before obtained.

Under the old return free privilege an exhibitor making a circuit of a number of fairs was allowed to return free only from the last fair in the circuit to the original starting point. The concession obtained by Mr. Dickinson and other members of the committee this year is such that the exhibitor pays only half fare when making the circuit or visiting a single fair. Horses were not included under the ruling of last year.

Convince Railroad Head.

The committee convinced Walker D. Hines, director general of railroads, that this was a direct blow at the horse breeding industry of the country, shown by the war to be one of the most important of industries, despite the automobiles.

The decision of the Railroad Administration for so sweeping a concession to state and county fairs of the country is a direct recognition by the Government of the growing importance such institutions are assuming as great educational factors. It will mean vastly larger and better exhibitions at fairs and will permit display of record breaking stocks and products over a far greater field.

In Michigan it will mean that exhibitors may show their products at the Michigan State Fair at one-half the cost for transportation of former years. The ruling regarding passenger fares also will mean that many thousands of persons in the state will have the opportunity of visiting the fair this year at two-thirds of the transportation cost of all previous years.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HARRIS, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

STILL FAITHFUL TO STUARTS?

Pretender of that Line to Britain's Throne Is Now Prince Rupert of Bavaria.

There was once to be found in Britain a little group of romantic sentimentalists who remained faithful to the Stuart line, and celebrated on January 30 a kind of Jacobite feast day. A writer in Living Age remembers seeing postage stamps bearing the likeness of the "pretender," who happened to be a princess of Bavaria. These were attached to the envelope by the side of the official postage stamp, thus constituting a source of annoyance to the serious minded Victoria.

Since the death of his mother, Maria Theresa of Bavaria, a few weeks ago, ex-Prince Rupert of Bavaria is now the official Stuart pretender to the throne of Great Britain. The muse of history has ever had a leaning toward irony.

A Feeling of Security

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large. However, if you wish five to try this great preparation send two cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Couldn't Hear Him Grow.

Baby Marie O'Brien was being fettered in an East side theater. It must have been a show particularly suited for the little folk. At one point in the story a mother flew on a fence in the early morning, flapped his wings proudly and crowded lustily. When he appeared on the fence, so radiant was the picture that the audience became silent. Then the children were broken by a small voice, lost in the realism of the thing: "Mother, mother, I can't hear him grow!"—Indianapolis News.

Perfect.

"But his table manners are poor," observed the old-fashioned mother.

"Poor? Why, mamma?" exclaimed the dashing daughter. "He took me to lunch with him at the St. Georges and ordered nothing but the most expensive things on the menu!"

St. Joseph—State health authorities have positively diagnosed the case of Abram Getz, 60 years old, of Benton Harbor, as leprosy. Getz came here from Russia 30 years ago and it is believed he was afflicted with the disease at that time.

Port Huron—Every citizen in Port Huron will be given an opportunity to become a stockholder in a house-building corporation that the Chamber of Commerce has organized in an effort to solve the problem resulting from a shortage of housing facilities.

Monroe—Louis Fountain, aged 65, a mover and builder of Newport, was almost instantly killed here when part of the concrete foundation of an old nursery cellar which was being razed fell upon his chest after a rather hard sawed off. He leaves a widow and five children.

Grand Rapids—Plans for the erection of a church costing \$500,000 are being made by the congregation of the Fountain Street Baptist Church here. The organ alone will cost \$40,000, and the chimes, to be made in Belgium, will form a memorial for the dead in the war.

Lexington—The real estate boom that is sweeping over Eastern Michigan has reached Lexington. Virtually all of the beach property in this vicinity has changed hands during the past few weeks. Property is selling for 100 per cent more than could have been realized two months ago.

Detroit—Injuries incurred when an automobile tire exploded caused the death at Providence hospital of Hudson Pirie, 50, of 400 Webb avenue. Mr. Pirie stopped to pump up one of the tires of his automobile, when the tire exploded with force sufficient to hurl him against a stone wall, fracturing his skull.

Battle Creek—Clare H. Squires, of the 310th Supply Train, was probably fatally injured, and his brother, Kenneth Squires, was badly injured when an automobile in which they were riding crashed into a tree. Both live in Danville, Eaton County. The soldier was coming to Battle Creek to meet his commanding officer to get his discharge paper signed.

Detroit—More than 800 to 1,000 jobs a day for returned soldiers and sailors and there is no excuse for any former-service man, who can and wants to work, being out of a job, sleeping in the parks or begging money upon the streets," said H. F. Wegener, manager of the Bureau of Industrial Information and advice of the Red Cross. His attention having been called to the fact that there appeared to be a great many soldiers and sailors in the city who were without jobs, Mr. Wegener made the above statement.

Battle Creek—Sixty thousand dollars left over from Battle Creek's war budget will be used to erect a memorial to soldiers.

Bessemer—The city council, after much argument, has submitted to the voters the bonding of the city for improvements on water works and trams in the sum of \$275,000.

Bay City—At a meeting of directors and players of the Bay City Base Ball Club of the Michigan-Ontario League, the players agreed to withdraw their request for release when the directors promised to keep fans off the field during games. The players demanded their release as the result of jealousy at Sunday games.

Charlotte—Justice G. D. Blaker has awarded the Eaton county war board a judgment against H. Ellis Page for the full amount of his War Chest pledge, with interest from last October, when the last installment was payable. Several other cases hinged on the outcome of the Page case, and now the board will start suit against all delinquents, representing \$2,300.

Grand Rapids—Following action of the city commission ordering all Bell phones out of the city hall and preparations to take the same course in the county building, because of the 100 per cent raise in rates, the company has announced that those two institutions would not be forced to pay the new rates. This action is causing a storm of protest from local business houses.

Bessemer—Friction between state constabulary members stationed on the Wisconsin border here and townspeople has resulted in an open clash. When an autoist, who was accompanied by his wife and family, refused to submit to search, five mounted state guards attempted to use force and were stoned by a crowd that quickly gathered. Two of the guards were thrown in the river and three others retired from the field in a badly mauled condition.

Detroit—More than 14,000 school children will be forced to attend holiday sessions next fall, according to Frank Cody, newly elected superintendent of schools. This is an increase of 2,000 over the number attending these sessions during the last school year. No relief for the congestion is possible until 1920 according to Mr. Cody. Contracts are now being let for seven new school buildings and additions planned by the board for 1919-20, said Mr. Cody, and construction cannot possibly be started on these buildings until next spring.

INCREASE WEIGHT AND VITALITY WITH PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by nervous thinness) are the direct cause not only of the failure to succeed in life's struggle for the necessities of existence, but also for the handicap in one's social aspirations. Compare the thin, sickly, angular frame with

At the same time, the plump well-rounded figure is most admired.

The well rounded form which is usually accompanied by the best of health. That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of many suggestions proposing various remedies in food or medicine or exercises, either of which might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy flesh, leaving only hollows, a flat chest, a weak neck and scrawny arms and legs.

Our bodies need more phosphate than most of them are able to extract from the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that so effectively supplies this deficiency as the pure organic phosphate known as Bitro-Phosphate and sold by good druggists everywhere.

The essential phosphoric food elements in Bitro-Phosphate are absorbed by the nerve cells should now produce a pleasing change in nerve energy and hence increased vitality and strength. The burdens of nervousness, sleeplessness, lack of energy, etc., lifted, normal weight added, vitality restored, and the body glow of health replaces the former picture of skin and bones.

CAUTION—Although Bitro-Phosphate is unexcelled for the relief of nervousness and attendant disorders, owing to its tendency to stimulate the system, it should be watched the scales while taking it unless it is the desire to put on flesh.

Garage Fire

Flint, Mich., June 17th.

The four automobiles that were in the garage fire Sunday morning were insured in the Citizens Mutual Automobile Insurance Company at Howell.

The adjuster for the company met with the owners of the automobiles and made a satisfactory settlement, making a total cash settlement of \$3,249.00. The owners of the cars were very much pleased with the prompt and satisfactory adjustment.

The adjuster for the company said they were able to pay in cash because they had accumulated a surplus during the five seasons and had on hand over \$50,000. Automobile owners who take a policy in the Big Mutual know that when a serious loss occurs that the company has the money on hand to pay promptly, and the fact that the company has written over 46,000 policies gives each member the benefit of a very low rate of insurance due to quantity production.

The dead are: A. Worth Bronson, aged 28; Mrs. A. Worth Bronson, aged 26; Frank Bronson, aged 59, (father of A. W. Bronson); Lawrence Bronson, aged 5; Frankie Bronson, 4 years old. All were victims of the crossing accident.

Mrs. Margaret Boyd, aged 32, was run down by Tanner's auto. The injured are: Harold Bronson, unconscious in the hospital, head and back injured. Mr. and Mrs. Frank McChann, members of party with Mrs. Boyd.

The Bronsons were on their way to visit friends north of the city, and, according to witnesses, turned directly in front of a northbound interurban, which struck the machine squarely, carrying it nearly two city blocks. The auto was reduced to a mass of twisted metal and the dead, some of them mangled beyond recognition, were strewn along the tracks.

HOLLWEG OFFERS SELF FOR KAISER

FORMER CHANCELLOR, ASKS HE BE TRIED BY ALLIES FOR STARTING WAR.

GERMANS MUST RATIFY TREATY

Allied Blockade Holds Till Teuton Government Ok's Pact—Chinese Delegates Refuse to Sign.

Berlin.—Dr. Theobald von Bethmann-Hollweg, former German chancellor, has formally asked the Allied and associated powers to place him on trial, instead of the former emperor. The former chancellor says he assumes responsibility for the acts of Germany during his period of office and places himself at the disposal of the Allies.

Expect Quick Acceptance of Treaty.

Paris.—Conditioning the raising of the blockade upon Germany's ratification of the treaty, is regarded in conference circles as a sure plan for securing a speedy ratification, because of Germany's food and raw material needs.

Dr. Johannes Bell and Dr. Hermann Mueller, signed the treaty at Versailles for the Germans. The ceremony was performed on June 28.

The charter of world peace was signed by all delegates to the peace conference with the exception of the Chinese, who absented themselves from the ceremony because they had been refused permission to make certain reservations regarding the Japanese occupation of Shantung.

General Jan Christian Smuts, of the delegation from the Union of South Africa, signed under protest, declaring objections to certain territorial settlements and the proposal for trial of the Kaiser and others held responsible for the war. He also suggested that the indemnities levied on Germany were excessive and should be moderated in order to facilitate revival of industry in Europe.

The Germans were the first to sign and were followed by the Americans, British, French, Italians and Japanese in the order named. Then came the smaller nations. The Germans who had entered the hall with downcast mien and who were extremely nervous throughout the ceremony, were the first to leave. This was in accordance with the program.

Wilson Appeals For Ratification. Washington.—As soon as the signing was concluded, President Wilson's message to the American people announcing the long-awaited event and appealing for acceptance of the treaty without change or reservation, was made public at the White House together with some details of the president's homecoming. It is expected that the president will arrive home about July 7.

FLINT SCENE OF GRIM TRAGEDY. Interurban Hits Auto, Kills Five of One Family.

Flint, Mich.—Six persons are dead and three badly injured as result of two automobile accidents at noon Sunday.

Five were killed and one hurt when a Michigan railway interurban demolished an automobile containing the family of A. Worth Bronson, of Gaines, Mich., on a crossing three miles north of the city.

One woman was killed and a man and woman injured when an auto driven by James R. Tanner, of Bay City, ran into a party of pedestrians near the entrance to Graceview cemetery, also north of the city, on Saginaw road.

The dead are: A. Worth Bronson, aged 28; Mrs. A. Worth Bronson, aged 26; Frank Bronson, aged 59, (father of A. W. Bronson); Lawrence Bronson, aged 5; Frankie Bronson, 4 years old. All were victims of the crossing accident.

Grow Wheat in Western Canada

One Crop Often Pays for the Land

Western Canada offers the greatest advantages to home seekers. Large profits are assured. You can buy on easy payment terms.

Fertile Land at \$15 to \$30 per Acre—Land similar to that which through many years has averaged from 20 to 45 bushels of wheat to the acre. Hundreds of acres are on record where in Western Canada a single crop has paid the cost of land and production. The Government of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta want the farmer to prosper, and extend every possible encouragement and help to grain growing and stock raising.

Though Western Canada offers land at such low figures, the high prices of grain, cattle, sheep and hogs will remain.

Loans for the purchase of stock may be had at low interest; there are good shipping facilities; best of markets; free schools; churches; splendid climate; low taxation (none on improvements).

For particulars as to location of lands for sale, maps, illustrated literature, reduced railway rates, etc., apply to Dept. of Immigration, Ottawa, Can., or M. V. MacINNIS, 176 Jefferson Ave., DETROIT, MICH.

WAR TIME DRY LAW

LEGAL SAYS COURT

HIGH TRIBUNAL HAS DISSOLVED INJUNCTION GRANTED ON BREWERS APPEAL.

CONGRESS PROVIDES "TEETH"

Three Separate Laws Being Enacted to Provide Means of Enforcing Nation-Wide Prohibition.

New York.—The War Time Prohibition Act, under which no liquor may be sold after July 1, was upheld by the United States Circuit Court of Appeals. The court virtually dissolved the injunction Judge Mayer granted the brewers, restraining the Federal district attorney and internal revenue collector from enforcing war time prohibition, as applied to 2.75 per cent beer.

The court held the act was constitutional and Judge Mayer had no jurisdiction to enjoin the enforcement of a constitutional act.

House Splits Law in Three Parts.

Washington.—The House Judiciary Committee has split prohibition legislation into three parts with enforcement of war time prohibition distinct from the others, constitutional prohibition and the manufacture of industrial alcohol.

Wilson May Raise Ban Soon.

Washington.—President Wilson decided he could not legally lift the war time prohibition ban before the country went dry at midnight Monday, but he expects to do so as soon thereafter as his power has been made clear by the completion of demobilization.

In a cablegram made public at the White House, the President said he was convinced after consultation with his legal advisers that he had no authority to act at this time.

BIG ARMY AND NAVY ASSURED

Senate "Passes Measures Allowing Billions For Defense."

Washington.—The army appropriation bill, carrying \$385,000,000 and providing for an average army of 400,000 men next year—an increase over the house bill of \$174,000,000 in funds and 100,000 in personnel—was passed by the senate without a roll call and sent to conference.

Senate and house conferees on the army appropriation bill later reached an agreement to fix the average size of the national army at 325,000 officers and men. This total is 75,000 less than that proposed by the senate and 25,000 more than the strength authorized originally by the house.

Without debate the Senate approved a committee amendment to the Navy Appropriation Bill increasing the fund for aviation from the \$15,000,000 vote by the House to \$25,000,000.

As revised upward by the Senate committee, the bill carries about \$782,000,000, as compared with \$485,000,000 provided by the House.

Among the important committee additions are \$10,000,000 for Federal acquisition of the Cape Cod Canal.

Besides increasing from \$1,400,000 to \$2,000,000 the House appropriation for the Department of Justice for general detection and punishment of crimes, the Senate committee added \$300,000 additional for special work in enforcing the law against alien anarchists and proposed drastic peace time legislation regarding manufacture, purchase and storage of explosives.

ARMY OFFERS SURPLUS MEAT

Cities Can Buy Carload Lots and Sell to Public.

Cleveland.—Secretary Baker said here that carloads of the Army's surplus supply of canned meats will be sent to any city that desires to sell to consumers at public markets on a consignment basis. This means that cities can order the meats and not pay for them until they have disposed of them over the counter to consumers.

"It will fix the price," said Mr. Baker. "Arrangements, however, should be made with the War Department's surplus property division. All that will be necessary will be responsible city officials to designate how many carloads they believe can be sold in their cities."

Death Spares Family For 55 Years.

Palmyra, Mo.—The record for the healthiest family in Missouri goes to Mr. and Mrs. J. B. Leggett, of this city, where there has not been a death in 55 years. This remarkable record was revealed when Mr. and Mrs. Leggett celebrated their fifty-fifth wedding anniversary and invited all of the members of the family. During the 55 years there has not been a death among the children, grandchildren or great-grandchildren. Leggett is 85 and his wife 75 years old.

CANADIAN STRIKE IS BROKEN

Workers Return After Six Weeks Tie-up of All Industries.

Winnipeg, Man.—After nearly six weeks of industrial strife, Winnipeg's general sympathetic strike was called off last week.

Similar announcements came from other points in Canada where strikes had been called in sympathy with the Winnipeg walkout.

According to the announcement, the calling off of the strike was unconditional. Conferences of labor leaders with Premier Norris, of Manitoba, and other provincial officials failed to obtain any concessions, but it was indicated a commission of investigation would be appointed.

Practically every public and private industry was tied up in the walkout. Firemen, postoffice workers, city hall employees, all joined with department store clerk, street car employees and men in delivery services.

MOB HANGS AND BURNS NEGRO

Many of Own Race Assist in Capture of Confessed Criminal.

Ellisville, Miss.—Trailed ten days through southern Mississippi by posse which included several hundred members of his own race, John Hartfield, negro, confessed assassin of an Ellisville young woman, was captured, desperately wounded, in a cornbrake, rushed by automobile to the scene of his crime, hanged to a gun tree and his body burned to ashes. His victim identified him and witnessed his execution.

Governor Bilbo, petitioned to intervene, in a statement issued at Jackson shortly before the lynching declared himself "utterly powerless," and said that interference would only lead to the deaths of hundreds of persons and that "nobody can keep the inevitable from happening."

IRISH TO ISSUE LIBERTY BONDS

Propose to Float Five Million Loan to Fight Britain.

New York.—The Irish Republic proposes to issue bonds to the amount of a million pounds (\$5,000,000), President Eamon de Valera announced here. The minister of finance is preparing a prospectus which will be issued soon, he said.

The bond issue will be repaid, Mr. de Valera said, six months after the English "evacuation" of Ireland. He denied emphatically that Russian or German money ever had been used for promoting the cause of Ireland.

FORD OFFERS U. S. WAR PROFITS

Books Will Be Examined and Money Turned Back to Government.

Washington.—Henry Ford will turn back to the Government his share—55 per cent—of the war profits made by his Detroit plant.

He has requested the Secretary of the Treasury to assign an accountant to go over the books of the company to determine just what his profits were.

Congress Probes Burning of Mail.

Washington.—A resolution calling on the postmaster general for a report on an accident to a small aeroplane on May 24 in which bank correspondence not designated for air transmission was destroyed, has been introduced in the house. The complaint was made by J. W. Harriman, president of the Harriman National bank, New York city, who said \$63,000 in checks and drafts was destroyed and "the loss mysteriously covered up" by the department.

Fire Destroys 102 Airplanes.—Paris.—Fire broke out in the air-drome at St. Cyr, destroying 18 hangars and 102 airplanes. An enormous amount of other damage resulted. The loss is estimated at \$800,000.

Even Lunatics Going On Strike.—London.—The very last word in strikes has come. Dispatches a few days ago stated the lunatics in the great asylum at Voralberg, Austria, had gone on "strike" for better food and more of it.

Jewels Worth \$275,000 Disappear.—New York.—A reward of \$10,000 is offered by the Baltimore hotel for the recovery of the jewels valued at \$275,000, owned by Mrs. Regina Millhiser, of Richmond, Va., which mysteriously disappeared from a safe deposit box in the hotel vault.

Cyclone Carries Away Railroad Car.

Colgary, Alta.—A cyclone near Medicine Hat killed and injured several persons. The twister picked up a railway car in which a family was living and carried it some distance to a coulee, where the car was smashed. A five-year-old child was killed and other members of the family were injured.

Interned Aliens Glad to Go Home.

Salt Lake City.—Instructions from Washington to prepare to accompany 250 aliens from the war prison barracks at Fort Douglas to an Atlantic seaport, from which place they will be deported, have been received by agents of the department of justice. Virtually all of the men asked to be returned to their native land.

Tuberculosis Fight Is Planned.

Atlantic City, N. J.—Citing the fact that conditions revealed by the war called for unprecedented exertions to check the progress of tuberculosis the National Tuberculosis association upon adjourning its annual meeting here adopted resolutions providing for a Red Cross Christmas seal campaign in December by means of which a sum in excess of \$6,000,000 will be raised.

Slacker Jailed After Long Walk.

New York.—That the search for draft evaders has not relaxed has been shown by the arrest and immediate conviction of David Schamberg on his return from a two-year, 3,000-mile trip afoot through Mexico and Central America. He was sentenced in the Federal District Court to one year's imprisonment for failing to answer a call to duty after filling a questionnaire.

Ordered to France, Tommies Mutiny.

London.—The mutinous conduct of troops at Sutton Camp, Surrey, culminated in the formation of a committee by the men and their refusal to salute or to obey orders. Two battalions of troops were sent to the camp to restore order. They arrested 400 men, among them the ringleaders, and dispatched 1,500 other men to camps at Dover and Canterbury. The main grievance of the men was that they were being ordered to France.

Illinois Ready to Enforce 'Dry Law.'

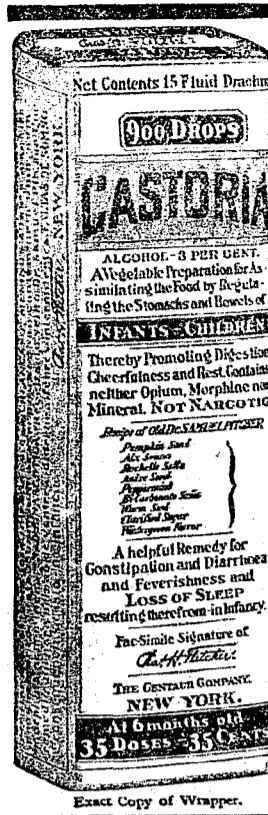

Springfield, Ill.—The "search and seizure" bill enacted by the Illinois legislature to enforce prohibition has been signed by Gov. Frank O. Lowden. It provides severe penalties for the sale, possession or transportation of liquor without license in dry territory of Illinois. Liquor for medicinal, sacramental, scientific and chemical purposes is exempted. Private homes are safeguarded. Signatures of two judges are required on search warrants.

Dealers Fear Acute Coal Shortage.

Detroit.—While the mercury continues to make its daily climb well into the eighties, coal dealers are looking ahead to zero weather with concern, and they are trying to make "Fill the ..." a summer slogan. They forecast that failure to put in a stock before fall will not only aggravate the seriousness of a coal shortage already apparent, but will cause prices to soar. They say that to prevent a coal famine consumers must put in their supplies now.

Notorious Burglar Is Captured.

Ossining, N. Y.—Chester Yates, bank robber and holdup man, who escaped from Sing Sing prison more than six years ago, has been arrested in Kansas City. Yates escaped from Sing Sing during a heavy fog Dec. 15, 1912, after he had served only four months of a 21-year sentence for the theft of \$7,000 in securities from a New York broker. He was captured three years later in New Orleans, but saved his way out before Sing Sing attendants arrived.

He Is Ignorant of English.

Seeing a peculiar headline in a Boston paper, the telegraph editor turned it upside down and read it backwards. He could get no meaning out of it—"Four-Fly Slam by McNally Kavo Blow"—So he set out after enlightenment.

"Catch," said the sporting editor, with a withering glance. "It means McNally slammed out a round trip and put the game on ice."

"Why McNally made the circuit and broke their hearts," clipped in the police court man.

"Yep. He hit her on the nose for four sacks; good night"—the society reporter.

"I'll tell you, old man," at last spoke up the society editor patronizingly. "You have to have it in kindergarten style. 'Four-Fly Slam' equals 'home.' 'Kavo' equals 'K. O.' which equals 'knockout.' Get me?"

"G-r-r-r!" growled the tel. ed. "Mebbe, Mebbe. But it's probably an 'ad' for a new breakfast food."—Brooklyn Enterprise.

The Soldier's Protest.

Bishop Flippin said in Atlanta: "A colored chaplain was addressing a squad of colored men back of Barle-Due."

"Boys," he said, "Satan is powerful, but he is not omnipotent. He is bound with chains, yet he can get at you"—and the chaplain pointed to a Mollie soldier—"and he can get at you"—and he pointed to a soldier from Washington—"and he can get at you"—and he pointed to a soldier from Paint Rock.

The Paint Rock soldier gave a grunt.

"Why, boss," he protested, "the old cuss might as well be loose."

Annual Diseases Costly.

Annual diseases, such as hog cholera, the foot-and-mouth disease, etc., are costing the farmers and the general public an enormous sum each year, although agricultural leaders have been waging an effective fight upon such epidemics. Ultimately the farmers will be enjoying the use of about \$500,000,000, which they now lose each year through these causes.

LINEAR ADS EFFECTIVE.

One of the most effective forms of
advertising is in the "liner" or classi-
fied column where an investment of
a few cents is certain to give prompt
results. Tribune liner ads are always
run under the heading, "Wants, For
Sale, To Rent," in the same position
on the front page where they are
easy to find and invariably catch the
eye. Only five cents the line for first
insertion, 2½ cents the line for each
subsequent insertion. Next time you
want to buy something, or have
something for sale or rent, try a
Tribune liner.

that.

**BOY'S STATE FAIR
SCHOOL ENLARGED**

Modern, scientific methods of farm-
ing have supplanted the old rule of
thumb mode, especially since the nec-
essity of intensive farming was
brought about through the great
world's strife. In view of these im-
proved conditions, the Boys' State
Fair School at the Michigan State
Fair, will be of more importance in
1919 than during any previous years.
One boy from each county will at-
tend the exposition in Detroit during
its ten days—August 29-September 7
—as guests of the association. G. W.
Dickinson, secretary-manager, has
made arrangements for some of the
authorities of the country on farming
subjects to lecture before the students.
It is his belief that one thoroughly
competent young man in each county
will work wonders in improving farm-
ing methods through the community
and he is endeavoring to make the
ten days' course more comprehensive
than ever. All expenses of the boys,
from the time they leave home until
their return are defrayed by the fair.

**Expenses of Telephone
Company Increased 89.3%**

Mr. Geo. M. Welch, General Manager
of the Michigan State Telephone Com-
pany, declares that the increased rates
authorized by the Postmaster General
are needed to meet an emergency un-
paralleled in the history of the Com-
pany.

No dividends have been paid on the
common stock since 1915. From 1915
to 1918, inclusive, new business re-
quiring added capital increased the
revenue of the Company 25.5% while
expenses, not including depreciation
nor interest charges, increased 89.3%.

If the Company had paid a reason-
able return on the investment for the
year 1918 it would have needed \$2,
823,592 more than it did earn. As a
matter of fact it did not earn enough
to wholly take care of its depreciation.

The General Manager calls atten-
tion to the problem in Michigan that
faced the Postmaster General when
the Government took over the opera-
tion and direction of the Telephone
lines last August. With a continuing
deficit increasing monthly because of
the increasing costs of materials and
labor, added revenue had to be ob-
tained in order to prevent the Govern-
ment from having to make up the
loss. For this reason an application
was made before the Michigan Rail-
road Commission for increased rate
schedules. The rates asked for were
not claimed to be adequate but it was
thought that they would produce the
minimum amount with which the
Company could continue doing busi-
ness and were so low and the amount
of added revenue so small that no one
could conscientiously challenge them.

Since that time costs have still further
advanced and conditions have changed
so that the rates now authorized by
the Postmaster General will not meet
immediate needs.

Mr. Welch says that for six years
there has been a continued effort to
adjust telephone rates in Michigan.
Because of rapidly changing condi-
tions each schedule proposed has be-
come obsolete before the regulatory
bodies considering it had finally pass-
ed upon it. While charges for all other
products and services have ad-
vanced telephone rates have not in-
creased although the cost of furnish-
ing service has been steadily going up.

With this change in rates the in-
crease in charges for telephone ser-
vice are not proportionately as great
as the increase in price for all other
commodities.

The Joy of Living

To enjoy life we must have good
health. No one can reasonably hope
to get much real pleasure out of life
when his bowels are clogged a good
share of the time and the poisons that
should be expelled are absorbed into
the system, producing headache and
indigestion. A few doses of Cham-
berlain's Tablets will move the bowels,
strengthen the digestion and give you a
chance to realize the real joy of living.
Try it.
